Local Government Has Plenty Material For Strong Ticket Here

WILL ORGANIZE.

Opposition Finding it Difficult to Fill Up their Ticket.

The Local government supporters in Northumberland county have not yet commenced to organize for the local elections, but when the time comes there will be no lack of enthusiasm.

In consideration with a well known government supporter the Advocate was informed that things looked very promising, and that at the present time a very strong government ticket will be in the field, which would undoubtedly win in the next contest.

"The Opposition members are making a great cry about the road act," said he, "but as a general rule the act, although not perfect, is working well, and it is only those who, under the old custom, were made grants for by-roads, in many cases private driveways, that are doing the kicking. Formerly they were granted from \$5 to \$50 for work supposed to be done on the public highways. Now whatever money is collected is spent on the public roads. This seems to be the chief reason why the road act is unpopular in some sections. At the next session some amendments will be made to the act which will greatly improve it."

The Advocate is of the opinion that the next contest will be run on strictly party lines. The number in favor of this principle in local politics seems to be growing daily and it is more than probable that the next election will be so conducted.

The by elections in Kings, Northumberland and Gloucester will possibly be held before the session, and it is said that government supporters would be returned by acclamation in each constituency.

The Opposition candidates, who as yet are narrowed down to Messrs. John Morrissey and D. Morrison, are endeavoring to organize the county, but with only fair success. At many of their meetings gentlemen who were not present, and who are not outspoken supporters of their have been appointed on committees, and will not act. Many of their strongest supporters at the last election are only lukewarm, and many are openly in favor of the government. As to filling up the ticket, they have not been able to influence any one to allow their names to be associated with them on a ticket.

And thus the matter stands. Premier Robinson will undoubtedly have another session, during which some important legislation will be enacted, and the elections given an opportunity of judging of his ability as an administrator of the provincial business. The session will be a short one, after which an appeal will be made to the people.

Yesterday's St. John Sun says: Premier Robinson was in the city yesterday en route to Fredericton, where a meeting of the government will be held to-day. Asked about the political situation, the premier said that things were quiet. He did not seem to have lost very much sleep over the little Opposition meetings being held on the North Shore. RICH PAINT MINE AT CHAPLIN ISLAND

Natural Red Paint Ready to Mix Found on the North West.

ITS PECULIARITIES

John Ferguson and others Are Now Putting It Upon The Market.

Mr. John Ferguson and others, who own a property on the North West in the vicinity of Chaplin Island, are placing upon the market a new and unique variety of red paint, which promises to eclipse any paint now for sale anywhere. Mr. Ferguson has several barrels of the crude material in his store here. It is a reddish mineral which is 95 per cent. pure oxide and 5 per cent. silica. All the preparation it needs is a mixture with oil, when it gives a glossy red coating to whatever it is applied to. Its color cannot be appreciably changed, although at white heat it darkens infinitesimally without losing any weight. It kills out any other color with which it comes in contact.

The mineral is very soft, and a packed pork barrel of it shipped to the United Paint Co., Ltd., Dorchester, N. B., weighed 1,100 lbs.

The paint is not only fireproof, but it has no affinity for turpentine. Mr. Ferguson shows a bottle into which the paint and turpentine were placed. The paint was precipitated on the sides while the turpentine remained within.

It mixes readily with water, yet when mixed with oil and dried it is not affected at all by the rain. A strange feature of the raw material is that, dissolved in water it forms a barometer. In fine weather it will soon settle to the bottom leaving the water above clear. Before a storm it will cloud the water.

There is lots of the mineral on the North West, and Mr. Ferguson and his associates hope to revolutionize the paint industry.

INQUEST REVEALS LAWLESSNESS.

Jury Condemns Practice of Peddling Liquor on the Streets.

The inquest held in Campbellton, Wednesday, into the death of Oliver Peters, who was shot at Lily Lake on the previous Saturday, shows that in Campbellton, a license town, liquor is very easily procured.

After being out only a few minutes the jury returned the following verdict: "The deceased came to his death by a bullet wound in the heart from a shot delivered from a rifle held in the hands of Benjamin Beatty, and that as the said rifle shot was accidental, blame cannot be attached directly to anyone. We the said jury, strongly recommend that the proper authorities take decided steps to suppress Sunday lawlessness and would further recommend that the four young men connected with the tragic affair be fined according to law. We also condemn the practice of liquor being peddled on the streets."

St. Joseph Lewis, July 14, 1903. MESSRS. C. C. RICHARDS & Co. Gentlemen,—I was badly kicked by my horse, last May and after using several preparations on my leg nothing would do. My leg was black as jet, I was laid up in bed for a fortnight and could not walk. After using three bottles of MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.

PULPWOOD AND ITS PROBLEMS.

Where Shall the Mills Stand is the Great Question.

U. S. ANXIOUS.

American Publishers to meet To-day, to Consider Paper Problem.

(J. S. Crate in Toronto Globe.) Pulpwood cut on the Crown lands of Ontario, as previously explained, must be ground in this province. There is no restriction against the export of pulp, however, and United States mills may secure it, subject, of course, to the duties imposed by tariff of their own country. The idealist who claims that tariffs are unnatural things, a delusion and a snare, will find some interesting circumstances in support of his theories upon investigation of the pulpwood question.

At Fort Frances, for example, nature has provided a mighty waterpower. At enormous expense, a plant is being installed and 50,000 horsepower will be generated there. The Rainy River in this vicinity provides a possible ultimate development of 100,000 horsepower, which far eclipses the amount of electrical energy to be placed in western Ontario by the Hydro-electric Commission. The harnessing of the falls at Fort Frances was undertaken largely by Minneapolis capitalists, who propose among other things to establish on the Canadian side of the river a pulp mill, and—note—on the United States shore, a paper mill. In another sense, too, the restrictions here will operate peculiarly. The pulp manufactured in Canada will not be pressed, dried and shipped to the United States in bundles, but will be forced across in liquid form by the hydraulic pressure to the United States paper mill, thus saving, as the capitalists put it so plausibly, the cost of drying at the point of shipment and heavy freight charges. Would the economic conditions not be improved if the Canadian government said in so many words: "The pulp must not only be ground in Canada, but made into paper in this country!" Then would not the ingenious hydraulic pipe become unnecessary and both mills stand in their logical location—in the country which provides the material out of which the manufactured article is produced? No one thinks of depriving the United States of all the paper the great republic needs. The market is a good and natural one. The only question at issue is, "Where are the mills to stand?"

On Wednesday, September 18th, the American newspaper publishers will hold a special meeting at the Waldorf-Astoria in New York city for the purpose of considering the scarcity of paper. Every member of the United Press Association has been urged to attend, as their interests are seriously menaced. This condition of affairs has been well known for some time among the Canadian publishers. It is the direct result of the improvident cutting of the American pulpwood forests. United States publishers may now sit down and contemplate the consequences of devastation, during which no thought was taken for the future.

The United States publishers and paper manufacturers must now look to Canada—to the great northern wilderness which my colleague and I have tried to describe. There stand boundless forests, which will in future feed the presses of the North American continent. The Canadian people deserve nothing but contempt, if in the light of the experience of the United States, they do not perpetrate the forests of the country. In theory, this is conceded, and will doubtless crystallize into some adequate policy.

The industrial aspect is becoming increasingly complicated. That Wisconsin paper mills, would at any time buy pulpwood in Quebec, 1,300 miles away, was never dreamed of up to a few years ago. It is a condition of affairs that is driving the finders and lighters of the pulp and paper mills.

NEWS OF THE GAME WOODS.

American Sportsmen Who Have Come to the Miramichi During Week.

THE GUIDES.

Government Expect to Sell Six Thousand Licenses This Year.

Carl Rungius, artist, of New York, registered at the Waverly, last week, and went up the Renous with David Manderville, to be ready for the opening of the hunting season.

John Wilson, Providence, R. I., and G. A. Weigel and Dr. Gotteschild, of New York, left the Waverly on Thursday, with Paul Kingdon, for the vicinity of Bald Mountains at the head waters of the Nepisiguit.

Abner and W. R. McPheter, of Oldtown, Me., registered at the Miramichi last week, and went up the North West with Daniel Mathelet. On the 19th instant, the rest of the party, T. D. Leonard and S. N. Hinckley, of New York; and W. C. Coleman, of Louisville, Ky., followed the Messrs. McPheter.

J. F. Moore and O. L. Alexander, of War Eagle, West Virginia, registered at the Waverly on Wednesday, and on Thursday, left for Chatham, whence they went into the woods further down the river.

N. C. Nash, and N. C. Nash, Jr., of Boston, were guests at the Waverly a few days ago, and went up the country in search of big game. Messrs. W. S. Ray, H. E. Hershey and R. Onslager, of Harrisburg, Pa., left the Waverly Saturday with Carl Bersing, for Bald Mountain.

Messrs. R. T. Fisher, Wm. James Jr., and Henry James, Jr., of Cambridge, Mass., returned from their shooting trip down river and left for home Saturday morning.

Messrs. H. W. Gilbert, S. W. Small and C. W. Wheelock, of New York, left the Miramichi hotel Saturday morning, to hunt at Tomogonops with Wm. McKay.

Messrs. P. G. Blatchy, Toronto, Mr. and Mrs. E. G. Feldman, and Mr. and Mrs. J. S. Seaman, Pittsburgh, Pa.; and J. J. Hanlon, Jas. Desso and Dr. A. G. Senecal, of Plattsburg, N. Y., left the Miramichi Hotel on Monday for the game regions.

James U. Jackson, Augusta, Georgia; and R. B. Nelson, T. U. Nelson, and J. H. Vernet, of Chambersburg, Penn., left for Bald Mountains yesterday, in charge of Councillor Edward Menzies. They were registered at the Waverly.

Mr. and Mrs. Geo. A. Kerger, and Wm. J. Ailitz, of Hoboken, N. J., came to the Miramichi yesterday.

Moose and deer are reported very plentiful throughout the big game districts. About 6,000 license forms have been sent out from the Government office divided as follows: Residents 4,700 Non-residents 480 Guides 300 Camp help 240 Special 400

northern New England is little better, and United States enterprises have already bought up considerable areas of pulpwood lands in Canada. The present century, which has already revealed some of the possibilities of the great north, may speedily find its water power. It is a condition of affairs that is driving the finders and lighters of the pulp and paper mills.

COLLINS HAVING THIRD TRIAL.

Again Arraigned at Hopewell
Cape on Murder
Charge.

A Defense Fund.

Moncton people interesting them-
selves in his
behalf.

One hundred and twenty five men
have been summoned from which
to select twelve who will try
Thomas F. Collins, the young Eng-
lishman charged with the murder
of Mary Ann McAulay at New
Ireland, Albert County, over a
year ago.

The third trial opened yesterday
at Hopewell Cape, with Judge
Hamington presiding. It is at-
tracting much interest, particu-
larly in Albert County.

Counsel for the defense will be
the same as in the two previous
trials, namely Hon. H. A. Mc-
Keown, of St. John. Solicitor Gen-
eral Jones will again conduct the
case for the crown. So far as can
be learned the cases, both for the
defense and the crown will be con-
ducted largely along the same lines
as in the two previous trials.

It is understood that Collins will
again go on the stand in his own
defense, and the mystery surround-
ing the finding of the axe, with
which the murder is supposed to
have been committed will again
play an important part, it is un-
derstood, in the case for the defense.

A fund towards Collins' defense
is being raised in Moncton at the
present time, similar to the one
created by Hillsboro ladies some
time ago.

Stomach troubles, Heart and
Kidney ailments, can be quickly
corrected with a prescription
known to all druggists everywhere
as Dr. Shoop's Restorative. The
prompt and surprising relief which
this remedy immediately brings is
entirely due to its Restorative ac-
tion upon the controlling nerves of
the Stomach, etc.

A weak Stomach causing dyspep-
sia, a weak Heart with palpitatio
or intermittent pulse, always
means weak Stomach nerves or
weak Heart nerves. Strengthen
these inside or controlling nerves
with Dr. Shoop's Restorative and
see how quickly these ailments dis-
appear. Dr. Shoop, of Racine, Wis.,

St. Thomas, Ont., Sept. 12.—
Geo. Rowley, the defaulting man-
ager of the defunct Elgin Loan Co.,
the collapse of which four years
ago ruined many people here, who
was sentenced to twelve years in
Kingston penitentiary by Judge
Ermatinger for forgery and theft,
has been pardoned and is now out
west. Rowley served exactly four
years. His pardon was kept a com-
plete secret. Rowley's delinquency
came to light at the time of the
late Atlas Loan smash.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve
Strength, or Nerve Weakness—nothing more. Pos-
sibly, not one weak heart in a hundred is in its
self, actually diseased. It is almost always a
hidden tiny little nerve that really is all at fault.
This obscure nerve—the cardiac, or Heart Nerve—
simply needs, and must have, more power, more
strength, more controlling, more governing
strength. Without that the Heart must continue
to fail, and the stomach and kidneys also have
these same controlling nerves.

This clearly explains why, as a medicine, Dr.
Shoop's Restorative has in the past done so much
for weak and ailing hearts. Dr. Shoop first sought
the cause of all this painful, palpitating, suffocating
heart distress. Dr. Shoop's Restorative—this
popular prescription—is alone directed to these
weak and wasting nerve centers. It builds
strength; it offers real, genuine heart help.
If you would have strong Heart, strong di-
gestion, strengthen these nerves—re-establish
them as needed, with

SPECIAL MEETING TOWN COUNCIL.

Mr. Anderson Explains the Con-
sumption of Water at the
Factory.

PUBLIC MEETING.

To be Called Re Paper Mill
Project.—Other Business.

The Town Council held a special
meeting Tuesday evening. Ald.
Russell was the only absentee.
Minutes of the previous meeting
were read and approved.

Mayor Miller read a communica-
tion from Mr. W. F. Black, asking
to have his taxes remitted for 1907.
Referred to Committee on Petitions.

The Mayor also read a communica-
tion in reference to a free site to
an industry purposing to locate here.
Ald. Belyea moved, seconded by
Ald. Allison, that the communica-
tion be received and a committee
of two be appointed to co-operate
with the Board of Trade. Carried.

Ald. John Clark and Belyea were
appointed.

Ald. Thos. Clark said that the
council would like to hear from the
president of the Board of Trade who
was present.

John Morrissey, M. P. P., Presi-
dent of the Board of Trade, in being
called upon, said that he was glad
to say that we were on the eve of
having an industry locate here.
That they had secured an option on
a site, and he asked the council to
make arrangements to call a meet-
ing of the ratepayers at an early
date, and make any other arrange-
ments they deem necessary, so as
not to delay this enterprise. This
industry will give employment to
about sixty men, running night and
day.

Mayor Miller said he was pleased
to see the interest the Board of
Trade had taken in this matter, and
felt that its action would be endorsed
by every ratepayer.

Ald. Morrissey read a communica-
tion from J. A. Fallansbee, in re-
ference to having another boiler
placed in the power house. Ald.
Morrissey stated that the boilers now
used only give 200 lbs. pressure
when it requires at least 300 lbs.
pressure to run the machinery sat-
isfactory. Referred to W. and
L. committee to report at next night
of meeting.

Ald. Belyea reported that the
Finance committee recommended
the payment of the following bills:—
Anslov Bros. \$ 29.70
Leader 10.50
Barnes & Co. 11.50
Barnes & Co. 14.15

Ald. McMurdo, Chairman Board
of Works, recommended the pay-
ment of the following accounts:—
Ed. Sinclair Lumber Co. \$ 171.18
Summer Co. 101.67
W. A. Hickson 31.27
E. Hickey 350.52

Ald. Morrissey asked why such a
large sewer pipe was placed at the
post office.

Ald. McMurdo explained that on
account of two streams running into
this pipe, it was necessary to use a
large one.

Ald. Morrissey, chairman W. and
L. committee, reported that the
committee recommended the pay-
ment of the following bills:—
Jas. Robertson Co. \$19.08
F. Masson 11.75

Ald. John Clark, chairman Park
and Fire committee, recommended
that the account of Frank Masson
for \$4.00 be paid.

The reports of the several com-
mittees were adopted and bills
ordered paid.

Ald. Belyea said that Mr. O. G.
Anderson had come here to answer
verbally re the complaint of exces-

LABOR CONGRESS AT GLACE BAY

National Trades and Labor Con-
gress Hold Convention in the
Coal District.

The National Trades and Labor
Congress of Canada, (distinct
from and independent of the Dom-
inion Trades and Labor Congress
which is affiliated with the Inter-
national organization known as the
American Federation of Labor),
met in Glace Bay, N. S., from the
10th to the 13th instant. About
fifty delegates attended mostly
from Quebec province. The Provin-
cial Workmen's Association of N.
S. has not yet joined the Congress.
The Congress passed resolutions in
favor of greater educational facili-
ties, and declared itself in favor of
purely Canadian organizations, of-
ficer and managed by men and
women working in and owning al-
legiance to the government of Cana-
da. They recommended the aboli-
tion of Labor Day as a holiday,
and the making of July 1st Labor
Day. The government of Quebec
was asked to appoint more factory
inspectors. All members of Labor
organizations were asked to buy
only Canadian make shoes, and the
Dominion to do the same for its
soldiers, and other employees. A
committee of five was appointed
to report on the Lemieux Concilia-
tion Act.

The Congress asked the govern-
ment to provide deep sea quays
and a larger dry dock at Levis; to
bonus the shipbuilding industry; to
impose a head tax of \$1,000 on
Chinese and other undesirable im-
migrants; and to provide old age
pensions.

The Executive will endeavor this
fall to organize the building trades
of St. John.

The finances of the Congress are
not buoyant, a recommendation
having been made to abolish the
secretary's salary.

The Dominion Trades and Labor
Congress met in Winnipeg on the
16th instant. One of the principal
questions before the congress will
be the problem of Asiatic immigra-
tion.

CLARK'S PORK AND BEANS.
In this weather a hot meal in two
minutes is a luxury. Serve hot or
cold. See that you get Clark's.

sive water that was used by his
factory.

Mr. O. G. Anderson in address-
ing the council said that they could
not use a common closet in a factory
like their's. They use three flush
closets and the water consumed in
these is not more than three gallons
per minute. That would make
about 1800 gallons per day. We
do not use more than 3,000 gallons
per day at our factory, including
what is used for the boilers. We
only allow the water to run from
seven in the morning till six o'clock
at night.

Ald. Morrissey—I would like Mr.
Anderson to explain about the
waste pipe that projects out into the
water; one can hear the water run-
ning at a distance of ten or twelve
feet, but cannot see the outlet. He
brought this matter before the
council because there are from 130
to 140 thousand gallons more water
used by the town than there
should be.

Mr. Anderson—The water you
hear running comes from the tiled
drain and soaks water runs
through this pipe also. The closets
flush every 15 or 20 minutes, to the
extent of 45 gallons every flush.
These closets are considered the
best for sanitary purposes.

Ald. Thos. Clark—There has been
a good deal of talk about the waste
of water, and he thought the W.
and L. Committee should go
through the factory and have Mr.
Anderson explain matters.

Ald. McMurdo brought up the
question of making a roadway to
Jas. Forrest's house on the new
road. The town have been ex-
cavating in front of his house, mak-
ing it inconvenient for Mr. Forrest
to get excess to his property. After
several aldermen spoke the matter
dropped.

Mayor Miller said that he re-
ceived several complaints asking for
more lights at the upper end of
the town. Police and appointment
to Office committee will look into
the matter and report at next night
of meeting.

Ald. Allison suggested that the
waste water in front of Mr. Ryan's
be drained into Brown's brook.

Moved by Ald. T. Clark, seconded
by Ald. Allison and carried, that
the Mayor be authorized to call a
public meeting if necessary.

The council took up the reading
of the bye-laws until 11 o'clock,
then adjourned.

PANDORA

RANGE

A convenience much
appreciated by every owner
of a Pandora is the towel
rod attached to the range.
As one-third of the rod
is made of emery, it makes
a splendid knife sharpener,
too.

It's always there handy
for you. You need waste
no time hunting around for
the easily misplaced "steel."
Bright idea, eh?

An accurate thermom-
eter is a reliable guide to
successful baking, while an
inaccurate one is a "cheat"
of the worst
kind.

Every Pandora ther-
mometer is carefully ad-
justed and undergoes a
practical test by heat—is
proven correct before being
sent out.

The figures, which show
the required degree of heat
necessary for the successful
baking of bread, cakes, pies,
etc., are plainly inscribed
in black on a white enamel
surface, so that they are
easily readable, even when
the day is dull.

If your local dealer
does not sell the Pandora,
write direct for free
booklet.

MAYOR MILLER VICTORIOUS.

Wins The Gold-Headed Cane in A. O. H. Election Contest.

LARGE VOTE

Cane Presented at Public Meeting in Opera House Thursday Night.

The election contest which has been conducted by the A. O. H. during the past two weeks has excited much interest. The candidates were Mayor Miller and Donald Morrison, M. P. P. The contest was brought to a close Thursday night at the Opera House, and speeches were delivered by the candidates. Following is the result of the votes cast:—
Miller 968
Morrison 860

Majority for Miller 108
The band played several choice selections at the Opera House. Mr. Miller, the most popular candidate, was presented with a handsome 14k gold-headed cane, being the prize offered to the winning candidate.

The canvassers deserve much praise for the interest they took in the affair, and the large vote brought in. The prize was on exhibition in the window of the J. D. Creighton Co. Ltd., during the early part of this week, and was much admired by those who chanced to see it.

On Wednesday Brakeman John Smallwood's escape from being smothered to death was miraculous. The shunter had run a string of cars on the coal shed trestle and Brakeman Smallwood was going over the coal cars to secure the brakes, when an employee, who did not see the brakeman, tripped the car doors, and he was carried through to the lower flat of the shed with about fifteen tons of coal. It will be some days before Mr. Smallwood will be able to report for duty.

Wedding Bells.

McLELLAN—THOMSON.
Moncton, Sept. 11.Mst. John's Presbyterian church was the scene of a very pretty wedding at 8 o'clock this evening when A. H. McLellan, chief clerk in the office of W. B. McKenzie, chief engineer of the I. C. R., was married to Miss M. Beatrice Thomson, daughter of the late C. D. Thomson. The church, which was filled with friends was beautifully decorated with flowers for the occasion. The bride was unattended, and was given away by her brother-in-law, A. E. Holstead. She was becomingly gowned in white point d'esprit over white tulle, trimmed with Irish point lace made in princess style. Her going away gown was brown silk and hat to match. The ceremony was performed by Rev. Dr. MacOdrum, pastor of St. John's church.

CIRCUIT COURT CONCLUDED.

Richard Yeo Found Guilty of Indecent Assault Upon Little Child.

HIS SENTENCE.

Insurance Case Settled Out of Court—Other Important Suits.

Circuit Court resumed business Wednesday morning.

The first case on the docket was that of Mary A. Curtis, milliner, of Newcastle vs. the Sun Insurance Office. M. G. Teed, K. C., of St. John, and E. A. Riley, of Moncton represented the plaintiff, and Dr. A. Earl, K. C., and L. P. D. Tilley, of St. John, were attorneys for the defendant. The action was brought to recover some \$2,000 fire insurance. The plaintiff had her millinery stock and shop insured with the defendant company, and some months after the insurance was put on the place the stock was burned. The company refused to pay over the insurance money, claiming that the claim was not filed within the proper time, that the value of the stock had been over-estimated at the time of applying for insurance, and that subsequently the stock had been materially reduced. The plaintiff contended that the delay in filing the claim was due to the neglect of the company and denied the other allegations.

The case was settled out of court, the plaintiff accepting an amount equal to one-half her claim of loss.

The assault and battery case of Thomas J. Carroll vs. Peter Archer resulted in a verdict of \$300 for plaintiff, it being shown that defendant in putting him off his premises used too much violence, breaking the plaintiff's leg. Haviland for plaintiff, and R. A. Lawlor for defence.

Richard Yeo, was indicted on two counts: felonious assault on one Bessie Block with intent to commit rape; and carnal knowledge of said Bessie Block being under fourteen years of age. R. A. Lawlor was prosecuting attorney, and T. H. Whalen defended. No witnesses were called for the defence, and prisoner made no statement. The witnesses were Mrs. Isaac McDonald, Mrs. Esther Whalen, Irvine E. Jardine, Mrs. Rosa Block (mother of the little three-year-old girl assaulted), Dr. Bryne, John Handley, and Isaac McDonald. The evidence was all circumstantial but quite conclusive against the accused. The little girl had been seen going and returning with Yeo, and had been found to be badly abused upon being examined by Dr. Bryne immediately after being taken from Yeo. She identified Yeo in court as the man who hurt her.

The jury retired at half past eight Thursday evening, and did not agree upon a verdict till nearly midnight. The first division stood 8 for conviction, 4 against. At last a verdict of guilty with recommendation to mercy was reached. The jury were:—James Donovan, Newcastle; John H. Fleigher, Chatham; Hugh D. Aitoh, Redbank; Daniel Kane, North Esk; Henry Gray, Douglastown; Jerome Landry, Newcastle; Richard O'Brien, Nelson; Joseph Johnson, Nelson; Timothy Carroll, Newcastle; Andrew McCormick, Protectionville; Daniel Hogan, Newcastle; John McAllister, Newcastle.

Skin Disease is Blood Disease

"Fruit-a-tives" clean the blood of all impurities and clear the complexion.

Pimples and blotches—Redness—Boils—Eczema and other inflammations of the skin—mean Impure Blood.

A person with a bad complexion always suffers from poor digestion—non-action of the bowels (or Constipation) and often the kidneys are weak.

These unhealthy organs cannot rid the system of the waste matter. It is this waste—taken up by the blood and carried to the skin—that ruins the complexion.

"Fruit-a-tives" cure all skin troubles because they cure the kidneys and bowels.

"Fruit-a-tives" cause the eliminating organs to do their

proper share of the work of ridding the system of waste. This purifies the blood—and instantly the pimples and blotches disappear, and the complexion clears.

"Fruit-a-tives" cure skin troubles when everything else fails.

"Fruit-a-tives" are fruit juices, intensified, and combined with valuable tonics and antiseptics.

They are without doubt the greatest blood purifier in the world. 50c. a box—6 for \$2.50. At all druggists.

WOULD SUPPRESS THE NEWS

Our local contemporary appears very much disturbed in mind because in our last issue we published the terms upon which Mr. Beveridge would erect a paper mill here. It overlooks the fact that, no matter how secret the meeting of the Executive of the Board of Trade might have been, the whole matter was publicly discussed by the common council on the Tuesday evening preceding our day of publication. There is nothing secret about the council meetings, and no one is forbidden to attend or report such gatherings. Perhaps, the Leader would muzzle the Council as well as the Press. Possibly it is not in favor of having the proceedings of even the Legislature given to the common people.

BUILD A RINK.

A good thing for the town would be a public skating rink. It would provide the healthful recreation and innocent amusement for our young people that they so much need during the long winter evenings. We trust that some of our enterprising citizens will take hold of this matter and have a suitable rink ready when the skating season comes on. It would pay well from the start.

THE HUNTERS.

The advantages of New Brunswick, and especially of the North Shore, as a big game country, are becoming more and more widely known as evidenced by the steady increase in the number of American sportsmen who visit us each fall. We have yet to hear of one visitor who leaves us disappointed.

VERY OBLIGING.

Mr. D. Mann announces that the Canadian Northern is ready to extend its line from Alberta through to Vancouver "if the British Columbian government grants a sufficient subsidy." Very kind of him to consent to own and operate the road that British Columbia pays for.

OPPOSITION BUSY.

The Local Opposition are very busy holding County conventions and nominating candidates. They will need to make great gains at next elections in order to present even a respectable appearance as an opposition, let alone become strong enough to oust the government. Present indications are that Mr. Hazen will gain no new seats in the North Shore counties; and his chances for holding what he has in Northumberland county are very uncertain.

ARBITRATION IDEA GROWING.

The movement in favor of the substitution of arbitration for the old method of settling disputes by the sword is rapidly gaining ground among the White nations of the world. The latest arbitration treaty is between Italy and Argentina. The latter country is a Spanish-American republic whose people are, as the results of recent

immigration, now largely Italian, and stand in nearly the same relation to Italy as the United States do to Britain. By the way the treaty reads, the two parties agree to submit to arbitration all differences except those affecting provisions of the constitution or questions of nationality. In case of a dispute, each country will appoint one arbitrator, the third to be chosen by the other two or by the Sovereign of the Netherlands.

A FARMER'S UNION.

The Producers and Consumers' International and Co-operative exchange, an organization which will seek to incorporate the Farmers' Educational Protective Association which is credited with 2,000,000 members; the Grange, with 700,000 members; and the American society of Equity, with 300,000 members; and any other agricultural societies and unions, has been formed in Chicago. Our only wonder is that the farmers had not thought of union long ago. They are the foundation and most important part of our population, and when they set fit to unite their forces they will be the arbiters of the nation's destiny.

THE PUBLIC LOSE

EITHER WAY.

The great Steel-Coal suit is decided in favor of Steel, or the first round of it at least. The public stands to lose no matter which concern wins. The same men figure in both companies, and the public, thus far, has allowed them to have their own way in many matters which will demand closer attention hereafter. The consumers are paying the lawyers in this case and the outlook is for a bill of mighty dimensions.—St. John Telegraph.

CIRCUIT COURT

CONCLUDED.

(Continued from page 3.)

The ejectment case brought by John T. and James A. Rundle, and their sister, Mrs. Emma McMillan, against Mr. and Mrs. James MacNeil, was decided on Thursday, in favor of defendants. E. P. Williams and M. G. Teed for plaintiffs and Davidson and Powell for the defence. The dispute was over Mrs. MacNeil's possession of the Fox property in North Esk. The plaintiffs claimed that, under a mortgage from Joseph Fox (who died in 1864) to John Rundle, father of the plaintiffs, and under a will from John Rundle to his widow for her life and after her death to his children, the property belonged to them. They claimed that the late John Way (who died last January), father of Mrs. MacNeil, had paid rent in hay, etc., to Mrs. Mary Rundle, widow of the late John Rundle, up to January 1894. The defendants pleaded the statute of Limitations, and the jury found that no rent had been paid. The property had been continuously in possession of John Way from 1860 to last January and since then has been occupied by Mr. and Mrs. MacNeil.

The civil cases being completed, Judge MacLeod pronounced sentence on Richard Yeo, sending him to Dorchester for ten years. Court then adjourned.

BATHURST.

Bathurst, Sept. 12.—Miss Addie Johnston, of Chatham, is a guest of Mrs. H. Bishop.

It has been learned with regret that Rev. E. Martin is to be transferred from this parish to one in Madawaska. Father Martin has been here nearly seven years; and during his stay has endeared himself to all classes.

Bishop Barry made a brief visit here during the week, returning to Chatham on Saturday preparatory to visiting P. E. Island.

Mrs. Clarence Adams, of New York, is making a visit to Bathurst this month.

Mr. and Mrs. J. P. Bryne went to Sussex this week to attend the wedding of Mr. Bryne's sister, Miss Alice Bryne.

Mrs. D. T. Johnston went to Chatham on Saturday morning.

Mr. P. Rive, of Caracquet, made a short stay in town this week.

Mr. W. J. O'Brien is at home from St. John to spend a vacation.

A most enjoyable evening was spent at St. Luke's hall on Friday. It was the intention to hold a Sunday school picnic, but owing to the condition of the weather it was impossible, and instead supper was served in the hall, where games and other amusements were enjoyed for a few hours by the young people.

Mrs. Arthur Berry returned to Campbellton the first of the week, after spending a week with her mother, Mrs. R. Ramsay.

Misses Helen and Gertrude Meahan are in St. John this week attending the millinery openings.

On Monday, H. W. Woods and A. R. Shipp were chosen candidates at the Queens County Opposition convention.

DESONIER-GALLANT.

The marriage took place at 8.30 o'clock Monday morning at Bathurst of Miss Mary Melvina, eldest daughter of Mr. Amos Gallant, of Bathurst, to Mr. J. Donat Desonier, of Toronto. The Church of the Sacred Heart, where the ceremony was performed, was beautifully decorated for the occasion and many friends of the young couple were present to witness the ceremony. Rev. E. Martin, parish priest, was the officiating clergyman. The bride wore a gown of white silk mull over white silk with veil of tulle and carried a bouquet of white sweet peas. Her attendant, Miss Ida Gallant, sister of the bride, was attired in cream crepe de chene, trimmed with lace and wore a large picture hat of white. Mr. Leon Landry of Bathurst, assisted the groom. The happy couple will leave this afternoon on the local express on their wedding trip, the bride travelling in a green checked costume with buff trimmings. After visiting points of interest, they will make Toronto their future home. Mr. and Mrs. Desonier received many valuable and beautiful presents.

ST. JOHN LIBERALS ORGANIZE.

Liberal ward meetings were held throughout St. John Thursday for the purpose of organization in the interests of Hon. Wm. Pugsley in view of the approaching election date in the city and county of St. John. The meetings were well attended by the active supporters of the candidate and executive committees were appointed to carry on the work. Dr. Pugsley addressed the meetings of his supporters in the Temple of Honor hall, North End, and in Berryman's hall. His speeches were received with much enthusiasm. In Berryman's hall some 200 voters assembled.

In his address to the gathering in the Temple of Honor Hall, he urged the committees to work as if there was an active and hard campaign ahead.

He made a similar address at Berryman's hall.

Mr. Pugsley acknowledged the praiseworthy action of the Conservative party in deciding not to offer any opposition. He recognized that they were acting thus because they realized that his election would be of material advantage to the community of St. John. He promised that he would be impartial to all sections of Canada, but that the interests of St. John city and county would not be neglected. He would endeavor to carry out the policy of his predecessor, and this would be his aim year after year until St. John would be one of the best equipped ports on the Atlantic coast.

Harcourt, Sept. 14.—Miss Bessie Ingram, who has been visiting in Sydney and New Glasgow, returned home Monday night. She was accompanied by her sister, Mrs. T. Blackwood, of Westville, N. S.

Mr. Wilfred Pride, who has been home for some months, returned to Boston last week.

Mr. A. H. Ingram, who was in town attending the marriage of his brother, W. N. Ingram, returned to Campbellton on Wednesday.

The funeral of Mrs. M. D. Shirley, who died on the 17th inst., took place on Tuesday afternoon. Rev. L. L. Skerry conducted the funeral services.

24 KILLED, 27 INJURED.

Head-on Collision Wrecks Quebec
Express Last Sunday.

A O FOR A?

Mistake of a Single Figure in Or-
ders Caused Disaster.

White River Junction, Vt., Sept. 15.—A fearfully fatal head-on collision between the south-bound Quebec express and a north-bound freight train in the Concord division of the Boston and Maine road occurred four miles north of Canaan station early to-day, due to a mistake in the train dispatcher's orders. From a demolished passenger coach there were taken out twenty-four dead and dying and twenty-seven other passengers more or less wounded. Nearly all those who were in the fatal car were returning from a fair at Sherbrooke, 160 miles north. The conductor of the freight train was given to understand that he had plenty of time to reach a siding by the night operator at Canaan station, receiving, according to the superintendent of the division, a copy of a telegraph order from the train dispatcher at Concord, which confused the train numbers 30 and 34. The wreck occurred just after the express had rounded into a straight stretch of track, but owing to the early morning mist neither engineer saw the other's headlight until it was too late.

In the meantime, a north-bound freight train known as No. 267 had arrived at Canaan, eighteen miles down the road, at 4.10 a. m. on time. According to the district superintendent, W. F. Ray, J. W. Crowley, the night dispatcher at Concord, sent a dispatch to John Greeley, the night operator at Canaan, that No. 34 was an hour and ten minutes late. The order which Conductor Lawrence of the freight train, showed after the accident distinctly states that No. 30 instead of 34 was an hour and ten minutes late. Conductor Lawrence believing that he had sufficient time in an hour and ten minutes to reach the track at West Canaan four miles beyond, before No. 34 reached it, ordered his train ahead. The superintendent declares that the accident was due to the mistake in placing a cipher after the three in the number of the train, instead of four.

The morning was a dull misty one, in the western New Hampshire mountains, and the long freight train, with a score of heavily loaded cars, was running towards West Canaan at the usual speed. On the other side of the curve was the Quebec express, sliding down the single track with her heavy load of passengers. The freight train was on a straight piece of track, about a mile in length, and the Quebec express had rounded a curve into this stretch when the engineer saw the headlights of the opposite train burst out of the fog. Both engineers set their brakes and then jumped, while the two great locomotives crashed into each other and locked in a firm embrace rolled down the ditch.

The baggage car in the rear was hurled back into the passenger car like a great ram and tore it asunder from end to end. As it did so the rear end of the car rose up, so that when it stopped at the forward end of the smoker, which was behind the passenger coach, it was well inclined. A few windows were broken in the smoking car, but the Pullman was uninjured.

But in the ill-fated passenger coach death stalked from end to end. This car was filled with more than fifty people. Shortly before the accident a few men had gone back into the smoking car in the rear, leaving the women to get a little sleep in the straight seats. One of those who escaped said that as the train was rounding a curve some one in the front of the car began to sing, so that when the crash came nearly everyone was awake.

Those who were in the other car and recovered their dazed senses jumped out of the side of the track and hurried to the demolished car where, groans, cries and shrieks were rending the air.

The killed and injured were, with one or two exceptions, Americans. The Canadians are Quebecers.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead conditions under one of the following plans:

(1.) At least six months' residence upon and cultivation of the land in each year for three years.

(2.) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person, residing with the father or mother.

(3.) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

CHURCH UNION CONFERENCE.

During last week the joint committee on union of the Canadian Presbyterian, Methodist and Congregational churches met in Toronto. The Presbyterian delegation from the Maritime provinces is composed of: Revs. A. Falconer, Pictou; E. MacOdrum, Moncton; Dr. E. T. Miller, Rev. Thos. Stewart, Dr. Edmund Smith, Dr. J. MacMillan, Halifax; Principal McGill, President Forrest, Dalhousie University; Rev. James Ross, St. John; Rev. Dr. Jack Sydney, Rev. Dr. Sedgewick, Tatamagouche; Hon. David Leard, P. E. Island; Senator McGregor, New Glasgow; Dr. Robert Murray, Halifax; Judge Forbes, St. John; J. G. McIntosh, Halifax.

The Methodist representatives from New Brunswick will be Dr. Evans, of Hampton; Dr. C. H. Paisley, of Mount Allison; Rev. George Steel, of P. E. Island; Dr. J. R. Inch, chief superintendent of education, Fredericton; Dr. David Allison, president of Mount Allison; from Nova Scotia: Rev. Dr. Heartz, president of the Nova Scotia conference; Rev. Dr. W. Johnson, editor of the Wesleyan; Charles Bell and Judge Chesley, of Lunenburg; Dr. S. Huestis, Halifax.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by THOS. J. DURICK.

Montreal, Sept. 12.—At the annual meeting of the Canadian Medical Protective Association to-day, R. W. Powell, of Ottawa, was elected president and J. Fenton Argue, of Ottawa, secretary-treasurer. There were no changes in the executive except in Quebec, where the names of H. R. Ross, of Quebec, and Russell Thomas of Lennoxville, were referred to the executive for consideration. The Nova Scotia executive consists of Dr. John Stewart, J. W. T. Patton and H. E. Kendall, and that of New Brunswick Drs. T. D. Walker, St. John; A. B. HARCOURT.

Harcourt, Sept. 11.—A very pretty and interesting wedding took place here yesterday afternoon, when Miss Kate M. Keswick was united in marriage to Mr. Woodville N. Ingram, I. C. R. fireman, both of this place. The bride was becomingly gowned in white brocade silk, wearing a bridal veil with orange blossoms and carrying a beautiful shower bouquet. The church was very prettily adorned, the friends of the bride and groom having arranged the decorations. The bride entered the church leaning on the arm of her uncle, W. T. Keswick, to the familiar strains of Mendelssohn's wedding march which was played by Miss S. Wilson. Rev. C. H. Manaton performed the wedding ceremony, after which the young couple received the congratulations and greetings of their friends under an arch of evergreens and flowers. The bride's going away dress was a smart tailor-made gown of Mulberry broadcloth, with white trimmings and hat to match.

Miss Keswick was well known, having taught school for a number of years in Harcourt, Rexton and other places. The groom has many friends in this place and along the I. C. R. He resides in Moncton and has a large circle of friends in that place. Mr. Ingram has been fireman of the I. C. R. for some time past.

Immediately after the ceremony the happy couple left on the Ocean Limited for an extended trip to New York and Boston, via Montreal.

MAKE THIS UP AT YOUR HOME.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription as formulated by a noted authority who claims that he has

who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while the prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which causes sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

BASS RIVER.

Bass River, Sept. 12.—Mr. Ed. Campbell, who has been in Bangor Me., for the last year, has returned home.

The Misses Mary and Alice Mulrony left for Bangor, Me., on Monday.

OBITUARY.

HENRY HUBBARD.

Henry, infant son of Mr. and Mrs. John Hubbard, of South Nelson, died early Monday morning, aged nine months. Funeral took place at the R. C. Church on Tuesday evening.

MRS. JAMES BULMER.

At her home in Moncton, on the 18th instant, the death occurred of Mrs. James Bulmer, daughter of Mr. and Mrs. James Chrystal, of Harcourt. Deceased had been ill of stomach trouble for five weeks. She was 27 years of age and much respected. She is survived by her husband and three small children, Claude, Kathleen and Irene, and three sisters, Mrs. T. Larracey, of Irishtown, Miss Alice Chrystal, of Boston, and Miss Emma, of Harcourt.

MRS. PEARL ATKINSON.

Mr. Chas. P. Atkinson, locomotive engineer, of Moncton, formerly of Newcastle, received a telegram Sunday evening announcing the death in Medicine Hat of his daughter-in-law, Mrs. Pearl Atkinson. The deceased was a Toronto young lady, formerly a Miss Flynn, and in connection with her death a particularly sad circumstance is that the young couple had been married only seven months. Mrs. Atkinson underwent an operation for appendicitis some weeks ago, but it was thought she had recovered. Many friends here will sympathize with Mr. Atkinson in his sad bereavement.

MRS. BENJ. SWEZEY.

The funeral of the late Mrs. Benj. Swezey, who died at the home of her daughter, Mrs. Chas. Lakin, Melrose, Mass., was held from her former residence in Lower Napan, on the 8th, Rev. A. J. W. Myers officiating. Handsome floral tributes were sent from different towns in Massachusetts and elsewhere. Deceased was 78 years of age, and left three sons and three daughters.

THE SECRET OF CRISP PASTRY.

Keep three things in view if you want unvarying success with your pastry—cold water, good shortening, and Blended Flour.

Ice water and butter are preferable, but it may be more convenient to use cold water and some other good shortening. But stick to the Blended Flour. It will never fail to give a light, flaky crust—so tender, it will break with a breath and as easy to digest as it is delicious.

The wholesomeness of pie crust depends on the lightness of the flour—that is, the crispy flakiness that you look for in pie crust must be made of flour having a large percentage of starch. Ontario fall wheat contains all the requisites for light pastry, cake and biscuits, while Manitoba wheat has the heavier properties required in a strictly bread flour.

Combine the two, and you will get a perfect flour, that has the full rich flavor and delicacy of Ontario fall wheat—an ideal combination.

With ordinary care in mixing and rolling the dough, Blended Flour will give you the most delicious pastry you ever ate. Many millers are now blending these two grades of flour scientifically, so do not attempt to do the blending yourself—it is no easy thing to get just the right proportions.

VERDICT OF

CORONER'S JURY.

Find Nobody Responsible for Quebec Bridge Disaster.

The verdict of the coroner's jury into the loss of life on the Quebec bridge disaster, was rendered on Friday. It was as follows:— "That the deceased (La France) died from injuries and nervous shock sustained in the collapse of the Quebec bridge. We have been unable to establish the cause of the collapse, but we think it our duty to declare that, according to the proof furnished during the inquest, all the necessary precautions were taken for the construction of the bridge without danger."

FREDERICTON

EXHIBITION.

Most Successful Show Ever Held at the Capital

The Provincial exhibition at Fredericton was opened by Governor Tweedie on Saturday. The show is the greatest that has ever been held in Fredericton, and is drawing immense crowds. The attendance on Monday was 2,983 as against 1,502 for the corresponding day two years ago. Large numbers are attending from the Miramichi. A special train leaves Chatham at 5.30 to-morrow morning, returning to-morrow night. Fare only \$1.75. Tickets will also be sold to-morrow good to return on Saturday for \$2.40.

WAGES INCREASED.

The I. C. R. freight handlers in St. John have received an increase in wages to date from the first of April last.

The increase is as follows: Porters, who have been receiving \$1.50 a day, to \$1.60. Only porters who have been in the employ of the railway for over a year are entitled to this increase.

The head checker in each shed has been advanced from \$55 a month to \$60. The head checkers are held responsible for everything entering and leaving the shed.

The "inward" checkers, who check in and out of cars or sheds, and out of sheds, are advanced from \$45 to \$52.50.

The "junior" checkers, who deliver goods out of cars or sheds, will now receive \$47.50 a month. They were formerly paid by the day.

The total increase will amount to about \$500 extra a month. The I. C. R. employees here receive in all about \$10,000 a month in wages.

METHODIST DISTRICT MEETING.

The Methodist Financial District meeting for the Chatham district convened at Bathurst on Monday afternoon, Sept. 9th at 4.30 p. m. Rev. A. D. McCully, B. A., B. D., presiding. The other members present were: Revs. Geo. A. Sellar, Chatham; H. C. Rice, Newcastle; Geo. Patterson, Tabusintac; J. F. Rowley, Derby; J. B. Young, Richbucto; Richard Opie, Buctouche; C. H. Manaton, Harcourt; W. A. Thompson, Campbellton; Mr. John Devereaux was also present from Campbellton. The finances of all the circuits and Missions were inquired into, and Missionary grants recommended to Buctouche, Richbucto and Harcourt.

Leaves were made on the different churches for the Contingent, Union Church Relief, and Supernumery funds. It was also decided to increase materially the giving toward the Educational funds.

Rev. H. C. Rice and T. A. Clark, of Newcastle, were appointed a deputation to visit with the chairman the weak circuits and missions.

Evangelistic services were held on Monday and Tuesday evenings. Rev. H. C. Rice preached on the former evening and C. H. Manaton on the latter. The choir assisted at the services. A vote of thanks was passed those who had so kindly opened their homes to the members of the District. The District adjourned Tuesday evening to meet in Newcastle in June 1908, and at the same time a Sunday School convention for the District will be held, at which it is expected there will be present the General Secretary of Epworth Leagues and Sunday schools.
