30TH YEAR

ELEC. LIGHT CO.'S NEW PROPOSAL TO THE CITY

Suggest That City Plant Be Used for Municipal Services and Company Will Supply Private Customers at Reduced Rates.

Sir Henry Pellatt, as president of the Toronto Electric Light Company, has addressed a letter to the mayor and board of control of the city proposing an arrangement for the division of electrical supply for light and power purposes.

The terms suggested in the brief: That the city shall restrict its system to the waterworks pumping stations, street lighting and power and light required in municipal buildings and leave the private field. Provisions are made regarding the joint use of the company's poles and conduits, for reciprocal exchange of electric energy on emergency, and the company also offers to take any surplus of energy under the city's contract with the hydro-electric commission.

Rates for private consumers are to be fixed and to be sufficient to provide for operating expenses and fixed charges, dividends of five per cent. on the capital stock and reasonable allowances for depreciation and other necessary reserve funds, any surplus of profit to be applied in reduction of rates.

The statement is made that the rates will not be found greater than those proposed by the city's electrical department. The mayor is to be an ex-officio member of the board of directors of the Toronto Electric Light Company and all disputes to be settled by arbitration. Gradual removal of overhead construction in the business sections is promised.

The proposal is under date of June 8 but Controller Spence said tonight that he had not heard of it before, but that it would probably come before the board to-day.

The Company's Proposal.

The proposal in full is as follows: His worship the mayor and the board of control, city hall, Toronto:

Dear sirs: In view of the fact that there appears to be some doubt as to the willingness of the Toronto Electric Light Company to enter into an arrangement with the city for the purpose of avoiding unnecessary duplication of distributing plant with its heavy expenditure and annoyance to the city, we wish now to make an offer which we trust will commend itself to the judgment of the city council.

Our proposition is as follows:

- (1) The city to utilize the energy supplied by the hydro-electric commission for its waterworks pumping stations, street lighting and power and light required in municipal buildings.

Continued on Page 7, Col. 3.

The Move Up Yonge St.

Everybody now sees the significance of the up-town movement in connection with the annexation of North Toronto.

The early construction of a subway on Yonge-street, under the Canadian Pacific, will remove all the obstruction and delay of getting over the present level crossing, and traffic will shoot under the rails by a very low dip (because the railway is to be elevated above the present level), and move uninterrupted north or south.

The street cars will then be in a position to go under and up to the old city limits about Woodlawn-avenue, a distance of 300 or 400 feet north, and once the city's street cars get under and up that far, there will be no stopping the single fare movement. At present it involves a double fare on Yonge-street, and two systems of street cars, but once North Toronto is in the city, then the city will be bound to make arrangements with the four different radials now having franchisees in the city, for the commutation of and for these radials, getting in exchange an entrance down-town by the tubes, or a special line provided by the city.

Some kind of equitable arrangement will thus be worked out and the city will have to do its share in working it out the moment North Toronto is annexed. One week after the bylaw in favor of annexation is carried in North Toronto the North Toronto water system can be connected up to the city system, and a lot of other city benefits can be enjoyed by the new addition forthwith.

A good deal of interest is also taken in the early opening of the belt line in connection with North Toronto, and details are still awaited as to what the new service really means.

But as far as annexation is concerned, almost the entire town is now convinced that the quick and speedy solution of the municipal troubles of the town is annexation, and the sooner it takes place the better for all parties concerned. When North Toronto is incorporated there will be six miles of the city on Yonge-street, and it will be the beginning of the greatest metropolitan thoroughfare in Canada.

Conference President

REV. W. H. HINCKS, LL.B., D.D.
Of Broadway Tabernacle, Honored, By Toronto Methodist Conference.

CAUGHT BY SLUMP IN STOCKS, BROKER FAILS

Had Offices in Ottawa and Toronto—Losses in Neighborhood of \$125,000.

OTTAWA, June 9.—(Special.)—W. E. Bagnall, stock broker, with offices in the Trust Building, Ottawa, and the McKinnon Building, Toronto, suspending payment to-day. The losses will be in the neighborhood of \$125,000. He was formerly employed as operator in the brokerage house of W. H. Goadby & Son of Wall-street. Recently his correspondents in New York have been J. S. Bache & Co. He lived luxuriously. Only those who have been doing business with the firm on margin are affected by the failure. Those who bought stocks outright will be perfectly secure.

Mr. Bagnall did business on the New York Exchange thru J. S. Bache & Co., that company has no responsibility, Mr. Bagnall doing business direct with his clients.

It is understood that he has been doing considerable speculating on his own account. The market went against him owing to the recent decision in the United States railroad case, and for a day he has been in difficulties.

Mr. Bagnall was, before his entry into stock, a telegraph operator. For a time he was employed by the C. P. R. at Ottawa and opened a broker's office here.

The Toronto branch of the firm is located at 23 Melinda-street, but no statement as to the financial condition was obtainable there, as the local office is merely a branch of that at Ottawa, all accounts are kept at the latter place.

DUKE OF CONNAUGHT COMING

Canadian Associated Press Says It Believes This Is Correct.

(Canadian Associated Press Cable.)

LONDON, June 9.—The Canadian Associated Press has every reason to believe that it is intended that the Duke of Connaught shall be governor-general in accordance with the King's expressed wish. It is unlikely that an official announcement will be made yet, for the Duke of Connaught opens the South African Parliament at the end of the year. It is probable he would go to Canada in midwinter. Therefore it is proposed that Earl Grey should remain in office till the spring of 1911.

The chronicle, sent the governor-general, says there are obvious difficulties in the way to the appointment, but there would be general satisfaction if the King's ministers should deem them insuperable.

Asquith will state the course of business on Monday. An announcement as to the government's intention to modify the royal declaration, it is expected, will be then made.

SIR WILFRID'S TOUR

Official Announcement of Dates of the Different Meetings.

OTTAWA, June 9.—(Special.)—The following are the dates of Sir Wilfrid Laurier's meetings during his tour of the west: He will leave Toronto on July 7, in the evening; July 9, Port Arthur; July 11, Winnipeg; July 13, St. Anne; July 15, Morden; July 16, Somerset; July 18, Brandon; July 20, Yorkton; July 22, Melville; July 25, Humboldt; July 27, Prince Albert; July 29, Saskatchewan; Aug. 1, Regina; Aug. 3, Weyburn; Aug. 5, Moose Jaw; Aug. 8, Vermillion; Vegreville and Fort Saskatchewan; Aug. 9, Edmonton; Aug. 11, Red Deer; Aug. 13, Calgary; Aug. 15, Vancouver; Aug. 18, Victoria; Aug. 20, Prince Rupert; Aug. 26, Kamloops; Aug. 29, Nelson; Aug. 31, Lethbridge; Sept. 2, Medicine Hat. He will be back in Ottawa on Sept. 8.

A RETROSPECT.

June 10, 1811: Hard and Masse write the first letters ever sent to France by the Jesuits from New France (Canada).
June 10, 1817: The "Hope" sent by Hudson's Bay by his mutinous crew.
June 19, 1867: The "Hope" sent by the Philadelphia Co., entered Pictou Harbor, Nova Scotia, bringing the cholera.
June 10, 1832: The cholera reached Montreal.

Ministers Off for England.
OTTAWA, June 9.—(Special.)—Hon. W. S. Fielding and Hon. William Ferguson left to-night for England to resume their duties in connection with the West Indian Trade Commission. They will be away two months.

STRAWBERRY IS RIPE IN THE SUN

What the Situation is Out Clarkson's Way, Where the Choicest Varieties of Toothsome Fruit Are Now Almost Ready for Picking.

Much has been said and written about the fruit belt which is contiguous to the shores on both sides of Lake Ontario, towards the western end. Each locality thru the district has had associated with its name one or more varieties of fruit, which the natural conditions have developed to a state of perfection. Not the least of these is Clarkson's, six miles west of Toronto, between Port Credit and Oakville, which to-day is without a peer in the production of the earliest of the season's fruits—the strawberry—which delights all palates, most of all ordinary citizens, man and woman.

The change in weather of the past two days may indeed be said to be welcome. Not only has the strawberry crop been delayed from a week to ten days beyond the usual time but the peach trees are affected with a blight that can only be dispelled by a higher temperature, and the growers will be fortunate if a large part of the crop has not been destroyed.

As far as the berries are concerned the warm sunlight has had an immediate effect. Already they are swelling out, and these among the earlier varieties can be seen the pink blush of the ripening fruit.

Strange as it may seem, for strawberry culture, Clarkson's is divided by the Grand Trunk Railway into two sections. The southern part, that nearest the lake, has a heavy soil of black, sandy loam with a clay subsoil. This feeds the plants with ample moisture. North of the railway track the sand has a gravel subsoil and the rains soak away. While the berries in this section mature a week or ten days earlier than those to the south, yet unless there are intermittent rains the fruit will dry quickly and the crop be almost cut off. Shipments from this section should commence at the end of next week.

Big Crop Looked For.

The indications are for a big crop this year. "If we get the proper kind of weather," said J. E. Lightfoot, one of the oldest farmers at Clarkson's, yesterday, "the yield should be equal to that of last year, and that was large. I expect I will be shipping by the end of the month, beginning before June 27, and picked 50,000 quarts off six acres. I never grow early berries; they do not crop well. The quality will probably be well up to standard."

"The land is twice as rich as it was years ago. You can never get the land too rich for this class of fruit," says Lightfoot, "and that is true. We are able to get in large quantities at a reasonable price."

"The extent of the fruit shipments from Clarkson's has been a great deal gauged from our order for boxes this season," said William Clement, treasurer of the Clarkson's Fruit Growers' Association. "Last year we ordered from 7000 to 8000 crates. This year we will want 9000. I should say we shipped from this place fully 1,500,000 quarts of berries last season, and even this estimate might be enlarged."

Transportation Is Poor.

Asked if the railway gave him a good service, he replied:

"No. We want more competition. It leaves large quantities of fruit standing on the platform in the morning, and we always have to help load our product on to the train. We feel, too, that the charges are exorbitant. I have made the proposal that we might form a company and buy some automobile trucks and take our berries to market, and that be independent of the commission man in this city, in addition to the commission they receive, but no allowance is ever made for the charges which are taken by the purchasing retailers in their own wagons, and no small proportion of our shipments are handled that way. We would like to see an electric railway built thru here."

"I would like also to point out," said Mr. Clement, "that big crates of 'Oakville' berries, which is practically a market brand over there, when the actual shipments are made from here, do not appear to be as well known as the other place, but certainly Clarkson's is second to none for strawberry culture."

Land Values Going Up.

Real estate around Clarkson's, and in fact right thru the fruit belt, has been active for some time. The World was informed that many farms have changed hands this season. One farmer has a place of 65 acres for which he is asking \$25,000.

"It is really not what the land is worth that is governing sales out here," he said. "We know what the land is worth, but prices have been going up, and some buyers who have set their minds on certain properties have paid unreasonable prices to get them. It may fairly be said that in a few instances the land will not produce a return for the money invested."

Some interesting stories are told about the various places. One man took \$2100 worth of berries off a three and a half acre patch in three weeks and built a house with it. Another picked eight berries last year, which were sufficient to fill a quart measure. There is doubt whether this is the record, but it is a pretty good showing. The yield varies at the way from 3000 to 12,000 boxes per acre. In another case 42,000 boxes were taken off three acres. The berries are rarely picked after two crops, and the land is not used for the same crop during succeeding 3 to 5 years.

A BUMPTIOUS GENIUS

THE FISHERMAN: Don't get gay or you may get corked up again, y' know.

PLACE OF THE UNIVERSITY IN FUTURE OF THE WEST

President Falconer's Address to the Graduates—Canada Is Entering Upon an Important Epoch.

In addressing the graduating class and a large number of the alumni of Toronto University last evening, in convocation hall, President Falconer paid a loving tribute to the memory of the late Goldwin Smith.

"As a governor of this university," said the president, "he brought us great distinction, and was most generous with his time and his advice. He had become, indeed, almost a standard whereby one might judge the results of a university education. The conduct of such a man in our college is a blessing for which any university in the world will envy us."

President Falconer, in speaking to the graduating class of '10, urged that they should not absolutely sever their connection with their alma mater, but, becoming alumni, should endeavor to uphold the honor and good name of the university.

"When I say that the Victorian or Edwardian age is over I do not mean to say that the life of England is decadent; but rather that the great work of civilization is being carried on by men of a different mould," he said. "We are entering upon an age in Canada, at the present time, which will be as important in our history as the Victorian era was in Britain."

The president referred to the quality of the people who were settling in the west. The born Canadian element was maintaining itself so prominently that the new civilization being formed is purely Canadian.

"Our university," said President Falconer, "must to a large degree assist in carrying on this great work. Ontario is still the most influential province in the Dominion, and I fancy it will remain so. What we will do in this university for the next few years will be watched with great interest by the people of the Dominion. If you have a mind of your own, you will be a help to others. We are told that university men lose their convictions. Probably there is some truth in the statement; but it is only one of those half-truths. Such a loss of convictions is caused by the association with cynics, and it is not to be believed that there are any cynics on our staff in this university."

Lieut.-Gov. Gibson also addressed the graduating class, stating that the chief benefit which they would eventually find that they had received from their university course was how to study the various problems of life. Prof. Faircloth, recently appointed to the staff of the American Archaeological Society in Rome, and a former graduate, congratulated the class.

Alumni Association Meets.

Hon. J. M. Gibson, Lieutenant-Governor of Ontario, was yesterday elected president of the University of Toronto Alumni Association, and in expressing his appreciation, spoke as to the importance of the association as a body and its relation to the university.

"Sometimes," he said, "I am at a loss to satisfy myself as to the work we are doing. We all feel that it is

Toronto Asked to Desert the Whitney-Beck Policy

A symptom of the innate weakness of the policy of the Toronto Electric Light Company which the most ordinary mind can understand is to be found in the proposal (elsewhere in our columns) made to the mayor that the city go shares with the Electric Light Company in depriving the people of the ultimate benefits of the cheap power movement now almost brought to a consummation by Sir James Whitney and Hon. Adam Beck. It would, of course, be the blackest treachery for Toronto now to go back on Sir James and take the first step in wrecking his power policy. Toronto and Ontario aldermen may be capable of much, but Sir Henry Pellatt has misjudged them when he conceived them capable of that.

The whole power union of the Ontario municipalities stands or falls by Toronto in this matter. Hamilton was guilty of the folly of depriving itself of the ultimate benefits of the hydro-power policy by dividing the consumption of power with the Cataract Power Company. Hamilton tried to make the commission agree to give it the reductions in price which would come with the increase of consumption in other places, while it stayed outside the union in the matter of increasing that consumption.

Now Sir Henry Pellatt asks that Toronto not only shall cease to cooperate with the other municipalities in increasing the consumption under the hydro-power commission, but he actually asks the people of Toronto to deprive themselves of all such future reductions in price as will come with the increasing consumption of power throughout the province. The seductive offer made is that under the arrangement proposed it will be found that the rates to consumers will not be greater than those now proposed by the city's electrical department.

Toronto people expect in a few years to get very much lower rates than these, and they know that when the period expires after which the charges on the permanent plant and installation have been paid, a very notable decrease in rates will be made.

Sir Henry wishes to establish a permanent tariff out of which his stockholders will draw ten per cent. for all time. This appears to him to be a desirable arrangement, but it will not so strike the citizens nor the business-like aldermen who are acting for them.

The time for Sir Henry to save his bacon was last year when Mayor Oliver offered to buy the stock of the electric light company, when his refusal led to the disagreement on the board and to a change in the directorate. Sir Henry was wrong then and he is wrong now. If he wants to avoid "duplication of plant" or to get out of the electric light business, with the keen competition, not only of Toronto, but of the Union of Western Municipalities, he should submit a reasonable offer to the city to sell out. He must not expect better terms than he was offered last year. If he gets as good he will be fortunate.

It is rather extraordinary that the persistent absence of Mayor Geary at the funeral of King Edward should have been taken advantage of to bring forward these proposals. The World, on Mayor Geary's election, asserted its determination to give him a square deal. We had previously asserted our assurance that he was acting for the corporation interests in the city. Now is the time for him to come home and declare that this inquiry shall not be. Any weakness or any wavering on this point will certainly be seized by his critics as evidence of his complicity in the attempt to draw the city into a repudiation of the hydro-power policy of Sir James Whitney and desertion of the rest of the province on that power policy. We cannot believe that Mayor Geary will countenance such treachery. Until he does so, we will trust to his perception that his pledges and his political future depend upon his taking the side of the people against the corporations on this issue.

For the rest, the people will readily see that Sir Henry's proposals have been squeezed out of him by the success of the Beck power policy. They know that his offer to bring prices down to the hydro-power level are made by virtue of necessity. They must be brought down to meet the competition of the city. Sir Henry only wants to make sure that they will be brought no lower. The people expect them to be reduced eventually very much below what is now advanced as the tentative tariff of city rates. They are not going to throw away the solid benefit for the shadow that is offered them by Sir Henry.

EARL GREY'S REGRET

Will Be Represented at Goldwin Smith's Funeral.

His excellency, the governor-general, who sailed yesterday for England, has sent to his honor, the lieutenant-governor of Ontario, the following telegram relative to the death of Mr. Goldwin Smith:

"To the lieutenant-governor, Government House, Toronto.

"Share universal regret at loss of your distinguished citizen. Am instructing Sir H. Pellatt to represent me.

"When the Boy is Ticked.

A reputation for doing things better than anyone else is not earned in a day. Neither does it come without successful efforts. Oak Hall's reputation for selling better boys' clothing is the result of years of constant, untiring efforts to provide boys' clothing of unrivaled excellence. That they have succeeded is demonstrated by the splendid stock shown in their big new store at the corner of Yonge and Adelaide streets. Here are suits in profusion for all sorts and sizes of boys—nobby, stylish garments that delight both parents and boys.

ONE OF THE MOST UNSCRUPULOUS

The Christian Guardian, editorially discussing the Atlas case, says: "Things in the case is the fact that the city clerk who knows Atlas best and the lawyers who have taken the Atlas side are still confident of his innocence. Atlas himself claims that he is the victim of a conspiracy, but the jury evidently could not see it in that light. If Atlas be guilty, and unfortunately there seems no reason to doubt that he is, he must be conceded to be one of the cleverest, and at the same time one of the most unscrupulous, men who ever made this city his sphere of operations."

The Proper Straw Hat.

You have a wide choice in Straw Hats this season, for if you do not altogether like a straw sailor there is the Panama or straw Alpaca from which to choose. The Dineen Company have on sale about as complete an assortment as you will find anywhere in the world. These hats are all of the very latest designs and are manufactured by the world's best makers. Prices to suit every pocketbook. Dineen is Dunlop and Heath's principle. Store open every evening until 10 o'clock.

HANNA DECLINES TO DECAPITATE COATSWORTH

"Nasty, Cowardly Insinuation," He Says in Resolution of Deputation Attacking the Brockton License and Asking Removal of Chairman.

A deputation that waited upon Hon. W. J. Hanna, provincial secretary, to protest at the transfer of a license to the Brockton Club Hotel, and to ask the removal of Emerson Coatsworth, chairman of the license board, were frankly rebuffed at the outset, when Mr. Hanna, asking who was responsible for the working of the resolution presented, said: "It seems to me that it constitutes a nasty, cowardly insinuation, and he quoted 'sue' to dissect kinds of 'pressure.' What does that mean?"

Mr. Austin said he didn't know, and the minister continued:

"I have heard things said over the telephone and whispered that these speaking would not come out and say in the open. I have read the resolution carefully; in fact, more than once, and without comment on its very extravagant language, it is to my mind, very unkind and unjust to Mr. Coatsworth."

"I do not make it a business to go out looking for trouble, but I cannot but think that the gentleman who drew that resolution intended to insinuate in it a nasty, cowardly insinuation, and when he got it into its present shape, congratulated himself that he had succeeded fairly well."

"I am sure that those voting for the resolution were not parties to what is intended in that insinuation. What does it mean?" he asked again.

Mr. Austin: It may mean much or little.

Mr. Hanna: A mighty mean kind of a resolution.

Endorses the Board.

"I want to say that in this whole matter Mr. Coatsworth has not, in my opinion, done any discredit to himself or to this department," said Mr. Hanna, "he has shown that he has the full knowledge of this department, and as head of the department I accept fully the responsibility for everything he has done."

"Perhaps while you are at it, you might recommend an successor to me," he commented, on the statement that the deputation were prepared to name an agreeable successor to Mr. Coatsworth.

The deputation was made up of Rev. G. S. Despard, curate of St. Anne's Church, the rector, Rev. Lawrence Skye, being unwell, John A. Gaudin, of Tempiers' fame, W. G. Fee, a prohibition organizer, G. P. Scott, Geo. Strickland, A. W. Pike and H. Sutherland. When Thomas Crawford, W. D. Mrs. Phelan, as members of the legislature for West Toronto, accompanied them.

It was Mr. Austin who said the deputation, after a consultation with the members for West Toronto, were ready to name a chairman satisfactory to "the bulk of the citizens," while Mr. Fee volunteered that the resolution had been drawn up by a clergyman, a friend of Mr. Coatsworth, and who had "no feeling in the matter."

"Most unfortunately in his choice of English," commented Mr. Hanna.

Case for the Deputation.

"Why should the will of the people be overridden?" asked Mr. Despard. "We ask Mr. Coatsworth's removal because we believe the interests of the community is at stake. We go thru the parish and know how the granting of the license touches the home."

A remark from Mr. Hanna that he represented the insinuations sent broadcast about Mr. Coatsworth drew the rejoinder from Mr. Crawford, "We are not responsible for them. While we respect the man, we make an emphatic protest against his act."

Mr. Austin deduced that the chairman had been "influenced," because he had changed his mind, "but now you think," he said, "that to put it plainly, he would consent to be bought up."

Then the provincial secretary made reply. When now he indicated that in the spring of 1909 he had prepared a map showing the location of all licenses in the province, would be eliminated of 40 licenses. They considered that to segregate the total 110 remaining licenses in one district would be an injustice, and that they should consider the needs of accommodation in each district, as well as the character of each licensee.

HAMILTON HAPPENINGS

SALARY INCREASES FOR TEACHERS TURNED DOWN

Hamilton Board of Education Decides it Cannot Afford the Extra Expenditure.

HAMILTON, June 9.—(Special.)—There was another discussion at the meeting of the board of education tonight on the question of salary increases. The special salary committee recommended that no action be taken this year in regard to requests for increases for the principal of the Caroline-street school, the manual training instructors at the Caroline and Wentworth schools, and the female teachers' association; also to increase to the following caretakers: Thomas Gossell, Queen Victoria; H. Voelker, King Edward; William Trotman, Murray-street; A. Bowman, Neen-street; S. Allingham, Caroline; and William McVea, West-avenue, each \$25. G. Plesch, Central, \$50.

Trustee Booker said it was a shame to treat the teachers at the college in that fashion. He wanted that portion of the report recommending that no action be taken on the request of the teachers for an increase be referred back. Trustee Allan said the committee could not afford it, as the board was \$8000 in arrears now, and the increase would mean an additional expenditure of \$10,000. What was needed, he thought, was more male teachers, instead of the little bits of girls who were incapable of looking after the children.

The report of the technical committee, recommending that no increase of salary be granted, was adopted. It was left to the chairman of the board to pass upon the request of Miss Jeanette Lewis to sell brick paper weight to the schoolchildren in aid of the Sick Children's Hospital fund.

Grants From County Council.

The county council on Monday made a grant of \$400 to the House of Providence; the Women's Wentworth Historical Society, \$200, and the Stony Creek Historical Society, \$25. The county constables had their court duty pay increased \$1.

The board of control this afternoon appointed Charles Shain meat and dairy inspector on three months probation, at a salary of \$1000. The application of the West End Pleasure Club for permission to hold a boxing bout brought up the question that controllers took such a firm stand on over a week ago. On the suggestion of Mayor McLaren the matter was left to Chief Smith and Chairman Clark of the police committee to enquire into, and if they find that it is to be a bona-fide boxing bout and not a prize fight they might grant the request.

The hydro-electric commission wrote objecting to the city's request that they build the tower to the teaching pumping station along the mountain owing to the extra cost and delay it would incur. Engineer McCallum was instructed to write for detailed information as to the commission's plan for building the line thru the city. A grant of \$150 was made to the Trades and Labor Council. A request from the Army Service Corps for a grant was refused.

O. Y. B. Convention.

The convention of the Orange Young Britons was held at the following officers were elected: Gordon Black, Toronto, D.D.G.M.; W. G. Lowrey, Russell, Jun. D.G.M.; W. Joynt, Arnprior, grand; John J. Young, Hamilton, D.G.C.; Shelton Hornshaw, Toronto, grand secretary; S. A. Moffatt, Toronto, D.G.S.; T. A. Carpendale, Russell, grand treasurer; A. J. McDonald, Hamilton, D.G.T.; M. J. Langville, Huntsville, grand director of ceremonies; James Dickson, Dundas, grand lecturer; B. Harcourt, Toronto, J. Beers, North Bay, D.G. lecturers; Alexander Hall, Toronto, and T. Patterson, Hamilton, grand auditors; W. Bro. George Virgin, Toronto, hon. chaplain to grand lodge. The next convention will be held in St. Thomas.

When in Hamilton stop at the Arlington. Good accommodation; new proprietor; very central. John Blake, Phone 3452.

While in Toronto call on Authors & Cox, 125 Church-street, makers of Artificial Limbs, Trusses, Deformity Appliances, Supporters, etc. Oldest and most reliable manufacturers in Canada. WANT DENTAL INSPECTOR FOR THE CITY SCHOOLS

Deputation of Dentists Wait on the Management Committee—Two Medical Inspectors New.

A deputation representing the Ontario Dental Association waited on the management committee of the board of education yesterday urging that more instruction be given to the children in the public schools along the line of prevention of decaying teeth. Dr. Wallace Secomb urged that something should be done to impress upon children the necessity of better mastication of the food.

Inspector Hughes said that hygiene was taught to the children in the public schools and that the study of that subject embraced all the points which Dr. Secomb was endeavoring to so emphatically express.

"We have made investigations and know just how much hygiene is being taught in the schools," retorted Dr. Secomb.

Inspector Hughes reminded the board that many years ago he had advised the appointment of a dental inspector. Dr. A. E. Webster urged the appointment of a dentist to instruct the teachers, and a communication was read from Nurse Rogers suggesting that as a great number of the children were unable to procure tooth brushes, the board, as an experiment, should purchase six gross and give them to the children at cost, five cents. The matter was referred to the Canadian Oral Prophylactic Association, which are doing considerable philanthropic work along this line.

Dr. Bryans moved that Dr. Embree prepare a report on the co-relation of the high school work, and insert any suggestions which would improve the present situation.

Trustee C. A. B. Brown complained that the board were making the new Brown School, on Avenue-road, a harbor for dentists, as most of the new staff were teachers of over 25 years' experience. Chairman Simpson, however, moved that the recommendations of the inspectors be favored by the committee, which was carried.

It was decided to recommend the appointment of two medical inspectors, Dr. Helen MacKendry and Dr. Willmott Graham.

The following appointments to the different collegiate institutes were made: Jarvis-street Collegiate, one teacher in English and history, one teacher of mathematics and physical training for boys; Harbour Collegiate, one teacher of science, one teacher of English and history; Riverdale, one teacher of manual training and lower school work, one teacher of domestic science, and one teacher of technical education. The following appointments to the lower school work in regard to appointments at Riverdale high school, Principal H. J. Crawford referred to the demand for ratepayers for the introduction of technical education. Chairman Simpson considered that the board should declare itself upon a matter of such importance. The following principals were promoted: A. B. Shantz, to be principal of Crawford-st., and R. G. Elliott to be principal of Jones-ave. school. A long list of other transfers was approved.

It was decided to open two special classes for very backward children, one in the centre of the eastern part of the city, and one in the centre of the western district.

J. D. A. TRIPP GOES WEST

Will Spend Next Six Weeks Conducting Examinations.

T. W. R. McRae has been appointed G. T. R. claims agent, to succeed Sibthorp Wells, deceased.

Regarding the superannuation fund, Rev. Dr. Griffin, the treasurer, stated that four years ago there was a deficit of \$26,000; now there is a surplus of \$100,000. To dispose of three-fourths of this amount Dr. Griffin favors the restoration of the 10 per cent. to the holders of annuities, which was cut off in 1904. He also advocates the establishment of an emergency fund of not over \$2000; that the minimum claim of widows be increased from \$50 to \$125; and that the claims of ministers' widows be made permanent.

As a comparison, Dr. Griffin stated that three-quarters of one per cent. was the cost of running the superannuation fund, while the cost of running the mission rooms was over six per cent.

In explaining the necessity of the circuits adding the book room financially, Dr. Griffin said that the dividends from the book room amount to \$15,000, and the interest on investments to \$19,840. On the other hand, the expenditure for claims during the year amounted to \$117,000. This year's grant of the book room to the superannuation fund amounted to \$20,000.

Praise for The Guardian.

Rev. Dr. A. C. Crews read the report on Sunday school periodicals. He also read the report on The Guardian. "By all the religious family papers there is none better," said he.

Floating Palaces—Great Lakes.

GOOD GRUB, LOTS OF IT FOR SOLDIERS IN CAMP

What the Commissariat is Doing at Niagara—Long Stretch at Rifle Butts Lays Out Several Men.

NIAGARA-ON-THE-LAKE, June 9.—(Special.)—"What use is a man in time of war if he cannot shoot?" said Lt.-Col. Greville Harston. "If a man adds to his marksmanship the ability to get his food, he is fit to go to Canada. It is easier now to earn efficiency pay than it was several years ago."

Col. Harston spoke highly of Maj. Macdonell, D.S.O., who is lecturing to some of the more advanced officers on tactics. Maj. Macdonell served through the Boer War. Since then he has taken courses at the staff college for officers in England. The course is a very stiff one.

The first lectures given were on orders. Maj. Macdonell emphasized the great importance of issuing orders easily comprehended and to the point. Napoleon lost the battle of Quatre Bras thru issuing wrong orders.

Accurate figures on the strength of the camp were given out by Lt.-Col. Galloway to-day. There are 521 men here. The courses in camp total 1909. There are 507 officers, 172 warrant officers and sergeants, 218 bandmen, 105 buglers and drummers, and 3920 rank and file. There are 77 service wagons.

The water is no better this year than it has been in previous years. Orders were issued to-day warning the men against it.

Men Are Well Fed.

"People used to think that anything was good enough for convicts and soldiers, but the times have changed. The food served out in camp now is better than \$9 per cent. of the men get at the year round." The above statement was made by Lt.-Col. J. G. Langton, S.A.S.C.O., W.O., in command of the three army service corps here.

"The bread made here is unadulterated. It is made of pure Manitoba wheat and no adulterants are used," said Col. Langton. "The bread is not as white as bakers' bread, but the whiteness is usually caused by alum being used."

It costs about 22 cents per day to feed a man here. The approximate cost per day is \$1200 for all the men here and for the 11 days' training it will cost about \$23,000. The rations issued for each man per day are: 1 1/2 lbs. bread, 1 lb. fresh meat, 2 ounces bacon, 1-3/4 ounces coffee, 1 ounce cheese, 6 ounces fresh vegetables, 1-3/8 ounce pepper, 3/4 ounce salt, 2 ounces sugar, 3/4 lb. tea, 1 pound potatoes, 1/2 ounce split peas, 2 ounces jam, 2 ounces raisins, and 15 pounds oats. The rations for the horses are: 12 pounds hay, and 15 pounds oats; cavalry horses, 14 pounds hay and 12 pounds oats.

"Probably the drunkenness that was prevalent several years ago was due to the poor food," said Maj. Cowan of the Army Service Corps. "The men were hungry all the time and tried to appease their appetites by drinking."

The amount of provisions contracted for to supply the camp during the training is: 7563 pounds bacon, 6000 pounds potatoes, 7563 pounds beans, 7563 pounds jam, 7563 pounds split peas, 3782 pounds cheese, 1800 pounds split peas, 7563 pounds sugar, 1800 pounds salt, 1261 pounds coffee, 945 pounds tea, 105 pounds pepper, 11,345 pounds onions and 11,345 pounds cabbages. Several years ago there were no fresh vegetables served during camp.

Shardships at the Ranges.

The shooting done at the ranges is reported to be very satisfactory. The majority of the men earned their efficiency pay. Complaints are general from the camp being sent there about the length of time taken at the ranges. Squads go down early in the morning, shortly after breakfast, and do not get back until between 3 and 4 p.m. They are forced to go or 8 hours without food and as everybody has a good appetite here, it is a real hardship. They are given practically a whole military course in one day. Instructions in aiming, care of the rifle and distance judging as well as sub-target and gun practice and ball carting practice are given there. Several fainted on the butts this afternoon owing to the heat and their empty stomachs.

T. W. R. McRae has been appointed G. T. R. claims agent, to succeed Sibthorp Wells, deceased.

HAVE EXAMINING BOARD FOR WOULD-BE MINISTERS

Prof. Bowles of Victoria Asks Toronto Methodist Conference to Appoint Seven Clergymen.

That a commission of seven clergymen be appointed to examine and determine the qualifications of would-be probationers in the Methodist Church, was the opinion of Rev. Prof. R. P. Bowles of Victoria University, in an address he gave at the Toronto Methodist conference yesterday afternoon in Elm-street Church.

"Not without sincere regrets would any one of us raise objections to earnest young men being received on probation," said he, "but if a high standard is to be maintained in the ministry, a more rigid test of efficiency should be instituted. A commission of the nature suggested by Prof. Bowles was, he explained, already appointed by the Methodist Church in England, and this commission was entrusted entirely to the work of examining, both as to their educational and natural abilities, young men aspiring to the ministry. Thus the general conference would be relieved of any responsibility. Prof. Bowles stated that the number of university students preparing for the Methodist ministry was, year by year, increasing so rapidly that no fears need be entertained of any dearth of men in either the home or foreign field.

Dr. Hincks is President.

At the opening of the session Rev. Dr. W. H. Hincks, LL.B., of Broadway Tabernacle, was elected president on the first ballot. He received 173 votes, a clear majority. The two nearest competitors for election, the Rev. J. J. Simpson, of St. John's, and Rev. J. J. Simpson, of St. John's, were defeated. Rev. Dr. Hincks presided over the session. Rev. John Locke and Rev. Joseph Ferguson, Rev. C. J. Dobson was elected secretary. He made the following appointments, which were ratified: First assistant, Rev. R. J. D. Simpson; second assistant, Rev. J. E. Williams; journal secretary, Rev. John J. Ferguson; statistical secretary, Rev. G. Sherlock Faircloth.

The new president stated that every-thing new where he stood regarding biblical interpretation, "I agree with Dr. Orr and Dr. Thomas on the whole. Eight years ago my viewpoint was established when I visited the German fatherland and the Irish when I married my beloved wife."

He would do all in his power to develop a clear-cut and blood-warm evangelism.

"Lack of love," said he, "is the greatest enemy, and I hope you will never find me guilty of that."

Educational Report.

As to educational affairs, the annual statement of the general secretary of education, Rev. Dr. Graham, showed unprecedented prosperity. "Receipts from all sources amount to \$59,891, as compared with \$44,352, four years ago. At the previous quadrennium there were 10,714 students in the Methodist colleges of the Dominion. Now there are upwards of 15,000. The funds supplied for students in mission fields during the summer this year amount to \$74,271, as compared with \$37,980 in 1906. About 450 young men are thus assisted during the summer.

"Give theological students spiritual clinics, as the medical students receive hospital clinics," were Dr. Graham's words of encouragement for the work of helping the students. "There are now 11 institutions and 4000 young people under the supervision of the Methodist Church in Canada," said he.

Fewer and Stronger Missions.

To reduce the number of missions and bring those remaining up to the self-supporting standard as soon as possible was the plan of Rev. James Allen, home mission secretary. "During the quadrennium 19 missions in the list," said he, "during the present year 13 missions have become self-supporting. Four years ago \$12,783 was appropriated for missions; this year only \$10,500 was required."

The demand for lay speakers at missionary banquets was becoming greater than ever. "There should be a laymen's missionary committee in connection with every church in Toronto," said he.

Rev. Mr. Allen also endorsed the weekly envelope system as a valuable aid to missionary endeavor. Last year, as an example, Elm-street Church con-

A Beautiful Home 'mid Beautiful Landscape Surroundings may be had by any purchaser of lots in that Finest of Suburban Parks—

Lawrence Park

Any person who wants to flee from the dust, noise, hurry-scurry, and cramped-up surroundings of the city, and yet have all the city comforts, need go no further than Lawrence Park. In the People's Institute, 88 College St.

distributed \$1500 in this way, for missions.

The Down Town Church.

Rev. Dr. Baker of Eglinton-ave. Church deprecated the tendency of churches to move from downtown districts to more residential sections of the city. "Let the brethren of our colleges and the leaders of our church organizations marshal their forces and link the downtown churches with those below Queen-street," was Dr. Baker's final exhortation.

The sum of \$600 will be contributed by the Toronto conference towards the formation of a Burwash jubilee memorial fund for the establishment of Burwash lectureships.

The Superannuation Fund.

Regarding the superannuation fund, Rev. Dr. Griffin, the treasurer, stated that four years ago there was a deficit of \$26,000; now there is a surplus of \$100,000. To dispose of three-fourths of this amount Dr. Griffin favors the restoration of the 10 per cent. to the holders of annuities, which was cut off in 1904. He also advocates the establishment of an emergency fund of not over \$2000; that the minimum claim of widows be increased from \$50 to \$125; and that the claims of ministers' widows be made permanent.

As a comparison, Dr. Griffin stated that three-quarters of one per cent. was the cost of running the superannuation fund, while the cost of running the mission rooms was over six per cent.

In explaining the necessity of the circuits adding the book room financially, Dr. Griffin said that the dividends from the book room amount to \$15,000, and the interest on investments to \$19,840. On the other hand, the expenditure for claims during the year amounted to \$117,000. This year's grant of the book room to the superannuation fund amounted to \$20,000.

SOCIETY NOTES

Mr. and Mrs. James Burns announce the engagement of their elder daughter, Emily Grace, to Robt. P. Parker of Hamilton, the wedding to take place the latter part of June.

The marriage took place in Walkerton on Wednesday, 8th inst., of Fred Williams, son of Mr. James Williams, C.P.E. here, to Miss Mauda Wesley, second daughter of Mr. and Mrs. William Wesley of the Bruce Times, Walkerton, the ceremony being performed by Rev. E. Ferdine of the Anglican Church. The young couple will reside in Toronto, where the groom has a responsible position with the C. E. P.

The return of warm weather has been the signal for the invasion by family parties of the large American dining room at the King Edward Hotel where a system of \$1 table d'hôte meals has been inaugurated. An excellent orchestra contributes to the enjoyment of a meal in this beautiful room and the quality of the menu certainly does not fall below the high standard of the King Edward cuisine.

At a meeting of ladies and gentlemen at the residence of Dr. Stowe Gillen it was decided to have a garden party.

Broken Legs.

Having climbed to the top of a lamp post, the better to get a view of the Park last night, Roy Yake, 10 Parr-st., pulled the post down with him. It fell on his leg.

Dr. Martel's Female Pills

SEVENTEEN YEARS THE STANDARD

Phone Main 900 for driver to call.

"My Valet."

This is the Address:
30 ADELAIDE STREET W.

SOCIETY NOTES

Mr. and Mrs. James Burns announce the engagement of their elder daughter, Emily Grace, to Robt. P. Parker of Hamilton, the wedding to take place the latter part of June.

The marriage took place in Walkerton on Wednesday, 8th inst., of Fred Williams, son of Mr. James Williams, C.P.E. here, to Miss Mauda Wesley, second daughter of Mr. and Mrs. William Wesley of the Bruce Times, Walkerton, the ceremony being performed by Rev. E. Ferdine of the Anglican Church. The young couple will reside in Toronto, where the groom has a responsible position with the C. E. P.

The return of warm weather has been the signal for the invasion by family parties of the large American dining room at the King Edward Hotel where a system of \$1 table d'hôte meals has been inaugurated. An excellent orchestra contributes to the enjoyment of a meal in this beautiful room and the quality of the menu certainly does not fall below the high standard of the King Edward cuisine.

At a meeting of ladies and gentlemen at the residence of Dr. Stowe Gillen it was decided to have a garden party.

Broken Legs.

Having climbed to the top of a lamp post, the better to get a view of the Park last night, Roy Yake, 10 Parr-st., pulled the post down with him. It fell on his leg.

Dr. Martel's Female Pills

SEVENTEEN YEARS THE STANDARD

Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

Every room completely renovated and newly carpeted during 1907.
\$2.50 and up per day. American Plan.

WANT DENTAL INSPECTOR FOR THE CITY SCHOOLS

Deputation of Dentists Wait on the Management Committee—Two Medical Inspectors New.

A deputation representing the Ontario Dental Association waited on the management committee of the board of education yesterday urging that more instruction be given to the children in the public schools along the line of prevention of decaying teeth. Dr. Wallace Secomb urged that something should be done to impress upon children the necessity of better mastication of the food.

Inspector Hughes said that hygiene was taught to the children in the public schools and that the study of that subject embraced all the points which Dr. Secomb was endeavoring to so emphatically express.

"We have made investigations and know just how much hygiene is being taught in the schools," retorted Dr. Secomb.

Inspector Hughes reminded the board that many years ago he had advised the appointment of a dental inspector. Dr. A. E. Webster urged the appointment of a dentist to instruct the teachers, and a communication was read from Nurse Rogers suggesting that as a great number of the children were unable to procure tooth brushes, the board, as an experiment, should purchase six gross and give them to the children at cost, five cents. The matter was referred to the Canadian Oral Prophylactic Association, which are doing considerable philanthropic work along this line.

Dr. Bryans moved that Dr. Embree prepare a report on the co-relation of the high school work, and insert any suggestions which would improve the present situation.

Trustee C. A. B. Brown complained that the board were making the new Brown School, on Avenue-road, a harbor for dentists, as most of the new staff were teachers of over 25 years' experience. Chairman Simpson, however, moved that the recommendations of the inspectors be favored by the committee, which was carried.

It was decided to recommend the appointment of two medical inspectors, Dr. Helen MacKendry and Dr. Willmott Graham.

The following appointments to the different collegiate institutes were made: Jarvis-street Collegiate, one teacher in English and history, one teacher of mathematics and physical training for boys; Harbour Collegiate, one teacher of science, one teacher of English and history; Riverdale, one teacher of manual training and lower school work, one teacher of domestic science, and one teacher of technical education. The following appointments to the lower school work in regard to appointments at Riverdale high school, Principal H. J. Crawford referred to the demand for ratepayers for the introduction of technical education. Chairman Simpson considered that the board should

EATON'S DAILY STORE NEWS

Our New York Letter

(From Our Own Correspondent)

New York, June 6.—June brings the lingerie frock into first consideration, for during this month and all of July the evenings are so long and so light that the pretty white dresses are especially charming for verandah wear. Most women prefer, nowadays, to buy these frocks ready made, for the models shown in the shops are so much prettier than could be turned out at home without a deal of trouble and work. Trimmings, though often very elaborate in their honey-combed motifs and insertions, are kept rather flat in effect, so that the lines of the frock are simple and the figure well defined, though without any emphasis of curves. For, be it remembered, the ideal of the lingerie costume is girlishness, and the slim, unaccentuated lines of young girlhood best become these youthful frocks. Semi-fitting models are best, with trimmings so arranged in panel effect that long lines and slenderness are suggested; and the frock is usually put on over a carefully-fitted princess slip of white, or a delicate color.

The lingerie dress is always smartest when made all in one piece; or with bodice and skirt joined at the waistline with an entre deux of Cluny or other firm lace. Last year's lingerie dresses were shorter waisted than the models for this season, as the natural waistline is now the thing. Last year's pretty frock, made with the high belt, may be brought up to date by adding a wide girde of lace, alternating with strips of vertical tucking, the skirt being cut off at the top, as the broad belt is fitted down over it to the natural waistline.

Very soft materials are used for the new lingerie dresses; fine sheer mulls and batistes being the favorites, rather than the stiffer lawns, and on these soft materials is put every sort of lace, from the most fairylike Mechlin Val. to heavy Cluny and Irish crochet. Often two or three sorts of lace are used on the same frock, and a motif or so of Swiss embroidery besides.

Some women who cannot afford the very expensive models—which, indeed, often range, when of Parisian origin, up into the three-figure mark—buy rather simple lingerie dresses, well made and of fine materials, but with very little trimming. On these they put the little hand touches which bring the costume up to an expensive distinction of style—hand embroideries, motifs of handsome embroidery, set into the material with narrow insertions of lace, and the like. Little changes are made which give the dress individuality; the sleeves, perhaps a thought too big, are fitted over; the buttonholes are worked through the hem at the back, as is always the case in the better models, instead of being underneath in a flap; and the collar is fastidiously fitted and feather-boned to make the frock trim and correct.

25c One of the Most Remarkable Tie Offerings' the Store Ever Produced Takes Place Saturday Morning—Elegant, Handsome Neckties of Silk and Satin 25c

In the price alone there's sufficient reason for the greatest enthusiasm in announcing this occurrence, but here's a combination of the most popular styles, with quality as good as you'll find in ties every man or woman a most bountiful choice. "Haven't had anything like it in years," says the Tie Man, and the goods more than back his statement. It's a question of how much business can we do Saturday morning—no money in it for us, but a deal of satisfaction if we can sell every one in this lot before 1 o'clock, and we fully expect to. We've a splendid manufacturing plant—many of our finest ties come from there. It's house-cleaning time now, and the stacks of ends of satin and silks we've made into four-in-hand ties—that's why there are so few of each pattern, and that's why we're selling such beautiful ties as we never sold them before. The tie for this season is the long folded end four-in-hand; these are all that

style, and perhaps the most pleasing part of the whole affair is the splendid colors and patterns—no loud, freakish effects that might be a reason for the big price reductions; pick any tie you can lay your hand on and you've one the most tie-particular man you know of would wear.

There are dark plain shades, dark fancy designs, light effects, plenty of stripes, white ties, ties for Sunday or evening wear, for business or travelling. Buy all you want—all you will want for months—it's not often you get a chance like this—we're out to break records, and we'll not limit the quantity to anyone, but get here in time to get a good choice, and a whole circle is devoted to this offering—more if it becomes necessary; plenty of salesmen, cashiers on the spot, everything to make your choosing convenient, easy and quick. See Yonge Street windows. The entire collection at one hustling price. Each 25c

Do You Own a Metal Bag?

One of the most fashionable of dress accessories is the link metal bag of gold or silver, in which to carry odds and ends. German Silver Bags From \$1.00 to \$7.50 are some of the season's best novelties; the frames and chains are massive and artistic in the extreme, while the link mesh is strong and durable; they are lined with silk or leather, and are in every way well made and finished. Prices \$1.00 to \$7.50 Gold and Gold-plated Bags, \$1.50 to \$75.00—Have very ornate frames, or rather plain, to suit the individual taste; the links are fine and perfectly flexible, allowing the gold mesh to fall, soft and graceful; some are unlined, others lined with silk. Prices \$1.50 to \$75.00 MAIN FLOOR—YONGE ST.

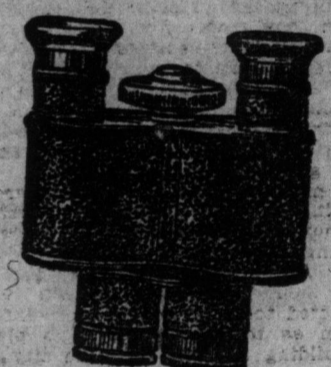

C.L.A. Rule Book

The Canadian Lacrosse Association's annual book on rules, regulations and constitution may be had for 10c in Book Section (Main Floor) and in Sporting Goods Section (Fifth Floor).

See Our Cut Flower Section

For fresh cut flowers at moderate prices, for a selection of the different varieties, come early Saturday morning. Get prices on bridal bouquets and flowers for wedding decorations. During June, orders should be placed about three days previous to day required. FIFTH FLOOR.

For Your Vacation

One of the pleasures of the vacation, if travelling be indulged in, is a pair of field glasses. The style of "field glass" we illustrate—the Prism Binocular—is very much more powerful than the ordinary style, while only about half the size; in fact, only 4 3/4 inches long when extended; it embodies exceptional compactness and immense power. From our large assortment of Prism Glasses, one at \$11.90 is representative; it is of the well-known Moreau-Teigne "Mono" type, in five and seven powers, and is one of the most compact prism binoculars made; the price is marvelously low for a glass of this high character; it is one of the best values we ever came across. Binocular in solid leather case, with shoulder strap complete \$11.90 Many other excellent makes are shown in an assortment ranging from six to eighteen power. SECOND FLOOR—ALBERT ST.

When You've Got Your Ties Hurry to the Belt Section Another Big Clearance, Belts 50c

Every man wants a belt for summer. It's part of the proper attire, and here's a chance to save half the price on belts in the biggest demand this year. High-grade American belts for men, in the new straight one-inch width, with neat nickel, oxidized or black buckle, leather keepers, some are leather lined; sizes 30 to 46 inches. Saturday morning, each 50c

STORE CLOSURE AT 11 PM SATURDAY
NO NOON DELIVERY SATURDAY

Enormous Savings on Women's Whitewear and Underwear

No reason for making the prices on these garments so low, excepting that we must have five hours of steady, brisk business. Every piece in perfect condition, seasonable and of the proper style.

The extraordinary price on this lot of gowns makes it possible for you to carry away a half dozen for less than the usual price of two.

Almost a dozen styles; some are low neck with the prettiest of round yokes of Swiss embroidery and rows of Val. lace; others have V yokes of lace and embroidery; others with high necks and square yokes, dainty hemstitched frills of pretty lace edgings complete them. The cottons are of fine soft quality, free from starch and dressing; lengths 56, 58 and 60. Clearing 63c

Women's Corset Covers, a gathering up of odds and ends and slightly counter-soiled garments of nainsooks and cottons, full fronts, with lace or embroidery insertions and edges of lace or embroidery; sizes 32 to 42; all sizes in the lot, but not in any one style. Saturday, half price 12c to 23c

Maids' Aprons, of lawn, with fancy bibs, of embroidery insertions and tucks and frills of

lawn, skirts with frill of material. Almost half price 18c

Women's Vests and Drawers, all wool, nice weight for summer wear, vests are low neck, short sleeves; neck with silk lace; drawers are tight knee and ankle length; sizes 32 to 38; color, white. Price 55c

SECOND FLOOR—CENTRE.

Our Prices for Rubber Soled Sporting Shoes

The prices at which we are selling Sporting Shoes this season are certainly worthy of special notice. Considering the fact that all are first quality goods, the figures are almost a revelation. Highest quality white bleached duck, with No. 1 grade pure white rubber corrugated soles and heels; all have leather insoles, which make them perfectly smooth inside and protect the foot from the rubber. Suitable for tennis, baseball, yachting, gymnasium work, etc.

| | |

They are in patent coltskin with dull kid or cloth tops, box calfskin made on a select walking last; soft dressy vici kid, and a tan calfskin in the favorite shade; choose from medium and heavy soles. Sizes in the lot 5 1/2 to 11. Every pair offers price gain well worth a special early buying trip to secure. "Half-Day" price, pair \$2.50

SECOND FLOOR—QUEEN ST.

Men's Straw Hat Season Now Open in Earnest

A little late, but this has enabled us to complete our stock with the last new shipments of straws and panamas, and we have dozens of new styles to show you in the different brims, and a price range for every purse.

Panamas—Every hat guaranteed genuine Panama braid; in many styles, flat and round crowns, of medium and low height; also fedora front; narrow and wide brims, to be worn turned up or with dip peak. Prices \$3.75, \$4.95, \$6.75, \$7.50, \$9.00, \$10.00, \$12.50 \$13.00
Neglige Straws—This season's shapes, canton, split and pedal braids, in different crown and brim shapes. \$1.00, \$1.25, \$1.50, \$2.00, \$2.50, \$3.00 up to \$5.00
Boaters—The pronounced style for business and dress wear. We have a large variety of shapes, low, medium and high crowns, with corresponding brims; in canton, rustic, sennit and split braids. 65c, 75c, \$1.00, \$1.25, \$1.50, \$2.00, \$2.50, \$3.00 up to \$4.50

MAIN FLOOR—QUEEN ST.

The Caloris Bottle, \$1.00

In genuine, appreciated service to mankind, the Caloris Bottle outstrips any scheme of keeping liquids warm that ever was invented. Ice-cold drinks stay ice-cold, hot ones stay hot for all the time that's necessary for almost any purpose, at home or abroad. Pint size, in aluminum. At this price we do not replace broken bottles free of charge, but we guarantee every one to do just as we say. To clear out what we have left, we offer them at, each \$1.00

MAIN FLOOR—YONGE ST.

Men Will Welcome This Opportunity to Buy a Suit

Saturday morning to witness some of the best value giving of the season.

The Clothing Section is planning to make the "wind-up" of the Three Days' Special Suit Selling one grand success, and quantities of fresh new garments will be added to each of the four big groups that have come through two memorable days' selling. The one sure thing is—every garment offers you price saving well worth while, an opportunity for money saving out of the ordinary. These are the brief descriptions:

Serviceable Tweed Suits, in neatly striped blacks and greys; three-button, single-breasted sacque coats, well lined; sizes 36 to 44; they make stylish business suits, and all offer very large savings. The price \$5.95

Fancy Worsteds Suits, in new spring patterns, green, black and brown, with colored thread stripe; three-button sacque coats, with medium and long roll and slight dip fronts; fine twill Italian cloth linings. Benefit largely by this clearing price of \$9.95

Fine Quality Worsteds, fashionable slate and grey shades, with colored stripe; three-button sacque coats, lined with twill or fancy stripe serge; the suits are admirably tailored, and substantial price-benefits are to be had on every one Saturday at \$12.95

FRIDAY MORNING, JUNE 10, 1910.

CHURCH UNION.

A bitter Macedonian cry, voiced by Rev. C. W. Gordon, D.D., should awaken the churches to the facts of which everybody appears to be aware except the churches themselves.

It is true that a large proportion of the church people see the difficulties and hindrances which stand in the way of progress, and more especially in the way of that progress which is to be obtained through the active co-operation of the public; and still more especially of that section of the public required for the purpose of carrying on the work of the church.

The churches must not complain if the people do not accept what is given them. The people know what they want much more definitely than is usually understood in pulpit circles.

There is a large section in the church that sees the impossibility of appealing to the people successfully from the divided platform of modern Christendom.

There is no difficulty in getting workers, or in getting funds, where the possibility of good results is to be found.

In the battle for truth the good fellows must get together on one side. If they are to fight in opposition they prefer to do it in commerce, where there are tangible results for all.

But western young men have a store of practical sense, and they believe that much might be done by union among the Christian churches to relieve the scarcity of laborers.

If the churches appealed unitedly to the public on the points about which they are agreed, and left the disputed points to settle themselves, as they would do, the whole question of union and the evangelization of the world would be simple and easy.

WHICH IS SUPREME?

In making it plain that their order regarding street railway extensions was issued under the Whitney act, the provincial railway board has done only what was right and proper.

It is not the city engineer asking for a large quantity of information relative to street car traffic, radial railway agreements, and conditions generally necessary to the preparation of a report on the tube project.

FORT FRANCES AND ELECTRIC POWER.

Fort Frances is considerably exercised over the settlement made by the provincial government with the Minnesota and Ontario Power Company.

The Whitney government in cancelling the agreement. The Whitney government has not taken advantage of that situation, but recognizing the development carried out on the American side, and that there was no demand for power on the Canadian side, it has been arranged with the American company that they can use the Canadian power, less 1000 h.-p., which is to be kept on hand for Canadian use at any time, and coupled with the stipulation that when Canadians demand it, the whole of the power generated on the Canadian side must be available for use there.

This point and declines to permit the export of more than 3500 h.-p., leaving 5500 h.-p. for immediate use on the Canadian side instead of 1000 h.-p. reserved by the provincial government.

The Fort Frances people argue that the power is exported to the American side there will be no demand for power on the Canadian side, as regards the purchase of liquor by druggists, the council of the Ontario College of Pharmacy yesterday recommended that the provincial government enact legislation empowering the college to deal with flagrant violations of the act, and allow the council to revoke a license for repeated offences.

The report of the infringement committee showed that eight druggists had persisted in conducting illegal stores. Fines in the last year had been collected, amounting to \$282.50, with the expenses of the prosecutions amounting to \$224.81.

BATCH OF IMPROVEMENTS FOR CIVIC PROPERTIES

Police Stations to Be Remodeled—Report on Street Extensions—Electric Sign Regulations.

Six thousand dollars was apportioned yesterday for remodeling and repairs to West Toronto Police Station. To put sitting-rooms and men's quarters in Ossington-avenue station \$550 was voted, and \$550 more for similar purposes in the Dundas-street station.

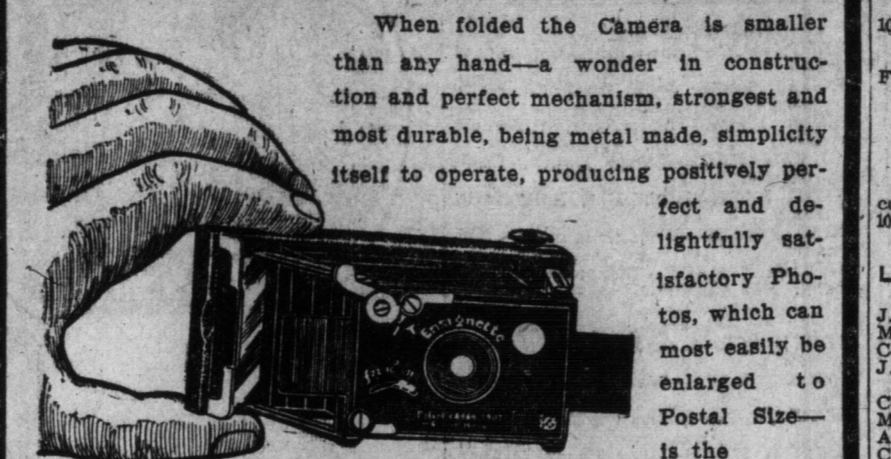

Two doors will be cut into the jail chapel, to can be used as a library. Property Commissioner Harris' report re the jail farm was adopted, and sent on to council, with the exception of the clause stating that "Vagrants and a certain class of first offenders may be detained there. This section was sent on without recommendation.

The steamer *Elise* will be rented from the Toronto Ferry Co. at \$22 a day to ply between the main land and the various public bathing places.

G. R. Vanzant, ex-jail governor, presented a bill for \$18 for repairs he had made while in office, one instance being a public building. The committee maintained it had been done by jail labor, and he was not entitled to compensation. If he could prove that any material belonged to him, it would be returned to him.

The city engineer and assessment commissioner have reported against widening Hyerson-avenue from Queen to Wolcott-street. It would cost \$40,000. For an extension and straightening of Brunswick-avenue, thru to Wells-street it would be necessary to buy land to the value of \$26,885, against which the city could resell \$11,900 worth of property, besides added park land of \$6890, leaving the net cost of extension \$8485. The city should pay 25 per cent of Brunswick-avenue from Wells to Dupont should be assessed at 21 feet south of the street, 19 per cent, and Kendall-avenue from Dupont to 21 feet south of Wells-street, 21 per cent of the cost.

SMALLER THAN HAND

When folded the Camera is smaller than any hand—a wonder in construction and perfect mechanism, strongest and most durable, being metal made, simplicity itself to operate, producing positively perfect and delightfully satisfactory Photos, which can most easily be enlarged to Post Size—is the

Will Be Participant in Toronto's Aviation Meet.
Toronto is to have an early opportunity of witnessing the latest developments in aerial science.

DRUGGISTS WOULD PROSECUTE
Anxious to Assist in Maintaining the Liquor License Law.
In view of certain possible amendments to the Liquor License Act, as regards the purchase of liquor by druggists, the council of the Ontario College of Pharmacy yesterday recommended that the provincial government enact legislation empowering the college to deal with flagrant violations of the act, and allow the council to revoke a license for repeated offences.

Police Stations to Be Remodeled
—Report on Street Extensions—
—Electric Sign Regulations.

Divisional Court.
Falconbridge, C.J.; Britton, J.; Macdonald, R. J., and Guarantee Co. v. Bain, K.C., and M. L. Gordon, for plaintiffs, J. E. Maclellan, K.C., for defendant. An action by plaintiffs for alleged breach of contract. Judgment for plaintiffs, with costs. Judgment for defendants, with costs.

Divisional Court.
Falconbridge, C.J.; Clute, J.; Wilson v. Hicks—W. Proudfoot, K.C., for defendant, J. M. Best (Seaforth), for plaintiff. An appeal by defendant, Emma Hicks, from the judgment of Britton, J., of 2nd February, 1910. Plaintiff's action was brought to recover \$679.20 under a twenty-year endowment policy in the Mutual Life Insurance Co. of New York, one of the defendants, which policy it is claimed was assigned to Emma Hicks, but which plaintiff alleges was only an appointment which was subsequently revoked in favor of another. At the trial judgment was given for plaintiff, and declaring that the paper called the assignment had been effectually revoked. Defendants' costs to be paid out of the fund and the balance paid to plaintiff. Defendants' appeal from judgment argued and judgment reserved.

Divisional Court.
Falconbridge, C.J.; Clute, J.; McKean v. Canadian Pacific Railway Co.—I. F. Helmuth, K.C., and G. Walker, for defendants, Wm. Douglas, K.C., and G. F. Mason (Woodstock), for plaintiff, contra. An appeal by defendants from the judgment of Hagee, J., of March 11, 1910. Argument of appeal resumed yesterday and concluded. Judgment reserved.

Divisional Court.
Falconbridge, C.J.; Clute, J.; Be Ellis and Renfrew—W. M. Douglas, K.C., for appellant, and Riddell, J., of May 2, 1910. Appellant states that subject to approval of four members of the County Council for \$250 damages to plaintiff's stock that argument of this appeal stand until September sittings. Enlarged accordingly.

Divisional Court.
Falconbridge, C.J.; Clute, J.; Geo. Bewley Paper Co. v. Mickleborough—V. A. Proudfoot, for plaintiff, A. C. McMaster, for defendant, contra. An appeal by plaintiff from the County Court of York of April 15, 1910. An action for \$250 damages to plaintiff's stock by water alleged to have flowed down

WILL NOT CONFLICT

Hon. Adam Beck Approves of Proposed Windsor Power Project.
WINDSOR, June 9.—Mayor Hams and Ald. Sheppard have returned from London, where they laid the proposition made by the Electrical Distribution Co. to this city before Hon. Adam Beck yesterday afternoon, and to find out whether or not an offer of \$2,000,000 by the newly formed electrical distribution company to Windsor would conflict with the policy of the government power scheme. Mr. Beck assured the Windsor representatives that he was heartily in favor of the plan proposed by this company to Windsor, declaring it would not conflict with the policy of the government.

To Keep the Skin Clear

You must learn for yourself the virtues of DR. CHASE'S OINTMENT.
Dr. Chase's Ointment is so pure and clean, so delightfully soothing and healing and so certainly effective in making the skin soft, smooth and clear that it has only to be tried to be appreciated.

Established 1864.
JOHN CATTO & SON
 CLOSE AT 1 P. M. SATURDAYS,
 JUNE, JULY, AUGUST.

Making-to-Order Opportunity

During the month of June, in order to fill in full time for our large staff of workers, we have decided to offer special inducements in making up suits to order. The styles are so varied that we cannot make a flat price to cover all, but will quote special figures on enquiry.

Special Skirt Offer \$9.00
 During two weeks we make to your order from a splendid range of materials, which we have put aside (black and colored), including Chevots, Panamas, Serges and Fancy weaves, a Skirt complete, including Materials, Findings and Findings, for \$9.00.

Ready-to-Wear Suit Special
 Special clearance of Manufacturer's Samples, all excellent, first-class goods, splendid color range, fashionable materials, silk lined, trimmed or plain, regularly to \$37.00.
CLEARING, \$25.00 EACH.

Auto and Dust Coats
 Materials range Rajahs, Lutres, French, Reys, Ducks, Linen, Serges—\$10.00, \$12.00, \$14.00, \$15.00, \$18.00, \$20.00.

New Raincoats
 Latest New York Cuts in popular materials (thoroughly waterproofed), as Cravenettes, Mohairs, Lutes, Rajahs, Fancy Stripes, etc., etc., odorless, featherweight—\$11.00, \$12.00, \$13.00, \$15.00, \$18.00, \$22.00 each.

Heavy Weight Rajah Silks
 We are showing these scarce goods, Black and Natural shades, in the heavy weights, particularly adapted for Coats and Tailored Suits.
COLORS SHANTUNGS and FRENCH PRINTED FOULARD SILKS in specially fine range of shades, patterns, etc., etc., etc. MAIL ORDERS RECEIVE CAREFUL ATTENTION.

JOHN CATTO & SON
 55 to 61 King Street East, TORONTO.

PLACE OF THE UNIVERSITY

Continued From Page 1.
 desirous that the graduates should be able to return to the university with the opinion that they are body scattered all over, and it is not easy to concentrate the alumni votes. It is a limited number as representing the university opinion.

"Speaking as a member of the old generation, I am free to admit the present government has been extremely good to the university. It has made extensive grants, which in years gone by it would have been impossible to make. I remember when it would have cost a politician his seat almost to advance a grant to spread that loyalty throughout the country."

Want More Representation.
 The rebuffing of the Toronto branch favoring a larger representation of the graduates on the board of governors received considerable discussion. Dr. Locke and Eric Armour succeeded in having it referred to the executive committee on the basis of government of the other branches to obtain opinion that the association would be in closer touch with the business of the university if we had a larger representation.

The memorial window to the university men who fell in the Fenian raid in 1866 will be unveiled on June 20, at 2.30. An address will be delivered by Chancellor Burwash, giving reminiscences of the occasion, and a list of those in the university company will be read by Col. Sir Henry Pellatt. Gen. Otter will also be present.

The treasurer's report showed a deficit of \$156.97 for the year, and a deficit against The University Monthly of \$697.75, which is covered by a guarantee of \$1000 by the board of governors.

New Officers.
 The following officers were elected: Hon. President, Burwash; Vice-President, Hon. J. M. Gibson; Vice-presidents, O. Mowat Biggar (Edmonton), Hon. L. P. Duff (Ottawa), Rev. W. Gordon (Winnipeg), A. H. Meehan (Halifax), E. A. Ross (Montreal), T. Kennard Thomson (New York), John Wishart (London); acting secretary-treasurer, J. C. McLennan; executive council, Miss M. E. T. Adgison, Miss M. C. Cartwright, Mrs. A. C. McMaster, E. N. Armour, M. A. Buchant, Rec. James Ballantyne, Home Cameron, A. H. Colquhoun, R. D. Delamere, W. H. Ellis, G. R. Geary, W. M. Gojdie, Gen. Gov. R. A. Gray, W. V. Hoyle, Rev. M. V. Kelly, Albert Ham, A. L. Langford, A. B. Macaulay, P. H. W. McKinnon, Rev. J. F. McLaughlin, J. C. McLennan, C. H. Mitchell, G. M. Murray, Wm. Pakenham, F. N. G. Starr, L. B. Stewart, J. B. Tyrrell, Gordon Waldron, A. B. Young.

THE WEATHER

OBSERVATORY, TORONTO, June 9. (By R. B. D.) scattered showers have occurred to-day in the maritime provinces, and some local thunderstorms in Southern Saskatchewan, but the weather in Canada has been for the most part fine and warm.

Lakes, Georgian Bay, Ottawa and Upper St. Lawrence—Fine and warm. Lower St. Lawrence, Gulf and Maritime—Moderate winds; fair; not much change in temperature. Superior—Fine and warm. All West—Fair and warm.

 BLAIR—Suddenly, at the residence of his son-in-law, W. W. Anderson, 132 Close-avenue, James Burns Blair, Toronto, June 9, 1910.
 DOYLE—On Monday-boulevard, on June 8, Josephine, beloved wife of Michael Doyle, late of Woodwood, Ontario, at the residence of her son, Saturday morning, at 8.30 a.m. Funeral at St. George's Church, thence to Mount Hope Cemetery.

BARBERS' AGITATIONS
 An early closing agitation is occupying attention of the Barbers' Union, which they expect will culminate in the passing of a civic bylaw. It is necessary to get three-fourths of the 364 barbers to sign a petition before the city council will take action and according to the report submitted at the meeting of the union last night in the Labor Temple, only one or two barbers out of every district so far visited, have refused to sign.

The most of the barbers in the heart of the city close at seven o'clock the union want the more outlying districts to close by eight p.m., except on Saturday night or the night before a holiday.

Sanitation among barbers is another question the union are considering, and already an agitation has been started thruout Ontario, Quebec and New Brunswick for the passing of provincial license acts compelling every apprentice of three years experience to pass a rigid examination as to his workmanship and knowledge of sanitation.

Resolutions of condolence on the death of Goldwin Smith were passed by the executive of the District Trades and Labor council last night, and the Builders' Laborers' union on Saturday the council will be represented at the funeral.

Seven more bosses have signed the Builders' Laborers' agreement according to the report at the meeting yesterday.
 The time is drawing near when local business Agent Gibbons of the Toronto Street Railway Men's Union expects to hear from Manager R. J. Fleming as to the new agreement presented by the employees.

"If we do not hear from them this week, the company will hear from us next week," said the secretary of the union.
 The brewery workers will run an excursion to Waterloo on June 18 by a special Grand Trunk train.

ELECTRIC LIGHT CO.'S NEW PROPOSAL

Continued From Page 1.
 (2) For the carrying out of the above purposes the Electric Light Company will provide for operating and power purposes street lighting and power purposes as above provided. The Electric Light Company will also agree to erect such new pole lines as may be required by the city for the above purposes, and to pole lines to be for the joint use of the city and the Electric Light Company, and will take of the city's hands their poles already purchased.

The City May Rent Conduits.
 (3) Should the city require to use the conduits of the Toronto Electric Light Company for the above purposes they may be so used, and should new conduits be required the same will be provided by the company. The city to pay a rental for the use of any conduits and overhead poles and lines, which rental shall be the interest, maintenance and depreciation only on such conduits and poles and lines.

(4) The city may take over all street and civic property lighting as soon as they are ready for the same, irrespective of any contract existing for the supply of the same by the Toronto Electric Light Company.
 (5) Reciprocal arrangement to supply electric energy each to the other in case of emergency or shortage, to be paid for at any agreed rate under a mutual arrangement.

(6) The city will do away with unnecessary overhead construction on the main business streets of the city and will agree each year to remove some part of the same, and to double pole line construction on all streets, and will install a quantity of underground construction each year.
 (7) The company will agree to take and to pay for any quantity of power which the city is under contract to take from the city's electrical department, which is not used for the purpose set out in clause one.

(8) Rates to be fixed, and to be sufficient to provide for operating expenses and fixed charges, dividends at the rate of 10 per cent. per annum on the capital stock, a reasonable allowance for depreciation, and the necessary reserve funds, and the surplus over and above these requirements shall be applied to the reduction of rates to consumers.
 (9) The mayor to be an ex-officio member of the board of directors of the Electric Light Company, and (10) All matters in dispute to be settled by arbitration.

Advantages to City.
 The acceptance of these proposals would mean that the present desirable arrangement between the city and the Gas Company would be made with the Toronto Electric Light Company, and at the same time there would be no interference whatever with the city's contract to take power from the hydro-electric commission.
 The moneys already expended and the contracts entered into by the city will not in any way interfere with the proposed arrangement as the work done will be necessary to carry out the contract between the city and the commission.

The advantages to the city would be as follows:
 (1) The rates for power and light to be paid by the consumers would be less than they ever could be under competition, and would not be greater than those now proposed by the city's electrical department.
 (2) It would save a capital expenditure of at least \$50,000.
 (3) The duplicate distribution system of underground conduits and of poles and wires through the city would be avoided.

Will Remove Eyesores.
 (4) The citizens would be relieved from the injury, loss and annoyance caused by the tearing up of the streets, the digging of trenches, and the laying of conduits, etc., thruout the business sections of the city.
 (5) The overhead construction on the main business streets of the city would gradually be removed.

(6) There would be a second system working interchangeably with that of the company and being practically a reserve, which will ensure continuous service of power and light free from any interruptions.
 Yours very truly,
 (Sgd) Henry M. Pellatt, President.

THE TORONTO WORLD'S EXCURSION

TO NIAGARA FALLS, BUFFALO and . . . NEW YORK CITY

Via Niagara Navigation Company's Boats to Lewiston, Gorge Route to Niagara Falls, Lehigh Valley R. R. to New York City, or all rail route, G. T. R. and Lehigh Valley R. R. to New York.

THURSDAY, JUNE 23rd

Tickets good to return from New York up to Saturday, July 2nd, and on any Niagara Navigation Company boat up to July 23rd. This gives an opportunity to remain over at Buffalo or Niagara Falls on return trip.

FARES:
By Rail and Boat From Toronto to New York and Return \$12.35
All Rail From Toronto to New York and Return \$14.25

Every World reader who purchases a ROUND TRIP TICKET TO NEW YORK CITY at The Toronto World Office will be provided with proper credentials so as to secure special rates at the Hotel Arlington or Hotel Bristol.

TIME OF LEAVING TORONTO

By boat, at 2 p.m., connecting with the train at Suspension Bridge at 6.55 p.m.; by boat at 3.45 p.m., connecting with the train at Suspension Bridge at 8.50 p.m. Excursionists desiring to spend some time at Niagara Falls or Buffalo can take an earlier boat.
 By train, at 4.32 p.m., or 6.10 p.m.

Special arrangements have been made for excursionists desiring to make the trip by day. Tickets by rail or boat to Suspension Bridge may be used previous to the 23rd, and the train taken at Suspension Bridge on the morning of the 23rd. First train leaves Suspension Bridge at 4.05 a.m.; Niagara Falls, N.Y., 4.12 a.m., arriving in New York at 5.13 p.m. Second train leaves Suspension Bridge at 7.45 a.m.; Niagara Falls, 7.52 a.m., arriving in New York at 9.38 p.m.
 Connection with each of these trains can also be made at Buffalo, N.Y., by paying the additional 40 cents railway fare from Suspension Bridge to Buffalo. Tickets by both rail and boat from Toronto to Suspension Bridge are good for 30 days; from Suspension Bridge to New York, 10 days, from June 23rd. Tickets from Suspension Bridge to New York, or from Buffalo to New York, must be used on the 23rd. Further information may be obtained from The World's Excursion Manager, Toronto World Office, Main 5308.

TICKETS NOW ON SALE AT THE OFFICE OF THE TORONTO WORLD

World readers outside of Toronto desiring to take this trip should remit by express or postoffice order, making orders payable to World Newspaper Company, Toronto, Ont.

HANNA DECLINES

Continued From Page 1.
 Club license was cut off, and the Devaney license renewed, subject to transfer to another location.
 Was Long Regretted.
 "I think," said Mr. Hanna, "it was generally regretted that the work of the commission was exceptionally well done, also there were cases of hardship that could not be avoided. When I congratulated him, he replied that it was a pity the Brockton license had to be sacrificed in the lot, as the Devaney license was an exceptionally good man and the hotel served a big section of the farm and garden community trading in the city, as well as a considerable city trade."
 The chairman would have favored cutting off the Devaney license and renewing the Brockton license, had it not appeared that the board should have done last year, had it been open to him then as it is now.

"It is a case where the board this year, by reason of the failure, and the prior, of the Brockton Club was regarded as a good class of man in the trade to get consideration because he kept a good house."
 William Kirby, 70 years of age a British pensioner who roomed at 210 East King-street, was found dead in his room by another lodger in the house at 11.30 last night.

GENERAL ASSEMBLY CLOSSES

Committee Reports Adequate Time Was Given to Discussion of Union.
 HALIFAX, June 8.—(Special.)—The 36th general assembly of the Presbyterian Church ended this afternoon.
 Dr. Campbell supported the overture re the reformation in Scotland, in the absence of Dr. Mowat. "Three hundred and forty years ago," said he, "a nation was born spiritually in a day." The idea was to ask the ministers of the church to call the attention of their people to this remarkable fact. August will be the anniversary month. The overture was adopted.

The special committee on the coronation oath reported an agreement to submit a resolution for the approval of the assembly. The resolution was to the effect that while holding that the constitutional principles, which the coronation oath were intended to guard, should be duly preserved, they are of the opinion that it is inadvisable for the assembly to take any action at present. The resolution carried and the clerk was instructed to notify the Orange men.
 Rev. F. H. Robinson was appointed assistant to Dr. Shearer, and Rev. Dr. Patterson, Philadelphia, formerly of Toronto, was appointed an evangelist at a salary of \$3000.

CRITICIZED M'GILL

Prof. Mills Says It is More of a Technical School Than a University.
 MONTREAL, June 9.—(Special.)—At the convocation to-day Prof. Wesley Mills, who leaves McGill after 25 years' service, strongly criticized the methods of teaching, saying that McGill was more of a technical school than a university. He also said that Montreal took little or no interest in the progress of the institution, and that many of her wealthiest citizens had never given a red cent to its support.

REFUSED A PASS.

ST. PETERSBURG, June 9.—Permit has been refused to Oscar Hamnerstein, the theatrical manager of New York, to visit Russia. It was Mr. Hamnerstein's original intention to come to St. Petersburg to secure Russian dancers.

THE OUTLOOK GLOOMY.

(Canadian Associated Press Cable.) LONDON, June 9.—Referring to the long list of Canadian commercial arrangements which have sprung from the Franco-Canadian treaty, the Standard says that from this viewpoint the effect is unquestionably serious. British manufacturers can regard the outlook as sombre and unpromising.

BOOK OF REMINISCENCES

PROF. SMITH'S LAST WORK
 Will Be One of His Best—Estate May Total Million Dollars—Arrangements for Funeral.

Goldwin Smith, for 18 years past, had in preparation his reminiscences, the work has been completed and is all ready for publication. It will be issued as soon as the necessary arrangements can be made. It is declared that no more interesting or, indeed, fascinating volume has ever been presented to the public. It will prove to be a searchlight upon the world politics, the social and the intellectual life of the past two generations. His brilliant literary style and his extraordinary lucidity of mind will combine to render the work a monumental one. Arnold Haultain, for 18 years secretary of Goldwin Smith, and himself a pleasing writer, may also issue a volume of reminiscences.
 "There are four copies at present of the volume of reminiscences," said Mr. Haultain. "I have two, and two are at the Grange. One is the original manuscript. It will require a good deal of editing, especially the last chapter, but I hope to get it out by the end of the year."
 "This will be one of Goldwin Smith's best books. It covers the period from his earliest boyhood to his latest years, some of it being dictated during his illness. This last, I am sorry to say, bears traces of age and will have to be very carefully gone over. In this book Dr. Smith describes the characters of many eminent men who were his friends."

Any official bodies, organizations or associations which are desirous of being represented at the funeral of the late Goldwin Smith are requested to communicate with Mr. Haultain at the Grange to-day. This afternoon the public may view the body in the drawing room at the Grange.
 The remains will be removed privately to-morrow from the Grange to coal-vocation hall, where the funeral service will be held at 3 p.m. Afterwards the cortege will proceed thru the east gate of Queen's Park to St. Alban's street, to Wellesley-street, to Parliament-street, to St. James' Cemetery.

It is said that the estate of Goldwin Smith will approximate \$1,000,000. When he came to Toronto, nearly 40 years ago, he is said to have deposited nearly \$500,000 in the banks. Whether this sum represented the full extent of

WANTED

Copies of the World
 Oct. 30, 1909, Nov. 11, 1909, Nov. 27, 1909, Dec. 30, 1909.

Please Address
SUPERINTENDENT, THE WORLD
 TORONTO

his inherited wealth is a secret not disclosed, but Goldwin Smith was wealthy in his own right.
 When Goldwin Smith lived generously, he was in the main singularly fortunate in his investments. His convictions shaped out a policy of investing his money in the way of helping people in moderate circumstances to buy homes of their own. Goldwin Smith, as a matter of principle, would lend people up to within 50 of the actual purchase price of the homes they were buying. He never lost a dollar by his conscientious adherence to the ideal of lending money at low rates of interest to genuine home buyers.

"The New York Sun, in an editorial yesterday, said: 'I heard Ingersoll' wrote Goldwin Smith in a personal letter to the editor of this newspaper. 'He was extremely clever, but he did little good, and has left little trace.'"
 "I believe nothing will be found in this newspaper. 'He was extremely clever, but he did little good, and has left little trace.'"
 "Again, in sending one of the last of the remarkable series of personal letters to The Sun, in which he discussed during a period of several years the greatest problems that concern the human mind, the destiny of man, the changing standards of religious faith, the immortality of the soul, Goldwin Smith said of that particular article:—'I believe nothing will be found in this newspaper. 'He was extremely clever, but he did little good, and has left little trace.'"
 "I feel that my estate is still doubtful, and I do not wish to go out of the world as a reputed enemy of religion. This leads me to address to you one more letter—not a very long one—and to feel that its appearance is as early as it would be convenient to you; is on my own account to be desired."

The class of '03 arts, Toronto University, are holding a reunion dinner at McKinnon's this evening at 7.30, when it is expected that a large number of the out-of-town graduates will be present.

YORK COUNTY

COUNTY COUNCIL DEALS WITH MANY QUESTIONS

Members Will Visit Industrial Home To-day—General County Happenings.

The members of the York County Council put in a fairly busy day yesterday, a long list of petitions running the gamut and two or three deputations coming in to back up the farmers.

The legislature will shortly establish agricultural classes as an adjunct to high school work, and Newmarket, Aurora and Richmond Hill are each anxious to figure as the favored spot. The whole matter was referred to the education committee.

Newmarket and Markham Agricultural societies were given a grant of \$70 each; Schomberg, Scarboro, Queensville, Sutton West and Weston, \$35 each, and the Richmond Hill and Newmarket Horticultural Societies \$35 each.

East York, North York and West York Farmers' Institutes were each voted \$25 each for the year ending 31st March, 1911.

The report of the Industrial Home Commissioners, Messrs. Paterson and Nigh, was submitted and regarded as very satisfactory.

The report of County Commissioners Coulson and Egan was a comprehensive one and was adopted. The big item was the Wadsworth bridge at Weston, \$10,000; Halsey bridge, \$3,000 for repairs; Currier's bridge, \$250 for repairs, and a recommendation that the cost of the sidewalk at Lambton Mills bridge be borne by York and Etobicoke in amounts of \$35 each.

A big report came from Etobicoke and Mimico way re the annexation of more land to Mimico, and a by-law will be prepared along that line. Mimico will then be a town of about 2,000.

NORTH TORONTO.
NORTH TORONTO, June 9.—This last week the Dovercourt Land Company has disposed of several fine lots on their Lawrence Park estate, and Usher, Strathly & Co. report a number of deals on Roper, Broadway and Glenair.

The general trend of real estate values is exceedingly bright. On Thursday, June 16, the Board of Health will meet and some important matters are scheduled to come up for discussion.

On Tuesday Magistrate Ramsden will dispose of one case of larceny, one of common assault and ten of disorderly conduct. Chief Constable Keating has a close watch on those who continually infringe the muzzling by-law.

On Monday the Volunteer Fire Department met at the residence of Canon Powell to discuss arrangements for the annual picnic and the Welland tournament.

Next Sunday Rev. Canon Powell will in the evening address at the conference of S.O.E. at St. Clement's, and on June 19 Rev. J. O. V. Ashcroft will speak in a delegation of the A.O.U.W. while the Sunday following Canon Powell will deliver his farewell address to the congregation of St. Clement's.

The first open-air band concert given under the auspices of the North Toronto Citizens' Band, held in the Davisville school grounds here to-night, was a delightful event. For the first time the new uniforms were worn and the effect was at once striking and effective.

The band, 25 strong, gave a delightful program and the excellence of the music reflects the highest credit on Mr. Dawson, the leader. A neat movable bandstand has been erected and composed of women from the school.

EARLSCOURT.
Neway Notes of Interest to North Enders in General.
EARLSCOURT, June 9.—(Special).—C. Spencer of Trinity College will, it is expected, conduct Sabbath service at St. Mark's Anglican mission during the summer, and it is probable the mission may become a church parish toward the end of the year.

On June 2 Dr. Margaret Gordon will address the Women's Guild of St. David's, the Presbyterian mission parish of Earlscourt, and Miss Flora Dugan, the president, has arranged for a conference with the W.C.T.U. with a view to organizing a branch in Earlscourt, the charter members to be composed of women from every denomination in town.

Mr. and Mrs. James King of Vaughan Road will visit Newfoundland next month. Mr. King is a visitor to his old home in Devonshire, Eng.

Miss Jessie Sharpley of Christie-street, who has been seriously ill for some weeks past, is improving. Squire Henderson will, on June 22

West Toronto North Toronto East Toronto

leave for an extended trip for the Pacific Coast and will be away about three months.

On Tuesday evening the choir of St. Michael and All Angels held their annual banquet, when forty covers were laid. A feature of the occasion was the presentation of a beautifully mounted umbrella to A. E. C. Adhead, the organist.

SCARBORO VILLAGE.
SCARBORO VILLAGE, June 9.—(Special).—Christ Church (Anglican) and Washington Church (Methodist) will hold their annual picnic at Centre Island to-day (Friday), coming into the city by special cars. The picnic will last practically all day and friends of the two churches resident in the city will be welcomed.

NORTH DOVERCOURT.
The opening of Oakwood Gospel Church is appreciated by those in the immediate neighborhood, who have hitherto been without church accommodation. The cause is interdenominational and is a good example for church unionists.

SCARBORO JUNCTION.
SCARBORO JUNCTION, June 9.—(Special).—Sunday next, 12th inst., will be the first anniversary of the Anglican mission in this place. The Rev. N. A. F. Borum will preach at the morning service and administer the holy communion. All welcome. Mr. Williams will take the service in the evening.

CHESTER.
CHESTER, June 9.—The corner stone of the new St. Barnabas' Church will be laid here on Saturday afternoon at 3 o'clock by the Bishop of Toronto.

CREDIT AUCTION SALE.
of 35 head of young cattle and cows, at Bower's Hotel, Cooksville, on Monday, June 13, 1910, at one o'clock sharp, consisting of 4 milk cows and calves, 2 springers, 20 two-year-old heifers and steers, and 8 yearlings. Four months' credit. James Hook, proprietor. John Thomson, auctioneer.

Parkdale Liquor Store, 1356 Queen Street West. Phone Park 1942.
All the good brands of ale and lager on hand. Free delivery to warehouses including Ward 7, Swansea and New Toronto.

STREET RAILWAY MUST NOW TO WHITNEY ACT

That's the Ruling of the Ontario Railway Board, Amplifying its Recent Order.

General Manager Fleming had nothing to say last night as to what the Toronto Street Railway Company will do now that the Ontario Railway Board has made it plain that its recent order, giving the company the right to lay out certain new routes, is under the act of the Whitney Act. Mr. Fleming said he had not been officially informed by counsel, H. S. Osler, as to the situation.

According to the opinion of the civil department and the secretary of the railway board, there is no appeal from the board's decision, but the company can go to the privy council, if it wishes to appeal against the passage of the act as being ultra vires.

Chairman Letch was not present yesterday morning when counsel for the city and company met to find out whether the board in its recent decision, insisted on the company's recognizing the Whitney Act, but Secretary Small handed out the following dictum:

"It appearing that under and by virtue of section 3 of the Ontario Railway Amendment Act, 1910 (the Whitney Act), the applicants cannot begin the construction of their railway or any extension of it on the said last-mentioned streets, without having first obtained the permission and approval of the board."

"The board finds and declares that the construction of the applicant's railway upon the said streets is necessary and convenient for the public service and in the public interest, and under and by virtue of the said section 3 of the Ontario Railway Amendment Act, 1910 (the Whitney Act), the board approves of the construction of the applicant's railway upon the said last-mentioned streets, and the permission of the board to construct their railway or any extension of it upon the said streets is hereby given."

Mr. Osler telephoned Mr. Letch, but was told the order was final.

Building More Elevators.
CALGARY, June 9.—"Crop conditions are so favorable that we are already erecting a large number of additional line elevators, in an endeavor to have sufficient storage available when the crop commences moving. Such is the statement of the manager of the Alberta Pacific Elevator Company."

Elevator Burned.
HAMMOTA, Man, June 9.—The McConnell Company's elevator at Deckers' Sliding was totally destroyed by fire last evening, with all contents. The elevator was of 45,000 bushels capacity, and at the time of the fire was nearly filled with grain.

J. G. Desbarats has been appointed deputy minister of the new naval department. He is succeeded as deputy minister of marine and fisheries by Alex. Johnston, ex-M.P., of Sydney, Cape Breton.

A. H. McVeety, a Winnipeg motorist, fractured his skull in jumping from a car on which an explosion had occurred.

Two firemen were overcome by fumes at the burning of the sulphuric acid plant at New York.

Russia and Japan have reached a complete understanding on the eastern question.

Commander Peary will contend that the German courts have no jurisdiction in a suit brought by Rudolph Franz, who was associated with Dr. Cook in his expedition.

Start Owning Your Home Right Now

There can be no possible objection to starting to own a home at once on our plan. We sell a lot on such easy terms that it leaves a laboring man plenty from his wages to build his house with. The lots in the

PARSONS ESTATE

are delightfully situated, in a high, dry location, with good water, and the freshest of pure air, and invigorating sunshine. The soil is first-class for gardening. The lots are 125 feet deep, and as wide a frontage as desired.

Get a Lot Now. Build Your House Yourself During the Summer. You Will be Glad All Your Life if You Start at Once.

There are 600 families now living on the Parsons Estate, nearly all of whom started on our easy payment plan. When will YOU come with us?

Lots \$4 to \$12 per foot Terms \$10 down, \$5 month

We have a little book explaining the easy way of turning from a Rentor to a Proprietor. May we send it to you—FREE?

Dovercourt Land, Building and Savings Co., Limited,
24 Adelaide St. East. Tel. M 7280

Realty and Building

The Toronto Engraving Co., at present located at 92 Bay-street, have purchased, thru the Title and Trust Co., 80 feet of land on the north side of Richmond-street, just east of York. The price paid was \$350 a foot. The company will erect on the property a new building and plant. The front portion will be five stories in height, and at the back of this there will be a press and composing building one storey in height, lighted from the top.

The structure will be built of reinforced concrete thruout, the plan being made just large enough to carry the building. The spaces between will be filled by glass, thus securing a well-lighted, modern fireproof structure. Bond & Smith are the architects.

Now that the warm weather has arrived there is a big influx of city people to Hanlan's Point and the island, and houses and properties there are finding a ready sale. Discussing the real estate situation at this island this year, E. A. English, who handles most of the property there, stated to The World that houses were in better demand this year than they have ever been. Prices are good, but prospective buyers are ready to meet what is asked and a goodly number of turnovers are therefore being made. Especially is this true of Hanlan's Point, where there is only one vacant house at the present time.

A big sale of Rosedale land was completed yesterday. The plan consisted of some 1800 feet of property in St. Andrew's Gardens. The land has frontages on Glen-road and St. Andrew's Gardens north and south, and will be put on the market shortly as high-class building lots. The price paid was in the neighborhood of \$70,000.

St. Andrew's Gardens is one of the few remaining parts of Rosedale which have not been completely sold. There are a few small tracts in the hands of local dealers which will be put on the market later on, but St. Andrew's Gardens is the only one.

Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular or violent throbbing. Often there is only a fluttering sensation, or an "all gone" sinking feeling, or again, there may be a most violent beating, with flushings of the skin, and visible pulsations of the arteries.

There may also be experienced a smothering sensation, gasping for breath, and feeling as though about to die.

In all such cases the action of Milburn's Heart and Nerve Pills in quieting the heart and restoring it to its normal beat, is beyond all question marvellous, as our thousands of testimonials will show.

Mrs. Martha Mason, Marlbank, Ont., writes:—Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart, would have severe choking spells and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart trouble.

Price, 50 cents per box, or 3 boxes for \$1.25 as all medicines, mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Struck Coach Returning From Funeral Haverstraw, N.Y., June 9.—Four people were killed and one seriously injured here to-day when a locomotive struck a coach returning from a funeral.

ESTATE NOTICES.
NOTICE TO CREDITORS—In the Matter of the Estate of Charles Thomson, late of the City of Toronto, in the County of York, Esquire, Deceased.

Notice is hereby given pursuant to the Revised Statutes of Ontario, Chapter 123, Section 38, that persons having claims against the estate of Charles Thomson, late of the City of Toronto, in the County of York, who died on or about the 29th day of July, 1909, are on or before the 15th day of August, 1910, to send by post, prepaid, to Elliott & Hume, 28 Adelaide-street West, Toronto, solicitors for the administrators, their Christian and surnames, addresses and descriptions, and full particulars of their claims verified by statement of the securities, and the nature of the security, if any, held by them, or in default thereof, they will be permanently excluded from the benefit of the said estate; and after the said day of August, 1910, the administrators will proceed to distribute the assets of the said deceased among the parties entitled thereto, without regard to the claims of which she shall then have notice.

Dated at Toronto this 10th day of June, 1910.

ELLIOTT & HUME, Solicitors for the Administrators. ESTHER THOMSON. J. 10, 15, 20.

For Sale By Tender

The Bishop Strachan School Property, College Street.
Tenders will be received by Elmes Henderson & Son, 24 Adelaide Street East, Toronto, up to Wednesday, June 22nd, at 11 o'clock, for the purchase of the property known as the Bishop Strachan School Property, south side of College Street.

The land has a frontage on both College and Huron streets. The street frontage is 400 feet 9 inches, and on the east side of Terulesay Street of 254 feet. The property is situated between the large brick buildings used as the Bishop Strachan School.

For terms, particulars, and conditions of sale, apply to the undersigned. The highest or any tender not necessarily accepted.

ELMES HENDERSON & SON, Estate Agents, 24 Adelaide St. East, Toronto. 24

TENDERS FOR COAL

Sealed tenders will be received by the undersigned up to 6 p.m. on Tuesday, June 14th, for supplying this hospital with coal as follows:—Anthracite or free-burning semi-anthracite coal, 400 tons; soft coal, about 600 tons; best quality run of mine; free-burning anthracite slack, about 400 tons.

All the above coal must be of the best quality, the mines to be specified from which the same will be furnished. The small egg coal to be properly screened. Delivery into the bunkers at the hospital to be made at such times between June 1, 1910, and June 1, 1911, as the trustees may require. Coal to be weighed on the hospital scale. Security will be required and a contract providing for satisfaction of the hospital must be executed. The trustees reserve the right to accept a tender for either anthracite or free-burning anthracite coal, and to award separate contracts for anthracite and soft coal if they see fit; and it shall be optional with the trustees during the term of the contract to demand delivery of either of the above specified slacks, as may best suit the requirements of the hospital.

The lowest or any tender not necessarily accepted.

A. F. MILLER, Secretary.

PRINCE FUSHIMI WILL ATTEND.

NIAGARA FALLS, Ont., June 9.—(Special).—Word was received here to-day that Prince Fushimi of Japan will visit Niagara Falls on Tuesday, the first day of the international carnival. The governor-general of Canada and Gov. Hughes have both been invited to attend the carnival.

The demands of the Grand Trunk section men for an increase in wages have been ceded. The strike lasted less than a week.

PULP DUTIES
U. S. Treasury Department Hands Out a Decision.
WASHINGTON, June 9.—Pulp and printing paper manufactured from wood cut on crown lands in the Province of Quebec prior to May 1 last is subject to the countervailing duty of 25 cents per cord, or its equivalent of 38 cents a ton in the manufactured state as print paper, as provided by the new tariff law, according to a decision of the treasury department today.

PARDONED BY ONTARIO GOVT.
Niagara Falls Hotelman the First to Be So Freed.
The Ontario Government has pardoned William R. Dasher of Niagara Falls, who on April 1 was sentenced to four months' imprisonment for a second offence of selling fluor without a license. The cause of Dasher's pardon is ill-health and a largely signed petition asking for pardon.

PRINCETON IN LUCK
Comes in for Gifts Amounting to About \$1,150,000.
PRINCETON, N.J., June 9.—As a result of a special meeting of the board of trustees of Princeton University today, the institution will acquire about \$1,150,000 in gifts. The bulk of this comes as a renewal of the offer made by Wm. Cooper Proctor of Cincinnati, and brings to an end the controversy over the site of the graduate college.

Beauty Toronto.
In order to give the citizens further opportunity to learn all about the garden flowers, the Toronto Horticultural Society will hold the June exhibition this evening, and continue the flower show to-morrow afternoon and evening. Judging by the entries that have been sent in, the exhibition promises to be the best ever held in Toronto, and the large tent in Allan Gardens should be taxed to its utmost. A promenade concert will be given during the progress of the exhibition.

New Secretary of Empire Club.
Edward B. Merrill has been appointed secretary of the Empire Club, to fill the vacancy caused by the resignation of Rev. C. S. Eby. A purse of gold and an address of appreciation were presented to Dr. Eby.

MARKET BUILT ON SENTIMENT.
World Office
Thursday Evening, June 9.
The improvement which came into the Toronto Stock Exchange yesterday was carried to a further extent again to-day, but as in the immediate past there was no big quantity of business done. Porto Rico made another demonstration with sales above 50, the buying coming largely from Montreal interests who are satisfied that the company will put the stock on a dividend basis within a short period. Twin City was the only other issue to show any great strength, but was inactive at the advance. The market has been built up purely on sentiment framed by reason of the change in the New York situation, and, although the Bank of England rate was lowered again this week, money here remains fully as tight as it was. Under these conditions no encouragement can be offered to speculators.
HERBERT H. BALL.

New York Stocks Hold Firm
Trading is Professional
Narrow Market on Wall Street With Price Fluctuations Small—Porto Rico the Strong Issue Locally.

World Office, Thursday Evening, June 9.
Trading continued very dull on the Toronto Stock Exchange to-day, and with one or two exceptions price changes were narrow. The strongest issue for the day was Porto Rico, which today report exchange morning at 51, a clear advance of two points above yesterday, and within one point of the high price made about a year ago, when the stock was first listed. The advance in Porto Rico is taken as an indication that the stock will be put on a dividend basis in the near future, and local speculators have become optimistic regarding the future of the security on this account.

PHILADELPHIA COMPANY DIVIDEND.
PHILADELPHIA, June 9.—The Philadelphia Company declared the regular quarterly dividend of 1-1/2 per cent on common, payable Aug. 2 to stock of record July 1, and an extra dividend of one per cent on common, of which one-half is payable Aug. 2 to stock of record July 1, and one-half per cent payable Nov. 1 to stock of record Oct. 1.

WALL STREET POINTERS.
Bank of England rate reduced from 3-1/2 to 3 per cent.
Stocks of copper on hand tending to increase.
Bond negotiations in Europe resumed by American roads.
London expects easier money conditions from now until the early fall.
Output of anthracite exceeds general estimates.
Pittsburg reports good and improving buying of foundry iron.

ON WALL STREET.
Erickson Perkins & Co. had the following: Stocks maintained a firm tone throughout the day, with the exception of brief intervals during the morning. It is too early to form an impression as to whether banking interests are in the market, with a view to carrying it higher. We do not think they are, but they may have bid up prices on the shorts, to get a better basis for distribution. The market was mostly professional. We advise sales on all sharp bulges.

WASHINGTON ADVISES.
Washington advises this afternoon that President Taft has been informed that it would be impossible for the stock of the Southern Railway to be put through congress. Therefore, this will not be pressed. We anticipate a rather narrow market until the exact terms of the railroad bill have been reached by the conference committee—perhaps for some time after that. We see nothing to bull stocks on.

Local Bank Clearings.

A Page of Remarkably Attractive Summer Shopping at Toronto's Finest Store

ON June 1 we began a campaign in behalf of summer. We heard people grumbling about the weather. It was "too cold" or "too wet." Vegetation was "backward." People were afraid we should have little or no summer if things didn't change soon. We determined to

show ourselves independent of the weather. We said, "If we can sell the bulk of our summer stocks in the month of June, we'll be content to reduce prices on summer goods of almost every kind. Then in July, when folks go away, we'll be in good

shape and needn't worry about stock-taking." On June 1 we began the campaign. And now we are right in the thick of it! Summer goods are moving; the weather, too, has been fine and warm. Our Summer Sale is a success.

Saturday's list of Summer attractions in Toronto receive its strongest contributions from this store. We print our share of them herewith. Practical, summer-time shopping opportunities of the most delightful kind—Things to Wear.

Summer Sale in the Cloak Department

Clearance sale of a collection of 125 Women's and Misses' Summer Suits, in English repp and striped linen finished materials. Coats are square and round cut, some are braided, others trimmed with rows of torchon lace insertion. Skirts are either gored or pleated styles trimmed to match coats. Colors in the lot are pink, white, pale blue and green, and of fawn or blue with white stripes. Some of these suits are slightly soiled, but most of them are perfect goods. Sold regularly at \$5, \$8.50, \$10 and \$12.50. Misses' sizes are 14, 16 and 18 years. Ladies' sizes are 42 to 40 bust measure. Saturday to clear \$2.95.

A very special lot of 100 Women's Separate Skirts, of a good quality linene, in fawn or blue with white stripes, made in a smart gored style, the sort that is easily laundered, and suitable for boating or picnic parties. These are the clearance of a factory's overstock, and would have sold if bought in the regular course of business at \$2, we mark these for quick sale on Saturday, \$1.50.

Girls' \$6.75 Wash Suits \$1.98

We put on sale to-morrow a collection of girls' wash suits, in a great variety of materials, white Indian head suitings, galatea in white, with tan or blue stripes, linen finished fabric in natural shade, and in stripe effect of blue with white or fawn, with white stripe effects, and of black and white checked gingham, made in a number of styles; coats are trimmed with strappings of self, buttons, or lace insertion; skirts are gored or pleated styles, trimmed to match coats. All sizes from 8 to 16 years in the lot. Regular prices ranged from \$3.50 to \$6.75. Saturday's price, \$1.98.

Women's 4.50 Wash Dresses 98c

Clearance sale of oddments and broken sizes of Women's Wash Dresses. The material is a good quality linen finished fabric, in green, light blue, grey and natural shades. They are in a good style one-piece dress, with lace yoke and collar, semi-circular cut skirt, trimmed with strapping of self. The regular price of these dresses was \$4.50. Only 135 dresses in the lot. Saturday, to clear, 98c. (Cannot Accept Phone or Mail Orders.)

Women's \$12.50 to \$25.00 Lace Coats \$3.95

25 only Women's Handsome Coats, of Battenberg, guipure or baby Irish laces, also a few of linen with lace, colors are ecru or white, in a variety of smart designs, with semi-fitted or full loose back, three-quarter and shorter lengths. These are the remainder of our best selling styles, which sold regularly at \$12.50, \$17.50 and \$25.00. Clearing price Saturday, \$3.95.

Girls' 6.50 Reefer Coats 1.75

75 Girls' Coats, suitable for summer wear. The materials are fancy check or striped worsteds, in mid or dark grey tones, cheviot serges and broadcloths, in tan, navy or green; made in a number of double-breasted reefer styles, trimmed with novelty buttons; some have velvet collars, others collars of contrasting colors. All sizes from 6 to 10 years in the lot. Sold regularly at \$6.50, \$8.50, \$10 and \$12.50. To clear Saturday, \$1.75. (No Phone or Mail Orders Filled.)

A Great Big Sale of Men's Summer Suits

THE Montreal factory which cleared these suits to us so cheaply had delivered their orders, and were willing to let us have the balance at a lump figure. Values run \$15, \$18.50, \$18, \$20 and \$22 in every clothing store in the land.

3-piece Fancy Worsteds—medium weight, made up in the summer styles, and tailored in the highest class way. The linings and the inter-linings are strong points in favor of this maker's suits.

600 in the lot. Some of them are in the Yonge street window to-day. On sale Saturday at \$11.95.

A Summer Sale of Suits for Boys

Along with the purchase of Men's Suits described above, we secured 350 suits for boys in the same way. Fancy English and Canadian tweeds, in summer weights; two-piece Norfolk and plain double-breasted suits. Regular prices would be \$3.50, \$4.50 and \$5.00. Saturday \$2.49.

Great Chance to Buy a Panama

Men's Panama Hats in a very fine and close weave, extra well finished and light in weight, in 5 different styles. A splendid hat, and worth a great deal more money. Regularly \$7 to \$9. (Some stores would ask as high as \$12.) Saturday bargain \$5 95.

\$2.00 AMERICAN STRAWS FOR \$1.50. Men's Straw Hats, neat and dresy boater styles, fine American make, black silk bands, cushion leather sweats. Regular \$2.00. Saturday bargain, \$1.50.

A Shirt Opportunity for Men

\$1.00, \$1.25, \$1.50 and \$2.00 Negligees; Each 68c

2,500 Negligee Shirts. All are our own regular stock reduced. The imperative reason why: The old Wanless building now occupied by our department of better class shirts for men, will be torn down at once. To move this sock quickly, we have slaughtered the prices — that's all. Synopsis: —

Dozens and dozens of different designs; a hundred or more colorings; pleated fronts a-plenty; many made the coat style; all have small laundered cuffs attached. Each and every shirt will fit perfectly, and at the price quoted will prove the biggest shirt bargain Toronto has seen for many a day. Of course, it will be better to come at 8 o'clock, but whether you come early or later you can be sure of getting the best of shirts at a price that's away 'way down. All sizes. Each, Saturday, 68c.

Men's Summer Sale Socks

Men's finest qualities Lisle Thread Hose, plain Lisle, mercerized and silk Lisle, plain black and colors, silk embroidered fronts, checks, stripes, clox, all this season's newest, all perfect, broken sizes, odd shades, of regular lines, best of finish, high spliced ankle, heel, sole and toe. Regular 25c, 35c and 50c. All sizes. Unusual offering for Saturday, per pair 18c, 3 pairs 50c.
