BRITISH CAVALRY NEARING ST. QUENTIN

London, March 28.—British cavalry today captured the villages of Villers-Faucou and Saulcourt, north of Roisel and also to the north of this region took terrain from the Germans at two points on the Boignes-Lagnicourt road and south and west of Croisilles, according to the official communication, issued tonight.

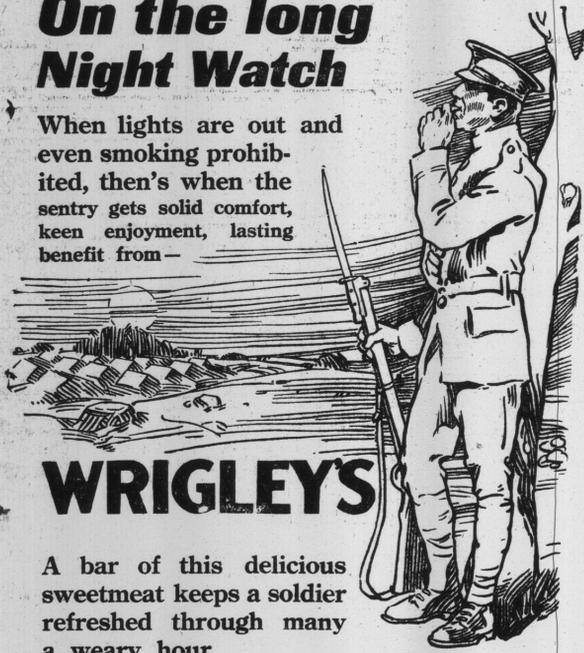

Indications are, tonight, that the British are virtually astride the St. Quentin-Cambrai road. The activity, on the part of the

line held by the French west and southeast of St. Quentin is mainly by the artillery wings of the opposing forces. To the south of St. Quentin between Esignay and Bény, a fierce artillery duel is in progress. No infantry action has been fought.

In Champagne, the Germans, after a violent bombardment, attacked the positions held by General Nivelle's troops west of the Boignes-Lagnicourt road and succeeded in penetrating elements of the French first line trenches. Sanguinary losses were inflicted on the Germans, however, during unsuccessful efforts they made to capture the village of Maisons De Champagne.

MOOSE ANNUAL.
St. John Lodge of Moose held its annual election of officers last evening, and seated the following cabinet for the ensuing year: Past dictator, A. M. Belding; dictator, John Kemp; vice-dictator, Andrew Chamberlain; prelate, Charles Barton; secretary, A. W. Covey; treasurer, W. J. Crawford; inner guard, C. Nichols; outer guard, Edward Purchase; trustees, J. H. C. Gassett. The lodge also conducted an initiation, and after the regular business had been disposed of there was a discussion of the possibilities for a baseball league during the coming season, and the probability of securing a diamond. It was felt that if a diamond were available the Moose would put a team in the field.

ROSS RIFLE PLANT IS TAKEN OVER BY GOVT.
The Ross rifle factory was formally taken over by the government yesterday at noon. General Elliott, master-general of ordnance, accepted the factory from Sir Charles Ross and is now in control. The executive staff has been asked to continue on for the present, but 3,000 employees have been paid off. Reorganization is considered a great task now, as most of the former employees have scattered into the United States and other parts of Canada, seeking other employment.

ROSS RIFLE FACTORY FORMALLY TAKEN OVER

Staff of 2,000 Employees Has Been Paid Off—Men Inceased Over Action

Ottawa, March 28.—The Ross rifle factory was formally taken over by the government at noon today. General Elliott, master-general of ordnance, accepted the factory from Sir Charles Ross and is now in control. Expropriation proceedings will be a valuation to be taken in the course through the exchequer court, falling an agreement as to price between Sir Charles Ross and the government. Although the factory has been taken over apparently no steps have been taken as yet to continue its operation or to promptly arrange for the manufacture of a new type of rifle. The executive staff of the factory has been asked to continue on for the present, but General Elliott has no specific instructions as to what they are to do or what is planned. The government itself seems to be entirely in the dark as to its next move in the way of utilizing the factory. The staff of 2,000 employees has been paid off and most of them have already scattered to all parts of Canada and the United States seeking other employment. Experts say that it will be practically impossible to get them back now and reorganize the factory as a going concern.

TRADE RELATIONS TO BE STIMULATED BY U. S. ENTRY INTO WAR

Paris, March 28.—Julius Cambon, general secretary of the foreign office, talking with the Associated Press yesterday, referred to an effect, which he considered the entry of United States into the war, would have upon its international commerce relations during and after the period of hostilities. With United States joining the Allies there would be a closer trade relation established with Europe.

"The day that the United States declares war with Germany, France will offer President Wilson a picked body of officers from every branch of the service to train American soldiers for modern warfare," he said. Lt. Charles Sweeney is the only American officer in the French infantry, and has been given permission to resign this if the United States goes to war.

A NEW ERA DAWNS

With a sigh of relief the people of New Brunswick have seen the last of the Murray government. It was the Fleming government under another name, and stood for that type of politics which made the hold-up of lumbermen, contractors and liquor dealers; the sale of materials to the government by members of the legislature; the padding of highway accounts; the evasion of stamp duty; the rake-off on farm sales; and every other scheme that promised personal profit or party gain, not only expedient but a matter of course.

But there will be more revolutions. The new government will not be doing its duty if it does not investigate very thoroughly certain matters which could not be enquired into while the old one had the power to grant or refuse, an enquiry or limit the scope of investigation. If some gentlemen are now very uneasy it is because they are in fear of further exposure.

NARROW PARTISANSHIP

Mr. Bonar Law told the members of the Conservative party in the British commons yesterday that there was not a national party, and it might as well go out of business. There is to be a new world after the war, and in his opinion it would have no use for narrow partisanship.

A WOMAN'S RIGHT.

The British house of commons, by an overwhelming majority, has adopted the principle of woman suffrage; and, in the words of the cabinet report, "the vote for women, in some shape, is now certain."

women is only a question of a short time when we find not only Mr. Lloyd George but Mr. Asquith, Mr. Bonar Law and Mr. Walter Hume Long supporting the principle. The three last named were all opposed to woman suffrage before the war, but their present views were voiced yesterday by Mr. Long when he said "he had been a lifelong opponent to woman suffrage, but if he still held the same views, which he did not, he would not raise his voice against granting recognition to women, who had suffered and died for their country in the war and without whose heroisms, self denial, skill, physical strength and endurance the country could never have faced its hour of crisis."

A MANITOBA INSTANCE

Rev. Dr. Shearer told the Social Service Council yesterday of the establishment in Manitoba of a Bureau of Research and Exhibits, to deal with social welfare work, and to which the government of the province gives a substantial grant to cover the general expenses. This bureau is to be composed of outstanding men, such as university and other professional and business men, who will gather information relating to any matters affecting social and civic welfare; and this information can be made the basis of propaganda by the Social Service Council of the province, leading up to municipal or provincial or federal legislation as the case might require.

The Germans are making a desperate effort to check the onward march of the French under General Nivelle. It is nevertheless believed by some military critics in London and Paris, according to today's cables, that the enemy is likely to continue his retirement to the Belgian frontier.

"Conservative Party, Not National Party, Might as Well Go Out of Business"

(From Report of British House of Commons.) Andrew Bonar Law, addressing himself to the Conservative opponents to the recommendations of the speaker's conference, said he had always held the view that the Conservative party, which was not a national party, might as well go out of business altogether. There was going to be a new world after the war, and it was certain, at least, that no party need attempt to exist which could not hope to have the support of the men and the bulk of the nation which had saved the liberties of the empire.

Children Had Eczema Doctors Failed to Cure

Two Letters Which Prove the Efficiency of Dr. Chase's Ointment as a Cure for Eczema. Fortunate are the mothers who know the virtue of Dr. Chase's Ointment, for there is no treatment so suitable for use after the bath to relieve irritation and chafing and to thereby prevent eczema and similar skin diseases. Mrs. W. L. Barnes, Timmins, Ont., writes: "I want to tell you about the case of my little boy, who had baby eczema when he was three months old. It started on the top of his head, on his forehead and around his ears. The doctors failed to do him any good, so I tried Dr. Chase's Ointment on the recommendation of a friend, and in a month's time the child was entirely free of this disagreeable skin disease. He is now four years old, and has never had any further trouble from ailments of this kind. I also have great faith in Dr. Chase's Nerve Food, and believe that it cannot be beaten as a restorative for pals, nervous women."

Equal Suffrage Coming, Also Electoral Reform

British House Votes in Favor of Principle—Sound Death-Knell for Party Government. London, March 28.—After an interesting debate today the house of commons, by a majority of 219, expressed approval of legislation on the lines of the speaker's recommendations for franchise reforms. The small minority against such a measure represented not actual opponents of the reform, but rather members who were desirous of postponing legislation of such a contentious nature until after the war. The great feature of the debate was the frank acceptance by ex-Premier Asquith and Andrew Bonar Law, chancellor of the exchequer, of woman's right to vote as a result of their war sacrifices and services, and Premier Lloyd George's whole-hearted acceptance of the conference recommendations, except proportional representation and woman's suffrage. These were omitted, first, because the government is still undecided on the question, and second, because it is held that parliament must first of all, express acceptance of the principle of woman's suffrage. The present idea is to make the bill as little contentious as possible, so that the second reading may be easily secured; then, in committee, these two excepted questions may be raised as amendments to the bill, thus giving the house an opportunity to record its opinion. It cannot be doubted that the views expressed by Mr. Asquith, Walter Hume Long and other prominent former opponents of woman's suffrage, will influence many other opposing members, and in any case during the war this opposition has been a rapidly dwindling one. It is still possible that the women may have to wait until after the war for the fullest recognition of their claims, but the vote for women, in some shape, is now certain. The new bill will not be introduced until some considerable time after Easter, as the budget and other urgent business claim priority.

MONCTON TO HAVE CHILDREN'S AID

(Transcript, Tuesday.) The spacious city hall chambers were crowded last evening with a large influential and representative audience who, after hearing the speeches of Rev. W. H. Robinson, of St. John, and local speakers, resolved that Moncton could not too quickly organize a branch of the Children's Aid Society for the purpose of looking after delinquent and dependent children in this city and the vicinity. Rev. Mr. Robinson delivered a strong appeal, showing the great need of one of these organizations in every large centre of the province. He pointed out the good work of the organization to which the audience listened with interest and pity for these unfortunate. Questions were answered as to the formation of this society and the manner in which the society works. His Worship Mayor J. E. Masters, presided and with him on the platform were Messrs. J. H. Harris, J. T. Hawke, Rev. H. A. Goodwin, Rev. P. A. Fitzpatrick, Capt. A. Frank Ham, S. A., Rev. S. A. Baker, G. A. MacWilliam, F. A. McCully, K. C., and I. C. Burden. Addresses were delivered by Rev. Mr.

TRANSPORT SINKING, WHOLE REGIMENT CHEERFULLY SANG

London, March 28.—The British transport Tyndarus, with a battalion of the Middlesex Regiment aboard, struck a mine on Feb. 9 off Cape Agulhas, the southernmost point of Africa. The men were paraded on deck, and after roll call began to sing while they waited for the ship to sink.

RECENT DEATHS

Samuel Hector. The death of Samuel Hector, a well known resident of the city, occurred Monday morning at East St. John. He was a native of the city and had reached the age of seventy years. For many years the late Mr. Hector was employed in the Sletton Cutler mill. He is survived by two daughters, Mrs. Gertrude Kelly and Mrs. Corn Allen, both of Central Falls (R. I.). Mrs. Kelly arrived in the city yesterday to attend the funeral of her father, which will be held at 8:00 o'clock Friday afternoon from Chamberlain's undertaking rooms, 162-164 Mill street.

Got All Steam She Could Stand. From the moment the St. Louis reached the danger zone until she reached comparatively safe waters, the word in the engine room was to "give her all she can stand." For 48 hours the big vessel tore along at top speed, the while the passengers gazed at the remaining in the reading room with little bells ready.

ST. LOUIS RAN AT FURIOUS SPEED

Saw Evidence Three Ships Had Been Sunk

Captain Did Not Leave Bridge for Three Days and Nights—Fist Armed American to Cross to England

London, Monday, March 26 (Delayed by censor). (From a staff correspondent of the Associated Press)—The St. Louis, the first passenger vessel carrying the American flag to cross the Atlantic since Germany's declaration of unrestricted submarine destruction, and the first American armed liner to enter a European port since the war began, arrived this morning. She carried a large number of passengers—33 all told—but her holds were filled to capacity with non-contraband freight.

For three days and nights the captain did not leave the bridge, and never in her twenty-two years of existence has the American ship been driven so furiously as she was from the time she passed into the zone until she was picked up by a pilot.

The journey was virtually without incident until the war zone was reached. Unusual precautions were taken as soon as the liner passed the lightship, but as she neared the danger point, even the life rafts and collapsible boats were made ready for immediate use. Reflectors were strung up fore and aft along the deck in the event the St. Louis became the victim of a torpedo or gunfire.

A government tender carrying the American consul-general, admiralty officials and immigration officers, met the ship at the wharf.

IS IN FRANCE. Mrs. J. B. Lounsbury, of Fredericton, received a cablegram from England this morning, stating that her son, Capt. E. J. Lounsbury, has gone over to France. Capt. Lounsbury enlisted with the 100th Battalion at Turo and after going to England he was transferred to the 26th.

TO SUSSEX. Senior Lieut. Harrington and Quartermaster Sergeant Foss of the Forestry Unit left Fredericton last night en route for Sussex. Lieut. Harrington will be in St. John for two days. He will be one of the first officers to go overseas with the Forestry unit.

MAJOR LEAGUES MAY YET MEET OPPOSITION

New York, March 27.—Reports late last fall that it was proposed to form the three A.A. leagues into an organization independent from the other minor organizations which form the National Association have been confirmed by a statement made by Vice-President Wathen of the American association.

USE THE WANT AD. WAY

Mr. Wathen says that the idea of having the International League, the American Association, and the Pacific Coast League advance had by no means been abandoned. The major leagues naturally have been against having the class A.A. leagues receive all the powers now held exclusively by the majors, but it long has been apparent that the interests of the class A.A. leagues are separate from those of the minor organizations in many instances.

FOR THE SAME REASON SEEKING TO KEEP THE CLASS A.A. LEAGUES IN CHECK.

Wathen insists that the time is ripe for carrying out the new scheme and that next fall will see it brought about.

There is a Tide in the affairs of men which, taken at the flood, leads on to fortune!

This truism from Shakespeare was never so true as in these twentieth century days of unexcelled prosperity in business and industry. This prosperity, however, will not continue indefinitely, and, if you are wise, you will not delay in preparing for the inevitable "rainy days" to come.

NEWRAY as an investment

is the most attractive issue in the Porcupine list today. It is just commencing to come into its own, and the indications are that the company will join the list of big producing mines within the next few months. Newray shares are selling today in the open market at \$1.32, which, in consideration of the low capitalization of the company, and the enormous acreage of the property, is far below their intrinsic merit.

We confidently believe Newray is now on the way to \$2.00 a share, and recommend the immediate purchase of the stock for big profits.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Die."

His Rupture and Book Sent Free. Captain Collins called the sea for himself, his condition—and at least he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man.

ANYONE can use the same method. It is simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collins book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. The book and medicine are sent free to anyone who sends for them.

FREE REMEDY BOOK AND REMEDY OUPON. Capt. W. A. Collins (Inq.) Box 164 Waterbury, N.Y.

\$20 will put you right in the front class of good lookers for Easter and for every day. Though the price of living and clothing and everything but air has gone up, up, up, still we can give you good suits from \$15 up.

THE GROCERY MARKET

The following comment on the market situation regarding foodstuffs appeared in Canadian Grocer last week: Flour has been in a fluctuating mood during the week under the stress of the same sort of condition in the wheat market. There was a decline in flour registered when wheat slumped, and with a recovery in the price of the latter the market for flour is again in a firm position if the price of wheat holds. Potatoes also glided to lower levels during the week.

But the foregoing are the extent of the declines during the week, while the advances have been numerous. Sugar held in firm market, with the demand tending to the quiet side. Both live and dressed hogs were easier in price during the week, but under the influence of a good demand, cooked meats held firm. Butter was steady, while eggs were firmer, due to the big increase in consumption and higher prices in the Chicago market.

There is very little improvement in the tea situation, as importers have had small success in getting supplies started from Ceylon and India. There is strong probability that an acute shortage will develop in the Canadian market before sufficient additional supplies can be obtained. Prunes are in firm market, with advances announced by importers for spot stocks. New prices on English candied peels have been announced, which are in the neighborhood of 20 per cent higher than the opening price of last year. Some wholesalers have already advanced prices on their stock.

The first Porto Rican pineapples of the season arrived during the week. Bananas are high in price, owing to the scarcity occasioned through shortage of tonnage to bring the fruit to the United States. Shipments of goods were restricted during the week by the announcement by one of the railroads of an embargo on all perishable goods out of Toronto. This embargo was in effect three days. Trade has kept up well during the week.

Colds or Coughs SHOULD NEVER BE NEGLECTED

If They Are, Some Serious Lung Troubles Are Sure To Follow

A cold or cough, if neglected, will sooner or later develop into some sort of lung trouble, so we would advise that you get rid of it before it becomes settled. For this purpose we know of nothing so quick and effective as Dr. Wood's Norway Pine Syrup. This preparation has been on the market for the past twenty-five years, and has always given universal satisfaction.

Mr. Erwell Bolton, Wilton, Ont., writes: "Last winter I was caught in a storm and had to stay in a barn all night. I caught a severe cold which several medicines failed to cure. I went to some of the best doctors but these failed to do me any good. A friend advised me to use Dr. Wood's Norway Pine Syrup. I used three bottles and they gave me instant relief. 'Dr. Wood's' see that you get the genuine, put up in a yellow wrapper, three lined, the trade mark and bearing the name of The T. Millburn Co. Limited, Toronto, Ont. Price 25c and 50c.

Many Reforms Are On Programme For The Social Service

These include Abolition of Patronage, Child Welfare, Home for Feeble-minded, Woman Suffrage, Woman Factory Inspector, Reform of Election Laws, and Others of Importance

The social service council of New Brunswick yesterday passed resolutions calling for a number of important reforms and appointed committees to gather information and press these matters upon those in authority.

A MILLIONAIRE FOR A WEEK ON MONEY THAT HE DID NOT OWN

McDonough Brought to End of His Game in Boston - Lavished Tips on Chauffeurs and Others

Boston, March 28—John J. McDonough, alias John J. Kenney, twenty-three, of Perth Amboy, N. J., the "Million Dollar Kid" for a week, who was arrested as a result of a tip that he was at a South End hotel, spending and giving away his money, was not so happy in the Municipal Court.

Investigation of how the money was spent is a story that he bought a chauffeur a \$50 overcoat, and that the chauffeur had in New Bedford for a week and who brought him to Boston, was paid \$30 a day, given for his meals, etc.

ATHLETIC

Meredith May Enlist

Philadelphia, Pa., March 28.—Ted Meredith, famous former Pennsylvania athlete and holder of the world's quarter and half-mile running records, has offered his services to his country. He announced today that he intended to enlist in the aviation corps, and is arranging his business affairs so that he can start taking instructions as soon as he is accepted.

WAS BOAT

Joe Borrelli, who recently shaded Roddie McDonald, was defeated by Slient Martin in the star bout at the Broadway Sporting Club, Brooklyn, Saturday night. Borrelli had only one round. Martin landed flush in the seventh round and nearly had his rival out, but superior cleverness enabled Borrelli to stall through the rest of the bout. It was a decisive victory. The weight: Marlin, 154 1/4; Borrelli, 157 3/4.

BASEBALL

Gibson Will Join Giants

Cincinnati, O., March 27.—The veteran Canadian catcher, George Gibson, was yesterday declared to be eligible for service by the National Baseball Com-

mission. The New York Nationals obtained Gibson last fall when Pittsburgh asked waivers on him. Gibson, however, at that time refused to join the New York team.

He recently applied to the commission to be returned to good standing, stating that he desired to join the New Yorks, which team had retained him on its 1917 reservation list.

Magnates to Help Red Cross

Milwaukee, Wis., March 28.—P. A. F. Timmie of the Milwaukee American association baseball team, announced on Tuesday that he would give 10 per cent of the profits of his club this season to the Milwaukee Red Cross to assist in equipping a base hospital of 400 beds, the donation being contingent on the event of actual warfare.

Indian to Coach Yale

New Haven, Conn., March 27.—White Eagle, an Iroquois Indian, has been engaged to coach the lacrosse team at Yale this season. White Eagle volunteered his services, and Yale men believe that the Blue will be represented by a strong and well balanced team in the new game.

C., Gloucester, and according to those who witnessed the play, Quimet averaged

Says Ray Can Run The Mile In 4.11

New York Gym Expert Dilates on Performance of Sprinters

The early bird catches the worm and the early speed wrecks the record. When on the trail of Father Time one cannot husband any too much energy for the last dash for the tape. Lying back and waiting for the finish may be a sure bet but it will not smash records. When a runner wants to erase something from the record book he must start in earnest at the gun and keep it up every step of the way, says "Sprinter" in the New York Sun.

Which all touches on the recent Overton-Ray mile race in Madison Square Garden and the failure of Ray to "rip out" Overton's indoor mile record of 4.16. Both Overton and Ray are capable of stepping eight furlongs over the boards in better than 4.08. No expert would think it impossible for either to break last half mile in 2.02-2.5 caused Overton to crack, but it didn't even better the record tremble.

If Ray had run his half in 4.06 or better he certainly would have come home under 4.16. Ray can step a half mile in 2.06 and expend only a heart-ache more energy than he did in turning in 2.10-2.5. A top of his 2.06 half he could plant a second half in 2.06.

No expert who has seen the Chicagoan in action doubts for one minute Ray's capability of running a mile with halves of 2.06 and 2.08 respectively. In the condition Ray recently has been in the water he could have broken the record in 4.11 mile. Yes, sire! And if Joe can hold his present form this summer's campaign most likely will prove the contention.

The only mile who ever hung up great time for the mile in which the first half was not a fast one is John Paul Jones. And had John Paul Jones run the right kind of a race the day he turned in his famous 4.14 2-5 the lanky cornelian certainly would have covered the mile around 4.10. The writer only is repeating a statement he made on the way of the great mile by Jones.

The same opinion has been made by such recognized athletic authorities as the late James E. Sullivan, Lawson Robertson, "Sparrow" Robertson, "Pouch" Donovan, Johnny Mack and others.

When Jones ran his remarkable 4.14 2-5 mile he covered the first half in 2.09-2.5 and raced his last half mile in 2.08. He practically made all of his running on the last quarter, stepping the two furlongs in 88-1-5 seconds. If there had been anyone to push him on the

ed at least from 250 to 275 yards from the line.

WRESTLING

Frederick Gleason—Arrangements are being made for Chas. Allen, the local middleweight champion, wrestler to meet Dan McDonald, the New Glasgow, N.S., wrestler in a wrestling match in the city for a good sized purse. Allen and McDonald have had several matches held here in Frederick and in other cities, and both are well known participants of the wrestling ring and should provide a good evening's entertainment. Allen is in the best of training and should give McDonald a hard fight. This match will be arranged so as to take place sometime in the near future. Sport of all kinds has grown rather slack in Frederick, and this spring it is expected that it will be renewed in all lines, and with an increasing interest to be shown by the public.

Seattle Wins Championship

Trin Canadiens 9 to 1 in Deciding Game—Frenchmen Lacked Aggressiveness

Seattle, March 27.—The Seattle Hockey team annexed the highest honors in hockey last night when they met and last quarter the Cornellian probably would have run in even more remarkable time.

When W. G. George made his world's professional mile record of 4.12 3-4 his first two quarters were turned in 88-1-5 and 88-1-2 seconds respectively. Paired every step of the way by Billie Cummings, George ran his third and fourth quarters in 85-3-4 and 85 seconds respectively. Compare the quarters in the George-Cummings duel on the Lillie Bridge track—88-1-5, 88-1-2, 85-3-4 and 85—with the quarters in the Ray-Overton duel in Madison Square Garden—88-2-5, 88, 80-3-5 and 82, and the reason why Ray did not smash the record is apparent.

Remembering Ray's two first quarters the first and second quarters made in other famous mile races. When Tommy Conniff did his 4.15 3-5 mile at Travers Island in 1895 his first two quarters were 89 and 88 seconds respectively. When Tincler led Conniff home in 4.15 1-5, in their memorable professional mile match on old Worcester Oval in 1897, George did his first quarter in 87 seconds and his second in 88-1-5. In Kilgus' 4.15 3-5 race in 1912 Abel's first two quarters were run in 89 and 84-2-5 seconds respectively.

When Norman Taker made his world's amateur mile record of 4.12 3-4 the Brunonian turned his first quarter in 88 seconds and his second in 87 seconds. Taker's record was made responsible by slashing first and last quarters, his opening quarter of 88 seconds being popped by the last quarter of 89-3-5.

If the running had been made right from the gun, as it should have been, in the recent Overton-Ray duel, the winner certainly would have come home under 4.15. Both runners have shown themselves capable of it. When Overton did his 4.16 over the boards at Philadelphia he ran his first half in 2.09-4-5. A faster first half that evening would have resulted in faster time than 4.16 being turned in.

defeated the Montreal Canadiens in the fourth and final game of the series for the Stanley Cup. The score was nine goals to one.

Starting in a manner which threatened to give the local team trouble the Flying Frenchmen couldn't keep the pace and in the latter stages of the battle the Seattle forwards rained goals through the net. The speed of the local team again won for Seattle. The Mets outskated and bested the Montreal players at every turn. At times the visitors showed flashes of the form they exhibited on the first night, but for the most part they lacked the dash and aggressiveness expected of them.

The visitors seemed tired and listless and plainly showed the strain of former struggles. Again and again the Seattle skaters rushed through their defenses for scores. Bertie Morris seemed to be the principal fly in the Montreal ointment, the Seattle forward snagging free scores alone. Captain Foysson followed with three. Pitre who shot goals like a world beater on the opening night got the only Canadian score late in the struggle.

A peculiar feature of last night's contest was the lack of roughness, not one player was sent off the ice by the referee and the penalty bench was deserted all through the game. The play was clean all the way but lacked the thrills and excitement of other three contests.

The victory for the Mets makes Seattle the first American team which ever won the Stanley Cup.

Manager Kennedy admits his team was outskated. He said his boys never had a chance and that the speed of the local men was altogether too much for his players. He believes, however, that with Noble in the line-up his team can trim the champions. They will get a chance to make good Wednesday night when the same teams play for the gate receipts, after this game the teams will go south where they will play a series of three games in San Francisco.

Waco Nine Lose To N. Y. Giants

Galle and Pesreau Hold Texas Champions to Three Hits

Waco, Texas, March 26.—The Giants scored their eighth consecutive victory over Texas League teams here today when they repulsed the Waco champions by a score of five to one. Salie and Tesreau reduced the locals to an almost helpless batting combination. All of the three blows were by the Texas men, charged against Salie in the first five innings, one being a home run over the left field fence by Moore in the fifth frame.

The Texas League champions did not permit the Giants to make a runaway of the game. They presented two good pitchers and had it not been for numerous errors the score would have been quite respectable. Six of the seven Waco misplays struck New York runners in first base.

McGraw and his men running bases early in the fray. Five sacks were punished in the second and third innings. With the basos crowded in the second session, Herzog Zimmerman stole home and the other two runners completed a triple steal. Later Kauff tried to duplicate Zimmerman's feat but was caught at the plate.

In the fifth the Giants made a home run, a double, and a single, and a man reached first base on an error. Yet only one run was scored. Burns hit the Shocker diaphragm up for the regular. The game ended in a two-two tie after nine fast rounds.

The best pitching of the game was that portrayed by Shocker. He relieved Flery in the fifth with the score two-one against him and held his opponents to one hit and no runs for the rest of the game. His splitter, according to the Gotham critics, was like forked lightning, and rendered their bats useless.

In a recent interview in a N. Y. paper, Manager Donovan intimated he hopes to place more reliance on Shocker this season than any pitcher of his staff. He also said either Shocker or Ray Caldwell would open against the Boston Red Sox at the Polo grounds on April 11th. Ottawa fans down in the metropolis for the Easter holidays will have a chance of seeing the crack young spitter, who dazzled many a ball team at Lansdowne Park, perform against the world's champions.

Studebaker

Economy is Cost Divided by Time

The reason why the Studebaker Four is the most economical four is because of the extra quality, the extra safety, the extra power, the extra low upkeep.

Extra safety means the extra feature of strength which takes the strain of the shock which wrecks the small cheap car.

Extra power means smooth, vibrationless operation, not the jarring, jerking, racking strains of over exerted power.

Extra low upkeep is the sum of the advantages mentioned above, and it is the sum of economy, and that is why Studebaker believes it is better to put a little more money and a great deal more quality in manufacturing a car like the Series 18 at \$1375, and at the same time give you genuine leather upholstery and the same quality of fittings and equipment that you find in cars costing more than twice as much as the Studebaker Four.

We repeat that the Studebaker Series 18 is the most economical four in the world. Come in and ask for demonstration.

Daily large quantities of ice come down the St. John river.

MICHAEL McLEOD

Many will learn with regret of the death of Michael McLeod, a well known grocer of Main street, which occurred early this morning in the General Public Hospital. Mr. McLeod was 63 but a short time. He was about sixty-three years old and is survived by one brother, John McLeod of this city. The funeral will take place on Saturday morning from the residence of his brother, 87 Main street.

RECEPTION AT MANOR HOUSE Mrs. MacLaren Brown, the distinguished guest of the Women's Canadian Club, will be the guest at a reception at the Manor House at Glen Falls this afternoon at half-past four, and members of all the patriotic societies will have an opportunity to meet her. H. A. Powell, representing the Women's Canadian Club, will receive and other ladies will assist at that premises to a most interesting and enjoyable affair.

MRS. MARY WILLIAMS

Word of the death of Mrs. Mary Williams, which took place at the home of her daughter, Mrs. John Yuskowsky, in Brooklyn, N. Y., on March 19, was received here last evening. She was formerly a resident of this city and moved to Boston some twenty years ago. She had been in poor health for some time. She is survived by her husband, Michael of New York and Louis of Boston, and four daughters, Mrs. Thomas McDonald of East Boston, Mrs. Elizabeth of Boston, Mrs. Frank Hobbs of East Boston, and Mrs. Yuskowsky of Brooklyn. Interment took place in Boston.

DIED IN AMESBURY

Many will learn with regret of the death of Mrs. Hartley McBeath, of Amesbury, Mass., a former resident of this city, which occurred at her residence yesterday afternoon. She removed to Amesbury twenty-two years ago with her husband. While residing in this city Mr. McBeath was an employee of the A. G. Edgcombe carriage factory as a painter. Besides her son-in-law, Mr. McBeath is survived by two daughters, Elizabeth M. at home, and Miss Jean M. now studying nursing in a hospital at Haverhill, Mass. Mrs. R. D. Lewis of this city, is also an in-law. She will leave this evening for Amesbury to attend the funeral.

FUNERALS

The funeral of Hugh J. McElroy took place this morning from his late residence, 608 Main street, in the Presbyterian church, where high mass of requiem was celebrated by Rev. Peter Costello, C. S. B. Interment was made in the new Catholic cemetery.

The funeral of Mrs. Bridget Ferris took place this morning from the residence of her son-in-law, I. C. Brown, 228 City road, in the Cathedral, where high mass of requiem was celebrated by Rev. Miles P. Howland. Interment was made in the new Catholic cemetery.

The funeral of Mrs. Jean Devine took place this afternoon from her late residence, Prince William street. Services were conducted by Rev. W. Brown and interment was made in Fernhill.

THE CITY-WIDE MISSIONS The Methodist churches of the city are throwing themselves enthusiastically into the city-wide mission effort. Last evening the attendance at the services, particularly at Queen square, Eamouth street and Portland was unusually large while at Centenary, Carmarthen street and Zion above the average number were present.

The patient for the most part conducted by their officials and choir. Rev. Neil Moushlin reports a profitable altar consecration service and Rev. Hammond Johnson mentions that several persons made confession of their desire to live a better life. The services at Carleton and Fairville are also being well attended. In the latter place a union service was held in the Methodist church, which was addressed by Rev. Percy R. Hayward.

FAIRVILLE W. M. S. MEETING Yesterday afternoon at 8 o'clock was held at the residence of Mrs. W. A. Nelson, Manawagonish road, by the Fairville Methodist branch of the Missionary Society, and was well attended.

Mrs. Gilbert Earle, president, occupied the chair, and at devotional exercises conducted by Mrs. I. O. Beatty and Mrs. John Johnston, an illustrated map talk on "The Work in Canada and Japan" was given by Mrs. Hickson of Carleton, which proved very interesting and instructive.

An appropriate reading, "The Story of Grandma's Thank Offering" was read by Mrs. Beatty and a prayer paper by Mrs. E. A. Westmorland on "Sacrifice."

The annual Easter offering in aid of missions was taken up the result being most satisfactory. During the afternoon Mrs. W. C. Good of St. John delighted the gathering with several vocal solos.

Dainty refreshments were served at the close of the service.

NEW I. O. G. T. LODGE

On Tuesday evening, March 27, Rev. H. Stavert gave a temperance lecture in the public hall, Midland, Kings county, N. B. Walter Baxter occupied the chair and introduced the lecturer. For about half an hour Mr. Stavert used a stereopticon and threw on the screen slides showing the evil effects of tobacco and intoxicating liquors on the human system. At the close of the lecture an I. O. G. T. lodge was organized. The work of organization was done by Heber Huggart, Murray Harne and Frank White. The following is the list of officers that were elected—Lodge deputy, R. G. Price; chief tempter, Amos Day; vice tempter, Mrs. Bertha Price; past chief tempter, Clarence Walker; recording secretary, Levi Sheppard; assistant secretary, Miss Bernice Walker; treasurer, Miss Ethel McKenzie; financial secretary, Mrs. E. G. Price; chaplain, Merril Jones; marshal, Walter Baxter; deputy marshal, Mrs. Heribert Sherwood; guard, Herbert Sherwood; sentinel, John Hall. This lodge starts off with a membership of thirty-five and gives great promise.

MORE ABOUT THE NEW HEAD TAX

Its Effect on Canadians Going to United States

MATTER OF REFUND

The \$8 Will be Returned if Traveler Returns in 30 Days—Under Certain Conditions Tax Will Not be Enforced—A Suggestion of Way to Save Trouble

Some days ago it was announced that on May 1 the American Immigration Department would put into effect a regulation under which all people entering the United States, other than American citizens, would be required to pay a head tax of \$8.

Some further information has since been received. We, in St. John, are particularly interested in its application to this city, and to the province of New Brunswick. It is learned that any Canadian well known to the inspectors and satisfying the officials that he does not intend to remain permanently in the United States, will be required to pay the tax, but it will be required of all who are not known or who intend to remain permanently in the United States.

On payment of the money, a refund receipt will be given. On this will be the name, description and other information about the person. If this receipt is presented on return to this country within thirty days the money will be refunded.

The object of this tax is not known to local officials, they simply act on instructions. They express a desire to make the application of the order as easy as possible to all and for this reason they suggest that all people traveling to the States from here should first call at the local office of the department at 89 Union street. By doing this, they will avoid questioning on the trains and possible detention if found not able to comply with the regulations.

The new law will be effective on May 1, unless orders to the contrary are received in the meantime, but meanwhile the suggestion of a call at the Union street office applies to all times.

Ottawa, Ont., March 29—Some misunderstanding seems to exist as regards the proposed head tax on Canadians entering the United States. It is not a Canadian but an American regulation. Heretofore foreigners entering the United States, excepting Canadians, have been subject to a head tax of \$8. There has been no tax on Canadians or any person who had resided a year or more in this country. Under the new American regulations to take effect on May 1 the head tax is increased to \$8 and it is understood that it may be applied to Canadians entering the United States for residence.

Authorities here in doubt as to the exact effect of the regulations, but it is understood that Canadians visiting the United States may obtain identification cards, otherwise they may have to pay the head tax which will be refunded if they return within a certain specified period.

St. John officials say they have not yet been apprised of the regulations to be framed.

PTE. W. J. NASH OF HAVELOCK HAS GIVEN HIS LIFE

Word reached the city yesterday that private W. J. Nash of Havelock, N. B., had been killed in action. Private Nash was a young Englishman and so far as known, had no relatives on this side of the water. He enlisted in Havelock on Nov. 10, 1915, in an infantry battalion. He had many friends in this city, who will regret to hear of his death.

PRIVATE SOMERS MEETS DR. C. M. PRATT AT FRONT

In a letter received from the front from Pte. Wm. Somers to his wife at Paradise row, he spoke of seeing Dr. C. M. Pratt, of North End, and having a long chat with him; also some boys of the 28th Battalion, among whom was Wm. MacKay. Pte. Somers is enjoying good health, and also were all the St. John boys whom he has seen so far.

G. E. ROBERTS DIES SUDDENLY

George Edward Roberts of 88 Metcalfe street, while at his work last night in the Purdy & Green lime quarry in the Millidgeville road, died suddenly. He was apparently in the best of health when he left his home in the evening to go to work. About twelve o'clock he remarked to a fellow workman that he felt faint and he went over to a chair and sat down. No sooner had he reached the chair than he fell in a faint and died in a few minutes. The cause of death is thought to be heart trouble.

Mr. Roberts is survived by two sons, Cecil W. and Clarence, both at home; four brothers, T. B. Roberts and F. F. of Fair Vale, and D. S. and W. W. of this city.

Parke-Hughes

A quiet, but very pretty wedding, was solemnized last evening by Rev. R. P. McKim at the home of the bride's mother, Mrs. Catherine E. Hughes, when her youngest daughter, Annie Kate Montgomery, was united in marriage to Melvin Wallace Parke.

The bride was unattended, and was given away by her brother, Allan R. Hughes. She was formerly employed in M. R. Auld Ltd. and was suitably remembered by the young ladies in her department with a beautiful cut glass vase set.

The groom, who is local manager for Furnishers Limited, was given a silver bag and a suit, and also received a substantial check from the president, W. E. Earle. The young couple were also recipients of many beautiful presents of cut glass and silver. Mr. and Mrs. Parke will reside in St. John.

WONDER MIST

As the name implies, is a wonderful preparation, applied by a sprayer in the form of a mist, for the cleansing, polishing and beautifying of furniture, floors, wood-work of all kinds, marble, bronze; in fact, every surface which becomes dull and needs reviving.

For use on automobiles it provides the quickest and most satisfactory method of polishing the highly finished surfaces and preserves their lustrous appearance to a remarkable degree.

The method of applying makes it very economical, and a given quantity goes four times as far as other liquids applied in the ordinary way.
