Union Government Is Given Majority, on Division, of 43 Complete Collapse of U. S. Railway Strike Seems Imminent

UNIONIST MAJORITY FORTY-THREE DURING G.T.R. BILL DEBATE

Measure to Confirm Agreement Secures Second Reading—Amendment Lost.

KING MAKES PROTEST

Ottawa, April 16.—(By Canadian Press).—The house spent the day on the Grand Trunk bill. Discussion both on second reading and in committee was protracted. In committee, Hon. W. S. Fielding had an amendment which sought to strike the clause out of the bill ratifying the corrected agreement for acquisition of the Grand Trunk. Mr. Fielding wanted to confine the bill to rectifying any errors made in the act of last session. So far as parliament had made a mistake, he would have it corrected; so far as a mistake had been made at the meeting of Grand Trunk shareholders—that was a question for the company to determine. After considerable debate, Mr. Fielding's amendment was declared lost without a division.

Hon. W. L. Mackenzie King then again brought up the way in which the Grand Trunk Railway Company had treated its employees following the strike of 1910. At the time of the strike, Mr. King was minister of labor in the Laurier government and he told of efforts made at conciliation and promises given by the company to reinstate strikers who had not broken the law. "I want to ask parliament," he declared, "to take such action as will make absolutely certain that the employees receive what is their rightful due from the company before the agreement is finally settled."

First Division of Session
During the evening there was a division on a point of order—the first of the present session. It came on an appeal. In committee, Mr. McMaster of Bromo had been reading from a London Times' report of the meeting of Grand Trunk shareholders, E. W. Nesbitt, who was presiding, ruled Mr. McMaster out of order on the ground that his citation from the Times was not relevant to the clause. Mr. McMaster immediately appealed and the deputy-speaker Bolvin submitted the point to the house.

In the subsequent division, Mr. Nesbitt's ruling was upheld in the following vote: For, 72; against, 29; majority for, 43.

POSTOFFICE FACES REVENUE SHORTAGE

Deficit of Eight or Nine Millions Threatened—Many Frankes to Go.

Ottawa, April 16.—(Special).—There is not much likelihood of the postal war tax of one cent being removed this year, although it has been removed in the United States, and Canada often follows suit in postal action. It provided for an increase of six million dollars last year, and there was another two millions from the war stamp tax on cheques. The heavy increase in the expense of maintaining the postal service makes the removal of the tax impossible in Canada.

The minister now sees a probable deficit for next year of eight or nine millions unless the war tax is retained and some further financial betterments effected. The department has received word from the railways that the rate for hauling the mails will be greatly increased, making an additional cost of about \$4,000,000. Increases in postal employees salaries will be about \$2,000,000 more. Increased pay asked by rural mail carriers will mean an advance in cost of nearly \$5,000,000. To raise revenue, the department will make a wholesale attack on the franking privilege, cutting off practically everyone with the exception of members of parliament and beginning with the governor-general, who heads the list of three or four pages of frankes in the postal guide. The franking privilege has undoubtedly been abused.

ALICE MABEL BURT FOUND BY FATHER

Yesterday saw the close of the little drama of the disappearance of Alice Mabel Burt, who left her hearth and home at Whitby, and came to the bright lights of the city on Saturday. Mr. Burt, following up a slender clue, came to Toronto. Nor was his diligence unrewarded, for at 3.30 yesterday afternoon he walked into the Soldiers' Aid Commission office, his daughter, a somewhat crestfallen prisoner, at his side.

So the incident closes, after the manner of the prodigal daughter, is welcomed to the fold and all is at peace once more.

STRIKE NEARING COLLAPSE, SOME ARE RETURNING TO WORK, RAILWAY MANAGERS HOPEFUL

Improved Passenger and Freight Service on Most of the Systems—Lodge Charters in Chicago Revoked—Revolutionary Influences Are Denied From Two Societies—Unions Refuse to Admit Propaganda in Their Meetings.

New York, April 16.—The collapse of the "outlaw" railroad strike was believed to be near tonight by railroad officials, who supported this opinion with statements of greatly improved passenger and freight service on all railroads into New York. Further disintegration in the strikers' ranks was reported late today, following a meeting in Jersey City, at which the attendance was about half the size of yesterday's. Lack of interest shown at the gathering, and the much smaller number of men present, were interpreted by railroad managers as due to a realization on the part of the strikers that the fight has been lost. Many men were reported to be hastening to take advantage of the provisions of the railroads' ultimatum, which expires at noon Saturday.

J. J. Mantell, spokesman for the Railroad General Managers' Association, declared tonight that "the situation was improving." He denied a report that the rail managers had received a communication from the "Big Four" Brotherhood chiefs, which was intended to be a reply to the ultimatum delivered to them yesterday. "Urgent and effective action" in the transportation situation in New York was requested by President Wilson today in a telegram from the Merchants' Association of New York. The president urged that such action through appropriate departments of the government "as shall bring this intolerable situation to an end."

DEFINITE REFUSAL OF CASH GRATUITY

Official Statement is Issued by Parliamentary Committee on Pensions.

Ottawa, April 16.—(By Canadian Press).—The matter of a further general cash gratuity to returned soldiers will not be reopened by the parliamentary committee on pensions, but the committee is prepared to deal with all suggestions on the subject of re-establishment, including those which involve the payment of money under certain circumstances. The committee has issued the following statement on the subject, following today's sitting:

"The committee on pensions and re-establishment is dealing with methods of procedure during the inquiry before them and in view of the exhaustive investigation made last session into the question of granting a further general cash gratuity to all returned soldiers and in view of the pronouncement of the government on this question made last year and repeated subsequent to the appointment of the committee, have decided against reopening the matter of a general grant, but they are willing and anxious to consider any suggestions leading to the re-establishment of returned men, even those which involve in specific cases the payment of money under certain circumstances."

HUSBAND IS DEAD AND WIFE DYING

Escaping Gas From Small Stove Leads to Double Tragedy.

Mazzonetta Sebastiana was found dead, and his wife in a dying condition, in their home, 62 Nelson street, at 10 o'clock last night, from inhaling escaping gas from a small stove in the bedroom. Mrs. E. Sebastiana was unconscious when Policeman Cummings entered the house, and he carried her to the street, where he applied artificial respiration while the police ambulance was being summoned. The woman was removed to the General Hospital, and her condition is serious. Inspector Mackie and Detective Sullivan found that the tube attached to the heater was defective. The whole house was filled with gas fumes. Neighbors smelled the gas and they informed Cummings, who was on the Nelson street beat.

Going to the rear of the house, Cummings climbed thru the window and made his way upstairs to the bedroom. Mazzonetta Sebastiana is 29 years of age, and his wife is 20. They came to Toronto from Italy two months ago. The body of the dead man was removed to the morgue, and an inquest will be held.

CANADA HAS DEEDS OF MEMORIAL SITE

London, April 16.—Sir George Perley has returned from visiting France, and has brought with him the deeds of the site for the Canadian battlefield memorial at Bourlon Wood, given by the Count de Franqueville. A special decree of the French parliament was necessary for the transfer of this gift from a French citizen to a foreign government.

DISTINGUISHED MEN ON WAY TO CANADA

Governor of Hudson Bay Company to Attend Anniversary Celebration.

New York, April 16.—The White Star liner Adriatic arrived today, bringing a distinguished company of visitors from Europe. Included in the number was Sir Robert Molesworth Kenderley, K.B.E., governor of the Hudson Bay Company, and one of the governors of the Bank of England, and head of the London banking house of Lazard Brothers & Co. Limited. He was accompanied by Kenderley and his son, Hugh Kenderley, and daughter, Margaret. Sir Robert is on his way to Canada, where the 250th anniversary of the founding of the Hudson Bay Company will be celebrated in several cities. Winnipeg, Calgary, Victoria and Vancouver will be among the cities of the Dominion that will be visited before the trip terminates. A banquet will be given in honor of Sir Robert on Wednesday at the Biltmore Hotel. Major Gen. Sir Charles V. F. Townshend, "hero of Kur-el-Amada," whose name is on the list of distinguished men arriving at the port, arrived on a five months' leave of absence from the United States. He will return to Canada as a guest of Sir Thomas Lipton when the America Cup race is sailed off Sandy Hook.

The Earl of Kerry and Lady Kerry were also included among the arrivals today and stated they were going to spend about six weeks in Canada, after which they would be visiting the larger cities of the United States. Sir Michael Nairn, one of the governors of the Bank of England, Arthur Hammerstein, Brig.-Gen. E. McCaughey of the British army, and Zevill K. Martin, prominent Jewish cantor, who escaped from Russia after undergoing many hardships, were also passengers.

FOUND HUMAN HAND IN HER BACK YARD

A human hand was found lying in the back yard of a house at 8 Claremont place at five o'clock last evening by Mrs. Mollie Jacobs, tenant at that address. Mrs. Jacobs was cleaning up the back yard when she discovered the hand. After traveling around the house she found the hand in the back yard. The hand had been amputated at the wrist. The police of Claremont street station were notified and one of the plainclothesmen was sent over to take the hand to the morgue. Medical men will be asked to determine whether the hand had been taken by students in a "joke" or whether it was the hand of a missing man. The police are also concerned as to whether the amputating of the hand had been the product of foul play.

Sisters of Ambrose J. Small Approach Attorney-General

Hon. W. E. Raney Promises to Exert Every Effort of Legal and Other Forces to Elucidate Mystery of Missing Millionaire—Officials Incline to Kidnapping Theory.

The mystery surrounding the disappearance of Ambrose J. Small is likely to be further elucidated as the provincial authorities under government direction are to take a hand in trying to solve the fate of the whereabouts of the missing millionaire. The Messdames Small were surprised to find that the officials were acquainted with so many of the inner details of the matter, considering that they had not up to the time of their visit been concerned with the Queen's Park officials were more inclined to believe that Mr. Small had been drugged and kidnapped than that he had been killed. The two ladies are firmly convinced that as a result of their visit some early developments may now be looked for.

It was learned yesterday that a bill had been introduced in the legislature and Mr. Small's name was mentioned in the bill. The great stumbling block in the Small case has been that the weight of the missing man could not be used by his relatives to ascertain his fate or whereabouts. The purpose of the proposed act of the legislature will be to allow such funds under certain conditions to be used for the purpose of ascertaining such a mystery as that of the disappearance of Ambrose J. Small.

RESIGNATIONS ARE IMPENDING IN ONTARIO CABINET

Premier Lectures Newspapers for Publishing False Reports.

LIBERALS MAKE DENIAL

Did Not Make Overtures to Government Regarding Referendum.

It was a day of denials in the legislature yesterday afternoon. First E. Heenan, Labor (Kenora), said that the Telegram's report that the Labor group in the house had informed the government that they would fight the referendum motion of H. McCreary was untrue. He had attended the Labor caucus from beginning to end and not one word was said in connection with the matter. The attorney-general, J. N. Gordon, gave an emphatic denial to the story in yesterday's Mail and Empire, that the Liberals had made overtures to the government in the matter of the referendum resolution. There was absolutely no truth in such a statement. He had no right to discuss as whip or private member the temperance question with the government and had not done so.

T. Tooms, Labor (Peterboro), read from a paper in that city that Ald. J. N. Gordon had been kept in touch thru the attorney-general with the progress of a bill to elect police commissioners. The attorney-general: "The fourth estate is not improving much with regard to facts." The premier: "Imagination is a valuable possession if properly directed."

Still Another Denial. Hon. Mr. Raney next read a report in the Telegram that Seymour Corley was to be given a salary of \$10,000 and would hold the dual position of crown attorney of Toronto and York. Two assistants at \$5,000 a year each, the report added, were to be appointed.

Another story also in the Telegram that the early closing by-law in Toronto had been suspended was described by the attorney-general as being "simply not true." It was the premier who trotted out the next denial. A Telegram story (Continued on Page 13, Column 6).

DENIES THEY DISCUSSED PARTITION OF GERMANY

Frankfort, April 16.—General de Metz, commanding the French forces of occupation on the right bank of the Rhine, has instructed the newspapers there to publish a denial of the German government's statement that high French officers at a meeting in Paris had discussed the possibility of dividing Germany up into small republics.

This statement is absolutely without foundation," the denial said. "Neither on the 9th of April nor previously has any such meeting taken place."

French and Central Europe To Have Liberty of Commerce

Paris, April 16.—The Journal Officiel will publish tomorrow a decree re-establishing liberty of commerce between France and the countries of central Europe, subject to the general tariff.

WASHINGTON-OTTAWA FLIGHT IS ACHIEVED IN FOUR HOURS

Two U. S. Army Airmen, on Landing, After Five Hundred-Mile Journey, Are Called Upon to Show Papers to Customs Officials.

Ottawa, April 16.—The first American airplane to come into Canada since the regulations governing the entry of foreign aircraft into the Dominion went into effect, landed in the capital this afternoon. The passengers were two airmen from the United States army headquarters at Washington, Lieut.-Col. H. E. Hartney and Capt. H. G. Douglas. The machine, which is of the D. H. four B. type, one of the latest fliers in the country, landed successfully a few minutes after 4 o'clock. It was met upon arrival by a customs officer and members of the Canadian Air Board. A complete search, the same as that conducted at Halifax or at any other port of entry upon an incoming ship, was carried out by the officials from the customs department in accordance with the provisions of the recently enacted regulations. The trip from Washington to Ottawa was accomplished in the very fast time of four hours and two minutes. This is exclusive of the time of stopping at Ithaca. No difficulty was experienced in making the landing here, according to the fliers. Signals, consisting of smoke and fire flares, had been arranged for by the air board officers.

The distance as to the crew flies from Ottawa to the American capital is approximately 500 miles, and the machine traveled at an average of 125 miles an hour all the way. The journey could not have been made in this record time, however, if there had not been a strong following wind. Lieut.-Col. Hartney and Captain Douglas will be here probably until Sunday. They have come from their army headquarters to take up certain matters pertaining to international flying with the Canadian air board, and will make a return trip to Washington via the air route, leaving here, weather permitting, here Sunday afternoon. Both officers declined to intimate the exact nature of their mission, but expressed great satisfaction at the success of their air expedition.

DOES NOT CLAIM DEATH PENALTY

Prosecutor Declares, However, That Caillaux Amenable to Political Law.

Paris, April 16.—After speaking for the greater part of three days before the grand jury, prosecutor-general, tonight concluded summing up the prosecutor's case against Joseph Caillaux, former premier of France, who is on trial for alleged treason. He demanded the application of the penalties prescribed by articles 77 and 79 of the penal code, declaring that article 206 of the military code, which calls for the death penalty, by decision of the court of cassation, was inapplicable. The prosecutor clearly exempted M. Caillaux from the same degree of guilt which applied to Bolo Pasha and M. Duval saying that "the fingers of these two were soiled by the enemy's gold," whereas Caillaux only should suffer the political penalty. Both Bolo Pasha and M. Duval were put to death for their crimes.

The prosecutor recalled impressively M. Caillaux's words to his domestic at the moment he was arrested: "If I go before a court martial I may be shot," as showing his sense of guilt. He intimated to the high court his duty to weigh the considerations in favor of clemency that might present themselves, but warned against carrying indulgence too far. "Your sentence," M. Lescouvie concluded, "must be a lesson to the living and reparation for the dead." The high court will sit Saturday and Sunday to hear arguments for the defence.

DR. KAPP ARRESTED BY SWEDISH POLICE?

Stockholm, April 16.—Dr. Wolfgang Kapp, who headed the recent revolt in Berlin, was brought to Stockholm under arrest this afternoon, according to the local newspapers. There is no official confirmation of the report, however. Dr. Kapp, using the name Dr. Wilhelm Kantz, is said to have arrived in southern Sweden by airplane Thursday. He boarded a train for Soedertelje, 16 miles southwest of Stockholm, where he was arrested by the police.

Outlaw Strike of Printers Continues at Montreal Star

Montreal, April 16.—The "outlaw" strike of printers of The Montreal Star composing room staffs, day and night, continued tonight with no signs of its ending. The paper came out with 22 pages today and it is expected that The Saturday Star, usually of forty pages or more, will be of 22 or 24 pages. Union printers in other offices are setting up type for The Star today, enabling it to be issued in the usual form, the somewhat reduced in size.

A Change in Form.

Mr. Raney as attorney-general drafting a law taxing race-track gambling, which he wanted a year ago to be made illegal, is a sight for gods and men; and Premier Drury asking for the members of the house to tell him what to do about a bone dry Ontario is another change in form! The public may yet see Mr. Raney going up against the iron man at the Woodbine; perhaps they may hear of the premise; stocking up his collar before the referendum vote is taken! Men in office and men who have to meet a public opinion that is two-sided have to walk another way. Responsibility sometimes sobers. What the United Farmer of Ontario is starting in to do, now that he has taken up the job of governing the province, is to revise his bearings. It is to his credit to do this. And because he is doing it The Globe and Rev. Ben Spence are reading the riot act to him.

ONTARIO TOIES CONVENTION IN COMING OCTOBER

Conservative Party Considers Reorganization Impossible. Till Borden Returns.

ON POPULATION BASIS

The Ontario Conservative party met in conference yesterday afternoon in the Albany Club, when affairs of moment throughout the province were discussed in detail. Hon. Howard G. Ferguson presided and representatives from Toronto riding and many constituency points were in attendance.

Following a declaration that the convention had no definite program prepared, Secretary Grant Tyrrell of the Unionist Association said, "We are simply getting together to find out the attitude of the public on the questions that are before us today. It is simply a little talk to look the situation over." Delegates felt that nothing definite could be done in the way of reorganization until Sir Robert Borden returns to Ottawa and outlines his policy.

Among those attending the conference were Hon. I. B. Lucas, Hon. Finlay Macdonald, Dr. Forbes Godfrey, M.L.A., A. E. Donovan, all the local members of the legislature, and a score or more of representatives from various parts of the province. The following statement was handed to the press: "A meeting of the Liberal-Conservative party was held yesterday in the Albany Club for the purpose of fixing a date and completing plans for a province-wide convention next fall, with the exception of three, each riding was personally represented, and the enthusiasm and confidence displayed was unparalleled in meetings of this character. In view of the fact that a convention of the party was being called, it was decided that no effort toward fixing a permanent policy for the party should be attempted."

More than one thousand business men and high school students of Port Smith, Ark., have donned overalls in a fight against the high cost of clothes.

IRISH CONSTABLE BRUTALLY MURDERED

Found Shot in Yard, Blindfolded and With Hands Tied Behind His Back.

Dublin, April 15.—A despatch from Tralee states that Constable Patrick Foley was found dead in a milk yard today with 26 bullet wounds in his body. He was blindfolded and his hands were tied behind his back. Limerick reports that while constabulary were escorting mails from the postoffice to the railway station last night, crowds of peevish workmen, and it is alleged the civilians fired some shots. The police returned the fire, wounding two or three workmen.

Another hunger strike is reported to have begun in Mountjoy Prison. The political prisoners, both convicted and unconvicted, who are still detained there, refused to take food last night.

Eleven more hunger strikers were released from Mountjoy prison today. The doubts over the terms under which the prisoners have been released are not yet cleared up. Work progressed as usual today and there was quiet throughout the city. A small train was held up by 50 armed men early this morning at Kinsale Junction, south of Cork. They seized all the letters addressed to the police station at Bandon, near Kinsale.

SECESSIONISTS LOSING IN NORTH TORONTO

The volunteer committee appointed to canvass North Toronto with petitions against secession from the city, reported at a meeting of the ratemakers last night that they had secured 800 petitions in two nights' canvassing. A meeting of the secessionists in North Toronto, called Thursday night at the old town hall, as a final mass meeting, had an actual attendance of 55 people. It is evident that the secession movement has fallen very flat.

It is understood that the private bill committee will consider the application for secession on Tuesday next, unless the matter can be delayed, at the request of the city, for another week.

Special value in Men's Hats today at Dineen's. Spring Overcoats and Raincoats, as well as Tweed Caps, in all the new spring colors. Warm, without weight, is the feature of the line. Come into Dineen's, at 140 Front Street, and see something different than the ordinary.

BRAKES OF CAR IN GOOD SHAPE

Evidence of Garage Man at Inquest on John Ensom, Victim of Motor Accident.

The adjourned inquest on the body of John Ensom was resumed last night at the morgue. Evidence taken so far goes to show that Ensom, on a motorcycle, collided with an automobile driven by John Rogers, son of the late Elias Rogers. The victim was taken, still conscious, to St. Michael's Hospital in Rogers' car. The accident occurred early on Tuesday morning, March 20, and Ensom died in the hospital on Tuesday, April 6.

Several doctors gave medical evidence regarding the injuries to deceased. Alfred J. Devonshire, a street car motorman, said he saw the car going up the Kingston road about 6 a.m. A little later he saw the same car stationary, and a man lying in the road with a small crowd about him. Under cross-examination, he said he should judge the speed of the car when he first saw it at 15 to 20 miles an hour, but he was no judge of speed. James H. Jones, confessor on the same car, corroborated Devonshire's evidence. The distance between the wounded man and the automobile was about 10 feet.

Barnard Riekman, a garage man, said that at the request of the police he examined both the car and the motorcycle. The brakes of the car were in good working order. The motorcycle was badly wrecked.

The inquest was adjourned till 8 p.m. Monday, owing to the illness of a witness.

IMPERIAL CONFERENCE TO BE HELD NEXT YEAR

London, April 16.—At a city of London meeting today in support of the work of the Colonial Institute, Lord Milner said the idea that the Imperial Conference had been dropped was unfounded. It was the firm determination of all concerned to renew the conference at the earliest possible time. It never had been possible to hold it in 1920, but it would be held in 1921.

Turkish Delegates Expected in Paris by End of Month

Paris, April 16.—The Turkish delegation which will be sent to France for signing the peace treaty between the allies and Turkey is expected here before the end of April, or during the first few days of May. The delegation will probably establish its quarters at the Hotel des Reservoirs, Versailles.

ESTIMATE RESULT OF WATERWAY PLAN

Believe Two Million Horse-Power Available From St. Lawrence.

Ottawa, April 16.—(By Canadian Press.)—The first of a series of public meetings which are expected to develop the arguments for and against the proposed joint development of the St. Lawrence deep waterway will be held at North Bay on May 7 by the international joint commission.

Several schemes for development have been put forward. One is a dam and lock scheme which would entail the construction of two dams in the international section of the river. The uppermost of these would hold the water at Lake Ontario level and regulate the flow in the St. Lawrence if necessary. At present, difficulty is sometimes caused during low water and the regulation draft of 14 feet. It is estimated that another million horse-power would be made available by these two dams.

This plan would probably provide also for a canal similar to the Welland canal to connect Lake St. Francis and Lake St. Louis and also to connect Lake St. Louis and Montreal harbor. The dams necessary in this section would be for the regulation of present water levels and the improvement of navigation and it is estimated that another million horse-power would be developed in this section.

YORK COUNTY AND SUBURBS

EARLSCOURT VETERANS RELEASE SECRETARY

At the Earls court branch of the G. W. V. A. at Belmont Hall last night, a meeting of the executive committee was held. After some discussion it was decided to release the secretary from his duties as a paid permanent secretary, and in future he will do necessary clerical work in the evenings. The branch being unable to meet the heavy increase in the rental, will vacate the hall at the end of the present month. An office will be found for the secretary, in which to transact business, and a suitable hall will be hired in which to hold meetings as required. The matter of the building fund will be taken up at the meeting owned by the branch at the corner of Elmwood and St. Clair is now offered for sale by a local real estate agent. Commodore J. Godfrey still retains the position of president.

St. David's Presbyterians To Unveil Memorial Tablet

Memorial services will be held in St. David's Presbyterian Church, Harvie and St. Clair avenues, on Sunday, when the Rev. John Nell, D.D., moderator of the general assembly, will unveil the memorial tablet presented by the Hero Workers' Society, in memory of the members of the church who fell in the war. At St. Hilda's Church, Vaughan road, Bishop Reeve will perform the ceremony of dedicating the new brass lectern subscribed for by members of the church and immediate relatives of the soldiers who paid the supreme sacrifice in the war. The bishop will also preach the memorial sermon. All returned soldiers are invited to attend, and special hymns will be sung by the choir. The local branch of the G.A.C. will march to the church, where reserved seats will be provided for them.

POSTOFFICE PROGRESSES

The new postoffice at the corner of Appleton and St. Clair avenues is ahead of completion, and, when finished, will be used as a sub-station for the sorting and distribution of letters for the district from Oakwood to Silverthorn.

TRAFFIC OFFICER POSTED

The police department has placed a traffic officer at the corner of Dufferin and St. Clair during the busy hours between 4 and 6 p.m. daily. The traffic here is very heavy at these hours, and several accidents have happened of late, which could have been avoided had a police officer been on duty to regulate it.

PTE. GEO RUSS BURIED

Pte. George Russ of Earls court, late of the 74th Battalion, died on Wednesday from heart failure, was buried yesterday with military honors at the Prospect Park Cemetery. Among the mourners were Captains Sergeant-Major James H. Stockley and Pte. Thos. Hearne. He is survived by his widow, Rev. Crossley Hunter officiating.

OPPOSE POOLROOM TRANSFER.

Regarding the poolroom at 1249 West St. Clair avenue, the proprietor has made application for a transfer to Belmont Hall, 1219 West St. Clair avenue.

According to the statement of a prominent member of the B. I. A. strong opposition to the transfer will be made by the residents, who will appear before the police commissioners at their meeting next week.

TODMORDEN ANXIOUS FOR COMMUNITY HALL

The residents of the Todmorden district are wondering when the proposed community hall for the district will be erected as a plan to hold public meetings is badly needed.

Over six months ago considerable activity was evinced regarding the scheme and a fairly large amount of money was raised thru the field day and the efforts of the local public bodies. The money was deposited in bank and a treasurer appointed, but up to the present no site has been secured and no further action taken. The money is lying in the bank and should be used for the purpose intended, according to the opinion of a member of the committee.

Liberal-Conservative Women To Hold Todmorden Social

Under the auspices of the Todmorden Liberal-Conservative Association, women's branch, an entertainment and social gathering will be held in St. Andrew's Hall, Pope avenue, on Monday evening, Miss Constance Boutin, Geo. S. Henry, M.L.A., and other prominent speakers will address the meeting. A high class musical program under the direction of Mrs. S. Webb has been arranged and Deputy Reeve J. A. Macdonald will preside.

STREETS ALMOST IMPASSABLE.

Woodville avenue, Bee street, and the principal thoroughfares in the Todmorden section are almost impassable for wheeled traffic at the present time and much inconvenience is being caused to residents and business men. Representations will be made to the York township council in the matter and a request to place crushed stone on the main thoroughfares will be made.

SEPARATE SEWAGE DISPOSAL

According to the statement of Wynne Roberts, York township engineering department, the low-lying portion of the eastern section of York township bordering the city, comprising, in part, the 14 acres of the Davis estate, Aldworth avenue, and the Harris estate will be a separate proposition as far as sewage disposal is concerned. It is expected that the section named will be connected with the city sewers.

PTE. GEO RUSS BURIED

Pte. George Russ of Earls court, late of the 74th Battalion, died on Wednesday from heart failure, was buried yesterday with military honors at the Prospect Park Cemetery. Among the mourners were Captains Sergeant-Major James H. Stockley and Pte. Thos. Hearne. He is survived by his widow, Rev. Crossley Hunter officiating.

OPPOSE POOLROOM TRANSFER.

Regarding the poolroom at 1249 West St. Clair avenue, the proprietor has made application for a transfer to Belmont Hall, 1219 West St. Clair avenue.

According to the statement of a prominent member of the B. I. A. strong opposition to the transfer will be made by the residents, who will appear before the police commissioners at their meeting next week.

TODMORDEN ANXIOUS FOR COMMUNITY HALL

The residents of the Todmorden district are wondering when the proposed community hall for the district will be erected as a plan to hold public meetings is badly needed.

Over six months ago considerable activity was evinced regarding the scheme and a fairly large amount of money was raised thru the field day and the efforts of the local public bodies. The money was deposited in bank and a treasurer appointed, but up to the present no site has been secured and no further action taken. The money is lying in the bank and should be used for the purpose intended, according to the opinion of a member of the committee.

Liberal-Conservative Women To Hold Todmorden Social

Under the auspices of the Todmorden Liberal-Conservative Association, women's branch, an entertainment and social gathering will be held in St. Andrew's Hall, Pope avenue, on Monday evening, Miss Constance Boutin, Geo. S. Henry, M.L.A., and other prominent speakers will address the meeting. A high class musical program under the direction of Mrs. S. Webb has been arranged and Deputy Reeve J. A. Macdonald will preside.

STREETS ALMOST IMPASSABLE.

Woodville avenue, Bee street, and the principal thoroughfares in the Todmorden section are almost impassable for wheeled traffic at the present time and much inconvenience is being caused to residents and business men. Representations will be made to the York township council in the matter and a request to place crushed stone on the main thoroughfares will be made.

SEPARATE SEWAGE DISPOSAL

According to the statement of Wynne Roberts, York township engineering department, the low-lying portion of the eastern section of York township bordering the city, comprising, in part, the 14 acres of the Davis estate, Aldworth avenue, and the Harris estate will be a separate proposition as far as sewage disposal is concerned. It is expected that the section named will be connected with the city sewers.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wynne's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

HAMILTON

Hamilton, April 16.—The threatened strike of garment workers in Hamilton has been avoided, the agreement submitted by the employers being approved this afternoon by the Amalgamated Garment Workers' Union at a largely attended mass meeting at the I.O.O.F. Temple.

Announcement was made today by George Stroud, manager of the Savoy Theatre, that work on the new Pantages Theatre, which when completed, will cost in the neighborhood of \$1,000,000, exclusive of the money paid for the site on East King street, will be proceeded with at once.

The reorganization and extension campaign of the board of trade got off as a flying start at the Royal Conservatory of Music, when a smoker was held.

Recent investigations of the occult powers of an "evil" South, as an address delivered to the Hamilton Scientific Association tonight by Prof. C. S. Brett of the University of Toronto.

At a meeting of ratepayers of school section No. 3, Barton, held at the Lloyd George School tonight to consider the erection of a new school, a committee was appointed to wait on the local board of education.

WELCOMED IN COMMONS.

Ottawa, April 16.—George W. Allan, member for Winnipeg South, appeared in the house this afternoon for the first time since his illness. He was welcomed by cheers from both sides.

MAJOR ARRESTED ON THEFT CHARGE

Ross C. Cockburn, President Army and Navy Veterans, in Custody.

Major Ross C. Cockburn, president of the provincial command of the Army and Navy Veterans of Canada, and Walter Pecker, Lansdowne avenue, were arrested yesterday on charges of theft in connection with the disappearance of over \$800 of the organization's funds. Major Cockburn was brought to headquarters yesterday.

day, and after examination by Inspector G. Guthrie, was held in custody.

Last night Pecker was arrested by Detectives Levitt and Mulholland, and after being examined by Inspector Guthrie for nearly three hours, Pecker was charged with theft. Both men were released on bail bonds of \$2,000 each.

The charges, according to the police resulted over the missing of some of the cash proceeds of the recent "Tag Day" held for the veterans' organization last month.

On March 8, Major Cockburn is alleged to have opened a down town office and received cheques and donations for the campaign. Some of the cheques were signed and cashed by both accused men and cashed. The books were gone over last night by the police in the city hall.

Major Cockburn is a veteran of the South African and great war. At the federal election in 1917 he contested the seat in East York as a soldier candidate and was defeated by Thomas Foster.

CONSERVATIVES GO WITH STREAM

Tories Are Now Strongly Advocating Proportional Representation.

Last night's largely attended meeting of Ward Four Liberal-Conservative Association at assembly hall, Toronto Conservatory of Music, was remarkable in that a Liberal-Conservative member of the legislature was heard to champion the cause of proportional representation. The speaker was W. Hill, M.L.A., Ottawa. Among the many speakers was Mayor Church, who declared that it was highly time that elections were carried out on the basis of the popular vote. Toronto voters during the recent provincial election, said the mayor, was only 8,000 less than that of the U. F. O. in the entire province. When one considers that the city paid taxes on buildings and conveniences largely used by provincial interests, the need of electoral reform was obvious.

Mr. Hill showed that the principle of proportional representation had long since passed the stage of new-fangledness, and that it was in actual practice in many parts of the world. There were many Conservatives, said the speaker, who favored the ideal, and there was every reason to believe that it would soon become a plank of the entire party.

Mr. Hill pointed to various elections as examples of the inequalities of the present system of single constituency voting. The inequalities held good which brought in the Drury movement not a year ago. The speaker himself had represented only a third of the total votes recorded in the Ottawa electoral battle but he had gained the day.

The defeat of Sir William Hearst by Mr. Cunningham could be attributed only to this single constituency system of voting," said Mr. Hill, "and no one will dare to say that he be, is as valuable an asset to the province as Sir William."

Colonel J. Currie said that class legislation had no part in the aspirations of the Conservative party. Farmers, workers, doctors, lawyers, nurses, all people were to be believed. Sam Gompers was the greatest exponent of class legislation in the country, but it was significant that he had set his face against anything in the direction of the Drury movement.

William Donovan, ex-M.L.A., of Brockville, characterized Premier Drury as an therefore inimical to the best interests of the Dominion.

Other speakers were Charles McCrea, M. L. A., of Sudbury; Ex-Controller I. Cobbin, and A. L. Cowan. A number of musical artists rendered solos and instrumentalists. Ald. Nesbitt presided.

to the Jersey City police by a committee of strikers. They said an unidentified person had left them at the hall, where the strikers held a meeting. Another package was delivered by officials of the Railway Port and Terminal Workers' Union.

No Revolutionary Propaganda. A resolution declaring that radical propaganda, literature or agitation would not be tolerated at any of their meetings, was adopted by the strikers. The motion was carried by a vote of 100 to 10.

Mr. Graham said he believed the men to be on strike would return to work tomorrow if they were given assurances that their demands would be met by the labor board within thirty days.

The first big break in the strikers' ranks in the east, their last remaining stronghold, came today, when 500 Pennsylvania firemen and engineers at Baltimore voted to go back to work. Similar action by the Transmen's Brotherhood there was reported by its president.

Switchmen at Toledo, Ohio, voted to return to work pending a settlement of their grievances by the labor board. The railroads there will give their answer tomorrow.

Service is improved. Railroads in all sections of the country reported that passenger service was nearly normal, while freight service, virtually abandoned since the strike, was rapidly being resumed. Thousands of volunteer workers bore the brunt of the work in moving trains in and around New York.

Attorney-General Palmer's allegations that the strike was planned and is being directed by radical agitators with questionable motives were challenged from two separate sources.

Frank Morrison, secretary of the American Federation of Labor, issued a statement in Washington that an independent investigation of strike causes by way of exclusive "more pay" Major-General Leonard Wood, commanding the central department U.S.A., who has just returned from his duties at Chicago after a short leave of absence, asserted he failed to find "any evidence of connection between the railwaymen's strike and the Industrial Workers of the World activities."

Ottawa, April 16.—(By Canadian Press.)—Correspondence relating to the resignation from the government service of Prof. F. V. Reithdorf, alias Frederick Edwards, 205 Scott block, Winnipeg, was tabled in the house today, on an order for return on motion of C. F. Power (Quebec South). The correspondence included a pile of letters which had passed between Reithdorf and various officials in the government service, as well as letters from Reithdorf to Hon. N. W. Rowell, and replies to same.

A HOME-MADE GRAY HAIR REMEDY

You Can Make a Better Gray Hair Remedy Than You Can Buy.

Gray, streaked or faded hair is not only unbecoming, but unnecessary. Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Orlex Compound, and 1/4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the scalp, is not sticky or greasy, and does not rub off.

BOY ACCUSED OF MURDER IS BROUGHT TO MONTREAL

Montreal, April 16.—Armand Beauregard, the boy accused by Paul Heck of murdering James Brooks, the hunter whose burned body was found in a shack near Montfort, Que., last January, arrived in Montreal this morning with Detective Houle, who arrested him in a silver mining camp near Timmins, Ont., yesterday morning.

Beauregard is a dark-complexioned, sturdy-looking young boy, who looks about 16 years of age, altho he is said to be two years older. The preliminary trial of Beauregard will be held at Ste. Scholastique, Que.

May Ask Carnegie Foundation To Establish Kingston Library

Kingston, Ont., April 16.—The Public Library Board is asking the Carnegie Foundation for \$80,000 to establish a Carnegie library in Kingston. G. Y. Chown, registrar of Queen's, has donated to the library board a handsome building and recently the city ratepayers voted to establish a library therein. If the scheme goes thru, Mr. Chown will sell the building to the militia department for their local headquarters and will donate the proceeds, which he will increase to \$25,000 to the fund for erecting the Kingston General Hospital. Assurance has been given that the request from the city to the Carnegie Foundation would likely be granted.

Gruesome Report of "Flu" Havoc Comes From North Saskatchewan

Prince Albert, Sask., April 16.—With the self-slain body of Otto Fritz lying in the shack north of Lac La Ronge, his Indian wife and three children lived in the shack for four days, until the provincial police constable happened along. Fritz had been suffering from flu and happened to be shot himself while in a fit of mental aberration. The story told by Archie McDonald, who has just returned from a trip north, relates that there have been thirty deaths at Stanley and 27 at Lac La Ronge.

Appointment of Rev. W. Ryder To Parish in Model Town

Ottawa, April 16.—Rev. W. Ryder, who was assistant to the late Venerable Archbishop MacKay at All Saints' Church, will leave the capital on May 1 to accept an appointment to Timiskaming parish, Quebec, in the model town constructed near Ingois Falls by the Riddell Paper and Pulp Company. The new charge is in the diocese of Montreal.

Potato Query in Commons; War Gardens Aided Crops

Ottawa, April 16.—(By Canadian Press.)—Potato exports from the Dominion crop of 1918, giving the number of bushels for each month from Aug. 1, 1918, to July 31, 1919, are asked by T. W. Caldwell, member for Carleton, N.E., in a question for the house on Monday. In most parts of the Dominion, the potato yields in 1918 were more than double those of average years, this being the result of a Dominion-wide agitation for war gardens.

WAS TRYING TO ESCAPE

Berlin, April 15.—Paul R. De Mott of Paterson, N.J., who was shot and killed at Wesel by a German sentry recently, was making a deliberate attempt to escape from prison when fired upon, according to an oral report made by a representative of the American commission here, who has just completed an investigation of the incident.

SUPPORTS FREE SPEECH.

Calgary, Alta., April 16.—Prof. Alexander of Alberta University, addressing a joint meeting of Canadian Clubs here last evening on the subject of free speech, discussed the expediency of suppressing it and stated that the recent Winnipeg trial had given a greater currency to the idea of the men on trial than they were ever otherwise likely to obtain.

CATTLE DESTROYED THRU FEED SHORTAGE

Loss for Province of Alberta is Estimated at Seven Thousand Head.

Calgary, Alta., April 16.—Seven thousand cattle have been destroyed in Alberta because of the shortage of feed. This includes the entire province. Conditions are now worse in the north, where there is some feed, but where the farmers cannot get at it because of the deep snow. W. F. Stevens, secretary of the Alberta Cattlemen's Protective Association, says that its members have had no big losses but that most of the losses have occurred among small stock men and farmers. Conditions in southern Alberta are not bad, according to officials of the United Grain Growers.

CIVIL WAR IMMINENT IN CHINESE PROVINCES

Shanghai, China, April 16.—Serious disturbances have occurred in the province of Honan and civil war is imminent, according to advices received by Chinese officials here. These disturbances, it is said, is the result of a change of tutuhs, or military governors, in the province by the Peking government.

CONSIDER CHIMES FOR OTTAWA HOUSE

Senate Names Committee to Inquire Into Matter of Parliament Bells.

Ottawa, April 16.—The appointment of a committee to consider the question of installing a carillon in the tower of the parliament buildings was made by the senate on the motion of Senator Bradbury. He stated that the chime of bells should not cost more than fifty thousand dollars, and would figure as an inconsiderable item in the cost of a building upon which eight or nine millions would be spent before completion. The committee named was senators Bradbury, Boyer, Belcourt, Girroir, Mitchener and Foster. The bill creating divorce courts for Prince Edward Island and Ontario was read a third time. A supply bill providing a sixth of the twelve million vote for civil service bonus payments for the current year was put thru all the stages and passed.

Trapper Who Had Beaver Skins Pays Fifteen Hundred Dollar Fine

Dawson, Y.T., April 15.—A fine of \$1,500 was imposed here yesterday on Ole Samuelson by Judge MacAuley, for having in his possession 22 beaver skins. Samuelson and his partner arrived here from the Leduc district of White River, with about \$25,000 worth of skins, including the beaver, some foxes and 280 martens. It is illegal to kill beaver in this territory.

RAIN, SLEET AND SNOW IN SOUTHERN ALBERTA

Lethbridge, Alta., April 16.—Rain, sleet and snow fell all over southern Alberta last night, bringing April precipitation to date up to 1.77 inches, shattering all records for the month in the past 18 years. Seeding will be still further delayed, and some further stock losses are reported.

CHURCH RETAINS NAME

Montreal, April 16.—The question of changing the name of the Church of England in Canada came up in the Anglican synod here yesterday afternoon, when a resolution expressing opposition was moved and carried by a large majority. Lt.-Col. E. M. Renouf, in seconding the motion, said that if the name were changed, it would be one more link broken between the mother country and Canada.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are over just a little hard of hearing or have head noises, go to your druggist and get 1 ounce of Earmint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, cost little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

FIVE MILLION FOR NEW STREET CARS

Railway Company Presents Estimate of Cost of New Equipment.

MAY OPERATE SUNDAYS
Legislative Committee Allows Small Cities to Run Cars on Sabbath.

It was stated at the Ontario Railway Board yesterday that two hundred new street cars would cost the Toronto Railway Co. and aggregate of \$5,522,200, with additional expenditures of one million dollars for new car barns and a million and a half for extra power facilities.

Five tenders for the 200 passenger street car bodies were submitted to the board by D. L. McCarthy, K.C. These tenders ranged from \$9,275 per car to \$13,893.

In detail the tenders were as follows (for 200 semi-steel passenger car bodies only):

First tender, \$12,591 each, shipments to begin on the 15th April next and two cars per week thereafter, the tender subject to acceptance within ten days.

Second tender, \$9,275 each, shipment to commence in from 7 to 8 months and 10 cars weekly thereafter, tender void if not accepted by 15th of April.

Third tender, \$13,893 each, f.o.b. Toronto, delivery to commence nine months after receipt of order, and 20 cars monthly thereafter, subject to acceptance by 30th April.

Fourth tender, \$12,635 each, f.o.b. Toronto, delivery to commence 150 to 175 days after receipt of order, and two cars weekly thereafter, subject to acceptance in ten days.

Fifth tender, \$13,200 each, f.o.b. factory, delivery to start during last quarter of this year and two cars weekly thereafter.

Prices Not Inclusive
These prices do not include exchange, freight, inspection or other incidental expenses, and Mr. Hubbard, assistant manager of the T. S. R., stated that an average of over \$500 must be added to these costs for cars laid down in Toronto.

For electrical supplies, motors, control and air brakes, not included in former figures, two tenders were received, the first at \$8,325 per car, the other at \$8,694, in each case shipments to commence in a few months. Only one tender for trucks, including axles and wheels, was submitted, the price being \$17,000 per car. To all these figures must be added exchange and freight rates. The names of the various tenders were withheld.

New Barns Needed.
Their acquisition would involve the construction of new car houses at an estimated expenditure of one million dollars. The location of these car barns, suggested Mr. McCarthy, should be agreed upon by the city and the company to provide the maximum of efficiency when the Toronto Railway and Civic Railway are unified. Mr. Hubbard gave his opinion that such a location would be outside the zone now operated in by the Toronto Railway Company.

Neither has the Toronto Railway Company sufficient power to operate 200 extra cars. And more stations would have to be erected, at an estimated cost of \$1,500,000. Mr. Hubbard stated that an addition of 200 cars is about an increase of 20 per cent. on the present number of cars.

Chairman McIntyre: Can you get additional power? Is it available?

Mr. Hubbard: My figures are based on the assumption that we can get power. The figures are for equipment necessary to handle it.

Questioned by Mr. Geary, Mr. Hubbard stated that the company had not tried to buy any cars this year. Additional cars supplied since 1917 came from their own shops.

Works Commission: Harris said that eight weeks ago he had wanted tenders for thirteen new cars for the city and got three replies. The first, informal, quoted \$30,487 for a completed car, delivery Sept. 1, second, \$24,142, delivery 150 to 210 days after receipt of order; the third, \$27,420, delivery in 189 working days.

May Run Sunday Cars.
Operation of Sunday street cars in cities with a population of more than 20,000 will be permitted by an amendment to the railway act passed by the railway committee of the legislature yesterday. Sunday cars are at present permitted only in cities of more than 50,000. The committee approved a bill to incorporate the Northern Light Railway Company, which runs from Elk Lake to Gowanda, a distance of 28 miles. A two years' extension of time, in which to complete the Mount McKay and Kabeika Falls Railway was granted.

Division Court Changes.
The legislative legal committee decided yesterday morning to report the acts to amend the division court and to amend the act with amendments to the effect that in all cases involving over \$100, the judge shall have the power to fix fees at an amount not to exceed \$25, at his discretion. Previously the maximum amount was \$10.

The act to amend the wives' maintenance act was also reported. This increases the amount to be paid to a deserted wife from a maximum of \$10 to \$20. Mr. Brackley's bill to amend the wages act was allowed to stand over.

Sergeant-Major McNamara's act to make a child maintain his parents was considered very radical. It was laid over till the next meeting to allow the member to support his bill.

Bill Was Held Up.
The bill of Charles Swyze, Niagara Falls, which removed the exemption from taxation on all real and personal property of the federal government, provincial government, municipal corporation or commission, was withdrawn for a time, but may be introduced again with amendments which will satisfy the government.

NEWS OF LABOR

WILL ELIMINATE NIGHTWORK BOGEY

Amendments to Factories' Act Proposed by George Halcrow.

Legislation which is to be introduced by George C. Halcrow, M.L.A., in the course of a few days, to amend the factory act, to prohibit master bakers from working their employees either before or after the hours of 8 in the morning or 8 in the evening, is hailed as a matter for congratulation by the originators of the idea. The idea is plain. It spells practically the elimination of night work in the bakeries in the province if carried. Tom Watt and John Drummond, organizers for the National Union of Journeymen Bakers, have worked on this matter for many months, and yesterday expressed the opinion that the aims of the members of the union to eliminate night work in bakeries were fast approaching consummation, the Independent Labor party now working heartily in conjunction with the project.

Speaks for Itself.
The bill, which is being introduced on Monday, is an amendment which speaks for itself. This, at least, was the opinion expressed yesterday by many journeymen bakers at S.O.E. Hall. Tom Watt is sending out a circular of appeal to all the master bakers for their co-operation. He stated that if the public became aware of the conditions surrounding night work at the bakeries, there would be no hesitation in the public clamor which would go out of substitution of day for night work.

The act, as at present administered, reads as follows: "No person shall require any employee to work on Sunday, nor over 12 hours in any 24 hours, nor before the hour of 6 a.m. on any day, nor after the hour of 8 p.m."

Both the act and the proposed amendment provide that no employee shall be made to work more than 60 hours a week.

RAILWAY MASS MEETING
Toronto Suburban Railway members of Division 113, Street Railway men's Union, are holding a mass meeting in West Toronto on Saturday night to discuss a new wage schedule for the ensuing year.

PLIMSOLL LINE TO BE USED
Officials of the National Association of Masters, Mates and Pilots have received word from Ottawa that the government has decided to follow their recommendations touching upon the use of the Plimsoll Line for all boats of more than 500 tons engaged in freight and passenger trade on the Great Lakes.

BOOKBINDERS MEET SUNDAY
Bookbinders are meeting in special session at the Labor Temple on Sunday afternoon to discuss ways and means of presenting their demands to the employers in the printing trades. They are demanding a large increase owing to the increasing high cost of living.

ORGANIZED AND HAPPY
Henry Cummings, business manager for the Stationary Engineers in the international movement, stated that the Ladies' Auxiliary would hold a dance and supper at the assembly hall, Labor Temple, on Friday, April 30. He stated that his own local had taken in 30 new members at the last meeting held at the Labor Temple.

CARTERS MAY STRIKE
Montreal, April 16.—Two hundred and fifty carters employed by the city will strike on Monday if their demand for an increase in wages, bringing them to the level of employees of private companies is not complied with.

MARGARINE STILL HOLDS ITS OWN

No Decrease or Increase in Consumption—Future of Industry Uncertain.

Oleomargarine, unlike certain famed brands of whiskey, is still going strong. At least this is the case in Canada, where it is estimated that more than a million pounds are consumed monthly. The World gathered this information yesterday, when local packers were discussing the resolution presented by Hon. F. S. Tolmie, minister of agriculture, to the house of commons, that an extension of time be made until March, 1921, for the manufacture, importation and sale, of this household commodity.

Harris Abattoir and the Swift Canadian Company are the only manufacturers of oleo in Canada, and approximately three-quarters of the amount consumed in this country comes from their packing plants. Other concerns, like the Wm. Davies Company, import from the States.

"How will this proposed extension of time affect local packers?" an official of the packing trusts was asked. "Have the packers made any plans?"

Future Too Uncertain.
"Well, you see, Canadian firms have been rather chary up to date of entering into its manufacture, as its future was so uncertain. It is only since the latter part of 1917 that its manufacture was permitted here at all, and we did not know how soon the ban was going to descend on it again. Packers rather steered clear of the business, rather wishing to invest money in a thing which was liable to be barred at any time. Before this extension was proposed, the manufacture of the stuff was to be stopped by government order this coming August."

"What's the matter with it, anyway?" was the next query fired at him.

"Nothing at all that I can see. It is made by a government set standard and is absolutely pure, without any harmful ingredients. Canada was the

last country in the world to permit its sale, and it is apparently going to be the first to stop it."

"Is the sale of it increasing much?" asked the reporter, who has to battle bravely with the H. C. of L.

"The sales are running about normally at present, but during the war the consumption increased nearly three million pounds a year. Since that time there has been no falling off in the sales."

JEWISH MASS MEETING.
In connection with the Canadian Jewish war relief campaign, a great

Jewish mass meeting will be held next Sunday evening in Massey Hall, when Mr. Sholem Asch, foremost Jewish man of letters in the world, and most widely read Yiddish writer in America, will lecture. A banquet will also be held in the Masonic Temple on Saturday evening.

Wool Growers to Get Back Million Dollars in Excess Profits
Washington, April 16.—Excess profits of more than \$1,000,000 obtained by wool dealers in transactions during the war time period when the national supply was all under government regulation, will be collected and returned to the growers by the bureau of markets of the department of agriculture. The decision, announced tonight by the department, followed a hearing on questions relating to the valuation and handling of the 1918 clip.

Plain Facts about Milk Routes

A team of horses costs about \$400, double harness \$100, a wagon \$75, making a total of \$575. A Ford Truck costs \$750 at Ford, Ont.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour, or 17.4 cents per team per hour. One team, if collecting milk, could not cover more than 30 miles a day. The cost for twelve hours would be \$2.09, or about seven cents a mile. The cost for gas and oil for a Ford Truck is only 4½ cents a mile. The Ford Truck soon pays for itself in reduced cost of operation.

A Ford Truck will cover at least 60 miles a day collecting milk, or 250 miles on long hauls. It enables you to operate at a lower cost per mile and to cover twice as much territory as with horses.

SATURDAY MORNING, APRIL 17.

Queering Its Own Pitch.

Judging by The Pioneer the Dominion Alliance partisans in the temperance camp are bent on doing a bad turn to prohibition in Ontario. It raises afresh the doubt whether a referendum can legally be taken under section 152 of the Dominion bill 26, seeing that the section only applies to a province "where there is at the time in force a law prohibiting the sale of intoxicating liquor for beverage purposes." The Pioneer says repeal of the section of the O. T. A. permitting the sale of native wines "must antedate the passing of a resolution requesting a vote."

Surely there is unnecessary quibbling here. An act may prohibit the sale of intoxicating liquor without prohibiting the sale of ALL intoxicating liquor. It is foolish to argue that when parliament passed bill 26 dealing with provincial prohibitions it could have regarded Ontario as a non-prohibition province. Why, Ontario absolutely dictated section 152.

The Pioneer tries to create once more a deadlock by preventing any more being done unless its pet scheme of killing native wines is accepted. Presumably it prefers to have the flooded cellar plus native wines to having its native vines without the flooded cellar. What can Canadian native vines, as a source of evil amount to anyway compared with the sort of importation that is flooding cellars now? Anybody might suppose Ontario was another Champagne, instead of having a very small belt in which grapes can be grown for a people who have not acquired the taste for wine to anything like the extent that they have been trained to hard liquor.

The Alliance, with Mr. Spence as its fulcrum is going to work in a fine way to disgust people who understand that prohibition in Ontario has got beyond the stage of being the hobby of excellent, but extremist, zealots. It belongs to all the people. When the referendum carried last October under non-importing conditions, broadly, the people voted for the non-importing prohibition that was then in force. Nobody at that time heard of any menace in native vines. The refusal of parliament to maintain wartime prohibition puts Ontario under the necessity for saying whether it desires to return to what it had when it passed the October referendum so overwhelmingly. The Pioneer is jeopardizing its own cause, and ought not to be so blind as to refuse to see the truth and statesmanship of the position of the referendum committee.

Hydro Interest Rules Here.

A vital principle of public policy is at stake in the development of the Pic River and Sturgeon River timber limits. The concession on Lake Nipigon was sold three or four years ago, with a bargain that a pulp mill would be built by the concessionaires, at a then unprecedented price, which would be higher if the sale were made now. The limits were connected with a possible power development, which at first was not reserved to the provincial hydro. The big old policy of letting private companies get hold of big public waterfalls was still only half understood for the folly it has always been.

In the end a provincial Hydro scheme was undertaken, so that the pulp-making company that used the limits would get its power from the Hydro, and Port Arthur, a Fort William could also draw, at cost, on the public source of electric light and power. The Hydro has begun its development. A million dollars has been spent, and the commitment is for four millions more. The pulp company has not begun to build its mill, and seems to take the "round that as the Hydro is not swift the company can afford to be slow.

It may later appear that the concessionaires will try to get out of their bargain, possibly on some technical ground, but really, because it is disappointed in not having acquired control of the water power—an asset which would be worth much money to it, if, after some years the timber limits should not yield enough wood to make the mill profitable. Premier Drury has made it clear that the mill must take Hydro power or it will not get the pulpwood.

No question of the province's good faith can be involved. If it should appear that the concessionaires thought more of the water than they did of the wood, they will only demonstrate once more that the old game of making the public hevers of wood and drawers of water for concessionaires is dead beyond hope of resurrection, thanks to the province's unalterable Hydro policy.

L'Amende Honorable.

Mr. Justice Lennox was properly criticized here two days ago for some

remarks he made in court at Cornwall upon the inability of a twenty-year-old native of Ontario who could only speak French. The judge has made a public statement, which concludes:

"As I happened to say in court, I would be very glad if I could speak French in addition to my mother tongue. I want to be perfectly frank in what I say. To sum it all up, then, I exceedingly regret if any of my utterances may have given offence to or wounded the feelings of any of my fellow-citizens of French origin, and I trust they will credit me (as the fact is) as entertaining toward them nothing but kindly feelings."

That manner of speaking honors the man and becomes the judge. The French will be the first to say to him, "forget it." First thing you know, his lordship will be invited to speak in Quebec, and to tell his compatriots just what he thinks of them. He may say he will compete with Sir George Foster as a bilingual neophyte. Sir George made his first French speech to the house of commons at the age of seventy-two. Justice Lennox was only seventy about six weeks ago; so he has lots of time in which to show that while the young men may see visions, the older fellows can do more than dream dreams.

More Bitter Sweetening.

This is truly the age of sweetness and light—sweetness in the taste of sugar, and lightness in the quantity of dollar will buy. Starch will be higher than the dreams of avarice, if potato-holders do not experience a change of heart.

At the refineries, sugar has gone up another \$2 per 100 pounds, which will enable retailers to sell at from 20 to 25 cents per pound. Detroit and London housewives are in revolt against the cost of potatoes, which were \$7.50 a bag on Wednesday. In Detroit, at least, a boycott brought them down to \$4.25.

Everybody is asking where this sort of thing will end. Swearing at large will fill no stomachs, however many feedings it may relieve. Old George the Third, an intensely practical politician, used to say that any man was good enough for any job he could get. The twentieth century profiteer honors his commercial ancestry by asking any price he thinks the buyer will pay. Is he to blame because he acts harmoniously with centuries of tradition, and there is none to put the fear of God or man in him?

Price-fixing has been tried in Britain, with more admirable results than the board of commerce has achieved here. The truth seems to be that governments have not yet discovered the root of the high prices evil. Traders who pray not to be led into temptation say they are helpless against the inexorable law of supply and demand. Can relief be found by any remodeling of the criminal code? Or must the vicious, winding stair be climbed till somebody falls into space, and his prices crash with him?

The prospect for cheaper abundance does not improve, because the labor situation on the farms is worse than ever. On Monday, The World said that some Ontario farmers were paying as much as \$80 a month and board for one man's seasonal work. On Tuesday a farmer came in to say his neighbor was giving \$100 a month, and that he himself was going short of help, because no man can earn, even at present prices, what his neighbor would pay.

It is no use girding at the farmer for under-production. Until there is more production there will be high food prices. It is all very fine to talk about the expansion of this or that business in the city. But if there isn't enough to eat, presently, some of us will have to revise our ideas as to what the basic industry of the world is. Under-production of food is not the only contributor to high prices. The mills bulge with flour, but its cost goes up.

Something is radically wrong with distribution—or with the control of it. If the profiteers control it, and keep the law of supply and demand in subjection to their taste for profits, some way of controlling them will have to be found. It would be better to crush them than to see our whole economic fabric crashed.

But, as the recipe for jugged hare began "First catch your hare," the first requirement for jugged profiteer is to "define him." Having defined him, the police should be equal to catching him.

Gossip to Nowhere.

The forecasters are busy again with Ottawa leaderships, as soon as Mr. Rogers, the inexhaustible fountain of political speculation, appears in the capital. They even proclaim Sir William Mackenzie as a veteran politician and suggest that he and the Hon. Bob are running in double harness. The chances are that Sir William's visit to Ottawa merely synchronized with that of his old time Manitoba admirer. But there is no doubt of Mr. Rogers' re-creative activity in the interests of the grand old party. The get-together conference that is to be held in Toronto on the tenth of May will be a natural sequel to the banquet to him in the King Edward many moons ago.

Sir Robert Borden's health is again being spoken of as permanently unequal to the resumption of leadership. Sir Thomas White is once more heralded as the prospective chief of a rejuvenated party. The future of the

A GOOD ONE

ERNY: Course I don't s'pose I'll get one like this every day.

Unionists revives anxious debate. Talk of an election in the fall, before most of the Unionists can be re-attached to their old love, adds a certain spice to a situation that is generally regarded as flat, stale and unprofitable for all except the gossip-mongers.

From The Grain Growers' Guide comes a sidelight on possibilities that is at least interesting. An Ottawa correspondent of the premier organ of militant agriculture proclaims Mr. Calder as "Sir Robert Borden's political heir-at-law," who "has taken charge of the task which Sir Robert had to abandon of transforming the loose alliance of the coalition into a permanent party." Mr. Calder, according to the Guide writer, "has an incurable passion for political intrigue, and a desperate zest for the fleshpots of office, perhaps more for the power than the pelf they bring."

Nobody knows where anybody is at. But so far as Mr. Calder is at the helm the steering is sure to be smooth even to the hand at the tiller may not be obtrusive. Mr. Calder does party good by stealth, and is resigned to find it tame. He had more to do with the formation of the Union Government than any of his Liberal colleagues. If the story of that fateful episode in Canadian war history is ever fully written it will show Mr. Calder as an astute, persistent seeker after unity, when once he realized the patriotic blundering of the western Liberal convention that was so surprisingly Laurierite. It will also show Mr. Rowell as a reluctant approacher to the sacrificial altar; and Mr. Carvell as wrestling manfully with himself about the wisdom of trying up with men against whom he had long used a scolding tongue.

Of Mr. Calder's immense ability there is no shadow of doubt. He walks circumspectly, speaks gently, and inquires after more advice than he dispenses. Several tenures of the acting premiership of Saskatchewan, during prolonged absences of Mr. Scott, won him the confidence of his colleagues. He would have succeeded Mr. Scott if the party caucus had had his way. But he willingly sacrificed his personal ambition to what he sincerely believed to be the party interest. His organizing genius has not been lavished on elections alone. If management can achieve a permanent Unionist party, Mr. Calder could bring it to pass.

But what can mere management achieve during this weird phase of political transition? We are in the vicinity of incalculable events, which repeatedly make the counsels of the wise seem only so much foolishness. Tho a strange dumbness may afflict Canadian public life for a season, the after-the-war processes, which, in every country are beyond any reckoning of during-the-war experience, are following their appointed course. Providence, which moves in a mysterious way its wonders to perform, will dispose of them.

More and more it looks as if any attempt to reconstruct the parties we used to know will be only so much effort at unscrambling eggs. The Timiskaming election is described in some old-time Liberal papers, like The Quebec Telegraph, as the Union government's Waterloo. In that fight, Politicians may propose elections, but if Mr. Meighen was Napoleon, there was no Wellington? A Labor-U.F.O. candidate was returned. But his electors were in a minority as against the Conservative and Liberal candidates. The Ontario government holds office as the mandatory of a minority of

votes cast last October. In no province can it be confidently said of the Conservative party, "Lo, it is here," or "Lo, it is there." In Saskatchewan, a Liberal provincial government has been in power, with enlarging strength, for nearly sixteen years; but its members dare not associate themselves with the federal Liberals.

The only certainty is that governments go. But where they are or what will happen to them—who can say, and who would risk a wager? Does it not, become increasingly

manifest that it is not parties, nascent, present or decadent, that count, but events, and events, and events? Concerning events, and what they appear to spell for tomorrow, most public men are very efficiently inarticulate. Leadership can never evolve from dumb show. Leadership is to those who will lead—in leadership, and not in postitudinous manipulation.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

THE OPTIMIST

CHAPTER 59.
Alice, then, was really engaged. She had not felt so before, not even when she wore Lawrence's diamond on her finger. She had promised to marry him. She had, of course, intended to marry him. She had believed, as he said, that "love would come"—the age-old plea of the hopeful lover.

And now she had confessed she loved him. Now she was sure—well, almost sure—she loved him. She tried to make her thoughts clearer by talking it over with her mother.

"I think," she said, "it's because I can't quite get out of my head the idea that I still love David. It seems to me I should love David. I did, so very much. I feel fickle, unfaithful, to say I don't love him now—in spite of everything."

This was quite too subtle for Mrs. Fairbanks. She began picking up Lawrence's toys mechanically, trying to comprehend this most extraordinary speech from her daughter. When she spoke, it showed that she had been thinking of something not quite connected with the subject.

"You talk awfully well, Alice," she remarked. "You talk like all the college educated people I ever met. It's grand to be able to say things 'so well.'"

Alice threw back her head with a laugh of pure joy. "How lovely of you to say that, mother," she cried. "Do you know, that's the first evidence, real evidence, I've had that all my studies have benefited me? I suppose the idea is that you fill your brain full of new thoughts, and it's like putting oil on a machine, it works better afterwards for it."

She still smiled as she sat there; then, after a time, she went on: "The beauty of it is that I can go on studying if I want to, and learning how to talk well and to act well, and not be awkward and tongue-tied. You simply cannot be anything if all you ever dare think about is how to pay the rent and where the money is coming from for next week's marketing."

"We've drawn ahead on our money, so I could stay home and study, and I intended to work to make it up. But now I'll be a rich man's wife, and you shall have a nice little home near where we live, and I'll buy you a new silk dress every other day."

"Gracious!" Mrs. Fairbanks smiled. "Whatever would I do with them?"

"And Berenice shall have little white socks with blue bands in them, and beautiful hand-embroidered dresses with large sashes."

"Sashes," echoed the baby vaguely. "Blue sashes?" Alice went on, "and a nursery with all the lovely toys I can find. Mother, isn't it dear that Lawrence is so willing for me to keep

Berenice after we marry? He is dear in lots of ways, isn't he?"

"Yes, indeed," Mrs. Fairbanks agreed. "He's helped me study—and learn things." Alice went on. "It was almost as if she were enumerating his virtues to bolster up a weak opinion!"

"David gave me the books, but Lawrence did help me a lot with some of the hard parts. I wish I could have gone to college, tho! But it's no use worrying about that, is it. I know we are going to be happy."

She picked up the baby as she spoke and swung her high up in the air, a feat that always brought out a laugh of delight. Berenice was more than a year old now, and was showing signs of being really pretty as she matured.

Several weeks passed by in this way. Alice was happy, and so was Lawrence. Every day he seemed to find something about the girl that pleased him more and more. The warm weather was beginning, and Alice was busier than she had been during the winter. She did not, however, take up the settlement work again. Lawrence begged her not to, as she had been exhausting herself with it. She trained another woman to supervise the gardens in Shanty-town, tho she worked daily in her own small patch, and daily mutilated her hands by digging and planting.

"But every time Lawrence protested at her work she laughed. "It does me good after a stuffy winter indoors," she said. "Besides, Berenice loves it, and it's healthy for her to be out with me. I know I'll ruin my complexion, and I've already ruined my hands, but I'll take a week off before we marry and have myself all fixed up."

"When are you going to marry me, then?" Lawrence asked it for the hundredth time. "But she could not, yet, name the day she would really marry Lawrence."

INDIAN DELEGATES

DIFFER IN OPINIONS

Ottawa, April 16.—(By Canadian Press)—Opinion among Indians who appeared before the committee on amendments to the Indian act was again pretty much divided today.

Charles Cook, of the Gibson band, Muskoka, thought many fears entertained were more imaginary than real. Indians, when given a chance to become citizens, had equalled their white brethren. J. Picard, of the Huron band, Loretto, Que., considered the bill coercive and unparliamentary. Education was necessary to fight the vices of their pale-faced brethren.

IRISH RACE CONVENTION IN TORONTO DURING MAY

Winnipeg, April 16.—Canadian Irishmen will probably assemble at Ottawa or Toronto during May to hold an Irish race convention, P. J. Henry, provisional president of the friends of Irish freedom, which was organized in Winnipeg last Sunday announced today.

Mr. Henry predicted that the organizations of Canadian Irishmen which were now springing up in various parts of Canada would be amalgamated under a common and with a common platform definitely stated. The object of the organization, he said, was to educate the Canadian public on the literary and historical aspects of the Irish question and to go away with racial and religious prejudices. Both Protestants and Roman Catholics are eligible for membership.

Brantford Council to Consider Widening of Provincial Road

Brantford, April 16.—(Special.)—A special session of the city council has been called for Monday night to consider the widening of the provincial highway between Brantford and Cainsville from 20 feet, the government standard to 30 feet. Such extension would cost the city \$12,000, with the county paying a similar sum, and the residents the balance of an extra \$50,000.

SHORTHAND IN THREE MONTHS OR LESS

One of Toronto's largest financial institutions employs at the present time 12 graduates of Clarke's Shorthand College. This firm prefers Clarke-trained stenographers, as do many other concerns in the city, because my students have no trouble reading their notes accurately and readily. Within 3 months or less, I contend that graduates of my college are capable of filling the best positions that it would take students writing the old cumbersome method six months and not to qualify for. This statement is proven by the records extending back over almost 20 years. I have specialized in this work—short-hand and typewriting. In so doing I have been able to simplify the system of learning by discarding all useless and cumbersome technicalities. If you desire to become an expert, get full particulars of my course. Let me save you time and money. I can do it. But permit me to prove my statements. Come up today get tonight—or write or phone for particulars. Do this now. Don't put it off. I will show you how I do it—how I can prepare any person for a good paying position within three months' time. Practical demonstration and Free Lesson given from 3 to 3.30 o'clock every Thursday evening. You are invited, as well as writers of other systems. Get in touch with me personally today. J. C. Clarke, Principal, Clarke's Shorthand College, 415 College Street, Toronto; Phone College 182.

AIM TO INVOLVE U. S.

Sonora Leaders Oppose Permission to Send Carranza Troops Thru Arizona.

Nogales, Sonora, April 16.—Following an announcement that the federal government of Mexico had asked permission to send troops thru the United States to attack Sonora from the north, leaders of the liberalist movement under Governor De La Huerta of Sonora today denounced the action as a flagrant attempt to involve the United States into what the leaders consider a purely internal matter.

Should Carranza's request be granted, it would threaten the massing of forces on either side of the line at Nogales, Arizona, and Sonora, with a resultant

battle and the loss of American lives and destruction of American property.

GUELPH HEAT COMMISSION RAISES THE PRICE OF GAS

Guelph, Ont., April 16.—(Special.)—At the adjourned meeting of the light and heat commission this morning the question of the increase in wages demanded by the employees of the commission was settled. It was decided to grant all the employees an increase of 20 per cent. After this the commissioners took up the question of the price of gas and after due consideration it was decided to raise the price 20 cents per thousand feet.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Pius IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured."

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.

NOT WITCH-CRAFT, BUT CLAIRVOYANCE

Miss Pollock Appeals Against Conviction—Judgment Reserved.

Miss Maggie Pollock, the Huron county woman who was recently convicted on a "witch-craft" charge, yesterday opened an appeal case before Justice Magee. Miss Pollock is a firm believer in clairvoyance, and gave information recently against two farmers living twenty miles from her home whom she did not know. She charged them with stealing certain grain that had disappeared from her barn, but had no material evidence. Her "spirit" evidence was never either proved nor disproved. The county judge of Huron let her go on suspended sentence, following the charge of witchcraft, and stated that he was convinced that Miss Pollock is a firm believer in her powers.

C. Garrow appeared yesterday for Miss Pollock, while E. Bayley, K.C., supported the crown.

It was found that practically no material evidence was available, nor was there any precedent at hand where a similar case had come before Canadian courts. Following a lengthy debate, in which spiritualism played a prominent part, judgment was reserved.

MANITOBA LIBERALS MEET

Winnipeg, April 16.—The first Liberal convention in the provincial campaign is announced to take place at Glenboro on Monday. Premier Norris, it is understood, will attend. A caucus of Liberal members was held at the government at the parliament buildings last night and arrangements made for the active prosecution of the campaign.

EAT LESS MEAT. IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the urea acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine, so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which is useful for men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

RECOMMEND CHANGES IN PENSIONS LAWS

One Makes Disability "Permanent" After Three Years—Asked by Commissioners.

Ottawa, April 16.—(By Canadian Press.)—Suggested amendments to the pensions act were before the special committee on pensions and re-establishment at its meeting this morning. These were in the form of recommendations from the board of pension commissioners and the committee considered the clauses, some of them rather drastic in their proposals, which the commissioners submitted.

Adjournment was made to Tuesday morning next, when the pensions proposals of the Great War Veterans will be dealt with. Deputations from the Amputation Club, Toronto, and the Tubercular Invalid Soldiers' Welfare League were on hand.

Drastic Recommendations. Several striking changes in the pensions laws were recommended to the special pensions committee of the commons today, in a statement submitted by the board of pension commissioners. Consideration of the proposed amendments is now under way.

Among the important changes suggested was one whereby a pensioner's disability would be considered permanent after three years had elapsed from the date of the amendments being adopted. The pensions commissioners, in their recommendations, pointed out that many disabilities would increase with the aging of the pensioners, and medical re-examinations, if continued, would continue to increase Canada's pensions. They pointed to the experience of the United States, where the increases in disability after the civil war kept the pensions bill growing despite the fact that pensioners were being reduced in number by death.

Option of Lump Sum. Another important suggested amendment was to the effect that all pensioners of less than twenty per cent. disability be given the option of accepting a lump sum gratuity in lieu of pension. The amount of money involved would be between \$5,000,000 and \$12,000,000, and some 40,000 men would be affected by this decision. The gratuity would probably be paid off within three or five years, the commissioners advanced, and the administration expenses of the board would be materially reduced by the adoption of such a plan.

Submit a Table. In support of this idea, the commissioners submitted a table estimating the number of men in each class, probable average gratuity and total sum needed for the purpose as follows:

Disability, Pensioners, Av. Grat.	Total
5 to 9 p.c.	\$3,319,180
10 to 14 p.c.	22,955,300
15 to 19 p.c.	10,518,450

Totals 46,822 \$32,810,550. The commissioners pointed out that it was impossible to make a very clear estimate of the probable cost, but if all men now receiving pensions accepted the gratuity offer, there would be an outlay of about \$12,500,000 this year, and the annual pension bill would be reduced by something over \$3,000,000. Some men undoubtedly would prefer to remain under the present system, but the commissioners felt that on the whole an offer of this kind would be more satisfactory to the majority of pensioners with these disabilities.

Amending Clauses. Suggested amending clauses would provide that a disabled man with less than five per cent. disability could at his own wish, except as final payment of his pension claim a sum not in excess of \$100. A pensioner with disability ranging from 5 to 19 per cent. would be entitled to elect to receive a cash gratuity not to exceed \$1000. This would be a final payment of all his claims.

Amendments would also extend the provisions of the act to men in the headquarters staff, permanent force and active militia. It was proposed to make the present pensions act applicable to every soldier and sailor, but not to pay pensions unless disability or death were attributable to service. The "due-to-service" principle would now be applied to all pensions. During the war Canada had given her soldiers a sort of insurance against every ill a man might suffer, and this amendment was the peacetime provision of the act.

Time of Application. The commissioners recommended that the act be amended so that pensions would be awarded on the rank of the pensioner at the time of returning home, instead of at the time of incurring the disability. This would give justice to a man who might have been given a commission after incurring disability. Other suggested provisions were:

To prevent a widow, orphaned child or dependent receiving two pensions, but to permit members of the forces to receive a pension for disability and another for long service at the same time. To continue payment of pension to a man existing in the permanent force, also to a pensioner when on the strength of the department of soldiers' civil re-establishment, either for training or treatment. To provide for a pension when both wife and mother or father of pensioner are dependent upon him. In the present act only the wife could receive pension under such circumstances. No pension would be given to a widow unless she was married previous to or during her husband's service. This clause, it was claimed, would prevent men marrying on the eve of their death, as might be the case otherwise.

Pensions for Parents. Pensions are recommended for parents, the widow or children of a man may be receiving payments.

Pension to date from the day following date of death, instead of from first of the following month, as in the present case.

Provision is suggested that where a pensioner had voluntarily reverted in rank in order to reach a fighting front, he be given pension of the rank he may have reverted from, unless he was subsequently appointed to higher rank. This clause, it was pointed out, would cover cases where lieutenants had reverted to reach the front, and then were only being paid pensions as privates.

REAL ESTATE NEWS

The Hydro-Electric Power Commission of Ontario has purchased the Prest-O-Lite building, on the northeast corner of Elm street and Centre avenue, for \$165,000, and will use the building for office purposes. The vendor was Harry Rosenberg, and the premises were held under lease by the Prest-O-Lite Company, who will shortly move into their own building, now being erected on land adjoining the Hillcrest race track.

CHINESE MUTINEERS OCCUPY FUKIEN TOWN

Amoy, China, April 16.—The Chinese troops, which mutinied at Anhai recently, succeeded in gaining possession of that town, to the northwest of Amoy, in Fukien province. Their success was aided by factional forces from Changchow, southern Fukien. Fighting also is reported in other places in the vicinity, with Christian churches being seized for the use of the soldiers. The forces of General Chen are said to be gaining strength. Troops of the northern army have captured several hundred Cantonese (southern forces) near Amoy.

FIRST AVENUE CHAIR PRESENT CANTATA

Under the auspices of First Avenue Baptist Choir, the cantata, "In the Footsteps of the Savior," was given before a crowded audience in the auditorium of the church last evening. Rev. Dr. Graham presided. Solos were rendered by Miss Jarvis, Miss Witherston, Mr. Johnson and Marley Sheris. The choir, which numbered 43 soloists, was under the directions of W. H. Pettit, choir leader. J. C. Graham presided at the organ.

TO SELECT TRUSTEE.
