NEW ST. PAUL'S WAS FORMALLY OPENED

Greatest Anglican Temple in the Dominion Filled to Overflowing at Both Services—Church Cost \$375,000, and Only \$35,000 is Owing on the Building.

It was only 45 years ago in the not very prominent but very charming Village of Embro, in the midst of a delightful and fruitful country, on Dec. 6, 1868, that Henry John Cody was born. Yesterday was a proud day for Embro, and a proud and grateful day for him who thru a career of great scholastic distinction, or long and arduous and devoted service, of rapid but well-merited preferment, attained the satisfaction of having brought about the erection of the greatest temple in the Dominion of Canada for the services of the church of which he is such an eminent member. St. Paul's Church, on East Bloor street, is a huge edifice with striking architectural features, a parish church in design, but so large for this purpose as to rival many of the classical cathedrals of Britain. The vast open spaces, the gigantic columns supporting the chancel arch, the splendid rose windows in the transepts, and the height and light of the building combine to produce an impression of solid and substantial dignity. Much remains to complete the details of the structure, the organ will not be fully installed until Easter, and there is as yet no stained glass to cast "a dim religious light." But as time passes these features will be developed, and the church will take on the air of familiarity and home.

An immense crowd packed the church at both morning and evening services, at least 1000 people being turned away in the evening, and fully 3000 people were admitted at each service. The church and its fittings with the organ will cost in the neighborhood of \$375,000, and Archbishop Coyle announced yesterday that only \$30,000 of this had yet to be provided. This was further reduced by the collections, which were applied to the building fund, and amounted to about \$5000.

Simple Services.—The dedicatory and opening services were of the most simple character, but highly impressive. His Grace, the most Reverend Archbishop Matheson, the lord primate of Canada, had precedence, of course, but there was an array of other clerical dignitaries, including the Right Reverend J. F. Sweeney, Bishop of Toronto; the Right Reverend W. D. Reeve, Assistant Bishop of Toronto; the Right Reverend W. L. Mills, Bishop of Ontario; the Right Reverend J. B. Lucas, Bishop of the Diocese of the Van, Archbishop Mackenzie, the Rev. Principal O'Meara of Wycliffe College, Toronto; the Rev. Principal Miller of Ridley College, St. Catharines; the Rev. E. J. Cayley, Rural Dean of Toronto; the Rev. Canon Gould, General Secretary of the Missionary Society; the Rev. Canon Septimus Jones, the oldest surviving former assistant at St. Paul's Church, and late rector of the Church of the Redeemer; Rev. Professor Hallam, Rev. Professor Cotton, Rev. H. W. K. Morley, Rev. C. S. McGaffin, Rev. W. McDonald, the assistant minister at St. Paul's; Rev. E. A. McIntyre.

HON. DR. MONTAGUE IS WINNER IN BY-ELECTION IN MANITOBA

Minister of Public Works Has Majority of our Hundred in Kildonan and St. Andrew's Constituency Previously

WINNIPEG, Nov. 30.—(Can. Press)—With three polls to hear from, Hon. Dr. Montague, the new provincial minister of public works, has a lead of 370 in Kildonan and St. Andrew's by-election, held yesterday. The figures: Montague, 1123; Bredin, 753; majority, 370.

SMASHED WINDOW TO STEAL A FORTUNE IN BOGUS MONEY

Mike Stemaske Thought Imitation Hundred Dollar Bills Were Real Thing—Plucky Capture by William Foster.

In the belief that about fifty "etage money" 100 dollar bills hanging in the window of Liggett's drug store, on Yonge street, were the real thing, Mike Stemaske, Hollander just in from Amsterdam, and of no address, smashed the window with a huge wrench, seized as many as he could reach, and sped down Yonge street at 4 o'clock Saturday morning with his pockets crammed full of what he thought were real hundred dollar bills. He was later arrested at the corner of King and Bay.

LOST CONTROL OF MOTORCYCLE

Maico Zamboro Hurlled Against a Hydro Pole at College and Spadina—Skull Fractured.

A man believed to be Marco Zamboro, of unknown address, lies at Grace Hospital with a fractured skull, as a result of being hurled against an electric light pole at the corner of College and Spadina at midnight last night, when a motorcycle he was riding got out of control. The only means of identification has so far been a motorcycle license bearing the name of Zamboro. Two men were on the machine at the time of the accident, but the other recovered on the way to the hospital, and as near as could be learned last evening, ran away up Spadina avenue and has not yet been found.

YOUNG BURGLARS CAUGHT WITH THE GOODS

Three Boys Hid for Two Hours in Basement of Store They Robbed While Police Searched the Premises—One Boy Worked in Store That Was Entered.

With more than \$60 worth of goods in their possession, three youthful shopbreakers, Samuel Lass, aged 13, 70 Vanauley street; Samuel Woodruff, aged 12, 439 West Richmond street, and Benjamin Snelderman, aged 14, 414 West Queen street, were captured by plainclothesmen Lily and Ward of No. 3 division, hiding in a box in the basement of William Bryce's stationery and sporting goods store at 459 West Queen street, at 11:30 Saturday night.

RATES INQUIRY NEARING FINISH

Expert Muller's Proposed Schedule Not Received With Marked Favor by Railway Board.

OTTAWA, Nov. 29.—(Can. Press)—It has practically been decided that the western freight rates enquiry will end probably about next Thursday after being before the railway commission for regular periods since February, 1912.

COMMISSIONERS WILL BE ASKED TO ANSWER MANY QUESTIONS

Will the Harbor Board Proposal Involve More Level Crossings Where Ferry Crosses Centre?—Will the Board Finance the Reconstruction of Civic Lines at Standard Gauge?—What Council Wants to Know.

Toronto's transportation problem will be discussed this morning at a conference between the board of control and the harbor commission, and again this afternoon at a special meeting of the city council, to prepare a number of bylaws for submission on Jan. 1.

AN OPEN SECRET

If the harbor commissioners are "hoist by their own petard" this morning they will have no one but themselves to blame. Before the "substitute proposition" of the harbor commission was sneaked under Mayor Hocken's nose at the board of control, the Telegram had a special edition on the street to tell the people that a bombshell was being exploded in the city hall.

HELD FOR THEFT FROM SWIFT'S OF TORONTO

Mervyn Shaw, Arrested as a Jewel Thief in New York, Admitted Stealing Nearly a Thousand Dollars in Toronto Before Leaving Town Last July.

Arrested in a rooming house in New York City by detectives searching his apartments for stolen jewelry, a man known in New York as A. M. Oakes, a waiter, was found to be Mervyn Shaw, 26 years of age, of Toronto, and wanted by the Toronto police on a warrant charging him with the theft of \$750 from Swift and Co., with whom he had formerly been employed as collector. In New York he was held without bail for arraignment before U. S. Commissioner J. A. Shields in extradition proceedings.

THE PANAMA RAILROAD

The Government Will Continue to Operate it After the Canal's Completion.

The determination of the Isthmian Canal Commission to continue the operation of both the Panama Railway and its allied steamship line after the completion of the canal will be of interest to both the government and the owners and operators of railroads.

The Panama Railway has been a government property ever since the United States took over the French rights in the canal. It has been managed, of course, privately for the purpose of building the canal, and in the discharge of this function probably accumulated more truckage to its total length of 50 miles than any railroad in the world can boast.

PIONEER LABORS FIND RECOMPENSE

The Trail Blazer Will Be Remembered, Varsity Students Are Told.

DR. GRAHAM PREACHED

Held Up Figure of John the Baptist as the Great Pioneer.

"Pioneers in their various lines, whether they seek to have child labor supplanted, to have the social conditions among our poor remedied, or travel across the sea to preach the Gospel to peoples who live in a spiritual twilight, are all honored, even as John the Baptist, who announced the coming of Christ was honored." Such was the gist of an eloquent sermon delivered to Varsity students yesterday morning at Convocation Hall by Dr. Graham, of Victoria College. Taking as his text the passage "The voice of one crying in the wilderness. Prepare ye the way of the Lord," he enlarged on the work of the pioneer in all branches of life, and the fact that although his name is not famous during his life, nevertheless he will live on long after the names of more pretensions men have been forgotten. "That wonderful woman, Helen Keller, who has been able by means of her genius to overcome the handicaps which nature placed on her, was heard to remark on one occasion that the power of making oneself understood by means of sounds was nothing short of wonderful. Being able to express one's thoughts by means of coherent words is indeed almost miraculous. Voice implies personality, and indeed that figure which stood silhouetted against the horizon of the Christian era had a great personality. He witnessed all the temptations of the lure of fame and was victorious over all.

Only the Herald.

When the people would have claimed him as the Messiah, John the Baptist turned away and pointed to the Christ, of whose coming he was only the herald.

The preacher who could condemn in a merchant prince what he would condemn in an artisan might, said the speaker, obtain a momentary popularity, but that the man who would be a constructive force; the positive mind; the man who would be a voice of warning; the man who would be a voice of hope; the man who would be a voice of truth; the man who would be a voice of life; the man who would be a voice of God.

"Profound thought does not involve the blurring of our faith," declared Dr. Graham, "on the contrary if anyone will have true convictions, he must add to his equipment, knowledge, Washington, and Lincoln, also not possessed of legal education, were nevertheless thinkers, and students, men who pondered long and deeply, who possessed a thirst for knowledge and a dissatisfaction with present attainments.

"Great movements are the biographies of mighty men; the voice which wells up from the great soul presides with thoughts which burn. A voice swinging across the abyss of the years must be fitted to express our present age. In it the old truths must become living, Christianity in the vernacular is always Christ triumphant.

Blazing the Trail.

"There is a preparation in the world of economy which is to be seen in the Christian life as well as in the time of attainment. The thirty years which Christ spent in His humble home, in the village school, and in the carpenter shop were necessary preparations before he was able to deliver His message. The Benjamin Franklin and the George Stephenson were necessary before the Edisons and the Marconi could exist. There must be any further development. Our present condition in all phases of life is a result of those who blazed the way."

GOOPS
By GELETT BURGESS

HALLIE H. HYDE
This Goop, Miss Hallie Holly Hyde, is never really satisfied. She never thoroughly enjoys her food or frocks, her dolls or toys. There's never anything that's right. And she is never, quite, satisfied.

THE WOES OF MRS. NEWLYWED

"I am having an awful time trying to cut this whalebone," sighed Mrs. Newwed.

"Warn it before the fire and it will become so soft you can cut it easily. It will harden again," said Mrs. Neighbor.

TUBERCULOSIS DAY WIDELY OBSERVED

Completion of Successful Year in Fight Against the White Plague.

The completion of a successful year in the fight against the white plague, tuberculosis, was observed in Toronto yesterday.

RESPONSE IS EXPECTED

To Appeal for Funds—Many Churches Will Give a Sunday Later.

Yesterday was the date selected by the National Sanitarium Association for the appeal in the churches of Ontario for contributions in aid of the battle with the white plague.

The committees sent a request to the ministers to make the appeal either yesterday or on the earliest Sunday convenient and a substantial response is expected.

The year has been one of gratifying progress.

The statistics of the register-general's office have demonstrated that steady headway is being made against the tuberculosis scourge.

New Christ's Building.

At the four hospitals of the association the medical superintendents have all been of a most encouraging character.

There are now 453 patients in the four institutions. The great event of the year was the opening of the magnificent new children's building, the doors of which swung open, in response to Queen Mary touching an electric button at Buckingham Palace on June 3. There are between 50 and 60 children in the hospital.

AGRICULTURAL COURSE IN CONTINUATION SCHOOLS

Ayr Trustees Take Steps Toward Starting Special Class Under Specialist.

Ayr, Nov. 30.—(Special).—The initial step in the Province of Ontario toward taking up a course in agriculture in continuation schools was taken by the trustees of the Ayr Continuation School at the meeting of the Farmers' Club of Blenheim Ayr and North and South Dumfries. It is proposed to start a special class here under the supervision of a competent agricultural specialist. The club was asked to appoint committees for each of the sections in this vicinity to report as to the number of probable students. It is understood that the government will pay five-sixths of the salary of the teacher, and there are other government grants in connection with this line of study.

HOLY NAME BRANCH

St. Agnes' Italian Church (old St. Francis' Church) now used by the Italian people of which Rev. Father Loango is rector, was visited yesterday by J. P. Murray and the members of the union executive of the Holy Name Society for the purpose of organizing a junior and senior branch of the Holy Name Society in the parish. Father Loango received the members, of which there were thirty seniors and twenty juniors. The officers from Mount Carmel Italian parish were also present at the ceremony.

PROF. GRIFFITH THOMAS

The Rev. W. H. Griffith Thomas, D.D., will give an address to men in Wyckoff College on Tuesday evening, Dec. 2, at 8 p.m., subject "What is evangelical churchmanship." The meeting is held under the auspices of the Wyckoff Association.

TRIED OUT ON FILMS DENIED TO PUBLIC

More popular for Operator's Certificate Use Discarded Pictures for Demonstration.

OVER EIGHTY THEATRES

Of Ontario's Three Hundred and Twenty-Three Are in Toronto.

The enthusiasm of the people for the moving picture show is not waning in the province. The recent report of the government inspector would tend to show that the more familiar this form of entertainment becomes the more popular it is with its patrons. There are now 323 theatres of this nature in Ontario with machines run by properly constituted mechanics.

Following the spirit of certain new regulations designed to decrease fire possibilities in these places, the government inspector has now issued a certificate for each applicant for an operator's certificate. There are now 433 who have been qualified to handle machines, and of these 248 were examined during the year. Twelve out of the total failed because of an insufficient practical knowledge they had been trained largely by correspondence and could not set up a lantern in proper shape, or be asked to do so in the inspector's office.

The examination recently has been made much more satisfactory by the installation of new equipment in the office in the parliament buildings. Some of the reels used in trying out applicants are those refused by the board of censors as unfit for public demonstration. Thus at the same time the operator is educated in the mechanical end of his business, and shown the class of films that are disapproved by the government.

Of the total number of theatres in the province Toronto supports 82. All the operators in the city and suburbs are required to appear at the head office for the test, but those farther away are exempted. Mrs. Mary Dixon, four daughters and one brother.

THE STORY WITHOUT AN END

I promised you help in the selection of books and toys so today we are publishing the first of a series of book reviews. The reviews will speak for themselves, and I shall always give the price of the book and the name of the publisher, so that you may have no difficulty in securing copies should you find some books that meet your need.

Today's book is published by Bell & Cooburn, 210 Victoria street, and costs \$1.50.

"The Story Without an End" is translated from the German by Sarah Austin, and is an exquisite nature fantasy. "There was once a girl who lived in a little hut and in the hut there was nothing but a little bed and a looking-glass with a ring in a dark corner. Now the child cared nothing at all about the looking-glass, but as soon as the first sunbeam glided softly thru the casement and kissed his sweet eyelids and the birds waked him merrily with their morning song, he arose and went out into the green meadow—and every child who reads the story suggests by each action and the adult who are wise enough to remain as little children will go with the wind in the wonderful nature world to learn first-hand the life stories of the lovely creatures that live there.

Nothing more can be imagined than the ideal relations between the child and the butterfly. By birds, flowers and clouds, and the stories suggest by each action and the adult who are wise enough to remain as little children will go with the wind in the wonderful nature world to learn first-hand the life stories of the lovely creatures that live there.

Now, no matter how sceptical our readers are, and strange to say, they will be sure to find in this book a confirmation of the results of some years of experiments. Therefore, profit by them.

About water: Not too much—and not too little. Let the earth ever become dried out. An even moisture, day by day—that is the wisest condition to keep up.

F. R. of Toronto, East, tells us that he has already brought up one window box full of bulbs, and that the fresh green sprouts are fat and healthy. Well, F. R., should your blossoms show signs of developing too soon, just set the boxes down on the floor, out of the sun, for a day or two. This is a safe way of delaying growth.

John B. in answer to the question we described the easiest way of clearing your young shoots of those tiny life-devouring flies which creep up under the tap with lukewarm water.

Mrs. F. W. R.: About your flowering shrubs for Christmas. It is rather too late now to have them in bloom for your festive board, but you might try and see what you can do.

MISSION IS CONCLUDED

The mission which is being conducted at St. Agnes' Church by the Rev. Father John Doyle, was brought to a close yesterday afternoon for the most enjoyable social Friday evening at the home of Mr. and Mrs. White, 199 Howard Park avenue. Mrs. E. A. Stevens, provincial president, gave an account of the world's W.C.T.U. convention at Brooklyn, N.Y., where representatives from thirty-five countries were present.

THIEVES MAKE A HAUL

Industrial and Commercial Night Classes at Cornwall Are Popular.

(Special to The Toronto World.)
CORNWALL, Nov. 30.—H. F. Gault of Cornwall, Ont., is in town for a few days on his way home from Glasgow, Scotland, where he was called by the illness and death of his mother, Mrs. A. F. Gault, formerly of Cornwall.

The attendance at the evening industrial and commercial classes conducted at the Cornwall High School, holds the record for registration, and from the present outlook will establish a new record for average attendance. This record is now held by Edinburgh, Scotland, where the average attendance is 92 per cent.

Thieves forced an entrance into H. Aube's general store at Crystal and made off with about \$200 worth of watches. They broke open the money tills, but all the cash had been emptied out when the store was closed for the night. The thieves overlooked several valuable articles near where the watches were kept. There is no clue to their identity.

At a meeting of the council of the township of Matilda it was decided to prepare a local option by-law to be voted on by the ratepayers at the municipal election in January next. One of the peculiar features of the situation is that Matilda has not had a license in many years, being "dry" since a licensed bar in the township was closed.

An old and highly respected resident of the township of Osnabruk, in the person of William Zeran, passed away at his home at Dixon after an illness of only a few days. He was 78 years of age. He is survived by his second wife, who was Mrs. Mary Dixon, four daughters and one brother.

A DAILY STORY FOR CHILDREN

The Whispering Leaves

Did you know that leaves could talk? Yes, they can, but, of course, we can't tell what they are saying, for they do not talk as we do, but they understand each other and are very happy whispering among themselves.

They tell their friends all about what they have done, what they are going to do, and ask for help just as we do. In the springtime, when the trees begin to bud and show their green shoots, they begin to talk and laugh and tell all their plans for the summer.

The apple tree leaves tell how they watch the apples grow and how each year little children come and play under them and how happy they seem. They pick a few apple blossoms and look up and smile at the leaves and watch the apples grow.

Their father always gives them the first apples that are ripe. In the summer they sometimes have their lunch in the shade of the leaves and are very happy. The leaves love these children and are happy when they are about.

There is a big oak tree very near the apple tree and when it is very hot the big oak tries to shelter the little apple tree with its big leaves. The little tree is very glad for some one to look out for and take care of her.

In the fall when the wind blows the leaves of the trees they form in little piles, some are blown from a long way and then they talk very fast and tell what happened to them that summer. They are very happy, these leaves, for they know now they will be gathered up and go all together to some nice place where they can talk as much as they like.

Sometimes they go to an attic and when they are there they form in little piles on them and children come with a pan and fill it, and they know the children are going to have a frolic together.

ASK HALF HOLIDAY FOR WOMEN EMPLOYEES

Local Council of Women Would Help Those Who Want to Shop Early.

Three hundred employers of woman labor will receive today thru the mails the following circular sent out from the headquarters of the local council of women:

An effort is being made to lessen the strain on those who sell and deliver Christmas goods by asking the shopping public to complete its Christmas shopping by Dec. 15. This necessitates shopping in the daytime, and preferably early in the day.

White sauce is the base of all the other varieties of sauce. It should be made in the blazer or lower pan and watched most carefully. Melt a tablespoon of butter and heat it, and do not let it brown or scorch, unless you like a dark colored sauce. Work in one tablespoon of flour, and when this roux, as it is called, is smooth, pour on one cup of cold water and when the sauce is creamy add the seasoning of salt and pepper. If a thick sauce is wanted, use two tablespoons of flour.

You should always have a variety of seasoning, for it is this that changes the flavor of the various dishes. Onion, salt, paprika, a bay leaf or two, and a nutmeg in a dainty silver grater, are a few suggestions.

Settle at Least One Gift with a Hydro Chafing Dish

Of all the things a woman appreciates as gifts at Christmas none can excel in desirability the electric Chafing Dish. It finds a place in her entertainment after theatre parties, and even in the day-to-day maintenance of luncheon tables. It is a gift you longer and more pleasantly through this gift than through almost any other. Hydro has them in prices ranging from \$15.00 to \$25.00, and will box and wrap the one you buy for her with every care to make the package as attractive as the present.

Out of the Chafar

The chafing dish is one of the comforts of life for which the college girl and the "roomer" give thanks daily. Those who are so fortunate as to have the electrically heated ones need not give much attention to their management, but the alcohol lamp affairs require some special cleaning now and then. The lamp must be kept free from dust and be well filled, or there will be both odor and smoke. The wrought iron stands should be rubbed occasionally with a woolen cloth moistened with oil and the nickled surface must be polished thoroughly with a velvet or buckskin cloth.

Water in them and never scrape them to loosen the particles of food that stick. A little baking soda in the hot, soapy water will clean them beautifully and then only a thoro rinsing in cold water is needed.

That it is true that only one article of food can be prepared at a time in the chafar, a clever girl can manage a luncheon of several dishes nicely. The sauces may be made first and kept ready at hand to pour over the beaten and everything made ready as far as possible before the actual cooking is started, you will have no difficulties with the little supper or luncheon.

Some of the supplies that will be needed are beef extract, canned soups, tongue, dried meats, lobster, shrimps, dried beef and salmon. These, with small-sized cans of vegetables, condensed cream, a few boxes of wafers and cheese, olives and pickles, will open up many avenues to fun and good living.

If the sauces are well made and nicely seasoned there will be no trouble with the rest of the cookery.

TRIED TO LURE GIRL INTO IMMORAL LIFE

Woman Sentenced at Minneapolis Under the White Slave Act.

MINNEAPOLIS, Nov. 29.—(Can. Press).—After deliberating for nearly 24 hours a jury in district court this afternoon declared Mrs. Hilda Rowland guilty of having attempted to entice a young woman to go from Minneapolis to Winnipeg to lead an immoral life. Mrs. Rowland has not been sentenced.

The crime for which she was convicted is punishable by a prison sentence, the maximum of which is five years. Mrs. Rowland was arrested during the session of the International Purty Congress here early this month, and the case attracted considerable attention from the delegates.

LAST UNKNOWN BURIED

SARNIA, Nov. 30.—(Special).—The last unidentified body recovered from the Lake Huron, near Theford, was buried in the local cemetery on Saturday afternoon, having been taken to the morgue here for the past two weeks. The body is that of a French-Canadian, aged 50 or 45 years, who shipped on the steamer Regina at Montreal. Every means was exhausted to locate the relatives of the man, but all to no avail.

Praise for Grand Trunk Pacific.

I have just returned from a business trip to the west, including Winnipeg, Regina, Saskatoon and Edmonton, and at the latter point, having a day or two at the week end to spare, took the opportunity of running down over the Grand Trunk Pacific line to Tete Jaune, B. C. The sight of Mount Robson alone repaid me for the trip, but the scenery generally was magnificent. The trek was as smooth as some much older roads in other parts of the continent, and it is marvelous how the Grand Trunk Pacific route level grade for the entire distance thru the mountains, thereby avoiding the steep grades, long tunnels and snow sheds which are necessary owing to routes of some of the other railroads.

The service of the Grand Trunk Pacific trains between Winnipeg and Edmonton is several hours shorter than by other routes, but also I traveled on two or three different trains, found them always on time, and in view of the fact that the train is scheduled to pass very much if necessary and the McDonald, the new Grand Trunk Pacific Hotel at Edmonton, is beautifully located on the heights overlooking the Saskatchewan river and its opening next year is being looked forward to by many.

AT THE TORONTO THEATRES THIS WEEK

EFFIE SHANNON, IN 'YEARS OF DISCRETION' AT THE PRINCESS

FRANKIE HEATH, BELLES OF BEAUTY ROW AT THE GAYETY

Fanny's First Play, Years of Discretion, The Littlest Rebel, Vaudeville at Shea's and Two Good Burlesque Bills.

"Fanny's First Play."
The play for which the past three seasons will open tonight at the Alexandra, with the original English company under the management of the Messrs. Shubert and Gravelle, noted English producers. "Fanny's First Play" was the sensation of London for two seasons. It played to enormous business at the Kingsway Theatre, and when produced in New York last season it took the critics and public so by surprise that it was immediately heralded as the masterpiece of the Irish author and playwright. It remained at the Comedy Theatre for one solid year, playing three matinees weekly. A play with a reputation of this kind should not be missed by lovers of good plays and fine acting, and according to advance reports "Fanny's First Play" comes up to every expectation. Excelling George Bernard Shaw's triumphant "Man and Superman," which played to capacity business three times within the past few seasons in Toronto.

Granville Barker's original English company is reputed to be the best English-speaking company America has ever had, and consists of such well-known players as Kate Carlony, Eva Leonard Boyne, Dulce Musgrave, Katharine Pole, Jean Stirling, H. Croker-King, Sidney Faxton Herbert, Ivan Campbell, Walter Kingsford, Dansey, Claude Rains, Spencer Geach, Gordon Ash, Arnold Lucy, Lewis Sealy, Vane Sutton-Vane and George Carr.

"Years of Discretion."
David Belasco in his production of "Years of Discretion" at the Belasco Theatre, New York, last season scored the most important comedy triumphs of his notable career, and the announcement that this fascinating play of love and romance will be seen at the Kingsway Theatre for all this week, commencing tonight, has certainly aroused a great degree of interest among local theatre-goers. "Years of Discretion" pictures the turbulent and struggling life of a fashionable folk indulge in order to act younger and look younger than they really are. The central character goes charmingly portrayed by beautiful Effie Shannon, is that of a Brooklyn widow of middle age, who forsakes the staid life of her Boston surroundings to come to New York in search of a more fashionable society. Sparkling and captivating romantic adventures are her lot in her new life, all of which are set forth in a delightfully interesting manner by the authors, Frederick Fanny Hatton, and over all Belasco has exercised his wonderful talent in stage production to make complete one of the most enjoyable comedies that have ever been given to the American stage.

"The Littlest Rebel."
If you think all dramas are alike, go to the Grand Opera House this week and see "The Littlest Rebel"—it is one of the most exciting and thrilling different dramas. It will twist your heart strings more effectively, for it depicts not the love of a Northern soldier for a Southern girl, but love between a dear little girl for her rebel father who saw her mother die, and her home burn, lives alone and hungry in a little cabin on the mountain side a few miles from Richmond. Her father comes one of his hunted visits to see his child; he has been pursued and is wounded. A detail of cavalry men, under the command of Lieut. Col. Morrison, surround the cabin, and the scout hides in a loft. The door is battered down and the staid life of the father is called. The dangerous scout, discover a little girl sitting alone at a table playing with her rag doll. With arch baby talk and adorable courage she fooled the "Yanks" but she is outwitted by the gentlemanly colonel who discovers the hiding place of her father. Then the plea of the little girl, the colonel relents and furnishes Cary with a pass as escort for the little girl, they the federal lines in Richmond are called. In the day a battle ensues in which Cary saves the life of the northern colonel. They are betrayed and brought to headquarters as prisoners. Cary as a spy and Colonel Morrison as a traitor, and sentenced to death. The little girl, as "Virgie" is called, appears before General Grant and pleads for the life of both men. So clever and sympathetic is her plea that the general becomes interested and makes a personal investigation of the case upon which the men are pardoned. Mary King, the noted English contralto, Jessie Atwell, solo pianist. The advance sale opens on Thursday morning.

"The Littlest Rebel" Concert.
Next week's "ballad" concert by Charles Saunders, the eminent English tenor and his company will entertain the Torontonians a variety of musical and dramatic plays. Following all too rare in this city. As an interpreter of the standard oratorios, as well as songs of sentiment and patriotism, Mr. Saunders is conceded to be without a peer in the old country and his program at Massey Hall on Dec. 2 (Tuesday) will include his most celebrated successes, as well as additional numbers by Miss Clara Robinson, the noted English contralto, Mr. Norman Atwell, solo pianist, and Jessie Atwell, solo pianist. The advance sale opens on Thursday morning.

MISS DULCE MUSGRAVE AT THE ALEXANDRA

MISS ZOLLNER IN A FINE RECITAL

Works of Clarence Lucas Were Given in Finished Style.

MRS. CAMPBELL SANG

Two Groups of Songs Were Rendered With Good Effect.

At Forster's Hall on Saturday evening a piano recital of more than ordinary interest was given by Miss Valborg M. Zollner, the additional attraction coming from the name of the young pianist has already established for herself in Toronto, and the further factor that the greater number of the selections she interpreted were the productions of Clarence Lucas, and dedicated to the musicians of Toronto.

The opening number, "Frolic and Fugue in F minor op. 38," was played with conscientious response to all the exactions it demanded, the clear introductory notes and vibrant chords of the prelude followed by the chasing combinations of the fugue, being all admirably given by Miss Zollner. This was dedicated to Mark Hamberg, the Moon of Omar, dedicated to W. O. Forsyth, was played with poetic sympathy and dramatic fervor. Frequent applause and recalls, together with several beautiful baskets of flowers, witnessed the appreciation of the audience for the fine work of Miss Zollner throughout the program. Her encore number was W. O. Forsyth's lovely "Night in June" which she interpreted with the crispness and distinctness the compositions demanded. Always a favorite, the Spinning Song from Wagner's Flying Dutchman, was as usual one of the attractive features of the evening, the hum of the wheel as it spun round, and above all the melody of its song being all reproduced under the skillful fingers of the performers.

Other piano selections were: Valse Impromptu, dedicated to Fanny Bloomfield Zelsler; Day Dreams, Ariel and Epithalamium, the last dedicated to Miss Zollner herself. Frequent applause and recalls, together with several beautiful baskets of flowers, witnessed the appreciation of the audience for the fine work of Miss Zollner throughout the program. Her encore number was W. O. Forsyth's lovely "Night in June" which she interpreted with the crispness and distinctness the compositions demanded.

Mrs. Elizabeth Campbell sang two groups of songs, her fine range and enunciation being well in evidence owing to the varied nature of the program. Mrs. Campbell's first number, "So Like a Flower," called for tender treatment, which it received at full and elaborated was interpreted with dramatic effect, the strength with which the searcher for the land of gold went forth on his mission, and the optimism giving way to sadness and hopelessness being all produced by the singer. Heartly applause and an instant recall were given to the selection. Flowers and the applause of the audience were awarded Mrs. Campbell for her numbers. Mr. Lucas was himself very pleased with the renderings of his compositions, and complimented her on her fine playing.

Dr. Harvey Robb played the accompaniments in his usual way that leaves nothing to be desired, and Mr. Lucas, who not on the program, accompanied in the second part. The recital was under the management of J. F. Schneider.

Harry Tighe and His Collegians at

Heading the bill at Shea's Theatre this week will be Harry Tighe and his Collegians in a complete little musical play with all the trimmings that would be expected in a Broadway production.

Offered by Harry Tighe in "Takling Things Easy." Mr. Tighe is a comedian of the big, good-natured type, and has furnished himself with an excellent cast. The story is about a bunch of collegians who get in and out of trouble with an automobile. There are a number of excellently drawn and well-played comedy characters forming the basis of the play, and a wealth of pretty catchy songs. The special extra attractions for this week are Morgan, Batley and Morgan, known as Ginger, Pep and Gingers, George Peck, assistant manager of the theatre, and Howard's novel, "The Honymoon Express," most spectacular of all winter garden productions, will be shown at the Alexandra Theatre next Monday, with a large passenger list of entertainers including Al Johnson, and a beauty chorus typical of the theatre from which the organization comes. Not satisfied with the usual musical play of novelties the management has effected a melodramatic stage effect that is as thrilling as it is unusual. The remainder of the production was staged by Ned Wayburn, the general director for the winter garden, and in this play Mr. Wayburn has done his best work. The music is by Jean Schvartz, and the book and lyrics by Joseph W. Herbert and Harold Atteridge. The story is told in two acts and six scenes. The seat sale will open Wednesday morning. Mail orders now.

Prisoner's Attorney Presents Reasons Why He Should Not Be Electrocuted.

NEW YORK, Nov. 29.—Twenty-five reasons why former Police Lieutenant Charles Becker should not be executed for the murder of Herman Rosenthal, the gambler, will be presented next week to the state court of appeals. Becker is now in Sing Sing Prison, under sentence of electrocution. His attorneys said today that the court probably would devote four or five days to hearing arguments on his behalf.

Becker's appeal's brief, is a "victim of the greatest conspiracy of the age. He was not given a chance for his life. The effect of the ruling of the court made the trial a mockery."

MISS MARY MILES MINTER AT THE GRAND

"OTHELLO" AND "ROMEO" WILL OPEN IN TORONTO

Scenery Arrived Yesterday for Paversham Plays at Royal Alexandra Theatre.

Five carloads of scenery, properties and costumes for William Paversham's forthcoming all-star productions of "Othello" and "Romeo and Juliet" arrived in Toronto yesterday. Local customs officials declared this to be the largest consignment of theatrical properties they had ever cleared. The productions were designed, painted and made in London, England, and were brought to this continent on the "Victorian" arriving in Montreal last week. Mr. Paversham will make the premiere of both "Romeo and Juliet" and "Othello" in Toronto, at the Royal Alexandra Theatre, his engagement there commencing Monday, Dec. 29, and continuing for two weeks. The organization will include Cecilia Loftus, Julie Opp, Odette Tyler, R. D. Maclean, besides many other accomplished Shakespearian players. Following a preliminary tour in Canada, Mr. Paversham will go direct to New York to inaugurate a series of annual Shakespearian festivals.

British Mails via New York.
A special feature in connection with this week's issue of The Toronto Railway and Steamboat Guide will appeal to subscribers. Besides the regular train service fares and mileage, the mail closings at postoffice for Great Britain are shown via New York as well as by the Canadian route.

TRIED TO MURDER CANTON'S GOVERNOR

Gen. Lung's Assault Failed—Four Guards Put to Death.

HONGKONG, Nov. 29.—(Can. Press.)—Gen. Chi Kuang Lung, governor of Canton, today, for the second time within a fortnight, was attacked by an assassin, who endeavored to plunge a knife into his heart. Gen. Lung, however, escaped with only a wound in the hand. Gen. Lung personally killed four of his guards, fearing treachery at their hands.

Freight Trains in Collision.
BROCKVILLE, Nov. 30.—(Special.)—While a freight train was pulling out of the G.T.R. yards for Belleville another train headed in the same direction caught her before she reached the crossover switch, wrecking two cars and slightly damaging the pilot of the engine. The engineer claimed that the crossing steam blocked his view of the first train.

KINGSTON, Nov. 30.—(Special.)—The last cargo of grain consigned to the Montreal Transportation Company arrived at the elevator Saturday when the steamer Koyport discharged 82,000 bushels of grain. This season the local elevator handled 1,035,000 bushels of grain, which figures are about the same as last year.

Kingston Sharing Growth.
KINGSTON, Nov. 30.—(Special.)—That Kingston is growing, and growing rapidly, is illustrated by the big increase in the number of building permits taken out for the erection of dwellings this year as compared with a few years ago. An increase of approximately 150 per cent. is shown in the last four years. This year to date there have been 183 building permits taken out, while in 1910 for the whole year there were only 70 dwellings built.

Watering of Dried Apples to Be Made a Serious Offence.

(Special to The Toronto World)

OTTAWA, Nov. 29.—The minister of agriculture will be asked to introduce legislation next session which will be designed to put a stop to the practice of a number of Canadian farmers or exporters watering dried apples which they export to other countries.

This is the statement made by the trade and commerce department. What has rendered the new legislation imperative is the fact that shippers of dried apples have been in the habit of soaking them with a certain amount of water in order that they will weigh more, and so a greater price will be obtained. This practice is ruining the credit of Canadian traders in Great Britain and other countries, and as it appears that dishonesty can only be curbed by resorting to legislation, legislation for that purpose is to be introduced.

THE BEACHES CLUB.
 The Beaches Progressive Club will hold their next regular meeting at the home of the president, Mrs. Chas. J. Campbell, 22 Balsam avenue, on Thursday next, at 8 p.m. sharp. The club will be addressed by Mrs. Jean Blewitt, her subject being "The Gospel of Madonnas."

New Victrola Records.
 All the new "Victrola records" will be found in the Victrola Parlors of Ye Oldie Firme Heintzman and Co. Ltd., 193-195-197 Yonge street.

Neat and Novel Necklet Designs

Never have our selections combined so much good taste and price advantages as shown in this season's Necklet Jewelry.

Simple Pearl effects with an odd Pearl, Amethyst, or other Jewel, some as low as \$4.50, and reaching up to \$60.00 and \$75.00 for more elaborate contrasts, lend a variety of designs that shoppers tell us is the most comprehensive to be seen in Toronto.

But, the secret of successful buying is to select early enough to obtain the very "pick" of these values.

If the purchase can be made "today," don't put off until "tomorrow," because every day from now on "this" and "that" is being laid aside by the wise early shopper.

By paying a small cash deposit down, the most expensive article is "yours," when nearer Xmas it can be called for.

STEAMER "NORONIC" ARRIVES AT SARNIA

Latest Addition to Northern Navigation Fleet Docks Amid Acclaims.

SARNIA, Nov. 29.—(Special.)—The steamer Noronic, the latest addition to the Northern Navigation fleet, arrived here today amid the blowing of sirens all along the river front and on the passing boats. The local band was out in full force, as also were the town councilors, and every citizen that could manage to get away from his or her work.

The mammoth size of the steamer made a big impression on the local people, who were used to the steamer Harmonic. The new boat is a monster beside the former pride of the town. The boat will now be taken to the Reid dock, where she will be completed during the coming winter, when many thousands of dollars will be expended in fitting out the staterooms and painting, furnishing and decorating. That the boat's arrival here means much to the town goes without saying.

The Port Arthur citizens were considerably put out when the officials of the company decided to bring the boat here to be furnished.

CANADA OFFERS DAIRY MARKET

New Zealand Sending Butter and Eggs in Large Quantities.

NOT ALL ONE-SIDED

Canada Sending Considerable Paper and Other Articles in Exchange.

(Special to The Toronto World.)
 OTTAWA, Nov. 30.—That the New Zealanders are alive to the situation in Canada, where the price of foods has risen tremendously and that Canada is an importing country even to what ought to be her own indisputable field is shown by advices which have been received from New Zealand by the trade and commerce department.

The steamer Niagara left Auckland on Oct. 25 for Vancouver with a cargo of food supplies which included 17,478 boxes of butter and 364 cases of eggs. The shipment of butter is the largest that has ever been sent on a ship to Vancouver, and the shipping of eggs to Canada is a new industry.

One thousand feet of cold storage was reserved on the ship for eggs, but even this large space was taken up and an extra ten cases of eggs, in addition to the lot mentioned, were shipped as general cargo, not in cold storage.

Besides butter and eggs it is interesting to note that the Niagara carried 355 carcasses of veal, 212 quarters of beef, 25 carcasses of mutton, 73 bags of meat, 50 tons of flax, 350 cases of gum, and one case of honey.

During the first six months of 1913 the value of the New Zealand imports of Canadian paper was over \$175,000. The Canadian preference is 20 per cent.

The other chief exports to New Zealand during the same period were: Horred cattle, \$12,600; apparel, \$28,400; agricultural machinery, \$12,750, on which there is no preference; \$8,000; seeds, \$14,000.

The total Canadian exports to New Zealand during the first six months of the present year amounted to \$1,085,135, and in the corresponding period of 1912 the amount was \$990,970. This shows the satisfactory increase of \$144,165.

TORONTO HUNT MEMBERS ENJOY LONGEST RUN OF THE SEASON

From Lawrence Park Over Circuitous Route and Tricky Fences, Finishing at Wexford.

Some fifty members of the Toronto Hunt Club met at 2.30 in Lawrence Park on Saturday afternoon, and had a most enjoyable run with the hounds. The race was very fast, and it was the longest run of the season, with a great many tricky fences. The hounds ran north and east by way of Sullivan's Corner, Wexford and Donlands, finishing at Todmorden.

Dead Heat Closing Day at Jamestown

NORFOLK, Va., Nov. 29.—Salon and Executor ran a dead heat in the opening event of the closing day's card at the Jamestown track this afternoon, and the purse was divided. Five favorites won, and the banner crowd of the meeting was in attendance.

Stoyest annexed the Chevy Chase Steeplechase, after Meles, the favorite, fell. In the one mile and seventy yard race, Col. Cook, an odds-on favorite, made a show of his field and won in easy style.

The runners will move on to Charleston for the coming meeting, and some great sport is in prospect. Summary: FIRST RACE—Two-year-olds, selling, purse \$300, 5 furlongs: 1. Executor, 115 (Butwell), 3 to 2; 1 to 2 and out, and Salon, 108 (Neader), 3 to 2; 3 to 5 and 2 to 5 (dead heat); 2. Captain Burns, 109 (Fairbrother), 3 to 2; 3 to 5 and 3 to 5.

BRIGDEN CUP READY FOR SEMI-FINALISTS

Both Third Round Replayed Ties Decided by Small Scores—League Results. Saturday's football in the T. & D. League brought the Brigden Cup series down to the semi-finals and they will be played next Saturday.

The draw for next Saturday is as follows: Wychwood vs. Devonians. In the league fixtures Overseas completed their season with another win over Old Country by the score of 2 to 0, while Parkviews finished up with a draw.

A meeting of the T. & D. will be held Wednesday evening at the Devonians and Kent of Don Valley are requested to be on hand. Referee Debbas is also asked to report there will be a lot of new business introduced at the meeting and a good attendance is requested.

St. Matthews wish to challenge the winners of the senior series of the Anglican Football League to a game, and they think they have a team equal of taking over the reins of the league.

Baracas had slightly the best of the replay of the third round of the Brigden Cup series on Saturday afternoon before a large crowd of soccer enthusiasts. The game was played at Eaton's Field, Bathurst street, and created unusual interest, as these teams had tied up the score when they clashed on the two previous Saturdays.

The Donvs won the toss and elected to play against the wits. T. O'Rourke kicked off and for the first ten minutes play remained in mid-field.

The Devonians then assumed the aggressive and some exciting play took place in the goal mouth. A shot from the right wing hit the cross bar and from the rebound Tagger put the Devonians one up.

Devonians then pressed and forced several corners and play was in the Don's penalty area for five minutes, but Coombs kept his goal intact.

Stanley Gun Club Officers Elected The Stanley Gun Club held their annual meeting at the Queen's Hotel, a large number of members were present. The following were elected officers of the coming season: Hon. president, J. C. Forman; president, E. J. Marsh; vice-president, W. Stevens; secretary-treasurer, R. Whitchell; tournament captain, J. Jennings; field captain, J. Munningham and R. Buchanan; executive committee, J. Jennings, Dr. Ten Eyck, T. Sawden, J. Munningham, G. Scheibe.

The Saturday Shoot. The usual weekly shoot was held last Saturday afternoon, with a good turnout of members. The weather was fine and the shooting was exceptionally good. Mr. A. Millington gave a good account of himself, breaking 134 out of 200, including two straight 25s. The scores were as follows:

U. S. ARMY TEAM DEFEATS THE CANADIAN FORWARD PASS AND GOALS FROM PLACEMENT ARE CHIEF FACTORS IN WINNERS' SCORE.

NEW YORK, Nov. 29.—The Army football team defeated the Canadian team at the Polo grounds today by a score of 23 to 0.

Completely outplayed during the opening period of the game, the Canadians swept the ball off the field in the second half of the contest by a combination of brilliant individual and open team play that quickly rolled up an overwhelming lead.

With victory in sight for the first time in four years, the West team scored rapidly and finished the game with a score that has not been exceeded by either side in ten years.

Despite the complete annihilation of the Navy combination, and its hope of a fourth consecutive victory over the Army, the game was fought out desperately until the closing moment, and the sailors went down with the Canadians.

From the standpoint of the spectators, the game and its setting lost nothing of its thrilling interest that brought them to the Polo grounds today. The result and the 42,000 persons present gave the game a character that is not usually associated with the game of football.

The use of the forward pass repeatedly by the Canadians opened up the play to a greater extent than had been the case in previous years. The use of the forward pass was a new feature in the game, and the spectators were furnished with many brilliant football pictures, and the Army a vehicle of victory.

PREMIER AND DR. PINE GO SOUTH FEW MINISTERS AT QUEEN'S PARK

Lull That Precedes Rush of Opening Now Being Enjoyed—Adam Beck Going to England, and May Leave Decision on Street Railway Deal Till After Christmas.

The forces at Queen's Park are enjoying the lull that precedes the rush of preparation for the opening of the provincial house, early in the new year. Several of the ministers are away on brief tours to be concluded before Christmas.

Following the announcement of his intention to take a rest, Sir James Whitney, in company with Hon. Dr. Pine, has left for a visit among some of the southern states. No word has been left as to the date of his return, and it is understood that the condition of his health will alone decide his re-appearance in the premier's office at the parliament buildings.

Hon. Dr. Reaume, minister of public works, is at the present time in England. His trip was not announced as in the nature of a business inquiry, but it is thought that he will gain personally some data relative to the new good roads propaganda from the province. Provincial Road Engineer Maclean, following an investigation of the situation in the province.

WILSON A CZAR SAYS "UNCLE JOE"

Chicago, Nov. 29.—(Can. Press.)—They said I was a czar when I was in the speaker's chair at Washington, but Woodrow Wilson can give me cards and spades in that line.

"Uncle Joe" Cannon declared thus tonight at the annual dinner of the Illinois St. Andrew's Society.

"He is your president and my president," Cannon declared, "and I intend to give him the same treatment that I gave our fathers so made it that we can reverse the engine when things do not go right."

Mr. Cannon responded to a toast "The Land We Live In." He said immigration should be made easier by

ACQUITTED ON CHARGE OF KILLING HUSBAND

Paris, Nov. 29.—(Can. Press.)—The Seine assizes today acquitted of murder Mme. Suzanne Pookes, whose husband, a Paris business man, was found dead in bed in his home here last June with five bullets in his body and one bullet in his head. The defence claimed that the woman loved her husband, and that there was no motive for desiring his death.

In explaining the number of wounds in the body, the woman said that Pookes had attempted to commit suicide and had shot himself in the head and that five shots in the body were accidentally fired while she was struggling to take his revolver away from Pookes.

Three days after the shooting and

AT THE COLLEGE CLUB

In the T.B.C. Varsity League, at the College Club Saturday night, Feather Aylosworth's collection of golf and bridge players, and labeled Canallies, were badly defeated in all three games by the greens, and the latter, by way of impressing upon the boys who wear the green that they were not to be taken for granted, won the first game, in which the score was 175 to 150. In this engagement Frank Barnett counted for Woodgreens, and was high for the night, with 100. The next, Wood and Le Roy furnished the next best clouters for the east end club, with 102.

SOME SHARP DIPS IN DULL MARKET

Several Specialties Hammered Hard, But Stocks Generally Were Inactive.

DRAIN ON RESERVES

Banks Showed Small Deficit Due to Outward Currency Movement.

NEW YORK, Nov. 29.—Conditions were virtually unchanged today in the stock market, which continued to move listlessly, with a small volume of business. There was the same absence of selling pressure, coupled with lack of demand, that has been characteristic recently, indicating a thoroughly liquidated condition. The representative stocks barely moved, although there was a slight advance in some prices, which gave the market an easy tone.

The only movements of importance were among the specialties, a number of which were weak. The most conspicuous feature was Goodrich preference, which fell five points, to 7 1/2, a new low record. Subsequently it recovered part of its loss. The common stock dropped nearly two points, to 13 1/2, also a new low record. Earlier in the morning the preferred stock at 105, and the common at 68. The pronounced weakness of these shares gave rise to rumors that the dividend on the preferred might be reduced, but the rumor was denied authoritatively. The Canadian issues, Rumely and various other industrials were heavy. In the railroad list, Missouri Pacific, below 24, equaling its low record of the year, at 24 1/2.

Small Bank Deficit. The week's exceptionally heavy outward movement of currency, to Canada and the Pacific Coast, was chiefly responsible for the poor showing made in the bank statement. Predictions of a cash loss of \$20,000,000 were realized, the amount reaching nearly \$21,000,000. Loans were cut down \$1,000,000. Shortfalls of deposits of nearly \$38,000,000 did not prevent the requirements sufficiently to prevent the writing of the surplus. The result was a small deficit.

Trade reviews were about the same tenor as during the last few weeks, showing retrenchment and conservatism in business. The Pacific report indicated an increase in net earnings for October of \$54,000, but Rock Island's figures for the same month pointed to a decline of \$23,000. Bonds were easy.

DOMINION BON SCORED ADVANCE

Rise at Montreal Attributed to Toronto Buying—Cannery Sold Off.

MONTREAL, Nov. 29.—An advance in iron and a decline in copper were the only changes of importance in a quiet market for stocks here on Saturday. Iron rose a point to 4 1/2, on light demand, which was said to come from Toronto. Copper was in a better sale, to 6 1/2, and in this case Toronto was reported to be the seller. Following the advance in iron, the market for stocks here on Saturday was quiet. Iron rose a point to 4 1/2, on light demand, which was said to come from Toronto. Copper was in a better sale, to 6 1/2, and in this case Toronto was reported to be the seller.

Business was dull throughout the list, but the tone was not unsatisfactory. Power, in view of the sharp advance of the last few days, acted, well selling between 22 1/2 and 22 3/4. On the Pacific coast, the market was active, and quoted unchanged at the close at 22 1/2. Brazilian iron also advanced, and closed higher, at 8 1/2. Nickel was unchanged, at 70. Ottawa Power again brought 1 1/2 in a broken lot. In the unlisted department, three hundred shares of the 1914 bonds, \$2100 bonds and 100 unlisted shares.

NEW DIRECTORS FOR DOME LAKE COMPANY

The board of the Dome Lake Mining and Milling Company has been reorganized. Mr. George Taylor of New Liskeard has been elected president and Mr. F. L. Hutchinson of New Liskeard has been chosen secretary. Both these gentlemen occupy similar positions in connection with the Timiskaming and Hudson Bay Mining Company.

EUROPEAN BOURSES.

PARIS, Nov. 29.—Prices moved irregularly on the bourse today. Three per cent rentes, 86 francs 20 centimes for the account. Exchange on London 25 francs 20 centimes for cheques. Private rate of discount 1-2 per cent.

BERLIN, Nov. 29.—The bourse was firm and generally higher today. Exchange on London 20 marks, 48-1/2 pfennigs for cheques. Money 4 per cent. Private rate of discount 4-1/2 per cent.

ANOTHER HYDRO RADIAL.

Scheme for Road from Stratford to London Thru St. Mary's.

ST. MARY'S, Nov. 30.—(Special.)—A scheme for a hydro radial line from London to Stratford thru St. Mary's is being formulated, and committees are now at work along the proposed routes. In St. Mary's several prominent citizens are taking the matter up with the town council, and it is expected that a vote of the people will be asked for on the question.

PUBLIC STORAGE OF FOOD.

Calgary Considering Proposition to Prevent Periods of Shortage.

CALGARY, Alta., Nov. 30.—The city is considering a method of the public storage of food to prevent periods of shortage with consequent high prices. A consumers' league has been instrumental in maintaining a public market. An interesting item in the proposition. A prepared statement of the cost of food in Calgary shows an average for 1913 of five per cent. lower than for 1912.

SHIPMENT OF ORE SHOWED DECLINE

More Than Half Was of Low Grade—Bullion Output Large.

FIVE ORE SHIPPERS

While Six Cobalt Mines Sent Out Bullion Last Week.

COBALT, Nov. 30.—(Special.)—White tonnage in ore showed a decline, although more than half of it was low grade, although bullion shipments were considerably higher than the average. There were but five ore shippers, while six mines contributed ore high in cobalt, but low in silver, while most of the Rose ore went to Chrome.

Of the six bullion shippers, it will be noticed that Wettable figures in the list. This will probably be the last reference to this South Lorrain mine for some time, as it has now shut down. The Penn-Canadian was also on the list, and subsequently it will be noted that it will see the bullion shipments for the year pass the \$5,000,000 mark.

The ore shipments from the Cobalt camp the week ending Nov. 28 were as follows: High. Low. T.V. L. Rose 65,420 329,600 385,020 C. Toronto 80,000 30,000 110,000 McKin. Dar. 213,797 213,797 213,797 Nipissing 122,760 122,760 122,760 Kerr Lake 2,974,900 2,974,900 2,974,900

Bullion For Year. The bullion shipments for the year ending Nov. 28 were as follows: Ontario 160,100,327.23 \$110,371.41
