REPORT ON CERTIFICATES OF LAY DELEGATES.

The Rev. R. Harrison, M.A., then read the report of the Committee appointed to examine the Certificates of Lay-Delegates, and moved (seconded by C. Magrath, Esq., D.C.L.) that it be referred to the Court on Contested Seats.

COURT ON CONTESTED SEATS.

The Clerical Secretary then announced the Court as appointed by his Lordship the Bishop, as follows: S. B. Harman, Esq., B.C.L., *Registrar*, Thomas Hodgins, Esq., Q.C., Clarkson Jones, Esq., Rev. Canon Brent, M.A., Rev. S. J. Boddy, M.A.

BISHOP'S ADDRESS.

His Lordship then delivered his annual address, as follows:—

Reverend Brethren, and Brethren of the Laity:

We have again entered upon the discharge of our annual duty to the Church in this Diocese; and in a sense of the weight and responsibility of this duty, we have all come to it, I trust, with earnest supplication for Divine aid and guidance, and with the single purpose of honestly and conscientiously fulfilling it.

MEMBERS OF SYNOD DECEASED.

Among the events of the past year affecting our body, I have to notice with regret the death of the Rev. John Flood, Missionary at Penetanguishene; whose ministerial life of more than thirty years had been one of earnest and unsparing labour. Vigorous and healthful until his career was nearly closed, he had latterly to contend with an enfeebled constitution; yet until within a few weeks of his decease he persevered in his ministerial work with energy and punctuality.

We have also to lament the decease of one of the oldest lay members of this Synod—Mr. John W. Gamble, who was always to be found at his post of duty, and who never flagged in his interest and efforts for the welfare of the Church. Long before Synods were contemplated, he evinced this zealous concern for its extension and prosperity. At comparatively an early age, when the neighborhood in which he had settled was without a clergyman, he opened a place of worship, and conducted, as far as a layman can, the services of the Church with great heartiness and perseverance. He lived to see it supplied with churches and regular ministerial services. Though removed from us at a ripe age, his venerable form and presence, and hearty sharing in all the duties of the Synod, will long be missed.

We have also to record the death of the Rev. Thomas Hall, who, although he had reached middle age, had been but little more than four years in the ministry. He was a hard-working clergyman, overtaken by sickness and death, whilst absent from home and in the midst of his labours.

The death of the Venerable Archdeacon Patton, though he had not for many years been connected with this Diocese, we must regard as a loss to the church at large; and by many of us it will be felt as a personal bereavement. To myself he was an

intimate and steady friend for about forty years; and riper acquaintance but increased my appreciation of his many and valuable qualities. Pious, earnest, and industrious; sound in his religious convictions, and intensely loyal to the Church; zealous and systematic in his work, he left his impression in every sort and sphere of duty in which he was called to exercise it. As a parish priest he was thorough in his work; he discovered the needs of all, and with judicious tact applied his energies to meet them. The three parishes of which he was successively the Incumbent showed rich fruits from his labours; and, although but two years in the last, he won the esteem and confidence of all. As an Archdeacon, and in the fulfilment of the special duties of his office, he was a model of activity and vigilance. He was a pattern of exactness and punctuality; never postponing to another day the claims of the present one. And while so exemplary as a public servant, he was a cheerful and agreeable companion, throwing over the gravity of his position a sunny cheerfulness, and oftentimes a playful humour. Although he had reached a mature age, we had all hoped for many additional years to his career of usefulness. A clergyman of such high and varied qualifications it will be hard to replace, and the Church through this whole Dominion will long feel and deplore his loss.

CHANGES AND ORDINATIONS.

During the past twelve months four clergymen have removed from this Diocese, and five have come to us from other Dioceses,—one from Huron, three from Ontario, and one from England. Two others have come from other Dioceses, but their destinations have not yet been fixed.

Four Ordinations have been held during the past year. The first, a special one, was held in St. Luke's Church in this city on the 29th June last, when the Missionary at Prince Arthur's Landing, on Lake Superior, was admitted to the order of Priests. The annual General Ordination was held in the Cathedral Church of St. James, on the 18th October last, when six were admitted Deacons, and four were advanced to the Priesthood. A special Ordination was held in the Church of the Holy Trinity in this city on the 14th December last, when one of the Assistant Ministers was admitted to the order of Priests. On the 22nd March last, a special Ordination was held in All Saints' Church, Collingwood, when two were admitted Deacons.

After providing for vacancies caused by death and removals, I have been enabled by these accessions to provide for three new missions during the year, as well as for two new parishes constructed out of others requiring division.

MORE CLERGYMEN REQUIRED.

We are more at a loss for expanding the ministrations and benefits of the Church from the scantiness of labourers than from the want of openings in which their services would be welcomed. The field is not by any means sufficiently covered; but the scarcity of those who offer themselves for the work is here, as elsewhere, a subject of complaint and regret. While, as we are led to believe, other professions are overstocked, this profession—whose aim and work it is to bring souls to Christ—receives insufficient additions. It certainly has not the attraction of worldly opu-

lence to recomend it; nor does it supply those adventitious satisfactions, perhaps too much prized, which secular occupations usually afford. Yet with its exalted aims, and the pure gratifications which the hearty prosecution of its high duties ensures, we can hardly repress suprise that so few from the ranks of the wealthy and of prominent social position are led to embrace it. It has, if fairly contemplated—with all its weight of responsibility and toil, and its meagre worldly compensations—higher and better attractions than any other calling.

In adverting to the probable causes of this, we are not without the apprehension that the holding back of so many of our youth from this high and honourable vocation arises from a want of a due appreciation of its distinctive claims by those who have the benefit of its sacred ministrations. These, we know, are usually rigid in their exactions of the work a clergyman is expected to perform, and extravagant sometimes in their estimate of the qualifications he should possess; but, unhappily, all are not correspondently prompt with the contribution of the means by which those qualifications are to be won, and through the supply of which that work is to be performed. No doubt, too, more stress is laid on the simple faculty of being attractive in the pulpit, than upon those quiet duties of daily ministration which, after all, are the great essential to old and young of Christian believers. Those peculiarities of the office—which are out of the reach of those not specially commissioned by a solemn ordination—are often less regarded than those which might be exercised without any ordination at all. I allude to the faculty of introducing believers into the family of Christ, and upholding their union and communion with Him by the solemn feast of His own appointment. These special powers of the ministerial office, and the practical and personal ministrations that grow out of them, are not contemplated, generally, with the gravity of respect and duty that they claim. Hence, in part at least, the weak and fluctuating support too generally experienced by Christ's ministering servants.

THE MISSION BY-LAW.

The effort, so praiseworthy and so generally approved, of raising the stipends of the clergy to a standard that promised a better, if not an adequate, support, has not been unexceptionally successful. There have been too many instances of failure in regularity of payment, inducing serious inconvenience, and sometimes privation, to those upon whom such irregularity presses; while it has been discovered to be the fact that, in certain instances, congregations are so circumstanced that they cannot reach the required standard of stipend. In order, then, to make provision for such cases, it is found desirable to relax the terms of the Mission By-law. It is felt that the Mission Board should be allowed a discretion in such cases; assuming however, that these must be regarded strictly as exceptional cases, and are not to receive the proposed indulgence unless by a large preponderating vote of the Board.

An amendment to the By-law to this effect was adopted by the Synod two years ago; but, on its being proposed for confirmation last year, through some misapprehension or want of due consideration, it was not allowed to pass. I shall be joined, I believe, by every member of the Mission Board in affirming that the proposed modification of the by-law is most desirable and even necessary.

CONFIRMATIONS AND CONSECRATIONS OF CHURCHES.

During the last twelve months I have administered the rite of Confirmation in 100 places, and have admitted to that ordinance 800 males and 1,189 females, in all 1,989. This is the largest number that, within the same compass of time, I have yet confirmed; and I am happy to renew my testimony to the growing interest which is felt in this ordinance of the Church, as well as to the careful preparation of candidates for it which has become so universal. Such is the impression it produces that many, through its means, are gained over to the Church from other religious bodies; and to many within our own it has proved to be an awakening of spiritual life, and a fresh starting time in the earnest activities of Christian duty.

During the past year I have consecrated three churches, and assisted at the opening of several others. Amongst the most interesting of these has been the opening of the Chapel of the Trinity College School at Port Hope, which took place on Palm Sunday, the 29th March last. It is a costly and handsome building, and in every respect creditable to a school which conjoins Christian teaching with secular learning: which desires to graft on the memory and fix in the heart of our rising youth the aspirations and hopes of the future life, while it trains them, by a competent education, for the work and duties of the present one. The large expenditure in erecting capacious and handsome buildings has been warranted by the great prosperity of the school, the numbers having increased, from September, 1870, to the present time, from twenty-seven boarders to ninety-six. The constant applications for fresh admissions demands an immediate increase of accommodation by the extension of the building, and a new wing has actually been commenced.

DIOCESE OF ALGOMA.

We have accomplished, since we last met, the formation of the Missionary Diocese of Algoma, and, I trust, under promising auspices. New life and energy will be infused by the presence of a Bishop they can regard as their own; and one who will shrink from no labour or self-denial in cultivating the wide and wild field of which he has undertaken the charge. But, in expressing these congratulations, we must not overlook its position as a missionary Diocese, and the claim it has upon the sympathy and aid of this whole ecclesiastical Province. With all the energy and devotion the Bishop of that Diocese can bring to its work, and supported as he may be by a faithful and zealous clergy, many years must elapse before it can be in a condition of self-support. Their resources, we have reason to anticipate, will improve as population increases, and their need of external help will thus be gradually lessened; but meanwhile our duty is manifest, and we must not shrink from it. We of this Diocese must not forget that they have been all along a part of our Christian care; that, to the best of our means, we have fostered their well being. Now that we have relinquished into other and safe hands their spiritual oversight, we must look upon them still as children who, when they accepted the independence ourselves conceded, hoped still for the parental interest, and nurturing care, and loving help, they had experienced from us so long.

I venture to suggest a plan by which we may yield this assistance without the need of any complicated or diffused machinery, and with the belief that its simple working would be successful. I refer to a plan of assessment on the several parishes of this Diocese, in the same ratio to the requirements of Algoma as is borne by them to defray the annual expenses of this Synod. Including our quota towards the salary of the Bishop, the demand upon us will be $2,400 per annum. I propose that the several parishes and missions of this Diocese be required to accept their share of this in the same proportion as they are assessed annually for the expenses of the Synod. The required disbursement for this good object would thus be fairly distributed; and being so diffused would press but lightly upon each. Every parish, too, would thus be led to feel a special interest in the well-being of Algoma; and, believing that the quota of each would be cheerfully rendered, we should have the gratification of feeling that no special organization is needed, and that parishes will be spared the often embarrassing duty of keeping such organizations at work.

If this should prove as successful as we have reason to anticipate, it might be found desirable to adopt the same principle in raising our own general Mission Fund for the wants of our own Diocese. It would be well, I think, that it should be stated, as by the united voice of the Church expressed in Synod, to each of our parishes, what it is their special obligation to raise in aid of our missionary work. Such a declaration and appeal from the Church in Synod could not be unheeded, and I am full of hope that it would be cordially responded to.

This hope is strengthened by the belief that the duty of giving systematically for the cause of God is being better understood and more conscientiously acted upon; that it is being more and more felt as a Christian obligation—as a necessary fruit of a sound Christian faith. "All that I have is Thine, and of Thine own have I given Thee," is a sentiment which, we trust, is becoming more deeply graven on the hearts of Christian Churchmen. It is breaking down, we believe, that wretched spirit of parsimony or prejudice, which, in persons of comparative affluence, has been content with a mite towards the grand enterprise of extending God's kingdom upon earth, which should shame the humblest and hardest toiling of Christ's people. It is uprooting, we trust, that spirit of self-indulgence—that lavish expenditure upon pomps and vanities—which allows no proportionate contribution to the claims of piety and charity. It is evoking, we believe, a practical sense of Christ's unspeakable sacrifice for our sakes, and, in unfeigned gratitude for God's manifold gifts, is prompting an unstinted share of such gifts towards promoting the best welfare of our fellow-men.

DIVISION OF THE DIOCESE OF TORONTO.

The separation of Algoma from us as a distinct Diocese, naturally recalls to our own minds the project recommended last year of further contracting the limits of our own. The Synod decided that a Western Diocese should be formed, and arrangements were made for carrying out the project; but somehow there was on all hands a forgetfulness of the Canon passed by the Provincial Synod on the Subdivision of Dioceses, of which these are the terms:—

"The House of Bishops shall have the power of subdividing existing Dioceses, or of forming a new Diocese out of portions of existing Dioceses which may be contiguous, with the concurrence, or upon the application, of the Synod or Synods of the Diocese or Dioceses affected; and it shall be the duty of such Synod or Synods to consider, without delay, any proposal for the subdivision of a Diocese which may emanate from the House of Bishops."

Although it is certain that the House of Bishops would never throw impediments in the way of the expansion of the Church's work, where such would undoubtedly be promoted by a division of Dioceses considered to be too large, the Church of the Province has, through its Synod, recorded its opinion that some competent and disinterested body should thoroughly investigate such projects; and, in consulting for sectional interests, take care that the interests of the Church in its entirety should be considered. A Diocese becoming too large might be advantageously relieved by conceding one or more counties to the contiguous Diocese about to be formed; and the newly formed Diocese, perhaps of limits too contracted, would have the benefit of the population and the strength imparted by such accession.

It was also strangely overlooked that, in arranging the limits of the proposed Western Diocese, the county of Wellington, lying at the extreme west of the Diocese of Toronto, should not have been included in it. By the present proposal the Bishop of Toronto would have a considerable portion of the new Diocese interposed between him and the western limits of his own Diocese, a mistake caused no doubt by hastiness in the discussion and adoption of the arrangement, but which all must see at once the necessity of correcting. The proper course would then be that this Synod should lay its plan of division before the House of Bishops, to be discussed and decided upon by them at the next meeting of the Provincial Synod in September.

PROSPECTS OF THE CHURCH IN THIS DIOCESE.

In its divided or undivided state I consider that, in this Diocese, we have a future of bright promise, if individually as a Church we strive to realize in practice what all must admit to be a duty. But to realize this hopeful future there must be concert in work, charitable consideration, and a striving for peace. There must be no effort to trammel honest convictions, or lead every mind in a single groove of thought. There must be adherence to what is admitted to be rule and law; but where interpretations are fairly susceptible of difference, there must not be a despotic cramping of the conscience and the mind. There are certain principles—and truths growing out of those principles—on which there should be no disagreement; their Divine authority enforces acquiescence. But in working upon these principles, and giving practical impulse to those convictions, there may, and there will, be shades of diversity.

There are efforts, unhappily apparent, to fetter such freedom of opinion by chaining down sentiment and action in what pertains to our constituted worship in a groove of iron rigidity. We have, happily, a guide for our public worship in our time-honoured and Scriptural Prayer Book. None of us have a right to deviate

from its prescriptions; and none have a license to come short of its requirements. But all, without reproach or suspicion, should be allowed to use the liberty which its rubrical directions permit, and not be branded with propensities that lead to Rome, if, in certain cases, a portion of our public services is *sung* instead of *said*. And when it is discovered that where those are sung, there is a heartiness and fulness in the responses which rouses and animates, and which has its particular charm for the young; when it is shown that this inspiriting influence leads to a more thorough appreciation of the Ritual of the Church, and a more interested participation in its work, then should such congregations be congratulated rather than disparaged.

I refer here to churches in which a full or partial choral service can be introduced with a general consent and approval of the congregation; it should never in any case be forced upon an unwilling one. It is hardly necessary to say that to our rural congregations such a service would be wholly unsuited; only in cities, or towns of considerable size, could there be an opportunity of introducing it with acceptance or benefit. I desire to express simply my sense of its lawfulness, and the unreasonableness of objection to it, where it can be used with an appreciating and approving congregation.

I am entirely opposed—as I have on other occasions stated—to the introduction of novel and unauthorized practices in the performance of Divine worship; of anything that is in opposition to the words and spirit of the rubrical directions of our Prayer Book. Reverence, devoutness, earnestness, we desire to see, but all this is in accord with the instructions of our ritual. The introduction of novel usages for which no recognized authority can be pleaded is much to be deprecated. They are distasteful to sound and sober members of the Church; and, while they are a serious offence to weak brethren, they convey neither pleasure nor edification to the strong.

When needless and unreasonable prejudices are entertained, and ancient and recognized usages of the Church are found fault with, it is right to disabuse, if possible, those who indulge such a spirit. It is but dutiful to point out what is the Church's old and true way, and to show how much of that which experiences modern opposition was practised by Christians of the earliest and purest ages.

THE CROSS.

We are, unhappily, too familiar with the cry that Popish propensities are indicated when the symbol of our redemption, the Cross, is exhibited in connection with God's house, or the adornments of the sanctuary. We may be indulgent to a prejudice which has been begotten amidst the teachings and persecutions of a corrupt faith; and we may not altogether deny our sympathy with those who are bitterly reminded of those false teachings and persecutions by an ostentatious use of that impressive and instructive symbol. But such persons should be made to understand that they are in error if they consider that this reverence for the cross, as an appropriate adjunct of the Christian sanctuary, is a mere teaching of Popery. They ought to know that it had its origin in the primitive days of the Church; that it had existence centuries before the Papal corruptions were introduced.

Augustine, in the fourth century, in describing offices of the Church, says that when Catechumens were brought into the Church, "they fell down at the feet of the Bishop, and were signed with the sign of the cross." St. Chrysostom mentions that, in his time—the fourth century—the sign of the Cross was used in all sacred mysteries; "when they were regenerated in baptism, when they were fed with the mystical food of the eucharist, and when they were ordained." He states also that "the sign of the Cross was used even by the emperors on all occasions, on their purple, on their diadem, in their prayers, on their arms, and at the holy table." Dionysius, a century earlier, says, "the person to be ordained kneeled before the Bishop at the altar, and he, laying his hand upon his head, did consecrate him with a holy prayer, and then signed him with the sign of the Cross." Tertullian, who lived at the end of the second century, says it was customary to pray with their hands lifted up to heaven, and that sometimes in the form of a Cross, to represent our Saviour's passion. "The Christian," says another writer, "represents the passion of the Cross by his gesture, while he expands his arms, and lifts them up in the figure of a Cross."

We are informed by some early Christian writers that the Pagans contemptuously taunted the Christians with their reverence for the Cross, and ridiculed them for owning as their Master one who was punished by crucifixion, as slaves were. St. Paul hints at this reproach when he says, "God forbid that I should glory save in the Cross of our Lord Jesus Christ;" and Christians following him, gave their answer to such upbraidings in their use of the Cross on all solemn occasions. It gave rise to this expostulation of Minutius Felix, in the third century, which establishes the fact that material crosses were, at that early period, a recognized Christian symbol. "Crosses," he says, "we neither worship, nor desire to worship. You, indeed, who consecrate wooden deities, do perhaps adore wooden crosses as portions of your gods. For the very standards, and banners, and pennons of the camp—all with you objects of worship—what else are they than crosses gilt over and adorned? Why, your trophies raised in token of victory imitate not only the figure of the simple cross, but also of a human figure affixed. In fact, if we go on shipboard, we see in the nature of things the sign of the Cross, when with swelling sails the vessel is borne along, and with expanded pinions glides over the waves. When the yard is raised aloft, then is the Cross; and so it is when a man with outstretched arms worships God in purity of heart."

I have adduced these testimonies simply to show that the use of the Cross as a symbol amongst Christians goes many centuries further back than the introduction of the Papacy, and that for whatever novelties the Church of Rome is responsible, the use of the Cross is not one of them.

PRESENCE OF CHRIST IN THE EUCHARIST.

Much pains appear to have been taken to create the impression that some of our clergy hold opinions upon the Sacrament of the Lord's Supper which savour more of the tenets of the Church of Rome than of the Church of England. If any semblance of proof could be adduced that a single individual of our clergy in this Diocese holds the Romish doctrine of Transubstantiation—for this is insinuated—then we should

have a case with which to deal. But if they are assailed as holding a "real presence" of our Lord in that Sacrament, then the recorded teaching of our Church upon that point would be equally assailed. The Sunday School child can remind them that in her catechism the Church of England teaches that "the body and blood of Christ are verily and indeed taken and received by the faithful in the Lord's Supper." The 26th article of our Church affirms that "the Supper of the Lord is not only a sign of the love that Christians ought to have among themselves one to another, but rather is a Sacrament of our redemption by Christ's death, inasmuch that to such as rightly, worthily, and with faith receive the same, the bread which we break is a partaking of the body of Christ; and, likewise, the cup of blessing is a partaking of the blood of Christ." In the Homilies of the Church we have these words: "Thus much we must be sure to hold, that in the Supper of the Lord there is no vain ceremony, no bare sign, no untrue figure of a thing absent. But as the Scripture saith, the table of the Lord, the bread and cup of the Lord, the memory of Christ, the annunciation of His death; yea, the communion of the body and blood of the Lord, is a marvellous incorporation, which by the operation of the Holy Ghost (the very bond of our conjunction with Christ) is through faith wrought in the souls of the faithful, whereby not only their souls live to eternal life, but they surely trust to win their bodies a resurrection to immortality."

Bishop Nicholas Ridley, the reformer and martyr, says in his defence before a Romish tribunal, "In the Sacrament is a certain change, in that bread which was before common bread is now made a lively presentation of Christ's body, and not only a figure but effectually representeth his body, that even as the mortal body was nourished by that visible bread, so is the natural soul fed with the heavenly food of Christ's body, which the eyes of faith see."

Calvin, a Reformer, but not of the Church of England, uses these words: "I see not how any one can expect to have redemption and righteousness in the Cross of Christ, and life in his death, without trusting first of all to true communion with Christ Himself. Those blessings could not reach us did not Christ previously make Himself ours. I say, then, that in the mystery of the Supper, by the symbols of bread and wine, Christ, His body and His blood, are truly exhibited to us, that in them be fulfilled all obedience, in order to procure righteousness for us; first, that we might become one with Him; and secondly, that being made partakers of His substance, we might feel the result of this fact in the participation of all His blessings." "Christ can exert His energy wherever He pleases; can always be present with His people, breathing into them His own life; can live in them, sustain, confirm, and invigorate them, and preserve them safe, just as if He were with them in the body; in fine, can feed them with His own body, communion with which He transfuses into them. After this manner, the body and blood of Christ are exhibited to us in the Sacrament."

On the Lord's Supper, the Westminster or Scottish Presbyterian Confession of Faith expresses itself in this manner: "Worthy receivers, worthily partaking of the visible elements in this Sacrament, do then also, inwardly by faith, really and indeed, yet not carnally or corporally, but spiritually, feed upon Christ crucified and

all benefits of his death; the body and blood of Christ being then not corporally or carnally in, with, or under the bread and wine; yet as really, but spiritually, present to the faith of believers in that ordinance, as the elements themselves are to their outward senses."

John Wesley, the founder of the Methodists who bear his name, speaks thus of coming to the Holy Communion: "I seek not a bare representation or remembrance; I want and seek my Saviour Himself, and I haste to this Sacrament for the same purpose that St. Peter and St. John hastened to His sepulchre—because I hope to find Him there,"—"I come to God's altar with a full persuasion that these words 'This is my body,' promise me more than a figure; that this holy banquet is not a bare memorial only, but may actually convey as many blessings to me as it brings curses on the profane receiver. Indeed, in what manner this is done, I know not; it is enough for me to admire."

I have adduced these opinions upon the Holy Communion to show that the assertion of an actual, though undefinable, presence of Christ in the Eucharist is not peculiar to the Church of England; and it would be easy to adduce testimony to show that it has been the voice of the Church from its earliest ages. I think I should be safe in affirming that there is not a clergyman in this Diocese who holds or teaches anything beyond the sentiments I have placed before you; not one, certainly, who has the excess of faith, or credulity, that can accept the doctrine of transubstantiation. But there may be some who do not come up to the Church's standard on the Holy Communion; not a few, perhaps, who, in the dread of excess, content themselves with a defect of faith on this solemn subject. If both are to be lamented, we certainly should prefer excess to deficiency; the one leads to firmer trust and deeper devotion; the other trains and prepares for infidelity.

We are bound to deal reverently with mysteries; but it is the characteristic of a true faith to accept, on the authority of Divine revelation, much that we cannot comprehend—far less explain. And large comfort ensues from this simple, trustful, child-like faith. It draws us, in heart and spirit, closer to God; and its power is wonderful when the soul is on the eve of departure to the unknown world of eternity.

It is edifying and encouraging to feel that our Lord, as He Himself affirmed, is present in the other gatherings of his people; but it is much more elevating to have assurance that He is present with us when we join in the feast that represents His sacrifice for the sins of the world. Could this condescension and love be fully realized, and we could take to our heart's depths the assurance of His marvellous union with us there, we should have more yearning for that precious communion, more ardour and trust in our approaches to it. To be linked thus with the unseen Saviour must, to the faithful Christian, be a strengthening under trials; a refreshment in the soul's weariness. It serves to draw, and to keep us closer to Him, in more effectual reliance upon His atonement, and in purer aims and heartier efforts to follow in the footsteps of His sinless life, and fulfil the practical duties of which He has set us so exalted an example. And of this simple, inspiriting confidence, it would be cruel to rob the believer; cruel to substitute worldly doubtings for this singleness and heartiness of faith."

DEPRECATION OF DIVISION AND STRIFE.

With unfeigned personal regard for many of those who have taken part in the action of what is termed the "Church Association" of this Diocese, I must, however reluctantly, express my conviction that the course they have adopted, with the view of purifying or reforming the Church, is a very mistaken one. It will excite suspicions and create distrust; it will promote dissension, and embitter feelings that ought to be kindly and confiding; but it will disturb rather than clear the fountains of Christian truth and love.

No clergyman, with the self-respect we should all desire him to feel, can be influenced, either as to his convictions or his conduct, by the dictation of an irresponsible, and what will be deemed an incompetent body. These cannot be recognized as legitimate overseers, or authorized instructors; and the faithful laity, as well as the conscientious clergy, must naturally repudiate such outside interference with their teaching and with their ministrations.

Where erroneous doctrine is believed to be broached, or where extravagant or unauthorized practices are exhibited in carrying out the Ritual of the Church, the proper, and what will prove the most effectual, course, would be for the parishioners aggrieved, in the first instance affectionately to expostulate with their minister; and if this should fail to be successful, then to appeal to their Bishop. But to constitute themselves watchers and inquisitors, as would seem to be advised, would be to throw off the garb of Christian charity and tenderness, and soon, perhaps, to become enemies and persecutors.

Such a course as this can ensure neither peace nor prosperity to the Church; and with the conviction that it can prove nothing else but mischievous—without, I fear, a solitary remedial result—I hope all will think well and wisely of the dangers of any associations within the Church which have any other purpose than the promotion of piety, the furtherance of good-will and unity, and the spread of Christ's kingdom. Instead of energy and money being wasted in the effort to divide and destroy, let there be a general and hearty combination to spread the knowledge of the truth, and make believers one.

It is now more than thirty years since, on the revival of life and vigor in the Church, apprehensions were expressed by some in this Diocese that the tendencies and practices of certain of the Clergy must inevitably lead them to the Church of Rome. The restoration of Baptism to its proper place in the services of the Church; the revival of the Offertory as a religious duty, with the use of the appointed sentences which explain and enforce it; the reading of the prayer for the Church militant, because it had a tender reference to the departed; the urging a stricter and more profitable employment of the season of Lent; the earnest recommendation of a devout use of the festivals and fasts of the Church as designed to exalt Him who is remembered in each as they pass; all this, in the warped judgment of some, was pronounced an indication of a Romeward tendency.

But, after this lapse of thirty years, during which so much has been done to infuse life and influence into the Church; when earnestness and heartiness have, in so many instances, taken the place of languor and indifference in public ministra-

tions; when churches in all directions have been multiplied, exhibiting in their architectural correctness and adornments what marks them at once as houses of God; during this long interval of spiritual stir and activity, how many have been the defections to the Church of Rome? How many of our Clergy have foresworn their allegiance, and passed over to the enemy? For the Clergy of this Diocese I answer, not one; all are as far as ever from renouncing their beloved mother for any other creed or communion.

But I could, on the other hand, tell of many converts to us from the ministerial ranks of other religious bodies; and it could be shown that this was due, in a large degree, to the improved life and activity which has been aroused in the Church, and to the spirit of enquiry into her genuine principles and claims that had been awakened and diffused. Never should we have had these gains of men of learning and position from other bodies; never the gains of humbler order through our Confirmation classes year by year, had the old condition of listlessness and apathy been continued. While we thank God for the escape from relapse and loss which so many predicted as the result of our renovated work, we can take courage from the contemplation of our gains. If the "thin edge" of the cleaving weapon has ever been applied to the ramparts and buttresses of our Zion, no unhallowed hand has driven it in; no rift or fracture has been made.

PAROCHIAL MISSIONS.

In contrast with mistaken views and misdirected efforts—such as we are compelled to condemn and deplore—I turn with refreshment and comfort to those parochial "missions," for awakening the careless and bringing sinners to God, which during the preceding season of Lent and at other periods, have been pursued in many places with so much zeal and promise. This, with the calm sobriety by which such efforts have been characterized, is something for all to imitate. It is a holy opportunity for united work; a gracious means, which, we trust, will be abundantly blessed, for deadening the world's dangerous influences, and leading all to contemplations and to duties which prepare them to meet their God.

I commend you, brethren, to the protection and guidance of the Divine Head of the Church; and I trust that this direction and aid may be visible in the Christian temper of your deliberations, and in the practical blessings to God's Church resulting from them.

PETITIONS, CORRESPONDENCE, AND MEMORIAL.

Ven. Archdeacon Fuller, D.D., presented and read a petition from the Standing Committee for the proposed Western Diocese, praying that a minimum sum of $2,000 in lieu of $3,000 a year be accepted at the outset as the Bishop's salary, and gave notice of a motion for acceding to the petition.—(*See Appendix.*)

The Clerical Secretary presented and read a communication from the Ontario and Quebec Prohibitory League, which, on motion of Dr. Hodgins, was referred to the Committee on Temperance.

It was the moved by Rev. Rural Dean McMurray, D. C. L., seconded by Dr. Hodgins:—

That, with permission of the Bishop, the following Committee on the Louth Petition be substituted for that appointed yesterday:—Rev. Rural Dean Geddes, M.A, Rev. Rural Dean Givins, Hon. H. B. Bull, and W. Y. Pettitt, Esq.

The Bishop having given his consent, the motion on being put was carried.

REPORT OF COURT ON CONTESTED SEATS.

Mr. Registrar Harman then presented and read the Report of the Court on Contested Seats, as follows:—

At a Court held in pursuance of Section 37 of the Constitution of the Synod for the settlement of contested seats in the Synod: Present, S. B. Harman, Registrar of the Diocese, Chairman; the Rev. Canon Brent, the Rev. S. J. Boddy, Thos. Hodgins, Esq., Q.C., Clarkson Jones, Esq.

Having heard and adjudicated on the following cases the following judgments are given:—

JUDGMENT OF THE COURT IN REGARD TO CONTESTED SEATS.

NAME OF MISSION.	DELEGATES	OBJECTION.	DECISION.
No. 1. Beamsville.	William Hearle.	The certificate of the clergyman in Deacons' Orders states "Mr. Hearle is a true churchman, and communicated upon the only occasion of the sacrament being administered."	We allow this seat, following former rulings that a disability should not arise, if the party availed himself of the opportunity afforded to partake of the Holy Sacrament, as often as the church afforded such opportunity.

Name of Mission.	Delegates.	Objection.	Decision.
No. 2. Cameron, Oakwood, and Ops.	Richard White. Joseph McGee. Richard Marks. J. K. Knight.	The first return from this mission gave the names of Messrs. White, McGee, and Marks. A subsequent return contained the name of Mr. Knight, elected in the place of Mr. McGee, who declined to serve. The clergyman in charge of the mission being in Deacons' Orders, opportunity had not offered for their communicating three times—and he so certifies.	The formalities of the election having been duly complied with on the evidence of the chairman—On the above ruling we allow the seats of Messrs. White, Marks, and Knight.
No. 3. Cayuga.	A. P. Farrell. Judge Stevenson. William McCabe.	As to the third name (a resident of Toronto) the clergyman states, "I can merely certify to his election, as he is unknown to me."	A certificate of the Very Rev. Dean Grasett that he communicated at least three times being produced, we allow the seat.
No. 4. Cobourg.	Judge Boswell. R. D. Chatterton. Andrew Hewson.	As to the third name the incumbent states his not being a communicant in his parish.	A certificate of the Rev. J. Wilson, that Mr. Hewson communicated three times at Grafton being produced, we allow the seat.
No. 5. Mulmur.	Thomas Hand. F. B. Cumberland. Howard Bovell.	As to the first name, the only local name (the others being residents of Toronto) the clergyman does not certify to his having communicated three times.	This case follows the two preceding ones. Mr. Hand had been absent, and the clergyman only in charge for part of the year. It being made manifest that no disability exists, as he communicated elsewhere, we allow the seat.
No. 6. Thorold,	Dr. B. H. Lemon. John Keefer. Joseph Reavely.	As to the third name, the incumbent could not certify as to his having communicated as he had not attended the church for some months.	It being made manifest that no disability exists, the party having communicated elsewhere—the seat is allowed.
No. 7. South Walpole.	C. E. Bourne. Robert Jackson. Aaron Hobbs.	The clergyman does not certify to their having communicated three times.	The clergyman is in Deacon's Orders, and the parties communicated as often as opportunity offered—Seats allowed.
No. 8. Lloydtown.	Anthony Eastwood.	That the Declaration to be signed *annually* by the *electors* was not signed on this occasion.	The certificate in this case is signed by Mr. Eastwood, the party elected, as chairman of the meeting in the absence of the incumbent from illness. A letter from the incumbent is appended to the above effect, and *names the irregularity complained of*, but that he finds from the names of the parties present that they were all entitled to vote, and that the *majority* had signed their names *last year*. Referring to the judgment in the case of St. Stephen's, Toronto, No. 7, 1871, we rule as in that case, that we are called on to deal with technicalities, and are compelled, not without regret, to give weight to this objection, a purely technical one, and disallow the seat—the constitution being clear in requiring the declaration to be signed *annually*.

Name of Mission.	Delegates.	Objection.	Decision.
No. 9. Acton.	John McAree. John Sibbald. J. C. Tarbutt.	Fees $2.40 not paid.	The mission is *ipso facto* disfranchised as long as the cause of disability is allowed to continue.
No. 10. Cookstown.	William Armstrong. Dr. Nichol. George Ryley.	Fees $4.80, of which half paid.	Same as No. 9. There is no provision to accept a partial payment.
No. 11. Norval and Stewart-town.	Henry Ross. William Watson. George Thompson.	Fees $3.60, of which half paid.	Same as No. 10
No. 12. Batteaux.	Wm. Bourchier, Sr. J. E. Morgan. Prof. Hirschfelder.	Name of Parish not on printed list, although a full certificate of the election of these three delegates sent in.	The Mission of Batteaux was hitherto attached to, but is now disconnected from Collingwood, and its right to be inserted as a separate mission station last Easter, when the election was held and the certificate signed by the clergyman in *temporary* charge, not being made out, in the opinion of the Court, the seats are disallowed.
No. 13. Weston.	T. R. Wadsworth J. Conron.	Letter from the incumbent as to J. Conron's being entitled to sign himself as an "habitual worshipper" with the congregation of St. Philip's Weston, which he nevertheless did in the Book kept for the declaration of electors.	Had the incumbent withheld the certificate of election subject to this objection we might consider its weight, but having on the same day signed and transmitted the same in due form with the fees, we cannot see how an objection referring to his right as an elector rather than a delegate can be now considered in the face of such certificate. We allow the seat.
No. 14. Alma and Arthur.	Judge Boyd. W. W. White. Joseph Smith.	The objection in this case was taken by Mr. H. Bovell, under the 2nd section of the Canon constituting this Court and sent in one week before the meeting of Synod; the ground of objection being that no such mission as Alma and Arthur existed at the time of the election or since. The objection is taken severally to each delegate.	The Bishop certifies that these stations were not entitled at Easter to be considered a joint independent mission, but were joined, the former to Elora, and the latter to Fergus. In the face of this certificate, and referring to the missions of Elora and Fergus, which have severally a full representation, we cannot do otherwise than disallow the seats of these delegates.

By the Court.

SAMUEL B. HARMAN, Registrar of the Diocese,
Chairman.

ANNUAL DIOCESAN MISSIONARY MEETING.

The Annual Diocesan Missionary Meeting took place in St. James's School House on Wednesday evening, the 17th June. In the absence of the Bishop, Ven. Archdeacon Fuller, D.D., occupied the chair. After singing and prayer,

The Chairman expressed his warm interest in the subject of Missions, and stated that the happiest days of his life were spent as a missionary in the Diocese. He called first on

The Rev. Rural Dean Smithett, D.D. Dr. Smithett said that he would address the meeting on the subject of "Opportunity" and "Responsibility." He spoke of the wonderful power and influence of the Christianized Anglo-Saxon race, and held that the Church must go in the van of civilization, and not wait to be asked to plant the mission standard on the outposts reached by emigration and settlement. This was her opportunity. Their responsibility was to be equal to this vast opportunity which they possessed.

After singing, the Chairman called on the

Rev. Rural Dean Allen, M.A. Mr. Allen held that the great mission cause ought to be a grand means of uniting all shades of enlightened opinion in the Church. He knew of no remedy for the apathy which was so often felt for missions, but the only effective one so skilfully applied by St. Paul, the great mission apostle of the Gentiles—that people should first give themselves to the Lord, and then everything they had as offerings, time, money, influence, yea, even their lives also. The grand old hymn which closed with these lines:—

"Come Holy Spirit, Heavenly Dove,
With all Thy quickening powers:
Come shed abroad a Saviour's love,
And *that* shall kindle ours"—

realized the true ideal of self-consecration to the Lord's cause and his work—mission or otherwise.

A hymn was sung, when

Hon. H. B. Bull addressed the meeting and pointed out that there were 60 or 70 missions on the Diocesan list, besides seven in the new Bishopric of Algoma. As yet, however, there were over 60 townships in which no Church of England clergyman resided.

Rev. Rural Dean Givins read a letter from the Bishop of Algoma, giving an interesting report of his recent collecting tour.

Rev. Dr. H. M. Thompson, Rector of Christ's Church, New York, showed that our race was a missionary race, and our Church a missionary Church. Whether endowed or disendowed, established or disestablished, on the broad ocean, in the crowded city or the quiet hamlet, the same Prayer-Book service was used. Central Germany to-day owed its Christianity to the missionary spirit in the Church of England. The Mother Church of England had the great field of Foreign Missions; but the work of the Church in Canada, as in the United States, was at home—so as to evangelize this vast continent.

After a hymn was sung, and the collection taken up, the meeting closed with the Benediction.

THIRD DAY.

THURSDAY, *June 18th*, 187 .

After Divine service in St. James's Cathedral at 9.30 a.m., Rev. Rural Dean Geddes, M.A., officiating, the Synod assembled in the School-house, and after the customary prayers proceeded to business.

The minutes of yesterday's proceedings were read and adopted.

REPORT OF SCRUTINEERS FOR EXECUTIVE COMMITTEE.

Rev. Rural Dean Stewart, M.A., presented and read the following report:—

The Scrutineers appointed to take the vote of the Clerical and Lay Members of the Synod for the elective members of the Executive Committee have to report as follows, in the order of the election:—

CLERICAL.—Rev. Rural Dean Geddes, M.A., Rev. Provost Whitaker, M.A., Rev. C. E. Thomson, B.A., Rev. A. J. Fidler, B.A., Rev. Rural Dean Lett, D.D., LL.D.

LAY.—J. Ham Perry, Alex. Marling, LL.B., Arch. Cameron, A. McLean Howard, Dr. Snelling.

CONSIDERATION AND ADOPTION OF REPORTS.

Mr. A. H. Campbell's motion of yesterday was then brought up, and on being put to the Synod, was adopted.

Mr. Campbell then introduced his proposed Canon on Distribution of Commutation Trust Surplus, which was considered clause by clause, and after a few alterations were made, was passed as follows:

1. That so much of the By-law of the Mission Board of 1860, as enacted that the Mission Fund do consist of the annual surplus of the Commutation Fund, be repealed, and that the Commutation Fund shall be managed and administered as heretofore by the Clergy Trust Committee.

HOW SURPLUS SHALL BE APPLIED.

2. That before there shall be any surplus declared by the Clergy Trust Committee, there shall be always held by said Trust Committee arising out of annual permanent income over and above the amount required to fulfil the covenants into which the Society or the Synod may have entered, sufficient to cover the expenses chargeable upon the fund.

3. That said surplus shall be appropriated to the maintenance of Clergy of the Diocese being in priests' orders, according to length of service in the Diocese.

WHAT CONSTITUTES SERVICE.

4. That such service shall consist of the time during which the Clergyman has been employed in *bona fide* parochial or missionary duty, whether in deacons' or priests' orders, in the Diocese, and that in case there has been any intermission in the time of such service, the length of such intermission shall be deducted from the term of service for which the Clergyman claims.

WHO SHALL BE SENIOR CLAIMANT.

5. That when two or more persons are ordained in the Diocese, and their services commence at the same time, he shall be considered senior who is first upon the Bishop's ordination list. But when they have been ordained out of the Diocese their seniority shall be determined by the date of their licenses from the Bishop of this Diocese. And if there shall be any question of seniority not provided for in this By-law, it shall be provided for by the Bishop of this Diocese.

WHEN SURPLUS SHALL BE AVAILABLE.

6. That as soon as the Trust Committee shall report a surplus, as above provided, it shall be paid to the senior eligible Clergyman of the Diocese (as above defined) not being on the commutation list, and so on in respect of each successive sum of surplus income. And it is hereby distinctly specified that this provision shall not interfere with any existing arrangement. No Clergyman shall receive from this fund more than $400 per annum.

CLERGYMEN ON LIST TO REMAIN THERE.

7. That any Clergyman once placed on the list shall remain thereon so long as he remains eligible in accordance with this canon, continues to do duty in this Diocese or is on the superannuated list thereof, but shall forfeit his claim by removing from it, not being superannuated, or for any time he may be under legal ecclesiastical censure.

WHAT CLERGYMEN ELIGIBLE.

8. That no Clergyman enjoying an income from Endowment, Pew-rents, Salary, and offerings, or from any other source whatsoever (private fortune, fees, and house-rent only excepted), of $1,200 per annum, shall be placed or retained upon the list of Annuitants on the Commutation Fund. But any Clergyman eligible as aforesaid, with a less income than $1,200 per annum, shall be entitled to be placed upon the list to be furnished by the Lord Bishop, and to receive, upon being placed upon the Annuitants' list, from time to time, such amount not exceeding $400 per annum, as will suffice to bring up his income to $1,200.

CERTIFICATE OF CLAIM.

9. That before being placed on the list of Annuitants on the Fund, and on the 1st day of May in each year, each and every Clergyman claiming to receive an annuity, by virtue

of this Canon, shall furnish to the Committee, through the Secretary-Treasurer, a certificate in the following terms:

"I, , do solemnly declare that I am entitled to an annuity of $, from the Commutation Trust Fund of the Synod of the Diocese of Toronto; that my whole income for the past twelve months, from all sources (private fortune, house-rent, fees, offerings, and annuity from this fund excepted), has not exceeded $; and that in estimating the same, no deductions of any kind whatsoever, except as above, have been made:" and any Clergyman failing to forward such certificate by the time above named, shall be held to have ceased for the time being to claim upon the Fund. Any Clergyman who shall knowingly furnish an erroneous certificate, shall cease to have any claim on the fund, and his name shall be struck off the list of Annuitants.

NOT CLAIMING NOT TO FORFEIT RIGHTS.

10. That no Clergyman, by reason of his not claiming to be placed or retained on the list of Annuitants, shall in any way forfeit or prejudice his position upon the Lord Bishop's Seniority list, and should such Clergyman, at any future time, being eligible and the senior Clergyman on the list when a vacancy occurs, desire to become an Annuitant, his name shall be added to the list of Annuitants on furnishing the certificate above mentioned.

LIST OF CLERGYMEN TO BE OBTAINED.

11. That as soon as a surplus arises in the Commutation Fund, it shall be the duty of the Commutation Trust Committee to request the Lord Bishop to furnish said Committee with a list, in the order of seniority, of those Clergymen who might be entitled to claim under this Canon; to notify said Clergymen, in order, to forward within fourteen days the certificate of claim above required; to consider and decide on the claims when received; and, when passed, to enter the names of the claimants on the list of annuitants for the amount to which each is entitled.

WHEN LIST OF ANNUITANTS TO BE MADE UP.

12. That at the Quarterly Meeting of the Committee in May, the certificates of claim for the ensuing year shall be examined, and the amount to which each claimant is entitled ascertained, and entered on the list.

ADMISSION TO SEATS.

On motion, the Rev. Dr. Townley of the Diocese of Huron, Rev. Edwin Cooper of the Diocese of Algoma, and E. Baynes Reed, Esq., Secretary of the Huron Church Society, were severally admitted to a seat in the Synod.

READING ROOM OF MECHANICS' INSTITUTE.

The Lay Secretary here announced that the Secretary of the Mechanics' Institute had generously offered the Reading Room of the Institute as usual to the members of Synod.

CONSIDERATION AND ADOPTION OF REPORTS.

Ven. Archdeacon Fuller, D.D., moved, seconded by Mr. W. Powis,

That the Report of the Standing Committee on the proposed Western Diocese (*l*) be adopted.

Moved in amendment by Rev. H. Holland, seconded by Rev. J. B. Worrell, M.A.,

That the Report be recommitted in order that the sum of $3,000 be substituted for $2,000 as the minimum salary of the Bishop.—*Lost.*

The original motion was then put and declared carried.

With the consent of the Synod, Ven. Archdeacon Fuller, D.D., then moved, seconded by Mr. W. Powis,

That, whereas, for the advancement and efficiency of the Church, great exertions are being made in both the Church of England and the Church of the United States to secure a division of dioceses and an increase of the Episcopate; and, whereas, by resolutions of this Synod it has been declared necessary to divide the present Diocese of Toronto, and to form a new Diocese, comprising the Counties of Lincoln, Welland, Haldimand, Wentworth, and Halton; and, whereas, according to the Report and Memorial now laid before the Synod from a large and important meeting of the Clerical and Lay Representatives of the proposed Western Diocese, it would appear that the formation of a new Diocese is earnestly desired by the Churchmen of the above named five counties, and that efforts are being made to raise the necessary endowment with every prospect of success; and whereas, according to the said Report and Memorial, it is deemed expedient by the Committee to fix the minimum income of the Bishop (at the commencement) at $2,000 per annum, instead of $3,000, as provided in the resolution of the last Session of Synod:—

Be it resolved, therefore, that this Synod do now adopt the following request to the House of Bishops to grant a division of this Diocese, according to the terms proposed in the Report and Memorial now before the Synod, viz:—

To the Most Reverend the Metropolitan and their Lordships, the Bishops of the Ecclesiastical Province of Canada, assembled as the House of Bishops thereof.—

The petition of the Bishop, the Clergy and Lay Representatives of the Diocese of Toronto, in Synod assembled, humbly sheweth:—

That whereas, by Canon IX. of the Canons adopted at the Fifth Session of the Provincial Synod of Canada, your Right Reverend House has been clothed with the power of subdividing existing Dioceses, or of forming new Dioceses out of portions of existing Dioceses which may be contiguous, with the concurrence or upon the application of the Synod or Synods of the Diocese or Dioceses affected: And whereas, the Diocese of Toronto, in Diocesan Synod assembled, has passed resolutions, declaring it desirable that the Counties of Lincoln, Welland, Haldimand, Wentworth, and Halton, now parts of said Diocese, should be separated to form a new Diocese: We, the said Synod of the Diocese of Toronto, now beg respectfully that your Right Reverend House will separate and set apart said counties as a distinct Diocese, thus giving effect to this our Memorial.—*Carried.*

Moved by the Rev. Rural Dean Geddes, M.A., seconded by Mr. Brown,

That the Clergy and Lay Representatives of the proposed Western Diocese be re-appointed a Standing Committee to collect the endowment.—*Carried.*

Moved by the Rev. Provost of Trinity College, M.A., seconded by the Rev. J. D. Cayley, M.A.,

That the Report of the Special Committee on Memorial of the late Bishop Strachan (*a*) be adopted.—*Carried.*

CHANGE IN TIME OF SYNOD MEETING.

Moved by Professor Wilson, LL.D., (in the absence of Mr. W. Magrath), seconded by Mr. Strickland,

That with respect to the time of the meeting of Synod, with a view of securing a better attendance of members at the meetings of Synod, section seven of the Constitution of the Synod be amended, by substituting the words, "Second Tuesday in January," in place of the words, "First Tuesday in June."—*Lost.*

CHANGE IN CLOSE OF FINANCIAL YEAR.

Moved by Ven. Archdeacon Fuller, D.D., seconded by Col. Kingsmill,

That, in consequence of the many great changes effected in the country during the last thirty years, whereby the time when farmers dispose of the greater part of the produce of their farms has greatly changed, it is expedient to change the period at which the financial year shall close; and that that part of the Constitution of the Synod which fixes the close of the financial year on the 30th April, be amended by substituting the 31st December for the 30th April.—*Lost.*

Moved by the Rev. Rural Dean Lett, LL.D., seconded by the Hon. H. B. Bull,

That the Canon, chapter x. (page 79 of "Canons and Resolutions,") intituled "Constitution of Vestries for Free Churches," be amended by inserting in the 1st clause, in the 6th line, after the words "as shall," the following words: "have contributed towards the sustentation of such Church a sum of at least six dollars ($6) in such manner as the Vestry may have decided, and also shall;" and that said clause be further amended by inserting after the word "Church," in the 10th line, the words, "and this declaration shall be signed annually at the Easter meeting.

Moved in amendment to the amendment by the Rev. R. Harrison, M.A., seconded by Mr. Way,

That it is hereby declared by way of explanatory note to Canon I. of the Canons of this Synod that the words "members of the United Church of England and Ireland" are to be taken to mean members *in good standing* as defined by the Declaration of the Bishops of British North America, (Canons pp. 34, 35) that is, possessing the qualifications of (1) valid baptism, (2) conformity to the rules and ordinances of the Church, and (3) adequate contribution to Church support; and that the words "habitually attending worship in such Church" are to be taken to imply attendance (unless prevented by sickness or some other cause not wilful) at one-half at least of the regular Sunday Services of the said Church during the last twelve months—decision as to the actual possession of these several qualifications for membership of Vestry resting with the Incumbent and Churchwardens, together with the Sidesman of the district in which the person concerned resides.—*Withdrawn.*

Moved by same, seconded by Rev. Dr. O'Meara,

Section 24, by repealing so much of said section as is comprised in the first six lines, and part of the seventh line, down to and inclusive of the word "stipend,"

and substituting therefor the words "Whenever any Congregation in any Mission shall fail to remit the amount agreed to be paid into the Mission Fund by said congregation, or any part thereof, then three months after the same shall have fallen due (the amount still remaining unpaid) it shall be the duty of the Secretary-Treasurer of the Synod meanwhile to suspend payment to the Missionary of the amount in arrear from said congregation, and a proportionate amount from the grant made to the Mission to which said congregation belongs, from the Mission Fund."—*Carried.*

MISCELLANEOUS RESOLUTIONS.

Moved by Rev. D. I. F. MacLeod, M.A., seconded by Rev. Rural Dean Cooper, B.A.,

That inasmuch as it is most desirable that every facility and encouragement be extended to those members of the Church who may be desirous of endowing Parishes, under the patronage of the Lord Bishop of the Diocese, and most inexpedient that any cause of objection to vesting such endowments in the Synod should exist; and in view of the slight labour which the management of such endowments, when once created, entails, the resolution of Synod directing the Assessment Committee to levy a rate of five per cent. on all funds under the management of the Synod be so modified as to relieve the revenue of private endowments from any charge for management. *Lost.*

Moved by the Rev. E. H. Cole, M.A., seconded by the Rev. the Provost of Trinity College, M.A.,

That the Synod do adopt a memorial to the House of Bishops assembled at the next meeting of the Provincial Synod praying their Lordships to appoint a solemn day of humiliation and intercession for unity and the re-union of our Church with other Christian bodies from whom it is separated, and more especially with those who have, in past days, withdrawn themselves from the communion of the Church of England.—*Carried.*

The Rev. E. H. Cole then introduced the following Memorial, based upon the foregoing resolution, which on his motion was adopted by the Synod:—

To the Most Reverend the Metropolitan and the Right Reverend the Bishops of the Ecclesiastical Province of Canada, in Provincial Synod assembled.

This Memorial of the Bishop, Clergy and Lay Representatives, in the Diocesan Synod of Toronto assembled, humbly prayeth:—That your Lordships will be pleased to appoint a day of humiliation and intercession for unity, and the reunion of our Church with other Christian bodies from which it is separated, and more especially with those who have, in past days, withdrawn themselves from the Communion of the Church of England.

It was then moved by the Rev. A. H. Baldwin, M.A., seconded by Alexander Marling, LL.B.:—

That a Committee be appointed to consider and report to the next Synod a scheme for assisting to raise money for church building, and particularly as to the

feasibility of aiding in procuring loans on favourable terms by the guarantee of the Synod in cases where the Synod can be duly secured.—*Carried.*

The Bishop named the following Committee:—Rural Dean Givins, Rural Dean Allen, M.A., Rev. S. Jones, M.A., Rev. T. T. Roberts, M.A., Hon. G. W. Allan, Clarkson Jones, Esq., C. H. Greene, Esq., A. Marling, Esq., LL.B.

The Rev. Rural Dean Allen, M.A., then moved, seconded by Rev. Dr. O'Meara,

That it is our duty, as Churchmen, to aid to some extent in furnishing the ministrations of religion to our brethren who have made the Province of Manitoba their home.—*Carried.*

The Bishop then appointed the following Committee to give effect to the above:—The Mover and Seconder, Prof. Wilson, LL.D., and Rev. Rural Dean Givins, and to bring in a report on the subject.

The following resolution of Rev. Rural Dean Lett, LL.D., was, with consent of the Synod, withdrawn:—

That inasmuch as the recognized principle of the construction of this Diocesan Synod is an equality of representation both of laity and clergy; and inasmuch as this balance of the two orders has been disturbed by the admission into the Synod of Clergymen of Educational Institutions connected with the Church, without an equal number of Laymen; Be it enacted that each such Educational Institution shall be, and is hereby, empowered to send as many duly qualified lay delegates as there are clerics, and that such lay delegates shall be elected by the lay alumni of such Institutions, being of full age; their votes to be given in, in writing, to the Heads of such Institutions during Easter week.

The following resolution of Mr. I. M. Chafee was referred to the Mission Board, with power to act upon it if desirable:—

That the Churchwardens in every Mission asking aid from the Mission Board be requested to send in with their application for aid an alphabetical list of Church people in their Mission, placing opposite each name F. for Freeholder, or T. for Tenant, or R. for Resident, including in the last R. all that are not Tenants or Freeholders, and the probable amount they are assessed for, to help the Board to form an opinion of the resources of the Mission, and that said list be renewed on every fresh application, to be signed by the Churchwardens and approved by the Missionary, if any, in charge.

It was moved by Col. G. T. Denison, seconded by Mr. Conron,

That this Synod, deploring the existence of dissensions and differences in the Church, and feeling that these differences are caused by the unfortunate introduction of innovations and novelties in the ritual, takes this opportunity of declaring its disapprobation of all such innovations, and its hope that the Bishop, Clergy, and Laity will unite in preserving, in its simple form, the ritual of the Church of England, and the doctrines handed down to us from the Reformation.—*Carried.*

The following resolutions of Mr. N. F. Paterson were referred to the Executive Committee, with power to act upon them, if approved by the Committee:—

That two Clerical and two Lay members of the Synod be appointed on motion to take the votes of the members of Synod.

That a ballot box or boxes shall be provided to receive the votes. That upon each member of the Synod depositing his vote, a mark shall be placed opposite his name on the roll of the order to which he belongs, and that upon the requisition of any three members of the Synod, the number of votes deposited shall be compared with the number of those who have voted upon the occasion. The scrutineers shall hand over the votes to the Secretaries of the Synod, whose duty it shall be to preserve them until the election shall be completed, and then destroy them at the end of the session.

The following motion of the Rev. H. Holland, B.A., was referred to the Executive Committee with power to act upon it:—

That in order to secure greater order and despatch in receiving and scrutinizing the ballots required by the Constitution of Synod, a Committee be appointed to frame, under the approval of the Executive Committee, instructions for the guidance of Scrutineers, and also such ruled and printed forms as they may deem expedient,—the Committee to consist of the Honorary Secretaries and Rev. Septimus Jones, M.A.

Also the following of Rev. Canon Baldwin, M.A., with power also to act upon it,

That in future meetings of the Synod of this Diocese, or so long as any members of the Executive Committee are elected by ballot, the ballot for election of said members, and also that for the election of Delegates to the Provincial Synod, be taken at the same time.

The following resolution of Rev. G. A. Bull, M.A., was referred to the Executive Committee, with power to act upon it:—

That the Executive Committee be requested to insert in the Annual Order of Proceedings of Synod such rules and regulations for the better observance of quiet and general order as they shall deem expedient.

Moved by the Rev. S. Jones, M.A., and seconded by Dr. Hodgins,

1. That it be an instruction to the Printing Committee to begin the publication of the proposed Synod Gazette (or other named periodical) immediately after the next Quarterly Meetings of Committees of Synod.

2. That in the proposed periodical shall be published such portions (and those only) of the Appendices of the Annual Report as are of general interest, and also an abstract of the Statistical and Financial Statements.

3. That the Annual Report of the present session of Synod be published separately as usual.

4. That the Committee lose no time in giving the required notice to terminate the present arrangement with the *Church Herald*, involving the expenditure of $100 per annum for the publication of the Reports of the Standing Committees.—*Carried.*

Moved by Hon. J. Patton, Q.C., seconded by Mr. A. H. Campbell,

That for the better preservation of order while in Session, and to do away with the appearance, even, of any encroachment upon, or interference with, the privileges

of either Order, the Clergy alone do occupy the seats on the right of the Chair, and that those on the left be reserved exclusively for the Lay Delegates.—*Lost.*

Moved by Dr. Hodgins, seconded by Mr. Harman, B.C.L.,

That the Chairmen (or other representatives) of the Executive, General Purposes, and Printing Committees, and the Honorary Secretaries, be a Committee to make all necessary arrangements for the Annual Session of the Synod; and that this Committee be allowed a sum not exceeding fifty dollars to cover the expenses of fitting up the room, printed cards of notices to hang up, and other contingencies.—*Carried.*

Moved by Dr. Hodgins, seconded by Mr. Gillespie,

That it shall be the duty of the Honorary Secretaries at least a fortnight previous to the meeting of the Provincial Synod to notify each Delegate that he is expected to attend the Meeting of the Synod, or to declare his inability to do so without delay, so as to enable the Secretaries to notify the substitutes (as required by the Constitution) within a reasonable time, and to receive replies from them.—*Carried.*

Moved by Rev. Rural Dean Lett, D.D., seconded by Rev. Rural Dean Allen, M.A.,

That the Honorary Secretaries be requested to write to the authorities of the Dominion Telegraph Company, conveying the acknowledgments and thanks of the Synod for their kindness in tendering to the Synod a blank-book of free telegrams for the use of the members of the Synod.—Carried.

MISSION BOARD (NOTICE OF MOTION).

Moved by Rev. S. Givins, seconded by Rev. Rural Dean Geddes, M.A.,

That, referring to the passage in the Lord Bishop's address at the opening of the Synod, recommending an assessment upon the various parishes on behalf of the Diocese of Algoma, the matter be placed in the hands of the Mission Board of which his Lordship is Chairman.—*Carried.*

REPORT ON MANITOBA GRANT.

The Committee appointed to consider in what manner we may evince our duty as Churchmen, to aid, to some extent, in furnishing the ministrations of religion to our brethren who have made the Province of Manitoba their home, recommend that this Diocesan Synod make a grant of $500 for this object, with an earnest prayer that the Great Head of the Church may bless this humble effort to advance the spread of the Church in the Province of Manitoba.

The Report was adopted.

LOUTH MEMORIAL.

The Rev. Rural Dean Geddes, M.A., presented and read the following Report, which, on his motion, was adopted, as follows:—

The Committee appointed to consider the memorial of certain residents and property-holders in the Parish of Louth, in the County of Lincoln, belonging to the Church of England and members of the congregation of St. John's Church, beg to report that they have given the subject of the memorial their best consideration,

but in the absence of certain documents which bear upon the merits of the case, and which cannot be obtained during the present session of the Synod, they feel that they are not in a position to arrive at any equitable decision. Under these circumstances, they desire to receive further instructions from the Synod.

ANCASTER MEMORIAL.

The Committee to whom was referred the Memorial of the Vestry and Parish of St. John's Church, Ancaster, beg to report as follows:—

That, in the opinion of the Committee, it is not competent for the Synod to enter upon the consideration of the Memorial in question, inasmuch as it refers to and deals with an agreement between the Rector and the Vestry.

That the investigation by your Committee would involve much intricate enquiry, and the result, when arrived at, would be unsatisfactory, since it would be found to be virtually an encroachment upon the exclusive powers, rights, and privileges vested in the Lord Bishop of the Diocese.

The Committee would, therefore, respectfully recommend that the Memorial be remitted to his lordship, with the request that he will take the necessary steps for giving effect to the prayer of the memorialists, and instituting such enquiry as he may deem fitting.

On motion of the Rev. Canon Dixon, the report was adopted.

VOTES OF THANKS.

Moved by S. B. Harman, B.C.L., seconded by Rural Dean Givins,

That the thanks of the Synod be given to the Rev. W. Stennett, M.A., for his valuable sermon preached at the opening service of the Synod.—*Carried.*

Moved by R. Snelling, LL.D., seconded by S. B. Harman, B.C.L.,

That the thanks of the Synod are due, and are hereby tendered to the Hon. Secretaries for their valuable services during this Session of the Synod.—*Carried.*

Moved by Rev. S. Jones, M.A., seconded by N. F. Paterson,

That the thanks of this Synod be tendered to the following Railway Companies, which have allowed members to travel over their lines at reduced fares, viz.:—Grand Trunk; Great Western; Northern; Toronto, Grey & Bruce; Hamilton & Lake Erie; Welland; and Midland Railway Companies; also to the Directors of the Mechanics' Institute for so courteously opening their rooms to this Synod.

Moved by the Rev. J. G. Geddes, M.A., seconded by the Rev. F. Tremayne, M.A.,

That the thanks of the Synod are due and are hereby cordially tendered to the Very Rev. the Dean and the authorities of St. James's Cathedral for the use of their commodious School Room for the meetings of this body.

The usual grant of $30 was also, on motion of Dr. Hodgins, concurred in.

PROROGATION.

The Bishop then addressed the Synod as follows:—

GENTLEMEN OF THE SYNOD,—We have now come to the conclusion of the labours that have brought us here. I congratulate the members of the Synod upon the performance of so much business as they have gone through; and if the tranquillity of the Synod has been in some degree marred, we shall hope that it has been only superficially, and that we shall carry away with us no sentiment of discomfort one to another, but that all shall be forgotten and forgiven, and that the interval between this and the next meeting of the Synod shall be so employed that all cause of dissension shall have disappeared, and harmony shall be re-established. I trust the Divine blessing will be with you all. I congratulate you on the termination of your labours. And may the peace of God which passeth all understanding keep your hearts and minds in the knowledge and love of God, and of his Son Jesus Christ our Lord; and may the blessing of God Almighty, the Father, the Son, and Holy Ghost, be amongst you, and remain with you always. Amen.

REPORT OF THE EXECUTIVE COMMITTEE.

The Executive Committee beg leave to report as follows:

At the last meeting of Synod, the following matters were referred to your Committee:—

1. The suggestions contained in the Report of the Committee on Church Architecture, viz.:

"That the Clergy and other members of the Synod, who may have plans or photographs of Churches, School Houses, and Parsonages, in their possession, should kindly deposit them at the Synod Office, for the use and inspection of Building Committees; and further, that a few plans of Churches, &c., should be obtained at different rates of cost from $1000 to $5000 from a competent architect, by the Executive Committee, as suggestive models for Parishes desiring to build.

That the Secretary-Treasurer be authorized to obtain, at the cost of the General Purposes Fund, the volumes of the *Church Builder*, a small quarterly publication of great value, containing illustrations of new Churches, &c, and many hints as to Church arrangement and furniture."

2. The following resolutions regarding the present system of Standing Committees, viz.:—

"That, in future, there shall be only Seven Standing Committees, consisting of fifty-four members:—

I. Executive	12 members.

Of which four Sub-Committees:—

(*a*) Finance, Assessment, and Audit.
(*b*) Printing and Statistics.
(*c*) Certificates of Representatives.
(*d*) General Purposes.

II. Clergy Commutation Trust	8 members.
III. Endowment and Investment	6 "
IV. Mission Board	12 "

Of which two Sub-Committees:—

(*a*) Missionary Meetings and Appeals.
(*b*) Theological Students' Fund.

V. Widows and Orphans	6 "
VI. Sunday School, Book and Tract	6 "
VII. Court on Contested Seats	4 "
	54

No member to serve on more than two Standing Committees besides the Executive. The Honorary Secretaries to be *ex officio* members of the Executive Committee."

3. The following resolution in regard to the mode of striking the Standing Committees, viz.:—

"That whereas the present mode of striking the various Committees of Synod, is unsatisfactory in many respects, the practice hitherto adopted be abolished, and the following substituted, namely, That the Secretary make a correct list of the Clerical and Lay members of the Synod, in perfect alphabetical order; That three Scrutineers be appointed—one by the Lord Bishop, a second by the Clergy, and a third by the Laity of the Synod; That cards, having the names of all the Committees of Synod inscribed upon them, shall be placed in the ballot box, and after being shaken together, shall be drawn out by one of the said Scrutineers, and, as drawn out, shall be filled up from the above named list in the order in which the names come, taking one name from each letter till all the names be exhausted. If the Committees be not filled, after going through the list once, then the Scrutineers shall commence at the second name in the first letter again, and proceed till all the Committees are completed; the Mission Board, as far as Rural Deans are concerned, to be an exception."

4. The following resolution of G. H. Dartnell, Esq., viz.:

"That at the next meeting of this Synod, he will introduce a by-law, or canon, to further define the duties of the Assessor or Assessors of the Synod in aiding the Bishop in maintaining order and obedience to the rules of the Synod, and to amend the rules for the appointment of such officers."

In regard to the above matters, your Committee decided as follows:

No. 1. The Secretary-Treasurer has been instructed to obtain from the Clergy any plans in their possession of churches or church buildings; to procure the current and future volumes of the "Church Builder"; and to make inquiry among architects as to their willingness to supply model plans of churches for reference at the Rooms of the Synod.

No. 2. It is deemed inexpedient to interfere with the regulations at present in force with respect to the system of Standing Committees.

No. 3. It is deemed inexpedient to adopt the resolution as to the mode of striking the Standing Committees.

No. 4. The resolution relating to the duties of the Assessors was referred to the Archdeacons of Toronto and Niagara.

All which is respectfully submitted,

H. J. GRASETT, *Chairman.*

SYNOD OFFICE, June 13th, 1871.

APPENDIX B.

REPORT OF THE CLERGY COMMUTATION TRUST COMMITTEE, For the Year ending April 30th, 1874.

The Clergy Trust Committee beg leave to report as follows:—

Schedule "A" exhibits all the first class securities held by the Trust.

Schedule "B" gives an approximate estimate of the present condition of the Fund.

Schedule "C" gives an approximate estimate of the charges on the Fund.

The interest on the first-class securities set forth in Schedule "A" amounts to $28,242.24.

The claim against Messrs. Farmer and De Blaquiere is represented by the Laycock and McQueen mortgages, certain lands unsold, and a claim in respect of timber cut from the premises.

We are about closing the sale of the lands covered by the Laycock Mortgage for $5,000, which, with $2,000 to be paid at the same time for timber cut, will make a sum of $7,000, which we hope within a month to be able to add to our permanent and safe investments.

The McQueen Mortgage has remained unpaid for the past six years on account of the non-payment of a prior mortgage on the premises—our mortgagor refusing to pay his mortgage until this prior claim is discharged. We trust that this difficulty will be during the present year removed, and that we will thus be enabled to add a further sum of $6,000 to our permanent investments.

There are lands securing this debt, remaining unsold, to the value of about $3,000, which we are proceeding to sell, so that we may not without reason look to a final settlement this year of the Farmer and De Blaquiere indebtedness, and the addition thereby of a sum of about $15,000 to our permanent and safe investments.

We have sold the lot of land in rear of the Yonge Street block for $1,500. This sale will be carried out at once, and this sum will form a further addition to our funds. We are also disposing of the lands held by us under mortgages in Hamilton, and expect this year to have these sales closed, and thus to add further to our funds about $3,000.

We deeply regret to have to say that no sum has been, during the past year, paid on account of the indebtedness of Mr. J. Hillyard Cameron, either for principal money or interest. There is now overdue for principal money up to the first of last January $2,000, and for interest, up to the same date, $3,302.06. Mr. Cameron alleges as a reason for non-payment, that errors to the extent of over $2,000 exist in his account as adjusted. The Committee are not prepared to admit that the amount as adjusted, and which, to a considerable extent, was a compromise, is not due. However, in justice to Mr. Cameron they have allowed a re-investigation of the account to be made by Mr. Grierson, on behalf of the Trust, and Mr. Cameron on his own behalf: and the Committee hope that, at the next meeting of Synod, they will be able to report a final settlement of this long-standing matter.

This investigation, and also another to ascertain the amount at which the capital of the Fund should stand, are now being conducted by Messrs. Grierson and Cameron, the delay having arisen from the absence of Mr. Cameron in his attendance on his parliamentary duties.

As this debt will shortly form the only item of the whole of this Trust Fund not represented by first-class securities, and its amount is so very large, we earnestly hope that by next year we may be able to report such an arrangement as that we can be able to count upon it as yielding a sum to be relied on for the income of the Clergy.

The first-class securities reported by the Committee of 1869-1870 as received and held by them amounted to $388,017.62.

The first-class securities held by the Trust at the present date amount to $484,669.34, showing in the past five years an increase of $96,651.72 in the permanent and unexceptionable securities of the Trust.

If the securities above specified be realized, and the amount due and to become due during the ensuing year on Mr. Cameron's debt be paid, we may count next year on being able to lay before you a list of first-class securities belonging to this fund and amounting to $500,000, and yielding an annual income of well nigh $30,000.

The Committee had the pleasure of reporting at their meeting in February last to the Lord Bishop that the fund was in a position to pay the stipends of two additional Clergymen, at $400 each per annum, and of further reporting to his Lordship at the meeting in May last that the fund was in a position to pay the stipends of three additional Clergymen at $400 each per annum.

All of which is respectfully submitted.

T. B. FULLER, *Chairman.*

APPENDIX C.

REPORT OF THE ENDOWMENT OF SEE, RECTORY LANDS, AND LAND AND INVESTMENT COMMITTEE.

APPENDIX C.

REPORT OF T ENDOWMENT OF SEE, RECTORY LANDS, AND LAND AND INVESTMENT COMMITTEE.

The Endowment of the See, Rectory Lands, and Land and Investment Committee begs leave to report as follows:

That your Committee has met nine times during the year, and transacted a large amount of business.

(1). ENDOWMENT OF THE SEE.

The attention of your Committee was given to the statement in the General Account (page 145 Journal of Synod, 1873), that under the head of "Other Securities," the sum of $10,684.97 of this endowment consisted of "notes" and "promises," and that all the interest received upon the same, during the year was $23.40 (page 84, Journal of Synod, 1873), and that at the same time the Episcopal Stipend from this Fund was only $2000, to meet which a balance of $93.55 was overdrawn. In view of this unsatisfactory state of the Fund, your Committee endeavoured to make arrangements for the settlement of the outstanding notes and promises. Your Committee regards itself fortunate in having as one of its members the Rev. William Logan, who has kindly undertaken, at no other cost but that of travelling expenses, to visit the parties indebted, and effect a final settlement, by collection or renewal of the notes at short dates. Your Committee hopes that when this is completed the Episcopal Stipend may be raised to the amount it was originally contemplated, $2400. However, it will be seen by the annexed Statement, that a very large proportion of the said notes and promises must be written off as bad.

(2). RECTORY LANDS.

The petition of certain tenants on the Stamford Glebes, together with the report of the Special Committee on the same, which were referred to your Committee, have been taken into consideration. Your Committee could see no reason to alter the decision of the Committee of last year. It believes that every reasonable allowance was made for the peculiar circumstances under which the original leases were granted. The correctness of this is borne out by the fact that several of the tenants have at once purchased and paid for their respective lots at the prices fixed.

(3). GENERAL LAND SALES.

Detailed statements of the sales made on account of the various Trusts and Funds vested in the Synod are annexed, together with statements of the Episcopal Endowment and Rectory Lands Funds.

All of which is respectfully submitted

JNO. BELL WORRELL, M.A., *Chairman.*

APPENDIX D.

REPORT OF THE MISSION BOARD,

For the Year ending 30th April, 1874.

The Mission Board begs leave to report that since the last Session of Synod the District of Algoma and the Muskoka Territory have been constituted "the Missionary Diocese of Algoma," thus taking from the care of this Board ten of its missionaries. The stipends of these missionaries, however, have, by an act of the Board (for which, it trusts, it will have the indulgence of the Synod) been paid up to the present time, and will be paid to the 30th instant, after which time they will be paid by the several dioceses of the ecclesiastical Province of Canada.

At the present time there are sixty-one missions on the pay-list of the Board, and they are entitled to the sum of $14,115 for the current year.

Several missions are asking for sub-division. The two new missions in the County of Lincoln, established last year, are in a very prosperous condition, giving great cause for thakfulness that God put it into the minds of the members of the Board to establish them.

A mission at Alliston, in the County of Simcoe, has been opened this spring, and the young missionary there is meeting with great encouragement in his arduous labours.

As the country is being rapidly developed by new lines of railway, new villages are rising up and calling upon the Mission Board for missionaries to serve them. Provision has been made for the establishment of a new mission at Clifton, the eastern terminus of the Great Western Railway, as soon as a clergyman can be found to serve it. Thus, whilst the Board has been relieved of Algoma and Muskoka, it has calls for help from all parts of the Diocese and must expect them every year, until the eighty townships still without a resident clergyman are supplied with one each.

The Mission Board desires again to express satisfaction with the working of the Mission By-law, under which fifty-three of the Missions are being worked, and under which others are preparing to come immediately.

During the last winter it became necessary to require all the missions to pay up regularly at the end of three months the amounts contributed directly by the people in the several Missions, instead of deferring their payments to the end of the second quarter. At first great complaints were made about this requirement and great faults were found with the By-law, but in the end almost all have complied with it, and during the past year the amounts received from the guarantees in the several

Missions have amounted to $24,862.38 against $9,674.27 received during the previous year, thus proving most conclusively the excellence and practical character of the By-law.

The Mission Board trusts that the Committee appointed to report some better way to obtain from our people the money for the support of our Missions, and paid to them again by the Board, will be able to suggest some improvements in the mode hitherto adopted for this very important object, and that the Synod will adopt and strongly urge them on all our clergy and people.

The Mission Board has during the year received from the executors of the late Mrs. Street the sum of $200, which has been invested.

Appended hereto is a statement of the receipts and expenditure of the Mission and Indian Mission Funds for the past year; also, a comparative statement of the Parochial Collections for the last two years; also, a list of the Missions now receiving aid from the Mission Fund.

All which is respectfully submitted.

SYNOD OFFICE, June 15th, 1874.

A. N. TORONTO,
Chairman.

APPENDIX E.

REPORT OF THE WIDOWS AND ORPHANS' FUND AND THEOLOGICAL STUDENTS' FUND COMMITTEE

For the Year Ending 30th April, 1874.

The Widows and Orphans' Fund and Theological Students' Fund Committee beg to submit the following Report, showing, as required by the 29th article of the Constitution of Synod in relation to the former Fund, its present condition, "its several securities, the amount of income which they each and altogether yield, the number of widows and orphans on the Fund, and the amounts which they severally receive;" and showing, as respects the latter Fund also its condition "and the mode in which it has been administered;" together with other important matters.

THE WIDOWS AND ORPHANS' FUND.

All the details of receipts and expenditure being given in the annexed financial statement, it may be sufficient to state here that the total receipts from all sources, on account of income, to the 30th April, amounted to $4,661.96; and the expenditure for pensions, share of Synod expenses, and some smaller items, to $4,440.07, not so much as the income by $221.89. Unfortunately, however, at the beginning of the year, on the 1st May, 1873, there was an overdrawn balance of $532.04, which raised the total of the year's expenditure to $4,972.11, and left still on the 1st May last an overdrawn balance of $306.14, which would have been $493.64 but for the reduction of the pensions taking effect on 1st April.

In view, therefore, of the steadily increasing demands upon the Fund, and of this continued excess of the expenditure over and above the receipts, the Committee felt themselves bound, however painful the duty, to make such a reduction from the pensions as would probably bring the payments within the limits of the actual receipts. The whole reduction from the year's pensions was determined upon at $750, to commence on the 1st April last.

The mode of reduction is prescribed by the 11th section of the by-law, which runs as follows: "Should the Fund at any time be insufficient to meet the demands upon it, it shall be the duty of the Committee to make any reduction in the amounts paid which may become necessary, by reducing first the amounts paid to widows and orphans with private incomes; and the amount of such reduction shall be in proportion to the amount of such private income; provided that no reduction shall take place which shall reduce the total income of any widow or orphan below the amount which would be payable to them were they entirely without private means."

The attested declarations, made quarterly by the several annuitants, and stating the amount of their "income for the past twelve months from all sources, exclusive of their own earnings and annuity from the Widows and Orphans' Fund," showed that the following seven widows—Mrs. Ardagh, Mrs. Atkinson, Mrs. Blake, Mrs. Hill, Mrs. Creen, Mrs. Phillips, and Mrs. E. Gibson were severally in receipt of income from other sources, and the above-named reduction of $750 was made from their pensions, in the proportion and manner above prescribed, and as shown in the annexed Pension List for the current year.

With this reduction the expenditure of the present year may be estimated as follows: Pensions, $4,190; Synod Assessment on Income of 1873, $233; Overdrawn Balance, April 30, 1874, $306—making a total of $4,727, exclusive of any contingent addition to the present number of annuitants. This will be $63 in excess of the receipts of last year; but the Committee feel justified in expressing the hope that the contributions of the current year will be sufficient not only to meet the above-estimated expenditure, but also to enable the Committee to place all the pensions on their former footing, which could be done if the year's income from all sources should amount to, say, $5,500.

The whole productive capital of the Fund stands at $19,506.29, invested as shown in the annexed statement, including a bequest of $1,000 left to this Fund by the late Mrs. Street; and also a donation of $1,000 from the Hon. Vice-Chancellor Blake, who generously waived the condition on which the aforesaid sum was at first promised, namely, that a further sum of $9,000 should be raised by special subscription, the amount so raised independently of his gift having been $4,600.

A certain amount of capital has lately been paid over to the Diocese of Ontario under the following circumstances:—At some time previous to the year 1863 a sum of $1,600, belonging to the Widows and Orphans' Fund, had been placed by the Church Society for convenience of investment in the hands of the Clergy Trust Committee, who invested the same in St. Catharines debentures, those debentures, however, always appearing in the Society's Reports as part of the invested capital of the Widows and Orphans' Fund, as may be seen in the Report of 1863, page 11 of Appendix, where those particular debentures are mentioned as part of the invested capital, $18,955.42, of the said Fund.

By the Report of the next year, 1864, it is shown that securities to the amount of $6,494.26 had been, or were to be, transferred to the Diocese of Ontario as its share of the above capital, which was thereby reduced to $12,461.16, or, as at p. 24 of Report, $12,417 44, and among those securities were the said St. Catharines debentures for $1,600.

Those securities, however, appear never to have been handed over to the Diocese of Ontario, but to have been still considered, erroneously, as part of the general investments of the Clergy Trust, and as held by that Trust for the Widows and Orphans' Fund of this Diocese. Under that impression the said Trust paid to the Widows and Orphans' Fund, in 1868, the sum of $528, being 5½ years' interest on the said debentures to the 18th June in that year, as shown by the Church Society's Report of 1869, p. 130; also in the year ending 1st May, 1871, a further sum of $243.55 as interest, together with the principal sum of $1,600, which latter sum was placed to the account of the capital of the Widows and Orphans' Fund of this Diocese.

Repayment of the said sum of $1,600, together with eleven years' interest on the same, $1,056, having been required by the Clergy Trust Committee, in order that the whole amount, $2,656, might be paid over to the Diocese of Ontario, according to the transfer shown by the Church Society's Report of 1864, the Widows and Orphans' Fund Committee, after a full investigation, decided that the claim for repayment was just, and by resolution, dated February 13th, 1874, ordered that the said amount should be paid. Securities to that value have been handed over to the Diocese of Ontario, and the claim fully discharged; and the capital of our own Fund now stands, as already stated, exclusive of certain unproductive investments, at $19,506.29.

During the past year two widows, Mrs. Flood and Mrs. Mackenzie, and three orphan children of the latter, were placed upon the list of annuitants, making the number of widows on last year's list 19, and the number of orphans 15. By the recent addition of Mrs. Hall and four children, there are at the present date 20 widows and 20 orphans on the list.

Pensions for the Current Year, ending the 30th April, 1875.

THEOLOGICAL STUDENTS' FUND.

The receipts during the past year have been $730.59, which added to $597.75 the balance to the credit of the Fund on the 1st May, 1873, made the total income $1,328.54. The payments on account of Exhibitions were $880, and the assessment for Synod expenses, with a small item for postage, was $39.17, making the total expenditure $919.17, and leaving a balance to credit of $409.37 on the 1st May, since increased by further receipts on account of the April collection, to $509.37.

Eleven students have been assisted with Exhibitions from this Fund during the past year, four of whom are now on the list of the clergy of the Diocese, viz.: the Rev. J. Woodburn, stationed at Amaranth, the Rev. J. Fennell, at Grantham, the Rev. J. H. Fletcher, at South Walpole, and the Rev. P. L. Spencer, as curate at Wellington Square. Three will have completed their course at the end of the present term; one has resigned his Exhibition; and three will remain on the list for another year.

The annual report of the Provost of Trinity College, under the several heads of general conduct, attendance at chapel, Holy Communion, and lectures, and application, is of a very satisfactory character, some difference, as might be expected, being observable in regard to progress in studies and work at examinations, arising from difference in previous classical training and attainments.

All of which is respectfully submitted.

APPENDIX F.

REPORT OF THE GENERAL PURPOSES, STATISTICS, AND ASSESSMENT COMMITTEE

For the Year ending 30th April, 1874.

The Committee have had prepared and hereto append a financial table exhibiting the receipts and expenditure of the Committee under the head of "Synod Assessment" for the preceding five years.

This table exhibits the actual receipts from the Assessment Account for these five years, and the expenses of the Synod which are chargeable to this fund, and were paid for the same period, as follows:—

Years.	Assessm't. received.	Expenses paid.	Over expenditure.	Under expenditure.	Difference.
1869	...	...	...	...	...
1870	161	417	256	...	...
1871	607	738	131	...	...
1872	557	410	...	147	...
1873	665	774	109	...	...
					$349

As the actual receipts and expenditure for each year did not (except for 1873) come into the account for the year itself, we have separated the items for each year so as to exhibit a true statement of the actual receipts and expenditure of each year as follows:—

Year.	Assessment	Expenses.	Over expenditure.	Under expenditure.	Difference.
1869		140	140		
1870	405	450	45	...	...
1871	534	564	30	...	...
1872	385	638	253	...	...
1873	665	546	...	119	$349

It will thus be seen that the yearly assessment has not been sufficient to defray the expenses of the Synod for four out of the five years concerned. This state of things is not desirable, as it involves a draft on the other funds of the Synod which

should be otherwise applied. We would, therefore, recommend that in future the Committee be directed by the Synod to make an annual estimate of the probable expenses chargeable to this fund, and impose an assessment at least equal to the amount of said estimate. We append a resolution to this effect, and have instructed the Chairman to submit it for the approval of the Synod.

On this point we would also request the Synod to pass a declaratory resolution explanatory of the fifth section of the Constitution, to the effect "that no Parish or Mission be entitled to Lay Representatives on the floor of the Synod until all assessments levied on such Parish or Mission for any year be paid." Our Chairman will submit a resolution to this effect.

We have further requested our Chairman to press upon the Synod the Resolution laid before it by our Chairman of last year, to the effect that no Clergyman be entitled to a seat in the Synod who has neglected to comply with the thirtieth section of the Constitution, which requires him to send in to the Committee a statistical report in the form provided by that section.

There is one item in the account of expenditure to which we would call the attention of the Synod. It is referred to in the following proceedings and minutes of the Committee, passed on the 14th November last:

"The Secretary-Treasurer having called the attention of the Committee to the fact that objection had been taken to the payment of $120 per annum to the Rev. S. Briggs, on the ground that a By-law of the Synod is necessary to legalize such payment, instead of a simple resolution, the following minute was made:

"The case of the Rev. S. Briggs having been brought under the notice of the Committee, it was thought that as the annuity of $120 payable to Mr. Briggs was authorized by resolution of Synod, this Committee feels it has no authority to interfere in the matter."

"The Committee would, however, suggest that the matter be brought under the notice of the Synod for its consideration, whether it would be necessary to make a By-law in order to legalize the continuance of this annuity."

With a view to define more clearly the principles upon which grants are made in aid of Churches and Parsonages, the Committee submit the following regulations which it has passed on the subject, together with the accompanying forms which have been prepared with a view to give effect to these regulations.

All which is respectfully submitted.

SYNOD OFFICE, May 22nd, 1874. F. A. O'MEARA, *Chairman.*

INCORPORATED SYNOD OF THE DIOCESE OF TORONTO.

III. No grant shall be made a second time to a Parish or Mission towards the re-erection of a Church burned down, unless it is shown that the same was at the time of its destruction insured to a reasonable amount.

IV. These Regulations, being general in their character, may in very special cases be varied at the discretion of the Committee, and then only with the consent of three-fourths of the members of the Committee.

2. GRANTS TOWARDS THE ERECTION OF PARSONAGES.

(5.) The Parsonage must be so far finished as to admit of being occupied.

II. In all cases before aid can be granted towards the erection of a Parsonage under these Regulations it will be necessary for the parties applying for such aid to furnish the Committee with the information required in a form to be provided.

III. No grant will be made in aid of the erection of a Parsonage, the cost of which exceeds three thousand dollars.

IV. No grant will be made a second time to a Parish or Mission towards the re-erection of a Parsonage burned down unless it be shown that the same was at the time of its destruction insured to a reasonable amount.

V. These Regulations, being general in their character, may be varied in very special cases, at the discretion of the Committee, and then only with the consent of three-fourths of the members of the Committee.

RESOLUTIONS SUBMITTED TO THE SYNOD,

In accordance with the foregoing Report, by the Chairman of the Committee, viz. :—

(*a*) That it be an instruction to the General Purposes, &c Committee, to make an annual estimate of the probable expenses of Synod and any charges authorized by it, (including contributions to Provincial Synod, when held) and any balance due from former Synods, and impose an assessment on the several Parishes and Missions in the Diocese at least equal in amount of said estimate, so as not to allow such expenses and charges to encroach upon any other Funds of the Synod.

(*b*) That in construing the phrase "no Representative shall be entitled to take his seat in the Synod until the assessment upon his Parish shall have been paid," in the fifth section of the Constitution, it is hereby declared to mean that no Parish or Mission in the Diocese shall be entitled to Lay representation in Synod until all assessments chargeable to such Parish or Mission shall have been paid.

(*c*) That no Clergyman in charge of a Parish or Mission in this Diocese who has refused or neglected to send in to the Secretary-Treasurer (as requested by the Bishop) the annual statistical report provided for by the Constitution and Canons, be permitted to take his seat or vote on any question in the Synod or any of its Committees until such report be presented.

REPORT OF THE SUNDAY SCHOOL AND BOOK AND TRACT COMMITTEE.

1.—SUNDAY SCHOOL BUSINESS.

The Committee have, during the past year, continued their endeavours to provide a complete scheme of Sunday School Lessons. With their last Report they presented a scheme for the third and fourth years of a four years' course, those for the first and second years having been previously published. To their present Report is attached an amended scheme for the first of the four years, which will be available for the year 1875-6. The attempt, which was at first made, to divide the greater part of the text of the Old Testament into consecutive lessons, on which questions might be proposed, has been abandoned as imposing both on the teachers and the scholars a labour disproportioned to their respective opportunities of imparting or acquiring knowledge; and lessons have been substituted, selected either on account of their close relation to the great facts or doctrines of the New Testament, or of their special value as conveying important and impressive teaching to the young. This amended scheme has, at the request of the Committee, been prepared by the Rev. J. D. Cayley, and while the Committee would again acknowledge their grateful sense of the valuable service which he has rendered them, they have great satisfaction in informing the Synod that the sale of 11,500 copies of the scheme for the current year, as compared with the sale of 7,700 copies of the scheme for the year 1872-3, proves that his services are highly and increasingly appreciated by those who are interested in Church Sunday Schools. The Committee may, perhaps, be permitted further to state that the numbers given above do not fully indicate the extent to which the scheme is employed, as it is virtually used in many schools for which it is not purchased, through the use in those schools of the Children's Paper of Sunday Lessons, which is adapted to the scheme, and which has reached this year a circulation of 20,000 copies.

At the November meeting of the Committee, Mr. Marling was requested to prepare a plan for the holding of local Sunday School conventions, and this plan, having been submitted to the Committee, was laid before his Lordship the Bishop, who kindly acceded to the request of the Committee, that he would bring the matter, by letter, under the notice of the several Rural Deans, suggesting that they should nominate local committees within their several deaneries, for the purpose of arranging for the holding of one or more conventions in each deanery.

It was not considered desirable that a convention should be held in this city, as it is intended that the General Sunday School Convention shall be periodically held

Scheme of Sunday-School Lessons for 1875-6.

Compiled by the Sunday School Committee of the Synod of the Diocese of Toronto, and approved by the Lord Bishop.

"Know in whom I have believed, and am persuaded that He is able to keep that which I have committed unto Him against that day." 2 Tim. i. 12.

"Feed my lambs." "Be thou an example of the believers." "Take heed unto thyself, and unto the doctrine; continue in them: for in doing this thou shalt both save thyself, and them that hear thee." 1 Tim. iv. 12, 16.

SUNDAY SCHOOL RULES.

Teachers are earnestly requested to see that their children are present in their places punctually and promptly at the opening of the School. The Scholars will be expected to repeat the Collect for the day, and the Lessons appointed for each Sunday

here; the object being to assemble conventions in such localities as might enable superintendents, teachers, and other friends of Sunday Schools, whose distance from Toronto might prevent their attendance at the General Convention, to meet without great expense or inconvenience, for the purpose of mutual instruction and encouragement.

It could scarcely be expected that this plan should, in every instance, be carried out, and seven of our ten rural deans have accordingly reported that local circumstances or apprehension of failure caused them to abandon the design of holding a Convention. The Committee have, however, great pleasure in reporting that two Conventions have been held—one at Barrie for the two deaneries of East and West Simcoe; the other at Guelph, for the deanery of Halton. In these two instances the interest excited has been so encouraging, that the Committee trust that during the coming year the number of conventions may be greatly increased. They are fully assured that such meetings are most desirable in order to awaken interest and impart information on the subject of Sunday Schools. The Committee subjoin the following summary of the proceedings at the two Conventions above mentioned:

BARRIE SUNDAY SCHOOL CONVENTION.

In compliance with the instructions of his Lordship the Bishop of Toronto, a meeting of the clergymen, superintendents, teachers, and scholars of the Sunday Schools in the East and West Simcoe deaneries, was convened at the town of Barrie, on Tuesday morning, the 10th February, at 9 o'clock. The Rev. Rural Dean Stewart, President of the Convention, was chairman. After an address by Rev. E. Morgan, on the objects of the Convention, the following papers were read:

Paper 1. Lesson Scheme of 1873-4; the best mode of working it out in the the schools—Mr. T. E. Moberly.

Paper 2. Home preparation by the teacher; its necessity, suggestions as to helps required, teachers' meetings, &c.—Mr. W. B. Hamilton.

Paper 3. Best mode of retaining the elder scholars as pupils in the schools—Rev. E. W. Murphy.

Paper 4. Object Lesson, with illustrations—Rev. Dr. Lett.

Paper 5. Management of Sunday School Library—Mr. H. Edwards.

Paper 6. The day's work in Sunday School—Mr. James Morgan.

Paper 7. How best to promote singing and responsive worship in Sunday Schools, with illustrations.

The following resolutions were passed by the Convention:—

1. That this Convention heartily approves of the scheme of lessons adopted by the Synod, including papers explanatory thereof,* and cordially recommends them for use in all the Sunday Schools of these deaneries. Mover, Mr. T. E. Moberly; seconder, Mr. James Morgan.

* To prevent any misapprehension of this resolution the Committee beg to explain that the papers here referred to are not, as the Scheme itself, adopted by the Synod.

2. That it is highly desirable to retain the elder scholars as pupils in our Sunday Schools, and would recommend as a feasible plan a Bible class, by which their minds may be developed and their sympathies engaged, and also by using them as occasion may require. Mover, Rev. Mr. Murphy; seconder, Rev. Dr. Lett.

3. That this Convention feels that there is amongst members of the Church blessed in the Providence of God with position, wealth and influence, a large amount of unemployed talent, which might be very efficient in attaining and retaining a hold of the youth of the Church and preserving them from unholy influences. Mr. Edwards, mover; Mr. Alan Macdougall, seconder.

4. The Convention recommends that a regular system of singing and responsive worship be adopted in the Sunday Schools of these deaneries. Mr. T. E. Moberly, mover; Mr. James Morgan, seconder.

GUELPH SUNDAY SCHOOL CONVENTION.

GUELPH, April 15th, 1874.—Morning prayer was said at 9.30 a.m. The Committee met from 10 a.m. to 12.30 p.m., and again from 2 p.m. to 5 30 p.m.

The following questions were discussed:

1. The Synod Lesson Scheme and its working, by the Rev. J. B. Worrell. The discussion wandered from the Synod Lesson Scheme to the papers edited by the Rev. H. Holland, the general opinion being that some abbreviation of the questions on the Bible Lesson would be desirable: there was but one opinion, however, as to the conscientiousness and careful ability shewn in the papers.

2. The subject of "The Home Preparation of the Teachers" was opened by the Rev. W. J. Mackenzie, the Rev. R. Doherty and Mr. S. B. Brooks. Several books were recommended as useful aids to teachers, especially Archdeacon Sinclair's Catechism, and Sadler's Church Teacher's Manual.

3. On the third topic "Our great aim in the establishment of Sunday Schools," the Rev. Rural Dean Osler read an excellent paper, which was followed by a few remarks from the Rev. C. C. Johnson and others.

In the evening at 7.30 Evening prayer was said, followed by a sermon by the Rev. C. E. Thomson, on St. John xxi 15, "Feed my lambs."

BOOK AND TRACT BUSINESS.

The number of Parishes and Schools aided during the year was 43.

The numbers of the several kinds of books granted (not including Sunday School Libraries, Catechisms, and Miscellaneous Books and Tracts) were as follows:—

FOR CHURCHES AND STATIONS

Bibles, Quarto	0	Prayer Books, Quarto	0
" Octavo	9	" Octavo	9
" Smaller	8	Books of Offices Octavo	8

The sum of $24, in four grants of $6 each, has been given in addition towards the purchase of books for Stations.

FOR SUNDAY SCHOOLS AND FOR DISTRIBUTION.

Bibles	32
Prayer Books	163
Testaments	12

The Committee would call attention to the fact that they have received from the Rev. Johnstone Vicars a remittance of $1.35 for Prayer Books sold, which they were glad to meet at once by a further supply. It would be a satisfaction to them to have frequent opportunities of supplying Bibles, Testaments, and Prayer Books, at a very small cost, to be sold to country congregations, in instances in which they would not be justified in exceeding the ordinary limit of their grants, or even in making any grant whatever.

All which is respectfully submitted.

APPENDIX H.

REPORT OF THE AUDIT COMMITTEE.

The Audit Committee beg to submit to the Synod the accounts of Receipts and Expenditure, Balance Sheets and Statements of Securities pertaining to the various Funds under the management of the Standing Committees of Synod, accompanied by the final Report of the Official Auditors for the fiscal year ending 30th April, 1874, all of which, they trust, will be found satisfactory.

L. MOFFATT, *Chairman.*

SYNOD OFFICE, June 15th, 1874.

To the Audit Committee.

GENTLEMEN,—We beg leave to hand you our final Report for the year ending 30th April, 1874.

In our Quarterly Report of that date, we mentioned that we were unable to complete the audit of the "Synod General Account" in time for that meeting; we have now finished the same.

We have followed out our usual programme of audit, taking the vouchers for all moneys received and paid, and tracing them to their respective accounts in the ledger. The balance-sheets enclosed exhibit the state of the respective funds, and the bank books agree with the ledger balances, with the exception of the "Synod General Account," in which the bank book shews an over-credit of fifteen dollars ($15), which has not yet been discovered. You have also, appended to the statement of securities, the certificate of the manager of the bank for safe possession of the same; the other securities (mortgages, &c., &c.,) have been produced and are intact, and we have ascertained that the interest thereon, and on debentures deposited in the bank, has all been paid and credited to the proper accounts, with the exception of some items of interest overdue on sundry mortgages belonging to the Rectory Lands Fund, according to the mortgage book; and an item of interest on Logan, Elma, and Wallace debentures, according to the debenture book.

We have reason to believe that the interest apparently overdue on Rectory Lands Mortgages has in almost all cases been paid to the Rectors, who have failed to

advise the Secretary-Treasurer. The matter was brought before the Rectory Land Committee, who adopted the following resolution to correct the somewhat irregular mode which has hitherto prevailed, viz.:

"That the Secretary-Treasurer be directed to notify to all the purchasers of "Rectory Lands whose Mortgages are held by the Synod, that from and after such "notice all payments of principal or interest on said mortgages must be made direct to the "Secretary-Treasurer, and that no other party is authorized to receive the same or "to grant receipts therefor."

The Securities of all the Funds, as before stated, have passed through our hands, and the accounts being well kept, information with respect to any of the Funds may be readily obtained. Both the Secretary-Treasurer and the Accountant are assiduous in discharging their duties, and afforded every information required in pursuing our investigations.

All of which is respectfully submitted by

Your obedient servants,

WILLIAM GAMBLE,
JAMES SYDNEY CROCKER, } *Auditors.*

APPENDIX J.

REPORT OF THE CHURCH MUSIC COMMITTEE.

The Church Music Committee have much pleasure in reporting that the amounts received from the sales of the Chant and Tune Book during the past year have not only covered the advance of $100 made to the Committee by the General Purposes Fund Committee, but also have enabled the Committee to pay in full the debt due to their late Chairman, the Rev. Dr. Beaven.

The Committee have still on hand, unsold, 102 copies of the whole work.

All of which is respectfully submitted.

C. R. BELL, Mus. Bac., *Chairman.*

Synod Office, June 16th, 1874.

APPENDIX K.

REPORT OF THE PRINTING COMMITTEE.

The proceedings of your Committee have been mostly of a routine character, and they have done their best, within the narrow limits of the powers conferred on them, to keep down the printing expenses of Synod.

The contract entered into with Messrs. Rowsell & Hutchison was satisfactorily carried out, and having expired on the 26th of February last, was unanimously renewed for one year from that date.

At the last meeting of Synod, the question proposed by the Rev. Rural Dean Givins, of publishing a Synod Gazette, was, on motion of Dr. Hodgins, referred to this Committee in the following terms (Journal of Synod, 1873, p. 66):—That it be an instruction to the Committee on Printing to consider the advisability of publishing a Monthly Periodical, containing the following matter, and to report at the next Session of Synod:—

1. The Annual Report, and its Appendices.
2. Report of Proceedings of the Quarterly Meetings of Synod Committees, Sunday School Meetings, and Reports from Missionaries.
3. Notices of Episcopal and Archidiaconal Visitations, Ruri-Decanal Meetings, and Synodical Meetings.
4. Register of Births, Marriages, and Deaths, Consecrations of Churches, Church Openings, and all information of a general character likely to prove beneficial to the interests of the Church.

5. The periodical to be provided with an index, and to be of such portable dimensions as easily to be bound and form an Annual Register of the Diocesan proceedings.

In order to enable the Synod to judge of the economy of issuing such a periodical as compared with the present plan of publishing an Annual Report and other papers, the Committee submit the following facts:—

In 1872 the cost of 750 copies of the Annual Report was	$397	
2,000 copies of Statistics	60	
		— 457
750 Order of Proceedings		33
Paid to *Church Herald* for Report of Quarterly Meetings for the year 1872		100
		$590
In 1873 the cost of 750 copies of the Report was		445
2,000 extra copies of Deanery Reports		81
750 copies of Order of Proceedings		44
Paid to *Church Herald* as above		100
		$670

Thus the average cost of publishing 750 only of the Annual Report and Order of Proceedings, and 2,000 of the Deanery Reports, with $100 to the *Church Herald*, was $630, exclusive of cost of mailing and postage.

The experience of the Upper Canada Bible Society in an analogous case, and which has been courteously communicated to us, sheds much light upon this question.

That Society, four or five years ago, abandoned their former practice of publishing a limited number of their Annual Report, and now issue a bi-monthly *Recorder* of 24 pp., with a double number to contain the Annual Report.

The Committee learn that the average cost of publishing 4,500 copies of the U. C. Bible Society Annual Report, with copies of the British and Foreign Bible Society *Reporter*, was about $1,000, while the cost of about the same number of the bi-monthly *Recorder*, affording the same and even more information, was only $870, including postage.

Owing, moreover, to the increasing interest created by such a periodical, the issues of the *Recorder* have risen from 4,500 to 7,500, the extra copies being paid for at an expense of nearly $300 by the branches ordering them.

From an estimate of the cost of the *Recorder*, your Committee find that instead of, say, 750 copies now published of the Synod Annual Report, they could issue double the number, say 1,500, copies of a monthly Synod Register, Recorder or Gazette, the cost being $54.50 per month; or, for the yearly aggregate of twelve such monthly issues, a sum not exceeding by more than $20 a year the average annual cost to the Synod of its present mode of communicating to the various parishes the same information which would be supplied by this periodical.

The Committee are strongly of the opinion, however, that an issue once every two or even three months would suffice, and prove much more economical, interesting and effective than the present plan.

From an estimate kindly furnished to them by the printers of the Bible Society *Recorder*, it is found that a Synod Register or other named periodical could be issued every two months on the following terms:—

1000 copies, $47 per issue (or for the year, with one double number of 48 pp.)				$330
1500 copies	do	do	do	382
2000 copies	do	do	do	435

Even if there were issued two double and four single numbers (of 48 pp. and 24 pp. respectively), so as to include the Report of the Proceedings of Synod and of its Committees, the cost of 2000 copies for the year, embracing an aggregate of nearly 200 pp. would only be about $500.

Should it be deemed more expedient to issue 1,500 instead of 2,000 copies of a bi-monthly publication of 32 pages, (two of the numbers to be double ones of 64 pages each), the Committee find that the aggregate cost annually would not exceed $600, *i. e.* $30 less than the average annual expense of the present system.

The immense advantage of such a periodical over the present dry and desultory mode of communicating with the parishes and missions, must be as evident to the Synod as it is to this Committee.

Instead of a volume of unquestionable value indeed, but somewhat unavoidably heavy, bristling with statistics, and largely composed of tardy acknowledgments and meagre outlines, with a few items of ecclesiastical intelligence, grown almost stale before they come into the hands of the reader, we should possess in such a periodical as that proposed, something more generally readable and containing a fulness and freshness of varied information suited to foster an intelligent interest in all the various operations of the Church both far and near, and to stimulate the energies of her members, and call out their liberality in her behalf.

Should the proposed plan meet the sanction of the Synod, the following practical questions will remain to be disposed of. By whom shall such a Gazette be conducted? Under whose supervision shall it be issued? What shall be the nature of its contents?

On these points your Committee are strongly of opinion:

1. That the publishing should be under the supervision of the Printing Committee.
2. That the editorial supervision should be entrusted to the honorary Secretaries.
3. That the general character of the publication should correspond closely with the description given in the resolution under which the question was referred to this Committee, with the addition of a very clear and stringent caution that on no plea whatsoever shall its pages be used for purposes of controversy.
4. Finally, we would recommend as an experiment that the sum of $600 should be placed at the disposal of the Printing Committee for the year 1874-5 to defray the expenses of the proposed publication.

All which is respectfully submitted.

APPENDIX L.

REPORT OF THE STANDING COMMITTEE ON THE PROPOSED WESTERN DIOCESE.

The Standing Committee, appointed by a resolution of the last Session of Synod to carry out the action of that Session with regard to the proposed Western Diocese, and consisting of the clergy and lay-representatives residing therein, beg leave respectfully to report:

That on the 3rd day of July last, the Committee having been convened by the Ven. the Archdeacon of Niagara, who had been commissioned by the Lord Bishop for that purpose, met in large numbers at Hamilton, for the purpose of discharging the duties to them entrusted.

That having been regularly constituted, they received a letter from two ladies, members of the Church in this Diocese, offering the sum of $15,000 towards the endowment of the proposed See, on certain conditions.

That said offer was unanimously accepted on the conditions expressed in the letter, and thanks tendered to those ladies for their offer.

That a resolution was unanimously adopted to the following effect, viz.: "That this meeting heartily approves of the resolutions adopted by the Synod of the Toronto Diocese, authorising the formation of a Western Diocese; and believing that such a measure will prove, through God's blessing, conducive to the growth and efficiency of the Church throughout the proposed Diocese, this meeting pledges itself to use all necessary means for carrying the same into effect as soon as possible."

That a second resolution was also unanimously adopted to the following effect, viz.: "that whilst this meeting is of opinion, that it is unreasonable to require that $3,000 a year should be raised before being allowed to elect their Bishop, believing that a minimum sum of $2,000 a year would be sufficient to commence with, this meeting, nevertheless, resolves, that an immediate and energetic appeal should be made to the members of the Church and to the general public within the district, for subscriptions and donations towards the required fund."

That a Committee was appointed to petition this Synod to repeal the resolution adopted at its last session, fixing the minimum income of the Bishop of the proposed Diocese at $3,000 per annum, and to enact that the income need not be more than $2,000 a year "to commence with," before electing their Bishop; and further to memorialise "the house of Bishops" to set apart the counties agreed upon at last session of Synod, to form a "Western Diocese," with power to elect its Bishop, as soon as the Lord Bishop and the Executive Committee of this Diocese can report to the Most Reverend the Metropolitan, that the income of the Bishop has been secured or guaranteed, which petition is now ready, and will be presented in due

course. That several other resolutions were passed with equal unanimity and in the most excellent spirit, making the necessary arrangements, in detail, for carrying on the work which had been entrusted to the Committee, and especially the appointment of an able and energetic clergyman of the Diocese, as General Agent of the Committee.

That, however, before said General Agent could enter on the discharge of his important duties, a severe financial panic occurred in the neighbouring Republic whose evil effects were quickly realized within the limits of the proposed Diocese, and especially in the two great centres of trade, Hamilton and St. Catharines. That derangement and consequent depression of business greatly hindered the General Agent in carrying on his work: for people naturally look to the cities and large towns for examples of liberality and munificence, and it was in these chiefly that the effect of the financial panic was felt.

That although the smaller and weaker places, (where the need of more direct and efficient supervision from a Bishop is most felt), have done their duty in most cases, meeting all that was required of them, and in some cases exceeding it; although at a meeting called in almost every parish or mission, which the General Agent has been enabled to visit, resolutions have been very cordially adopted, endorsing what was done on the 3rd of July at Hamilton; yet in consequence of the effects of this financial panic, and other unexpected difficulties which our General Agent met with, the necessary amount to insure the income which was fixed by the resolution of the Synod at its last Session, has not been secured: and in the opinion of this Committee, cannot be secured within any reasonable time.

That in addition to the above mentioned sum of $15,000, only eight thousand dollars have been received in cash, notes of hand, and other reliable securities over and above necessary expenses. This result may, at first sight, appear very discouraging; but when all the difficulties with which the General Agent had to contend, and the little time and attention he had been enabled to devote to the cause are duly considered, it should be deemed rather encouraging than otherwise.

The difficulties in the way of carrying out the scheme of raising the endowment for the proposed Western Diocese have arisen in the large and wealthier places, but your Committee trust that there will be no difficulty, with some obstacles to success removed, in raising the amount necessary to secure the income which was considered at the meeting held in Hamilton in July, as necessary "to commence with."

That under all the circumstances of the case, it seems very desirable that the House of Bishops should, at the time of the next Provincial Synod, set apart the counties agreed upon at the last session of this Synod as a distinct Diocese, with authority to elect their Bishop, as soon as an income of $2,000 shall be raised, or guaranteed.

All of which is respectfully submitted.

Toronto, 17th June, 1874.

THE PETITION TO THE DIOCESAN SYNOD FROM THE COMMITTEE ON THE PROPOSED WESTERN DIOCESE.

To the Lord Bishop, the Clergy, and Lay Representatives of the Diocese of Toronto in Synod assembled:

The petition of the Standing Committee, appointed by a resolution of the last Session of the Synod, to carry out the action of that session with regard to the proposed Western Diocese, and consisting of all the clergy and lay representatives residing within the bounds thereof, humbly sheweth:

That on the 3rd day of July last, the Committee, having being convened by the Ven. Archdeacon of Niagara, who had been commissioned for that purpose by the Lord Bishop of the Diocese, met in large numbers, at Hamilton, for the purpose of discharging the duties to them entrusted.

That, having been regularly constituted, they received a communication from two ladies, offering the sum of $15,000 towards the endowment of the proposed Diocese, on certain conditions.

That said offer was unanimously accepted, on the conditions expressed in the offer, and thanks were tendered to those ladies for the same.

That a resolution was unanimously adopted to the following effect, viz.: "That this meeting heartily approves of the resolutions adopted by the Synod of the Toronto Diocese, authorizing the formation of a Western Diocese; and believing that such a measure will prove, through God's blessing, conducive to the growth and efficiency of the Church throughout the proposed Diocese, this meeting pledges itself to use all necessary means for carrying the same into effect as soon as possible."

That a second resolution was also unanimously adopted to the following effect: viz, "That whilst this meeting is of opinion that it is unreasonable to require that $3,000 a year should be secured before being allowed to elect their Bishop, believing that a minimum sum of $2,000 a year would be sufficient to commence with; this meeting, nevertheless, resolves, that an immediate and energetic appeal should be made to the members of the Church and to the general public, within the District, for subscriptions and donations towards the required funds."

That several other resolutions were passed with equal unanimity and in the most excellent spirit, making the necessary arrangements in detail for carrying out the work with which the Committee had been entrusted, and especially the appointment of an able and energetic clergyman of the Diocese, as General Agent for the work.

That, however, before said General Agent could enter on the discharge of his important duties, a severe financial panic occurred in the neighbouring Republic, whose evil effects were quickly realized within the limits of the proposed Diocese, and especially in the two great centres of trade; that this derangement and depression of business greatly hindered the Agent in carrying out his work, for people naturally look to the cities and large towns for examples of liberality and munificence, and it was in these chiefly that the effect of the financial panic was felt.

That in consequence of this panic and the unexpected difficulties which the General Agent met with, the necessary amount to secure the income which was fixed by

the resolution of the Synod, has not been secured, and in the opinion of the Committee cannot be secured in any reasonable time.

That in addition to the above mentioned sum of $15,000 only $8,000 have been received in cash, notes, and other reliable securities over and above necessary expenses. This result may, at first sight, seem very discouraging; but when all the difficulties with which the General Agent had to contend, and the little time and attention he has been enabled to give to the cause are duly considered, it should be deemed rather encouraging than otherwise. The smaller missions and parishes, which most feel the need of sufficient supervision, have generally shown a deep interest in the question, and have done all that could reasonably have been expected of them, and in some cases, more than was looked for from them. The difficulties in the way of carrying out the scheme have arisen in the larger and wealthier places; but this committee trust that on the removal of the difficulties alluded to above, they will be able to secure the sum necessary. The resolutions in favor of the proposed new Diocese so unanimously adopted at Hamilton, have been fully endorsed at meetings of Churchmen called by the General Agent in every place which he has been enabled to visit.

That this general feeling in favor of a new Diocese arises not from insufficient causes is learned from a lesson to be taught in the census returns for 1861 and 1871. From these returns we learn the startling fact, that the number of persons who were returned, as members of the Church, within the limits of the proposed Diocese in 1871, were 370 less than those returned as such in 1861, whilst the gross population of the same section of country had increased 10,220. Compare with this decrease of 370, the increase of Churchmen in the city of Toronto, the seat of a Bishop, amounting to no less than 6,545, whilst the increase in the gross population of the city was only 11,270 during that decade!!!

Your Committee, therefore, earnestly trust that the Synod, seeing the impossibility of securing the larger sum within any reasonable time, and the strong expressions in favor of an early division within the limits of the proposed Diocese, will be pleased to repeal that part of the resolution of last session, which fixed the minimum income of the Bishop at $3,000 per annum, and enact that his income shall not be less than $2,000 "to commence with," irrespective of any future share in the present Episcopal Endowment Fund of this Diocese; and that you will be pleased at this session of Synod to memorialise the House of Bishops, in accordance with the provisions of Canon IX. of the Provincial Synod, to separate or set apart the Counties agreed upon at the last session of this Synod to constitute a Western Diocese, but that the election for the Bishop of said Diocese shall not be held until the Lord Bishop of Toronto and the Executive Committee of this Diocese shall have first reported in writing to the Most Reverend the Metropolitan that the minimum sum of $2,000 a year has been secured or guaranteed.

APPENDIX M.

REPORT OF THE COMMITTEE ON DISTRIBUTION OF COMMUTATION TRUST SURPLUS.

The Committee appointed to consider alterations proposed in the Canon for the distribution of the surplus of the Commutation Fund beg to report:

That they find the Canon now in force unequal in its working, and open to grave objections.

They would call attention to clause 9, Canons, p. 118, which throws upon the Lord Bishop the invidious duty of deciding upon the rival claims of applicants for annuities from the fund, and would recommend that his Lordship should be relieved from a position so apt to cause unpleasant feeling on the part of those who are unsuccessful. They believe that this duty should be undertaken by the Committee, who, with the list furnished by the Lord Bishop before them, could take up and decide each case upon its merits, without giving just cause of complaint to any.

The next clause to which they would direct attention, as objectionable, is the 7th, Canons, p. 117, which gives a life interest in the Fund to all Clergymen placed upon it, thus preventing the Synod from at any time altering the mode of distribution, however desirable it might be to do so, without having to await the decease of all the Clergymen then on the fund, before carrying out in its integrity the alteration desired. The Committee consider that it is a false principle for the Synod to tie up the action of themselves or their successors; and doubts being entertained whether it is altogether legal for them to do so, it is better that the clause be amended as proposed, by providing that the Synod shall at any time have power to make such alterations as they may deem expedient - a course which cannot, it seems, be open to objection, in view of the fact that the Bishop and Clergy must be parties to the alteration.

The Committee now beg to call attention to the 8th clause, Canons, p. 117, which provides "that no Clergyman accepting after this date (1870) an endowed living yielding $400 per annum, or holding the incumbency of a church yielding from pew rents or otherwise $800 per annum, shall be placed upon the list of annuitants as aforesaid." It is almost unnecessary to point out the glaring injustice of entirely passing over all Clergymen whose livings might just amount to the sums named, and granting $400 per annum to those whose incomes are just under these amounts; or the great temptation to keep just within them, until a vacancy should secure the additional income. By resolution the Synod have declared the minimum stipend payable to an incumbent in full orders, should be $800, a payment which renders the recipient ineligible to be placed on the Commutation Fund. On the other hand they have declared that

if he has anything less, say $795, he shall be entitled to $400 from this Fund, making his income up to almost $1200. Believing that this latter sum is what the Synod consider the income ought to be, were the Fund in a position to admit all incumbents to participate in it, the proposed Canon meets the difficulty by adopting $1200 as the maximum income of all participants, and making up the difference between the income actually enjoyed and that sum, to an extent not exceeding $400 to any one annuitant. Thus an income of $800 or less, would be supplemented by $400, whilst one of $1,000 would be entitled to $200 only, and others in proportion. The amount payable to each, would be ascertained from the certificate provided for in the 9th Section of the proposed Canon, and which certificate is similar to that approved by the Synod, for the distribution of the Widows and Orphans' Fund.

The other alterations proposed are merely verbal, and necessary to work out the change in the mode of distributing the Fund.

The Committee beg to recommend the Canon as amended and now submitted, for adoption by the Synod.

For the Committee,

A. H. CAMPBELL, *Chairman.*

SYNOD OFFICE, May 15th, 1874.

PROPOSED CANON

1. That so much of the by-law of the Mission Board of 1860, as enacted that the Mission Fund do consist of the annual surplus of the Commutation Fund, be repealed, and that the Commutation Fund shall be managed and administered as heretofore by the Clergy Trust Committee.

HOW SURPLUS SHALL BE APPLIED.

2. That before there shall be any surplus declared by the Clergy Trust Committee, there shall be always held by said Trust Committee arising out of annual permanent income over and above the amount required to fulfil the covenants into which the Society or the Synod may have entered, sufficient to cover the expenses chargeable upon the fund.

3. That said surplus shall be appropriated to the maintenance of Clergy of the Diocese being in priest's orders, according to length of service in the Diocese.

WHAT CONSTITUTES SERVICE.

4. That such service shall consist of the time during which the clergyman has been employed in *bonâ fide* parochial or missionary duty in the Diocese, and that in case there has been any intermission in the time of such service, the length of such intermission shall be deducted from the term of service for which the clergyman claims.

WHO SHALL BE SENIOR CLAIMANT.

5. That when two or more persons are ordained in the Diocese, and their services commence at the same time, he shall be considered senior who is first upon the Bishop's ordination list. But when they have been ordained out of the Diocese, their seniority shall be determined by the date of their licenses from the Bishop of the Diocese, being in priest's orders. And if there shall be any question of seniority not provided for in this by law, it shall be decided by the Bishop of the Diocese.

WHEN SURPLUS SHALL BE AVAILABLE.

6. That as soon as the Trust Committee shall report a surplus, as above provided, it shall be paid to the senior eligible Clergyman of the Diocese (as above defined) not being on the commutation list, and so on in respect of each successive sum of surplus income. And it is hereby distinctly specified that this provision shall not interfere with any existing arrangement. No Clergyman shall receive from this fund more than $400 per annum.

CLERGYMEN ON LIST TO REMAIN THERE.

7. That any Clergyman once placed on the list, shall remain thereon so long as he remains eligible in accordance with this Canon, continues to do duty in the Diocese, or is on the superannuated list thereof; but shall forfeit his claim by removing from it, not being superannuated, or for any time he may be under legal ecclesiastical censure. Provided always, that nothing herein contained shall prevent the Synod from at any time altering or repealing this or any other Section of this Canon, and upon repeal of any Section, or part of a Section, all rights and claims created thereby, or arising therefrom, shall for ever cease and determine.

WHAT CLERGYMEN ELIGIBLE.

8. That no Clergyman enjoying an income from Endowment, Pew-rents, Salary, Fees, or from any other source whatsoever (private fortune and house-rent, when paid, only excepted), of $1,200 per annum, shall be placed or retained upon the list of Annuitants on the Commutation Fund. But any Clergyman eligible as aforesaid, with a less income than $1,200 per annum, shall be entitled to be placed upon the list to be furnished by the Lord Bishop, and to receive, upon being placed upon the Annuitants' list, from time to time, such amount not exceeding $400 per annum, as will suffice to bring up his income to $1,200.

CERTIFICATE OF CLAIM.

9. That before being placed on the list of Annuitants on the Fund, and on the 1st day of May in each year, each and every Clergyman claiming to receive an annuity, by virtue of this Canon, shall furnish to the Committee, through the Secretary-Treasurer, a certificate in the following terms:

"I, , do solemnly declare that I am entitled to an annuity of $, from the Commutation Trust Fund of the Synod of the Diocese of Toronto: that my whole income for the past twelve months, from all sources (private fortune, house-rent when paid, fees, and annuity from this fund excepted), has not exceeded $: and that in estimating the same, no deductions of any kind whatsoever, except as above, have been made:" and any Clergyman failing to forward such certificate by the time above named, shall be held to have ceased for the time being to claim upon the Fund. Any Clergyman who shall knowingly furnish an erroneous certificate, shall cease to have any claim on the fund, and his name shall be struck off the list of Annuitants.

NOT CLAIMING NOT TO FORFEIT RIGHTS.

10. That no Clergyman, by reason of his not claiming to be placed or retained on the list of Annuitants, shall in any way forfeit or prejudice his position upon the Lord Bishop's Seniority list; and should such Clergyman, at any future time, being eligible and the senior Clergyman on the list when a vacancy occurs, desire to become an Annuitant, his name shall be added to the list of Annuitants on furnishing the certificate above mentioned.

LIST OF CLERGYMEN TO BE OBTAINED.

11. That as soon as a surplus arises in the Commutation Fund, it shall be the duty of the Commutation Trust Committee to request the Lord Bishop to furnish said Committee with a list, in the order of seniority, of those Clergymen who might be entitled to claim under this Canon; to notify said Clergymen, in order, to forward within fourteen days the certificate of claim above required: to consider and decide on the claims when received; and, when passed, to enter the names of the claimants on the list of Annuitants for the amount to which each is entitled.

WHEN LIST OF ANNUITANTS TO BE MADE UP.

12. That at the Quarterly Meeting of the Committee in May, the certificates of claim for the ensuing year shall be examined, and the amount to which each claimant is entitled, ascertained, and entered on the list.

APPENDIX N.

REPORT OF THE SPECIAL COMMITTEE ON MEMORIAL TO THE LATE BISHOP STRACHAN.

The Committee on the Memorial to the late Bishop Strachan respectfully beg to be discharged, and suggest that the Synod do request His Lordship, the Bishop, to appoint a Committee for providing a See House, consisting altogether of lay members of Synod resident in Toronto, the duty of which Committee shall be, after due enquiry, to submit to the Bishop, within one month after their appointment, such sites as shall appear to them most eligible, and that the choice between these sites shall be left to his Lordship.

All which is respectfully submitted.

GEORGE WHITAKER, *Chairman.*

SYNOD OFFICE, June 15th, 1874.

APPENDIX O.

REPORT OF THE SPECIAL COMMITTEE ON FOREIGN MISSIONS.

The Committee on Foreign (India) Missions respectfully beg leave to report:

That it has long been a source of regret to members of this Committee, amounting almost to a cause of reproach among earnest-minded Christians, that the Church in Canada has done nothing for Foreign Missions; while the religious bodies around us, and our Mother and Sister Churches, have given so liberally and laboured so abundantly in the Lord's work among the heathen.

That the time, however, seems to have arrived for this reproach to be removed, when a Missionary Diocese (Algoma) has to be provided for at home, and earnest calls, aided by seasons of prayerful intercession, are being made for labourers in the great harvest field abroad.

That the duty seems, therefore, incumbent upon us at this favourable period to take some action in our corporate capacity as a Provincial Church, by organizing a Board of Domestic and Foreign Missions at the approaching General Synod.

That such a step, in the judgment of your Committee, would not only inaugurate a great future work for Christ and His Church among the heathen, but would prove the means also, by its reflex influence, of stimulating the several Dioceses to greater earnestness and increased liberality in Missionary enterprises within their own borders.

That the Missionary spirit being the life and soul of the Church, when properly cultivated and employed, would realize to us by abundant blessings and increase, the power of the words of the Lord Jesus: "Go ye into all the world and preach the Gospel to every creature," and "Lo I am with you alway, even to the end of the world." "It is more blessed to give than to receive."

The Committee have the pleasure of reporting to this Synod that there are $972.10 in the hands of the Secretary-Treasurer awaiting disposal under its instruction, and most respectfully suggest that the same be transmitted to the Society for the Propagation of the Gospel in Foreign Parts, for appropriation to the Missions in Hindostan.

The Committee would also beg leave to submit the following resolution:—That the clerical and lay delegates of this Diocese be instructed to move at the next Provincial Synod "the appointment of a permanent Committee of this body to take charge of the Domestic and Foreign Missionary Work."

All which is respectfully submitted.

W. T. SMITHETT,
For the Committee.

SYNOD OFFICE, June 17th, 1874.

APPENDIX P.

REPORT OF THE SPECIAL COMMITTEE ON THE "CHURCH TEMPORALITIES ACT."

The Special Committee, appointed by the Synod at its last meeting to meet and confer with Committees from the Dioceses of Huron and Ontario, in regard to the "Church Temporalities Act," beg leave to report the minutes of the only meeting which has been held on the subject, as follows:—

1. The Committee met at the Synod Office, Toronto, on the 29th of October last. There were present representatives from the various Dioceses, as follows:—

FROM ONTARIO: The Ven. Archdeacon Patton, D.D.

FROM HURON: The Very Rev. Dean Boomer, LL.D.; The Ven. Archdeacon Marsh, M.A.; The Rev. Canon Ellwood, M.A.; The Rev. Arthur Sweatman, M.A.; J. Beard, Esq.; V. Cronyn, Esq.; E. Baynes Reed, Esq.

FROM TORONTO: Rev. Canon Read, D.D.; Rev. Rural Dean Cooper, B.A.; Rev. Septimus Jones, M.A.; S. B. Harman, Esq., B.C.L.; J. George Hodgins, Esq., LL.D.

The Lord Bishop of Huron was also present, and favored the Committee with his views on the subject of legislation in regard to the temporalities of the Church.

On motion, the Ven. Archdeacon Patton was appointed Chairman of the Joint Committees, and Dr. Hodgins Secretary.

After the matters before the Committee were fully considered, the following resolutions were passed:—

1. Moved by S B. Harman, Esq., B.C.L., seconded by the Rev. Canon Read, D.D., and resolved: That the Chancellors of the Dioceses of Toronto, Huron, and Ontario be requested to consider the existing Acts of Parliament under which the management of the temporalities of the Church is at present restricted, and the expediency of memorializing the Legislature to pass a general Act, giving corporate powers, where required, for holding real estate, or otherwise, and to remove all restrictions as to the Synods enacting their own canons, laws, and regulations, to take the place of the system heretofore existing for the management of said temporalities; and, if their opinion is in favor of said action, to prepare such memorial and send the same to the Ven. Archdeacon Patton, Chairman of the Committee.

2. Moved by Dr. Hodgins, seconded by E. Baynes Reed, Esq, and resolved: That, on receipt of the report of the Chancellors of the several Dioceses, the Chairman be requested to have such report printed and sent to each member of this Joint Committee; and that the Committee be called together by the Chairman at as early a date as possible, when such report shall be considered.

3. Moved by the Rev. Canon Ellwood, M.A., seconded by the Rev. Canon Read, D.D., and resolved: That all further consideration of this matter be deferred until the reception of the report of the Chancellors of the several Dioceses.

4. Moved by Rev. Canon Ellwood, M.A., seconded by S. B. Harman, Esq., B.C.L., and resolved: That any necessary printing, in relation to the action of this Committee, be defrayed intermediately by the Diocese of Toronto—to be subsequently shared by the Dioceses of Huron and Ontario.

The Committee then adjourned to the call of the chair.

NOTE.—No further meetings of the Committee took place. The lamented death of the venerable chairman no doubt prevented the Committee from being called together, and no report from the Chancellors has been communicated to the members of the Committee.

J. GEORGE HODGINS,

Secretary to the Joint Committee.

SYNOD OFFICE, June, 1874.

B. DIOCESE OF HURON.

2. A letter was read to the Standing Committee of the Church Society of the Diocese of Huron from Rev. T. A. Parnell, Clerical Secretary, Diocese of Ontario, asking on behalf of the Synod of Ontario that a Committee be appointed to join in a petition

APPENDIX Q.

REPORT OF THE SPECIAL COMMITTEE ON A SUSTENTATION FUND.

The Committee to whom were referred the resolutions proposed at the meeting of the Synod in 1872 (*a*), as to setting on foot a Sustentation Fund, having reported on those resolutions to the last meeting of Synod (*b*), and having then been re-appointed to further consider the said resolutions and to make a further report upon them (*c*), beg leave to report as follows:

1. Referring to our former report wherein we then found that it was expedient that a Sustentation Fund should be created for the purpose of raising to $1,000 per annum, or so far as may be practicable, the salaries of all such Priests as have laboured continuously for fifteen years in this Diocese (no matter from what source or sources their incomes are derived) and referring also to our said former report, wherein it was found that his Lordship the Bishop be respectfully requested to nominate a special committee, to be called "The Sustentation Fund Committee" whose duty it should be to provide and superintend the working of a plan for raising funds

(*a*) Journal, 1872, p. 58. (*b*) Journal, 1873, p. 160. (*c*) Journal, 1873, p. 53.

for this purpose, and that the Committee so to be nominated, should avail itself of the agency of the several Rural Deans to organize an effective canvass of the whole Diocese, and referring also to the said report wherein it is stated that the said Committee be instructed to prepare with as little delay as possible an approximate calculation of the amount required for the endowment of this Fund, for the guidance of those employed in the said canvass and for the satisfaction of contributors:

In order to ascertain the amount required to be raised for the proposed increase in the salaries of the Clergymen throughout the Diocese, coming within the rule above mentioned, your Committee caused circulars to be sent to all the Clergymen within the Diocese, but received no replies from sixty-three of those addressed.

The first step to be taken by your Committee was to ascertain the probable amount required to raise the professional incomes of the clergy of the Diocese under the limitations already defined, to $1,000 per annum, and this from the imperfect data supplied, they have estimated at the sum of $2,948 per annum.

The information on which the above estimate is based, has been so very recently received by your Committee that they have found it impracticable to confer with the Rural Deans before the meeting of Synod, according to the recommendation which they themselves made in their last report.

Your Committee referring to their said last report wherein it was provided that the Clergy Commutation Trust Committee be the Treasurer and Manager of all funds raised for the Sustentation Fund, beg further to report: That as the amount standing to the credit of the said last mentioned fund in the books of the Synod, now amounts to the sum of $4475.18, they have directed that the last mentioned sum be transferred to the credit of the Clergy Commutation Trust Fund, and the same will be transferred accordingly.

All of which is respectfully submitted,

RICHARD SNELLING, *Chairman.*

SYNOD OFFICE,

APPENDIX R.

REPORT OF THE COMMITTEE ON TEMPERANCE.

The Committee appointed to "prepare a plan for a Church Diocesan and Parochial Temperance Society," beg leave to report,—

That in accordance with their instructions, they submit for the approval of the Synod the following draft of a Constitution for the proposed Church Temperance Society:

1. The Name of the Society shall be the Church of England Temperance Union of the Diocese of Toronto.

2. The general objects of the Union shall be:—

I. The Promotion of Habits of Temperance.
II. The Reformation of the Intemperate.
III. The removal of the causes which lead to intemperance.

3. The Union shall consist of two classes, viz.: *Members* who are pledged to Total Abstinence; and *Associates* pledged to promote the objects of the Union by every means short of personal total abstinence.

4. The Bishop of the Diocese, if willing, shall be President of the Union; and there shall be two Vice-Presidents, a Secretary, and a Treasurer, to be elected by ballot at the annual meeting.

5. The Executive Officers aforesaid shall form the Executive Committee, and at least one half of the Executive and of all Committees of the Union shall be total abstainers.

6. The Executive Committee shall meet monthly, take charge of the funds, arrange for the annual meeting, and act for the general interests of the Union.

7. There shall also be a Committee of Management, composed of one member and one associate from each affiliated Parochial Branch. This Committee shall meet quarterly, under the Presidency of the Bishop, or one of the Vice-Presidents, to deliberate and decide, with the concurrence of the Executive, on all matters connected with the interests of the Union, and the promotion of its general objects. This Committee may appoint such other Committees, and frame such by-laws, with the sanction of the Executive, as they shall deem expedient, with a view to the practical working of this Constitution, and the furtherance of Temperance Reformation.

8. The annual fee of membership shall be $1, and any baptized person over the age of 14 years, paying this fee, and taking the pledge required, shall be eligible as a member or associate of this Union.

9. The Executive Committee shall have power to suspend or expel any member or associate who may break his (or her) pledge, or be guilty of public misconduct.

10. Parochial Temperance Associations, and Bands of Hope, may affiliate themselves to the Diocesan Union by contributing not less than $2 annually to its funds. Such Branches shall be entitled to the following privileges:—1. A copy of each report and other publication of the Union. 2. A deputation for sermons and meetings on payment of travelling expenses, so far as the engagements of the Union will permit. And 3rd. Representation in the Committee of Management, by two delegates, who shall also have the right of speaking and voting at the annual meetings of the Union.

11. The particular aims of all members of the Union shall be:

1. Ascertaining, explaining, and enforcing the provisions of the law.

2. The formation of a sound public opinion as to the connection between intemperance and the undue facilities and temptations of the present licensing system.

3. The progressive diminution of the number of public drinking houses.

4. The dissociation of music halls and dancing rooms from drinking houses.

5. The promotion of innocent amusements counteractive of the attractions of drinking houses.

6. The discouragement of the present system of treating and social drinking.

7. The diffusion of useful and trustworthy information by temperance literature, tracts, and other publications; by sermons, lectures and readings; and also by missionary efforts in prisons and other places, where the victims of intemperance are usually found.

8. The establishment of Parochial Temperance Societies, Guilds, and Bands of Hope, based on the above principles, under the superintendence, or with the sanction, of the Parochial Clergy.

9. Discountenancing the use of all intoxicating liquors by the young, and influencing them to become members of this Union.

10. In furtherance of these aims, the members of this Union are to recognize the need of God's blessing on their work, and invoke His aid in their daily efforts to promote Temperance Reformation.

PAROCHIAL ASSOCIATIONS.

1. Parochial Temperance Associations may be formed in any parish for the promotion of the before mentioned objects, and shall likewise consist of two classes: *Members* who are total abstainers, and *Associates*, pledged to promote the objects of the Association.

2. The clergyman of the parish shall name the first members of the Parochial Association; but after its organization, candidates may be proposed by any member at one meeting, and admitted, if approved, at the next.

3. The Association shall elect a Managing Committee at its quarterly meetings in the months of January, April, July, and October, which shall consist, besides the clergy of the parish, of a Vice-President, a Secretary, a Treasurer, and five Members and three Associates. This Committee shall manage all matters connected with the Association, and may appoint other Committees for special purposes, and pass such by-laws and resolutions as they may deem expedient. They shall have power to suspend or expel any Member or Associate breaking his (or her) pledge, or being guilty of public misconduct.

4. Meetings of the Association shall be held at such times as the Managing Committee shall decide. Members and Associates are expected to attend all meetings, and, except when the meeting is called special, to bring their friends.

5. The Chaplain, who shall be the senior or other clergyman of the parish, shall preside at all meetings, if present, and publicly admit members or associates. If no clergyman be present, the Vice-President shall take the chair, and if he be not present, the members shall elect a chairman, who shall say the "Office" and conduct the meeting.

6. An initiation fee of 25 cents will be charged, and the subscription will be 20 cents per quarter for men and 10 cents per quarter for women.

7. The Annual Commemoration shall be held on the anniversary of the Association, when all connected with the Association shall, if possible, attend a special service in church. Those who are communicants shall be invited to receive the Holy Communion on that day or the Sunday following, when special prayer shall be offered for the objects of the Association. At this annual meeting shall be elected one member and one associate to represent the Branch, if affiliated, in the Management Committee of the Diocesan Temperance Union.

The following shall be the Office for the admission of members: The candidates for membership standing up, the presiding officer shall ask them the following questions:—

1. Do you desire to become a member of this Society? *Ans.* I do.

2. Why do you desire to become a member? *Ans.* As a help to me and to my brethren in performing our Christian vows; to "renounce the devil and all his works," with "all the sinful lusts of the flesh," and to "keep God's holy will and commandments."

3. Are you prepared to take its pledge of total abstinence? *Ans.* I am.

4. If at any time you shall desire to depart from your resolutions, will you first communicate with us, that if we cannot persuade you to a better mind, we may grant your withdrawal from the Union (Association)? *Ans.* I will.

5. If through the weakness of your nature, or any other cause, you shall transgress your resolution, will you communicate the fact as soon as possible to one of the clergy, that we may give you our counsel and advice, and, if need be, record your dismissal from the Union (or Association)? *Ans.* I will.

6. Repeat then after me: I, *A. B.*, do solemnly promise and pledge myself to abstain, by God's help, from all intoxicating liquors as beverages. I promise also to pray continually for grace to enable me to keep this pledge, and for God's blessing on the work of this Society.

7. Then shall the President say, Brethren, forasmuch as *A. B., C. D.*, &c., have made in your presence the promises required by our laws, I declare them to be now full members of this Association (or Union), entitled to its privileges and subject to its obligations. May God give them grace to remain faithful to their resolutions, and may He hold us altogether in the bonds of Christian sympathy, through Jesus Christ. Amen.

Let us pray.

Almighty God our heavenly Father, bless, we beseech thee, these thy servants who have joined us this day in our solemn Union against the sin of drunkenness. Deliver them, O Lord, from the evil that would assault and hurt them, and help them to glorify Thee in the devotion of their souls and bodies to thy service, in abstinence from all intoxicating drinks and in self-denial for their brethren's sake. Pour out upon them the riches of Thy grace, and keep them in perpetual peace and safety, through Jesus Christ our Lord. Amen.

For Associates:—

The candidates for associate membership standing up, the presiding officer shall say:

1. Do you desire to become an associate of this Association (Union)? *Ans.* I do.

2. Are you ready to take its pledge for associates? *Ans.* I am.

3. If at any time you shall desire to depart from your resolution and to be free from its obligations, will you first communicate with us, that if we cannot persuade you to a better mind we may grant you withdrawal from the Association? *Ans.* I will.

4. If, through the weakness of your nature or any other cause, you shall transgress your resolution, will you communicate the fact as soon as possible to one of the clergy, that we may give you our counsel and advice, and, if need be, record your dismissal from the Society? *Ans* I will.

5. Repeat after me, "I, *A. B.*, do solemnly promise to observe, by God's help, strict temperance myself, and to use all my influence and best endeavors to discountenance intemperance in others, and to further all the objects of this Union (Association)."

6. Then shall the President say, "Brethren, forasmuch as *A. B., C. D.*, &c. have made in your presence the promises required by our laws, I declare them to be now associate members of this Union (Association). May God give them grace to remain faithful to their resolution, and may He hold us altogether in the bonds of Christian sympathy, through Jesus Christ our Lord." Amen.

Let us pray.

Almighty God, our heavenly Father, bless, we beseech thee, these thy servants who have joined us this day in our solemn Union against the sin of drunkenness. Deliver them, O Lord, from the evil that would assault and hurt them, and help them to glorify Thee, in the devotion of their souls and bodies to thy service, and in self-denial for their brethren's sake. Pour out upon them the riches of thy grace, and keep them in perpetual peace and safety, through Jesus Christ our Lord. Amen.

Note.—If associates break their pledge of temperance, they can only be re-admitted to the Society as total abstainers.

The Committee beg strongly to recommend that, in view of the enormous and increasing evils of intemperance, the Synod should lose no time in organizing, on this or some other basis, a Church of England Temperance Union. They are convinced

that against a union of churchmen to counteract intemperance, no argument can be advanced which cannot also be advanced against their union to promote other good objects.

The Committee are well aware of the great injury which has been done to Christian Temperance by the employment of human motives and influences, and also by the rash statements of indiscreet advocates. But a cause should not be judged by the imprudent acts or rash statements of its promoters. The Committee judge no man. They fully acknowledge that Christian men may honestly differ in their views as to the best means of dealing with intemperance. But they believe that the law of Christian charity fully justifies the principle of self-denial for Christ's and the brethren's sake, and of organized union on a religious basis to promote Christian Temperance. "If any man will come after me," said Christ, "let him deny himself, and take up his cross and follow me." And, "As I have loved you, ye ought also to love one another." In this spirit of charity St. John wrote, "We ought to lay down our lives for the brethren," and St. Paul acted, "To the weak, became I as weak that I might gain the weak," "I am become all things to all men, that I might by all means save some."

The need of some earnest and united effort to check intemperance is everywhere admitted. This giant evil of our race and times is continually at work, wasting wealth, filling our prisons, asylums, and hospitals, increasing public burdens, debasing public morals, fostering unholy passions, promoting violence and murder, weakening the physical powers and mental faculties, and yearly destroying the souls and bodies of tens of thousands. The alarming spread and dire effects of intemperance have called forth the special efforts of good men to check the growing evil. And a Church Temperance Society has been organized in England, composed of abstainers and partial abstainers, having the 2 Archbishops as Presidents, 13 other Bishops as Vice-Presidents, and more than 1,800 Clergymen in connection with it. In this Dominion and elsewhere, other Bishops and Dioceses have taken up the work warmly, and public attention has been largely awakened to the need of a more effectual check to intemperance than now exists. Petitions, signed by scores of thousands, have been laid before the Dominion and Provincial Legislatures, and have received in both a large measure of support. And the times seem to call for the establishment of a union to promote Temperance on a proper religious basis.

In submitting the accompanying plan, a majority of your Committee are of opinion that no effectual or permanent stop can be put to the prevailing vice of intemperance, except by a union based on total abstinence as a principle of Christian charity. At the same time they are quite willing to co-operate heartily with their brethren who think differently, in a union on a wider basis. They would gladly see their beloved Church lead the van in a true Christian effort to effect the reformation so much needed, and they pray God that His blessing may crown it with success.

All which is respectfully submitted,

WM. BELT, *Chairman.*

APPENDIX S.

REPORT OF COMMITTEE ON CERTIFICATES OF LAY REPRESENTATIVES.

The Committee appointed by the Executive Committee to meet at least two days before the meeting of the Synod to examine the Certificates of the Lay Representatives beg leave to report that the Certificates of the Lay Representatives whose names are on the official List of Members, herewith submitted, appear to be correct and regular, with the following exceptions:—

I. Cases in which the Chairmen do not appear to certify that the Representatives chosen and named below were duly qualified as communicants:—1. Beamsville, William Hearle; 2. Cameron, Oakwood, and Ops, all three Representatives; 3. Cayuga, William McCabe, LL.B.; 4. Cobourg, Andrew Hewson; 5. Mulmur, Thos. Hand; 6. Thorold, Joseph Reavely; 7. Walpole South, all three Representatives.

II. Case in whioh the Declaration to be signed annually by electors was not signed as required: Lloydtown.

III. In the following cases the names of Representatives do not appear on the official List, because the assessment is either wholly or partially unpaid, the Certificates being found regular in other respects:—1. Acton; 2. Cookstown, 3. Fenelon Falls; 4. Louth and Port Dalhousie; 5. Mount Forest; 6. Norval and Stewartown.

IV. Cases in which no returns have been made of the elections:—1. Erin: 2. Lowville; 3. North Douro; 4. Saltfleet and Binbrook; 5. St. John's, Toronto: 6. Wellington Square and Nelson.

V. Case in which notice of a Representative's resignation was not sent to the Secretary, as may be required by the last clause of section 6 of the Constitution, so that the usual formalities in that case prescribed were not carried out, and although the Certificate of the election of a substitute has been duly forwarded, the name of person resigning is unknown: Cameron, Oakwood, and Ops.

VI. Case of Christ Church, Batteaux, for which a regular and full Certificate has been sent in; but the name of this Parish does not appear on the List of Parishes, and the assessment has not been paid.

The Committee would respectfully direct attention to the great inconvenience caused by failure, in several cases, to make the returns of elections or of assessments, within the prescribed period of ten days after the election; and would recommend that in future such cases be reported as among disqualifying irregularities and referred with the other cases of irregularity to the Court on Contested Seats.

Respectfully submitted,

RICHARD HARRISON.
CHARLES MAGRATH.

CORRESPONDENCE.

REPLY OF HIS EXCELLENCY THE GOVERNOR GENERAL TO THE ADDRESS FROM THE SYNOD, JUNE, 1873.

To the Bishop, Clergy, and Lay-Members of the Synod of the Diocese of Toronto.

I have read the expressions of loyalty contained in your address with sincere gratification. As the representative of Her Most Gracious Majesty, it will always be my object so to act that I may further the interests of the Dominion and fulfil to the best of my ability the trust that has been confided to me.

The support which I feel confident I shall receive from those to whom is entrusted the religious education of the people leads me to hope that any efforts on my part may be crowned with success.

I thank you in the name of Her Excellency, the Countess of Dufferin, for the kind expressions you have used in her behalf, and I can assure you that equally with myself she feels deeply interested in all that conduces to the prosperity of the Dominion, and to the true well-being of the Canadian people.

GOVERNMENT HOUSE, OTTAWA, October 25th, 1873.

LOUTH MEMORIAL.

To the Right Reverend The Lord Bishop, and Clergy of the Diocese of Toronto, and the Lay-Delegates, in Synod assembled.

The memorial of the undersigned respectfully sheweth:

That your memorialists are residents and property holders in the Parish of Louth, in the county of Lincoln.

That your memorialists belong to the Church of England, and are members of the congregation of St. John's Church, which is the Parish Church of the said Parish.

That up to July last, (1873), the said Church had been closed for six years in succession, thus debarring your memorialists from the benefit of any proper public religious service during that time.

That your memorialists are credibly informed and verily believe, that the sum of four hundred and thirty six dollars, arising from the sale or rental of the Glebe lands belonging to said Parish, and which are composed of three hundred acres in the said Parish, and one hundred acres in the County of Oxford, has been yearly appropriated to the said Parish for the period above stated, from which appropriations your memorialists who are the persons most directly affected, have received no benefit whatsoever.

That extensive repairs to said Church are absolutely necessary, including painting
The fence around said Church requires to be renewed.

The cost of said repairs and renewal will amount to nearly, or quite three hundred and fifty dollars.

Your memorialists therefore pray that the entire matter may have your serious consideration.

All of which is most respectfully submitted.

MISSION BOXES.

West Simcoe Rural Deanery.

The Rural Dean gave three Missionary Boxes to each Parish or Mission in his deanery to be held under the following conditions:

1. Each Box to be held by one individual for the space of three months.
2. At the expiration of each quarter, the holder to bring the box to the clergyman, who will open the same in the presence of the holder, count the money; and, having resealed the box, will give it to some other parishioner to be held in like manner for three months.
3. The clergyman to send the amount of each collection to the Secretary of the Synod, and to report to the Rural Dean how much was collected.
4. As soon as the Rural Dean has received these reports from the several missions, he will send to each clergyman the names of all the collectors and the amounts collected.
5. At the expiration of the four quarters the collector of the largest amount will receive from the Rural Dean a Church Service, handsomely bound, and likewise the collector whose amount came nearest the average.
6. The quarters to end on the 31st March, 30th June, 30th September, and 31st December.

This experiment has been tried for the first quarter of the current year. Five missions adopted the plan, and the result is $99.64.

Collingwood, May 6th, 1874.
