

FORTY-FOURTH YEAR

INTEREST IS LACKING, BUT ALL FAVOR WIPING OUT THE LONG TERM FRANCHISE PRIVILEGES

Small Attendance at Meetings Held Last Night to Discuss the Street Railway Purchase By-Law--Ratepayers Addressed by Aldermen.

Before only a handful of the ratepayers of Ward 1 at Dufferin School last night, Ald. W. M. Charlton, chairman of the Railway Committee of the City Council explained the proposed plans for the purchase of the Brantford Street Railway and the Grand Valley Railway.

This was the first of the series of meetings which the City Council are holding in the various wards and Ald. George Sigman, who occupied the chair, expressed his regret at the small attendance.

Ald. Charlton said he was in the same position as those in attendance. He is a ratepayer and a property owner, and the question that is foremost in his mind is whether it will be advisable for the city to burden themselves with some \$2,700,000 of debt. Ald. Charlton briefly outlined the history of the street railway since the franchise was granted twelve years ago. As everyone was aware of the salary which Mr. E. B. Stoddard, receiver of the road, was getting was too much and a great amount of his salary should have come to the city to pay for the taxes to the road.

"The question might be asked," continued the speaker, "how did we come to bid \$2,700,000 for the road? The council had carefully gone over the matter and following the advice of City Solicitor Henderson, they had then concluded that now was the proper time to purchase the road and put it on a paying basis. \$125,000 of the bid is for the first mortgage, which the First National Trust Co. There is a mortgage on the car barns of \$4,000 on the Colborne street property of \$25,000 and back taxes amounting to \$75,000, herefore the council decided upon the offer of \$253,000.

"Matters of next week the price will be asked to vote \$270,000, the extra money to go for equipping the road and purchasing new cars. The cars alone will cost in the neighborhood of \$50,000. In the city at the present time there is in the neighborhood of nine miles of track and this will all have to be repaired.

PARIS EDITOR IS SHOT DOWN BY A WOMAN

She Was the Wife of the Minister of Finance of France--Political Affair

PARIS, March 17.—Mme. Caillaux, wife of M. Joseph Caillaux, Minister of Finance and at one time Premier, fired five shots from a Browning revolver at Gaston Calmette, editor of the Figaro, in the office of that paper at 6.25 last evening. Four bullets took effect and M. Calmette was removed to a private hospital at Neuilly where he died later. The shooting was the result of a letter written by M. Caillaux to his mistress which M. Caillaux published last week in the course of his campaign against M. Caillaux.

Mme. Caillaux, who was formerly the wife of Leo Clarette, the well-known writer and lecturer and contributor to nearly all the daily papers and magazines, was locked up in Saint Lazaire Prison, where women of the lower class are sent. Mme. Caillaux is the third wife of the Minister of Finance.

About five o'clock in the afternoon a woman dressed in black entered the office of Figaro and sent in her card. She paced up and down the reception room in an excited manner for about an hour. Shortly after six o'clock M. Calmette accompanied by Paul Bourget, the author of Cosmopolis, crossed the street and handed her a visiting card. After glancing at it, M. Calmette said to Bourget:

"It is Mme. Caillaux, I must receive her."

He invited Mme. Caillaux into his private office and they had been there but a few minutes when five shots

FIRE TRAGEDY IN NORTHERN ONTARIO TOWN TO-DAY SNUFFS OUT THE LIVES OF FOUR PEOPLE

[By Special Wire to The Courier]

BRECHIN, Ont., March 17.—Mrs. Thomas McCauley, her 6-year-old son, John, and Josephine Callaghan, a servant, lost their lives early to-day, when the Brechin hotel was destroyed by fire. It was feared that another child was burned, but this cannot be confirmed. About 2 o'clock this morning Thomas McCauley was awakened by the smell of smoke in his room, and, rushing out, discovered the entire lower part of the building in flames, which in a few minutes engulfed the entire frame building. He made a desperate attempt to rescue his wife and the other occupants of the building, but was prevented by a stiff breeze across the street flames. The fire was carried and destroyed the residence and office of Dr. Gilpin.

The three hundred residents of the village were practically all on

the scene, fighting the fire with a line of buckets, the only available means, but at 4.30 the fire had burned itself out. The body of Mrs. McCauley was found in bed, not burned, but smothered by the smoke. The other bodies could not be found, and were either completely burned or buried under portions of the ruins too hot to search. Mrs. McCauley slept on the ground floor, while Miss Callaghan and little John were on the upper floor.

The fire started in the basement, presumably from a defective furnace. The destruction of the hotel and outbuildings entails a loss of ten thousand dollars, while Dr. Gilpin's loss is five thousand.

DEATH LIST FOUR

BRECHIN, Ont., March 17.—As a result of the fire in the hotel here early this morning, four people are dead: Mrs. McCauley, her ten-months

baby, a boy 5 years old and Josie Calaghan, 25 years of age, from Bradford, a domestic.

Two children of Mrs. McCauley, a girl aged 2 and a boy of 10 were rescued, along with another lad about 10 years old, a visitor in the house.

Two servants, Misses McGerney and Crosby, jumped from the windows and escaped serious injury.

The flames were discovered by Victor Adair, one of the boarders, who, after making his own escape, bravely smashed in the back door and succeeded in dragging out McCauley. He also assisted in getting out Mrs. McCauley, but she had been suffocated by the smoke.

The children who escaped the holocaust were saved by the neighbors.

The building is totally destroyed, and an effort is now being made to recover the bodies of the victims.

ADMITS THAT HE MARRIED SECOND WIFE

Young Man in Police Court Today is Quite Popular With Ladies.

Gordon B. May, a young man was charged with the serious offence of bigamy at the police court this morning. He pleaded guilty.

Although he has not the figure of a Apollon or the features of an Adonis, there is something in the nature of May which attracts the opposite sex. If the story of his life is to be believed, he is a regular Bluebeard. Of medium height, medium build with dark flowing locks, brown eyes, a roman nose and a slightly pale complexion there is nothing to suggest a very handsome man in his make-up. According to his first wife, who was a Miss Lane, he met her and won her heart in Oshawa during the year 1907 and they were married on Jan. 4th, 1908. They lived in perfect harmony for two years and after their second child had been born he left her. He did not leave without a word instead he told her with tears in his eyes that he was leaving her for some time and with that he vanished. She knew no other reason than that she heard there was another woman at the bottom of affairs. From day to day in early 1910 until the present time she had heard nothing of him and he never wrote. She was left defenceless in the town of Oshawa, after he had sold most of the furniture and valuables, with the princely sum of 75c and two children were dependent upon her. Fortunately for her, her parents were living and she went under their roof, where she still remains. Quite recently she heard of her erstwhile husband was in Brantford and that he had contracted a marriage with a girl in that city. She informed the police and they soon verified the facts of the case and at the instance of his first wife, May was charged with the offence. The girl whom he had married here last year was not the one for whom he had cast her aside in 1910 and there are many with whom he has carried out intrigues since, according to the original Mrs. May.

Shower For Their Majesties

[By Special Wire to The Courier] LONDON, March 17.—Militant suffragettes contributed an extra and unrehearsed "turn" to the programme given before King George and Queen Mary at a music hall performance today in aid of hospital. During the singing of the National Anthem a shower of militant suffragette pamphlets fluttered from the gallery above the royal box. Some of the papers floated into the box and found a lodging on the shoulders of the King and Queen.

Simultaneously a woman occupying a place in the stalls of the theatre stood up and pointing a finger at the royal party shouted:

"Your Majesties: Mrs. Pankhurst is in prison. I therefore—"

The woman was unable to proceed further her speech as a detective clapped his hand over her mouth and she was escorted out of the theatre.

Municipal Talk Is Lively Today--Mr. Kellett Said To Have a Boomerang Re Purchase By - Law

Who are going to get the jobs? Will there be any jobs? If so, what salaries will be attached? These and various other questions are the features of a real live discussion in municipal circles at the present time. They have cropped up as a result of the street railway purchase, which looks like a sure thing next Monday, and as a result of new features talked of at the City Council, the appointment of a purchasing agent, stores keeper, electrical inspector, etc., etc.

The Courier was informed last night that there were already five men after the job of street railway manager and a hundred men after the office of purchasing agent. The latter figure looks to be somewhat exaggerated, but the former is not.

"The plan to place Mr. A. K. Bunnell in charge, as outlined in the Courier Saturday, looks to be the most feasible of any yet presented, and is one that will satisfy ratepayers next Monday, when they vote, that the City Council in handling the railway will proceed along safe, conservative lines until the system is placed upon a definite working basis. Moreover, Mr. Bunnell could have the assistance of Mr. Fred W. Frank in that regard. Mr. Frank has been auditor of the railway for several years, and is thoroughly in touch with its management."

The above statement was made last night to a Courier representative from one who will have something to do with the matter in Council. From the statement it appears that the appointment of high-salaried engineers, managers and experts will be deferred until the permanent commission to handle the street railway is appointed. In the meantime a working basis will be arrived at after a thorough investigation of the financial possibilities of the road, its earning powers, operating expenses, etc.

MAY BE BOOMERANG

It was hinted to-day in civic circles that a boomerang against street railway purchase was in course of preparation by Mr. W. P. Kellett. "Why does Mr. Kellett oppose the purchase when he made a big bid for the street railway himself?" asked Mayor Spence, when seen this morning. Just what the nature of Mr. Kellett's boomerang is is not known, although it is said to include statistics showing failure of municipal operation of a street railway in Brandon, Man.

"I think," said Mayor Spence, "that it is pretty well agreed by all ratepayers that the opportunity is now to wipe out the 38-year franchise rights. That in itself is worth the purchase price, and it gives us the whiphand to do what we like and take care of ourselves without being at the mercy of a private corporation such as the one which has up to the present existed, and which has really done more to retard the growth of Brantford than any other agency in the city."

THE PURCHASING AGENT

As for the appointment of a purchasing agent, some opposition has developed to the move, although the recommendation, as such, has been approved by Council. When the appointment comes to the by-law stage, and the duties of such a purchasing agent are thoroughly defined, it may go through alright. At present the finance committee is at work on plans wherein they hope to show where the city can save money by the appointment. The plan must include provision for storage facilities, and it is said there is a likelihood of the Colborne street power-house of the street railway or the West Brant barns being used for such a purpose.

THE "THUNDERER" AND COMPETITORS

Cannot Print Enough Penny Dailies to Meet the Enormous Demand.

[By Special Wire to The Courier] NEW YORK, March 17.—A cable to the World from Ldn says: The publisher of the London Times said today: "We had orders for 750,000 copies of our first penny issue to-day,

but we printed and sold just less than 300,000 because the printing has to be so carefully performed. Our orders for to-morrow are still larger and we have sold over ten pages of small advertisements. The normal size of the paper will be as to-day, twenty-four pages, but it will run up as high as thirty."

The paper is exactly the same in quality, and print, as to the two penny edition, and how it is to be made a paying proposition is a problem that is puzzling Fleet St. According to its last balance sheet The Times made a profit of \$100,000 last year; about 2 per cent on its capital,

MR. A. C. LYONS PRESENTS AMBITIOUS PLAN TO BUILD AN UP-TO-DATE MARKET PLACE

He Has Secured Property on Darling Street and is Ready to Go Ahead--Plan is Outlined to the City Council Today.

To build an up to date market building in the heart of the city, property already having been secured is the ambitious plan laid before the City Council to-day by Mr. A. C. Lyons. The enterprise is a private one as explained by Mr. Lyons in the following communication addressed to the City Council:

To His Worship the Mayor and Aldermen of the City of Brantford, Gentlemen.—Some months ago I obtained options on some property on the south side of Darling street between Mitchell's Garage and Market street with the intention of erecting thereon an up-to-date, fireproof, sanitary public market, entirely enclosed, heated and lighted and possessing all the good features of the St. Lawrence Market, Toronto and the Dayton market, Dayton, Ohio, in so far as they apply to a city the size of Brantford and its agricultural surroundings.

I desire now before proceeding with the construction to place myself on record with your honorable body so that later on you will not in fairness to a legitimate business venture for the general good of the citizens pass some by-law that will compel the closing up of this market building after we have been to great expense to furnish the citizens of Brantford and the farmers of the vicinity a place where they can buy and sell all market produce amid surroundings which will be convenient, clean and sanitary.

The following are a few of the advantages of this market as far as the public are concerned:

1. Fireproof building, concrete floor, heated and lighted.
2. Open every day from 7 a.m. to 11 p.m.
3. Complete up to date toilet conveniences, free, towels, soap, etc., for a penny if desired, shoe shine, manicure, barber, etc., also available.
4. Restaurant in connection upstairs; free lunch room for use of farmers, tea and coffee available for farmers bringing their lunch at 5 cents per cup.
5. Separate sections of the stalls for fish, meat, eggs, butter, poultry, fruit, etc., etc.
6. Stalls may be reserved for certain days the year round if desired.

The ground is amply large as market day is every day and all day. The advantages to the city will be:

1. The taxpayers will not be called upon to pay for a \$100,000 or \$200,000 dollar market on a million dollar line. Private enterprise does the financing.
2. The merchants will profit as the new market will bring to Brantford hundreds of farmers who now do not come here at all on account of the poor accommodation. They spend their money in Hamilton and elsewhere, which rightly belongs to Brantford.
3. On the present market place could be located the future City Hall as this square will gradually fall into disuse as a market, though it may legally have to be available to any who desire to so use it.
4. The City could allow the property on the corner of Queen and Darling to be used for a market.

Free Music Sheet

In honor of St. Patrick's Day a free song sheet is issued to the Irish readers of the Courier to-day. The song is a patriotic Irish one, sung by Marie Jones of the "Piff Paff Puff" company. All the Courier carriers are supplied with copies, but if any subscribers are missed by the Courier office. Paris subscribers can get them at the store of J. H. Fisher & Son.

The Courier music will be played by the orchestra at the Brant theatre at the performance to-night.

MAUSOLEUM CO. ELECTS OFFICERS

Business Meeting Was Held in This City Yesterday Afternoon.

A meeting of the Dominion Mausoleum Company was held in the office of Wilkes and Henderson yesterday afternoon when the following were elected officers of the company: H. H. Powell, President; I. Chapin, vice-president; M. M. Cleveland, secretary and managing director; M. W. McEwen, treasurer; Thomas Hendry, director; Wilkes and Henderson, solicitors; K. V. Bunnell and Co., auditors.

DEVOID OF INCIDENT

TORONTO, March 17.—The celebration of St. Patrick's Day in Toronto was devoid of incident. The Antiquary Order of Hibernians held their customary concert in Massey Hall this evening, but there is no promise of fireworks. The only outward evidence of the fact that this is the anniversary of the birth of Ireland's patron saint is the prevalence of a sprig of shamrock or a bit of green ribbon.

ARREST BANDIT IN MONTREAL CHURCH TODAY

Beauchamp is Caught in City of Montreal Early This Morning.

[By Special Wire to The Courier]

MONTREAL, March 17.—Joseph Beauchamp, one of three Bandits wanted for the murder last Wednesday morning of Constable Bourdon at St. Laurent, and for whom the police have been scouring the whole province, was arrested this morning in St. Vincent de Paul church on t. Charline street.

Beauchamp was kneeling among the mourners attending the funeral services of a little girl.

The bandit was recognized going into the church by Constable Choquette, who followed him. When Beauchamp knelt down the policeman threw himself upon him. Beauchamp made an attempt to get his hand to his hip pocket, but Choquette frustrated his effort and himself pulled the gun secreted there and threw it firmly by the officer then quietly submitted.

When the policeman sprang at the murder suspect and threw his revolver up the aisle of the church the little funeral party immediately rushed for the door.

Reassured by the prompt manner in which Choquette handled Beauchamp, the mourners returned to their pews and the mass was being read even before the policeman and his charge had left the church.

Several other people had identified Beauchamp in the church and had notified detective headquarters, so that by the time the policeman and

SHOT HER HUSBAND
BUFFALO, March 16.—During a quarrel to-day Mrs. Ida Widrig, of Springvale, shot and killed her husband, John Widrig, at Woodlawn, near this city, firing three shots into his body. She then shot herself in the left side. She was brought to a hospital here, where the resident physician said she will recover.

A SUICIDE
WIARTON, Ont., March 16.—Henry Pruder, a well-to-do farmer of Purple Valley, committed suicide Saturday night by blowing off the top of his head with a shotgun. He was 54 years of age. He is survived by a wife and four children.

HIS EXPLANATION
KINGSTON, March 16.—The 15-year-old Hamilton boy arrested a week ago on a charge of stealing jewelry was further remanded for three days by Magistrate Farrel. It is not known what will be done with the youngster. The boy admits his guilt. He says that when he takes anything it is not a case of theft. "It is simply a case of being over-anxious to get possession of things," is the way he explains his position.

GOOD HEALTH FOR YOUNG GIRLS

They Need the New Blood Dr. Williams' Pink Pills Actually Make

Perhaps you have noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. That she complains of weakness and depression; feels tired out after a little exertion; appetite variable, complains of headaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon mothers. These are symptoms of anaemia; that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unhealthy girlhood almost always leads to unhealthy womanhood. All young girls in their teens need the help of Dr. Williams' Pink Pills, which enrich and increase the blood supply, and give sickly drooping girls the brightness and charm of perfect health. In proof of this Miss Zola Gordier, Morrisburg, Ont., says: "I was pale and bloodless and suffered from many of the symptoms of anaemia. I would tire easily and suffered from frequent headaches, my appetite was poor and I was very pale and easily discouraged. The medicine I was taking did not seem to help me, and then one day I read the story of a young girl who suffered similarly and was cured through the use of Dr. Williams' Pink Pills. I got three boxes of the pills and started to take them. Before they were gone I began to feel better and look better. Then I got half a dozen more boxes, and before they were all used I was enjoying the best of health, and have continued to do so since. My young brother was troubled with rheumatism, and they completely cured him. Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail at 50 cents a box, six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

Y. W. C. A. Directorate At Monthly Meeting

The directorate of the Y.W.C.A. held their monthly meeting in the Association Building on Friday last when Mrs. D. J. Waterous presided in the absence of Mrs. Ott the president, who was out of the city. The minutes of the last meeting were read and adopted, and various reports of different committees were heard. Mrs. Harris reported that the progress of the work in connection with the annual bazaar which will be held in November was excellent. A membership committee has been appointed and will work diligently to increase the present number of members. Other details were discussed and minor business transacted and the report of the general secretary was read. Extracts from it are:

"To-day Mrs. Barber takes the fifth study in the course on Portraits of Jesus. The attendance has been very gratifying and intense interest expressed by those present. Mrs. Barber covers her subjects in a clear, convincing and complete manner. Her Friday afternoon class will continue until April 3rd.

The Leaders Bible Study Group including those who will lead study groups of their own next year, meet every Wednesday at 8 p.m. They have tea together, followed by the study and discussion on "Studies in Mark," from 7 to 8 o'clock.

The girls who meet on Sunday afternoon, at 4.30, have formed themselves into Bible Study Group No. 2, taking up the regular Sunday School lesson. This is followed by tea together and music, until the hour for church service.

The I Will Trust Club, open to all girls every Saturday night, made a programme by meeting at the home of the President, Mrs. D. L. Wright. Miss Morgan was present and interested us greatly in her work among the Japanese girls. Miss Rhea Hut-

chinson was also present and sang for us. Another meeting of the month was taken by Mr. Moyer of the Young Men's Bible Class of Alexandra Church, who spoke in the interests of the Pocket Testament League. Through the efforts of the I Will Trust Club girls we have secured about one hundred members for the Pocket Testament League.

The Triangle Club, consisting of bright, enthusiastic girls employed with the Barber, Ellis Co., enjoyed an artistic Valentine party, at which Mrs. Brewster was the guest of honor. At the next meeting, Mrs. B. Eckett was the invited guest, and we were greatly pleased with the delightful stories (containing practical little sermons), told while gathered around the fire place. The girls of this club will entertain the I Will Trust Club at a "Barney Stone" party Tuesday evening, March 17th.

The Loyalty Club meets every Friday night with varied programmes of stories, fancy work, games and music. The Millinery class, started last Thursday night, has over reached the registration limit, and promises to be a splendid success.

It is again time to think of delegates for the summer conference in Muskoka, and everyone is busy preparing their part in "The Ladies' Home Journal," to be presented on March 24th, as a means to raise funds for the expense of delegates.

There is much about the work of the association in the way of "personal touch," which is not made public, in due consideration for the feelings of those helped. The helping hand is extended through visits to the sick at the hospital and elsewhere assisting to find places of employment; meeting and directing girls at the stations who do not know their way, and, in many cases, locating their welcoming those who come to Canada from other lands."

BRANT CHAPTER I. O. D. E.

The monthly meeting of Brant Chapter Imperial Order Daughters of the Empire was held yesterday afternoon at the home of Mrs. Gordon Duncan, 58 Lorne Crescent—the regent, Mrs. E. C. Ashton presiding, and a large number of the members in attendance. Preceding the regular meeting the officers and executive had with them Mr. Jay Wellington of Easton, Pennsylvania, who is touring the province in reference to the putting on of a musical comedy under the auspices of Brant Chapter I.O.D.E. early after Easter. After thoroughly going into the pros and cons, it was unanimously decided to go ahead with the production, Mr. Wellington's credentials being of a very high order and work along these lines will be started immediately. The meeting proper opened with the singing of the national anthem, then followed the minutes of the last meeting and the reports of February's visitors (Mrs. S. F. Passmore and Miss Louise Jones) at the Brant sanatorium. After which came the special attraction of the afternoon, Mr. Henri Jordan, and his talk on "Music on the Schools." Following as it did the recently expressed desire of the Daughters of the Empire in this city to have responsible teachers undertake this study and singing of music, particularly patriotic music, in Brantford schools, and for which end Brant chapter desired the aid, permission and co-operation of the school board recently. The address was particularly appropos and interesting. No one heard

Mr. Jordan speak could question the wisdom and various benefits to be derived were such a study taken up. The loyalty of the pupils is never doubted for an instant, but everyone admits the lack of knowledge and spontaneity in singing more than two or three of our national airs. Speaking of an experience of his own while in England recently, Mr. Jordan referred to the stumbling upon a little village school in the course of his travels, which arrested his attention by their singing—he stopped, listened perhaps for about 15 minutes unobtrusively. The songs he heard were an inspiration to any one, each sung so lustily one after the other, and patriotic to the core, a joy to hear, but also a sorrow that only in the Motherland is it part of the curriculum. In Canada it is supposed to be obligatory but it has gradually slipped under the background as a study and is now really only optional.

A hearty vote of thanks was tendered Mr. Jordan at the conclusion of his talk. Mr. Rowe, principal of Dufferin school, who was also present, spoke in hearty endorsement of Mr. Jordan in all that he had said. Afternoon tea was served by the hostesses, and after urging all members and their friends to be present at the Collegiate Institute Hall on Thursday afternoon when Mr. Laurence Irving very graciously has consented to give a talk under the auspices of this chapter on "Drama as a factor in Social Progress," the meeting then closed.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 1781.

Mrs. E. C. Ashton is in Toronto on a two day visit.

Mr. George Glynn is visiting his daughter, Mrs. Kew, Erie Ave.

Mrs. John Agnew is reported to be very much improved after her recent illness.

Sheriff Ross who has been ill for some time is reported to be considerably improved.

Assistant Engineer Her of the Hydro-Electric Department was hurriedly called to Belleville, Saturday, receiving news of the death of his sister there.

Many friends will be glad to know that Mrs. John Hodge has sufficiently recovered from her recent operation for appendicitis at the Brantford General Hospital, to be removed to her own home, 130 Northumberland street.

Mr. Jay Wellington, teacher of elocution, dramatic art, dancing, etc., of Easton, Pennsylvania is a guest in the city at present, preparatory to the production of an amateur musical comedy, which will probably be out at a local theatre early after Easter.

Mrs. A. B. Cutcliffe, who has been on the sick list for some weeks left last evening, accompanied by her sister, Mrs. Sinclair of Paisley, for a couple of months' sojourn at Ashville, North Carolina, returning via Atlantic City for a short time there prior to her home-coming.

A. N. Pequegnat, a prominent jeweler of Brantford, Ont., is visiting the Pequegnat brothers of this city. He is very much taken with the beautiful Riverside and fine winter climate—Riverside (California) Press. Mr. Pequegnat reports splendid weather at that point, the approximate temperature ranging from 70 to 90 deg. during March up to date.

A pleasant event took place at the home of Mr. and Mrs. E. E. Wright, 15 Wells Avenue, when their little daughter Laura entertained twelve little girls on the occasion of her 4th birthday. The little tot enjoyed herself with games and music from the hours of 4 to 6 when they sat down to a sumptuous repast. They all left for their homes about eight o'clock after having a jolly time.

James T. Whitaker gave a most enjoyable Street Party at his home, 7 Dufferin Street last night, it being the occasion of the anniversary of his birthday. Over 40 Jolly Good Fellows enjoyed themselves at progressive euchre, the winner being Mr. Robert McCall. During the course of the evening Mr. Stanley Buck on behalf of the boys, presented Mr. Whitaker with a handsome music cabinet. "Jim" was completely taken by surprise but made a suitable reply, thanking the boys for their present.

A dainty lunch was served, after which a varied musical programme was in order. The party broke up early on St. Patrick's Day with the jolly cheers for Jim.

Young Peoples' Societies Meet

At Brant Ave.
The Brant Avenue Epworth League was in charge of the officers last evening, when a social time was indulged in and an enjoyable time was spent. The attendance was larger than usual. After enjoying a humorous reading given by the pastor, Rev. A. E. Lavell, numerous games were presented to the winners. The evening was brought to a pleasant close by the young ladies serving lunch. The officers are to be congratulated on the success of the evening.

At Oxford Street.
The Epworth League of Oxford Street Methodist Church held a very interesting session last evening. The meeting was in charge of Mr. A. Goodwin. After the usual opening service the evening took the form of a debate. "Resolved, that Joseph was a better man than Daniel. The decision was awarded to the negative side. The scrap editor, Mrs. A. Goodwin, read some very interesting items. The critic, Miss A. McIsaac, read the report of the evening. The meeting was brought to a close by the benediction.

NEURALGIA
"NEARLY DROVE ME WILD UNTIL I TOOK KEPHALDOL."
Mr. Thomas Cooper, Ludley, Sussex, England, was almost frantic with neuralgia when he first took a KEPHALDOL Tablet.
"I am nearly 74 years of age and have suffered with Neuralgia nearly all my life. A friend told me about KEPHALDOL and I had my people get a 25. package. I took two tablets as soon as I got them and quickly received relief. It was joy."
So great became the fame of KEPHALDOL Tablets abroad that their reputation spread to this country. The demand for KEPHALDOL grew so rapidly that arrangements were made to establish a Canadian office and supply all the druggists. These wonderful tablets, the prescription of Vienna's famous nerve specialist, Herr Doctor Stohr, have brought welcome relief to hundreds suffering from Neuralgia and Headaches, the ravages of La Grippe, Rheumatism, Sciatica and Lumbago, Pain in the Back and in fact any pain.
If you cannot get the 50c tubes at your druggist's, write "Kephaldol Limited, 31 Latour St., Montreal."

served by the Cainsville League closed a very delightful evening.
S. Gensham St. League.

Last evening the Senior League of Sydenham street entertained the Junior League. The juniors were out in full force under the leadership of Miss Margaret English, assisted by Miss Mary McWebb. There was also a good representation of the Seniors. The first part of the programme was given by the boys and girls and consisted of instrumental music, a chorus and a recitation. The second part was taken up with a Scout demonstration by Dufferin troop under the direction of Commissioner Macfarlane. This troop is perhaps the youngest in the city, and although they are "tenderfeet" put on a very creditable performance. The boys and girls were delighted with the exhibition. The social committee served home made candy to the audience, and needless to say the children enjoyed it very much. Bright, complimentary speeches were made by Pastor Snyder and Mr. I. Hewitson.

Top O' the Mornin' Greetings Today

March 17th, the day dear to the heart of an Irishman, is very evident in this city to-day by bouquets of shamrock and green ties, etc., which its citizens are wearing. All along the streets one can hear, "The Top O' the Mornin'" and the store windows are tastefully decorated in honor of St. Patrick.

To-night an Irish concert will be given in this city at St. Basil's church when some clever outside talent will interpret the meaning of the celebration of the birth of St. Patrick in speech and song.

"This morning at St. Basil's church the school children sang at 8 o'clock mass in honor of St. Patrick. There was a large turnout at this service, and Dean-Brady spoke a few words about the man whom the Irishmen are to-day paying honor to.

NEW YORK HAS ADMITS HE MARRIED SECOND WIFE

Standing erect before the Magistrate this morning, he pleaded guilty in a voice quite clear and loud part of his history concisely. He had met his first wife as stated and married her, and then there came some trouble as he heard something to his wife's discredit before he had married her and decided to leave her.

Mr. Hollinrake then pointed out that May had heard rumours about his first wife's character and thereupon he had married her. Defendant was ignorant of the law on the point of marriage. For May he submitted that it would be harmful and wrong to send so young a man as defendant away to prison for a long term. He had never for a moment realized the seriousness of his offence. Had he seen the gravity of the second marriage would never have been effected, defendant did not know what he had done. Circumstances had been a contributory factor to the offence and ignorance of the law was also another factor.

It was on November 1st, 1913 that May was united in marriage to Leta Edith Anderson at the Wellington St. Church. On the register he signs himself Gordon Booth May, aged 26, of Oshawa a woodworker. The girl who was his second wife belongs to the city and is 20 years old, and is attractive and tall. The girl, who is May's first wife, attended court this morning with her father. She is medium built girl and is modest and unassuming, and told her story in a plaintive voice. She does not seem to bear May any ill-will for his treatment of her. She and her parents, after the proceedings, left for Oshawa and after hearing the principal evidence against defendant, Magistrate Livingston adjourned the case until Friday.

SIR EDWARD GREY MAKES EXPLANATION

Tells Why Sir Lionel Garden Comes Home From Mexico

(By Special Wire to The Courier) LONDON, March 17.—The visit to England of Sir L. Garden, the British minister to Mexico, was not in any way due to representations on the part of any foreign power, Sir Edward Grey, British secretary for Foreign Affairs, told the members of the House of Commons this afternoon in reply to a question. The Foreign secretary repeated the story of Sir Lionel's appointment as head of the British legation at Mexico City, and the conditions attached to his acceptance of that post. Sir Edward then added: "After thirty-six years of valuable service I desired to recommend him for one of the highest posts in South America but as there was a crisis in Mexico, I asked him last July to accept the post of British minister to Mexico. Sir Lionel reluctantly consented, but he stated in this request that he could not stay in Mexico more than a year. "The crisis in Mexico," Sir Edward continued, "having apparently become chronic and various complications having arisen I requested Sir Lionel Garden to come home to discuss the situation and he will return shortly to his post."

ST. PATRICKS AT OTTAWA. OTTAWA, Ont., March 17.—There is no special observance of St. Patrick's Day in the Capital aside from the national concert in the Russell Theatre this evening. The annual parade of the city's Irish societies was held on Sunday last and the band of St. Patrick's literary and scientific society last night, the guests of honor included Right Hon. R. T. Borden, Sir Wilfrid Laurier, Hon. C. J. Doherty, Hon. Frank Oliver, Archbishop Gauthier, Paul Fuller of New York and other prominent men.

ARREST BANDIT IN MONTREAL

(Continued from Page 1) the wanted man got outside the building half a dozen plain clothes men, heavily armed, were ready to receive him.

There was a reward of \$1,000 out for Beauchamp's arrest or information leading thereto and already four parties, besides Constable Choquette are claiming it.

"Since Thursday night after she battle with the police, I have seen neither Foucault or Bolet, my companions," said Beauchamp at police headquarters, after his arrest. "We ran different ways. I have seen none of my friends since then. I have been hiding in various out of the way places, cellars, shacks and outhouses. I have had very little to eat and was hungry very often. I had very little except nuts for some time.

"This morning I was very cold. I had not darning to seek shelter. I crept into the church because I was tired, cold and weary, and felt as if I could not drag myself any further."

No better man than Choquette could have been found for the work of capturing Beauchamp. He weighs 230 pounds and was formerly a miner in Montana, where he participated in a rough-and-tumble fight.

TARIFF REDUCTION

Apart altogether from the effect which reduced duties on farm implements would have upon Brantford and her industries, this paper is of the belief that any tariff tinkering just now is unwise.

Canada in common with the rest of the world has been suffering from a slack period, and anything calculated to still further upset business conditions is not desirable.

It is true that the people of the West are calling for just as they call for a great many other things for they are always demanding something and do not care a rap what effect the gratification of their desires may have upon the rest of the Dominion.

ST. PATRICK'S DAY.

St. Patrick isn't any mythical patron saint. To the direct contrary he was an absolute personage and a man of marked influence and endowments. He belonged to the fifth century and was born in Scotland. In his sixteenth year he was seized, while at his father's farm, by pirates and carried to Ireland.

FOSTER DOING GOOD WORK

Hon. George Foster is making his position as Minister of Trade and Commerce mean something.

Recently, in the House, he moved the following:—

"Resolved that it is expedient to amend the Inspection and Sale Act, by providing that binder twine manufactured for export only, and not to be used in Canada, need not be labeled with the name of the dealer and number of feet of twine per pound in the ball marked or stamped thereon, and that the minister may make regulations to prevent the sale or use in Canada of unlabelled binder twine manufactured for export only, and that any person violating such regulations shall be liable to a penalty."

—in which it is distinctly stipulated that they do not want the twine with any label or mark on it. Mr. Foster gave the illustration that when the Russian buyer comes into the market he is willing to place an order in the Canadian factory, but the Canadian factory puts its own marks upon the goods.

Hon. Mr. Graham, speaking for the Opposition, said he was inclined to agree with Mr. Foster's proposal, and it will apparently be adopted.

(From our own correspondent.) Mr. H. Lewis purposes having an auction sale of farm stock and implements in the very near future.

Nothing Known OTTAWA, Ont., March 16.—As the Labor Department to-day it was stated that nothing was known of the report that 400 Spanish laborers were being brought to Canada for work on the Welland Canal, but that if they arrive they will be held up at the port of entry by the immigration officials.

Loud Through the Forest Rang the Fierce Wild Cry.

Mr. H. Lewis purposes having an auction sale of farm stock and implements in the very near future. Mrs. Frank Smith and daughter Mrs. S. J. Boyan spent one day last week with Mrs. Charles McNeil.

With swelling breast, he placed a foot upon the body of his powerful enemy and, crouching back his fine young head, roared out the awful challenge of the victorious bull ape.

The forest echoed with the savage and triumphant peen. Birds fell still, and the larger animals and beasts of prey slunk stealthily away, for few there were of all the jungle who sought trouble with the lord of the anthropoids.

And in London another Lord Grey-stoke was speaking to his kind in the house of lords, but none trembled at the sound of his soft voice.

Only Kerchak hung back, nursing his hatred and his rage. Suddenly something snapped in the brain of the anthropoid. With a frightful roar the great beast sprang among the assemblage.

HISTORICAL CRYPT

Are you interested in helping form a historical collection of Brant County's present-day matter—Religious, Fraternal, Educational, Commercial and Artistic—for the edification of those who will be filling our places a hundred years hence?

THE PLAN, BRIEFLY STATED, IS THIS: THE DOMINION MAUSOLEUM COMPANY, Limited, are erecting a beautiful MAUSOLEUM in Mount Hope Cemetery, and solicit your co-operation in securing the above-named matter.

This MAUSOLEUM, like those built thousands of years ago, and which are still in existence, is made entirely of indestructible material—GRANITE, MARBLE AND BRONZE—and this fact, together with the sacred purpose for which it will be used, insures its permanence.

This Mausoleum contains 312 compartments or crypts, each of which contains about fifty cubic feet of space, and when sealed is absolutely airtight and perfectly free from dampness.

For instance, the Masonic Fraternity of the year twenty hundred and fourteen will undoubtedly be interested in, and highly prize, any records pertaining to membership, by-laws, resolutions, etc., of a similar organization of the then very ancient year, 1914.

It would seem like a handshake across the centuries.

Churches and educational institutions then in existence will enjoy knowing something direct from those of the present day, while the civic and commercial organizations, with the material at their disposal, will be able to contribute matter pertaining to the city and government that will make very interesting ancient history.

This COMPARTMENT will be sealed on the day of dedication, after all contributions have been placed within, including a program of the dedicatory service and scroll containing the signatures of all present on that occasion.

The marble-faced slab will bear the inscription, Brantford Mausoleum, erected A.D. 1914.

This crypt contains present-day historical matter, which is only valuable by reason of its antiquity. Under no circumstances must it be opened until the year 2014, and there is every reason to believe that its instructions will be fully observed.

All contributions should be securely wrapped and labeled, so that an accurate list may be kept, and delivered to the Dominion Mausoleum Co., Limited, Bank of Hamilton Building, Suite 6, on or before July 1st, 1914.

rang out in quick succession as boy seized Mme. Caillaux and shouted for help.

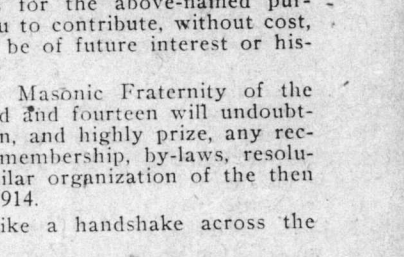

When the police arrived, Caillaux arose and said quickly, "My automobile is awaiting disposal."

She was taken to the station where her husband had arrived, and after being in there, was conveyed in a cage to Saint Laxaire Prison.

M. Aristide Briand, former minister, was among the first to shake hands cordially with Mme. Caillaux.

He expected to tender his resignation because of the shooting.

The Official Story. The official account of the shooting given by the Commission of Enquiry was that the assassin, Mme. Caillaux, was taken after her arrest, to Caillaux explained that she had been taken to the station by a man of a fac-simile letter.

PARIS EDITOR IS SHOT DOWN

(Continued from Page 1)

rang out in quick succession. An office boy seized Mme. Caillaux and shouted for help.

When the police arrived Mm. Caillaux arose and said quickly "My automobile is awaiting your disposal."

She was taken to the police station where her husband had just arrived, and after being interrogated there, was conveyed in an automobile to Saint Laxaire Prison.

M. Aristide Briand, former premier, was among the first to arrive. He shook hands cordially with his political enemy, M. Caillaux, who is expected to tender his resignation, because of the shooting.

The Official Story.
The official account of the shooting, given by the Commissary of Police in the Rue de Faubourg, Montmarie, where Mme. Caillaux was taken after her arrest, says Mme. Caillaux explained that she had been deeply hurt by M. Calmette's publication of a fac-simile letter from her

husband to a woman. She was afraid that more of these letters were in existence and sought some means to prevent their publication. She consulted an authority in regard to what steps she should take. The authority, presumably the Minister of Justice, told her that nothing could be done. He told her that all prominent men were liable to such attacks, especially before election. Even if she thought M. Calmette before the Asizes, the result was not likely to be satisfactory. Mme. Caillaux continued: "Knowing that other letters might appear, I determined that it must be destroyed. I bought a revolver and went to the office of the Figaro and insisted on being received. When M. Calmette received me and asked the object of my visit, I said, 'You must know that it is not to say bon jour, and then I fired.' After the shooting, Mme. Caillaux made no attempt to escape. She handed the revolver to one of the Figaro's attendants, who summoned the police. The latter saluted most politely when they found out that she was the wife of a Minister.

CITY IS DEFENDANT AGAINST HOSPITAL

Brantford Is Being Sued for the Care of Walter Chevis—Another Case.

Two Brantford legal actions have been launched in the High Court at Hamilton. The City of Brantford is defendant in an action brought by Mr. Bell on behalf of the Hamilton City Hospital to recover \$212 alleged due. The Telephone City is made defendant because a resident of that municipality, Walter Chevis, is alleged to have been hurt while in this city and taken to the city hospital where he was treated. When he recovered he was unable to pay the hospital bill and the municipality where he was a resident was charged with the account. The city refused to pay. The suit will define whether the cities are responsible for the care of residents of the municipality.

ESTEEMED LADY PASSES TO REST

Death Occurred This Morning of Mrs. Buchanan—Was Born in Canton, China.

General regret was occasioned in the city this morning when the news of the death of Mrs. Lena Buchanan became known. The deceased had been in indifferent health for some time, and appeared to be much better of late, but death came very suddenly and unexpectedly at 1 o'clock this morning. Mrs. Buchanan was the widow of the late William Buchanan of Shanghai, China, born in Canton, China, second daughter of the late Seng-Lai-sun, Esq., secretary to the Viceroy Le Hung Chang of Chili. She was educated in England and was a clever and much-travelled woman, having been through Siberia, Corea, Sahara Desert, and has lived in Japan, England, Scotland, Germany and America. She leaves to mourn her one son and two daughters, William of Annapolis, Md., Ruth of Edinburgh, Scotland, and Eulalie of the Conservatory of Music, and her mother, sister and brothers in China.

To Hold Investigation.
Major Gordon Smith will hold an investigation this afternoon in his office regarding a land dispute between Ben Carlow and Eliza Isaacs. The former claims a piece of land which the latter holds.

CALGARY HAD TWO FATALITIES

Electric Current Cut Loose and Caused the Trouble.

(By Special Wire to The Courier)
—CALGARY, March 17.—An extra high voltage caused the deaths of two men in different parts of the city, seriously burned another, shocked a number of others and created a small panic which was only allayed by closing down the high voltage lines, putting a portion of the city in darkness last night. The dead are Wm. Woods, stableman, married, aged 40 years, Charles Cotter, baker, aged 20 years. The injured, James Thomas, baker's helper, hand burned; Robert Taylor, boy, hand and foot burned, may be maimed for life.

The voltage which killed Cotter passed through his body when he attempted to turn on an electric light in the bakery.

William Woods' death occurred about the same time some blocks from the scene of the Cotter fatality, but on the same service circuit. Woods was in the stable and reached up to turn on the electric light. Others in the stable heard him groan and rushed to his side to find him dead. Robt. Taylor, a fourteen year old boy received the high voltage when he turned on the electric light in the bath room.

GRAND RIVER IS UNDER A STRAIN

Break-Up This Year Will be Watched With Local Interest.

The present weather is regarded as ideal for a break-up of the Grand River. During the process of freezing at night and warm sunshine in the day time, the probability of a torrential rush of flood waters is greatly lessened. Moreover, there is said to be a less quantity of snow in the north this year than usual and the only fear of a serious Grand River overflow would be from general and continuous rain fall. To-day the Grand River looks placid enough but its ice covered surface is showing signs of Old Sol's influence. On account of the narrowing of the channel this year at Lorne Bridge, the break-up will be watched with interest. The cement retaining walls on the east side of the river are said to be three feet above high water records. Some old timers predict that the river will break Sunday as it has been in the habit of Sabbath breaking in its worst form for years past.

Local News

Going Over Course
Mr. George Gunning, the well-known Toronto golf professional, is in town to-day going over the Brantford course with a view of replacing several of the greens destroyed by the Lake Erie & Northern running through the links.

Have Not Yet Arrived.
The detectives who are coming down to the city to investigate the thefts of coal which have recently taken place from coal cars on the G. T. R. have not yet arrived. They were thought to be in town to-day, but they are not here.

Examine Applicants.
F. C. Gaby, chief engineer of the Hydro-Electric Power Commission, has written to the city to say that he will examine Mr. Farquharson, who wrote direct to him, without applying to the city, for the position of electrical inspector, and also any others who may apply.

Made an Inventory.
The assessment department has finished the work of making a complete inventory of the goods and chattels of the Grand Valley railway and the Brantford street railway. They have valued every piece of property which the company holds, in order to give the City Council a better idea of the real value of the road.

Moose Held Meeting.
The local Loyal Order of the Moose held their second meeting last night in the Temple Building, at which a large and enthusiastic crowd was in attendance. A large number of new members were initiated and officers for the lodge were nominated. Their election will take place at their next regular meeting. The competition promises to be very keen.

Tidings From Old Land
A popular and well known Brantford couple who are at present touring the Old Land, going through Warwick are despatching post cards to their numerous friends in this city. In so doing, they are putting a ha'penny stamp on the same. Yesterday six postals arrived and in each instance the recipients had to pay two cents to get the glad tidings. A cablegram will be sent immediately.

PARTY FUNDS AND HONORS LIST

Peers Uneasy About the Alleged Purchase of Titles.

Lord Selborne brought forward the following resolution in the House of Lords on Monday—

That a contribution to party funds should not be a consideration to a Minister when he recommends any name for an honor to his Majesty; it is desirable that effectual measures should be taken in order to assure the nation that Governments, from whatever political party they are drawn, will act according to this rule; and that this House requests the concurrence of the House of Commons in the foregoing resolution.

He said the motion did not refer to those honors which the Crown gave of its own grace. Again, he had never heard a word of criticism concerning honors conferred on the Civil Service or on the Army and Navy.

He referred to the cost of the Government's Land campaign, and remarked incidentally that dukes were just as necessary to Mr. Lloyd George's speeches as a mother-in-law to the editor of a comic paper.

"I hope noble dukes in this house will forgive me if I say that they were afraid the day would come when men would offer to buy the Victoria Cross.

But a feeling prevailed that certain honors were given on the advice of Ministers as a reward for contributions to party funds. This applied to both parties, and the evil arose from the party system.

Lord Ribblesdale rather ridiculed the motion as disproportionate to the very shadowy nature of the abuse, but Viscount Milner contended that the corrupting influence of the party funds was only rendered possible by a traffic in honors which was discredit-able to public life. In the last eight years the present government had created 63 barons.

It is suggested that with the announcement of honors should be published an intimation of the services in respect of which the honors were conferred.

Peer's Confession

Lord Willoughby De Broke said he had labored in the sale of honors himself. (Laughter.) He did not mean to say he had bought his own patent. That was conferred on his ancestor for the active part he took in placing on the throne the Tudor dynasty, which furnished a line of monarchs who, he thought, would have treated noble lords opposite in a very different way from that which they were being treated by his present Majesty.

Once he wanted a large sum of money for a patriotic purpose, though not entirely dissociated from party interests, and he called on a gentleman and suggested that if he would give him some money he would use his influence to secure for him, not a peerage, but a baronetcy. (Laughter.) Then the question came, "This is all very well, but when are you going to deliver the goods?" He pointed out that he would not be able, in any event to do so until the Unionists came into office, and he was not surprised that he was politely shown the door. (Laughter.)

JOHN L. AND "FITZ" IN WORDY BATTLE

NEW YORK, Mar. 17.—"Old John L." Sullivan and "Old Bob" Fitzsimmons are so industriously engaged in calling each other names these days that the humane society has clear "decks for action," figuring that the next thing that might take place is a fist fight between the two.

John L., who was appearing here in vaudeville, started things by referring to "Poor Old Fitz," and asserting that the boxing commission did right when it barred Fitz from fighting again. John L. intimated that Fitz was so much of a has been that his relatives might just as well pre-matched with a real present day fighter.

Fitz heard about Sullivan's remarks and went into a rage.

"I'd like to know what right that duffer's got to say h'me a 'as-been,' spluttered Bob. "Why, he's nothin' but a bloomin' old lazy farmer—that is what 'e is. 'E's dead sore at me hever since I licked him actor, wot I licked 'im—that's what 'e is. That old duffer 'haint' ad a pinch in 'im for fifteen years or more. 'E'd better keep still, 'e ad'or—' Fitz finished the sentence by doubling up his fists.

"Sullivan, 'e's like a lot of 'other duffers," added Fitz. "'E thinks h'I can't 'it because h'me a bit old, but if I get into the ring with some of them Marathoners wot's grabbin' the public's money now under the false pretences of bein' fighters, n'I'll show 'em hall that Bob Fitzsimmons still 'as the wallop."

A. LEWIS IS PRIZE WINNER IN COURIER FOOTBALL CONTEST

Lucky Number "13" Got Him the Money, While Many Trained Along With Twelve Correct Guesses—Comment on the Scores.

Mr. A. Lewis of 128 Cayuga Street with the supposedly unlucky number of 13 wins the Courier competition this week. He is fortunate in having the odd one for many followed him closely and had twelve correct. Dozens had eleven correct whilst ten were quite an average. The winner, four first division results, four second, three Southern and two Scottish League answers correct. Six Drawn Games. This week there were quite a number of the games and these knocked most competitors off their bias. In fact the winner himself only had two of the six draws correct. Dealing with the draws or tie games only, three competitors put Sheffield's Wednesday and Manchester City to draw. Many favored Sheffield as they were playing at home and some were for Manchester. Only one man, and he the winner, marked Birmingham to draw with Blackpool. Opinion went in favor of Birmingham. The Southern League with two draws was a poser and as one game was cancelled owing to the bad weather the competitor was good who succeeded in getting two good answers in this division. Although Northampton are playing good soccer at the moment, they were not generally expected to hold Swindon but their ability was marked and the fast Railway team were kept down to a single goal, whilst the Southern's equalized. Birmingham never got a chance to meet a ball during the game with Blackpool and the result added to the mistakes on the coupon. Scotch Tie Games. A couple of drawn battles resulted in the Scotch League and not ten coupons were found which had marked these games correctly. Kilmaronock were not strong enough to beat Ayr United and divided the points of a goalless game. Third Lanark could

Sporting Comment

Hetherington the local pitcher has never had to extend himself in any of his games so far this season and no one knows what he really can do when really called upon to exert himself. The Duffs are a hard-hitting team with lots of "pe" and a never-die spirit. This game ought to insure a big crowd for Friday night as the management have gone to a great deal of expense to bring them here. Friday night of this week will see two of the fastest soft ball teams in Western Ontario in action at the Armories when the Duffs will take on the fast C company team of the 13th regiment, Hamilton. That game will be the fastest seen here this year, there is not a doubt. The Hamilton Rifles have not been beaten this year. The Hamilton team has with them the famous Lamond battery. The kid pitcher, only 18 years is setting the indoor baseball record for pitchers in this province. His strike out exceeds any so far made this year and his speed and control are marvellous and his team mates behind him play excellent ball. Ed. Walsh will be the centre of much interest this year. If the big iron-man can come back after his disappointing season last year, when he "threw his arm out" early in the campaign, the White Sox are likely to give the Athletics some kind of a battle for the pennant. Outside of Walter Johnson, the Washington paragon, Rebel Russell and Death Valley Jim Scott were about the hardest pitchers to face in the American league last year. With Walsh back in shape, it will be possible for the White Sox to have a real star in the box practically every day. Farmer, Benz is not a dub either, and could fill in every fourth day. Such a steady rotation—Walsh, Scott, Russell and Benz—with the added possibility that some youngster of worth may be developed this spring, would make the Sox the choice of all dopsters for second place in the league race, almost entirely regardless of how the rest of the team may shape up. If Hal Chase at first and Harry Lord at third should come back to their old sensational form, the Athletics would face a team in the White Sox capable of giving them a run right down to the home stretch.

Canadian League News Notes

No Chance for Ottawa. Artie Schwind, whom Ottawa is anxious to get back this season to fill the big gap at short, is going like a house afire at Atlanta, Ga., where he is expected to fill the shoes left vacant by Harry Bisland, the hard-hitting short fielder who was drafted by St. Louis Americans, according to the Sporting News. Schwind is more than holding his own with other candidates for the place, and if he can sting the ball away at all he will catch on with any team. This, of course, will knock all chance of him coming to the capital.—Ottawa Free Press. Big Opening at Toronto. President J. J. McCaffery, of the Toronto International League club, stated he would open the Canadian League season with a street parade and general big doings. Mr. McCaffery, in discussing Fred Herbert, declares that he will be up with the big leaguers next year. J. J. also says Herbert has developed a perfect "move." While in the Canadian League in 1912 Herbert had a "move" that few big league twirlers possessed. He didn't have to improve on it much.—Ottawa Free Press. Mack Born in December. The Schultes, born in September, probably would be stronger at the bat than the Doyles Speakers, Johnsons or Dauberts, such men as Luderus, Lajoie, Konetchy, Melnis and Clarence Walker qualifying as members. Frank Chance would lead this team, which should have two consistent winners in Bert Humphries and Al Demaree. The Cobbs, born in December, would be directed by Connie Mack and they would have a pretty fair pitching staff in Reulbach Willie Mitchell, Bob Shawkey and Fred Falkenberg. Tytus' associates in the suburbs would be Mike Mitchell and Birmingham.—Chicago Examiner. Easy Money. Ty Cobb will hustle this summer for \$20,000. Willie Ritchie tangoed around Ad. Wolgast for half an hour and packed off \$15,000. The scrappers have no fraternity and no Dave Fulton at that.—Toronto Globe. BASEBALL NOTES. Pitchers Barnhardt and Langford, now with the Norfolk Va. club, may come to the Ottawas. Manager Shaughnessy received a letter yesterday from the Norfolk club, in which prices were set on Barnhardt and Langford. Frank Smykal, Ottawa's second sacker, was operated on last week at Chicago for an injury to his nose. Perhaps that will improve his batting average. There appears to be some kind of a mysterious charm about the capital. Every ballplayer who ever played in Ottawa wishes to return. Perhaps it's the pretty girls or the fact that the diamond sars are allowed a certain quantity of other refreshing beverages on account of the condition of the water. 10 CENTS "CASCARETS" STRAIGHTEN YOU UP. When Headachy, Bilious, Constipated, Stomach Sour, Br., th. Bal. Get a to-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases turn them out to-night and keep them out with Cascarets. Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great. A Cascaret to-night straightens you out by morning. They work while you sleep. A to-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

CANADIAN LEAGUE MAY FLOP TO FEDS

If Board of Arbitration Does Not Concede a Class "B" Rating. According to a statement made by President J. P. Fitzgerald, of the Canadian Baseball league which was turned down by the Board of Arbitration in its application for Class "B" rating, he will make an appeal from the above decision, and in event his organization is again made to be satisfied with remaining in Class "C" circuit, his alternative is to approach the Federal League with the view to becoming their minor circuit for the development of players for the outlay organization. Several recent decisions handed out by organized ball arbitrators have given the Canadian League grounds for a strenuous kick and unless the board conceded to the rightful claim for Class B rating, there is every reason to believe that the Canadian league will fall in line with the Federal League for the purpose of developing their players, which would more than repay the local organization since drafts and sales of players to the major and higher classification of organized league clubs would end by taking the above steps. At the present time the Federal League is giving organized ball more concern than will be readily admitted in the latter's quarters, with several test cases coming up in the courts regarding the jumping of major league players, who had accepted money for signing and then reported to their respective organized club training quarters. From the manner in which matters are shaping, it would not be surprising to see the Federal League given its place in organized ball as a third major league organization and therefore the Canadian League, in that event, would not be taking any great chances. SEES BOMBARDIER WELLS IN A PUBLIC BOUT

LONDON, March 17.—King George attained the distinction last night of being the first reigning British monarch to witness a public exhibition of "the noble art of self-defence." As the guest of the Second Life Guards, of which he is colonel, he was entertained at a boxing and fencing tournament at the Prince and Bion Barracks. Bombardier Wells, the former British heavyweight champion, and Pat O'Keeffe of Ireland gave a fast exhibition of sparring and several clever amateurs also took part in bouts. In sporting circles a boom in boxing is being expected as a result, of the King's patronage. A VEGETABLE CONSTIPATION CURE. Because they contain mercury and mineral salts, many pills are harsh. Quick Cure For His Rheumatism

Robert J. Pyle Found it in Dodd's Kidney Pills. He Suffered for a Year, but His Return to Health was Quick and His Cure Complete. BOURG LOUIS, Que., March 16. (Special).—How quickly Dodd's Kidney Pills will cure rheumatism and other forms of kidney disease when taken in the early stages is shown in the case of Mr. Robt. J. Pyle, a well-known farmer living near here. In an interview Mr. Pyle says: "Working in a mold, wet weather was the cause of my trouble, and for about a year I had occasional cramps in the muscles and stiffness in the joints. I was often dizzy and felt depressed and low spirited and I was nervous and my skin itched and burned at night. When Rheumatism was finally added to my ills I decided to try Dodd's Kidney Pills. One box cured me completely, and I have had no return of my trouble." Dodd's Kidney Pills cured Mr. Pyle's Rheumatism because it was caused by sick kidneys. Dodd's Kidney Pills always cure sick kidneys. If you have any two of Mr. Pyle's symptoms, you have sick kidneys and you need Dodd's Kidney Pills.

Nature's Star Team. Picking star teams being a favorite occupation of the scribes and the fans during the off season it is strange that no one has thus far tried to find out what Nature's selections for an All American outfit are. The Old Lady saw to it that the six players voted by experts the most valuable on the roster were the ones picked for the team. They are: Frank Schulte, pitcher; Walter Johnson, catcher; Ty Cobb, first base; Babe Ruth, second base; Hank Greenberg, third base; and Eddie Collins, shortstop. These men would make a formidable team. The other star athletes were born plenty as a matter of fact, to equip six new members of the national club. The Johnson club, made up of men whose birth days are in the month given over to elections and turkeys, would have the choice of three leaders, either George Stallings, Clark Griffith or George Stovall. Johnson would have able assistants in the pitching staff in the persons of Bill Steen, Marty O'Boyle and Joe Bush, and two of the best pinch hitters in the world in Jack Levell and Ham Hyatt, who would form two-thirds of its outfield. Tinker and Evers on July Team. The Doyles, born in July, also could make a choice of managers. Joe Tinker, Charley Herzog and Johnny Evers having been born during that
