BYE-ELECTION IN NORTHUMBERLAND ON OCTOBER 7TH

Ottawa, Ont. Aug. 23.—The bye-election to fill the vacant seat in the Federal House for Northumberland, N.B., will be held on October 7th. Writs were issued today by Chief Electoral Officer A.M. Bigger, calling for nominations on September 23 and the election on October 7th.

The seat was made vacant by the death of Hon. John Morrissy about a month ago. Mr. Morrissy represented that constituency in the Liberal interests since the general election of 1921.

NEW TOWN BYE-LAW SAYS ALL BARBER SHOPS MUST CLOSE

The potato crop gives promise of a good yield. A forecast by the Dominion Bureau of Statistics places the yield at 967,000 cwt. less than the final estimate of the crop of 1923.

Pursuant to notice a special meeting of the Town Council was held in the Town Office on Tuesday, August 19th. Those present were Mayor Creaghan, Ald. Atkinson, Crocker, Dickison, MacKay, Morris and Ritchie.

Minutes of meeting of July 18th and 23rd. were read and confirmed.

A programme of the Convention of the Union of N. B. Municipalities to be held in Moncton August 21st. and 22nd. was presented and it was moved by Ald. Ritchie seconded by Ald. Crocker and carried that the Mayor and Town Clerk be appointed delegates with any of the Aldermen who wished to attend.

Reports of Committees:

The Finance Committee recommended payment of the following bills:

N. F. Leader \$44.95, Mr. Publishing Co. Ltd. \$67.75, Union of N. B. Mun. \$19.00, and on motion of Ald. Crocker, seconded by Ald. Atkinson, the same were passed and ordered paid.

The bills of Wm. Stymiest \$22.19, P. Hennessy \$11.75, Imperial Oil Ltd. 22.06, from the Public Works Committee were passed and ordered paid, on motion of Ald. Morris, seconded by Ald. Ritchie, as was the bill of F. Glover \$22.75 from the police Com., on motion Ald. Ritchie, seconded by Ald. Atkinson.

The Park and Fire Com. submitted the bills of James Stables \$2.70, Geo. Burchill & Sons \$1.97, North Shore Motors, Ltd. \$660.00, and on motion of Ald. Dickison, seconded by Ald. Morris, the same were passed and ordered paid.

The Light and Water Com. recommended payment of the following bills: P. Hennessy \$1.39, McAvity & Sons, Ltd. \$19.50, Miramichi Foundry \$100.80, W. M. Sullivan Ltd. \$36.00, Northern Electric Co. Ltd. 22.73, Can. Brass Co. Ltd. \$42.81, Can. General Electric Co. Ltd. \$1,142.99, Stothart Mercantile Co. Ltd. \$1,186.23, W. S. Anderson and Co. \$11.29, and on motion of Ald. Crocker, seconded by Ald. MacKay, the same were passed and ordered paid.

Pursuant to notice, Ald. Atkinson, Chairman of the By-law Com., submitted and read the following By-law:

A By-law relating to the Early Closing of Barber Shops.

Be it enacted by the Town Council of the Town of Newcastle as follows:

No Barber Shop shall remain open for customers in the Town of Newcastle after the hour of six o'clock p. m. on Monday and Thursday, nor on Tuesday, Wednesday and Friday after the hour of nine o'clock p. m. of each and every week, and each and every person owning, running or operating such Barber Shop, who shall violate any of the provisions of this By-law, shall be liable to a penalty not exceeding Forty Dollars to be recovered with costs of prosecution in any Court of competent jurisdiction.

MONCTON WON FROM NEWCASTLE AT TENNIS HERE

About twenty-five members of the Newcastle Tennis club went to Moncton Saturday to play a tournament with the City Club. Play started in the morning at 11 and continued until 1, when the visitors were entertained at luncheon at the Barker House. Play was resumed after lunch and the courts were kept busy till dark. While the Moncton club was successful in winning the tournament by 11 to 5, some excellent tennis was witnessed by a large number of spectators. Most of the matches were closely contested.

During the afternoon the ladies served tea on the club house verandah and in the evening the visitors were guests at a dance, after which they left for home, having voted the day most enjoyable and a splendid success. Following is the result of the matches played:

- MEN'S SINGLES**
- E. Wilson, Moncton, defeated A. MacDonald Newcastle, 6-2, 6-1.
 J. Wilson, Moncton defeated R. Cotter, Newcastle, 6-2; 6-0.
 Roscoe Allen, Moncton defeated P. Giberson, Newcastle, 6-1; 6-4.
- LADIES' SINGLES**
- Miss Alice Milligan, Moncton, defeated J. Jardine, Newcastle, 7-5 6-4.
 Miss Doris Milligan, Moncton, defeated Miss Aitken, Newcastle, 7-5; 6-4.
- MEN'S DOUBLES**
- E. Wilson and K. Allen Moncton defeated McDonald and Cotter, Newcastle, 6-4, 6-3.
 A.W. Thompson and W.R. Hunter defeated Dickison and McLeod, Newcastle, 6-4; 6-5.
 MacDonald and Giberson, Newcastle, defeated P. MacDonald and Gessamen, Moncton; 6-1; 6-4.
- LADIES' DOUBLES**
- Misses A. and D. Milligan, Moncton defeated Misses McCurdy and Aitken, Newcastle, 6-3; 6-4.
 Misses G. and J. Robinson, Newcastle defeated Misses Morton and G. Smith, Moncton, 6-2, 6-4; 6-2
- MIXED DOUBLES**
- C. Dickison and Miss Manny Newcastle, defeated E.R. Evans and Miss M. White, Moncton, 6-4, 7-5; 6-3.
 M. Whitford and Miss K. Burgess Moncton, defeated R. Petrie and Miss McCurdy, Newcastle, 9-7; 6-3.
 R. Allen and Miss A. Milligan, Moncton, defeated MacDonald and Miss Aitken, Moncton, 6-4, 6-2.
 R. Cotter and Miss Jardine, Newcastle, defeated D. Robinson and Miss M. White, Moncton, 6-4; 6-1; 6-3.
 Dustin and Miss K. Burgess, Moncton, defeated M. McLeod and Miss Creaghan, Newcastle, 8-6, 2-6; 6-2.
 M. McLeod and Miss Aitken Newcastle defeated W. Rockwell and Miss G. Smith, Moncton, 6-2 6-0, 6-4.

CHATHAM WINS MIRAMICHI LEAGUE

Chatham has been awarded the handsome Burchill Cup emblematic of the Miramichi League championship as Newcastle has forfeited her two remaining games and the protested game between Loggieville and Nelson has been given to the latter. The final standing is as follows:

Team	Won	Lost	Tied	P.C.
Chatham	13	5	0	.759
Nelson	12	5	1	.693
Newcastle	8	19	0	.444
Loggieville	2	15	1	.111

Arrangements will now be made for the playing of the semi-finals with Hillsboro, leaders in the West morland-Albert League. It is expected that Chatham will play their games the latter part of this week or early in the following week.

CHAUTAUQUA HERE SEPT. 4-5-6th

Chautauqua is again coming to Newcastle. The dates set for our Town are Sept. 4-5-6.

The guarantors each year are citizens who desire to have a higher type of entertainment, come to our Town and they feel that Chautauqua gives us that better entertainment.

The program is one which we feel confident will give a well balanced entertainment, of music, instruction and amusement.

Chautauqua means much to you and to your children and we trust that the guarantors will have your fullest co-operation and help.

Within a few days a member of the guarantors will call on you with your season ticket and it is hoped that again this year you will take advantage of the opportunity to see this high class entertainment at so nominal a cost.

NEW FRENCH COURSE FOR SCHOOLS

With the commencement next week of the public school year, a new French course, which has been prepared for use in the high schools will go into effect. The course is based on a new grammar text by Fraser and Squire and will replace the three texts comprising the MacMillan course which has been used for a number of years.

ENJOYABLE PICNIC

The members of St. Luke's Orchestra, Chatham, held a most enjoyable picnic to Redbank, Saturday on the "Max Aitken". The party stopped at Somers' Wharf, where they partook of faint refreshments provided by the members. Before returning home they presented Rev. F.H. Littlejohns with a handsome Ever-sharp pencil in appreciation of his services as their leader. Everyone present was highly pleased with

the delightful sail and the service and accommodation provided by the Captain and crew of the "Max Aitken."

INCREASE IN WAGES

Through the efforts and recommendations of Mr. Chas. J. Morrissy, M.L.A. a substantial increase in the wages to be paid the men, for the painting of the Morrissy Bridge has been granted by the Public Works Department.

Fresh From Coast to Coast

There are nine branch warehouses in Canada from which Moirs products are distributed to surrounding territory. Vancouver, Calgary, Regina, Winnipeg, Montreal, Toronto, Charlottetown, St. John, Halifax.

Four times a day a chemical examination is made of the coating of Moir's Chocolate to insure uniformity of excellence.

Today you can let your youngsters buy 1 cent candy with the assurance that it is wholesome at the same time as it satisfies the natural child craving for sweets.

This Bye-Law shall not apply on the day preceding any Public Holiday nor to any day during the last three weeks of the month of December in each year.

It was moved by Ald. Atkinson seconded by Ald. Ritchie, and carried, that the By-Law be adopted by the Council to take effect on September 2nd next.

On Motion the Council adjourned.

This meeting took the place of the regular meeting scheduled for Thursday.

AMENDMENTS TO THE FACTORIES ACT

An amendment to the act for the "Protection of Persons in Factories" passed at the last session of the Legislature is of importance to persons owning, leasing or operating mills. It is as follows:

1. Section 1 of the said Act is hereby repealed and the following enacted in lieu thereof:

"1. This Act shall be known as 'The New Brunswick Factories Act, 1920.'"

2. Section 19 of the said Act is hereby amended by adding thereto as Sub-section (1), the following:

(1) Every owner, lessee, proprietor or operator of any portable saw mill or lath mill, shall within one week from the time operations have commenced, notify the factory inspector, in writing, stating in such notice the location of the mill or mills, the number of persons employed therein, the names of the person in charge and operating the steam plant, and the number and date of his license. Any person, whose duty it is to give the required notice, failing to observe the provisions of this section shall be guilty of an offence punishable on summary conviction by a fine, for each offence, of not less than twenty five or more than one hundred dollars, together with costs of prosecution and in default of payment of the fine and costs, to imprisonment in the common goal of the penitentiary for a term not exceeding three months:

Anex-Prince Working In A New York Bank

New York, August 20—"Good morning, Mr. Dimitri" is the greeting a quiet unassuming young man receives each morning as he enters the National American Bank, where he is employed as a clerk in the foreign exchange department.

But a few short years ago this same young man was addressed as "Your Royal Highness" and was surrounded by a small army of servants who waited at his beck and call.

Then he was the Prince Dimitri son of Grand Duke Alexander and Grand Princess Xenia, nephew of the Czar and cousin of the Prince of Wales whom he has often visited at Buckingham Palace.

The war came and the upheaval of Russia, which resulted in the termination of the rule of the Romanoffs and scattered the royal family throughout Europe.

Prince Dimitri escaped to France with his father and mother, where he made his home with them in Paris until seven months ago, when he came to America.

He is the only member of his family in the United States where he refuses to take any advantage his birth might bring him.

Canadian Business Conditions

Despatches to Dun's Review from branch officers of the K.G. Dun & Co. in leading cities indicate little change in Canadian business conditions and state that none is anticipated until the termination of the vacation period. There is a fairly steady call at retail for seasonable commodities, and some orders are being placed for fall and winter delivery, but in wholesale departments quietness prevails generally. Pessimistic crop reports from the West cause some uneasiness but this is largely offset by more favorable conditions in the Eastern provinces and the practical certainty that exceptionally high prices will be received for the more important farm products and a feeling of confidence in the future of the business circles.

Business in most departments is quiet at Montreal, as many people are absent from the city, but the outlook, as a whole, is regarded as encouraging, an early resumption of activity being confidently predicted. Collections are fairly satisfactory.

There has been no change of moment in business conditions at Quebec, mid-summer quiet prevailing in almost all departments of trade, but the principal crops in the territory tributary to this centre reported to be turning out well and a good fall and winter movement of the principal commodities is anticipated. Collections are slow to fairly prompt.

Retail distribution is holding up well for this period at Toronto and a fair run of orders in small amounts for fall delivery is being received, but no great stimulation of activity is looked for until the many persons, now away on their annual vacations return to their duties.

ORIGIN OF "RED TAPE"
Every old custom in legal and Government offices was to tie up parcels of official papers with red or pink tape. The packets had, of course to be tied with something, and tape is easier to untie than string.

The color showed the official nature of the contents, distinguishing them from any private papers any one of the staff might have—which would naturally be tied with ordinary tape.

So in time red tape became a sort of symbol of such offices. And since official procedure, with its docketing of documents, its filing, and its indexing, is popularly supposed to involve endless delay, "red tape" became the expression for routine carried to an absurd extreme.

CANADIAN NATIONAL RAILWAY EARNINGS
The gross earnings of the Canadian National Railways for the week ending August 14, 1924 were \$4,069,974.00 being a decrease of \$858,516.78 over the corresponding week of 1923.
The gross earnings of the Canadian National Railways from Jan. 1 to August 14, 1924 have been \$143,927,702.00 being a decrease of \$3,463,349.96 over the corresponding period of 1923.

FINDS BRITISH RACE ON UPWARD TREND

Speaking on the development of the British race, from the physical standpoint, Dr. Shrubbsall, president of the Anthropological Section of the British Association at Toronto last week, feels that there is no cause for pessimism but that there is good cause for confidence and the assurance that the best is yet to come. In speaking confidently of 'advance' mental, mental and otherwise, Dr. Shrubbsall based his optimism on the following grounds:

The stature and weight of the British are at least not less than in the days of Agincourt and Waterloo.

General health is vastly improved and the expectation of life longer. The Great War revealed powers of resistance to the physical adversity that were never equalled. The same qualities disclosed a wonderful versatility of inventive powers everywhere.

The dangers and disadvantages arising from the growth of industrialism are being offset by effective co-operative measures.

The advances of education and the benefits of school medical inspection are guarantees of the future intelligence and the physical well-being of future generations.

There is no evidence to support the fear that mental defects are being multiplied. The evidence points in the opposite direction.

Though statistics show that the average size of families is decreasing this is offset by the lessened mortality of children due to better housing, better feeding, better care and better environment.

While emigration from some parts of the British Isles of the 'Nordic' and 'Prospector' groups may make a serious drain on the best physical types and lead to some deterioration, the gain to the Greater Britain beyond the seas, counterbalances these advantages.

The growth of England's population is the measure of her fertility and her grip on health and physique. There is no symptom of decadence in these facts.

In the 14th century it is estimated that the population of England and Wales was about 3 million. At the beginning of the 18th century it was 9 million. In 1841 it had reached 16 million. In 1881 it was 26 million and in 1921 the population was 38 million. Inside of 25 years it had increased from 9 to 38 million besides sending out untold millions to settle other parts of the earth.

TUBERCULOSIS TO DISAPPEAR WITHIN TWENTY-FIVE YEARS

"Within 25 years there will be no more tuberculosis" declared Sir Leonard Rogers, C.I.E.E. one of the foremost physicians of England at the International Conference on Tropical Diseases held in Kingston, Jamaica from July 21 to August 3. Sir Leonard, who has spent most of his life combating diseases in the British colonies pigs his faith to sodium morrhuate, a tuberculosis remedy which he discovered and subsequently applied with astonishing success.

The remedy, a sodium salt obtained from the codfish, was first used by the English physician in treating leprosy patients in the tropics. His results, Sir Leonard said were even more successful than those of the much lauded chaulmoogra oil. The doctor noticed, in the case of leprosy that an intravenous injection of sodium morrhuate destroyed the leprosy bacillus in the body, causing a clearing up of all symptoms.

MORE FISH SOLD IN THE DOMINION

Fish valued at \$42,565,545 was marketed from Canada's fisheries and canneries in 1923, an official government return announces. This is an increase of \$765,335 over 1922.

British Columbia produced nearly one half or \$20,795,914, which is an increase in that province of two million over 1922 and of seven millions over 1921.

Fisheries production by provinces next to British Columbia is valued as follows:

Nova Scotia \$8,448,385; New Brunswick \$4,548,535; Ontario \$3,159,427; Quebec \$2,100,412; Prince Edward Island \$1,754,989; Manitoba \$1,029,555; Alberta \$433,737; Saskatchewan \$283,641; and Yukon 11,375.

The amount of capital represented in the vessels, traps, piers, wharves etc. employed in the primary operations of catching and landing the fish in 1923 was \$23,643,316 a drop of two millions from 1922 and of three millions from 1921. There is also a slight decrease in the number of men employed which in 1923 was 53,517.

Suggested For Chairmanship

Hon. J. Bureau, Minister of Customs, has been suggested for the chairmanship of the Board of Railway Commissioners according to the *Western Mail*. Mr. Bureau has had considerable experience as legal advisor in railway matters, and was solicitor general in the Laurier Cabinet. It has been general gossip for some time that Mr. Bureau would welcome a change of post. Nothing definite could be learned as to the accuracy of the newspaper story. Official comment was withheld.

C. N. R. MAY USE OIL FOR FUEL

Wainwright Development Said to be Responsible for Idea.

Vancouver, B.C., Aug 17—Completion of a new well at Wainwright, Alberta, which will produce more than 500 barrels of oil a day was announced by Newton W. Emmens, superintendent of the British Petroleum, Limited, at last night's annual meeting of the company held here: "In Mr. Emmens' report to shareholders it was stated that Sir Henry Thornton had advised the company that the Canadian National Railways lines were prepared to take Wainwright oil for locomotive fuel if quality and production are satisfactory.

When the company completed its first 200 barrel well at Wainwright last fall the Canadian National Rail way switched from long term to short term contracts for coal. Developments in the Wainwright field this summer are expected to result in a definite decision by the railway to change its locomotives in Western Canada from coal to oil burners.

Here and There

A remarkable report comes from Brockville, Ont. Harry Church, a farmer residing five miles north of that town, is the owner of a Holstein cow which has just given birth to three calves. All are alive and thriving.

On July 11, Her Majesty the Queen of Spain and her two daughters visited the Canadian Pacific Railway's pavilion at the British Empire Exhibition. Her Majesty evinced deep interest in all she saw and declared the exhibit to be "perfectly lovely."

Although the present season of ocean travel has reached the period usually associated with a falling off in the number of passengers, steamship companies report that little decrease is apparent this year and that the total volume of passenger traffic in 1924 will probably be the largest of any year since the war.

World production of silver for the first half of 1924 is 117,650,000 ounces, as against 118,250,000 ounces in the first six months of 1923. Canada accounted for a production of 10,800,000 ounces in 1924, as against 10,500,000 ounces in the first half of 1923, being the third producer after Mexico and the United States. Both of which showed a decline.

Saskatchewan's output of creamery butter in June amounted to 1,787,056 pounds, as compared with 1,746,000 pounds in June, 1923, an increase of 41,056 pounds or 2.4 per cent. From January to June, 1924, the province has produced 5,109,090 pounds of butter, as against 4,423,016 pounds in the same period in 1923, an increase of 686,074 pounds, or 15.5 per cent.

Among the tributes to the late Sir Edmund Osler, of the Canadian Pacific Railway's directorate, was one from C. R. Hosmer, for many years a fellow-director. It was addressed to Vice-President Grant Hall and read as follows: "He was the last living of the great men who organized our great railway."

The late Sir Edmund became a director of the Canadian Pacific Railway in 1885, the year of the completion of the transcontinental line.

A most interesting and attractive volume entitled "Here and There in Montreal" has just been published by the Musson Book Co. of Toronto. The book is well illustrated with maps and pictures in color and brings out many noteworthy facts, such as that the city's total population is 900,000, that two-thirds of this number are French-Canadians and that Montreal is the second port of importance in North America. The author is Charles W. Stokes, Asst. Gen. Publicity Agent of the Canadian Pacific Railway.

The first annual Pow Wow of the Trail Riders of the Canadian Rockies, held at Yoho Camp, was a great success. Over 200 internationally known writers, artists, etc., rode in to gather round the sacred fire by the Sun Dance Lodge. Charles D. Walcott, secretary of the Smithsonian Institute of Washington, D.C., honorary president of the Trail Riders, addressed the gathering, a poem written specially for the occasion by Bliss Carmen was read and Chiefs Walk-in-the-Road and Buffalo Child Long Lance performed an Indian dance.

NEW BRUNSWICK'S HIGH BIRTH RATE

At the quarterly meeting of the N.B. Bureau of Health held in the Health Centre last week, Dr. G.G. Melvin, chairman quoting from the tentative report on Vital Statistics, Ottawa, showed that New Brunswick had the highest birth rate in the Dominion, of all the Provinces excepting Quebec, not included in the report. Further that the mortality rate from all causes had gone down and that there had been a steady and important decrease in deaths in this province during the past four years, New Brunswick now having the lowest death rate of the three Maritime Provinces.

Dr. Melvin at the opening of the meeting referred to the great loss the department had incurred in the death of Dr. J.A. McCarthy and Mrs. McLean, formerly Miss Joyce Wishart. He also welcomed the secretaries from the various boards.

Dealing with the Dominion Government's tentative Vital Statistics report for 1923, the Chief Medical Health Officer said it was particularly pleasing that New Brunswick continued to lead the Dominion as regards the birth rate, Quebec not being included in the report. There had been a slight falling off in this matter in the province, common to the whole Dominion over the previous year.

Mr. Melvin felt that the registrars in this province were particularly efficient in following up and obtaining birth returns.

Birth rates for the three highest provinces were:—New Brunswick 26.9 per 1,000 of population; Manitoba, 26.6 and British Columbia 17.3

In 1923 the infant mortality rate for the province was not quite as favorable as in 1922. In 1923 the mortality rate was 106 per 1,000 live birth as compared with 102 for 1922. The mortality rate, however was the lowest with the exception of

VISCOUNT GREY SLIPS OUT OF PUBLIC LIFE

London, Aug. 19—Viscount Grey of Faldoon, whose retirement from the leadership of the Liberal party in the House of Lords was announced today has slipped out of British public life as modestly as he entered it. His friends and political associates knowing his state of health, were not surprised at the news from Faldoon, where the former secretary of foreign affairs is spending a vacation at his country seat, which only last year was restored from the effects of a disastrous fire in 1916.

DESIRES MEMBERS TO WORK IN UNITY

The annual meeting of the Maritime Board of Trade is to be held in Kentville on Sept 16 and 17. R. E. Armstrong, secretary of the St John's body, addressing a circular to the members of the local organization, informs them of the desire of President McMahon, of the Maritime Board, that the members of the St. John Board of Trade and all other boards in the province should work together, in unity.

Mentioning his recent trip to Vancouver, Mr. Armstrong says that it was impressed upon him that the men of the east should get in close touch with the men of the west to create a brotherly feeling and strengthen Canada's position.

Other things with which he was impressed were: that all areas of the Dominion should strive actively to promote their interests, to develop their natural resources, to secure the advancement of their ports and industries, to brighten and improve their cities, towns and villages, to expand their hotel systems and to keep their highways in good shape.

The need for more publicity respecting the advantages and attractions of our provinces and ports was also strongly impressed upon him.

The Maritime Provinces are the parents of the Dominion and they should lead the way towards Canada's expansion, asserts Mr. Armstrong.

two provinces and the increase was less last year than in any other province.

The vital statistics report for January of this year is favorable as regards the province, the infant mortality rate for the month being two points lower than the average for the whole Dominion.

In the past four years New Brunswick has had the greatest reduction in the infant mortality rate of any province in the Dominion, having been cut from 135 to 106 per 1000 live births.

Dr. Melvin referred to the formation of provincial lay organizations dealing with child welfare work, tuberculosis and other phases of public health, and the increasing interest in such work by the public at large.

Mr. Martin, M.L.A. and Frank Hogan, Newcastle, Northumberland county appeared before the Board in regard to the matter of local water supply.

Those present were—Dr. G.G. Melvin, Fredericton; Dr. F.J. Desmond, Newcastle; Dr. J.A. Wade Fredericton; Dr. Wm. Warwick, Dr. H. L. Abramson, Hon. Dr. W. F. Roberts, Dr. C.L.G. Bailey of St. John; Dr. W.S. Loggie, Chatham; Dr. C. A. King, Moncton; Dr. H. LeBlanc, Woodstock; Harry Morris, Chatham and Mrs. Wheeler, Fredericton.

THIRD TRIAL OF ADELARD DELORME IN SEPTEMBER

Montreal, Aug 19—According to LaPresse, French language newspaper of this city, Rev. Adelard Delorme, twice tried for the alleged murder of his half-brother, Raoul De'orme, will come up for his third trial at the September sessions of the court of Kings Bench here. The paper says that K.L. Calder, K.C. Crown Prosecutor, affirms this and that the presiding judge at the trial will be Mr. Justice Demers of the Superior Court. It adds that Delorme will be tried again in spite of the fact that he has recently been examined by alienists.

The King's Bench will open September 10th.

HAY IS BETTER CROP THAN WAS FORECASTED

The mid August crop report of the Provincial Department of Agriculture was issued today. It says: "Haying on uplands about completed. A large acreage of meadow and marsh still remains uncut. A greater tonnage than was forecasted will be cut on the low lands. The clover seed crop is very poor with little clover after math. The harvesting of oats and barley has begun. The crop is only fair, averaging 28 bushels per acre on oats and 22 bushels per acre of barley. Pastures have become very dry. August butter has shown a sharp rise in price on local markets. Cheese sold for 16 cents on the last board auction August 2nd. The potato crop gives promise of a good yield. A forecast by the Dominion Bureau of Statistics places the yield at 967,000 cwt. less than the final estimate of the crop of 1923.

LABOR DISPUTES CAUSE LOST TIME

The time loss caused by industrial disputes in July was less than in the previous month or in July of last year according to this week's Labor Gazette. Fourteen disputes began or were in progress during the month, affecting 9,224 employees, and causing a loss of 229,204 working days. The previous month there were 23 disputes affecting 13,872 employees, and 244,673 working days were lost.

ALBERTA IS GOING TO HAVE A GOOD CROP

"From reports that have been circulated one would be led to believe there was nothing to be expected in Alberta at all so far as a crop is concerned" remarked Charles Murphy, General Manager of Western Lines of the Canadian Pacific, in the course of an interview in Calgary on Monday. "I have not been out here since May" he continued "and on this trip I expected to have found everything burnt up in Alberta. I am very greatly surprised however, in face of the reports mentioned, to find the country looking very well. I think with a little patience and good weather, such as Alberta is now experiencing, Alberta is going to have a good crop, notwithstanding all rumors to the contrary" said Mr. Murphy. He also commented upon the large stock of feed there was in the province and the excellent shape of the cattle. As to what the crop would be, Mr. Murphy said, it was a little too early under present conditions, to form anything like a correct estimate, but he was certainly hopeful that Alberta would have a fairly good crop. He said that the Canadian Pacific had every confidence in a good average crop in Alberta and they were making their preparations accordingly.

UNIONISTS SERIOUSLY DISTURBED

London, Aug. 20—In spite of many contradictions made by certain Belfast newspapers, it is now definitely established that the information carried by the British United Press several days ago regarding former Premier Baldwin's hurried visit to Sir James Craig, is absolutely correct.

The sudden departure of Sir Laming Worthington Evans for Belfast corroborated the statement filed that the Unionists are seriously disturbed over the uprising stand adopted by Premier Craig.

When the Treaty was debated in the House of Commons the view was freely expressed that the Boudary Commission would take comprehensive views of the whole issue and not be limited by minor ratifications.

King George An Early Riser

In order to ride in the Row as early as he does, the King must rise a little later than 6 o'clock in the morning. His Majesty however, likes the fresh air and sunshine far more than he does his bed and seldom indulges in a lie-in. In fact he is quite unable to do so for ordinarily his work occupies him until past noon after which he gets little leisure, till dinned, which he partakes of at 7:30. The Queen is also an early riser and spends her morning attending to correspondence which is far more copious than many imagine. On some days her Majesty receives over 300 letters.

CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the Signature of *Chas. F. Atkins*

Here and There

A rich strike of silver lead ore has been made on Galena Hill, Yukon Territory. One vein is eighteen feet in width and shows 70 per cent lead with 30 to 50 ounces of silver. Several big mining interests are reported as active in this area.

The manufacture of wooden boxes is an important industry in British Columbia. There are 25 box-making plants in the province, representing a capital of between \$3,000,000 and \$4,000,000, about 1,200 employees and an annual payroll of not less than \$1,250,000.

So popular has the bungalow camp system established by the Canadian Pacific Railway become that it will be necessary to extend it greatly. This statement was made recently by C. B. Foster, Passenger Traffic Manager, after a visit to the hotels and camps in the Rockies.

That the farmers of Western Canada are now giving increasing attention to the improvement of their home surroundings is shown by the fact that they have not only planted 5,250,000 trees distributed by two government forestry stations this year but have also purchased large quantities from private nurseries.

Summer fishing commenced on Lesser Slave Lake on July 28th and will close September 30th. Operators have been limited to a catch of 1,500,000 pounds of whitefish but no limit has been placed on pickerel and jack fish, as the market for these varieties is restricted. Four fish companies are operating this summer and will ship to Chicago via Dominion Express.

Imports of Canadian produce and manufacture into Australia received during the year ended June 30th, 1924, amounted in value to \$5,064,253, an expansion of \$1,899,803 over the previous year. It is the largest volume of trade yet recorded between Canada and Australia. The greatest increase was in motor chassis though a good volume of trade was also done in rubber goods, boots and shoes.

What is claimed to be a world's record for relaying rails was established by a crew of men on the Canadian Pacific Railway, in the New Brunswick district recently. In two days the 220 men in the gang tore up 29.7 miles of old 86-lb. rails and replaced them with new. All available data states that the former Canadian record was 11.7 miles, which records that established in the United States.

The "Empress of Scotland," one of the Canadian Pacific Railway's finest liners, docked at Quebec on August 8th with a passenger list crowded with important names. Among them were Lord Beaverbrook, the Canadian financier, Edward W. Bok, editor of the Ladies' Home Journal, whose offer of a fifty thousand dollar prize for the best plan tending to maintain world peace created so much interest recently, and E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway. Mr. Beatty had just concluded a most successful tour of Europe with the object of attracting capital and immigrants to Canada. He spoke with great enthusiasm of the prospects of obtaining both and especially anticipated an influx of fine new Canadians from Denmark.

SCHOOL OPENING

The public schools of this town re-open next Tuesday after the summer vacation, and once again we shall see the familiar sight of hundreds of school children wending their way to and from school, with their school bags on their backs. Generally the boys are to be seen jostling each other and merry peals of laughter intersperse the chit-chat of the girls as the young folks pass merrily along the streets. It is but the outward manifestation of the exuberance of youth.

By the way, it should be of interests to the parents, as well as the pupils to note that the school trustees have had the school buildings thoroughly cleaned and repaired in readiness for school opening. The trouble is to keep the school buildings spick and span throughout the school term. The young folks can help wonderfully in this respect if they choose, by taking a pride in having their own classrooms neat and tidy.

TO THE PUPILS—Don't wilfully deface desks, walls, blackboards, etc. Remember that your parents have to pay taxes to cover the cost of these things.

Assist your teacher by being attentive at your lessons.

Be respectful to your teacher, as you would be to your parents.

While you are in the school room study your lessons and at recess you will enjoy play all the more.

TO THE TEACHERS—Don't forget that your pupils are but children—once were; and some of you are even yet within the youthful stage.

Don't be too harsh in your corrections and criticisms; and avoid, if possible, causing an indignity to a child in the manner in which you administer punishment.

Some of your pupils may be dull learning their lessons; endeavor to exercise patience, and try eliciting the assistance of their parents at home.

Lastly, permit us to call attention to the duty of the parents in seeing that their children are properly trained at home. Do not "fly off the handle" at every grievance your child may have to tell you. Investigate first and thus find out who is to blame—then act accordingly.

Well, here's hoping that the young folks, and teachers too, have enjoyed and benefited by their summer holidays, and are feeling fit for the task of education, to resume their school work. For while it is a fact that "all work and no play makes Jack a dull boy" it is also true that "all play and no work would be equally as bad."

HEBRIDEANS WILL
LOOK OVER LANDS
OF THIS PROVINCE

The Hebridean party has accepted the invitation of the Provincial Government to inspect the opportunities this province offers for colonization. This information was received in a telegram by Premier Veniot. The telegram was signed by Father McDonnell who heads the party and who during the last two years, has been the leading spirit in the Hebridean migration to Canada.

Premier Veniot immediately telegraphed Father McDonnell, asking him for further information in respect of the visit. It is planned to take the party in automobiles from Moncton around the coast as far north as Campbellton.

During the last two years a very extensive programme of immigration from the Hebrides to the Canadian West, particularly to a section around Red Deer, Alta. has been carried on.

The Hebrideans are people who have been brought up on a small rocky islands to the north of Scotland. They have been used since childhood to "breasting their livelihood from the stony soil of these islands and from the turbulent waters of the northern Atlantic. When they came to Canada they left these islands and settled inland, in the centre of endless rolling plains, soft soil without a sign of the ocean many hundreds of miles away. The Hebrideans are essentially crofters and fishermen. In the West they have not the opportunity to indulge in either avocation.

It was with the intention of settling several hundred families in Nova Scotia that the party headed by Father McDonnell visited that province more than two weeks ago and has spent the intervening time in making an inspection of the opportunities for colonization. They were received with open arms by the Scotch people of Inverness, Antigonish and Guysborough counties and royally entertained during their stay in the different villages and towns.

It is more of these people it is planned to settle in Nova Scotia. And it is with a view to the possible placing of more of these thrifty and hard working Scots along the coastline of New Brunswick that the party now plans making an inspection of that coast line.

Second Child Born
To Princess Mary

Princess Mary, daughter of King George and wife of Viscount Lascelles gave birth to her second child, a son, Thursday morning at Goldsborough Hall; of the seats of the Lascelles family.

Princess Mary was married to Viscount Lascelles in Westminster Abbey on February 28, 1922. Their first child, also a boy, was born in London on February 7, 1923 and was christened George Henry Hubert Lascelles.

Liability Claims
On Shareholders

The money received by the liquidators of the Home Bank in settlement of the double liability claim in the shareholders amounts now to \$450,000 it is announced. August 20 was the last day set by the liquidators Messrs. Clarkson and Weldon, for the shareholders living in Ontario to meet the double liability claim. Shareholders, residing outside the province, are given till August 25. All have been notified.

TWO YEARS' COURSE
FOR TEACHER, AND
MORE EXPERIENCE

The nineteenth annual convention of the Union of New Brunswick Municipalities which opened in Moncton on Thursday afternoon heard excellent papers on matters of interest to all sections of the province.

Keen interest was manifested by the delegates in the paper of Dr. George J. Trueman, President of Mt. Allison University, on the school laws. In this he advocated the establishment of a two year Normal course for all teachers and two years of actual teaching to show loss of the work before a license was granted and the requirement of the completion of the high school course before admission to the Normal School.

Mayor McKay of Campbellton gave a fine report of the operation of the housing scheme as it worked out in Campbellton, and advocated the loaning of money by the provincial government to municipalities for the erection of homes.

Dr. H.A. Farris, in his paper pointed out the danger to children of contact with older persons with tuberculosis, and suggested that the Provincial Government be asked to appoint a travelling physician who would diagnose cases brought to his notice by resident doctors in order to segregate tubercular cases. S.R. Weston, chief engineer of the New Brunswick Electric Power Commission, in his excellent paper pointed to the advantages to the province in the development of Grand Falls.

A motion that the meeting ask the Government to pass a mother's allowance act brought from the Premier a request that the convention say how much the municipalities were willing to pay toward the cost of carrying out such legislation. The motion of Commissioner Bullock that the convention go on record as being in favor of more Canadian goods through the Maritime ports and less through Portland, Me., was referred to the resolutions committee.

The evening session was devoted to the paper of S.R. Weston, on the water powers of the province, illustrated by views of Gand Falls, Musquash and Ontario developments.

On Friday morning J.Y. Mersereau of Chatham gave an address on Provincial Valuation after which was heard the report of the resolutions committee.

Harvesters Are
Too Early

Some thousands of harvesters from Eastern Canada are arriving in Winnipeg, at least a week before there is work for them on Manitoba farms, and for lack of orders, employment officials are unable to allocate them to farmers who will need them in a few days. Appeals to farmers to place orders for men at once are said to have proved unavailing, and employment officials express the belief that incoming harvesters will go through to Saskatchewan, and that labor in Manitoba may be scarce when it is needed.

NEW GOLD DISCOVERY

D. M. Thompson of Musquodobbet Harbor, has made a new discovery of gold in his mine in Queens Co., N.B., he reports. The mine has been owned by Mr. Thompson for the past seven years, and within the past few weeks Mr. Thompson visited the mine and sunk a new shaft about 10 feet of surface. It was here that he found the gold lead. The mine in Mr. Thompson's estimation will prove successful and he intends to return to the new lead in a few weeks to further develop the new shaft.

Trials Of Indigestion
Common Errors About This
Trouble Into Which People
Fall.

Many people so far misunderstand the digestive system as to treat it like a machine; neglecting it until it works sluggishly; then irritating it into work again by the use of purgatives. The stomach needs help at all times, but a study of the process of digestion will show that purgatives, as commonly taken, are seldom necessary and often harmful.

To safeguard your digestion the diet must be controlled. Over-eating is always harmful, but one must assimilate enough food to supply the needs of the blood. Remember, the blood has to carry nourishment to all parts of the body and find fuel for its energy. Hence when the blood becomes weak and fails to do its work, indigestion arises. Therefore the sure remedy for indigestion is to build up the blood. If you suffer from any form of indigestion choose your diet carefully and take wholesome nourishment. Above all, start building up your blood by taking a course of Dr. Williams' Pink Pills. This, under the influence of the new blood supply, your digestive system will respond naturally, your appetite improve and your food will do you good. So begin to improve your digestion by starting to take Dr. Williams' Pink Pills now.

You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WHAT A DIFFERENCE!
When school re-opens, after the customary summer vacation, the pupils receive a list of the books they require and with great gladness they go home to procure funds to purchase their wants. Not unusually their wants are enlarged and the parents oftentimes are put to the extra expense of paying for books that are not needed during the term by the pupil or pupils of the family. With the money in hand the children scamper off to the nearest book store, where they push and crowd and almost drive the clerking staff insane with their eagerness to get their books. This continues for about the first week and then the school books are thrown to one side and often lost altogether. What a difference in such a short space of time. If the pupils would only keep up their first week eagerness and ambition throughout the term, there would be very little parental fault finding at its completion.

\$438,000 Paid For
Car License Fees
So Far This Year

That when the offices in Fredericton closed for business Wednesday afternoon \$438,000 had been collected in automobile license fees for the year 1924 was the announcement made by Hon. P.J. Veniot, Premier of New Brunswick.

The amount collected in fees surpassed the Premier's estimate by more than \$25,000 and showed an increase over six years ago of \$400,000.

The Premier announced that on Tuesday the Government had extended an invitation to the party of representative Hebrideans, now making an inspection of the settlement facilities in Nova Scotia to visit New Brunswick and inspect the land here. The rugged coastline of this province offered the Hebrideans an opportunity to settle in a country as nearly like their own as it was possible to conceive, he said. They were crofters and fishermen and the New Brunswick coast offered them a chance to indulge in both farming and fishing.

The Premier would not discuss the immigration policy of the Government other than to say that the

Government was not subsidizing settlers. A survey was being carried on at the present time by the officials of the Soldier's Settlement Board and when it was completed the information secured would be incorporated with that already on tape in the offices at Fredericton. There was a system in New Brunswick to assist settlers but only such as could pay 25 per cent of the initial cost of the farm. The Government loaned them the rest, to be repaid in 20 years. Out of more than 50 cases in which this had been taken advantage of, not two per cent. went back on their bargain.

Speaking of roads Premier Veniot said that everything was fine. Daily was the department receiving congratulations from American visitors who were more than pleased with the roads of New Brunswick.

Do You Earn from \$25
to \$50 per week

If not, why not? We secure positions, and many opportunities to get in business for yourself. Big demand for motor mechanics; battery experts; welders and barbers. Social and Personal

Mr. John Russell left for Moncton today on business.

D.J. Gulliver and K.C. Bishop who attended Mt. Allison summer school have returned to their homes

Mr. and Mrs. Howard Underhill and children are visiting friends in Blackville.

Thos. F. Quilty of West Somerville, Mass. is visiting relatives and friends here.

Miss Eileen Scribner who was visiting her cousin, Miss Frances Fawcett, Blackville, N.B. has returned home.

Sergt. Waldo McCormack left Saturday for Strathern, Ont.; where he will take a six week's course in the Canadian Small Arms School.

Mapor D.S. Creaghan, Ald. C.M. Dickson and Town Treasurer, J.E.T. Lindon, were in Moncton last week attending the Municipalities Convention

Miss Gertrude Keating, who spent the past three weeks with her aunt, Mrs. P. J. McEvoy, returned to her home in Boston on Saturday.

Miss Helen Lawlor left on Saturday for New York, where she will enter Roosevelt Hospital as a student nurse.

Mrs. H. J. Morris left yesterday for Montreal for eye treatment. She was accompanied by her daughter Miss Alice Morris and while in Montreal Miss Morris will attend the Fall Millinery openings.

Mr. Hudson Sproul who has been studying at the Massachusetts School of Osteopathy, can be seen for a time by anyone wishing to consult him for treatment at the residence of his father, Dr. H. Sproul, Newcastle, N. B.;—Phone No. 32-11

Mrs. C.S. Amos and Mrs. Walter Tozer are in St. John this week attending the Maritime Province branch of the United Baptist Women's Union Convention, which is being held there this week. While in St. John they are the guests of Mrs. Geo. Burk

Mr. and Mrs. Arthur Jardine and child and Miss M. Robinson of Boston arrived in St. John on Saturday afternoon by automobile and visited Mr. and Mrs. Chas. Robinson, 16 Horsfield street. The party left Sunday morning for Newcastle where they will visit friends, after which they will return to Boston

Mr. John Clark of Moncton is visiting friends in town.

Mrs. A.H. Cole is visiting friends in St. John, N.B.

Mr. John Rusej3 was in Campbellton last Wednesday on a business trip.

Mr. Chas. Maroney returned to his home from the Miramichi Hospital on Thursday.

Mr. Mrs. C.C. Hayward are enjoying a few week's vacation at their summer residence in Bay du Vin.

Miller McLeod, teller of the local branch of the Royal Bank of Canada is enjoying a well-earned vacation in P.E. Island.

Harry Hachey of Campbellton, who spent his vacation with his parents, Mr. and Mrs. John Hachey of this town has returned home.

J.L. Reicker of the Bank of Nova Scotia staff is spending his vacation at his home in King's County.

Mr. A.J. Bell was in Moncton last week attending the eleventh annual convention of the New Brunswick Funeral Directors Association.

Miss Sadie E. Urquhart returned home Thursday from Old Town, Me. where she spent an enjoyable vacation with her sister, Mrs. J. H. O'Brien

Mr. and Mrs. A. M. Clarke, accompanied by the Misses Edith and Margaret Clarke, motored to Jacques River and Campbellton last week, where they visited friends.

Mr. Thos. Clarke, manager of the local branch of the Royal Bank of Canada, is enjoying a vacation at his home in Halifax. Mr. Fash of Halifax is relieving Mr. Clarke.

A.J. Doucet, M.P. for Kent Co. and A. J. Brooks of Sussex, New Brunswick organizer for the Liberal Conservative party, are engaged last week and this week in making a tour of the county in the interests of the Liberal Conservative party.

Dr. and Mrs. J.V. Graham of Halifax were guests of E.S. Vye of Blackville recently, making the trip by auto. They were accompanied on their return, by Miss Edna Vye of Blackville who visited friends in Halifax and Moncton.

OBITUARY

MRS. FRED E. IVES

The death of Mrs. Fred E. Ives formerly of this town occurred at Wollaston, Mass. on Thursday afternoon Aug. 14th. Mrs. Ives had undergone a critical operation at the Charlesgate private hospital, Cambridge early in the spring and from this she never fully recovered although she became sufficiently well to return to her own home. About four weeks ago, failing health obliged her to return to a sanatorium where she died.

The funeral was held from the Methodist Episcopal Church of Wollaston, of which she was an active member, on Sunday afternoon Aug. 17th. The numerous and beautiful floral offerings and the church crowded with friends were mute evidences of the love and esteem in which she was held, in the place where she had made her home. After the usual funeral services by the pastor, the beautiful and impressive service of the Eastern Stars was held she being a beloved member of the Wollaston Chapter. Interment was in the Wollaston Heights Cemetery.

PATRICK LLOYD

The death occurred at 11:30 o'clock Wednesday morning at the Hotel Dieu Hospital where he has undergone operation and treatment for the past seven weeks of Patrick Lloyd of Douglstown and one of the best known residents on the river

Mr. Lloyd is survived by his wife and two children, Annie, who is training in the Hotel Dieu Hospital and Patrick at home. Three brothers and two sisters also survive, Lawrence, William and Michael of Millbank and Mrs. Alex. McIntyre of Iroquois Falls, Ont. and Mrs. Hennessy of Truro, N.S.

The funeral was held Saturday morning from his late home to St. Samuels Church, Douglstown where requiem mass was celebrated by Rev. B.J. Murdock and interment was in the church cemetery. The pallbearers were John McDonald, Fred Maloney, William Highland, Lawrence Lloyd, Michael Lloyd and William Lloyd

Early Apples

When apples as good in quality as the McIntosh, Fameuse, and Northern Spy and as attractive in appearance can be obtained on the general markets in Canada there should be a great increase in their consumption. The people are keen for apples when the season opens in late July or early August, but the sour varieties, then offered for sale, such as Yellow Transparent, Red Astrachan, Crimson Beauty and Duchess, do not agreeably satisfy the palate nor tend to increase the demand for apples as a table fruit. There is no good reason why we should not have early apples of as good quality as the later Spy and McIntosh. The old Early Harvest apple was better in quality than any of the mentioned early kinds, but it is not very hardy, scabs badly, and is little planted. But new varieties are being bred for the early market, and it is believed that in a few years such fine sorts as the Melba, a seedling of the McIntosh, originated in the Horticultural Division, Experimental Farm Ottawa, of fine color and high dessert quality, ripening before the Duchess, and the early McIntosh, originated at the New York Experimental Station, Geneva, N.Y. and others will become very popular and in great demand. Trees of Melba will be available from nurseries in the spring of 1925, and considerable numbers of trees have been planted already in different parts of Canada.

KINDLY REMIT YOUR SUBSCRIPTION TO THE ADVOCATE

HEBRIDEAN PARTY AT MIRAMICHI

Rev. Father MacDonell and five other prominent Hebrideans, including Rev. Father McDougal accompanied by Col. Robert Innes, chairman of the Soldiers Settlement Board, Ottawa and R.I. Donaldson district superintendent of the Soldiers' Settlement Board, St. John arrived on the Miramichi, Sunday evening by automobile from Moncton en route to Campbellton, and thence to Quebec.

The party left Moncton in the morning and toured around the coast, stopping for short time in Shediac, Buctouche, Kexton; Richibucto and other places en route. On Monday they left by motor and travelled through the old Miramichi road, the short cut to Bathurst. There they were met by Premier P.J. Veniot.

His Worship, Mayor C. P. Hickey and members of the Chatham Town Council extended a royal welcome to the visitors. A trip was made through the town and to Newcastle, Nelson and Loggieville.

When interviewed members of the party expressed themselves as pleased with New Brunswick, at least that part of it which they had seen. Whether there would be any colonizing as a result of the trip they did not say. The Maritime trip had been eminently successful from many viewpoints, one said. They had learned to know the country as they never otherwise would know it. They had met many of their friends and kindred and had everywhere been greatly impressed with the welcome they had received.

LORD BEAVERBROOK STILL A CANADIAN

While in Toronto a few days ago Lord Beaverbrook gave an interview to the Toronto Globe which is of general interest. In telling of the success of Canadian young men who are connected with him in the newspaper management in London, Lord Beaverbrook declared his own attitude on national problems. He said:

Few stories of spectacular successes can equal that of the resuscitation of The London Daily Express and the founding of the Sunday Express by Lord Beaverbrook and the little band of Canadians associated with him. Many are the tales of emigrants from the Old World to the New World who have carved out careers for themselves, but it has remained for Lord Beaverbrook and a few others to reverse the story and successfully invade the Motherland

A visitor to Toronto, the Canadian proprietor of three important English newspapers told the Globe the dramatic story of how a farmer's son from Maple, a bellboy from the Queen's Hotel and a piano salesman from Nordheimer's were thrown together by the eddies of war's aftermath and combined to carry an old but stinking London newspaper from insignificance to success politically and financially.

The farmer's son was Beaverbrook himself. And as he recalled the days when he was just Max Aitken his titles dropped from him and one saw the Canadian glad to be home again. Asked if he was going to visit his birth place, his face brightened and he exclaimed with fervor, "I am—indeed I am!"

Beyond reiterating his love for Canada, Lord Beaverbrook said little about himself during the course of the long interview. His talk was all of the other Canadians whom he grouped about him. He told of the unusual experience of E.J. Robertson, Managing Director of the Express:

NEW RULES FOR SALMON FISHING

Mesh Not Less Than Five Inches in N. B.

Ottawa, Aug. 24—Formal notice of new regulations governing salmon fishing in the Maritime Provinces is given in the current issue of the Canada Gazette. The regulations governing such fishing in Nova Scotia, New Brunswick and Prince Edward Island are amended to provide that "no one shall fish for, catch or kill salmon with nets of any kind from the last day of September of each year to the last day of February following, both inclusive" and that in non-tidal waters where net fishing is permissible no person shall catch salmon with nets of any kind, from August 16th to the last day of February inclusive.

In New Brunswick "the mesh of salmon gill nets and trap nets shall not be less than five inches, extension measure when in use."

Childhood Indigestion

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for little ones equal to Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them, Mrs. Jos. Lunette, Immaculate Conception, Que. writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them."

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

FOR SALE.

MINARD'S "KING OF PAIN" LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

MR. A. E. LAUNDY, EDMONTON, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

Minard's Liniment Co., Limited
Yarmouth, N.S.

Liberals Attention!

A special County Convention of the Liberal Party of Northumberland will be held in the Opera House at Newcastle, on Tuesday the 2nd day September 1924, at 2:30 p.m. Parish associations are requested to hold meetings and appoint delegates to attend the County Convention in order to select a candidate to contest the county in the coming Federal By-election

K. J. GILL, President
34-2 Barnaby River, Aug. 16, 1924

Here is a prompt and efficient remedy that acts gently but with remarkable results

FENSLAR Diarrhea Mixture

This preparation is composed of ingredients that regulate the affected organs and restore the regular movement of the bowels in the quickest possible time.

Penslar Diarrhea Mixture can be taken with perfect confidence that the results will be entirely satisfying.

If you are troubled with the "Gripes" sick Stomach, Colic, or Summer Complaint let this splendid preparation help you, as it already has many of our patrons

CONVENTION

A Convention of the Liberal-Conservatives of the County of Northumberland

will be held in the OPERA HOUSE Newcastle, N. B.

ON

Wed. Sept. 3

at 2 o'clock p. m.

for the purpose of selecting a Candidate to Contest the Bye-election for the Federal Parliament.

The election of Officers for the County Executive will be held at the same Meeting.—The Liberal-Conservatives of each and every polling division are requested to meet prior to that date and select two delegates for each hundred voters on the list.

By order of the Executive of the Liberal-Conservative Party
Newcastle, N. B. Aug. 21st. 1924.

Complete Cycle Tour of Province

The Three C's, Christopher Shorten and Cyril Barnes, two representatives of St. Ann's Troop of Boy Scouts, and Cuthbert (Custard) Kane of St. John, completed their two week's holiday cycle tour of the province with their arrival in Fredericton on Wednesday evening from Newcastle.

Setting out from Fredericton on August 7th, Shorten and Barnes wheeled to St. John, camping at Welsford the first night out. At St. John they made arrangements to meet Kane further along the route and after a pleasant stay in St. John proceeded on to Sussex, where they had arranged to have Kane join the party. Their plans miscarried, however, and it was not until they reached Petticoat that the third member joined the party.

From Sussex to Moncton they made the best, time of their trip covering the distance from noon until dark at 8 p.m. At Moncton the boys furnished the city with an unusual spectacle when they discovered an old time bicycle the front wheel of which was six feet in diameter and was furnished with a single trailer wheel. This was loaned to them by the owner and they proceeded to demonstrate the wheel on the streets of Moncton. The boys were guests of the St. John Scout Troop.

Continuing their camping tour

Beaverbrook Visits Old Home In Ont.

Sentiment for a look at the house in which he was born and in which he lived for the first three months of his life, drew Lord Beaverbrook to the village of Maple 20 miles north of Toronto Wednesday.

Driving up to the house which is now untenanted, he stepped out of his car and for several minutes gazed at the now dilapidated structure. Then he stepped back into the car and was driven away before any of the villagers had an opportunity of seeing him. Lord Beaverbrook was born on May 24 1879 the son of the late Rev. Wm. Aitken, a Presbyterian minister there. Three months after his birth Lord Beaverbrook was taken by his parents to Newcastle, N.B.

they proceeded to Chatham, Nelson and Newcastle, via St. Louis and Rexton. On Monday they left Newcastle for Fredericton striking some of the hardest going of the trip through fresh laid gravel. Of the 35 miles covered on Tuesday the boys were forced to walk 15 miles through gravel. From Boies town to Fredericton, however, they made up for lost time.

The boys averaged 40 miles per day for the first five days, but on the last day they were forced to walk 50 miles per day. Their troubles were experienced in one day when Kane suffered 5 punctures and Shorten broke a chain and crank shaft.

Presbyterian Church Continues

After a month's preparation the Presbyterian Church Association federal executive have drawn up an official statement setting forth its attitude, now that the Church Union Bill has been passed by Parliament, and also outlining what action will be taken by those Presbyterians who do not intend to become part of the United Church of Canada.

Although it will be some days before the statement will have reached printed form, and will be ready to send out to Presbyterians in all parts in Canada, it was released in part to the press late yesterday.

Outstanding points emphasized in the statement are: That the Presbyterian Church will continue in Canada; that those who intend to carry on the Presbyterian Church will hold their first General Assembly meeting on June 10, 1925 the date on which the United Church of Canada comes into existence; and that several favorable amendments of the Church Union Act from the Presbyterian Association standpoint were secured before the Act finally became law.

Some of the important clauses in the statement are as follows:

"We shall engage in missionary activities at home and abroad, establish an adequate augmentation fund for the purpose of assisting weak congregations which may desire to continue their allegiance to the Presbyterian Church, provide for the training of men for the ministry of our church, and generally carry on such work as may be found necessary.

"On the tenth day of June, 1925 the United Church of Canada comes into existence, and those who are now connected with the Presbyterian Church, and wish to become members or adherents of the United Church will be merged with the Methodist and Congregational bodies but the Presbyterian Church will continue, preserving a true continuity and in fellowship of the millions of Presbyterians throughout the world.

"It has always been our fixed and firm determination to continue the Presbyterian Church; from that determination we have never swerved nor will any consideration deflect us from our purpose. Indeed, one of the results of the action of the Parliament of Canada has been to intensify that purpose and to strengthen our resolve to take all necessary steps for the protection of our legal rights."

Average Cost Of A Weekly Budget

The average cost of a weekly budget for a family of five, using staple foods, was according to the current issue of the Labor Gazette at the beginning of July, \$9.91.

At the beginning of June it was \$9.86 and \$10.10 for July of last year. Slight advances occurred in the prices of flour, potatoes, butter, eggs and fresh pork. Prices of sugar, mutton, bacon, cheese and beans were lower. Fuel and rent showed little change.

ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment in "Fruit-a-lives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P.Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak. The doctor said he could do nothing for me.

In the spring of 1920, I started taking "Fruit-a-lives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-lives" tablet every night. 25c. and 50c. a box—at all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

When Defoe Was Punished And Applauded

The whipping post had as its companion 100 years or more ago not in this country but in England the pillory. This punishment was ended by an act of the British parliament dated June 30 1837.

Perhaps the most famous sufferer at the pillory was a man who has delighted millions of English speaking boys and girls and many older persons by his book "Robinson Crusoe" which was the precursor of juvenile books as we know them now. This sufferer was Daniel Defoe who was not only a writer of entrancing fiction but famous as a keen political pamphleteer. In 1703 in the reign of Queen Anne there came from his hand a "scandalous and seditious pamphlet" entitled "The Shortest Way With the Dissenters." A reward of £50 was offered by the government for the author, and rather than that his printer and publisher should suffer in his stead Defoe gave himself up and was sentenced to be pilloried three times.

On July 29 of that year the daring satirist stood unabashed on the pillory in Clepside. The punishment was repeated two days afterwards in the Temple where a sympathetic crowd flung garlands instead of garbage at the stout hearted pamphleteer; drank his health with loud acclaim and sang his "Hymn to the Pillory." In this hymn occur these lines: Tell them the men that placed him here. Are scandals to the times. Are at a loss to find his guilt. And can't commit his crimes.

MURINE EYES
IRRITATED BY SUN, WIND, DUST & CINDERS
SUNSHINE AND DUST ARE THE CAUSE OF EYE IRRITATION

Tongue Twisters

Some little time ago there appeared in Punch a particularly effective tongue twister which ran something like this: A lady was walking down a country lane when she met a tinker. "Ah" she said "I see you are copper-bottoming your pots." "Oh no" he replied, "I'm aluminium 'em, mum." As a tongue twister this is pretty hard to beat though perhaps the American form of the word is just a trifle more difficult to wrap one's tongue around: "I'm aluminium 'em, mum."

There are of course, many thousands of these traps for the unwary floating about. Here are a few culled from many sources old and new. The test is, of course, not merely to say them but to manage to repeat them quickly say half a dozen times without getting one's tongue twisted into a knot.

The sea ceaseth and it sufficeth us Six thick thistle sticks. A growing gleam glowing green. The bleak breeze blighted the bright blossoms.

She shook a switch at Smith's fish-sauce shop. Flesh of freshly fried flying fish. High roller, low roller, lower roller.

A box of mixed biscuits, a mixed biscuit box. She stood at the gate welcoming him in.

She sells sea-shells at the sea shore. Which switch is the switch, miss, for Ipswitch?

Shave a cedar shingle this. And here are a few of the more ambitious, or shall we say, longer-winded tongue twisters, some in verse—save the mark—and some in prose.

I saw Esau kissing Kate, The fact is, we all three saw. I saw Esau, he saw me, And she saw, I saw Esau.

Here is a very long one, that seems to be a combination of the Esau tradition and that other tongue twister that runs this wise "How much wood would a wood-chuck chuck, if a wood-chuck would chuck wood."

Esau Wood sawed wood. Esau Wood would saw wood. All the wood that Esau Wood saw. Esau Wood would saw. In other words all the wood Esau saw to saw Esau bought it saw. All the wood Wood would saw! And oh! the wood-saw with which Wood would saw wood! But one day Wood's wood-saw would saw no wood, and thus the wood Wood sawed was not the wood Wood would saw, if Wood's wood-saw would saw wood. Now Wood would saw wood with a wood-saw that would saw wood. So Esau sought a saw that would saw wood, and one day Esau saw a saw saw wood, as no other wood-saw would saw wood. In fact, of all the wood-saws Wood ever saw saw wood, Wood never saw a wood-saw that would saw wood as that wood-saw Wood saw would saw wood; and so I saw Esau Wood saw wood with the wood-saw Wood, saw would saw."

Then there is that comparatively recent memory of the war days: Sister Susie's sewing shirts for soldiers. Such skill at sewing shirts our shy young sister Susie shows, some soldiers send epistles, say they'd rather sleep on thistles, than the sacry soft shirts for soldiers sweet sister Susie sews.

And here she is again: Susan shineth shoes; and socks; socks and shoes shineth Susan; She ceaseth shining shoes and socks, for shoes and socks shock Susan.

Also there is the affecting tale of Betty Botter: Betty Botter brought home some

This way clever women resist the years

The simplest beauty secret known—but the most effective

Every day you see women well along in years, who still retain the charm of youthful, lovely skin. They are not unusually fortunate—just clever enough to resist the years!

They know and follow a simple method, which you may employ as successfully as they do. This tells you how.

Authorities advise this: Cleanse the skin regularly, au-

Volume and efficiency produce 25c quality for 10c

THE PALMOLIVE COMPANY OF CANADA, LIMITED
Winnipeg Toronto Montreal
Palm and olive oils—nothing else—give Nature's green color to Palmolive soap.

thorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way

You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive.

Be sure you get Palmolive Soap—which is never sold unwrapped. All dealers have it. Then try this method. Watch the improvement in your skin.

It is very economical. So let Palmolive do for your whole body what it does for the face.

butter, but she said "This butter's bitter. If I put it in my batter, it will make my batter bitter, but a bit of better butter, would make a batter better." So she bought a bit of butter, better than the bitter butter, so 'twas better Betty Botter, bought a bit of better butter. And finally this very ancient specimen: Peter Piper picked a peck of prickly pickled peppers; A peck of prickly pickled peppers Peter Piper picked; If Peter Piper picked a peck of prickly pickled peppers, Where's the peck of prickly pickled peppers Peter Piper picked?

CANADIAN LOAN MAY AFFECT DISCOUNT

The New York Times with reference of a Canadian loan says "Latest advice from Canada indicate that the refunding loan which the Dominion government will float next fall will be divided between Canadian and New York banking interests. The understanding is that a decision has been reached to limit the loan to an amount not in excess of \$200,000,000. The funds raised will be used to refund the Victory Loan of 1919 and treasury bills which together aggregate \$199,270,650.

"Any amount raised here and not required in Canada will, it is understood, probably be invested in the New York market, in which case it is believed that the Canadian dollars instead of being at a discount may go to a premium as it did under similar circumstances in October and November 1922.

ERIC MACDONALD HAS IMPORTANT APPOINTMENT
Lt. Col. E.W. MacDonald, D.S.O. M.C. of Halifax, son of Rev J.H. MacDonald has been appointed inspector of penitentiaries by the civil service commission. Col. MacDonald was formerly commissioner of provincial police for Nova Scotia and organized and directed that force during the industrial unrest in Cape Breton. He received a commission in September 1914 and while in France received a distinguished service order and a military cross. He was mentioned three times in dispatches.

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

Shop Where You are Invited to Shop

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:

"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."

"BUY AT HOME"

Growing Expenditure Shows Economy To Have Been Forgotten

The July statement issued by the Department of Finance shows beyond all question that the King government has quite forgotten all its solemn promises that it would not only cut expenditure to the bone but would keep it there. The figures show that the door of the Treasury is wide open and that there is not a watch dog in sight. Possibly the latter is explained by the fact that the Government doesn't want any.

During July the total expenditures increased by \$5,619,726 over that for the same month last year. The increase in ordinary account was \$4,149,459 and on capital account \$1,479,237. While Parliament was in session and the Conservatives were checking up expenditure very closely it was restrained, the increase during the other three months of the currency fiscal year having been only about \$2,034,000. But when the check was off up went the expenditure.

Despite all assurances that economy would be practised, the total expenditure for the first four months of the fiscal year was \$7,704,322 over that for the same period in 1923. This confirms to the letter the charges made by the Conservatives that the Government have not economized and apparently it is useless to expect them to do so. For be it remembered that this growing expenditure is taking place not because revenue being large the Government can afford to spend a little more, but in spite of falling revenues.

The July financial statement shows that the total decrease in revenue during the four months ending July 31st was \$13,458,390 as compared with the returns for the same months last year. As the expenditure was \$7,704,322 greater than it was during the same period last year this means that the Government is thus \$21,162,712 worse off. At this rate of going the Government instead of having a surplus of the year's operations will have a deficit of over \$63,000,000.

The effect of all this is already to be seen on the national debt which instead of being decreased from month to month underwent an increase of \$1,539,438 during July as compared with a decrease of \$5,765,962 in July 1923. This is not a rosy outlook for reduced taxation.

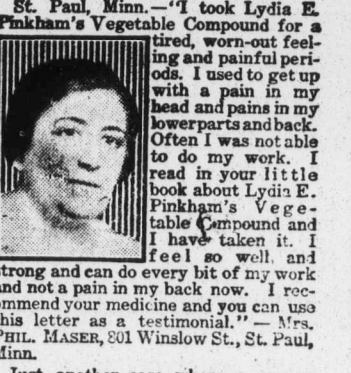

Compare these financial operations with those of the United States during July. The statement of receipts and expenditures of the Federal Government over there at the end of July showed that the total expenditure chargeable against ordinary receipts during the month was actually \$34,000,000 less than it was during July 1923. In Canada the total expenditure chargeable against ordinary receipts was \$24,883,331 as compared with \$19,233,895 for the same month last year. No wonder that taxes in the United States are going down. In Canada the situation as created by increase of expenditure and falling revenues shows that we are confronted by even higher taxes.

STRAIGHT PARTY FIGHT IN QUEBEC CONSTITUENCIES

Montreal, Aug 19—Nominations were made today for the Federal by-elections on Sept. 2 in St. Antoine division of Montreal and in Rimouski. In St. Antoine, made vacant by the resignation of Hon. Walter Mitchell because he did not agree with the past budget William M. Birks a prominent business man, will be the Conservative candidate, and Alderman W.J. Hushion will be the Liberal standard bearer. Nomination day was marked by the announcement this morning of the withdrawal of Leslie J. Bell from the Conservative candidature. Up to today there were two Conservative candidates in the field. In Rimouski the government standard bearer will be General Sir Eugene Fiset who will be opposed by Elzear Sasseville, K.C. Conservative. This seat was opened when the sitting member, J.A.S. D'Anjou was appointed registrar of his county.

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and pains in my lower parts and back. Often I was not able to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and I have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. PHIL. MASEB, 201 Winslow St., St. Paul, Minn.

Just another case where a woman found relief by taking Lydia E. Pinkham's Vegetable Compound. Many times tired, worn-out feelings and pains about the body are from troubles only women have. The Vegetable Compound is especially adapted for just this condition. The good results are noted by the disagreeable symptoms passing away one after another.

Lydia E. Pinkham's Vegetable Compound is a Woman's Medicine for Women's Ailments. Always reliable.

Prominent Passengers on Empress of France

Top left, E. W. Beatty, K.C.; right, Hon. Charles A. Dunning; bottom left, Lord Beaverbrook; E. W. Bok, Prince and Princess Obolensky.

The tide of transatlantic traffic is turning westward again, and the St. Lawrence route is still the favoured one. Beside large numbers of immigrants and returning Canadians, a great many European tourists are now turning toward Canada and these form no small percentage of steamship passenger lists. Perhaps the most distinguished list this season, was carried by the Canadian Pacific S.S. Empress of France on her last westward voyage. Among those on board was Lord Beaverbrook, who with several members of his family will spend some time in this country. He was also accompanied by T. Marson Hill, O.B.E., his secretary. Other prominent British passengers were Right Hon. Sir Evelyn Cecil, O.B.E., P.C., M.P., and Col. Vaughan Morgan, O.B.E., M.P., of London. E. W. Bok, the famous Philadelphia publisher of Peace, Prince and Princess Obolensky also made the voyage.

Two passengers in whom much interest centered were Prince and Princess Serge Obolensky whose recent marriage in Paris was one of the big social events of the year. The Princess was formerly Miss Astor. The Hon. Charles A. Dunning, premier of Saskatchewan, was also on the France. Other prominent passengers included Mr. R. Bosch, the inventor of the Diesel engine, and Mrs. W. H. Taft, who was met at the dock by her husband, W. H. Taft of the U.S. Supreme Court and ex-President of the United States.

E. W. Beatty, President of the Canadian Pacific Railway, returned on the Empress of France from a short visit to the Company's agencies in England and Scandinavia. He was much impressed by the great possibilities of a furtherance of trade between these countries and Canada.

Asked whether he had seen the Canadian papers while abroad, and had noted the storm of comment and protest that had followed upon the putting into effect of the Crow's Nest Pass rates, Mr. Beatty replied that he had seen a good deal of this, and it was nothing more than had been expected by himself and other railway officers.

"At the time the proposed restoration of the Crow's Nest rates was under consideration, it was made abundantly evident by the railroads that they could not afford in the face of existing costs of operation for labor, materials, equipment, etc., to extend the operation of the Crow's Nest rates beyond the limits originally fixed. It was also fully explained that if restoration was forced upon the railways many inconsistencies would inevitably result, and some parts of the country would be unduly favored in comparison with others."

One of the grave difficulties of the day in railway operation in Canada is that theorists in railroad management are preaching a doctrine that gives no thought to the cost of operation in relation to the price the railroad is permitted to get for the service it gives as a common carrier. In most other lines of business, cost to the consumer is based on the cost of production. I cannot see why it should be different in the selling of freight or passenger transportation. Somebody has got to pay wages and other operating costs, and if the shipper is not willing to do so, I do not know who will, unless the country will pay it as a whole and I imagine that even the strongest supporters of public ownership will agree that we have reached the limit in that direction.

"It is axiomatic, too, that the continuous betterments and improvements to existing railway lines and the provision of capital for extensions and new constructions generally depends directly upon the earning power of the companies, especially in the case of the Canadian Pacific, whose funds must be secured in the money markets of the world and it would be in every respect unwise to borrow unless the general earnings of the company were satisfactory. One of the difficulties facing the railway companies in Canada is that there is not a sufficient margin between revenues and outlays to permit of surpluses for working capital and for the general purposes of the companies. Until this margin is re-established extensive borrowings are highly undesirable. Nothing is more conducive to satisfactory commercial conditions than a healthy transportation situation and this can only be accomplished if a proper relation exists between revenues and disbursements.

"I should like to point out," said Mr. Beatty, "that the Interstate Commerce Commission in the matter of rates and charges on grain and grain products in the western United States very recently decided that the general basis of rates then in effect did not appear to be unreasonable and dismissed the application for reduction. Here it should be remembered that rates on grain and grain products now in effect in western Canada are not less than 25 per cent. lower than those in the United States. The Inter-state Commerce Commission is comprised of highly qualified economists who approach the technical and allied questions of railway rates and costs in a thoroughly scientific manner. On the other hand, the rate situation in Canada which has been the subject of so much comment recently has been brought about by the restoration by act of Parliament of a scale of rates fixed nearly thirty years ago without regard at all to present day costs of the inevitable disruption of the relationship which otherwise existed between various commodities and various producing centres."

Mr. Beatty added that figures had been filed with the Government showing the approximate decreases in revenue to both the Canadian National and the Canadian Pacific railways by the adoption of the Crow's Nest rates on grain. These, he said, reflected a very serious loss of earning power to the roads which would be made still more serious by the recent restoration of the rates on the balance of the commodities enumerated in that act.

Prince Wants To Visit Quietly

Major Oscar A. Sobert who has been designated by Secretary Weeks at the request of President Coolidge as honorary aide-de-camp to the Prince of Wales during his visit to the United States announced that the programme for the royal visitor is already filled.

The visit is for a rest and holiday and will be simple. Because President Coolidge and his family are in mourning and because the Prince's visit is unofficial the call at the White House will also be of the simplest nature.

During his visit to Long Island it was added, the Prince desires to be treated strictly as one of the residents and he hopes to play a little polo and golf and to see in formally the British and American polo players.

The James A. Burden house at Syoset, L.I. will be turned over to the Prince. Mr. and Mrs. Burden being absent in Europe, and Mr and Mrs. H.R. Winthrop will be host and hostess to the visitor. Among the events of the visit will be polo, golf and other sports, in formal lunches and dinners with the British and American polo players.

WRIGLEYS
After Every Meal

It's the longest-lasting confection you can buy—and it's a help to digestion and a cleanser for the mouth and teeth.

Wrigley's means benefit as well as pleasure.

Sealed in its Parity Package

WRIGLEY'S JULY FRUIT CHewing GUM

A Unanimous Verdict

The Royal Commission appointed to inquire into our forest resources and consequently to advise the Government as to the proposed embargo on the exportation of our pulp wood, has poor press support.

We have already said what we think of it, pointing out that in refusing to give an opinion on the embargo question the Commissioners have misunderstood the nature of their task and evaded the resultant responsibilities.

Kindly comments have been few but criticisms and denunciations have fallen like hail.

In a general way, our conferees are unanimous in denouncing the fact that the Commission in refusing to come to a conclusion has failed in its essential task, namely that for which it was appointed.

It goes without saying that the public is disappointed and that it has not had the worth of its money. That cannot be denied.

The seventy thousand dollars spent for the benefit of the Commission were devoid of appreciable benefit for the country, and at a time when everyone is calling for economy this useless expenditure provokes comments of no very friendly nature which turn against the Government itself.

A certain English speaking contemporary makes use of it to charge the Cabinet with lack of frankness toward the country and declares that there is a nigger in the woodpile—pile of pulpwood subject to the embargo evidently.

Another takes the opportunity to announce that in its disappointment the Government proposes to ask the Commissioners to refund the thousands of dollars they received since they failed in their task. This, of course is a joke, but it is a fair proposal to suggest that the load which the Cabinet tried to unload on this Commission has now definitely returned to the shoulders of the Government.

Finally, we are faced with an undeniable fiasco; such is the conclusion that must be reached from reading the articles in Canadian newspapers.

Local and General News.

RE-OPENING OF SCHOOLS

The public schools of the Town of Newcastle re-open after the summer vacation next Tuesday, September 2nd just one week from today.

NEW TEACHERS

Miss Bessie Creamer has been added to the teaching staff of Harkins Academy. Miss M.J. Dunnett will resume her duties this year after an extended leave of absence. Miss Henderson, who supplied for Miss Dunnett will be retained while the other members of the staff will be the same as last year.

FINING SMACK CAUGHT FINE

A Chatham small fishing smack caught fire Wed. night lying at the post office wharf, and for a time caused some excitement. The blaze was finally extinguished but not before much damage had been done by fire and water. The boat was the property of Alex. LeBlanc of Chatham.

LOST 20 POUNDS

Jack Ryder, the St. Stephen, shell-flocked returned soldier, lost 20 pounds weight during his wanderings about the province in the week that he suffered an attack of amnesia, but he is in fine spirits and in full possession of his mental faculties again.

FINED \$100.00

Richard Breaux was before Police Magistrate Demers last week on a charge of cruelty to a horse and obtaining a horse under a false name. He pleaded guilty and was fined \$100 or 3 months in jail. Breaux hired a horse in Newcastle and failing to return, Chief Hopkins followed him to Tabusintac where he arrested him. The horse had been miserably treated and Breaux was brought to Newcastle for trial.

POPULAR BAND CONCERTS

The Newcastle Band played a delightful concert on the band stand last Wednesday evening. The concerts are thoroughly enjoyed and appreciated by the public. A band is a great asset to a town and deserves the hearty co-operation of the citizens. It is hoped that the series of splendid concerts will be continued for the balance of the season.

SCHOOLS OPEN ON

DIFFERENT DATES

An official reply from the Educational Department at Fredericton to a query of the Telegraph Journal asking for the correct date of school openings throughout the province, is to the effect that, under the law, the schools open this year Tuesday, Aug. 26, with the exceptions of those schools in the city of St. John and Fredericton and one or two other places which have chosen to keep the schools closed until after Labor Day. Teachers who do not open their schools until after Labor Day do not receive Government grants for the time lost after Aug. 26.

THE STORY OF A GOOD INDIAN

The story is told of an Indian who called at the office of the editor to pay for his paper. The editor took the money; then the Indian wanted a receipt. The editor tried to talk him out of it, but Mr. Indian insisted on getting the receipt.

After writing it, the editor wanted to know why he was so persistent about wanting a receipt. The Indian said, "Me die some time. Go to big gate and St. Peter ask if I been good Indian. I say yes. He say, did you pay your debts I say yes. He say "Did you pay editor for paper?" I say yes. He say "Where is your receipt?" I chase all over hell to find you and get receipt."

NEW BARBER SHOP

Mr. Michael Coughlan, recently returned from Boston, Mass., has opened a tonsorial parlor in the building next to the Post Office, where he is prepared to give his customers up-to-date and satisfactory service.

RAIN HELPED ROOT CROP

A heavy rain which set in early Thursday morning was quite general and has done much good to the apples and root crops. Grain is too far advanced to be much benefited.

THE PARTRIDGE SEASON

The partridge season opens on October 1 and lasts 30 days. Under the regulations sportmen will be permitted to shoot 6 birds in one day, but not more than 20 birds per man during the whole season. The sale of the birds is prohibited.

TEMPERANCE CAMPAIGN

The executive of the New Brunswick Temperance Alliance announced that a campaign of temperance meetings had been outlined for September. Speakers will be Rev. W. D. Wilson, Rev. Marshall, Rev. H.A. Godwin, Rev. T.D. Bell and Mr. D. Fraser, Rev. Mr. Bell formerly of Hampstead has been engaged by the Alliance to do Field Secretary work and to assist Rev. T. Marshall.

LIBERAL-CONSERVATIVE CONVENTION

A convention of the Liberal-Conservatives of the County of Northumberland is called for Wednesday, Sept. 3rd in the Opera House, Newcastle. At the convention, a county executive will be formed and a candidate selected to contest the bye-election which will be held this fall in Northumberland. If arrangements can be made the Rt. Hon. Arthur Meighen, leader of the Conservative party, will be present to address the convention.

FIREMEN'S DANCE

The dance held last Wednesday evening in the Town Hall by the Fire Department was a success in every particular. Both dancing floors were filled and everyone who attended enjoyed themselves immensely. The Fire Department takes this opportunity to thank all who in any way assisted in making the dance the great success it was. Miss Eunice Cook was the winner of the beautiful French Ivory manicure set, so kindly donated by Mr. Allen McLellan of Chatham for the lady who sold the largest number of tickets. To Mr. McLellan, Miss Cook and the other ladies who sold tickets, the Fire Department expresses their appreciation and thanks.

BAND CONCERT

Owing to a number of the members of Newcastle Concert Band being out of town the weekly band concert will not be held from the band stand this week until Thursday or Friday evening. A sign will be placed on the band stand giving the correct date, a day previous to the holding of the concert. The following will be the program rendered.

- 1.—March—"Comrades Call"—Huger
 - 2.—Waltz—"Thoughts"—Alford
 - 3.—Overture—"American Federation"—Skuggs
 - 4.—Fox Trot—"Kentucky Bungalow"—McFall
 - 5.—March—"Jewels Triumphed"—English
 - 6.—Selection—"Norma"—McCaul
 - 7.—"It Ain't gonna rain no more"—Cooke
 - 8.—Overture—"Impromptu"—Dalby
 - 9.—By request—Bartone and Alto Duet—Casey Bros.
 - 10.—March—"Welcome All"—Crosby
- God Save the King.
H.B. Cassidy, Director

DIED

At Wollaston, Mass. on Thursday August, 14th, Florence Emily wife of Fred E. Ives, in her 30th year.

TENNIS TOURNAMENT

The local tennis club was defeated on Saturday by the Moncton Tennis Club at the latter place, in a friendly tournament by 11 to 6. A return tournament will be played here on Labor Day.

NORTH SHORE PUBLISHERS MEET

The annual meeting of the North Shore Publishers Association was held in the Nipisiguit Hotel, Bathurst on Saturday. The Miramichi publishers went through to Bathurst by car.

TO BUILD CREAGHAN BLOCK

Tozer Bros. of this town have secured the contract for the erection of the new Creaghan block and work will commence at once. The foundation is now complete and the building will be constructed of brick and steel.

DIED AT LANCASTER HOSPITAL

Milton Thibodeau of Boiestown, a returned soldier passed away Friday night at Lancaster Military Hospital, St. John, after a long illness. He had been an inmate of the Hospital for a long time as the result of injuries received overseas.

MORSE'S TEA HAS BEEN STEAMING

its fragrant goodness from a host of teapots for over fifty years. MORSE'S TEA has had many imitations and lots of competitors, but it is still the standard of good tea in this province.

TO REBUILD FOUNDATION

The Trustee Board of the Methodist Derby Church have decided to rebuild with concrete the foundation of their church. A working committee of six, comprising Messrs. E.J. Parker, A. Brenton, C. Crocker, W. Crocker, Dr. W.A. Wilson and Major R. Crocker was appointed to look after the construction of the foundation.

A PROBABLE CANDIDATE

It is understood that the many friends of Mr. Chas. J. Morrissy, M.L.A. are desirous to have him succeed his father, the late Hon. John Morrissy, as the standard bearer of the Liberal party in Northumberland county. In all probability Mr. Morrissy's name will come before the Liberal Convention which is to be held here in the Opera House next Tuesday.

IN THE RUNNING

In conversation with Mr. Chas. Morrissy, M.L.A. regarding the rumor that he did not intend to allow his name to go before the Liberal Convention, which is to be held in Newcastle on Tuesday, Sept. 2nd, Mr. Morrissy stated that at the present time he was quite willing to permit his name to go before the convention and if he received the nomination, he was prepared to accept it and would do everything humanely possible to merit the confidence of the electors of the county of Northumberland.

SEWING CIRCLE GOSSIP

There was some discussion at the Sewing Circle this week about the delights of camping out. The wife of the new Bank Manager who had just returned from a week in the wild woods, said that the most enjoyable thing about it was the cup of LUXOR COFFEE which her husband made every morning for her at 7 o'clock. "I thought that LUXOR COFFEE tasted pretty good at home" said she "but it was even better at that early hour in the woods."

NEWCASTLE JUNIORS DEFEAT CHATHAM IN TENNIS

A friendly tennis tournament was played here yesterday afternoon on the local courts between Newcastle and Chatham Junior Tennis Clubs. The visitors came to town with friends in automobiles and the young people had a most enjoyable afternoon. After play was finished the visitors were served refreshments by the juniors of the local club and one and all were unanimous in declaring the first tournament of its kind, between the sister towns, a great success. A return match will probably be played in Chatham on Saturday next.

The results of the game were as follows:

1. D. King of Chatham defeated E. McWilliam of Newcastle, 6-3, 6-3.
2. J. Morrissy and B. Petrie of Newcastle defeated M. Snowball and B. Loggie of Chatham, 4-6; 6-5 6-4.
3. J. Morrissy defeated G. Gillespie, 6-0; 6-1.
4. B. Petrie defeated Mac. Snowball, 6-3; 6-0.
5. B. Petrie defeated Bep Loggie, 6-2; 6-5.
6. Kenneth Brown and Frank Park defeated G. Gillespie and B. Snowball, 6-3, 3-6; 6-0.
7. Graham Crocker and Edith McWilliam defeated Bep Loggie and D. King, 6-3; 6-3.
8. Kenneth Brown and Gwyneth Belya defeated B. Snowball and Edith McLaughlin, 6-4; 6-5.
9. Marjorie Ferguson and Alma Paulin defeated Elizabeth Tweedie and Mollie Loggie, 6-3; 6-4.

BOY SCOUTS

The Boy Scouts held a meeting last night in St. James Hall with a view to making arrangements for the coming fall and winter program.

PROSECUTIONS IN FISHERY CASES ARE NUMEROUS

The fisheries guardians on both St. John and Miramichi waters this season have been very active and large numbers of prosecutions have taken place with others still to come. Inspector H.E. Harrison of Fredericton has reported 18 prosecutions for offenses in St. John waters and there have been 17 in Miramichi waters. On the St. John four men were given jail sentences and are still serving them.

In both rivers there have been exceptionally good runs of salmon during the summer but the water has been remarkably low and the weather remarkably sunny and clear. Both conditions are against large catches by either rod or net. Reports from Miramichi waters now are that there are many fish there but they will not rise. Earlier in the season there were some good catches on the Miramichi. Stories of dynamiting and spearing are exaggerated. The salmon in St. John waters are also not rising readily now but the Tobique Salmon Club had good fishing earlier in the season. The extension of the netting season on the St. John tidal waters has brought a number of applications for licenses. Some from residents of non tidal waters have been refused.

BALL LEAGUE EXECUTIVE HELD MEETING

The Miramichi Baseball League executive held a meeting at Newcastle Thursday night.

An unsuccessful attempt was made to reach A.W. Covey, President of the M.B.A.A.U. of Canada by phone so that the matter of the tie game between Loggieville and Nelson could be settled.

G.P. Burchill President of the M.B.B. League was asked to get in touch with Mr. Covey and have an official ruling on this point.

Newcastle has forfeited their two remaining games, one to Chatham and one to Nelson. The protest ed game between Nelson and Loggieville was awarded to the former club. When the winner has been named arrangements will be completed for a provincial play-off.

U. S FUNDS MORE PLENTIFUL

Merchants say there is more American money in circulation at the present time, than there has been for a number of years. This is accounted for by the large number of American tourists and also because at present there is no exchange on American funds, consequently people are not hoarding the United States bills, but keeping them in circulation.
