A CAPTURED GUN

Canadians inspecting a German cannon of high power just captured by the enemy before retreating beyond the front line. The enemy before retreating beyond the front line, as was done in many other cases by Canadians, especially trained for that purpose by General Morrison of Ottawa.

Enemy Armies In New Retreat

Give Way Between Oise and Aisne Under Pressure From General Debeney

Paris, Oct. 28.—Germany's armies have begun a new retreat, this time between the Oise and the Aisne. General Debeney's first army, in the teeth of stubborn resistance and repeated counter-attacks, has succeeded in swinging on its right flank so that it faces east. It has reached Guise and the Guise-Marie road, driving the enemy before it.

General Debeney is now in position to push rapidly along the upper Oise Valley toward Hirson and Verme through a level country devoid of streams. The first result of his progress is to force the enemy opposing the tenth and fifth French armies, exhausted by fruitless counter-attacks, to begin a backward movement which is eventually bound to extend to the front before Retiel. This will open to the fourth army a double passage of the Aisne and Ardennes Canal.

General Debeney says success was won by sheer hard fighting. The importance of the enemy attached to stopping this progress up the Oise may be gathered from the fact that the Germans yesterday threw in three fresh divisions, which, however, were knocked out.

ASK DOMINION TO TAKE OVER THE VALLEY RY.

Another consultation of provincial promoters will be held in Ottawa beginning Tuesday, November 19, and will in all probability be continued three or four days. Premier Foster is in receipt of a telegram from the prime minister stating that this date has been fixed for the conference and requesting that Hon. Mr. Foster attend.

The conference will take up the matter of the settlement and the problems to be solved in this connection: immigration, land settlement and the request of the people of the prairie provinces that the federal government "vest in those provinces the control and rights of their natural resources respectively."

Taking Up Railway Problems.

"I hope to be afforded the opportunity when I am in Ottawa this time," said Hon. Mr. Foster, "to begin discussing with representatives of the Dominion government the railway problems of New Brunswick."

"I am desirous of securing," he continued, "efficient transportation service for the counties served by the branch lines during the coming winter. New Brunswick suffered considerably during the past winter because the branch lines were unable to overcome the serious difficulties confronting them."

"Two important branch systems, the Carleton Place and the Valley Railway, are still in the hands of private parties. These roads serve very important sections of the province and it is desirable in the public interest that they should be taken over at the earliest possible date. The owners of these lines have, so far, not consented to the transfer on the basis of the price paid other lines. The rates charged on these lines and the general opinion of the public are matters of serious complaint and I hope to see some arrangement whereby the control of these lines, that is to say the rates, equipment and service performed, may be placed under the control of the railway commission of Canada until such time as an arrangement can be made for their operation by the Canadian Government Railways."

"While on the railway question," continued Hon. Mr. Foster, "I will take the opportunity of pointing out the position we occupy relative to the St. John and Quebec Railway, the Valley Railway and the Carleton Place Railway. The time will soon arrive when this railway will be taken over for operation by the Canadian Government Railways and at that time the full charge for interest on construction account will have to be paid by the taxpayers of this province. This charge will reach an amount that will mean a big financial problem to solve. My intention is to impress upon the Dominion authorities the necessity for taking over the ownership of the line when complete."

"It will be remembered that the Dominion government has recently taken over the Canadian Northern Railway system, involving the expenditure of hundreds of millions of dollars. Their action in this regard has been the means of relieving the other provinces of the Dominion of very large indebtedness in the nature of guaranteed bonds. The taxpayers of this province will, of course, necessarily have to pay their share of the expenditure involved in this process, and I feel it is only fair and right that this province should receive something in return and it seems to me that no better proposal can be made than that the Dominion authorities should assume the ownership of the Valley railway."

THE CASUALTIES

Sergeant George Arthur Wiley, artillery, is reported admitted to 78 general hospital, Frouville, October 16, suffering from gunshot wound in the chest. Word came to Mrs. Winnie Wiley, 101 Queen street, West Side. He went overseas in 1914 with Major Magee's Heavy Battery. Two months ago his horse was blown from under him and killed. Being listed as a gunner Sergeant Wiley won his stripes on the field and was recommended for a commission a short time ago. He is twenty-five years of age and was formerly employed with the C. P. R.

Serjt. Wiley Wounded.

Mrs. Winnie Wiley, 101 Queen street, West St. John, was advised on Saturday that her son, Serjt. George Arthur Wiley, artillery, has been wounded in the chest by gunshot and has been admitted to the 78th General Hospital, Frouville.

MILITARY HOSPITALS

Pitt street military hospital is to be taken over as a general hospital for the treatment of soldier cases. The St. James street military hospital is to be used entirely for infectious or contagious diseases and the school for the deaf at Lancaster is to be known as the St. John Military Hospital and is to be the chief military hospital in the area.

LAST MINUTE PREPARATIONS FOR THE DRIVE

In connection with the provincial effort, S. A. Thomas, a member of the provincial executive, stated last night that the outlook was most encouraging. The provincial objective is \$18,000,000, that is, \$8,000,000 outside the city and county of St. John. While there is every room for optimism, the presence of the epidemic in the province will undoubtedly retard the progress of the drive in those parts of the province where it is most prevalent. The fact that public assemblies have been placed under the ban by the health authorities removes one source of advertising, as it was hoped that the moving picture houses would be able to assist.

Last night a meeting of those who will be the salesmen in the present drive was held at the Imperial Theatre with the permission of the health authorities and through the generosity of Mr. Golding. Mayor Hayes first addressed the meeting and expressed upon his own part the fact that the money was needed and that no effort should be spared to push forward the sale of every possible bond.

Some very striking pictures were shown upon the screen which concurred in the spirit of the drive and gave valuable suggestions. This was followed by an address by Hon. J. B. M. Baxter, who pointed out that one of the greatest perils of the present drive of which the salesmen must beware is that the spirit of victory is abroad in the land and many are inclined to believe that the drive has been won and that the necessity for further effort has been removed. He pointed out that this was in reality each day a staff of special salesmen has been arranged for in every one of those already slated for duty becoming ill. He expressed the hope that there would be a certain amount of rivalry in the different wards.

An open-air meeting in front of the Imperial Theatre will be held this evening in the interests of the Victory Loan campaign. Several returned soldiers will deliver addresses and if Hon. F. B. Carvell arrives in the city in time he will be requested to address those assembled.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 28, 1918.

OVER THE TOP TODAY.

The gentlemen who are canvassing the city today in behalf of the Victory Loan are out not only on the king's business but the people's business.

In other words, the people are not being asked to give money but to lend it on the most advantageous terms.

It must not be forgotten that even if the Allies set out to do justice to certain murderers it may upset the calculation.

ON TO VICTORY.

Ludendorff is gone, but the Kaiser and Crown Prince are still on the job. The military command of the German army has been placed under control of the civil government.

The influenza situation is such that those who have a knowledge of nursing would be doing a public service by offering to do what they can to help stricken families.

NOVELTY IN BUILDING.

In the novel method of making building foundations developed in France and Belgium by Louis Dulac the ground is compacted without excavation.

Turkey has lost Aleppo, and the British are also steadily advancing in Mesopotamia. The Turk cannot but see that being cut off from Germany, with danger of an invasion from the north, and with continued loss of Asiatic territory his only safety lies in accepting what terms the Allies may offer.

In Russia there is nothing to give comfort or hope to Germany, for the Bolsheviks are losing ground, and the atrocities they are committing deprive them of all sympathy.

Meanwhile on the western front the Allied advance continues. It is not rapid, but it is steady and sure.

The Allies have but to fight on and the whole German military machine will be destroyed. It may not be accomplished until next year, but the collapse may come much sooner.

There is today a report that Hindenburg has resigned. Along with it comes also news that a new German retreat has begun between the Oise and the Aisne.

"GOTT MITT UNS."

"I will not abandon my sorely tried people, but, if necessary, I am ready to become something in the line of a hereditary president of a German republic, like the kings of England and Belgium and Italy."

This does not appear to be a case of "On with God for the Fatherland," but of "Fly who can and the Devil take the hindmost."

The Kaiser and Hindenburg stand at the extreme. The latter says the Kaiser should abdicate, and the Kaiser regards himself as indispensable to his "sorely tried people."

MESSRS. MURRAY AND JONES.

The Globe declares the claim that the province lost nothing through the potato fraud is "absurd and dishonest."

MOODIE'S Peerless UNDERWEAR

The Vogue of Peerless Underwear

A TREMENDOUS body of Canadian women favour Moodie's Peerless Underwear.

This is not chance. The vogue of Moodie's Peerless Underwear is our reward for the closest study of Fashion's demands in undergarments, and for an unyielding adherence to the highest standards of manufacture.

Moodie's Peerless Underwear is wonderfully snug and dainty in fashioning and fit. The charm of Milady's attire will never be marred if she wears Peerless. The comfort of well-fashioned undergarments is assured.

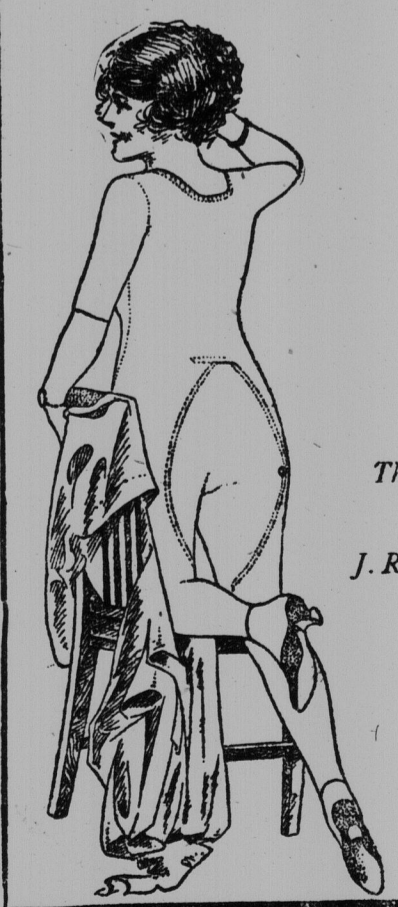

And how delightfully soft and luxurious is Moodie's Peerless. You'll just love to wear it. How well it serves, too—even under the strain of the wash-tub.

If you have admired the dainty underwear in the most exclusive shops, you'll appreciate the quality of Moodie's Peerless.

You'll also appreciate its reasonable price.

Made in weights and styles for all seasons—combinations and separate garments. For women and children.

On sale at nine out of ten shops.

REMEMBER NATIONAL FISH DAY

To Help the Boys Over There!

Next Thursday is National Fish Day. Every one in the Dominion is asked to make it a Meatless day. Every one in the Dominion is asked to make it a Fish Day.

We are honoring our men overseas in respect of our National Fish Day, for fish for us spells meat for them.

We are honoring the brave men who toil unflinchingly in fair and stormy weather alike, to keep up the country's fish supply.

The housewives of the Dominion have it in their power to make next Thursday National Fish Day in effect as well as in name.

Twenty car loads of Pacific Coast flat fish have been shipped from Prince Rupert to various points in Canada to supply National Fish Day demands.

RECENT DEATHS

Dr. G. H. Osgood, ophthalmologist of the Massachusetts Homeopathic Hospital and one of the best known X-Ray specialists in England, has died at the Evans Memorial of that institution from pneumonia. He is survived by his wife, Miss Nellie Cowan, of St. John (N. B.), daughter of J. E. Cowan, 85 Main street, and by one daughter, Constance.

In addition to his institutional work, Dr. Osgood had an extensive private practice in his own particular field, which gave him a wide circle of acquaintances among the physicians of New England. In his more public activities Dr. Osgood had been a member of Medical Advisory Board No. 41-b, and was daily awaiting his commission in the naval service when his illness cut short a useful life which promised a noble future service. He was a member of numerous professional and fraternal societies. Interment will be at St. John.

Word was received in this city last evening to the effect that the Rev. Francis J. Corrigan, a well-known Redemptorist priest, has died of Spanish influenza in a Toronto hospital. Father Corrigan was well known in this city and recently conducted several missions in the province. In this city he assisted Rev. Father Scholly in conducting the mission in St. Peter's church on Saturday, October 26, after a brief illness. He was son of Mr. and Mrs. William Evans of Ball's Lake and was in his thirty-sixth year. He is survived by his parents and one sister, Mrs. Edward Day.

One of the most distressing cases of the ravaging of influenza is reported to have occurred in the home of William LeBlanc, near Batoche. At one time the whole family of eleven were down with influenza and pneumonia. In fact, LeBlanc, his wife, Eric, Neil and Thomas, died, and last night the mother died. The father's condition is critical.

Washington, Oct. 26—Mrs. Ella Flagg Young of Chicago, chairman of the National Women's Liberty Loan committee, died here today of pneumonia, following a short illness from influenza.

Grand Falls, Oct. 25—The death of Miss Estella Paradis took place at her home here on Friday morning. She was about twenty years of age and had been in poor health for some time. A short time ago she took influenza and lived only a few days. She was a daughter of Denis Paradis.

Grand Falls, Oct. 25—William Cyr, a well-known business man of St. Andre, Madawaska county, died on Wednesday after a brief illness. His brother, John Cyr, died only a few days before. John Dabuy, another well-known resident of St. Andre, died on the same day.

Grand Falls, Oct. 25—Mrs. Richard McCarthy, Rapide des Francais, died on Friday of influenza. She leaves a husband and family.

Grand Falls, Oct. 25—Walter McLaughlin, of Ortonville, died on Friday after a brief illness. He was a son of the late Charles McLaughlin and was highly respected by all who knew him. He leaves a widowed mother, two brothers and three sisters.

Hartland, Oct. 25—Miss Alverta Estabrooks received the sad news of the death of her nephew, Kenneth Estabrooks, aged eighteen years, son of Arthur Estabrooks, of Vancouver (B. C.), death being due to pneumonia.

Hartland, Oct. 24—The death occurred at Windsor of Miss Zella Henderson, daughter of Armond Henderson, death being due to pneumonia following influenza. Three other members of the family are very ill of the same disease.

Newcastle, Oct. 25—The death of Ray, oldest son of Mr. and Mrs. Fred Chambers, of Halcomb, occurred last night. He had been ill for a year and at last succumbed to Spanish influenza.

Newcastle, Oct. 25—The death of Mrs. Myrtle Kirkpatrick, wife of Leslie Kirkpatrick, of Douglastown, occurred on Friday afternoon.

Newcastle, Oct. 25—The death of Miss Mary Ann Lawlor, one of the oldest and most respected residents of Newcastle, occurred yesterday afternoon of pneumonia. She was seventy years of age.

Miss Christina Colwell of Fredericton died yesterday afternoon of pneumonia. She was twenty-three years old. Besides her father she leaves one sister.

Newcastle, Oct. 25—The death of Mrs. Harold Williston, of Bay du Vin, daughter of the late Mr. and Mrs. Joseph L.

PEACE TALK STARTED

In its summary of the iron, steel, metal and machinery markets for week ended Oct. 24, Canadian Machinery and Manufacturing News, Toronto, makes the following observations: The war orders being placed by United States government since the beginning of the German peace talk are greater in volume than they have been for some months. That is the feeling in the steel industry and it is reflected in the trades most concerned in the production of munitions. As a matter of fact it will not be long before the production of shell steel is at the rate of 600,000 tons a month, a figure that has not been yet attained, but developments show that it is not impossible.

The only element of uncertainty entering into the situation now is for the machine tool trade. Their position is different from that of the contractor for munitions. Business placed now for war plants is placed on the known fact that delivery cannot be made for some months yet, and it will be still longer than that before the machines can come to the point where they will be taking their place in the production returns in the way of delivered shells. Figuring on business a month in advance is not the problem of the machine tool trade. Rather they are right now trying to figure out what conditions are apt to be toward the end of the first half of 1919. The rapidity with which events are developing on the western front is not making their task any the less difficult. If the terms of the latter are unconditional surrender it means that there will need to be a lot of metal shipped across the ocean before the last chapter is enacted.

The influenza epidemic is interfering to a rather serious extent with the production of munitions in some of the shops. For instance, in one shop in Toronto where there are 2,500 hands on the payroll, almost 600 are away now, and the disorganization is felt in the output figures. Some of the large machine arms have sent out very explicit instructions to their selling agencies that they will not take on any business that has a cancella- tion clause attached to it. They are taking this step to protect themselves during the period of uncertainty that may follow the declaration of peace. Any business that they take on now must be on the distinct understanding that deliv- ery will be made and the machine paid for regardless of the trend of the war. Of course there are other firms that have not made any such rules, and they are willing to consider cancellations, subject, of course, to satisfactory ad- justments covering the labor costs al- ready incurred.

WILSON RECEIVES PRELATES.

Washington, Oct. 24.—Bishop Keating of Northampton and the Bishop of Ar- rax, Catholic prelates, who arrived re- cently in the United States to attend the golden jubilee celebration of Car- dinal Gibbons, were presented today to President Wilson. Speaking at a luncheon at the Cath- olic University today, Bishop Keating said that "the British public in general, and British Catholics in particular, are determined that the fading of the Irish convention shall not remain a dead let- ter." "The red hand of Ulster cannot be al- lowed to wreck any more statues," the bishop said. "Ascendancy must end in Ireland as it must end in Prussia and elsewhere. No British party, certainly no British government, will ever again be willing to play Ulster's hand or seek to perpetuate the intolerable situation, which has brought misery for so many generations."

LIKE THE DAYS OF OLD

When the Germans blew up the bridges at Chateau-Thierry they thought that they blocked the advance of the Americans, but the latter, taking a page out of history, used scaling ladders, such as were used in the siege of Troy (but of steel instead of wood) and quickly followed on.

CROATIA AFLAME WITH REBELLION

London, Oct. 27.—A despatch to the Exchange Telegraph from Zurich, Switzerland, says the revolutionary movement is spreading through Croatia. The despatch adds that more than 400 persons have been killed at Fiume and 300 at Zagabria.

Amsterdam, Oct. 25.—(Friday)—The Dutch newspapers today published a despatch from Budapest which says that in collisions between Croatian and Hungarian troops in Fiume there were many casualties, hundreds of persons being wounded. The Croatian tri-color was hoisted on the public buildings.

Troops from Otocac, fifty miles southeast of Fiume, disarmed a Serbian battalion which resisted them and took possession of the harbor. All state buildings, including the post office were occupied by troops. The railway station was destroyed and the mobs and troops plundered it. The Hungarian and Italian populations fled.

The Budapest newspaper Az Ujsag reports demonstrations at Karlovitz in Croatia-Slavonia, where two infantry regiments mutinied. The railway station was plundered.

LAST NIGHT'S WAR SUMMARY

On the western battlefield the British, French and Americans have continued to make further slight gains against the Germans; in the Italian theatre both the British and Italians have scored successes, while in Asiatic Turkey the British have captured Aleppo, in Syria, and are driving ahead on both banks of the Tigris in Mesopotamia, with the Turks unable to check them.

The fall of Aleppo and the continued advance of the Tigris are moves of such strategic value that it is not unlikely Turkish opposition shortly will be entirely overcome both in the Holy Land and Mesopotamia.

The French armies, fighting on the forty mile front between the Oise and the Aisne rivers are keeping up their offensive against the Germans and have made additional gains, taking several villages and compelling the enemy to fall back at various points.

In the region southeast of Valenciennes around Le Quesnoy the Germans have delivered violent counter-attacks against the British. Their efforts to throw back Field Marshal Haig's men from the positions they had were unsuccessful, and heavy casualties were inflicted on the enemy by machine gun and rifle fire.

The Americans have begun the second month of their operations in the region of Verdun by keeping up their attacks against the Germans from the Meuse to the wooded country north of Grand Pre. Some further progress has been made notwithstanding continued strong opposition by German machine gunners from behind the natural fortifications which abound throughout this district. American airmen also are continuing their bombing operations behind the German lines, their latest effort in this respect having been made against the territory around Briquesnay, north of Grand Pre, in which 140 airplanes took part, sixty of them being bombing machines.

Since the Americans began their operations northwest of Verdun more than forty-five villages have been liberated, an advance to an average depth of ten miles has been made and more than 20,000 Germans have been taken prisoner.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative At Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign the little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of cheap imitations sold here, so surely look and see that yours is made by the "California Syrup Company." Hand made with contempt any other fig syrup.

make the Manor House Road detour. The Golden Grove Road now has been required and during dry weather traffic conditions are satisfactory via this route; however, during wet weather, like all new roads, it becomes soggy and is consequently not conducive to the most satisfactory results. The road embankment and the bridge approach at Nerepis is being put up to tender by the bridge branch of the public works department and it is expected

that the material, ample quantities of which were placed on the embankment for the road by the railway contractor, will be moved over by a steam shovel so as to form a snell along the railway embankment. The concrete abutments when completed for the railway were also arranged for the highway bridge and pending their completion by the manufacturers it is quite likely that piles will

be driven and a temporary wooden span placed there. Most important work is being done by the road makers at the present time, the placing of concrete culverts. They were in position before the heavy rains of the fall and proved most satisfactory. Supervisors working on the trunk roads have asked for a supply which is very difficult to obtain at the present time. The minister of public

works, Hon. P. J. Veniot, has been detained at his home for the last week or so owing to the very serious illness of members of his household from influenza. INQUIRY POSTPONED The next session of the royal commission appointed to inquire into the potato charges has been postponed by the order of Commissioner

McQueen, and the first of the adjourned sessions will be held on Tuesday, Wednesday, November 5 or 6. It has been previously decided to hold the adjourned sessions on Tuesday, October 29. The exact date of the adjourned hearing will be announced in a day or so by the commissioner.

USE The Want Ad Wa

The World Is Watching Us

IN A FEW DAYS you will be asked to subscribe to the 1918 Victory Loan. Make ready to answer the appeal to the uttermost of your capacity. By the individual answer he gives each individual citizen will be making or marring the name and fame of Canada to an extent he may not realize.

Your money is required for the proper prosecution of the war. But, beyond the material need of your money, there is a great moral need of it. The world's gaze is fixed on us. What of the Greater Britain overseas? What of Canada? Is her spirit as high, her resolution as indomitable, her will to win as steadfast as in the days, now passed for ever, when disappointment, agony, and bitterness of hope deferred, were her almost daily lot?

These questions are for you to answer. And, as you love your country, as you respect yourself, but one answer can you give. Give it with all your might. Prepare to lend as you never lent before. Show the Kaiser and his myrmidons that you rate their hollow pratings of a false, inglorious peace as they should be rated. Hurl back the "peace offensive." Show that you stand the test.

Johnson of the American League made it known today that he would vigorously oppose any suggestion to resume major league baseball before the season of 1920. "Let's win the war first and then play ball," was his terse comment. "I am going to urge American League club owners when they hold their annual meetings in December that they put aside all thought of operating next year. Mr. Johnson said: 'I believe that now is the time for everyone in the country who is a genuine patriot to put his shoulder to the wheel and not think of anything that does not have to do with winning the war.'"

COLONIES WILL NOT GO BACK UNDER ANY CONSIDERATION

London, Oct. 26—In no circumstances is it consistent with the safety, security and unity of the British empire that Germany's colonies should be returned to her, declared A. J. Balfour, the British foreign secretary, in a speech at the luncheon of the Australian and New Zealand Club yesterday. Mr. Balfour said it was absolutely essential that the communications of the British empire should remain safe. He asked if the German colonies were returned what security was there that their original possessors would not use them as bases for piratical warfare.

LUDENDORFF, HUN DICTATOR, HAS RETIRED

London, Oct. 27—(British Wireless Service)—General surprise was caused in Berlin on Saturday afternoon by the fact that the daily report from German headquarters was not signed, as usual, with the name of General Ludendorff. Later the following official announcement was issued: "The emperor, accepting the request to be allowed to retire of infantry General Ludendorff, the first quartermaster general and commander in time of peace of the 28th Infantry Brigade, he has been placed on the unattached list. The emperor decided at the same time that the lower Rhenish infantry regiment, No. 89, of which the general has long been chief, shall bear henceforth the name of Ludendorff."

This resignation, it is believed in London, will still further shake the faith of the German people in their military machine. In the resignation of General Ludendorff, Germany loses what often has been described as her "military brain." Unknown before the war, General Erich Ludendorff sprang into prominence in the fall of 1914 as chief of staff to Field Marshal Von Hindenburg, then general in the operations against the Russians. When Von Hindenburg was given the chief command in August, 1916, Ludendorff was appointed first quartermaster-general, but his position in reality has been chief of staff and collaborator with Von Hindenburg.

General Ludendorff was reported to have been the originator of the plan of the German offensive of 1918. The plan called for offensive operations on the western front which would split the British and French armies and compel the Allies to beg for peace before the strength of the American army could be available to any great extent. It was planned that if the offensive failed then Germany would resort to a diplomatic campaign in order to obtain peace.

Early in October reports from Berlin were that Ludendorff had suffered a physical collapse and that he had decided to resign. On October 15, Ludendorff was said to have become so enraged over the German peace note that he offered his resignation. There also have been reports recently that he was not on good terms with other German military leaders, especially Crown Prince Rupprecht of Bavaria. A news despatch through a neutral country on October 15 said that General Ludendorff was reported to have told the imperial council that Germany might be invaded in a few weeks.

WARNINGS OF WAR IN RUSSIA.

Salvation Army Commissioner Tells of Tensions to Be Overcome. Commissioner Henry William Mapp, who has just arrived in the U. S. from England after spending a year in Russia and who is going to France to take charge of the activities of the Salvation Army at the front, told of his Russian experiences in two addresses, one delivered at the Rotary Club and the other at the headquarters of the organization in New York. "In the question of an armistice," said Commissioner Mapp, "persons must not forget that there is a war going on against Germany in Russia. The Bolsheviks really are only one-tenth of the nation, the other nine-tenths are the Russian people. Due to the fact that the German refused to allow the German and Austrian prisoners, more than 150,000 of them, to cross the border into their own countries, there is a much larger force which the Allies must contend with in Russia than the people realize. Commissioner Mapp was asked if he had seen any of the atrocities of the Red Guards. "Why, all the time," he answered. "Day and night there are murders, assassinations, robberies and rifling of homes, stores and banks all about you. The Red Guards hold up men and women and take the very clothes from their backs."

STEAMER LOST WITH ALL HANDS, TOTAL OF 343

Victoria, B. C., Oct. 28—The worst marine tragedy in the history of the Pacific coast occurred last night when the Canadian Pacific steamer Princess Sophia, which Thursday morning crashed on Vanderbilt Reef, Lynn Canal, was hammered by a terrific gale and driven across the jagged reef and lost with all hands. Two hundred and sixty-eight passengers aboard the steamer when she piled up were dashed to almost instant death. The first news of the disaster was received here late this afternoon, having been flashed out from the United States wireless station at Juneau, Alaska, and was picked up by the Canadian government wireless service here.

No Survivors. There were no survivors, the wireless message stated. Everything possible was done to aid the passengers, who on the vessel breaking up were hurried into the water whipped up by the Alaskan gale. Vessels which were standing by the scene were ordered to render aid. The ship apparently was hurled right across the reef. The text of the wireless message reads: "Princess Sophia driven across reef last night. No survivors; seventy-five in crew, 268 passengers; everything possible was done. Terrible weather prevailed." Later wireless advices from the U. S. S. Cedar, standing by the scene of the S. S. Cedar, via steamer Burnside-Cedar standing off at 7 p.m., 24th, but impossible to get near vessel on account of northerly gale and heavy sea. Two hundred and seventy passengers lost. Cedar got within 400 yards yesterday morning, but anchors would not hold and sea drove her away. Last night, messages from the Princess Sophia told speed to her through the blinding snow-storm, but could not find her. Last heard from the Sophia was at 5 o'clock. No survivors so far as known. Cedar returned to the scene of wreck early this morning, forced to anchor till daylight. At 8:00 the Burnside reported only four men showing. No signs of wreckage or life. Cedar found body of one woman and four boats upturned on the scene of wreck. The King and Wings, a gasoline boat, is still in the vicinity, also U. S. S. Peterop.

Snow and Blizzard. Juneau, Alaska, Oct. 27—Officers of the Canadian Pacific steamer Amy which returned from the scene of the wreck of the Princess Sophia said last night that two feet of snow fell in forty hours and a strong northerly wind developed for the Sophia's heavy loss of life. When the Amy left the Sophia, which is four miles west of Sentinel Island and half way between Juneau and Skagway. The Sophia was then taking water. She was surrounded by deep water on both sides, but with only her stern over deep water, it was thought there was no danger of wreck early this morning, forced to anchor till daylight. The reef was covered, however, at half tide and the heavy sea had prevented attempts to take off the passengers.

The Sophia's only freight cargo is said to have consisted of forty horses. Women and Children Lost. Skagway, Alaska, Oct. 27—Many women and children were aboard the steamer Princess Sophia, when she left here Wednesday. Among the passengers were Mrs. Markes and children, Captain James Alexander and wife, and William A. Malong and wife. Mrs. Markes was the wife of a Fairbanks, Alaska, dredge operator, and Captain Alexander and Mr. Malong were mine operators from interior Alaska. 150 Bodies Recovered.

White Horse, Y. T., Oct. 27—A despatch received from the Dominion Telegraph office from Juneau late this evening, says that 150 bodies of victims of the Princess Sophia had been recovered by nightfall.

IT'S A LOAN; NOT A GIFT

Ottawa, Oct. 27—On the eve of the opening of Canada's great Victory Loan drive the minister of finance issues the following message to the people of Canada: "The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I cannot too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unqualified success. The money to be raised is urgently required to enable us to continue the prosecution of the war now in its fifth and most crucial year, and for the maintenance of the prosperity of the dominion in all departments of productive activity. "Apart from patriotic considerations which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the loan should not fall of its objective, powers to render aid. The bonds afford absolute security and a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value. "All citizens are earnestly invited to subscribe, remember, you are asked not

The funeral will take place on Tuesday afternoon from his mother's residence.

MRS. JAMES GARNETT.
The death of Mrs. James Garnett, 62 Elm street, took place last Thursday evening. She was thirty-two years of age. Besides her husband she leaves four children, also one sister, Miss Eliza Grover, of Glen Falls. Death was due to Spanish influenza. The funeral took place on Saturday. Services were conducted by the Rev. Dr. Hutchinson at her home and interment was made at Garnett Settlement. She was formerly Miss Miss Grover.

MRS. L. A. BRAGER.
The death of Mrs. L. A. Brager occurred at the home of Mr. and Mrs. C. Brager, 348 Union street, on Sunday morning at two o'clock from pneumonia. The news of her death will be a shock to many of her friends. She was a young woman of sterling qualities, always ready to render assistance either in social or patriotic welfare. Besides her husband she leaves to mourn her parents, one sister and three brothers—one who is now fighting in the United States Army overseas. The body will be taken tonight to Portland, Maine where interment will be made.

CHIN CHIN CO.'S HARD LUCK.
The Chin Chin Co., which played here a few weeks ago but was barred in several other places in the maritime provinces by the influenza ban, is still traveling in hard luck. In a letter received from Manager Rodrigues, on Saturday, the Imperial Theatre people here were informed that after waiting a week for the "Flu" ban to be lifted in Montreal and then hearing of a decision to keep it on another week, the company packed up and crossed over the boundary. The Dillingham interests lost considerable money by this road show's misfortune.

PRETTY DIRTY STREETS.
The condition of Brussels Street and the Sydney-Brussels section of Union street, is still one of the special blemishes roundabout the city. Near the corner of Union street, on what is familiarly known as the wood market and triangle, pools adorn the thoroughfare on the least rainy provocation and up along Union street the mud and pools continue until the new pavement is reached. In fact with upstanding car tracks and deep mud, it is dangerous for vehicles and not very nice for pedestrians. There is no crossing that can be used without wetting one's feet, near the Golden Ball corner, and this is an important business block, too.

ALOYSIUS WERNER.
News of the death of Aloysius Werner, learned of today with much regret. He passed away yesterday morning after a short illness. Mr. Werner had lived for a long time in Woodstock before removing to St. John. His wife, who died some time ago, was a daughter of Mrs. James Holt who lived to the remarkable age of several years beyond the century mark. There are four daughters and one son surviving Mr. Werner—Mrs. James L. Daley, Brussels street; Mrs. John Troy, Woodstock; Mrs. Anne Melan, St. John; Mrs. Killam, Harvey of Lynn, Mass., and Aloysius, in Norwood, Mass. Mr. Werner was a man of kindly manner and superior qualities.

ST. JOHN LIVE WIRE IN MONCTON.
In the midst of the especially severe ravages of Spanish influenza in Moncton an outstanding helper and fearless nurse is Mrs. A. Killam, formerly Miss Julia Elliott of this city. Mrs. Killam has organized a sub-hospital in the Baptist church, and with other heroic workers is doing a noble work especially among the poor, in some families of whom eight and ten members are prostrated. While in St. John Mrs. Killam—then Miss Elliott—was one of the city's most fearless sick and social workers, attempting and carrying through successfully succoring projects that would make many a men's committee think twice.

BRIDE WELL KNOWN HERE.
Miss Jennie B. Evans, of Portland (Me.), known to a large circle of people in this city through her several engagements with the Keith interests in the days when singers were a regular part of the programme, was married at Rowland Park, Maryland, near Baltimore, recently to Sergt. Leroy M. York, of Brewer (Me.), a pharmacist in Bangor for several years and now on the dispensing staff of the American army. Doctor York is equally popular as his bride in the Pine Tree state, and the military honors accorded them at their wedding, in which ceremony the camp chaplain officiated, testified to the esteem in which the physician-druggist-soldier is held by his fellows in khaki. Mrs. York, because of her several professional sojourns in this city, and subsequent social visits, was a welcoming friend to many who had occasionally to visit Portland.

WIFE OF REV. MR. TEDFORD DEAD; FEW DAYS ILL.
Universal sympathy goes out to Rev. A. Lawrence Tedford and family because of the death of Mrs. Tedford, which occurred today at Lakeville, Carleton county. She had gone there with her children on a visit. On Friday Mr. Tedford received a telegram stating that she was ill of influenza. He went to Lakeville on Saturday, and today Rev. H. R. Beyer received a telegram announcing Mrs. Tedford's death. Besides her husband she is survived by three small children.
Rev. Mr. Tedford is pastor of the Tabernacle Baptist church. He and Mrs. Tedford had not long been residents of the city but they had established themselves in the love of their people and had made many warm friends who will learn with sincere sorrow of her death.

ST. JOHN MAY LOSE THE FILM EXCHANGE

Object to Paying a City License Fee

At Meeting in Toronto Representatives Open Negotiations With Moncton—Say Provincial Tax Should Cover City

Toronto, Oct. 27.—The organization of motion picture exchanges in Canada, representative of nine of the principal film companies operating in the Dominion, have taken exception to the license which the authorities of St. John, N. B., purpose forcing the exchanges in that city to take out, and propose moving their business to Moncton.

At a meeting of representatives of the Famous Players Film Service, Limited, Monarch Film Company, Limited, Regal Film Limited, Metro Film Service Limited, Specialty Film Importing Company, Canadian Universal Film Company, Mutual Film Company, General Film Company, and Exhibitors Distributing Company, held here on Saturday, a telegram was sent to the city clerk and council of Moncton advising them of a decision to move from St. John, and asking confirmation of action of the Moncton council last spring to induce the exchanges located at St. John to move to that point.

The telegram points out that the members of the organization object to a city license fee being charged against exchanges operating in the three provinces, which pay a provincial license tax in each of the provinces.

It is estimated that various exchanges operating in the maritime provinces spend \$100,000 a year in the city in which they are located.

Mayor Hayes said this afternoon that the license mentioned goes into effect when the new assessment act becomes operative at the first of the year. It was not known whether the council contemplated, as he had heard nothing of it for several months, and he could not say whether the council would take any further action in the matter.

BUY VICTORY BONDS—SERGEANT GERALD H. McGRATH IS MISSING

Elder Son of John McGrath Who is With American Army at the Front

John McGrath, painting engineer, who has been spending the summer here and latterly has been visiting his sister, Mrs. T. J. Cronin, Carmarthen street, received word on Saturday night that his son, Sergeant Gerald H. McGrath of 212 Boston street, Bejton, is reported missing at the front, where he was fighting as a member of "H" company 309th infantry, American army. A letter to his sister, Miss Eleanor McGrath, nurse at the Boston Eye and Ear Infirmary, reported that he was gassed and was in the Red Cross hospital the above week ago. But he had recovered and resumed his post.

Sergeant McGrath is only twenty-four years old. A younger brother, Jack, is now at West Point, in the Field Artillery department. Mr. McGrath and his family have spent recent summers very pleasantly here, and at Loch Lomond, and they have a very large number of warm friends in St. John, who will wish for early good news from Sergeant Gerald. Mr. McGrath will leave for Boston tonight to be at hand for the earliest news from his son.

BUY VICTORY BONDS—COUNCIL OF 33RD DEGREE MASONS WOULD HAVE MET HERE WERE IT NOT FOR GRIP

One of the important gatherings prevented by the influenza epidemic in this city and elsewhere would have been the annual meeting of the supreme council of the thirty-third degree Masons of Canada, which was slated for St. John about this time. Nothing very much had been said about the gathering because of the uncertainty of health matters and so its cancellation was not of wide public interest. However, had the council held its session here it would have brought to the city a distinguished assemblage of Canadians not often the good fortune of this far-eastern city to have within its gates. Among the delegates would probably have been Sir John M. Gibson, lieutenant-governor of Ontario.

One of the western Masons, who purposed attending the council's meetings here—a British Columbian—died of the influenza while in Moncton, where he was attending to some business. Had the Masonic meeting taken place most of the delegates would have been accompanied by their ladies, adding a social aspect to the affair not lacking in brilliancy. At one time the late Senator John V. Ellis was head of this exalted branch of the Masonic fraternity, during which tenure of office his official duties took him to Brussels, Belgium.

BUY VICTORY BONDS—SIGNALLER W. E. DAVIDSON HAS SUCCEumbed TO WOUND

A friend in this city has received word that Sgt. W. E. Davidson, son of Joseph Davidson of Kensington, P. E. I., has died of wounds sustained in action with a Canadian battery. Signaller Davidson was a student at Mount Allison and came to this city and joined a siege battery under command of Major Allen. While attached to that unit he made many friends in this city and all will sincerely regret to learn of his death.
