Mayor of Guelph Says Man
Who Made Graft Charges is
a Biased Temperance Agi-
tator, Who Wants to Be
Mayor, But Works Against
Good of the City.

GUELPH, Dec. 10.—(Special).—At
the conclusion of a special meeting of
the city council tonight, Mayor Thorp
undertook to reply to the statements
made by Light and Heat Commissioner
Sam Carter, reflecting on himself
and the civic officials, at a public meet-
ing held last Thursday night. He went
fully into every charge made against
the administration of the present city
council and contended that Mr. Carter
was endeavoring to mislead the
people in order to get himself elected
mayor in 1913. He classed Mr. Carter
as a biased temperance agitator, who
would apply methods contrary to the
good of the city and would endeavor
to secure a reduction of the licenses, a
thing the city could ill afford to stand,
as was evidenced by the present over-
crowding of every hotel in the city
during winter fair week.

He attacked the methods of Mr.
Carter in the management of the light
and heat commission during the past
five years, and contended that the
citizens of Guelph should only be pay-
ing for street lighting at the rate of
35 cents per head, whereas they were
now paying at the rate of 73 cents.
He quoted the City of London, which
is paying only 63 cents, even tho it
had to pay a higher rate for its power
on account of being further away
from the source of supply. He also
contended that the present population
was being compelled to pay these high
rates instead of letting posterity pay
its share.

Mr. Carter was a "pay as you go"
financier, which was anything but
feasible in this age. The issuing of
debentures for capital expenditure was
the only proper way to handle these
matters.

A Serry Figure.
Mayor Thorp contended that Sam
Carter was not a fit man to sit in the
mayor's chair, and that he would
make a sorry figure on the police
commission, a body which he had con-
demned as unfit to sit on any invest-
igations which might be made into
the affairs of the police department.
His denunciation of Mr. Carter was
strong and vehement, and he appealed
to the ratifiers to refuse to elect
such a man to sit in the mayor's chair
in 1913.

A number of the aldermen followed
the mayor in defending the city from
the allegations made against it. Mr.
Carter was characterized by Ald. Ma-
honey as lacking the sand to run for
mayor.

Ald. J. E. Carter attacked the water
commission for failure to live up to
their agreement, and announced his
intention to run for commissioner if
their agreement was not forthcoming
before nomination day.

OTTAWA, Dec. 10.—(Special).—
There is a great deal of discussion
here as to what minister of the crown
will be detailed to serve on the im-
perial defence committee. Naturally,
Hon. J. D. Hazen, as minister of naval
affairs, has been mentioned, as also
has Colonel Sam Hughes, minister of
militia and defence. It is generally
understood, however, that a new port-
folio will be created to be held by the
minister representing Canada on the
imperial defence committee. This does
not mean that Mr. Hazen will not be

WEST INDIAN TRADE PACT
MEETS LITTLE OPPOSITION
COMMITTEE STAGE PASSED

Hon. William Pugsley Argues That British Preference
Should Be Limited to Imports Entering Canadian Ports,
But Hon. Mr. Foster, Tho Sympathetic, Considers Such
Step Impracticable at Present—More Complaints of
Dismissals.

OTTAWA, Dec. 10.—(Special).—The

mittee the legislation necessary to
bring into effect the trade agreement
between Canada and certain of the
British West Indian Islands.

The debate was resumed upon the
Landry appointment at Desouise, N.S.,

occasion to repeat their complaints
about the dismissal of office holders on
the ground of offensive partisanship.

The house will probably adjourn on

time of the house will be given up to
consideration of the proposed naval
legislation.

West Indian Pact.
Mr. Foster next thru the committee
stage the tariff resolutions upon which
a bill will be founded ratifying the re-
ciprocity agreement between Canada
and a number of the British West In-
dian colonies. The agreement in effect
gives a preference of twenty per cent.
to the colonies affected upon certain
imports into Canada, mainly tropical
fruits. These already enjoy a prefer-
ence of thirty-three and one-third per
cent. under the British preference. The
treaty does not take away this pre-

SUNDAY SCHOOL
MONEY RAISED

Simpson Avenue Methodists
Will Soon Start a Handsome
Building to Accommodate
a Thousand.

By a whirlwind finish of a month's
campaign, which last night took the
form of a banquet, the congregation
of Simpson Avenue Church have rais-
ed \$20,000 for the erection of a large
modern building for the Sunday
school. Up to last night the sum rais-
ed amounted to \$18,000, the remaining
four thousand being subscribed dur-
ing the evening.

The new building, which will be
erected next the church on Simpson
avenue, will cost \$30,000, \$10,000 being
obtained thru a mortgage. The new
structure will be a two-story brick
building and the basement will be sit-
uated as a gymnasium. The main Sun-
day school hall will have an accom-
modation for more than a thousand
pupils.

S. J. Collum, the aged father of a
Winnipeg traveler, who with his son
W. H. Collum, registered at the King
Edward Hotel three days ago, disap-
peared from the hotel at one o'clock
yesterday afternoon and has since been
missing. His son has asked the police
to try and locate his father, who is
70 years of age and somewhat feeble.

MAY CHOOSE HON. J. D. HAZEN
TO SERVE CANADA IN LONDON

While It Is Probable That New Portfolio Will Be Created,
Such a Step Would Not Debar Him From Filling Office
—Rumor Is, However, Afloat That Canadian Statesman
of International Reputation Will Be Appointed.

OTTAWA, Dec. 10.—(Special).—
There is a great deal of discussion
here as to what minister of the crown
will be detailed to serve on the im-
perial defence committee. Naturally,
Hon. J. D. Hazen, as minister of naval
affairs, has been mentioned, as also
has Colonel Sam Hughes, minister of
militia and defence. It is generally
understood, however, that a new port-
folio will be created to be held by the
minister representing Canada on the
imperial defence committee. This does
not mean that Mr. Hazen will not be

DECKS CLEARED
FOR NAVAL BILL

Debate Opening Tomorrow
Will Probably Continue Un-
til Adjourned—Technical
Obstacle Removed.

OTTAWA, Dec. 10.—(Special).—The
naval debate will apparently absorb
all the time of parliament from Thurs-
day next until the adjournment for
the Christmas holidays. This after-
noon Mr. Borden moved the house in-
to committee of the whole to consider
his resolution authorizing the expendi-
ture of \$35,000,000 for the construc-
tion of battle ships to strengthen the
naval forces of the empire. The resolu-
tion went thru committee without
discussion and was reported to the
house. Mr. Borden then moved that
said report be considered on Thursday
next and have precedence over all
other business until the Christmas re-
cess. This was agreed to without dis-
cussion.

Mr. Speaker Spruille took occasion
to say that the naval bill should have
been preceded by as well as founded
upon the resolution. The house, how-
ever, having directed the first read-
ing of the bill, he was of the opinion
that the error could be corrected by
passing the resolution now and report-
ing this action to the committee of
the whole house when the naval bill
reached committee stage. He an-
nounced, however, that this action
should not be construed as a pre-
cedent. The rule undoubtedly was
that this appropriating money must
be founded upon a resolution submitted
to and approved by the committee of
the whole.

TRAIN STRUCK BUGGY
WOMAN BADLY HURT

Mrs Torrington of Harwich
Was Victim of Level Cross-
ing Accident at
Chatham.

CHATHAM, Dec. 10.—(Special).—
The Grand Trunk express, coming from
this city from London about three
o'clock this afternoon, struck a horse
and rig on the crossing at Park street
near the Merritt Bonding Works, ter-
ribly injuring Mrs. Torrington of Har-
wich, who was driving, killing the horse
outright and smashing the buggy
to matchwood.

It is thought that Mrs. Torrington
was hurled from the buggy at the first
impact as her injuries were received
when she struck the ground. Her
condition is very serious, the left side
of her head being crushed. She was
removed to the public general hospi-
tal, where her condition is critical.
She has not yet recovered conscious-
ness.

As soon as the accident occurred
the train was stopped. It is said that
both the engine bell and the electric
crossing alarm were ringing. There
are no gates at this crossing.

Good News—Good Fellows

TWELVE HUNDRED AND EIGHTY-THREE Kiddies already
provided for. But there are a thousand or more on our list.
Tell your friends, Good Fellows. Have them become Good
Fellows, too. Remember, there's a joy in giving—particularly when
you see what and to whom you are giving.
That's why the Good Fellow Idea has become the most popular
Christmas movement—there's no waste of money or effort. The little
ones get ALL there is to get with the personal touch of love and
sympathy and interest added.
The names are now going out. Send your name and it will get
a prompt response.
No matter how little you have to give, you can be a Good Fellow.
You go and see the little one yourself. You find out JUST what
will make it most happy—what it NEEDS most.
This beats the Long-Distance Kind of Giving, doesn't it?
Talk it, talk it, talk it. Good Fellow—there are girl-Good Fellows,
too. Send your name NOW.
Yours for the Kiddies who may have no one but YOU.
THE WORLD GOOD FELLOW.

GUELPH PLANNING
BIG ARENA FOR
HORSE SHOW

Mayor Announces if Provin-
cial Government Will Make
\$50,000 Grant, City Will
Do Rest—Judges Puzzled in
Making Awards Owing to
Uniform Excellence.

(By a Staff Reporter.)

GUELPH, Dec. 10.—(Special).—
From the remarks uttered today at
the winter fair luncheon given by the
city to the visiting horsemen, it is
reasonable to conclude that within an-
other year a new horse arena will
grace the fair. The executive board
has not yet decided upon the erection
of a new building, as the provincial
government has not considered the
matter, but the city has thrown down
the gauntlet, so to speak, and the de-
partment of agriculture must pick it
up or disappoint both the city and the
horse breeders of Ontario.

The announcement regarding the
proposed arena came from Mayor
Thorp, who in speaking of the support
Guelph had given in the past and of
the present need of the fair, said that
the city would offer a free site for an
octagonal arena across the railway
tracks. "If the Ontario Government
can make a grant of \$50,000," said
the mayor, "Guelph will do her share
and the arena will be built."

In case the proposed building is put
up it will be used for exhibiting the
horses and the present ring in its en-
tirety will be handed over to the cat-
tle men.

Features Numerous
The name of the feature attraction of
today's program is a talk. To the
horsemen, and there are more here
than in any previous year, the beauti-
ful collection of dappled gray Per-
cherons exhibited this afternoon must
have made a strong appeal. In one
class 17 Percheron mares were led out
into the ring to compete for five prizes.
John Bright of Myrtle Station, the
newly appointed live stock commis-
sioner, has this to say of the horse
show: "This year I have visited fairs
in Edmonton, Lethbridge, Toronto,
London, Ottawa and Ogdensburg, but
at none of these places have I seen
such a remarkable exhibit of heavy
draught horses as here. The horses,
too, are in much better shape than
they were in the fall."

The judging this morning of the
beef cattle class, listed as "grades and
crosses of any breed," attracted much
attention from cattlemen. Robt. Miller,
Stouffville; James Smith, Rockland.

PROVERBS INSPIRE
POETIC PRAISE

Better Hurry and Enter if You

in Prizes to Be Given
Away Free.

In the contest special notice that was
published in yesterday's World, some
contestants got the idea that their
answers would be barred from the con-
test because they were written in pen
and ink.

This is not the case. Answers writ-
ten by pen, pencil or typewriter or filed
out in any manner to suit the contest-
ant's fancy will be accepted.

The reason the omission of pen and
ink was suggested was on
account of the fact that so
many contestants complained about

OTTAWA, Dec. 10.—(Special).—The
house today reappointed the commit-
tee to look into the question and re-
port upon the advisability and desir-
ability of old age pensions in Canada.

Selecting Christmas Furs.
Consider, if at all, Dineen quality when
you think of Christmas furs. There is
about them the style and value that
only the expert furrier and fur fash-
ioner can impart. Dineen's furs are
an investment, as well as a luxury in
dress. Each year the price of skins
becomes greater—fur garments be-
come more expensive—while Dineen's
furs retain their style and newness
from season to season. A lasting source
of satisfaction on to the wearer. W. and

BRITISH PROTEST
GOES TO SENATE

WASHINGTON, Dec. 10.—(Can.
Press).—Whether Great Britain's pro-
test against free passage of American
ships thru the Panama Canal is to be
submitted to The Hague is to be final-
ly determined by the senate in any
event. It was intimated today that
President Taft, consistent with his atti-
tude as a principal champion of ar-
bitration of disputes between nations,
might recommend such a course should
he and Secretary Knox not hold the
question a purely domestic and inter-
nal one and therefore not arbitra-
ble. There was considerable lean-
ing to such a view among senators
today.

The British Government's note was
discussed informally by President
Taft and his cabinet today, but it was
said that until Secretary Knox had
time to study it at length and pro-
bably had outlined his reply, it would
not be taken up formally. That prob-
ably will not be for several weeks.

A suggestion that the question might
be kept from arbitration by delay un-
til the existing arbitration treaty with
Great Britain expires by limitation
of time was repudiated today by a
number of Senators. Senator Lodge,
a prominent member of the foreign
relations committee, declared that
the "United States would not stoop to
tricks." Senator Sutherland declared
the question purely a domestic one
and therefore not subject to arbitra-
tion.

"The Spring Maid" Ever Popular.
"The Spring Maid," with dainty
Christie MacDonald, has proven an at-
traction that never seems to wear out
its welcome with music lovers. Altho
it is in its fourth season and is play-
ing return engagements everywhere,
the box office receipts are even larger
than during its first season.

Mr. Levee Retires.
L. S. Levee definitely announced
last evening that he has decided not
to be a candidate for any municipal
office at the approaching elections.

KEEN CONTESTS
AMONG PRIZE
CATTLE

Judges at Union Stock Yards
Fat Stock Show Had a Dif-
ficult Task in Awarding
Ribbons—Large Attend-
ance of Farmers, Drovers
and Live Stock Raisers.

(By a Staff Reporter.)

The third annual review of prize
live stock at the Union Stock Yards
started yesterday and will be concluded
today. With the growth of the
West, Toronto shows the yearly fat
stock show has kept pace, and this week
the Guelph show is also on this week
the entries at the Union Yards were
well in advance of those of a year ago.
Neither did the quality of the exhibi-
tions suffer. In the various classes, and
especially cattle, the contests were
exceedingly keen and the judges had
no pleasure in awarding the various
ribbons. The judging, which started
at one o'clock, was keenly criticized
by a large concourse of farmers, drov-
ers and live stock raisers, and dif-
ferent to most shows, the judging was
not only to pass a scrutiny of this
character, but has again to meet the
comparison of valuation placed upon
the various animals at the auction
sale, which takes place tomorrow.

General Manager Ashcroft was par-
ticularly pleased with the continued
support he is receiving from all parts
of Ontario, and was more than gratified
with an exhibit which came from as
far west as Carstairs, Alta. This
exhibit comprised an exhibit of Here-
ford steers, two and three years old,
which had been raised on the prairie
and had never been stabled or kept in
restraint until shipped. These were
the property of S. Downie and J. Groff,
who are large dealers in live stock in
the western provinces. The animals
presented a very fine appearance and
weighed in the neighborhood of 1500
lbs. The rough coats contributed by
their outdoor existence gave them
very much the look of the buffalo.

There were magnificent specimens of
cattle in all the entries, but excep-
tional interest was excited in the
steers and heifers under a year old.

Continued on Page 10, Column 2.

REMEMBER CAN CARRY THE ROD.

John: Is that the Senator?
Jaff: Aye, John.
John: I don't know where I'm gettin' off
at. I find that you an' Robert John and
Gerry and our Johnny have been rustled the
city hall for three years now, an' that I'm
responsible for th' mess that's up there.
Robert John made our Johnny think that it

was a great tribute to public rights and to
Drayton to get him out of th' job of city
council an' put Gerry in. An' our Johnny
fell for that. You were in that game. Next,
our Johnny's been rustled the city treasur-
er's office an' he undertook to direct Gerry
how to float th' loan in London. An' now
you and Robert John are tryin' to beat
Robert, an' have me do it. I ain't goin' to
do it. An' you got me in wrong with th'
suburbs an' I'm now turnin' my springs to
square myself.

Jaff: But dinna rage so, John. Malster
Fleming says he had somethin' to put out
when Malster Gerry was got o'er th' top,
but that things were so favorable. But
you've been a muckle help to Malster Flem-
ing, an' he recognizes ye. An' he's no fer-
renter's votin'. Ye would nae let say but
owners an' landlords an' landlords fitt th'
ancient order o' which ye are as shinin'
a light.

John: Yuh bet. They can get in, but they
must remain appreciative an' carry th' hod.
They can't get th' crowd or use th' plum
till they become landlords. King Solomon
used to do all th' votin' in Jerusalem, an'
it ought to be so in West York.

Jaff: Noo ye're on th' right line, John.
Where's Hiram Abiff th' noo, John?
John: Flamin' up th' Pyramids in Egypt.
Th' landlords there do th' votin', an' they do
it right.

Jaff: An' th' Pharos had th' max' vote
w'oot straw!

NO AGREEMENT YET OVER RADIAL LINE

City and Company Cannot Agree on Terms of Expropriation of Mimico Line.

EXPERTS TO BE CALLED

Evidence Will Be Given to Ontario Railway Board as to Property Values.

No agreement has been reached between the city and the Toronto and York Radial Company as to what price the city should pay for expropriating the Sunnyside to Humber division on the Lake Shore road. Yesterday the company and city representatives argued before the Ontario Railway Board which, after a short session, adjourned until next Monday, when several experts will be called to give valuation figures. It was clearly shown that there is a wide difference of opinion between the two parties as to the value of the real estate, plant and equipment of the company on the Lake Shore section of their railway, and as a result it was decided to receive evidence from engineering and real estate authorities.

Doesn't Wish to Pay. Corporation Counsel Geary said that the chief question was that of trackage. "Owing to the grade separation at Sunnyside the radial tracks have been moved from the north side to the south side by the G. T. R.," said Mr. Geary. "This was done under the order of the Dominion Railway Board and the cost was payable out of the grade separation funds. The city, therefore, objects to paying for the new line which has cost the company nothing, or even for the extra length of 15 feet. The new piece of line, as a matter of fact, belongs to the city."

City Objects. There were 156 items on the company's inventory, to many of which the city raised objection. Some of the items were track work, car barns, depatching and protective system, etc. The city objected to accepting the 22,000 volt high tension porcelain insulators, compressed air system for brakes, with reservoir house and pipe line, and also the depatching system with wires and instruments.

Besides the above the board will have to decide the question of length of trackage and the value of the old line as it stood at the expiration of the franchise and the new line as it is today.

The section which the city wishes to take over so as to extend King street along the Lake Shore road to the Humber is one mile and six chains long.

COUNCIL BLAMED FOR THE DELAY

Library Board Wants to Sell Church Street Property, But City Will Not Co-Operate.

GAVE ALL INFORMATION

All Particulars Were Furnished by Library Board and Council Now Is Criticized.

"The public should know that the blame is not ours and that if the city council refuses to co-operate with us in turning a dead asset into cash, to meet a live need, the responsibility must rest upon the city council." This was the statement of Mr. Justice Kelly at the meeting of the public library board when a letter from the city clerk regarding the sale of the Church street library property came up for consideration.

Mr. Justice Kelly set out the position of the matter before the board. He said that a deputation from the board had waited upon the board of control and had explained that they desired to sell the Adelaide street property, where the usage was falling off, and to devote the proceeds to the erection of an addition to the College of library and to give additional service to the outlying districts. He explained that as the nominal title of a part of the property was vested in the city and as it might be desirable to sell the whole block rather than a part or parts of it, it was desirable that the board should first be assured of the opinion of the city before entering into any contract of sale. He explained that Mayor Hocken had appeared to be entirely ready to co-operate, but later had come this letter asking that the board detail their intention as to spending the money.

It was moved by Sir Glenholm Falconbridge and seconded by Mr. T. W. Banton, that the letter be answered, the feeling of the meeting being that the board had already furnished all the information that was possible, as they could not say what money would be realized or just how they should be expended.

The council was criticized for interference in the matter, which was considered wholly the business of the board in the best interests of the citizens.

Stevenson Lodge. Stevenson Lodge, No. 218, A. F. and A. M., elected the following officers for 1913: W. M., W. B. Campbell; S. W., J. Baker; J. W., D. J. Proctor; chaplain, A. E. Martin; treasurer, G. Guest; secretary, H. Cornell; S. D., F. Turner; J. D., R. Hamilton; I. G., J. Buchanan.

WINDS RAZED FACTORY WALL

ST. CATHARINES, Dec. 10.—(Special.)—A disastrous windstorm swept over the Niagara district this afternoon, uprooting trees and blowing down telephone poles and wires. In some unaccountable manner the wind gained an entrance into the new factory building that has been erected for the Canadian branch of the Warren

As and Tool Co., on Carlton street, lifted it and caused the wall of the two-storey structure to fall. The floor is sagging, and the building presents a dangerous appearance, but it is claimed that the damage can be replaced for about \$5000.

The loss will fall upon Newman Bros., the contractors, who were to have the building ready for occupancy by Jan. 1.

Travelers' Certificates. Commercial travelers' certificates for 1913 can now be had from Fred Johnson, room 5, Federal Life Building, Toronto.

NO PEACE, NO LOAN, TERMS TO AUSTRIA

NEW YORK, Dec. 10.—(Can. Press.)—It was on the assurance that there was no likelihood of a war between the great powers of Europe, that New York bankers, it was learned today, undertook the flotation of a \$25,000,000 Austrian loan in this country, as announced last night at Vienna. Kuhn, Loeb & Co. today issued this statement.

Kuhn, Loeb & Co., and the National City Bank of New York, confirm that they have purchased, in conjunction with the Imperial Austrian Postal Savings Bank, the firm of S. M. Von Rothschild, the Austrian Credit Anstalt and the Austrian Laenderbank, \$25,000,000, 4 1/2 per cent, 11-2 and two years' imperial Austrian treasury notes.

The contracting firms have been assured that the political situation is much improved and that there is no reason for apprehending warlike developments between the great powers. The larger part of the proceeds of the loan will not be withdrawn until the middle of January, 1913.

EXPLAINED WORK ON PRISON FARM

Rev. W. B. Findlay Told Riverside Business Men of Good Results Now Being Obtained.

CANDIDATES ARE BUSY

Addresses Given by Controllers Foster and McCarthy and Aldermen Hilton and O'Neill.

Rev. W. B. Findlay, of the Industrial Farm, was the speaker at the meeting of the Riverside Business Men last evening, and in an impressive address related to the meeting the objects of the institution of which he is in charge. "We have come to the conclusion that inebriety is a disease rather than a habit," declared Mr. Findlay, "and that the only way in which to rid man of such disease, is to take them out into God's fresh air and sunshine, away from all temptation, and there seek their reformation."

Controllers McCarthy, Foster and Aldermen Hilton and O'Neill were on hand and gave short addresses. All agreed that the Bloor street viaduct was bound to carry, as it ought at the coming election. Controller McCarthy pointed out that at previous elections, the west end people had not as it was sometimes stated, snowed under the proposal, but rather upheld it. The water system, he said, was at the present time precarious and if the bylaw carried this election, no matter how hard the department worked, the additional work thus obtained would be badly needed before the work was completed. With our present system, declared the controller, "we might be precipitated into a water famine tonight."

The controller also thought it would be a good idea to make an attempt to buy out the Toronto Railway Company now at a proper price, or he would be willing to give even a little more than what could be termed the proper figure, rather than have the company run the line into junk during the remaining nine years of its franchise. "But if we can't buy them out, we must face the proposition manfully and seek means whereby we can bring the people of the outlying districts into the centre of the city, without all this turmoil and ill-feeling between the company and the citizens."

This Appeal Is To Every Canadian

Tragedy and pathos are written all over the pathway of the great White Plague. Visit the hospitals at Muskoka or Weston and chat with the patients. Let them unbend and tell you their life-story—what it means that they are away from home and loved ones, and the pathos and tragedy of their lives will be very apparent. Language cannot tell the story of what some have witnessed whose work has brought them into years of contact with those who become patients of these hospitals. We know something of what it means. We plead for the poor consumptives for a big Christmas giving to the

Muskoka Free Hospital For Consumptives and the Toronto Free Hospital For Consumptives

that the King Edward Memorial Fund, now successfully launched, may become a speedy reality, and that consumption in Canada has, indeed, come to an end.

"Properly applied methods can stamp out the disease, and I should like to think that some day the Weston Sanatorium should stand here empty, a monument to the good sense of the Canadian public."—From address of Duke of Connaught, at laying of corner-stone new Queen Mary Hospital for Consumptive Children.

A conservative authority places the economic value of a man at \$1,500—One thousand less deaths from consumption in 1910, in Ontario, than in 1901—due to the spread of sanitarium treatment of consumption. The lives of one thousand citizens saved to their country in twelve months—each valued at \$1,500. Figure it out. WILL YOU HELP this great WORK?

Contributions to the King Edward Memorial Fund to end consumption in Canada may be sent to W. J. Gage, Esq., 84 Spadina Avenue, Toronto, or Secretary-Treasurer, National Sanitarium Association, 347 King Street West.

A group of nurses whose mission it is to care for the sick and suffering.

Disowned by His Own Sister. "Man's inhumanity to man, where a poor consumptive is concerned," says the visiting nurse of the Muskoka and Toronto Hospitals, was sadly illustrated in the case of a young man, who afterwards became a patient of the Toronto Free Hospital, turned out of doors by his own sister to sleep in any hotel or lodging-house that would take him in. He was made to feel, as he said, that he had no right to live. No one would let him stay a second time, because he kept everybody awake with his coughing. "It is a lonely life," he said. "I might as well be a leper." His money was gone, he was running a temperature of 103 when discovered, and he had a hemorrhage the previous night, and yet he had no place in which to sleep. Arrangements were immediately made for his admission to the Toronto Free Hospital.

Take Her Before Too Late. A friend writes on behalf of another in these words when making application for her admission to the Muskoka Free Hospital: "This case is a very pitiful one. This young girl's father is no use at all, and there is a family of six, ranging in years 4 to 16, and she, with one exception, a small boy about 12 years, who is willing to work, but he is so small that people do not give him much work. They are a respectable family and worthy of charity; and, indeed, has got beyond control would be a grand thing. Hoping you will do all you can and that it will be soon."

Two Dollars of Christmas Cheer. Mrs. D. G. Dobson, Midland, Ont.—Please find enclosed two dollars (\$2.00), hoping it may help bring Christmas cheer to some needy ones who otherwise would be deprived of it. I am thankful to be able to add even my small donation with others to help such a worthy cause. It may be small, but it is heartily given. Praying God may bless the noble work.

Taking the cure in winter at the Muskoka Free Hospital for Consumptives.

KING EDWARD VII King Edward Memorial Fund WHAT IT MEANS

- (1) Conducted under Royal sanction of King George and Queen Alexandra.
(2) Money is required to provide accommodation for the many needy consumptives seeking admission to the Muskoka Free Hospital for Consumptives and Toronto Free Hospital. The Toronto M. H. O. says there are 1,000 cases of consumption under supervision in Toronto. 222 are being cared for in the hospitals of the N. S. A.
(3) The institutions to be benefited are: (a) Muskoka Cottage Sanatorium, (b) Muskoka Free Hospital, (c) Toronto Free Hospital, (d) Queen Mary Hospital for Tuberculous Children, so named by gracious permission of her Majesty Queen Mary.
(4) The work is national, patients being admitted to the Muskoka institution from anywhere in the Dominion.

YOU MAY HAVE A PART IN THIS GREAT WORK.

One of the popular tent-cottages at the Muskoka Free Hospital for Consumptives.

and the material must all be got ready, so that the moment the sun is out and the weather is fair, not a day be lost. And why shouldn't public improvements—if the eight-hour law obtains—be carried on by two shifts, and in some cases by three shifts of men, even if electric light has to be used?

We commend all this to Mr. Harris' best consideration.

A SHELTER CAR. Waiting the other night at the railway crossing where passengers for North Toronto change from the city to the Metropolitan system, were many women and children shivering in the icy wind that swept the streets. Men there were, too, but of them nothing need be said, altho their plight invited no pity. And in the sidings were idle cars, offering some relief from winter privations, had but one been available as a refuge from the cold blast. As the old shelter is not now available, The World ventures the suggestion to the powers that be, that the ends of mercy would be partially served were an idle car placed conveniently at the disposal of waiting passengers. The cost of wear and tear would be trifling, and the boon would be appreciated by the public.

PRIVILEGED TAXATION. In the last issue of The Financial Post there is an article on "Municipal Finance," with the sub caption, "Toronto becoming a centre of radical tax proposals." Toronto is, of course, not a dead city, and the plans and ideas that have been adopted and proved successful in other places have attracted attention here where municipal finance has not been the brilliant success which the praise bestowed upon the system by The Financial Post might lead one to expect.

The Post is moved to editorial consideration by what it calls a "purposeless vote" on the proposal to lessen the burden of taxation on improvements, or more correctly, to distribute the incidence of taxation over the real estate in which the real values always inhere, and to remove the penalizing consequences of the present law upon the man who spends his money for purposes which always benefit the community in about the same proportion as himself. The Post finds a connection between this proposal and the suggestion made by The World last January that it was time the tenants who paid the taxes should have a voice about spending them. The Post recognizes that "one of the chief weaknesses of the existing system of government based on annual elections is that there must be a dearth of big issues. Here is a big issue." It continues, "and the people of Toronto are asked to take a stand on the subject before the civic officers finally take their stand." Then The Post insults the integrity and conscientiousness of the officials by declaring, "This is unfortunate since these officials may now adopt a policy based not on what they consider the merits of the case but on the strength of an otherwise meaningless vote." This means, if it means anything, that we have a set of civic officials so utterly without official integrity, honesty of purpose or resolution of mind that they would do what they know to be wrong just for the sake of retaining office. If The Post is right, or if it has any justification for such a statement, we need go no further for an explanation of the Toronto possessors, or for the miserable bangles made of our finances as we find them after three years of the rule of Mayor Geary.

The Post is of the opinion that Mayor Hoeken would have had a heavy task in supporting the proposal to give tenants and leaseholders a vote on money bylaws. The argument that the tenant pays the taxes is a dangerous one, says The Post. "For there are certainly possible conditions in which the tenant does not pay the taxes." We will venture to say that nine times out of ten, yes, ninety-nine times out of a hundred, the tenant pays the taxes, and in the end the tenant that comes after makes up any deficit as a result of competitive renting or vacancies. But why, we may ask, this extreme tenderness for the landlord and the relentless exactions of a privileged class for the tenant? There is no doubt where The Financial Post turns its sympathy. And there is no doubt either what has been the invariable result of class privilege.

"No one would have envied Mr. Hoeken his task of showing that tax upon the landlord is shifted forward upon the shoulders of the tenant in the form of higher rentals," says The Post. There is no difficulty about the task at all. Take the advertisement...

Now that Mr. Harris has got on his feet and got his breath, he ought to see that modern engineers do in this respect in modern cities, and get rid of the Little York idea and mud holes in connection with public works. While by present methods he saves the city treasury a few dollars, he may be costing the citizens thousands of dollars by delays, breakdowns and by ruining horses and vehicles.

And, speaking of the Danforth pavement, we wish to compliment Mr. Harris on the magnificent way the work has been executed as a work. It is the most up-to-date improvement that Toronto has had in many years, and it was executed in short order, once it was begun.

One other thing: in Toronto there are only a certain number of good working days thruout the year, and advantage ought to be taken of every good day in order to carry on public works. But in order to do this there must be a lot of planning beforehand.

Yes Madam, Keele's Pilsener Lager "The Light Beer in The Light Bottle" Really Is The Home Beer

ments of any British paper where rentals are given with or without taxes. When the landlord pays the taxes he invariably adds two or three times their amount to the rent just to make a round sum.

With a rate of six tickets for ten cents, the Gerrard street car line will cost the workman traveling morning and evening the sum of nine and five-twelfths of a cent, almost nine and a half cents. This is a good deal cheaper than the present rate with double fares, but it will be better yet. If there is to be a deficit, it might as well have been on a one cent as a two cent rate.

SPAIN TO HAVE 3 DREADNOUGHTS With Other Vessels They Will Be Constructed in Spanish Shipbuilding Yards.

PARIS, Dec. 10.—(Can. Press).—The Spanish naval program has just been decided on, according to a special dispatch from Madrid. It will comprise two of the latest types of destroyers, three torpedo boats and three submarines.

All the vessels are to be constructed in Spanish shipbuilding yards. The battleship Alfonso XIII has been launched at Ferrol.

The new dreadnought Espana, which was launched early this year, is to be delivered in April next.

The Game on Ice Oh, some may sing of the summer days, when the whole land seethes with the baseball craze; lacrosse for some is the only game, and cricket does for a nature game; some folks at tennis may plug away, and some are soothed by the mild croquet; a Man of the bowling green; I would find true joy on the sun-kissed links; when the water's cool and the weather's hot; and some a morbid enigma at a football match; they watch the rounds to their frenzied cheers as the doctors gather up eyes and ears; thrills as the players pile up their goals' bills. Such sports as these all are the game on ice! When the north wind roars and the frost grows sharp, then plink-plink-plink rings my joyous harp. So when the wars of winter rage, I turn at once to the no further charm and bottles are a false alarm. I lie me amidst the marts of trade to the roaring rink where the game is played. Then hot for the joys of the game sublime, and the chills and thrills of the winter-time!

A GOOD TIME This is a good time to have your watch repaired. The Christmas rush does not affect our watch repair department. It is its slack time. Send yours now. Wanless & Co. Established 1840 402 Yonge Street TORONTO

DEATHS... BROWN—At Toronto General Hospital, on Monday, Dec. 9, 1912, Bella, beloved wife of Albert Brown, aged 39 years.

FUNERAL from her late residence, 13 Oak street, Wednesday, for 3 a.m. mass at St. Paul's R. C. Church.

CHAMBERS—On Tuesday, Dec. 10, 1912, at her late residence, 2 Westminister avenue, Elizabeth, wife of John Charter.

FUNERAL private on Thursday afternoon to Mount Pleasant Cemetery.

CROSS—At Toronto, on Tuesday, Dec. 10, 1912, Theodore Cross, late of Guelph, Ontario, aged 72 years.

FUNERAL on Thursday, the 12th inst., at 2.30 p.m., from 229 Lansdowne avenue to Prospect Cemetery.

DALY—On Tuesday, Dec. 10, at the family residence, 17 Orde street, of heart failure, Thomas Albert Griswold Daly, in his 42nd year.

FUNERAL from St. Patrick's Church, Thursday morning, 8.30, to Mount Hope Cemetery.

HILL—On Monday, Dec. 9, 1912, Lavinia Hill, beloved wife of John Hill of 42 Price street.

FUNERAL on Thursday, Dec. 12, at 2.30 p.m., from the above address, to Mount Pleasant Cemetery.

LENNOX—At the General Hospital, Dec. 9, 1912, John H. Lennox, aged 34 years, member of Corona A. P. & A. M., and L. O. L. Interment to take place at Maganetown.

MONCRIEF—On Tuesday, Dec. 10, 1912, at her late residence, No. 1 Woodcrest avenue, Toronto, Jessie Ann, beloved wife of Thomas Moncrief, aged 74 years.

FUNERAL from above address on Thursday at 2 p.m. Edinburgh, Scotland, papers please copy.

We faint would have kept her and as link after link of her chain, it was broken.

In anguish we watched her last lingering days. Till she lay like a lily so lonely in death.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

WEST INDIAN TRADE PACT HAS LITTLE OPPOSITION

agreed with this principle, and hoped to see the day when all goods from the United Kingdom and the British possessions would be compelled to come across the sea direct to Canadian ports.

At present he did not think it would be feasible to attempt to force the West Indian colonies to prefer a trade pact that a preference would do them no good if they were compelled to ship to Canada direct, because the steamship company would bag the preference.

It was heretofore agreed that the governor-in-council should not issue his proclamation until the Canadian Government had acquired the right and power to regulate the rates. Such regulation could only be brought about through a line of vessels.

Tenders Disappointing.—The trade and commerce department had called for tenders for a steamship service from Montreal to the West Indies via Halifax and St. John in summer and from Halifax via St. John in winter. The result had been most disappointing. The tenders, he said, showed no breadth of competition and were quite indefinite as to specifications. Just now steamers and steamship companies were reaping a golden harvest, and it was hard to interest them in experimental enterprises like the Canadian and West Indian trade. New tenders had been called for, however, which would be opened on the 15th inst.

A. K. MacLean, the Liberal member for Halifax, regarded the agreement in itself as quite important. Canada could build up a trade with the West Indies by having a good steamship service. In his opinion it was childish to insist on the right of the West Indies to the West Indies. Sometimes the ship would couple of weeks sailing between Halifax and St. John and taking cargo at both places. A successful service could only be built up from Halifax to the West Indies.

Would Subsidize C.P.R.—Mr. Carvell (Carleton, N.B.) said the policy of the government was to force trade into unnatural channels, and that could only be done by a big expenditure. From Toronto west, the Canadian trade was faced with United States competition in the shape of a shorter land haul from New York as well as better steamship service. He suggested subsidizing the Canadian Pacific Railway Company in order to build up a trade between Canada and the West Indies by rail and boat via St. John, N. B. The resolutions were approved without further discussion.

Question No. 69

Messrs. Ryrie Bros., Limited, Jewelers & Silversmiths, 134-138 Yonge St., Toronto.

Gentlemen: I have six nephews and nieces, between the ages of twelve and seventeen, upon whose Christmas boxes I usually spend \$5 to \$10 each. I prefer giving different articles, as it not only saves the making of comparisons, but they all seem to relish having something "special."

I understand that you have a very complete catalogue, and would appreciate a copy of the same to help me out of my dilemma.

Yours very truly,

Answer

Toronto, Dec. 11th, 1912.

Dear Sir: Human nature in "nephews and nieces" is evidently much the same as in their "uncles and aunts." We all appreciate having things "different" from everybody else; just in proportion as an article becomes common we appear to lose notion for it.

No one appreciates this more than we do, and for this very reason try to have our assortments in jewelry, silverware and other articles as large and as "unique" as possible. Most of our nicest things we never have even in duplicate, hence the wisdom of early Christmas shopping.

Just take your pencil and check over the following articles which are given indiscriminately for nephews and nieces alike:

- Fob Chains for evening wear. Scarf Pins. Cuff Links. Watch Chains. Purse. Card Cases. Hand Bags. Photo Frames. Manture Sets. Hair Pin Boxes. Hat Pin Holders. Gold and Silver Trinkets. Sewing Work Boxes. Ink Wells. Fountain Pens. Hair Brushes. Mirrors. Powder Jars. Match Safes. Pocket Knives. Opera Glasses. Pocket Cameras. Wrist Watches. Brush Sets. Travelling Slippers. Waist Sets. Whisk Sets. Collar and Handkerchief Cases. Desk Sets. Gold and Silver Pencils. Travelling Toilet Cases. Drinking Cups. Signal Rings. Vest Buttons. Toilet Clips. Waist Sets. Silver and Gold Hat Pins. China Trinket Boxes. Individual Tea Cups and Saucers (of Crown Derby and other makes.) Candle Sticks for the boudoir.

These and hundreds of similar suggestions from \$1.00 to \$10.00—no trouble to find ideas—the trouble is just where to stop.

Any one of these will prove a permanent letter of recommendation for "uncle."

Yours very truly,

Ryrie Bros. Limited 134-138 Yonge St. TORONTO

GUELPH PLANNING BIG ARENA FOR HORSE SHOW

Continued From Page 1.

and R. J. MacKie, Ottawa, were the judges and after each contest one of them had to explain the reasons for the awards to the spectators.

Judging of Steers.—In the class for steers under two years the awards were: First, R. Fitzsimmons, Clinton; second, David R. Paine, Ferguson; third, Adam A. Armstrong, Ferguson; fourth, David Cook, Amurore. The steers were all a nice lot, as the following remarks of Robert Miller show: "The first steer is better finished, thicker in the back and more like a Christmas bullock than the others. He is not a well-balanced steer, but he is particularly thick on the ribs. That is why we picked him as the winner." Mr. Miller says that there are not many cattle entered at the show as there were last year, but in his opinion the quality is much better.

Guelphites Honored.—Robert Elliott, son of W. B. Elliott of Guelph, was made the happiest and most popular man in the city when he was awarded the grand championship Prince of Wales prize of \$50 for the best animal shown in the beef cattle department. With the same animal Mr. Elliott also won the Zenolium silver service, awarded for the best animal in the show.

"Mischief" third, the championship animal, is a light roan shorthorn heifer, calved September, 1910. The three best calves judges are of the opinion that this heifer is the best animal ever exhibited at the winter fair in its history. Mr. Miller fell so much in love with the beast that he bought her after the judging. He had to pay a fancy price, it is said.

The Awards.—Cattle results Grand championship Prince of Wales prize, Mischief, 3rd; a two-year-old shorthorn heifer, bred and exhibited by W. R. Miller & Sons, Guelph. Hereford, steer or heifer under three years—1, L. O. Clifford, Ottawa. Steer or heifer under two years—1 and 2, L. O. Clifford; 3, Mrs. W. Hunter & Sons. Steer under 1 year—Mrs. W. Hunter & Sons; 2, Henry Reed, Mimico. Heifer under 1 year—1, L. O. Clifford; 2 and 3, Mrs. W. Hunter & Sons.

Aberdeen-Angus, steer or heifer, under 3 years: John Lowe; under 2 years, 1 and 2, James Bowman, Guelph. Steer, under 1 year: James Bowman.

Heifer, under 1 year: 1 and 2, Jas. Bowman.

Galloways: D. McCrae of Guelph won all prizes in the Galloway class, 3 heifers and 3 seconds.

Steer under 3 years, John Lowe, Elora; Thomas McMillan, Seaford; Daniel Wright, Papanoby.

Steer, under 2 years, R. Fitzsimmons, Clinton; David R. Baird, Ferguson; Adam A. Armstrong, Ferguson.

Steer, under 1 year, Peter Stewart, Elora; Pritchard Bros., Ferguson; Charles B. Smith, Scotland.

Heifer, under 3 years: John McLean, Seaford; Charles Ban, Blythe; Lean, Seaford; Charles Ban, Blythe; J. Brown & Son, Galt.

Heifer, under 2 years: David R. Baird, Ferguson; J. E. Brown, Elora; Armstrong, Guelph. Competition keen.

Heifer, under 1 year: Charles McDougall, Guelph; R. Short, Salem; Joseph Abell, Forest.

Beef grades and crosses—Amateur exhibitors: 1 and 2, Thomas McMillan, Seaford; R. E. Brown, Elora. Steer, under 3 years: R. Fitzsimmons & Son, Clinton; David R. Baird; J. E. Brown, Elora.

Steer, under 1 year: George Ferguson, Salem; 2 and 3, J. W. Duncan, Caledonia.

Heifer, under 3 years: 1, John McLean, Seaford; 2, Charles Ban, Blythe; Heifer, under 2 years: David R. Baird, Ferguson; Armstrong, Guelph; Charles Ban.

Heifer, under 1 year: Charles McDougall; R. R. Short, Salem; Joseph Abell, Forest.

Three best export steers: John McLean, Seaford; 2, John Lowe, Elora; 3, Robinson, Elora. Steer, under 1 year: 1, T. H. Hassard, Markham; 2, Hodgkinson & Laidlaw, Beaverton; 3, T. H. Hassard.

Standard breeds, station foaled before 1910: T. H. Hassard, Markham; Miss K. L. Wilks, Galt; I. A. Mabee, Aylmer. Hassard's chestnut Prince ideal, also won the championship.

Heavy draught horses—Gelding or mare, foaled before 1910: R. H. Crake, Elora; R. H. Crake, Bradford; Columbus; R. H. Crake, Bradford.

Dairy Contest Winner.—Over 400 persons attended the dairy meeting held in the lecture room in Milk Production building when the announcement of the winner of the dairy contest was made. The result was rather a surprise to the many dairy men present. George B. Ryan of Courtland won the coveted prize with a grade cow called Cherry. Many pure bred Holsteins, Ayrshires and Jerseys were "also rans." Cherry gave over 85 pounds of milk a day for four days.

The first address was made by Prof. H. Barton, Macdonald College Quebec, on the subject, "Influence of Heredity in Milk Production." After citing several statistics compiled from the register of merit of the United States, Prof. Barton said in conclusion: "On the face of this evidence we conclude that our chances are much greater to breed advanced registry stock if we use advanced registry sires and dams."

H. H. Dean, O.A.C., spoke of the method of awarding the prize in the milk contest. The scale used in the dairy competition, he said, was as follows: 25 points for each pound of fat, 3 points for each pound of solids not fat, 1 point for each ten days a milk after the first 30 days, the limit for this being 10 points.

Fine Poultry Display.—There are over five thousand poultry entries at the fair, undoubtedly the biggest collection ever gathered together in Canada or the Empire. William McNeil of London, the president of the fair, has visited the poultry show at Boston, where he and New York and vouches for the foregoing fact. Hall & Son, Trafalgar, refused an offer of \$150 from H. H. Schwart, Rochester, N.Y., for his first prize rooster cockerel.

W. J. Bell, Angus, sold his first prize bronze turkey cock to George Neil, Kara, for \$20 and his second prize

cockerel to W. Stewart, Menlo, Ont., for \$12. He also sold a pair of turkeys to David A. Ashworth, Maple Grove, for \$15. Durand and Shields of Toronto won first and second cockerel, first and second hen and third pullet and third cock in the buff wyandotte class. A. M. Cameron of Beaverton sold his second prize white wyandotte pullet to Joe Russell, ex-M.P., Toronto, for \$50. Today's attendance was considerably over six thousand.

Street Car Delays.

Tuesday, Dec. 10, 1912. 11.30 a.m.—Wagon blocking track Huron and College; 5 minutes' delay to westbound College and Carlton cars.

4.35 p.m.—Held by train, G. 773, crossing; 7 minutes' delay to Kins cars.

12.15—Front and John, held by train; 4 minutes' delay to Bathurst cars.

8.10—Howard and Sherburne, held by train; 7 minutes' delay to Sherburne cars.

Death of Mrs. Selxas.—ST. CATHARINES, Dec. 10.—Word has been received of the death in Chicago of Mrs. Charlotte S. Selxas, wife of E. Selxas, general manager of the Niagara, St. Catharines and Toronto

Something New LIPTON'S COCOA At Your Grocer's Large Trial Package 10c

Railway. Mrs. Selxas had been far from well for some time and had hoped to derive benefit from special treatment for which she had gone to Chicago. During the last few days she grew suddenly worse, which worried her family here and Mr. Selxas had gone to her, fortunately arriving before her death, which occurred yesterday afternoon about 1.30 at the home of her mother, Mrs. Souleby, Jackson boulevard, Chicago.

Moslem Albanians, 900,000. Pomaks, or Mohammedan Bulgarians, chiefly south of Adrianople, 255,000.

Greek Church Serbs, 200,000. This is undoubtedly an under-estimate. There may be two or three times as many.

POLICEMEN ARE ACCUSED.

John Smith was asked to plead to a charge of assaulting Constable Elliott in the police court yesterday morning. The accused stated that he had been taken behind the armories on Nov. 30 and beaten by Constables Costa, Mackin, Scott and Anderson. Smith said that the officers used their clubs on him. Crown Attorney Corry asked for a remand and the charges will be investigated on Thursday.

Don't Wait Too Long to Enter THE PROVERB CONTEST

TIME is fleeting—the great and entertaining Contest of The Toronto World is rapidly drawing to a close. There are only five more Proverb Pictures to be published—but as the time limit for sending in answers has been extended to midnight of Tuesday, December 31st, there is still time to enter and compete for the prizes.

Look Here, Proverb Contestants There is absolutely no objection to the use of pen and ink in filling out Proverb Contest Coupons. Rule 3 of the Contest states that answers to the Proverbs may be written with pen, pencil or typewriter.

THE FIRST SET OF ANSWERS WILL HAVE NO PREFERENCE OVER THE LAST

In this competition the contestant who deposits the first set of answers will stand no better show than the last. The correct answers—correct in wording, spelling and punctuation, and exactly as contained in the World's Book of English Proverbs—are the essentials that will count. Therefore any one may enter now and get in line to win a share of

POLICEMAN TURNER DISMISSED FOR BEATING A CRIPPLE BOY

Commissioners Took Away Uniform of Officer Who Lost Control of Himself When Making an Arrest - Several Merit Marks Awarded For Good Work - Appointment of Theatre Censors.

After seven years' service Constable Thomas B. Turner was dismissed from the Toronto Police Force yesterday afternoon by the police commissioners.

The board found that the officer had acted in an unjustifiable manner when taking young Gordon Hockett to the police station a week ago last Saturday night.

In deciding the case the commissioners mentioned that Turner had undoubtedly been abused by filthy language from the lips of the boy and had been exasperated into striking him.

Chief Constable Grasett stated that he deeply regretted the necessity which called for the dismissal of the constable and remarked that he had been a splendid and efficient member of the force.

In recognition of his clever work in tracing the man who stole the royal mail bag from Taylor's drug store some weeks ago Detective Mitchell was granted a special merit mark.

The postmaster and crown attorney had written to the chief commending the work of Mitchell in the highest manner.

Theatre Censors. A letter from the board of control was received in which the police commissioners were asked to appoint censors for the theatres.

The board decided to appoint three men to act in this capacity, provided the controllers will supply the funds. The men will be nominated at the next meeting of the commissioners.

Constable Powers was given a merit mark and commended for his clever work in discovering Walter Jackson crouching with a loaded revolver and bunch of skeleton keys before a window in the rear of a store in No. 4 division about two weeks ago.

For catching James Lettner when the latter with two companions ran from the rear of Hayes' cigar store, Constable Courtney (802) received a merit mark. Two of these boys were sent to the penitentiary and the other one to the central prison.

Constable Beckett resigned to go to the Queen street about one week morning after they had robbed the store, Constable Courtney (802) received a merit mark. Two of these boys were sent to the penitentiary and the other one to the central prison.

Constable Dickinson and Johnston tendered their resignations and then withdrew their names.

In North Toronto. The board decided to take over the policing of North Toronto on Sunday. Until then the chief will make temporary arrangements for the newly-annexed district.

Another man will be engaged as soon as a suitable person can be found to fill the vacancy created by the death of Mrs. Whiddon.

Until then the chief will make temporary arrangements for the newly-annexed district.

Until then the chief will make temporary arrangements for the newly-annexed district.

DREADNOUGHT SINKS UNKNOWN STEAMER

Vessel Sank Suddenly Off the Coast of England, Leaving No Trace - Centurion Badly Battered.

DEVENPORT, Eng., Dec. 10. (Can. Press.)—The British dreadnought Centurion, while speeding at the rate of twenty knots off Portland Bill before dawn today, ran down and sank a small unknown steamer. The battleship returned to port this afternoon, leaking bad and with a battered bow.

The steamer tried to cross the bows of the warship, which struck her well forward with such force that the steamer's port light was found still burning after the collision on the Centurion's forecastle.

Before the steamer cleared the battleship's smoke she sank and no trace of her could be found, although boats were lowered and the Centurion cruised about until long after dawn.

The steamer plunged to the bottom so quickly that the crew of the battleship could not determine whether she was a tramp or a passenger ship.

The bows of the battleship were damaged by the anchor being driven through the bow plates.

WATERLOO'S BUTTON MERGER. BERLIN, Ont., Dec. 10. (Special.)—Charles Kerk of the Merchants' Button Company, Waterloo, purchased the Ontario Button Company of Berlin here today and will continue the business.

KEEN CONTESTS AMONG PRIZE CATTLE. Continued From Page 1.

These fifty demonstrators the ability of Ontario cattle to raise baby beef equal to that shown on the Chicago markets.

The general appearance of the show was entirely clearly indicated that there is no retrograde movement on the part of the Canadian farmers in keeping to the standard which they have already attained in live stock production.

The sheep and swine competition was equally keen. Two pens of unusually good types of bacon hogs were favorably commented upon and caused much discussion in regard to the selection of the winners. These are truly an example for the Canadian farmer as being the clean dressed and badly wanted by the packing houses.

One pen consisted of Tamworth and the other of Yorkshires, ranging in weights from 160 to 200 lbs.

The Union Stock Yards has one great object in view in carrying out its annual program—that of demonstrating to the producers and shippers of market cattle, sheep and swine that it pays to breed the kind of stock the market demands, both as regards ease of sale and obtaining the highest prices. All the exhibits will be open to inspection today, free of charge, and during the auction sales which will be held to close out the various exhibits.

The Prize List. The prize list follows: Judges—Lots 1 to 15: Jas. Bowman, Guelphe; F. Hunnisset, wholesale butcher, Toronto; E. Puddy of Puddy Bros., Toronto; Lot 16: B. Slatery, Packer, Ottawa; Lot 17: C. McCurdy, butcher, Toronto; Lot 18: J. McClelland, buyer, C. Mumfit, wholesale butcher, Toronto; Lot 19 to 26: J. H. Dinzie, buyer, Fowler's Canadian Co., Hamilton; Jos. Baker, buyer, Fairman Co., Hamilton; J. Kohler, Cayuga, Ont.; Lot 27: H. Carter, buyer, Puddy Bros., Toronto; Lot 28: W. J. Johnstone, buyer, Gunns Limited, Toronto.

RECEIPTS OF LIVE STOCK HEAVY

Trade Was Good For Best Grades of Cattle at Yesterday's Market.

HOG PRICES WERE EASY Lambs Were Higher and Sheep and Calves Were Quite Steady.

Receipts of live stock at the Union Yards were 286 cars, 4601 cattle, 1893 hogs, 419 sheep and lambs, 254 calves and 2 horses.

There was a larger number of Christmas season choice cattle on sale. Those bought for the Xmas trade sold at \$2.25 to \$2.75; other classes, that is medium, common and inferior, could not be rated much higher than last week.

Butchers. Xmas steers and heifers, \$2.25 to \$2.70; hogs of good, \$2.15 to \$2.50; medium, \$2.25 to \$2.50; good, \$2.50 to \$2.75; medium, \$2.25 to \$2.50; common, \$2.15 to \$2.40; canners and cutters, \$2.50 to \$2.75; hogs of extra, \$2.50 to \$2.75; common butts, \$2.50 to \$2.75.

Feeders of good quality sold at \$4.75 to \$5.00; hogs, \$2.50 to \$2.75; common steers, \$2.50 to \$2.75.

Receipts of milkers and springers were liberal and prices were some easier. The price ranged from \$10 to \$15 with a few at \$10 and a couple at \$12.50 each.

Common calves, \$1.50 to \$2.00; medium, \$2 to \$2.50; good, \$2.50 to \$3; white calves sold at \$3 per cwt.

Sheep sold from \$4.25 to \$4.50; yearlings, \$4.50 to \$4.75; heavy ewes, \$4 to \$4.50; lambs, \$7 to \$7.25; and some ewes at \$4.50 and wethers were bought for \$4.75 to \$5.

Hogs. Hogs, select, fat and watered, sold at \$2 and \$1.50 L.O.B. cars.

Representative Sales. McDonald & Halligan sold at the Union Yards Tuesday 19 cars of stock as follows: Best butchers, \$3 to \$3.50 per cwt; fair good butchers, \$2.50 to \$3; medium to medium butchers, \$2.75 to \$3; good butchers, \$3 to \$3.50; fair good butchers, \$2.50 to \$3; medium to medium butchers, \$2.75 to \$3; good butchers, \$3 to \$3.50; fair good butchers, \$2.50 to \$3; medium to medium butchers, \$2.75 to \$3; good butchers, \$3 to \$3.50.

# Big Dividends Are Declared by Cobalt Mines--Trend is Easier

## SHARP UPTURN IN WHEAT BEARS HASTEN TO COVER

Market Showed Unusual Rallying Power and Short Interest Was Quickly Reduced--Net Advance in Wheat 1/4c to 3/8c.

CHICAGO, Dec. 10.—Wheat made a rally today after the recent continuous decline. There was a firm close at a net advance of 1-4 to 3-8c. Corn gained a shade to 3-8c over last night and oats 1-4 to 3-8c. Provisions dropped 1-2c to 15c.

Notwithstanding that wheat early went under the season's previous low level, final quotations were at practically the top of the day. The market showed better rallying power than had been seen in some time. Large shorts, especially northwestern traders, did a great deal of covering during the extreme decline. May wheat, which fluctuated between 88 1-2 and 89 3-4, wound up 1-4 above last night's corn firm. A sharp attack by the bears failed. Cash grades were slow.

Oats rose on account of continued small arrivals. More plentiful supply than expected brought about weakness in the provision market.

Receipts of wheat at Midwest points with usual comparisons, to low.

European Markets. The Liverpool market closed 4 1/2 higher and 1/2 lower on wheat and unchanged to 1/2 lower on corn. A sharp attack by the bears failed. Cash grades were slow.

World's Visible Supply. Breadstuffs ending the past week the world's visible supply of wheat increased 277,000 bushels, corn decreased 377,000 bushels.

European Visible. The visible supply of wheat in Europe this week is \$5,519,000 bushels against \$5,496,000 bushels last week, a decrease of 2,544,000 bushels.

ST. LAWRENCE MARKET. Receipts light; prices unchanged.

FARM PRODUCE WHOLESALE. Hay, No. 1, car lots, \$14.00 to \$14.50.

## Science in Clothes

We cannot sell ability to any man, but our business is that of furnishing clothes to men that have ability, and who by reason of that ability appreciate the advantages of wearing stylish clothes.

Broderick's clothes are the measure of genius in tailoring; they are the master products of their kind; they are the Canadian standard for good workmanship and finish; and they possess in a greater degree than any other clothes that a distinctiveness which is the essence of style.

Suits and Overcoats \$22.50 and up

Broderick's LIMITED TORONTO CANADA

LOOKS LIKE SMALL CROPS NEXT YEAR IN EUROPE

Too Much Rain in Britain and France--Reduced Acreage in Many Countries.

Broderick's weekly summary of foreign crop conditions is as follows: United Kingdom--Seventy-five per cent of the wheat crop has been secured.

France--Crop outlook mostly favorable. The wheat crop is larger and cheaper with much poor quality.

Germany--According to an official report, the condition of both wheat and rye is 72 per cent. The area under wheat is smaller. Offerings of new wheat are on a liberal scale, but there is much very poor quality.

Russia--According to an official report, the condition of seedings is variable. According to unofficial reports, the southern portion of the crop outlook is satisfactory. Areal at the ports are moderate with stocks increasing. The weather is fair.

India--Favorable crop conditions are maintained.

MONTREAL GRAIN AND PRODUCE. MONTREAL, Dec. 10.—Cable advices today were weaker and light or Manito.

MINNEAPOLIS GRAIN MARKET. MINNEAPOLIS, Dec. 10.—Close--Wheat December, 79c; May, 81c; July, 82c.

## SLIGHT SETTLING OF PRICES IN THE MINING EXCHANGES

Disappointment Over Strike Situation in Porcupine Occasioned an Easier Trend--Dome and Hollinger Below Their Recent Levels.

There was a slight settling of prices in the mining markets yesterday, a natural reaction after the stronger trend on Monday carrying some of the active issues some distance below the previous close. The movement was not at all extensive, and such declines as occurred were altogether too restricted to be significant of anything other than that the undertone had turned easier.

There was a disposition on the part of holders of some of the Porcupine securities to liquidate in view of the seeming deadlock in the strike situation. The big firms have imported enough men to keep their plants working almost to the customary capacity, but overhead expenses have been increased to a material extent by reason of the exigencies of the strike, and consequently profits will be lower. Meanwhile there does not seem to be any prospect of the labor trouble being settled in an amicable manner, and from all present indications conditions are likely to remain as they were until spring, which would hold back the development of the camp considerably.

Both Hollinger and Dome responded to selling, inspired by the belief that there was no prospect of a termination of the strike in the near future. The former dropped back a slight distance below its usual level, the shares selling down to 115 1/2, as compared with the previous sale on Friday last, at 115.40. Big Domes was a loss of a full cent, sales as low as 119, weaker still, however, in particular, a record since September last. No material amount of stock came out in either instance, but there was no sustained demand in evidence, and sellers had to make concession before the lesser Porcupines were just a shade lower than previous day, under very restricted volume of trading.

Jupiter and Pease Lake lost a point each, and Vipond and Crown Charter were off a fraction. The declines expected to be temporary only, and are expected to be temporary only, and are expected to be temporary only.

**STRIKE OUTLOOK**  
 PORCUPINE, Dec. 10.—(Special)—Good news from Porcupine! The mines are making things go in fine shape. The mine has 200 men at work. Hollinger, 150, the McIntyre at Schumacher 18, and the Three Nations 15. The Pearl Lake is conducting development as usual, with a full complement of men. The backbone of the strike is plainly broken.

**BANK OF TORONTO HAD RECORD YEAR**  
 Net Profits Show Remarkable Increase and Big Expansion Is Indicated in All Lines.

The annual report of the Bank of Toronto, issued last night, is the first indication of the truth of the oft-repeated assertion that the Canadian banks have been enjoying a period of remarkable prosperity during the past year.

The period covered is the twelve months ended November 30 last, and the net profits for that time after making the usual provisions, amounting to \$2,525,787.04, as compared with \$1,754,222 last year, a gain of \$1,577,665, the latter figure constituting a remarkable demonstration of the increased business of the institution.

The bank had carried forward from 1911 the sum of \$52,019.99, and received as premium on new stock \$231,250, which left \$1,779,757.08 to be distributed. Of this \$1,779,757.08, \$1,282,919.00 was transferred to the reserve fund, \$100,000 written off, and \$396,838.08 carried forward to next year, this amount being over three times the sum carried forward in 1912.

The business of the bank showed a marked expansion during the year. The savings deposits were increased to \$2,137,173 and the current deposits to \$2,068,068. Loans and bills discounted, excluding call loans, increased from \$40,034,759 to \$44,712,000. Total deposits on November 30 were \$41,632,346.

Perhaps the most significant point in connection with the report was the fact that the percentage of net profits to average paid-up capital was 15.34 per cent. This is a gain of about 2 per cent over the profits in 1911. The net average of the year ending November 30 stood at \$6,000,000, compared with a total paid-up capital of \$5,000,000.

**NEW YORK MARKET NEAR LOW RECORD**  
 Current Downward Swing Has Brought Averages Within Speaking Distance of Last Spring.

The current downward movement in the New York Stock Market has brought the averages close to the low level touched since the upward movement in the spring of the year.

The spring advance started about March 1 and was maintained until the early part of July, when a setback occurred which culminated on July 13. Since that time the market has been in a state of general decline, with the industrial averages falling on that day to 87.37, after having reached 91.89 on the movement, and the railroad averages to 117.43 after having reached 120.97. During the balance of July, the month of August and the first part of September stocks continued themselves with recovering most of this recession. About the middle of September another decided advance took place and the average moved up steadily until October 5, when they reached their high point of the year, the industrial average standing at 93.94 and the railroad at 124.35.

On October 21 prices began to break, and except for a short recovery, the upward movement following election have steadily declined to their present level. At yesterday's low point average prices were about two points better than the low record of the year established last February.

**U. S. STEEL REPORT IS VERY FAVORABLE**  
 NEW YORK, Dec. 10.—The unfilled tonnage of the United States Steel Corporation on Nov. 30 totals 7,852,882 tons, an increase of 258,502 tons over Oct. 31.

This is the largest tonnage ever reported on the books of the corporation, and compares with unfilled orders of 8,411,968 tons on Nov. 30, 1912, and 7,760,413 tons on Nov. 30, 1910.

**BROKERS ADVISE EXTREME CAUTION**  
 Toronto Market Has Held Surprisingly Well, But Developments Must Be Watched Closely From Now On.

**PRICES SAGGED LOWER**  
 But Losses Were Limited to Small Volume—Brazilian, Mackay and Gen. Electric Lead Decline.

After the close of the Toronto Stock Exchange yesterday, brokers confessed that they were decidedly cautious about assuming commitments in the market. It was felt that the universal prosperity of the Dominion was sufficient to justify an upward movement in our securities, but on the other hand, the situation was too fraught with uncertainty on account of the acute depression in Wall Street to warrant buying stocks until a clearer view of conditions could be obtained.

On Monday and again yesterday sentiment here was affected adversely by the marked weakness in the New York market. While the Canadian indices, with the exception possibly of C. P. R., held their own remarkably well, it was asserted that if the big exchange did not quickly move into a smoother channel, there was a strong possibility of our market experiencing a tremor which in consideration of the acute money stringency, might have a marked effect on security values. The majority of brokers leaned to the opinion that the worst had already been seen in Wall Street, but this did not set at rest the feeling of apprehension engendered by the drastic manner in which the market had been rolling downhill during the last several days.

When the New York stocks began careering down to new low record prices for the movement yesterday, the Toronto brokers turned decidedly pessimistic. The market, however, while plainly disposed to work lower, held its own remarkably well, and such declines as occurred were limited to small volume. Late in the day a turn for the better occurred in Wall Street, and sentiment here was cheered considerably thereby. Our securities, however, failed to make up their early losses, and wound up generally at a point below the level of the previous day.

The market closed at a point lower than that of the previous day, the major figures General Electric and Mackay were particularly weak, the latter falling back to its lowest since last October 14, a full 2 1/4 points below its lowest price since mid-November, and the former, which had been at a point 1/2 point above its lowest price, dropped another half point at the close. General Electric dropped over a point to 115 1/4, its bottom level since the historic decline in October. Toke, Spanish River, Shredded Wheat and Cement were all lower, the declines in these instances were not extensive. Machinery sold at 44.

**NOT FULLY EXPLAINED**  
 The downward movement, which began on the rendition of the Harriman decision, has extended beyond a point to which the influence of that decision may be said to have made itself directly felt and there has been no specific development since that time to account for the continued pressure. In general terms, the decline has been ascribed to a feeling of uneasiness on the part of security holders, induced by various causes, such as the Harriman decision, the feeling of a money stringency at the end of the year and the coming revision of the tariff. There was no apparent reason for a change in sentiment today, and it was the opinion of many market observers that the market was in a position to extend over extension of short selling.

**PRICES SHADED AT MONTREAL**  
 C. P. R., Which Showed Firmness After Monday's Slump, Was Almost Only Exception.

MONTREAL, Dec. 10.—Some pressure at several points on the list was responsible for a weaker feeling in the local stock market today and declines were felt in most of the leading issues, the one outstanding exception among the market leaders was C. P. R., which displayed a somewhat firmer attitude in its sharp break of the previous day, and closed about one point up. The close in a number of cases showed a rally of small fractions, but the undertone was more inclined to heaviness than for some time past.

Cement, Mackay, General Electric and Power, Detroit and Textile, which ranked with C. P. R. among the more active stocks of the day, all closed at a decline. A stock of the day, all closed at a decline, a decline of one point, and closed only 1/4 higher. Steel, which closed at 87-1/2 on Monday, closed at 87-1/2 in the early afternoon, but closed at 87-3/4. Detroit went off a full point to 115-1/2, its bottom level since the inactive rally of 1-1-12. Textile dropped one point to 81-7/8, and was only 1-3/4 higher at the close. The bond market was also unsettled at one or two points.

Total business 4084 shares, 75 rights and \$54,400 bonds.

**C. P. R. ADVANCED ON BERLIN BUYING**  
 But Elsewhere the London Market Was Irregular and in the Main Slightly Lower.

LONDON, Dec. 10.—Money in short supply. Discount rates steady. The balance of the gold available in the market was taken by Germany, and it is believed a portion is intended for Vienna.

The stock market was principally engaged in the settlement in which American Rails were charged 1-1/2 to 2-1/2 per cent. Labor troubles, the break in Wall Street and the disappointing copper producers' monthly statistics caused the market to open dull and lower, from which only fractional rallies took place. Consols lost ground and were steady exceptions.

The American department opened uncertain, but raised on light support with Canadian Pacific advancing. The market on Berlin buying. After irregular movements in the afternoon the market closed steady.

**FINANCIAL BATTLE HAS BEEN GOING ON**  
 Charles Head & Co. to J. E. Osborne: For the time being it would be well to go slow until the situation clarifies and some satisfactory explanation is forthcoming of the financial battle that has been waged on the exchange. Discrimination by banks and trust companies against industrials has been quite prevalent of late. We do not feel like recommending purchases at present, and would advise strong margins and conservative trading for a while yet.

**DECLINE IN STOCKS FOLLOWED BY RALLY**  
 Wall Street Cheered Up in Afternoon, But Prices Sagged Slightly at the Close.

**TRADERS ARE UNEASY**  
 Money Stringency and Tariff Revision Are Hanging Like a Pall Over the Market.

NEW YORK, Dec. 10.—(Can. Press).—After another severe break, which forced quotations to a new low level for the protracted downward movement, the stock market rallied effectively today. The opening was weak and thru the morning there was a steady stream of selling orders, which at times almost demoralized the market. No active business was offered, and stocks were unloaded in increasing volume. Steel sold down to 64 1/8, Union Pacific to 151. Reading to 105 1/4, and Amalgamated to 75 1/8. Among the less active issues declines were more severe, extending to 15 points in Lackawanna and 11 in National Biscuit.

The turn in the market came with the noon hour, prices mounted steadily until Steel, Reading and a number of other important issues showed some gains of a point or more. Just before the close the market became heavy, and prices did not relapse to the low point of the day. The recovery in prices was not regarded as indicative of a market change in sentiment.

**WOOLLAKE CITRUS FRUIT COMPANY**  
 Incorporated under the Laws of California, U.S.A.  
 CAPITAL \$150,000, DIVIDED INTO 15,000 SHARES OF \$10 EACH.

OFFICERS—A. A. Barton, President, Citrus Fruit Grower, 488 Merchants' Trust Building, Los Angeles, Cal.; B. Martin, Treasurer, 1100 Broadway, New York, N.Y.; H. D. Hoover, Secretary, 322 Merchants' Trust Building, Los Angeles, Cal.  
 DEPOSITORY—City and County Bank, Los Angeles, Cal.

This Company has been formed to obtain maximum returns at a minimized cost by combing the shipping, advertising and marketing methods of the Citrus Fruit industry as a whole, and the most advanced methods of the Citrus Fruit industry in California. The company is limited to a small section in California, because of frost, elevation, soil, water and certain climatic conditions. During the past year many people have occupied in almost every line of business have purchased interests in Citrus Fruit groves.

The WOOLLAKE Citrus Fruit Company's groves are situated midway between Los Angeles and San Francisco, in the famous San Joaquin Valley, in a pocket of soil in the beautiful Sierra Nevada mountains, and connected by railroad. The property has every facility for the economical raising of its fruit.

We have for sale a block of 5000 shares at \$10 each, which we can allot in any number of units to suit our clients.

See us and we will tell you how you can secure an interest in this Company with little capital, deferred payments, easy terms.

Write, phone or see us personally for full information and literature explaining every feature of this undertaking in detail.
