Miss Effie Ward left on Wednesday to visit Mrs. Husted in Woodstock.

Miss Brown, of Orillia, was the guest of Miss Effie Shafer on Thursday.

## C. NORRIS RESIGNS

Well Known Advertising Man Changes His Sphere Of Activity

Mr. C. O. Norris, who has been for eighteen years connected with The Mail and Empire, and for the last five years has been its advertising manager, has resigned his position with this paper.

Mr. Norris has acquired an interest in the J. H. Woods Advertising Agency, Limited, of this city, and will hereafter be associated with Mr. Woods in the management of that business.

Mr. Norris is one of the best known and most successful advertising men in Canada, and his name is familiar in that connection to practically every large advertiser in this country and the United States.

The J. H. Woods Advertising Agency is also well known all over Canada and possesses a strong list of clients. It may safely be prophesied that under the new arrangement now to take place the prosperity of the agency will be increased and its scope of usefulness still further extended.

Mr. Norris will remain in his present position until his successor is appointed, and will leave The Mail and Empire with the heartiest good wishes of its management and staff.—Mail and Empire.

## S. T. Martin Gives Valuable Suggestions On Hog Cholera

He Thinks The Trouble Is Caused By The Manner Of Feeding Hogs — Government Should Appoint Men To Investigate The Disease Minutely And Suggest Suitable Remedies

Editor Planet:

Dear Sir.—At this time in the year when farmers are commencing to fatten their pigs a talk about their feeding may not be out of place.

Some little time ago when travelling in the West I stopped a few days at Omaha and I met a very intelligent gentleman there who seemed to have always taken a lively interest in agricultural pursuits. We freely talked over the different customs of our respective localities, and among other things came up the subject of hog cholera.

He said that he lived in the State of Iowa, and in that State, as well as in Nebraska, Missouri, Indiana, Illinois and Wisconsin, and indeed all through the States where corn was raised extensively, and where pigs were fattened on it almost exclusively, they suffered serious loss from hog cholera.

The time he spoke of was long before the disease was known in Canada, but it seemed to have been much worse there than it has been here. He told me that they used to slaughter their pigs, pile them in heaps, and burn them, and for a long time they almost quit raising pigs. Then they started mixed feeding; after that they have had but little trouble, and that the cholera had about entirely disappeared. They found that where corn was raised extensively and fed there the cholera was the worst.

Other States that did not feed so much corn had no cholera, and now compare these observations with what we know here to be the case. This western part of Ontario, say the counties of Essex and Kent, are the only counties in Canada that raise corn to any extent, and where we fatten pigs almost exclusively on it, and am I not right in saying that this is the only locality in Canada where hog cholera exists.

In Collingwood there is a large pork packing establishment, and in that locality the counties of Grey, Bruce and Simcoe, pigs are raised extensively, but we do not hear of hog cholera.

There, they fatten principally on peas. Should these facts not lead us to decide that feeding pigs so exclusively on corn causes this trouble. Corn being a heavy, strong, and heating food causes fever, which develops into this disease and then becomes contagious. It seems to me that the foregoing combination of circumstances should lead to the belief that farmers in order to secure safety from hog cholera must go more into mixed feeding and less corn.

Before closing this communication, Mr. Editor, allow me to express my belief in saying that I consider our Government much at fault in not appointing a committee of say two or three intelligent practical men to go where this hog cholera first made its appearance and find out how the people treated it. I listened to an after dinner speech in the Garner House some time ago by the Hon. Sidney Fisher, Minister of Agriculture, in which he dwelt at length telling us how liberally the Government treated those who had hogs slaughtered, by paying them many thousands of dollars out of the public treasury. He said that over thirty thousand dollars in one year was paid out in Kent and Essex, besides keeping veterinary surgeons in the different localities to order the slaughtering process, and what was paid out was only part of the value, the owner having to sustain a large portion of the loss. But I have never heard of a dollar being paid out for the purpose of trying to ascertain the cause and the remedy. By commencing where the disease first started many years ago in the Western States and tracing it up would have put us many years ahead in its treatment, and saved the country as well as the owners of those slaughtered hogs many thousands of dollars. I am satisfied that the remedy will be found in mixed feeding and less corn. Nothing can be lost by trying it.

I thank you, Mr. Editor, for your valuable space.

S. T. MARTIN.

## A NEW GAS FIELD PECULIAR ORDER

The Finding Of Gas In Raleigh Has Awakened Interest Of Speculators In This Township

The recent finding of a large gas well in Raleigh Township is causing many of the operators to think seriously that a block of gas territory may exist in Raleigh of some considerable extent, and therefore tests being made inside of the belt where shallow shows of oil and gas have been found are creating considerable interest. The well being drilled on 15, concession 13, Raleigh, by the Lowery, Fraser and Johnstone syndicate is near the Gurd Gusher, and many oil and gas experts think if there is anything in Raleigh it should exist at this point in plenty, and we are told that operators are more than satisfied with all the top indications of this well. Not a single well in the top formations of rocks and surface has been found of an unfavorable nature. The prospects so far could not, we are told, be better for deep oil or gas.

The finding of oil or gas in this well means much to the citizens of Chatham. It would cause a big excitement and lots of drilling, and the operators would make Chatham their headquarters. The benefit that would accrue cannot be estimated.

It is rumored that if gas fields of some extent is found in Raleigh that a large company will be formed to supply London and St. Thomas.

We might add that the Lowery, Fraser and Johnstone well is down a little over 500 feet and should finish in a month.

An interesting and important point in law came up before Judge Dowlin in the Division Court yesterday morning in reference to an action which is being brought against the Pere Marquette Railway.

A short time ago the exchequer court issued an order that it is prohibitory to take action against the receiver of the Pere Marquette Railway without the sanction of Just. C. Burbridge. The exchequer court is a federal court, and the division court is a provincial court. The federal court, by this order, restricts all actions being brought in a provincial court, against the receiver of the Pere Marquette, unless the sanction of the federal court gives his permission.

An action has been brought against the receiver of the Pere Marquette and the receiver is asking the judge of the division court to restrain proceedings in the action, because of the action of the federal court. The lawyer for the party bringing the action claims that the federal court has no jurisdiction in the matter and should not have issued the order.

The case is Cedar vs. Pere Marquette. John S. Fraser, of Wallaceburg, appeared for Cedar. Judgment was reserved.

Anxiety never yet successfully bridged over any chasm.

## WILL BUILD NEW MARKET

Alds. Dingman And Gordon Visit The Local Building

### PLEASED WITH CHATHAM

Ald. Dingman, chairman, and Ald. Gordon, member of the Hall and Market committee of the Stratford City Council, accompanied by Architect W. J. Ireland, were in Chatham to-day looking over the new local market building, its equipments and surroundings. Stratford is contemplating the erection of a new market building, and the aldermen were here with a view to gathering data on the question.

It is quite likely that the Stratford Council will submit a by-law to the people at the municipal elections in January, authorizing the construction of a new market building.

"We understood that you had one of the best markets in the west," remarked Ald. Dingman to a Planet reporter this morning, "and as it was built very recently, we believed it would be a good idea to come here in search of information."

The aldermen made their tour of investigation about ten o'clock this morning. They looked over the sheds and the Police Court buildings. They did not seem to think the building of a two storey market shed a good one, though they were pleased with the appearance and surroundings of our market buildings.

The deputation returned to the Chatham City at three this afternoon. Ald. Dingman is managing editor of the Stratford Herald.

**A CALL FOR ABLE MEN.**

Those who take an interest in municipal affairs, and who desire to see the best possible civic government in Chatham, are beginning to ask themselves who will compose the Maple City Council during the year 1907, and the answers adduced so far, are by no means the most satisfactory. The need for good strong men in the Council is felt at all times, and from present appearances there will not only be a lack of good men next year, but it would seem that some difficulty will be found in getting men of any kind.

The recent announcements made from time to time proclaim the fact that of the nine men now sitting at the Council Board, it is quite possible that only three or four of them will offer themselves for re-election. It is now almost two months before the election and no new men have announced their intention of running for municipal honors.

Ald. Scullard and Stone were the first to announce their retirement from the aldermanic field. These two gentlemen have aspirations for the Mayor's chair. Ald. Austin recently announced that he was through at the end of this term, and his many friends realize with regret that he is in earnest. Ald. Benson, who headed the polls last year, it is understood, will not be in the race this year. Ald. Edmondson has declined in stronger tones than he ever did before and this proclaims that he too is in earnest. Ald. Potter talks of dropping out, but it is hoped that his friends will be able to induce him to remain in the race.

This leaves the field to Ald. Radley, Massey and Thompson, who have not as yet announced their intentions either way. Of these three, Ald. Radley and Thompson have never made a speech since they were elected to the Council ten months ago. They have never at any time taken part publicly in the discussions on any of the important questions which have come before the Council this year. The only redeeming feature of such representation is that they have not at any time prolonged the Council unnecessarily with long-winded orations. A whole Council of Radleys and Thompsons would be easy on the reporters, but not much progress would be made. Their work may have been done in committee, but the public have no direct evidence of that.

All of which leaves the city weak in the matter of timber for the Council Board. If there ever was a time in the history of Chatham when a strong Council of energetic and up-to-date men should be elected, it is NOW. With Natural Gas being installed, this city should experience a boom next year in the matter of securing new industries which has never before been equaled. Chatham is more important now than it has ever been, and the greatest care should be exercised in selecting men to manage our public affairs. Good, live Councils have been elected in the past, and it only needs a general re-awakening in public affairs to induce these men to again don municipal robes.

There is a call for able men, and there should be plenty of these, loyal enough to the city, to assume the responsibility of managing it.

Samuel Porter Jones, popularly known as "Sam Jones," whose death was announced a few days ago, was born in Chambers County, Ala., Oct. 16, 1847. His education was received under private tutors and at boarding schools. He was admitted to the Georgia bar in 1869, and began his professional life with the brightest prospects. Acquiring a taste for liquor, his career as a lawyer came to a sudden end. In 1872 he professed conversion, and the same year became a minister in the Methodist Episcopal Church, South. He was pastor of various Georgia churches for about eight years, and later became agent for the North Georgia Orphanage. Much of his time he devoted to evangelistic work, and finally launched out into the field of labor exclusively, preaching in all the big cities of the United States and Canada, and in many of the smaller towns. He was the author of several books, mainly consisting of collections of his sermons.

**IN MONTREAL, TOO.**

While the Ontario investigations into Dominion election methods are going on the Supreme Court has given a decision in the Gallery case. Mr. Dan Gallery, who was declared elected in the Liberal interest for St. Ann's (Montreal) and who was unseated and disqualified by the court of his own province for bribery, by person and by agents, appealed to the Supreme Court of Canada against his disqualification. After reviewing the evidence the Supreme Court has found no reason to interfere with the judgment which was amply sustained by the evidence. Mr. Gallery is therefore declared incapable of sitting in the Federal Parliament or holding any federal office for seven years.

The Gallery plan was to pay twenty-five to seventy-five men at each poll \$10 to \$25 each for imaginary services as Locators. They are not asked or expected to do anything but vote right. The court brushed aside the pretence of service rendered and convicted Gallery of personal bribery in its baldest form.

The Public School Inspector in West Lambton, Mr. D. D. Mosher, has prepared a statement regarding the Public School Amendment Act of 1906. Some of the advantages claimed for the new Act are as follows:

The greatest improvement will take place in the rural schools. It will increase the average length of service of teachers, and increased service should mean increased efficiency.

It will act as a check upon those who enter the teachers' profession to use it as a stepping stone.

**SAVE THE APPLES.**

St. Thomas Times.  
The waste of apples is deplorable. Thousands upon thousands of barrels of them are rotting on the ground in all sections of Ontario. Surely some way could be invented to save this fruit, which the farmers in this land of plenty cannot give away. People in some sections will not even take the trouble to go and pick up the apples.

Great ideas based on slight foundation have little chance for development.

**ALL HOPE ABANDONED.**

Crew of Sunken Submarine, Lutin, Are Likely Dead.

Paris, Oct. 19.—In spite of the fact that it was announced from Biseria yesterday morning that the spot where the submarine boat Lutin sank on Tuesday had been definitely ascertained, all hope of rescuing her crew alive has been practically abandoned at the Ministry of Marine.

The Ministry of Marine is coming in for a lot of criticism owing to its failure properly to equip the Biseria naval station with saving apparatus. The British Admiralty has sent a warm message of sympathy to the Ministry of Marine in connection with the loss of the Lutin.

It was established yesterday that the crew of the Lutin consisted of two officers and fourteen men.

The British battleship Implacable, the armored cruiser Carnarvon, and the torpedo boat destroyer Arcturion have arrived from Malta to assist in raising the Lutin.

**ANOTHER CHATHAM CASE**

**FREDERICK SMITH, OF CENTRE STREET IS THE FORTUN. ATE MAN.**

"I was suffering with rheumatism and stomach trouble very badly this winter. My stomach was in very bad shape. Everything I ate seemed to lie like a heavy weight in the bottom of my stomach, and gas would rise in my throat and almost choke me. Sometimes after dinner—a sharp, shooting pain around my heart caused me great uneasiness. Pains across my back and in my limbs were something awful. I could not rest or sleep at night."

"I tried liniments and medicines of all kinds, but they were no use. I got no relief until a friend recommended Dr. Leonard's Anti-Pill. The first few doses made my stomach feel a lot better and gradually the pains and aches left me until now I am sure I am cured. I can rest and sleep, my stomach is in good condition, and I have not a trace of rheumatism left."

Anti-Pill, the new remedy, is for sale by all druggists at 50c, or THE WILSON-FYLE CO., Limited, Niagara Falls, Ont.

**WANTS HILL TO REFUND.**

New Yorker Brings Suit to Recover From Great Northern.

New York, Oct. 19.—Clarence H. Verner, who has frequently brought suits against some of the largest corporations in the country, has sued the Great Northern Railway and its president, James J. Hill, to compel the latter to refund \$10,000,000 to the stockholders of the Great Northern and the Northern Pacific Railways.

Mr. Verner sues as a stockholder of the Great Northern, claiming to own 800 of its preferred shares.

In his complaint Verner practically charges Mr. Hill with defrauding the stockholders of his own company by unloading upon them at \$200 stock which cost him \$150 a share.

**ANOTHER GULF STORM.**

East Coast of Florida Shut Off From Communication.

Jacksonville, Fla., Oct. 19.—A severe storm raged yesterday on the east coast of Florida, but the wires went down early in the day, and it was impossible to obtain details. Just before the wires failed the operator at Miami reported an unusual high tide with water two feet deep in the telegraph office and the low streets flooded.

At St. Augustine the tide was highest in ten years, and streets along the bay front were inundated.

The people who look for trouble are generally those who find fault.

tween Mr. John Smith's chestnut mare, "Old Mike," and Mr. Nathan Roe's black mare—quarter mile heats and best two in three—for \$50; the race to come off at the Mineral Springs Driving Park. Another race is also on the tapis, between the Northwood pacing mare and the Bedford horse. We feel, however, that this match has not been fully settled yet.

As it was last year, so it promises to be this year, the prices paid for grain at the Chatham market being higher than the prices paid at any other market in Canada West. Last week good white wheat brought on the Chatham market ground, as high as \$2.25 per bushel—one extra lot, we are told, bringing as high as \$1.50. The quotations, however, for sales on Saturday, were, for white wheat \$1.18 to \$1.23, for red \$1 to \$1.10. For barley, per 100 lbs., as high as \$1.31 has been paid, and the quotations to-day are \$1.25 to \$1.31.

The London Free Press says that William Slight, who lives on the Kernott place, has just shown us a tall specimen of oats, known as the Main Oat, which measures six feet 10 inches high; they are well headed out and will yield about 80 bushels to the acre. Who can raise higher oats than these? Farmers, don't let us speak at once.

We are glad to learn that the sum of \$80 has been raised with a view of organizing a rifle tournament in Chatham. The Volunteers will form a prominent feature of the match.

The first Chatham Volunteer Co. commenced its regular drills.

These bows are newer than the four-in-hand style.

In French linen shirt waists there is a new model with small box plaits running from neck to waist. These plaits are pressed, but not stitched. The sleeves are arranged in the same

way, with the plaits going from elbow to wrist instead of the more usual way, from shoulder to elbow.

Brown, it is predicted, will not yield first place to any other color this winter. There is every reason to think that it will be a season of somber shades. The dull leaf browns and chestnuts, with a hint of red in their warm depths, are to be the tones most used.

A pretty fall gown is illustrated. The material is a striped woolen in brown and tan shades. Vest, collar and cuffs are of brown velvet.

**NERVOUS DEBILITY**  
OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and dependency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all chronic diseases and habits root out from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.  
NO NAMES USED WITHOUT WRITTEN CONSENT.  
**THREATENED WITH PARALYSIS.**  
Peter B. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excess in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me possessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numerous in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, went to Mt. Clemens for BEFORE TREATMENT baths, but received little benefit. While AFTER TREATMENT at Mt. Clemens I was induced to consult Drs. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."  
We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, BLOOD DISEASES, URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES, GUARANTEED OR NO PAY.  
CONSULTATION FREE. BOOKS FREE. If unable to call—Write for a Question Blank for Home Treatment.

It will be a rich, rare, refined literary treat—a program of laughs. Six hundred course tickets having already been sold, a large and select audience is assured.

## THEY MEAN BUSINESS

It is announced that the Symmes Gas Company will commence at once to install the natural gas plant in Chatham. It is understood that they have already ordered their pipe, and Mr. Cooke was in the city engineer's office this morning seeking information as to water mains, etc. It is thought that the company means business.

## LOOKS LIKE BUSINESS

Symmes & Co., who received the franchise to pipe Chatham with natural gas, are making rapid preparations to get the work of putting the pipes in, under way.

It is understood that the company have already ordered their pipe, and in another section of this G. H. J. to-day, their advertisement applying for suitable rooms for office purposes, may be found.

## WILL TAKE CHARGE

Mr. Allen, of Albion, Mich., has been appointed to take charge of the Methodist church at Jeannette's Creek, where the pulpit has been supplied during the summer months by Rev. Dr. Hanson, of this city. The plan has been informed by Rev. Mr. Malott, who has charge of in superintending matters at the Jeannette's Creek church, that Mr. Allen is expected to arrive to take the Sunday services from now on.

## PRESENTED A PICTURE

Principal J. W. Plewes, of the Central School, is in receipt of a fine, large, colored picture of the St. Victor, of the Allan Line. The picture was presented by the C. P. Railway Co., through their local city ticket agent, Mr. Fremlin. The picture is about five feet by three in dimensions, and is surrounded by a beautiful dark green frame. It will be hung in the corridor of the Central School.

## RACES NEXT FRIDAY

Next Friday the named races, which were called off at the driving park on account of the rain, will be pulled off. An agreement has been drawn up to the effect by the various local horsemen, and a great deal of interest is centred in the race. The horses competing will be as follows:

Emancipation, Thomas Williams. Ernie Simon, T. J. Rutley. College Boy, Dr. McLaughlin. Nellie Rhody, Dan Payne. Goldie D., owned by Briscoe Bros.

## IS SALT THERE?

What appears to be an immense salt well was discovered while drilling for oil on the Longmore farm, lot 14, concession 7, Tilbury East Township, yesterday, and if the salt covers an area to any extent, the find will be many times more valuable by far than had oil been discovered, which fluid was conspicuous by its absence.

If it is figured out that salt is worth in round numbers \$1 a barrel, and several millions of barrels lie under the Longmore farm, some estimate of the worth of the find can be obtained.

For the table-for-cooking—WINDSOR TABLE SALT is without an equal. Always the same perfect quality.

## BURNS DEPOSED

New York, October 19.—Surrogate Chubb, of Brooklyn, to-day removed Tommy Burns, the well known jockey, as guardian of his brothers, Willie and Guy Burns, on the grounds that John Burns, the father of the lads, was the legal person to act in that capacity. Tommy Burns was appointed guardian of his brothers last March, an arrangement which, it was said, was very acceptable to the minors, who formerly lived with their mother at Chatham, Ont. Both Willie and Guy have been in training to become jockeys at Sheepshead Bay, and have been doing well. The whereabouts of the father of the lads was not known, it is said, until he brought the action to have his brother Tommy removed as guardian. This was done by the father, who in the future will act as their guardian.

## SOCIETY

The society event of the week was the coming but party given by Mrs. Matthew Wilson for her daughter, Miss Jessie Wilson, and Miss Mary Shannon. This very happy and charming affair was given last evening, and about 30 guests were invited to celebrate this important event in the lives of these two bright young debutantes. The evening was most successful in every way, and the young ladies created an impression which will long be remembered in society circles.

The young debutantes were attended by Mrs. Wilson and Miss Evelyn Jarvis, of Galt. Mrs. Wilson wore a becoming gown of black net with sequin trimming. Miss Jarvis wore a dress of white point de esprit. Miss Wilson was handsomely attired in a robe of yellow pleated silk chiffon, and presented a most charming appearance. She is a very popular young lady, bright and entertaining. Miss Shannon, appeared in a dainty white gown of crepe de sole over taffeta with embroidered chiffon garniture. She carried pink Marshmallow roses. Both of the debutantes were very popular during the evening, and much in demand. The coming out was a most auspicious one, and it is expected that these two young ladies will create quite a stir in society circles during the coming season.

Dr. Carson spent the holiday in Detroit.

Mrs. Geo. T. McKeough spent the holiday in Detroit.

Mrs. James Innes gave a household shower for Miss Greening, this week.

Miss Flossie Bogart and Miss Hollinrake are spending a few days in Milton.

G. Thayer, of Toronto, spent Thanksgiving in the city the guest of William Ball, Victoria Ave.

Garfield Northway, of Toronto, spent Thanksgiving in the city the guest of P. D. McKellar, Victoria Ave.

Mrs. Johnson is entertaining a number of her friends at high tea, at her residence, Gray St., this evening.

Miss Stegmann left this week for Chicago, where she will attend the wedding of her niece, Miss Schooley. Her sister, Mrs. Chaucery, of Toronto, accompanied her.

Miss McLeod is in the city for the McLeod-Greening wedding. Miss Alice Greening, of the Long Island College Hospital, Brooklyn, New York, is in the city for the same event.

COLWELL—STEWART.

A very pretty wedding was solemnized on Wednesday evening, Oct. 17th, at the home of the bride's parents, Dufferin Ave., Wallaceburg, when Miss Maude, daughter of Mr. and Mrs. Archibald Stewart, was united in marriage to Mr. W. H. Colwell, one of Wallaceburg's most popular young merchants and young son of Mr. and Mrs. Wm. Colwell. Rev. J. M. Nicol, pastor of Knox Presbyterian Church, officiated.

The ceremony took place under an arch of maiden hair ferns. The bride, who looked charming in a gown of white taffeta with trimmings of chiffon lace, carrying a bouquet of white carnations, was given away by her father. Miss Maggie Stewart was bridesmaid and wore white muslin. Mr. C. W. Colwell supported his brother.

After the ceremony a dainty wedding supper was served to the guests, only the intimate friends and relatives being present. Miss Bates, of Barnby Hall, Newark, Eng., was a guest.

Profuse and hearty congratulations were received from those present and also from distant friends by wire, after which Mr. and Mrs. Colwell left on the evening train for Toronto.

The groom's gift to the bride was

a gold watch and chain, and to the bridesmaid a sunburst of pearls. Many pretty and costly gifts were received. A large number of young people received the happy young couple at the car, where showers of confetti, etc., was not limited. Mr. and Mrs. Colwell will be at home to their friends at their new home, Dufferin Ave., after Nov. 1st.

## Kitchen Queen

Although we strongly recommend our "Empire Queen" Range as being without doubt the finest and best made still, for those who do not like the appearance of an absolutely plain range we stock the "Kitchen Queen."

Although the surface is ornamental, still, the carving is not deep at all, and it is very easily cleaned. We can highly recommend this range, and the only difference between it and the "Empire Queen" is the appearance. It will give as good satisfaction as any range possibly can. See one in our window.

## THE SUN LIFE EARNINGS

Company Realizes Profits Amounting To The Sum Of \$63,000

### ON SHAWINIGAN BONDS

Montreal, Oct. 19.—At the morning session of the Insurance Commission on Wednesday Mr. Macaulay defended the Sun Life Co.'s course in writing down securities on real estate before the losses had actually been realized. It was absolutely in accord with the method pursued by all banks and commercial corporations everywhere.

If you are going to write off \$10,000 from real estate, said Mr. Macaulay, how can you do it except by changing the profit and loss account? There is no other way.

Mr. Langmuir asked whether such a plan might not be deceptive because it would show on its face that certain property had earned interest, whereas in fact it had not.

Mr. Macaulay would not agree to this view.

Payments to shareholders were fixed by the directors under the company's charter, and could not be criticized. In the early days of the company they disagreed against the shareholders for the benefit of the policyholders. When the company's position was improved this injustice was corrected. For the last 12 years shareholders have been receiving 15 per cent.

### Shawinigan Bonds.

Mr. Macaulay then entered into an explanation of the transactions between the Sun Life and the Shawinigan Water and Power Co. In 1903 the insurance company made a loan to the Shawinigan Co. of \$231,000 at six per cent. on the security of \$240,000 bonds and \$83,200 stock bonds. There had been two loans to the Shawinigan Co. on these bonds, a total of \$350,000 in each case. The Sun Life got large blocks of bonus stock as the consideration. The loan was due in November, 1903, but the Shawinigan Co. could not market the bonds in order to raise the loan. The Sun Life did not want to close the year with an overdraft, as would have been the case, and asked the Merchants' Bank to take over part of the loan. The bank took over \$200,000.

Mr. Macaulay said this was a genuine transfer, and read letters from the bank to prove it. In the following March the Sun Life paid the bank cash and took back the bonds. For extending the loan in this way \$20,000 bonus stock was paid, of which the bank got \$4,000. He announced that his company had made \$63,000 out of this security without counting interest.

Mr. Shepley said that as the consideration of the company was higher than that of the bank the transfer was a dummy one.

Public Is Ignorant.

Asked why they did not want to show an overdraft at the end of the year, witness said it did not make any difference, except to a part of the public, which was ignorant and uninformed. He said the officers of the Insurance Department would not have cared nor the shareholders of the Sun Life.

Mr. Macaulay stated, when asked by Mr. Shepley, that he had not a dollar of interest in the Shawinigan Co., nor had the company, or the directors. There was, perhaps, one director who had a small interest. Later he said that there was not even one.

The bonus stock received from the Shawinigan Co. was entered in the books as of the value of \$4 and did not show in the Government returns until 1905, when it was sold as a matter of policy. The price was 19 3/4. Witness said the sale was worth 37.

The Commission adjourned until noon on Tuesday next.

### Reunion After 46 Years.

Sault Ste. Marie, Ont., Oct. 19.—Forty-six years ago Moses, Frederick, Joseph and Agnes Beauchamp, then aged from 5 to 11 years, were separated, their parents having died in Comptelac, Quebec, in 1859. They did not meet again until they came here for a reunion this week. Frederick, who went west and became a wealthy ranchman at Davis, South Dakota, determined to find his brothers and sister and succeeded after spending several thousand dollars.

### Canadian Carnegie Hero.

Pittsburg, Oct. 19.—Sixteen more awards of funds or medals were made yesterday by the Carnegie hero fund commission. These awards include a bronze medal to Samuel M. Desherbain, 20 years of age, a jeweler of Langham, Province of Saskatchewan, Canada, who rescued from drowning on Aug. 22, 1905, Alfred O. Burnham, a carpenter.

### Archbishop Weds.

Winnipeg, Man., Oct. 19.—A sensation was created in the city yesterday by the announcement of the marriage of Archbishop Matheson and Miss Alice Talbot, principal of Carlton street school. They were married at 8 o'clock yesterday morning by Archbishop Fortin in Holy Trinity Church.

### Negro Dies at 114.

Washington, D. C., Oct. 19.—"Uncle" Robert Hawkins Sprague, a negro, of Northampton, Prince George County, Md., died Wednesday morning at the age of 114 years. He was born of slave parents in 1791, was sold several times as a slave.

### Parliament Opens Nov. 22.

Ottawa, Oct. 19.—(Globe Special.)—The date of the meeting of Parliament will probably be settled this week. It looks as though Nov. 22 would be selected, although the Government would prefer an earlier date than that if possible.

### Boy Dangerously Wounded.

London, Oct. 19.—A youth named S. Brooks was dangerously wounded by the accidental discharge of his companion's gun. He received a charge of bird shot in the side which exploded cartridges in his pocket.

Do you eat Biscuits for their food value?

Mooney's Sodas contains all the nutriment of the finest Canadian wheat.

In either case, don't you want the most nutritious and most delicious biscuits.

MOONEY'S ARE BOTH.

### Kitchen Rugs.

Very neat and serviceable rugs for use in the kitchen can be made from old trousers legs and heavy dress materials which are past redemption on wearing apparel. Wash the material and cut it in strips about two inches wide. Sew the strips together, making three lengths, which braid together tightly. Make the center of the rug of a heavy piece of material or a scrap of carpet, cut oval or round, and sew the braided strip round and round until the rug is the desired size.

### Effective Table Square.

A very effective table square was made at small cost from unbleached linen toweling twenty inches wide. Two lengths of linen were used and a line of heavy linen lace insertion was used to join the pieces. Narrow linen lace to match edged the square, and small round medallions of lace were let in at eight corners of the cloth.

### A Test of Housekeeping.

As good a test of the right sort of housekeeper as the old time one of looking in corners and under beds for dust is that of passing a cloth over the tops of doors and windows. Your true housewife will look to it that they are dusted as regularly as the furniture is and every sweeping day will see them wiped off with a damp rag.

### Refurbished Bedstead.

One might term a bedstead recently evolved by an ingenious housewife a hybrid, yet it might be said in its favor that it combines the advantages of appearance of the mahogany four poster with the hygienic merits of the metal bed. This is accomplished by using the four posts of the mahogany bed with the springs and frame of the metal bed. A dimity tester and valance with a colonial spread entirely concealed the metal portion in the daytime, and its possessor says she prefers it to the entire mahogany bed. In explanation it might be said that the mahogany bedstead used was bought for a song at a sale, as the only good thing about it was the four fine posts.

### How to Dry the Hair.

Some children catch cold very easily after having their hair washed. In order to dry it quickly and prevent this use for the final rinsing quite hot water in which a few drops of alcohol have been added. Then rub the hair well with alcohol and wring it out as dry as possible. Next take two or three towels, divide the hair and wipe each strand separately. Let the child sit in a warm room or, if possible, in the sun. Fan the hair and wipe each strand separately, and it soon will be perfectly dry.

### FREE TO YOU—MY SISTER

FREE TO YOU AND EVERY SISTER SUFFERING FROM WOMEN'S AILMENTS. I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White Discharge, Eclampsia, Displacement or Falling of the Womb, Prolapse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex. I want to send you a complete 10 days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER," with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home treatment which speedsily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases and makes women well, strong, plump and robust. Just send me your address, and the free ten days' treatment is yours, also the book. Write to-day, as you may not see this offer again. Address: MRS. M. SUMMERS, Box H. 4. WINDSOR, Ont.

## TALMAGE'S WORD OF HOPE

A valuable practical lesson is: thought for almost every department of life. In the first place, it will apply to the disorders of the natural world. Some people, if they could have the way, would have had a ministry. They could never have a blizzard. They would never have the trees shed of their leaves. They would never have them stand in a uniform of spotless white, like grim soldiers with the bayonets of ice as sharp pointed. Elman speaks. They could never have the ice and snow and mud or the robins and the thrushes away from the New England hills the land of the flowers. They would always have their orchards heavy laden with fruits, and their lawns covered with grass, and their gardens crowded with incense waving flowers, and the water in their rivers and streams making the valleys look like a banquet hall of gold, and the blue heavens unblackened by one dark cloud. The angels for them would send forth a never ceasing radiance. "Oh, why should we have the rain?" they cry. "Why is the December wind cold?" they cry. "Why do we have the snow to freeze?" they cry. "Why do we have the spring freshets to wash out our roads and sweep away our country bridges? Why all this disorder and confusion in the natural world? No man can worship God and drizzling fog or be truly happy while he has to hug a fire in a house while the ice hangs from the eaves, or to keep out the winter's biting blasts."

But in the light of my text, are atmospheric disorders a blessing?

Another of your sins is admiration—the power of enjoying beauty or ingenuity, which if you destroy you make yourself base and treacherous. Another is, with—the power of playing with the lights of the senses; the truth, which if you destroy you make yourself treacherous and dull to others.

In choosing your way of work it should bring out all these faculties—not merely, but all of them. The way of bringing them out is to concern yourselves attentively with each faculty.

To cultivate sympathy you must deal with living creatures; you must deal with people, and think of their feelings. To cultivate admiration you must be among beautiful things, and looking at them." But some people have "a stagnating mental complexion." They are never willing to reason. They are never willing to study. They care nothing about the world, and would rather follow their literal sense than go across the street to see the most beautiful picture ever painted or hear the most exquisite harmonies ever sung, while on the other hand some men are never satisfied with their present mental condition. They are always reasoning, and feeling out. They will go to a meeting to learn. No work for them is too difficult if they can only improve themselves and learn something new.

It is only the ignorant, the stupid, the slothful, the stagnating mind, who is satisfied with the present state of things. It is not like a swamp, where everything is still and surface of slime. The air is still and quiet. True

## WOMAN'S WORLD

MRS. ANNA C. FALL.

One of the Cleverest of Boston's Women Lawyers.

Mrs. Anna C. Fall of Malden is one of the cleverest of Boston's bright coterie of women lawyers. Mrs. Fall, indeed, was among the very first women to practice law in Boston. She graduated from the Boston university law school in 1891 and tried her first case in November of that year, it being the first jury case tried by a woman in Massachusetts.

Mrs. Fall is the author of a pathetic little story, "The Tragedy of a Widow's Third," which proved a strong argument in favor of increasing the widow's pension.

## ADVISORY BOARD

The Election is on Among Qualified Teachers—The Likely Winners

The ballot papers for the use of the several classes to be represented upon the Advisory Board of Education have been sent out by the Education Department, to—  
1—Public School Inspectors.  
2—Public School Teachers.  
3—High School Teachers.  
4—Separate School Teachers.

Only the holders of permanent certificates are entitled to vote at this election.

Many of the teachers of this county are undecided as to which of the twenty public school candidates it would be best to support. The Inspectors are very properly letting the teachers use their own judgment in the matter.

In an interview with a Planet reporter to-day, the Kent County inspectors stated that while they did not desire to influence their teachers in this matter, their own opinions are that the candidates most likely to receive the support of the teachers of this county are as follows:—

1—J. W. Plewes, Chatham.  
2—Miss Johnston, Toronto.  
3—Mr. J. McJannet, Ottawa.  
4—Mr. T. A. Reid, Owen Sound.

The vote closes upon the first Wednesday in November and the results will be known about a week later.

## THE TRIP CALLED OFF

Traffic was blocked at the Brisco Opera House last night, with the result that the trip to the Highlands, which was announced for the evening, did not materialize. The company has taken a trip to the high forest lands. They have had an unfortunate career in Canada. At almost every place they played they were given severe press criticisms, and yesterday Manager Brisco telegraphed them not to come to Chatham. Mr. Brisco deserves credit for protecting the patrons of the local theatre, as no doubt if the company had been advertised as a first class production, there would have been a large number taken in. The next attraction at the Brisco Opera House will be The College Girls Monday night. This promises to be a super production.

## GOVERNMENT AT FAULT

At last meeting of Tilbury East Council a letter was read from Government Engineer Lambie, asking for the opening of the road and railway crossing to the new dock on the river. He did not appear to know that Tilbury East has fulfilled its part of the undertakings. The road is opened and passable and there is not a better crossing across the G. & N. R. in the township than the one there. On the other hand, the Government is lagging behind. The dock still requires a lot of filling in as it is 15 feet from deep water and it is impossible to use it at the present time, while complaint is made as to the quality of the cement work done.

## A RAT HUNT

Last Thursday, when Mr. George Peters, of Gray & Sons carriage works, went to the stables to feed the horses, he found the oat bin to be filled with a host of rodents of enormous size.

Mr. Peters closed the bin while he went and got Mr. Archie Park to bring over his dog, which has won considerable fame as a demolisher of rats. The dog well sustained his reputation on this occasion, it seems as he was no sooner put in the oat bin than he commenced a wholesale slaughter on the rodents. After the mice was all over twenty-two dead rats were counted, and the dog with his whiskers still full of rat fur, was looking about for fresh worlds to conquer.

## REAL ESTATE SALES

E. E. Parrott & Son, real estate agents, of this city, report the following recent sales of city property: The Blonde property on Jeffrey street to G. W. Deline, of Prince street; the Gray property on William street to Manson Campbell, of Park street; the Keeley property on Head street to Albert J. Cable, of Wellington street; the Marshall property on Elizabeth street to Mrs. M. A. Lynch, of Delaware avenue; the Knott property on Richmond street to J. J. Waddell, of Tilbury; the Russell property on Park street to John Regan, of Harwich; the Campbell property on William street to W. H. Courtney, of Fifth street; the Lowery property on King street east to West Franklin, of Duke street; the Arnold property on Gray street to James Dooling, of Gray street; the W. W. Turner property on King street west to T. H. Bastia, of Sarnia, Ont.; the Jacques property on West street to J. H. Barnes, of Third street. The above list of sales proves that Chatham's people have faith in Chatham's future.

### THE COLLEGE GIRLS

The attraction booked by Manager Brisco, of the Brisco Opera House, for next Monday night is DeAlva's College Girls, and from numerous favorable newspaper criticisms of this show we clip the following from the Gait Reporter: "DeAlva's College Girls, the big musical production, held the boards at Scott's Opera last night. Before eight o'clock every seat was sold, and the large audience present was not disappointed. The opening prologue, "Hunting for Hawkins," was a perfect setting, and the opening chorus, "College Life," showed a good number of really pretty girls in splendid costumes. Miss Littlechild, the dainty little Souzette, has certainly a marvellous voice and danced her way into the hearts of her audience. Billy Gibbs, as "Hawkins," the wise Janitor, is a show in himself; his songs, "The Wise Guy," "The Good Ship Never Floats" and "The Sultan" were side splitters. The lady band and orchestra are of the highest type. The specialties were all good and the closing act, "Shoot the Shoots," was simply immense. The girls are a pretty lot of jolly girls and who seem to enjoy the fun. It certainly is the best show that Manager Egan has given us this season. Success to the College Girls. May they come again."
