FOR MANTOBA.—Messrs. James Morris-
son, of Guelph, and Stephen Nairn,
Rockwood, left town on Saturday on a
visit to Manitoba.

GAIP of last week is better than ever,

style of picture formerly in vogue. The
cartoon touches upon the recent elevation
to the Bench of Hon. A. A. Dorion. For
sale at Anderson's.

terior of St. George's Church, in this
town. It was done by Mr. Esson. Copies
are for sale at his store. He has also
shown us a steel engraving of the splen-

LARGE FUNERAL.—On Monday after-
noon the remains of Martha Stephens,
lately an employee in Hepburn's Shoe
Manufacture, were followed to the grave
by her fellow laborers, in carriages. The
deceased had been ill for about two weeks,
and her death deprived those with whom
she had associated and worked of an
esteemed friend. Besides her compan-
ions in labor, the members of her class
in the Primitive Methodist Sabbath
School accompanied the hearse on foot,
the whole forming a large cortege.

cipal business done at the Court of Re-
vision last evening, were the following
items:—David Allan, property in West

Carr, with 50 horses and 130 oxen and
carts, will join the detachment now en
route to Dufferin, and move to the Plains.
One half the force will be stationed during
the coming winter at the Rocky Moun-
tains, while the other will have their
head quarters at Fort Ellice. The force
which left Toronto last week, consisted
of 250 officers and men, 250 horses, with
complete equipments, and stores and
supplies necessary for the maintenance
of the force for one year on the Plains.
70 wagons were added at Sarnia and 30
additional horses taken on at Detroit.

POLICE COURT.
(Before the Police Magistrate.)
June 9.

Daniel Ballantyne was charged by P.
C. Dooley with being drunk on William
street. He was discharged.

Mary Atkinson was charged by Chief
Kelly for breach of the Liquor Act on the
22nd inst. at her shop on Market street.
Defendant was fined \$20 and costs.

Quarter Sessions. June 9.

This Court opened at noon. The follow-
ing are the names of the Grand Jurors:—
Aaron Abbott, Alexander Allan, John M.
Bond, James Bunting, Geo. Barwick,
Peter Craig, Michael Doyle, Andrew
D'Garmo, John Grady, James Hazleton,
Isaac Holburn, William Hathaway, Geo.
Hirst, William Mechie, Jacob Martin,
Anthony Marshall, Chas. J. McMillan,
John D. McElderen, John McCutcheon,
Archibald Thomson, Henry Webster,
Henry Webster, Jr., John Winter, James
White.

The first case called was that of Ar-
strong vs. McGinn. An appeal against a
magistrate's decision in a matter of dis-
pute between the parties. The case is
proceeding as we go to press. Mr. Guthrie
for appellant; Mr. Macdonald for respondent.

STRUCK AT LINDSAY.—The residence
of John Ginty, Toronto, was on Sunday
afternoon struck by lightning and slight-
ly damaged. The gentleman was at the
time up stairs reading to his invalid
mother. The room was suddenly filled
with fire, and he fell himself partially
benumbed for some time, a portion of
the electric fluid no doubt having passed
through him.

Local and Other Items.

The report that Mr. Desbarats, late
publisher of the Canadian Illustrated
News, had been placed in the Lunatic
Asylum in consequence of his recent
failure in business, is without founda-
tion.

MAN DROWNED AT GODERICH.—On Mon-
day last, while Colin Murray, a sailor on
the schooner Fecumeth, was working on
the jibboom, he fell into the river, and
before assistance could be rendered was
drowned. The body was recovered about
thirty minutes afterwards, but life was
extinct. The Coroner's jury returned a
verdict of "Accidental Drowning."

A CASE OF DROWNING.—A melancholy
accident occurred near Orangeville
on Saturday evening last. A fine boy
about 14 years of age named Finley
McGillivray—a great assistance to his
poor widowed mother, who is in dis-
tressed circumstances—went to a pond
nearby to get a log. Some hours
afterwards he was found floating in the
water. The Coroner's jury returned a
verdict of "Accidental Drowning" was
returned.

TORNADO AT KEMPVILLE.—A tornado
struck the village of Kempville on Sunday,
causing great consternation and damage.
About fifteen shops and dwellings were
blown down, including the station-house
of the St. Lawrence and Ottawa Railway.
A great many persons were hurt, more
or less seriously injuring many, many
narrowly escaping with their lives. The
loss is estimated at between thirty and
forty thousand dollars. Some houses
were turned completely around. The
whirlwind lasted only a few seconds.

A SAILOR.—Last week a young man
named Ralph Smith went from Owen
Sound to Collingwood in search of work.
He obtained employment, but shortly
afterwards was taken ill with rheumatic
fever. The people with whom he was
stopping handed him over to the tender
mercies of the town authorities, and he
was placed in an old deserted building
beyond the railway, whence he was re-
moved to more comfortable quarters.
The poor fellow suffered much, and died
on Tuesday morning. His remains were
conveyed to the steamer *Francis Smith*
by the Good Templars, and sent home for
interment.

DETECTION OF COUNTERFEIT COINING.—
In Owen Sound on Wednesday of last
week Robert Taylor, an employee of
George Bentley, sewing machine agent,
was arrested at the instigation of a pe-
dler named A. D. McArthur. The charge
was for spurious coining, and after the
arrest was made Bentley's establishment
was searched, and the police found two
plaster of Paris moulds, one for two
Canadian quarters. The case was re-
mandered for a week, and in the mean-
time McArthur has been arrested on a charge
of forgery, it being believed that this
charge brought by him against Taylor
was for the purpose of screening himself
from the charge hanging over him for
some time past.

TESTIMONY OF A CITIZEN OF GALT.—
At a public meeting held in the Council
Chamber, Galt, on Monday evening, Mr.
Robert McLean, for some years Inspec-
tor of Agencies for the Gore District Mut-
ual Fire Insurance Company, was the
recipient of a beautiful and valuable sil-
ver tea service. Accompanying the pre-
sent also was a complimentary address,
expressing the esteem in which he is
held by all classes of the community, and
conveying their thanks for the active in-
terest he has taken in public questions.
Mr. McLean replied in an able and
feeling speech. Mr. McLean is well
known as an earnest and eloquent advo-
cate of Reform principles, and takes an
active interest in the promotion of the
Temperance cause. His usefulness as a
citizen has been recognized in this
manner, and he leaves with the good
wishes of the whole community.
He goes to Toronto to take the position
of Inspector of the Scottish Commercial
Insurance Company.

ACCIDENT AND SUSPECTED SUICIDE.—
The freight train bound east on the
Grand Trunk Railway, which passed
Port Colborne between 11 and 12 o'clock
on Saturday night, was thrown from the
track about three miles east of that
place, by the body of a man supposed to
have been lying on the track. The engine
and several cars were thrown off and
heavily damaged, as well as considerable
injury done to the freight. The body of
the man was dreadfully mangled; one
arm was missing and the brains exposed.
From appearance the man was between
35 and 40 years of age, and was fairly
dressed. Upon examination it is thought
that he was not killed by the train, but
that he had either committed suicide or
had been murdered. A knife and revolver
were found near him, and a pool of blood
indicated the place he had been shed before
the arrival of the train. Nothing is
known of the deceased.

A St. Catharines Coroner holds that
"a Coroner's Inquest is a Court of
Record, and if held on Sunday would be
illegal, and consequently quashed at the
next General Sessions Court." How
this "What is to be done in a case
of murder, where immediate judicial in-
vestigation is necessary to discover the
parties implicated, but unknown?"

We learn that Gough has been engaged
by the Y. M. C. A., to deliver a lecture
in Stratford at an early day.

The sentence of Timothy Topping, the
Woodstock murderer, has been commuted
to imprisonment for life.

Prisoners sentenced to jail for over two
months may after July be sent to spend
their time in the new Central Prison,
Toronto.

The Village of Lushow is to be an-
nexed to the County of Bruce, the
majority of votes having been in favor of
such a union.

The body which was picked up in the
lake a couple of weeks ago by the crew of
the *Katy Pringle* is supposed to be that
of Lewis Hutton, one of the ill-fated Ala-
baster crew.

The builders have resumed operations
at the Inebriate Asylum, Hamilton.

Part of the high gravel bank between
the Toronto junction of the G. W. B. and
the Desjardins Canal caved in on Sunday
last, covering the track for several hundred
yards. No one was under the bank at
the time.

Earl of Yarborough Missing

The Catholic Cause in Ireland

Death from a Mine Explosion

Discovery of a Planet

Revolutionary Measures in France

London, June 8.—The newspapers re-
fer to the unexplained absence of an
Earl, whose name they withhold. He
was last seen in the House of Lords on
Tuesday the 2nd instant. A despatch
from Liverpool to the *Courier* of that
city states that the missing person is the
Earl of Yarborough, and he disappeared
once before for the space of six weeks.
The police are searching for him.

New York, June 8.—The *Times* des-
patch says there is scarcely any proba-
bility of the passage of the Civil Rights
Bill by this Congress.

The London special states that the
Pope has issued a mandate convokeing the
Synod of Dublin to consider the Catholic
cause in Ireland.

Washington, June 8.—Mr. Cox pre-
sented a memorial in the House, from
the New York Chamber of Commerce,
for the greater freedom of intercourse be-
tween the United States and Canada.

Milwaukee, June 8.—Beloit was visited
by a terrible storm this morning. The
spire of the First Presbyterian Church
was demolished, and that of the Second
Congregational Church badly damaged.
Many roofs and chimneys were blown
down. The same storm swept over a
great part of the State, and serious damage
is reported at Howard, Ill.

Wilkesbarre, Pa., June 8.—Last night
an explosion occurred at No. 1 shaft,
Vanticoke, burning three miners, and
setting fire to a breaker, which was soon
destroyed. While fighting the flames
some burning timbers fell upon William
Vivian, killing him instantly. Two other
men who were also engaged in fighting
the flames were killed.

Rochester, N. Y., June 8.—A new
planet was discovered at ten o'clock to-
night by Lewis Swift, of this city. It is
near the camelopard's breast, is quite
bright, and has a tail about half a degree
in length. Its motion is slow and to-
wards the earth.

London, June 9.—The *Times*' corres-
pondent at Paris telegraphs that it is ex-
pected that M. Dufaure in a few days
will ask the committee on the constitu-
tion of Laws to come to a vote on the
first article of the Bill introduced in May,
1873, providing that the Government
consist of a Senate Chamber of repre-
sentatives and the President of the Re-
public. If the Committee rejects the
article, the Left Centre will move in
assembly to refer a similar proposition
to a new commission. Should this fail
the Left Centre as a last resort will move
the dissolution of the Assembly. In the
event of an adverse vote on the motion
the deputies belonging to all the sections
of the Left may possibly resign *en masse*.

New York, 8 a.m., June 9.—Another
hot day in prospect. The thermometer
is now at 80°.

Wm. H. Cary, a wealthy builder, who
built the Equitable Insurance and other
notable buildings in this city and Brook-
lyn, shot himself in the head at Fort
Hamilton Village yesterday. Despond-
ency and nervous prostration the cause.
Specials from Washington agree in
saying that there are no hopes of the
passage of the Civil Rights Bill.

London, June 6.—A despatch from
Bombay says the wet season has fairly
set in. The rains are heavy, and there
is much rejoicing at their prospective
beneficial effect on their crops.

A destructive fire occurred at New-
ham, Cambridgeshire, to-day. Eleven
families are rendered homeless.

Runaway and Accident at Salem.
(Special per Dominion Linc.)
Salem, June 9.

Mr. Wm. Hood, with his wife and
children—from the Township of Peel,
near Drayton—were thrown out of their
wagon this afternoon while passing
through this place on their way to Flora.
The bolt of the whipple-tree broke sud-
denly and the horses took fright and ran
away. Mrs. Hood is seriously injured
in the lower part of her spine and hip
joints; the wagon having passed over
her. Mr. Hood and children escaped
with slight injuries. Dr. Griffith is in
attendance and is doing everything pos-
sible to relieve the poor woman's suf-
ferings.

NEW COLONY.—A Swiss colony is being
formed near Lake Nipissing. About 20
emigrants arrived at Parry Sound on
Saturday last, and proceeded in a body
to the scene of their future home, where
two of the party have spent the past
winter. The new settlers are lively
respectable and intelligent, and are pos-
sessed of considerable means.

The ratepayers of Tilsonburg have de-
cided in favor of the Waterworks system of
protection against fire, by a vote of 64 to
29. The *Observer* predicts that before
five years pass over, the enemies of this
scheme will wonder at their blindness in
opposing it, for before the end of five
years the great value and cheapness of
the system will have been proved.

Creo-Mating is not a new idea, it
having been in vogue among the aborigines
of the North-west for some cen-
turies.

The Mission to British Columbia.

It seems to us, after reading the correspondence relating to Mr. Edgar's mission to British Columbia, that the Government of that Province pursued a course which does not redound to their credit, and will not raise them in the estimation of the people of the Dominion. More than that, they acted discourteously toward the Dominion Government, and to Mr. Edgar, their duly accredited agent.

Mr. Edgar went to the Pacific coast with a letter from the Premier, in which it was stated that he was specially sent out to confer with the Local Government on questions lately agitating the public mind in that Province, and particularly to ascertain their views on the construction of the Pacific Railway.

Then follows an enquiry from the Provincial Government for particulars of the policy of the Dominion Government in regard to the construction of the railway, and a reply by telegram from the Secretary of State at Ottawa, that it was impossible to commence with the construction of the road until the surveys were completed.

The Local Government in a note to Mr. Edgar inform him that they cannot confer with him officially, or discuss the proposals made, for the reason that they did not consider him properly accredited as the Agent of the Dominion Government.

Arrest of one of Scott's Murderers. From the Manitoba Free Press, May 30. It having become known that Andre Nault, one of the firing-party at the Scott murder, had returned to his home, a few miles up the Red River, for the first time since the flight of the banditti in 1870, it was determined by the authorities to effect his arrest.

Intercepted here he returned and made a dash for liberty through the front door, but was promptly floored by one of the specials. As he made such strenuous efforts to escape, and refused to submit to arrest, it was determined to handcuff him. Upon commencing this operation, however, some four or five men, sons of the prisoner, and others, attacked the sheriff's party with the intention of rescuing Nault. Two others, young men, ran off for the purpose of procuring assistance from neighboring houses for the Nault party.

This arrest is an important one, Nault having been, during the troubles, one of those who were particularly active in their brutality to the prisoners, and who is thought by some to have been the officer in command of the firing party at the murders.

TREMENDOUS RUSH. Our great sale of "Fashionable Millinery" on Saturday last attracted an immense number of purchasers. Our spacious Show rooms were crowded from early morning until late at night, all expressing the highest satisfaction with our magnificent display, and astonished at our wonderful prices.

We will have our stock of "Trimmed Goods" fully replenished by Wednesday morning, and will show on Wednesday, Thursday, Friday and Saturday of this week the grandest display of Choice Millinery ever witnessed in the town. First-class Milliners only are engaged in trimming these goods. Will open to-morrow another lot of CHEAP SUN HATS.

Fraser gives his old friends a cordial invitation, and invites all who wish to save money to call and see his new stock. G. B. FRASER, Wyndham Street, opposite his old stand, Guelph, May 23, 1874.

the agent of Ramsdell's Patent Wood Gas Company. It is stated that by this new process a cord of basswood will produce 22,000 cubic feet of gas, while according to the old process a ton of coal gives only about 10,000 feet. There are no expensive purifying processes required, and the residue of charcoal is claimed to be worth more than the wood consumed. The gas is said to be purer than coal gas, and produces a more brilliant light. It is proposed to organize a joint stock company for the purpose of supplying the town of Collingwood with gas. The cost of retorts and say 6,000 ft. of main pipe is estimated at less than \$10,000.

THE MENNONITES.—Mr. Hespeler has received a letter from Hamburg informing him that of forty-five families that had started for this country, twenty-eight have been induced to abandon their original intention and go to the United States. The Northern Pacific Railway has an agent stationed at that port, who was instrumental in bringing this about, by his stories of misrepresentation about Canada. The Dawson Road was one of the bug bears which he held up, setting forth that while a strong man might get through alive, women and children scarcely could. We understand that Mr. Hespeler is preparing a pamphlet in the German language for distribution among the Mennonites, as they come to Hamburg, contradicting these imaginary stories. We believe that Mr. Shantz, from Ontario, has made an arrangement with the Government for the erection of reception houses on the reserves, and will be here shortly to proceed with his work.—*Manitoba Free Press.*

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Eston Road, London.—See article in *Cassell's Household Guide.*

The latter had two innings, going first to the bat, and left the field with a score for the first inning of 23, and for the second 41. Their opponents, however, were too strong for them, and ran up a score in one inning of 81, thus obtaining the victory by 17 runs. The play on both sides was good.

Specific Medicine

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over-indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Somnolent Weakness, Spontaneous Impotency, and all diseases that follow as a consequence of Self Abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity or consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over-indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine is sold by all Druggists at \$1 per package, or six packages for \$5, or will be sent by mail on receipt of the money, by addressing
