## The Week in The War Zones

**Italian Army in Retreat Before German Forces--Canadians and British Advance in France**

Rio Janeiro, Oct 26—The Chamber of Deputies today declared that a state of war existed between Germany and Brazil. The vote was 149 to 1.

Paris, Oct 26—The French forces in Alsace, yesterday captured several villages as well as two thousand additional prisoners. Since the beginning of the present operations more than 12,000 Germans including 200 officers have been captured, as well as 120 big guns and many guns of smaller calibre. The largest drive of the French brings them within sight of the important railway junction of Laon, the objective sought for, which now is a scant eight miles.

London, Oct 27—Two thousand German infantrymen at Cologne mutilated when ordered to the Flanders front last week, and destroyed their rifles and equipment, according to a despatch from Amsterdam to the Daily Express. A general who tried to calm them was stoned as the mutineers were arrested and twenty-six of the ringleaders were court-martialed.

London, Oct 27—British troops west of Passchendaele, Belgium, made further progress and captured eighteen machine guns. The Canadians today are digging in across the neck of the Bellevue spur west of Passchendaele, the dominating vital position. Yesterday the Canadians were compelled by a counter attack to relinquish some captured ground on the crest of the spur, but they fought their way back, resisting another counter attack last night.

London, Oct 28—As the result of the week's operations, ending last night, the Austrians, heavily reinforced by German's under Von Mackensen, drove the Italians off the Bainsizza plateau, captured Gorizia, and forced the Italians back into Italy, with the loss of about 600 guns and 160,000 prisoners.

The next defensive line for the Italians—the Tagliamento river—lies 20 miles back of their former front.

Petrograd, Oct 29—The Germans have evacuated the Warier, Peninsula on the Gulf of Riga, where they made a landing recently. This is doubtless due to the German's having to call in many of their men in Russia for the attack on Italy.

France Oct 29—American troops have entered the firing line for the first time. They are serving with French forces.

With the British Armies in Flanders, Oct 29—Glowing words of commendation for the Canadian troops in the recent Flanders drives were said by Field Marshal Haig today. He telegraphed their commanding officer, congratulating him on the Maple Leafers successes and expressing that they deserved the "highest praise."

Haig's message included: "While all did well, the Canadians' performance in particular was remarkably fine. I congratulate them on the results."

One-forty-five o'clock this morning we attacked north of the Ypres-Boulers railway. Our troops are reported to be making good progress.

Berlin, Oct 30—Udine, the former Italian headquarters, has been occupied by Austro-German forces.

Rome, Oct 30—The Italian retreat continued yesterday, the war office announces. The Italian cavalry is in contact with the vanguards of the advancing enemy.

The Italians destroyed bridges over the Isonzo and fought rear guard actions, by which means they checked the Austro-German advance.

London, Oct 31—The Austro-Germans are twenty miles inside the Italian boundary, and Italy is in urgent need of help.

Belgium, Oct 31—The forces of Crown Prince Rupprecht of Bavaria yesterday suffered another stinging defeat when the British reached out across a sea of mud and wrenched away still more of the few remaining defences in the enemy's Passchendaele system.

It has been another proud day for Canada. Her troops yesterday afternoon were sitting almost at the gates of Passchendaele, and from their positions astride the Broodseinde-Passchendaele highway along the ridge, they could see out four hundred yards away a great church which stands in the centre of the village.

## GOVERNOR GANONG DEAD

Governor G. W. Ganong died at his home in St. Stephen, yesterday. He had been ill since the 14th ult. He was born in King's Co. 68 years ago. He was an upright and prosperous business man, had been M. P. for Charlotte two terms, and became governor of N. B. on June 29th last.

## Wind and Sleet Done Some Damage

Tuesday Night's Storm General all Over Province -- Much Damage on the Miramichi

The storm that raged in this section from eleven o'clock Tuesday night till two o'clock yesterday morning, when the wind blew from the southwest at 70 miles an hour, was the fiercest experienced for years. Great pines and other trees especially along the lower part of King's Highway, within the town limits, were uprooted, the path of devastation extending for miles. Fences were levelled, and the telephone and telegraph wires in many places put out of commission. Some of the booms along the river burst. At the Newcastle Train Dispatcher's office, the wind blew down the transformer and the lights went out. While Dispatcher MacMichael was tending to his important duties by the light of a lantern, the plate glass windows blew in, admitting the wind and rain. Many windows were broken during the night, several chimneys and roofs blown off and some buildings were twisted off their foundations. In Chatham two trees were blown across the electric wire in the West End, putting the system out of business for a time. The roof of a car that had been loaded with potatoes the day previous by Mr. P. Archer on the railway wharf, blew off and landed on the hurricane deck of the Miramichi carrying away the whistle and steam pipe, breaking the railing and knocking over the smoke stack.

## Newcastle Boys Return From Overseas

Ptes. Everett Black, Larkin Ronan and Ernest Robinson now in St. John—G. H. Ring Also Returns

Three Newcastle boys who have been to the front and were invalided home arrived in Quebec on Sunday and passed through Newcastle Tuesday morning for St. John, to receive their medical examination. They were Privates Larkin Ronan, Everett Black and Ernest Robinson. The first two went overseas with the 132nd and were wounded at Vimy Ridge. Robinson was a member of the 6th Mounted Rifles. Pte Gordon of Maple Glen was also a member of the party.

Pte. G. Harrison Ring of Blackville, well known throughout the province, and who served a year with the 73rd regiment at the Wireless Station here and in August, 1916, enlisted in the 132nd arrived at Halifax Thursday. Pte. Ring was very badly wounded in the leg on March 31st, just before the battle of Vimy Ridge. He has been in three hospitals, and is still unable to walk. He will probably be brought to St John Convalescent Home. Pte. Ring was for several years a most efficient detective.

## FATHER COSTELLO FOR OVERSEAS

Rev Fr Costello of St Thomas College, whose father was a Colonel in the American civil war, has been appointed overseas chaplain and is now preparing to go to the other side.

## CURTIS-JOHNSTON

On Thursday, the marriage of Wm. Gordon Curtis, of Gray Rapids, and Bertha Johnson, of Newcastle was solemnized by Rev S. Gray in the Baptist Parsonage. The bride's brother, Freeman Johnson, and the bridegroom's sister, Evelyn Curtis, were attendants.

## Harold F. Parks Gives Life For Country

Warned to Stay on the Farm if He Would Preserve his Life' He Goes Into Munition Work And Dies

The many friends of Mr. Harold F. Parks will sincerely regret the news of his early death.

Those who know the history of the last few years of his life know that he died serving his country as surely as our brave boys who lay down their lives in action at the Front. After a severe illness some few years ago, Mr. Parks was told by his doctor that his only hope of life was in leaving his work as an expert mechanic and living an open air life on the farm. He followed the doctor's advice and became quite well and strong again, but when war broke out, and the call came for expert mechanics to help in the work of shell production, Mr. Parks felt that he must answer the call of duty and went cheerfully back to the work which he knew was likely to prove fatal.

He finally entered the service of the Imperial Ministry of Munitions at Ottawa, and owing to his skill in his particular line of work, he was appointed Gauge Examiner at a number of shell plants. This work called for much travelling at night and hasty meals at irregular hours which together with the work in dusty shops very rapidly brought on the old trouble in an aggravated form, and he passed away on Sunday morning, Oct 28th, in the Lady Gray Hospital, Ottawa.

Mr. Parks was very quiet and unassuming but he had that sterling characteristic of always being bright and cheerful for the sake of others, even when in deepest trouble himself. There are many of us whose lives are better for having known him.

He leaves a wife, formerly Miss Beatrice Pridham, of Amherst, and three young children, to mourn the loss of the kindest of husbands and fathers.

Deceased was a son of Mr. and Mrs. Robert Parks, of Redbank and leaves one sister, Mrs Wilbur Mallett, also five brothers, William of Redbank, Percy and Herbert of Tacoma, Wash., Arnold and Robert of Redbank, and Gr Elmer of the 65th Battery, Woodstock.

The body was brought home for burial yesterday and interment took place at Redbank today.

## Sad Accident at Millerton on Monday

Thomas McLean, Engineer on Tug Gracie, Falls from Boat and is Drowned

At noon Monday at Millerton, Thomas MacLean, engineer of the Dominion Pulp Co's tug Gracie, fell off the boat and was drowned. He had been for the last two weeks towing scows of gravel up the river four miles to be taken by other boats to Millbank. Nobody was with him at the time, but his assistant sometime in the afternoon, saw his body floating in the river. The body was recovered. Deceased belonged to Harcourt and came to Millerton a few years ago and had worked with the Miller Tanning Company until about a fortnight ago. He was 50 years of age and leaves a large family.

## MIRAMICHI HOSPITAL NOTES

Mrs. Thomas Carroll, of Carroll's Crossing, who had been operated upon for appendicitis at the Miramichi Hospital, two weeks ago, went home last night, convalescent.

Miss Emma Mersereau, daughter of Mrs. Lavinia Mersereau of Blissfield, is convalescing in Miramichi Hospital from an operation for appendicitis.

Mrs Ernest Mersereau of Blissfield is a patient at the Miramichi Hospital, and is improving.

Mrs Perley Bryenton, operated upon last week, is convalescing favorably.

Mr Smith of Chatham, who had his arm amputated recently, left the Miramichi hospital on Monday.

The Germans have in the last eight days taken over 1000 square miles of Italian territory and 120,000 prisoners.

**FUNERAL OF R. A. LAWLOR**  
 Many people, not only from Chatham, but also from Newcastle, Nelson and other places in the county and from Bathurst, attended the funeral of late R A Lawlor, in the Cathedral, Chatham, Friday morning. Requiem High Mass was said by Rev. Mgr O'Keefe, and Rev. Fathers Costello and Hart. On the sanctuary were Bishops Barry and O'Leary, and Rev. Fathers Dixon, Cormier and Hawkes.

The funeral procession included, among others, St Michael's Band, the Knights of Columbus and the boys of Chatham schools. One broughette was filled with flowers. The pallbearers were Mayor W. B. Snowball, P. E. Neale, F. M. Tweedle, John Connell, Charles Reinsborough and J. D. Creaghan.

**JAMES MacMILLAN**  
 The death of James MacMillan, a long and highly respected resident of New Mills occurred on Wednesday morning last, 24th ult. after an illness of two weeks. The deceased, who was sixty-six years old, was well and favorably known throughout the province, having conducted a general store and lumber business for more than thirty years.

He is survived by his wife, formerly Miss Elizabeth Jane Reid, and the following children: Mrs. David Henderson of Bay Shore House, Chatham; John D. dental surgeon, New Castle; J. Reid, station master, Eel River; Arthur in the farming and lumber business; R. Edwin at home and Mrs. Murray Nichol Glen Levit. Interment was made in the cemetery of the Presbyterian church at New Mills. The funeral was from his late residence and was largely attended, being one of the largest seen there for many years.

**Girls! Whiten Skin With Lemon Juice**

Make a Beauty Lotion for a few Cents to Remove tan, Freckles, Sallowness

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whiter and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

**SEED GRAIN AND POTATOES FOR THE FARMERS.**

By instructions of Hon. Minister of Agriculture a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples of grain for distribution will consist of spring wheat (about 5 lbs.), white oats (about 4 lbs.), barley (about 5 lbs.) and field peas (about 5 lbs.). These will be sent out from the Central Experimental Farm, Ottawa, by the Dominion Cerealists, who will furnish the necessary application forms. A distribution of potatoes in samples of about 3 lbs. will be carried on from most of the Experimental

**Why does Canada Raise Money by Selling Bonds?**

**BONDS** are issued payable in ten or twenty years, as the case may be. It means that repayment of the money will be spread over ten or twenty years instead of being raised by taxation to meet current expenditures.

To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making; —who will share in the freedom this generation is fighting for and largely paying for—will also pay their share.

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Canada Victory Bond

you give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada wants the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by the whole people unites them in a determination to win the war.

Every purchase of Canada's Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

**Will Class One Provide The One Hundred Thousand Men?**

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

It is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through repatriation allowances, etc.

Authorities estimate that, after all proper exemptions have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

- Category A—if fit for service in overseas fighting units.
- Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
- Category C—if fit for service in Canada only.
- Category E—if unfit for military service of any nature.

If not placed in Category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued by The Military Service Council.

## WEST NORTH'D READY FOR THE VICTORY LOAN

Organization Completed in Readiness for the Great Event of November 12th When Canvassing Begins

The adjourned Victory Loan meeting was held Monday night, J. D. Creagan, president for West Northumberland in the chair, J. A. Creagan secretary.

Among others present were: Rev. Dr. C. W. Squires, Walter Omy, R. H. Armstrong, R. Corry Clark, Archibald H. Cole, D. S. Creagan, A. A. Davidson, D. A. Jackson, R. A. N. Jarvis, C. E. Fish, J. E. T. Lindoa, Mayor Morrissy, C. P. McCabe, G. G. Stohart and the local press.

D. S. Creagan submitted the report of the committee appointed at last meeting to nominate a Central Executive and chairman of committees, as follows:

E. Hubert Sinclair, chairman  
D. A. Jackson, Secretary  
R. H. Armstrong, chairman of committee to prepare lists and obtain canvassers

Mayor C. J. Morrissy, chairman of committee to procure public speakers

C. C. Hayward, chairman of committee to procure transportation  
A. H. Cole, chairman of advertising committee.

Each chairman of sub-committee to name his associates.

Following associate committeemen were appointed:

By Mr. Armstrong—Town Clerk J. E. T. Lindoa and Police Magistrate J. R. Lawlor

By Mr. Morrissy—A. A. Davidson and Ex-Mayor C. E. Fish  
By Mr. Cole—Walter Amy and D. S. Creagan

Mr. Hayward not being present, was granted a day's extension, to report his associates to the secretary.

Report with above additions was adopted.

J. D. Creagan remains District President and J. A. Creagan District Corresponding Secretary.

Following Parish Executives were appointed:

Blackville—Councillors Geo. Hayes and D. G. Schofield; A. Alcorn, D. P. Sullivan, Major Cuthbert Donald and Revs. S. J. Crumby, E. S. Murdoch, A. E. Kochaly and A. K. Dunlop

Bilsfield—Councillors Thomas Parker and Ernest Mersereau, J. T. Sutherland, F. D. Swim, Jas. Holmes and Revs. H. E. Allaby, A. J. MacNeil and A. J. Patstone

Derby—Councillors E. J. Parker and John W. Vanderbeck, James Robinson, J. D. Volkman, W. G. Thurber and Revs. Alex. Rettle and E. Rowlands

Ludlow—Councillors Arthur O'Donnell and Ernest Hovey, Daniel Lynch, Dr. Ryan, Charles Duffy and Rev. T. Hubert Smith

Nelson—Councillors G. Percy Burchill and Richard Gill, Dr. Hayes, J. Mac O'Brien, Roy Saunders, Wm. McGrath and Revs. N. Power and E. J. Bannan

Newcastle—Councillors Joseph McKnight and L. Doyle, Harry Gray and Revs. J. G. Cormier and Alex. Firth, Douglastown and Principal J. D. Keane, Nordin

North Esk—Councillors M. O'Shaughnessy and Alfred Sinclair, James Parks, Peter Forsythe, John McColm, Paul Kingston, Rev. J. F. McCurdy and Rev. Father Duffy.

South Esk—Councillors Wilbur Somers and James Power, Wallace Johnston, LeRoy White and Wm. Sullivan.

Mr. Cole said that his Express Co. would give free carriage of all Victory Loan advertising matter.

The chairman explained that only preparation work was needed until November 12th, then canvassing would begin in all quarters simultaneously. He expected the provincial organizer soon to instruct committees. He thought the loan would take well. The first loan was issued at 97½ at 5 per cent; the second at 96 at five per cent; and this would probably be at par at 5½ per cent. It was a great investment.

Messrs. Armstrong and Cole urged direct and perfect advertising.

Mr. Davidson said that the first thing was to call attention to the necessity of the loan.

Rev. Dr. C. W. Squires advocated the setting apart of Sunday, November 11th, as Victory Loan Sunday, the clergymen to present the matter that day from their pulpits.

The secretary said that detailed instructions were being sent that day. The meeting adjourned to meet at the call of the chair.

### WHICH MAN IS BETTER OFF?

A famous American weekly paper asks, in one of its editorials recently, which of two men is better off; the man with one hundred dollars in his pocket or the man with a one hundred dollar American war loan bond in the bank. The writer concludes that the man with the bond is the more fortunate, first because his capital is quite as safe if not safer than the \$100 bill since the government is the backer of both and the bond, if destroyed might be replaced whereas the bill could not; second, because the bond is earning money and the bill is not; and third because the bond-owner has learned to invest, is a partner in his own government's business enterprises and has made at least this one step on the road to saving up a competence.

This month we Canadians are to have a chance to convert all our spare money, from \$50 up, into Canadian Victory Loan bonds. What the American Journal says is true of the American with an American bond, is doubly true of the Canadian with a Canadian bond. No Canadian will for an instant admit that there could be any safer security than one which is guaranteed by the "bond" of the Canadian people backed by all Canada's wealth. And as for profit, it needs no argument that 5½% is much better than four per cent—which our American contemporary calls good.

Patriotism and good business are the two things that commend the purchase of Victory war loan bonds to each and every Canadian citizen. The loan is not issued just for rich men to subscribe to. Every household is asked to take at least one bond.

Every household in this district should prepare now to subscribe for one. Every part of Canada will, we understand, be expected to raise its share of the Victory Loan. Each district will be watched by its neighbors, and in this friendly competition the readers of this paper in this district are not going to be left behind.

### The Greatest Roofing Development of the 20th Century

NEPONSET Twin Shingles protect your home when fire is raging in the neighborhood, because burning brands falling on such a roof die out harmlessly. Dotted all over Canada you will find these roofs, destined for long years of service and making the most attractive finish possible to the home. The crushed slate finish, red or green, is permanent coloring and sheds rain water clean. Such a roof offers every imaginable attraction at a cost little higher than for good wooden shingles.

THURSDAY NOVEMBER 1st, 1917

ELECTION  
DECEMBER 17

Ottawa, Ont., Nov. 1.—Writs were issued last night for a general election on Monday, December 17th. Nomination day is fixed for Monday, November 19th. All writs are returnable on February 27th, 1918. Parliament is summoned to meet on the day following.

The date of the election being settled it is time for the friends of Union Government to get busy in Northumberland County

EXIT PATRONAGE

The public welcome the Dominion Government's recent announcement that the patronage systems to be abolished and that, consequently, the different departments will make their purchases as private business men make theirs—in the best quarters and at the best prices available, with out regard to the politics of the seller. The patronage system has long ago disappeared from the most intelligent and progressive sections of Europe, and the blow it has just received in Canada will hasten its departure from our midst.

UNION GOVERNMENT GAINING

Most reports from Western and Central Canada and from New Brunswick and Nova Scotia show the Liberal and Liberal-Conservative organization and people lining up together in support of the Union Government. The nation is more anxious to win the war than to squabble over party politics. The latter can very well be left until after the war—and long after it. What we need is that kind of government that will most promote concord and efficiency, for the war is not won yet, and great efforts must yet be put forth before the permanent peace sought by the Allies is an accomplished fact.

FUEL CONTROL

The public will be pleased to learn that Government regulation of the sale of coal goes into effect today. All importers and dealers in coal are to be licensed, license to be applied for before the 21st instant. Permits will be cancelled on the finder being found guilty of giving short weight and for other sufficient cause. The fuel controller is to fix the operator's maximum price per ton at the mine, and the net profits of the middlemen are not to exceed 10 cents per ton for the broker, 35 for the wholesaler and 50 for the retailer. Hoarding of coal is to be prevented, a customer, except between April and September, being limited to the possession of a two months supply.

TOO MUCH MUD

The streets of Newcastle, and especially those in the most frequented parts of the town, such as Castle, Jane and Mitchell street and the King's Highway, are in a wretched condition and in many places well nigh impassable for persons on foot. One cannot cross the street in front of the principal hotel of the town without having to wade through several inches of black mud, and this is true of many places where there are supposed to be crossings.

True, the season has been a very wet one, yet streets that are properly cared for will not, even in a wet season, be impassable for any length of time. It is up to the Public Works Committee to devise a plan for making and keeping the streets in much better condition than they are at present.

The Advantages of Manual Training

By Ralph W S Manzer  
(Synopsis of an address to the Northumberland County Teachers Institute, at Chatham, September 28, 1917.)

The first thing necessary in dealing with a subject of this kind is to explain or define "Manual Training". As teachers, I presume you have fairly accurate idea of the word. But I wish you to have clearly in mind its exact meaning as I shall use it. Manual Training is the giving of education by instruction and discipline in the proper use of the hands. This is a very broad subject in that it applies to all forms of handicraft work everywhere. We usually use the term in the sense of woodwork. However what I shall say will also apply to "Educational Handwork", usually referred to as "paper cutting". I will state a few advantages and briefly enlarge upon them, for time is indeed short to deal at all fully with so broad a subject.

There is we all acknowledge with every boy a longing to "build something". From early childhood he builds houses out of blocks. A little later he uses boards or any handy material. His kites, his boats, his carts, his bows and arrows, all show the same building instinct. How much easier is it to teach a boy to do something he wants to do than to try to force him to learn that for which he has no special liking? Doesn't he really get more from the subjects he likes?

If the boy gets no training here the instinct is apt to die out until he is forced to use it in earning his living. Why not train the boy to follow his natural bent. "I haven't got any tools," and "I don't know how to work," is usually the answer a boy gives. In Manual Training the boy is given tools to work with. Just here begins the first lesson, for if these are not kept in order an sharpened the whole system must fall flat. It is simply mechanical practice.

The whole thing lays stress on correct observation and execution. This is valuable training in itself since it helps one in learning minor arts. In carrying out any piece of woodwork it is first planned out in a drawing, then the actual work begins. While the boy is at work the hand, the eye, and the mind work together in harmony. The mind directs, the hand and the eye carry out the orders. This is good discipline for at first the hand refuses to carry out the orders of the mind, even though the mind understands perfectly. In time with plenty of application the tool operates become automatic, nevertheless the harmony of action of the hand, the eye and the mind must be maintained or mistakes will be made. This is the greatest feature of Manual Training Schools.

The graded course of work itself is very elastic that is to say there are no hard and fast models to be made. The work progresses by processes, e. g., grade seven begin their work with projects involving the use of the chisel as a new tool. The models are easy. Some of the

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.  
Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.  
Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the sweetest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acid in stomach.

class get along quickly, so they make harder things with the same tool. They do not have to wait but may go on. Sometimes these boys are asked to design a piece such as a picture frame (under direction of course). These are the boys who have talent. Manual training alone serves to stimulate this talent. Common schools cannot give much attention to training inventive ability. Our ordinary school system is designed to train the mind and as such it is admirable but all educators tell us that education must be all-round, physical as well as mental. Does not our manual training make our system complete?

Manual Training came to us from Russia, through Sweden, England and the United States.

All school shop work must of necessity be industrial in its intent. Some are afraid that too many carpenters will be the result. This is not so, as we know, because the processes are basic in all industries. By basic I mean fundamental. Saws, hammers, vises, rules appear in all technical trades in some form or other. Likewise many trades must depend on mechanical drawings, as builder, and machinists. British, French and German schools are said to develop foremen because as boys they learn the beginnings right. In the future, manual training will precede vocational education because vocational work cannot be taken up with boys under fifteen.

Finally there is a social aspect in the manual movement. Society has, since machines became popular, looked down upon the hand workers. In the school shop all boys work side by side, studying the science of hand work. On what the boy is depends what the man is to be. If all our boys worked with their hands it is not likely that the old spirit would prevail long in society.

To sum up, the Advantages of Manual Training are:

- 1—It caters to the natural "building instinct" of the boy.
- 2—It encourages neatness and order.
- 3—It trains the hand, the eye and the mind to work together, and as such makes our system of education complete.
- 4—It is industrial in its intent as such needs no further defense.
- 5—It teaches respect for labor as such has a social aspect.
- 6—Its purpose is chiefly educational not vocational.

NATURE STUDY

By Flaviland P Hovey  
(A paper read at Northumberland County Teachers' Institute, at Chatham, September 27th, 1917.)

I shall endeavor to give you a few of the things I have learned from my own experience in Nature Study work. Hearing that there were others preparing papers on Nature Study, I have written mine more along the line of our school garden work. I have learned from past experience that it was better to take up one line of work thoroughly than to divide our attention on several subjects. With this aim in view we took up at the beginning of this term the study of our common weeds.

We took our class of pupils out to the nearest patch of plants of the kind we wished to study, providing hoes, so that they could dig up some plants for themselves. In this way the pupils were able to observe the plants for themselves, noting particularly the way the plants spread as this helps them to decide on the best methods of destroying them. As some kinds could not be found near the school grounds, I got the pupils to bring enough plants of one kind to provide a specimen for each member of the class. After carefully examining them, we endeavored to find:

SOMETHING TO REMEMBER

The GOOD WOOL BLANKETS AT OLD PRICES---AT CREAGHAN'S

WE have been storing case after case of Fine Wool Blankets for over a year now—Every pair represents a saving that no economical buyer can afford to let go by. With wool at top-notch prices these Blankets will soon move with a rush and we want you to get a pair while these low prices last.

White Wool Blankets	\$4.50	5.50	6.50	7.50
Grey Wool Blankets	3.00	4.00	to	6.00
Heavy Cotton Blankets		1.50	1.75	1.95

WHERE THE GOOD GOODS COME FROM

- 1—A description of the plant itself
- 2—Its value or noxious properties
- 3—How it spreads
- 4—The best methods of eradicating it.

After learning all we could ourselves, I encouraged the pupils to make use of the Agricultural bulletins on hand in answer to No 4, i. e. "The best methods of destroying them". Another part that we emphasized particularly was the study of the weed seeds, so that the pupils would be able to distinguish the seeds of any particular weed. A small hand lens or a magnifying glass is very useful for this purpose. This is of great importance in selecting and testing the seed grain for our school garden and home plots. I find that, as a rule, the children are more interested in Nature Study than any other branch of our school work.

Besides becoming familiar with the plants, the work outlined form many splendid subjects for compositions. It together with the grain plots furnished some profitable lessons in arithmetic and the greater part of the drawing we take in school is from the objects used in our nature study lessons. But more important than these is the practical side of the work. We are all aware of the thousands of dollars damages suffered by the farmers of this province, each year owing to the prevalence of weeds. We are also aware of the great need of increasing the food supply of the Empire at this time. So if by means of these lessons our boys and girls are better prepared to do their part in combating this nuisance, I believe we shall at least in a small way be "doing our bit".

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority. It is claimed that at small cost one can get a quart of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection. This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting a corn on practically every woman's foot.

## Sudden Death of Mr. W. R. Payne

Former Station Master at Newcastle Died Suddenly Saturday

The death occurred suddenly at Moncton on Saturday afternoon of Mr. W. R. Payne, until two years ago station master at Newcastle. The deceased had been ailing since last January, but it was believed his condition was improving. On Saturday afternoon the Rev. W. H. Barclough, pastor of Central Methodist Church, of which the deceased was a member, was calling at his home and Mr. Payne was showing him the Fenian Raid Medals and the I. C. R. long service medal, which he holds, when suddenly he sank back into his chair, never to regain from the paralytic shock.

The deceased was a former I. C. R. station agent, and was in the employ of the railway for a period of thirty-nine years, twenty of which he spent in the capacity of agent at Bathurst and seven years in the same capacity at Newcastle. The late Mr. Payne was superannuated about two years ago and went to Moncton there to spend the remaining days of his life, and had just completed a beautiful home. The deceased was well and favorably known to all railway men on the northern division, as well as to the travelling public, among whom he had a large circle of friends.

Mr. Payne was 67 years of age at his death, and is survived by a widow and three sons, Charles F. Payne, now in Halifax at the ocean terminals; William in the trenches in France; Gleidon, in the employ of the G. G. R. and one daughter, Miss Edna, student nurse, in the Royal Victoria Hospital, Montreal. A sister, Mrs. Ellen of Bathurst, also survives.

The deceased was a prominent member of Keith Lodge, A. F. & A. M.

## Address and Presentation

On her birthday, Monday night, Mrs. E. A. McLean was surprised by the members of the Auxiliaries of the W. M. S. and presented with an address and a sum of money in gold. The presentation was made by Mrs. T. J. Jeffrey, and the address, which was as follows was read by Mrs. J. A. Follansbee:

Dear Mrs. McLean:—Another year has sped by, another anniversary of your birthday is here, and we believe it is fitting that we your friends and associates in the work of the Women's Missionary Society, should make the occasion one on which to wish you the very best that the kind Father of us all can bestow on you at this time, and during the years of our life, yet to be fulfilled.

We have met in your home many times before, in our monthly meetings, and on many other occasions, when you have always been to us, the same kind, considerate and willing co-worker. Your smile has been to us a benediction, you have overlooked our little shortcomings, and oft time failures, and by your kind counsel, and never failing magnanimity, you have stimulated us to greater effort. We have been inspired to press "on, always on!" in the W. M. S. work. We are comforted by the thought that as long as you are with us, you will manifest the same deep interest in us as individuals and in the W. M. S. as an organization.

As a token of our deep appreciation of all your kindnesses we ask you to accept this little gift. It is in itself of very trifling value, but we are confident that you realize it bears with it a wealth of love, and deep sense of sisterhood.

Our sincere wish is that you may be blessed with many more years of life, knowing full well that when done with the things of this mortal existence you will be carried by the angels to that Land so fair, when the sublime word "Faithful!" shall be spoken unto you and you shall dwell forever more in the light of His presence.

On behalf of the Auxiliaries of the W. M. S., Elizabeth Follansbee, Pres. M. F. Jeffrey, Treas.

Immediately after this presentation, Mrs. T. A. Clarke, on behalf of the Auxiliaries, presented Mrs. Follansbee with a life membership certificate. Refreshments were served and the happy gathering broke up with the singing of Auld Lang Syne and the Doxology.

## 12th BATTERY DRAFTS SOON GOING OVERSEAS

It is expected that a draft will soon be taken from the 65th Battery, now at Woodstock, for overseas. It is also said that the other batteries, including the 12th of Newcastle, will also supply overseas drafts within a short time. A report from Woodstock says: "There is a rumor that the 65th Battery will proceed overseas at an early date as a unit. The men are now being examined and classified for overseas. It is also rumored that extensive changes will be made in the personnel of the officers before sailing."

### Ever Taste Crushed Coffee?

If you have, you've wondered at the entire absence of even a hint of bitterness. It is because the small, even, clean, crushed grains of Red Rose Coffee are entirely free from bitter chaff or dust. You taste the true rich coffee flavor—and that alone. Red Rose Coffee is of such a quality that no egg is necessary to clear it. It is as easily made as Red Rose Tea, and pours out of the pot bright and clear, with a fragrance that fills the room, and your heart with joy. It's the class, is

because of its specific action in such ailments. It ensures the nutrition and recalcification of the organism owing to the phosphates it contains and its antiseptic action, due to the cresote it contains, is well marked. After a few days treatment the expectoration is modified, the cough diminished, the perspiration subdued as well as the fever. Digestion improves and with the return of appetite there will be increased strength, energy and well-being. It is therefore, the remedy to use in all cases of Chronic Coughs and Colds, Bronchitis, Grippe, Catarrh and all Diseases of the respiratory organs.

**IT GROWS NEW SKIN!**

When Zam-Buk is applied to a skin disease it soothes pain, ends irritation and draws out the inflammation. At the same time it destroys all germs and thoroughly cleanses the diseased part. Then the herbal extracts act in such a way upon the tissues that they actually grow new skin, which replaces the worn-out tissue and a complete cure is the result.

Mrs. Minnie Carmichael, of 72 5th Ave., Maisonneuve, Montreal, writes: "I had suffered with wet eczema for so long and tried so many treatments that I had begun to think that my case was incurable. I even took treatment in a hospital, but got no benefit from anything until I used Zam-Buk. This wonderful balm ended the discharge, soothed the sores and drew out the inflammation, and in a comparatively short time completely cured the disease, so that there has not been the slightest trace of eczema since."

For ulcers, abscesses, chronic sores, ringworm, scalp sores, salt rheum, boils, pimples, blood-poisoning, running sores, bad legs, piles, chapped hands, sore lips, chilblains, cuts, burns, scalds and all skin injuries Zam-Buk is always reliable. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c. stamp for catalogue and free trial bottle.

**PTE. BARRY THIRD TIME WOUNDED.**

Private John Barry, son of Mr and Mrs. James Barry, of Fredericton has been wounded for a third time in France. He was admitted to No 10 General Hospital, Rouen, on October 17; with gunshot wound in the right arm. Four brothers are serving against Germany. Private Barry with a well known New Brunswick battalion in France; Capt. Arthur L. Barry also in France with the Canadian Expeditionary Force, and R. K. Barry and A. E. Barry now training in New Jersey with the United States forces. The wounded soldier left Canada with the 55th Battalion, from that unit he was drafted to the 13th Highlanders. Upon being wounded he was sent to England and when returned to duty was sent to a famous New Brunswick battalion.

**Compulsory Service A Success**

United States Favour Conscription in 1917 as in 1863

The United States was not only following the example of Great Britain, France, Italy and Russia in beginning this war with compulsory service, but was profiting by her own experience in the Civil War.

For the first two years of the Civil War, the North depended for her men on voluntary enlistment. In 1863 under President Lincoln, without doubt one of the greatest statesmen this continent has produced, conscription became necessary if the North was to prevail. The government enforced the new system with firmness, even to the point of shooting a few who made determined resistance to the enforcement of the Act.

The success of compulsory service by the United States in the present crisis, with exemplary success. Stern measures have been meted out to those who neglected to register. Every confidence is felt by those in authority that the administration of Canada's Military Service Act will proceed smoothly and events to date are most encouraging.

**Drinking Tea Upsets Nerves**

Mr. Burroughs Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right

Orillia, Ont. Nov. 1—"How to be well and strong" is the question many are asking at this time of year, and in this letter you will find the answer.

It tells something of the blood-forming, nerve-invigorating influence of Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and it nourishes the exhausted nerves back to health and vigor.

The experience of Mr. Burroughs as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test.

Mr. George Burroughs, 23 Peter Street, Orillia, Ont. writes: "A few years ago after coming out to this country from England, the change of customs seemed to have some effect on me. In the old country the habit of drinking strong tea was prevalent, and after arriving here I suffered very much from nervousness. If I put my arm down on the table it would shake very noticeably, and while performing my work I would easily tire, and went to sit down and rest. A friend recommended Dr. Chase's Nerve Food, so I secured some and took a treatment. It built me up, and made me strong and healthy. I have not had a trace of the nervousness since. I have used Dr. Chase's Ointment also and find that it heals the skin very quickly. In fact I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edman-Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

**Letters from the Front**

Mrs. William Colford of Forks, N. B., has received the following letter from her boy at the front:

Somewhere in France Sept 20, 1917

Dear Mother:—I must try and write a few lines tonight as I have few spare moments, which leaves me well at present, enjoying best of health and hoping these few lines find you the same. Now the weather here at present is not very good as it is raining most all the time which makes it very unpleasant for us. But the country I am in is fairly good, it could be worse. So all are getting on fine.

Believe me we are giving old Fritz a chase for his money.

I have received the box of tobacco, you bet I was glad to get it.

I have some pictures to send home and also some souvenirs from the trenches. I hear they are going to get conscription in Canada.

I tell you it's fun to see them putting up their hands. We have good time when we pay old Fritz an early visit in the morning.

When you write tell me all the news about home. It's a wonder some of the boys don't sign on and come over and help us.

I have had some cherries which have been ripe for some time.

Well, good-bye mother, from your loving soldier boy,  
Corp Walter D Colford

**"I DON'T SUFFER ANY MORE"**

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**SILLIKERS NOTES**

Sillikers—Oct. 26—On Monday, one of our young ladies, Miss Sophia Dunnett, was married to Mr. Frederick Mullin of Sunny Corner. We wish them every happiness.

Messrs. David Dunnett and David Mutch have sent in crews to their lumber camps.

Miss Greta McTavish of Strathadam is visiting Mrs. Jessie Silliker. Much sympathy is felt for Mr and

Mrs. Samuel Mutch in the loss of their eldest daughter, Etta, who died yesterday morning. Miss Etta was a bright young girl, and will be much missed by her many friends.

Mr. Wilbur Dunnett's little son was burned quite badly lately. The chair in which he was sitting upset, and he fell on the stove, burning his hands, face and neck.

Mrs. Wm. Hare held a knitting bee last week and quite a number of ladies attended and as usual did good work.

**WOMEN'S INSTITUTE ORGANIZED AT WHITNEYVILLE**

Miss Hazel Winter, Provincial Supervisor of Women's Institute, organized a branch at Whitneyville, on Tuesday evening, Oct. 30th. The meeting was held in the Baptist church and in spite of a rainy evening, a fair representation of the people of the community was present to hear Miss Winter tell of the history and aims of the movement. The following officers were elected: President—Miss Lola McKenzie Vice-pres.—Mrs P A Forsythe Sec.-treas.—Miss Hazel Menzies Director—Miss Lillias Forsythe The meetings will be held the first Wednesday of each month at 7.30 in the evening, the first meeting to be at the home of Miss Lillias Forsythe. Each member is asked to bring a suggestion for an inexpensive Christmas gift and her membership fee of 25 cents. The remaining directors and auditors will be elected at the first business meeting and a program committee appointed.

**"CASCARETS" WORK WHILE YOU SLEEP**

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

**Pretty Wedding At Red Bank**

**HAYES—MURPHY**  
St Thomas Catholic Church, Red Bank, was the scene of a pretty wedding on Tuesday morning, Oct. 23rd at 9 o'clock, when Julia Beatrice daughter of Mr. and Mrs. Thomas Murphy, was united in marriage to Everett M. Hayes. The ceremony was performed by Rev Fr Duffy and was followed by nuptial mass. The bride looked very attractive in a navy serge travelling suit, with black hat and carried a white prayer book. She was attended by her sister, Miss Dorothy, who was becomingly attired in a khaki gabardine suit, with mahogany colored hat. Geo. E. Hayes supported the groom. The groom's present to the bride was a purse of gold, to the bridesmaid a gold bracelet with cameo settings and to the groomsmen a stick pin. Mr. and Mrs. Hayes left on the Ocean Limited for a honeymoon trip through the Maritime Provinces followed by the best wishes of their friends.

**Satisfied Mothers**

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. The satisfaction she derives from their use is wonderful. They are easy to give the baby; their action is prompt and thorough and above all they are absolutely harmless. Concerning them Mrs. Jean Dechaiae, Lacordaire, Sask., writes:—"I am well satisfied with Baby's Own Tablets I had no trouble in giving them to my baby and they have promptly cured her of constipation." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**IT'S COMING ON DEC. 3rd**

Manager Richards of the Happy Hour has at last secured a date for the showing of the great serial "The Seven Pearls," here. Owing to mishap this picture which was booked for appearance here on Oct. 22nd and did not arrive on that date and as it was booked sold for all the time allotted the Maritime Provinces, special arrangement had to be made with the Montreal office to show at the Happy Hour. This has been accomplished and the first episode in three reels will be shown here on Monday, Dec. 3rd.

**Nervous Ailments**

Few people realize that nervous ailments often arise from digestive troubles. The stomach fails, for some reason, to digest food properly. Then the system languishes and the nerves become exhausted in striving to continue their work. Impure blood also causes nerve troubles but frequently it is in the stomach where the mischief starts. As the nourishment is carried to the nerves by the blood, it will be seen what an important connection exists between the stomach, the nerves and the blood and how such troubles as nervous headaches, nervous dyspepsia and insomnia may begin.

In such cases relief is easily obtained by means of Dr. Williams' Pink Pills. These pills replenish the blood with the food elements on which the nerves thrive; at the same time they exercise a tonic influence on the digestive nourishment from the food taken. By this perfectly natural process nervous ills are steadily dispelled by Dr. Williams' Pink Pills. If you are suffering from nerves, or require a blood-making tonic, give these pills a fair trial, and see how speedily the best of health will be yours.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**SWEDISH ELECTIONS**

(From the Anglo-Swedish Trade Journal, London, September 30, 1917)  
The figures of the elections are as follows:  
Socialists 86  
Socialists of the left 12  
Liberals 62  
New Peasant Party 9  
Conservatives 61  
Total 230  
The following are the actual numbers of votes polled by the respective parties:  
Conservatives 200,203  
Farmers 40,706  
Liberals 202,050  
Socialists 227,105  
Extreme Socialists 60,799  
Formerly there existed only three big parties, but before the elections the farmers split into two distinct groups, of which one is entirely Conservative. The three members composing this group are therefore included in the Conservative figures. The other nine Farmers are supposed to have a liberal tendency. The new Socialist Extreme Party is composed of the Swedish Zimmerwaldian Section, but its number of elected members constitute but a small fraction of the Socialists in the Riksdag.
