The Toronto World THE KING OF GREECE

ABSOLUTE GUARANTY DEMANDED 30,000 Bulgars Were Repulsed By French Troops

Austrian Attacks Fail in Purpose

Nothing Short of That Will Be Accepted From Greece.

TOO MUCH AT STAKE

Greek Government Soon Must Define Its Attitude Toward Allies.

LONDON, Nov. 16.—With the increasing gravity, from the allied viewpoint, of the military situation in Serbia, the attitude of Greece toward the armies of the entente powers has become a matter of the deepest concern, and an effort is being made to induce the Greek Government to define its intentions with respect to the safety of the Balkans.

It is said that the presence at Saloniki of a large number of French and British warships, with transports, has made some impression on King Constantine and his advisers. But, with so much at stake, nothing short of a positive guarantee of the safety of the Balkans and of the French and British troops, should they be compelled by circumstances to retire into Greece, will satisfy London and Paris, the ministers of which capitals are being strongly supported by the Russian and Italian representatives.

The presence of Lord Kitchener, the British secretary of war, in the Aegean and of Denis Cochin, a member of the French cabinet, at Athens, it is hoped here will help to clear up a very complicated situation.

Montenegrins Maintained Positions and Inflicted Enormous Losses on Enemy.

CETTINJE, Nov. 16, via Paris, Nov. 16.—An official communication, issued by the Montenegrin headquarters today, says:

The Austrian attacks against our Sanjak position were repulsed in violence all day on the 14th. We succeeded nevertheless in maintaining our positions and inflicting enormous losses on the enemy. We have repulsed Austrian attacks on Nouchido and Troglav. Artillery fighting along the remainder of the front continues.

MAY ASK ALLIES TO QUIT GREECE

Rumors Current That King Constantine Will Make Request.

MORE WARSHIPS ARRIVE

Harbor of Saloniki Full of Battleships Ready for Action.

SALONIKI, via Paris, Nov. 16.—Anti-dynastic demonstrations are reported to have occurred at Patras, one of the strongholds of ex-Premier Venizelos, and also the home of former Premier Constantine, who now represents it in the chamber of deputies.

While the intentions of King Constantine with respect to the Balkan situation have not been defined, rumors have been current that the entente allies' troops may be requested to quit Greek soil. A significant feature of the tense situation is the material increase recently in the number of allied warships in the harbor of Saloniki, and more are expected to arrive daily.

The organ of ex-Premier Venizelos at Saloniki says:

"Moral law and an oligarchy are in unlawful possession of the power. There will be no demobilization; yet elections will be held. Fifty Venizelist deputies, who were mobilized, requested the postponement of the date of their appointment to enable them to conduct their electoral campaigns. The ministry of war refused the request. This unwholesome preamble says much for the intentions of the Skoufoudis cabinet. The new chamber will represent anything but the nation."

FIELD STAFF FULLY CAPABLE HALDANE'S REPLY TO CRITICS

Baron St. Davids Feared "Muddling in High Places" Deprived British of Full Success—Inquiry Into Lack of Reserves at Loos.

LONDON, Nov. 16.—Charges of incompetency and neglect of their work were brought against the British staff in France by Baron St. Davids, in the house of lords this evening, when he asked the government whether its attention had been called to the reports alleging that during the recent fighting there had been many complaints as to failures of the staff work.

Lord St. Davids asserted that men had been added to the staff for no military reasons, who ought to be in the trenches, and that he had been told that the British headquarters staff was five or six times as large as that of Gen. Joffre, the French commander-in-chief. It had been stated, he continued, that women visited headquarters in France, and asked whether the government defended their presence there.

"Muddling in High Places."

The people were sending their sons out to fight under the direction of men who, he declared, were living at headquarters in vast numbers and could not get early to their offices because they were up late playing bridge. "It is about time," said Lord St. Davids, "that the men were given a fair chance. More than once the troops

NO COMPULSION NEEDED TO FIND MEN FOR ARMY

Conscription in Great Britain May Be Avoided, Says Premier.

FAITH IN VOLUNTEERS

Bonar Law Also Believes Present System Will Win War.

LONDON, Nov. 16.—Premier Asquith is still hopeful that the voluntary system of recruiting in the United Kingdom will succeed. The premier stated in the house of commons this afternoon it was his hope and belief that coercive measures would not have to be resorted to.

The premier said he was confident that the appeal to the sense of patriotic duty now being so energetically pressed by Lord Derby's committee would elicit an adequate response from all classes, particularly the young unmarried men of the country.

Mr. Asquith to quiet the fears of the anti-conscriptors, reiterated that no decision regarding compulsory enlistment could be taken without the consent of parliament.

Jas. Henry Thomas, assistant general secretary of the Amalgamated Society of Railway Servants and Labor member for Derby, complained that the Earl of Derby's circular conveyed the impression that conscription would be enforced after Nov. 30. That, he declared, would be a violation of the agreement with the Labor party. He did not believe that the government would be able to force a conscription bill thru the house of commons; nor would he believe that the voluntary system of enlistment had failed.

For Voluntary System.

Mr. Andrew Bonar Law said that while at the outset of the war he believed conscription to be the best system, he realized that recourse to it now might cost too much, since it would divide the nation. The whole question depended upon whether under the voluntary system all the men necessary to win the war could be obtained. He contended that they would, if the voluntary system were given a fair chance.

Mr. Bonar Law ridiculed the idea that Lord Derby intended to suggest that every eligible unmarried man did not enlist, those who stayed behind would be compelled to join the colors before the married men were called on. What Lord Derby meant was that if there was a general shrinkage among the unmarried men, then they would be made to enlist.

ACCUSES OFFICERS OF REMOVING SUPPLIES

Sensational Charge Made at London, Ont., Court of Inquiry.

LONDON, Oct. 16.—Sergt. Ralph Loughheed and Lance-Corp. Pere caused a sensation at tonight's session of the court of inquiry investigating charges of wholesale theft from the quartermaster's stores of the 33rd Battalion, C.E.F., by swearing that one day they saw Maj. McCrimmon, then in command of the battalion, and Capt. T. L. Haygarth, suspended quartermaster of the unit, leaving the camp with an automobile full of large quantities of sugar and powdered milk. Capt. Haygarth refused to give evidence until he had consulted his lawyer.

Tonight's session of the inquiry was the first open one since the court began its sittings here. Brig-Gen. Henry Smith of Ottawa is president of the board.

Austro-German Attempt to Envelop Serbs in North Fails.

SALONIKI, Nov. 16, 1.50 p.m.—General Sarrail, commander-in-chief of the French army in the Balkans, in announcing the result of a 36-hour battle on the Cerna River, in southern Serbia, declares that 30,000 Bulgarians were repulsed along the whole line with very heavy casualties. Not one French gun was lost.

The Austro-German effort to envelop the Serbian army in the north, it is also announced, has failed, and the Serbian counter-offensive is proceeding successfully.

TRY TO SETTLE KELLY LAWSUIT

Manitoba Ministers Agree to Compromise for One Million Dollars.

CONTRACTOR'S OFFER

About Three-Quarters of That Sum Said to Be Available.

WINNIPEG, Nov. 16.—An evening paper today published on what it claimed as authoritative information that the Manitoba Government had agreed to accept a sum approaching \$1,000,000 as settlement for the settlement of the pending civil action, but that the criminal action would still proceed.

To some extent there is believed to be confirmation of this. Kelly has made an offer, but not more than \$700,000 or \$800,000. The government, it is said, hopes to get a better settlement thru straight process in the courts. The government claim is for about \$1,250,000, this being the total of the "extras" with which the original parliament buildings contract was embellished. The case will come into court tomorrow.

BOAT WITH EIGHTEEN PASSENGERS MISSING

Indian Monarch Was Burned While on Way to Auckland, N. Z.

LONDON, Nov. 16.—The representatives here of the Austro-Hungarian Government say that one boat with 18 men from the British steamer, Indian Monarch, which was abandoned on fire 420 miles south of St. Helena, November 9, is missing. The captain and 17 members of the crew of the steamer were landed at St. Helena Monday. The Indian Monarch was bound from New York for Auckland, New Zealand.

BRITISH ARTILLERY ACTIVE SIR JOHN FRENCH REPORTS

LONDON, Nov. 16.—An official communication from Field Marshal Sir John French, commander-in-chief of the British forces in France, said public here tonight:

"Since my communication of the 14th, the artillery on both sides has been active, especially south of the La Bassée Canal east of Kommer and east of Ypres. There have been no infantry actions. There has been considerable mining activity."

SHOT IN WRIST BY A SPRING GUN

Gas Inspector Wounded in Entering Cellar While on Duty.

POLICE MAKE ARREST

Edward Morrison, Auburn Avenue, Alleged to Have Set Trap.

When an employe of the Consumers' Gas Co. visited the house of Edward Morrison, 78 Auburn avenue, yesterday afternoon, and opened the door of the cellar where he was going to inspect the meter, he received a bullet in his wrist from a 32 calibre revolver which had been attached to the door.

He immediately made a complaint to the police at Ossington avenue station, but when asked for his name, he ran out of the station and away.

Morrison was afterwards arrested by Acting Detective Wickert on a charge of setting a spring gun which was fully loaded.

To the police Morrison claimed he was an inventor and that certain articles of food which he had placed in his cellar were poisoned with whitelead some time ago by an alleged enemy of his. Recently he found evidence that persons were entering his cellar, and in order to scare them away he decided to set up a spring gun. He placed the revolver in a frame inside the door, about four feet from the ground, and attached a string from the door knob thru a hook a foot higher up, and then to the trigger of the revolver, which was placed in such position that when the door was opened, firing the gun the bullet would strike an unwary visitor of normal height, in the chest.

He will appear in the police court today.

VON HINDENBURG SHIFTED TO WEST

Kaiser's Favorite Soldier Reported to Have Left Eastern Front.

LONDON, Nov. 17, 2.30 a.m.—The Morning Post's Bernese, Switzerland correspondent says it is reported here that Field Marshal Von Hindenburg has left the eastern for the western front.

LIET. CHESTER HUGHES KILLED

Son of Dr. James L. Hughes Meets Death in France.

MEMBER OF ENGINEERS

No Particulars Except Cable Announcing Fatality Received.

OTTAWA, Nov. 16.—A cable came to the militia department today, addressed to Sir Sam Hughes, announcing the death of Lieut. Chester Hughes, son of Dr. James L. Hughes, former school inspector for that city. He was a member of No. 6 Field Company Engineers, and a nephew of the minister of militia. The cable was relayed to Gen. Hughes at Halifax.

Lieut. Chester Hughes, who was killed in France, was the son of Dr. James L. Hughes, 47 Dundonald street. Word of the lieutenant's death was sent to Dr. Hughes thru his brother, the minister of militia, yesterday afternoon. No particulars of the casualty are obtainable yet.

Lieut. Hughes was 27 years of age. He graduated from Parkdale Collegiate and went to Toronto University (S.P.S.), receiving his degree of B.Sc. four years ago, but he took a post-graduate course in steel and concrete. He was responsible for constructing three bridges in Scarborough, and then joined the C.P.R. construction department. Shortly after he became affiliated with an old college mate as the locating engineer on some construction work in New Brunswick.

On account of the important duties in connection with this position he was unable to enlist with the first contingent, but on the 6th Division Engineers at close of last year, and left for the front immediately. While in this corps some very dangerous engineering work was under his direction, and he was mentioned several times for his gallantry and engineering skill.

TWO ACQUITTED.

HAMILTON, Wednesday, Nov. 17.—In the criminal court yesterday afternoon that Field Marshal Von Hindenburg was acquitted of respective charges of theft and aggravated assault.

SHAH STAYS IN TEHRAN

He Professes Friendship for Both Great Britain and Russia.

GERMANY'S PRESSURE

Great Efforts Made to Compel Persia to Fight Russia.

LONDON, Nov. 16.—A Petrograd despatch received here says that a telegram from Teheran asserts that after deliberating with the council of ministers, the Shah of Persia received the British and Russian ministers and informed them that he had given up the idea of leaving the country.

"The Shah," the despatch adds, "declared himself friendly to Great Britain and Russia. The next day he returned with the same officer and drove the enemy out of their position, obtaining much valuable information.

On Oct. 17 Private Wythe went for the third time into the enemy's camp, accompanied by two others, and secured further useful information. This little party only retired after ten bombs were thrown at them by the Germans.

LIQUOR STORES UNDER BAN.

OTTAWA, Nov. 16.—All liquor stores in Ottawa have been placed out of bounds for soldiers by order of Col. Hemming, D.O.C. This is to prevent soldiers purchasing flasks or bottles of liquor.

FINE EXPLOIT WON REWARD

Private Wythe Ventured Three Times Into a German Sap.

PERILS WERE GREAT

Two Germans Were Killed and Valuable Information Obtained.

LONDON, Nov. 16.—A distinguished conduct medal has been granted to Private A. H. V. Wythe, of the fifth battalion, for conspicuous gallantry, resource and coolness on Oct. 9, at Messines, where he entered a German sap with an officer, and shot two Germans. The next day he returned with the same officer and drove the enemy out of their position, obtaining much valuable information.

On Oct. 17 Private Wythe went for the third time into the enemy's camp, accompanied by two others, and secured further useful information. This little party only retired after ten bombs were thrown at them by the Germans.

U. S. SUPERDREADNOUGHTS PROOF AGAINST SUBS?

Washington Claims Experiments Are Meeting with Marked Success.

WASHINGTON, Nov. 16.—Bids will be opened at the navy department tomorrow for the two 32,000-ton superdreadnoughts authorized by the last congress. The act limited the cost of these ships to approximately \$15,000,000 each.

The two new ships will be built on plans prepared and submitted by the navy department, and are expected to develop means of lessening danger from submarine attacks. The new ships are continuing and are said to be meeting with marked success.

BULGAR ARMY IS CLOSING IN UPON PRILEP

Serbs Retreat From Babuna Pass—Krushevo Falls to Enemy.

FRENCH REPEL ATTACK

Bulgars, Heavily Reinforced, Seek to Bar Way to Veles.

LONDON, Nov. 17, 2.37 a.m.—A despatch received here says that the Serbians have been compelled to retreat from the Babuna Pass, owing to the danger of their position being threatened. The despatch adds that the Bulgarians have captured Krushevo, and are now six miles east of Prilep. The Bulgarians have been strongly reinforced both in central and southern Serbia, and are opposing formidable forces to the French at Gradsko and along the left bank of the Cerna.

This far the French are holding their original position, but the pressure is necessarily being felt by troops who have been fighting for days without cessation.

Italian Troops on Way.

In the north the Austro-Germans, who have joined hands with the Bulgarians west of Nish, are moving slowly and steadily, but doubtless cautiously owing to the presence of the unbroken Montenegrins, with perhaps other support, harassing them in the rear.

A despatch received tonight from Vienna by way of Zurich, says that British and Italian troops are endeavoring to reach the battlefield where the Serbians are awaiting them, but does not say from what point they are coming. The near east will be watched with considerable anxiety for the next few days.

NEWS FROM THE CITY HALL

REPORT DAMNABLE DECLARES M'BRIDE

Alderman Attacks Document of Social Service Commission.

PROVE OR SWALLOW IT

He Would Force Those Who Made Charges to Substantiate Them.

Characterized as the most damnable, blasphemous charges that could be leveled against a city, the report of the Social Service Commission was vehemently criticized by Ald. McBride at the city council meeting on Monday. He declared that the council should know where the money was going and to whom. "These charges are most damaging and we should know who makes them," he said, and in his opinion a judicial enquiry should be held forthwith.

"This report makes Toronto one of the most immoral cities on the continent. It is too disgusting to discuss in public. It is a charge against hotels and restaurants and places of amusement, and I defy the investigators to prove their case. They want us to accept their report *volubly*. If those who made it are honest and of good character, they should let us know their names. It's a most blasphemous report. I would have Judge Winchester conduct an investigation, make it, and prove the report or swallow it."

"Let him find out the calibre of the man who made it, and let the money. Make them back up their statements. If you haven't read the report you will find it the most disgusting words at last failed the alderman."

Immoral Literature. "Talk about immoral literature, say, if any one of us were to publish a thing like that we would be jailed for life. Any person who publishes that kind of literature is a scoundrel. I don't care if it is outside or inside, but to think we spent five thousand dollars for it, and it is not worth a cent, is a disgrace. Nowhere can you find something to follow up. It's not fair to the city. There's no one to be held responsible. Amend it to read with the names instead of 'without.'"

"It's the most damnable report ever got out in this city."

With Silent Contempt. Ald. Cameron agreed with the speaker in all he said with the exception that he saw no good result in securing the names. "I would treat the thing in silent contempt," he said. "I would not allow it in my home. In fact, I wouldn't be seen in public with a copy in my possession. It was a dirty, truck-raking expedition. I do trust it will never be published."

Ald. Wickett said it might be scandalous, but for grown-up men to talk that way was foolish.

Ald. Warren did not see the necessity for "thrusting into a fury" over it, and it was not what was expected of "Toronto the Good," best kept quiet.

Controller Spence stated that the report proved that the white slave traffic did not exist in Toronto. There were other good things which it showed. Altho it was mentioned by Ald. McBride that the report was to be sent to the school teachers, Controller Spence ridiculed such a thing. "I'll pay \$500 towards a judicial investigation," said Ald. McBride.

Ald. Maguire thought the names of decent people would be associated with the report if an investigation were held, even though such people were in no way connected with it. The very mention of a respectable person's name would hurt that person, he maintained.

Every member of council with the exception of Ald. McBride voted to leave out the names and adopt the clause as it stood.

WANT CONTROLLER "DEAD OR ALIVE"

John O'Neill Needed to Settle Problem of Fire Department.

SOME MORE NOMINEES

Board of Control Yesterday Staged Another Scene of Great Farce.

Once again Controller Foster tried to push ahead the appointment of a fire chief, and once again he lost. Once again the names of Col. Langton and Acting Chief Smith came up, and once again they went down. Once again Controller O'Neill was not on hand, and at the board of control meeting yesterday the act recommenced last Saturday was given before an appreciative audience.

Ald. Cameron was commissioned by the mayor to find the missing controller and bring him back, "dead or alive," with the cub, but the alderman, after searching up and down the corridors, returned with the report that, dead or alive, Controller O'Neill was not to be found.

As a preliminary to the scenes, which were well laid, the names of several new aspirants were read: Alf. Rainier, E. G. Smith (Mimico), C. E. Foyd, F. Power, William Russell (Ches) and J. A. Tanburry, all of Toronto, were read, and H. V. Giuseppe of Regina. Col. Currie's name was mentioned.

Controller Thompson: I am ready to vote any time, but it would be proper to wait until the report of the investigation is made.

The waiting commenced. Controller Foster, in an effort to get the ball moving, said the mayor, "I'll go inside and see if I can get a man now to clear this thing up."

There was some doubt, in spite of Controller Foster's statement, whether the Smith nomination was a man now to clear this thing up.

Controller Thompson: "Someone has suggested Col. Currie. If he'd run, I'd support him."

"I won't vote for anybody today."

Question from Controller Spence: "Has Mr. O'Neill arrived yet?"

"No, he is not here. He is too much of a farce to go on. It's a little piece of bunkum."

BIG DEPUTATION SEES CONTROLLERS

Presents Request for Solution of Transportation Problem.

WOULD DROP APPEAL

North Torontonians Would Let Toronto Railway Lay Tracks on Yonge St.

Relief in the way of transportation for North Toronto was the subject of the question of the appointment of a fire chief for Toronto were the most important matters which came before the board of control yesterday. The first was in the form of a request that "some settlement be found," and was backed by one of the largest deputations in many days. The second was but another act in the sequence which has been staged since the beginning of the year. The representatives of five ratepayers' associations presented determined arguments in favor of immediate solution of the problem existing between Price street and Parnham avenue on Yonge street. They demanded action at once and gave the opportunity for Controller Spence to thoroughly point out the city's stand on the question.

He stated that the transportation question in Toronto was not a thing of today or tomorrow, but that the city's interests in the future were being guarded.

Backed the Mayor. In support of the board of control Controller Spence backed Mayor Church by tracing the problem from its beginning and by stating reasons why the suggestion of the deputation if acted upon would not be a good thing for the city.

"We are up against the question 'Shall we satisfy you or attend to the interests of the city?' he said. "It would be much easier at the moment to do what you want, but we must look to the future, to the time when there will be a street railway service all over the city at a single fare. The value of the Metropolitan franchise is not a thing to be trifled with. It is a thing of value to the city and to the Toronto system. If it can not be sold for the value it is not so great."

"We fought for this little strip of track in a battle which cost about thirty-six hours' notice, without the risk of interruption in the public power and light services of the city, and to the serious effect that such would have had upon the convenience and the interests of the citizens at large, including especially the street lighting and manufacturing services of the city. The scale of wages payable under the franchise is not a thing to be trifled with. It is a thing of value to the city and to the Toronto system. If it can not be sold for the value it is not so great."

Commissioner Harris supported the board of control and Mayor Church in the case of the ratepayers' associations.

W. J. Hill of Moore Park, representing the Central Citizens' Association, stated that the members present represented 15,000 to 16,000 people. He referred to the other sections of the city, but felt that on the main thoroughfare of Toronto conditions such as exist at present are abominable. Women with children had to climb the steep grade, and on Sunday last a returned soldier who had lost a leg in a battle was seen struggling to climb the hill. "The solution in this case would suggest is drop the appeal."

He stated that the Toronto Street Railway Company put down tracks. We know the city has nearly always got the worst of cases in the privy council and what about the council?

He thought the city did not want to do anything to give relief.

Capt. A. C. Thorne, representing North Toronto, expressed the thought the city had some solution to offer when it tore up the tracks.

SUFFERED TORTURES UNTIL SHE TRIED "FRUIT-A-TIVES"

ST. JEAN DE MATTHA, Jan. 27, 1914. "After suffering for a long time with dyspepsia, I have been made well by 'Fruit-a-tives.' I suffered so much that at last I would not dare to eat, for I was afraid of dying. Five years ago I received samples of 'Fruit-a-tives,' and after taking them I felt relief. This I sent for three boxes and kept improving until I was well. I quickly regained my lost weight—and now I put on an appetite which I had lost. I am fully recovered, thanks to 'Fruit-a-tives.'"

be some inconvenience to the public; these dislocations were expected. The time to act is when the legislature was in session. We did not create the condition, and there is no rescue until legislation has been received.

"It is a larger question than temporary arrangements which have been made. It is the most important 1400 feet of roadway in Canada."

Ald. McBride spoke for the deputation.

"The demand made upon the Toronto Electric Commissioners by their striking employees and by the union to which they belong is for the adoption by the commissioners of the recommendations of the majority report of the investigation and consultation board. In support of this demand the employees and the union in question organized a strike, and the employees left work at about thirty-six hours' notice, without the risk of interruption in the public power and light services of the city, and to the serious effect that such would have had upon the convenience and the interests of the citizens at large, including especially the street lighting and manufacturing services of the city. The scale of wages payable under the franchise is not a thing to be trifled with. It is a thing of value to the city and to the Toronto system. "We fought for this little strip of track in a battle which cost about thirty-six hours' notice, without the risk of interruption in the public power and light services of the city, and to the serious effect that such would have had upon the convenience and the interests of the citizens at large, including especially the street lighting and manufacturing services of the city. The scale of wages payable under the franchise is not a thing to be trifled with. It is a thing of value to the city and to the Toronto system. If it can not be sold for the value it is not so great."

Commissioner Harris supported the board of control and Mayor Church in the case of the ratepayers' associations.

W. J. Hill of Moore Park, representing the Central Citizens' Association, stated that the members present represented 15,000 to 16,000 people. He referred to the other sections of the city, but felt that on the main thoroughfare of Toronto conditions such as exist at present are abominable. Women with children had to climb the steep grade, and on Sunday last a returned soldier who had lost a leg in a battle was seen struggling to climb the hill. "The solution in this case would suggest is drop the appeal."

He stated that the Toronto Street Railway Company put down tracks. We know the city has nearly always got the worst of cases in the privy council and what about the council?

He thought the city did not want to do anything to give relief.

Capt. A. C. Thorne, representing North Toronto, expressed the thought the city had some solution to offer when it tore up the tracks.

Jerry Nelson, president of the Moore Park Association, stated that the effect of the wet weather coming on something should be done to provide transportation. "Have the street railway lay tracks under an arrangement and give us some relief," he said.

David McIntosh thought the solution was very possible. "I am sure that it would not be a thing to give relief," he said.

James Rawlin, president Northern Heights, said motor cars or buses would be a failure, because of the slippery condition on the streets in winter. James N. Skelton presented clear-cut arguments. He spoke of the unreasonableness of the franchise. They would soon not be a factor at all. "This board has not dealt fairly with us," he said. "The Metropolitan Railway Company has been a factor in a torn up the tracks. If you were not prepared to solve the problem. This case is no comparison with Bathers' street. When you isolate the Metropolitan you isolate the people. We suggest that the arrangement the Toronto Street Railway was willing to make was quite reasonable."

NO CONFERENCE YET IN HYDRO STRIKE

Mayor Church's Efforts Are Unsuccessful Up to the Present.

STATEMENT IS ISSUED

P. W. Ellis, Chairman, Says Commission Might Consider Modified Demands.

There was no conference yesterday between the Hydro strikers and the commission, altho Mayor Church at Monday's council meeting promised the deputation that he would endeavor to arrange one. The men believe they have done all they can to bring about an amicable settlement and feel that suggestions of further negotiations should emanate from the commission. In the meantime the mayor favors the acceptance of the majority award, is trying to get the other members of the commission into a reasonable frame of mind, and if he is successful there may be a conference at the regular meeting of the commission tomorrow. A number of men called on the mayor yesterday to find out if a conference had been arranged, but he was unable to give them any satisfaction.

Later in the day his worship handed out a memorandum regarding the strike that had been prepared for him by P. W. Ellis, chairman of the commission, as follows:

"The demand made upon the Toronto Electric Commissioners by their striking employees and by the union to which they belong is for the adoption by the commissioners of the recommendations of the majority report of the investigation and consultation board. In support of this demand the employees and the union in question organized a strike, and the employees left work at about thirty-six hours' notice, without the risk of interruption in the public power and light services of the city, and to the serious effect that such would have had upon the convenience and the interests of the citizens at large, including especially the street lighting and manufacturing services of the city. The scale of wages payable under the franchise is not a thing to be trifled with. It is a thing of value to the city and to the Toronto system. If it can not be sold for the value it is not so great."

SIX POLICEMEN LEAVE FORCE FOR THE FRONT

Police Commissioners Accept Resignations of Enlisted Men

Stating that they desired to enlist for overseas service, Policemen Stange, Tearney, Mogford, Davies, Knight and Graham presented their resignations from the Toronto Police Force to the police commissioners yesterday, and were accepted.

The city solicitor will be asked to defend Patrol Sergeant Murray, on whom a writ has been served by General Brown, for entering her house.

The accusation of the Trades and Labor Council against inspector Dickson of Court Street Station, that he had used improper and abusive language to women pickets, who were on duty outside the Cafe Royal, was heard by the board, but it was shown to be merely a case of misunderstanding. The secretary of the labor council and its solicitor were present.

An artificial leg will be purchased by the board for Policeman Ferguson, who recently returned from the front. A merit mark was awarded to Policeman Cooke for arresting two men who had robbed a man in an hotel.

CITY HALL NOTES

Mayor Church yesterday corrected his statement regarding the cutting down of the trees in the old General Hospital grounds in order that a parade ground might be provided for the troops quartered there. "The trees will not be cut down," declared his worship. He went on to explain that the officers had only asked that some old shrubs be removed, and that it was not their intention to destroy the trees. The old shrubs and trees have been removed with the permission of the hospital board, and have so far been submitted to the factory to Col. Chisholm and Col. Pellatt.

Revenue accounts for the harbor board for the year show the total receipts to date to be \$1,260,198. This includes the following items: Wharf properties, \$802; cottage sites, \$55.18; harbor dues, \$732; wharfage dues, \$184; accounts receivable, \$40.78; investment returns, \$190,000.

The ten new men whom the board of control gave Acting Chief Smith of the fire department permission to take on have not yet started, and they are all married men. The acting chief will employ no men that are fit for overseas service, and this ruling makes it difficult to secure men for the fire department doubly difficult.

Evidence taken in the Hodgson-Meredith probe is now receiving the attention of Judge Denton, who says he will have his report ready in about a week. This will give the aldermen plenty of time to peruse same before next meeting of council, and will likely be the cause of the controllers sending in a nomination for the position of fire commissioner.

Ald. Cameron appeared before the board of control yesterday in an effort to persuade the city not to boycott the Ford Motor Company. The controllers, however, were not as enthusiastic as the alderman, who gave many reasons for his action. To his Controller Spence retorted by remarking that the hit and slap came from Mr. Ford.

The controllers have decided to deal with the matter when the purchase of a car came before them.

EIGHT CLAIMANTS SEEKING AWARD

Land Damage for Queen Street Extension Before Arbitrator.

Official Arbitrator Drayton yesterday opened the arbitration to decide the land damages in connection with the Queen street extension from Sunnyside bridge, but as Edward Donald of the Grand Trunk real estate department is in an adjournment was made until Nov. 30, Dec. 1, 2 and 3. There are eight claimants and the amount involved is about \$200,000. I. S. Fairly of the city solicitor's department, who is handling the case for the city, called attention to the fact that Queen at Sunnyside bridge was the cause of the claims on account of the bridge damage, but J. E. Fullerton, K.C., who is looking after the interests of one of the claimants, said that the latter did not regard the extension as a self-off against the bridge damage. Mr. Fairly replied that the courts were against this contention.

Property owners along the extension will also object to paying local improvement taxes in connection with the work on the ground that the city is doing the work for the purpose of minimizing the injury to the property caused by the construction of the bridge.

A Chance To Own a Rare Volume—The Red-Letter Edition of the Bible

Perhaps no edition of the Bible has ever attained so widespread and immediate popularity as the Big Print Red Letter Edition, now offered to readers of this paper. The fact that it is not bulky and awkward in size does not prevent the type from being so clear and large that people can read the text with ease. Then, again, the red letter feature, by which all the words of Christ stand out from the context, makes it easy to trace His sacred teachings without reference to cumbersome indexes and concordances. Attention is called to the advertisements that may appear from time to time in our columns, as the number allotted to us may not last, and we want none of our readers to be disappointed. The coupon appears in today's paper, elsewhere.

Read it in the Faces of the People You Meet

The Irritability, the Worry, the Gloom, the Despair of Nerve and Brain Troubles. The Blood is Watery, the Nerves Are Starved.

This is the age of nervous troubles, of brain fag, of heart failure, of paralysis and bodily weakness. You can read it in the faces of the people you meet.

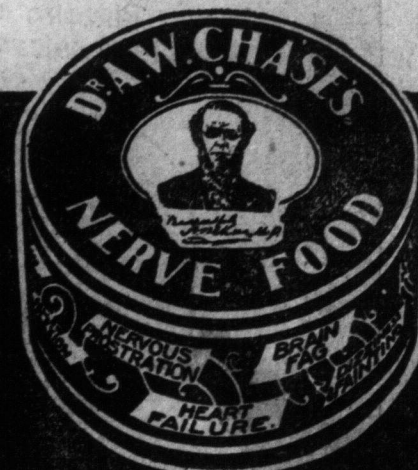

The business man, the factory hand, the professional man, the woman in the home, all find their nervous systems giving way before the terrible strain of modern life and keen competition. Nervous force is consumed at a terrible rate, and the blood which must make good this loss becomes thin and watery, lacking in quality as well as quantity.

The whole secret of preserving health and curing disease in all such cases is to supply an abundance of rich, red blood. Stimulants may drive the heart at a more rapid pace for a time, but the breakdown will come with greater force.

The blood demands nourishment, the nerves cry for sustenance. They call for just such help as is supplied by Dr. Chase's Nerve Food, the great blood builder and nerve restorative.

In many, many thousands of cases of this kind Dr. Chase's Nerve Food has proven exactly what was needed. In using it you are not experimenting, but are supplying to the system the very ingredients from which Nature reconstructs the wasted nervous system. For this reason its cures are both thorough and lasting.

NEWS OF SPECIAL INTEREST TO WOMEN

AUSTRALIAN CADETS ARE ENTERTAINED

Visitors From Commonwealth Guests of Women's Canadian Club.

EXTEND FRANCHISE

Lieut. Simons Says He Does Not See Why Women Should Not Vote.

Lieut. J. J. Simons and the Australian Cadets were the guests of the Women's Canadian Club, at Foresters' Hall, College street, yesterday afternoon.

The cadet band had a place upon the platform, which was decorated with the beautiful Australian flag and the flags of the allies.

A fine musical program was given which evoked the admiration of the large audience present. Lieut. Simons made an address in which he stated that the one thing he could not understand in Canada was that the women did not have the vote.

Miss Constance Boulton in a most charming vote of thanks said she never appreciated any honor more than that now conferred upon her. She was not here, she said, to depreciate her own country, but to appreciate the honor to whom honor was due, and Australia had done somewhat better than Canada.

On behalf of the club, Mrs. Meyers, the president, said that the women of Australia, the pledge of purpose and loyalty from their Canadian sisters.

Mr. Justice Hodgins Finds Testator Was Mentally Unfit.

Mr. Justice Hodgins in the non-jury assize court yesterday dismissed the action of the National Trust Co. against Isaac, Alfred and Albert Moody, Harrie, Allen and Elizabeth Robertson, children of the late Isaac Moody, to have the will admitted to probate in the surrogate court.

MEASLES IS POPULAR IN PUBLIC SCHOOLS

Eighty-Four Cases Have Been Reported Within Two Months.

Measles is the popular disease in the city's public schools at the present time, 84 cases having been reported within the last two months, 31 of these being in school.

Asked as to homework in the schools, the inspector said that the tendency was to cut down the amount of same, and that the amount that could safely be assigned to a scholar in the fourth grade was about three-quarters of an hour.

GOOD WORK IS DONE BY GRADUATE NURSES

Interesting Report Presented at Meeting of Toronto Association.

Much interest centred in the Red Cross report read at the meeting of the Toronto Graduate Nurses' Association, held in the Western Hospital assembly hall, in which were recorded gifts of the nurses since the call came. Mrs. Ohan reported that 7000 yards of gauze per month with 70 pounds of absorbent and 50 pounds of non-absorbent cotton is used for making supplies.

WOUNDED WOMAN MAY BE FORMER TORONTONIAN

Strong Probability Miss Margaret Bell Saunders is Victim of Taube Shell.

A recent cable reports that two Canadian nurses, Miss Saunders and Miss McLean, were wounded by Taube bombs while preparing a meal for Belgian children in a hut pre-erected for the protection of the children, near Furnes. There is a strong probability that Miss Margaret Bell Saunders, who was well known thru her newspaper work in Toronto, is the Miss Saunders mentioned, as she has been associated for some months with Mrs. Agar Adamson and Mrs. Imrie-Taylor in the beneficent work of looking after the Belgian refugee children.

TO AID POOR CHILDREN.

Toronto Women Might Tell Hair Secret

A great many Toronto women, who have an abundance of beautiful hair, know about a remarkable hair formula which every woman ought to know about. For a number of years Toronto druggists have been continually called upon to mix this formula. Undoubtedly the use of this formula is largely the secret of the beauty and luxuriance of the hair of very many Toronto women—and men, too.

MACHINIST STRIKE WORK OF AUSTRIA

Hungarian Official Makes Statement at Probe by Mayor of Cleveland.

DONE THRU EMBASSY

Leader of Men Offered to Sell Out for Six Thousand Dollars.

CLEVELAND, O., Nov. 16.—Louis Loeb, a native Hungarian, serving as city immigration officer, today charged activity by the Austro-Hungarian Embassy at Washington, in the strike of machinists at the Theodor Kuntze factory here.

Loeb's charges came in connection with his defense before Mayor Baker of informal charges that he had been unduly active in his connection with the strike.

He told the mayor that one of the chief advisers of the strikers who, he was convinced, was in the pay of the Austro-Hungarian government, had offered in his hearing, to "sell out" the strikers for \$6000.

Loeb offered in proof of his charges a photograph record, taken by a private detective in an adjoining room at a local hotel, when the \$6000 bribe was alleged to have been solicited on Oct. 31.

Thin Men and Women

Here's a Safe and Easy Way by Which You May Gain 10 Pounds or More of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: "You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food, instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues, and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food.

NOTE: Sargol is recommended only as a flesh-builder, and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

WILLYS-OVERLAND ABSORBS RUSSELL

Six Million Dollar Company is Organized for Canadian Field.

TO BUILD NEW FACTORY

Alongside the Present Building in Use in West Toronto.

The Russell Motor Car Co. of Toronto (Toronto Junction) is, so far as it is in the motor business, to be absorbed by a new \$6,000,000 company, just organized under Canadian law as the Willys-Overland, Limited, of Canada, with head offices in Toronto.

The new company will be a Canadian organization with a big new factory in Canada alongside the present one in West Toronto. They intend to first assemble and then completely manufacture their cars here for Canada and also largely for the foreign market of the parent company in the States.

The present buildings will continue to be used by the Russell Company for bicycle manufacture and other business. The Russell Company will hold a large block of the new company's stock.

The Willys-Overland are now turning out 700 cars a day and will turn out 1000 a day by January next. They own the American patents of the Knight engine and the Russell Company will probably be eventually used in most of the output.

The company hope to have a large output at West Toronto and buildings will be erected and machinery installed as rapidly as possible.

ADVANCE IN PERSIA TO CURB GERMANS

Russian Troops Marching on Teheran to Protect Foreign Colonies.

LONDON, Nov. 16.—"The one aim of the Russian troops advancing toward Teheran is to protect the foreign colonies in case of need, and the Persian Government has been expressly informed of the pacific intentions of the troops," said Lord Robert Cecil, under-secretary of state for foreign affairs, in the house of commons today in reply to a request for information concerning the critical situation in Persia.

Lord Robert pointed out that in view of the happenings in Persia and the presence there of German and Austrian officers the British Government was apprehensive for the safety of the British and allied legations and their subjects.

Proposals, he said, have been received from the Persian Government and were now under consideration.

The Russian government's one desire, "was to maintain the most friendly relations with Persia, provided Persia made a real effort to prevent attacks on British and allied officials by subjects of enemy powers. The whole trouble," he asserted, "was due to the presence of German and Austrian officers and their agents in Persia."

FENIAN RAID VETERANS REUNITED IN BANQUET

Port Hope Association Celebrates Fiftieth Anniversary of Call to Arms.

Special to The Toronto World. PORT HOPE, Ont., Nov. 16.—A banquet in honor of the Fenian Raid veterans was held at the Queen Hotel here tonight by the Fenian Raid veterans. The volunteers left Port Hope on November 15, 1865, and were detailed to guard the Detroit River at Sandwich, the banquet being held on the fiftieth anniversary of that date.

Judge Ward, a former colonel of the 48th Regiment, was toastmaster and speeches were made by Rev. J. A. Elliott, Col. Fred A. Benson, Lieut.-Col. Wm. F. Smith, Capt. E. E. Snider, John Laurie, Jas. Leach, A. Sainsburg, S. J. Williams of Hamilton.

Veterans were present from Stratford, Toronto, Hampton, Enniskillen and Hope Township.

WONDERFUL LESSONS IN THE BIBLE'S ENGLISH FOR WRITERS AND SPEAKERS

Shakespeare was master of nearly twenty thousand words. Milton of about thirteen thousand. But the whole King James Version of the Bible contains not over six thousand words; not a half of Milton's, not a third of Shakespeare's vocabulary. Short words are always strong words; they explode like bullets. Do you know that the average word in the English Bible, including even the proper names, is composed of less than five letters? Leave out the proper names and the average word wouldn't have even four letters.

In the beloved 23rd Psalm there are 119 words; 95 are words of one syllable! In the Sermon on the Mount more than 80 per cent. are words of one syllable. In the Ten Commandments, on which are based all the laws of all the world, there are 319 words; 259 are words of one syllable; and only 60 of two and more syllables. In Lincoln's Address at Gettysburg, perhaps the greatest in the world, there are 266 words. Of these, 194 words are of one syllable; 53 of two syllables, and only 19 of three or more syllables.

There is food for thought in these figures. What an improvement in our writers and speakers, if, like Lincoln, they would only give study to the English of the Bible!

The publishers of the famous RED LETTER EDITION of the Bible inform us that only by means of a vast newspaper co-operation throughout the United States and Canada could this magnificent Bible be had for the nominal price asked. They state they are arranging to distribute at least two million copies, and that the RED LETTER BIBLE represents a value of from three to four dollars in the usual channels of trade.

WISH TO DETERMINE WHO SOLD MOTOR CAR

Interesting Case, Involving Responsibility for Notes in Non-Jury Court.

In the non-jury assize court yesterday Mr. Justice Hodgins was engaged in hearing the action brought by the McLaughlin Carriage Co. against B. Cairns and C. H. Pettet for \$310 alleged due on five promissory notes, and also was asked to determine whether Pettet purchased a second-hand McLaughlin car from Cairns or from the plaintiffs. Cairns stated that the old car and a cheque for \$650 were given by him in April last for a \$1250 McLaughlin motor car and that E. L. C. Nelles, an agent for the plaintiffs, sold the old car to Pettet. As the company did not wish to appear as exchanging an old car for a new one, he says he was asked to endorse the notes and an assurance given that he would not be held liable if they were not met.

On the notes produced he appears as having sold the car to Pettet, and as having endorsed the notes, the plaintiffs held as part payment of the new car. Pettet alleged that when he bought the car from the company it was represented as suitable for fitting. It, however, proved unsuitable and was taken from him later. His lordship reserved judgment.

To Stop Coughs Use Sugar and Tar

A Specialist's Suggestion. Obsolete tickling coughs, the kind that makes you to pieces and keeps you awake at night can be instantly relieved by putting ten or fifteen drops of bicarbonate of soda in a glass of water and slowly dissolve in the mouth. The specialist who recommends this plan says it is superior to anything he has ever tried and may be used with perfect safety and success on children three to four years of age. To make an excellent inexpensive cough syrup which children like he says there is nothing better at any price than half a pound of granulated sugar dissolved in half a pint of hot water and then stir in 3 ounces of bicarbonate of soda. When cool pour into pint bottles and it is ready for use. From half a teaspoonful to a teaspoonful every hour or two will quickly relieve coughs and colds and if regularly used for a few days will give remarkable benefit in cases of chronic and bronchial affections.

BIG GUNS STILL ROAR ON FRONT IN FRANCE

Violent Bombardments Take Place in Champagne, Argonne, Woerwe and Alsace.

PARIS, Nov. 16.—The following official communication was issued by the war office tonight: "The day was characterized by very active artillery actions, which were especially intense in Champagne, in the Argonne, in the Woerwe, in the forest of Apremont and in Alsace, in the region of Ammetzwiler."

"The Belgian official communication says: 'The night of Nov. 15-16 was quiet. Today a somewhat violent bombardment of our advanced positions and of a number of points on our front to the north of Dixmude occurred. Some projectiles were thrown on our lines to the south of that locality, as well as against Saint Jacques, Capelle and Outcappelle. Our artillery replied vigorously to the German batteries, cannonading the enemy trenches and dispersing military pioneers before several points on the front.'

MAY SUBSCRIBE TO LOAN WITH FUNDS IN U. S. A.

British Citizens With Investments in Republic Not Hindered by Government.

LONDON, Nov. 16.—Asked for information regarding the report that Sir Ernest Cassel, whose title as a British privy councillor is now in litigation, had subscribed \$5,000,000 to the recent Anglo-French loan, Edwin Samuel Montagu, speaking in the house of commons in behalf of Reginald McKenna, chancellor of the exchequer, declared he had no details regarding individual subscriptions, but remarked that the treasury did not object to citizens of Great Britain investing in the loan such funds as they already had in the United States on the date of issue.

Holders of securities issued under the loan who resided in Great Britain, he added, would be liable to the income tax on such securities.

YORK COUNTY AND SUBURBS

AURORA TO VOTE ON LOCAL OPTION

Bylaw Was Passed, But Was Counted Out in Appeal Last January

AN EXCEPTIONAL CASE

Owing to Technicality, Three Years' Wait is Unnecessary.

So far as known at the present time the only municipality in York County to vote on a local option measure is the town of Aurora.

According to the Ontario statutes it is necessary to allow a period of three years to elapse before the bylaw can be re-submitted, but owing to legal technicality the supporters of the bylaw will not be subjected to this delay.

Members of Toronto Junction Council, No. 288, R. T. of T., surprised Sister Mrs. J. Armstrong in her home at 282 West Avenue last night.

Richard Askin died very suddenly in his home at 115 Park Avenue last night as a result of an accident.

Mr. and Mrs. Arthur Poplar have returned from New York.

Appeal to Premier Hearst

The only way out of the middle in regard to the street railway situation up Yonge street is to appeal to Premier Hearst.

The only real cure is purchase of the private companies, street and radial, and the mayor and controllers are against such a policy.

But there can be no real settlement until the Toronto Railway and the Mackenzie radicals are bought out!

The World believes in the purchase plan, and always has, and expects that the traction commission will have to come to it.

But if neither the city nor the Hydro-Electric Commission will buy out these private lines then the Ontario Government ought to do it.

Let the deputation that appeared to make no headway at the city hall yesterday go to Mr. Hearst. But go with their case well worked up.

Victoria Earns Right to Play In Mulock Cup Semi-Finals

WESTERN WRITER WANTS UNIFORM RUGBY RULES

Capitals and Bernia will play for the intermediate honors of the O.R.F.U. at London on Saturday.

Joe Price, the Rugby reformer of the Canadian west, has written an article which follows regarding a uniform set of rules, which is certainly deserving of consideration from the authorities, both east and west.

In time of war prepare for peace. And so why not now during the war time when Rugby football and other sports are laid aside prepare for the time when they will be again resumed?

Hamilton Times: This week will be a strenuous one for members of the Tiger team, for commencing at 4 o'clock on Saturday afternoon Coach Marriott will put the boys thru a drill, which will last for over two hours, after this the program will be carried out on Thursday.

Shaugnessy is sure rejoicing over the showing his team made against Tigers on Saturday, and he thinks that if the breaks were even the outcome would have been different.

Ottawa Free Press: Frank Shaugnessy likes Sammy Shagan's style as a football player.

Jimmy Ingram, the Ottawa swimmer, was the victim of an accident in the

Victoria ready for the finals

Trounced Dents in Play-Off for Mulock Cup Group Rugby Gossip.

Dents fell by the wayside when they stacked up against Victoria in the Mulock Cup fixture yesterday afternoon that was to decide their group, when they were on the short end of a 12 to 5 score.

Ottawa Free Press: Frank Shaugnessy of the Ottawa Senators is a football player.

Victoria earned the right to meet the winner of the Senior Middle School, likely opponents. It was a fluke play that got Dents their points, as they got a try on a loose ball that was taken their four point by point.

Harry Horning, Vics. good flying wing, booted his first try in the fourth when he fell on a loose ball behind Dents' line.

The teams were: Victoria (12) Horning, Bessey, Watson, Pearson, Zimmerman, Blatz, Timmerman, Knox, Moore, Austin, Sorensen, Dents (5) Clarke, Murray, McKee, Brick, Bechey, James, Smith, Stape, game.

No Big Four team has ever shown such a driving attack as the recruits from the capital did this year. They bucked every team in the league all over the field, but lacked the red, white and black to make their powerful offence effective.

Shag didn't even have half a chance in Ottawa and the showing he made with practically a green squad and a scarcity of them is as creditable as if he had won the championship. Football enthusiasm in the eastern end of the Inter-provincial loop is just about a quarter of what it is in the west, which accounts

PLENTY OF HOCKEY FOR ONTARIO TOWNS

All Falling in Line—Preston Strong—News and Gossip of Players.

Preston is to have hockey galore this coming winter. Besides the three teams that will be entered in the O.H.A. series, a senior team will be entered in the Northern League by the Preston Car and Coach Company.

The following officers were elected: President—Fred Currie. Vice-president—John Zink. Secretary—J. J. Fust. Treasurer—J. J. Fust. Manager—Frank Murphy. Captain—J. Sullivan. H. Wisner, A. Rubin and M. Pfeiffer.

A Montreal despatch says: Manager George Kennedy of the Canadiens has practically agreed to terms with St. Lawrence and hopes to have the westerners signed up within a couple of days. Poirier wired that he was quite willing to consent to play his winter and is now dealing with the Canadiens' chief over the salary question.

This comes from Ottawa: Alf Smith, chief scout and coach of the Ottawa Hockey Club, today his efforts to close with the local men for the O.H.A. champions. All expect Broadbent and Gaudin to be available and it is expected that little trouble will be experienced in having available all the players they desire and will not make further overtures according to advice from the coast.
