Montreal Stock Market.

STRONG STIFF MARKET BUT NO GENERAL MOVEMENT — MONTREAL-LONDON ACTIVE.

Transactions to-day were numerous, especially in Montreal-London, and were soon broadcast over eighteen stocks in all. The prices, some of which were higher gave to the market firmness and even stiffness, and initiated the tone which will perhaps prevail in it till the more active season arrives. There is no lack of people wishing to invest and holders of stock are willing to sell if only the prices offered are high enough. Yet there is wanting sufficient impulse to bring investors and holders together. The generally accepted belief that higher valuations in keeping with greater prosperity every way are not very far off, keeps stockholders from selling. Twin City and Merchants Cotton were selling ex-div. to-day; Canadian Pacific lower fractionally in London was lower fractionally also here, but the higher or lower price of the other securities were nothing more than the incidental and accidental variations of the Room.

Canadian Pacific sold at $\frac{1}{4}$ to $\frac{3}{8}$ lower. This 97 $\frac{1}{2}$ was also the seller's price at the close; 97 $\frac{3}{4}$ being the offer.

Commercial Cable advanced 1 on a small transaction. Bid 184, demand 187 $\frac{1}{2}$

Montreal Street, $\frac{1}{2}$ higher now registering 328, wanted 323 $\frac{1}{2}$, offered 323.

Toronto Railway $\frac{1}{2}$ advance on Friday, 116 $\frac{1}{2}$ being the price at which 225 shares were sold. This was the seller's final price, the offer being 116 $\frac{3}{4}$.

Twin City lower 1 $\frac{1}{2}$ being ex-div., 64 $\frac{1}{2}$ was also asked at closing, 64 $\frac{3}{4}$ being offered.

Royal Electric advanced 1 $\frac{1}{2}$ to 178, at which price 25 shares were sold. 179 was the final demand and 178 the offer.

Dominion Cotton advanced $\frac{1}{4}$, selling at 108 $\frac{1}{2}$. Buyers offered 108 while sellers held out for the price actually paid.

Richelieu & Ontario sold at $\frac{3}{8}$ higher, reaching 111 $\frac{1}{2}$. Buyers would have paid 111 $\frac{1}{2}$ but sellers held out for 112 $\frac{1}{2}$.

Republic advanced about 1 point, selling at 124 and 124 $\frac{1}{2}$. More wanted even at the latter price but buyers demanded 125.

Montreal-London sold at least 2 higher in the final transaction of eight recorded. There is nothing to account for this higher price and more voluminous business other than that a slight demand sprung up which holders of this stock were not over willing to gratify. The highest price 48 would have been paid for more but the demand was for 50.

Payne fell off 4 $\frac{1}{2}$. No reason except that the desire to sell in this case was greater than the desire to buy. 135 was offered for more but the demand rose to 140.

Duluth Com.—Sold $\frac{1}{2}$ lower at 5 $\frac{1}{2}$ 5 $\frac{1}{2}$ and 4 $\frac{7}{8}$ were the demand and offer.

Halifax Heat and Light changed hands to the amount of 100 shares at 1 advance on last Thursday's price. A still further advance of 1 up to 26 was offered but the demand rose to 28.

Halifax Heat & Light Bonds—Closing offer 75 against demand 85.

Bank of Montreal at same price 265. And offer of 262 was made but no shares were for sale.

Merchant's Cotton sold ex-div. at 7 which is 6 points lower than July 14.

Montreal Cotton, 6 points higher than 1 sale last week. More would have been taken at this figure 160, but demand was for 162.

Merchants Bank advanced one point to 170. 169 $\frac{1}{2}$ was offered for more and the demand was for 172.

STRAWS.

Dear Park has resumed work.

Slocan Star has been sold to Jaffray, Cox & Co. of Toronto.

From January 1 to July 29 the Slocan mines shipped tons of ore as follows: Payne 5,271, Last Chance 2,245, Slocan Star 548, Sapphire 33, Coin 12, Ajax 40, Sovereign 20, Reco 180, Ivanhoe 119, Treasure Vault 112, Trade Dollar 50, Liberty Hall 3, Wonderful 27, Madison 15, Queen Bess 1,180, Idaho Mines 660, Wild Goose 15, Monitor 260, Whitewater 1,183, Jackson 507, Bell 130, Wellington 11, Antoine 45, Rambler 352, Dardanelles 100, Great Western 48, Bosun 540, Marion 20, Capella 3, Fidelity 3, Vancouver 320, Wakefield 580, Emily Edith 60, Comstock 120, Noonday 240, Enterprise 600, Tamarac 20. Total of tons shipped 15,920.

Dominion Coal to the amount of 53,600 tons, was the shipment for first week of August, an increase of 14,000 on last year. Since Jan. 1, 671,483 tons, an increase of 321,406 tons.

The Erie Telephone Company, by having purchased last year 7,000,000 lbs. of copper wire at 13 1-2 cents, has saved about \$1,000,000 in its present extension work.

On account of Klondyke gold received at the coast, the Sub Treasury, New York, paid out \$500,000 on Wednesday.

MONTREAL-LONDON THE FEATURE

—STOCKS GENERALLY STEADY—
GOLDEN STAR NEGLECTED —
MORRISON CLOSES 15 BID.

The same features were this morning as have obtained for the past ten days. A decidedly steady, no to say firm, feeling prevails. The disposition of operators is to buy the dividend payers, but there being no pressure to sell, but small quantities can be obtained without unduly advancing prices. There are still some good cheap stocks around, and such stocks as Montreal Gold Fields, Big Three and California offer fair chances for investment. The medium shares, such as Golden Star, Virtue and Fern, are also attractive.

Montreal-London was the banner stock of the day, though it did not sell over 45 1/2 more would be paid had there been offerings. It sold up to 48 on the Montreal Stock Exchange.

Republic was wanted, but none was offering under 126, which price was beyond the views of buyers.

Morrison sold at 14, but 15 was bid at the close and none was offered under 17 1/2. We hear nothing special on this stock, the advance being established by the fact that a few buying orders made their appearance.

The rest of the best was in scattered sales at unchanged prices, in Slocan, California, Montreal Gold Fields and Big Three.

NEW YORK EXCHANGE.

FRENCH TRAGEDY WITHOUT INFLUENCE ON THE MARKET—COAL AND IRON WITH TOBACCO ARE THE MOST ACTIVE.

New York, August 14.

Opening of the market was still influenced by the favorable Bank Statement of Saturday, and no importance at all was attached to the attempted assassination of M. Laborie, the news of which had apparently a disquieting effect abroad.

Commission Houses were fairly large buyers and the traders were inclined to adopt the bull side. The first half hour's trading, however, disclosed the fact that there was considerable liquidation by the buyers of last week. The tendency of the market was decidedly irregular.

Many of the specialties were strong, notably T.C.I., in which it was said that a short interest estimated variously at from 50,000, has been forced to cover. Out of this particular short interest there has been a good scattering short interest among Commission Houses. In fact for the past two months it has been one of the few stocks which has been in demand in the loan crowd. Until the stock crossed 90 there seemed to be no large blocks of stock for sale.

A. M. T. showed increased activity, one prominent Broadway house, which was a seller at considerably lower prices, became a notable buyer. A considerable block of stock was met at 117, but was well taken by the house referred to.

The Grangers were somewhat neglected owing to indifferent reports of the condition of the spring wheat crop from the Dakotas where harvesting has been begun, and according to some reports there are indications that the yield will be deficient in quantity.

Flower & Co. attracted considerable outside buying which was immediately followed by the publication of a despatch from Chicago stating that a div. will soon be declared on the Manhattan Oil Co.'s stock, and that there was some reason to believe that the Chicago Gas Co. and the Chicago Edison would in the future be more active than at present.

MONEY.

While there is a tightness both of gold and currency in New York and the East, the West appears well supplied with gold but lacking in paper for counter uses. Hence rates in the East have risen, but in the West have fallen. One Cincinnati bank attempting to advance rates there in keeping with Eastern markets, and calling loans for rates had them immediately paid, the loans having been shifted to another bank at 2½ p.c. Several Cincinnati banks have loaned money in New York. Chicago banks have done the same, one wiring its agent to put half a million, and another twice as much.

Money is said to be more plentiful at St. Paul, St. Louis, and Kansas City, than it ever was before. But currency is so scarce that bankers, though becoming reconciled to gold as a circulating medium, have preferred carrying clearing house checks to collecting them in gold, which is all the indebted banks are able to give. A proposal has even been made that gold be put up in sealed bags, the bag whose seal is affixed being responsible for the amount and character of the coin they contain. The same want of currency exists in the East but will be remedied, however, if Secretary Gage's plan be put in practice, of substituting the gold certificates he issued for greenbacks and treasury notes, now in bank reserves, and sending these to the treasury get them broken up into small bills.

COPPER.

Copper propositions in Canada have great inducement to get themselves developed speedily into ore producers. Buyers cannot find lake in the market at 18½c but are willing to take all the mines can furnish. Representatives of foreign copper houses are on hand trying to buy up both spot and futures. Outside of America the supply of it is so altogether inadequate to the demand that 20c is a probable price before the end of the year. It agrees with this urgent demand and high price for copper, that the Amalgamated Copper Co. is reported as endeavoring to secure control of as many of the valuable copper mines as possible.

**MR. MINER BANQUETED AT
GRAND FORKS.**

The Rossland Miner has a report of the banquet given at Grand Forks by the Board of Trade, to Mr. S. H. C. Miner, and other directors and members of the Granby Consolidated Mining and Smelting Company. The Miner says:

"Mr. Miner delivered the speech of the evening. He will long be remembered here as the Canadian Chauncey Depew. His style is at once refined, graceful and polished. His active mind seemed to have a clear grasp of every subject he discussed. He rose to a high flight of eloquence when he exhorted Canadians to faithfully work out the grand destiny of a young but vigorous nation. At the outset he observed that looking at the smiling faces of the company he could not fail to be impressed with the display of hope, courage and strength of character visible on every side. Everybody seemed determined to do or die. When visiting the Boundary, a year ago, with Mr. Graves, he had sized up in a crude way the possibilities hanging on every limb. After returning home a new task devolved upon him. He set to work to complete the organization of various western enterprises in a manner satisfactory to his various associates as well as to the people of the Kettle River valley. He could safely congratulate the people of Grand Forks in asserting that the citizens of Grand Forks were not beholden to any corporation. He, however, did not wish it to be understood that the smelter company was an octopus. The reduction works were located here purely as a business enterprise. His associates at the same time appreciated the liberal favors or donations granted by Grand Forks. During their stay here they had not only formed enduring friendship, but had experiences of genuine affection. This sentiment he desired on behalf of himself and fellow shareholders to return tenfold. Personally he was desirous of becoming a voter, and had qualified by purchasing a lot. It was his intention to advise others to do likewise. Mr. Farwell had gone one better in securing seven lots. In his judgment, Grand Forks occupied an ideal situation in the Boundary county.
