THE CROW PLAY BALL LEAGUE ADOPTS SCHEDULE

Season Begins April 24 With Toronto at Rochester—Powers Names Umpires.

New York, Feb. 28.—At the Victoria Hotel to-night, the representatives of the Eastern League baseball clubs adopted the following schedule for 1907, after a protracted discussion. Several club members wanted dates changed for various reasons, but the schedule prepared by the regular committee was finally accepted without change.

Umpires: P. A. Powers, who carried the schedule to Rochester, and W. J. Owens, who had appointed the following staff of umpires for the ensuing season:

Ed. J. Chesek of Chicago, who was with the Three I. League in 1906, and the New York League last year; Charles F. Owens of Englewood, Ill., with the Western Association in 1906, and American Association in 1905; Wm. Lottner of Perth Amboy, N. J., with the Eastern League last year; J. L. Conway, Webster, Mass., Eastern League in 1906 and National League last season; H. J. Hart, Hartford, Conn., with the Connecticut State League for the past two years, and American League last season; Wm. J. Johnson, New York, American League in 1906, and Eastern League last season.

Resolutions were tendered a unanimous vote of thanks for his successful efforts in bringing about amicable arrangements between the Eastern League and the other baseball organizations.

In the case of the Montreal Hill, for whom the Montreal Club refused to waive a claim when the Buffalo Club wanted to trade him to the Western League, Montreal was ordered to pay \$1000. Hill will play this season.

The club which comprise the Eastern League were represented as follows: Montreal, James M. Frank; Buffalo, A. D. Porter, James R. Stiles and W. J. Owens; Jersey City, Walter O'Meara and Joe Bean; Manhattan, Fred A. Soper and Malachi Kitzinger; Newark, F. W. Somers and Walter H. Burroughs; Providence, A. G. Doe and Hugh Duffy; Rochester, Charles F. Owens; Toronto, J. J. McCaffrey and Joe Kelly.

Toronto's Home Games.

The Eastern League schedule has Toronto opening in Rochester April 24, and the first game at home on Friday, May 11, with Rochester. Toronto closes the season in Buffalo Wednesday, Sept. 11, with Hartford. If it is necessary, it will have to fight for the pennant, they'll have to play at home.

Prospective Jersey City, Newark and Baltimore to locate on the coast, and to wind up the year Sept. 24. Following are the home games of the Eastern League:

May 8, 9, 10, 11, Buffalo.

May 15, 16, 17, Jersey City.

May 18, 19, 20, Jersey City.

May 21, 22, Baltimore.

May 23, 24, 25, Jersey City.

June 1, 2, 3, 4, Jersey City.

June 5, 6, 7, 8, Baltimore.

June 11, 12, 13, Buffalo.

June 15, 16, 17, Rochester.

June 19, 20, 21, Montreal.

June 23, 24, 25, Buffalo.

June 27, 28, 29, Rochester.

July 1, 2, 3, Montreal.

July 21, 22, 23, Buffalo.

July 25, 26, 27, Montreal.

July 29, 30, 31, Buffalo.

Owens Again With Memphis.

Frank Owens, the local catcher, has signed again to play with the Memphis Southern League the coming season, and will leave for that place on March 12. Owens had a very successful season with the Memphis team last year, and his good batting has been one of the main reasons for the success of the Memphis team. He will be sorely missed by the Memphis fans.

Four Garrison Teams Remain.

Had one game last night at the armistice in the wind-up of the season in the Garrison League series. The scheduled game between the Montreal, G.O.R., and D. Co. R.G., was postponed on account of the death of Ed. St. Jean, the popular second baseman of the Montreal. The Grenadiers had the first named team. The Grenadiers had the difficulty in defeating the Montreal, but the Montreal was able to win the game by a narrow margin. The Montreal was able to win the game by a narrow margin.

SEMI-ANNUAL CLEARING SALE

Of Men's and Youths' High-Grade Suits

At this season of the year after the spring shipments have been sent out from the factory there are always more or less broken lines. As an instance 100 suits of a certain kind may have been made. All of these have been sold excepting three or four. These three or four suits, with others from other lots, are offered for immediate sale as "broken lines." We received

175

of these Suits from our factory last week with instructions to sell regardless of first cost. The result is that to day and to-morrow we will offer the entire lot at

\$9.00

per Suit. The lot is made up largely of English woads and Scotch tweeds. All are direct from the factory and thoroughly up-to-date in style. In value they are worth as high as \$18. They are single and double-breasted styles and include a wide variety of patterns. Every Suit is thoroughly tailored and extra well trimmed. All are union made. If you want a first choice

come early. You can get double value for your money.

GRANT INSPECTOR HUGHES TRIP TO THE OLD COUNTRY

Management Committee. Think He Has Earned a Holiday—Vacation School Plans.

three-months' leave of absence was granted to J. L. Hughes by the management committee of the board of education yesterday, to permit of the inspector visiting various schools in the British Isles and the European continent.

The proposition was broached by Trustee Kent, who believed the inspector was entitled to such a trip in view of his 20 years' service, and that Mr. Hughes could pick up some valuable ideas, particularly in matters pertaining to technical education. The committee favored the idea unanimously, and instructed the finance committee to place \$750 in the estimates for that purpose.

Five hundred dollars will also be placed in the estimates for the establishment of a vacation school. At first Trustee Dr. Hawke demurred at this proposal. He said if the children must be occupied during the summer holidays, they should be loaded into a boat and sent over to the island to play in the sand.

"There is too much school now," said the doctor. "Let the children have the freedom of the summer vacation."

When it was explained, however, that there were to be no studies in connection with the school, that the idea was to keep the children off the streets by an organized system of play, Dr. Hawke was heartily in accord. Chairman Harry Simpson believed that \$500 expended in this way would be a saving of triple the amount in police court expenses in the future. Solicitor McMurrich will ascertain what institutions are within the province of the board of education. If they are not, the board will apply for legislation permitting them.

An appropriation for the annual school games having been overlooked, a notice of motion will be brought in to the board to set aside \$400 for this purpose.

The following recommendations of Inspector Hughes were adopted: That Essex-street and Withrow-avenue schools are completed, a kindergarten be opened in each; that the resignation of Miss F. E. Faxon, teacher in Queen Victoria school, be accepted; that Miss C. A. Sparling be transferred from Rose-avenue to Essex-street kindergarten and Miss L. B. Harding from Bolton-avenue to Withrow-avenue kindergarten; that the following be promoted to positions of kindergarten directors: Miss B. Hastings to Leslie-street, Miss A. C. Yale to Rose-avenue, Miss W. W. How to Bolton-avenue; that Miss F. Millchamp be assigned to Huron-street school and Miss Lillian E. Davey temporarily to Queen Victoria school and Miss Allen transferred from Gladstone to Withrow-avenue.

DRILLS BETTER THAN ESCAPES

Inspector Hughes writes The World saying: The appalling disaster in a Montreal school will naturally direct the attention of school boards throughout the Dominion to the best method of saving the lives of the children in case schools take fire. I see that some are recommending fire escapes on the outside of the buildings. After a long experience I have no hesitation in saying that especially in winter time, when there is danger of fire, I believe fire escapes would be inadequate and dangerous. I believe also that the proper protection would be a thoroughly effective system of fire drills, both with a view of saving the lives of the children and of giving them a training which will make them calm in ordinary circumstances throughout their lives. The object of a fire drill is not chiefly to get children out of a burning school or other building quickly, but is primarily to prevent the possibility of a panic in case of fire. It is not possible to burn a properly constructed building so quickly that the lives of the children should be in danger from fire. We have had during the last thirty years nine fires in our schools, three of which destroyed the buildings. On account of the regularly conducted fire drills, there was no confusion in any case, the flames and smoke were clearly seen by the pupils in three cases, so that they knew the buildings were on fire. The children marched in rank just as regularly as at ordinary fire drills.

"One vital point should be to save the children in case of fire without giving any consideration to their clothing. If the conditions justify it, the teachers and a few larger boys can easily save all the clothing after the children are safely out by throwing it out of the windows. Even if the clothing is burned it is a matter of small consequence compared with the loss of the lives of the children."

LORD'S DAY ACT HELD UP.

No Prosecutions in British Columbia, Pending Provincial Law.

Victoria, B.C., Feb. 27.—The British Columbia government has under consideration the question of introducing legislation in connection with the Lord's Day Observance Act, a federal law, which comes into force on March 1.

Under the Dominion law, no prosecution can be taken for infractions by the provincial attorney-general, and pending a decision by the British Columbia government as to a provincial law, no prosecution for infractions of the federal act will be authorized or assented to.

A CHANGE ON THE CORNER.

G.T.R. Ticket Office May Have to Vacate a Year Hence.

The World was given to understand last night that as soon as the lease of the Grand Trunk ticket office on the property at the corner of King and Yonge expires, one year from next May, the whole corner will be occupied by the Burgess Powell Drug Co. and that the Grand Trunk ticket office will be forced to seek offices elsewhere.

It is further stated that the people who have the renting of the Lawson Building are averse to having that corner in darkness.

Messrs. Foy & Kelly, who have charge of the rentals, would make no statement.

TO PREVENT BRONCHITIS OR CONSUMPTION

Do not neglect a cold or cough no matter how slight as the irritation spreading throughout the delicate lining of the sensitive air passages sooner or later will lead to fatal results.

If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other powerful remedies.

It stimulates the weakened bronchial organs, allays irritation and subsides inflammation, soothes and heals the inflamed parts, loosens the phlegm and mucus, and aids nature to easily dislodge the morbid accumulations.

Miss Belle Campbell, Long River, P.E.I., writes: "For some time I was troubled with bronchitis. A friend advised me to try Dr. Wood's Norway Pine Syrup. So I procured three bottles but it only took two to cure me."

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup.

It is put up in a yellow wrapper, three pine trees the trade mark and the price 25 cents at all dealers.

TO SPREAD THE MOVEMENT FOR PUBLIC OWNERSHIP

Organization Committee Will Meet Saturday to Discuss Formation of Branch Leagues.

A meeting of the organization committee appointed at Wednesday night's Public Ownership League meeting will be held on Saturday afternoon to discuss the question of forming local leagues in the four provincial ridings of Toronto and some outside places. By the end of next week it is expected several local leagues will have been formed.

The officers of the newly-formed organization expect that the question will be taken up by friends of public ownership elsewhere and that they will communicate with the central body on the best means to be adopted to spread the movement throughout Ontario.

The secretary has received a large number of additional names, and there are more to come. It is desired that any who have not done so will send in their names and become identified at once with the movement. These names will be arranged according to ridings and steps taken to assist the formation of the branch leagues.

All that is necessary is to write your name and address on a postal card and send it to the secretary of the Public Ownership League, care of The World, Join now. Your assistance is necessary to the league's success.

The investigation by the railway board of the overcrowding on the Toronto Street Railway was resumed yesterday morning, when Roadmaster Nix was examined.

Mr. Nix admitted that all the cars possible were put on, but qualified the statement that some were put on before the count as well as afterwards.

Mr. Fullerton was asked to estimate from Mr. Nix as to the number of cars being turned out of the Toronto shops, and agreed to do so.

The overcrowding on the Arthur Street line was taken up by J. Harris, conductor, who said that he saw in any one car the most he could see.

Islanders Excited Over Action of U.S. Senate in Postponing Their Independence.

Manila, Feb. 23.—The recent action of the United States senate in defeating Senator Culberson's amendment to the act establishing an agricultural bank in the Philippine Islands, declaring the intention of the United States to abandon the islands as soon as a stable currency should be established, is likely to cause a breach.

The native newspapers regard the action as inappropriate, as the war is being the Philippines closed to the American.

COL. MATHESON'S BUDGET. Continued From Page 1.

rate of 93-1-3 plus \$25,000 had been quoted to Hon. Mr. Ross and not \$23,250.

"The most charitable supposition is that it was for an election fund," declared Mr. Matheson.

"Very charitable, very charitable indeed," interjected Sam Clarke across the floor.

It had been the premier and the commissioner who had then been responsible for communicating this offer to their agent.

Hon. Mr. Graham remarked that it had never been carried out.

"Perhaps it was a little too strong," suggested the budgeter.

Expenses on T. & N. O. Mr. Matheson declared that not a cent had been spent for the T. & N. O. Railway, by the present government, for which over 4 per cent had

been paid, and took renewed credit for selling the Ontario loan bonds.

Mr. Matheson reminded the house of what was not political but might be interesting. In 1899 E. B. Wood, then provincial treasurer, said that very little of the crown lands remained from which revenue could be expected.

He would not count on anything to be realized from crown lands not then already sold. Forty years later a revenue of \$3,400,000 was estimated from this very source.

It made one hesitate in speaking of the great northern Ontario lands, which he could not tell if in 40 years more it might not be one of the richest and fairest parts of the province.

The increase of \$284,000 in the educational grant was due to the increased grant to rural schools of \$380,000. He did not hope to pay the sum out of the ordinary revenue.

Under an agreement with the prime minister of Canada increased subsidies were to be received. This was promised for the first half year of the amendment of the B. N. A. Act.

When this amount was received, he would have to be remembered that it had been anticipated that the payment of this sum for education would be made out of the subsidy which they could not wait until the subsidy was received.

University Grant. He thought the university grant very large at first and it was larger than he expected owing to the increased succession duties.

But considering the increased expenditure necessary in the province had made a pretty good bargain. The university people were thrown on their own resources, and must now live within their resources.

Mr. Matheson gave some details concerning the C. and O. Railway. Chairman Englehart had saved hundreds of thousands of dollars in the construction of the road.

The hope of dairymen had been that the milk and dairy products was possible. He never expected that the inspection would be so strict.

Mr. Fenske referred to the researches of Dr. Helen MacLachlan in connection with the feeble-minded, and trusted the subject would not be neglected.

The railway taxation commission had brought equal credit upon the Ross government and the legislature.

Mr. Fenske hoped, would be considered by the provincial secretary, as many were petitioned to the present method, for which the railway tax department should be exercised.

The reference was to the payments on behalf of those affected with mental disease.

He took credit for the progress of the South Industries, as a tribute to Liberal government and the legislature.

It was very easy to shout corruption and to get the people to believe that they had the better of the last campaign in that respect.

The Montreal Journal had a strong letter in New Ontario and it might be wise if both parties would not be misled.

He had a strong opinion that the last election and for once have a clean and honest campaign.

"The once," emphasized Premier Whitney.

Wants Fight. J. H. Lucas, who followed, made a bright and pugnacious speech, and advanced himself by his performance.

In the opinion of many as the most capable successor to the present provincial secretary, should gentlemen vote to another sphere of duty.

The debate would not be long, and he would be glad to see the motion to go into supply.

It is understood that Sam Clarke, Northumberland, and that he will do battle next Tuesday.

The Critic. E. J. B. Fenske, who followed Mr. Matheson, said he had traveled for thirty days and found him a most genial and pleasant comrade.

When he spoke of grants, however, he reminded him of the lines that when he was good he was very, very good, but when he was bad he was horrid.

Now that he was rich beyond the dreams of avarice it was difficult to see the justice of the situation of the provincial treasurer, who had always hitherto been sceptical of the existence of surpluses.

They had struck another era of railroad prosperity. Even little Prince Edward Island announced last week a surplus of \$800,000. Ontario had taken pains in the past to prepare for this prospect.

He observed that a revenue was anticipated from the Gilles Limit of over \$1,000,000. The Liberal party had been justified in their faith in the north land.

THE FARMSTEAD

March the first! A lamb or a lion? It means a busy month for farmers.

No man should consider winter as a dormant stage of his being. The man who is the best use to humanity is the man who works.

Action sales are bringing big prices and horses seem to be getting higher in value, but beware of holding too long.

Do you want a farm hand during summer? Look at our lists on this page for chances to get into touch with one.

Port Perry provincial auction sale takes place to-day. Geo. Jackson is the auctioneer.

The Eastern Ontario Live Stock and Poultry Show comes off this week. An attend will be much profited thereby.

Remember Arthur Johnston's sale of Short-horns. The cows in the Greenwood herd are a grand lot and farmers will do well to get a good cow now that prices are low.

Lambs are coming now on many farms and it is an essential thing that the ewes be kept in a place free from exercise during the winter.

S. Price & Sons of Toronto report that their dairy demands are growing very fast. They have a fine herd of cows at their Brindale farm.

Any young man who can secure a farm with enough to start is far better than living under a corporation in the city. Independent country life is worth all the city's conveniences.

We call attention to the Sharples Cream Separator as one well worth any farmer's purchase. Many users say they would use no other. Send for their catalog, mentioning The World.

Those who have used the Lamb wove wire fence advertised in this issue know what a good thing they have. It is all they claim for it and looks well, besides being made of heavy wire. Write them for prices.

Do you want a Shire stallion this season? J. Jacobs, Peterborough, is advertising them in this issue and a letter to him will bring particulars.

Read our advertisements to-day. The farmers are noting with pleasure our move for their good. We like to hear from all our friends.

Mr. Cryder of St. George dropped in to see us on Thursday. He has a fine seed potatoes and strawberry plants which he is offering cheap. Write him.

Edwin Ward of Greenbank is having a very valuable stock that he is offering for sale. Write him for his ad. next week. Ward is a name to conjure with.

Both Mr. Clapp and Mr. Williamson predict that all the agriculture and horticulture will be almost exclusively devoted to the supplying of the factories devoted to the soil's production.

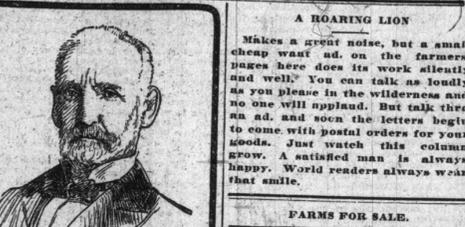

Elsewhere will be found reports of the Guelph Provincial Sale and the sale of Holsteins at Tillsonburg. Both these were successes, we are glad to state. We congratulate the Holstein men upon the success of their meeting.

James Underhill of Claremont had a good crowd at his sale on Wednesday. His sheep were fairly good ones and the ewe lambs sold for exceptionally good figures.

The wide awake farmers of Ontario should emulate the progressive spirit of the farmers of this county here in the West. We are glad to state that the farmers of this county have raised by popular subscription a sum of \$100,000 for the purpose of constructing the prominent towns of the county. This proposed line extends 21 miles and be the first of the kind in that country. Let us farmers shake our dry bones together.

LAMB FENCE

THE TEST THAT TELLS. Our Fence is made from the VERY BEST High Carbon Steel Wire, and has NO SHORT KINKS or BENDS.

WM. RENNIE, JR. PIONEER OF CLEAN FARMING

Among the thousands who are now using Rennie's Seeds, in this and other lands, I see with pleasure that many are still on the list who were customers thirty-seven years ago.

Farmers and Gardeners of acknowledged standing—men of intelligent discrimination—have used RENNIE'S SEEDS every year for thirty-seven years, each year's results proving convincingly the wisdom of their selection.

Dependable quality—certain germination—and expert selection, have thus gained for Rennie's Seeds the confidence of Canada's premier agriculturists.

Remember this when deciding on seed supplies for 1907.

In the meantime, write our nearest address for a free copy of the Rennie Seed Annual.

WHEAT BROWN IN CERTAIN STATES

But Price Current Says There is No Cause for Disarrangement - Futures Are Steady

World Office, Thursday Evening, Feb. 28.
 Liverpool wheat futures closed today 1/4 to 3/4 lower than yesterday and corn futures unchanged to 1/4 lower.

At Chicago May wheat closed 1/2 higher, and May oats 1/4 higher.

Chicago car lots today: Wheat 16,000 bushels, 220 1/2; oats, 35,000 bushels, 100 1/2; corn, 100,000 bushels, 100 1/2.

Primary receipts today: Wheat 680,000 bushels, 220 1/2; oats, 35,000 bushels, 100 1/2; corn, 100,000 bushels, 100 1/2.

Winnipeg wheat futures closed today 1/4 to 1/2 lower than yesterday and corn futures unchanged to 1/4 lower.

St. Lawrence grain and produce: Wheat 16,000 bushels, 220 1/2; oats, 35,000 bushels, 100 1/2; corn, 100,000 bushels, 100 1/2.

Leading Wheat Markets: New York, 85 1/2; Chicago, 85 1/2; Minneapolis, 85 1/2; Duluth, 85 1/2.

Chicago Markets: Marshall, Spader & Co. wired J. G. Beatty, King Edward Hotel, reported the following fluctuations on the Chicago Board of Trade.

Wheat: Open, High, Low, Close. May, 85 1/2; July, 85 1/2; Sept., 85 1/2.

Chicago Gossip: Marshall, Spader & Co. wired J. G. Beatty, King Edward Hotel, reported the following fluctuations on the Chicago Board of Trade.

Market has been extremely dull and the range of prices was very narrow today.

There has almost been no trading in this market. Northwest has been fairly good.

Buyer of both May and July in this market. New York dealers for the stocks of Drum wheat for ready export are excited.

Trade today was wholly local and it looks as if all the local traders were busy with the wheat for buying the wheat for an upward trend.

Run & Stoppard wired to J. J. Mitchell: We had a very good deal of business today.

Market was largely professional and all good deals of wheat for the month were in evidence.

There was no combination of any wheat worked for export. A few sales of the month were made here and there.

There is no apparent reason why wheat should sell materially higher in the near future.

Corn and Oats: Wheat somewhat firmer, but generally firm. There was some shade higher, owing to a realizing order, but later when an effect to replace was made.

There is no apparent reason why wheat should sell materially higher in the near future.

Market was largely professional and all good deals of wheat for the month were in evidence.

GAINS IN 1906

In 1906 the increase in business in force of nearly \$5,000,000 evidenced the strong confidence in which the Canada Life is held by the insuring public.

Increase over previous year: \$4,890,145 00
 Increase over previous year: 1,951,177 23
 Increase over previous year: 1,481,313 00

Gratifying increases were also made in the Premium and Interest Income. A material decrease in the expense ratio in 1906 is practical evidence of good management, while a lower lapse ratio in a time of unrest indicates the satisfaction of Policy-holders in The Canada Life Assurance Co.

THREE OUTSTANDING FACTS REGARDING THE CANADA LIFE

In 1906 the Business in force increased by nearly \$5,000,000.
 In 1906 the Expense Ratio was Reduced.
 In 1906 the Lapse Ratio was Reduced.

A detailed report of the Company's affairs as submitted to the 60th Annual Meeting, together with a complete list of securities owned, will shortly be published and will be sent to Policy-holders and others desiring it.

ONTARIO DAIRY PRODUCTS ENRICHING OUR COUNTRY

Athustastic Pedigree, an Enthusiastic Farmer and Up-to-Date Storage Facilities.

As was intimated in The World, a mass meeting followed Rice's sale at Tillsonburg on Wednesday evening. The hall was packed with an enthusiastic crowd, who listened to music, sang, and spoke, all in honor of Ontario's great industry - dairying. Tillsonburg claims to be the hub of the three dairy counties, and as such is well backed up with location and enterprise in her claims. The mayor, W. P. Jackson, opened the meeting. M. S. Schell, M.P., in speaking said: "The wealth of Canada depends, not on minerals or land crops, but on the people. Speaking particularly of a man sees to it that the children get a good education. In my opinion the institution known as the Ontario Agricultural College is the best place for the boys and girls to get the education for the farm. In a two years' course they can get a better education than they can anywhere else. And if they go in for three or four year course they will have a better education than they can get in any other college. For the boys on the farm there is no place better than the O. A. C. You ask how we get our milk, the best place for the milk that is easily managed. Keep the girls there at Guelph we have an Institute in connection with the O. A. C. that gives training for girls. Farmers must wake up to the fact that if they are to hold their own they must have education. Those who think must govern those who toil."
