Sir Robert Borden Tells Pilgrims Lasting Settlement Impossible Yet.

EXAMPLE TO WORLD

Canada and United States Gave Lesson of Abiding in Peace.

NEW YORK, Dec._23.-Sir Robert Laird Borden, G.C.M.G., premier of Canada, spoke before 300 members of for the Pilgrims today at a luncheon in the Ritz-Carlton.

Premier Borden asserted that the European war cannot end until the ideals of either side, "wholly irreconcilable," prevail. Permanent peace, he declared, is impossible now, unless one side wins and compels the acceptance of its ideals. He called attention to what might have happened had the European nations been on the same footing among themselves as Canada and the United States have held for nearly a century. These two countries, he affirmed, have given an example to

Premier Border referred to the fact that Canada and the United States had dwelt in peace for a hundred years without the necessity of armed forces along nearly 4000 miles of border, and asked his hearers to consider what might have been spared to hu-manity during the last fourteen months if such example had been followed, and "what stronger or more earnest effort could Sir Edward Grey

have made for that purpose?" Proudest Hour for Canada. Joseph H. Choate said: "This is the proudest hour in the life of Canada. There is one thing we should do to help our neighbor and next friend, and that is to get ready for anything that may happen. Nobody knows how soon we may be involved in war." Four hundred and fifty members of Pilgrims were present to honor

the Canadian premier and the gallery (Continued on Page 11, Column 4).

What Was Expected

When Sir Adam Beck addressed the coard of trade on Tuesday, the meeting was practically solid in favor of his proposals. The attitude of the president and several others was markedly antagonistic. It is no surprise, therefore, to hear that the board of trade council, which is by no means the board, has tome out against e bylaw. There are too many corporation men on the council to expect apport from it for a public ownership areasure. They are too highly sympathetic towards the railway corporations to view the reduction of rates around Toronto with quiet minds. The great majority of the board of trade niembers, who are heart and soul in sympathy with the radial measure will doubtless find a way of getting their views before the people.

Ald. W. D. Robbins referred to the expenditures incurred thru the war. He maintained that the council and board of control had done everything possible to stimulate recruiting, and in his opinion the big expenditures for ammunition, hospital fees, soldiers' sanctioned by the ratepayers.

The question of a fire commissioner when referred to by the alderman evoked many sarcastic remarks, but he mission be appointed did not appeal finally answered the hecklers satisfactorily. Mr. Robbins believed that the \$300,000 annual expenditure on apparatus for the department should be spent by a competent man.

He Was Economical. Ald. R. M. Yeomans said he had promised economy last year, and with the exception of the expenditure for military affairs he had tried his htmost to follow a retrenchment policy. He was in favor of Canadian-made goods and a firm believer in Sir Adam Beck's

Albert Wagstaffe enumerated the points on which he asked for election. He favored promotion in de-partments, the radial bylaw and a fire commission. He did not believe that ald be made a dumping ground and the sewage disposal plan should be scrapped.

Walter Brown announced himself as the labor candidate, but pointed out running in opposition to Alderman Robbins. He was of the opinion that Acting Chief Smith could look after the fire department.

Disgraceful Conduct.
"In the face of the war, the conducting of the city council during the past year has been disgraceful." This was said by T. G. Open Air Classes.

School Trustee Dr. Noble favored speeches at the Labor Temple, Torontour of education if the change would wake u pth etrustees. Open air classes to the Lyric Theatre and at the labor plonic in Rochester as significant, wake u pth etrustees. Open air classes the said would save the city half a million delawould save the city half a Jeremiah Nelson would give his at-ention to the completion of Mount the kalser and all the rest of the so-

cialists. Interruptions by Simpson supporters in the crowd had been frequent and they became more so when McBride declared that when conscription came. they would make all the Socialists line up and if they didn't they would be shot. He further referred to Simpson's vote in the board of education against flying the flag on the public schools and to his opposition to the purchase of dummy rifles for the school boys.

Then he proceeded to quote from a report of an Earlscourt meeting last year in which he quoted Mr. Simpson thus:

"I am as British as any of you, but I am against that flag. I am for the flag of Socialism and anarchy." Liar! Liar!! Liar!!!

This proved too much for Richard Simpson, brother of the candidate, who was in the back of the hall. "McBride, you are a lian" he called ut, rising in his seat, and repeating it four or five times. In the midst of the confusion he walked right up to the

and called: "Liar! Liar! Liar!" The alderman hesitated for only a second. He jumped down off the platform, grabbed his accuser by the and ran him against the wall. Several from the press table and from the front seats separated them and Ald. McBride found his way back to the platform, where he wished the audience good night, and a merry Christmas.

McBride Opposes Bylaw.

Alderman McBride was the last of the candidates to get the floor. Up to that time, all the speakers had had trouble thru the presence of intoxicated persons in the audience who did their best to create an uproar. McBride began with an explanation of why he was opposed to the hydro radial bylaw and then launched into a series of attacks on James Simpson's candidature for the board of control, intimating that the former controller's

going to cost nearly \$7,000,000," he said.
"We want hydro radials, but not in an agreement like this."

Check on Expenditures.

Russell Nesbitt said he believed it was time a greater check on board of education expenditures was made. He said that if elected he would vote for a man on the fire brigade to be its head, as he favored promotion. He pledged himself in support of the hydro radial bylaw because the commission had the confidence of the promission had the confidence of the promise. self in support of the hydrodiad the con-law because the commission had the con-fidence of the people. It meant a cheap transportation to Toronto and every-thing Sir Adam Beck had directed had

a success.

A. W. Miles' New Points. A. W. Miles' new porting the hydro-radial bylaw, asked "Where would the city be were it not for Sir Adam Beck, in the matter of electric light?" His next the matter of electric light?" His next point was that better access to the Island was a possibility. He would favor more cluster lights in the parks and wide streets and would support Acting Chile Smith as chief of the fire department. The judicial enquiry served as a reorganization and more interest should be taken in these things by ward four representatives.

He touched upon a new point when he claimed the medical health department should take more interest in tuberculosis cases and try to improve conditions.

Says He's a Socialist.

Isaac Bainbridge addressed his remarks chiefly to the working class. "I am a Socialist," he said, "but I claim a little business ability." He advocated the city building its own public schools, thus saving the profit made by private contractors who have been "skinning the community." "It's not a square deal munity." "It's not a square contractors sitting on the boa that contractors sitting on the board of education should have a share in the contracts," he said A living wage standard should be es-tablished. Mr. Bainbridge declared, and the working man should vote to see that

there was such a thing.

Contracts Fairly Let. Contracts Fairly Let.

Trustee Miles Vokes said he was glad so much interest was being taken in educational matters. In reply to the statements minde by Mr. Bairbridge, he said he did not know of a contract or who was benefiting by contracts. He had had the tender boxes closed until the hour of opening a committee meeting. In that of opening a committee meeting. In that way a safe plan had been inaugurated. He did not believe it would be in the interests of the city to conduct a stone plant.

A Delightful Program.

A program of music and recitation was given by little Miss Martin, Rosie Rottenberg and Colin McPhee, young pupils of the Hambourg Conservatory.

Mr. J. K. Dunstan made a most happy speech, in which he confided to the children that Santa Claus was on the nildren that Santa Claus was on the way, and that he had promised to bring something for everyone present. Several telephone cans were sent out before it was announced that Santa has really at the door. Then, herald-en by performing clowns, bugles and drums, the hero of Christmas appear everal telephone calls were sent out ng of hands from the expectant ys and girls.

Capt. Boehm Speaks for Ten Minutes at City Hall Urging Men to Join.

Yesterday's nomination meeting for the mayoralty and seats on the board of control presented an opportunity not to be lost by those who are anxious to further the recruiting movement and ten minutes of the time allotted to the candidates for the making of nomination speeches was given over to Capt. M. S. Boehm, one of Toronto's recruiting officers, who declared that the reason men were not coming forward was because the situation was not realized. The most general reason for non-enlistment was that Canada

had not been attacked. "I do not believe that a German soldier will ever set foot on this soil." said Capt. Boehm, "but unless we whip the Germans we will automatically become a German colony If Germany

If Germany should not be defeated, then automatically Canada would become a German province. One of the first terms of peace dictated by Gersked for their consent any more than the people of Alsace and Lorraine or of Schleswig-Holstein were asked whether they would like to be Germans. Germany would not need to send a soldier across the ocean if Great Britain were defeated. Canada would become a Germany colony, and the next generation of Canadians would be ground down paying the war indemnity that would be exacted from them.

Controller Foster listened to it all preserved his cold-blooded equanimity. Early in the year every vote that was brought forward for the benefit of the soldiers was opposed by Controller Foster. He is a great man for economy at the expense of those who have less than himself. He tried to economize on the soldiers. They were getting well paid for what they did, was his comment.

"Surely," another member of the city council asked him, "you do not think that these men go to France and haps, from those who are averse in all risk of investment in shells than the seek six feet of earth there for the sake of the few dollars they get? These men are giving their lives for slightest burden upon themselves. us," he was told.

The reply was characteristic, "Oh," well, they all have to come to it some

Cold-blooded! Controller Foster never spent a dollar without calculating the effect on his election chances. This man, who declared himself honest and fearless the other day in an advertisement, is now trying to make out that his vote to reduce the workmen's salaries by fifteen per cent. did not mean that at all, but that he meant a reduction of fifteen per cent. on general expenses. This equivocation will not let him out of the facts. He voted to reduce the wages of the workmen by fifteen per cent. He induced Mayor Church to back him up, and when Controller Thompson called their bluff and pinned them down to it by voting along with them they were in a panic at the situation they found themselves in. They could see no real

Make sure of the re-election of Tom Foster to the Board of Control on New Year's Day. Sound, economic administration in 1916 is necessary.

The Toronto World support for the reduction in sight, and to do the mayor justice his heart never was in it. It was the cold-blooded controller who proposed the cut and who would gladly have taken \$2.25 a week off every workman in the city getting \$15 a week. He may writhe and wriggle and squirm and squeal as much as he pleases, but he voted to do this thing.

Now he wants to say that it was a general reduction he wanted, not in wages, but in expenses. But his vote is on record. Perhaps he will admit that he was merely bluffing and that he never meant to cut the workmen's wages. Then he is double-crossing the taxpayers to whom he appeals on the score of economy, and he is neither honest nor fearless in his policy. He would chisel the workman and pinch the soldiers and shirk his own taxes when occasion offered, as on Marjorie avenue, and yet expect the voters to regard him as honest and fearless. There never was a more cold-blooded bluffer.

Jewish Property Owners and the Bylaw.

Some one has been trying to make the Jewish citizens of Toronto believe that the hydro radial bylaw would mean higher taxes for them. Nothing farther from the truth could be imasined. The fact is that the radial railways will cheapen the prices of all farm produce and lower the cost of living for city dwellers in general.

Sir Adam Beck laid stress on the freight and express aspects of the radial business. The city could not depend on passenger business to make radials a success alone. It would be have to put up with the next best thing. and produce traffic for the heavy end necessary to rely upon the freight This is an indication that Tom's goose of the revenue. BIG GROWTH IN YEAR

Greater Outlay Partly Due to Lack of Parliamentary

Control.

PARIS. Dec. 23.—Emile Aimond, chairman of the finance committee of the senate, in describing today the constantly growing war expenditure, said that the growth was partly due also to lack of parliamentary control arising, perhaps inevitably, from the necessity of asking monthly credits in advance of the budget, the result of which was "to throw the reins on the neck of administrations in all that

concerns public expenditure." In illustrating the growth of which he spoke, Senator Aimond stated that while the military expenditure for the last five months of 1914 was 805,000 -000 francs, the military expenditure for the first six months of 1015 was 1.100. 000,000 francs; for the third three months of 1915, 1,300,000,000 francs; for the fourth three months of 1915, Bramshot camp when he heard yelling 1,570,000,000 francs, and for the first and to hit the sergeant on the back three months of 1916 would be 1,750, 000.000 francs.

Big Total Next Year. The total expenditure including mili-

tary, for the first three months of 1916 would, said Senator Aimond, be 2.505,000,000 francs, as against 1.665, 000,000 francs in the first six months of the present year. Referring to the proposed income tax, M. Aimond said that the members of the finance committee, by a large majority, were in favor of postponing the coming into effect of the income tax

law voted by parliament in 1914, which

BYE IN SENIOR GROUP

Convener of Group Notifies O. H. A.—News and Gossip of Hockey World.

Convener P. S. Pearce, of Group No. 2, Senior O.H.A., notified headquarters yesterday that the clubs in that district had voted against giving Hamilton R.C. a bye as requested, and they have been notified to declare what they intend to do. Berlin, Stratford, Elmira and Preston voted against Hamilton and Waterloo in favor. All desired Hamilton to remain in the group and play out the schedule. All the delegates at the schedule meeting understood from the Hamilton delegate that the Rowing Club team could not play a game at home until January 19th.

Capt. Jas. T. Sutherland, president of the O.H.A., has been officially notified of his appointment as president of the Canadian Amateur Hockey Association and has appointed W. A. Hewitt of Toronto, as secretary, in the following letter from Kingston:

"Mr. W. A. Hewitt, Toronto: Dear Sir—Having been officially notified by Secretary Robinson of Winnipeg of my election, to the office of president of the C.A.H.A., and as the constitution delesates to me the power to appoint my own secretary, I have great pleasure in asking you to accept this office. I know of no one actively connected with hockey more competent to fill this office than yourself. If there is any honor to be derived from the position, I know of no one more deserving than yourself. Trusting that you will honor the C.A.H.A. by your acceptance of this important post, I remain, sincerely yours, James T. Sutherland."

The officers of the Brantford Hockey Club are as follows: Hon. president, Lt.-Col. Cutcliffe and Lt.-Col. W. Stewart: president, Dr. W. D. Wiley: vice-president, J. J. Kelly: 2nd vice-president, Lieut. Howcroft: sccretary, J. H. Woolman, 133 Drummond street; treasurer. Geo. D. Watt, manager Bank of B.N.A.: manager, E. C. Gould: assistant manager. Wm Ness; executive, J. Douglas, Lieut. Slemin, J. Hanley, P. Dowling, F. Popplewell, R. Robbins Hugh Howie. The Brantford club has intermediate and junior teams in the O.H.A.

Players registered yesterday: Niagara Falls, intermediate, Jas Farrell, Caryl W. Draper, E. E. Parsons, Wm. Basil George, J. A. St. Dennis. George is at present under suspension by the O.H.A. for playing on another player's certificate several years ago at Dunnville.

Wanderers, leaders of the N.H.A., will make their first appearance of the season here on Saturday night, when they play the Torontos.

Speaking of Wednesday's gentle game at Montreal a despatch says: Two free fights occurred during the battle. In the second period Sprague Cleghorn slashed Newsy Lalonde across the arms as he Newsy Lalonde across the arms as he was coming in on the nets. Lalonde immediately used his stick on the Wanderer defence player and a fight followed, the officials and players finally separating the two men. Later Didier Pitre and Gordie Roberts staged a battle, the Wanderer player getting Pitre down on the ice and making an attempt to strangle him. Both teams mixed it up thruout the match, but the Canadiens were the greater offenders, their total penalties amounting to fifty-four minutes.

Vancouver sends the following: Sibby Nichols, former Vancouver hockey forward, who for the past year and a half has been on board the Empress of Russia in the service of the British admiralty, returned to the c'ty yesterday on the Empress of Japan. Sibby was on the Empress of Russia when war broke out over a year ago. Frank Patrick,

The House That Quality Built.

Griffis and members of the Vancouver club welcomed the old player home. He will kne up with the Vancouver club.

All clubs who are going to play in the Beaches Hockey League this winter are reminded that any team whose fees are not paid will positively not be accepted to membership this season. The series are: Senior, intermediate, junior, juvenile and midget. The secretary would especially like to hear from a few more midget teams to fill out this series. This series is for boys under the age of 16 on Jan. 1, 1916. For further information apply to the secretary-reasurer, F. D. Smith, 217 Woodbine avenue, phone Beach 906.

Ottawa Citizen: As for the Torontos, it is certain that they must show immediate improvement, otherwise they will cut a sorry figure in the championship race. Lesueur and Cameron were brilliant, but Ronan seemed the only man on the line, who measured up to expectations, and at times his support became so ragged that he evidently gave up in despair. Two or three experienced men to assist him would make a great difference on that Toronto attack.

Wanderers start off this terrific undertaking, as per schedule, by meeting the Canadiens on the night of Wedness, day, Jan. 26. With two days' rest they tackle Ottawa here on Saturday, Jan. 29. After leafing around Sunday, they entrain Monday morning for Toronto, and look up with the blue shirts. Then they have nothing to do until Wednesday, when they meet the Canadiens again. Then there's a long rest-up of two days. For on Saturday Wanderers jaunt-to Quebec, and go to the mat with the bulldogs. Back from Quebec Sunday, they have time to snatch a meal, and then hustle to Ottawa to play tag with the Senators on Monday night, Feb. 7.

CAPITAL CITY WANTS SERIES WITH O. H. A.

Looks Like Case of Sour Grapes -Ottawa Teams After After-Season Crates.

Ottawa Free Press: The president of the O.H.A. declares we do not know what we are missing in Ottawa by being out of his organization. Why don't they send one of their crack teams down and show us what orand of hockey they can play? Not since a team caned the Mariboros came this direction in quest of the stanley cup, has a Toronto hockey aggregation visited the capital. They was a team in the ord line provincial League from Toronto, but it was nordly worth watening. Ottawa College visited Toronto a couple of years ago and gave the St. Michael's team a most unmerciful licking. At that time the college seven was rated about the third best amateur team in the capital. Outside of the fact that inter-sectional hockey may be somewhat keener than the city brand, the O.H.A. has failed to show where its playing standard is equal to that of Ottawa City League teams. If President Sutherland is really anxious to show us O.H.A. hockey, he should term his office toward bringing about a home and home series between the western champions and the leaders of the Ottawa City League. Ottawa has made such overtures for a number of years, but the O.H.A. teams have invariably found excuses for not coming.

The following is the new schedule idopted by the Saskatchewan Amateur Hockey Association for the northern lavision this season:

CHARGED WITH THEFT OF MANY VEGETABLES

Joseph Cunello Found in Warehouse With Bags of Potatoes Piled Up Outside.

Plainclothesmen Dawn and Marshall yesterday afternoon arrested Joseph Cunello, age 19, 496 Ontario street, on a charge of stealing a quantity of apples, potatoes and onions from 15 Market street the warehouse of Thomas Cleghorn, commission dealer, 83 Colborne street. Cunello was at one time employed by Mr. Cleghorn. Since Mon-day last fifty boxes of Russet apples, twenty-five bags of potatoes and a large quantity of onions have been missed from the warehouse, and no one could give an account of the disappearance of the goods. Cunello was suspected of stealing them as he was known to have a key of the building in his possession, and the plainclothesmen have been watching the premises for the past two days in an effort to eatch him interfering with the goods, Yesterday they went inside the building and found him. When apprehended he said he was looking for his overcoat. A number of bags of potatoes had been placed outside ready to be taken away.

First Division of the Trot Unfinished—Summary and Entries.

The track was sloppy for the ice races yesterday at Hillcrest Park. James Albert won the 2.30 pace in straight heats, there being close competition for the balance of the money. Dan Bingen, with a second and two fives, earned second, Patrick Elk third, and Queen Hall fourth. The 2.30 trot first division, contested as the third race, was a procession, Chillicoote winning easily, Philip Ha Ha, Ashland Hal and Lena Peters finishing one, two, three, four in straight heats. It was different in the opening race, the second division of the 2.30 trot, that went five heats and is still unfinished. Widower Peter and Jean T. each having two heats and Montavalo one. There was a good attendance. Following is the summary:

CHRISTMAS HOLIDAY GIVEN TO SOLDIERS

Men Get Four Days' Leave of Absence.

FESTIVITIES STARTED

Members of Various Battalions Are Already Receiving Their Christmas Stockings.

Over 4000 of the active service soldiers training in Toronto are having a four-days' Christmas leave of absence. The other half of the 9000 Wilcox. overseas troops in Toronto will be "on leave" at New Year's.

It is expected that about 2000 soldiers will be guests at the big Christmas Day dinner which the Y.M. C.A. have arranged for tomorrow at the Exhibition camp. It will be a real Christmas dinner, with turkey, plum pudding, nuts, oranges, raisins and "all the rest." Several hundred ladies have volunteered to do the serving. During the dinner a fine orchestra will

MAPLE LEAF FEATURES

New York Central Feature of Railway Issues—High Record.

New York Central Feature of terday, the undertone in general was better. The one feature of the market as on the previous day was Maple Leaf, which advanced four points further to 64. The preferred stock was also strong, with a sale as high as 97. Nothing has been given out in connection with the company. stock was also strong, with a sale as high as 97. Northing has been given out in councection with the company, shares, which was sufficently instent to suggest investment demand, poday's market developed no new features of especial interest. Metal and oil stocks continued to move forward, subject to occasional reversals on realizing forg profits. Mexican petroleum rose 41-8 to the new migh price of 106 7-8, and most of the coppers were a peint or more over yesterday's final quotations.

War scares and kindred descriptions, notably American Can, American and Baldwin Locembrives, Pressed Steel Car and Republic Iron and Steel registered similar advances, while among such issues as Allis-Chalmers preferred. Distillers Securities and U. S. Industrial Alcohol gains ranged from 3 to 7 points.

EXPORT DEMAND PUTS WHEAT PRICES HIGH

Strong Cables From Liverpool Responsible for Tightening of Values.

CORN MAKES ADVANCE

Oats Strong on Renewal of Export Buying-Provisions Trend Upwards.

CHICAGO, Dec. 23 .- Increased foreigu demand stimulated buying of wheat today and carried the market to the highest prices yet on the 1915 crop. The close was nervous at 2 1-2 to 3c net advance, with December at 1.24 5-8, and May at 1.25 5-8. Unexpected strength in Liverpool gave the wheat market here an upward swing right at the outset. British cables, instead of reflecting to any extent the previous day's break on this side of the Atlantic, showed a tightening of values, and told of increasing scarcity and of a prospect that world shipments this week other than from America would be disappointingly small. Profit-taking by here led to a reaction a short time after the opening, but offerings seemed to pass into strong hands. Assertions that New York interests with French connections were vigorous buyers helped bring about a fresh advance, which continued without serious check the

remainder of the day. Estimates of export business in wheat generally ran above 1,000,000 bushels, chiefly hard winter grades to go by way of the Gulf of Mexico. In this connection, gossip was current that British vessels loading grain at Canadian or United States ports were being required to carry 75 per cent. of wheat. Reports of green-bug damage in the southwest tended further to handicap the bears.

Corn rose with wheat and touched a new high price record for this season's crop. At first, however, favorable weather put the bulls at a disadvantage notwithstanding the smallness of arrivals and the increasing reports of car shortage. Oats had some independent strength on account of a renewal of export demand. It was said Europe took 1,000,000 bushels at the seaboard. Provisions averaged higher as a re

sult of scattered buying from commis-sion houses. Lard was relatively weak. It was said that lard stocks were piling up, and that some hedging as to lard was being done by

Canadian war loan bonds were firm and unchanged at 97%; Dominion Iron bonds also were stationary at 85. In the urlisted department Porcupine Crown sold at .86, or .03 below the last sale,

FORD CONTRACTS COLD MAY GET PNEUMONIA

Peace Leader Forced to Call in Physician and to Take Precautions.

CHRISTIANIA. Dec. 23.-Finding that he was unable to shake off a severe cold that he had contracted on he neace ship Oscar II while en route o Christiania, Henry Ford was compelled to call in a physician last night. Ford said that it was the first time in his life that he had had a doctor. The physician found that the paci-ist leader was suffering from in-luenza and threatened with pneunonia, and counselled his patient to ake all precautions to ward off a
