KING STREET SITE URGED ON COUNCIL

DELEGATION ON MEMORIAL MATTER HEARD

Mayor Resents Remark Made By L. P. D. Tilley

SAYS DICTATION

Fountain Removal Discussed—Council Will Take Matter Into Consideration

The campaign for the placing of the soldiers' memorial at the head of King street, on the site now occupied by the drinking fountain, advanced a step further this morning when a large delegation of citizens called at City Hall and placed their request for this site before the Common Council. Proceedings were lived when L. P. D. Tilley announced that the people would not accept any other site and His Worship retorted that he as a member of the council resented this attitude and did not propose to be intimidated.

WIGMORE AGREES

Commissioner Wigmore took the stand that the site at the head of King street had never been refused by the council and said he would vote for that location in deference to the wishes of those who were so anxious to have it there.

CASE PRESENTED

Mayor Potts welcomed the delegation and called the Council's attention to the fact that the memorial was not a public meeting on Tuesday, favoring the head of King street. This meeting had been held in the afternoon and was attended by a large number of citizens.

PREMIER PLACE

J. B. Dever, representing the Byng Boys, said this organization felt that it was for the city to honor the hero dead by giving the memorial to them the premier place in the city, and this was the head of King street.

FOUNTAIN REMOVAL

C. H. Peters said he was present as a contractor to the funds and as a citizen and he was in favor of the head of King street. It had been said it would cost \$2,000 to move the fountain but he had been informed that \$800 or \$1,000 would be all that was required for this. He did not think, however, continued on page 2, fourth column.

BURLOCK MOTION LIKELY RULED OUT

Similar Resolution Two Years Ago Declared Out of Order by Speaker.

By LEO DOLAN

SPECIAL CORRESPONDENT OF THE TIMES-STAR. FREDERICTON, April 2.—The Burlock resolution calling for a decrease in the present taxes on motor vehicles and the imposition of a tax on gasoline which comes before the house next week, is likely to be declared out of order by Hon. A. Dymally, Speaker of the house.

Two years ago, A. Chase Fawcett, leader of the Farmers' group, moved a resolution asking that no further permits for the import and export of liquor be issued and that all permits then in force be cancelled and the so-called export warehouses closed.

The speaker refused to entertain the resolution, quoting rule 126, which says in effect that any resolution involving expropriation or creating a charge upon the revenue of the province, must be entertained unless previously recommended by the Lieutenant-Governor through a responsible Minister of the Crown.

Archduke Gets 20 Shilling Fine

VIENNA, April 2.—"I am an unskilled laborer, and must provide for my wife and two children," pleaded the Archduke Leopold, when arraigned for speeding his motor cycle last night, and knocking a man down. He explained that he was employed nightly to run motion picture films from one theatre to another. The victim said he did not want any compensation, but the magistrate fined the archduke 20 shillings.

MUSQUASH PEOPLE ASK COMPENSATION

Those Not Included in Bill Recently Passed, Ask Consideration.

SPECIAL TO THE TIMES-STAR. FREDERICTON, April 2.—This morning the provincial government heard a delegation from Musquash representing parties whose claims are not provided for in the bill recently passed by the house to grant compensation allowance to certain sufferers. The delegation includes W. J. Dean and T. H. Handolph of Musquash and W. A. Ross, barrister, of Saint John, who is representing J. W. Henn. The firm of Hawkins & Harrison, Fredericton, appeared before the government representative W. Malcolm Mackay of Saint John who is also a claimant for compensation.

LONDON, April 2.—A spirited letter, above the signature of Dame Margaret Lloyd George, has been sent to the Daily Herald, Labor organ, with reference to that newspaper's comment on her recent loss of a pair of necklaces, originally reported worth thousands of pounds, but since stated to be worth less. Dame Margaret objects to an alleged offensive attack on her, or Sir Alexander Grant,

M'LEOD SAYS SPEECH BESCO PROPAGANDA

DECLARES REMARKS WILL INTERFERE WITH RELIEF

U. M. W. PAYMENTS

Dues Paid More Like \$60,000 Than \$240,000, He Asserts

SYDNEY, April 2.—John W. McLeod, president of District 29, U. M. W. of A., referring to a speech yesterday of William Duff, Liberal, in the federal house, remarked that it sounded to him like "some more Besco propaganda intended to interfere with relief coming into the coal fields."

TO BAN INFLATION

French Government Will Depend on Legal Bank Advances For State Needs.

FLIGHT IS SUCCESS

Dirigible R-33 Out Today For 3 1/2-Hour Trial—Tests to Continue.

RELIEF PAYMENTS

As to the miners receiving financial assistance from the union, Mr. McLeod stated that the district funds were practically turned over to the relief committee and served to finance its relief efforts, but as a result of irregular work during the last three years, during which the district finished several strikes, funds were low when the dispute opened.

TO HAVE MEMBER

In conclusion, Mr. McLeod said: "After the next general election, the miners will have their own representative on the floor of Parliament to reply to such persons as Mr. Duff, but in the meantime, it doesn't become any member of Parliament in his personal ignorance to dispute the facts gained by another member through personal investigation."

DUFF REPLIES

OTTAWA, April 2.—"I made absolutely no criticism in any course of my speech yesterday at the splendid work being done by the estimable clergy of Nova Scotia or the other admirable citizens of my province, in respect to relief activities among the striking miners and their families in the Cape Breton coal areas," said William Duff, M. P. for Lunenburg, Nova Scotia today, in commenting on press despatches containing interviews and Halifax. I simply criticized unqualified outside interference such as had been aired in the House the previous day by the member for Southeast Grey.

DELEGATION ON WAR MEMORIAL MATTER HEARD

(Continued from page 1.) This matter of cost of removal of the fountain should enter into the discussion at all. It was too small a matter, R. E. Armstrong said the Navy League was in sympathy with the movement to have the memorial placed at the head of King street. Mayor Potts said there was nothing too good for the boys who had served and come home and the city could not do too much in memory of those who did not come home. He felt, however, that the blame for the present situation did not rest on the council.

SAVING THE SURFACE CAMPAIGN

Save the Surface Campaign. 601 Keefer Building, Montreal. Subscribed to by Paint, Varnish and Allied Trades. Advs. No. 1

Paint and varnish always preserve property but the quality of lasting beauty rests in our choice of colors.

Like notes in music, various colors produce either harmony or discord. Right color combinations have been reduced to a science. Light colors generally brighten our spirits while dark colors depress. These effects are especially noticeable in rooms where we work. The kitchen is a pleasant workshop when painted or enameled in white, ivory pale green or other light shades. Colors in our bedrooms have a distinct effect upon our day's outlook. We speak of "getting out of the wrong side of bed," but there is not apt to be a wrong side in a bright, cheery room that seems to draw in sunlight. Paint and varnish always preserve property but the quality of lasting beauty rests in our choice of colors.

ALL TOGETHER.

A timely and important speech, much along the line of the work which has been done recently by The Telegraph-Journal and The Times-Star in promoting an understanding between the Canadian provinces, was delivered a few days ago by Lieutenant-Governor Cockshutt of Ontario at a banquet given him in Winnipeg by the Board of Trade.

He told the people of Winnipeg that while it was truly said that the great world, what we are more intimately concerned with at the present moment is that the voice of Canada should be effectively heard in Canada, and that her trade and commerce—the products of her soil and factories—should win for themselves a dominating place in the markets of Canada and a great one in that of the world.

He spoke emphatically of the necessity for understanding and sympathy between the provinces and for real national co-operation. Here is what he said as to the need for interprovincial understanding and common effort:

"Our Dominion has a wide range of thought and many different points of view, a fact which could not be otherwise, on account of our diversified interests and our diverse population so widely spread from east to west. We all know we have a country of magnificent resources and great distances; and so great is our separation that we do not realize fully that what one province desires may be sometimes directly the opposite of what another province wants. This, of course, bound to cause discussion and perhaps division in a young country such as ours, and he is a sensible man who talks like this quietly but, listens and inwardly digests the point of view of those who are not of his own thinking."

"Some of us have the prospectus of what we desire and we are working for, but can we feel satisfied that we are approaching the place at which we shall see our ideals completed? I fear not, and gentlemen, why have we not reached it? Perhaps it is that while as individuals we are doing our best, we do not realize that individuals working along different lines will never win the desired goal. A tug-of-war requires team work and skillful combination; and in the same manner, it is solid co-operative pull that will win the game of life today. Our grand Canada, is not doing team-work as it should. Why? That is for you to answer, but gentlemen, the lack of vision of our collective Canada is to a great extent the cause of our lack of advancement. Manitoba cannot make our country alone. Alberta cannot, nor Prince Edward Island. But Nova Scotia in the east, with the help and hearty co-operation of all the provinces as far as British Columbia, all working together as a unit, could in a very short time make this country bloom and blossom as the rose."

He urged the people of Manitoba to remember that there are interests beyond personal ones and to enlarge their vision and think, not as a community, not as a province, but as a country with the well-being of the Canadian people at heart. Canadian co-operation, he said, is an intensely practical problem, and to be effective it must be based on expert knowledge and adequate organization, and, above all, the spirit of mutual confidence and good-will is essential. Mutual trust, he warned his audience, is impossible if the provinces are strangers to one another, and therefore he advocated a better acquaintance and adequate interchange of information as to aims, problems and resources. "What better work," he asked, "can anyone who loves his country do than to assist in building up a sane, broad-minded people who will be content with their lot, a people willing and happy to continue doing their best? This country started right, and it will stay right provided the people, with the help of God, have strength and determination to work out its destiny."

The influential voice of the Lieutenant-Governor of Ontario is one of many which have been lifted during the last few weeks in advocacy of greater understanding and co-operation among our people from coast to coast.

MINISTERS OF FINANCE.

There are still in public life to-day four former Ministers of Finance, and two acting Ministers. The veteran is Sir George Foster, who presented his first budget thirty-six years ago, when he succeeded Sir Charles Tupper as head of the Finance Department; the others are Hon. W. S. Fielding, Minister of Finance to-day, but unable to serve actively on account of ill-health; Sir Thomas White, who served throughout the war, and Sir Henry Drayton, who succeeded him. Hon. A. K. McLean, now a Judge of the Exchequer Court, was acting Minister of Finance

during the illness of Sir Thomas White in 1918, and to-day Hon. James Robb is acting Minister in Mr. Fielding's absence. Mr. Robb, although he has been long in the House, has been little in the limelight until recently, but his work has impressed Parliament. He has never made much noise, but has been quietly effective. The parliamentary correspondent of the London Free Press says of him:

"The present acting Finance Minister, Hon. James Robb, is one of the surprises of the capital. Ten years ago, when he was a humble back-bencher, no one would have predicted that he would some day be the Finance Minister or even acting Minister. He was a popular, industrious member, and regarded as a solid business man—he is a miller at Valleyfield, Quebec. He spoke rarely, always soundly, but never with any pretence as an orator. He was looked on as just a decent, ordinary, good fellow. Mr. Robb's chance came in 1917. Many leading Liberals had joined the Unionist Government, while others had been defeated in the general election. Sir Wilfrid had behind him but a handful of English-speaking members, but amongst them Mr. Robb. He was elected whip and set to work with zest to reorganize the apparently broken and disunited party. He began to take a prominent part in debate. He showed fine executive ability and improved as a speaker. When the Liberals won in 1921 he was assured of a Cabinet position. When Mr. Fielding was forced to leave his desk Mr. Robb took up the heavy load as acting Minister. To-day it is certain that if Mr. Fielding should resign Mr. Robb would be his successor."

WILD LIFE.

In New Brunswick, where increasing thought is being given to conserving our game birds and animals and our game fish, organizations for the protection of fish and game are gradually increasing in number. There is room for much greater extension of such activities, for the active interest of sportsmen all over the province will undoubtedly have a most beneficial influence in preventing game law violations, and will also result in a much more accurate knowledge as to the value and extent of our resources in wild life.

Recently the Secretary of the Massachusetts Fish and Game Association addressed a warning to the people of Maine, and what he said is worthy of consideration by New Brunswickers, because it is a fact that in connection with forestry as well as the game and fish, Canadians are inclined to give too little thought to the future. What he said was this:

"You people of Maine, take a leaf from the book of Massachusetts. Guard your wild life, your fish and game, and you will have it. Don't carelessly shut your eyes to the steady disappearance of deer and grouse and trout until that time when you wake up and find yourselves in the same plight as my state and other states, with wild life so far depleted that nothing we can do will bring it back. Take a leaf from Pennsylvania, which, discovering its plight in time and being fortunately endowed with a wealth of natural terrain, immediately set about protecting and propagating and is now more than holding its own, benefited by wise protective laws and dozens of game refuges throughout the state. Take a leaf from all those states whose game once was, but now is not."

What Pennsylvania has done in re-stocking with deer and other game animals and with game birds was recently discussed at some length on this page. The work of that state is a great lesson in restoration, but for New Brunswick conservation is the thing to think about. We must be warned by what has happened to the south of us, and make sure that our protective measures are sufficient to give our wild life a chance not only to exist but to increase.

Don't ask "How's business?" says Forbes Magazine, but diligently seek the answer to the question "Where's business?"

The Bank of Montreal has equipped each of its seventeen branches in Detroit with two-ton steel turrets manned by expert world war sharpshooters in a determined drive to stop the present epidemic of bank holdups, says the Toronto Star. The turrets are so stationed as to command complete rifle range of the entire bank floor. "These United States" do not seem any too safe nowadays.

In discussing outside work for prisoners in the penitentiaries for which they might be paid, the Kingston Standard suggests that they might be employed in reforesting. It says:

"We would venture to suggest one form of work which we have often thought of, and which we lately saw is being employed in at least one European country, namely, reforestation. This would fit in with the views put forward in the House by a Liberal member, Mr. Paul Mercier, who advocated the establishment of areas far from the centres of population where convicts could be put to work, paid a wage and have a chance to re-establish themselves morally and physically."

There is no doubt the Government would satisfy public opinion if it brought in a carefully prepared measure for this needed prison reform.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Bells of London.

(Chicago Journal of Commerce.)

To a man of imagination, the experience of hearing, while in New York, "Big Ten" tolling the midnight hour from the lofty clock tower over the British houses of parliament, must have been a thrilling one. This great bell, weighing thirteen tons, was cast in 1856, and is one of many which are famous the world over. "Bells," said Longfellow,

—are the voice of the church; they have tones that touch and search the hearts of young and old.

The radio miracle of reproducing in New York the booming tones of Big Ben, ringing out from its lofty perch 800 feet above ground, was performed through the agency of British broadcasting company, the Marconi wireless, and the Radio Corporation of America. It definitely establishes, says the latter company, "entrance upon an era of international broadcasting which will eventually bring the entertainment, music and speech of other continents to every home in America."

An ambitious project indeed, but the Greeks and Romans, but larger ones were then unknown, being first used for churches 1,200 years ago. There have been many famous bells in the world, notably in Russia, where the Tsar Kotolik (king of bells) was cast in 1733. It is 19 feet high, about the same in its rim diameter, and weighs 448,000 pounds. The metal in it is said to have cost \$300,000. China has had big bells also, one at Pekin being the largest in that country. Big Ben, the great bell of Parliament, is about 6 feet high and 7 feet in diameter. America's most celebrated is, of course, the Liberty Bell of Independence Hall.

Literature is full of references to bells, particularly in poetry; the music of language. Wedding bells, sleigh bells, Sabbath bells, evening bells, all are celebrated in verse. Tennyson was particularly happy in references to bells, as in his "Ring out, wild bells, to the wild sky," and "Ring out the old, ring in the new." But of all bell poems that of Father Prout on "The Bells of Shandon" appeals most to this column—

With deep affection and recollection I often think of Those Shandon bells, Whose sounds so wild would, In the days of childhood, Fling round my cradle, Their magic spells.

But the bells of our childhood were not village bells that rang from the schoolhouse and the church steeples on sunny mornings when the world and life were new and sweet and joyous.

The Greatest. Selfishness is the greatest curse of the human race.—Gladstone.

Unmarried and Unmarried. (Lake County Times.) None of the men who would make perfect husbands are married.

Pupils and Politics. (Springfield Republican.) James J. Corbett is being talked about as a possible candidate for Congress from the Long Island district that includes Bay Ridge. The gossip is a reminder that John Morrissy, the greatest pugilist of his day, who defeated John C. Hennessy in 1888, made a successful run for Congress a few years later and served out his term with at least negative credit.

The Wrong Passenger. (American Legion Weekly.) "But we were only 15 minutes getting here?" expostulated the fare. "I don't give a hang about that," snatched the taxi driver. "The clock says we've come 20 miles. Now, fork over!"

"All right," assented the fare, frowning. "Now get ready to come with me for driving 80 miles an hour. I'm a speed cop."

Clothes, Clothes, Clothes ("More Man" in Toronto Star.) Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! Where have I heard that word before? Not only once, but o'er and o'er. Go on, I beg you, say it some more. Clothes! Clothes! Clothes!

Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! What are they wearing this spring, my dear? My! but those knee-length skirts look queer.

What if one's ankles are thick? Oh, dear! Clothes! Clothes! Clothes! Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! "Mrs. Smith has a gabardine. Awfullest dress I've ever seen; Looks like a house, if you know what I mean." Clothes! Clothes! Clothes!

Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! "Some of them fancy a tint called 'Me,' 'tis a color I can't just stand; I saw a henna down town looked grand." Clothes! Clothes! Clothes!

Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! The poets talk of the songs of spring. But the only song that I hear folks sing Now has to do with the same old thing: Clothes! Clothes! Clothes!

Clothes, Clothes, Clothes! Clothes, Clothes, Clothes! Take me away to some island fair, Where the rich and the poor have no clothes to wear. And the joke of it is that they none of 'em care. Clothes! Clothes! Clothes!

REVEL IN VIEW OF NEW SPRING STYLES

Ladies at Recreation Centre See Late Modes in Hats and Gowns.

The new spring styles in hats, coats and gowns were displayed at the Y. W. C. A. Recreation Centre yesterday afternoon when F. A. Dykeman & Co. Ltd. and the Marr Millinery Co., Ltd., combined to stage a style show in connection with the Y. W. C. A. spring tea.

SPORT APPAREL. As for sport gowns and hats—they attracted greatly. Greens are very pretty, apple green returning from the days of long ago, but softer and more delightful. The hats shown in this lovely shade and the gowns which match them seem to moderate in price.

AFTERNOON DRESSES. Reds of crumple and cranberry shades were very fetching in combination with the tailored suits. With several afternoon dresses of sand crepe satin, or crepe de chine, these colors were positively irresistible and won hearty applause.

Evening gowns were on straight lines, one noted being of white crepe satin, silver headed and narrow vested with mauve. Fur trimmed the skirt and a mauve ostrich rosette finished the right side at the place where waistlines are supposed to be.

COATS. Coats were long, often worn in suit ensembles, and fairly snug fitting. Separate coats were wraps affixed and the sleeves generously trimmed with contrasting colors of soft felt, applied in artistic fashion.

Weddings

Kinsman-Gilmour. Spring flowers and palms made a pretty setting for a wedding at the home of Mr. and Mrs. James Lewis, 146 Baittain street, this afternoon at 2:30 o'clock, when their daughter, Mrs. Grace Lewis Gilmour, was married to E. Palmer Kinsman, president-elect of the Saint John Rotary Club.

Howard-Gairdner. The wedding took place at the residence of the bride's parents, Major B. Macquora Gairdner and Mrs. Gairdner, Patungo, Taumarunui, New Zealand, Wednesday, Jan. 28, of their second daughter, Elizabeth Macquora Gairdner, and William Harding Howard, sixth son of John A. Howard and Mrs. Howard, of St. Martins, N.B.

EXTEND WORK IN SOUTH AMERICA

Sunday Schools Increase in Ten Republics—Enrollment Now Reaches 108,000.

MONTEVIDEO, Uruguay, April 2.—A rapid development of the Sunday school work of the evangelistic churches in South America, until today there are 2,158 Sunday schools with an enrollment of 108,000 teachers and pupils in the ten republics, was reported by the Commission on Religious Education of the Congress on Christian work in South America, in session in this city today.

Brazil Leads. Brazil has the largest number of evangelical Sunday schools, 1,276, and it has 60,145 teachers and pupils, according to the commission's findings.

In the other republics the figures are: Argentina, 238 schools and 12,232 enrollment; Bolivia, 17 schools and 842 enrollment; Chile, 190 schools and 10,622 enrollment; Colombia, 10 schools and 804 enrollment; Ecuador, 10 schools and 300 enrollment; Paraguay, 4 schools and 292 enrollment; Peru, 61 schools and 4,401 enrollment; Uruguay, 45 schools and 2,222 enrollment; Venezuela, 15 schools and 246 enrollment.

USE SCENERY WHEN CRACKING SAFE

Burglars Work Behind Screen in New York Store and Secure \$6,490.

NEW YORK, April 2.—Old-timers in the safe-opening industry, who occasionally carry their own scenery, were active over the week-end below the Fulton street "deadline," set years ago by the late Inspector Byrnes.

The members of the gang then tied a rope to a radiator and slid down, carrying a carefully painted reproduction of the front of the Waltham safe.

Deaths

Stephen S. Thorne. After an illness extending over several months, Stephen S. Thorne, third son of the late Richard W. and Catherine Thorne, both of this city, of Loyalist descent, died last evening.

Mr. Thorne was very popular with his associates, who never failed in the firm of Thorne Bros., hatters and furriers, with his brother, J. Lefferts Thorne. After they gave up their business he entered the Customs House and was retired only a few months ago, after eighteen years of faithful service.

Mrs. M. G. Cline. The death of Minerva G. Cline, wife of Edward Cline, occurred at the home of her mother, Mrs. Carrie Johnson, at Richardson, Deer Island, on March 24.

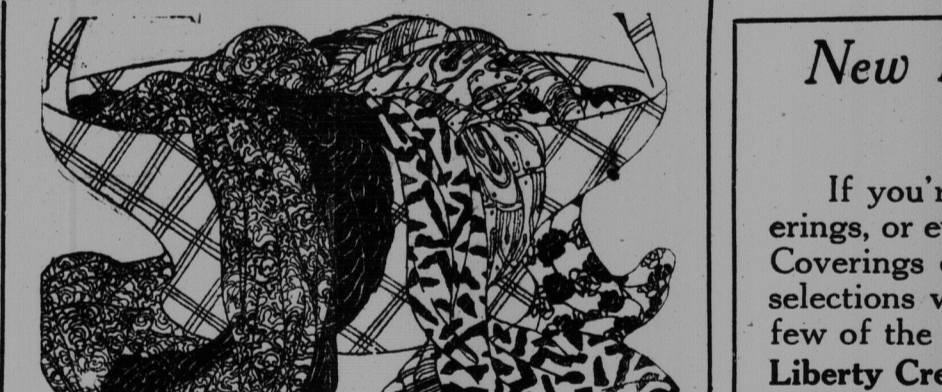

Mrs. B. H. Wiggins. The death of Mrs. Bessie Harold Wiggins, wife of W. C. Wiggins, occurred at her home in Seattle, Wash., on March 21 of pneumonia.

J. S. T. Maxwell. ST. STEPHEN, April 1.—The death occurred early this morning of J. S. T. Maxwell at his home at Union Mills after a long illness.

Take Special Course At County Hospital

A class of seven pupil nurses entered the Saint John County Hospital yesterday to begin the three month special course in the care of tubercular patients for which several of the hospitals in the east have affiliated the nurses' training schools with the county hospital.

On Tuesday a class of five pupil nurses completed the special training and returned to the various hospitals. Those who left on Tuesday were Miss Cousman and Miss Embury, of the Moncton Hospital; Miss Carrier, of the Victoria Hospital; Frederick, and Miss Oliver, of the Moncton Hospital.

**IMPERIAL THROUGH ENTERTAINED WELL**

Pola Negri Picture, Local Singer and Good Orchestra Programme.

That the era of the silent drama bids fair to continue for an unknown number of years longer seems to be proved by the immediate circumstances. Last night in Imperial Theatre, after the big house had been generously patronized for two days when the English dramatic company held forth, not a seat could be had at the hour the concert began and throughout the evening the vast interior was well filled. This was a compliment to the Imperial's good music, including the concert.

William Grauman, a North End boy, rendered four very pretty singing numbers, "Lassie O' Mine," "Smilin' Thru," "Woman is Fickle," by Verdi, and Balfe's immortal plaint "The Heart Bowed Down," from the Bohemian Girl. Mr. Grauman received a flattering reception.

### MUST SUFFER LOSS

At least \$10,000 of our present stock must be turned into cash in the next ten days. We have turned over entire stock over to the Supreme Sales System, Ltd., of Saint John, without any price restriction—our orders are—in the quickest possible time make "Out and Away" prices regardless of present wholesale cost. Remember—We are not going out of business, but our fixed determination is to raise the necessary cash to pay our bills. Come expecting Real Bargains. You will not be disappointed. Our past, present and future business reputation back of each and every article sold and our guarantee to you is—Your Money Cheerfully Refunded if You Are Not Satisfied.

### Selling Is My Business—I'll Stop at Nothing!

Selling is my business. I'll stop at nothing. I have come here to sell this stock with the understanding that I have full power to demonstrate the power of pulverized prices. I am not here to waste words. Time is money and I will close this entire stock out in the shortest time possible. With me, price is no object—"Straight from the shoulder" is how I am going to hand it to you and I am going to tell you plainly that unheard of low prices is my only way of appealing to you. From Mr. M. Jacobson I have received the word "Go the limit—but sell the goods." Do not buy a nickel's worth at this sale unless you can buy it cheaper than at any other store in the country. It's a bold challenge but I'll make it bolder by saying that I'll make this store the scene of the greatest bargain feast you have ever witnessed and that statement is backed by the reputation of the world's greatest selling system. Come in and make us show you.

RELIEF WORKERS RESENT DUFF SPEECH

CHALLENGE HIS STATEMENTS ON N. S. CONDITIONS

Invite Lunenburg Member to Visit Cape Breton and See for Himself

TELL OF SUFFERING AMONGST CHILDREN

Contributions Welcome, They Say, But None Received So Far from Duff.

SYDNEY, N. S., April 2.—Sorrowful indignation best describes the feelings of the relief workers in the Cape Breton colliery districts on being apprised last night of the statements made in the federal house yesterday by William Duff, M. P. for Lunenburg—sorrow because these statements which the relief workers claim are not in accordance with the facts may have an adverse effect on relief work outside the province, and indignation in that the attack on their work should be led by a Nova Scotian member who they say by his statements, proves his ignorance of the matter he attempts to discuss.

ISSUE STATEMENT. Informed by the press of Mr. Duff's remarks the following statement was prepared by the publicity committee of the central relief committee, Glace Bay:

Referring to the report of the speech in the federal house of William Duff, M. P., we would like to ask: "Who is Mr. Duff's informant?" (Continued on page 15.)

Bogus Count Arrested in England Charged With Several Offences.

LONDON, April 2.—After posing as a count and inveigling a local blacksmith's daughter into marriage with him, Theodore L'Avale was unmasked at a local court as a criminal from boyhood. His disreputable past came to light when he was charged before the local magistrates with a number of thefts. He was shown to be a person—although only 24—with a long record of convictions for felonies. Instead of being a native of Halifax, Nova Scotia, as he declared, he admitted that he was born at Bristol, England, and that his real name was Scarrett. The special charges against him were three of larceny of clothing and jewelry from a local theatre, and a number of valuable articles belonging to members of the cast.

Ferguson Introduces Measure Raising Ontario Ministers and House Members' Salaries

TORONTO, April 2.—The Ontario Legislature this afternoon made a considerable headway with a variety of legislation. The Prime Minister introduced a bill to increase salaries of cabinet ministers from \$6,000 to \$8,000 and the seasonal indemnities of the members of the House from \$1,400 to \$2,000.

He explained that when able men joined a government for public service, they did so at considerable sacrifice and that their services were worth what was now proposed. "If we are to secure efficient men we must pay them so that they will not be worried," said the Premier.

A. C. Fawcett, However, Lauds Plans for Grand Falls Electric Development.

FREDERICTON, April 2.—An attack on the administration of Hon. P. J. Veniot by Dr. H. I. Taylor, of Charlotte, and a criticism of the financial condition of the province by A. Chase Fawcett, leader of the farmer group in the Legislature, featured the afternoon session of the New Brunswick House yesterday.

Dr. Taylor denounced the Government on its hydro policy, its failure to enforce prohibition, and its manner of handling the finances of the province. FRAISES HYDRO. Mr. Fawcett declared that hydro was the one thing which would give New Brunswick a cash return on its investment. He pointed out that the crown lands were decreasing in value. He made a strong plea for the development of the power of the Grand Falls. He spoke of the farm lands and urged that native New Brunswickers be given inducements to farm the lands of the province. Mr. Fawcett urged upon the Government the need of refreshment and the cutting to the bone of all expenditure.

Dr. Taylor charged that the people of the province were being bled while by the three-headed monster, an ever-increasing debt, reckless expenditure and inefficiency of administration. In eight years, he said, the bonded indebtedness of the province and increased two-fold and is now more than \$80,000.

He wanted all details of the proposed work at Grand Falls to be given to the public and then a mandate obtained from the people for the carrying on of the work. The prohibition act, he said, was not being given a fair trial, and he opposed a plebiscite on prohibition this year. Mr. Fawcett had not completed his speech when the House adjourned.

MOTOR TAXES. Samuel J. Burlock, M. L. A. for Carleton and one of the Farmer group, gave notice of motion advocating a reduction in the present tax on motor vehicles and the imposition of a gasoline tax in the province, with exemption on gasoline used for commercial purposes. The motion will come up on Tuesday.

Mr. Scovil presented the report of the committee on standing laws. Mr. Doucet presented the report of the committee on municipalities. Mr. Flewelling gave notice of enquiry for Tuesday next as to the amount voted by the Legislature each year for public works since 1916 and the amount actually expended.

Hon. Mr. Roberts introduced a bill to enable the City of Saint John to supply electric power to the parishes of Lancaster and Simonds. Mr. Scovil introduced bills relating to the property of inmates of the Saint John Municipal Home and to enable the city of Saint John to impose a tax on gasoline. With reference to the latter bill he would say that he introduced it because he had been asked to do so, but he had no sympathy with it.

Mr. Hayes introduced a bill to amend the Saint John City Assessment Act, 1918. Mr. Scovil introduced a bill to fix and determine the valuation for assessment purposes of Connor Bros., Ltd., Penfield, Charlotte county.

Mr. McKenna introduced a bill to amend the Municipalities' Act relating to the County of Kings. Mr. Piclett introduced a bill to authorize the Fraser Companies, Ltd., to construct a dam and maintain booms and piers on the Tobique River. Hon. Mr. Veniot presented the annual report of the N. B. Board of Liquor Commissioners.

PETERSEN CONTRACT IS PREPARED BY LAFLEUR

Statement of Subsidies Paid Since 1867 Shows Total of \$46,756,599.

Special to The Times-Star. OTTAWA, April 1.—Sir William Petersen, with whom the Dominion government proposes to enter into an agreement for the control of ocean freight rates, is expected to arrive in Ottawa within the next 10 days or two weeks to give evidence before the special committee appointed to deal with the whole question and with the proposed contract. A meeting of the committee was held yesterday afternoon when the Prime Minister moved that the name of Joseph T. Shaw (West Calgary) be substituted for that of Harry Leader (Portage La Prairie) as the fourth Progressive member of the committee.

Leader Offers To Quit. It will be recalled that during yesterday's heated discussion between the Progressives and the "thirteen" both E. H. Halbert (North Ontario) and Mr. Leader offered to vacate their places on the committee to make room for one of the "thirteen". Mr. Leader went to the extent of sending across to the Prime Minister a personal and signed resignation in writing from the committee.

In answer to questions asked by A. E. Ross (Kingston) it was stated in the House today that Eugene Lafleur, C. of Montreal, was retained by the Dominion Government on Dec. 3 last to prepare the contract with Sir William Petersen and that he completed his services on Dec. 11. He has not since been under engagement by the Government. No bill for services has been received from Mr. Lafleur.

Subsidies Paid. A statement was tabled this afternoon, at the request of N. H. McTaggart (Maple Creek, Sask.), showing that since Confederation \$46,756,599.25 has been paid by the Dominion of Canada in subsidies to steamship companies, of which sum \$33,063,712.99 has been paid for foreign services and the remainder for local services. The high mark was reached in the fiscal year 1913-14 when a total of \$2,281,090.92 was paid. The yearly average of the total for the 38 years since Confederation is \$806,118.78. In the first year of Confederation the amount was \$177,949.23. The increase was gradual up to 1913-14.

Concerning Mr. Duff's statements, Mayor Morrison declares his reference to municipal affairs for Nova Scotia, "are merely grotesque." The British Empire Steel, he said, pay less than 50 per cent. of the taxation and that this taxation proceeds under an assessment, which under the laws of Nova Scotia, the company makes itself. Glace Bay is at present facing an arrearage of \$95,000 in its assessed taxes for 1924.

When shown Mr. Duff's remarks, Mayor D. W. Morrison, Labor M. P. Glace Bay, gave out a statement in which he said he resented Mr. Duff's "deliberate fabrications." Continuing he said: "What I resent most is the brazen effrontery of the man in setting himself up to speak for Nova Scotia. Duff is at perfect liberty to speak for Newfoundland, where he was born and bred. I resent the unmitigated gall of a somewhat uncouth native of Newfoundland attempting to speak for Nova Scotia in Parliament."

Records of the conference show, Mr. Mohler declared, that in August there were nine rejections, 38 in September, 41 in October, 21 in November, 15 in December, seven in January and three in February. Four rejection cases were passed at his office today. Most of those turned down, he said, were men Irish women apparently being able to pass the physical test.

Non-admissible aliens should have their cases settled in their homeland, he added, and those allowed by Public Health Service officials abroad to come to the United States as physically fit should not be turned down at ports of entry.

Two Firemen Hurt James Pitt and Harry Amos Injured Fighting Blaze in Beauséjour.

The West Side firemen had a two-hour fight 8:15 o'clock last night to save from destruction a two and a half story house in Clifton street, Beauséjour, owned by C. Gordon Hannah. James Pitt and Harry Amos, firemen, were slightly injured when a ladder fell.

The fire was mostly confined to the walls of the building. It was found necessary to do considerable cutting. The house was occupied by J. Belyea and John Costley, the latter a C. P. R. engineer. An alarm was sent in from Box 29, on St. Patrick's school. West Side firemen carried a long stretch of hose and were able to do effective work. Most of the furniture of the two tenants was removed from the house. It is understood the loss is only partially covered by insurance.

Sick of Politics, Hangs Himself

ITHACA, N. Y., April 2.—Dissatisfied, members of his family said, with "the way legislation was going at Albany and Washington," Oscar A. Johnson, 71, a well-to-do retired merchant, committed suicide here by hanging himself in the cellar of his home. The family said his chief complaints were directed at the political situation in the state and national capitals until it became an obsession with him.

PORT COMMISSION FOR ALBANY, N. Y. Governor Smith Appoints Four Members to Have Charge of Proposed Work.

ALBANY, April 2.—Governor Smith has named four of the five members of a body to be known as the Port Commission and to have charge of the development of Albany as a port which is expected to follow the deepening of the Hudson River. The commission grew out of the need for a port area after Congress and President Coolidge had approved the river deepening project. An act authorizing the commission was passed by the State Legislature.

Tentative plans call for the development of a port area in and about Albany and Henssler with piers connecting railroads at a cost of nearly \$12,000,000.

SALVATION ARMY PRISON LONDON, April 2.—General Bramwell Booth, head of the Salvation Army, has asked the government to let his Salvationists run one of its large prisons, a large lunatic asylum and a large workhouse. He proposes that the government continue to take care of matters relating to the punishment of prisoners and the regulation of other inmates, while the Army manages and controls the internal operation of the institutions.

**TEAM CAPTAINED BY MAYOR WINS DEBATE**

**Pythian Series Concluded and Shield is Won by Carleton Tower Lodge.**

Union Lodge, Knights of Pythias, won the final debate in the Knights of Pythias series last night from New Brunswick Lodge and carried away the handsome shield put up for competition by the Past Chancellors' Association. Carleton Tower Lodge, of West Saint John, came second in the series and the team members were presented individual consolation prizes.

The Union Lodge team, led by Mayor F. L. Potts, were successful in upholding the affirmative of the question, "Resolved, that the commission form of civic government is better than the old aldermanic form." Besides Mayor Potts, the team included M. E. Grass and T. R. S. Smith. The negative was taken by F. L. Greenson, R. O. Brittain and B. L. Sheppard.

Entertainers: The judges were Mr. Justice W. C. H. Grimmer, C. S. Pushie and L. C. Lynds.

At the close of the debate the shield

was presented to Union Lodge by John M. Jenkins, president of the Past Chancellors' Association. L. B. Stubbs, Frank Hamn and Leonard Johnson, of the Carleton Tower Lodge team, runners-up in the series, were given consolation prizes.

The Union Lodge members, who were hosts for the evening, entertained the other lodges at games and served refreshments.

Under the title, "The Mission of Methodism," Rev. E. E. Styles gave the sixth lecture of the series on "The Meaning of Methodism" in the Ex-

"Her mission has always been a mission to the people. If Methodism ceased to be evangelistic it would cease to be Methodism," he said.

"As Methodism enters into union with the Presbyterian and Congregational Churches in Canada, it is by no means abandoning its mission. On the contrary we believe that it is going on

to fulfil its mission more perfectly in the new relationship, and that it will become a great spiritual power permeating the whole church. In this we shall become not less Methodist but more so," Mr. Styles concluded.

**You Need a Bicycle**  
for Business, Pleasure and Health

FROM early morn till late at night the bicycle plays an important part in our daily life. It does its work so quietly, so smoothly, so efficiently, we scarcely realize its presence.

**Ride to Work**  
Throngs of workmen cycle to and from work every day, saving time, car fare and the discomfort of riding in packed street cars or of walking long distances.

Multitudes of happy children—teachers, too—ride bicycles to school. And what in the world would the Boy Scouts do without bicycles?

**Economical Deliveries**  
All day long messenger boys—and boys making light deliveries—fit by on bicycles. Occasionally a plumber pedals by on his wheel on a hurry call—perhaps, a leaking pipe!

A carpenter with his kit wheels from one job to another. The collector and the insurance agent glide along to make calls—many of them not near a car line.

**Pleasure and Emergencies**  
Out in the country, the city man rides for a day's fishing with his rod tied on his wheel. Coming towards him a farmer's boy wheels hurriedly to the city to get a spare part for a farm machine that has broken down.

Away down in California, Mary Pickford and Douglas Fairbanks ride bicycles for pleasure and to keep fit. An example that other men and women could follow with benefit to their health.

**More People Riding**  
More people are riding bicycles today than for years past. The paved roads are so smooth, so clean, and so easy to ride on, they are creating new riders by the thousands.

Just climb on a C. C. M. yourself and see how exhilarating it is to ride a bicycle.

See how easily it glides along, thanks to the C. C. M. Triplex Hanger—the three-piece hanger that gives the C. C. M. so much speed—and pep—and power.

Then press back on your pedals and see how quickly and smoothly the Hercules Coaster Brake acts.

Note how strong and rigid the frame is. It's of English Seam-

less Tubing, strongly reinforced.

Look at the brilliant, lustrous enamel—durable and lasting. And the glistening nickel. It's done over copper so it won't rust.

Glimpse the new Gibson Pedal, too—so light and so strong. Its silvery frame is of aluminum and cannot rust.

Stand back and look at the C. C. M.'s trim, graceful, racy lines. A beauty! A bicycle anyone would be proud of. And one that will give years and years of faithful service.

You need a bicycle—most everybody does.

This year C.C.M. prices have again been reduced. They're now \$20 to \$25 less than the after-war "peak" prices. The nearest C.C.M. dealer is waiting to show you the latest models.

Isaacs, president of the Ladies' Auxiliary of the school, A. Babb, the teacher, Mrs. J. Goldman, president of the local Hasidim, and B. Guss, president of the local Young Judeans, each gave a short address. The children

sang the national songs and cantor, Rev. O. Mandelblat, conducted the special exercises of the dedication.

**PRAISES HOSPITAL**

Words of commendation for the Saint John General Public Hospital were spoken yesterday by C. H. Christie, of Toronto, a member of the firm of

Cowan & Co., who has been a patient at the hospital for about five weeks. He expressed himself as highly delighted with the treatment and care received.

**LIQUOR AWAY FROM SHOP.**

In connection with the publication of a seizure of alleged alcohol in Brooks

street early Sunday morning it was said that the seizure was made in a shop in that street and that the proprietor had been notified to be in court in relation to the matter. It was said yesterday that the visit was not made to the shop but to a place well in the rear and that the store owner had no connection whatever with the call.

**"GUTTA PERCHA" BALLOON LOW PRESSURE TIRES**

A new comparison in tire value and service—*from the first day on*

To ride on cushions of air: to be care-free whether the road is rough or smooth: to steer your car easily at low speeds and safely at high speeds: to be sure of extra mileage no matter where you live, where you go, or what the load.

To know that your car is equipped with the most dependable, durable, and scientifically built tires made—the result of over forty years of manufacturing experience. A predominant tire, built by Canadians, in Canada, for Canadians and sold at the regular standard price.

To know that your "Gutta Percha" Balloon Tires have greater side wall protection, stronger breaker strip, sturdier rubber content, increased flexibility, a road-gripping, smooth-rolling tread—

These are but a few reasons why you should equip your car with "Gutta Percha" Balloon Tires. They will give you a new comparison in Tire value and service and a new experience in luxurious comfort—from the first day on.

If your local dealer cannot supply you, write us giving us his name, the size you require, and we will see that you are immediately supplied through him.

Yankees Continue Their Heavy Slugging and Defeat The Dodgers

Along The Sport Trail

WHETHER OR NOT the Saint John hockey team will have a chance to land Rod Biddle for goal next season will depend on the outcome of an investigation which will be led by A. W. Gray, honorary president of the Maritime Branch of the A. A. U. of C. He has been delegated by the New Brunswick Registration Committee to proceed to Fredericton next Monday to look into the charges of professionalism preferred against Biddle, Colwell and Fleet. Local hockey fans will eagerly await the result of his finding. If he charges that Biddle and his associates on the Fredericton team accepted money for their services is proven then it is a foregone conclusion that they will be professionalized, but if they are not substantiated then the local managers should not leave a stone unturned in an endeavor to secure his services for next season.

ANOTHER basketball series of importance is to be staged in this city Saturday night when the Trojans and the Pawnees of Moncton will clash for the Intermediate championship of the Province. The teams are scheduled to play home and home games on neutral floors. This ruling was handed down by the A. A. U. officials at a recent meeting and is rather unique. The teams are to play home and home games and the reason given for ordering them played on neutral floors is said to be due to the fact that the Moncton boys have been playing in an auditorium considered unsuitable for championship games. In order to bring the matter to a head and not permit one team or the other an advantage this scheme was adopted. In addition to this game the Rovers will clash with the Y. M. C. A. girls' team of Moncton in the first of their championship series. Both games will be staged in the Y. W. C. A. gymnasium.

JUDGING FROM talk about the city there is considerable interest being manifested in the Maritime Bowling tournament, which is to be staged in Moncton on April 14 and 15. It was at first planned to run the games over three days, but it is now felt that it would be more satisfactory to confine them to two days and give the participants a chance to return to their work. In this series there will be 11 teams, Blacks and the Saint John War Veterans, St. Stephen, Fredericton, Sussex, Joggins Mines, Springhill, Amherst, Halifax, Sydney and Moncton. Those in charge of the tournament are now engaged drawing up the schedule. As far as is known this will be the first time that a strictly Maritime Province candle pin tournament was ever held and if it is successful there is no doubt it will become a permanent fixture.

AS A RESULT of a recent decision of the City Council daylight saving will go into effect on May 3. This will be welcomed by baseball players in general for it will give them three full weeks to practice for the opening of the season on May 24. While it is not definitely known just how many amateur leagues Saint John will have it is an assured fact that several will be in operation. It is now almost certain that there will be one professional baseball team organized here and the outlook is bright for a second. If plans of those interested materialize the personnel of the teams will be composed of local talent. An effort is being made to induce some of the younger players to desert the ranks of the Simon Pures and jump to the pros. Those behind the movement say they will not participate in any other line of sport and who are eager to make good in this pastime. From this it will be seen that the outlook for baseball here during the summer months is more favorable.

MIKE BALLERINO WINS TITLE IN THRILLING BOUT

Awarded Junior Lightweight Crown By Officials

PHILADELPHIA, April 2.—The junior lightweight crown today rests on the head of Mike Ballerino, of Bayonne, N. J., by virtue of a decisive victory over Steve (Kid) Sullivan, of Brooklyn, the titleholder, in a 10-round bout last night. The judges and referee were unanimous in awarding the victory to Ballerino, and when the decision was announced the fans roared their approval in an outbreak of cheers that continued a full minute.

From the opening round until the final going the fight bristled with action. Ballerino carried the battle to the champion in every round, concentrating his attack on Sullivan's stomach, but occasionally landing a stinging blow to the head. He fairly smothered Sullivan in the last three rounds, maintaining a relentless body attack which the champion was unable to check.

WANT HARRY GREB FOR REDDICK BOUT

World Champion May be Matched With Canadian Titleholder in Toronto.

TORONTO, April 2.—Negotiations are well advanced for a match to take place here late this spring between Reddick, Canadian middle and light-heavyweight champion, whose meteoric career has been a feature of the boxing world during the past year, and Harry Greb, middleweight champion of the world. Toronto promoters hope to secure Greb, who has boxed here before and is a great favorite with local fans, for a match in which his title will be involved, but to date the world champion has refused to sign on such terms, he demanding a match at 162 pounds weight.

In the City League game on Black's alleys, last night, the Ramblers forfeited four points to the St. Peter's. The Saints rolled 1621.

Joe McNamara Did Not Recognize Nurmi

THE LAUGH was on Joe McNamara, efficient track official for a score of years, says the Boston Post. The men were lined up to start the two-mile race Tuesday evening. Paavo Nurmi came on the floor to work out. He ran around easily near the start. Joe spotted him. "Are you running in this race?" asked Joe. Nurmi left the track. The genial Joe didn't know it was the great Finn.

BANQUET PLAYERS

Members of Sussex Hockey Team Made Recipients of Watches.

SUSSEX, April 1.—The members of the S. A. A. C. hockey team were guests of honor at a banquet in the Armory this evening when they were presented by G. P. Bolton, ex-president of the M. A. H. A., on behalf of the citizens of Sussex, with beautiful gold watches of the very latest model and particularly neat design, and also with sterling silver medals, donated by Clark Elliott, Walter Friars, Jr., a former member of the team, and also presented with a gold watch, and W. S. Hay a gold watch from the citizens and a gold chain from the patrons of the rink.

Aileen Riggan III

Miss Aileen Riggan, Women's Swimming Association star, who has been ill in her home in Brooklyn for several weeks with a severe cold and a slight attack of appendicitis, is reported to be well advanced on the road to recovery. She plans to compete in New Orleans late this month or early in May, her mother said.

Tells How To Hit Ball

ROGERS HORNSBY, CLOSEUP AND SWINGING AT ONE. Hitting the ball is the only thing that batting averages can thrive on. Rogers Hornsby, five years the leading batsman of the National League, stands as far away from the plate as possible. His record bears out his reason. Back at the extreme far corner of the batting box, Hornsby takes his stance and waits for the pitcher to let go. "From this position, I can judge whether it is going inside or outside of the plate," he explains. "There is no ducking if it is inside, as I am not hugging the plate. "I use a long bat, and when one comes over any part of the plate, I can get to it. If it's on the far side, I step in, and reach it. "If it cuts the inside, I can stand still, and still swing fully, to hit it with the big end of the bat. "From my position in the box, a low curve loses its baffling ability, and all pitching looks the same. If they get over the plate between knee and shoulder that's a strike—and I hit them when they're over."

RUTH DEVELOPS CHARLIE HORSE AND DROPS OUT

Shanks and Coombs Make Four Hits—Speaker Sick

NEW YORK, April 2.—The Yankees yesterday defeated the Brooklyn Dodgers at Nashville, by the healthy tally of ten to seven. Major honors in the clothing went to Howard Shanks, and Earl Coombs, each of whom chalked up four hits. A "charley horse" compelled Ruth to retire early, but not until he had collected a double and a triple, while Bob Meusel inserted a two base blow and a home run.

Giants Open Series

The New York Giants, idle yesterday, today will open a four day series with the Memphis team of the Southern League, at Memphis. A ninth inning rally resulting in five runs, gave the Cleveland Indians an 8 to 6 victory over the Rochester Internationals at Savannah yesterday.

Speaker was out of the game suffering from a sore throat.

The St. Louis Cardinals won a game from the Seals, ten to eight, at San Francisco in chilly weather yesterday.

Veteran Cycle Star In Good Health Again

Fully recovered from the effects of his operation during the winter for appendicitis from his trip of six weeks abroad and the rest he has enjoyed since his return to this country, Alf Goulet, America's foremost cyclist, is preparing for his initial outdoor appearance of the season at the Newark Velodrome on Sunday afternoon.

TABERSKI LOSES

Pocket Billiard Star's String of Victories is Broken by Natalie.

NEW YORK, April 2.—The world-breaking winning streak of Frank Taberski, former world's pocket billiard champion, in the National Championship Pocket Billiard League was brought to an end yesterday afternoon after he had won 25 successive games, 16 more than the former record held by Ralph Greenleaf, the present champion. Natalie of Baltimore defeated Taberski in the third game of their series of six yesterday afternoon at the Fourteenth Street Academy by the score of 100 to 84 in eleven innings. This was the first setback suffered by the former champion since the afternoon of Feb. 11, when he was defeated by Greenleaf at Philadelphia. That evening Taberski started his record-breaking streak by winning from the champion in a close game, 100 to 93, thereby earning an even break in the series of six games played between them at Philadelphia. This victory of Taberski, incidentally, marked the breakdown of Greenleaf, who retired from the play until last week, going to Atlantic City to rest.

WIN RIFLE LEAGUE

"C" Company Capture Premier Honors and Will Receive Beautiful Clock.

The Fusiliers fired their last Regimental League match at the armory range last night and "C" company won the clock for the first place in the league. "D" company won the first match of the season but did not have enough total scores to capture first place and the handsome prize goes to "C" company.

Will Play In League With His Long Beard

PORT SMITH, Ark., April 2.—Walter Faust, second baseman with the House of David baseball team last year, has signed a contract with the Port Smith Western Association team and will report here this week. Blake Harper, President of the club, said Faust is a life member of the club and will play with his flowing beard and long hair, it is said.

MIKE BALLERINO Wins Title Bout

PHILADELPHIA, April 2.—Mike Ballerino, Bayonne, N. J., was crowned junior lightweight champion of the world last night, receiving the judges' decision over Kid Sullivan, Brooklyn, the titleholder, at the end of a ten-round bout.

TROJANS WIN GAME

Intermediates Defeat Woodstock Sheiks and Will Now Play Moncton.

The Trojan Intermediate basketball team last night defeated the Woodstock Sheiks on the Y. M. C. A. floor, 65 to 26, in their return game with the latter team.

The visitors were leading 12 to 10 at the end of the first period, but the local boys pulled up in the second half. H. T. C. Huston was referee.

BADMINTON

City Tournament Starts Tonight in Armories—Many Clubs Represented.

The City Badminton Tournament will start in the armories this evening at 7 o'clock and play will be continued tomorrow night. The programme arranged is extensive and 11 clubs have entered. There are 26 entries in the men's singles, 23 men's doubles, 20 mixed doubles, 10 in ladies' singles and 22 in ladies' doubles. Great interest is being taken in the tournament by players and others interested in the game.

CHALLENGE HIS STATEMENTS ON N. S. CONDITIONS

(Continued from page 9.) "The publicity committee has been in closest touch with the actual distress here. We have been in the impoverished homes; have seen the half-clad children, the houses that are bare of the average comforts, and we know that thousands have nothing between them and starvation but the doles of the relief committee, which are only large enough to stand off actual hunger. Food riots would long ere this have been staged and soldiers likely brought here to quell disorders had not relief been supplied.

HUNGRY CHILDREN. "Hungry men grow desperate and their hungry children only aggravate their desperation. It was this condition that first animated the relief committee. Hungry children without shoes or stockings and with tattered under-wear and having no chance to secure same owing to the stoppage of credit at the company's stores, makes for uncomfortable feeling in the hearts of parents already goaded by unhealthy sanitation and uncomfortable homes. Many independent investigators have voiced these statements. There is no political bias in them. They are the calm judicial statements of impartial observers.

ISSUE CHALLENGE. "We challenge Mr. Duff to come to Cape Breton or to send a representative here and we will convince him that we only told a small part of the story of need and want. We recognize that these suffering ones are Canadian citizens and that their relief is now a Canadian problem.

TWO MEN FOUND DEAD IN KING'S CROSS COTTAGE

(Continued from page 9.) full on, but the police believe the men died from poison rather than gas. Today a cordon of police has surrounded the premises, ripping up floors, digging about the yard. What officers wish to find is known only to Scotland Yard. It is reported that at the inquest today the noted Sir Bernard Spillsbury will take a hand in plumbing the mystery. Cooke posed as a "man of mystery," his acquaintances said today. He frequently boasted that he possessed enough poison to kill half of London, and was a student of horrible diseases. It was reported that both Cooke and Foster had been secretly mixing in underworld affairs, and had been convicted of frauds. His mother said Cooke had been slightly insane since the war, when he was injured in a fall from a plane. Meanwhile the city is being searched for Cooke's wife. Fourteen months ago she moved with her husband into the grim cottage. She left later and has not been heard from since.

PLAYS SOLOMON'S PART. Sergt. Dikeman was called to a shop in Main street yesterday afternoon to settle a warm dispute between the store owner and a customer relative to some goods.

Woman Beaten by Man She Fed

COLUMBUS, Ohio, April 1.—John Miller, aged 38, is held in the city jail on a charge of assault and battery as a result of his alleged attack upon Mrs. Hattie Rickenbacker, grandmother of Captain Eddie Rickenbacker, famous war aviator. According to Mrs. Rickenbacker's story, Miller came to her home and demanded something to eat. Mrs. Rickenbacker cooked an "old-fashioned johnny cake" for her self-invited guest. Miller devoured the cake and half a pie which she served him and then demanded more food. When she told him she had no more he became enraged, she said, and, seizing a hammer, beat her with it.

Engineer On Ferry Falls Dead On Duty

NEW YORK, April 2.—As the ferryboat West Point, carrying more than a thousand passengers from Manhattan, was brought safely into its Weehawken slip, Joseph Bradley, the engineer, dropped dead at the controls in the engine room. Death was due to a cerebral hemorrhage. Bradley, who was 65 years old, probably dropped to the floor of the engine room the moment the ferry was safe in the slip, for all orders from the pilot house until that moment had been promptly carried out.

STEVEDORE MATTER Decision of Interest in Shipping Made by U. S. District Court of Maryland.

A recent decision of the United States District Court of Maryland with respect to selecting stevedores will be read with interest by shipping men. In Roper Shipping Company vs. Hansen Produce Company, re charter party, Baltimore Form "C" for grain, steamed Wearpool and Somersby, Justice Soper in the United States District Court for the District of Maryland has held that the charterer could not withhold approval of the owner's selection of a stevedore, except on reasonable grounds, and that the vice-president of the charterer in his testimony had "been unable to give any reason why there were any considerations that influenced him comparable with the difference of 20 per cent."

Women In Charge Of U. S. Post Offices

WASHINGTON, April 2.—Almost 3,000 women were appointed postmasters of Presidential class post offices in the year just ended. Postmaster General New, in making public statistics of appointments, emphasized the fact that recognition of merit in the ranks, retention of experienced employees and consideration of women and former service men, had characterized the 16,824 appointments during the year ended March 4. Of the total, 13,285 were made from the eligible registers certified by the Civil Service Commission.

Largest Number of Passengers on Ship Here This Season

EXPECTED IN PORT SATURDAY MORNING

Train of 40 Cars of Cattle Leaves Montreal for Saint John

The Canadian Pacific steamship Montclare, which is due to arrive in port Saturday morning from Liverpool and Queenstown, has on board the largest passenger list coming here this season. She has 190 cabin and 810 third-class passengers, in addition to 1,863 tons of general cargo and 2,431 bags of mail and packages of parcel post. Included in the freight are 189 tons for local merchants, while in the mail there are 89 bags and 32 packages of parcel post for Maritime Province ports.

The Minnedosa is expected to arrive here on Sunday from Glasgow and Belfast with 54 cabin and 220 third-class passengers. She has over 1,000 tons of general cargo and a small consignment of mail.

Forty-Car Train. The forty-car train that was ever made up to come to Saint John will leave Montreal tonight over the C. P. R. It consists of 40 cars containing approximately 800 head of cattle, which are to be shipped overseas on the S. S. Madaket. The train is due to reach the city tomorrow. It is said this is the first time on record that 40 full cars are scheduled to be brought direct to this city from Montreal.

## PORTLAND LADIES' AID TEA HELD TODAY

Y. M. A. Hall of Methodist Church is Nicely Arranged For Occasion.

Mauve and yellow colors in flowers and other decorations have transformed the Portland Methodist Y. M. A. Hall into a place of special attractiveness today for a pre-Easter tea served by the Ladies' Aid. Mauve candies set in silver and cut glass sticks were to light the large serving tables, arranged in the form of a Maltese Cross, with an arch, artistically ornamented with the prevailing tints in flowers and crepe paper. Small tea tables, centred with individual vases with yellow and mauve spring flowers, followed the general scheme of the serving tables. Mrs. R. C. Thomas was general convener.
