# Powerful Hun Position Taken By French Troops North of River Somme

Strongly Fortified Works Carried by Joffre's Men Last Night Between Hem Farm and Monacu.

GERMANS MAKE SLIGHT GAIN AT VERDUN.

Violent Series of Engagements Throughout the Night in Woods of Vaux—Russians With Bayonets Rout Enemy.

(Canadian Press.)

Paris, Aug. 2, noon.-North of the River Somme last night the French troops took a powerfully fortified German work between Hem wood and Monacu farm, it was officially announced by the French war department this afternoon.

On the right bank of the River Meuse, north of the fortress of Verdun, there was a violent series of engagements throughout the night at Vaux-le-Chapitre wood and Chenois, expanding to the east as far as to the south of Damloup. After a series of unsuccessful attacks, some with asphyxiating gas, the Germans gained a little ground in Vaux-le-Chapitre wood and at Chenois.

During the actions the French took prisoner 100 Germans, including three officers.

A Russian reconnoitering party, the statement adds, made a bayonet charge in the Champagne region, dispersing a German detachment.

The text of the statement fol- | but elsewhere all

"North of the River Somme, between the Hem wood and the Mon acu farm, our troops captured fortified work strongly held by the enemy. South of this river an attack delivered by us in the vicinity of Estrees resulted in our occupation of a German trench to northwest of Deniscourt; we also took some prisoners

Russians Use Bayonet. "In the Champagne district, to the west of Auberive, a Russian reconnoitering party delivered a bayonet charge against a detach ment of the enemy, which was dis persed, leaving behind a number

"On the right bank of the River Meuse the fighting continued last night with violence along the front between Vaux Le Chapitre and Chencis, and spread to the east as far as a point to the south of Damloup. The enemy, after a series of fruitless attacks, some of The enemy, after a spreading of asphyxiating gases, gained a little ground in the Vaux

course of these engagments, which esulted in Important losses to the enemy we took 100 prisoners, including three officers.

Many Aerlal Combats. "Along the Somme front our svictors yesterday showed great activity. A total of 33 aerial encounters took place over the lines the enemy. One German aero plane, attacked by two Nieuport machines, was seen to fall flames, while 14 other German machines, seriously damaged, were seen to dive down within their

The chiffonier and three-mirror dressing table to match. The bed is wide size and has cane panels in head and foot pieces. The chair, rocker and hair dressing chair complete the suite. Worth regularly \$190.00. Wednesday, complete, for ............\$120.00

# After Stocktaking Clearing of Fancy Parasols 1-4 to 1-3 Off Regular Prices

That is the way we listed all Fancy Parasols at stocktaking; all were taken at prices to make a sure and immediate clearance, as we are determined, if possible, not to carry one parasol over this season. With prices in some cases one-third off the original price, here is your opportunity. All the newest stripes and beautiful floral designs in white, palm beach, sky, pink, navy, black and white, purple, green, grey, red, tan and white with black. All have been grouped into lots and priced as stated above from one-quarter to one-third less than regular prices. Imagine buying a pretty parasol, regular price \$3.00, for only \$1.95. These great reductions are made with the object of clearing all quickly, and we would advise coming early for best selection. Parasols up to \$6.50. Sale ......75c, 95c, \$1.49, \$1.95, \$2.49 and \$3.95

THREE SISTERS DROWN.

# What Britain Has Gained By Two Weeks' Offensive

PARIS, Aug. 1.—The result of the British offensive on the River Somme from the 1st to the 15th of July, was stated officially today to be that the whole first German positions between Ovillers and Montauban and the greater part of the second German second positions fell into British hands. Seven villages were retaken and 12,000 officers and men were made prisoners. The military material seized included 35 field guns, a naval gun, an anti-aircraft gun, several large howitzers and an enormous quantity of machine guns, trench cannon and munitions. Twenty-one enemy aeroplanes were brought down beyond question A dozen were seen falling head downwards to earth.

The German losses in men, the statement says, must have serious. The Germans have had to call numerous reserves and have brought to the Somme front, within the period treated, twelve divisions which were reposing, or in other sectors. The average loss is consequently estimated at about one division daily.

# New Post Toasties

This remarkable recognition—no other corn flake on the market has achieved it-marks this new food as something distinctly different from "corn flakes" of the past.

# What is This Difference?

Compare New Post Toasties with the average corn flake-observe the tiny "bubbles" which cover their surface. These bubbles are caused by a new method of cooking, rolling and toasting under quick, intense heat.

By this process the true corn flavor is developed in all its sweetness. Eaten dry they are a delicious morsel. With eream or milk they are a revelation to the taste. Note the "substance" of New Post Toasties. Unlike old-style "corn

flakes," they do not crumble or "chaff" in the package, and do not much down under milk or cream. They are wonderfully delicious.

New Post Toasties come to you direct from the giant ovens of our great factories, untouched by human hand and triply sealed in a moisture-proof container which preserves their fresh Golden Goodness for your table.

At Your Grocer's—10c.

# You just breathe in fragrant, cool puffs of Prince Albert

It's so easy to get acquainted with and smoke to your heart's content; so gentle and friendly to your tongue and throat! P. A. will absolutely delight you in a jimmypipe or rolled into a cigarette; it will revolutionize any tobacco notions you ever had! And the patented process cuts out bite and parch! Remember that! Prince Albert has always been sold without coupons or premiums. We prefer to give quality.

Prince Albert flavor and coolness, and the absence of sting gives you an entirely new idea how satisfying a pipe or hand-made cigarette can be!

the international joy smoke

So, when we tell you, and men everywhere hand you the same say-so, that Prince Albert satisfies every tobacco desire, it's time to fall in line! Your cue is to get some P. A. quick as you can. If your dealer can't supply you, ask him to secure it through his wholesaler.

Roll some makin's cigarettes. It's easy, because Prince Albert is crimp cut, and stays put! Or jam a jimmypipe brimful and get the delights of Prince Albert via the briar or meerschaum! It's all one and the same when it comes down to the amount of tip-top-joy hand-out per puff!

Prince Albert is sold throughout Canada, generally, in the 1/2-1b. tidy red tin, also in pound and half-pound hamidors.

was a young girl I suffered with cramps in my sides at periods, and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation, and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind, so I sent my husband to the Lydia E. Pinkham's Vegetable Comound and, believe me, I only took four doses before I felt a change, and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to

# THE BEST THING

WHY PEPSIN, PANCREATIN, ETC.,

An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion, such as pepsin and panereatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke, instead of the fire. He claims, and facts seem to justify his claim, that nearly ninetenths of all stomach trouble is due to acidity and food fermentation, and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teasponful of ordinary bisurated magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner, and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. the young and old men, at present

on the railways, etc., and allowing

wastage is probably reaching the figure of 10 men a mile a day, or 8.500 a day, or 25.000 a month.

The conclusion drawn here by conservative military statisticians is that, even if the German claims when the Verdun attacks began were true, they are no longer accurate, and that instead of a striking force of 1.500,000 the German headquarters staff must be hard put to provide one or half a million men not needed for purely defensive purposes and to meet the wastage along the extensive threatened front. If this conclusion is correct, some military experts say, the kaiser's declaration at the end of the second year of the war that Germany is invincible will be disproved before the third year is out.
