

THIRTY-FIVE CENTS A MONTH

CALGARY, MONDAY, APRIL 18, 1910.

NINTH YEAR—No. 43

MR. CORNWALL MADE A FEW ADMISSIONS

But Generally He Bore Up Well Against the Slashing Examination

FURTHER DETAILS OF THE TRANSACTION

The Examination of Mr. Cornwall Will Go On Again Today

Edmonton, Alta., April 16.—What will prove the richest testimony of J. K. Cornwall before the Royal Commission was given this morning when the member of Parliament from Peace River told some interesting details regarding the \$400,000 received from the government.

He admitted that it was not until the 11th of March, when the \$400,000 was the military account, should necessarily be invested in Cornwall's steamboat business.

Mr. Cornwall admitted that he was given the money with the understanding that he could do with it as he saw fit, and that he used part of it for paying the expenses of his trip to Europe.

He invested only \$80,000 in the business. The only expenditure that that payment of the \$320,000 meant that at such a time as a steamboat company was organized, Clark should have the controlling interest.

Cornwall also told of the circumstances in connection with the flying trip of Clark, Cross, Minty, Woods, W. T. McLeod and Fred Lowes to New York in October, 1909, where the deal was made with Morgan & Co. for the sale of the bonds.

Cornwall admitted meeting these men in New York, but made the statement, hard to believe, that they had nothing to do with what brought them there, and that he learned nothing definite about their mission.

Bennett started to show how Jess Dorman had begun writing a series of articles for the Calgary Herald, but he was interrupted by the time this agreement was reached, and the construction of the A. & G. W., and that Cornwall was interested in giving Dorman the information, when the court adjourned.

Bowen and Cornwall. Witness admitted being in the Alberta hotel from June 6 to June 12th.

He said that the regular showed the deal was made between June 30 and June 28th, while Bowen and family were there. Cornwall said he went to Calgary immediately thereafter.

He did not remember Bowen or Bowen either.

As to the Bowen's having been in the Alberta hotel from June 27 to June 30, he said he was not sure, but it was at the time Bowen was there that the witness saw the first introduction to Clark.

He did not introduce Bowen to any members of the government or Bowen either.

When the Deal Was Made It was between June 23 and 27 that Cornwall was introduced to Clark as Bowen's representative.

Cornwall said he understood that in June Clark and Bowen had made a deal with the government, but he did not know whether Bowen had made a deal with the government or not.

He did not know when he learned Clark intended to go to England to launch the enterprise. He did, however, hear Clark mention France in this connection.

Clark intended to go to Europe. It was in the fall of 1908. Witness gave details of the power of attorney in November 24, 1908, to sign his name.

Clark said that he had chosen Bowen for the purpose, but he did not know why he chose Metcalfe instead of Bowen.

He gave his authority to sign anything the other shareholders might do. He explained fully why he chose Metcalfe, saying Metcalfe was an old friend.

A Slight Embroglio. Cornwall told Bennett to listen carefully in reference to his explanation.

Clark was questioning Bowen rather aggressively. Bennett complained to the court, wanting to know if he did not have the right to ask a question.

Clark said that if he asked a question he would not be allowed to ask it. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

Clark said that if he asked questions he would not be allowed to ask them. He said that if he did not ask questions he would not be allowed to ask them.

TERRIBLE WEATHER ACROSS THE BORDER

Eight Inches of Snow in Minnesota and the Dakotas

BAD SNOW STORM RAGING IN THE STATE OF IOWA

A Serious Storm Which is Doing Great Damage Along the Gulf

Winona, Minn., April 15.—Southern Minnesota and South Dakota are under several inches of snow tonight as the result of a snow storm that lasted throughout the day.

The storm will have disastrous effects on blossoming fruit and garden produce. Grain will not suffer.

Des Moines, Iowa, April 15.—According to reports which reached Des Moines today a snow storm is raging throughout Iowa which promises to do great damage to the fruit crops.

In Des Moines snow began falling at 10 o'clock this morning and fell all day. At Waterloo the heaviest snow of the year is reported.

Grand Forks, N.D., April 15.—Snow and sleet which fell all night and part of today has broken down five miles of telegraph poles along the Great Northern road in this country.

Six inches of snow is on the ground. Bad Storm in Tennessee. Memphis, Tenn., April 15.—Reports today from Mississippi, Kansas and Western Tennessee tell of much damage from the storm which swept those sections.

Outhouses and small buildings were destroyed or damaged and telegraph and telephone wires blown down. Two fatalities were reported.

Heavy Loss in Louisiana. New Orleans, La., April 15.—Reports from Louisiana and other portions in the Northeast Mississippi and Central Alabama were received here today through the commercial telegraph companies.

They reported that their trunk lines running to the east had been seriously crippled. Unconfirmed reports of property damage and loss of life were received from that section of the country lying between Meridian, Miss., and Montgomery, Ala., on the southern portion of Mississippi and Birmingham on the north.

Cyclones in Georgia. Atlanta, Ga., April 15.—A report today from this afternoon that four teen houses were wrecked by winds from Atlanta, Ga., 70 miles south of Woodville, Ga.

CLARKE OR MINTY

Commission Has Had No Further Communications With Either of These Men

DOESN'T BELIEVE THERE IS ANY USE BOTHERING

The Premier Will Not Talk — Cornwall is Going on Again Today

Edmonton, April 17.—Though there are rumors that the government is taking some action to have Clark and Minty return to give evidence at the commission of inquiry, there is little likelihood of that being true.

It did not think that it would be any use," said Mr. Walsh, counsel for the commission. "They know that we want them. They promised to be here."

It did not think that it would be any use," said Mr. Walsh, counsel for the commission. "They know that we want them. They promised to be here."

MR. ALEX. CLARK DIED SATURDAY MORNING

Popular Young Man Succumbed to Injuries Sustained in Fall One Week Ago.

Alex. Clark of the "Gulet Grill" job company died at the General Hospital on Saturday morning at 6 o'clock without regaining consciousness.

Mr. Clark was badly injured by a fall on Saturday night, April 9, and lay for a number of hours under a tree. When he came to he managed to walk into the city, but his head bothered him afterwards, and he was taken to the hospital suffering from a hemorrhage of the brain, having evidently struck his head a terrific blow when he fell.

Everything possible was done for him, but his case was hopeless from the first, and death came in the night of Saturday morning.

The deceased had been in Calgary for six years, and was very popular among the printing trade of Calgary.

He was a member of the I. O. O. F., Sandstone Lodge, and secretary of the City Bowling league. He was also a member of the International Typographical Union.

He has a brother living in Kincaid and a sister in Alberta. The former has been communicated with, and the burial will take place in his old home.

There is a certain amount of mystery surrounding the death of Mr. Clark, as certain of his friends claim that he was robbed of \$50 the night of the occurrence.

However, the matter of a police investigation has been left in the hands of his relatives for them to take action.

SOME LUNATIC RANG THE FIRE ALARM

And the Fire Brigade Had a Hard Run on Sunday Night

APRIL HAS HAD A LARGE NUMBER OF FIRES Some Very Excellent Work Done by the Flying Squadron

The first false alarm of the year was rung in early Sunday morning from the corner of 10th Street and 11th Avenue.

The brigade turned out for the alarm, but there was nothing doing. Chief Smart is highly indignant over it, and will make it interesting for the lunatics taking the form of amusement.

It is not at all surprising that the men out from their beds, but every man on the run takes a great risk with death and destruction.

Chief Smart states that his men are paid to take the risk in going to a fire, but not for a false alarm. Last night one fool was caught in the act and assessed \$100 and costs.

The pastime fell off. With the big motor chemical running over the streets at forty miles an hour in order to be on the scene with the smallest possible delay.

The fire department had two runs during the night, but the first was a false alarm.

The truck arrived at the hall at 5:05 and by 5:15 they had a new fire on the big machine and responded to an alarm sent in from 538 1/2 Avenue east.

The house is owned by Mr. Costello and occupied as a boarding house by a number of Italians. A defective chimney caused the trouble and the blaze was quickly put out.

The great advantage of the motor chemical was shown in this alarm. Though the burning building was only seven blocks distant from the central station, the motor chemical was at the scene of the blaze and the men had a stream playing on it before the other trucks from the hall arrived.

During the past week there have been three more than this week started by fire. The fire department has had a hard run during the week.

DESIGNS UPON ROBERTSON

The Young Post Goes Free

St. Paul, Minn., April 15.—John Robertson, the young English poet, who is serving a ten years term in the state prison for burglary, was today pardoned by the board of directors.

MR. KNECHTEL TOLD OF TREES AND FORESTS

Department of Forestry in Calgary Friday Night.

Friday night in the high school assembly hall Mr. A. Knechtel, of the Dominion Forestry Department, delivered a splendid lecture to a number of our citizens.

Mr. Knechtel has been commissioned by the department of the interior to tour the country in the interests of forestry. He is now in Calgary.

His lecture was very interesting and highly instructive evening's entertainment. The lecture was calculated to create a keen interest in forestry.

Mr. Knechtel handled his subject from the economic, commercial, scientific and artistic standpoint. He brought to his aid what was evidently a broad, intimate, scientific, and accurate knowledge of forestry.

His illustrations of the art of applied forestry were very fine. He showed many slides and photographs. They were made from Mr. Knechtel's own photographs, and were very interesting.

Mr. Knechtel's lecture was very interesting and highly instructive evening's entertainment. The lecture was calculated to create a keen interest in forestry.

ONE OF THE GREATEST LABOR WARS IN HISTORY HAS BEGUN IN GERMANY

BOTH PARTIES ORGANIZED FOR THE BIG STRUGGLE

The Building Trades Throughout Germany Are All Out Will Be Hard Fight

Berlin, April 15.—The building trades lockout, which already has made a quarter of a million workmen idle, appears to be the beginning of a long struggle affecting many divisions of the national industry.

The employers have locked out the men in an effort to put an end, once and for all, to what they regard as an intolerable demand for interlocking pay.

The employers declare that the workmen have been pursuing for several years a policy of forcing higher wages and shorter hours by frequent strikes.

The general employers' organization, which includes representatives of every German industry, is firmly supporting the lockout, and already voted several million marks for the aid of the master builders.

The organization apparently proposes to supply the absence of work so long as the lockout continues.

The labor unions, too, have been making preparations for the lockout and planned to support their idle members.

The general members of the socialist organizations, which comprise by far the larger part of the organized builders, have decided to attempt no resistance for the first two weeks.

Owing to the huge proportions of the lockout, it will be an extremely difficult problem for the labor unions to secure sufficient contributions to maintain their members and their families through a prolonged period of idleness.

KIND TO THE SETTLER

Kind to His Beasts

Weird Stories Told About Canada to Induce the American Settler to Turn Back at the Border

North Portal, Sask., April 17.—Settlers arriving here from the United States give some weird accounts of stories being circulated by trailmen, commercial travellers and merchants along the line in North Dakota.

These people see the best class of farmers slipping from their grasp, and do this to deter the intending settler from moving any further towards Canada.

But notwithstanding all the stories moving of settlers continue to pour through this gateway, bound for the Canadian west, and say the trailmen receive from the Canadian officials at the boundary are away beyond anything they had anticipated.

MONTECALM BURNED DOWN

Montreal, April 16.—Cote St. Paul Academy was burned down this afternoon. The cause was the burning of a pile of hay.

Forty-two scholars, 250 in number were out of the building.

LOCOMOTIVE KILLED 11 PEOPLE

Montreal, Mass., April 15.—An antiquated locomotive exploded in the yards of the National railways of Montreal late today, instantly killing eleven employees of the road, including the engineer, G. S. Monaghan.

THE LATE J. R. DALTON

Who Died on Saturday

HE SNAPPED UP ALL BEEF AND MUTTON IN SIGHT Australian Meat Finding Ready Market in New York

New York, April 16.—A good share of the available supply of Australian beef and mutton which reached New York this week was snapped up eagerly by housewives today at prices said to range from three to six cents below the prices asked for Western meat of equal quality.

The offer of the Canadian states, Ltd., company to build a line of street rail way to the Tweed subdivision and give a portion of that property to the city as a park site was withdrawn by the company, owing to the feeling of the council and press on the matter of the city's acquisition of the extensions of the street railway lines.

The Great Railway Gifts A resolution was brought in that the city should grant any extensions to the street railway system outside of the city limits until the amendments to the city charter have passed the legislative council.

PARKS FROM THE NEW SUBDIVISIONS

Ten Per Cent of the Property Put On to Go to the City

POLICY DECIDED UPON REGARDING RAILWAYS Important Meeting of Legislative Committee Was Held Last Week

The legislative committee of the city council met today to discuss the recommendations on Saturday that will make real estate purchase and take notice. One was that subdivision be secured by the city making the owners of every new subdivision in the city or abutting the city donate one-tenth of that property to the city as a park site.

The other recommendation for consideration be secured making all owners of proposed subdivisions in the city, or adjoining, submit the plan of that subdivision to the city council and have a certificate of approval from the city council attached to the plan before it can be registered as the official plan for that subdivision.

They also made a motion that the Lindsay park, which lies to the south of the foot of Second street east, be thrown open to the city as a park site, as the state that the registered plan of the park and adjoining subdivision by the city council and have a certificate of approval from the city council attached to the plan before it can be registered as the official plan for that subdivision.

Baseball Good Work by Calgary Team League Meeting : Football Old Country League Games

WILL CARNEY MADE SEATTLE GO HARD

Lost Games On Saturday and Sunday By a Single Run. Ten Innings Game Sunday.

Mr. William Carney has certainly got some ball team, as was shown in the two struggles which he had with Seattle, champions of the North Western league, on Saturday and Sunday. The contests have been so close that the Seattle-Turks have come to the conclusion that they couldn't get any better practise than right with this Calgary team. The third game for today has been added to the schedule.

The Saturday Game. Seattle, Wash., April 16.—Calgary's baseball team, under the leadership of Bill Carney, showed up in great style today against the Seattle leaguers, and Seattle felt happy to get the long end of a 4 to 3 score.

The Sunday Game. Seattle, Wash., April 17.—It took Mike Lynch's Turks ten innings to defeat Bill Carney's Calgary Huskies this afternoon.

The good weather brought a large crowd, and they pulled hard for the foreigners. Outside of one inning, the play was good, in some instances brilliant. Final score: 2 to 1.

Immensely pleased at the first showing the Huskies are making against the North Western league champions, Carney decided this evening to remain over for another battle, which will be played tomorrow afternoon.

Seattle had two on bases in the ninth, but sharp fielding and good pitching by Manning retired the side. Calgary could not do anything with Zackari in the tenth, and in the last half of the inning Johnson rapped a safe one to left, stole second and scored when Duggan was a trifling short in his throw to first on Frisk's grounder.

The ball climbed Kellackey, went over his shoulder and allowed Johnson to come home from second with the winning run. Seattle scored the three in the second as follows: A pass, Frisk's single and an error by Manning filled the stacks. Schefer's grounder to third was nicely handled by Smith, forcing Johnson at the plate.

WILL ELECT OFFICERS AT THE MEETING TONIGHT

The Baseball Club Will Hold an Important Meeting Tonight. A meeting of the Calgary Athletic Club limited will be held this evening in the Secretary's Headquarters office, and this meeting the officers of the club will be appointed, also tenders received for the new ball park. Last evening President Savage stated that the schedule of the league would be completed this week. He expects a draft from President Eckstorn today. The club has wired transportation to "Chuck" Connors, who played second base last season, and he is expected in the city this week.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all Druggists.

IMPERIAL BEAT COMMERCE IN HARD-FOUGHT BATTLE

The Score of First Bankers' Game Was 20 to 17.

The Imperial Bank beat the Commerce Bank in a hard-fought battle at Mewata park by the big score of 20 to 17 in a nine innings baseball game. Harris pitched throughout for the winners and did well. Fritchard and White shared the honors of pitching for the Commerce. One of the features of the game was Lally's home run, with men on bases, for the Imperials.

Imperial—Miller, P. Harris, C. O'Neven, J. B. Scullion, J. Laird, A. S. Borne, J. Stratford, L. Appleton, C. Corbett. Commerce—McLellan, P. Fritchard, J. White, M. J. McVeety, J. Sutherland, J. Campain, J. Sutherland, A. S. Hamman, C. C. Cutler, F. O'Brien, L. Scores—Imperial 20, Commerce 17.

Athletics Win Ball Game

The Junior Athletics and Victoria school team played a very fast and interesting game of baseball Saturday morning in the Victoria park. The game was won by the Athletics, but it took eleven innings to do, the trick score being 7 to 8. At the end of the sixth innings the score was 6 to 2 for the Vics. Swales, Young and Irvine were the stars of the Vics, while Carson, Hudson and Woodhouse were the pick of the Athletics. Line-up: Athletics—Carmichael, P. Woodhouse, P. Ward, B. Mackle, J. Hudson, A. Carson, J. Fuller, L. F. Lewis, L. F. C. Frank, C. F. Scores—Athletics 7, Vics 8.

Ball News From The Home Plate

Deacon White spent a few hours in Calgary Saturday on his way from the coast, and while Deacon admits that Bill Carney has gathered together a star aggregation to represent this city, he says that he will be there when the going rings.

On the coast, Deacon says, they figure Bill Carney's outfit a strong one for a league of this class, but that there are other teams to be feared. Medicine Hat will have to be figured in the running, for Bill Hamilton, knowing that he will have to strengthen his team, has already grabbed up a few new ones. Hamilton, as we all know, is the greatest all-round baseball general ever seen in this part of the country, and any time that Bill thinks his team is not strong enough, out goes his hooky for new men, and he knows where to go and get them.

Zwickler will hardly get a place on the team by all accounts, as Hamilton has already grabbed a new first sacker, Cy Bennett and a part of the team are already in Spokane working out at Natatorium park, from where Cy is going to be replaced by Bert Dunn, who pitched and played utility, as captain this year.

Wrisman, drafted from the Hat by Spokane, will in all probability be sent to the Hat for a little more seasoning. Deacon White not being successful in signing up Whelan, the Seattle catcher, has got a man equally as good in Brooks, who is now training with Spokane. Brooks was with Vancouver last year and is some catcher. Cleflin, a big six-footer, who has been from California, and has pitched in the North Western for three seasons, now with Spokane, has been signed up and will represent this week. Cleflin has the reputation of being the hard luck pitcher of the North Western league, and has lost more games through hard luck than any other pitcher in the league.

Deacon also made arrangements with Spokane for an infielder, should he need him, left hand batter and right hand pitcher, should he report, his hitting will help out considerably. While Bill Carney has a strong outfield, Deacon is there also in that department. Morrell, left hand batter, and as well known, is a good well hitter and fast man on his feet, will report. Raus, a left-hand slugger, of Spokane, has been signed and from reports he hits them hard. For the other position, either Adams or Swain, now trying out with Vancouver, will be turned over to Edmonton and in either man Deacon will get a star. Adams played last year, with Portland and is said to be one of the fastest men on the coast. Charley Swain has a big right hand batter, who will report, his hitting will help out in long hits. Swain will keep some of the outfielders on the move with his long clubs.

Most of the boys were out to uniform and a few of the new ones showed up strong. Turner, of the 1907 professionals, is strong at first and puts off a few stunts that would make Hal Chase look sheep. At second Le Craw, a new man from Michigan, showed up strong and will no doubt get a position. Chan will hold down third and a new man from St. John's, B. C. will fill in the other infield position at second.

Dick Tibbits, in the outfield, would make a good man for the professionals should Carney ever fall short of men, for he can hit them hard and get away.

Red Hoar will get a position in the outfield and from the looks of things at present either Roscoe or Stoker will get the other position.

LEAGUE MEETING NEXT MONDAY NIGHT

The President Expects a Big Meeting—Call Ball Players Had Good Work Out Saturday.

The Calgary Lacrosse club has arranged for practice from now on, every Tuesday and Thursday evening and Saturdays. Through the new arrangement no practice will be held this evening.

The club held a good workout on Saturday afternoon, there being nearly a dozen old boys besides several new ones present.

President Stanley of the Alberta Lacrosse association, has called a league meeting for April 25, to take place in Calgary. The president is arranging for a big meeting and if his plans materialize the league will be organized for two divisions. The president has invited delegates from Edmonton, Strathcona, Lacombe, Red Deer, Calgary, Medicine Hat, High River, Lethbridge, and also extends an invitation to any of the other towns interested in lacrosse.

LOCAL SPORT NOTES

Today is the last chance for the Junior clubs to form a Junior league. Sports any club wish to enter the Junior series should get its application to Secretary Dease today.

On Saturday the Hillhurst club registered some twenty players to the league series. This is the first batch, and the club expects to sign about as many again, so that they should have good material to select two teams, senior and intermediate.

The Lacrosse club will not practice tonight, but a full practice has been called for tomorrow evening at 8:35 P.M. Victoria park. All members and prospective members are requested to be out.

The Union bank ball players are out after the imperious scalp, and in all probability this ball game will be played next Saturday at Mewata park. This game is the result of the Imperials beating the Commerce on Saturday.

All the three senior football league teams in the city will have printers as their galleys. Bill Straig will be the Calgary galleysman. Watson for Hillhurst and Dickinson for the City.

The Hillhurst club has signed up a new man in Allan from the Old Country. This player has not yet been out for practice, but he is touted as a good one.

Comers, the man signed by the City Football club, and who was a member of their team three seasons ago, should considerably strengthen the City team. During his absence from Calgary he has played regularly at Vancouver in the District league.

After the international football match at Hillhurst tomorrow evening the Hillhurst club will provide refreshments at their club house for the players and members of the club.

Shuster Will Not Umpire Lethbridge, April 17.—In view of the objections raised by Winnipeg and Regina against the appointing of Shuster on the staff of the Western Canada League President Eckstorn has decided to let this man out and in his place appoint Charles Smith, who has been highly recommended in many quarters as a competent handler of the indicator. He comes from Ontario, and those who have seen him perform in his official capacity, say that he is in a class by himself as a minor league umpire.

The Rifle The following are the scores for the week ending April 16. F. Kaye winning in class A, and J. G. Innes in class B. Decimal target. Possible 100.

Table showing Rifle scores for F. Kaye, A. Storrar, W. McKenzie, F. W. Herring, E. S. Selas, A. Martin, R. W. Chamberlain, H. A. Ford, W. Pearce, A. R. Carmichael, H. A. Crofton, Sergt. Mal. Page, A. Ramsay, and J. G. Innes.

Geo. Hoag stated yesterday that the track at the park was in very poor shape, and was at present unfit to work horses on. A committee of the Turf club has been appointed to interview the commission and no doubt they will remedy this shortly.

The meeting of the Turf club Friday evening at the Empire Hotel was well attended and a large amount of business was transacted. The race program and prize list is a good one and only will need fine weather during the next meeting to make it a thorough success.

Ponies will be allowed to enter the running track on the 24th and 26th of May, providing they carry weight for age. This is the only way the ponies can get in, as no race was set aside for this class.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all Druggists.

HILLHURST WILL HAVE A TEST MATCH TONIGHT

English and Scotch Members Will Play a Friendly Game.

Tomorrow evening the Hillhurst Football club will play a trial football match between English and Scottish members of their club. It will also be in the nature of a try-out, as the English team to play the Scottish in the international match early next month will be chosen from the showing of the latter game.

The international match is already creating considerable enthusiasm, as both will have a big following. That the Scotch-boys will not have such an easy time as they did at the last game is a foregone conclusion, owing to the English team being considerably strengthened, and the match promises something out of the ordinary.

Old Country Football London, April 16.—The following are results of football matches played in the Old Country today:

First League. Bradford City 1, Nottingham Forest 1; Bristol City 1, Chelsea 2; Burnley 2, Bolton Wanderers 2; Everton 1, Middlesbrough 1; Manchester United 2, Sunderland 0; Newcastle United 1, Liverpool 3; North County 2, Aston Villa 3; Preston North End 1, Sheffield United 1; Sheffield Wednesday 2, Blackburn Rovers 1; Tottenham Hotspur 1, Woolwich Arsenal 1.

Second Division. Birmingham 0, Hull City 2; Burnley 1, Manchester City 1; Fulham 2, Leicester 0; Glosop 1, Derby County 0; Leeds City 3, Grimsby Town 1; Lincoln City 2, Barnsley 1; Oldham Athletic 6, Clapton Orient 0; Stockport County 2, Bradford 1; West Bromwich Albion 0, Blackpool 2; Wolverhampton Wanderers 6, Gainsboro Trinity 0.

Local Horse Notes. The Calgary Turf club has decided to affiliate the running races under the Ontario club. This will now put the jockeys under the jurisdiction of the starter. Jockeys racing in Calgary will now be subject to fines, the same as drivers in the harness event.

Three thousand dollars in prizes will make a big prize list and should be the means of making the two days on the 24th and 25th of May one of the best meets ever held in this city.

The Calgary Matinee and Driving club is looking forward to a very successful season. With several new horses in the city, they expect to have a big entry list every Saturday afternoon.

The proposed Alberta racing circuit, as suggested at the meeting last Friday will be a great thing if organized. The horsemen would be able to take in the towns one after another, which would be fine hay.

Another circuit similar to the 1907 season would be the best. Meets started at Calgary and took in the towns as far as Edmonton, one after another. The local horsemen had a great time that season. President Ruttle and the others can tell.

That the Calgary Matinee and Driving club intends to get a McKillop starter's license this year is a good thing. Archie is about the best of 'em around here, and he will render the turf and matinee clubs valuable services this summer.

The resolution passed by the Turf club that two or more horses from any one barn can enter the meet on the 24th and 25th was a good one. The American Trotting association rules state that only one horse from any barn can enter. Lately this has been altered to read "unless otherwise arranged by the local associations." It now means that the 24th meet will have many more entries in the various harness races than they would have had under the old rule.

Secretary William Stuart, the newly appointed secretary of the Matinee club, expects to get busy on the matinees, and arrangements are being made to hold matinees on April 20, May 7, 14 and 21, which will help condition some of the horses for the big 24th meet.

Geo. Hoag stated yesterday that the track at the park was in very poor shape, and was at present unfit to work horses on. A committee of the Turf club has been appointed to interview the commission and no doubt they will remedy this shortly.

The meeting of the Turf club Friday evening at the Empire Hotel was well attended and a large amount of business was transacted. The race program and prize list is a good one and only will need fine weather during the next meeting to make it a thorough success.

THE CALGARY UNIVERSITY

Several prominent Calgary men are interesting themselves in organizing a university in Calgary. Though little has been done yet the gentlemen have received the greatest amount of encouragement and there is every probability of the project being crowned with success.

A university is a big enterprise these days, but even half a million dollars will go some distance in making a very excellent start. Most of the great universities had very humble beginnings. Some, like Leland Stanford and Chicago, came forth man grown, but most of the big institutions like McGill, Toronto, Columbia and the others had small beginnings and grew to stature after years of trial.

Calgary is well adapted for a university. It will be a city of at least 100,000 people within the next five years. The time is not so very far distant when it will have double that population.

Cities of that size can maintain universities alone, without any assistance from outside, while the Calgary university will have an enormous portion of a very fruitful province to draw from. It will be well supplied with students.

Some people will attempt to discourage the idea because Alberta has a provincial university. But Alberta is not so small for two universities. There is reason to believe that both institutions would be bettered by friendly rivalry. The university of Manitoba would not have been as unsuccessful as it is if it had had a keen competitor in the field.

If Calgary is ever to have a university now is the time to organize it. The field is here. This is a large province with many different people in it. A strong educational institution at each end of the province would not be too many. Calgary is becoming a city of very wealthy men, and has half a dozen millionaires who are very generous. We can support a university if we turn our attention to it.

A university for Calgary will receive the unanimous support of the people of the city and the district round about.

FUTURE OF VICTORIA PARK

The future of Victoria park is beginning to be discussed. The exhibition board has already expressed objection to the proposal to dispose of the grounds, because it would mean moving the exhibition plant some considerable distance outside of the city. However, the question is one which should be carefully considered, and if a change is to be made now, is the time to make a decision.

It is estimated that Victoria park is worth well up to \$1,000,000. There is slightly less than 100 acres and approximately about 1,000 lots and the average price of at least 100 of the lots would not be less than \$1,000. The park, as at present arranged, is being used as exhibition grounds and also for the horse show, horse races, baseball games and lacrosse and other athletic games. With the exception of the annual exhibition, the public would be well enough served by an inside area of 20 acres, which would make a very excellent park.

It seems then, that this large million dollar property is being held for a little to be used for the annual exhibition, which lasts one week. It is possible that it might be well to hold it, even at that price, provided that the exhibition could not get other suitable grounds. But the exhibition company has been offered other grounds, which, though outside of the city, are very convenient and could be well arranged at an early date for the holding of an exhibition. The grounds would not be as convenient as the present grounds, it is certain, but at the same time it is questionable if the difference in the conveniences is worth the holding up of this enormous area of valuable property. Of course the horse show could not be held in the distant park, but there is no reason why a horse show building should be placed on the present site.

Let us look at it in this way. Suppose we reserve twenty acres for Victoria park, which would include the present grandstand, the race course, and ample room for a horse show building. The city should have twenty acres or so along the river for future expansion like the city of Montreal.

That would leave sixty acres to be disposed of. The city could sell this property, which would be the best of it, for about \$600,000 net. Of this the city could afford to give the exhibition company about \$100,000 for new buildings and the present buildings are not worth that amount.

Something like \$100,000 could be turned over to the exhibition company as a recompense for abandoning more convenient grounds to go further out of the city. In five years the distance would not be noticed.

That would leave a balance of \$400,000, or thereabouts. Let the city spend that balance in providing little parks

for playgrounds, from one to five acres in size, all over the city and in improving the parks that we have.

Every person would be as well or better satisfied. As a park or athletic grounds the present exhibition grounds are not satisfactory. A twenty-acre park, properly fenced, would be much better for both.

The exhibition company has been offered a free site of 150 acres in the west end of the city, which is well adapted for exhibition purposes. And the company would have some recompense for grounds which, for a few years, will not be as convenient as the present grounds.

And the city will get a large number of parks and play grounds throughout the city.

The Albertan believes that this is worthy of consideration and the proposition should not be dismissed without considerable reflection. At present we own property worth something like \$300,000 or more, which we are holding for an annual exhibition of one week. It is valuable property, close in, and the very best residential property. In two years it would be the home of three thousand people and so convenient that it would cost the city but little to supply the necessary conveniences.

It is worthy of consideration.

EDITORIAL NOTES

Why does not Mr. Clarke appear at the commission and tell of his relations with the Alberta government?

The ringer of false fire alarms is at work again. That sort of humorist is about the worst that there is on earth.

Why does not Mr. Minty appear before the royal commission and tell about his relations with the Alberta government?

The suggestion that each new subdivision should hand over ten per cent of its property to the city as a park is a good one.

Why? The question has never been answered. It has not even been suggested. Is it true that the first suggestion of a guarantee to the A. & G. W. road appeared in the columns of the Calgary Herald?

After all, the tying up of a property worth about a million dollars, which serves only for an exhibition grounds for one week in the year, is hardly a business proposition, particularly as a park, one fifth as large, would serve the purpose of a park even better.

**DR. WADDELL'S STORY
GIVEN IN DETAIL**

Verbatim Report of the Evidence Given by the Engineer
MR. MCKINNON GIVES INTERESTING EVIDENCE

Continuance of the Verbatim Report of the Investigation

The following evidence is the concluding part of Dr. Waddell's testimony at the royal commission:
A. The Construction company does not give me any instructions. I am the engineer of the railway company. If there are any instructions to be given, I give them to the Construction company as far as to how the work shall be done.

Q. To whom have you given such instructions?
A. Well, there hasn't been so very much work done.

Q. You swore to my learned friend, you see, that you gave instructions to the Construction company as chief engineer?
A. Yes.

Q. How? Whom?
A. Mr. Seymour in regard to anything said when you say that I gave instructions, they came to me for advice and I tell them what to do. I have really paid very little attention to the construction. My work has been as an engineer and all the employees that I gave instructions to—

Q. Whose employees?
A. My employees as chief engineer of survey parties. My work has been in connection with survey parties.

Q. Whose survey parties were they?
A. Well, I really don't know, whether they are the railway companies or the construction company. They are under me. I suppose they would be railway companies.

Q. I don't want your supposing. Do you know? Yes or no?
A. Do I know who they belong to?
Q. Yes.

A. They probably belong to the railway company because they were employed by me as the railway company's engineer.

Q. Is that the only reason you have to say that they probably belong to the railway company?
A. Well, their pay has come from the construction company. Now you can settle for yourself as to which they belong to.

Q. Do you know whether or not any person employed on the work of building that railway is or is not employed in the Canada Construction company?
You can answer that question. Yes or no?
A. Well, I considered myself as employed by the railway company.

Q. Who pays you?
A. I haven't got my pay yet.
Q. I think I can show you, you have got some of it—
A. I got some at the back.
Q. You swear you have not received any pay.

Mr. Justice Harvey: This witness is a witness called by the commission and I do not think your manner to the witness is really justified, it is rather offensive. I do not suppose it is intentional, but I do not think it is justified.

Mr. Bennett: I may be mistaken, but I think it is. However, if your lordship states it is not justified, my instructions reflect my state of mind with relation to this witness. Possibly I should confine myself to documents. I think I can give ample reason why I go into a general cross-examination.

That Tired Feeling

the company as right-of-way agent. Q. What company?
A. The Construction company.
Q. The only people who can acquire the right-of-way is a railway company?
A. Probably he was working for the railway company, because the Construction company was formed later, but I don't know about that.
Q. Is there anybody else, who can give me the names?
A. There is Mr. Binnie.
Q. Now, all the documents that would be in the office would be equally under the control of these gentlemen, in the sense that they would be inside the office there and could see them and deal with them?
A. Well, I don't know. I don't think they have any business to.
Q. So far, as you know the head office of the construction company is in the same building as that of the railway company, in this province?
A. Yes.
Q. The papers and documents of the company are filed equally with those of the other in the same building?
A. Yes.
Q. The financial side of this case may come up, touching the question of its bank account. You have some knowledge of this?
A. Yes.
Q. You kept one of its bank accounts in your own name?
A. Yes.
Q. At what bank?
A. The Royal Bank.
Q. Is the bank book available for Mr. Walsh?
A. Yes.
Q. What other documents are kept in relation to its financial affairs?
A. The cancelled vouchers and cheques in this province?
A. Yes.
Q. That is appertaining to the bank account that you ran in your own name?
A. Yes, all vouchers were kept.

(Continued on page 6.)

That Tired Feeling

that is caused by impure, impoverished blood or low, run-down condition of the system, is burdensome and discouraging. Do not put up with it a day longer, but take Hood's Sarsaparilla, which removes it as no other medicine does.

"Last spring, being run down and having a tired and worn-out feeling, I was advised by a friend to take Hood's Sarsaparilla. I did so, and one bottle made me feel stronger and better than ever." John Kaye, 487 Pall Mall St., London, Ont.
Get it today. Sold by all druggists everywhere. 100 Doses \$1.

A. Mr. Goddard employed him. Mr. Goddard is the office engineer, and he attends to all the office work when I am away, and a good deal of it when I am there, under me.
Q. These are two people you have named?
A. And then there are all the surveyors.

Q. They are out in the field?
A. They have been. I had five parties out this winter and four of them have come in.

Q. Well, I have given instructions to Mr. Seymour.
Q. You mentioned him, but prior to coming on the scene as auditor?
A. Well, really, I told you for a long time I knew nothing about the Construction company. It was formed and I paid no attention to it. I had my own work to do and I did it, and I paid no attention to the Construction company.

Q. You cannot give me the name of any person other than Mr. Seymour?
A. Well, I have had dealings with Mr. W. L. Clarke, who is president of the company.
Q. Anybody else?
A. Well, I have paid so little attention to it, that I really don't know.

Q. Did these communications take place verbally or by writing?
A. Both.
Q. Were all the letters and telegrams relating to these communications down in this office, or copies of them?
A. Yes, they are all there.

Q. Mr. Minty was in the city on Monday afternoon last?
A. I haven't seen him.
Q. Didn't you see him while he was here?
A. No.
Q. He didn't visit your office?
A. No. I went to see him this morning and he was gone.

Q. Therefore, you don't know whether or not some papers that were mentioned by Mr. Minty as having been in Winnipeg the other day, are now in the office or not?
A. No, I don't know anything about these papers.

Q. Four says is that of your own personal knowledge, you know whether, or not any papers connected with the creation and reorganization, and the internal management of the Alberta & Great Waterways are in this city?
A. I don't know.

Q. And you state further is that you don't know of your own knowledge, whether, or not any such papers, dealing with the construction company, are or are not there?
A. No, I do not.

Q. And you further say so far as documents and papers over which you would have control or concern, they would not be in your immediate possession, but in the possession of Mr. Baddo, as far as whether for filing?
Q. Yes, that is right.
Q. You would have immediate possession of plans, profiles and books of references and any such matters as would be under your immediate control?
A. Yes.

Q. These, you say, are all in this office?
A. Yes.
Q. Now, you say you have, on your files, copies of telegrams that you sent to and from your various employees?
A. Yes.
Q. Including cipher messages?
A. Yes.
Q. The code book, you say, you have sent for?
A. Yes.
Q. Do you mean to say that you don't know whether it was "Sister" or "No"?
A. No, I do not.

Q. You had nothing to do with the fixing of the cipher or the code?
A. No, I was away and when I came back, I found there was a code, and I used it.
Q. You simply instructed Mr. Baddo to dictate a certain message?
A. I used it for one short message.
Q. You did not know what kind of code it was?
A. I did not know the name of it, but the code book is there.

Q. You used that yourself for a short message, and worked it out yourself?
A. Yes.
Q. That was a message to whom?
A. To Mr. Clarke. I think another day I deciphered a short one.

Q. From him?
A. Yes.
Q. Who are your employees, so far as you know, in this city?
A. Well, Mr. Goddard.
Q. He is not here?
A. No, he is not.

Q. That is one?
A. Well, there is Mr. Jackson.
Q. What does he do?
A. He is a draughtsman.
Q. He is upstairs there in the building?
A. Yes. There is another draughtsman whose name I don't remember. He was employed while I was away.

Q. Who would employ him?
A. The Construction company.

Suffered Terrible Pains From His Kidneys.
Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it.

There is no way of getting the kidney poison out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

"They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages."

Doan's Kidney Pills are entirely vegetable, and may be safely taken by old and young.

Mr. Douglas A. McEwan, Broadview Station, N.S., writes: "I was troubled with my kidneys for nine months, and suffered with such terrible pains across the small of my back all the time that I could hardly get around. After taking two boxes of Doan's Kidney Pills I began to feel better, and by the time I had taken three I was completely cured."

Price 50 cents per box, 3 boxes for \$1.25, at all dealers on mailed direct by The T. Hilburn Co., Limited, Toronto, Ont.

IT'S THIS WAY

Some men never think of owning their homes. That's their business. We think of nothing else—that's our business.

Just how much and how well we have thought along these lines is attested by the feasibility of our plan of home-getting. You merely pay each month the rent you now pay, and in the end the home is yours.

Act Directly on the Liver

Biliousness and headaches quickly cured by DR. A. W. CHASE'S KIDNEY AND LIVER PILLS

When you feel irritable, cranky and downhearted, you can usually blame the liver, for there is no organ in the human body which so quickly throws the system out of sorts as a torpid, sluggish liver.

You don't need to be in the blues long if you know about Dr. A. W. Chase's Kidney and Liver Pills, for by their direct action on the liver they relieve promptly and prove lastingly beneficial.

One of the principal ingredients of this medicine is known to the medical profession as a specific for liver derangements. Quickly, naturally and certainly it awakens the sluggish liver and drives out the poison which causes biliousness, headachy, indigestion and a depressed feeling over the whole system.

Vigor strength and good nature will return when the liver is set right by Dr. A. W. Chase's Kidney and Liver Pills. One pill a dose, 25 cts., a box, all dealers, or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Receipts.

The Manufacturers Coming West
Montreal, April 15.—The manufacturers of Eastern Canada are planning a great excursion to the Pacific Coast during the month of September, the occasion will be the annual convention of the Canadian manufacturers association to be held in Vancouver, where is the home of the present president, Mr. John Hendry.

LOCAL NEWS

A special program of variety scenes and comedy subjects at Calgary's cozy theater today. Special matinee at 2 p. m. until 5 p. m.

Mrs. J. A. Ormiston, 1019 8th avenue east will not receive tomorrow 19th inst.

The Oxford v. Cambridge boat race and the great national Steeple Chase, moving pictures of which have been taken by Starland, Ltd.'s representative in England, took place on March 15th and 16th, and will shortly be shown in all Starland theatres.

Diarrhoea should be cured without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all Druggists.

There will be no Weekly Dancing Assembly tonight on account of the big closing season dance, which will be held at Sherman's hall Thursday next, April 21st. Nothing will be neglected to insure the most pleasing dance of the season. The management has decided not to raise the regular admission fee of \$1, which will include refreshments and all dancing from 9 p. m. till after 12. Full orchestra in attendance.

Halley's Comet at Saskatoon.
Saskatoon, Sask., April 17.—Halley's comet was seen here yesterday morning about 4:30 by a number of people, it was travelling about an hour ahead of the sun and is very visible.

Saskatoon, Sask., April 17.—Halley's comet was seen here yesterday morning about 4:30 by a number of people, it was travelling about an hour ahead of the sun and is very visible.

Ask your grocer for a package to-day. You'll like it.
Black, Mixed and Natural Green, 40c, 50c, 60c and 70c per lb.

LADIES WERE SORRY THAT THEY HISSED

And They Have Some Very Kind Remarks to Make About President Taft.

Washington, April 15.—In explanation of the hissing which greeted President Taft last night at the convention of the National American Woman Suffrage association, when he did not endorse the entire position of the suffragettes, the convention today adopted a resolution of thanks and appreciation for his words of welcome.

The resolution described Mr. Taft as the first incumbent of his office to recognize officially our determination to secure a complete democracy, the reply testifying his conviction as to "his power and growth, and that the president's seriousness, honesty and friendliness had converted what might have been an empty form into an official courtesy, historic alike for him and for us."

The resolution was adopted unanimously by a rising vote.

A Quick Exit
The editor suddenly became conscious that some one was standing behind him. Looking around, his glance fell upon a seedy-looking individual with the eyes of a crank.

"I beg your pardon," said the newcomer, "but is there an opening here for a first-class intellectual writer?"

"Yes," promptly responded the editor, "an ingenious carpenter, forwarding your visit, has provided an excellent opening. Turn the knob to the right, and do not alarm the door as you go out."

AT THE THEATRES.

At the Orpheum
Starting with a matinee today and running until Wednesday night, the Orpheum will have something new to draw the theatre-going public of this city. Miss Dixie Christie in her musical act, in which she uses a harp weighing over 350 pounds, should be a great drawing card.

Will give their one-act farce comedy, which was specially written for these people. Nat and Marlon Munson in their comedy, "The Reporter" and the Prima Donna, should also prove good. The illustrated songs and pictures have been carefully selected.

At the Lyric.
Commencing tonight for four evenings with a Wednesday matinee, the National Stock Company will offer an elaborate production of "The Unwritten Law" the Lyric theatre. This powerful story of modern justice is claimed to be the greatest of all western plays. The characters are all true types of the stirring days of '49 in the west, and gripping comedy situations follow one another in rapid succession throughout the play. This is the last presentation of the National Stock Company in this city. Seats for all performances may be reserved any time at the box office.

Starland.
A complete change of program today, commencing with a ladies' matinee at 2 p. m. when the usual extra pictures will be shown, including some of those masterpieces which have made the name of "Starland" a byword in moving pictures. The whole bill is of a very high class, pre-eminently order, whilst new music and a favorite song by Mr. Graham will help to convince the public the management's earnest desire to live up to and even improve upon the good name already earned. An Indian subject, "Red Wing's Gratitude," is a very pretty story, whilst a thrilling drama, entitled, "If Love Is True," relates how a rich man wooed and won his bride by working in a paper mill. The whole subject is well worked up with several good fights and the burning of the mill, from which the rich lover saves his sweetheart and earns her undying gratitude and love.

PHENOMENAL GROWTH OF PRINCE RUPERT

Eight Hundred Houses Built in Six Months—Population is 3500

Vancouver, April 15.—The total assessment of the whole of the Prince Rupert townsite, which has just been completed, is \$16,330,186, of which \$498,066 is in improvements. The Grand Trunk assessment amounts to half of this total, being \$7,238,450, which includes the four sections not yet put on the market, and the reserve from properties along the waterfront and elsewhere.

Assessor Cuthbert explains that this is all taxable until such time as the railroad is completed when the yards and right-of-way are exempt under an agreement with the government. The government's proportion of the land has yet sold and reserved, is of course, exempt from taxation.

The population, as enumerated when the assessment was taken a month ago was 2,329. This compares only permanent residents. The transient or floating population is easily 1,900," says the Optimist, "and at the present time 2,500 is a fair estimate of the number of people."

There are no less than 500 buildings on the townsite, practically all of which have been built in the last six months.

To Raise Battleship Maine.
Madrid, April 15.—El Pais, commenting upon the proposed raising of the United States battleship Maine from Havana harbor, suggests that examination of the wreck be made by a mixed commission of American, Spanish and French engineers, to determine the cause of the warship's destruction.

Chicago, April 15.—Champion Jack Johnson says that he bears no ill will toward James J. Jeffries, and to show that he is in earnest, sent a telegram to Jeffries in which he congratulated him on his birthday anniversary.

"I have only the highest regard for Jeffries as a gentleman and a fighter, and intend to say nothing to me which are uncomplimentary, I shall continue to hold that opinion of him."

Johnson said, "It is not right for fighters to be so unfriendly that they continually call one another names through the press. If I beat Jeffries I will be the first one to help him to his country, and if he beats me I will be the first one to congratulate him."

"Although I celebrated my 32nd birthday last month and did not receive any good wishes from Jeffries, I think it was more of an oversight on his part than anything else. I hope he had as good a time celebrating as I did, and I hope his wife is on the road to recovery."

Two Hundred Dollars in Gold

Results of the Competition in Which This Money is Given for the Best Diaries Kept in Dr. Chase's Almanac for 1909

This competition was started in 1905. That year there were one hundred diaries entered. In 1906 there were 225, and the number has been increasing until in 1909 we find 700 well kept and interesting diaries sent in to be judged. It is quite a task to look over this number of diaries, and award the prizes properly.

The committee of judges, Mr. Geo. E. Scroggie, Adv. Mgr. Mail and Empire; Mr. C. S. Furness, Adv. Mgr. News, and Mr. Peter Rutherford, Adv. Mgr. The Worker, were unable to decide as to the merits of the first nine diaries, and so in justice to all parties the 1st, 2nd and 3rd prizes were divided as follows:

1st James Arthur, North Rustico, P.E.I. \$50.00
John Jacob, Brodhead, Ont. 25.00
Mr. and Mrs. Sandford Hoar, Petticoadie, N.B. 25.00

2nd Capt. Alfred McNutt, De Bert Sta., N.S. 25.00
Ed. Poole, Aitkins Ferry, P.E.I. 15.00
Mrs. James Poole, Aitkins Ferry, P.E.I. 10.00

3rd Mrs. Catherine Kirk, Ingersoll, Ont. 10.00
John P. Marshall, St. John's, Nfld. 5.00
Mrs. J. T. Fisher, Nesbitt, Man. 5.00

4th Marie Estelle Iruchon, Matane, Que. 5.00
5th Mrs. F. A. Johnston, Bulwer, Que. 5.00
6th Mrs. J. A. Myhill, Mather, Man. 5.00
7th Mrs. Lucy A. Casley, Lombardy, Ont. 5.00
8th Mrs. W. H. Burns, Morningside, P.E.I. 5.00
9th Mrs. Lucy A. B. Smith, Smith's Landing, Howe Sound, B.C. 5.00

10th Mrs. L. A. Myhill, Mather, Man. 2.50
11th Mrs. James Cook, Beachville, Ont. 2.50
12th Mrs. J. A. M. Colpitta, Pleasant Vale, N.B. 2.50
13th Mrs. L. A. Myhill, Mather, Man. 2.50
14th Mrs. J. A. M. Colpitta, Pleasant Vale, N.B. 2.50
15th Mrs. J. A. M. Colpitta, Pleasant Vale, N.B. 1.75

Many who did not obtain a prize deserve special commendation for well-kept diaries, while others made the mistake of putting in items from newspapers, etc., instead of entering up the everyday events of home life which make a diary both useful and valuable for future reference.

The 1910 edition of Dr. Chase's Calendar Almanac contains full particulars of the competition now going on, and if it has not reached you we shall be pleased to send a copy to your address: Edmondson, Bates & Co., Toronto.

Neilson's Monday Specials
Three Messages Pointing the Way to Economy and Satisfaction.....

Everyone at this time of the year is busy spring cleaning, and with it comes the necessity of carpeting the floor. Opportunity creates duty when Brussels Carpets, regularly selling at \$1.45 a yard, are offered at 75c a yard.

If you let this opportunity go by you (opportunity we say)—this chance of buying a Brussels Carpet at just about half price, you deserve to have remorse to the end of your days. Come here today and bring along with you the size of your room. These are in all varieties of shades and colorings, reds, fawns, browns and gold, and all beautiful floral and scroll designs. Today at 75c a yard, body or border.

Reliable Sheets Costing Much Less Than Usual

The busy housewife who has not time to do her own sewing, by purchasing her Sheets today will save herself lots of worry. These Sheets are bleached and hemmed, ready for immediate use, thus saving her an endless amount of trouble and work. In sizes 2 yards x 2 1-2 yards. Today for \$1.55 a pr.

Don't hope to get these sheets at any such price six months hence—cotton is going up.

An Offering in Table Covers of Sterling Quality

Just a dozen of them, and in two sizes, 2x2 yards and 2x2 1-2 yards, in a nice quality of Tapestry and fringed. The variety being large, will help you to harmonize with your other decorations. We offer you these today at a discount of 25c on the dollar.

NEILSON FURNITURE CO. LTD.
COMPLETE HOUSE FURNISHERS
118 8AVE. EAST. CALGARY ALBERTA.

NATURE'S lines are graceful, smooth flowing, healthy lines—like the Venus Medici—not broken, injurious, and harsh as produced by the ordinary corset.
Nature intended you to have graceful, smooth and flowing lines—these are the lines our new "La Diva" Renaissance corset gives you.
The resultant health you'll enjoy by wearing the "La Diva" Renaissance, the resultant fine shapely physique are nature's smiles of approval.
We looked the fashion centres of the world over in our quest for a perfect corset. Our designers studied the styles at the Longchamps race-track Paris, in the tea rooms of London, Paris and New York, in the great dressmaking establishments of the Rue de la Paix. Then our ideas were developed on the human figure, and our "La Diva" Renaissance is the result.
It will give you figure all the "Chic" and "Svelte" appearance of the most fashionable French and American woman, and moreover by holding the body in shape without compressing unduly at any point, the "La Diva" Renaissance is more healthy for you than any other corset.
La Diva Corset
"Over" Corset
We've studied to see how Canadian women appreciate our endeavour to obtain for them a really beautiful corset. For that reason we have made the "La Diva" only \$1.25—24 \$1.50 corset. Write today for our Corset Booklet. We send it FREE. This booklet will tell you just what style of corset is adapted to YOUR physique in order to retain health and prevent ailments.
THE DOMINION CORSET COMPANY, QUEBEC.

Compound Extract of SARSAPARILLA
A BLOOD PURIFIER OF MERIT
It's better to take the medicine at all than to depend upon cheap concoctions that are compounded to sell at a low price and a big profit, just because there is a large demand for certain remedies at certain seasons of the year.
Compound Sarsaparilla
Purifies the blood, arouses the torpid liver, drives out all impurities, cleanses and tones up the system, and helps nature through all the dullness that comes from the indoor life of winter. It arouses energy, brightens the eyes, clears the brain, and gives lightness to the movements. Compound Sarsaparilla is not the only thing you will find in this drug store. We make a specialty of all articles of merit.

DR. WADDELL'S STORY GIVEN IN DETAIL

(Continued from page 3.)

Q. And they are available for the counsel?
A. Yes.
Q. What other bank accounts are kept with relation to the Alberta & Great Waterways and Construction company of which you have knowledge?
A. All the banking has been done late through the Royal Bank.
Q. What bank accounts were kept of which you have knowledge, dealing with the railway company first?
A. Well, there was another bank, but I have forgotten the name of it. We kept a small amount of money deposited there, and then we transferred it to the other bank. The Traders Bank was the name of it.
Q. That is one, then we have the Royal bank. These accounts were in your own name?
A. Yes, all of these accounts were in my own name. The money was given to me to be spent.
Q. I don't want that now. I just want to know if the bank books and accounts are available.
A. Yes, they are all available. They have been checked up of late.
Q. Have the Alberta & Great Waterways railway a bank account so far as you know?
A. No.
Q. Has the Canada West Construction company any account so far as you know?
A. No, the money has all been handed over to me.
Q. And you have handled it?
A. Yes.
Q. So that would afford the information that my learned friends require?
A. Yes.
Mr. Bennett: Your lordship understand I am limiting my examination; I don't want to go into the other matters now, although I have found myself going into other matters.
Q. It was a code like that, I assume? (Shown exhibit 15).
A. Yes.
Re-examination by Mr. Walsh.
Q. Is this code you used in ciphering your telegrams?
A. Yes, that has Mr. Goddard's name in it.
Q. Did you make up these cipher telegrams yourself?
A. No, not as a rule, I made up one and deciphered one.
Q. What one did you make up?
A. I have forgotten. There have been quite a few telegrams sent of late.
Q. To whom was it sent?
A. To Mr. Clarke.
Q. When?
A. Within the last month.
Q. Where?
A. I have forgotten whether it was Montreal or New York, or where it was.
Q. Then you put that message into cipher yourself?
A. One of them, yes.
Q. That one that you refer to?
A. Yes, and I have forgotten which one it was.
Q. Do you know what the number was that you made use of for the purpose of making up that?
A. Yes.
Q. What number?
A. Well, should I tell that?
Mr. Justice Scott: I think so.
Mr. Walsh: I think you are bound to tell it.
A. 2010.
Q. Do you know whether or not that is the same number that is used in all the cipher telegrams that passed between Mr. Clarke and any person representing the company here?
A. As far as I know.
Q. That is the same number by which the message that you received yourself in cipher was decoded?
A. Yes.
Q. Did you add that number or subtract it when sending?
A. When sending, subtract, and when receiving, add.
Q. Did you send any messages to Mr. Clarke or anybody else through any bank?
A. Through any bank?
Q. Yes, any telegrams?
A. I may have sent some in care of a bank to Mr. Clarke.
Q. Did you send any cipher messages to him or to any person representing the company?
A. I think I did.
Q. What code did you use in the transmission of these messages?
A. Well, I sent two of these telegrams, if I remember rightly, to Mr.

McMillan, and he forwarded them, but what code it was, I don't know.
Q. Who is Mr. McMillan?
A. Of the Royal Bank—let me see, I am not sure. I sent two or three messages through the bank, but I don't remember when it was quite a while ago and I think it was the Royal Bank.
Q. Why did you send messages in that way?
A. Well, we didn't have the code then.
Q. When did you first begin to use this Slater code?
A. When I came back about a month ago from the north, I found it in the office; we hadn't a code before that.
Q. Do you know how it came there?
A. No.
Q. Who gave you instructions for its use?
A. I don't know, I knew it was in use when I got back, and I employed it.
Q. Up to that date, when you wanted to send a message in cipher, you sent it through the Royal Bank.
A. It was through one of the banks, and I think it was the Royal Bank.
Q. In instances of this kind, do you know what code was used?
A. No, I do not.
Q. Did you write out the message and ask the bank to put it in cipher and translate it?
A. Yes.
Q. You could not help in the decoding of any message of that kind?
A. No, I believe that every message that we sent out of the office is coded as far as I know.
J. A. McKinnon being examined by Mr. Johnstone testified as follows:

1112 First Street West. Phone: 60 and 1252
In a short time the street cars will be running down 12th Avenue to East
Calgary.

LOTS 14-20 inclusive, block 32, section 15. This is a very desirable business property, and there is erected thereon a large brick factory worth \$7,000. This property will increase in value very materially in the near future. Price \$27,000; \$10,000 cash, balance arranged.

LOTS 34-41 inclusive, block 69, section 16. This is an excellent trackage proposition, on the corner of 11th Avenue and 5th Street west. Price \$27,000; \$9,000 cash, balance 1 and 2 years at 6 per cent., or we will sell the two corner lots for \$8,000 on the same terms. This is a bargain.

LOT 27 in block 7, Plan A3, Calgary. This lot will double in value in a very short time. Adjoining properties held at a much higher figure than this. Price \$1200; half cash, 3 and 6 months.

WE HAVE TO LEASE a very desirable corner on 9th Avenue and 9th Street west; four lots, size 100x120 feet to a lane. This is an ideal spot for a warehouse, and we can give a lease for five years on very reasonable terms.

**A FORTUNE HERE ---
For the Man Who is Quick**

528 ACRES \$200.00 PER ACRE. This is absolutely the very best and cheapest piece of subdividing acreage on the market today. Only three miles from Calgary postoffice. This splendidly located property lies due north of the city, and is known as the "Hay Dairy Farm." Four hundred acres of this lie immediately to the north of La Grange, a road allowance only dividing the two properties. Lots in this subdivision are selling for \$6000 per 25 foot lot, and upwards. Building operations have already commenced and the owners are giving special inducements to those who build good homes. This naturally assures good surroundings. The other 128 acres corners on the subdivision of North Balmoral and consists of a beautiful meadow, every acre of which can be used. Large house and outbuildings are included in this price. Terms 1-3 cash, 1, 2 and 3 years. This property is bound to double in value. Opportunity offers its reward.

MR. CORNWALL MADE A FEW ADMISSIONS

(Continued from page 4.)

Witness did not know whether Bowen returned to the province after November, 1908. He admitted that before Clarke, Minty and Bowen left here they intimated to him they had substantial promises from the government. He heard no mention so far as he could recollect about a plan to organize a new company.

Bennett told of a letter of Bowen to Minty of July 20, 1908, in which the writer said he did not wish the friends in the Athabasca-Scadicate to be thrown down. Bowen said in the letter that there was no doubt they would get from the government what they wanted, but that in the meantime, that is until January 1, they must keep out of the field, and Cornwall said he had no idea what that letter meant.

Justice Beck suggested that it might be a slip of the pen; that Bowen meant that others must keep out of the field, but Justice Harvey said it appeared intelligible to him just as written.

Cornwall then told of having a conversation with Rutherford in Winnipeg, touching railway matters in the north, in December. Bennett told of the letter already mentioned from Minty to Clarke on December 13, 1908, in which Rutherford was alleged to have said that Rutherford took Clarke as a friend in trust, also Cornwall and (Rutherford) looked to Cornwall to keep him out of embarrassment and to keep him (Rutherford) informed as to the progress of the railroad deal.

Cornwall told again about his conversation with Rutherford in Winnipeg. "Well, it looks as if you were going to get a railroad into the North Country," said Rutherford to Cornwall, and Cornwall replied that his friends seemed to be getting along alright.

On the Train Together.
Cornwall admitted Clarke had travelled on the train with him on Cornwall's return from his wedding trip to "Prisco." They arrived at Edmonton January 2. On the trip Clarke told him of having gone to Europe to make financial arrangements for the road.

Witness met Clarke in Chicago, and they came together to Edmonton from that city. Clarke told him of details of his financial arrangements.

Cornwall then told of turning over his interests in the syndicate. He got no money or check in return. He did not think any money was coming to him and did not expect any.

Cornwall admitted that Clarke had promised him the \$45,000 in his steamboats in the summer of 1908. It was long before their trip together from Chicago to Edmonton. Clarke told him he would build the railroad, and if he did he would put the money in the steamboats. Cornwall has not a scratch of a pen to show Clarke has given \$14,500 to Cornwall for his steamboats, and Clarke was to organize a company through his lawyer, Minty, to take over a controlling interest in the company. Witness did not know whether the company had been organized yet. It might be the Canadian West-Construction Co.

In the interests of Truth
Here Woods objected to questions half Woods said it was only in the interest of truth.

"Well, it will be a long time before I see Sidney B. Woods test me in any direction towards getting the truth," retorted Mr. Bennett.

Cornwall said the controlling interest in the company was to be the share of Clarke. Here Justice Harvey explained that as he understood the evidence Clarke was not to buy out Cornwall, but merely to put more capital into a running concern.

Cornwall explained he told Clarke that \$25,000 invested by him would give him control of the business, as the latter was worth not more than about \$27,000. The matter of adjustment of stock was left to the time the company was organized. The company was to be organized when all of the \$25,000 was paid.

Justice Beck asked if the \$25,000 was to go into the pockets of the two, and Cornwall said the money was to be used as he saw fit, the only understanding being that when the company was organized he should turn over a steamboat business worth about \$60,000 to Clarke. It was a private arrangement and could have been adjusted between the two. The money was paid to him in Edmonton. He used part of it to go to Europe to study waterways. He had put about \$5,000 or \$10,000 of it into the steamboats already.

In reply to questions from Bennett, Cornwall told of Cross and himself making arrangements to go together east, of how Cross was unexpectedly detained, and how he was to go to New York alone October 28. He telegraphed back to Edmonton to find Clarke, and found Clarke was not there. Then it developed that Clarke had left Edmonton in that "hurry" special for New York. He admitted seeing Cross, Clarke, McLeod, Fred Lowe and Woods in New York November 4, but he said he saw them

GIVE YOUR STOMACH A CHANCE

To furnish the system the necessary fluids to drive Dyspepsia from the stomach

A Trial Package Free
You should give to your stomach the chemicals it needs to restore tone, vigor and health to the gastric fluids. Food contains all these ingredients so necessary, and when the stomach is in a normal condition it separates these ingredients as it should, and manufactures its own digestive agents, but when it is sick and sore, filled with acids, and alkalies that irritate everything they come in contact with, it does not get at the food as it should, and cannot make its own juices correct.

Science has proven just what is most necessary to the stomach to produce the correct gastric fluids and to make of digestion a natural pleasant duty. Stuart's Dyppepsia Tablets are made as to give the stomach the highest chemical properties to aid digestion. These are made up from pure fruit and vegetable essences, and this is the formula: Hydrastis, Golden Seal, Lactose, Nix, Asperula, Peppermint, the highest quality known, and Jamaica Ginger. Its preparation peculiarly preserves the full strength of these ingredients, so that they exert their most beneficial and capable of digesting food of any character. Forty thousand physicians use and prescribe them. Ask your doctor his opinion of the formula above. Every druggist sells them, price 50 cents per box, or send us your name and address and we will send you a trial package by mail free. Address E. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

In questions not in a bunch. He did not see Minty.

"Minty was probably over to Morgan's," suggested Bennett.

Witness said he did not know what the men were there for. It looked like a reunion. They told him that they had made a front run, and that their nerves were slightly unstrung. He presumed they came in connection with railroad matters. He supposed as Clarke was there it was in connection with Clarke's railroad. He did not discuss the matter with them. He was so glad to see them that he forgot they did not take him into their confidence. He did not see them much after that. He did not learn about Clarke's financial arrangements. He did not know about Clarke's sailing for Europe on the Wednesday following the Monday on which the meeting took place. He said he and Cross had gone to New York principally on account of the election. He expected Clarke to introduce him to some financial men in regard to making projects. He did see Morgan, but would have been glad to go to lunch with him. He said in response to a query from Bennett:

Cornwall said the "men from home" did not divulge their business to him in New York. He knew nothing definite about their business until he met them last night in the legislature. He only knew they had something to do regarding railway matters on the "money street."

He said Cross did not return to Edmonton with him. He admitted having telegraphed from Athabasca Landing December 5 to Clarke in New York to hurry to Edmonton, and Clarke said he would. He said his reason for being anxious to see Clarke was to make financial arrangements regarding his boats.

They met in Edmonton. They left Edmonton separately, meeting at Calgary.

Do You Suffer From Headaches?

There are few people who have never experienced a headache from one cause or another. It effects all ages and both sexes alike, but the female sex is naturally the more effected through the higher nervous development and more delicate organization of the system. Those also who are nervous, temperamental and sedentary occupation are subject to it.

The presence of a headache usually always tells us that there is another disease which, although we may not be aware of it, is still exerting its baneful influence, and pending awaiting an opportunity to assert itself plainly.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we are sure it will do for you what it has done for thousands of others.

Mr. John Connors, Headache + writes: "I have been + and troubled with headache and constipation + Cured. + for a long time. After + trying different doctor's medicine a friend asked me to try Burdock Blood Bitters. I find I am completely cured after having taken them for a few days. I can safely recommend it to all."

For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

THERE IS MONEY In this House for the buyer

pass your home every day? Nearly every one of them look at your house as they pass. Do not let the home with a few pretty Flowering Plants in the Window always give you the best impression of the home you see? It is not much trouble to grow Window Plants in Calgary, especially if you get your plants from my greenhouse, as our flowering plants are all grown in the same temperature as most people keep their homes.

I have the best assortment of Window Plants ever grown in Western Canada, which I am selling at very low prices this spring.

Call and select the ones you like best and we will deliver them to you any place in the city, or express them to you safely if you send the order from any place in Alberta.
