TWO CENTS

North Bay Convention Tells Government of New Ontario's Needs Provincial Treasurer Foreshadows a Popular Subscription

**ONTOARIO PLANNING
 TO RAISE MONEY
 BY DOMESTIC LOAN**

Important Announcement by
 Hon. Peter Smith, Provin-
 cial Treasurer.

NEW SUCCESSION TAX

Hamilton, Jan. 22.—(Special.)—Domestic loans in Ontario were forecasted by Hon. Peter Smith, provincial treasurer, here today. Mr. Smith also announced that new sources of revenue would be found for the province, and that there would be a change in the succession duties tax. He also declared the intention of the U.F.O. government to make the moving picture theatre a real educational factor, and to regulate the tax on amusements, so that those who could afford it would pay it. Mr. Smith said the condition of the financial market and the exchange situation might lead the province to undertake to raise money from among its own people. The succession duties tax would be revised, he said, so that those who were worth \$100,000 or more would be affected more than the less wealthy.

Biggs Tells Road Policy

Hon. F. C. Biggs, minister of public works, who with the provincial treasurer was a guest of honor at the banquet of the Westworth Milk Producers' Association, after referring to the production of milk and the price charged, which he did not consider exorbitant, spoke at some length on the government's road policy. He said that the government's road policy was to build roads that would be of benefit to the province, and that the government would be glad to accept any plan that would be of benefit to the province. He said that the government would be glad to accept any plan that would be of benefit to the province.

**SAFELY TRANSFER
 ALL PASSENGERS**

Transport Northern Pacific
 Takes Off Those on Board
 Disabled Powhattan.

New York, Jan. 22.—All the 271 passengers on board the disabled army transport Powhattan have been transferred to the transport Northern Pacific and are on their way to New York. The transfer of the passengers was effected late today under good weather conditions and without any accident occurring.

**AGREE TO SETTLE
 BIG POWER ACTION**

Ontario Power Co. Will Pay
 \$510,000 and the Govern-
 ment \$280,000.

Ottawa, Ont., Jan. 22.—(By Canadian Press.)—The million dollar power action of the Ontario Power Company against the Dominion government has been settled out of court. This was announced at 12:15 today. The claim was reduced from \$1,200,000 to \$800,000 and of this amount the Ontario Power Company is to pay \$510,000 and the Dominion government the balance. The other suit, that of the Niagara park commissioners for water used in the development of the power in question, is to be argued in the exchequer court on Friday morning, Jan. 30.

**WANT DEFINITE ANSWER
 TO DEMANDS BY TUESDAY**

Cleveland, Ohio, Jan. 22.—The Brotherhood of Railroad Trainmen, which has a membership of approximately 200,000, will ask the railroad administration for a definite answer by Tuesday to its demands for a general wage increase of about 40 per cent. The demands were presented July 31, 1919. President Wilson requested the men to wait a "reasonable time" until the government had an opportunity to reduce the cost of living.

**Holland's Refusal to Extradite
 Ex-Kaiser Forwarded to Allies**

Certain That Document Explains Why Netherlands Cannot Accede to Demand for Surrender.

The Hague, Jan. 22.—The reply of a Dutch government to the demand of the allies for the former German emperor was sent this morning to the Dutch minister at Paris. It probably will be delivered to M. Clemenceau tomorrow. So far as can be learned there is no doubt the demand will be refused, with an explanation of the position of the Netherlands.

Own Country Alone Can Ask

London, Jan. 22.—The Standard reports that Holland's reply with regard to surrender of the former German emperor says it is impossible to grant extradition at the call of a third country, if his own country does not demand extradition.

**SITUATION THROUGHOUT RUSSIA
 SHOWS A BRIGHTER OUTLOOK**

Gen. Denikine Helped by
 Friendly Population and
 Swollen Rivers—Bolshevik
 Advance in Siberia Has
 Slowed Down—Letts Re-
 gain Much Territory.

London, Jan. 22.—The position of General Denikine, anti-Bolshevik leader in southern Russia, at all appearances is somewhat better, according to the war office summary of the situation. The inevitable pause has occurred which must follow any long and rapid offensive such as has been conducted by the Bolsheviks in south Russia. The further course of the operations will probably favor the side able to make the best use of the time at its disposal for reorganization. This matter will be easier for General Denikine, who is nearer his base and resources than the Bolshevik, who have gone deep into enemy country and depend for supplies and equipment on partially destroyed railways. Much depends upon the support afforded Denikine by the population at his rear. Reports seem to indicate that he still commands their full confidence and loyalty. However, his losses of material in the recent retreat are bound to have a grave effect on future operations. Meanwhile the river Don is so swollen by heavy rains as to render it difficult for the Bolsheviks to advance. The Don and Caucasus armies have thus gained a valuable respite, which will be used fully in reforming and raising further reinforcements should they be available to replace the casualties of retreat. Moreover, the imminent danger to their country has caused both the Don and Kuban armies to rally wholeheartedly around the government and afford full support to Denikine. The Bolshevik advance in Siberia appears to have slowed down. The allied high commissioner has received a message from Admiral Kolchak at Nizhny Novgorod, stating that he is remaining where with the ministers of his suite, whose fate he intends to share.

IN WEST RUSSIA.

In west Russia the Letts, since the opening of their offensive on January 4, have retaken a stretch of their own country about 40 miles in depth and captured 18,000 prisoners and considerable material. Sixty miles of Lettish territory still remain in the Bolshevik hands. The Bolsheviks have concentrated strong forces of troops for the defence of the important junction of Rishitsa and are also counter-attacking the Lettish line along the Pskov railway, where they have been repulsed with heavy losses. The Letts have not succeeded in checking the Lettish advance in the centre. The tension between the Poles and Lithuanians continues, but only small armed encounters between partisan bodies have occurred.

IN THE CAUCASUS

In the Caucasus the Bolshevik advance down the western shore of the Caspian appears to threaten Petrovsk, the base of the volunteer fleet. In Trans-Caspia, the Bolsheviks have not yet captured Krasnovodsk, as reported. They have penetrated as far as Yagman, but are held up by volunteers, who occupy strong positions, while the Bolshevik flanks are exposed to fire from the sea.

Bolshevik at Kabul.

A Bolshevik mission is reported to have arrived at Kabul, Afghanistan, and to have been received with great ceremony. Two emissaries from Constantinople are also said to be at Kabul. Shafiq, the Mesopotamian leader, has adopted an attitude of defiance towards both the British and Arab governments. He is calling in loans advanced by the Mesopotamian administration to the people and sending agents far within the frontier to stir up trouble. A band of tribesmen attacked Albu Kemal on Jan. 11, but was beaten off by the British. British airplanes caused heavy casualties. One plane picked up a wounded British officer and carried him 240 miles to a hospital.

SPOTTED FEVER IN GALICIA.

Berne, Switzerland, Jan. 22.—Spotted fever is making increased ravages in eastern Galicia, according to reports received here, which declare there are more than 100,000 cases of the disease and that 10,000 deaths have resulted.

**CONFIDENCE VOTE
 MEMORIAL DEFEAT FOR
 FRENCH CABINET**

Majority Was Overwhelming,
 But 300 Deputies Abstained
 From Voting.

FALL IS PREDICTED

Paris, Jan. 22.—Amid tumultuous scenes in the chamber of deputies today the recently formed cabinet of Premier Alexandre Millerand received a vote of confidence, 272 to 23. The vote was considered a moral defeat for the government, however, as more than 300 deputies abstained from voting. The reluctance of the deputies to vote on the question of confidence recalled a scene in the chamber in the '90's when the ministry of Alexandre Ribot was overthrown three hours after its formation. The vote of confidence was taken on the demand of Premier Millerand, following a savage attack by Deputy Leon Daudet, editor of L'Action Francaise on Jules Steeg, minister of the interior. M. Daudet demanded the right to interpellate the government on M. Steeg's appointment to the ministry. He declared that Steeg was an accomplice of Louis J. Malvy, former minister of the interior, who was banished following his conviction on charges of communicating with the enemy, and of Joseph Caillaux, former premier, who is soon to be held bottled up, but all the combined might of the allied fleets could not save our commerce from attack and destruction by submarines, and only those who suffered under the blockade of the British ports know how narrowly England escaped starvation in spite of her mighty armada.

**POLE OF CORK
 FOIL COMMISSION**

Cork, Jan. 22.—A commission of the "Irish parliament" tried to slip into the city last today with Arthur Henderson and the other British labor delegates who are investigating conditions in Ireland. The police, however, forced the members of this commission back.

**ASQUITH'S RETURN
 WILL BE WELCOMED**

Absolutely Safe Seats—Have Not
 Been Many With Independent
 Liberals.

OPPOSED BY LABORITE

London, Jan. 22.—Now that ex-Premier Asquith has been officially adopted as the Liberal candidate for Paisley, common opinion is agreed that the contest will be the most momentous since the general election. Asquith's return to the house of commons would find a welcome amongst well high every section, particularly by those Liberals who are still persuaded that the experiences of the moment require the maintenance of the coalition government. Considering his eminence, it is rather remarkable that Mr. Asquith has had to remain so long outside. When Mr. Balfour, for instance, was defeated at Manchester, a perfectly safe seat was found him almost at once in the city of London. That such a course was not adopted in Mr. Asquith's case can only be ascribed to independent Liberalism possessing just now so few seats deemed absolutely secure. Mr. Asquith's selection last night for Paisley, however, only became the unanimous choice of the local caucus after some hesitation. The caucus also had before them the name of J. C. Watson, advocate of Edinburgh, and a native of Paisley. Mr. Asquith secured a majority of 18 on the first vote, and the second vote gave him the unanimous adoption.

Opposed to Labor.

As already cabled, Mr. Asquith will not be officially opposed by coalition headquarters in London, but local Unionists are suspected of being eager to bring out a candidate. J. M. Biggar, Co-operative and Labor candidate, has already opened his campaign, placing in the forefront of his program a levy on capital. Although some socialists oppose his candidature, he is certain of an almost solid Labor vote.

In the meantime, the Ashton by-election, caused by the resignation of Sir Albert Stanley to the peerage, pursues a rather lively progress, due mainly to the sprightliness with which Lady Defreze, better known as Vesta Tilley, noted vaudeville artist, is canvassing for her husband, Sir Walter Defreze, Coalition candidate.

The National Federation of Discharged Soldiers have declined to support W. C. Robinson, Laborite, because certain trades unions, notably the Engineers, are alleged to have declined to allow employment of disabled men. The soldiers' vote here may turn the election. It is understood that the women's vote, which is pretty heavy, will be divided among all three candidates. Polling is fixed for Jan. 31.

NITTI BACK IN ROME

Rome, Jan. 22.—Premier Nitti has returned to Rome. The reassembling of the chamber has been postponed from Jan. 28 to Feb. 2.

**J. F. ORDE, K.C.
 TO SUCCEED BRITTON**

Ottawa, Ont., Jan. 22.—J. F. Orde, K.C., Ottawa, has been appointed to succeed Judge Britton on the supreme court of Ontario.

**HUGE SUBMARINE CRUISERS
 AND AERIAL DREADNAUGHTS
 WILL FIGURE IN NEXT WAR**

Former French Minister of Marine Predicts That Surface
 Vessels Will Be Relegated to the Scrap Heap—Will
 Mount Guns of Heaviest Type.

BY VICTOR AUGAGNEUR

Former French Minister of Marine, Special Cable to The Toronto World. Paris, Jan. 22.—Inasmuch as the league of nations has proven a practical failure from its very inception, and the freedom of the seas still remains in the possession of that nation which holds in least the most formidable naval forces, the marine experts of the world are already considering the re-extension of sea armaments. The most far-sighted of these naval technicians are devoting their researches in large part to the development of the submarine cruiser on the one hand and the aerial dreadnaught and destroyer on the other, for the naval conflict undoubtedly will be determined under the sea and in the air. The great war proved the soundness of the theory I have always advanced, that the heavily armored surface battleship has lived out its day of efficacy. The appearance of the submarine soured the death knell to the heavily armored surface battleship. There was no decisive sea conflict in the course of the last war. Naval tactics were devoted to the effective blockading of enemy ports and the destroying of enemy commerce on the high seas. England proved the absolute mistress of the waves, it is true, to the extent that the German surface fleet was held bottled up, but all the combined might of the allied fleets could not save our commerce from attack and destruction by submarines, and only those who suffered under the blockade of the British ports know how narrowly England escaped starvation in spite of her mighty armada.

The Aerial Dreadnaught.

In the next war only one arm will prove quasi-effective against the submarine, and that is the aerial dreadnaught, carrying depth bombs and protected against enemy aircraft by hordes of tiny planes, armed with batteries of machine guns and manned by highly-trained flyers. Below the curling waves will prowl mammoth under-water destroyers, capable of crossing and recrossing the Atlantic on a single load of fuel. They will mount cannon of the heaviest type and employ surface vessels. They will be as big as the present dreadnaughts, from five to eight hundred feet in length, fitted with electric sound detectors, wireless signaling apparatus, oxygen generators, powerful and accurate range-finders and formidable batteries of cannon and torpedo tubes. They will be absolute mistresses of the deep, able to go and come at will, capable of voyages as extended as any naval unit now in existence. Their power and speed will measure up to that of any enemy. They will defy pursuit.

Transport and Cargo Boats.

Not only will the offensive type of submarine be a factor of predominating weight in the conflict, submarine transports and cargo boats will also enter the naval lists. For in the next war no surface troop transport or cargo vessel will be under water, excepting that protected by a fleet of submarines. It will be under water, excepting that protected by a fleet of submarines. It will be under water, excepting that protected by a fleet of submarines.

**STERNBERG CAUGHT
 BY LOCAL POLICE**

Alleged Leader of New York
 Crooks Will Be
 Extradited.

Traced to Toronto after committing a series of burglaries in New York, Benjamin Sternberg was arrested here last night in a downtown hotel by Detective-Sergeant Crowe of the local police force, assisted by Detective-Sergeant Doherty of the New York Detective Bureau.

**RUSSIANS ATTACK
 U.S. ARMORED CAR**

Assault Repulsed and General
 and Several Officers
 Taken Prisoner.

Washington, Jan. 22.—Two American soldiers were killed and one severely wounded in the clash with a Russian detachment of General Semenov's forces on January 19 near Poozavskaya, while five Russians were killed, one wounded and fifty-five captured, including one general and six other officers, who still are held.

**MICHIGAN MEN'S OASIS
 LOOKED FOR IN KENT**

Chatham, Jan. 22.—(Special.)—Large quantities of "booze" which are reported to have been hauled from Chatham into Dover township during the past few weeks, has started a search for the effect that that section of the county may be an oasis for Michigan men with parched throats. Large consignments of liquor are said to have reached certain points in the township, in the opinion of many, are too great for "personal consumption," which happenings have given color to the theory that large portions are finding its way to Michigan over the ice routes from various points on the Dover township coast of St. Clair. The police have information that a sleighload of "booze" was seized yesterday, the value of which is estimated at eighteen hundred dollars.

**ITALY IS PUTTING DOWN
 STRIKE WITH IRON HAND**

Rome, Jan. 22.—The police at Florence yesterday arrested the entire committee of strikers and occupied the streets surrounding the chamber of labor. Troops with armored cars were also distributed at strategic points throughout the city. At Milan more than 100 strikers have been arrested for obstructing work from working. One freight train was abandoned in the open country by the crew.

**EGYPTIANS ATTACK
 AN INDIAN PATROL**

Cairo, Jan. 22.—Renewed disorders occurred last evening at Assiut, 15 miles from Cairo. Rioters attacked an Indian patrol company with revolvers and bricks, killing a corporal and wounding two privates. The troops killed one and wounded several of the rioters.

**BOWMAN AND MILLS
 ADDRESS GATHERING
 OF NORTH ONTARIANS**

Mills Favors Iron Bounty—
 Bowman, Expects N. Bay-
 Soo Line by Fall.

DRURY NOT PRESENT

North Bay, Ont., Jan. 22.—(Special.)—The parliament of the north ran two years today; first at purely northern request, second, by a double-tree with two cabinet ministers of the second whipletter. Premier Drury didn't come because of the Halton adventure. But Messrs. Bowman and Mills turned up. A local leader after some interview had occurred in the private car told the convention that Mr. Biggs was in town instead of Mr. Mills, which shows that there is a confusion of modesty about the government. Ministers don't show themselves enough or the public doesn't sufficiently study the public illustrations. Mr. Bowman and Mr. Mills are of the north and were unfeignedly welcomed, but the north glints best like its own crystallized snow when it runs along at its own gallop. The convention passed four resolutions of all of them practical, and some of them broadly applicable to the proposed issuing of a license to municipal officers instead of thru oily political appointees, and the request that the government appoint no officials to draw salaries and spend money furnished by municipalities without the municipalities having a say. But there were other things that the southerner found to be peculiar to the north, like the changing of an airplane service and the evils of sulphur smoke. To hear of the sulphur smoke was to get a new line on agriculture.

Flight by Airplane.

The airplane can become an economic Barkis on a cost basis of 50c a mile for the transportation of two passengers and 300 pounds of freight. The Barker-Bishop Company seem an able flyer to say they are prepared to establish a route from North Bay to Moose Factory, about 670 miles, with hydrozons at New Liskeard and Coburne. The lakes, of course, are to be the starting and alighting fields. For obtaining real knowledge of the country, the flyer has the footman and canoe beaten.

Sulphur Smoke Farmer.

The sulphur smoke farmer is a by-product of the nickel trust in the Sudbury region. He aims to live on damages obtained from the mining companies whose ore roasting gives off so much sulphur that surrounding vegetation is killed. But the greedy extraction of sulphur fumes without the Canadian farmer who moved a resolution favoring the settlement of claims for damages by sulphur fumes by arbitration instead of thru the courts said he did not cut enough off \$5 acres of grain to winter one team. In 1915 he sued for the loss of his crop. Some claims taken to the courts in 1915 were still outstanding because the mining companies can carry appeals to higher courts and weary a farmer. Then in suits before the courts the mining companies bring impressive expert evidence as to the cause of stunted grain and wither grass disease and so forth. The government once promised high class expert evidence on the farmers' side. When he appeared he was a youth who graduated at Guelph three months previously and had never seen a sulphur striken crop.

One Lady Speaker.

Sulphur brought the only lady speaker of the convention into action. Mrs. Soutar used to live in the poison belt. She drew warm applause when she said it was up to the government to compel all mine owners to use a system reported to be operated by the British-American Company, which takes the sulphur from the ore before roasting. The chairman had said this company had control of this process. Her competitors couldn't see the objection the lady swiftly brushed aside. Humanly requires the elimination of the sulphur nuisance and prevention of its pests. It is the government's business to compel the general use of every appliance that prevents destruction. A gentle-faced lady, but mighty strong on compulsion, the convention was mighty strong with her.

Empire of Wealth.

One more especially interesting characteristic is worth noting. They often speak of this empire of unexampled wealth. A resolution carried unanimously, defining the frontier of New Ontario, which may surprise a few oldsters of the south, is the result of a vote in quite an imperial fashion. You have been accustomed to thinking of New Ontario beginning at Lake Nipissing, one hundred miles from Lake Ontario. But the men of the north this morning far-

(Continued on Page 6, Column 5)

KAPUSKASING FINE, THINKS FERGUSON

Pooh-Poohs Statement of Col. Carmichael as to Heart-Breaking Conditions.

G. Howard Ferguson, ex-minister of lands in the Hearst government, whose department had all responsibility for the Kapuskasing camp, would discount the report to the Drury cabinet, made by Lieut.-Col. Carmichael, minister without portfolio.

Mr. Ferguson thinks it obvious that the battle-hardened colonel was never before in a pioneer country. Kapuskasing was opened, he adds, to satisfy a public clamor for soldier settlement. Expenditure upon the camp was but a secondary consideration. The colonel's remarks on climatic conditions, he holds as absurd. "Crops have been successful upon the Ontario and Dominion experimental farms. In the latter Mr. Ferguson held the reins, crop of fall wheat that I ever saw in my life." The settlers could make money, Mr. Ferguson says, working on railway ties and cutting pulp wood.

The Hearst government sold a pulp limit, conditional upon the erection of a mill immediately adjacent to the colony condemned by Col. Carmichael, and in clearing and seeding the settlers had government aid. All the men who went into the colony were passed upon by the G.W.V.A. and Soldiers' Aid Commission.

The Hearst government had in view a great, comprehensive, educational scheme in connection with the train-

ing school at Monteth. In all, 318 men went to Kapuskasing and 117 left.

In respect to this, Col. Carmichael says the men now left on the camp are breaking their hearts.

The G.W.V.A. say a report made for their organization was even more condemnatory than Col. Carmichael's.

INSPECTOR H. WARD DIES UNEXPECTEDLY

Death From Laryngitis Puts Climax on Series of Sorrows.

Much regret in educational circles was expressed yesterday when news of the unexpected death of School Inspector Henry Ward of 92 Kippendavie ave., beside the lake, in only a few days from what at first appeared to be sore throat, the inspector developed acute laryngitis. The death has added pathos from the fact that his only son, Glasford Ward, contracted meningitis overseas and died a year ago, and Mrs. Ward passed away after but a short illness. Only two daughters, Alice and Hazel, survive.

Mr. Ward had been in the teaching profession for thirty years and was born in Vaughan township 54 years ago. He was educated at the Beachville country school, Berlin high school, the model school, the normal school, the school of pedagogy, at Toronto and Queen's universities. He specialized in science, while he was teaching in the public schools and took his B. A. degree from Queen's a few years ago. The funeral will be on Saturday afternoon at Newway cemetery, the Rev. J. A. Cranston of the Kew Beach Presbyterian Church officiating at the services.

CITY HALL NOTES

After hearing the views of medical men on the question, the majority of whom favored a site close to the General Hospital, the board of control yesterday decided to establish the reception hospital on the northeast corner of the Trinity College grounds. This site was recommended by Property Commissioner Johnston as the best of four considered. The commissioner was instructed to have plans and specifications prepared at once.

The advantages of having the reception hospital close to the General Hospital were said by Dr. E. E. King to be chiefly the better facilities afforded there for students from the university to study the cases, and for General Hospital nurses to receive training in the handling of mental cases. Other doctors pointed out that, with the institution near the General, the best medical men could be more readily consulted, and there also every kind of apparatus would be available. The controllers did not appear to be impressed with the desirability of enabling students to inspect the mentally deranged cases.

Mayor Church insisted that if the city built the hospital the city should control it, but the medical men pointed out that this was hardly possible. If it was the decision of the Medical Academy, said Dr. King, that the Trinity College site was a good second choice. He suggested the private patients' pavilion at the old General Hospital as temporary quarters for the reception hospital.

Dr. Meyer, Dr. Hamilton, Dr. Marlow and others spoke.

Whether Commissioner Harris will have to report to the board of control on his negotiations for the purchase of \$200,000 worth of cars for the city, seems before he completes the purchase seems to be an unsettled point with the board of control.

At the meeting yesterday, Mayor Church said the newspapers seemed to have got the wrong impression, but Con-

trollers Cameron and Ramsden did not agree with this.

"The commissioner was instructed to buy the cars and report to us afterwards," contended Controller Cameron. "He must report to us when he gets the bids," declared Controllers Maguire and Gibbons, and there the subject dropped.

Representatives of the Oakland Company again appeared before the board and asked for a decision on their request for a contract with the city regarding the delivery to them of 50 tons of fertilizer a day at the cost of the extra haulage which they thought should be about 50 cents a load. Commissioner Wilson had drawn up an agreement demanding a price per ton several times higher than the company wants to pay, also 10 per cent. of the profits for the city and a surrender in two years of the company's patent rights at the option of the city.

A. C. McMaster, K.C., solicitor for the company, who appeared, said they could pay 10 per cent. of their profits by simply adding the extra onto the contract, but he did not think that was a fair demand from the city. Regarding the surrendering of their patent rights in trade if clear that was out of the question, and the majority of the board seemed disposed to abandon that clause. Commissioner Wilson took a firm stand against a modification of the agreement he had drawn up. Mayor Church suggested that Mr. McMaster should draw up the best terms his company would make and bring the draft to the board for consideration, and this was agreed to.

The board of the civic departments held a conference yesterday afternoon on the safety question and when they have prepared a scale it will be submitted to the board of control.

The board of control gave approval yesterday to the idea of a cafeteria in the city hall for the benefit and use of city employees. Controllers thought this innovation would afford an excellent means of checking up restaurants.

This idea grew out of a letter from Major Duncan of the board of commissary suggesting that some competent person be appointed to collaborate with the board in the regulation of restaurant food prices.

Dr. Hastings opposed the appointment of such an official and suggested that the federal government be asked to fix minimum prices and the city would see that they were adhered to. The whole matter was referred to Dr. Hastings to deal with.

Among the motions which Ald. Singer will present to the next meeting of council will be one asking the provincial government to appoint an agent to take charge of the placing of, insurance on municipal buildings, and also legislation to empower the assessment commissioner to demand a statement of actual cost of land and buildings.

He also wants the city empowered by legislation to appoint an agent to take charge of the placing of, insurance on municipal buildings, and also legislation to empower the assessment commissioner to demand a statement of actual cost of land and buildings.

OFFICERS ELECTED TO COMBAT EVIL

National Committee for Control of Venereal Diseases Meets.

A meeting was held yesterday morning at the office of Dr. McCullough of the provincial board of health for the purpose of organizing the provincial branch of the national committee for the control of venereal diseases. Dr. Chas. Hodgetts, who convened the meeting, was elected chairman. Delegates from Port Arthur, North Bay and other distant parts were present, as well as from Hamilton, Brantford, Peterboro, etc., about fifty being present, including half a dozen ladies.

In the afternoon the executive committee was elected as follows, with power to add to its number, the intention being to retain an active

EATON'S DAY STORE NEWS

THE BOOK ADVISER In at your service for the gathering together of books for school, home or club libraries. She will also be glad to offer suggestions on the finding of data on any given subject.

\$4.95 - THE REDUCED PRICE - \$4.95

Here's a Man's Muskrat Lined Coat at \$79.00

Under Ordinary Circumstances the Price Would, of Course, Be Many Dollars Higher

But the skins were purchased quite some time ago, when prices were far less than they are now, and in addition the coats have been marked particularly low. The linings are of thickly furred and beautifully blended muskrat skins and the shells are of a fine wool and cotton beaver cloth with deep shawl collar of heavy otter. Sizes 38, 40 and 42. Price, \$79.00.

Men's and Boys' Winter Caps, \$1.50

They are in eight-piece crown style, with or without warm inside earbands. There are caps of wool and cotton, cotton and wool and cotton materials, in shades of light and dark grey and fancy tweeds, with many of warm brown whiney cloth. Sizes 6 1/2 to 7 1/2. Each, \$1.50.

Children's Toques Are to Be Cleared at 39c

Boys' and children's toques, made from wool, plain wool and cotton and brushed wool and cotton, in a variety of colors, including white, cardinal, green, blue, buff, and nearly all school colors. Clearance price, each, 39c.

STORE OPENS AT 8.30 A.M., CLOSSES AT 5 P.M.
Closing on Saturdays at 1 p.m.

On Men's Goodyear Welted Boots

In Two Styles

For this item we cannot take phone or mail orders, the quantity being limited, and not more than two pairs to a customer.

One the Comfortable, Broad-Toed Blucher Style, with cushion insole, sturdy soles and uppers. Suitable for the man who requires boots that will stand the wear and tear of heavy service.

The other the Smart Recede Style, with well-finished uppers of dark mahogany leather, and good weight soles. Suitable for everyday or best wear.

The Blucher Boots may be obtained in black dongola kid, dark brown or gunmetal leathers.

It's the first January Sale Boot Offering, and it should certainly prove a noteworthy one, for every boot included is of reliable manufacture, good-wearing leather and sensibly styled.

In it you will find boots for the young man, business man or working man.

Sizes 5 1/2 to 10. Sale price, \$4.95.

And in order to accommodate those unable to come early in the morning, 150 pairs of the Dongola Bluchers with cushion insoles will be reserved and placed on sale at 12.15 noon. Remember the price,

\$4.95

—Second Floor, Queen St.

Youths' and Young Men's Winter Overcoats Are Priced at \$7.50

It's a gathering of odd coats that remained after a recent special selling. At double the price any coat in the collection would ordinarily be considered a sound investment, because they are warm, well tailored and of dependable materials.

Such as thick cotton and wool tweeds, in dark grey shades, pepper and salt patterns and fancy mixtures, as well as browns. Big, cosy, double-breasted ulsters, smart single and double-breasted, high-waisted, form-fitting models, waistline seam. And all-round belts are in the lot. Most of them have the convertible lapels, that may be worn open or close up to neck, and all are lined throughout. Sizes 34 to 37. Each,

\$7.50.

\$16.50 is the Unusual Price at Which Men's EATON Made Suits Are Offered

They're of firmly woven cotton and wool tweeds, in medium and dark greys and browns, showing faint checks, stripes and mixtures. The coats are three-button plain sac or form-fitting style, vests are cut fairly high and have five buttons, trousers have five pockets and belt loops. Body linings are of fine Italian cloth. Sizes 34 to 44. Price, \$16.50.

THE T. EATON CO. LIMITED

LABOR NEWS

CO-OPERATIVISM APPEALS TO ALL

John Hopkins, a well-known exponent in Toronto of the co-operative movement, stated yesterday afternoon to the World that the movement was progressing splendidly in Toronto and that the mass meeting of January 20, which is to be held at S. O. E. Hall, will report the best possible conditions. "This movement," said Mr. Hopkins, "appeals to all intelligent men in every movement. It is patent that only thru an intelligent grasp of the ideas of co-operativism will labor advance its cause. Co-operativism will place labor in the forefront of progress in Canada."

James Miller, business manager for the Union of Freight Handlers, who strongly supported the sentiments expressed by Mr. Hopkins, stated that the Brotherhood of Railwaymen in America had already pledged themselves to the extent of \$9,000,000 towards the progress of the movement, and bespoke for Canada a strong advance of favorable sentiment for it. Mr. Bowring, business manager for the Iron and Steel Structural Workers Union, is another well-known laborite who favors the movement in Canada.

MANY ON STRIKE AT RUBBER WORKS

Rubber workers yesterday to the number of nearly a thousand, employees of the Gutta Percha Company, went out on strike. They held a well-attended meeting at Parkdale assembly hall, and may hold another this morning. As the Canadian Federation of Labor is headquarters of the union of rubber workers functioning among the employees, The World called the secretary up for information as to the cause. It was learned that the strike was called absolutely without the knowledge or sanction of the federation, and had already been put into effect before the officials of the federation were aware of the fact. Increase in wages is said to be the demand of the strikers.

Mr. Street, general superintendent of the factory at O'Hara avenue, thru an assistant denied that a strike was on, and stated none had either been considered or called. R. H. Greene, secretary for the firm, stated that the strikers (at four o'clock) had not returned to work. At half past four the strikers held the large meeting at Assembly Hall, Lansdowne avenue. It is understood that the meeting elected its strike committee.

CANADIAN FEDERATION MAKES GOOD PROGRESS

Tom Watt, general organizer for the Canadian Federation of Labor, stated to The World yesterday afternoon that the movement in Montreal, was on behalf of the Canadian Federation of Labor in that city. Mr. Watt stated that one union, which had previously decided to join forces with the federation, had a banking account in Montreal of \$30,000. Several other

unions, said Mr. Watt, were also contemplating affiliation with the Canadian Federation. A large conference was held in that city of delegates from national unions from such towns as St. Hyacinthe, Sherbrooke, Quebec and Montreal, the delegates pledging themselves to use every influence on behalf of the Canadian Federation.

MACHINISTS CONDEMN PAPER.

Machinists, at the meeting of their district council in Toronto held on Wednesday night, unanimously endorsed the resolution passed by the Toronto Building Trades League recently condemning the alleged policy of the Labor Leader toward labor. The two federated bodies of organized workers who have taken this stand against the Labor Leader and its directorate, comprise 10,000 workers.

HINES' SCHEDULE FOR CANADA.

P. J. Flannigan, general organizer in Canada for the International Union of Freight Handlers and Stationmen, organization with a total membership of more than 400,000, stated to The World yesterday afternoon that the steps were now being taken thru the usual diplomatic and efficient channels to have the Hines schedule for increases recently signed in the United States put into effect in Canada. Mr. Flannigan is one of the labor chiefs representing fully the ideals of the international movement in Canada.

NO MORE OVERTIME.

Overtime in the carpenters' trade in Ontario is to be prohibited except in the case of emergencies and with the consent of the two parties concerned. This at least is the substance of an agreement proposed for ratification by employers by the provincial executive of the United Brotherhood of Carpenters in Ontario.

STUDIED CO-OPERATION.

Local 2183, United Brotherhood of Carpenters, Southampton, has opened up club rooms for the direct benefit of its members, and one day a week

To Grow Hair On Bald Heads

Specialist Gives Simple Recipe That Works Fine.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 2 ounces; Lavender Compound, 2 ounces; Menthol Crystals, one-half dram. If you wish it perfumed add 1 dram of your favorite perfume. This preparation is highly recommended by physicians and specialists and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Ladies using this prescription should be careful not to get it on the face or where hair is not desired.

is being devoted to the sale of food-stuffs and commodities at wholesale prices to members. Reports show that this system has decreased the cost of living to members appreciably, the prices being 20 per cent below those of stores in the vicinity.

110TH IRISH REGIMENT

Altho considerable doubt exists concerning the plans of the militia department for the reconstruction of the militia, the 110th Irish Regiment are making good headway with their campaign of reorganization. Whilst other city regiments remain apparently inactive, the 110th are keeping up their weekly parades in the face of adverse conditions. The usual parade was held last night at the St. Lawrence Arsenal, under command of Lieut.-Col. Boyd Magee, when the men received instruction in rifle exercises, after which refreshments were served in the concert hall.

FIRM INSURES EMPLOYEES

The general manager of the Brantford Cordage Company, C. L. Messer, has voluntarily effected group life insurance on all the employees of his firm that have been six months or longer with them. This is the first firm in Brantford to effect this class of insurance. Employees who have been with the company for one year will have their insurance increased to \$100 per year, as a recognition of continued services. This being retroactive, favors employees that have been giving good services to the company in past years.

"POLLYANNA" AT THE REGENT.

Every admirer of Mary Pickford—and they number among the thousands in Toronto—is anxiously awaiting the opening of "Pollyanna" at the Regent Theatre on Monday. It is stated that in this picture Miss Pickford has contributed her most sincere effort to the screen and every effort has been put forth by her to make "Pollyanna" a bigger and better picture than anything she has ever done before. Neither expense nor time was spared in the attempt to make this production 100 per cent perfect. When it was found impossible to locate a house that would answer for the home of "Aunt Polly," Miss Pickford ordered one built. The set was completed at a cost of \$10,000 and consisted of a front, side and back with a half roof. This is said to be the largest single set ever built for a motion picture. The wonderful story of gladness that "Pollyanna" portrays will have a great effect upon all who see it and the spirit of optimism and good cheer will prevail everywhere. It is doubtful if there has been a picture that has such a cheery and beneficial effect as "Pollyanna." Special music will be rendered by the famous Regent Orchestra, under the direction of John Arthur.

SIR HENRY PELLATT, I. O. D. E.

Nominations were in order at the meeting of the Sir Henry Pellatt Chapter, I. O. D. E., held at the Sherbourne House yesterday. Mrs. W. A. Kavanagh presiding. The officers of last year were returned by acclamation. It was decided that plans for the war memorial fund should not be decided upon for the present.

JUDGMENT AGAINST ONTARIO POWER CO.

Dominion Must Meet Part of Toronto-Niagara Eight Hundred Thousand Dollar Ward.

A judgment was given out at Ottawa yesterday by which the Ontario Power Company, which is really the Ontario Hydro Commission, were ordered to pay the Toronto-Niagara Power Company for the latter to the former on the order of the power controller. On the face of it the judgment looks like a victory for the Toronto-Niagara power people. It was stated yesterday that the commissioner offered to pay the company \$100,000 in full settlement of their claim. This was refused, the company claiming that they were put to enormous expense by reason of having to operate the old T.E.L. steam plant during the war.

P. W. Ellis is chairman of the Toronto Hydro-Electric Commission and in an interview yesterday said: "Eight hundred thousand dollars is a large amount. The company claimed \$1,200,000 and we offered \$100,000. Without the evidence before me, I would not form an opinion on the merits of the judgment but there is a wide margin between \$100,000 and \$800,000." It was good news to Mr. Ellis, favors employees that have been giving good services to the company in past years.

What Women in Their "Forties" Need

BY A SPECIALIST

Many women approach the critical changing period of their lives that comes between the ages of forty and fifty, unmindful of its tremendous importance to their future health and happiness. Not understanding the functional changes taking place in their bodies, they work beyond their strength, often break down, become nervous wrecks, their bodies suffering with fatigue and their weaker nerves trembling at every step. Often in their weakened condition capillary hemorrhage becomes excessive, Peptine, a drain compelling them to take to their beds from nervous exhaustion.

There is something that will instantly relieve the pressure on the overworked nerve centres and give them the vitality to stand up under the gruelling strain. Wonderfully effective results are often given in such conditions by the simple use of Peptine, a skillful combination of six of the best nerve vitalizing elements known to modern chemistry. These little tablets contain no dangerous habit-forming drugs and are entirely harmless in their action. Thousands of women can testify that Ferro-Peptide strengthens the jaded nerves, revives the tired brain and puts them in a position to stand up under the unusual strain of the changing period. Ferro-Peptide has to do these things or it costs nothing, as G. Tamblin and other leading druggists sell it on a positive guarantee of relief or money back.

WOMEN LIBERALS HEAR DR. MARTY

First Woman School Inspector Gives Illuminating Address on Education.

Toronto's first woman school inspector, Dr. L. M. Marty, gave an address before the Women's Liberal Club yesterday afternoon, in which she sketched education from beginning in Ontario in 1805 thru various phases of class methods to the present, leading up to the conclusion that for democracy the thing needed is the "socialized school," an experiment which is under consideration by the board of education.

Dr. Marty claimed that every child had the right to "equal," which did not necessarily mean "similar" education, everyone to be allowed his natural bent in the choice of his life. In the rural parts "consolidated schools" are the beginnings of the socialized school, the hope being to build an equip so that the entire course of scholastic training, together with facilities for manual or other line, that might help to give the pupil a practical place in life may be centralized, the entire course from the kindergarten to the university to be in the one building with recreation of which part would be "movies" to have place in the make-up.

U.F.O. Sketches. Other features of the meeting were an interesting sketch of the members of the U.F.O. government by Mrs. John McVicar; reports of 200 Christmas stockings, together with baskets and other assistance given by the club and reported by Mrs. Adam Ballantyne; discussion which resulted in an endorsement of teachers' salaries. A petition brought forward by Mrs. A. A. Macdonald to ask the government to prohibit any relaxation of the laws of divorce, was placed with the social service committee to be considered.

Still another matter that was put back for consideration was a resolution brought forward by Mrs. W. J. Stevens, accusing the Union government of a departure from responsible government. Mrs. Buddy, president of the society, was in the chair.

Ex-Imperial Soldiers Slow In Applying for Gratuites

Ottawa, Ont., Jan. 22.—(By Canadian Press.)—It is stated by the militia department that application for war service gratuity by ex-members of the British Empire forces who come within the provision of the order-in-council passed on December 1, 1919, following the report of the special committee of the House of Commons, is coming in very slowly. Only 5,098 applications have been received, whereas it is estimated that there must be approximately forty thousand men entitled to the gratuity.

POSTAL VETS TO MEET

Members of the Army and Navy Postal Association will hold a special meeting at S.O.E. Hall on Sunday afternoon to discuss a number of grievances relative to gratuities and other matters specially affecting the returned men in government employ.

HARBOR COMMISSIONERS RECEIVE DEPUTATIONS

The harbor commissioners held one of their regular routine meetings yesterday at the board's headquarters on the waterfront. All the board were present with Hon. Lionel H. Clarke in the chair. A fairly long agenda paper had been prepared for consideration but was not reached, as the whole issue of the disposal of the commissions was taken up in receiving deputations. Amongst these was one from the board of control, who came to seek information on fire protection on the whole waterfront. Other deputations were from boating clubs asking for various privileges. After the last deputation had been received the board adjourned until today when the agenda paper, which contains little of public interest will be taken up.

A NOTABLE RECORD

Comrade John Allen, 70 Stephenson avenue, of the 75th Battalion, who served in the D.C.L.I. from 1881 to 1888, and won the Khedive's Star, Egypt Medal with Nile bar, Abouki Medal (only one other in Canada), and who also fought in South Africa, died yesterday from pneumonia.

Riverdale G.W.V.A. and members of the 75th and 35th Battalions will attend his funeral at St. Monica's Church at 2 p.m. Saturday to Norway Cemetery.

Comrade Allen leaves two sons and six daughters to mourn him.

WIFE-BEATER GIVEN JAIL AND TEN LASHES

Richard McGill appeared in the police court yesterday on a charge of wife-beating. His wife, in the witness box with a broken nose, told how McGill had beaten her because she had turned on the furnace draughts to heat up their home. McGill pleaded guilty to the charge and was sentenced by Magistrate Demison to six months in the jail farm with 20 lashes, ten after ten days, and ten after 30 days. Fletcher Kerr, counsel for McGill, pleaded for a reduction, and the lashes were reduced to ten, to be administered after 30 days.

PREMIER DRURY IN HALTON

There is no certain news from Halton, but rumors of opposition to Premier Drury are rife. In the general elections the Halton returns in the three-cornered fight were:

	Cleaver, Ford, Nixon, Lab. U.F.O.	Con.
Milton	376	108

GROVE'S O-PEN-TRATE SALVE

Opens the Pores and Penetrates

A Remedy for Chest Colds, Head Colds, Spasmodic Croup, Sore Throat, Stiff Neck, Earache and kindred ailments. Apply freely to the skin just over the affected parts and rub it in.

SQUARE DEALING IS LIBERAL SLOGAN

H. Hartley Dewart Tells Southwest Toronto Liberal Association.

In a brief speech, remarkable principally for its reserve, H. H. Dewart, the Liberal leader, last evening acknowledged an enthusiastic ovation to himself and other members of the legislature at a crowded "smoker" in Occident hall, given by the Southwest Toronto Liberal Association.

Again and again Mr. Dewart reiterated the emphatic statement that the Liberal party is desirous in coming in demanding that the people of all parties shall have a square deal in the legislature.

"I do not want," he said, "to represent an elite Liberalism. In the Liberal convention of last June our party rose above the ashes of its old past and gave us a new determination to give the best legislation that must be given to the new Liberal idea. The Toronto members of the legislature will give to the line and the people a square deal to all parties concerned."

The audience expected strong comment on the position of the government, but Mr. Dewart did not express it. He said the Liberal party had adopted the platform of the Liberal party, but the Liberal convention that they had not taken over the government. By an unusual chance they had found themselves in power and their claim now was to get a chance from the other parties.

Neglecting Chances.

"Why do we not take the chance they have?" asked Mr. Dewart. "There are grave problems that must be solved in the interests of the whole province. It is a rather unfortunate thing that a party has undertaken to run the government and to deal for all the people without a mandate from the people. It is unfortunate that the cabinet is still dickered for seats for some of its members with a kind of a committee. In 1916 you nominated me in this riding as an Independent Liberal. The victory was yours. You realized that here Liberalism alone. You realized that here is a new thought and a new idea in Liberalism moving in Toronto, but through out Ontario. You give credit, as I do, to Conservatives animated by the same wish to serve the people—the people, not the Morrison refers to them, but the people of Ontario irrespective of party, creed or race. The idea of the new Liberalism is a square deal for all the people at all times." (Applause.)

Mr. Dewart was greeted with the chorus, "Boys of the Old Brigade," on his rising. The only question he definitely referred to was the soldiers' settlement colony at Kapuskasing, and the report of Drury cabinet. The colonel's report, he said, had vindicated his (Mr. Dewart's) condemnation of the camp in the course of the election campaign. He had produced a special report at his own expense. Col. Carmichael declared it a waste of \$800,000, a sham, mismanaged from the inception by men who did not understand the problem of soldiers' re-establishment.

The present government, he said, must expect to be judged by its failure to be solved.

"So far as I am concerned, if the government does not introduce the legislation called for, we will see that it is introduced, and we will see it up to the government to put it thru." (Applause.)

The meeting was addressed by Lieut.-Col. Cooper, M.L.A., Jack Jameson, M.L.A., Aid. Singer, Controller Ramdeen, R. J. Gibson, Alexander McGregor and Theo. Shillington.

The trucks and binder twine deals of Hon. Frank Briggs were repeatedly referred to. Captain Ramdeen said that among the mortgages registered at the Toronto Registry Office last year were 13 bond mortgages representing altogether an amount of \$25,446,000, on account of which the city of Toronto got only \$12 in fees. He pledged himself to demand that heavy mortgages shall have a corresponding registration fee. He also criticized the attitude of the provincial government to the city.

Aid. Singer said the city of Toronto this coming session must secure from the legislature such legislation as had been vainly sought from the Tory government.

Kingston—(Special)—For securing goods from ex-Mayor Harry Newman under false pretences, J. W. Jackson was sentenced by Magistrate Farrel to six months in the Ontario Reformatory. He was arrested in Cornwall.

Great issues.

"So far as I am concerned, if the government does not introduce the legislation called for, we will see that it is introduced, and we will see it up to the government to put it thru." (Applause.)

He pledged himself to demand that heavy mortgages shall have a corresponding registration fee. He also criticized the attitude of the provincial government to the city.

Aid. Singer said the city of Toronto this coming session must secure from the legislature such legislation as had been vainly sought from the Tory government.

Kingston—(Special)—For securing goods from ex-Mayor Harry Newman under false pretences, J. W. Jackson was sentenced by Magistrate Farrel to six months in the Ontario Reformatory. He was arrested in Cornwall.

Great issues.

"So far as I am concerned, if the government does not introduce the legislation called for, we will see that it is introduced, and we will see it up to the government to put it thru." (Applause.)

The meeting was addressed by Lieut.-Col. Cooper, M.L.A., Jack Jameson, M.L.A., Aid. Singer, Controller Ramdeen, R. J. Gibson, Alexander McGregor and Theo. Shillington.

The trucks and binder twine deals of Hon. Frank Briggs were repeatedly referred to. Captain Ramdeen said that among the mortgages registered at the Toronto Registry Office last year were 13 bond mortgages representing altogether an amount of \$25,446,000, on account of which the city of Toronto got only \$12 in fees. He pledged himself to demand that heavy mortgages shall have a corresponding registration fee. He also criticized the attitude of the provincial government to the city.

Aid. Singer said the city of Toronto this coming session must secure from the legislature such legislation as had been vainly sought from the Tory government.

YORK COUNTY AND SUBURBS

Loyal James Mitchell Lodge Installs Officers for Year

In connection with M.U.L.O.O.F. Loyal James Mitchell Lodge, the annual meeting and installation of officers was held last evening. The following officers were elected: W. T. Hastings, W.G.; J. Hodgson, V.G.; W. T. Tilley, Per. secretary P.P.G.M.; W. C. Cook, treasurer. The installation ceremony was conducted by Bro. T. Hastings, P.P.G.M. During the past year \$1202.46 was credited to the lodge and the treasurer reported a balance on hand of \$12,900 in bonds and mortgages. It was decided to hold a banquet in honor of the 54 returned soldiers members of the lodge, and also to invite their wives and families.

RIVERDALE U.V.L. DANCE.

Under the auspices of the Riverdale branch, U.V.L., a well attended euchre and dance was held last night in the Riverdale Bicycle Club, Broadview avenue. G. McIntyre, president, presided. Dancing was enjoyed by approximately 200 couples, to the accompaniment of Marshall's Orchestra. Prizes were awarded in the euchre competition and refreshments were served under the direction of Mrs. L. M. Burton and the members of the Ladies' Auxiliary.

The charter for the branch will be presented at the next meeting, according to J. Campbell, secretary.

WILL WAIT ON MINISTER

A deputation from the suburban board of school trustees will wait upon the minister of education at parliament buildings tomorrow afternoon by special appointment, when problems in connection with the township schools will be discussed and a measure of relief requested for districts where the school rates are in excess of 15 mills. Duncan Hood will represent the western and W. H. Bessey the eastern districts.

A.O.U.W. DANCE.

A largely attended euchre and dance in connection with the Danforth Lodge, No. 256, A.O.U.W., was held last evening, when 140 members and friends enjoyed a pleasant game and the young people indulged in dancing to the accompaniment of an augmented orchestra, under the leadership of J. Hony. Four cut glass prizes were awarded the winners in the euchre contest.

FRAME DWELLING BURNS.

Owing to an overheated stovepipe damage to the extent of \$800 was caused last night about 8.30 at the two-story frame dwelling, 19 Danforth avenue, occupied by F. Bate.

The fire reels from the neighboring firehalls were promptly on the scene. The family were away from home when the outbreak of fire occurred.

WOODBINE HAS G.W.V.A.

A new branch of the G.W.V.A. was inaugurated in the Woodbine district, York township, last night. There was a good attendance at the Church of the Resurrection, Woodbine avenue. Comrades I. C. Dunwell, vice-president, and J. H. Rose were delegates representing the Riverdale branch, of which the new organization is an offshoot.

Calvary Baptist Church Reports Good Progress

The annual meeting in connection with Calvary Baptist Church, corner of East Gerrard street and Enderby avenue, was held last evening. Rev. Carl Farmer, pastor, presided. Reports from all branches showed a marked increase, and the objective for the forward movement, namely, \$600, was reported realized. Receipts from all sources amounted to \$3089.92, with expenditures totalling \$3085.34, showing a balance on hand, a feature of the proceedings which had not occurred for a number of years previously.

The liabilities of the church during the past year were decreased by \$1203.96.

The deacons elected were as follows: W. H. Bessey, J. Slade, Reuben Graves, F. K. Harris and Richard George; George Rogers, clerk; L. H. Clarke, treasurer; Abraham Hisey, financial secretary.

SCARBORO ELECTION SEQUEL

A sequel to the municipal elections in Scarborough township was enacted at the Victoria Park Ratepayers annual meeting on Tuesday last, when the rate officers, Messrs. Noble and Comber, and other officers who assayed to clear out the former council on Jan. 1, were sewed out of office and their places filled by the election of Messrs. Goodwin, president; Downer, secretary; Pennington, vice-president, and a strong executive.

The meeting was well attended, and the new officers hope to create a new interest in the district and to look after the needs that have been neglected in the past year.

HAMILTON

Hamilton Jan. 22.—Tenders will be called for immediately for the erection of the new jack-knife bridge at the canal.

Controller Jutten suggested to the board of control today that the city install a generator at the new steam pumping plant at the beach to manufacture electric power.

Prof. De Wolf of Louvain University lectured tonight on Cardinal Mercier in St. Patrick's Hall, under the auspices of the Catholic Women's Guild.

William H. Stevenson and his wife, Beach road, were found in bed by their neighbors today with feet and legs frozen to the knees, and unconscious. Their condition is critical.

The city engineer will be asked to report on the widening of Burlington street from James to Kenilworth.

Smoking and picnicking in the Hamilton Cemetery grounds have been banned.

Dr. W. M. English, superintendent of the Ontario Hospital for the Insane, has ceased to be a member of the lunacy commission.

Miss Effie Moe, superintendent of the Y.W.C.A., has resigned.

Mother at Work Children left at home untended, uncared for.

Need we ask which you prefer? Thanks to the Federation for Community Service, the unwholesome conditions of the first picture need no longer exist. The woman who must go out to earn bread for herself and family can now leave her little ones at the day nursery, where they are fed and cared for. Her mind is free from distracting worries—the youngsters are out of danger and in good surroundings—she is able, hand-capped though she be, to keep her health and the semblance of a home.

And yet this help for which every working woman is grateful beyond words is possible only because of the support which you and thousands of other good citizens give yearly to the Federation for Community Service.

The day-nursery institutions, however, vital as they are, are only one group of nearly fifty local agencies which through the Community Service give to hundreds of families relief from want, cruelty, ignorance and disease; to aged people a refuge in their declining days; to wayward young people friendly help; besides a vast amount of social welfare work.

To carry on its work for this year, the Community Service needs half a million dollars, and it expects that to this fund every man, woman and child in Toronto who can will subscribe.

Give once—but give enough!

Look at these two pictures!

At the Day Nursery—Children properly cared for when Mother goes out to work.

If you make a five or fifty-dollar subscription (according to what you can give), you're doing something that's helpful, and you may have six months to pay it in. Won't you then show your good-will by a generous gift to the Community Service to help the poor working women and helpless children of Toronto who are fighting against big odds? You may specify, if you wish, just how your gift is to be used. Please think it over carefully, prayerfully, and give in a spirit of thankfulness for your own good fortune.

OBJECT TO PAYING WRIGHT EXPENSES
Riverdale G.W.V.A. See No Reason to Favor Particular Candidate.

Dissatisfaction with the Toronto District Command regarding its action in connection with the municipal expenses of Jesse Wright, candidate for the board of control, was expressed at the regular meeting of the Riverdale Branch, G.W.V.A., held in Broadview Hall, Broadview avenue, last night. A. W. Marshall, president, presided. Dissent was expressed when a communication was read by the secretary from the Toronto District Command, requesting a proportionate amount of \$80 towards Mr. Wright's campaign expenses. Comrade Roberts pointed out that no help was offered to Sergt.-Major McNamara in his parliamentary campaign, and altho the G.W.V.A. District Command endorsed Mr. Wright, no action could be taken regarding his expenses, the action being illegal, according to the constitution. A motion by Comrade Madden, that the Toronto District Command be disbanded, was laid over, owing to the near-approaching Dominion convention.

The general amnesty to deserters act by the federal government brought about, as claimed by Comrade Dunwell, thru the pressure of the bishops and Roman Catholics of Quebec, was discussed, but no action was taken.

The financial report read by the secretary showed a balance on hand of \$2720.54, which was considered satisfactory.

Sergt.-Major McNamara spoke at some length on the proposal of the provincial command to devote the \$26,000,000 overseas canteen profits to

BOWMAN AND MILLS SPEAK IN NORTH
(Continued From Page One)

ly raided the south and enjoyed the road. They pushed their boundary over a hundred miles southward; they took all Muskoka as well as representatives of these territories, including the mayor of Parry Sound, who is also the chairman of the district, acclaimed the annexation. Parry Sound, indeed, Toronto you are fairly into Muskoka and delirious in New Ontario. The new that it is being judged into the lake, individually. Old Ontario will find it which the romance a community from rock and stream, and ions prospector will have disappointed in a mass of traditional respectability and social dignity.

Three Golden Anchors.

The north has indulged its imagination a little—just a little. It is the greatest country in the universe, figures of proportion elsewhere notwithstanding; it doth not yet appear what it may be, but Mr. Slaght, superintendent of the north for a railway from Cochrane to Moose Factory, threw golden anchors, into the water. The 155 miles of that road, costing ten million dollars, will add five hundred millions to the wealth of this province. On the two rivers between wasts, the line will run there is a pulpwood, requiring five plants on these rivers, each equal to the Abitibi Company's plant, which cost twenty millions. There is oil shale up there that should produce a boom out-Texasing Texas. Oil precious metals. It is reasonable to expect two camps after the Cobalt and Porcupine camps. On Belcher Island,

BRITISH MOLDERS END STRIKE
Manchester, Jan. 22.—The iron molders, who have been on strike for wage increases since September last, today, by a vote of 17,657 to 11,263, decided to return to work. This means a termination of the molders' strike, which has adversely affected a large number of British industries.

To Relieve Catarrh, Catarrhal Deafness And Head Noises
Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises, will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, sit up! Write for a formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:
Secure from your druggist 1 oz. Parment (Double Strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.
Persons who are troubled with inflammation and swelling in the Eustachian tubes, and thus to equate the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the result it gives are nearly always quick and effective.
Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

ST. PATRICK'S CHAPTER DANCE
Foresters' Hall was festive with a decoration of flags and the music of a lively orchestra last night, when the inaugural of three complimentary and successive dances to the women friends of the members of St. Patrick's Chapter Royal Arch Masons, G. R. C. was held. First Principal T. C. S. Harrison received with Mrs. Harrison, his mother. Refreshments were served, the company numbering about two hundred. The succeeding dances will be given in February and March.

NATIONAL CHORUS PROVIDES TREAT

Toscha Seidel Exhibits Rare Masterly Qualities as Violinist.

Last night's concert of the National Chorus was a delightful treat to the audience which filled Massey Hall, and scored another success for Dr. Ham's artistic record.

The fine restrained tone of the chorus was heard in the opening stanza of the National Anthem which was repeated again at the close after "O Canada." Many of the numbers accorded with this note of patriotism.

ENTERTAINING ORPHANS.

North Toronto G.V.V.A. is entertaining orphans and widows of Canadian soldiers at St. Clement's Sunday school on Saturday.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Lady Dorothy Cavendish, Miss Egerton and Captain MacMillan have gone to St. John, whence they will sail for England.

Lady Eaton is entertaining the choir of the Eaton Memorial Church at Airdrie this evening, the occasion being the presentation of a purse to Mrs. Low, the soloist, who is leaving town on a month's vacation.

Mrs. Harry B. Pepler (formerly Miss McIntyre, Philadelphia) received yesterday afternoon in her new house, 24 Bernard avenue, her mother, Mrs. McIntyre, being with her.

Mrs. MacMillan (formerly Miss Elsie Keith) received yesterday with Mrs. Keith, Wells Hill avenue, for the first time since her marriage, when she looked very sweet and pretty in a white satin gown, with pearl tassels, and an armful of sunset roses and bride roses.

ARGOS LIGHT LUNCH FOR GREEN SHIRTS

Speedy Kitchener Team Make Merry at the Scullers' Expense.

Kitchener put in a nice workout at the Arena last night. They had a good chance to perfect their pretty passing game by taking on the Argonauts in a senior game. It could not be called a contest for the visitors always had it in their hands and won them easily. The final was 12 to 3 and Kitchener might just as easily have doubled the count.

Parkes, Clarke, Solomon and Hillman treated the small crowd to some beautiful combination hockey while the Argonauts fumbled and poked at them. Kitchener front line trio streaked right in and peppered the Argonauts.

Kitchener showed smooth checking when they took the motion and the defense was strong at all times. Parkes was the bright light with his cork-crew rushes, and the fans loudly applauded him. Merrick played great hockey and gathered three goals from outside the defense. Farlow was the pick of the Argonauts. He worked on the attack and worked hard on the defence. The rest were out-skated and the passing and shooting was poor. Kitchener had a one-goal margin at the first rest, ran in four goals in the second period, and held Argos scoreless and tallied five times to the scullers' ones in the last session.

The team: Kitchener—Goal, Hainsworth; defence, Merrick, Trushinski; centre, Clarke; right, Parkes; left, Solomon; subs, Hillman and Kargus. Argonauts—Goal, Crook; defence, Knight, Farlow; centre, Hicks; right, Bennett; left, Sullivan; subs, Goldsmith and McCamus.

Referee—Steve Yair. Summary: First Period—1—Argonauts—Bennett 5:00 2—Kitchener—Solomon 3:00 2—Kitchener—Solomon 3:00 3—Argonauts—Parlow 1:00 4—Kitchener—Merrick 4:00 Second Period—6—Kitchener—Merrick 10:00 7—Kitchener—Solomon 2:00 8—Kitchener—Hillman 1:00 9—Kitchener—Merrick 3:00 Third Period—10—Argonauts—Knight 4:00 11—Kitchener—Parlow 1:00 12—Kitchener—Parkes 1:00 13—Kitchener—Parkes 6:00 14—Kitchener—Merrick 6:00 15—Kitchener—Trushinski 2:00

GOLDIE PRODDERS TO STAY WITH SAINTS

Montreal, Jan. 22.—At the National Hockey League meeting held this afternoon at the Windsor Hotel here, a decision was reached to the effect that neutral referees would be used in all games for the balance of the season. The single referee system will be adhered to and it is understood that the board of referees will consist of Harvey Purford, Cooper Smeaton, Art Ross, Steve Yair, Lou Marsh, Charlie McKinley and Harry Hayward.

It was finally agreed at the meeting that "Goldie" Prodders should remain with Toronto, Cameron with Canadiens, and Carpenter with Quebec for the balance of this season, but that the other clubs benefiting should help out Quebec. As to this, settlement was left with President Frank Calder. It was announced that Quebec would start the second half of the season with an all-star team. They expect to secure Rusty Crawford in a day or two and are out after others.

The league will make a substantial grant to the J. Hall benefit fund and if possible an exhibition game will be played. President Calder was in the chair at the meeting and those present were: Harvey Sproule, Toronto; T. P. Gorman, Ottawa; Mike Glick, Quebec, and George Kennedy, Canadiens.

U.C.C. ARE OUTCLASSED BY DE LA SALLE TEAM De La Salle had no trouble in defeating Upper Canada College in a prep college fixture at the Arena yesterday. The score was 10 to 3, and will give a fair idea of the difference in the two teams. U.C.C. were without the services of Greedy and were very weak on the forward line.

De La Salle outfooted their opponents at all times, checked them into the ground and showed good system when on the attack. Cavell was very busy with his rushes and drove a wicked shot at home at all times. Cavell bulged the twice three times. Donohue was the best man on the ice. He went the full route with useful checking and clever dodging and passing at close quarters. Durke checked well and Shaw was tricky and broke up many rushes.

Kress was the best for the losers. At the end of the first period it stood 2 to 2 for De La Salle. At the end of the second twenty minutes it had mounted to 8 to 2. The final was 10 to 3.

The teams: De La Salle—Goal, Stoner; defence, Griffin and Cavell; centre, Donohue; right, Burke; left, Shaw; substitutes, Harrington and McAllister. Upper Canada—Goal, Home; defence, Smith and Mulqueen; centre, Kress; right, Kirk; left, Donohue; substitutes, Richards and Scarth.

Referee, Steve Yair. The Don Rowing Club and Classic A. C. senior T. H. L. game, scheduled for last night, was postponed till Saturday, at 3 p.m., on No. 1 cushion. Don Flats. Dons will hold a practice tonight. All players are requested to attend.

Future of Pulp and Paper Securities

The Pulp and Paper Industry now ranks as Canada's leading manufacturing exporting industry.

Large Deposits

are absolutely essential to the success of a gold mine. Porcupine is a world-famous because its producing mines have great deep-going masses of ore mineralized through and through.

BIG DYKE

has enormous deposits of heavily, evenly mineralized ore. Assays of the ore show high gold values—some sensationally high.

Shrewd investors who have the full information on Big Dyke are getting in on the stock. We strongly recommend it as a buy, with possibilities of surprising profits.

Just 350 yards of this effective net for making curtains. It has strong scalloped edges and neat border pattern with plain net centre. 38 inches wide, in either ivory or white. February Sale, yard, 59c

Helping Mrs. Younghusband

She was such a pretty little thing. And demure! As she tripped diffidently about the big Home Furnishing Department before the afternoon crowds had begun, not one who saw her could fail to guess the mission. "Her first shopping trip." The oldest floor man smiled sympathetically.

Ten minutes later she was talking to the interior decorator. "Just the person she had desired to see."

"I want to make my living-room over," she declared, "and I'm not just sure what colors I want. You see, my husband (a flush) and I recently bought our home, but I want some changes."

The decorator explained that his duty was that of an adviser in the matter of color schemes and artistic interiors. "What do you think of this?" he asked, stopping at a drape of magnificent blue Genoa velvet. "You state the room has a southern exposure; why not use this as upholstery and that blue and gold striped damask as hangings?"

I Must Have It.

"Oh, wouldn't it be wonderful with a dull rose lamp," she gasped with bright, shining eyes, marvelling at the rich, velvety effect. "I simply must have that," but with an after thought, "I don't think George can afford it."

"Why not use the Home-Lovers' Club, Madam?" inquired the decorator. At first she did not understand, and he explained.

When the young housekeeper learned that most matters of interior decoration and of home furnishing could be arranged through the Club, her delight was manifest. Today all her friends demand the secret of her unique living-room. "The answer is easy," she tells you triumphantly, "SIMPSON'S HOME-LOVERS' CLUB."

Do You Belong?

Simpson's—Fourth Floor.

Overblouse of fine pearl gray wool jersey, embroidered in self-toned chenille and 'sapphire' blue silk in novel leaf design. Price 25.00

Overblouse of navy wool jersey—the Dutch neck, belt and cuffed hem blanket-stitched in scarlet chenille, and dotted with cunning chenille rosebuds in scarlet and amber. Price 25.00

The Appeal of the Wool Jersey Blouse

By reason of its extreme smartness, warmth without the weightiness usually attendant upon all-woollen fabrics, and its invariable becomingness—wool jersey has won a lasting place in the feminine heart for sports, business, and even dress wear.

And lo! here we find it adapting itself to the cleverest blouses of which Fashion could possibly conceive—blouses distinctly *a la mode*, yet boasting little originalities peculiarly suited to the quality of the fabric and immensely captivating.

The long over blouse, prettily embroidered in silk, chenille or wool of contrasting shades or smartened by applied wool flowers, is favored. But the new "hipband" tailored model is also shown with severe little buttons that fasten straight up the front to the high collar.

Husky Suits for Husky Lads

Boys' Tweed Suits, \$9.75. 75 suits remaining from our season's selling, in grays, browns, and olive tweeds, and donegals, and blue worsteds, in Belter and Waist-Line models, with bloomer pants. Sizes 25 to 29 only. Regularly up to \$16.00. Friday bargain 9.75

Boys' Suits, \$7.25

65 sturdy suits, made from wool and cotton mixtures and worsted finish materials, in novelty checks and stripes, in browns, grays and olive effects.
