Dominion Postal Authorities In Communication With Those In Washington and Latter Will Lend Assistance in Protecting People of Canada

(Canadian Press)

Washington, Oct. 25.—Get rich quick men, who have been driven out of New York, Chicago and other cities in the United States by the activities of the post office department, have transferred their operations to Canada, according to advice received by the postoffice department officials. These advices came from the postal inspection service of the dominion government.

SIX ARRESTED FOR TARRING OF GIRL

Constant Among the Number—Seventh on Perjury Charge

Nowell, Ohio, Oct. 25.—Six men were arrested yesterday in west Clarkfield on indictment charging them with riotous conspiracy in connection with the recent tarring of Miss La Valley, a young woman of that village. A seventh man was arrested on an indictment charging perjury in connection with his testimony before the grand jury in his investigation of the occurrence.

BRITISH WAR VESSELS ON PACIFIC

Victoria, B. C., Oct. 25.—Whatever Premier Borden's naval policy will be, it will make no difference in the decision of the admiralty to maintain two sloops of war on the Pacific coast. A new crew of 130 men is now on the way here from England for H. M. S. Shearwater, which, at the beginning of November, will be recommissioned for a further two years' service on this coast.

WANT MINISTER TO HEAR A SEPARATE SCHOOL DEPUTATION

Ottawa, Oct. 25.—After much discussion and some objections on the part of some of the English speaking trustees the Ottawa separate school board at a special meeting last night, passed a resolution asking the Ontario government not to enforce the new bi-lingual regulations until the minister of education had received a deputation of interested school boards in Toronto.

Iron Nerve Remains Though Death In Verdict

(Canadian Press)

New York, Oct. 25.—"I am sorry the jury found as they did," was Lieutenant Charles Becker's only comment to his jailer on this morning, as the convicted man sat on the edge of his prison cot, with his chin resting in his hands. The iron nerve which carried him through the ordeal of the fifty day trial, did not desert him today, and his bearing was firm and steady as at any time during the proceedings in the court room.

THE ART CLUB
Good Interest Shown at Annual Meeting—W. S. Fisher is President

There were more than fifty persons present last night at the annual meeting of the St. John Art Club, held in the studio in Peel street. The business of the evening included reports from the officers and special committees, election of officers,

nomination of new members and the lengthy report on the special fund raised for the purpose of buying paintings for the club.

The treasurer's report showed the society to be in a good financial condition, with \$800 still in the treasury, after all debts had been paid. The report submitted by the secretary was also very encouraging, and was received with general satisfaction.

Among those who were nominated and elected to the executive committee were: John H. Clarke, Richard Sullivan, Miss Agnes Sullivan, W. F. Burdett, Jas. Collier, Mrs. Kerr, Christina Ryan, Alice Hazarey, Mr. and Mrs. Frederick J. Shreve, Mrs. Omer McIntyre, Miss G. H. Howatt, Douglas D. McArthur, Mrs. A. G. Potter, Mr. and Mrs. A. Morrison, Mr. and Mrs. D. Magee, Miss Laura McLoughlin, Mr. and Mrs. John V. Russell, Jr., Mr. and Mrs. C. H. Eason, M. E. Agur, Ermine Climo, H. DeMille, L. T. Loggin, W. J. Simpson and Miss Yerra.

John Clawson reported that a fund of \$600 had been raised by public subscription for the purchase of pictures and that fourteen paintings had been secured, two by English artists, five by Americans and seven works of prominent Canadian painters. With the addition of \$150 from the balance of their fund, they would have enough to secure a Canadian masterpiece if they acted promptly.

M. V. Padlock followed with a criticism of the paintings purchased, and also reported on the art school which was opened at the first of the month, and which had been very successful so far. After the reports had been read, the officers for the coming year were elected as follows:

One Kind of Slavery
By RUTH CAMERON

Do you exist for your house or does your house exist for you? The other day I went to call on a woman who has just moved into a beautiful new house. She has been planning and working for the change many years and it is indeed a handsome building.

But I do not have any trouble to keep from breaking the tenth commandment in my thoughts of her. Indeed no. On the contrary I am sorry for her. For she is so obsessed by her ownership of that house that she exists to serve it instead of observing it to her pleasure and comfort, and making a real home of it.

Let me give you a few illustrations. The bathroom in her new house—refuse to call it a home—is exquisite. It is all white and blue and the fixtures are copper. Now to keep these fixtures bright, her own eyes, takes her exactly one hour and a half three times a week. That's four hours and a half a week. And yet my friend says regretfully, "Some lovely people call on us when we first came but I simply haven't had time to return their call."

Again, there is a brand new gas range in the kitchen. It has every convenience of a modern ingeniously contrived device and it was absolutely spotless. My friend is a notable housekeeper, but the immensity of the job is too much for her. "Well, you see," she explained, "I hardly use it at all because I hate to get it muddied up. I have my old range down in the cellar and I do most of my cooking there." And yet my hostess told me she didn't know when she had been so tired as this fall. She thought it was the bad weather.

It was a very warm day when called, and I said so. "We haven't had the windows open any more than we could possibly help this summer," she explained. "You know that lets in the dust and this winter will be a real misery."

It is a good thing to have beautiful possessions but it is not a good thing to be possessed by them. I have been telling of an exaggerated case. An extreme case, I grant you, but not an exaggerated one, for every word is true. Houses are meant for homes, not for slaves. They are meant to be enjoyed, not to be greater or less degree put the home above those who live in it.

THIS LOVE SONG
BROUGHT \$10,000

Fancy prices for copyrights of popular music reached a climax yesterday when Leo Feist, a New York man, paid the fabulous sum of \$10,000 for a love song entitled "That's How I Need You." Following is an extract clipped from the music just received:

That's How I Need You
By FIANTADOST

Like a broken heart needs gladness, Like the slow-er need the dawn, Like a ha-by needs its moth-er, That's how I need you.

SIXTY YEARS IN MINISTRY

(Hallifax Recorder.)
Rev. Dr. Allan Pollock, Hon. Principal of Pine Hill Theological College, celebrated his diamond jubilee at St. Matthew's church last night. Only one other clergyman in Nova Scotia of either the Catholic or Protestant branches of the Christian church has the distinction of having given sixty successive years in the ministry. Rev. Dr. Alexander MacLean, of Sereksa, Hictus County.

Sixty years of unremitting religious teaching and preaching has been the record of this veteran of Theology, and his entry into the Christian ministry in that distant time was fittingly celebrated in St. Matthew's church last night. It has been given to few indeed to serve so long in the sacred calling, and few have served so acceptably as Dr. Pollock to the various congregations to which he has ministered and to the larger number of students who have sat at his feet during his long term of successful professorship at Pine Hill College. He is a great scholar without the least trace of pedantry; a clear, earnest and forceful preacher, without sensationalism and without bitterness, towards those who hold different opinions; a kindly, kind, philosopher and friend to those who may know him or who may seek his advice; a keen, alert intellect, an ever ready and patient wit, and a clear judgment; such are his outstanding characteristics, and people of all cities will unite in congratulating him on the attainment of his three score years of Christian activity and labor.

HERE'S ANOTHER WITNESS

A Carleton county boy writes from Ansootook county to the Carleton Sentinel:

"I worked in McDermid's mill for \$1.20 per day nearly all summer, and I might add that if the duty of \$1.25 per day had been removed from lumber McDermid could have paid better wages. As it is now I will earn as much in my five weeks up in Ansootook as I earned in the mill all summer, simply because the farmer has a market for his crop; and both farmer and lumbermen in Carleton county could have the same market and pay the same wages to their laboring men, if they would wake up to the fact that 'marked' means 'stuffed'."

ST. JOHN, N. B., OCTOBER 25, 1912. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

PUT THEM ON THE LIST Inspector Jones is bringing into practical effect a clause in the amended license law which may be made of considerable service. Under this clause an habitual drunkard, or a man who wastes his time and money in the saloons may be put on the interdiction list for a year, and those thereafter providing him with liquor may be heavily fined.

INSURANCE The St. John Insurance Co. has been successful in the opening struggle of the war with Turkey. The Bulgarians, Serbians and Greeks have all captured some Turkish towns and are pressing onward. The fall of Adrianople would be a serious blow to the Turks, so early in the war, and it is said to be very hard pressed. The news from Constantinople does not admit, however, that the situation is as grave as is indicated in the reports from Bulgarian sources.

BAD FOR MONTREAL The Tories will now be able to exploit the harbor work and management of the port of Montreal. The commissioners have all resigned. Commenting on the situation the Witness says: "Dirty politics has robbed Montreal of the Harbor Commissioners who reformed our harbor from being a by-word of incapable management and made it a pride throughout the world. After having for a year endured the intrusions of the party boss, they have laid down the splendid staff they were accomplishing for Montreal and for Canada with so much enthusiasm, devotion and ability, and for five years with no interference. We are not saying that other men might not have done the work as well and as disinterestedly, or even that others might not now do it well, making up by overworking genius for their lack of six years of familiarity with the great works committed to them. But they have shown themselves splendidly fit for their work. Now that the acceptance of Major Stephens' resignation has followed the removal of his colleagues there is a cloud on the job hunter's and printer's legs hunter's horizon or on that of the job and privilege dispenser."

HIGHWAY ENGINERS The secretary of the Maine Automobile Association, who is also a member of the Legislature of that State, has written a strong article urging that the University of Maine establish a course in highway engineering and construction. He points out that the voters have just endorsed the appropriation of \$2,000,000 for highway construction and that in the next few years there will be a lively demand for men with scientific knowledge of this work. In the course of his statement he says: "There is no department of the public service where so many instances of waste and loss, in many instances worse than lost, for the construction and maintenance of our highways. It is unquestionably safe to state that 30 per cent of the money now expended on the roads of Maine is dissipated. This means an annual destruction of more than \$500,000, which amount might just as well be gathered into one pile and then burned. The time is coming when the public will fully appreciate this fact, and then there will be evolved a system somewhat similar and as efficient as that adopted by our railways. Trained men will be necessary to put such a plan into execution. We have trained men for our teachers and those engaged in nearly every other avocation, why not for our road builders?"

However, there is a new generation arising and if the young men of New Brunswick are well advised, they will see to it that they take advantage of the golden opportunities which are opened up to them.

The Sussex Salt Works Record—Work will be resumed at the Plumewesep salt works. A representative of the company, Mr. Richmond, arrived from England last week and after looking over the situation decided to continue the work of developing the company's property. It is understood that the original plan of the company to sink a shaft will be adhered to and that work will be undertaken at once. A hole 218 feet deep was sunk with a boring machine and operations were then suspended for a time. Mr. Richmond has decided to test the property further and it is likely that a more exhaustive examination will be made.

TRUST

A picture memory brings to me—I look across the years and see Myself beside my mother's knee. I feel her gentle hand restrain My selfish moods, and know again A child's blind sense of wrong and pain. But wiser now, a man gray grown, My childhood's needs are better known, My mother's chastening love I own.

Gray grown, but in our Father's sight A child still groping for the light, To read his works and ways aright, I bow myself beneath His hand; That pain itself for good was planned, I trust, but cannot understand. I fondly dream it needs must be That, as my mother dealt with me, So with His children death lies.

LIGHTER VEIN

FOR HIS FAMILY'S SAKE. Paterfamilias was a very robust man, but he called on the doctor. If the truth be told, Paterfamilias had grown into the habit of bulging his family.

FROM THE HEART. Mrs. Humphry Ward and her voluminous and heavy novels were being discussed at the Franklin Inn in Philadelphia, says the Washington Star. A post said: "I met the Humphry Wards during the last London season. Poor Humphry himself is rather overwhelmed by his own work and I think he feels it. At dinner a lady said: 'I often times men claimed that it was possible to make themselves invisible.' 'That is still possible, madam,' said Mr. Humphry Ward in his grave, sad way. 'Possible for a man to make himself invisible?' the lady cried. 'How on earth can he do it?' 'By marrying a celebrated wife,' was the reply.

POOR OLD WORDSWORTH. Owen Wister, novelist, was talking in Philadelphia about a poet whose work sold poorly. "Poets are usually without honor," he said. "Remember Wordsworth case. The great Wordsworth, you know, was in the habit of spouting his poetry aloud as he took his lonely walks. Thus he polished and elaborated his lines. Thus, too, he got the reputation among the Royal Lake folks of being a bit diffident. 'Why don't you recite your poetry,' Hartley Coleridge once asked an old stone-breaker by the lake shore. 'The stone-breaker replied: 'only old Wordsworth broken loose again.'—Exchange.

UNCONVENTIONALITIES. "You're a sort of forty-second cousin of mine, are you? Well, I never lend money to relatives. Close the door as you go out, will you?" "Blake, the only things I dislike about you are your looks, your actions and your conversations."

CAN YOU SAY "NO" WHEN ASKED TO DRINK? Very few men can who have formed an appetite for liquor. This first drink is the one that makes the trouble. How much easier it is to say no after taking The Neal 3 Day Drink Cure. This enables a man from wanting it—temptations will not bother him. The Neal is still here, doing the same grand good work which it began to do nearly 15 months ago, and the first man cured continues to stay sober, and from all reports he is doing well. SAYS THAT SOME REAL ESTATE MEN INJURE CANADA

Henry Vivian, Co-partnership Man, Takes Home Some Opinions After Visit to Dominion

(Times' Special Correspondence)

London, Oct. 25.—In the opinion of Henry Vivian, founder of the co-partnership movement, who returned from Canada last week, a short decline in the price of real estate in Canada was inevitable. Land values, he believes, are far too high, and the real estate man too much in evidence. All the capital Canada could get could be used in the development of its industries and railways; it was a thousand pities therefore, that so much was taken up in land gambling.

This was weak water beside the strong meat which was served up by newspapers here, and Canadian circles are greatly concerned at the loss of Canadian prestige brought about by the sale in London at ridiculously high prices. The attention of the Hon. George E. Foster has been called to this question and representations made to him that the government might well intervene.

"It is impossible," said a prominent Canadian, "to exaggerate the harm that is being done to the interests of the dominion through the operations of certain real estate men here; or to over-emphasize the necessity of a change in this direction. People in Canada can have no conception of the condition arising from the actions of these selling real estate in Great Britain at immensely inflated prices or measures to curtail them would immediately be taken. The passport to Canadian land is a hot factor; and a heavy score being laid upon which will have to be settled at no distant date."

This opinion can be confirmed in responsible Canadian circles in London. In the investment advice columns of newspapers it is frequently advised that extreme caution should be used in purchasing Canadian land. An enquiry was made into the value of lots outside a small town in Alberta which had been offered and sold here extensively at \$175, and it was ascertained that a mile nearer the town lots could be purchased at \$25 to \$70. The question Canadians in London is asking is as to whether the good name of genuine concerns should be sacrificed by the operations of the unscrupulous, and if demands a prompt answer; and nowhere will you find it more insisted upon than in Canadian circles in close touch with the money market here.

With the growth in Canada of the co-partnership housing movement, Mr. Vivian is much gratified. He doubts if there is a town in the dominion where, if an inquiry was made at the city hall about housing, the movement would not be mentioned. That was largely due to the fact that Canada's governor-general—Earl Grey and the Duke of Cornwall—were enthusiasts on the subject. Dealing with Canadian towns, the character of the dwellings and the system of sanitation, he said there was no corporate view of life there and even in cities admirably placed, the drainage and water supply were still very deficient.

SAYS ENGLAND HAS TOO BIG POPULATION

(Times' Special Correspondence)

London, Oct. 25.—Principal Lloyd of Saskatoon, who is in London, declares that England has ten million more inhabitants than she can properly support, and that this over-pressure of population is at the root of three-fourths of the trouble and unrest in this country at the present time. He hopes that the problem will be dealt with ere long in a statesmanlike way.

BUNCH OF KEYS TONIGHT AT THE OPERA HOUSE

Manager Bothner's merry company of comedians and comedienne should attract a big audience at the Opera House tonight and tomorrow afternoon and evening. The farce has been rejuvenated this season. An entire new company has been engaged and great care and effort have been expended in the preparation of a new programme of specialties, dances, songs, jokes and clever new bits of comedy business introduced. The costumes are new and the lady members of the company are clever actresses, excellent vocalists, and pretty dancers.

THE LLOYD FAMILY AT THE OPERA HOUSE NEXT WEEK

Local followers of amusements will be more than ordinarily interested to know that Mr. John Lloyd and the Misses Lloyd are to appear in dainty musicals at the Opera House next week. Mr. Lloyd is well remembered in St. John having been one of our foremost singers and an teacher of singing. In addition to motion picture plays of a superior class will be offered. The engagement will begin Thanksgiving afternoon and continue for the balance of the week. The ordinary 10c. and 5c. prices of admission will prevail.

Don't forget Sunday American.

SHIPPING CARLOADS WEST

The Sussex Mineral Springs Limited, have been testing the value of the western market. Last week a carload of Sussex waters were sent to Vancouver. Additional orders are being taken for spring shipment and about six carloads will leave for various points as soon as the weather permits shipment.

RECENT WEDDINGS

Mrs. Frances Calvert of this city, was yesterday married to George Hendry by Rev. Father McCoy, in the Cathedral of the Holy Cross, Boston. Mrs. Calvert is a native of Greenock, Scotland. The bride was formerly Miss Frances Holmes, of this city. After a short trip, Mr. and Mrs. Hendry will come to St. John to live.

A quiet wedding took place last evening at St. Luke's church, when Rev. R. P. McKim united in marriage Alexander Mayes and Miss Mary Effie Johnson, both of this city. The groom is a popular employe of the St. John Railway Co. They will reside in Acadia street.

John Balmain, of Scotchtown, Queens county, and Miss Hattie E. Brown, of Upper Mauderville, were united in marriage at the home of Frank Brown, Upper Mauderville, by Rev. J. H. MacDonald.

The flag of the steamer Majestic was flying at the masthead on Wednesday on the trip up in honor of the nuptials of D. B. Lawrence, of Prince William, and Miss M. Coy, of Upper Mauderville, whose wedding took place at the residence of the bride's parents there.

At the home of Valentine Milton, in Moncton, on Wednesday evening, his daughter, Miss Pearl, was united in marriage to Earl Gamble.

In Holy Trinity church, Minnedosa, Man., on Wednesday, October 16, Nellie, youngest daughter of Mrs. M. J. Burrell, was married to W. J. Price, formerly of Moncton.

RECENT DEATHS

The death of Mrs. John Randle, aged eighty-two years, occurred at her home in Newcastle yesterday. She is survived by two sons and one daughter. She was a daughter of the late James Walter of Newcastle.

The death of James Stohart occurred at his home in Jardineville yesterday morning. He was seventy-six years of age and is survived by his wife, three sons and three daughters. James Stohart of this city is a son, and Thomas Stohart, also of this city, is a brother.

R. Wilson Moore, son of Alfred R. Moore, of Port Elgin, is dead, aged thirty-two years. He had resided for about six years in Winnipeg, took sick there, developed consumption, which caused him to come home some months ago. He had no family other than his wife Dorothy, a daughter of the late Rev. R. Barry Smith.

A number of husbands in Greeley, Colo., have got in bad favor with their wives on account of the new state registration law. The duty has fallen to a number of men in that city to register their wives for the coming election. One of the provisions in the law is that the color of the eyes of the person being registered must be given, and it is said that many husbands have been unable to answer this question as applying to their wives, though they have been married for a number of years. They have been obliged to return home, find out the correct color and appear again before the registration judge.

For marmalade pudding take three ounces of breadcrumbs, two ounces of sugar, two tablespoons of marmalade, one-quarter teaspoonful each of salt and baking powder, one egg and one-half pint of milk. Shred the nut and chop finely, mix all dry ingredients, add the marmalade, beaten egg and milk; turn into a greased basin and steam for two hours.

Isn't It Just Like a Man

By Winsor McCay

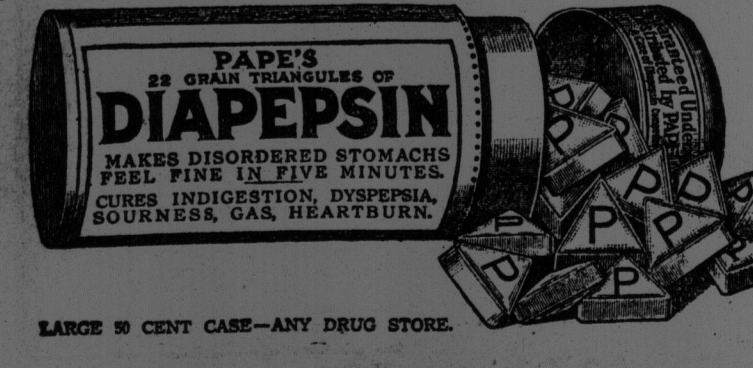

These are cocoa beans. They look much alike. But they are quite different—in cost and in flavor. The cocoa beans that meet the Lowney standard are rare and expensive. There is a large sale, however, for cocoa beans of a much lower quality. They, too, are used to make cocoa. It is plain, therefore, that a large share of the cocoa on the market must be of a grade distinctly inferior to Lowney's, which is produced from the very finest cocoa beans. Many a housekeeper has the wrong impression of cocoa flavor through using cocoa made from inferior beans. Some housekeepers may be satisfied with this ordinary cocoa, which really is not at all bad. But cocoa lovers who wish the finest possible cocoa flavor owe it to themselves to try Lowney's. Cocoa, at its best, is a perfectly delicious and a thoroughly wholesome beverage. In Lowney's you simply get cocoa, at its very best—produced at a factory (in Montreal) which is a model of neatness.

Sold at grocers. In tins—10c to 50c sizes. **LOWNEY'S COCOA** The Best Way to Make Cocoa. Mix two even tablespoons of cocoa with two of sugar. Add 1/4 teaspoonful of salt. Mix gradually with two cups of boiling water. Stir to a smooth paste. Add 5 minutes. Add two cups of steamed (not boiled) milk, and beat with an egg-beater until frothy. *Lowney's claim you know Cocoa ought to taste*

MAINE HEALTH DAY NEXT SUNDAY The fight against consumption in the United States is at least to be conducted in an organized manner. The National Association for the Study and Prevention of Tuberculosis has designated October 27 next, as national tuberculosis Sunday and the governors of many states have issued proclamations setting forth the necessity for state-wide and nation-wide action against the spread of the dread white plague. Ministers and priests throughout the United States will, on October 27, preach upon the need of concerted effort to eradicate consumption, recognized experts and specialists will lecture upon the subject, and in theatres and public halls there will be shown motion pictures made by the leading film manufacturers of this country in co-operation with the national association for the study and prevention of tuberculosis, National Federation of Women's Clubs, National Sunshine Society, National Kindergarten Association, Russell Sage Foundation, Red Cross Society and other similar organizations, treating of health, sanitation, study and prevention of tuberculosis and kindred topics. In Maine entertainments will be conducted, under the auspices of the Maine Health Day Association, in various theatres, and the managers of these places of amusement have generously offered to donate the receipts of the day to the fund being raised by the association for the purpose of establishing in Maine a tuberculosis sanitarium. The proposed institution will provide for both incipient and advanced cases and it is the hope of the officers and directors of the association to be able to admit a large percentage of the applicants absolutely free of charge, while in the remaining cases the charges will be so limited as to be within the means of all.

YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES "Really does" put bad stomachs in order—"really does" overcomes indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you bloat and gas and urinate sour undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your inside filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

WANT BETTER ROADS IN NEW BRUNSWICK

Matter Dealt With By Municipalities Union—Criticism and Suggestions for Reform

St. Stephen, Oct. 24.—The seventh annual convention of the Union of New Brunswick Municipalities closed this afternoon after one of the most successful sessions in the history of the organization. Although the attendance was not as large as expected it was realized that this is the busy season with many of the municipalities anxious to learn anything that would be a benefit to the communities they represent. The paper by Dr. Kierstead, professor of economics at the University of New Brunswick, on Taxation, was very timely and gave to those present many new ideas in regard to the important subject. M. G. Siddall, Ald. Prince, Moncton, pointed out how the roads might be improved and the discussion showed that the different municipalities are, in general, secure good roads in all parts of the province. The election of officers resulted as follows: Ald. W. E. Farrell, of Fredericton, president; Thomas Murray, town clerk of Sackville, vice-president; W. Westwood, city clerk of Fredericton, honorary secretary-treasurer. The executive was selected as follows: Mayor Belyea, Newcastle; Mayor Ketchum, Woodstock; Mayor Frank, St. John; ex-Warden McMullin, York county; Councilor White, Campbellton; Councilor Hiltz, Milltown; J. King Kelley, K. C., St. John county; Councilor MacKay, Sackville; Ald. Prince, Moncton, and Ald. Wallace, Sussex. The union was invited by Mayor Robinson, of Moncton, to meet next year in the railway town and the invitation was accepted. The retiring officers and those newly elected gave short speeches of appreciation. Mayor Frank, of St. John, was first nominated for the presidency, but on account of business asked to have his name withdrawn. Dr. W. C. Kierstead and Dr. Murray McLaren were elected as honorary members of the union. The thanks of the convention was tendered to the officials and people of the town of St. Stephen, the press, the New Brunswick Telephone Co., Ltd., and Ganong Bros., Ltd., for cordial assistance.

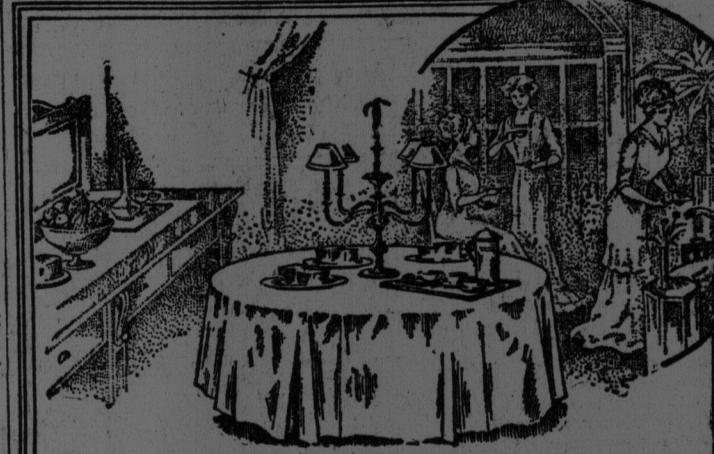

THREE GENERATIONS Kept Healthy By Dr. Morse's Indian Root Pills

Over fifty years ago people began to find out the effectiveness of Dr. Morse's Indian Root Pills in correcting constipation and toning up the system. Since then the popularity of this reliable old family medicine has grown steadily, and the increase in sales during the past year was the greatest in the whole half century. As long as livers get sluggish, bowels constipated or kidneys inactive, just so long will Dr. Morse's Indian Root Pills cure these conditions and banish their distressing effects for those who are wise enough to use them. Sick headaches, coated tongues, indigestion, biliousness, dyspepsia, rheumatism and similar disorders are almost invariably caused by impurities which should be removed from the system by the bowels, the kidneys and the pores of the skin. By toning up these organs so that they can do their work properly, Dr. Morse's Indian Root Pills cures, or prevent altogether, a large proportion of the common everyday ailments which keep so many people miserable. Made by W. H. Comstock Co., Limited, Brockville, Ont., and sold by all dealers at 25c. a box.

TURKS BEATEN AFTER A THREE DAYS BATTLE

Bulgarians Capture Stronghold of Kirk-Killesh—Next Stand Expected Near Adrianople

London, Oct. 24.—A three days' battle and a Bulgarian turning movement has resulted, according to Sofia accounts, in the fall of Kirk-Killesh and the capture of the Turkish garrison, numbering 50,000 men. That many Turks have been taken is regarded as improbable and the more likely report is that the Turks retreated in the direction of Buzurjessar to the southeast. The capture of this stronghold, to which the Turks attached almost the same importance as to Adrianople, was confirmed tonight from Constantinople in a communication explaining that the Turkish army at Kirk-Killesh in attempting to split the enemy's forces discovered that they were in greater force than expected. The Turks therefore retired to the south to await reinforcements. An attempt by Bulgaria, however, to minimize its importance in Sofia where it is expected that the fall of Adrianople will ensue. It is generally assumed, Abdallah Pasha is still engaged in bringing up his main army to Adrianople, the position of that town is critical. An interesting situation will develop should the Turks be compelled to evacuate Adrianople. It is supposed that the next stand of the Turks will be made at Demotice, twenty-five miles south of Adrianople, an important strategic position on the road to Constantinople. In that direction classes to the various and the Turk claim great victories at Kumanova, the Serbians declaring they have captured the Bulgarians and the Bulgarians that they have repulsed the enemy. Late reports indicate that heavy fighting is still proceeding in the neighbourhood of Arta towards Janina Metseh and the neighbourhood of Orinovytsa.

VICTORY FOR LIBERALS IN RICHELIEU

By-Election in Quebec Results in Conservative Defeat—Laurier and the Session

Sorel, Que., Oct. 24.—The by-election for the house of commons to fill the vacancy in the county of Richelieu caused by the unseating of the sitting member, took place today and resulted in the return of Arthur Gardin, Liberal, by a majority of 301, the complexion of the division thus remaining unchanged. Sorel gave Cardin a majority of 294; St. Louis, 47; St. Anne, 48; St. Marie, 44; St. Pierre, 25; St. Roch, 5 and St. Victoire, 148, leaving Cardin's net majority 301. Montreal, Oct. 24.—Tuesday night Sir Rodolphe Forget took a hand in the contest, and said in part: "I pledge my word of honor that if you elect Mr. Morgan on Thursday the marine railway will be voted during the parliamentary session which will open next month. And if the government does not keep the promise, which was made to me in writing, I will ask Mr. Morgan to resign his seat, and I know he will do it." Sir Rodolphe declared he had seen the Hon. Mr. Rogers and that the minister had given him a written promise binding the government. He also stated that eleven Conservative members of parliament would invade the riding to assist Mr. Morgan in the fight. Sir Rodolphe also made a wager of \$5,000 that the Tory candidate would win. Ottawa, Oct. 24.—Sir Wilfrid Laurier returned to the capital today from Sorel, and will remain here until the session opens next month. He welcomes the coming fight in the commons, believing that no opposition since confederation ever met a government with better grounds for vigorous and effective attack in regard both to contracted politics and to contracted records. Ottawa, Oct. 24.—Alderman W. F. Garland, of Ottawa, was the choice of the Liberal-Conservative Association of the county of Carleton which met in convention at Stittville today to appoint a successor to contest the riding for the federal seat made vacant by the death of Edward Kidd, M. P.

BECKER GUILTY OF MURDER IN FIRST DEGREE

Judge Goff Remands Former Police Lieutenant to Tombs Until Next Wednesday

New York, Oct. 24.—Police Lieutenant Charles Becker was found guilty tonight of the murder of Herman Rosenthal, a Jew which has been trying him for instigating the death of Herman Rosenthal, the gambler. Becker was remanded for sentence to the Tombs by Justice Goff until Oct. 30. Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury. Mrs. Becker, sitting outside the door of the court room, fell in a swoon when the verdict was announced. John F. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal, but added beyond this he had nothing to say. Twice during the afternoon the jury communicated with Justice Goff. Once asked for the stipulations made by the state with the four informers, Rose, Webster, Vallon, and Scheppe, and Scheppe's letter to Rose written by the little gambler at Hot Springs (Ark.) and expressing his willingness to testify. The second time the jury wanted the testimony of persons who talked with Scheppe in Hot Springs. The first request was granted; the second denied, because portions of the testimony taken at Hot Springs had been excluded from the evidence by the court. Scheppe, in view of the court's charge, apparently was much in the jury's mind. The prisoner's destiny was delivered into the jury's hands at 2:30 o'clock this afternoon after a three hours charge by Justice Goff, which Becker characterized as distinctly unfair and "a thin veiled summing up for the state" and upon which his counsel, John F. McIntyre, declined to comment. To do so, he said, would place him in contempt of court. Stripped of its legal verbiage, as it came from the careful lips of Justice Goff, the charge, was, in effect, a ruling that the guilt or innocence of the prisoner rested almost solely upon the debatable point as to whether Sam Scheppe was an accomplice to the crime. Dapper little Scheppe, when arrested at Hot Springs, styled himself the "Keystone of the arch." As events transpired he spoke more truly than he knew. The Judge's Charge. The white-haired justice spoke in a monotone, but with incisive deliberation. "It is not claimed by the prosecution that Becker had actually killed Rosenthal," he said at a crucial point. "It is claimed that he requested and directed the killing should be done, and as I have already instructed the jury, Becker, in law, must be held responsible for the acts of everyone who acted in pursuance of his request or instructions. "It is not necessary," he said, "that Becker dwell at length on the definition of murder in the second degree. The State contends that in the latter part of June Becker told Webber he wanted Rosenthal killed; secondly, he followed this with instructions to Rose to have Rosenthal killed; thirdly, Rose, following on those instructions carried out the designs of the

A Box of Stuart's Dyspepsia Tablets Is Your Best Traveling Companion. "Railroads tell you about the wonders of Nature along their lines; hotels describe their modern accommodations; but they never fail to ring in their 'cuisine unexcelled.' The wise traveler knows he is taking 'pot' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites." "Thus commented a philosophical traveling man, speaking of hotel life, restaurants, grills and junction lunch counters. "The agitators in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and art. I have learned from experience to eat what they serve; to forget the food experts; read the stomach to the best expert in the world—Stuart's Dyspepsia Tablets." And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it. Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of it that's "just as good." Their universal demand for them has placed them within the reach of everyone.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT "DANDERINE"

Save Your Hair! Beautify It! Invigorate Your Scalp! Danderine Grows Hair and We Can Prove It. Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dan-

derine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable beauty, softness and luxuriance, the beauty actually of true hair health. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all

Speaking to a Times' reporter he said that their first year of operation has been completed and has been in operation for several weeks. The rolling mill which has been completed and will commence work in a few weeks. The company has done a great amount of construction work this summer in spite of the unfavorable weather and the difficulty experienced in securing labor.

DURANGO IN PORT. The S.S. Durango, Captain Chambers, arrived in port at eight o'clock this morning from Halifax and is lying at the Pier 11 wharf. She will take on a cargo of staples here, and then return to Halifax to complete her cargo. While in Halifax she broke out in the hold, but by the prompt work on the part of the crew and other workmen a serious loss was averted. The fire started in some bags of meal. The steamer is one of the Durango line fleet. She will leave here on Monday.

THE HOLIDAY MARKET. The disagreeable weather today had a tendency to interfere with the market for Thanksgiving, but nevertheless there was a fairly large quantity of poultry and farm products brought to the city. It is expected that the supply will be in excess of tomorrow and prices may decline a little. At present in the case of poultry at least prices range quite high. Turkeys were offered today at from thirty to thirty-two cents a pound, geese at 12c and \$1.75 each, and chickens from eight cents to \$1.40 a pair.

MARRIED YESTERDAY. Rev. Walter Dunham, of Fairville, yesterday went to Blisville, N. B., where he united in marriage Miss Ethel Frances McCrackin, daughter of Mrs. Annie J. McCrackin, of that place, to David J. Purdy of Boston, formerly of Kars, Kings County. The wedding was witnessed by only the near relatives and close friends of the principals, and was followed by a dainty luncheon, served at the bride's home. Mr. and Mrs. Purdy left on a trip through the leading New England cities, and will afterwards make their home in Boston. The groom is employed as chief engineer on one of the steamers of the Nantasket pier line.

THE HOME OF DAVID ADAMS. Tower street, West End, was the scene of a very pretty wedding on Wednesday afternoon, when his daughter, Miss Lillian Adams, was united in marriage to Harold St. John Peters. The ceremony was performed by Rev. H. E. Thomas. The bride, who was given away by her father, was attired in a gown of cream and satin and carried a bouquet of cream roses and maiden hair ferns. After the wedding a dainty supper was served, and Mr. and Mrs. Peters left on the Montreal express for a visit to Montreal, Ottawa, Toronto and other cities. The bride's going away dress was of navy blue serge with hat to match. On their return they will reside at 111 King street west. Both the bride and groom received many handsome presents. The groom's present to the bride was a set of mink furs.

NEW MOVE MADE IN THE CASES OF HARD DRINKERS

Will Be Summoned to Court by License Commissioners and Put on Interdict List—Three Today

With a view to stop increase of drunkenness in this city and for the good and betterment of the community in general, the Liquor License Commissioners have decided to proceed against all habitual and excessive users of liquor by having them summoned to court and having their names placed on the interdict list.

In the police court this morning three men—Michael Fitzmaurice, Moses Ramsey and William White—were before the court and decided to lead better lives. Give up the rum, it will not do you any good. Make up your mind to become men among men and you will have more to show for it in the end.

Several other cases are to be taken up on Tuesday morning next at ten o'clock. It is the intention of the commissioners to have all those who are in the police court very frequently summoned to court and their names placed on the list. In this way it is hoped to lessen the drinking evil to a considerable extent.

TAPPED ELECTRIC WIRE FOR ONE LAMP; ARREST IS MADE

Case Against Frederick McAdam of Murray Street is Taken up in Police Court

Frederick McAdam, aged 25 years, was arrested last night by Sergeant J. J. Smith on a warrant charging him with tapping electric wire for one lamp. The witness, Mr. J. J. Smith, of the St. John Railway Company, who is inspector of the company, who alleges that on or about August 20, 1912, at 11 o'clock in the morning, he saw McAdam tap a wire at the house at 19 Murray street. E. C. Weyman appeared for the company, and McAdam did not appear.

Mr. Hoyt said that on Tuesday last he went to 19 Murray street to inspect the meters there and saw a six-amp meter on the ground floor. There was no meter in McAdam's house. The witness had been informed that McAdam was using the electricity, and asked him if it were so. He told the witness that he had been using it for one lamp, and said that he had done so because he had no oil. The prisoner denied that he had done so, and said that he would pay for the light. He showed me a portable lamp which he had been using in the street, and said that the electricity which he had been using was connected with the main block. The entire house was wired, and the electricity which McAdam was using would not be registered on any of the three meters, or on any other meter. The main block was on the side of the wall in McAdam's kitchen and the court.

McAdam admitted to me that he had been using the light for about six weeks, but he was not on the company's books. The electricity which he was taking would not be registered, and would not be paid for by any of the other tenants. He told me that a friend of his had shown him how to take the electricity, and had insisted upon payment on previous occasions, but had not noticed anything wrong. The value of the electricity would amount to about \$1.20.

The case was allowed to stand over until Tuesday morning at ten o'clock when several other witnesses will be called.

ACTION AGAINST THE GOVERNMENT BY PEOPLE OF PROTECTION STREET

Some of the property owners of Protection street, whose premises are being made uninhabitable by the smoke of the surrounding terminal facilities, are reported to be making claims for damages against the federal government on the grounds that, as the government authorized the work, it should be responsible for the results. A communication was sent to the mayor regarding the matter, as the land under the buildings is city property, but the reply given was that the city is not responsible.

NOW PUTTING IN MACHINERY

Messrs. Simms May Be at Work in New Factory in Month or Six Weeks

The work of constructing the large new factory for T. S. Simms & Co., Ltd., in Fairville has progressed most favorably during the last few months, despite the disagreeable weather. The buildings are now about completed and the finishing touches are being applied to the framing and interiors. A crew of carpenters and painters being busily engaged. The interior is now being painted, and the steel is quite a contrast to the exterior.

Already some of the stock has been moved into the new building, and it was said today by Louis W. Simms, manager of the company, that they expected to begin occupation in about a month or six weeks. It was difficult to say with certainty that such would be the case, however, on account of the amount of work to be done. Motors are now being placed in position and other portions of machinery will be installed in a week or two.
