CHAUNTAQUA TIME IS NEXT WEEK

Splendid Three Days Program is Sure
—Tickets should be secured
at Once

Next week in Chautauqua time in
Hartland, Perth, Grand Falls and
Woodstock. The opening night at
Grand Falls is Monday, Perth on Tues-
day, Hartland on Wednesday and
Woodstock on Thursday. Remember
the Hartland Chautauqua does not
start until Wednesday, Thursday and
Friday. In some manner it has been
reported by word of mouth that the
Hartland program would be curtailed.
This is absolutely false and evidently
it was started by persons who assume
no responsibility in the affair and
whose disposition is to "knock" every-
thing on general principles.

The program on Wednesday after-
noon will be a lecture by the Chau-
taqua superintendent, a lady who will
remain here throughout the series.
Following this will be a concert by the
Americanadian Quartette, then a ses-
sion of instruction of the Junior Chau-
taqua by the Junior leader.

Wednesday evening's program will
consist of a concert by the American-
adian Quartette, and a lecture on "So-
cial Redemption" by Charles H. Poole,
M. P.

Mr. Poole is a representative of the
important district of West Auckland
in the New Zealand parliament. He is
a man of conspicuous official influence.
Time after time his constituents have
returned him to his seat in parlia-
ment as their representative and each
time he proved himself more than
worthy of their trust.

He is considered one of the promi-
nent figures of Parliament, holding
positions on many of the more impor-
tant committees.

This experience fits Mr. Poole to
discuss his topic with authority from
the political standpoint.

But Mr. Poole is well qualified from
yet another standpoint. He brings to
his subject not only political and so-
cial wisdom, but also the warmth
of sympathetic understanding of his
country and countrymen. He has
grown up with New Zealand and he
has seen it blossom forth from an un-
promising bud into a beautiful flower
of modern civilization. And Mr.
Poole's own share in making this de-
velopment possible has been no small
one.

His lecture will be full of information
and educational worth, will contain
much of that spontaneous humor for
which the Chautauqua platform is gen-
eral, and this speaker in particular, is
well known.

On Thursday afternoon there will
be another helpful lecture by the Super-
intendent, further instructions for the
Junior Chautauqua and a concert and
entertainment by the LeDell Trio.
These are three Canadian artists.
Miss Marietta LeDell, leader, and
manager of the Trio is a leader of excep-
tional ability. Miss Marietta LeDell,
dramatic soprano, has an excellent
voice of great range and full tone
quality. Miss Dewey, violinist, is not
only an expert violinist but is also skilled
at the piano.

Her interpretations of both popular
and classic selections are received
with the greatest enthusiasm by her
audience. Ability, technique, and per-
sonality account for her success.

This in an all-star trio and its ap-
pearance, together with the lecture of
the second day, will make that day an
outstanding one in the Chautauqua
Festival.

Thursday evening's entertainment
will be a full concert by the famous
trio and a remarkably clever lecture,
"The Way Up" by Chancellor Brad-
ford.

On Friday afternoon the third lec-
ture by the Superintendent, final in-
struction to the Juniors and a concert
by Buckner's Jubilee Singers. The
Friday evening entertainment, the last
of the series is in itself worth more
than the price of the season ticket.
There will be a "Mother Goose Par-
ty" by the Junior Chautauqua, our
own little boys and girls. It will be in
the nature of a demonstration of the
work which has been done through
the three days with the children.

The Jubilee singers mean the best
that can be secured in the interpreta-
tion of the jubilee songs of the south-
land. Older people will recall the
sweet singing of the Park Jubilee Sing-
ers and the company that appears
next week is fully equal, if they do
not surpass, the famous singers of a
generation ago.

Season tickets, admitting one per-
son to all six entertainments may be
had for \$1.50 and high before Chau-
taqua opens. No season tickets will
be sold after Tuesday, but admission
to the concerts will be sold at 50 cents

for each afternoon and 75 cents for
each evening, plus tax.

Season tickets may be obtained
from C. D. Dickson or from any of the
local guarantors—at The Observer of-
fice, the stores of the Hartland Cloth-
ing Co., J. Clark & Son, H. B. Nixon,
Keith & Plummer, Hartland Drug Co.,
Batey & Curtis Co., J. M. McLeod &
Sons, W. F. Thornton, Mrs. Simms and
at W. E. Thornton's, C. E. Allen's and
at the Bank.

AMERICANADIAN QUARTET

Fine Program for Wednesday After-
noon and Evening

There are few greater possibilities
in the concert field for harmony and
fun than one can find in a good male
quartet. And the Americanadian
group is a good one.

These four young men are individ-
ual artists, and as a quartet their en-
semble work is a work of art in
harmony and power.

Mr. Floyd Fraser is a trombonist
of unusual ability. His Fryer solos
rival the originals. Mr. Fraser also
plays the piano. He is the baritone
of the quartet.

Mr. Edward Lesman has perhaps the
finest voice of the group. He has
is of grand opera calibre. Although
small in stature, he has a voice of
great volume and power which has
been cultivated by careful training.
You will enjoy his solos.

Mr. Franklin Kild, second tenor,
and Mr. Irving Horn, first tenor, are
both vocalists of successful Chau-
taqua and popular experience. Their
pleasant personalities and musical at-
tainments will commend them to you
without fail.

Their afternoon program will be
divided into three general parts—
secular, sacred and humorous—and
their evening program will contain
selections from each of these general
divisions.

The first day program with Amer-
icadian Quartet and Chas. H. Poole,
M. P. will be voted worth much more
than the price of a season ticket.

FARMERS ELECTED: SMITH BEATEN

And the Foster Government is Sus-
tained—Carleton Farmers'
Election Protested

The result of Saturday's election
gives the Farmers' ticket a big major-
ity and shows Hon. B. F. Smith defec-
ted. The government and soldier's
candidates' defeat is no surprise.
General regret is expressed that
Hon. J. F. Tweeddale, minister of Ag-
riculture was defeated.

The Government in latest report had
24 supporters, Opposition 13, Farmers
9 and Labor 3.

Declaration Day proceedings were
interesting and developed some unex-
pected features. R. P. Hartley, agent
of B. F. Smith, filed a protest against
Rennie Tracey, one of the Farmer
candidates, on the grounds that his
nomination papers were irregular. R.
L. Simms objected to Fred Smith and
S. J. Burlock on the same grounds.
The latter said the errors had been
discovered on nomination day but it
was agreed that an action should be
taken. Now that Mr. Tracey, who was
the Liberal on the ticket, had been
signed out, he would file his objection
to Messrs. Smith and Tracey. He
asked why B. F. Smith objected to Mr.
Tracey.

Sheriff Foster had his clerk note
the objections, but pointed out that
it was done on nomination day when
the papers were presented. He an-
nounced the standing of the candi-
dates as follows:

Fred Smith, 4,488; Rennie Tracey,
2,167; S. J. Burlock, 2,498; B. F. Smith,
2,245; M. E. Commins, 615; R. J.
Simms, 500; R. J. Buxton, 465.

The first three—the Farmers ticket
—were declared elected.

Fred Smith in a brief speech, said
he was glad the contest was over and
he could not account for his leading
the polls. He said the Farmers were
accused of favoring a policy of class
legislation which was not true as they
were out for a square deal. He attri-
buted the large number of spoiled bal-
lots to the ladies who were voting for
the first time.

Mr. Tracey was surprised by the ob-
jection raised by B. F. Smith. The
vote would indicate how he stood with
the people and he was perfectly will-
ing, if necessary, to leave it to the
people to decide whether he or B. F.
Smith was entitled to the seat.

Mr. Burlock said he realized the im-
portance of being chosen to legislate
for the people but thought farmers
could legislate for farmers better than
others and as well for towns and vil-
lages.

Keith & Plummer have a small quan-
tity of lime for sale, also a turnip
grinder to sell at a bargain.

The dealers today are paying for
potatoes \$3.75, turnips 60c, oats \$1,
hay \$28, butter 65 to 66c, eggs 65c.

S. W. Smith has bought the Millbury
mill at Stikney and will build it over
at once and get ready for a large cut
during the coming season. He is in-
stalling two machines for taking the
bark off rough pulp. Those having
logs or green pulp at Stikney or
others above on the St. John river or
branches, should get Mr. Smith's price
before selling. Reasonable advan-
ces to reliable parties.

MURDER REPORTED AT EDMUNDSTON

Edmundston, N. B., Oct. 12.—The discovery of the body of Miss Minnie Stevens in the Madawaska river today has caused intense excitement in this community and indications point to a horrible murder having been perpetrated. The attention of the police was drawn to the scene of the tragedy by the discovery of a set of false teeth and a hair switch. Spots of blood were found on a fence and a small pool of blood also discovered. The police officials followed the blood stains to within fifteen feet of the river where the bank is very steep. On further investigation the body of the unfortunate woman was found in the river near this spot. Marks found on the throat looked as though she had been choked and indications pointed to her having been hit on the head with some instrument. Miss Stevens was last seen about 9 o'clock last evening at the post office, which is about 125 yards from the place where the body was discovered.

Coroner Cyr has empanelled a jury to hold an inquest. The body has been taken to Saint Basile Hospital where an autopsy will be performed. The scene of the occurrence was near one of the principle streets of the town and within about fifteen feet of a street light.

Miss Stevens was assistant at the Western Union Telegraph Company's office here. She came to Edmundston about three months ago from Middleton, N. S., and it is thought her home is near that place.

CARLETON CO. RAISES WORLD'S FINEST WHEAT

There has been presented to The Observer a cigar box filled with wheat heads grown on a 100-acre field owned by Captain A. M. Phillips at Cereal, Alberta. It will be remembered that Mr. Phillips married the only daughter of Mr. and Mrs. Henry Bradley of this town. The wheat in question was sent as a sample of the productivity of Alberta soil, but to the New Brunswick there is nothing surprising in the appearance of the grain, as for the length and fullness of ear the sample does not equal the average product of New Brunswick.

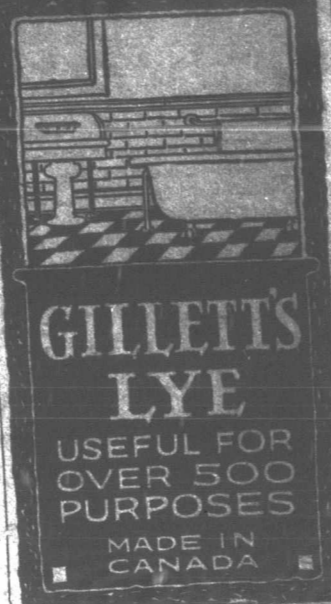

In the west however a good average yield per acre would be considered a poor yield in New Brunswick; but of course the quality is much superior.

This sample of wheat recalls to mind that within view of The Observer office, and within half a mile distance, there is a field which grew wheat that took the 1st Gold Medal at the great Colonial Exposition held some years ago at Glasgow, and the same exhibit won the Grand Prix and Diploma at the World's Fair in Paris 1900. The wheat was grown by the

late Charles McCormack on his Somerville farm and the samples were picked all within a radius of 10 feet. They were sent to Department of Agriculture at Ottawa and were chosen by the department as an individual exhibit at the two fairs mentioned.

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound. Remarkable Recovery of Mrs. Church.

Smiths Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in my face and head, and that terrible sinking feeling. I felt that I could not live and would fix my house in order every night so there would be no trouble if I dropped off in the night. My husband went to the drugist to get the best remedy he had and he gave me Lydia E. Pinkham's Vegetable Compound. I took six bottles and felt a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. O. Church, Box 845, Smiths Falls, Ont.
The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

to Portroy, Scotland. She married Jas. Anderson who died 38 years ago, and shortly after his death she and her family came to Canada. Six sons and two daughters are left to mourn: Robert of East Glassville, with whom she made her home, John, Fred, Frank, George and Alexander. The surviving daughters are Mrs. A. McBrine of Glassville, and Mrs. H. Hall of Brewer, Maine.

Mrs. Anderson was a very worthy member of the Presbyterian church which she faithfully served. A woman of true sterling qualities, loved by her friends, she has passed to her reward at a good old age. She shall be greatly missed; but the benediction of her life and service is the inheritance of all who knew her.

OUR RAILWAYS AND THE COST OF LIVING

BEFORE the privy council at Ottawa protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian Railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rate, so that although the railways might only receive say 40 cents additional freight charge on a shipment the public would be forced, by the distributing middlemen, to pay many times that amount.

The managements of the various Canadian railways desire, through this, their association, to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States Railway rates—an increase similar to the increase in Canada—has actually been followed by a decrease in the cost of living in that country.

Furthermore,

A great Canadian manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg, after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one-half a cent, even after the wholesale had added 20 per cent. profit to the new freight rate and the retailers another 50 per cent.

He showed that these distributors, whether rightly or wrongly, added 15 cents to his mill price of 16 cents per yard.

Yet the railways carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one-half cents.

One and one-half cents as against fifteen cents.

We venture to believe that, whatever the explanation or the justification may be, the same serious addition to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may, themselves, be victims of a bad system or of an overcrowded trade. But it is to point out that if they add whatever percentage they, as a trade, find convenient, on top of the freight rates the railways cannot help either themselves or the public. The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down merely because railway rates can be held down while other prices soar as the various trades find necessary.

RAILWAY charges always must be a serious item in determining cost of production, but the managements of your railways urge upon your attention this fact: That antiquated, overloaded and wasteful systems of distributing goods are much more properly a subject for public anxiety.

Canada cannot prosper without prosperous railways. Canadian Railways cannot prosper unless Canada prospers.

Beware of those who would restrict and even strangle the railways of Canada simply because control exists there and is not so convenient in other departments of commercial activity.

This was followed by a trip to the falls and to the wells. At 6 o'clock supper was served in Glenn's hall, followed by toasts, songs, games and stunts by the different squares.

On Sunday afternoon a mass meeting for men and boys was conducted by Mr. Gregg in the Presbyterian church. The last meeting was held on Sunday evening at 7:30 o'clock. The principal speaker was Rev. A. S. Bishop of Fairville. Shorter addresses were given by Mr. Gregg, Rev. Mr. Read, the grand pretor, and others. The boys left for their homes on Monday.
