BRITISH HOLD FAST ALONG SOMME AND NEAR BAPAUME; GREATEST DANGER POINT NOW IN NOYON REGION; FRENCH TROOPS HELD

France has thrown the weight of her forces into the great battle raging with unexampled intensity on the western front, and the British and French armies are now battling together against the onslaught of the common enemy in his desperate attempt to break through the Allied line.

The greatest danger point at present seems to be farther south, where the Germans apparently have driven through the greater width of the region they devastated in retiring in 1917, as the Paris statement today reports heavy fighting in the region of Noyon.

The wedge driven into the Allied line is evidently a deep one, however, as the French troops are reported by Paris to be contesting for the heights to the north of Oise with important German forces.

London, Mar. 25—Fresh attacks by the Germans have developed northward and southward of Bapaume. The war office so announces. The British repulsed powerful attacks yesterday afternoon south of Bapaume.

London, Mar. 25—The British this morning were counter-attacking between Nele and Haun, so Reuters' correspondent at British headquarters reports. The French also were in action.

North of Bapaume, he states, the Germans were attacking in considerable force at dawn but did not get through the British barbed wire.

London, Mar. 25—The text of the war office report dealing with aviation follows: "The enemy's low flying airplanes were most persistent in their attacks on our infantry in the forward areas."

London, Mar. 25—The British in their retreat defended every hill, ridge and fortification with the greatest stubbornness, say messages from German war correspondents on the western front.

London, Mar. 25—The British in their retreat defended every hill, ridge and fortification with the greatest stubbornness, say messages from German war correspondents on the western front.

London, Mar. 25—Extremely heavy firing from the direction of Flanders was heard all last night along the Kerthsh coast, according to the Central News.

London, Mar. 25—The British in their retreat defended every hill, ridge and fortification with the greatest stubbornness, say messages from German war correspondents on the western front.

For Superannuation Of Police Magistrate Council Memorializes Government of Province OFFERS \$1,500 A YEAR

Also Makes Formal Request for Share of Liquor Fines—B. Mooney & Sons Get Contract for Main Street Paving But City Will Lay Bituminous Surface

Two important memorials to be presented to the provincial government were presented to the common council this morning by Commissioner McLeod.

Magistrate Ritchie was heard in defence of his administration of the office and in support of his petition for a salary increase.

The contract for paving Main street was awarded to B. Mooney & Sons, their contract to include concrete base and granite blocks between the street car tracks.

Magistrate Heard The council first met in committee to hear Magistrate Ritchie, who appeared in support of his application for a salary increase to \$4,000.

The magistrate said that he had been in office twenty-nine years, and while there had been many complaints, both verbal and written, he had answered them all and continued to administer the duties of his office according to his best conscience.

London, Mar. 25—The admiralty announces that the American ship Chattochee, 5,008 tons, has been sunk by a German submarine off the English coast.

New York, Mar. 25—The steamship Chattochee was formerly the Hamburg-American liner Sachsen, and was one of the vessels seized by the United States when this country entered the war.

London, Mar. 25—King George today sent the following message to Field Marshal Haig: "I can assure you that the fortitude, courage and self-sacrifice with which the troops under your command continue to resist greatly superior numbers are realized by me and my people."

London, Mar. 25—President Wilson today eulogized Field Marshal Haig, saying: "I do not express to you my warm admiration of the splendid steadfastness and valor with which your troops have withstood the German onset, and the perfect confidence all Americans feel that you will win a secure and final victory."

London, Mar. 25—The inhabitants of Cairo, capital of Egypt, were informed officially on last Thursday, according to a Reuters despatch, that a hostile airship had been observed over the coast.

London, Mar. 25—Chung Lung So, a musician, died in a hospital yesterday from a bullet wound in the chest, received while performing a trick with loaded rifles on Saturday night.

London, Mar. 25—The Bishop of London, the Right Rev. Arthur F. W. Ingham, has issued a message to the people of London, saying: "The great struggle for the freedom of the world has now clearly reached its crisis."

With reference to his salary, he said that the only attorney-general who had treated him squarely since he took office was the present chief justice, who had told him that he should have extra pay for the work he was doing in the juvenile court, but he had not received it.

After some discussion, the memorial was approved and ordered forwarded. Authority to arrange for free garden-pots in Lancaster was given to Commissioner Russell, with the understanding that there should be no paid caterer and that the expenditures for planting should be collected from the lot holders.

In reply to a question by Commissioner Fisher, Commissioner Russell said that he had promised to provide a berth for vessels bringing fertilizer to the city. Main Street Paving.

Commissioner Fisher presented a report on the contract for Main street paving. He found that B. Mooney & Sons had submitted the only complete tender and that it would be practically impossible to divide the work. On the Mooney figures he estimated the total cost at \$89,547 for the permanent paving between Adelaide and Cedar streets. He recommended that B. Mooney & Sons be given the contract for the entire paving except the bituminous surface, which would be done by the public works department and that Frank Wade give the contract for resurfacing the curbing.

He announced that the share of the \$89,547 for the permanent paving to be paid by the N. B. Power Company would be \$2,500.

Commissioner Fisher, moving the adoption of the report, said that the city had spent \$23,866 for removal of snow since Jan. 1, an amount \$16,690 greater than in the same period last year. By undertaking the work of laying bituminous surface, he could use the asphalt provided for other street work and reduce other expenditure by about \$10,000 and authorized the sale of this reduction to offset the extra snow cost.

Commissioner Fisher also reported that it did not provide for the 300 feet of pavement on the hill below.

Commissioner Fisher said the bill was a big problem in itself and the paving on either side was good enough for some time.

With the understanding that an effort would be made to complete the street paving vigorously on the grounds that it did not provide for the 300 feet of pavement on the hill below.

Commissioner Fisher's motion authorizing the pooling of balances in his department was adopted.

The council adjourned to resume at 3 o'clock to consider the new assessment act.

WAR NEWS HITS SOME OF STOCKS (Continued from page 1.)

French bonds, state and municipal issues reacting from fractions to 1 per cent. Exchange on Italy also moved against the market.

Sales to eleven o'clock were estimated at 300,000 shares.

Noon Report. New York, Mar. 25.—(Noon)—The selling was expedited its force in the first hour, substantial buying of leaders effecting rallies of one to two points.

By noon the rebound was further augmented, with full recoveries for United States and other active industrials, while investment rails, notably Union Pacific, Canadian Pacific and Atchafalpa, showed actual gains of a point. International Securities suffered in the early setback, Anglo-French 5's and French state and municipal issues losing from 1/2 to 1 per cent. Liberty bonds were heavy.

London, Mar. 25.—The feeling in financial circles in regard to the situation on the western front is one of quiet confidence in the ultimate outcome of the struggle. Much interest was shown as to the manner in which the stock market would open this morning after digestion of this most startling week end news. There were no signs of weakness anywhere.

As was to be expected, brokers took precautions, marking down gilt-edged securities fractionally to guard against the situation which might arise in the event stocks were thrown on the market, but nothing of the kind occurred. There were few offerings. Consols and the war loan were absorbed readily, prices at middling being only about a quarter of a point below Friday's close. Later there was a hardening tendency, owing to the absence of speculation, and a favorable character of the official British report. Irregularity in other sections of the market was corrected and the tone became quiet and cheerful.

Break in Cotton. New York, Mar. 25.—Cotton broke 33 to 34 points in the market here today, attributed to the military situation, the maximum decline representing \$2.50 a bale. Trade buying and reports of dry weather in the southwest brought later rallies during which more than half the losses were recovered. The old contract positions were weakest.

**WRAP THE BREAD, SAYS O'CONNOR, COMMISSIONER**

Makes Strong Recommendation for Rescinding of Regulation of Canada Food Board

(Ottawa Journal-Press.)

In the January report of the cost of living commissioner, Mr. O'Connor, a feature is the commissioner's recommendation that the regulations prohibiting the wrapping of bread be rescinded. In this regard he says:

"Since I issued my last statement concerning Canadian bread conditions, the Canada food board has put into force a regulation which prohibits the wrapping of bread. This regulation, whether or not sought by the bakers, was welcomed by them, and they seem quite content therewith, but in my judgment (admittedly fallible) it conduces to waste and contributes to make higher yet the cost of living. I therefore respectfully suggest that it should be rescinded.

"If the object of its being made was the reduction of the cost of bread to the consumer (I was not consulted, so I do not know), that object has already signally failed. Some bakers have raised their prices. I know of none who have reduced them.

"If the object was the prevention of waste that object has worse than failed, for the evil of waste has been accentuated. The wrapped loaf kept fresh and sweet at least forty-eight hours longer than does the unwrapped loaf. All stale bread does not go to waste, but a very much larger percentage of stale bread than fresh does go to waste. As the unwrapped bread goes stale much more fresh bread is bought, replacing it.

Costs Consumer More.

"The baker does not object, but apart from the matter of conservation, which is not my business, all this costs the consumer more money. Meanwhile, notwithstanding all our hard-earned provincial sanitary laws, the one article necessarily and universally used at our tables is delivered there under conditions which we have been taught to regard with disquietude, if not with disgust. I submit that sanitary precautions are worth paying for. The sanitary requirements which surround the supplying of wheat and milk add very materially to the cost, but these laws remain unimpaired.

Carrier of Germs.

"Why favor one or more species of bacteria? Let us have them all. Why clean meat or milk, but dirty bread? Why not dirty water as well? Thus could we save money and conserve supplies. Water systems receive anti-typhoid treatment at great expense while a baker's driver who happens to be a 'typhoid carrier' may infect a thousand loaves of bread a day. I refrain from imagining various other possibilities, (they come all too easily to one's mind) but in view of the fact that the house fly will soon be abroad in the land, I suggest that at least those who wish to purchase wrapped bread should be at liberty to do so, whether or not the wrapping of all bread is again made compulsory. I think, however, that wrapping should be made compulsory. I think so, as I may lawfully and properly think, and think in this open fashion, because wrapped bread costs less than unwrapped bread. With such matters I am directly concerned."

**POST OFFICE A PLUM NO LONGER**

New Civil Service Rules Provide for Filing Office of Postmaster by Promotion or Transfer When Possible

Ottawa, Ont., Mar. 22—Temporary regulations have been framed by the civil service commission for the governance of the civil service of Canada, pending the adoption of a new civil service act by parliament. They provide that persons employed in a temporary capacity in the outside service of any department, on February 12 (the date of the recent order-in-council relating to the civil service), who have passed the preliminary or qualifying examinations may be considered eligible for permanent appointment in their present positions, provided they are recommended by the deputy heads of the department.

Final regular competitive examinations are held, all positions in the lower and all clerical positions in the outside service in any department shall be filled by the commission. When employees are requested on short notice in places outside of Ottawa, the official of the department requiring such assistance shall report to the commission the names of the persons to be employed.

Where the appointment of a rural postmaster is desired, it is provided that the civil service commission shall, through the responsible official of the postoffice department, institute enquiries in the locality in which the appointment is to be made, with a view to securing a suitable person, suitably located, for such position. Having satisfied themselves that the person chosen is properly qualified a certificate, required for his appointment, will be issued. In the case of a large postoffice, where an assistant postmaster is employed, a vacancy in the postmastership, shall, as far as possible, be filled by promotion or transfer. Where such procedure is considered inadvisable, the commission will invite applications for the position by public advertisement and select from among those applying the person whom in their judgment, is best qualified for the position. The procedure to be followed in connection with the securing of unskilled labor by a department will be the same as when other employees are required. In other words, the department will report to the commission the names of the persons to be employed, with full particulars in regard to them. Such employees will not be engaged for a period, beyond thirty days unless the commission issues a certificate.

## "Rouse Up"

At the call of Reveille in every Military District, Canada's latest contribution of sturdy manhood awakes each morning to a soldier's life and duties of a new day.

Your friends are there, your sons or brothers perhaps, and now seven mornings a week these men will rise at the call, to perform the first duty of every soldier . . . . shave.

It is easy to see, then, why the soldiers appreciate a real razor—one that shaves clean with speed and comfort—and without fuss or frills.

## Gillette Safety Razors

have proved their mettle with Canada's previous contingents. In camp, barrack room, billet or trench, it's just the same—a piece of soap, a little water, a Gillette—and in three minutes a clean, smooth skin that will pass any officer's inspection.

Our old army knows the worth of the Gillette Safety Razor—and wants thousands more. Our Allies' army from across the Line is getting them by hundreds of thousands. Our new army should leave our shores with shaving equipment to match their other accoutrements. If your brother, son or friend in the new army doesn't get a Gillette, see to it yourself that he is supplied!

Your friend of the new army needs the comforts you gave your friends of the old. Make his shaving easy under all conditions—give him a Gillette.

WHEN THE CHINESE GO BACK.

(Chicago Journal.) There are 150,000 Chinese laborers in France working on roads and in agriculture. A few are employed in munitions making. All expect to return to China when the stress which called them so far from home has passed. It is safe to say that they will go back with ideas that will help on the liberalizing of the great Oriental nation. No one who has had any contact with them ever questioned the mental ability of the Chinese; and these members of the race are in a good school. With such pupils, such a teacher and such a spur to learning, it looks as though China was due to get back 150,000 millionaires of a new order. Even among her swarming millions such a force will count for something.

Had His Way.

"I'll just scream if you attempt to kiss me!" said the sweet young thing. "But I don't want you to scream," replied the young man. "No." "You don't want to kiss me?" "Oh, very well. That's like a man. You're bound to have your own way."—Yonkers Statesman.

The Taxation of Food

(Toronto Globe.) Whether levied for revenue purposes or with the object of affording protection to home producers, the taxation of staple articles of food is of doubtful value to the state. Food taxes press most heavily on those least able to bear taxation, and lay an undue burden on the poor. The day laborer in cities and towns who tries to make a home and raise a family on the scanty wages of the unskilled worker must spend at least half his total income on food. The self-supporting shop girl at the best, and when taxation is piled on top of her wages, must spend at least half her total income on food. NOTED CASES OF KIDNAPPING

Pat Crowe and The Cudahy Boy

THE LOST CHARLIE ROSS

Forty Years Ago Child Was Stolen and Never Has Been Heard of Since—United States Stunned by Case of Lloyd Keet

(By Judge Henry Neil, Originator of the Mothers' Pension Movement.) One night, in Chicago, Pat Crowe, a big, burly man over six feet high, came to my office and stayed until midnight. He told me the full details of how, a short time before, he had gone to the Cudahy home in Omaha, Nebraska, and kidnapped the son of Mr. and Mrs. Cudahy, who were very rich, hid him in an old dilapidated house on the outskirts of the city, and sent a note to the family demanding a ransom, which the Cudahys did not pay. Crowe had been for many years a worker in the Cudahy meat-packing establishment in Omaha; he was dissatisfied with the wages he received, and had taken the kidnapping method of getting more money out of the Cudahys. The police recognized the handwriting of Crowe in the note, and were searching for him when he escaped from the city by night and made his way to a lonely spot in the mountains of Montana. He told me how he travelled this seven hundred miles, by hiding in woods and marshes in the daytime and walking during the dark of the night. He stayed in the mountains for four months when he was compelled by hunger to go to the city of Butte for food. There he

SUFFERED WITH NERVES

COULD NOT KEEP QUIET

Diseases of the nervous system are very common. All the organs of the body may be found while the nerve centres may be affected. Many women become run down and worn out by household duties never ending, and sooner or later find themselves with their nerves shattered, and the rest action weakened. On the first sign of any weakness of either the heart or nerves, flagging energy, or physical breakdown, do not wait and see. Consult the famous Dr. J. M. Robinson's Heart and Nerve Pills will at once quieten the shaking nerves, strengthen the weak heart, and build up the entire system. Mrs. F. Bailey, 221 Earl street, Kingston, Ontario, writes: "I was suffering very much with my nerves, so much so that I could not keep myself quiet at all. I was recommended to try Dr. J. M. Robinson's Heart and Nerve Pills so I bought three boxes, and I must say I have derived much benefit from these pills, so much so that my friends have all noticed the change in me. Dr. J. M. Robinson's Heart and Nerve Pills are the best at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

War Takes Second Place

In the midst of one of the greatest crises in American history, on the day in June last when ten million citizens of the United States were registering for compulsory military service in the war, the attention of the entire nation was directed to the search for a kidnapped baby. The baby son of a Springfield, Missouri, banker had been carried off into the Ozark mountains, and was being held for ransom. The whole country was excited, and men and women all over the land were talking wistfully of the crime. A thousand mountaineers were assembling to go out on the trail. Millions of souls were praying for their success.

RECENT DEATHS

Mrs. Edward J. Tighe. Many friends will learn with regret of the death of Mrs. Edward J. Tighe, which occurred on Saturday at her home, 470 Main street, following a comparatively short illness. Besides her husband, who is the well known business agent of the Longshoremen's Union, she leaves one child, one brother and five sisters to mourn.

Walter H. Parlee, son of Mr. and Mrs. Hiram H. Parlee, of 114 Harrison street, passed away at his parents' home yesterday after a short illness. The funeral will be held from his late residence at eight o'clock this evening.

The death of Miss Miriam Irvine Baxter, daughter of the late George W. Baxter, of Andover, occurred at the home of her sister, Miss Iva A. Baxter, in Fredericton on Saturday.

The death of Mrs. Lydia Clark, wife of James F. Clark, occurred at her home in Scotch Settlement on Saturday morning at the age of eighty years.

The death of Mrs. M. Donalvon, former middle-weight champion pugilist, is announced at New York. He was seventy-one years of age.

Raymond Amero died at the General Public Hospital here on Sunday from pneumonia contracted after a fall into the icy waters of the harbor on March 18. He never recovered from the shock and pneumonia set in, resulting in his death. He is survived by his wife and son, who will accompany the body to Yarmouth, his former home.

Braves Want Hearne. Boston, Mass., Mar. 21—"Bunny" Hearne, left-handed pitcher of the Toronto club of the International League, was purchased today by the Boston National League baseball club, according to word received tonight from the Braves' spring training camp at Miami, Fla. Hearne has been ordered to report at Miami within a few days.

When this dispatch was shown to President McCaffrey of the Toronto Club by The Toronto Globe, he said that Hearne has not been sold. He did admit, however, that the Boston National League club had made overtures for the pitcher. The Braves have two chances to get the southpaw—one in the event of the proposed new league not being organized and the other if they meet the price set upon the player by the Toronto club.

Manager Ed. Barrow of the Boston American League team has also been angling for Hearne, but is less likely to get him than the Braves.

Retired on Pension. It is announced that eighty-nine Grand Trunk men have been retired from active service, under the pension plan of the company, during the last twelve months. They represent 2,500 years of railroad service. Twenty-eight of these men were in Grand Trunk service for forty years or more; nine were in service in excess of forty-five years, and four had more than fifty years to their credit.

The total number of officers and employes pensioned since the inception of the present pension fund in 1908, is 1,248.

The home of Joseph Hunter, milkman, on the Marsh road, was practically destroyed by fire yesterday afternoon. The loss is estimated at about \$700. The flames were first noticed by persons passing by, and the warning came soon enough to save the furniture. The ill and one room above it remain undamaged, due to the heroic work of the men of the neighborhood.

The Junior boys, eighty-seven in number, arranged an impromptu entertainment on Saturday evening at the Y. M. C. A. and it was so successful that it was decided to hold a similar one next week. F. L. Smith spoke at the Sunday morning meeting. A. M. Gregg presided at the meeting held in the association building last evening. W. C. Cross spoke on Christian Service.

Rheumatism For 25 Years

Was Attended by Several Doctors in Nova Scotia and in New York by Celebrated Specialist—Astonished to Find Himself Totally Cured by Home Treatment.

Killarney, N. S., March 2.—This letter from Mr. Cameron should make every reader of this paper think. If you happen to be a sufferer from rheumatism Mr. Cameron's experience may prove of incalculable value to you. He spent money liberally in a vain effort to obtain cure, and finally found the effective treatment at a cost of \$2.00 for eight boxes of Dr. Chase's Kidney-Liver Pills. This treatment set the liver and kidneys right and swept from the system the poison which caused pains and aches and all the suffering from rheumatism. Write to Mr. Cameron and verify the statements contained in his letter.

LATE CASUALTIES.

- Ottawa, March 24.—Saturday's night list of 137 casualties reports twenty-one killed in action, one accidentally killed, seven died of wounds, one prisoner of war, ten died, thirty-five wounded, forty-three gassed, seventeen ill, one suffering from burns, and one reported missing in error.

SUNDAY BASEBALL BILL REPORTED OUT

Little Hope is Seen, However, For Its Passage Through the Legislature

Albany, Mar. 19.—For the first time in history legislative fights to legalize Sunday baseball women from New York City appeared in force here today to urge passage of the Lawson-Kiernan bill, which would permit amateur or professional baseball after 2 p. m. on Sunday. At the conclusion of a lengthy hearing, attended by people from all over the state, Senator Charles D. Newton, chairman of the codes committee, announced the bill would be reported out. It is believed, however, that the measure has little chance of survival on the floor of either house.

SPIES SHOULD DIE

(Philadelphia Public Ledger) Military usage condemns a spy to death by hanging. Even where his action is considered honorable, as in penetrating the enemy lines in a war, the penalty is not remitted. One of the historic cases in this country is that of Major Andre, a British soldier who was captured by the French in 1780 during the American Revolution.

C., Mar. 24.—Investigation has convinced the Department of Justice that two women and two men claiming French citizenship, recently arrested on suspicion of connection with the German spy ring, can only be classed as undesirable citizens, rather than as spies.

Catarhozone is the Greatest Invention of the Age for Weak Throat, Hoarseness, Etc. Strongly Endorsed by the Clergy.

Because of its strengthening influence upon the vocal cords, Catarhozone cannot be too highly recommended as a wonderful voice improver. It almost instantly removes hoarseness or hoarseness, thus insuring clearness and brilliancy of tone. The most eminent speakers and prima donnas are seldom without degree their anti-rhin strength and brilliancy of tone to its influence.

THE MONSTER GUN.

The gun which has been bombarding Paris has been located in the forest of St. Gobain, west of Laon, seventy-six miles from the Paris city hall and a distance of about twelve miles in the rear of the German lines. The bombardment continued on Sunday from seven o'clock in the morning until three o'clock in the afternoon, the shells falling at intervals of twenty minutes. The shells are nine or ten inches in diameter, but it has been impossible to learn their nature and there are various conjectures regarding the possibility of their being aerial torpedoes or shells within shells.

## LIEUT. GILMOUR IS REPORTED DEAD

Gallant Young S. John Officer In R. F. C.

### NEWS FROM GENEVA

Red Cross Quotes German Papers as Announcing His Death—Pte. E. W. Bean 'Now Given up as Dead—Leagthening Casualty List

F. E. Williams received a cablegram this morning from the Red Cross in Geneva, Switzerland, saying that, according to German newspapers, his son-in-law, Lieut. A. Claire Gilmour, had been killed on March 24th southwest of Quentia. This sad message was conveyed to Lieutenant Gilmour's father and mother, Mr. and Mrs. A. B. Gilmour, and the hopes cherished since their son was first reported missing were shattered, and both are prostrated with grief.

A few weeks ago Mr. Gilmour received a cablegram from England saying that his son was reported missing and later he was informed that he was last seen falling behind the German lines. Since that time hopes were entertained that perhaps he was only injured and was still alive, although a prisoner of war. While there is a possibility that the report in the German papers is incorrect, relatives fear that it is only too true.

Lieutenant Gilmour was a popular young officer of the 115th battalion and crossed to England with that unit. It was broken up he became attached to a musketry staff at Mytchell Range. He remained with them until an opportunity presented itself for him to cross to France, his cherished hope and desire, as second in command of a company in a western labor battalion. He remained there for about six months during which time his battalion did pioneer duty in the vicinity of Ypres, previous to the advance at Messines Ridge. His company successfully carried out important work and as the result of distinguished conduct Lieutenant Gilmour was recommended for a military cross.

Besides his father and mother he is survived by one sister, Margaret, a student of Mount Allison University, his wife, who was formerly Miss Williams, and a baby boy who is a year and a half old and who was born a few months after his father crossed overseas.

After graduating from the St. John high school Lieutenant Gilmour became affiliated with his father in a clothing business and while so doing he developed ability which gave promise of placing him among the foremost successful young merchants in the city. He had a bright and happy disposition and all who were fortunate enough to come within the scope of his acquaintance will cherish the memory of his friendship. His wife, parents and all have the earnest assurance of the heartfelt sympathy of a host of friends in this sad hour.

Private E. W. Bean  
Mrs. E. W. Bean, of 27 Brussels street, received official word from Ottawa this morning that her husband, Private E. W. Bean, who had been reported missing since August 15 is now believed to have died of wounds.

Private Bean enlisted with the 115th two years ago and was placed in the ranks of another battalion in France, where he did good work. He was reported missing eight months ago. Besides his wife he leaves four small children at home. He was thirty-eight years of age.

## LOCAL NEWS

### THE FARM TRACTORS.

The announcement was recently made that fifty farm tractors had been allotted for New Brunswick from the thousand ordered by the Dominion government through the minister of agriculture of each province, who receives the orders from the farmers and sends them forward. It is said that thus far only four orders have been received, and it is urged that farmers who wish to purchase get in touch with the agricultural department at Fredericton without delay.

### DEATH OF MRS. SPARKS

Many friends in the city will be pained by the death of Mrs. Dorothy Talbot Sparks, wife of Captain John Barnes Sparks, of the Royal Navy, which occurred at her home in London, England, on February 27. Death was due to pneumonia and she was ill only for a few days. Mrs. Sparks was the daughter of the late John W. Nicholson of this city, and the youngest sister of Mrs. Murray MacLaren, also of this city.

### SERIOUSLY HURT.

George McLaughlin of Brookville, aged forty-five, was very seriously injured while engaged in blasting operations near Peter's Tannery on Saturday afternoon, when he was struck on the head by a piece of flying stone. He was taken unconscious to the General Public Hospital, and there given treatment. This morning he is still unconscious. Although his skull is thought to be fractured, there are considerable hopes of his recovery.

## HOW LIEUTENANT L. MCC. RITCHIE WAS WOUNDED

Commander of Squadron Sends Details With Words of High Commendation

Joseph H. Ritchie of the post office staff on Saturday received details of the wounding of his son, Lieut. Louis McCookery Ritchie, noted some weeks ago. He was hit while engaged in aviation work about 4,000 feet above the German lines. The information comes in the following letter from the squadron to which he was attached—

France

St. John, N. B.

Dear Sir—I regret to have to tell you that your son was wounded in action on February 27, at 11.15 p. m. He was flying about 4,000 feet over the German lines, conducting an artillery shoot, when their machine was struck by an enemy shell which exploded and wounded your son in the ankle; the pilot, Lieutenant Gaskill, in the high, and took a bit of the petrol tank away.

After a short time it caught fire and the pilot, with great pluck and skill, brought it safely to our own lines and landed well.

Your son escaped with the ankle wound and face burned. I think he is now quite out of danger, while his pilot is better, but in a very dangerous state, owing to a severe burning. I expect your son will write you very soon, but I thought I would let you know, because I wish to express my appreciation and thanks for your son's deeds. He has done very well the short time he has been in the air and is a credit to the R. F. C. He is keen and clever and all that could be desired. In this squadron all are very anxious to look on, and to see him wounded; but are very glad to know it is no worse with him.

Later, in this evidently written and later, is now very serious and the doctors are not very hopeful. My sincere sympathy and best wishes.

Yours very truly,  
ERIC J. TYRON,  
Commander 8th Squadron.

## DRIVERLESS AUTO TOURS KING STREET

Leaves Bank Door And Takes Opposite Sidewalk—Woman Run Over

Considerable consternation was caused in King street at noon today when an automobile with cover up and curtains closed in apparently made up its mind that it had enough of standing in front of the Bank of Commerce waiting for its driver. Furring greatly it rolled across King street and chose the sidewalk in front of the Royal Hotel. At a rate of about fifteen miles an hour it ambled down the sidewalk sending pedestrians flying in all directions and finally ended its career by breaking both wheels on the steps of the third entrance to the store of M. B. A. Ltd. and settling down squarely blocking all passage through the doors. Besides narrowly missing several people, the machine knocked down one lady, passing completely over her body, and all without the slightest injury to her.

A. W. Barr, who happened to be on the scene of collision and who found the engine still going, and that not a brake was on. A truck was sent down to convey the crippled machine to the nearest garage and after several futile attempts to tow it away with a rope, in the course of which the rescuing machine itself became stalled, the front wheels were placed on the back of the truck and thus the car was removed. The number was a dealer's tag, No. 111.
