## INTRODUCTION.

We give below in tabular view the number of individual names in the alphabetical directory, showing a total of 7,183, or an increase over last year of 548 names.

It is usual for directory publishers to estimate the population by multiplying the number of names in the directory by 3. This method of computation gives for Kingston a population of 21,549.

There are 761 individual names in the five suburban villages given in this book which by the same method gives a population of 2,283 for suburbs, or for city and suburbs 23,832.

	1894	1895	1896	1897		1894	1895	1896	1897

## KINGSTON Street Directory.

The occupation is given in the Street Directory only at the place of business: This is done, 1st, to distinguish a residence from a place of business; and 2nd, because the occupation can be given much more fully in the alphabetical than in the Street Directory, the latter being merely a plan of the streets showing the relative position of the buildings.

S, E. for side entrance is used in the Street Directory to show that the building in question faces the cross street.

**Actual Experience** has shown beyond a doubt that the lives of Ab-stainers are better lives for insurance than those of Non-Abstainers, and no one will dispute the fact that the best lives should have the cheapest and best insurance. . . To get it patronize The Temperance and General Life.

# Count not the Cost

of keeping in force an Investment Policy of Insurance, as, whether the insured lives to the completion of the investment period or not, the amount payable to him if he survives the period selected, or to his beneficiary, if his death occurs prior thereto, is a handsome return for the amount invested.

## The Compound Investment Policy

ISSUED BY THE

North American Life  
Assurance Co.

TORONTO, ONT.

is a very attractive, liberal, and remunerative form of insurance. It specially provides for the **LOAN** to the insured, if, desired of all premiums beyond the 10th, and should death occur thereafter the full amount of the policy becomes payable, premium loans, if any, being cancelled. IT FURTHER PROVIDES for the return of the 11th and subsequent premiums, together with the full face of the policy, should death occur after the 10th year and within the Investment period selected.

Pamphlets explanatory of this advantageous form of Investment Insurance, and copies of the last annual report of the Company, furnished on application to
