Gen. Sir Arthur Currie

My Dear Sir

I am going to thank you through a little late for your kind considerate letter re my son Harry while in France and glad to advise you that he returned home safe and with honours. Now I have a business request to make for myself my financial condition is not good, partly an act of war conditions which I had no control off I had started three business buildings here Spring 1914 and instead of my now being able to live in California from proceeds of said buildings they broke down and I am ashamed to tell you that I was forced by certain traitors to go through the insolvent court. I was discharged legally of all obligations. I thanked the court, but told the judge my moral obligations to those who had treated me here would be paid in full, he said he hoped I would, and he was giving me a chance to do so. and I am moving right now for anyone who knows me intimately will tell you I am a rustler and having the best of health will soon catch up.

Edmonton

Have been engaged in farming more of ~~land~~ ^{Edmonton} ever since
 I have been there, and a thorough stock man.
 I have an Equite in 40 acres close to this city
 improved with good farm buildings. I know Hogs
 from A to Z, and I wish to feed Hogs at above named
 Place for the market. I am able to get a car load of
 Stock Hogs shipped from Ed Stock Yds to my Place
 for 8⁰⁰. I also have contract with Swift Canadian Co
 Creamery here for 300 gal of buttermilk every day
 at 1⁰⁰ per gal cost of delivery 1/2⁰⁰ I can buy Grain
 for Hog feed cheaper than I can grow it.
 Now I need a credit at the Bank of Montreal
 of 12 to 15 thousand to complete and carry on
 my business as here stated. The Bank would
 have first lien on Stock and full report from me every
 30 days. I have carried small account with this
 Bank for some time. They are fine people but not
 able to give me the accommodations I require without
 further authority, and money is so tight here I cannot
 arrange privately.

Very respectfully yours

Dear Miss Beatty:-

Your letter of January 14th addressed to General Currie has come to me, although I cannot think that I am the one to whom you addressed it, because I was never treated at the Ministry of Munitions Hotel Metropole. I am the General Currie who commanded the Canadian Corps and the only other General Currie I know commanded our Heavy Artillery for a time.

I did not know Mrs. Cowan's eldest son and I am sorry to learn of the loss suffered by her during the war. I am afraid that there is nothing I can do to help her third son receive a position. There is a great deal of unemployment in Canada and one is daily besieged by returned soldiers for financial help and for help in getting positions.

You say that Mrs. Cowan's grant from the Government is far from being the full amount. I am quite sure there is some mistake about this. The pensions granted by the Canadian Government are higher than those granted by any other of the Allied nations. I would be very glad to take the matter up with the Department of Pensions at Ottawa, but before doing so I would have to know Mr. Cowan's full name and his regimental number. You say that the Mr. Cowan who is out of employment served in my battalion. It so happens that I did not command a battalion at the front. If you will give me the name,

A. J. Beatty

- 2 -

the regimental number and the unit of the one who fell I shall be very glad to look into the matter of pension due his mother. On receipt of that information I shall take up the question of the war medals. I know that a great many of these are not yet distributed. In fact it was only within the last couple of months that I received mine.

You speak of this boy's effects. It is nearly six years since Vimy now and I would rather imagine it would be difficult to get any information regarding his effects.

I am sorry that you, personally, have not fully recovered from the long hours, strain and hard work of the war.

Please assure Mrs. Cowan that I shall be only too happy to look into the matter of pension and the medals when I have complete information.

Yours faithfully,

Principal.

General Currie,

Dear Sir,

Pardon my writing you - You
may just remember me as the trained
Departmental Nurse at the Ministry of
Pensions - Hotel Metropole - London
Miss Beatty.

I have a nurse friend Mrs Cowan whose
name I forgot - her eldest son was
in your Battalion and was killed in
Vimy Ridge - she was early left a widow
with three boys whom she had to bring
up and educate upon her earnings as
a nurse - The war took the one - the
second is a partial invalid nurse

Same tragedy - but with no grant from
The Imperial government, and the third
son has been obliged to leave College where
he had hoped to remain to take his de-
gree and become a Certificate School Master
to look after his mother - he has failed
to obtain any appointment and has
been out of employment since last April
by necessity dependent upon the grants
given by the Canadian government - which
I gather from the office of the Canadian
Commissioner is far from being the full
amount - The gentleman at the office was
extremely sympathetic - and well as he
promised to do what he can in placing any
appointment that offers let Mr. Cowan
try for it - He himself was also in your
Battalion - and at the battle where Mr. Cowan
fell - I am writing mainly to ask if you
could use your influence here to help
him (Mr. George Cowan the brother) to some
means of livelihood - The mother says

There are also some War Medals due to
her hero son which have not been sent to
her which she would be proud to have
and value - also the family do not know
what or whether his effects his effects
have been investigated - I mentioned I
had attended General Currie for an
accident to his hand at the Ministry
of Munition and I was asked to write
to you - I shall do what lies in my power
for the hero - in spite of the fact that
the Ministry treated me also badly.
and owes me a £ balance I could not
find time to give first aid talks lectures
to the Staff - how could I with all the
patients who crowded that Casualty
Station with no doctors in attendance
and no other qualified nurses, I assist
me - I have been ill practically ever
since the War with its long hours and
over work and out for air raids here

at night I am after my work all day.
I think I ought to have been made
a D.S.M.S. of the Empire - Don't you?
I hope you will spare a minute to write
and that your hand is quite normal

Dear Mr. Bessonette:-

10th March, 1923.

My dear Sir Arthur,-

I have yours of the 20th February last regarding Lieutenant R.V.C. Bessonette, R.C.E., and have had his case investigated.

I find that this officer's experience in the ranks was that of an Engineer Clerk, and that he has all the good points you mention, but that his age, the fact that he is not a qualified Engineer and the improbability of his ever being promoted render it advisable in the interests of the Service that he should be retired and replaced by, if possible, an R.M.C. graduate who would be properly equipped, in so far as education and age are concerned, for the rank.

We have two other men such as Bessonette in the Corps, and it is proposed to retire all three for the above reasons. One of them, in fact, has a better claim to remain on than Bessonette, as he was a foreman of works, but I think you will agree with me that young subalterns from the R.M.C., who have the necessary education, would be preferable to these old soldiers, however worthy.

With kindest regards,

My dear Mr. Bessonette:-

I am this morning in receipt
of your letter of February 12th, with enclosure.

I shall write to Ottawa to-day and
state what I can in your favour. To me it seems a
strange proceeding that you should be let out of
the service at the age of 45. You ought to be able
to give the very best kind of service for the next
ten or fifteen years. I shall say everything I can,
Mr. Bessonette, though I find Governments very
arbitrary and not always amenable to reason.

My dear MacB.:-

I learn from Victoria that Lieutenant
R.V.C. Bessonette, R.C.E., is being retired on the
30th of June next.

The Department has probably good and
sufficient reasons for this action, though it does not
follow the lines which would pertain in a business
organization. Bessonette is only 46 years of age. I
have known him for many years. He is a particularly
high type of man, although he served in the ranks of
the Royal Engineers. He is well educated, capable,
honourable, loyal and efficient. It seems to me that
such a man ought to be of value to the service for
another ten years. As he holds only Lieutenant's rank
the cost of his retention is very much less than the
ordinary officer at 46 years of age, though I do not
mean to say that his military education is on a par with
that of the ordinary officer of his age.

With all good wishes, I am,

Yours faithfully,

GARRISON OFFICERS MESS

Dear General Currie,

May I take the liberty of asking you to read the attached. A letter from H.Q. Ottawa states that I am to be discharged under the age limit (45 for Lieutenants) and the enclosed is my protest against the unfairness of this procedure.

As you know it was not my fault that I could not get overseas in 1914 (without deserting) and if I had gone in 1915, Colonel Russell a young soldier with his career ahead of him certainly would not have got away.

General Ross has forwarded my protest to Ottawa with the strongest recommendations for my retention and if you could see your way clear to put in a word for me with someone in authority I am sure it would be of the greatest assistance.

I have always done my level
best to make things run
smoothly and it seems very unfair
that I should be discharged upon
a technicality which can be remedied
at no expense to the Public.

Russell goes to Toronto and Lawrence
relieves him here.

Yours, Sir,
Very Sincerely,

Retirement.
Lieutenant R.V.C. Bessonette, R.C.E.

Sir,

In connection with H.Q. Letter of 24th ultimo, on the marginally noted subject, I have the honour to request that the question of my retirement on the 30th June next under Para. 267 K.R. and O. Canada, 1917, may be reconsidered as a special case on account of the exceptional circumstances.

My Record of Service is as follows:-
Enlisted in Royal Engineers 31-8-1897.
Transferred from R.E. to R.C.E. on transfer of Esquimalt Garrison. 14-5-1906
(with the distinct guarantee that all rights and privileges would be specially protected by the Canadian Government)
Promoted Warrant Officer (Superintending Clerk) 1-8-1913.
Promoted Hon. Lieut. and Quartermaster, C.M. 31-8-1917.
Appointed Lieutenant, R.C.E. (On Reconstitution) 1-4-1919.

My present age is 46 years and on the 30th June next I shall have completed 25 years, 10 months service.

I beg to point out that, in the ordinary course, I would have been promoted and given the appointment of Hon. Lieut. and Quartermaster, R.C.E., which was all I expected on the Reconstitution of the Corps. Having, however, received the rank of Lieutenant, R.C.E., and being placed on the Regimental List, I prepared for and passed the examination for promotion to the rank of Captain in subjects (ai), (bi) (bii) (biii) (biiii) and proposed to qualify in subject (f) this Spring and Summer when the present series of lectures, now being carried out during the winter months, was completed.

In view of the above, I respectfully submit that that I am at a great disadvantage in having accepted the rank of Lieutenant, as, if I am to be retired after six years commissioned rank it would have been more to my advantage to have remained a Warrant Officer as I then would have had prospects of promotion to Lieutenant and Quartermaster and been enabled to serve until 55 years of age, either as a Warrant or Commissioned Officer.

If my proposed retirement is to take place as stated, I do not consider that, in my case, the conditions of H.Q. Letter 856-2-1 dated 20-9-05, under which Imperial troops were taken over at the transfer of Esquimalt Garrison, are being adhered to, as a number of my contemporaries, prior to transfer are now Lieutenants and Quartermasters in the Royal Engineers, with the privilege of remaining in the Service until 55 years of age.

I therefore again beg to request that my case may be reconsidered and that on account of the exceptional circumstances noted above I may be permitted to continue in the Service in my present appointment until I reach the age of fifty years, or, failing this, that I may receive the appointment of Quartermaster, R.C.E.

I have the honour to be, Sir,
Your obedient servant.

Unfortunately, the boy became eighteen years of age on the 28th of June last, so according to the regulations, he cannot be discharged because of his being under eighteen. Under the regulations he will have to serve until the 29th of November next, and being in the Canal Zone may be discharged on payment of \$150.00, and I am afraid the poor woman has no money. I am sending for her and will not trouble you further about the matter.

Dear General Currie:

I am pleased to acknowledge receipt of your letter of July 13, 1923, relative to the request of Mr. F. W. Harcourt, Toronto, for the discharge of Private William M. Bickerstaff, 63rd Squadron, France Field, C.Z., it being stated that he enlisted at the age of seventeen and that his mother is in great distress concerning his enlistment.

If this soldier has not yet attained the age of eighteen and his discharge is desired on the grounds of minority, your attention is invited to paragraph 1 of the enclosed memorandum, which sets forth the evidence necessary to submit in order to establish the age of the soldier.

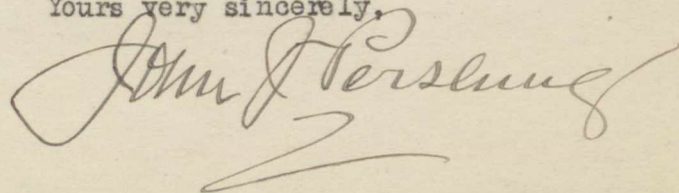

If Private Bickerstaff is over eighteen years of age, there appears to be no authority for his discharge at this time, in his own interest or that of his family, unless his case comes within the provisions of paragraph 2 of the above mentioned memorandum.

Your attention is invited to the fact that an enlisted man may purchase his discharge, if he so desires, upon completion of one year of actual military service, under the conditions outlined in the enclosed memorandum relative to discharge by purchase. The records show Private Bickerstaff enlisted on November 29, 1922.

As you are interested in this case, I hope it may fall under one of the above categories. If not, and you wish further to follow it up, I will do what I can to comply with your wishes.

in this letter.

I received a communication from an old friend, Mr. F. W. Harcourt, a member of the firm of Osler, Hoskin & Harcourt, Solicitors, Toronto. Mr. Harcourt is the official guardian and has charge of the affairs of the Bickerstaff estate. It seems that William Bickerstaff, then aged 17, went from Toronto to the United States in June 1922 to look for employment, which ended in his enlistment in the 63rd Service Squadron, Francisco Canal Zone, Panama. Mr. Harcourt thinks the date of the enlistment was October or November 1922. His mother, Mrs. Bickerstaff is in great distress concerning the boy's enlistment and desires to have him discharged and returned to Toronto. Will you please have some officer on your staff tell me if it is possible for Mr. Bickerstaff to be discharged and if so, under what conditions.

My dear Sir Arthur:

William Bickerstaff, then aged seventeen, went from Toronto to the United States in June 1922 to look for employment, which ended in his enlistment in 63rd Service Squadron, Francefield Canal Zone, Panama. I think the date of his enlistment was October or November of that year. In my capacity as Official Guardian ad litem I have had charge of the affairs of the Bickerstaff estate. His mother, Mrs. Edith Bickerstaff, is in great distress over it and importunes me to do something to have the boy discharged and returned to Toronto. I believe he was a plumber's apprentice, or something of that sort. I wrote to General Mewburn about it and he was kind enough, and probably rash enough, to say that you were a personal friend of General Pershing and that you would be kind enough to help a widow in distress.

I apologize for troubling you, but I don't know what else to do. May I have the pleasure of hearing from you about the matter?

Let me acknowledge receipt
of your letter of July 11th with reference to
William Bickerstaff.

I am to-day writing to General
Pershing giving him a statement of the case and
asking him if there is any possibility of
Bickerstaff being discharged and under what
conditions. On General Pershing's reply I shall
communicate with you further.

With all good wishes, I am,

Yours faithfully,

July 13th, 1923.

Personal.

General John J. Pershing,
General of the Armies,
Washington, D.C.

My dear General Pershing:-

Forgive me for troubling
you about so small a matter as the request contained
in this letter.

I received a communication from an old
friend, Mr. F. W. Harcourt, a member of the firm of
Osler, Hoskin & Harcourt, Solicitors, Toronto. Mr.
Harcourt is the official guardian and has charge of
the affairs of the Bickerstaff estate. It seems that
William Bickerstaff, then aged 17, went from Toronto
to the United States in June 1922 to look for employ-
ment, which ended in his enlistment in the 63rd Service
Squadron, Francisco Canal Zone, Panama. Mr. Harcourt
thinks the date of the enlistment was October or
November 1922. His mother, Mrs. Bickerstaff is in
great distress concerning the boy's enlistment and
desires to have him discharged and returned to Toronto.
Will you please have some officer on your staff tell
me if it is possible for Mr. Bickerstaff to be dis-
charged and if so, under what conditions.

With kindest personal wishes, I am,

Yours faithfully,

My dear Sir Arthur:

William Bickerstaff, then aged seventeen, went from Toronto to the United States in June 1922 to look for employment, which ended in his enlistment in 63rd Service Squadron, Francefield Canal Zone, Panama. I think the date of his enlistment was October or November of that year. In my capacity as Official Guardian ad litem I have had charge of the affairs of the Bickerstaff estate. His mother, Mrs. Edith Bickerstaff, is in great distress over it and importunes me to do something to have the boy discharged and returned to Toronto. I believe he was a plumber's apprentice, or something of that sort. I wrote to General Mewburn about it and he was kind enough, and probably rash enough, to say that you were a personal friend of General Pershing and that you would be kind enough to help a widow in distress.

I apologize for troubling you, but I don't know what else to do. May I have the pleasure of hearing from you about the matter?

Believe me,

Sincerely yours,

W. W. Harcourt
Official guardian.

Dear Sir and Brother:-

I have now heard from the
Department of Militia & Defence at Ottawa, with
whom I took up your case after the receipt of
your letter of November 29th.

I may say that in writing to them
I asked specially that a certain officer give his
attention to the case, because I knew that this
officer was exceedingly sympathetic to all claims
put forward by men who served overseas. Let me
quote from his letter:-

" Dear Sir Arthur,-

I have had a thorough
"investigation made into the account of
"the marginally named, and I find that
"he has been very generously treated in
"that a special recommendation was made
"to pay him the rates of pay and allowances

"the period he was in attendance at the
"Cadet Course.

" The ruling he speaks of regarding
"Acting Sergeants did not go into effect
"until a year or more after he proceeded
"on Course.

" I note that he states that he is
"now drawing Sergeant's pay in the Depart-
"ment of Soldiers' Civil Re-Establishment,
"and think that it would be just as well
"if he would not bring this forward
"officially as this information would then

"have to be forwarded to that Department."

I gather from the above that there is nothing further that can be done. I am sorry that the case could not be settled in accordance with your wishes.

I am also sorry that you have been so long in Hospital, and I hope that soon you will be restored to your former good health.

Sir Arthur Currie,

Dear Sir and Bro.,

I realize you have many calls upon your time but as we both belong to Number 2 Vancouver and Quadra I am writing to ask your kind consideration regarding an adjustment I wish to make with the Military Authorities.

On attached sheets I have stated all details of my case and by perusal of same I feel you will agree with me that I have a just claim of 730 days at 40¢ per day making a total claim of \$292.00.

As it is difficult for me to get prompt response from Ottawa I have taken the liberty of placing my case before you. I have been under Hospital treatment for so long a period that it is with great difficulty that I am able to carry on any correspondence

I feel that with the assistance of your personal interest in my case the Military Authorities will give same their prompt attention and that it will hasten a settlement.

I wish to heartily assure you of my gratitude for any influence you may be able to exert in my favor.

Yours fraternally,

C. L. Brass.

FACTS OF THE CASE RELATING
TO THE CLAIM OF C. L. BRASS
WARD 7, SHAUGHNESSY HOSPITAL.
Vancouver, B. C.

Enlisted in Vancouver with the 11th C. M. R as a provisional sergeant. Entered Number 4 R. F. A. Cadet School, June 22nd 1917, with rank of provisional Sergeant, November 1917 was taken ill and have ever since been in the Hospital with the Military Authorities and the S.C.R.

For some unexplainable reason I have not received full Sergeant's pay that I am entitled to covering the two years period from the 5th of November 1917 to the 25th of November 1919, the date of my discharge. On August, 1920 I received \$62.80 being balance due me as Sergeant's pay up to the 25th of November 1917.

I cannot understand why the pay department should adjust my claim up to that date and not in full for the balance of the term of my services which is two years longer. The date of my discharge to the S.C.R being the 25th of November 1919. My check instead of being \$62.80 should have covered an additional 730 days at 40 ¢ per day makes a total still due me of \$292.00.

The following are the full details of the case.

Reversion was never shown in my pay book and I was never at any time advised of such. As I was about to leave England my L. P. C. was not in order and upon refusing to sign it I was informed that I would be unable to leave England until I did sign and was advised that the matter would be properly adjusted in Canada, under the circumstances I signed, but under protest.

Notice of reversion ~~was~~ from the rank of Sergeant was entirely out of order and does not apply in my case as I entered Number 4 R.F.A. Cadet School, June 22nd 1917. Brighton. The order effecting standing of Cadets is that he be paid at the rate according to his rank upon entering the Cadet School in my case I was entered as a Sergeant. You will also be aware of Routine Order 4937 issued November. 1918 covering my specific case and which reads. "That all Cadets of lower rank than sergeants nominated as candidates for commissions will be granted the acting rank of Sergeant with pay from the date fixed for the commencement of their training course whether in a Canadian or Imperial School!"

Further, I have never received one cent from the Military Authorities for my outfit and clothing allowance whereas the other Cadets who were discharged at the time of the Armistice received £20. I have worn officer's uniform

continuously from the 22nd of June 1917.

These same Cadets (a large number of whom entered the Cadet School as privates, whereas I entered as a Sergeant) were paid sergeant's pay right up to the date of their discharge in Canada. In some cases this was many months after they had left the Cadet Schools. Whereas I have been allowed Sergeant's pay only up to the time of leaving the School.

At the present time as a patient under the S.C.R I am now drawing Sergeants pay and my discharge certificate dated November 25th 1919 shows I am entitled to Sergeants pay.

I will state that my wife has been receiving a \$20.00 allowance which should not be the case owing to my repeated and distinct objections to such.

CLAIM P-2407

Dear Sir:

We beg to acknowledge receipt of your letter of April 16th in reference to the application of the above mentioned lady for assistance under the Mothers' Pensions Act and we regret that this is a case where the Board have no discretionary power. A clause in the Act stipulates that an applicant, in order to be eligible, must be a British subject and as you are no doubt aware a woman assumes the nationality of her husband at the time of marriage. When Mrs. Brinkman's application was received we made every endeavor to obtain information as to whether Mr. Brinkman became a British subject but the Secretary of State at Ottawa informs us that there is no record in his Department of Brinkman ever having made an application for citizenship.

Another feature of Mrs. Brinkman's case is the fact that she has eight children over sixteen years of age and two under sixteen, aged fifteen and eleven. With all these children over sixteen it is hard to understand why Mrs. Brinkman should be in very distressing circumstances.

Yours truly,

To General Currie

Dear Sir:-

Having applied for the Mother's pension, and they have turned me down, on what they call a just cause, they say I am not eligible person, my husband has been in this country since 1888 and has always taking interest in it, and its surroundings, as you know he has served in the 5th Regiment on two different occasions with Mr. R. H. Pooley, Major Mulcahy under yourself, and was also the

first man to volunteer for the South African War, and has also been connected with the boy scouts, since the first boy scout movement, and he has always had a vote, and I have also had three boys in the great War, and still they tell me I am not eligible person for the pension, I still have two children under age, one of 14 years and the other only 10 years old, and only one boy of 18 years old to help me, and his wages is only \$15.00 a week in Armonds biscuit factory, Major Mulcahy has advised me to write

Dear Mrs. Brinkman:-

I am in receipt of your letter of March 15th in which you ask me to help you get a Mother's Pension. I shall do what I can but I am so far away from Vancouver that I am afraid my influence will not be nearly so great as that of men on the spot.

I remember your husband very well indeed when he was a member of the Old Fifth Regiment and also when he was an officer of the B.C. Electric Railway Company and I was not aware that you had lost him and I offer you my sincerest sympathy. I know that he was a good citizen of Victoria and a good citizen of Canada. I also know that your sons were accepted for service in the late war and I was under the impression that your husband had also served.

I am writing to General Odium in Vancouver to take up your case with the Department and I most sincerely hope results favourable to you will follow.

As requested I am returning herewith the letter from the Mothers' Assistance Department.

My dear Odlum:-

I am forwarding with this letter a copy of a letter which I have received from Mrs. Mary Brinkman of Victoria and also one which she has received from the Mothers' Assistance Department. Both letters are self-explanatory.

I remember Brinkman very well as a member of the 5th Regiment in which I served from gunner to colonel and I think he was a member during all that time. He was motorneer of the B.C. Electric Railway and I knew him very well in that capacity. He was a decent hard-working man and a good citizen generally. I remember that he also took great interest in the Boy Scout movement, something which Mrs. Brinkman mentions. I was under the impression that he himself had served in some capacity in the late war, although he must have been getting along pretty well in years when it broke out. From Mrs. Brinkman's letter you will note that three of her sons served in the war.

Brinkman apparently was a German and had never been naturalized, though he always had a vote. It seems to me that on compassionate grounds the Mothers' Assistance Department might very well give favourable consideration to her case. Will you please, for my sake and for her's, see what you can do.

With all good wishes, I am,

With reference to its contents,

on the strength of some unit. From your letter I
conclude that as you were ordered to report to the

in the orders of the 12th Bn. that you were taken on

My Dear Sir.

On a previous occasion I wrote to you regarding the matter of War Trophies for the Town of Glenora Manitoba. In response they received 2 nice big Guns, for which I have every reason to be grateful to you. This letter will repeat a similar request on behalf of the Rathwell Girls Khaki Club of Rathwell Man. whom are also erecting a monument to the memory of their fallen heroes.

These Girls are a wonderful little organization and have done much to lend very valuable assistance to the great cause they have asked me to write you about these Guns. What they want is a pair of German machine Guns to place in position on either side of the monument.

In this matter they would deem it a great honour if you would again use

your influence on their behalf in
their endeavor to secure these Trophies
I would say, the Girls are certainly
worthy of such support - and it will
be a great pleasure to me to know
they had received their compliment.

In response to previous request, I
beg to tender you my humble thanks
for your kind consideration in the
matter, and I trust - I may hear of
some pleasing results favoring the Girls

Dear General

I trust you will forgive the liberty I am taking in writing to you but circumstances compel me to do so.

I am the wife of a Sergeant in the British Army now serving with the "Green Howards," in Dover, Kent, England; and am anxious to have your advice as to the best course to pursue under existing circumstances.

If you would be kind enough to favour me with an interview within the next day or two I shall be greatly obliged.

Again apologising for the liberty I am taking.

I am, dear General,
Yours truly
W. Higgins

Dear Mrs. Hunter:-

You will remember that some time ago I wrote to you saying that I would seek information from the Imperial War Graves Commission in France and Flanders regarding the grave of your son, Sergeant Robert Hunter, 16th Canadian Scottish.

I am now in receipt of a letter from Colonel Goodlands saying that they are unable to locate definitely the grave, but that there is being erected in the Railway Dugouts Burial Ground (Transport Farm) a Cross to the memory of the N.C.Os and men of the 16th Canadian Scottish. He is applying to the proper authorities to have the name of your son added to this Cross.

I am very sorry not to have been able to get for you more definite information.

My dear General,

I was very glad to get your letter of the 1st of March, but am sorry that I cannot give you any definite news regarding your inquiry as to the grave of Sergt. Hunter.

I attach copies of the correspondence regarding this case, and I think I should be quite within the mark in asking London for authority to add the name of Sergt. Hunter to this Cross that is erected in Railway Dugouts Burial Ground (Transport Farm), to the memory of N.C.O.'s and men of the 16th Canadians. I will do this and have no doubt that they will accede to my request. This, of course, is only one of the many thousands of lost graves, but it is hardly to be wondered at. We are still finding bodies at the rate of about 150 a week all over the area, with quite a good percentage of identifications.

I think I told you that I had started the idea of getting the temporary Canadian Memorials erected on the battlefields sent back to Canada. I have just been looking at them this morning at our workshops here, to which they have been taken after having been sent in from the battlefields, and they are now being crated and will be shipped to Canada via Havre in a few days. It seems such a pity to allow them to rot away into nothing when they will be such treasured memorials in the armouries of the respective Battalions concerned, and I understand from Osborne, who is our Commission man at Ottawa, that the idea has been very popular and that most of the C.O.'s are anxious to get them back and take care of them for ever. You can hardly read the inscriptions on some of them now, which makes them all the more interesting as veterans.

Nothing much is happening with regard to the big Canadian Memorial on Vimy Ridge. I have met the Sculptor and the Architect and quite often see Ross in Poperinghe, and I hear that Hughes is back again to take charge so that perhaps things will begin to show. If I had anything to do with it I think I should like to see more progress made for the time the staff have been around Poperinghe, but I know that land acquisition is a very slow process. I shall see them both next week when I am again in Ypres.

We have got our Camp shifted from Poperinghe to Ypres, and it is a great improvement. Practically all our Cemeteries are finished now around the Poperinghe district, and we are concentrating forward of Ypres. Our building programme for this year is something over 200 Cemeteries; that is already let out to contract, and

does not include the smaller Cemeteries taken in hand by our own direct labour. This should be the best year in the history of the Commission, and when we are through we shall begin to see daylight through the trees and perhaps get some idea when we can finish. The big monument at Menin Gate to the missing will be gone on with this summer. This takes the form of an enormous triumphal arch. It really will be more like a tunnel than an arch, inscribed on the inside walls, and also on the outside walls on galleries to be built on the outside of the arch, will be the names of the missing in the Salient. The opening of this memorial will probably take the form of a very fine ceremony, and you, as one of the Generals commanding, should be here to take part in it. No one less than the King or the Prince of Wales should do it. I think the British Lion will surmount one side of the arch and the Belgian Lion the other, and it is going to be a tremendous bit of work. We shall have a good deal to do with the supervising of the construction although the money comes out of other funds than ours - quite where I do not know.

The South Africans are building a very fine memorial in Delville Wood, having bought the whole wood, and they are going to make it into a park. The avenue from their memorial through the middle of the wood leads right to our Delville Wood Cemetery, and the two will be built simultaneously and will harmonise.

Roy, who used to be my man in the Ypres area, has quit and gone back to Canada, and a new man called St. Vincent is on the way out to replace him. I wish they would send me a good Westerner instead of our Quebec friends, but Quebec seems to be the white-headed boy just now.

Your friend Chanter I do not hear much about any more. I understand he has fallen on evil times, but he was asking for it.

Our winter has been wonderfully mild but very wet and troublesome. Still, we have been able to build throughout the winter more than 30 Cemeteries in the neighbourhood of Floegsteert, including all the ones in the wood.

Thank you for your good wishes and also for Lady Currie's, which we heartily reciprocate.

With very kindest regards, believe me,

Yours sincerely,

Dear Sir

Many thanks for
your letter received yesterday
& all your kindness with
regard to all the information
you have secured for me
about my dear boy.

It seems as if there must be
some mistake about Robert's
grave seeing that not only
his sister, but Don Cameron,
& Ned Davisson all stood
by his grave & read his name
& the inscription "R. J. P. Sergeant

16th Canadian Scottish ^{m. section} now
the wooden Cross & all took
snapshots of it so that I could
see for myself. Surely those
who removed those wooden
Crosses wouldn't do so before
setting up another headstone
bearing the names of those
men buried there at Jillete?

Some of the other names are
Wilson & Cameron & there ~~was~~
a large cross in the centre &
his sister went out at the
Ypres gate & the Canadian
Cemetary where Roberts'
grave was is near a lake
right underneath the
railway embankment Jimmy
Murray knows just where it

is as his battalion buried
them all. However, as every
time I get no satisfaction from
War Graves Commission but
always that they cannot
locate the grave, definitely
I must just be patient & trust
God cares & understands & I
after all the world's opinion
& gratitude amounts to nothing
& such sacred memories can
always be shared with them.
Mothers naturally like to
know their own sons' grave
is being cared for with the
rest & here in N. S. A. Memorial
Day is wonderful everything
being done at the Cemetery
in memory of their lost ones, or

rather "not lost, but gone before".
But, after all it is a matter
of sentiment & one must not worry
over what should be a proud
& honourable record of a dear
sons bravery & self sacrifice
I thank you for seeing that
Roberts' name is added to
the Cross being erected in
the Railway Dugouts Burial
Ground. It hurt at first to

know that such a request
had to be made but the
world forgets so quickly
God remembers & loves us
all through & through.

I appreciate all you have
so kindly & thoughtfully
accomplished for us
Yours sincerely

Dear Sir Arthur

I am writing to ask you if you would be good enough to see my cousin Jim Churchman & give him advice. I know you must be asked to do this many many times but you have a great deal of sympathy for a soldier & I thought you wouldn't mind me asking you this favor. My cousin will be able to explain to you better than I can by letter but he is a Detective Sergeant in the R. C. M. P. in Montreal he enlisted when he was 17 in the Grenadier Guards & saw two years fighting then joined the R. C. M. P. in London & was sent out to this country, he has done awfully well & feels he has been given every consideration but he has become engaged to such a nice girl & wants something to look forward to, to the question

is Will he leave the force? Can he look forward
to getting a Commission? I would be very grateful
if you could see him & give him some advice.
I saw our old friend J. King in Ottawa & he
is going to speak to the C. G. & see if there is any

don't mind me doing so.

Ottawa, November 22nd, 1920.

Dear General Currie,-

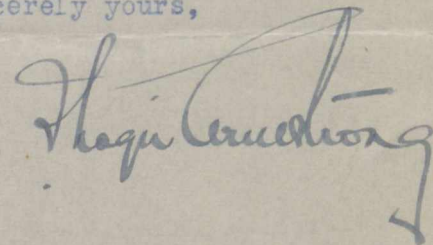

General Elmsly has shown me your letter with reference to the reissue of a War Service Badge to MacMath. Unfortunately, MacMath, in submitting his formal application for a new badge, did not state all the facts of the case. As the letter to you, however, made it quite clear that his claim was a just one, a new badge was accordingly sent to him.

Perhaps I should explain that the Department has conclusive evidence that considerable 'trafficking' in War Service Badges has occurred, and it is for this reason that we have had to be guarded in dealing with applications for a reissue. Nevertheless, of the hundreds of such applications which have been received, not more than 5% have been refused.

Dealing with your own case, there is really no reason why you should not be issued with a new badge, and I am, therefore, enclosing one.

With kindest regards, Believe me

Dear Jim:-

I have your letter of the 16th instant with reference to the lost Service Badge of J. B. MacMath.

The same mail brought me a letter from MacMath, in which he enclosed a letter he had received from the Director of Records. I am attaching this letter now. The Director of Records has refused to replace his badge. I think, Jim, that it might be well not to be too arbitrary about these matters. Let me state my own case:

I believe I have lost my War Service Badge, at least, I have not been able to find it for some time. It may have been stolen in the course of my travels, and I suppose if I made application for another one, that the Director of Records would probably refuse to issue me with it. Rather than take a chance of being turned down I am not going to apply for another.

If MacMath is a decent fellow, something which ought to be very easily ascertained, the Department should be careful not to leave itself open to the charge of being "too red tapeish".

With all good wishes, I am,

Dear Sir Arthur,

I beg to acknowledge receipt of your letter of the 14th November, in respect to J.B. MacMath, in which he points out that he has lost his Service Badge.

I will turn this matter over to the Records and see if we cannot find him a new one.

I have been intending to write to you ever since I took over here as Adjutant General, and I hope to find the time to do in the course of a few days.

Yours faithfully,

My dear MacMath:-

With reference to the loss of your Returned Soldier's Badge, I am to-day writing to the Adjutant General at Ottawa urging upon him to give the matter prompt attention. Having complied with his instructions it seems to me that there exists no reason for any delay.

I am glad to be of some service to you in this matter.

Dear Jim:-

I am attaching herewith a letter
received from J.B. MacMath.

It is self-explanatory, and if what
he says is correct, I can see no reason for
any delay in the issuance to him of a duplicate
badge.

Dear Sir:-

I thank you for calling my attention to the publication of "The Mountain Echo" and beg to enclose herewith my subscription. Will you please apply any balance to any other good purpose in connection with the institution.

The Mountain Sanitarium is one of the few in Canada which I have not yet visited. I am sure that our fellows there are putting up the same brave fight to get back their health as their comrades elsewhere are doing. Everywhere I have been the fact has been impressed upon me that returned soldiers fight the hardest. They never give in, and the determination to win through which made them irresistible in France, counts chiefest in the battle they are now fighting. Their health was undermined in the service of their country and in the unselfish performance of their duty.

I send everyone my good wishes and my earnest hope that all will be speedily restored to robust health.

Ever yours faithfully,

Principal.

THE INVALIDED TUBERCULAR SOLDIERS' WELFARE LEAGUE

Hamilton Branch

Mountain Sanatorium,

Hamilton, Ont. January 18th., 1921

COPY OF WORK & PLANS OF THE INVALIDED TUBERCULAR SOLDIERS' WELFARE LEAGUE, OF MOUNTAIN SANATORIUM, HAMILTON, ONT.

ORGANIZING:

1. The Invalided Tubercular Soldiers' Welfare League was formed about two years ago, with the object of caring for Tuberculous ex-Service men, both in and out of Sanatoria, and further with the object of overcoming that lack of appreciation on the part of the public at large which is one of the severest handicaps with which men suffering from Tuberculosis and other invisible chest disabilities have to deal.

2 CO-OPERATION:

To obtain active co-operation with Organizations engaged in anti-tuberculosis work and to give co-operation to such Organizations as we consider responsive.

3 AFTER CARE:

It being recognized that the Institutional Care of the tuberculous is in-complete and wasteful unless it is followed with the After Care of the patient in his home. It has been demonstrated that the relapses after discharge of Sanatoria patients can be reduced by 50 to 80 per cent by adequate after care of the patient and his family.

4 HOUSING:

It is recognized that the cure of tuberculosis can never be affected unless patients are housed in dwellings healthy and congenial to their physical condition in every way.

5 VETCRAFT WORKSHOPS:

That the "Vetcraft Workshops" idea be enlarged so as to take in all tuberculous patients immediately upon discharge from Sanatoria.

6 PENSIONS:

Adequate pensions for definite T.B. men to enable them to take advantage of light congenial employment without financial responsibilities and worry in order that they may have a fair chance of living and bringing up their families as decently as possible.

(Cont'd)

7 EDUCATION:

Publication of a journal which will be devoted to the necessities of soldiers who are taking and who have taken treatment in Sanatoria. This Journal in addition to providing items of general interest will endeavour to educate the public to the fact that those suffering from invisible chest disabilities are, in many cases, in a much more serious condition physically than those with amputations and other visible injuries.

A full understanding on the part of the public is absolutely necessary to re-habilitate patients with our disabilities.

With regard to organization the League now has a Branch in every Sanatorium throughout the Dominion, Ste. Agathe des Monts, Quebec being Headquarters branch for the Eastern Provinces; Fort Qu'Appelle for the Western Provinces and Mountain Sanatorium for Ontario. Each Headquarters Branch being in close co-operation with each other, and each submitting their respective resolutions and policies collectively before action is taken.

A campaign is now in being for the purpose of enrolling all ex-patients into the League and at present the results are very gratifying indeed.

With regard to after care it is considered essential that an after care Association should be established in order that patients leaving the Sanatorium may secure proper after care treatment.

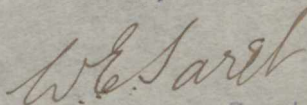

The patients at the Mountain Sanatorium have formed an Association for the purpose of securing near the city of Hamilton a village community, details of which you will see on page 5 of the Mountain Echo which has been mailed to you. We trust that this scheme will be a forerunner of many such schemes in the Dominion.

The Vetcraft Workshops idea has already been accomplished, patients are now enabled to take up light occupation in this branch of work immediately on discharge from Sanatorium when recommended by the Doctor.

In conclusion I would like to point out the splendid way in which patients are co-operating through the influence of the League in the various Sanatoriums with the Medical Staff in responding to treatment during the trying period which is so essential to the arrest of their disease.

Trusting this may be of interest to you, I have the honour to be, Sir,

Your obedient servant,

Secty-Treas.

You left me a claim some days ago from the marginally named soldier, which was sent by him through General Currie.

The claim has now been allowed and payment is being effected today so that no further action appears necessary.

If you want the particulars, you will find the correspondence on his S.A.A.P. file 10472-C-2.

Dear Sir:-

On my return to Montreal I found awaiting me your letter of October 4th.

These matters of pay are always difficult to adjust and oftentimes I have not been in sympathy with the way the regulations work out. I am taking the liberty of sending the letters you forwarded to me to Major Willis O'Connor at Militia Headquarters in Ottawa. I am asking him to take them personally to Colonel Regan, the Pay Master General, whom I have always found sympathetic and desirous of seeing that returned men from France get a square deal. I believe that between the two of them they will see the case through and dispose of it in a fair and just manner.

I wish I were in Ottawa to give the matter my personal attention.

Ever yours faithfully,

Principal.

Dear Willis:-

I am enclosing herewith correspondence I received from a chap named Kyle.

I have written to him and told him that I was forwarding it to you and asking you to take it up personally with Colonel Regan, who, I assured him, was always sympathetic and desirous of giving a square deal to the men from France. Between the two of you I know you will see it through to a just conclusion.

Dear Sir:-

In further reference to your letter of September 25th in regard to separation allowance, I have received a reply from the Department at Ottawa stating that your case has been very carefully considered and that you are not entitled to separation allowance.

In December 1921, your case was taken up through the Minister of Justice and a great number of letters have been received and written in connection therewith.

I am very sorry but I am afraid there is nothing further I can do.

Yours faithfully,

Ottawa, 7th October, 1922.

Dear Sir Arthur,-

I have just received the attached report regarding VEINOT from the Naval Authorities.

They state that they think his belief that he is entitled to Separation Allowance has become a hallucination.

Yours very sincerely,

W. Gibson

General Sir Arthur Currie, GCMG., KCB., Etc.,
The President's Office,
McGill University,
MONTREAL, P.Q.

This case has been very thoroughly investigated by the Naval Department on many occasions, and the man is not entitled to Separation Allowance.

He has a two volume file in the Naval Department which consists mostly of letters of application for Separation Allowance and the Departmental replies thereto.

In December, 1921, the case was taken up through the Minister of Justice. In the reply of the Naval Department, it is stated that over one hundred letters had been received in connection with this application, including letters from the Governor General, practically every Minister of the Crown, The Great War Veterans' Association, &c., &c.

The Naval Authorities state that this man has absolutely no claim whatever.

He enlisted in 1917. Application for Separation Allowance was not made until 1919.
