### III With Inflammatory Rheumatism Since New Year's But **Death Unexpected**

Was Found Dead by His Wife at 4 O'Clock This Morning—Pulmonary Embolism Immediate Cause of Death-Telegrams of Condolence Begin to Pour in-Sketch of Life From Puny Boy to Great Place in Nation

Oyster Bay, Jan. 6-Col. Theodore Roosevelt died at his home here early today.

New York, Jan. 6-News of Theodore Roosevelt's death was received here by Miss Josephine Striker, the colonel's THE LATE COLONEL secretary, in a telephone message from Mrs. Roosevelt.

since been more or less confined to his room. Oyster Bay, N. Y., Jan. 6-Colonel Theodore Roosevelt died in his sleep early today at his home on Sagamore Hill, in this village. One of his doctors

said that the immediate cause of death was pulmonary embolism or a blood clot from a broken vein lodging in the lung.

In announcing Colonel Roosevelt's death Miss Striker said: "Mrs. Rooseveit called me on the telephone a little before 7 o'clock, saying that the colonel had died early today. She did not give me any particulars, and I am leaving

"The attack must have been very sudden. On New Year's day inflammatory rheumatism developed in Colonel Roosevelt's right hand which became very much swollen. Mrs. Roosevelt sent for a nurse in the village and the colonel was made as comfortable as possible. It did not occur to me at that time that he was

seriously ill."
Miss Striker went to Oyster Bay last Saturday to pay the colonel a visit. She said: "At that time the colonel was sleeping in his room and I did not see m, and there was nothing in the circumstances of his illness at that time to indicate to me that death was near. When Mrs. Roosevelt called me this

morning and told me of the colonet's death I could hardly believe it."

It is understood that only Mrs. Roosevelt and the nurse were with him at the time of his death. The other members of the family are in other parts of the country or abroad.

A telephone message received later this morning from Oyster Bay said that Colonel Roosevelt had died at 4 o'clock this morning. The colonel suffered a severe attack of rheumatism and sciatics on New Year's Day, but no one believed that his illness would likely prove fatal. The

### Was Pulled Through THE TRYING TIME

and I have told many of my neighbors about them.

Two years ago last November I was in poor health. The doctor said it was change of life, as I was over forty years old, and that I would have to be very careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case.

Then they sent for a specialist, as they began to think it was my mind.

When the specialist came he was baffed, for I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing.

Next day a friend came with a cab and took me to their home. They got a box of Milburn's Heart and Nerve Pills. I started taking them and began to get better, and at the end of two weeks I could walk around the room. I am now well and able to do my own work.

APPEAL FOR THE WAR SUFFERERS.

At some period in our lives there is sure to come a time when the stomach is "off")—not working well—failing to enjoy and digest its food. Main thing then is to get the right remedy. You really want a soothing medicine, one quick to act, sure on results, combining the virtues of a gentle laxative with a tonic effect upon the stomach liver and idneys.

Certainly the world affords no better medicines, for the stomach than Dr. Hamilton's Pills of Mandrake and Butternut. Their laxative effect is ideal,—can't be beaten! But in addition to their helpful action upon the bow-risk, these pills contain certain ingredients that strengthen and invigorate the muscles of the stomach, thereby relieving all sorts of stomach misery, indigestion, sourness, rising gas, headache and billiousness.

Just try Dr. Hamilton's Pills—they'll make you full of energy—brimming over with snep; they bring and main-toin robust, sound, vigorous health, and isn't that just what you've looked for the semany months?

# SALVATION ARMY

If one institution in the Empire was prepared for war, it was the Salvation Army. For fifty-three years it has been relieving distress wherever and whenever the need arose.

The Salvation Army has always been organized on a military basis—inured to hardship, sacrifice and service. It is always in action, day and night.

When the War came, intensifying human suffering and the need for bodily and spiritual help in a thousand ways, the Salvation Army was ready.

The twelfth day of the war found the Salvation Army at work behind the lines in Belgium. It has maintained 197 huts, 96 hostels and 40 rest rooms; 1,200 uniformed workers and 45 ambulances have been in service at the frontin addition to taking care of the needs of soldiers' families here at home, assisting the widows and orphans, and relieving distress arising from the absence of the soldier head of the family.

Hostilities have ceased, leaving vast and complex problems, and these problems arise notwithstanding all the Repatriation work the Government has undertaken, in addition to the granting of pensions. Above and beyond what other agencies are accomplishing, there are thousands of cases of urgent human need among soldiers' families that the Salvation Army is trained and equipped to meet-provided the financial help is forthcoming. Hence-

# The Salvation Army Million Dollar Fund

JANUARY 19th to 25th

While it could do so, the Salvation Army has carried on without any general appeal. Now the crisis has arisen, because our three hundred thousand soldier boys are returning. The budget for essential work during the coming year has been prepared. A million dollars must be raised to continue the after-the-war activities, which include:

### Hostels for Soldiers

Salvation Army hostels are vitally necessary for the protection and comfort of the soldier at the many stopping places between France and his home here in Canada. These hostels—or military hotels—provide good food, clean beds, wholesome enter-tainment at a price the soldier can afford to pay. In addition to, hostels already in operation, many more are needed near stations and landing places, from Paris, through London, Halifax, St. John, right through Canada to Vancouver. If the boys do not have the hostels, WHERE would they go?

### Care of the Wives, Widows, Dependents and Orphans of Soldiers

Scores, and hundreds, of cases could be cited where soldiers overseas have been comforted by the assurance that the Salvation Army had stepped in to relieve their families from dire need. For instance, a mother with six children is discovered —no fuel, weather freezing, food and funds exhausted by sickness and other troubles. They are taken to the Salvation Army Emergency Receiving Home for a few days until their home is made habitable once more. Widow of soldier sends for help; Salvation Army workers cope with immediate necessity—send mother to Maternity Home, three children to Emergency Home. Winter and 300,000 boys returning increase the demands on the Salvation Army, whose personal help alone is of avail.

### Keeping the Family Unit Intact-Home

The women of the Salvation Army on their visiting rounds accomplish the apparently impossible. Is the discharged soldier out of a job? They find him one. Is the wife sick, the home-work piling up—are the children neglected? They nurse the wife, mother the children, wash and scrub. Is there need for food, fuel, clothes or medicine? They are supplied. Influence is brought to bear to guide the older children. Whatever can be done to keep the home intact, is joyfully done in the true spirit of the Master.

### When the Soldier Needs a Friend

As long as a Canadian soldier needs the comforts the Salvation Army can offer, he will find them available. The Salvation Army Lassie will be there with the hot coffee, the pies, chocolate, magazines, writing materials, and always the spiritual comfort for which the boys feel the need over there. The Salvation Army Lassies have heard and carried out the last wishes of many a man who has made the supreme sacrifice. Until the last homeward-bound soldier is happily re-established in civil life, will you not help the Salvation Army to combat the discomforts and evils that beset his path?

The service of the Salvation Army, founded on sacrifice, demonstrates the true Christian spirit. It is directed to the extension of the Kingdom of Christ. For two generations the Salvation Army has stood out and out for God.

It approaches practical problems in a practical way and achieves results. It co-operates with all-overlaps none. It recognizes neither color, race, nor creed. No organization does greater work at less cost. To carry on its great work among the 300,000 returning soldiers and their families, it must have financial help. On its behalf members of the Dominion Government, business men, and returned soldiers endorse this appeal for funds.

Mr. Culver Refers to Him as One

Informed him of the death of Colonel Roosevelt this morning. He said;
"It was with profound sorrow that I received the news of Col. Roosevelt's death; it came as a great shock, for I was not aware of his illness,
"In his death the United States has lost one of her greatest and truest sons.

His carrent was a most marvelleus one. His career was a most marvellous one, but what he achieved was through merit country at heart. Perhaps no man of his time had a greater or more comprehensive grasp of world conditions than he, and he was, above all, fearless in empressing his opinions.

The death of Harry S. Marr occurred suddenly in the Boston City Hospital, Boston. Death was due to influenza followed by pneumonia. Mr. Marr was a telegraph operator and had for many years been in the employ of the Pensylvania Raifroad Company at New Jersey. He was twenty-eight years of age and leaves, besides his sorrowing parents, Mr. and Mrs. Thomas Marr of Belleisle, one sister, Mrs. Geo. E. Galo of St. John. He was a popular, unassuming young man who will be greatly missed by a large circle of friends. The funeral will take place from Belleisle Station on Tuesday afternoon at 2 o'clock. Interment will be made in Belleisle Union cemetery.

PERFORMING DOG LOST

Trainer Ederette, belonging to The Act Beautiful, one of the splendid specialities of the Harry Lauder show seen here last week, sustained a serious loss in the disappearance of one of his trained hunting dogs while in Bangor just previous to coming here. The dogs were being taken out for an airling in the streets and one of the pack—there were five of them them—was run over by an automobile. After lying on the ground as if stunned for a minute or so the canine jumped up and ran away for dear life, All efforts to locate it falled and even up to the time the company left St. John there were no answers to advertisements. It is thought the dog was thoroughly frightened and after his tassie with the acto became temporarily mad with the scare it received. The act to which the dog belonged is an English one and exceptionally valuable because of the profindency of the dags an horse in their pooling.
