HARKINS TO START A THEATRE IN MONCTON

Company Now Being Formed For This Purpose. No Contest for Board of Trade Presidency—Contractor Wallberg Makes Proposition for Old I.C.R. Shops.

MONCTON, N. B., May 21.—The annual meeting of the board of trade and the election of officers takes place this evening. The interest in the presidency contest has somewhat subsided, as during the canvass against the re-election of J. T. Hawke, by Mr. McDougall, local manager of the Royal Bank of Canada, it was found that a large number of business men who Mr. McDougall thought would support him, were supporting the former president.

DEER ISLAND, N. B., May 21.—Now that the trouble has been settled between the Maine sardine packers and the Weirmen's Union of Charlotte County, Passamaquoddy Bay presents a busy appearance to the eye. Large motor boats, loaded to the water's edge, may be seen swiftly passing up the bay, bound for Eastport and Lubec, the chief centers of the sardine industry.

Mr. Will Hughes, of St. Stephen, was the guest of Captain and Mrs. Alonzo Calder, and worked incessantly to pay off a certain indebtedness on the building, to maintain her home and to provide comforts for her husband, who is an invalid. Overwork and exposure last fall resulted in a cold, but instead of taking the time to recover, Mrs. Murphy felt that she could not neglect her business and struggled bravely against what could easily be seen as consumption.

Mr. and Mrs. Daniel Murphy Die Within a Few Hours of Each Other Mrs. Mary J. Murphy, wife of Daniel Murphy died at her home on Charlotte street last evening, a voluntary sacrifice to what she considered her duty. She was a victim of consumption contracted during her illness in her very support herself and others, Mrs. Murphy conducted a little grocery on the corner of Charlotte and St. James streets, and worked incessantly to pay off a certain indebtedness on the building, to maintain her home and to provide comforts for her husband, who is an invalid. Overwork and exposure last fall resulted in a cold, but instead of taking the time to recover, Mrs. Murphy felt that she could not neglect her business and struggled bravely against what could easily be seen as consumption.

UTICA, N. Y., May 21.—A freight engine eastbound on the New York Central Railroad, jumped the track at Finks Basin east of Little Falls this morning at 2 o'clock and the Buffalo and Cleveland special train 29, westbound, crashed into the wreckage. Baggage train Finley of New York was instantly killed and Engineer Tremblay of the passenger train was injured. Engineer Hyde and his fireman of the freight, were badly scalded. Others hurt and now in the Little Falls Hospital are Mr. and Mrs. Folger, of Toronto, Ont., body and hand injured.

WANTS TO KNOW OF MISSING CLERGYMEN Whereabouts of Church of England Ministers Desired. Secretary of Woodstock Deanery Seeking Information in Order to Complete His Records.

CANTERBURY STATION, May 21.—The secretary of Woodstock Deanery, Rev. J. E. Flewelling of Canterbury Station, York Co., N. B., is desirous of knowing something about those clergymen who at one time officiated in the Deanery and whose names appear on his books as he wishes to mark "known to be dead" opposite their names if they are dead. So if any brother clergyman will kindly let him know whether the clergymen named and whose present addresses are unknown are dead, he will confer a favor which will be much appreciated.

Following is a list of those who have signed the secretary's books in order: Alfred Horatio Weeks, known to be dead. Thomas Hartin, known to be dead. Thomas Neales, known to be dead. Leo A. Hoyt, in St. John. Jos. E. Flewelling, at Canterbury Station. LeBaron W. Fowler, known to be dead. Henry H. Neales, known to be dead. N. M. Hanson, present address unknown. F. W. POTATOES ARE SCARCE AND VERY EXPENSIVE Farmers Using Them for Seeding, and the Market Supply Has Been Limited.

Potatoes are very scarce this spring and on Friday the price went up to \$2.30 per barrel. Yesterday the price dropped again to \$2.00 per barrel and a North End merchant expressed the opinion this morning that another increase was not probable.

The cause of the scarcity this year is attributed to the fact that the crop was not heavy and the farmers have held back large quantities for seeding purposes. For over a week, only very few barrels arrived in the city from up river, and on this account the price went up to \$2.30.

Yesterday the steamers brought down a large number of barrels and this was the means of lowering the price to the normal figures. The potatoes which have been arriving in small quantities from Nova Scotia and Prince Edward Island are selling at higher prices than those from up river.

The N. S. potatoes are selling from \$2.30 to \$2.40 a barrel but a drop in price is expected today or tomorrow, as several large consignments are on the way.

Several merchants in the city proper are selling potatoes today at \$2.00 and \$2.25 per barrel. A large quantity arrived from up river last night. They sold for \$1.10 wholesale.

GOING HIM ONE BETTER. An American was telling a Frenchman of the wonders of the forty-eight story skyscrapers in New York. "You should see our new hotel in the Rue de Republique," said the Frenchman. "Why, what is there particular about it?" "The two top stories are on hinges, so that they can be lowered to let the moon go by."—Pelele.

This Was the Feeling at the Meeting Called for This Morning to Discuss the Fire Department Situation

The citizens' meeting called this morning to discuss the fire department and the Macaulay Brothers' fire of Friday last was largely attended. Among those who were present were L. Rising, O. H. Warwick, R. B. Emery, W. H. Barnaby, G. O. D. Ostry, Capt. Harding, Jas. Knox, Gordon Leavitt, David Magee, W. E. Vroom, R. W. W. Frink, A. W. Adams, F. H. Foster, J. P. Shaw, Peter Clinch, H. B. Schofield, H. B. Robinson, W. M. Jarvis, Geo. McKean, W. H. White, E. L. Philips, R. C. E. Kaye, F. W. Hoach, W. G. Scovill, W. A. Lockhart, A. Percy Clarke, C. M. Bostwick, Col. J. R. Armstrong, R. J. Ritchie, Cecil Mitchell, Harold Percy, Asst. Logan, Aid. Vanwart, Aid. Hann, Alex. Rowan, Jas. Hunter, Mr. Ewing, T. B. Blair, Chas. A. Clarke, George Farrer, A. G. Keator, C. E. L. Jarvis, H. D. McLeod, Geo. Kierstead, Wm. Munroe and others.

President McRobbie of the Board of Trade explained that he had called the meeting at the solicitation of some citizens for the purpose of discussing the recent King street fire and the fire department. On motion of Mr. Barnaby, Mr. McRobbie was chosen chairman, and on motion of W. H. White, Wm. E. Anderson, secretary of the Board of Trade, was chosen secretary of the meeting.

Mr. McRobbie then called for speakers, and the first to respond was W. H. Barnaby. He said one of our finest places of business was destroyed at mid-day, and it appeared to be unnecessary that such a great amount of damage should have been done with a fire department supposed to be a good one. It appears a pity that a meeting like this should be necessary. We should have every confidence in the department. "I do not say there is anything wrong with the department, but if there is, or in the water supply, or anything like it, let us get about some way to better affairs. That a fire occurred in mid-day with \$2 great damage seems deplorable."

He had heard a number of things said about the fire which he could not personally say were true and would not quote them. He understood that insurance men had nothing to do with calling the meeting.

W. M. Jarvis said he thought that the meeting resulted from remarks made in the street and from an item which appeared in a paper which quoted an old grand jurymen's views of the fire. In the first place in regard to the fire of June, 1877, at that time the chief was away from St. John and a foreman took charge, and the fire was caused by the hose on his own property and the city was burned. That fire was caused from an old barrel, Portland, Maine, was destroyed from an old dilapidated building. This gentleman quoted by the paper, says that men were away from their meals when the Macaulay fire broke out. In Halifax no paid man is allowed to live far from his station. He knew of one man who lives too far from the engine house and this should not be. It was an accident in regard to the water supply. Just the moment the water supply is obtained from Loch Lochnagar things will be different. Of course no one was to be blamed for the fire. The fire department were doing their best and did as well as could be expected. The fire was caused by the cotton made a dense smoke and the firemen could not live in the smoke. No person wants a fireman to lose his life. He thought, however, the fireman worked well. The department need a life net, he said.

Mr. Emmerson here mentioned the ladder and Mr. Jarvis said the ladders were all right but it was the beauty wires that the men should contend with. There should be some arrangements whereby the paid firemen should live handy to their stations for it is the first five minutes of a conflagration that counts.

Ald. Hann said that a paper stated that the department was really disorganized between ten minutes past two in the afternoon. The fire in question was in the centre of the town and surrounded by fire apparatus and it seems peculiar that the blaze should get such a start. He watched the operations of the men getting water on the fire and one man didn't know his work, he didn't know how to turn on the water from the plug in front of the speaker's store on King street. In the water wagon but it is different now. Men should be there to relieve others during meal hours.

Ald. Hann said that there should be more paid men. He rang in an alarm on Charlotte street one night and the driver on the horse wagon had to do all the connecting and make ready to fight the flames. There should be an additional man on the wagon and one on the ladder truck. He believed that the ladder truck was no good. It should be steered by a man. The truck is hardly ever used now. SPORTING MATTERS

LOCAL BASEBALL SEASON OPENED AUSPICIOUSLY
LAST NIGHT—BOTH SOCIETY AND AMATEUR
LEAGUE GAMES UNFINISHED—BIG CROWDS

The Inter-Society baseball league had a very successful opening on the Shamrock grounds last evening when about one thousand spectators witnessed the opening game between the St. Peter's and St. Joseph's. The weather was all that could be desired for good ball playing, and the diamond was in excellent shape.

The game, while it lasted, was greatly enjoyed by the large crowd of fans, and despite the fact that it was the first game of the season and played in the presence of such a large crowd, the teams put up a good article of ball.

Some of the new faces on the Society diamond this season made a decidedly favorable impression with the fans.

There were many ladies in the grand stand and they seemed to be enjoying the sport.

The game was late in starting, and as it had to be called at the commencement of the fourth inning, owing to darkness, it will not count in the league standing.

The St. Peter's made six runs to their opponents' three, but it takes four innings to constitute a game.

THE SUMMARY.
The summary of the game is as follows:

RECENT DEATHS

MRS. CHARLES FAWCETT.
SACKVILLE, May 20.—The death of Mrs. Chas. Fawcett occurred at her home, Upper Sackville, yesterday morning, after an illness of fifteen months of tuberculosis. Deceased was a daughter of the late Willard Smith of Dorchester. She is survived by a husband and two brothers, Sanford Smith of Dorchester and Albert of Colorado. Funeral will be held on Wednesday morning at ten o'clock.

ELEEN MILTON.
The death of Ellen, the nineteen months' old daughter of Mr. and Mrs. James Milton, occurred on Saturday morning, death resulting from an attack of measles followed by pneumonia. Funeral was held yesterday. Rev. Dr. Andrews officiated. Interment at the rural cemetery.

THOMAS LOANE.
BATHURST, N. B., May 20.—The death of Thomas Loane, a respectable resident of this place, occurred at his home near Bathurst Village last night. Mr. Loane appeared to be in his usual good health yesterday. He was stricken with hemorrhage of the brain about seven o'clock p. m. and died shortly after. Mr. Loane was sixty-four years of age and is survived by his wife.

ROBERT BAIRLEY.
WINNIPEG, May 20.—Ex-Ald. Robt. Bairley died suddenly on Saturday evening. He was widely known throughout the West because of his interest in horticulture. He was also formerly agent of the Standard Oil Co. in western Canada. He was a brother of Rev. Dr. Barclay of Saint Paul, Montreal.

MISS LUCY J. COOK.
Miss Lucy J. Cook died at her parents' home 127 Mill street on the 16th May, after a lingering illness, leaving a large circle of friends and acquaintances, also a loving mother and father, two sisters and one brother to mourn their sad loss. Funeral took place Saturday, May 18th. Miss Cook was 28 years of age.

PASTOR'S LOVE NOTES
TOO MUCH FOR FLOCK
The Rev. John John Asked to Quit
Because of Ferret Letters.

CHICAGO, May 20.—As a ready letter writer, the Rev. John John, pastor of the Sumnerdale Congregational Church, is second only to the Rev. De Witt Carpenter, of Harrison, Del. Like Carpenter, the Rev. Mr. John wrote to a female member of his congregation, and his resignation has been demanded. John insists that he wrote his letters to supply Mrs. Charles S. Campbell with material for a novel, but most of the congregation scoff at this defense.

SUNDAY HIS BUSY DAY.
"My own," read one of the letters written to Mrs. Campbell. "You know Sunday is my busy day, and if you don't receive a note in the morning, it is not because I don't think of you and would write if I could. Your note was sweet, and I appreciate it much, and need not tell you I entered into the spirit of it all, except the autumn—I love the cool spring and the blooming summer the most. I will always maintain the permanent freshness and greenness of youth. Isn't it sweet? I have sat at my desk all the afternoon thinking I might catch a glimpse of your fair form; but, no, I waited long—the vision did not materialize. In fancy, of course, you know I always have you look into your eyes, etc., etc. I know what I would like to do this evening after church, but—
"This evening, as I see you, you will know my thought. Tell me tomorrow what this be."
"YOUR OWN."

"I'll be good if you will."
The second letter, lacking a first page reads:
—sweet, and some, much better; in fact, you come and spend the day with me. Get up about 11. I give you the key in case I am not back; by that time, will make desperate effort to be there. Will bring with me a pint of oysters and a quart of milk.
"Make yourself comfortable at home until I come. Should the doorbell ring, pay no attention to it. I will come in the rear way. Will see that the blinds are drawn before leaving in the morning. I may get back before 11.
"I promise on bonded knee to be good if you will."
"YOUR OWN."

COMMON FALLACIES.
1. War prevents stagnation and makes nations brave and strong.
Famines, fires and floods bring out bravery in some men; also, shall we therefore desire them? War makes far more men immoral, diseased, and cruel than it makes brave and noble. Every war draws before the cream of manly vigor, and leaves a skim-milk nation to produce a weaker race. Napoleon's wars destroyed the strength of France. The French physique has never been inferior since. Spain's chronic wars have left an enfeebled race.
2. Nothing but blood can wipe out blood.
This is a savage and silly superstition. As well say that only ink can wipe out ink.
3. Nations will never arbitrate questions of honor or of vital importance. The armed cavalier who fought duels at the slightest provocation, two hundred years ago, thought no account could settle a question of his honor. His descendants, who carry no swords, pick fewer quarrels, and settle even the most trivial ones in court. Nations will gradually arbitrate the cream of manly vigor, and leave a skim-milk nation to produce a weaker race. Napoleon's wars destroyed the strength of France. The French physique has never been inferior since. Spain's chronic wars have left an enfeebled race.
4. Trade follows the flag.
All the statistics show the contrary. Trade goes where it finds customers. Only thirty per cent. of England's foreign trade is with her own possessions.
BUFFALO, N. Y., May 20.—Wm. P. Tolson's automobile garage was burned early today. The loss on machinery stored in the building is estimated at \$100,000, partly covered by insurance.

GOLD SEEKERS RUSH TO YELLOWHEAD PASS
Rumor of Strike Persists—Edmonton Will Vote on Big Improvement Programme.

EDMONTON, Alta., May 18.—There is an under current of excitement in Northern Alberta just now over a persistent but indefinite rumor that gold has been found in the Yellowhead Pass country. Just when or how the rumor originated is not known, but it has been very much in evidence. The result is already seen in a movement of country. THE FIRE DEPARTMENT.

A number of citizens met in the board of trade rooms today to discuss fire departments methods, the meeting arising out of alleged mismanagement of the recent King street fire. One feature was omitted from their discussion, and that is, that some of these who are now complaining are the persons who created the confusion at Macaulay Bros.' store. Civic officials and insurance men exhibit too strong a tendency to boss things when they are not required to do so. St. John has a volunteer fire department and paid engineers whose duty it is to direct the efforts of the department upon all occasions. As long as these men are held responsible no one else has a right to interfere, but it is notorious that at every large blaze, scores of advisors pester the firemen with suggestions and by filling space inside the ropes interfere with the proper handling of the apparatus. On Friday last, at least one fireman who had no business inside the ropes and who was airing unsolicited views as to how the fire should be handled, was somewhat unceremoniously requested to get out.

This was only one case and, if the firemen are heard in their own behalf they will tell of the annoyance continually caused by such persons. However the fire underwriters and other citizens who met today have found certain grievances, both in the equipment and the management of the department. One very serious difficulty with the network of wires, alarm light, telephone and telegraph, which covers the city and which renders efficient ladder work always difficult and often impossible. We are taking no steps to have these wires put underground, but on the contrary talk of more easily managed fire truck, as if the simplest system in use anywhere could be effective. Some improvement might be made but as long as the streets are crowded with wire-laden poles, the best work cannot be done.

As regards the other departmental equipment no serious fault can be found. The only large piece of apparatus wanting is a water tower and this will no doubt come when the city can afford it. The supply of salvage covers is very limited and the amount of cover on hand is barely enough for ordinary requirements, and the crowded condition of No. 2 Engine and No. 1 H. and L. houses should receive attention.

Perhaps, if fault finding is the order of the day, a change in the Star might be advisable. While the Star has nothing to say against Chief Kerr personally, it is none the less true that the best work is performed by a man who lives in his department. A lawyer cannot be a fire chief, any more than a doctor can easily act as a civil engineer.

Before actual differences arise it would be well for St. John millowners and their employees to get together and talk over matters. This city does not want another strike such as was experienced last year. There are no new reasons to be put forward by the men as to why they should receive higher pay, nor have the employers any additional arguments against the demands. Conditions are practically the same as in 1906, but at the present time both parties may profit by past experience.

The board of works acted very sensibly yesterday in refusing to be held up by the advance agent of a money-making cold storage scheme. The rental asked for the west side lots is reasonable and a company which can afford to squabble over fifty dollars may be left to get along without any concessions from the city. The west side lands are valuable and will no doubt be put to some good use in the very near future.

Now has the season returned when church congregations grow smaller; when the festive maid of all work under escort of her steady, hies on Sunday afternoon to Rockwood Park to look at the bears; and when the parcel-laden suburbanite files to his summer cottage on the river. St. John is fortunate in the possession of so many nearby beauty spots, but unfortunately in the fact that proper methods of reaching these places are not provided.

The Brockville Recorder remarks "all that now remains for the colonial premier to do in order that their round of festivities may be completed in true aristocratic fashion is to undergo an operation for appendicitis." Perhaps on seeing their list of contents the imperial doctors will find that an appendix is unnecessary.

It now remains to be seen whether Director Cushing's conversion is the real thing or not.

"Just the moment the water supply is obtained from Loch Leonard, all will be well," says Mrs. W. M. Farvia, but when this is to happen is a most serious question.

OUR PUZZLED VISITORS.

A little group of tourists Who were strolling here and there, Were attracted to a vacant lot A stone-throw from the square.

They stepped inside to view the place And carefully look around, To see what use was ever made Of that unsightly ground.

Says one it's been a churchyard, Gone to ruin, overgrown, See, there's some old pedestals On each here stood a stone.

Said a lady, see that fountain, Full of worn-out boots, Rags, sticks and paper, Old cans and iron hoops.

As they strolled along at leisure, I heard a stout man say, 'Tis likely here a potters' field, In the city's early days.

Then they sought for information From a merchant passing near, We are strangers in your city, Tell us who are buried here.

But the merchant got embarrassed, He began to rack his brain For some quick evasive answer, That would hide the city's shame.

A hundred thoughts went through his mind, To form a good excuse, But conscience would not let him, So he found it was no use.

To my shame I must acknowledge, Said the merchant with a sigh, Beneath those shattered tombstones Our Loyalist Fathers lie.

Here I lost the conversation, As I could no longer wait, I had business to attend to, And the hour was drawing late.

RUBIRD TIPLING, St. John, May 18, 1907.

An old actor who was not much given to the cheering glass, says the Bill-board, one evening went to dine at the club with a friend, met several more, with the result that soon after midnight he was "pretty mellow." He left his friends and started home and said to himself:

"My boy, you're drunk! What are you going to do about it? I know I'll go home and read—who ever heard about a drunken man reading?"

Well, home he went in a cab—went to the library and commenced to read. Mrs. Actor later appeared on the scene. "What on earth are you doing?" she questioned.

"Why—can't you see what I'm doing, my dear? I'm reading."

"Reading?" said his wife, scornfully: "what are you reading?"

He looked at the book but couldn't see the words, so said: "That book's been in the house for the last twenty years, so if you don't know I'm not going to tell you."

To this his wife replied wrathfully: "You old fool, shut up that valve and come to bed."

In the pine-clad hills of California the country folk had gathered at a neighbor's house to spend the evening in social dances.

The male contingent of the gathering was composed of farmers, millmen and logging hands; the fairer sex, the wives, sisters and sweethearts of the men and the district school teacher, who was the centre of attraction of the young men and who seemed to be aware of her own popularity.

During the evening an awkward, bashful and roughly-dressed logging hand was introduced to the school teacher and asked if he might have a dance with her.

The school teacher drew herself up haughtily and said: "No, sir-ee; I am particular with whom I dance." Where upon the logging hand replied, with an air of indifference: "I am not, a mite, or I would never have asked you."

"The meanest fiend I ever knew," said a member of the Century Club recently, "was a fellow who used to belong to this club. He used to bore us for hours telling of the smart sayings of his children. It was something fierce. Finally he left town, and we discovered that he had no children—he was an old bachelor. He'd been springing that line of stuff for years, just to watch us writhe!"—Cleveland Leader.

"Does your wife always talk back to you?" "Never."

"How do you manage to control her so?" "I don't. She always talks first."—Baltimore American.

"You promised to love, honor and obey," said the husband. "Well, I don't love, I can't honor and I won't obey," was the response. "You go at once and buy that new hat," he rejoined, thus at one stroke demolishing all her theories.—Philadelphia Ledger.

The Doctor—What your wife needs is more physical exercise. Homer—But, doctor, I can't induce her to go outside the house.

The Doctor—Oh, yes, you can. Mark all the harness advertisements in the paper and give her \$50.—Chicago News.

"Mr. Spriggins is the most diplomatic man I ever knew."

"I have never noticed it."

"Why he can give an order for a meal and arrange it so that the waiter will have to pronounce the French name of every dish on the bill of fare."—Chicago Record-Herald.

FRISCO TO EXPERIMENT WITH MUNICIPAL OWNERSHIP

Takes Over a Street Railway Whose Franchise Was Lost by the Recent Strike.

SAN FRANCISCO, May 20.—San Francisco is to make an experiment in municipal ownership of public utilities. The city will take over the Geary Street Railway according to the decision reached today by District Attorney Langdon after a conference with Chairman Gallagher of the board of supervisors. That body will at once appropriate \$400,000 and this sum will be added in June budget to the \$350,000 already appropriated for the assumption of the railway. The board will employ a competent engineer to draw up plans for the conversion of the road from a cable system to an electric conduit system.

The Geary Street line lost its franchise through a refusal to operate carefully and the situation is unchanged and no serious trouble was reported.

BENEDICTINE PRIESTS WILL REVISE THE VULGATE

Important Work Given to This Order by Command of the Pope.

LONDON, May 21.—In a despatch from Rome, the correspondent of the Times says: The pope has issued a decree entrusting the entire revision of the Vulgate to the Benedictine Order. This is the most important decision yet announced, the correspondent continues, as an outcome of the Biblical commission appointed toward the end of the pontificate of Leo XIII.

In an editorial article the Times says it is difficult to over-estimate the importance of this step. "No book," the paper declares, "has exercised a wider and more powerful influence in moulding the faith, morals, thought and tradition of the literature of the European world than the Latin version of the Scriptures, which we know as the Vulgate. For 1500 years it has been setting its impress upon the lives of the whole mental heritage of countless millions of men.

The paper adds the step is a bold one, but it will be hailed with satisfaction by many within as well as without the church of Rome.

DEAF WOMAN WAS STRUCK BY AN AUTOMOBILE

LEWISTON, Me., May 20.—While crossing one of the streets in the residential part of the city this evening Mrs. Charles Webber was struck by an automobile driven by Dr. C. O. Holt. Three ribs were broken and she suffered a severe scalp wound. Other injuries are feared. The fact that the woman is deaf accounts for the accident.

The weather continues fine and the selling continues brisk at the J. N. Harvey Trade Extension Sale of clothing and coat sale and the forenoon was greatly enlivened with business in this section of the big establishment. The coats, jackets, suits, sweaters, Tourist Coats etc. are all in perfect accord with the modes of the hour, but are being sacrificed to effect a ready clearance because of the continued chilliness of the weather. While the goods and weather conditions coincide, the fact of having lost a month's trade is the firm's reason for selling so cheaply. Prices in tonight's advt.

One of the most popular outings offered for the holiday, is the excursion of the Portland Y. M. A. to Bellisle by steamer Champlain, leaving the wharf at Indiantown at 8.30 a. m. Besides stopping at Brown's Flats and other places as announced at the request of a large number a stop will be made at Glenwood. The excursion will return to the city about 9 p. m. Tickets for round trip 50 cents.

Again today the ladies advised themselves of Manchester's Costume and Coat sale and the forenoon was greatly enlivened with business in this section of the big establishment. The coats, jackets, suits, sweaters, Tourist Coats etc. are all in perfect accord with the modes of the hour, but are being sacrificed to effect a ready clearance because of the continued chilliness of the weather. CUSHING SUBMITS TO THE COUNCIL'S ORDERS

Cold Storage Proposition Not Accepted by the Council—Will Get a Site Elsewhere.

At a meeting of the board of works held yesterday afternoon, Director Cushing agreed to carry out such engineering work as the board may direct. The director's decision to conform to the orders of the board came as a big surprise to most of the members, as a hot fight was looked forward to. The chairman in opening the meeting said that some understanding would have to be reached at once as to the plans to be adopted for the reconstruction of Union street, West End. He said that Director Cushing was in charge of this work and his plans would have to be presented. The director stated that he had decided to conform to the orders of the council since that body had revised the regulations governing him.

After some discussion the director explained the work to be done on Union street, and he recommended that it be done by the day. The matter was dropped until the next meeting of the board to be held next Tuesday.

R. J. Gaham, the manager of the Cold Storage Company, was present at the meeting. He stated that he had been authorized to close his deal with the city by paying \$250 for rentals on three lots of land between Wellington and Nelson alleys. The city's rental was fixed at \$300, however, and the extra \$50 was the means of a lengthy discussion.

Ald. Bullock said that the board had decided that \$300 be the rental and he did not see how the board could go back on its decision.

Mr. Graham then stated that he had no other proposition to make and he withdrew.

The director reported that he had appointed Frank Walsh as caretaker of the Sand Point warehouses. He also reported that the I. C. R. had commenced work on the Wall street bridge.

It was decided to authorize the ferry committee to remove the ferry when work commences on the new wharf. The meeting then adjourned.

Mr. Graham stated later that his company had decided to amalgamate with the N. B. Cold Storage Co., having a site of Main street near Lively's timber pond. The company will there be free from taxation.

DEMANDS OF MEN WILL BE SUBMITTED TO ARBITRATION

NEW YORK, May 20.—Following the publication today of a story that a compromise had been effected between the striking longshoremen in this city and the transatlantic and other lines through the medium of dock superintendents, announcement was made tonight by Gustav M. Schwab, of the North German Lloyd Line, that no such action had been taken. He further declared that the demands of the men would not be submitted to arbitration.

"There is no possibility of a conference between the so-called strike leaders and the representatives of the companies," he said. "He added that the ships of his own line were getting away on time and that the places of the strikers had been satisfactorily filled."

A representative of the thirty-five companies affected said he had investigated a report that the dock superintendents had met and were in favor of compromising with the strikers at an increase of wages. He declared the report untrue.

Business was suspended, but there was no other recognition of the day, excepting a display of flags from and decoration of the public buildings, the firing of national salutes from the Casbah fortress and the American cruiser Dixie, and the customary distribution from the city hall of sewing machines, bath tickets and other minor benefactions to the poor of Havana.

HOSPITAL IN MEMORY OF CIRCUS PROPRIETOR

NEW YORK, May 20.—It was officially announced today that Mrs. Jas. A. Bailey, widow of the circus proprietor, will build a memorial hospital at Mount Vernon, N. Y., in memory of her husband. The building will cost \$75,000 and will be a part of the present Mount Vernon Hospital.

EVERYTHING WAS LOVELY, BUT LET'S INVESTIGATE ANYWAY

(Continued from Page One.)

saw a Hayes truck that is handled in New York by two men and believes there are trucks now that can be handled by one man.

Ald. Vanwart, chairman of the safety board was called on and said if any person had any complaint to make against the firemen the safety board were willing to hear the matter taken up. He told how the men go to their meals, and it was arranged as well as could be under the circumstances.

Messrs. Brown and Macaulay told him this morning that they had no complaint to make, that the firemen had done the fire just as well as it could be done. The men have to eat and to make other arrangements would mean extra men. Regarding the strangers driving the apparatus, he had seen Mr. Jewett driving No. 1 Engine and he handed the reins about as well as anyone.

Wm. Monroe said no horse cart driver in the department could look after an engine at the present time.

Mr. Barnaby said it was all right for the aldermen to study economy, but the citizens wanted protection.

"Who is there present at the meeting who can judge? What might be necessary is an expert from New York or some other place and let him investigate the apparatus and see what is really needed."

Jas. Hunter thought that the city got a man for the Ludlow and he was an English actor, then there was an expert for the water works and other things. He thought that the city had enough of experts.

Joseph Ewing said it was not long ago that an expert came to put in an expensive fire alarm system. When box 23 was pulled for the Macaulay fire the alarm was struck, there seemed to be a delay in the chemical getting to work and when it did it was no good as there was too much fire. He might have thought it too long, owing to the excitement. He did not think it matters who drives the engines as long as they are competent men. On the day in question No. 1 Engine was well handled.

Mr. Clinch said he did not object to the firemen doing as they saw fit, but the department should not have to depend on such.

E. L. Rising said that he has not enough paid firemen. In Quebec there are 75 paid men permanently on duty. Macaulay's place should have been filled by 20 men could get in the cellar and fight the fire. The department and an inspection of nearly all the cellars should be made. It is safe to say that all are well handled. The fire was handled every praise. He could not see why the firemen could see it as being fire and endangering their lives for the small pay they get.

Mr. Barnaby thought there should be more permanent men.

Edgar H. Fairweather said we have a chief who is a lawyer and he has not the time to inspect all the buildings. Suppose we had a fire in Manchester, Robertson and Allison's could the chief know all the ways in going through that building? He should give his full time to it, and he given a small salary. He has not the chance now to do the work expected of him.

A. W. Adams said that Chief Kerr is not the inspector of buildings, but had at times done it for the insurance companies.

Mr. Warwick said there should be a chief who would give his full time to the work and drill his men.

A. W. Adams said there is a lot about fire that persons present at the meeting didn't know. The great trouble is that there is not enough salary paid. He knew a man who was willing to take the position of chief for \$600 and asked him to use his influence to get him the job, but the city did not want a cheap man. Chief Kerr was always been a fireman and has good ability in fighting fires. We have had experience in experts, even to bringing one from Halifax for gas. There is not a fireman in the world who could have done better at Macaulay Brothers fire Friday. The firemen are good, the officers are good, but they are handicapped with the apparatus. Bent pipes should be carried to work cellar fires.

Mr. Warwick said he was on the grand jury at the time of the fire of '77 and he thought now that further investigation should be made regarding the recent fire.

Mr. Rising moved that the city employ more paid firemen.

Alex. Rowan said he was surprised that an investigation should be called on. He could not see what there was to investigate. The fire was handled well and to do anything in regard to increasing the taxes, the city could not stand it.

Mr. Jarvis said such a speech as Mr. Rowan made was disgraceful. To say that an investigation was unnecessary only showed what a year's teaching in the common council could do.

R. B. Emerson said he didn't know much about the fire but there were a great many rumors. From his knowledge of the fire department it was good one, but if a better department is needed better would be paid. He thought an investigation would get to the bottom of all the rumors.

On motion of Mr. Warwick seconded by Mr. Barnaby, it was decided that an investigation into the recent fire at Macaulay Bros. and the operation of the fire department, the investigation to be made by the police magistrate of the city.

The meeting then adjourned.

The Victoria Day Excursion on the Steamer "Clara" for Portland, N. B. will afford an opportunity for city-weary people to enjoy an early trip on the river which is now looking its prettiest. The plane is quick and commodious and its service is excellent.

LAKE STEAMER BURNED; FOUR LIVES WERE LOST

Screams of Dying Men Heard by Passengers
Who Were Powerless to Aid.

GRAND RAPIDS, Mich., May 21.—The steamer Naomil, of the Crosby Transportation Company, burned to the water's edge at 1:30 o'clock this morning while on her way from Grand Haven to Milwaukee. Fifty passengers were taken off by the steamer Stratford and transferred to the steamer Kansas of the same line. Four members of the crew were burned to death.

GRAND HAVEN, Mich., May 21.—Those rescued were taken off in small boats. The dead were all coal passers. The loss of the Naomil, which was in command of Capt. Thomas Trull, is estimated at \$25,000. After the fire started near the kitchen, between decks, and spread rapidly through the whole ship which was a seething furnace before the crew could get out the fire apparatus. The fire swept the whole length of the ship and the upper works burned like tinder. It is considered miraculous that the passengers all escaped. Many of them were taken off in their night clothing while the crew were more than partially clad. Capt. Thomas Trull was the last man to leave the steamer alive, and his clothing were almost burned off him. The coal passers who perished were below in their bunks and are believed to have been penned down by the flames. They are believed to have shipped from Milwaukee.

It is said by the passengers that the screams of the dying men in the hold were heard but it was impossible to reach them.

DETROIT, Mich., May 21.—A dispatch from Grand Haven says that when it was found to be impossible to escape from their quarters below because of the flames, one of the officers yelled to them to throw a manhole to crawl to the ballast tanks. It was not known whether they did so, but if they succeeded in getting into the tank and were not roasted to death, they may be alive.

NATIONALISTS WON'T ACCEPT BIRRELL'S BILL

Convention Today Unanimously Adopted
Redmond's Resolution Against It.

DUBLIN, May 21.—The Nationalists convention called to decide whether the Irish Bill introduced into the House of Commons May 17, by the Chief Secretary of Ireland, Mr. Birrell was acceptable to the people of Ireland, assembled today in Mansion House. It became known immediately that the measure, as a result of yesterday's meeting of Irish leaders would be rejected and that a resolution to be introduced by John E. Redmond, chairman of the Irish parliamentary party setting the record of the bill had been prepared.

The resolution was as follows: That this convention, representative of Irish National opinion emphatically places on record its profound conviction that nothing can satisfy the National Associations of Ireland or bring peace and contentment to our people but a measure of self government which will give the Irish people complete control over their domestic affairs.

That while we have never wavered in our belief that it is impossible to produce any logical or workable scheme for the extension and development of popular power and responsibility in Ireland short of the concession of home rule, at the same time, in accordance with the resolution of the national directory of the 5th of February, 1907, and with the public declarations made from time to time on our behalf, we have been willing to give fair consideration to the schemes prepared by the British minister which, in their opinion, would be "consistent with the lead up to the larger policy" to which they were pledged.

Bulletin, DUBLIN, May 21.—The convention unanimously adopted Mr. Redmond's resolution rejecting Mr. Birrell's Irish bill.

FIFTY PEOPLE HURT IN RIOTS AT ODESSA

ODESSA, May 21.—Fifty-three persons were taken to the hospitals suffering from broken heads or limbs, or other wise dangerously injured as a result of the outbreak of the black hundreds here yesterday, following the assassination of three police officers. In addition about a hundred persons were less seriously injured. The victims included women, children and students. It is alleged that out of revenge for the assassination of the three officers whom the Jews had nicknamed the "Heroes of the Anti-Jewish Riots," the police turned the black hundreds loose armed with clubs and rubber sticks. Jewish pedestrians were brutally beaten and many houses in the Jewish quarter were looted and their occupants assaulted. The disorder lasted for some hours, the police making no attempt to suppress it. Further outrages are expected.

CRIMINAL PROCEEDINGS AGAINST JAS. CROCKET

Warrant Will be Issued at Once on
Information Made Today.

FREDERICTON, May 21.—Criminal proceedings have been taken by the Hon. H. H. Emerson against James H. Crockett, managing director of the Fredericton Gleason, the ground of complaint being alleged libel. The information is now in the police magistrate's hands, the necessary papers for the prosecution and it now rests with the magistrate to issue his warrant. This warrant it is stated will be issued this afternoon and service accepted by the defendant, who through his attorney Mr. O. S. Crockett, has assured the Magistrate that bail is provided whenever the writ is issued.

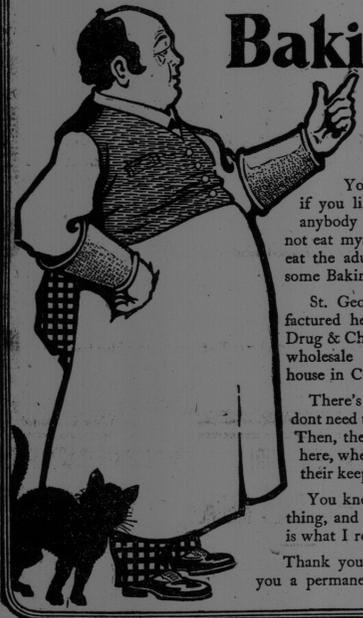

MISSOURI

The original tribe of Indians from which the word Missouri was taken was "Omossouries," which meant in Indian language "dwellers at the mouth of waters," as the tribe lived near the mouth of the Missouri river.

A number of histories state that Missouri means "muddy," which is erroneous.

St. George's Baking Powder

There, Madam! That's the name of the new Baking-Powder I have been telling you about—and it's a pure Cream of Tartar Baking-Powder.

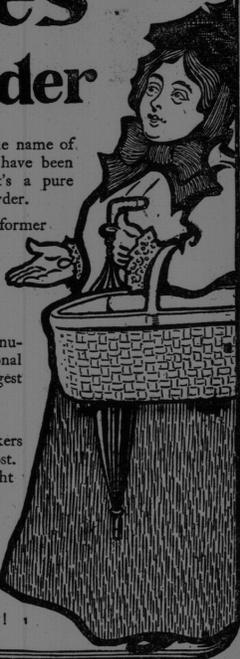

You may call me a pure-food reformer if you like—but I don't like to ask anybody else to eat what I would not eat myself—and I don't want to eat the adulterations that are put in some Baking-Powders.

St. George's Baking-Powder is manufactured here in Canada, by The National Drug & Chemical Co., Limited—the largest wholesale and manufacturing chemical house in Canada.

There's no duty to pay, and so the makers don't need to adulterate it to reduce the cost. Then, the fact that the makers are right here, where we can reach them, insures their keeping the goods up to the mark.

You know, I keep the best of everything, and St. George's Baking-Powder is what I recommend every time.

Thank you! That one can will make you a permanent customer for St. George's!

SAYS LEMIEUX ACT WILL DO GREAT GOOD

Member of Conciliation Board Discusses at Length Measure, the Results of Which are Now Being Watched with So Much Interest—Mr. Nesbitt, K.C., Makes Some Suggestions.

OTTAWA, May 20.—Wallace Nesbitt, K. C., who was a member of the conciliation board which has just successfully settled the labor dispute between the Grand Trunk Railway Company and their machinists, is in the city today attending the supreme court. Asked as to his opinion of the Lemieux act, by which the labor dispute act is now generally known, he spoke very favorably after having seen it in operation. "I think the act," said Mr. Nesbitt, "cannot be too highly commended. It is of course an experiment so far as this continent is concerned, quite unique in its character. I know it is being watched with the very greatest interest by the prominent leaders of labor organizations and the captains of industry in the United States. Had such an act been in force in the United States in the recent differences in Chicago, where some 45,000 men were under difficulties restrained from going out and while after much trouble a dispute was avoided, such an act which legally required the parties to get together before the severe measure of a strike or lock-out was declared would be viewed as a great blessing."

GLACE BAY MAN BADLY INJURED

OTTAWA, May 20.—D. McKinnon, a young man, bound for Western Canada from Glace Bay, N. S., was jolted off the rear platform of a C. P. R. train last night and badly hurt. He was standing on the platform as the train pulled out of the depot and the jar as the car crossed a frog where there is a curve in the track, threw McKinnon to the road-bed. He was so badly hurt he was hardly able to struggle back two hundred yards to the station. He was taken to the hospital, where he will be for some time.

EDWARD FARRAR HERE

Edward Farrar, the famous journalist and apostle of annexation, who is credited with having performed many political missions of a delicate and confidential character for Sir Wilfrid Laurier, is a guest at the Royal, accompanied by Mrs. Farrar. To a Sun reporter Mr. Farrar said last night that his visit to St. John was without political significance. He merely dropped off here to see a friend. Mr. Farrar will visit Sydney, for the purpose of gathering data for an article on the Dominion Coal Co., which he will write for an English publication. He will leave on the early train this morning.

Trinity Boys' Club.

Last night in the Sunday school room the Trinity Boys' Club held its closing meeting for the season. Games, music, refreshments and addresses furnished the entertainment for the evening. The prize-winners of the evening were Willie Jones and Mack Shaw. A programme of vocal and instrumental music, dialogues and club-swinging followed. A banquet closed the entertainment. Those who replied to the various toasts were James Humphrey, Cecil Tolson, Rev. H. A. Armstrong, W. Patterson, Rev. W. D. Stewart, Mack Shaw and Brinting Day. The prizes won in the year's rifle competition were presented to Bayard Coster and James Humphrey. The club's honorary president, Rev. W. D. Stewart, was also presented with a sterling silver fountain pen.

REMAINED ELEVEN YEARS IN IGNORANCE OF FATHER'S DEATH

James Jordan, Son of Late Francis Jordan, Who Has Been Searched For All Over Canada and the United States, Dramatically Reappeared in Probate Court Yesterday to Claim His Share of the Estate.

The probate court has usually little of the romantic or dramatic about it, but at yesterday's session an incident took place which those who would appreciate the manner in which it happened is as follows: In the year 1836 Francis G. Jordan, accountant in the Dominion Savings Bank, died. Some time before his death he had executed a trust deed by which William M. Jordan, John Jordan and C. D. Trueman were appointed as trustees for his son James. One quarter of the estate was to be divided among numerous cousins and nephews. On the death of Francis G. Jordan the trust deed was presented to the Court of Probates as a will. At the time it was known that James Jordan was in the United States but his exact residence was not known to a certainty. The trustees of the property, to ascertain where James Jordan was, advertised widely through the United States and Canada. No result was obtained however, and it was decided to ask the court to consider James Jordan as dead and to divide his claim among the other heirs. Judge Trueman hesitated about taking this action and in January last ordered the estate of the late Francis G. Jordan to pay over to J. R. Armstrong, who was looking after the interests of James Jordan and his family, in order that the inquiry might be carried on further. The result of the recent advertising was that yesterday James Jordan appeared in court before Judge Skinner, acting Judge of probate, and conclusively proved his identity. Last evening Mr. Jordan was interviewed at the Ottawa Hotel by a Sun reporter. He is a man of over fifty years of age, of middle height and wears a full white beard with drooping mustaches, and looks as though he has spent his life at hard work.

QUEBEC MAP NOT AUTHENTIC

Members of Royal Society Doubtful About Recent Champlain Discovery.

OTTAWA, May 20.—The members of the Royal Society of Canada, when in Ottawa last week, were much interested in a reported discovery in Paris, by M. Paul De Cazes, of Quebec, of a map of Quebec, in 1633, which purports to throw some new light upon the much debated subject of the real place of burial of Samuel De Champlain, the founder of Quebec. This map seems of unusual interest, because the first authentic map of Quebec in the possession of the Dominion archives branch, is dated 1660. The discovery of M. De Cazes was submitted to Dr. A. G. Doughty, Dominion archivist, to Mr. Benjamin Sulte, of Ottawa, and Mr. J. E. Roy, of Lévis. They all declined to accept the map as authentic. Their chief objection was that it was unsigned and might easily have been drawn by some irresponsible person from authentic maps. As to the map throwing any fresh light on the piece of burial of Champlain, the his-

LOG STEALING CASE NOW GOING ON

BRISTOL, N. B., May 18.—Before Magistrate Parley today the examination of one Tise Dyer was begun, on the charge of stealing logs, the property of the St. John River Log Driving Co. F. B. Carvell, M. P., appeared for the complainant company. Friday night Dyer, who has been rafter for B. F. Smith, M. P. P., was arrested by the deputy sheriff, who found the man with a raft of six joints, five of which were of inferior fir and poplar, while the sixth was of excellent spruce. Last night Smith and Tompkins, his surveyor, came out of the raft, which had been dropped down to Bristol, and surveyed it. Mr. Foster took Dyer in custody, and shortly after daylight this morning, prevented Mr. Smith from taking the raft to Upper Woodstock. The joint claimed by the company was hauled upon the beach. Possibly further interesting developments will come to light as the case proceeds.

LABEL THE CHILDREN.

London Scheme to Prevent Their Getting Lost.

LONDON, May 20.—In one of the London boroughs an interesting experiment will be tried on the Whitstutide Bank holiday. The parents of all young children who will be taken on outings have been requested to label the little ones, so that if lost they may be sent home by the police. Hundreds of children are lost in London on every bank holiday, and it is hoped that the label scheme will result in saving the police much trouble and parents much anxiety.

TRAIN LOAD OF BUFFALOES BOUND FOR THE WEST

CALGARY, May 20.—The train load of buffaloes which the Dominion government have purchased from Montana will pass through Calgary this week. There will be eighteen cars in the train and about two hundred head of old prairie kings on board. The buffaloes will be carried eight in each in separate subdivisions, and the younger stock will be carried in open cars like range cattle. They will be unloaded at Lamont, on the Canadian Northern, near which place their ranges will be. There are about five hundred animals in the herd.

PREMIER DEAKIN SAYS THAT THE CONFERENCE WAS NOT WHOLLY A SUCCESS; LITTLE BEING ACCOMPLISHED

LONDON, May 20.—Premier Deakin, interviewed prior to his departure today for Australia, asked whether the result of the conference had come up to his expectations, replied: "If you mean by the results the resolutions which have been unanimously passed in the conference, I should be obliged to say no, because on several most important subjects we were not only failed to receive a definite approach towards them. Something, it is true, was done in nearly every case, but that something could be accomplished by correspondence. Whatever friction there may have been, and whatever friction may have occurred during our visit was but individual and transitory. It is forgotten already and will not be recalled." Mr. Leonidas Hubbard, explorer in Labrador, is attracting considerable attention from the press here. Premier Laurier and Lady Laurier leave today for Paris.

MONTREAL SHIP LABORERS' STRIKE IS ENDED AND THE MEN GO BACK TO WORK FOR INCREASE OF 2 1/2 CENTS

MONTREAL, May 20.—The longshoremen's strike collapsed tonight, the men, union and non-union, returning to work on the terms offered by the steamship companies—2 1/2 cents increase over the rates formerly paid, making the day rate on general cargo 27 1/2 cents, and the night rate 21 1/2 cents per hour. A meeting of the union was to have been held this evening, but it was declared off, the greater portion of those who would have attended having gone to the wharves to put in an early application for their former jobs. Four men were arrested today. They were of a party of forty-eight brought out by the Dominion line from Leith and employed as baggage handlers and handy men in the shed. They struck because they were offered higher pay. They are charged under a civic by-law with breaking a labor contract, each man being bound to the contract. The arrests have no connection with the main strike.

FOR A MILLION OF MONEY

By Arthur W. Marchmont.

(Continued.) This story of the old marriage was true, after all. Even in the face of death as the alternative to telling her the truth, Merridew had held to that. And it was impossible to think he would have done that, did he himself believe it. That was a bitter asid between her teeth and robbed her of all exultation in her victory. If he kept his word—and she had the means of forcing him, of course—the marriage would be denied, but she would only be living a false life after all. The fact remained, and it was the fact that burned into her soul with a fire that would consume all hope of happiness. There was, of course just one chance ahead. It was possible that the mother had kept the secret from the son. He might believe it, but she might know its falseness and still be forced to reveal it. It was but small comfort, but it was sufficient to save Olive from total despair. As soon as the time of grace had expired, she would set to work on that discovery, and she regretted now that she had not from the first made her attack upon the mother instead of Merridew himself. Then all the complications which might result from her impositions of the German girl would have been avoided, and precious time saved. She was in the midst of such thoughts as these when the cab stopped at her house in Markham street and around her from her reflections. Merridew got out and offered his hand to help her, but she avoided it, with a little shudder and ran up the steps of the house without a thought of ill consequences. Of all the ideas that had dashed across her mind in that eventful night, the last to occur to her was that, in escaping from the danger which threatened her in the house in Clerkenwell, she had but stepped into a net infinitely more perilous and deadly, against the cruel meshes of which she would struggle in vain. CHAPTER XXVIII From Bad to Worse. The man who admitted Olive to Mrs. Taunton's knew Merridew well enough, of course, and told his mistress who the visitors were, and she was thus well on her guard when she went to receive them. She knew that something very unusual must have taken place to bring them to the house together at such a time, but her astonishment was intense when she saw Olive's disguise, she stared at her for a moment, as if not recognizing the boy with equal gravity. "I am in a little trouble, Mrs. Taunton, and have come to you," said Olive. "This is Mr. Merridew and something has happened tonight of which I shall tell you at another time, which necessitates my remaining very quiet for a day or two," she paused, at a loss how to explain the situation. "I leave of course, head of Mr. Merridew," said Mrs. Taunton very gravely bowing to him, as if she had never set eyes on him before that night, she returned the boy with equal gravity. "What you have heard, madam, is not likely to have been very favorable, but if it has come from this young lady."

P.E.I. MAN ON TRIAL FOR LIFE

Much Interest in Case of Edgar Meikle at Salem

Accused of Murder of His Father at Lynn Last November—Men Drafted on Street For Jury.

SALEM, Mass., May 20.—For the first time in the history of Massachusetts, deputy sheriffs went out upon the streets today to draft men to serve upon a jury in a capital case. This unprecedented act was ordered by the court when the list of talesmen summoned on the case of Edgar G. Meikle, a sixteen year old boy who is accused of the murder of his father, Charles G. Meikle, at Lynn on the evening of November 7, 1906, was exhausted at the Essex county superior court here today. The draft was successful, however, the panel being completed after forty men had been summoned into court. The action, however, created consternation, and as soon as the people of Salem realized that the deputies were not joking a panic resulted, the streets in the vicinity of the court house being deserted within a short time. The panel as completed follows: Arthur Knight, Newbury (West); W. Tracy Gatchell, Salisbury; Edward C. John, Lawrence; Charles M. Hoyt, Haverhill; Everett A. Smith, Hamilton; John Rice, Andover; Frank W. Foss, Saugus; George A. Parkhurst, Boxford; John Gilmartin, Haverhill; William F. Ireland, Gloucester; Michael G. Lucey, Salem; James S. Crowley, Salem. Most of the talesmen were excused on account of their prejudice against the infliction of the death penalty.

Clark's Corned Beef

is a good standby for the economical housewife. Every tin is full of Prime Canadian Beef beautifully corned, boneless and wasteless, without any gristle or fat.

Why pay a high duty on American Canned Meats of only average quality—when you can obtain the very best Canadian Fed Meat of guaranteed quality and purity for almost the same price. Clark's Corned Beef or any other of Clark's Meats cannot be improved upon. They are the best and most reliable in Canada. They require no cooking—but are always ready at hand to provide a good substantial meal at a moment's notice—without any trouble or waste. But ask for and see that you get Clark's—for Clark's Meats in tins are the best of their kind. The name of Wm. Clark is a guarantee of purity and quality. CLARK'S OTHER GOOD THINGS TO EAT. POSTMASTER GENERAL TURNS DOWN U.S. REQUEST

Canadian Postal Department Will Not Handle Second-Class Mail Matter Sent from the States by Express or Freight and Mailed Here—United States Authorities Anxious to do This.

I. C. R. OFFICIALS TALK OVER TRANSFER OF PICTOU BRANCH OPERATIONS

WASHINGTON, D. C., May 20.—Through Postmaster General Lemieux, the government of Canada has notified the post office department that it will not be possible for the Canadian postal department to handle second class mail matter sent to that country from the United States by either express or freight and mailed there. Some time ago a commission was sent to Canada to adjust, if possible, the differences between the two countries respecting the handling of second class mail. The result of the commission's work was unsatisfactory. Postmaster General Meyer took the matter up with the Canadian officials, urging strongly that the suggested arrangement be made. The Canadian postal department, however, replied that the facilities and equipment would not admit of it.

QUEENS CO. GIRL WINS GOLD MEDAL

Miss Clara M. Robinson Carries Off English Prize at U. N. R.—Water Going Down.

FREDERICTON, May 20.—It has been announced that Miss Clara M. Robinson of Cambridge, Queens county, has been awarded the Douglas gold medal for the best English essay. The subject was history and problems of Canadian immigration. The examinations at the University are now going on and will be finished by the 28th of the month. The fire department was called out this evening when the roof of John G. Adams' undertakers' establishment, Queen street, was slightly scorched. No serious damage was done. The river has risen about six inches during the day, but as tonight is rather cold little rise is expected. John Russell, sr., of St. John is registered in the Queen tonight. Bishop Richardson left by this evening's train for Winnipeg to attend the annual meeting of the St. Andrew's Brotherhood.

MISS KATE BARTLETT COMMITTEE'S CHOICE

Former Popular Teacher Here, Will be Offered Position of Teacher of Domestic Science.

The teachers' committee of the school board met last evening. The appointment of a teacher for the domestic science department was considered and the specifications with regard to the manual training school discussed. Dr. H. S. Bridges was instructed to write to Miss Katharine A. Bartlett informing her that she was the choice of the committee for the position of teacher of domestic science. In the event, not expected, Miss Bartlett refusing to take the position it will be offered to Miss M. Pauline Shaw. The specifications of the manual training department have been altered to be forwarded to Fredericton for the approval of T. B. Kidder. Miss Bartlett formerly taught in the public schools here and was very popular. At present she is on the staff of the Halifax Ladies' College.

HILLSBORO, N. B., BOY PICKED UP IN LOWELL

BOSTON, May 19.—A thirteen year old lad, giving the name of Harry McLatchy of Hillsboro, N. B., has been picked up by the police of Lowell, Mass. He is in a weak condition from improper nourishment, and is believed to have made his way the greater part by foot. He talks little, but says, "I left Hillsboro because it was a dull town." The boy claims to have relatives in Somerville, Mass., but can tell nothing definite about them. New Brunswick authorities are being communicated with. Harry had, when found, an automatic, a small sized revolver, a razor and a pair of brass knuckles.

ABE HUMMELL GOES TO PENITENTIARY

NEW YORK, May 20.—In a large court car Abraham Hummell left his home in East 72nd street today to go to Blackwell's Island to serve a year in the penitentiary for conspiracy in the celebrated Dodge-Morse divorce case. A few years ago Hummell enjoyed an extensive practice as a lawyer, having as clients many well known actors and actresses, but his conduct of the now famous divorce case resulted in disbarment as well as the humiliation he suffered today. At the Island he will work in the bakery.

CANADIAN GIRLS ARE IN THE LIST

General Included in the Graduating Class of the New York Hospital.

NEW YORK, May 20.—Miss Alice Burbridge, daughter of Mr. Justice Burbridge, Ottawa; Miss Edith Campbell, daughter of the late Alex. A Very Attractive Showing of Shirt Waists.

One of the largest stocks we have ever gathered together. They are exclusive in style, not found in other stores and the prices are no more than you pay for the ordinary common goods.

Four Special Styles at the Popular Price of \$1.00

Two of these styles we had made especially for us and can be found only in this store. One style of waist is trimmed with insertion and has having tucks to form the yoke line and tucking in the back, three-quarter sleeves, made from fine English lawn. Another style at the same price has numerous rows of lace insertion in front with tucking in back. Another style has a Swiss embroidered front and is equal to waists we have seen sold in other stores at \$1.50. It also has three-quarter sleeves and buttons in back. Other prices as high as \$3.50.

A Special Lot of Sample Waists

Slightly mused but low enough in price to recompense you in laundering, about 100 of them on sale from 35 cents to \$1.25 each.

Important Notice. THE CENTRAL ROUTE HAS FINALLY BEEN APPROVED.

Order in Council Just Issued
—Location Surveys to be Started Tomorrow Will Reduce the Length of the Route

The central route for the G. T. F. in New Brunswick has been approved. This, of course, was expected, but no announcement has been previously made. It was the recommendation of the Transcontinental Engineers in New Brunswick and their suggestion was approved by the railway commission. This report was presented to the government and was endorsed, although the government decided not to make any definite announcement as to the selection of the route until after the close of the parliamentary session, although the people were given to understand that there would be no variation. Within the past couple of days the necessary order-in-council was passed and instructions have been received in St. John for the engineers to go ahead with their location surveys over that section lying between Chipman and Grand Falls.

Accordingly, three engineering parties will tomorrow start out. Mr. R. P. Maxwell will take that portion of the route lying between the Canada Eastern crossing and Chipman, working towards the latter point. Mr. Archibald Foster starts westward from the Tobique and survey towards the Canada Eastern, while Mr. Hector MacNeill, with his party, will begin at Grand Falls and survey towards the Tobique. It is anticipated, and in fact there is good reason to believe that when these location surveys are completed there will be quite a material difference in the length of the route as compared with the preliminary surveys, a reduction of some miles being expected. This work will take several weeks to complete and tenders will then at once be called for the construction.

Nothing has as yet been done on the Moncton-Chipman section. There is no particular delay in this, except that the ground is very wet, and work may be started at any time. The G. T. Pacific Construction Co. has this contract and as yet there is no announcement that any portion of it has been sublet.

The difference between what is known as the Pusher route and the alternative on the Centre is 17 miles, but the route now approved will be considerably shorter.

G. A. Stubbs, Ernest Stirling, Arthur Butts, LeBaron Oriskany, Albert E. Levy, Chester Brown, T. M. Morrow, Fred Bovard, of Hampton, Wm. McArthur, A. W. Thorne, H. Dobson, Neil W. Peterson, Gordon Logan, Albert McNut, J. Barberie, James E. Barrett, Wm. H. Green, F. P. Magee, Thomas Peterson, E. Finley.

There is a good list of entries for the boys' 100-yards and half mile races, and the sports promise to be the most interesting held here for some years.

OLENDA'S OFFICERS FINED FOR ASSAULTING SAILOR

Two of Them Were Today Asked to Pay Fines of Twenty Dollars.

In the police court this morning seven officers from the West India liner Olanda faced the magistrate to answer the charge of assault preferred against them by Edward Osborne, a colored steward on the Olanda. The case arose from what nearly became a riot on the steamer on Sunday night last.

A large number of witnesses were called who related the story of the fight practically as given in yesterday's Star.

John Kerr put up a strong plea for the defendants, claiming that they did what was necessary.

Magistrate Ritchie stated that the plaintiff had the right to come to court. It looked yesterday as if a preliminary examination would be necessary. Seven people are charged, and a great deal of what took place was brought on by his own conduct. He showed himself to have been in a dangerous condition when he asked for a knife. He got a bar and used it, and that must dispose of four of the officers who are before the court, they then having the right to interfere.

The magistrate thought it was the duty of the plaintiff to answer the call of the officers. The chief engineer had been man enough to confess having struck Osborne three times. The first blow may have been given in self-defense, but the other blows were not called for. His honor said that Osborne got what he deserved after he had used the iron bar, but before this, he could not have been very much in the wrong.

The chief engineer had committed common assault and the fourth engineer had laid hands on Osborne and pulled him out into the alley-way, and he, too, was guilty of the same offense. Chief Engineer Dickson and Fourth Engineer Wallace were therefore each fined \$20 or two months in jail.

THE C. M. B. A. BALL

The York assembly rooms have been very tastefully decorated for the celebration of the 17th anniversary of C. M. B. A. branch 124, which will take the form of a grand ball this evening. The committee in charge are Hon. R. J. Ritchie, Jr., O'Brien, Jas. Harrington, C. P. O'Neill, R. J. Walsh, Louis McDonald, F. J. Casey, A. J. S. Gosson, J. E. O'Brien, H. T. Bridges, Thos. Gorman, Thos. Kitchin, John T. Kelly and Thos. Caples.

The chaperones for the evening are Mrs. R. J. Ritchie, Mrs. Thos. Gorman, Mrs. Jas. Harrington, Mrs. D. J. O'Neill, Mrs. E. J. Broderick and Mrs. J. E. Kelly. The floor manager is C. P. O'Neill and his aides are Wm. Magee and Louis McDonald. Conway's orchestra will furnish a lengthy programme of music. Frank White is the caterer.

The affair promises to be the most brilliant yet held by the society. A large number of invitations are out.

ROYAL ARCANUM; IMPORTANT MEETING

BOSTON, May 21—Three important propositions were defeated at yesterday's session of the Supreme Council of the Royal Arcanum. The first sought to abrogate the regular rates and place all of the 231,000 members of the order upon rates known as option A. This rate provides a constant rate during membership. The committee to which this proposition was submitted opposed it vigorously and the plan was unanimously defeated. The resolution of the Empire City Council of New York, asking that permission be given to change its bylaws so as to permit members to change from option C. to option A, also met defeat, as did the plan submitted by the Ohio delegation for cutting out all past supreme regents and incorporators from life membership in the supreme council.

Buttons appeared to have first come into use in England in the reign of Edward I. The first were made of wood.

EVERY PROMISE FULFILLED!

Crowds of Deeply Gratiified Buyers at Our Coat and Costume Sale All Day Yesterday.

THE READINESS WITH WHICH THE LADIES TOOK US AT OUR WORD and attended our sale of Spring Suits, Coats, etc., on Monday, was conclusive evidence of their implicit reliance upon our bargain announcements. They came and bought generously—it was merry merchandizing, truly! Mothers bought Suits and Coats for themselves, and selected Reefers and Jackets for their growing girls and toddlers. Every clerk, and extra ones at that, was busy, and our delivery teams at one o'clock and six o'clock, with garment boxes galore, told a wordless story of big cash savings for those to whom the goods were addressed. Today and all this week the sale continues, and if attractive prices will move goods, this handsome stock will not stay long on our hangers. Not an old garment in the whole lot!
