AMERICAN TROOPS ARE IN BATTLE

Lend Aid to Franco-British in Stemming German Drive

AMERICAN TROOPS WON ADMIRATION OF ALLIED FORCES

Made Their Presence Felt at Several Points in Big Battle Yesterday

FOUGHT VALIANTLY

American Machine Gunners Helped Repulse Party Crossing Marne

FIGHTING CONTINUES

With the French Army on the Marne, June 4.—(By The Associated Press).—American troops made their presence felt at several points in the big battle yesterday and today and won the admiration of their Allied comrades.

When the Americans first came into action here the Germans were trying to enter Veully wood. The enemy battalions were mown down by the transatlantic machine gunners, who later supported the French infantry in a counter-attack which forced the enemy to retire beyond the northern edge of the wood.

A serious effort by the Germans to cross the Marne in the neighborhood of Jaulgonne also brought German machine gunners into the fight. A German battalion succeeded in obtaining a footing on the southern bank, but not for long. The Americans and French together resisted the attack and drove the Germans back to the river.

The other parts of the new battle line are almost without change, but there are evident signs the Germans are withdrawing their specially trained storming divisions which executed the first assault.

Whether the enemy intends to make another desperate effort of the same kind, or whether they intend to forego the German Crown Prince has not thrown all the divisions of his general reserve into the furnace and probably is saving them for another dash.

Brilliant Bayonet Attack. With the American Army in France, Tuesday, June 4.—(By The Associated Press).—American troops thrown into the present great battle on the front northwest of Chateau Thierry in a brilliant bayonet attack drove the Germans from Veully wood in which the enemy was attempting to establish himself after occupying the village of Veully-la-Poterie in severe fighting.

The Germans poured a heavy machine gun fire into the American ranks, but the latter rushed forward and destroyed hastily erected machine gun positions on the edge of the woods. Continuing the advance they engaged the Germans at close quarters and cleared them entirely from their positions, driving them back upon the ruined village.

In a sharp combat, marked by the fierceness of the Allied machine fire, French and American troops, fighting side by side, almost wiped out small German forces which had reached the left bank of the Marne near Jaulgonne, east of Chateau Thierry. Most of the enemy survivors were rounded up in small groups and made prisoners.

On Monday, in the attack against the Germans at Veully, the Americans drove them back one, and a half kilometers on the front of a narrow salient. The ground was cleared of the enemy and the Americans are now holding their positions there.

The first Americans to enter the battle zone were troops of a machine gun battalion. They rode on trucks during all of Friday night and arrived at their new positions on Saturday morning. These were the troops which repulsed the enemy forces which attempted to cross the Marne river.

The machine gunners were stationed within a certain town, and (Continued on Page 6.)

WEATHER BULLETIN

Toronto, June 5.—Except for a few local showers in Ontario, the weather has been fair and comparatively cool over the Dominion.

Moderate winds, fair and a little warmer to-day and on Thursday.

The arrivals here to-day and at Atlantic City and Lewis yesterday, together with 16 dead, account for 313 persons.

NURSING SISTER OROTHY MARY BALDWIN

Daughter of Mr. and Mrs. R. W. Y. Baldwin, Paris, Ont., who died of wounds on May 30th, at Boulogne, France. Miss Baldwin was attached to No. 1 Canadian Stationary Hospital, and was a victim of the air raid last Friday.

BODY OF INFANT FOUND

While plowing in a ditch on the county road near Newport, a few hundred yards from the Cockshutt Road, James Bailey a Newport farmer yesterday afternoon discovered the body of a young boy named Mr. Bailey at once summoned County Constable Taylor, who hurried to the scene with Dr. Cole. The body was found just as it had apparently been buried only three or four days. It was wrapped in clothing and newspapers, but no identification marks could be found. Dr. Cole in the absence of Coroner Fiesette, ordered the body taken to Pierce's undertaking establishment. An investigation will be made.

"DON'T USE WIRELESS AND WE WON'T FIRE" -- SUB MESSAGE

Nineteen-Year-Old Wireless Operator Played Spectacular Part in Raiding of Liner Carolina by German U-Boat—Defied Teutons, and Continued to Sound S. O. S. Call

New York, June 5.—"Don't use your wireless and we won't shoot," is the newest "made in Germany" war slogan under which the Emperor's submarine commanders are carrying their campaign of treachery into American Atlantic waters, according to persons among the 250 survivors of the steamship Carolina, who were brought to this port aboard a coastwise schooner early today.

The passenger schooner picked up the survivors of Barnegat, N.J., about noon yesterday. Among those brought here were ten United States army officers, graduates of the second officers' training camp at San Juan, Porto Rico, and Captain Robert K. Wright, of the British navy, whose home is at Germantown, Penna.

The survivors were unable to understand why the commander of the U-boat chose to let these men go unharmed. It was manifestly impossible for them to escape the notice of the Hun captain, it was said, but he evinced no more interest in them, seemingly, than in any others aboard.

The survivors were met at the dock by a detachment of Red Cross workers and were driven in ambulances and automobiles to hotels and boarding houses.

Three Hundred Survivors. An Atlantic Port, June 4.—Three hundred of the passengers and crew of the torpedoed steamship Carolina were picked up at sea in open boats by the schooner Etta B. Douglass. The schooner anchored a mile off an inlet near here at 1:30 o'clock this afternoon, apparently awaiting orders regarding the disposition of the shipwrecked cargo.

Stories told by passengers and crew of the stricken vessel indicated that Edwin W. Vogel of New York City, the ship's 19-year old chief wireless operator, played a spectacular part in the dramatic raiding of the Carolina. When the submarine messenger "You no wireless—we don't shoot," Vogel defiantly repeated his S.O.S. signals which he had already begun flashing and was elicited from Cape May and Brooklyn navy radio stations of the Carolina's position when Captain Barbour, Vogel's commander ordered him to quit his key and see whether the Germans would respect their pledge, passengers declared.

Arrival of the 250 survivors off here to-day, 150 of whom were the crew leaves an apparent discrepancy of 20 persons to be accounted for. This calculation by officials of the owners of the Carolina is based on advices that 16 are known to have been lost from a lifeboat which reached Lewis, Del., yesterday with only 19 of its original 28 were landed yesterday at Atlantic City.

TANKS AID INFANTRY

French Troops Rectified the Line in Borders of Carlepont Wood

MORE ENEMY ATTACKS

Local Operations Attempted on Several Sectors Netted No Gains

By Courier Leased Wire

Paris, June 5.—The Germans continued local attacks last evening and during the night on the main battle front, the war office announced this morning. Attempts made on the French line at Carlepont wood, Domniers, Corey and in the neighborhood of Chezy, failed. In the region north of Corey, an action by the French infantry, assisted by tanks, rectified the French line in the borders of the forest.

The statement follows: "Local attacks continued last evening and during the night. On the northern outskirts of Carlepont wood two German attacks were arrested by the fire of French machine guns. Other efforts in the region of Autrech, east of Domniers and near Corey also were broken up. North of Corey, an infantry action, supported by tanks, enabled the French to rectify their line on the outskirts of the forest.

"South of the Ouse, the Germans made violent attacks against Chezy and southeast of this locality. French troops broke all their assaults, inflicting serious losses on the adversary. "The artillery fighting continues to be very spirited north of the Aisne and in the region of Rheims."

BAVARIAN PRINCE KILLED

By Courier Leased Wire. Bulletin, Washington, June 4.—A diplomatic dispatch from Switzerland to-day says that Prince von Buchau, the commanding general of a Bavarian division has been killed in the fighting on the Marne.

INTERNAL TROUBLES

Austria: "D-d-do you think I c-c-could have c-c-caught anything from R-r-russia!"—Evening News, London.

DEFENSIVE MEASURES HAVE BROKEN FORCE OF HUN DRIVE

Enemy Activity is Confined Once More to Local Attacks After Failure to Overcome Barrier of Retz Forest—Fighting Continues Between Oisne and Marne

Allied defensive measures have broken the force of the German offensive in the salient south of the Ailette and the enemy is now making only strong local attacks. Although according to "successful engagements" in its latest reports Berlin, for the first time since May 27, does not claim any new advances.

Foiled by the French in their efforts to overcome the barrier of the Retz forest, east of Villers-Cotterets, by frontal attacks the Germans attempted to outflank the position by assaults north and south of it. After slight gains, the French stopped them on both flanks. American troops taking part in the fighting where the western wing of the battle front joins the Marne.

Between the Oise and the Marne the fighting continues heavier than elsewhere on the new salient. North of Moulin-sous-Touvent, northwest of Soissons, the French have improved their positions, gaining some hotly contested terrain from the Germans. Enemy attacks against the Retz forest although strong and being localized. Near Longuepont the Germans were unable to penetrate the forest, but French counter-attacks threw them out again.

If they follow the tactics employed in the Picardy and Flanders battles the Germans probably will make very strong efforts to advance. The enemy artillery fire is very heavy from the north of the Aisne to the Ouse on the western wing and around Rheims on the east, which still holds out.

In addition to the present battle, American troops are actively engaged on four sectors and preparing to enter the front line on a fifth—Flanders, North west of Toul, east of Lunerville, north of St. Mihiel, along the Meuse and west of Montdidier, in Picardy, Pershing's men have given a good account of themselves before the entrance of American units into the fighting east and west of Chateau Thierry.

With the halting of the offensive on the new salient, military observers expect the Germans will make another attempt to reach the channel ports through Amiens and crush the Anglo-French forces before the full strength of the American effort can be brought into play. The supreme war council has expressed confidence in the situation and the ability of General Foch to combat the enemy's plans.

Fighting operations on the western front elsewhere than south of the Ailette are at a minimum. There has been active artillery firing on the Belgian sector and on parts of the British front, where the Germans have been repulsed in raids north of Kemmel, in Flanders, and between Albert and Arras, in Picardy.

MANY ENLIST

By Courier Leased Wire. New York, June 5.—Since the raid of German submarines off the North Atlantic coast, all the naval recruiting stations in New York have been swamped by thousands of applications for enlistment in the naval reserve. At the central recruiting station alone an officer said to-day that there were more than 3,000 applications yesterday. The volume of business has increased so greatly that it has been found necessary to send applicants to offices where the rush was not so heavy. Young men in New York who have reached their majority since June 5, 1917, registered at the 189 local exemption boards to-day, in accordance with President Wilson's proclamation and officials predicted that before the booths close at 9 o'clock to-night 75,000 will have enrolled.

RUSSIAN FORCES ARE VICTORIOUS

By Courier Leased Wire. London, June 5.—A big battle was fought in the Kars district of Transcaucasia on May 24, resulting in favor of the Russians; the Exchange Telegraph correspondent at Moscow wires, "The Turks and the Germans are retiring along the Ardahan road, and the population is being massacred; the despatch declares.

PLOT TO SMUGGLE ROMANOFF JEWELS

By Courier Leased Wire. New York, June 5.—An alleged plot to smuggle into America the jewels of the de-throned Romanoff dynasty, stolen during the days of the revolution, has been discovered by United States customs officials, it was learned here to-day.

JOY RIDING CHAPLAINS SUBJECT OF CRITICISM

Ottawa, June 5.—During discussion of a resolution placing on record the high appreciation of the service rendered to the boys overseas by the Y. M. C. A. ministers and laymen at the Montreal Methodist Conference last night, remarks about "joy riding chaplains" from Rev. T. E. Bourke, of Montreal.

With reference to the overlapping of the work of the chaplains he said the Y. M. C. A. was doing magnificent work, but it should leave alone the work properly belonging to the chaplains. He said the difference which had arisen recently seemed to be due to the fact that the Y. M. C. A. and other organizations were contending with the chaplains by taking speakers on trips among the soldiers with the result that the bona fide chaplains were being placed on one side.

"I have all respect for men of the chaplains' service who go up to the front line with the soldiers and 'over the top' with them, but I have absolutely no respect whatever for the chaplains who go overseas to come home to England, then go to France for a week or so and penetrate the front, but French counter-attacks threw them out again.

If they follow the tactics employed in the Picardy and Flanders battles the Germans probably will make very strong efforts to advance. The enemy artillery fire is very heavy from the north of the Aisne to the Ouse on the western wing and around Rheims on the east, which still holds out.

In addition to the present battle, American troops are actively engaged on four sectors and preparing to enter the front line on a fifth—Flanders, North west of Toul, east of Lunerville, north of St. Mihiel, along the Meuse and west of Montdidier, in Picardy, Pershing's men have given a good account of themselves before the entrance of American units into the fighting east and west of Chateau Thierry.

NEW YORK IN DANGER

Lights Extinguished as Precaution Against Possibility of Air Raids

TEST OBSERVATIONS

Feared That German Planes May be Launched From the Submarines

By Courier Leased Wire

New York, June 5.—Upon the results of photographic observations obtained by army aviators who flew over darkened New York last night, will be determined the question of further darkening the city as a precaution against possible German air raids, it was stated to-day.

While the possibility of a raid by hostile aircraft is not considered to be great by officials, it was urged that all precautions should be taken. Army officers said that it was "far from impossible" for German submarines, now lurking off the coast to assemble an airplane and launch it for a raid on American cities.

New York, N.Y., June 4.—The police to-day issued orders for the discontinuance of all display lights here until further notice. No reason was given for the order, but it is believed that owing to the presence of enemy submarines in American waters this precaution is taken against the possibility of raids from enemy airplanes, launching from the invading submarines.

New York, June 4.—The possible death toll from Germany's submarine warfare on the American side of the Atlantic during the past ten days was reduced to-day to fewer than 300 souls.

With the landing of nineteen survivors of the shipwrecked liner Carolina, the toll was reduced to fewer than 300 souls. (Continued on Page 6.)

NEWS FROM NORFOLK COUNTY

COUNTY COUNCIL IN SESSION AT SIMCOE

Memory of Late Treasurer Honored - Debentures Cannot be Issued

OTHER MATTERS UP

(From our own Correspondent) Simcoe, May 5.—Every member of the county council was in his chair at 2 o'clock yesterday when Warden John Buck took the gavel and called the session to order.

County Clerk Elias Boughner read the minutes of the last session, and the warden epitomized the work to be done.

Praises Services of Late Treasurer. At the outset he made mention of the demise of the late Treasurer, Roger Cryslar. Later in the session a committee was formed to draft a resolution of condolence to be forwarded to the family.

Cannot Issue Debentures. He advised council that it would be necessary for the council to levy for the entire year's disbursements for general and patriotic purposes, as the government desired the public to invest in government bonds.

The Y. M. C. A. He explained satisfactorily to all members why a second special meeting had not been held to deal with the Y. M. C. A. appeal, and touching on the patriotic committee's obligations, hoped that the great war and its wastage would soon end in victory.

Communications. Acting Treasurer Elias Boughner gave a brief verbal report of his disbursements. The monthly cheque of \$3,000 had been forwarded regularly to the patriotic fund, and the bank overdraft at date was \$26,064.97.

Rural School Grants. The deputy minister's report advised that the legislative grants to rural schools in the county for 1918 would be: Public schools, \$1,111.28; Separate schools, \$11.23; Total, \$1,122.51.

Reports from the county high schools and from those of Woodstock and Tillsonburg, upon which are based the county grants, were tabled and later referred to the committee on education.

Eight applicants for treasurership were received from the following gentlemen: John Porter, lawyer, Simcoe; Edward Moon, returned soldier, Pt. Dover; J. O. Haviland, farmer, Watford; H. H. Schuyler, Townsend; Theo. Cunningham, farmer, Windham; Oliver Burnham, farmer, Pt. Rowan; A. McKnight, gentleman, Simcoe; Geo. J. McKie, broker, Simcoe.

SIMCOE AGENCY

The Brantford Courier 55 Peel Street. An Excellent Local Advertising Medium. Telephone 390; Nights 356-3

WANTED—A small canvas tent about eight by twelve feet. Enquire at Courier Agency Simcoe.

These were referred to the committee of the whole.

County Roads System. Several petitions and counter petitions for alterations in the county roads system are in for consideration, and will go before the committee of the whole. Some suggest that there may be fifty miles or more cut off to good advantage.

Township of Charlotteville comes one for an alteration to relieve the township of the upkeep of hair a mile of road leading to Walsh station.

Greetings From London and Toronto. The city of London requests the council to join in a petition to the Federal Government asking for the adoption of the United States policy of supporting men overseas, and assisting their dependents at home.

Mr. Duncombe gave notice of motion for the introduction of a by-law to appoint a treasurer. The clerk reported after answering a phone call, that some one down town wanted to know the name of the new treasurer.

Mr. McPherson intimated that he had under way a by-law to amend the Highways Improvement by-law, No. 423.

Both Jailer Robertson and Turnkey McInally asked for increase in salary. We believe they are the most underpaid men in the county to-day, their combined salaries amount to \$1,109. They have received no advance for some years, although the county pays possibly one-fourth and the Province three-fourths of their allowance. This matter, too, was referred to the Committee of the Whole.

Delegates Report. Warden Buck reported in detail on the interview which he and Engineer Marston had with the Minister and Deputy-Minister of Public Works regarding the Port Dover swing bridge.

Engineer Marston supplemented the Warden's narrative. Both were of the opinion held by many for years, namely, that the Government will pay no part of the cost of a bridge over a navigable stream; that the Government will not likely force the building of a swing bridge on the highway without requiring the railway bridge, 200 feet farther up stream, to be supplanted by a swing bridge, and that very probably the harbor improvement will not include any work so far up stream as where

U. S. WOMAN LABOR EXPERT DRIVES TRACTORS

The bridge is, Mr. Marston thought the Minister would listen to representation from the Council of Norfolk, irrespective of other recommendations.

Reeve Walker Alect. Rev. Walker of Port Dover reviewed the adhesive binding this vexed bridge question to the County Council. One fisherman claims that its presence costs him a thousand dollars annually. He invited the entire Council to the get-together conference to be held at Dover, and incidentally informed us that the "Eglington" home berth is still Port Dover.

On motion of Messrs. Langford and Duncombe, the Warden was requested to get in touch with R. W. Johnson, chartered accountant of St. Thomas, and to arrange for his services to determine the amount of the present overdraft for patriotic purposes, to facilitate the proper striking of the estimates and to give such assistance as would give the newly-elected Warden a fair start off and to advise on any other matters desirable.

It is only fair to the memory of the late treasurer to add that the ambiguity existing in the published financial reports and in the county's bank books, are the result of handling of the funds and the accounts in a manner against which he protested most strenuously. And his protest was due to his desire to prevent the ambiguity which inevitably followed from the blending of two separate funds and carrying on for a year and a half without issuing separate statements.

Well-known Simcoe man dead. Jerome E. Fleck, well-known throughout Norfolk County, died of a paralytic stroke at Pt. Rowan at 7 o'clock yesterday morning. He was formerly proprietor of the Dominion House at Dover. L. W. Fleck of Simcoe is a brother. Deceased was ill only a few hours.

Another Business Change. Mr. James Pilters was about with Fred Lockart yesterday on the Dominion Express Co.'s delivery wagon—an indication that the rumor abroad regarding the purchase of the Fitch's parcel-delivery business had some foundation in fact.

Jan Factory Running. The North End jam factory is already at work on southern grown strawberries and a colony of about twenty young ladies out from city schools and colleges are among the employees.

Improving the Prize List. The executive of the Norfolk County Fair held a session this morning to revise the prize list and rules and regulations pertaining thereto. Last year's deliberations in this regard banished the professional fancy work and art exhibitions, who system from show to show, and left the field open for real contests.

This year Mrs. W. McCall is securing more prizes for the department most interesting to the women of the household kitchen. And announcements of these and other attractions in the program of the fair should be looked for and noted. The directors are out for a splendid effort to encourage every industry operating within the county. We would suggest as an attraction a general exhibit of the county's manufacturing.

The new watercar shipment of which had been promised and promised for weeks is actually here. The town has suffered considerably from dust through the impossibility of getting over the east and west streets when a high west wind is blowing, but from now on the situation will doubtless be kept well in hand.

Just A Drop In. Pte. Robt. Neil, who enlisted in the 133rd and was in the canteen till the unit left Canada and who served in a labour battalion in Europe and in France, arriving a few days ago in Toronto whether his family had recently gone, dropped into town yesterday to see his former friends and acquaintances. He is looking well.

Off to Dover. Constable Pepper left for Port Dover last evening taking with him Mrs. Dey as the recipient of a pleasant summer at the lake front.

Mrs. Dey Honored. At the close of the W.M.S. meeting at St. Paul's yesterday, Mrs. W. Dey was the recipient of a travelling bag and an address of appreciation. Dr. and Mrs. Dey have postponed their leaving town till Monday.

All Six Passed. Miss Helen Perry received the pleasing advice yesterday that all of her six candidates were successful in the Royal Academy and Royal College of Music (London E.) examinations, held here on May 23rd by Dr. Dyson. The results are: Primary Piano, Greta Swain; Elementary, Helen Cross, Bessie Skinner, Ruth McCready, Madeline Swart and Mina Harper. The candidates too were in no wise depressed with the results.

Will Some One Name This? Mrs. W. H. Tremblay of Victoria street called yesterday to say that occupants of a passing auto alighting in front of the Tremblay home about an hour ago at night came upon the lawn and took the entire bloom off a "snow-hill" shrub, scattering some over the lawn and driving off towards town with the car copiously laden with bouquets—a young crowd out for a joy ride.

The family had not enough left to use for contemplated decorations at the cemetery.

Sapper Fred Cooper and Wife Home. Sapper Fred Cooper, of the 133rd recruiting battalion, returned from overseas late Saturday evening; they crossed the Atlantic in five days. Cooper served in the 1st Pioneer Coy. C.R.T. in France twelve months. He was returned to England in January, shell-shocked and slightly wounded; rheumatism and trench fever aggravated his indisposition and he has done his bit. Mrs. Cooper followed her husband to France and has been busy ever since in England.

Before enlisting as a bandsman in the local unit, Cooper was in partnership with Mr. E. Edgington, Banks Open Early, Mich. Business Transacted.

Simcoe, June 1st.—One of the local banks opened at 9 a.m. on Saturday, and the others followed suite. There was a deal of business in connection with the Government War Loan.

BRITISH RULE DENOUNCED. By Courier Leased Wire. London, Monday, June 5.—In the House of Commons to-day E. S. Montagu, secretary of state for India, was asked whether his attention had been drawn to a letter written to President Wilson by Shri Subbaray Subramanya denouncing British rule in India. The secretary replied that the assertions in the letter were too wild and too baseless to require or receive notice from any responsible party.

NEWSPRINT PRICE ASKED. By Courier Leased Wire. Washington, June 4.—A modest but reasonable price for newsprint paper was asked by attorneys for manufacturers in arguments to-day before the Federal Trade Commission. The manufacturers said they had no desire to put out of business by high prices the men who buy their products, but at the same time they did not want to be put out of business themselves. Arguments will be concluded Wednesday.

Hamilton Made Good-bye Again to about a dozen of "Originals" who were leaving to return to their duties.

"Winged Warfare"

By MAJOR W. A. BISHOP, V.C., D.S.O., M.C.

First they gave him the M.C.—Military Cross. As he continued to down Germans they added the D.S.O.—Distinguished Service Order. Still his record grew; so they awarded him the V.C.—Victoria Cross. Again was added a bar to his D.S.O.

This is not the story of a conqueror vauntingly told—it is the simple narrative of one of the world's greatest heroes—its very simplicity and inherent veracity but add to the marvel of Major Bishop's achievement.

A book of thrills which leaves the reader breathless after the swerve and dip of battle.

AIRMAN DIES OF INJURIES. By Courier Leased Wire. Beausville, Ont., June 4.—Cadet R. C. Hamar of Hillcrest, Kitchener Roads, Wales, was fatally injured yesterday at 3:45 in an airplane accident at the Royal air force aerodrome camp here. Hamar died at ten o'clock this morning. William Hamar of the above address is next of kin.

Concussion of the brain, due to a fall two weeks ago, on a concrete floor, caused the death of Walter Chater, 68, ex-Mayor of Walkerville, and for 45 years with Hiram Walker & Sons.

Shot and probably fatally wounded by his own man, Sgt. Albert Chartrand is dying in the Montreal General Hospital. It is stated that he attacked his corporal and then tried to shoot Sgt. Millard.

R. J. N. Dither died at Kenora in his 94th year. Born near Montreal, he entered the service of the Hudson's Bay Company in 1846, remaining for 25 years. He was in the service of the Indian Department for 27 years.

Ernest E. Nettleton, timekeeper in a Stratford factory, dropped dead Saturday as he was giving time checks to employes going to work.

HE COULDN'T RAISE HAND ABOVE HEAD

Rheumatism Disappearing Rapidly Since Taking Tanlac Says Ottaway

"I was so badly crippled up with rheumatism that for two years I could hardly put on my shoes, but Tanlac has helped me so much I can now bend over and touch the floor with the greatest ease," said Sidney Ottaway, an employee of the Massey-Harris Company, and living at 196 Emerson Ave., Toronto the other day.

"When I came to Canada about seven years ago," he continued, "I was in such an awful condition that I was just barely able to get around. My left knee would sometimes swell to twice its natural size, and be so sensitive that I couldn't even bear the weight of my clothes on it. My legs would get so stiff at times that I could hardly walk and I couldn't stoop over to pick up anything on the floor. I suffered such agonies from a steady throbbing pain in my limbs that I thought it would drive me distracted and I just couldn't get any rest. My shoulders were so stiff that if I tried to raise my arms above my head, my back would hurt like it would break in two. Every few months I would get so bad off that I'd have to stop work for two or three weeks, and I have been laid up for as much as eight and ten weeks at a time. I tried everything I could get hold of but nothing did me any good.

"One morning when I woke up with my left ankle so swollen and painful that I couldn't walk a step I said to my wife, 'well I've taken everything but Tanlac, maybe I'd better try that next,' so my wife went out and got me a bottle and by the time I had finished it and half of my second bottle I was able to go back to work, and I haven't lost a day since. I am on my fifth bottle now and my wife said to me the other day, 'You seem to have forgotten that rheumatism now.' 'Sure,' I said, 'I feel so fine since I began taking Tanlac that I hardly ever think about it.' And it's true too, that stiffness has all gone from my joints and I can put on my shoes and beaver to the floor just as good as I ever could. My legs and shoulders are free from all pain, and I don't have any trouble walking or doing anything else I want. For a man who has suffered from rheumatism as long as I had, to be so quickly re- lieved is the most wonderful thing I ever heard of, and I am certainly glad to tell everybody that Tanlac did it.

Tanlac is sold in Brantford by Robertson Drug Store. In Paris, by Apps, Limited. In Mt. Vernon by A. Yocmans. In Middleport by William Peddie. In Onondaga by Neil McPhaden.

LUXURIES ON BARRED LIST

An Order-in-Council at Ottawa Enumerates a Number of Articles

CUBS KEEPING PACE Vaughan's Pitching Beat Braves—Riot When the Cards Beat Dodgers

Ottawa, June 4.—Sporting goods, works of art, jewelry, toilet preparations and certain vegetables and fruits all come within the scope of the order-in-council passed to restrict the importation of luxuries. The order-in-council provides that the goods enumerated may be imported only on licenses issued by the Minister of Customs on the recommendation of the War Trade Board.

It cites a long list of articles classed as non-essentials in war time. Among them, in sporting goods, are: Billiard tables and cues. Pleasure boats, skiffs, and canoes, sporting guns and rifles and the ammunition therefor. Game bags and cartridge belts. Skates of all kinds. Pistols, revolvers and other firearms, except for war purposes, and fishing rods.

Among fruits are included: Almonds, shelled or unshelled; unshelled pecans, unshelled walnuts and other unshelled nuts. Mentioned in the list also are: Blackberries, gooseberries, raspberries, cherries, strawberries, cranberries, currants and grapes. In green fruits—Peaches, plums, quince, apricots, pears and nectarines.

Further mentioned are: Mangoes, plantains, pomegranates and pineapples. In the vegetables are: Sugar beets and fresh tomatoes. Candied peels, candied fruits and nuts are included with sweetened breads, cakes, pies, and puddings containing sugar; flavoring extracts, custard and jelly powders, lime and fruit juices.

Automobiles valued at \$1,200 and upwards, f.o.b. at place of manufacture. Paintings, photographs, oleographs, and prints. Perfumery preparations for the hair, mouth or skin when imported, except as specified.

Manufactures of gold and silver electro-plate and sterling. A further order-in-council prohibits the export of gold and silver bullion except under license from the Minister of Finance. In this connection it will be recalled that in the early days of the war, the Government took steps to conserve the gold resources of the Dominion. This was then accomplished by setting aside for the period of the war the provision of the Currency Act under which Dominion notes are redeemed in gold. A further step in the conservation of gold resources is not taken by prohibiting, except under license, the exportation of gold coin, gold bullion and fine gold bars.

SURE JOHNNY HELPS

If the weather man falls down, you should worry. Now tell Johnny's mother to send a two-cent stamp to the National War Garden Commission at Washington for a free canning book.

OVER 40,000 IN 19 CLASS REGISTER

Seventy-Five Thousand Other Men Are Still Liable for Military Service

By Courier Leased Wire. Ottawa, June 5.—Returns received at noon to-day show that 43,138 men of 19 years of age registered for military service within the month of May. The proclamation calling upon men of 19 to register was published on May 4, and men were required to forward their names and addresses to registrars under the military service act on or before June 1. None of them will be summoned to the colors before July 1. Before the 19 year class is called, full investigation will be made into the number of men called and available for service under the Military Service Act. Apart from the 19 year old class, the number of men available for service under the act is now approximately 75,000. Investigation will be held to determine how many of these were volunteers, how many are medically unfit for active service and how many are on leave of absence.

The adoption of the draft system for sending men to the front, has it was stated this morning by high officials of the Militia Department, given most satisfactory results. The system calls for a period of fourteen weeks' training in Canada for the men. Each man is given a training sheet on which is recorded the period of training which he has been through. If it is necessary to send recruits over to England before they have completed their full course of training in the old country, continuous from the point where it left off here. No effort is made in this fourteen weeks' course to take up the more advanced phases of training. The idea is to give the man good basis which may be elaborated on at some point nearer the fighting line. It has been found that the more advanced features are better taught in the British training camps where plenty of men who have actually faced the Germans and experienced battle conditions. It is also noticeable that the men arriving in England settle down to the business of soldiering with greater zeal than when they are in Canada.

PALE, DELICATE GIRLS

Does your daughter inherit a delicate organization from you? The anemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient outdoor exercise and not enough rest and sleep.

It comes on gradually, beginning with languor, indisposition, mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart, headache, dizziness following a stooping position, frequent heartbeats and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become serious, but if taken in time, there is no need to worry. The treatment is quite easy and simple. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement actually begins with the first dose. As the blood is made rich and red, the pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of a relapse is very slight.

If any symptom of anemia appears, prudence suggests that Dr. Williams' Pink Pills should be given at once and the sooner they are taken the more speedily will the trouble be overcome. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

OPERATION SUCCESSFUL. By Courier Leased Wire. British headquarters in France, June 4.—(via Reuter's Ottawa agency)—Our operations in the neighborhood of Vieux Berquin were completely successful and have given us some high ground and two farms which had been converted into machine gun posts. Our casualties were light although the enemy resisted with considerable obstinacy. Our raid to the east of Tilley on Saturday was a most daring enterprise. We penetrated to the enemy's lines to a depth of more than a thousand yards and cleared out four hundred yards of German trenches, bombing all dugouts and blowing up a heavy trench mortar, which had been troublesome. Prisoners estimated that an entire German company was wiped out.

Henry Diebel of Holstein was instantly killed when he fell between moving cars at Fergus, stepping from one car to another when the engine coupled up.

For Sale One Fire Hose Wagon and harness to be sold by public auction on the Market Square on Saturday morning next at 11 o'clock. City Clerk's Office, Brantford, June 5, 1918.

Constipation is cured by HOOD'S PILLS

MARKETS

Table with market prices for various goods like Grains, Vegetables, Meat, etc.

TORONTO MARKETS

By Courier Leased Wire. Toronto, June 5.—The market at the Union Stock Yards this morning was steady in all lines, although the trade inclined to be slow. Sheep were firmer. Calves steady to firm. Receipts: 360 cattle, 846 calves, 1,028 hogs and 138 sheep.

DEBBY RY. By Courier Leased Wire. Epwam, Eng. June 4.—The derby stakes of 6,500 sovereigns was run here to-day and won by Gainsborough. Blink was second and Trooper finished third. Thirteen horses ran.

FRENCH OFFICER KILLED. By Courier Leased Wire. Paris, June 4.—Marcel de Mongeol, major in the French army, was killed in action near Soissons on May 27. He was a son of Madame Alcazar, widow of the late Premier.

DELEGATES TO HAGUE. By Courier Leased Wire. Ottawa, June 4.—(via Reuter's Ottawa agency)—In the House of Commons, A. Bonar Law, chancellor of the Exchequer, announced that Lord Newton and General Baileid would be the British delegates to The Hague with powers of the widest discretion in connection with the exchange of prisoners of war.

War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREAT BRITAIN PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in collaboration with experts on the staff of the Dominion Experimental Farm.

GET READY FOR CANNING. Although it is still early in the season, be forehanded in your preparations to take care of the fruit and vegetable crop. Don't wait until July before ordering your canning outfit or preserving jars. Don't wait until the vegetables become overgrown, old, tough or stringy before you can them.

Make this a record-canning and drying year. This is one of the objects of your war garden. And start early. Pickle young beans right now.

Conservative estimates show that 5,000,000 gardeners can produce the equivalent of enough food to sustain 1,000,000 soldiers for 288 days, or almost eight months. Each individual home gardener this year should make it a point to study the comparative food value of the different vegetables and to concentrate on those which add most to the country's food supply. Cabbage, for instance, is 48 per cent. water and requires at least 100 days to become fit for food. On the other hand, beans represent food in highly concentrated form, mature readily and the dry product is easy to keep.

Don't forget about the second planting of beans this week.

THREE STRAIGHT FROM THE YANKS

Chicago, June 4.—Chicago's batting rally in the seventh inning drove Caldwell off the mound and enabled the locals to make it three straight from New York to-day, 5 to 4. The visitors threatened in their half of the seventh inning, and Danforth replaced Benz and checked the rally. Score: R. H. E. New York... 000100201—4 12 2 Chicago... 01000130x—5 14 2 Batteries—Caldwell, Mogridge and Hannah; Benz, Danforth and Schack. At Cleveland.—Washington made it three out of four from Cleveland to-day, winning 3 to 1. Shaw won his own game with a triple in the fifth inning with the bases filled. He was hurt sliding into third and forced to retire in favor of Ayers, who was invincible. Two passes and a scratch hit filled the bases prior to Shaw's triple. The score: R. H. E. Washington... 000030000—3 6 1 Cleveland... 000100000—1 5 0 Batteries—Shaw, Ayers and Al Smith; Morton and Thomas.

At Detroit.—A ninth-inning rally gave Boston the last game of the series with Detroit, 7 to 6, here to-day. After Detroit apparently had the same won at the end of the eighth inning, Boston in the ninth bunched a single and a two-base hit with two bases on balls and an error for three runs. For the third consecutive day, Ruth drove a home run into the right field bleachers. The score: R. H. E. Boston... 000067012—7 8 1 Detroit... 090002031—6 10 1 Batteries—Mays and Schang; Agnew, James, Boland and Yelle.

At St. Louis.—For the second time in the series, a single by Shannon drove in two runs and gave Philadelphia a victory over St. Louis. The score to-day was 5 to 3. Philadelphia, by winning in the tenth, gets an even break in the series just concluded. Score: R. H. E. Philadelphia 000110100—5 11 0 St. Louis... 200000010—3 8 4 Batteries—Mays, Adams and McAvoy; Davenport and Nunamaker.

SUCCESS BY GREEKS. By Courier Leased Wire. London, June 4.—The successful Greek attack at Srka Je Legen was the biggest success on the Macedonian front since the autumn of 1916, which culminated in the fall of Monastir, says a Renter dispatch from Salonica, dated Saturday. Up to Friday evening the phioners counted totaled 1,712.

Officers captured by the Greeks did not conceal their admiration for the manner in which the attack was conceived and carried out against a position always regarded as impregnable. The Greeks captured the enemy first and second lines, the second being on a level, if not actually dominating the third line. The first and second lines were powerfully organized with all modern contrivances. The success improves the Allied position considerably on a difficult sector. Several Bulgarian counter-attacks were frustrated by the Allied barrage fire which inflicted severe losses.

WOUNDED SOLDIERS LAND. By Courier Leased Wire. A Canadian Atlantic Port, June 5. Twelve officers and 775 N. C. O's of the Canadian Expeditionary Force landed here this morning from a steamer which arrived at this port to-night from an English port. A number of those arriving were badly wounded, these including fifteen cot cases, and all the passengers are in various stages of convalescence from wounds or sickness. The party will leave by special train to-morrow for the district depot in their respective districts. Lieut. Victor M. Meek, of Port Stanley, was among the officers returned.

EMPLOY WOMEN AVIATORS. By Courier Leased Wire. London, June 5.—Employment of women as aviators is intended by the British government, George H. Roberts, Labor minister, declared in a speech at Sheffield, while referring to the important part that women are playing in this conflict. He said he believed the women would make very good aviators.

KAUFF'S HOMER WON FOR GIANTS

"Gotham" Benny Stepped Into One in Ninth and Took Game From the Pirates

New York, June 5.—A home run by Kauff, first batter up for New York, in the ninth inning, enabled the New York team to defeat Pittsburgh in a close game by a score of 2 to 1. The game was a pitchers' battle between the veterans Sallee and Harmon, and was featured by sensational fielding. Score: R. H. E. Pittsburgh... 100000000—1 7 1 New York... 000010001—2 7 0 Batteries: Harmon and Schmidt; Sallee and Rariden.

AT BOSTON. Vaughan pitched Chicago to a 3 to 2 victory over Boston yesterday. Errors by Rehg, Rawlings and J. C. Smith, combined with hits by Paskert, Killier and Flack gave the visitors three runs in the fifth. A pass to Uekland, Smith's sacrifice, a double error by Zeider on Konetchy's grounder and a single by Rehg accounted for Boston's pair of runs. The score: R. H. E. Chicago... 000030000—3 6 2 Boston... 000200000—2 5 3 Batteries: Vaughan and Zeider; Fillingham and Wilson.

AT BROOKLYN. St. Louis scored seven runs in the thirteenth inning here yesterday and defeated Brooklyn by a score of 8 to 1. With the score tied and three men on bases, Kavanagh drove a ball along the third base line. Umpire Rigger called the hit fair, but the Brooklyn players made no attempt to field the ball, claiming the hit foul, and Kavanagh was credited with a home run. The game then deteriorated into a race. Some of the fans rushed onto the field, but the players prevented them from reaching the umpire with the exception of one demonstrating fan who punched Rigger on the back of the neck and was seized by a special officer.

The Brooklyn Club announced that Pitcher "Lefty" Russell has been suspended for not reporting to the club, and that Leon Cadore, here on furlough from the national army, will pitch to-morrow's game. The score: R. H. E. St. Louis 0001000000007—8 11 3 Brooklyn 0000001000000—1 10 3 Batteries: Doak and Gonzales; Coombs, Grimes, Marquard and Kruger.

AT PHILADELPHIA. Luderns' muff of Oeschger's throw in the ninth allowed Cincinnati to win the first game of yesterday's double header, 5 to 4, but Hogg pitched shut-out ball in the second contest and Philadelphia won 5 to 0. The score: R. H. E. Cincinnati... 300000000—5 7 1 Philadelphia... 200100010—4 8 4 Batteries: Schneider, Toney and Wingo; Watson, Oeschger and Burns.

Second game. R. H. E. Cincinnati... 000000000—0 5 1 Philadelphia... 00000320x—5 7 0 Batteries: Eller, Regan and Wingo; Hogg and Burns.

WONT WORK: DOCKS CLOSED. By Courier Leased Wire. Amsterdam, June 5.—The dock workers at Sebastopol in the Crimea refuse to work. Consequently, says advice from Kiev, the docks are closed and the workers are leaving the city.

CONFER ON ALLIANCE. By Courier Leased Wire. London, June 5.—Baron Burián, the Austro-Hungarian foreign minister, according to an Exchange Telegraph dispatch from Amsterdam, is expected in Berlin shortly to consult with Chancellor von Hertling and to agree upon the main lines of the approaching negotiations for a new German-Austrian alliance. The German-Austrian governments will send delegates to Salzburg, Austria, where the alliance is to be discussed in detail. The negotiations, it is added, are expected to last several months.

KILLED IN SAVING BROTHER. By Courier Leased Wire. Windsor, Ont., June 5.—Frederick Nelson, 8 year old son of Frederick Nelson, 74 Parent ave., was instantly killed this morning when he rushed aside a live wire which his four-year-old brother attempted to touch. The wire had fallen down across the sidewalk from a light system pole.

A Warning—to feel tired before exertion is not business—it's a sign that the system lacks vitality, and needs the tonic effect of Hood's Serravallo's Tonic should not delay. Get rid of that tired feeling by beginning to take Hood's Serravallo's Tonic.

ANOTHER TEUTON BREACH OF FAITH

Germany Asked That Cologne Be Not Bombed on Corpus Christi

London, June 3.—(Via Reuter's Ottawa Agency).—Replying to questions in the House of Commons regarding the agreement by the Government to the request of the Vatican not to bombard Cologne on Corpus Christi Day, Mr. Bonar Law stated the appeal of the Vatican had been received by the Anglo-French Governments and the reply in terms already announced had been sent after consultation and agreement with the French Government. The staff of the air ministry had also been consulted.

The action of the Germans in shelling Paris despite our undertakings will not be forgotten in the event of any similar appeal being made in the future," the chancellor stated. Mr. Carr Gomme: "Was the attention of the Vatican drawn to the Whitsunday air raid on London and the Good Friday bombardment of Paris?" Mr. Bonar Law: "No. Obviously the Government would have been fully justified in view of the Whitsunday raid in refusing altogether to consider the appeal. It seemed a peculiar example of German mentality that such a request should have been submitted by the Germans after what occurred, but although that was an impudent request, it does not follow that it was an unwise British decision."

Mr. Frederick Whyte: "Has the Vatican made any representations to Germany regarding the bombardment of Paris on Good Friday?" Mr. Bonar Law: "We are not aware that the Vatican has done so, but we have drawn the attention of the Vatican to the bombardment of Paris on Corpus Christi day."

No Further Foe Gains. With the French Army in France, June 4.—(By The Associated Press).—The Germans were unable to score further gains in their efforts to reach Villers-Cotterets yesterday in spite of a most severe nature, while around Chateau Thierry counter-attacks by the Allies have improved the situation. The struggle yesterday along the whole battle line was most severe, but generally suited in favor of the Allies, whose power of resistance is growing rapidly with the arrival of reserves.

The hardest fighting occurred between the Alsace and the Oise for the possession of Cholsy Hill, to the west of Cuts. The Allied troops were covered themselves with glory in repeated attacks which were generally successful. In the vicinity of Troennes, accompanied by a battalion of chasseurs cavalrains in the course of a counter-attack took a slice of territory 2,000 yards in depth.

Farther east in the neighborhood of Verneuil and Dormans, the enemy yesterday suffered several of his best divisions, but it is believed from the assertions of prisoners that an attempt to cross the Marne is not likely. The British and French fought the heaviest attack in an attack near Champlatt, where they fought the Germans back with severe losses and captured a number of prisoners.

EXPLOSION IN WAR PLANT. By Courier Leased Wire. Paris, June 5.—Much damage was done by a violent explosion yesterday in a plant in which war materials were being manufactured at Bussens in southern France. The hardest attack from the course of the war, they fought the Germans back with severe losses and captured a number of prisoners.

LADY CHURCHILL WEDS. By Courier Leased Wire. London, June 5.—Lady Randolph Churchill was married to Montagu Porch at Paddington Registry yesterday. Winston Churchill signed the register with Sir John Leslie, Mrs. Clara Montagu Prewen, Lady Sarah Wilson and Miss Winifred Porch.

The bridegroom leaves Monday for Nigeria where he is in the civil service. His bride expects to rejoin him in the autumn. It is stated that a wife can obtain a passport to join her husband when a fiancé in these days is often refused a passport to go out and married abroad. This is understood to be one reason for Lady Randolph Churchill's hurried marriage.

EVERS GOES TO FRANCE. By Courier Leased Wire. Rochester, N.Y., June 5.—Johnny Evers, formerly with the Boston Nationals and lately with the Boston Americans, has accepted the invitation to supervise the athletic work of the Knights of Columbus in France. He will be ready for overseas service as soon as his passports are received.

BLAZE IN PULPWOOD PILES.

By Courier Leased Wire. St. Catharines, Ont., June 4.—Firemen continued to fight for a third night against blaze in the pulpwood piles at the Ontario paper mill which broke out Saturday afternoon and is still raging although the safety of \$2,000,000 mill is now assured. Eighteen streams of water are still playing on the blaze. Engines from St. Catharines, Niagara Falls, N.Y., and Niagara Falls, Ontario are still working. The loss thus far is estimated at \$150,000. The property is owned by The Chicago Tribune.

CONFIDENCE IS STRONG IN FRANCE

Success of High Command in Bringing up Artillery Causes Satisfaction

By Courier Leased Wire

Paris, June 4.—(Havas Agency).—The success of the French high command in getting artillery to the front at telling points in the path of the advancing Germans was the subject of satisfied comment in the lobbies of the Chamber of Deputies last night. The Germans evidently did not expect to encounter this concentration of guns and when they tried to advance yesterday and ran into the rain of French artillery fire they suffered terrible losses. The Matin reports that in yesterday's talks to the army committee President Clemenceau went largely into the general war situation and dwelt particularly on the question of American co-operation, the intensity of which, he indicated, was making itself more and more strongly felt.

As regards the situation on the main battle front, the newspapers hold the view that the process of stabilization has already been begun. The balance between the respective forces, indeed, is believed to be nearly established, enabling the French to inflict heavier and heavier losses upon the enemy.

Taking the front as a whole, however, it is declared, the enemy retains a numerical superiority and in view of the possibility that he may essay an offensive in another direction the French command is obliged to exercise prudence and await its hour before heavily committing itself.

Premier Clemenceau's organ, L'Homme Libre, says the French command feels very sure of the future as the Allies are now fighting with virtually equal forces in the present battle and other and more important forces are coming up from the west and north, making possible the complete re-establishment of the balance of manpower. Greater activity of the air forces is also reported.

A TRAGEDY OF ERRORS
Series of Timely Hints as to the Prevention of Fires

The Fire Marshal of the State of Wisconsin has issued a bulletin which he terms a "Comedy of Errors." It should have been called a tragedy, it says:

He looked for a gas leak with a match; and found it.

He lighted a match to see if his gasoline tank was empty. It was not.

He smoked while filling his auto tank, but will do so no more.

He smoked in bed, so did the bed clothes.

He threw the matches into the waste paper basket. He is wiser now.

He threw a cigarette stub into some rubbish.

He saved his oily waste and oily rags and they burned his shop.

He cleaned his gloves with gasoline near the stove. The doctor washes them now.

He did not worry about fires as he had "plenty of insurance," and forgot the safety of his wife and children upstairs.

He stuffed up the chimney holes with paper and rags.

She cleaned her gloves with gasoline and saved fifteen cents, but paid the doctor and druggists fifteen dollars.

She poured kerosene into the lamp while the wick was burning.

She put gasoline into the wash boiler on the stove to make washing easier.

She dried clothes too near the stove.

She used the wrong oil can.

She burned sulphur all over the house to fumigate.

She used the woodbox back of the stove as a waste paper receptacle.

She gave matches to her children to go out to burn leaves in the yard. The cotton dresses burned easier than the leaves.

She was "coming right back," so left the electric current on in her iron.

She swung the gas bracket too close to the curtains.

She fixed up a fine tissue paper shade for the lamp.

She billed the tank of her gasoline stove while one burner was on.

The comedies have turned to tragedies; many of the scenes of action were in ashes and too many of the actors are maimed or asleep; others will follow, no doubt, as they are prone to ignore the advice and experience of others instead of profiting by the errors and sufferings.

GIRL STUDENTS FAINT, HUNGRY IN HUN CAPITAL
Suffering in Berlin Increases—Working-Class Women Feel Great Bitterness Against the Government

Berne, June 5.—"The perfect spy system now in force throughout Germany prevents a free expression of sentiments among the people," said a girl student recently from Berlin. "They know the Berlin prisons are crowded with men and women who have been overheard to speak against the Kaiser's Government, Hindenburg and pan-Germans. We feel great bitterness about the prolongation of the war. I once heard a woman say: 'Every time I put my children to bed I pray God they may never awake.'"

"I spent some considerable time in Munich, and was surprised to note the growing hostility toward Prussians. All sorts of rumors circulate, and owing to the nervousness of the people, find ready credence. 'Is it true they've deposed the Kaiser?' a peasant woman asked me. 'Circumstantial reports about attempts upon the life of the Emperor, or of the Crown Prince crop up from time to time.'

A large proportion of the 4,000 students registered at Berlin University are women and maimed men. Lecture halls sometimes present an extraordinary spectacle. I've seen a one-armed professor lecturing before blind students with artificial noses and wooden legs, and students who were deaf in one ear.

"Some of the professors indulge in patriotic fireworks. On the day in which the great offensive began a professor of philosophy, whose lectures I attended, dashed his hand down upon his desk and shouted: 'Now they'll see what furor Teutonics is!'

"The students like the general body of the population, suffer acutely from hunger. I frequently saw girls faint from sheer weakness during lectures. Food conditions in Berlin and other cities have certainly reached an intolerable spirit, whereas in Bavarian country districts food is comparatively abundant.

"After food the lack of soap causes great discomfort. Soap in Germany at this moment would probably fetch its weight in gold."

Washington denies a canard concerning a shipment of frozen beef which it was alleged France refused to accept.

FRENCH PREMIER HAS WEATHERED ANOTHER STORM
Gained Victory Over Opponents in the Chamber of Deputies Yesterday

MILITARY MATTERS
Clemenceau Declined to Discuss Operations at the Present Time

By Courier Leased Wire.

Paris, June 5.—Premier Clemenceau gained another victory over his opponents in the Chamber of Deputies yesterday before a large crowd which packed the chamber to its capacity. Every deputy was in his seat.

The Premier argued that this was not the time to discuss military operations and that he would uphold him in a somewhat stormy session. Cool and collected as he walked back and forth on the wide tribune, which a storm of interruptions from the Socialists surged up from the House, the veteran leader resembled a weather-beaten captain pacing the bridge of his ship, lashed by a heavy sea. The Premier spoke without bitterness and when referring to the sights he had seen at the front recently his voice assumed a tone of intense sadness.

Speaker Deschanel seemed powerless to quell the Socialist uproar. The Premier calmly folded his arms and surveyed the Socialist bench earnestly and patiently. When the interruptions did not subside he suddenly descended from the tribune, apparently deciding not to continue.

Marcel Gachin then succeeded in quieting somewhat the exuberance of his Socialist colleagues, the most active of whom were Deputies Raffin-Dugens and Deguise.

Premier Clemenceau resumed the tribune after each speaker and eulogized the French and Allied Armies, saying that the soldiers had fought one against five and some times one against ten.

"Our duty is very simple," the Premier said. "Our resolve must be to carry on the fight to the end. Victory depends upon the civilians. It is their duty to be exhorted not to become disheartened. Our soldiers do not need such exhortations."

The Premier showed how the Russian defections had liberated two hundred divisions of German troops for use elsewhere.

"The moment is perilous," he added, "but the courage and heroism of our soldiers is equal to the situation."

Premier Clemenceau promised to bring a full light on all military incidents which have been brought to his notice and to the Chamber before all the information it desired. When he declared that the French soldiers had fought one against five the entire Chamber arose and cheered the army. The Premier continued:

"These heroic soldiers have good chiefs. Deputy Raffin-Dugens, Socialist, interrupted with the exclamation: 'Not all.'"

Cheers arose from all parts of the House when the Premier said: "The Americans are arriving, we are staking the game upon the help of the Americans."

The Premier seemed to have aged visibly under the great burden of the intense life he has been leading the past few weeks, during which he has been continuously busy travelling between the front and Paris. He was the same adroit parliamentarian and cleverly foiled all attempts by the Socialists to force a discussion of interpellations on military questions.

Deputies Violette, Lenoir and Renaud in turn attempted to create a diversion and fix a date for the discussion, but Premier Clemenceau replied simply:

"It is a question of confidence. If we have been had servants dismiss us. If we have done our duty give us your confidence."

The vote was then taken and the government was victorious by 377 to 119.

It has been a long time since a session of the Chamber has been attended by so many deputies. The only absentees to-day were those who were away on leave, with mourning crepe entwined with the French flag, showing that they have died for their country on the battlefield.

TERRIBLE NEWS FOR MILLIONAIRE
Andrew Carnegie Finds He is Not Growing Poorer.

CHEATED OF THAT HOPE
The World Has Been Astounded by the Riches of the American Plutocrats, Whose Income Tax Bills Reveal the Fact That It Would Be Impossible for Them to Get Rid of Their Money.

It looks as if Andrew Carnegie were to be cheated of his fondest hope. Some years ago he resolved to be poor—not hurriedly, you understand, but eventually. He was a rich man, and in order that he should die poor it would be necessary for him to devote years to the task of disposing of his riches. It was a large task; he knew the performance of it would take a long time, but he was willing to take the time—if heaven would lengthen his span enough to let him achieve his purpose.

We have often wondered how Mr. Carnegie is getting along in his efforts to regain that state of poverty which he knew in his youth. It was, of course, necessary that he should

ANDREW CARNEGIE.

be cautious not to overwork himself at the task of losing his riches, else he might suffer a breakdown and fall of his purpose. He had to take care of himself, and nurse his strength if he were going to outlast his wealth.

But he does not seem to have made much headway. He has just paid an income tax of \$6,400,000 to the United States Government, and his is the third largest tax bill of all the American plutocrats. John D. Rockefeller is first, with an income tax of \$38,400,000, and Henry C. Frick second, with \$7,150,000. Mr. Carnegie's comes third in a published list of thirty plutocrats who pay the 63 per cent. surtax on incomes of over \$2,000,000 a year. It is very discouraging to find Mr. Carnegie so high up in the list, because, so far as we know, he is the only American plutocrat who is trying to die poor.

On Millionaires.
Apropos of Mark Twain, Bruno's Bohemia printed recently the "Open Letter to Commodore Vanderbilt," which Twain published in Packard's Monthly for March, 1869, which he thereafter suppressed, and which is not to be found in Twain's collected works. Probably, after Mark got acquainted with more millionaires he thought the roast on Vanderbilt might be regarded as a slap to some of his new friends. One paragraph of the "Open Letter" is worth embalming here:

"Poor Vanderbilt! How I pity you; and this is honest. You are an old man, and ought to have some rest, and yet you have to struggle, and deny yourself, and rob yourself of peaceful sleep and peace of mind, because you need money so badly. I always feel for a man who is so poverty-ridden as you. Don't misunderstand me, Vanderbilt. I know you own seventy millions; but you know and I know that it isn't what a man has that constitutes wealth. No—it is to be satisfied with what one has; that is wealth. As long as one sorely needs a certain additional amount, that man isn't rich. Seventy times seventy millions can't make him rich, as long as his poor heart is breaking for more. I am just about rich enough to buy the least valuable horse in your stable, perhaps, but I cannot sincerely and honestly take an oath that I need any more now. And so I am rich. But, you, you have got seventy millions and you need five hundred millions, and are really suffering for it. Your poverty is something appalling. I tell you truly that I do not believe I could live twenty-four hours with the awful weight of four hundred and thirty millions of abject want crushing down upon me. I should die under it. My soul is so wrought upon by your helpless pauperism that if you came to me now, I would freely put ten cents in your tin cup, if you carry one, and say, 'God pity you, poor unfortunate.'"

Watering Plants.
A French botanist who has experimented with vegetable raising has determined the exact amount of water necessary for the best growth of various plants. In general, he found that a supply of water administered uninterruptedly drop by drop brought better results than even systematic drenching.

To Lock a Car.
Among the new locks to prevent theft of automobiles is one that secures the steering wheel after it has been turned slightly, enabling a car to be moved only in a circle.

An appeal to save wheat was read from the pulpit of practically every church in New York State on Sunday.

GREAT LAKES STEAMSHIP SERVICE.

Canadian Pacific Steamship "Manitoba" now leaves Owen Sound 10:30 p.m. each Monday for Sault Ste. Marie, Port Arthur and Fort William. Steamships "Kewatin" and "Assiniboia" will sail from Port McNicoll Wednesdays and Saturdays commencing June 1st. Connecting train running through to Port McNicoll will leave Toronto 2 p.m. Saturday, June 1st and each Wednesday and Saturdays thereafter.

Every 10c Packet of **WILSON'S FLY PADS** WILL KILL MORE FLIES THAN \$3.00 WORTH OF ANY STICKY FLY CATCHER.

Clean to handle. Sold by all Drug and Grocers and General Stores.

We Reach the Public

Save and Serve

Yes, it's up to us all to do our bit, and we can all save and serve for the nation's welfare, especially if we will let the Want Ads help us. Just think of the number of household articles you can purchase at second-hand by using the Want Ads and thereby effect splendid economies. The next time some domestic article is needed, study over the Want Ads and see if you don't find just what you want listed there—and at a bargain price.

Of course, some people, who don't know what efficient salesmen the Want Ads are, have just the articles you want, but have neglected to advertise them. Run a Want Ad or two of your own, letting these persons know what you want. The chances are they will quickly get in touch with you.

AVOID SPRING ILLS

Purify and Build Up the Blood with Hood's Sarsaparilla.

In the spring your blood needs cleansing and enriching, largely because your diet has been chiefly heavy and your life mostly indoors during the winter. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test of forty years. It makes the pure red blood that will make you feel better, look better, eat and sleep better. It is the old standard tried and true all-the-year-round medicine for the blood, and the whole system, and any druggist will supply you.

Be sure to get Hood's Sarsaparilla. Nothing else acts like it, for nothing else has the same formula or ingredients. Get it today.

HOW VOLUNTEERS ARE ATTRACTED

Conscription is Dead Issue in Australia.

SEEKING FOR SUBSTITUTE Prime Minister of Great Overseas Dominion Tries New Schemes for Making the Voluntary System a Success, and the Government Hopes to Attract Men to the Colors in Sufficient Numbers to Meet Demand.

A FRESH scheme for reinforcing the Australian fighting forces has been put forward by the Federal Government through the Prime Minister, William M. Hughes. The voluntary system has not lately been providing men for the war in sufficient numbers and conscription is a dead issue. Hence the proposals. The "Win-the-war" Government and Mr. Hughes had been sharply criticised since the defeat of conscription in December for inaction and laxness over recruiting. The proposals included: An increase of 33 1-3 per cent. in the allowance for families or dependents of recruits. Distribution of cards among all the men in Australia between 19 and 44 years of age, asking for information

WHO ARE LEADERS OF SINN FEINERS

Prof. de Valera, Head of the Society, of Spanish-Irish Descent

(New York World.) Prof. de Valera, William Cosgrave and Countess Markievicz were arrested for the parts they played in the Sinn Fein revolt in Dublin in Easter week of 1916, when the short-lived Irish Republic came into being. All were sentenced to death. This sentence was commuted later to life imprisonment, but after several months in prison all were released.

Prof. de Valera—who was born in New York City, his father being Spanish and his mother Irish—was elected a member of Parliament for East Clare last July, and in October, a few days before de Valera was elected President of the Sinn Fein at Dublin, Premier Lloyd George announced in the House of Commons that de Valera was plotting to bring about a new Irish rebellion. Since the passage of the Irish Conscription bill de Valera has been very active in working against it and has had many conferences with John Dillon, Redmond's successor as leader of the Irish Nationalists.

William Cosgrave was elected a member of Parliament for Killybegs last August. In a speech several days later he said the Irish would fight German domination. On May 1 he was elected to accompany the Lord Mayor of Dublin on a proposed visit to the United States in connection with the anti-conscription campaign in Ireland.

One of the most prominent figures in the Dublin revolt in 1916 was Countess Markievicz, a sister of Sir Joselyn Gore-Booth, an Irish baronet and wife of a Polish nobleman, from whom she is descended. She is a part of the Sinn Fein forces: two years ago and was reported to have killed a guard in an effort to capture Dublin Castle. She returned to Dublin last July. December 3 two boys, arrested while carrying high explosives from Scotland to Ireland, were reported to be members of a Boy Scout organization headed by Countess Markievicz.

Arthur Griffith has aided the Sinn Fein by his pen and counsels more than by active leadership. He took no part in the Easter fighting, and at various times has been in conflict with de Valera, who is of a more fanatical type.

Joseph McGinness was elected to the House of Commons last October over the Nationalist candidate. He was then serving a sentence of three years in prison for taking part in the Dublin rebellion.

Thomas Huerer was sentenced to death for taking part in the uprising. Last June the British Government decided to release without reservation all prisoners implicated in the 1916 uprising.

U. S. COTTON CROP

By Courier Leased Wire. Washington, June 4.—The conditions of the cotton crop on May 31 were 82.3 per cent of a normal, compared with 69.5 on that date last year, 77.5 in 1916, 80.0 in 1915, and 79.0 the ten year average, the department of agriculture announced.

NO DECISION YET

By Courier Leased Wire. Washington, June 4.—A decision as to whether he will call a strike of commercial operators will be made, S. J. Koenen announced to-day, after he reaches Chicago. "We are not in any hurry about going out," he said.

AMERICANS IN HOSPITALS

Nice, France, Monday, June 3.—The first batch of wounded American soldiers who had been amalgamated with French troops arrived at Nice to-day. They were sent to the American hospital here.

Major F. V. Woodman and Capt. E. N. Smith, R.F.A., flew from Deseronto to Montreal, 299 miles without a stop, in two hours, a record for Canada in non-stop distance and in speed.

BRANTFORD IN OLD DAYS

'Mrs. Muggins' writes in The Globe as follows:

MY HOME TOWN, BRANTFORD Do you know Brantford? When I first knew it the streets were drawn by horses, the streets were lighted by gas, and one of my first memories is of seeing a man going around with a little ladder lighting the lamps on the corners. Electricity came to the city about 1883 or 1894, and when the tracks were completed, the school children were given a free ride. I was there! The cars were packed, and as the cars passed the homes of those who lived on the "line," the youngsters gave a noisy salute to their families who were out to "see the fun."

Mohawk Park was opened just after that, and I was at a meeting held down there one evening. It was great fun for the public, and although not quite understandable to a child in knee breeches, I have never forgotten it. One woman—giving her experiences—danced up and down till she fell to the ground exhausted, and was staid by a school child started for home half an hour later.

In front of our home was a vacant field, inhabited by Jersey cows in their penes. Last night a picnic night a circus landed there and pitched their camp, to the edification of the youngsters of the neighborhood. Fun! Where on earth is there a circus that is not fun? I never was at a circus but enjoyed watching the beautiful horses and ponies being exercised. At the evening performance of the circus, the tent fell down and sitting on our front steps we could see the "ladies" jumping through hoops from the backs of their ponies. Last night a picnic night a circus landed there and pitched their camp, to the edification of the youngsters of the neighborhood. Fun! Where on earth is there a circus that is not fun? I never was at a circus but enjoyed watching the beautiful horses and ponies being exercised. At the evening performance of the circus, the tent fell down and sitting on our front steps we could see the "ladies" jumping through hoops from the backs of their ponies.

When the Grand River floods its banks in the spring I have walked around on the old wooden sidewalks down in Earle Place—before the dykes were built. The roof men of that section used to go to church, come home and put on their old clothes and spear driftwood all afternoon.

The ice generally broke on Sundays and many people were in danger of having to be taken out of their homes in boats. Those were exciting times, and the boy or girl twenty years ago had far more fun and experiences than those of to-day. The generation of to-day hardly know they are living when it comes to good times.

RAID ALARM IN PARIS

Paris, June 4.—An air raid alarm was sounded in Paris to-day, but an official statement issued early to-day says there is nothing to report. The statement reads: "Last night our lookout posts, having reported enemy airplanes making toward Paris, the alarm was given at 10.54 o'clock. 'All clear' was sounded at 11.35 o'clock. There is nothing to report."

VETERANS HOME

By Courier Leased Wire. A Canadian Atlantic Port, June 4.—A steamer having on board about 2500 men, N. O. O. and men of the Canadian Expeditionary Force, arrived last night and anchored in the stream. She will dock in the morning.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers Drink Lots of Water. When your kidneys hurt and your back feels sore, don't get scared and proceed to take a lot of medicine. A lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with mild, harmless salts which remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter and strain the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to clean and stimulate the aged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent titilla-water drink which everyone should take now and then to keep the kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

PRETTY WOMEN AID FALL OF COUNT ON HIS TRIAL IN ROME

Luca Cortese, of Naples, a Don Juan, Who Had Retinue of Beautiful Women

Rome, June 5.—The trial of a "new count of Monte Cristo," now in progress in Rome, has created extraordinary interest principally by reason of the fact that Pope Benedict figures in it. Count Luca Cortese of Naples, whose splendid mode of life gave him the title of "Luke the Magnificent," is accused of defrauding the Latium Central Credit Bank out of \$1,250,000 by means of worthless bills in a sealed envelope.

The Pope's interest in the case arises from the fact that the bank's depositors consist largely of Catholic peasants. Wishing to prevent the failure of the bank the Pope came forward and covered the deficit. Count Luke created a sensation by his court testimony. His profound studies in metaphysics and other eastern lore he said have led him to the conviction that he is destined to restore Italy to her ancient primacy among nations.

He was a remarkable Don Juan. He travelled over Italy with a retinue of beautiful women and 14 secretaries, who, he said, attended only to the "formal part" of his duties. He was a grand figure in aristocratic society, and claims to have dedicated a fine tone to the morality of the Italian stage.

"Winsome smiles and passionate courtship of lovely ladies put fresh life into me," says "Luke the Magnificent."

He confessed naively that he expected King Victor to name him for the senate in recognition of his patriotic propaganda. He sponsored vast syndicate schemes, being added, it is charged, by an ex-mayor, an ex-mayor, and others, who are on trial with him. Several hundred witnesses, among them many famous persons, are to appear, and the trial, which is arousing as much interest in Italy as the Callaux and Bolo-Pasha cases did in Paris, and is likely to last all summer.

START THE DAY RIGHT BY USING PURITY OATS FOR BREAKFAST MANUFACTURED BY Western Canada Flour Mills Co. Limited

TURKS MADE CLEAN SWEEP By Courier Leased Wire. London, June 4.—The Turks made a clean sweep of all draft animals in Palestine, and when the British authorities on May 14 held a sale of animals, there was keen bidding, says the Reuter correspondent with the forces in Palestine. The animals had been captured from the Turks, and were not suitable for army work. "The fact that the inhabitants were willing and eager to invest their savings in live stock," the correspondent adds, "is most satisfactory evidence in the security of the new order, while the high prices ruling at the sale bore witness to the unsuspected amount of latent wealth in the country." One hundred and five cases, including four murder and four attempted murder charges, have been presented to the grand jury at Montreal.

Motor Cycles

We have a few used Motor-cycles at prices that ought to sell them at once. These prices are for cash. INDIAN \$150. INDIAN \$160. HARLEY DAVIDSON \$275. EXCELSIOR \$150.

EYE COMFORT! How It Affects Your Few persons realize how much vital energy their eyes use up in a day's usage. Each day and night you store up through eating and sleeping—just so many units of nerve force. Each function of your body is apportioned a certain part of these units. If your eyes are laboring under an undue strain, they are consuming far more than their waste this nerve force when a share. You cannot afford to pair of Harvey's Glasses will stop the leak.

PREMIER HUGHES.

as to their eligibility for military service abroad; and whether they would enlist if chosen by ballot in the quota for any month.

To grant enlisted men leave of absence from camp on full pay in order to canvass for recruits in their home localities.

Payment to recruiting sergeants of a bounty of \$250 for every recruit actually enlisted and medically passed.

Organization of women throughout the Commonwealth for recruiting purposes.

The scheme was not halted with any great approval, and it met with the antagonism of recruiting officers, who opposed the \$250 a head bounty proposal. It was, they held, commercializing patriotism. The Government then amended the proposal so to provide for the payment of the bounty for each recruit secured to the Recruiting committee in his district, and empowering such committees to spend the money as they saw fit. At the same time the Government let it be understood that the scheme was not final.

Other Pugilistic Slackers. Readers will recall with what contempt Leslie D'Arcy, the Australian boxer, was bounded through the United States as a "slacker." During his ill-starred tour of the republic, whither he had come from under the sign of a search of a fortune with which he could endow the declining years of his aged mother, he was target for scornful epithets and cold-shouldered rejections. Finally he went to a hospital, and, with a plea on his lips that he had intended to join the army after he had secured one big American purse, he died. Then came the sob-squads that had previously condemned him, and told everyone, as is the trick of human nature after a man is beyond the stabs of the dagger-tongues, what a fine fellow D'Arcy was at heart. Everyone was sorry. Obituary notices should speak no ill.

Having the fate of D'Arcy in mind, it is not out of place to call attention to the negotiations for the Willard-Fulton bout. Here are two giants who have both gained fortunes in the prize ring. They could earn (?) enough money to live for the rest of their lives by a few months in vaudeville. But for months past they have been endeavoring to work up interest in a heavy-weight battle. There has been no outcry over the bout in the American press. The two big bruisers, who might well take Canadian Jack Munroe as an example, have not been called slackers, as was D'Arcy.

Butter Made of Potatoes. Potato butter is recommended by the British Ministry of Food as a cheap substitute for butter, being made in England at a cost of less than 10 cents per pound, as follows: "Peel the potatoes and boil until they fall to pieces and become floury. Then rub through a fine sieve into a warmed basin 14 ounces of potatoes and add two ounces of butter or margarine and one teaspoonful of salt. Stir until smooth and then mould into rolls and keep in a cool place. To make the appearance approachable use butter coloring, and if intended to keep beyond a few days a butter preservative should be added."

At Montreal upwards of 1,500 soldiers marched in the Corpus Christi procession.

Eat less Bread

KEEP YOUR SHOES NEAT

BEST IN THE LONG RUN Masters of All Roads FIGHTING tires, which hurl their tough treads and sturdy muscular bodies against the road, and battle the roughest going with phenomenal mileage, are Goodrich Tested Tires. You foresee splendid service in their generous, masterful size, and they have proved it for you on the car and on the road. LOST—On Wednesday afternoon in the centre of the city, a small black satin bag containing a large sum of money. Finder notify Courier. Reward. L12

Rippling Rhymes

By Walt Mason.
BIG TALK.

The foe is always spelling in loud, majestic tones, and hopes he is congesting the marrow in our bones; in language high-falutin he twists the truth askew; the Russian is a tootin', the Teuton tootin' too. Old Hindenburg was boasting, on his fat Teuton way, through Paris he'd be coasting upon a certain day. The certain was cheery, though rather cool and wet, but Hindenburg was wary—he hasn't got there yet. Big things they're always planning, the Prussians in command, and we take pleasure canning the mighty things they planned. It's always been a habit of chesty Kaiser Bill, to bark the foe a rabbit, whom sounding words would kill. "Your Uncle Sam had better," he said to Brer Gerard, "lie low, or don't witter! I'll jolt him pretty hard!" Forever, always bluffing! "Twill be the Teuton way until we knock the stuffing from him and eke the whey. Big words and scowls tremble—he may scare a sheep, mayhap, but they will only lead us amusement while we scrap. 'Im feeling pretty kittish," said Bill, "so dead game sports, let's clean up all the British, and take the channel ports." To bragging he is given, he'll brag the long months through, he'll brag until we've riven the tootin' Teut in two.

Twilight Meets

At a meeting held at the Y.M.C.A. the schedule for the twilight meets was adopted. It was decided to give ribbons to the winners of the individual events, and give medals to the highest scorers at the end of the season. The points are: Teams, 15 for a first; 10 for a second, and 5 for a third. Individual: 3 for a first; 2 for a second, and 1 for a third. The points scored by individuals will count for the factory at which they are employed. Ages are 1 to 16 inclusive, boys; 17 and over, men; girls, 14 years and up only.

June 12—Cycling, 1-2 mile, boys; girls, 50-yard run; men, team relay; special, 1 mile motorcycle—not special machine.

June 19—Cycling, 1-2 mile, men; men, 100 yards; girls, team relay; special, 2-mile motorcycle—not special machine.
