# CANADIAN STATESMEN INVOLVED IN CHARLIC CROSS BANK FAILURE!

Eight Millions, Which Went Into Coffers of Quebec, Atlantic & Eastern Co., and New Canadian Co. Not Satisfactorily Accounted For -May Be Discussed in Parliament.

OTTAWA, Jan. 11.-(Special.)-Few things have so stirred the parliamenrians of late years as has the fallure of the Charing Cross Bank of London, England, and the as yet unknown extent to which some Canadan statesmen are connected with t.

The bare facts that are available are that this bank, which became defunct recently, has the largest portion of its assets in Canada, namely, in the Gaspe Lumber and Trading Co., the New Canadian Co., the Quebec Oriental Railway, and the Atlantic, Quebec and Western Railway. The assets are supposed to be worth about \$2,800,000, and may run up to three millions, but only about one-fifth of the assets are outside of Canada. The liabilities of the bank are about fifteen millions. bank are about fifteen millions.

Eight Millions Involved.

The Charing Cross Bank is really A.
W. Carpenter, and it is said that about eight million dollars of the funds of the bank were put into these companies mentioned, but principally into the Outless Atlantic and Western and the Quebec, Atlantic and Western and the New Canadian Co. The latter is a con-

struction company.
A. E. Ames, M.P. for St. Antoine, Montreal, will move in the house on Friday next: "For a copy of all correidence, letters, telegrams, reports spondence, letters, telegrams, reports and papers of every description between the liquidators of the Charing Cross Bank, or of A. W. Carpenter, or of anyone on their behalf, and any member of the government, or official thereof, regarding the affairs of the Atlantic, Quebec and Western Railway, the Quebec Oriental Railway, or the New Canadian Co., Ltd."

Senator Landry, it is stated, will move in the senate that the whole question be referred to a special committee.

Politicians Involved.

So far as certain Canadian policicians

So far as certain Canadian policicians lawyers for both companies were Gouin. Lemieux and Brossard. The first named is Sir Lomer Gouin, premier of Quebec, and the second is Hon. Rodolphe Lemieux, the postmaster-general. Al-

ger of the company.

The suspicion of the liquidators of Charing Cross Bank is that there has been less of the bank's money ex-pended upon the railway than should have been the case, and an effort will be made to trace it. It is stated that Premier Gouin and Hon. Rodolphe Lemieux will go to London for the examination by the official receiver

# ASCERTAIN RIGHTS OF THE Mr. Maclean Asks for Probe of C.P.R. Legislation

# PUBLIC TO REDUCED RATES

Member for South York Raises Important Questions in the House of Commons-Proposes Far-Reaching Changes in Banking Act - A National Note Issue, Public Inspeand No Double Liability.

OTTAWA, Jan. 11.—(Special.)—After ness and glared at Mr. Staunton for a a three weeks' recess over the Christmoment. He then said: "I think it is mas holidays, the house of commons was regalvanized into life this afternoon. It was private members' day, a habit of yours, which I had hoped and a number of matters of more or

A question of prime importance, and a piece of gross impertinence," said a probable aftermath of the Farmers' Bank failure, was notice of motion given by W. F. Maclean (South York), that when the revison of the Bank there was no outward quarrel between father and son, the his brother had providing for the public inspection of said something to him about the had notes, properly secured, to take the place of the present bank note issue, and for the repeal of the double liahility clause.

Continuing, Mr. Maclean said: "I also take this opportunity of giving notice that I propose to move an amendment to the motion to go into supply:

Expropriation of Telephone Lines. "That before the motion pass, this louse desires to affirm the opinion that parliament should empower the prov-inces to expropriate telephone lines within their respective borders, owned by private companies incorporated un-

der federal law. That before the said motion do pass, this house hereby declares that steps be at once taken to ascertain the rights of the public using the C. P. Railway to a reduced tariff because of the provision in that regard contained in the act of parliament ratifying the agree-

ment with that company.
"That before the said motion pass, this house desires to affirm the opinion that a public-owned cable service be-tween Canada and the mother country would be of great benefit to the public and to the two governments.

"That before the said motion pass, this house desires to affirm its belief that a public-owned telegraph service would cheapen and improve communi-cation between the people of Canada.

A Tariff Commission.

that preparaton and administration of the customs tariff should be in the hands of a tariff commission. "That before the said, motion pass this house desires to affirm the opinion that a wide extension of the parcel sys-

tem of the postoffice would be in the That before the said motion pass, the house desires to express the opinion that the control of the capitalization of the railways of Canada should be within the jurisdiction of the board of

railway commissioners.
Sir Wilfrid Laurier: With what does my honorable friend propose to commence this pretty large program? Mr. Maclean: It is rather a big order, and I bring it before the attention of the government and the house in this way, so that it may get a certain pub-

benchers. Honorable gentlemen say "Hear, hear," in a way to indicate that they

#### THE CANADIAN PACIFIC AND ITS RATES

al issue of the people of the Canadian west, as well as of the people of the east, the issue of all Canada, turns on the rates for passengers, for freights, for telegraphs, for express, of the Canadian Pacific Railway. What did Sir John Macdonald mean when he put in the original act authorizing the bargain with the syndicate who built that road, by what is called the ten per cent. clause?

The World has no hesitation in saying that HE MEANT THAT WHEN THE RETURNS OF THE ROAD TO SHAREHOLD-ERS EXCEEDED TEN PER CENT., THE EXCESS IN EARNINGS SHOULD BE DEVOTED TO A REDUCTION IN RATES TO THE PUBLIC WHO PAID THEM. These returns have in one way or another exceeded fourteen per cent. for over five years, and the company has still millions and millions in its treasury. It has over \$20,000,000 in cash, it has hotels, it has steamships, telegraph, shares in other roads, and millions of acres of lands, townsites, assets that, as a matter of fact, no one but two or three men can actually

Has the time come for that clause to become operative? That's the issue. The rates are exorbitant in every direction. The company dominates the west. Public opinion is largely chloroformed by its enormous influence, and the farmers who came to Ottawa talked of everything but the real superlative issue, that of railway rates. Mr. Maclean brought the issue up in parliament yesterday by giving notice that the time had come for a sweeping reduction in these rates. That the enormous accumulations in the treasury of the company ought to be applied to a reduction in telegraph tolls, express charges, passenger fares, freight rates. Mr. Creelman, the leading counsel of the company, says in The

Globe of yesterday, in substance, that these reductions are neither the right of the public, nor by implication are they to be forthcoming. Editorially The Globe also glorifies the enormous development of the road, and hails as the year of jubilee the fact that a straight dividend of ten per cent, was reached the other day.

But where is it on tariff reduction? Where is parliament on this great issue? The public may know before the session is over. We know now what the Canadian Pacific has done for its shareholders, and we congratulate them on their good fortune. What does it propose to do for the people, under the clause in its charter governing rates?

#### THE WORLD IN PORCUPINE

The Toronto World has sent a

special commissioner into Porcupine gold fields.
Charles Fox, an experienced journalist, formerly of The Cobalt Nugget, and before that engaged in a responsible capacity on The Grand responsible capacity of the Grant Rapids Despatch, left Kelso Mines vesterday morning for Porcupine City. He will represent The Torono World in Porcupine gold fields.
A five-room portable house, pur-hased from Sovereign Construction.
Company, Lumsden Building, Too, equipped with furniture sup-d by the R. Simpson Company immediate erection and occupation, was shipped to Mr. Fox on Tuesday. This house will be on the ground at Porcupine City by Satur-day, and at once The Toronto World

new gold fields.

Charles Fox will be The Toronto World's Man-on-the-Spot in the Porcupine gold fields. He will send out authentic news of the mines and of the great industrial activity that is prevalent in that great mineral district. His first letter, dated from Kelso Mines, on the T. & N. O. Railway, appears below.

KELSO MINES, Jan. 10 .- (From the Man-on-the-Spot.)-Just as the flow of of travel set back towards the gold camp, and each evening train from roronto brings men of note in the mining game, as well as the prospector and the miner.

Stage men declare the numbers go ing back to the camp are not yet up to normal, but that each day brings in a few more than the regular traffic. Heavy storms between Englehart and Timagama have interfered with the train service, and if trains here arrive at their destination in this country, not more than two hours late, it is consid-

more than two hours late, it is considered good.

There is an air of optimism over Porcupine that reaches out here, and every man one meets carries with him that general confidence of success in the end, which means at the least the country will be thoroly developed.

Going Into the Camp. Among those who left here this week to look over the district is G. H. Rochester, who, in the company of O. H. Rose, will visit Deloro, south of Tisdale, where Mr. Rose has holdings.

## LE CANADA WANTS CURB ON POLITICAL PRIESTS

Episcopal Interference Necessary, It Declares-Endorsation of Nationalist Movement

MONTREAL, Jan.11.-(Special.)-The French Liberal press, especially, is out in open protest against the interference of the clergy in favor of the Nationalist movement. Le Canada says that the ministerial newspapers are deunced as dangerous, and in one instance the reading of a Liberal paper is forbidden in a certain college, while Le Devoir, with its coarse language, its lies and appeals to prejudice and the baser passions, is fed out to the stu-dents, a bishop even going so far as to sent one of his priests out on a mis-

sion in favor of such a paper.

Before such a state of things Le
Canada wants to know where it is all going to stop. "We have, however, the assurance of the leaders of the church that they are against this exploitation of religious sentiment in favor of any political coterie; that the holy see ab-solutely condemns the reading of polito be a detective, was brought here to-day in a dying condition from Alberni,

trine, has always placed itself above political passions.
"We believe, therefore, that direct With two men wanted in Saskatchewan for highway robbery there and for breaking into box cars on the Grand Trunk at Yorkton, Sask.

The story is that he trailed the two men from the latter place and caught up with them in a camp near Alberni. He posted one of his men outside, while he himself entered the camp to make the arrest. A fight ensued, in which Sayers was shot trial on Friday, light may be thrown upon an apparent great discrepancy between the amounts charged against tween the amounts charged against tween the amounts charged against the Reeley mine and the amounts ac-

miles each way to a schoolhouse, and even such a schoolhouse would accommodate but two or three families. But the itinerant pedagog goes about from house to house, carrying his store of learning with him and leaving behind much intellectual stimulus and a desire to know what is going on beyond the bounds of the island. "They were great chess players in the lonely farmhouse where we stayed, and they were keen to play with us. Althomy companion considered himself a fair chess player, he was ignominiously beaten by the angular lady of the household. They had a Bible, too, and an Icelandic hymn book. We went away from our short visit to the lonely farmhouse of the Sog with the impression that the home life in the typical farms of Iceland might well be envied by dwellers in more favored climes."

#### A PREHISTORIC ZOO.

The latest attraction at Carl Hagen-beck's famous animal park at Stel-lingen, near Hamburg, is a series of sentations of the great monsters that inhabited this earth in the distant

past. In all thirty have been erected, but more are to follow.

These beasts of the past occupy a portion of the grounds to themselves. They have been built up of cement by J. Pallenburg, around the shores of a

The animals are depicted standing by the water's edge amid the shrubs and trees, while in the lake itself, says The Strand, are shown huge crocodiles and strange looking creatures, half fish and half mammal. Additional realism is added by representing a few of the beasts in the act of battling

with specimens of their kind.

There are several representations of the dinosaurs, including the iguanocon, which towers some twenty-five teet into the air, making the trees around look quite small; the diplodocus, whose length of 66 feet and height of 18 feet render the modern elephant a mere pygmy; the stegosaurus, with its bony ates on its back and solkes on its tail; the triceratops, with its three horns on its face and huge collar of spikes around its neck, as well as representations of the sloth, dodo and

Then there are huge flying reptiles with an enormous spread of wings, birds with formidable teeth, not to mention giant lizards, tortoises and toads, compared to which the present these tortolses and toads are twelve feet and more in length.

Violated Social Ethics.

Frank Budway went to serve a subpoena upon Mrs. Maud Corbeau. 139
Mutual-street. He became familiar, according to the lady, and even as another witness said, insulting, if not interest and specific process.

More described with Dunfrom the bureau. Two months elapsed and then there was a chance meeting in the street. The minister, smiling, asked the suitor the cause of his prolonged absence.

"Mon Dieu, monsieur le ministre," was toubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me longed absence.

"Mon Dieu, monsieur le ministre," was the reply. "I had your photograph of the lady, and even as another witness said, insulting, if not for me." "And what did my photograph to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Doan's Kidney Pills are a purely vegetable medicine, realizing quick, per-

and bladder trouble. Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Cc., Limited Toronto, Ont. If ordering direct specify "Dean's."

MANY PROTEST AGAINST A RECIPROCITY TREATY

Includes Boards of Trade, Labor Council and Coal Companies.

OTTAWA; Jan. 11.-(Special.)-A supplementary return, tabled in the commons to-day at the request of Hon. George E. Foster, gives the details of the resolutions adverse to reciprocity 31. It will be a memorial by the chair-man of the T and N. O. to his late wife, boards of trade and other public bodies thruout the Dominion; also letters of Feet So. Sore. protest which have been addressed to the minister of finance on the subject. The latter include a number of let

ters from companies objecting to the idea of reciprocity in coal. These are ed, and it is estimated that it will from the Dominion Coal Co., the Acadia Coal Co., the Intercolonial Coal Mining Co., and the Nova Scotia Steel Co. Seventeen P. W. A. lodges of the Maritime Provinces likewise object to reciprocity in coal. Other bodies which have sent in their protest to the government include Toronto, Stratford, Welland, Deseronto, Hamilton, Kingston and Victoria, B. C., boards of trade, the Sydney C. B., Trades and Labor Council, and the citizens of Stellarton

laton, N. S.

A return, tabled at the request of A.

B. Ames, shows that the total cost of the enquiry into the Lumsdan charges are a very classification on the N.T.R. the enquiry into the Lumsdan charges as to over-classification on the N.T.R., which was conducted last session, was \$11,103. Of this amount \$9869 was paid for legal services and reporting, the remaining sum being paid to witnesses as fees. Smith, Markey & Skinner of Montreal received \$3800; G. F. Moss of Toronto, \$2817, and F. H. Chrysler, who was public counsel, \$2500.

HAZELL'S ANNUAL.

Among the admirable compendiums that lighten the labors of all who have to do with public affairs, none is of more value than Hazell's Annual, now in its 27th year of issue. Altho its principal concern is with the British Empire, its range covers all foreign countries and gives indeed a bird's eye view of the world history in 1819, being a form of the world history in 1819, being a form of the world history in 1819, being a form of the world history in 1819, being a form of the world history in 1819, being a form of the world history in 1819, being a first one foot at a time. She had not the being a first one foot at a time. She had not the same political and social whose fruition will arrive in years to come. Issued a little later than usual, the dealthy had not the under heaven you have used this year's volume includes the record of the recent general election in. the United Kingdom, comparative tables showing changes in representation and summaries of the most important of the electoral pronouncements. YORK LOAN LIQUIDATION Even at Moderate 5 Per Cent. Charge,

At an estimated basis of five per cent. the cost of liquidation will require the poyment of over \$150,000 to the National Trust Co. for winding up the York County Loan.

The creditors numbered 129,000, and had they not been grouped and dealt with in a scientific way the costs would have been much greater. In the liquidation of a loan compar costs reached 30 per cent.
On that scale the York County liqui

dation woul dhave cost \$600,000, as th total aggregated \$2,000,000.

Couldn't Walk Down Stairs-

points, and I am sure it is quite ex-plicit. If the indictment is properly drawn up, as I presume it is, it will cover just the points you say you want to know. I have ruled in the matter, I

CHARGE IS EXPLICIT

will take a plea, and I shall not have any discussion. When will you be ready to go on?"

Offences Not Charged. Mr. Dewart then craved permission to demur until this morning at 10 o'clock on the ground that the par-ticular charges in the indictment did not constitute offences. He claimed of candidates for vacanci that the indictment was improperly to prove a profitable one. The permission was granted and the question will be argued before the plea of "guilty" or "not guilty" is made:

CHURCH NOTES.

Rev. Dr. Norton, secretary of the Baptist foreign missions, returned yes-terday from Thornbury, where he as-sisted in the ordination of A. Hilliard Jones of that place. The ordination council was called from Owen Sound.

SEVERAL ARE WILLING TO BECOME MAGISTRATE JUDGE RIDDELL FIRM

Temporary Appointment in London May Head Off Party Embarrassments.

Ward received at the parliament pulldings from London indicated that he appointment of an acting policenagistrate for that city, as announced n The World yesterday, came at a good ime to check over zeal on the part of he adherents of three London Conservatives, whose names had been assoclated with the vacancy." Friends of J. C. Judd, K.C., were as-

tion would not accept it unless allowed to keep up his private law practice. A Visionary Option.

Mayor Beattle's friends said that Sir James Whitney had it up to him to approve or turn down their man, who was ready to accept the job. Backers of Hume B. Elliott consider-

serting that their choice for the posi-

ed their candidate the right man for Sir James' announcement that the new deputy will act as police magistrate until a permanent appointment is made, is regarded at the buildings as a deft hint that the attempt at stampeding the administration in favor of candidates for vacancies is not likely

Make Civic Elections Earlier. A. E. Donovan, M.L.A., Brockville, is taking up the question of a change in the date of municipal elections, so that civic contests will not mar the Christ-Nova Scotia and many of the states hold their municipal elections in No-

Entra Heavy Grade for Workers; Medium and Light Weights for dress wear; Extra Lengths for tall men.

#### Note and Comment

Colder weather is promised, the at this writing it does not look much like single rink curling on Thursday. However, with the thermometer showing four degrees outside, the committee will set the sixteen survivors at it at 7.30 to-night.

Jim Jeffries and Barney Oldfield are getting unmercifully panned for their recent collaboration concerning the dope. Birds of a feather are gregarious, even when they are dead birds. It was only a question of time when Barney Oldfield and Jim Jeffries would get together and pool their dead issues. Oldfield is a soused herring at his own game, and is fighting desperately against the tide of oblivion that surges around him. His eleventh hour attempt to revive that ridiculous and universally discredited "dope" story is significant of nothing but his own desperation to butt into some kind of notoriety. Even to say that he is as ignorant as an unfettered milestone of all things puglilistic, and did not have until now a passing interest in the Johnson-Jeffries match, would be to attach uncalled-for importance to his vaporings.

The easy victory of Alfred Shrubb over Tom Longboat at Pittsburg should have come as a surprise, following, as it did, the splendid form shown by the Indian, according to the bulletins sent out gratis to the newspapers by Manager Sol Mintz. They should vary their Marathon stunt by giving wrestling exhibitions.

The Grand Circuit harness races open this year on July 10 at Indianapolis. When a small country town like Goshen was admitted, it should stimulate the owners in a big centre like Toronto to bestir themselves, as it has long been considered a niere formality for this city to get into the circuit. The selection of Goshen came as a surprise, as not a word had been said until now regarding the ambition of that beautiful country town to bid for the patronage of the big stables.

patronage of the big stables.

It was understood that Dover, N.H., would ask to be assigned the week after Buffalo, but both of these new aspirants asked for the week beginning Aug. 21. When it came to a vote the choice of the stewards was for the two-lap course, where there always is a high-class meeting conducted. The applications of the other new members. Indianapolis and Grand Rapids, caused no confusion, as their preference of dates did not conflict with old members. After a ballot vote the Goshen track was admitted, as was the Michigan State Fair. However, to satisfy Columbus and at the same time avoid a conflict with Lexington for one week, it will be necessary for Lexington to agree to advance its dates one week. Manager Bill Foulds is very modest in his praise of his Junior O.H.A. team. He says: "It's the best darn team in the world." The Eaton Athletic Association is going to hold a large fancy dress carnival on Thursday evening, Jan. 26, at Moss Park Rink, Shuter street.

The president. Dr. Macdonald, has called a meeting of the board of govenors of the Ontario section of the Amateur Athletic Union of Canada for Saturday, Jan. 21. in the Military Institute, Queen's avenue, for the transaction of general business.

Several of the St. Michael's players worked out with the Argonauts last night. The going was rather sticky, but just the kind to get a man in shape for a hard game.

"Mag" McGregor, the traveling hockey

talking of a baseball league formed of Hamilton, St. Thomas, Brantford, London. Chatham, Woodstock and Stratford, thereby displaying a lamentable ignorance of the strength of these towns as baseball centres.

Waterloo pros. are said to be negotiating with Bruce Stuart. They will have a new goalkeeper for Monday night's game with Berlin.

Saturday Night's Senior Game. The Senior O.H.A. game Saturday night at Mutual street Rink between St. Michaels and Parkdale, is certainly causing considerable talk among hockey en-thusiasts. The teams are very evenly matched and a close game will result. St matched and a close game will result. St Michaels will be somewhat handicapped by the absence of Winnett Thompson their star goal tender, whose place wil be taken by J. Heal, who played a good game for the college boy in Stratford or Monday night. Both teams are in good shape and it is to be hoped good hard ice will be available so that both will be placed on equal footing.

Toronto Cribbage League. In the Toronto Cribbage League las night, the Royal Grenadlers defeated the Sons of England B team by 22-14.

National Yacht Club. The National Yacht Club officers have been elected, as follows: E. B. Col'ett commodore: W. Wolfram, vice-commodore: P. Morrell, rear-commodore: Geo Barber, treasurer; T. Turrell secretary Spencer Ellis, measurer; P. Vlckers, assistant measurer; J. Turrell, T. Clark, H. Copping, W. Bowler, G. Gingras, H. Lawson, executive committee.

Copping, W. Bowler, G. Gingras, H. Lawson, executive committee.

American Bowling Tournament.

ST. LOUIS, Jan. 11.—Entries by cities for the American Bowling Congress tournament, which begins here Jan. 21, were announced last night by Secretary A. L. Langtry. The total entry list of 411 fivemen teams was announced several days ago. St. Louis leads the list with 146 teams, and the State of Missouri with a total of 158 teams. Chicago is second, with 65 and Illinois, with 104 teams. Ohlo takes third place, with 53 teams.

Q. O. R. Indoor Baseball.

In the Queen's Own Indoor Baseball wing, Grain.

Oshawa 12, Bowmanville 4.

OSHAWA, Jan. 11.—A very exciting game of hockey was played here to-night between Oshawa Junior O.H.A. and Bowmanville Junior O.H.A. The ice was very good considering the condition of the weather. Both teams played very clean hockey, only four men being put in the peralty box thruout the game. Bowmanville has some very fine lockey players, also Oshawa. First half score was 7 to 2 in favor of Oshawa. Game ended in Oshawa favor, score being 12 to 4. The following is the line-up: Oshawa (12): Goal, Bennett; point, Freeman (capt.); cover, Lansfield; rover, Fair; centre, Venney; left wing, Farchett; right wing. Grain.

Q. O. H. Indoor Baseball.

In the Queen's Own Indoor Baseball
League last night, B Company defeated K
Company in an extra innings game by
13-9. Batteries-B Co., A. Thompson, H. tre, Hooper; left wing, R. Williams; centre, Venney; left wing, Farchett; right wing, Grain.

Spanghton and J. Brown; K Co., Capt.

## QUEEN CITY V. ABERDEEN No. 4 Next Tuesday--No.

Primary Games in Tankard Group 13 Start Same Day.

PARKDALE V. PROSPECT

Next Monday and Tuesday the Tankard orimaries will be played in the three Tonto and suburban groups. On Queen City ice, as announced yesterday, No. 3 eams play the semi-final at 1.30, Varsity Toronto, and Granites v. Lakeview, and the final the same evening. R. B.

Umpire Charles Swabey has ordered the ne in Group 4 of the Ontario Tankard be played at the Victoria Club on

uesday, Jan. 17, commencing at 1.30 harp. The draw is as follows:
Parkdale v. Prospect Park.
Queen City v. Aberdeen.
The winners will play on the same ice at .30. In the event of a postponement being necessary, the games will be played in Thursday, the 19th, at the same time and place.

Umpire Horace Lewis of Prospect Park has sent out the following notice to Group 13 clubs—West Toronto, Scarboro, Osha-wa, Newmarket, Richmond Hill, Scarboro Leafs and Weston:

Hockey Notes

The official score in the Eaton intermediate game at Newmarket Monday night was it to 10, instead of 10 to 9, as sent out from Newmarket. Eatons led at half-time by 5 to 4. Gordon Meeking of Eatons was reported by the referee for a deliberate foul. His next offence will mean expulsion from the O.H.A.

Next Tuesday night, at Mutual-st. Rink, the Newmarket and Eaton intermediates will come together. These two teams had a great struggle at Newmarket last Monday, the Eaton team winning by the smallest possible margin.

Manager Rill Faults is now modest in

Single Rinks To-night.

Boys' Union Swim Championships Are Held at Central Y.

The Boys' Union city swimming championships, which were decided at the Central Y.M.C.A. last night, brought out a big bunch of youngsters and their friends. All the events were closely contested. The following clubs were represented: Central Y.M.C.A., Broadviews, Lansdowne School, King Edward School, Bolton-avenue School, McCaul-st. School and Oakwood High School.

Exhibitions of fancy swimming were given by G. H. Corson, swimming instructor at Toronto University, and Gilbert Cochrane of Upper Canada College.

The following are the results:
Senior, 100-foot dash—1, C. Farmer; 2, F. Wood.

Junior, 100-foot dash-1, L. McLary; O. Lewis.

Senior, back swim, 100 feet-1, C. Farmer; 2, F. Wood.

Junior, back swim, 100 feet-1, B.

O'Leary; 2, A. McLary.

Senior, neat dive-1, C. Bovard; 2, C.

lor, neat dive-1, R. Hutchison; La Fontaine. Senior, long plunge—I, C. Farmer; 2, W Wood. Junior, long plunge—I, M. Lock; 2, A

Carter.
The officials: Starter, Taylor Statten.
Judges-Mr. Morphy of Upper Canada
College, Mr. Norris of Toronto Swimming
Club, and Mr. Hardy of Central Y.M.C.A. Swimming Club. Timers—Fred Young, Fred Mara, J. J. M. McLeod. Scorers—Ed. Otter, W. Griffiths. Clerks of the course—T. H. Miller and B. Hoole.

Ottawa Defeats Renfrew.

RENFREW, Ont., Jan. 11.—Coming to the front in the last period of play with a burst of speed that simply overwhelmed the Renfrew team, the unbeaten Ottawa hockey team Tuesday night scored its third successive victory of the season. After a bitterly-contested match, which kept the spectators in a frenzy of excitement, and which was tied three times, Ottawa defeated Renfrew by 5 goals to i. The brilliant work of the entire Ottawa bunch in the closing minutes of the game gave Ottawa their third successive victory, and practically eliminated Renfrew from the National League championship race. Ottawa Defeats Renfrew.

from the National League thampers frace.

Ottawa deserved to win on the night's play, for they, as in the Canadien and Warderer match, outplayed their opponents when the crisis developed. The home team fell before them after a game struggle, succumbing to speed, science and staying power of the team that looks quite capable of recovering for Ottawa the Stanley Cup and the world's honors. Until the last minute the outcome was very much in doubt. The line-up:
Ottawa (5)—Goal, Lesueur; point, Lake; cover, Shore: rover, Darragh; centre, Waish; right wing, Ridpath; left wing, Kerr.

Refr.
Renfrew (4)—Goal. Lindsay; point, McNamara; cover, Taylor; rover, Rowe;
centre, Smith; right wing, Q. Cleghorne;
left wing, S. Cleghorne.
Referee—Desse Brown, Mantreal.

Friendly Curling To-night. There will also be friendly curling to-night, the regular Thursday games, as per

schedule, as follows:
Granites v. Parkdale.
Prospect Park v. Toronto.
Lakeview v. Queen City.
They play their regular club rinks, 12-cnds, three games on each ice. The Granite skips are at Parkdale, Chisholm, Edwards, Munro; at Granite, Ryan, O'Hara and Reid.

JUAREZ. Jan. 11.-The results at Juar

ere as follows: FIRST RACE, 3 furlongs: 1. Tie Thomas, 110 (McGee), 11 to 5. 2. Lady Hughes, 107 (J. Howard), 20

1.
3. Lady Dolora, 107 (McCullough), 20 to 1,
Time 1.05 3-5. Pretty Soon, The Vister,
Exercise, Albert Jones, Rankin, Royal
Têa, Noah, Fangs, Woolvol also ran.
SECOND RACE, 1.mile:
1. Nethermost, 110 (Rice), 8 to 5,
2. Lady Effizabeth, 103 (Anderson), 6 to 1.

2.20 trot or pace, purse \$200: Harry Mac, ch.g., D. McMann (Mc-Mann) Ned Wilkes, g.g., A. Collins (Fan-

ping) Lady Brant, ch.m., Ald.S. McBride

what Sloppy.

which the club hung up purses of \$200 each.

The 2.28 class was called first, with four entries, but only three started—Lew Jean. In Jimmy Powell's atring; Jennie Hal, in A. Collins' colors, a free-legged pacer, and Percy H., owned by G. Kearns. With very little delay they were got away to a splendid start, with Lew Jean on the pole and Jennie Hal right with her. Before reaching the quarter pole the line came off one of Collins' wheels, and he raced the mile with the wheel skidding all the way. This accounts for the slow time of the first mile—3.36½. In the second heat they got a way at the first score, and it was a fast clip. They went to the quarter in 33½ seconds, the half in 1.08¼. finishing the mile with Lew Jean in front in 2.21 flat. The third and final mile was won by an eyelash by Lew Jean after a very strong stretch drive, in the fastest mile of the race—2.20¼. This is the second time this pair of pacers have hooked up together this season so far, and it was a grand race, but Lew Jean seems to have just a little on the daughter of Hal B.

The second race had four starters—two sidewheelers and two trotters—and the finish of the first heat was a sight to see flour finishing that close they could have been covered with a blanket. Harry Mac won the heat, Ned Wilkes second, Lady Brant third and Harry Direct fourth. Time 2.39½. The second heat was won by Harry Mac, with Ned Wilkes second and Lady Brant third and Lady Brant fourth. Time 2.39½. The third and final heat was won by Harry Mac, with Ned Wilkes second wilk was won by Harry Mac, with Ned Wilkes second and Lady Brant third and final heat was won by Harry Mac, with Ned Wilkes second and Lady Brant third. Time 2.254. The summary follows:

1 Ciucose, 106 (McCahey), 3 to 10, 2 to 1 and 3 to 2.5 calls have left in the four the first heat was won by Harry Mac, with Ned Wilkes second and Lady Brant third. Time 2.254. The summary follows:

1 Ciucose, 106 (McCahey), 4 to 1, 9 to 5 and 4 to 5.

2 Mary Definite, Scolland, 106 to 1, 2 to 1 and 3 to 2.5 calls ha

1 and 7 to 10.
3. Tom Hayward, 111 (McTaggart), 4 to 1, even and 2 to 5.
Time 1.391-5. Bad News, Miss Nett. Queen Marguerite and Friend Harry also year-olds and up, six furlongs:
1. Alfred the Great, 114 (Loftus), 7
1 to 3 and out.
2. Fulford, 108 (Lang), 10 to 1, 2 to

6 to 5.

3. Eye White, 196 (Musgrave), 10 to 1, 3 to 1 and 6 to 5.

Time 1.131-5. Marc Antony II., Night Mist, Florinel and All Red also ran.

SIXTH RACE—Selling, purse \$400, four-year-olds and up. 11-15 miles:

1. Brevite, 106 (Bauer), 7 to 1, 3 to 1 and 7 to 5. to 5. 2. Beau Brummel, 108 (Hufnagel), 10 to 1 and 5 to 1. 3. Heart Pang, 103 (Gross), 7 to 2 and even. Time 1.48 1-5. Ten Paces, Saraband, Nor-bitt, Campaigner, Star Over, Madeline L. and Hibernica also ran.

John H. Sheehan Took The Fourth OAKLAND, Jan. 11.—The following are he results at Oakland: FIRST RACE, Futurity course: 1 Ben Greenleaf, 112 (J. McIntyre), 13

3. Marcus, 100 (Allen), 4 to 1.
Time 1.41 1-5. Nebulosus. Misprision, Fred Maler, Preen, Red Hussar, Helen

Jumped Into Blazing Mattress.

NEW YORK, Jan. 11.—After having shot his wife, Chas. Vestring, a chauffeur, out of employment, tried to commit suicide to-day by inhalling gas and then jumping into a blazing feather mattress which he had set after at his home in Brooklyn. The man was taken to the hospital, where it was said he will probably die. The woman, was shot in the head, will recover. Papers Sued for Libel.

J. E. Wilkinson will commence damage suits for libel against The Hamilton Spectator, Hamilton Herald and The Mail and Empire, in the jury assize court to-day. These actions arise out of reports which appeared in the defendant newspapers concerning the arrest of Mr. Wilkinson at the time he was charged with a breach of the Ontrio Mining Act. Transferred to Ottawa.

#### ENGLISH RULE IN INDIA.

Apropos of the Sims Guildhail speech, the following letter from S. M. among them that something ought to Macknight of this city appears in The New York Herald, 7th inst .:

"The English suzerainty over India is perhaps as great an amomaly world politics as are the rings of Saturn in the solar system. In a certain sense, it stands in the way of the sense, it stands in the way of the world's peace, indirectly. It is absurd to regard the millions of India as a mere appendage to Manchester. It would be equally absurd for England to 'throw away' India. In view of the possibility of a close alliance between England and the United States it would seem desirable that Injia should enter the standard only remitting it a capital offence to burn coal in the city and only remitting it to be used to abate the nuisance, a commission was issued to ascertain who burned coal within the City of London and its neighborhood, to punish them by force for the first offence, and by the demolition of their furnaces if they persisted in transgraph of the moxious' fuel. A royal proclamation having failed to abate the nuisance, a commission was issued to ascertain who burned coal within the City of London and its neighborhood, to punish them by force for the first offence, and by the demolition of their furnaces if they persisted in transgraph of the millions of India as a mere appendage to Manchester. It would be equally absurd for England to abate the nuisance, a commission was issued to ascertain who burned coal within the City of London and its neighborhood, to punish them by force for the first offence, and by the demolition of their furnaces if they are commission was issued to ascertain who burned coal meters of the city and of the city and of the city and of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitting it is a capital of the city and only remitted to abate the nuisance, a commission was instance. are limited by the act of parliament would be equally absurd for England seem desirable that Injia should enter tion whatever in questions between the the alliance rather as a separate member than as a pedantically and strictly subordinate part of the British Empire. #### Before Teetzel, J.

McPherson and Booth v. The Temis-kaming Lumber Co.-W. Laidiaw, K. C., for plaintiffs. G. H. Kilmer, for defendants. An interpleader issue to determine whether at the time of er Isabella Sands, which made a mys- the seizure of certain logs by the Sherterpus disappearance Sunday night iff of Nipissing under execution of from the Carney Lumber Company's plaintiffs against McGuire & Co., timhere, has been located at ber licensees, said logs were exigible under said executions as against the Temiskaming Lumber Co., the defe ants in the issue. Judgment: As re spects the company and Murphy, both of whom had notice of the injunction. it is perfectly plain that while the agreement for sale might not be impeachable as fraudulent as against creditors, the method of carrying it out was primarily adopted for the pur-pose of enabling McGuire & Co. to

I also find that they must be deemed to have had notice that plaintiffs' execution for \$3822.83 was in the hands of the sheriff and unexecuted at the time they assumed to acquire the interests of McGuire & Co., and that the effect of the injunction was to prevent the defendant company acquiring any interest whatever in timber that might be cut under the cense except subject to satisfaction of that execution find, therefore, that at the time of the seizure by the sheriff the logs were exigible under McPherson's execution as against the defendant company as against the defendant company, subject only to the liens of the Traders Bank and of the government for timber dues. As to this execution, therefore, judgment will be in favor of plaintiff McPherson, but the defendant company shall be entitled to deduct from the proceeds of the logs the amounts paid by them to the Traders Bank and to the sovernment in respect amounts paid by them to the Traders Bank and to the government in respect of said liens. As regards the executions of the plaintiff Booth and the other executions of the plaintiff McPherson, I am of opinion that not being within the protection of the injunction, and the sale by McGuire & Co. to the defendants and not being impeachable as fraudulent as against creditors, the defendants are entitled to hold the logs to him; but there will be no costs as between the plaintiff Booth and the de-

Recipricity Negotiations.

R. L. Borden made an allustion to the reciprocity negotiations.

R. L. Borden made an anustron of the reciprocity negotiations now in progress at Washington, and asked if the government could give the house any further information, on what basis the negotiations were being conducted, and why Sir Wilfrid changed his mind "not

Borden was in possession of as much information as he had about the negotiations. The government would be judged by their action, and any policy adopted would have to be submitted for the approval of the house. "We never three approval of the house. "We never three cours was singing "Just As I Am."

"Will you come and give me your hand and say you'd like tus to pray for you?" urged the evangelist. "We're going to sing another stanza," he continued. "and then I want you to come the approval of the house. "We never went to Washington," declared Sir Wilwe are always ready to improve our trade relations with our neighbors."

In reply to Richard Blain (Cons., Peel)
Hon. W. L. Mackenzle King said that Judge Barron. Stratford, had been appointed to investigate the matter of the re-appointment of Grand Trunk strikers whose reinstatement had been deferred.

Many Raised Their Hand.

After a few moments' silence, Rev. Mr. Goodson requested the people to bow their heads in prayer.

"Yes, there are souls here who ought to be saved to-night," he said. "Raise your hands, all those who would like us to pray for you."

About a dozen hands were lifted, and one by one several persons arose and frid. "But we are always ready to re-ceive an invitation and to act upon it:

The Farmers Bank.

Major Sharpe (N. Ontario) asked if the attention of the government had been called to the failure of the Farmers' Bank, and the irregularities alleged to have been connected with the securing of the charter. He asked if it was the intention to appoint a royal commission to investigate, in the public interest.

briefly a few of the many good acts of the Whitney government, urged unremitting hard work on the part of the rank and file, assured the members that there would be no change in the boundaries of East York before the next appeal to the people and concluded a short but eminently practical address. J. A. Macdonald, K.C., at the outset disavowed any connection of any nature whatsoever with any other of the same name, assailed the government of Sir Wilfrid fore and aft on the naval other questions, denied on behalf of the Conservative party any connection with the Nationalist party In Quebec, and generally gave the gov ernment a bad twenty minutes. Reciprocity, too, was roundly denounced as being disloyal and uncalled for, while a strong appeal was made to stand together as against a united French party in Quebec. Mr. Macdonald paid a tribute to W. F. Maclean, M.P., as the advance advocate of pub lic ownership, as shown in the Niagara

Bangs Naval Policy. Capt. Tom Wallace made a slashing attack on the naval policy of the government, charging that it was wholly at variance with the plans of the British Government, that it was only the thin end of the wedge looking toward separation from the motherland, and was in short only a place into which the millions of the taxpayers would be "We have no mandate from the people to go ahead and build the navy, said the member for Centre York, "and least of all will they stand for any pol-

power and many sweeping reforms.

## Dropsy— Given up by Doctor

I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart la cakacis.

#### Public Amusements

Not for a long time has the theatregoing public known so pronounced a laughing, musical success as Marie Dressler's "Tillie's Nightmare," in which Mr. Lew Fields is presenting this hearty comedienne.

Coming here direct after six of the most memorable months at the Lew Fleids Herald Square Theatre, New York, with the entire original cast and stage embellishments, Miss Marie Dressler in "Tillie's Nightmare" is hound to sain the ever hereesing. bound to enjoy the ever increasing popularity which was accorded her during the longest and most successful engagement of any musical comedy organization that Broadway has ever

There is a laugh every minute while the curtain is up, while the eight

MARIE DRESSLER "Tillie's Nightmare," at the Royal Alexandra next week.

cenes of the play are interspersed

ing the Misses Louise Mink, May Montford, Lottie Urat, Ethel Fairbanks, Nellie de Grasse, May Brennan, Lew Fields' dancing girls, and the Messrs. Harry Corson Clarke, Horace Newman, Chas. H. Bowers, Geo. and John Gorman, Harry Laughin and Sim Pulen. The seat sale opens this

That delightful dramatic offering, "In Old Kentucky," as fresh, as bright and as new as on the day of its birth, is to the Grand next week. This charming romance of the blue grass state, with its merry little darkeys, its exciting horse race, its capital comedy a phase of life in the Daniel Boone country, has never grown old with play. goers. It holds its own with the best of latter day plays. The

MILDRED JOHNSON Medge in "Oli Kentucky" at the Grand next week.

of excellence always maintained by the management of "In Old Kentucky," in connection with the presentation of this play is an absolute guarantee that everything will be done to make the forthcoming engagement here in every respect as successful as former presentations. "Carmen" Without Spoken Dialogue.

Of the two versions of Bizet's "Carman," that originally written for the Opera Comique, and containing a large amount of spoken dialog, and the revised form intended for purely grand opera houses, with recitative and ensemble substitutel for the spoken fords, the version used by Edmond Clement and the Montreal Opera Co., on Monday evening, withte the latter form being a populiarly local French

CLAIRE NEUVILLE As Bella Wilson, in "Seven Days," at the Princess this week.

lar in other parts of the world. Mr. Hammerstein's Opera Comique com-pany gave the work in its dialog form here a year or two ago, and the result was voted interesting, but not alto er satisfactory.

As far as the French spirit of the performance goes, a point in which so many traveling Italian companies fall so far short, it will be found that all of the singers of the Montreal company, many of whom are Opera Comique artists how the Property of the ists, have the French tradition to perfection. "Lakme," which is pure Opera Comique, and very light in texture, has a considerable amount of spoken dia-log. In Massenet's "Manon," which was written for the Opera Comique in 1884, there is very little spoken matter

The attraction at the Star next week will be that ever popular buriesque organization "The Cherry Blossoms. The company is said to be one of the largest and best traveling. The opening burietta, "Any Little Girl," is a yearlest of the largest supreme interhicle where fun reigns supreme, inter ningled with bright and catchy musical ensembles, giving the larr and handsome chorus a chance to disport The burlesque, "Unneighborly Neigh-

bors," is a screamer from start to fin-ish, and as the opener serves to intro-duce the large coterie of comedians and pretty girls in a mixture of mirth and music.

The vaudeville portion is furnished with some very catchy musical numbers and brilliant stage pictures.

The engagement at the Royar Alexandra Theatre will be for one week, beginning next Monday evening.

Miss Dressler is surrounded by a company of exceptional merit includer many of exceptional merit includers.

The vaudeville portion is furnished by Granville and Mack, Toro and Payne, Joe Burton, Chas. Edwards & Co., Joe Carr, Lillian Perry, Cherry Bonner & Co.

Frank Finney's new musical farce

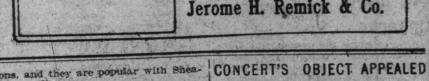

Frank Finney's new musical farce now being played by Charles H. Wal-dron's "Touring Company," the Troca-dero Burlesquers, entitled "Finney at

CORINNE FORD With the "Trocadero Burlesquers," at the Gayety next week.

the North Pole," which comes to the Gayety Theatre for all of next week, beginning Monday matinee, has an ex-cellent singing chorus and a sextette of comic opera sopranos, tenors and baritone principals. Amongst the lead-ers are: Frank Finney, Sam J. Adams, Jeanette Young (the American Melba), Daisy Thorne Lundy, Corinne Ford, of soubrettes. Burke, Marty Walsh, Charlie Madison, Geo. Brennan, Frank Ross and others of equal prominence. The music score is all new and original and the scenes are laid in Alaska, Fairyland and

## ISLAND WHERE THE FISHES GLIMB TREES

Not a Fairy Story But an Actual Fact-Wonderful Place is Called Ceram.

In far-oof eastern seas there is a wonderful isle, called Ceram, where is alive and crawls where the trees have roots that grow in the air, and where the fishes come out of the ocean to climb the trees of the jungle along shore, writes Rene Bache in Technical World Magazine.

This is not a fairy story. The photothe sea-beach graph herewith illustrates almost the first actual object that me he eyes of David G. Fairchild of the United States Agricultural Department upon landing in this strange place, on a recent visit there. It shows a species of fig tree whose roots start out of its trunk at a distance of eight to en feet above a distance of eight to en feet above the ground, and then grow downward to meet the marshy soil in the form of flying buttresses. These trees are fifty to sixty feet in height; their leaves look like the leaves of the rubber plant, and their juice is milky white like that and their juice is milky white like that

"grows so near the seashore that a species of climbing fish crawls up the roots, sometimes to a distance of thirty or forty feet. When we landed on the of the milkeew.
"This three," says Mr. Fairchild,

species of climbing fish crawls up the roots, sometimes to a distance of thirty or forty feet. When we landed on the island, there were hundreds of these fish jumping around on the sand and climbing the roots of such trees as this, hunting for insects."

But this was by no means all. A greater marvel was still to come. Mr. Fairchild goes on to say:

"As we set foot on this coast of wonders, I turned in amazement to my companion, and said, Why, Mr. Lathrop, the sea-beach is running sway! It is no exaggeration to say that the beach was alive with hermit of the with the will be searched. the same color. Their shells ranged in size from a pin's head to that of a horse chestnut, and they were in con-stant motion, thousands upon thou-sands of them, crawling up and down the blades of grass, and swarming over the trunks of the trees along the edge

of the jungle. "The moving sands, with a background of trees whose roots were apparently all above ground, and which were covered by tree-climbing fish, formed the most fantastic picture that it has ever been my fortune to look

By grea good luck, Mr. Fairchild's photographs came out in excellent shape. Satisfactory pictures are rarely obtained in the tropical jungle, owing to the fact that the moist and miasmatic atmosphere is likely to ruin the films

As for the fish in question, it known to science as periophthalmus, of the family of the gobies, and is one of the curiosities of nature. Its expanded ventral fins serve the purpose of feet, enabling the creature to walk, with the help of the highly developed NEXT WEEK—CHERRY BLOSSOMS. pectoral fins-the latter being utilized as arms. The fish, of course, lives in water, but its gill openings are so small as to conserve the supply of moistur the gills being kept wet, and the am-mal is thus enabled to stay for quite a

while out of its native element. The creatures are of a dully slaty color, about nine inches long when full grown, and remarkably active progressing on land by short but rapidly repeated jumps. This they manage by bending the hinder third of the body sharply around to the left, then straightening it very suddenly, and at the same instant lifting the front half of the hody clear of the ground by means of the armlike pectoral fins, which act like the front flippers of a sea lion. These fins, indeed, are very the

like arms in structure and use, the bones being of great length.

Fishes of this strange species were seen and described not long ago by Mr. William T. Hornaday, a famous nat uralist, who is now superintendent of the Zoological Garden in New York. In his very fascinating book, called "Two Years in the Jungle," he says that the creatures, when he caught sight of

them, were hopping about on a mud "Altho apparently stranded," he crites, "they seemed perfectly at home, and went jumping around over the mud in every direction with the greatest indifference to their sudden change of element. In reality they were feeding on tiny crustaceans left on the bany by the receding tide. When I tried to beguile my Malay botman into catching some species for me, they de-clared it impossible, on account of the depth of the mud and the swiftness

But Mr. Hornaday is not known as one of the greatest living natural history collectors for nothing. He wanted at least one or two of those remarkable classes and he hook or creek he able fishes, and by hook or crook he meant to get them

"They (the Malays) were thunder-struck," he goes on to say, "when I pulled off my shoes and told them to put me ashore. Seeing that I was really going, my young man Francis, like a good boy, did not hesitate to follow, and we stepped out of the sampan into mud and water hip deep.

We sank into the mud to our knees at every step. Bidding Francis choose the largest fish, we went for them. There were probably a dozen in sight, hopping spasmodically about, or lying at rest on the mud, but whe nwe selected the nearest large specimens and made for them, they developed sur-prising energy and speed, and made straight for their burrows. Owing to straight for their burrows. Owing to the soft and yielding nature of the mud, their burrows at the mud, started at his best speed their burrows. their leaps were short, about six inches being the distance gained each time,

"Altho the mud was soft, it was not the same cause, and it certainly was a easily, and of course full of water. sticky, and we were able to use our most laughable spectacle. hands for spades very effectively. By digging a big hole two feet deep, and standing on one's head in the bottom of it, we were able to reach an arm down two feet farther and selze our fish at the bottom of the burrow.

hard to hold, but, in the immortal words of 'The Shaughraun,' 'begorra. 'twas worth it.''

But De Views of the Shaughraun,' 'begorra. "My first fish was hard to get, and habited, Mr. Fairchild says, by Malays

mo means over yet. Continuing his story he says:

"As I remarked before, our living specimens, were hard to hold. When I was 'trying to pass a string thru the length of the overture, that a time limit be fix—the overture, that a time limit be fix—then have had notice.

	Comment and the	O. B. Town of the Control	

Argentine Corn Shipments. Argentine Corn Shipments.

Argentina raised 177,000,000 bushels of corn last year, according to the official estimates and shipped 108,000,000 bushels for the calcular wear, an increase of 20,000,000 bushels over the previous year. Should Europe be fonced to buy 100,000,000 bushels of corn from other countries than Argentina in the next 12 months, they can get it from the Danubian countries and America.

Broomhall's Cable, LIVERPOOL. Jan II.—Market was duil, but with a firm undertone and offerings light. Support was due to the firmness in America, fewer Plata offers, less favorable reports from Russia, lighter Russian offers at firm prices, strength in cargoes and the fact that there were no cargoes are true. The advance was checked cargoes and the fact that there were no cargo arrivals. The advance was checked by private reports received here of predictions of rain and warmer in the American winter wheat belt.

Argentine Prospects Broomhall's agent cables that rain threatens in the north; otherwise the outlook for corn continues very bad. The closing strength in Buenos Ayres was attributed to further covering of shorts and speculative buying on damage reports and a good demand from exporters. Note—Since Jan. 1 the corn market has advanced 12% open bushel of 56 pounds.

Crop Reports. Bussia—Broomhall's agent at Nicolaieff cables that the weather is freezing in the southern part and the fields are without southern part and the fields are without snow covering. Little anxiety is felt, however, at present, as the plant is ro-bust. Holders are still very firm at recent high prices. Arrivals at the ports are moderate.

Kansas City wires: "It is impossible to form an intelligent opinion at this time in reference to southwest wheat crop con-There has been and is a great a sence of maisture, but no one can tell at this time whether or not there is much ir-reparable damage. Conditions, however, are not satisfactory."

#### ST. LAWRENCE MARKET.

Receipts of farm produce were limited to ten loads of hay and a few dressed hogs.

Hay—Ten loads sold at \$16 to \$18 per ton.

Dressed hogs—Prices firm at \$10 to \$10.50 per cwt.

# Porcupine Reports from New Gold Camp In-Cobalt

## Dividend Payers Are Easier Under Lighter Volume of Trade

Cobalt Stocks Barely Hold Their Own, Neither Buyers Nor Sellers Forcing a Market-Little Nip Makes Fractional Gain.

sending out that circular.

Wednesday Evening, Jan. 11. Trading in the Cobalts fell off to a oderate extent on to-day's markets, and with the lighter speculation there and with the lighter speculation there was an easier feeling in relation to stock prices, several of the most active issues recording decisies, tho it was roteworthy that these were restricted to fractional losses in most instances.

Viewed broadly the market gave no indication of any characteristic trend, securities moving apathetically under the dull dealings and at no time displayed any breadth of movement.

#### SILVER MARKET.

Wheat—Higher. Firm cables and continued good cash demand, together with crop complaints, were factors in creating new high records for recent advance, values gaining %c to 1%c for the day. We are of the opinion that possibilities still in favor of holders, and unless crop news is more assuring, a further advance is more assuring, a further advance is by temporarily arresting the demand by temporarily arresting the demand vise purchase. prevailed in the southwest this morning, caused the upturn. Southwestern markets reported their cash wheat strong and a sale was made here of 15,000 bushels winter to go to Kansas City. The report of this sale caused a further upturn in wheat towards the close. Local bullish sentiment still prevails and controls prices for the time being.

One of the time being. for the time being.

Corn—The market ruled firm thruout the session, the strength in wheat being the chief supporting factor. Sales by the prosi-

PROSPECTS ARE BRIGHT

country were not as neary as during the past few days, altho offerings were free. Buyers showed a disposition to hold back owing largely to recent heavy purchases and a continuation of poor demand. Should drought in South America really be broken we look for less enthusiasm on the buying side. Receipts should show a material increase next week, as a result the buying side. Receipts should show a material increase next week, as a result of recent sales by the country.

Outs — Prices sympathized with the firmness in other grains, the the advance was only fractional. The country is again good seller of shipment and demand

SILVER MARKET.

In the first place, we made a careful inspection of the property, spending several hours underground with the manager, Mr. Taylor. After making careful estimates as to the ore in signt, etc., we came to the opinion that if the affairs of the company were carefully and economically carried on, there were at least two years dividends in sight, at the present rate of 2 per cent, quarterly. We made all possible enuirles as to the continuance of the diuiries as to the continuance of the dividend, and our information was that dividends would not be paid for so! selling has taken place, and we believe it is on this account alone that the price of the shares. In other words, it appears to us that some targe holders of its dividend return, or its value. It

# Porcupine"---the New Ontario Gold Camp

# The Story of the Procupine Camp

10 Gold Camp outside of Porcupine has shown such remarkable results after one year's exploitation as that of the Porcupine Gold Fields, which are situated in New Ontario, about 400 miles north of Toronto. What Cobalt has been to the other world's silver camps, Porcupine will duplicate and surpass if the high encomiums which have been passed upon the camp by the world's most prominent engineers are to be believed. A little more than a year ago Porcupine was known only to the hunter and to adventurers who had the spirit of discovery innate in them, and it was the mere displacement of a piece of moss which revealed the precious metal which is now so freely found in a large acreage surrounding Porcupine Lake, and which has given the name to Ontario's wonder gold camp.

Following the first discovery of gold in this field, hundreds of locations were taken up by prospectors who underwent extreme difficulty in getting into the district, and it has required but little development on the important gold properies already located to demonstrate that they have the possibility of producing a fabulous amount of money for the fortunate holders.

## Pearl Lake Gold Mines, Limited (No Personal Liability)

I of the most promising of the Porcu-NE pine properties is that owned by the Pearl Lake Gold Mines Company. It is located between the celebrated Hollinger mine and that owned by the Consolidated Gold Mining Company of South Africa. It immediately adjoins the Hollinger, and is thought to be intersected by the same gold quartz dyke which has been uncovered on the Consolidated Gold Fields claim and on the Hollinger.

Personnel Burr E. Cartwright, who is president of Pearl Lake Gold Mines, Ltd., is president of the Temiskaming Mining Company of Cobalt, and it was his indomitable force of character which brought the Temiskaming property to be one of the chief producers of silver in the Cobalt

Ore from start The Pearl Lake Gold Mine will ment, and in the course of a few months valuable returns should be received from ore treated at the Timmins customs

Development A force of ten to twelve men has been engaged at the Pearl Lake Gold Mines since December, 1909, at a cost of about \$15,000. Most of the work up to date has been confined to surface trenching, in order to locate the ore-bearing bodies, and to enable the management to form an idea of the extent and value of the

Many veins covering over fifty quartz veins, ranging from two to thirty feet in width, several of which have been traced for more than 500 feet. Free gold shows in many traced for more than 500 feet. places in a number of these veins, and good assays have been

About fifteen thousand feet of trenching has been done, and one shaft has been sunk to a depth of thirty-five feet. This and a number of test pits put down have demonstrated beyond any question that the company has gold-bearing ore from the surface which will yield handsome returns. Spectacular gold in the case of one vein there are spectacular showings of

free gold, from which assays have run as high as \$223 per ton, and samples taken every six inches across the vein gave assays Camps suitable for the accommodation of forty men are now being constructed in addition to the ones already on the property, and a plant of at least six the ones already, together with boilers, hoists, etc., will also be drill capacity, together with boilers, hoists, etc., will also be drill capacity, together with boilers, hoists, etc., will also be drill capacity, together with boilers, house, exist minimality two shafts in paying one already known to exist while of nearly \$100 per ton. ately two shafts in paying ore already known to exist, while cross-cutting and drifting will be done to thoroughly prove the

## Engineer's Report on the Properties:

Norman R. Fisher, B. Sc., M. E., has reported in part as follows on the company's claims:

Pearl Lake Gold Mines, Ltd.,

Haileybury, Ont. B. E. Cartwright, Esq., President,

Dear Sir: In compliance with your request, I examined your group of mining claims in the Township of Tisdale, District of Sudbury, Ontario, and hereby submit the following report: "The group comprises claims Nos. 13707, 13709 and 13710, each of 40 acres, more or less, and claim No. 13708, consisting of some seven acres, bordering on Lake Gillies, and embracing in all an area of 127

"Claims 13710, 13709 and 13708 all border on Gillies Lake and the southeast corner of 13710 is within half a chain of Pearl Lake, so there is an ample supply of water for mining and milling purposes. "Timber is also abundant and is available for fuel purposes, until such time as the railroad taps the field and facilitates the haulage of coal, or the Matagami River is harnessed, and electric power distributed therefrom throughout the field

"The formation is Keewatin, the economic series of this section, and consists mainly of talc-schist, with a small area of quartz-porphyry and massive greenstone of that age, to the northwest.

"The veins occur in all three rocks, but so far appear to best advantage in the schist.

"Though but a limited amount of stripping has been done, an unusual number of quartz outcrops have been exposed, at least 50 in number, but until this work has been considerably augmented it is impossible to connect them all into definite vein systems.

"However, up to the present time there are fully ten separate veins exposed, varying up to 20 feet in width, most of them traceable for a considerable distance. Their strike is for the most part northeasterly, conforming with the similar trend of the schist, but some of them cut across the formation, notably No. 12—a very persistent vein, some ten feet wide, which has a north and south strike.

"From observation in the district I concluded that whereas occasionally the gold is found evenly disseminated throughout the vein, for the most part it occurs as rich segregations, invariably near the footwall, or as streaks of free gold following the fracture planes of the quartz.

"As far as I could judge, its occurrence on the property under view pertains to the latter conditions, for good showings of free gold were easily visible to the naked eye, interspaced with bulky masses of "I was much impressed with what I saw of the surface indications of this property. As stated, numerous strong veins are exposed, some showing free gold in places, the geological conditions are favorable, and, taking into consideration the gratifying results now being obtained from development under like conditions on the adjoining Timmins property, I verily believe that further prospecting and development of these will result in the opening up of ore bodies of considerable value."

Transportation

The Pearl Lake Gold Mines are situated about thirty-five miles southwest of Kelso, which is on the Temiskaming & Northern Ontario Railway. From Kelso transportation is by sleigh over an excellent winter road. There are already a large number of teams employed on this route, which insures getting in of supplies at a reasonable cost.

R. R. building The T. & N. O. Railway are busily engaged locating a branch from the main line to Porcupine, and from the survey it is expected that the railway will either pass through or be very close to the company's properties. It is stated that the railway is to be running by the first of next July, when Porcupine will be put in complete touch with the rest of older Ontario.

Wood and water The properties of the Pearl ated on the shores of the Gillies and Pearl Lake, is an assurance of an abundant and inexhaustible supply of water at all times for a! mining purposes. On the company's properties it is estimated that there are about 3500 cords of first-class wood which can be used as fuel, and also a large amount of timber available for building purposes.

Power The supply of wood for fuel is considered amply sufficient for all power purposes until the power plants now being constructed on the Matagami River, about three miles west of Pearl Lake, are prepared to deliver electric

# Porcupine Endorsed

# Prominent Engineers

DORCUPINE has been endorsed by some of the most prominent mining engineers in the world, men of international reputation, and whose opinion is never given with authority without strong convictions.

William Freecheville the Royal Society of Mining, Fellow of the Geographical Society, former president of the Institute of Mining and Metallurgy, and regarded as one of the most prominent gold mining experts in the world, visited Porcupine a short time ago, and in an interview stated that two, and possibly three, mines had already been uncovered which would become the greatest mines the world had ever seen.

another Harry Howard Webb prominent mining engineer, who succeeded John Hays Hammond as consulting engineer for the Consolidated Gold Fields of South Africa, was reported in The New York Sun as follows: "The three or four veins which I took time to examine in Porcupine presented the most remarkable showing of free gold, considering the amount visible to the naked eye, it has ever been my fortune to see."

James A. McArthur of the Mc-Arthur-Forrest Company of Glasgow, Scotland, inventors of the cyanide process for reducing gold ores, and an authority on gold mining, makes this statement: "It is the biggest gold camp I have ever visited, and I am perfectly satisfied. I never saw so many outcrops of gold in quartz leads as I found in Porcupine."

# The Timmins Mill

Customs Stamp Mill A large customs stamp mill is to be erected in close proximity to the Hollinger Mine and the Pearl Lake Gold Mines, and arrangements are expected to be made by which ore from the Pearl Lake Mine can be carried to this mill by means of an aerial carrier. The mill is being pushed so as to be in full running by July 1st next, and will be operated by power which is already under development within a few miles on the

## Statutory Information

In order to comply in every particular with the Ontario Companies Act, the following information is given:

The original incorporators are: George Herbert Sedgewick.

Austen Gregory Ross and Lionel Davis, Barristers-at-law; Hugh Austen Gregory Ross and Lionel Davis, Barristers-at-law; Hugh Cheroy Slaght and James Lewis Duncan, Students-at-law—all of Leroy Slaght and James Lewis Duncan, Students-at-law—all of Company provide that the company shall be managed by a board of five directors, each of whom shall be the owner of at least one of the directors, each of whom shall be the owner of at least one of the directors, and the bylaws as to the remuneration of directors. The directors in the bylaws as to the remuneration of directors. The directors may proceed to allotment at any time, when the five shares submay proceed to allotment payable on application and allotment is shares issued or agreed to be issued as fully paid up, of the company of the pur value of two million dollars, which have been pany of the par value of two million dollars, which have been pany of the par value of two million dollars, which have been pany of the par value of two million dollars, which have been pany of the par value of two million dollars, which have been pany of the par value of two million dollars, which have been pany of the par value of two million dollars, which have been pany as the part of the company. The said shares were sissued pursuant to a contract bearing date the 1st day of November 1910, made between Alice J. Cartwright and the company. The said contract, or a copy thereof, may be inspected at any reasonable time during business hours at the head office of the company. No amount has been paid as commission, but the directors are aunount to a contract to pay a commission not greater than twenty-five per thorized to pay a commission not greater than twenty-five per centum upon the amount realized upon the sale of such share of stock. The preliminary expenses are estimated to amount to not more than different hundred

the preceding year.

NEW YORK, Jan. 11.-Manufacturers of steel plate and structural steel from all over the country met here to-day to talk over the question of reducing prices in order to stimulate business.

Wednesday Evening, Jan. 11.

In some of the locally listed speculative issues the pressure of offerings to-day was too much for the support and prices reacted accordingly.

Nothing developed to account for the amounts to \$500,000,000. greater desire to sell, other than con-siderations of the Wall-street market. The prevailing impression among trad-ers is that American stocks are in a

delicate position and that a treak in the New York market would result in a downward trend on the Toronto Exchange.

While the speculative sentiment was thus influenced, strong upward movements developed in Canadian General Electric and Canada Permanent. The first-named advanced 6 points on 30 shares and was in demand at the close at 104 3-4 against a bid of 29 early in the St. Louis and San Francisco Railfirst-named advanced 6 points on 30 BERLIN, Jan. 11.—Seven million dol-shares and was in demand at the close at 104 3-4 against a bid of 99 early in the day

the day.

Canada Permanent sold freely around 166 against sales made a few days ago at 161. Prospects of an unusually strong statement for the year were assigned for the keen demand for these shares, but no reason was forth-coming for the sudden rise in General Electric.

the St. Louis and San Francisco Railroad will be offered for public subscription in this city, Frankfort, Hamburg and other German financial centres on Jan. 16, by the Deutsche Bank and Lazard-Speyer-Ellissen of Frankfort. The issue price in Germany is 88. The bonds to the amount of \$42,-699,000 have been listed on the Berlin Bourse.

Rio, Mackay, Twin City and Duluth-Superior fell large fractions from yes-terday. Toronto Electric changed

Detroit Railway and Dominion Steel Corporation were liquidated from Montreal, as were also the Cement noon the stock markets were spotty.
Domestic issues developed a harder
tone. Americans were quiet and somewhat unsteady on the curb. Fresh favor, however, was extended to Canadian Pacific, which showed strength, Investment shares held on about an even keel. In the banks the prices of with stock in scarce supply. Honduras issues were bought on rumors of Morgan connection with the proposed new

Traders and Imperial were slightly influenced by the day's offerings.

St. Lawrence Navigation continued on offer, and one share of the stock loan. In oil shares there was a fresh spurt of strength in Dutch shells. The sold as low as 85.

sold as low as \$3.

Speculatively the market was extremely apathetic at the close, and without any special evidence of much further immediate changes in values.

#### BUYERS TRY TO MAKE THEIR OWN TERMS.

World Office

Wednesday Evening, Jan. 11.
Nervousness over the Wall-street situation was responsible for the weak turn in securities on the Toronto market to-day. Most of to-day's offerings came from those who, for the time being, are more interested in seeing prices decline than advance. In the speculative issues dealt in, fractional losses occurred from yesterday. Steel Corporation and Detroit United were weak on the Montreal market for special reasons. The increased dividend on Commerce appears to have been discounted, as no advance in the stock has occurred since the announcement. On surface showings buyers tried to make their own terms to-day, but the selling was not forced sufficiently to meet the proposition.

were frequent. After the early dealings, the market became dull and irregular. Clsing prices were generally at a net loss for the day, with the tone uncertain. We would still abide by our former advices to buy only the better class of dividend shares to net five

It was announced that Penna. would ask stockholders at the annual meeting in March to authorize an ismeeting in March to authorize an issue of \$100,000,000 more stock, and that the directors proposed to issue to stockholders 10 per cent. in new stock at par to provide money for betterments, etc. In a word, rights to stockholders and financing of the right kind, for the Penns B. B. does not waste The Iron Age will say: Export business in steel products has been unusually good of late. A phase of the heavy export trade now coming to the United States is the liability of British for the Penna R. R. does not waste money it spends for extensions and im-provements. Our banking interests are busy clearing up once for all weak or poorly managed financial institutions and state openly that this will help the situation everywhere, including the eign trade in those lines. The meeting this week is seemingly the pivot of the

# New York Stocks

says that everything pertaining to the relation of earnings to capital is just so much guess work. There can be up question, however, of the great increase in gross business and decrease in operating expenses.

ON WALL-STREET.

Erickson Perkins & Co. had the following: With the absence of buying lower, stocks drifted downward to-day, closing around bottom. The speculative bull clique found itself called on to take too much, from the looks of things, and lowered its bids. The decline was in accordance with our prediction before the opening. The market should go still lower. It will have to before the public can be induced, to come in. In connection with the late decline, the proposed large increase in Penna Railway stock and rumors affecting certain institutions, were doubtless the principal influencing factors. The street was astonished at the desire of the Penna to add \$100,000,000 more to its already authorized capital. This stock broke sharply on the news and had something to do with the general decline in the last hour. Chas. Head & Co., to R. R. Bongard. The market weakened at the opening on rumors of further Trust Company trouble and recessions of ½ to ½ point.

were frequent. After the early dealings, the market became dull and irregular. Clsing prices were generally at a net loss for the day, with the tone uncertain. We would still abide by our former advices to buy only the better class of dividend shares to net five per cent., or more and to accept moderate profits for the time being, buying back on breaks.

J. P. Bickell & Co. from Finley Bardell: It was announced that Penna.

Talk of disrupted polls accompanied the selling movement in Beet Sugar and Central Leather stocks. The announcement of a further curtailment of production by the Central Leather Company was used effectively in hammering that stock, the preferred yielding three points to par. The renewed demand for time loans continued to-day, with fairly large offerings. There was practically no change in the rate for call money, which was in slight request.

Cotton Gossip.

Cotton Gossip.

Erickson Perkins & Co. had the following at the close:

Cotton continued to press on the market, and in larger quantity, and prices were depressed to a new low level—some \$3 a bale—under the high prices of the season. Selling came from no one source, but many were of the opinion that it represented an attempt to conceal liquidation of one or two large long lines. Outside liquidation accompanied it, and the market was conspicuous during the early session owing to its lack of support. Covering by room shorts brought about a slight improvement at the close, but sentiment was far from cheerful. As we have stated repeatedly, ample supplies for the season's requirements are assured, and the manipulation has carried cotton far too high for consumption to absorb the heavy stocks. In our opinion liquidation will continue until prices reach a level warranted by existing conditions.

## Montreal Stocks

ocal market to-day were in some cases under pressure, with the result that price in some instances were carried sharply, and the market was unsettled The weak tendency was accelerated by the continued tightness of money locally. The stocks principally affected were Steel Corporation, Detroit United and Cement, in which there was considerable liquidation. Steel, in which the saies amounted to 3984 shares, declined to 55%, or 14 points below yesterday's close, but recovered to 56%, with the last sale at 56%, a net loss of % from yesterday's close. Detroit United broke to 63%, or three points below yesterday's close, but in the late trading recovered to 64% with that figure bld at the close. Cement common sold down to 21%, and the preferred declined to 86%.

Despite the weakness of some issues, there were strong spots to the market, some special stocks having sharp advances. Ottawa L. & P., for instance, sold up five points, to 141, reacting to 140. Laurentide jumped five points, to 195, with 197 asked at the close. Canadian Pacific advanced fractionally to 204%, reacting to 204%. The general close was unsettled.

Lower Prices for Hogs on American Exchanges—Trading Active.

NEW YORK, Jan. 11.—Beeves—Receipts NEW YORK, Jan. 11.—Beeves—Receipts, 1500; steers, strong on light supply; bulls, steady; cows, steady to 15c higher; good to prime steers, \$1.30 to \$6.60; oxen, \$4 to \$6; bulls, \$4.25 to \$5.25; cows, \$2.40 to \$5; diessed beef, firm at 8½c to 10½c.

Calves—Receipts, 1650; veais, firm; other calves, full steady; veals, \$7.50 to \$11; cults, \$5 to \$7; barnya. d calves, \$4 to \$4.75; westerns, nominal; dressed calves, firm; citydressed veals, 13c to 17c; country dressed, 10c to 14c.

Sheep and Lambs—Receipts, \$225; sheep, higher; lambs, firm; sheep, \$2.75 to \$4.50; lambs, \$5.75 to \$7. yearlings, \$5 to \$5.50. Hogs—Receipts, 5300; market, lower, at \$8.35 to \$8.70.

Montreal Live Stock. MONTREAL, Jan. 11.—At the Canadian Pacific Live Stock Market the receipts were 500 cattle, 200 sheep and lambs, 825

hogs and 160 calves.

A feature of the trade was the continued strong undertone to the market for cattle and prices scored a further advance of a quarter cent per lb. for all grades. This is attributed to the small supplies coming forward and the good demand for stock for local consumption, as buyers generally were well cleaned out of supplies. At the higher range of prices the trade was active and everything was cleaned uplong before noon.

active and everything was cleaned up long before noon.

Choice steers sold at 6½c to 6¾c; good, at 6½ to 6¼c; fairly good, at 5½c to 5¾c; fair, at 5c to 5½c, and the lower grades at 4c to 4½c per lb. There was also a good demand for cows and bulls and sales were made freely at prices ranging from 4c to 6c per lb., as to quality.

Another feature of the trade is the very strong feeling in the market for hogs and prices since Monday have made a further advance of 50c to 60c per cwt. which is due to the scarcity of stock and the keen competition between buyers for supplies. The demand was active and a brisk trade was done with sales of selected lots at \$2.5 to \$8.60 per cwt, weighed off the cars.

The market for sheep was also stronge and prices show an advance of ½c per lb Supplies coming forward are small, fo which the demand is good and sales wern made at ½c to 4½c per lb. Lambs wern firm under a good demand, at 6½c to 6½ per lb. A fairly good trade was done in calves at prices ranging from \$3 to \$1 calves at oquality.

# THE BANK OF TORONTO CAPITAL NOW MIBBLING

#### Report of the Fifty-Fifth Annual General Meeting

The Fifty-fifth Annual Meeting of the Stockholders of this Bank was held at their Banking House in Toronto on 11th January, 1911. The Vice-President, Mr. W. G. Gooderham, took the Chair. Mr. Thos. F. How, the General Manager, was requested to act as Secretary, and Messrs. George R. Hargraft and E. M. Chadwick were appointed Scrutineers.

The following report was then read: The Directors of the Bank of Toronto beg to present their Report for the year ending 30th November, 1910, accompanied by a statement of the affairs of the Bank on that date.

#### PROFIT AND LOSS ACCOUNT

The Balance at credit of Profit and Loss, on 30th November, 

1	crued on deposits and rebate on current discounts, amounted to the sum of	589,656	96	
	ed to the sum of	\$658,528	45	
	This sum has been appropriated as follows:  Dividends at ten per cent  Transferred to Officers' Pension Fund  Written off Bank Premises  Carried forward to next year			
	Carried forward to next year	\$658,528	45	ACCOUNTS.

The country has continued to make rapid progress, its population has largely increased, new sections have been developed, and general business conditions have been favorable.

The Bank has shared in the prosperity consequent thereon, and has added to its active business as well as to its resources. Eight new branches have been opened during the year, making the total

The new Offices are at Bredenbury, Churchbridge, Glenavon, Kipling, Montmartre and Vibank, in the Province of Saskatchewan, and at Porcupine, and at the corner of Dundas and Talbot Streets, London, in the Province of Ontario.

The Head Office of the Bank has occupied its present premises for fifty years, and during these years the business has largely butgrown the available accommodation. The Board has, therefore, had plans prepared for the erection of new offices at an advantageous site on King and Bay Streets, and building operations are about to be commenced.

Mr. W. H. Beatty, the President of the Bank, having intimated to the Directors a desire to be relieved of the duties and responsibilities of his position as President, the Directors, with regret, compiled with his request. Mr. Beatty has been a member of the Board for twenty-nine years, during Mr. Beatty has been a member of the Board for twenty-nine years, during twenty-four of which he served as Vice-President and five as President, Throughout those years he has been unremitting in active and faithful service to promote and safeguard the interests of the Bank. The Directors have pleasure in stating that he will continue to be a member of the Board.

To occupy the Presidency thus vacated the Board elected Mr. Coulson, who now retires from the position of General Manager. Mr. Coulson has served the Bank for the long period of fifty-four years, during the past thirty-four years of which he has, with singular ability and fidelity, perfomed the duties of General Manager. As President he will still be influential in directing the affairs of the Bank, and continue services which the Board regard as invaluable.

Mr. Henderson, also, after forty-two years' service in the Bank, is retiring from the position of Assistant General Manager, and the Directors purpose at this meeting to ask the Shareholders to elect him to a seat on the Board, where, as a member of its executive his services to the Bank will be To fill the position of General Manager the Board selected Mr. Thomas F. How, Manager of the Montreal Branch, and he has entered upon the duties

Your Directors believe that these changes will result in great advantage

The Head Office and Branches of the Bank have undergone the usual careful inspection.

In accordance with the regular practice in this Bank, a Committee of three Directors have inspected the Cash, Securities and Loans at the Head Office, and have verified the figures of the statement presented to you. As a result of this examination they reported their belief that the accompanying statement truly represents the position of the Bank.

All of which is duly submitted. W. G. GOODERHAM.

D. COULSON, General Manager.

The Report was adopted and By-laws were passed increasing the number of Directors to eleven and authorizing the Directors to elect one of their number as Second Vice-President.

A motion was also passed tendering the President, Vice-President and Directors the hearty thanks of the Stockholders for their management of the affairs of the Bank during the year.

The following were elected Directors for the year: William Henry Beatty, William George Gooderham, Robert Reford, Hon. Charles Smith Hyman, Robert Meighen, William Stone, John Macdonald, Lt.-Col. Albert Edward Gooderham, Nicholas Bawif, Duncan Coulson, Joseph Henderson. At a subsequent meeting of the new Board Mr. Duncan Coulson was elected President, Mr. W. G. Gooderham, Vice-President, and Mr. Joseph Henderson, Second Vice-President.

with 26 calves.
The quality of cattle was medium to good, with a few choice
Trade was brisk, with prices about 10c per cwt. higher than on Tuesday.

Sutchers' Cattle
George Rowntree bought 145 butchers' cattle for the Harris Abattoir Co., as follows: Steers and heifers. \$5 20 to \$6; cows.

Milkers and Springers.

Prices for milkers and springers were unchanged at \$40 to \$70 each.

## and St. Francis districts will be reeeived. Enquiries have already begun by representatives of interests looking to the new field of development as one likely to afford profitable investments.

Enquiries as to Concessions Being

Made-Building Operations

in the Fall.

Monday, April 10, is the closing date

mon which tenders for the pulp wood

likely to afford profitable investments. In opening the concession to the public at this time the government takes the view that conditions in the districts named have so far advanced that the settlers are sufficiently numerous to render the further industrial development an early success.

ous to render the further industrial development an early success.

Start Building Next Fall.

In fixing the date for the tenders at April 10 the idea is that if the amounts offered are reasonably near the expectation of the government the department will be able to announce their acceptance before the close of April.

Under such circumstances those granted the licenses would have the summer before them in which to complete the necessary plans for commencement of lumbering and mill building operations in the early fall.

When the licenses have been granted, a further extension of the provincial railway to the districts in question may be looked for. cial railway to the districts in question may be looked for.

Iroquois Falls, where one mill is to be established, is six miles from the present main line of the T. & N. O. R. Surveys have been made for the branch, and it is estimated that the cost will be about \$100,000.

CHINA RELIEF COMMITTEE

Many Prominent Torontonians Raise Funds for the Stricken.

Having determined to organize for the relief of the flood and tamine suf-ferers in China, thte nominating committee appointed at the citizens' moeting in the city hall last Friday, has named the following relief committee:
His donor the lieutenant-governor,
Hon J. M. Gibson; Sir James Whitney, His Worship Mayor Geary, Hon. W. A. Charlton, President Falconer, Senator Cox, H. Langlois, V. E. Ashdown, S. J. Moore, Joseph Henderson, A. D. Braithwalte, N. W. Rowell, K.C., H. n. Senator, Inflay Joseph Shanetone, B.C. Senator Jaffray, Joseph Shenstone, Roosert Kflgour, John Stark, Thomas Finder, William Garside, J. H. Gundy, W. ert Kilgour, John Stata, H. Gundy, W. ley, William Garside, J. H. Gundy, W. J. Gage, R. E. Gibson, Shr John Boyd, Noel Marshall, Edward Gurney, James Ryrie, W. Y. King., John A. Paterson, K.C., W. D. Gwynne, Alexander Laird, J. about \$125,000.

The fire started at 3 o'clock in the cellar, supposedly due to a defect in the furnace. The four-storey building was completely gutted, as well as the was completely gutted, as well as the large stock of dry goods. The adjoining buildings, occupied by the Chinic hardware stores and by Geo. Patry, importer of wines, were greatly damaged by fire, smoke and water. The upper flats of these two buildings were occupied by families, Wilson and Patry, who suffered damage by smoke.

# INVESTMENT

IS YOUR MONEY "RENTED" OR INVESTED?

Renting your money means buying bonds or mortgages or depositing it in a bank on which the returns may be from 3 to 6 per cent. By this means of renting your money you limit your opportunity to the direct returns promised. By investing your money in established, promising, productive enterprises and getting both the Preferred and Common Stock, you become a partner in the enterprise and receive your exact proportion of the total earnings which represent the entire earnings of the money you have invested. It ncessions in the new Lake Abitibi is important to place your money where you will get the big profits, where it will work for you instead of for someone else. Renting money has never made anyone wealthy, because it never brings back the whole amount which is earned. It usually brings back about 3 to 5 per cent., whereas investing your money gives you an actual interest in the enterprise and returns to you the total which it earns.

It has often been said that if the small investors of the country would invest their own money, use their own judgment, take hold of the big promising enterprises, the Financial Centres of the World would become the servants, instead of the masters, of the people, wealth would be more equally distributed, nearly all would become moderate capitalists.

It is your duty to invest your money directly in promising, permanent and growing enterprises. Invest it with honest men, with men who have proved their sound judgment, with men who have built up big successes. Invest it with men whose lives are open to investigation, and whose characters have been made strong and clean, by fair and square dealing with their fellow men.

We have a block of stock for sale in a Company whose products have been on the market for the past thirty years. The stock of the Company paid 10 per cent. last year. The business is expanding so rapidly that more capital is required to handle it. The business is a sound established commercial enterprise with an enormous future before it, and the possibilities for very large dividends are assured. The output of the factory is sold in every sity, town and village in Canada, from coast to coast.

The President and Manager of the Company is most highly respected in Toronto, having served in a high public capacity for the past fifteen years.

The shares we are selling are limited, and are 7 per cent. cumulative preferred shares, carrying a bonus of 20 per cent. of common stock, and, with the increased capital, common stock dividends will increase yearly.

It should be borne in mind that this is no new enterprise, but an established business of thirty years' successful standing, and that the shareholders last year received dividends of 10

Now the point is, have you money earning less than 10 per cent.? If so, here is an investment in an established, growing enterprise, paying at the present time 10 per cent. and whose dividends will increase rapidly. Surely an investment of this character is much better than renting your money to a bank for 3 or 4 per cent. or 5 or 6 per cent. on bonds or mortgages. It is most important that intending investors must act quickly, while the opportunity is before them. Full particulars of this investment may be had with booklet by applying to
