CHICAGO'S RACE RIOTS BECOMING MORE SUBDUED

Impressed by the Presence on the Streets of 5,000 Soldiers the Rioters Are More Cautious About Their Acts.

Chicago, July 31.—Race war terror and bloodshed had abated tonight, after four days and nights of rioting, but violence continued to occur sporadically, notwithstanding a force of 5,000 state police and 1,000 police on duty in the South Side quarters.

Three More Deaths. Three negroes died today of bullet wounds, making the death toll thirty-two, of whom 18 were negroes.

Thousands of negroes were reported on the streets last night by Governor Lowden, on the request of Mayor William Thompson.

Negroes Are Quiet. The negro area was comparatively quiet tonight. The presence of the troops, apparently, had calmed the negroes' fears, and had a salutary effect on disturbing elements among both whites and blacks.

Food supplies were rushed into the negro sections by cooperation of the Wholesale Grocers Association, the police and the streets.

Among today's disorders, only two involved any considerable number of persons. Several hundreds of whites, in search of food, were driven from the "dead line" by white chauffeurs, when they were relieved by negro drivers under police escort.

TO RAISE SALARY OF AMBASSADOR TO UNITED STATES

Great Britain Finding it Difficult to Secure a Suitable Appointee at Present Salary.

London, July 31.—In consequence of continued inability to find a suitable appointee to the British Embassy at Washington, the government, says the Daily Mail, proposes to raise the salary attached to the post, which, up to the present, has been £10,000 a year.

THE PORTUGUESE RAILROAD STRIKE BECOMES SERIOUS

Strikers Fire on Military Guard Which Was Compelled to Return the Fire.

Lisbon, July 30.—The strike on the Portuguese railroads, which has been in progress since early this month, is developing more seriously. Strikers today fired at the Campoli Station in the suburbs of Lisbon, in which the troops on guard replied. Several on both sides were wounded.

COMMITTEES NAMED BY THE LIB. ADVISORY

The Liberal Advisory Committee After Its First Day's Session Had Nothing to Give to the Public, Aside from Committees.

PREPARING FOR IMMENSE CROWD. The Former Scene of Fat Stock Shows Being Made Ready to Accommodate Four Thousand.

Ottawa, Ont., July 31.—Apart from the announcement of the personnel of a number of committees, nothing was given out to the press, following the morning and afternoon sittings of the Liberal Advisory Committee today.

Committees, so far as named, are as follows: Resolution on death of Sir Wilfrid Laurier, and Monument—Hon. Sydney Fisher, chairman; Sir Alan Aylesworth, Hon. Rodolphe Lemieux, Hon. W. S. Fielding, D. D. McKenzie.

Trade and Commerce—A. R. MacMaster, M. P., chairman; Hon. W. S. Fielding, Hon. G. P. Graham, Hon. Frank Oliver, Hon. S. Fisher, Ernest Lapointe, Hon. John Oliver, W. H. White, G. Tarsion, Sir Alan Aylesworth, Hon. Rodolphe Lemieux, Hon. W. S. Fielding, D. D. McKenzie.

Organization—Hon. J. E. Boyfa, chairman; D. D. McKenzie, Hon. G. H. Murray, H. H. Dewar, Hon. Charles Murphy, Hon. Jacques Bureau, Hon. P. McArthur, Joseph Archambault, Hon. H. J. Clavin, P. F. Casgrain, F. S. Cassell, W. J. Euler, Auguste Ledger, S. W. Jacobs, J. J. Dennis, H. H. Horsey, Hon. John Oliver.

New arrivals this evening to attend the meetings of the committee and the convention included Premier Martin, Hon. S. Fisher, Hon. J. Dewart, Liberal leader in Ontario, M. Macdonald, ex-member for Pictou, N. S., Mr. Fred Pardee and Duncan Ross.

Preparations for the convention are being rushed. Howick Hall, which in past years has been the scene of fat stock shows, motor shows, soldiers' barracks, etc., has been converted into an auditorium capable of accommodating four thousand people.

MRS. AKERLEY AGAIN HEADS LADIES' ORANGE BENEVOLENT ASSN.

Elected for the Fifth Consecutive Year — To Consider Prostatant Orphans' Plans Today.

Ottawa, Ont., July 31.—Evinces strong confidence in their leaders, the delegates to the Grand Lodge meeting of the Ladies' Orange Benevolent Association, at a lengthy session this evening, re-elected Mrs. G. O. Akerley, of St. John, N. B., as their Most Worshipful Grand Mistress, this being her fifth year of office.

POGROMS AMONG JEWS IN UKRAINE TOWNS

New York, N. Y., July 31.—Louis Marshall, chairman of the Committee of Jewish Delegations at the Peace Conference, made public here, today, a cable message from Leo Motzkin, secretary of the committee, now in Paris, in which it was alleged that 120,000 Jews, including 1,500 school children, had been killed in "new and terrible pogroms during June at Kamienetz, Podolsk, Katsigorod, Ourinane and other cities and towns in Ukraine.

AEROPLANE WEDDING WHICH AWED THROUG AT CARNIVAL

The most unique feature at the New York Police Department's carnival at the Sheepshead Motorrome, New York, was the aerial wedding of Miss Milly K. Schaefer, of Seagata, N. Y., and Lieutenant George H. Burgess, of the army aviation service. The groom and his bride went up in one plane, the best man and the bridesmaid in another, and the clergyman performed the ceremony by radio telephone.

The London Police Go On Strike

Their Grievance is the Bill Before Parliament Which Allows Police Union But Prohibits Affiliation.

London, July 31.—(By The Associated Press).—An immediate strike of the London Police was decided upon tonight at a mass meeting held in various places. The grievance of the police is the bill before parliament reorganizing the department. This provided for the organization of police unions, but prohibits its affiliation with labor unions, and prohibits policemen from going on strike under any circumstances, with heavy penalties.

Secretary Hays, of the National Union of Police and Prison Officers, has issued an order, in the name of the executive committee, calling out all the members in the kingdom at once, and also an appeal to all organized workers to move to our support at our earliest convenience.

The Police and Prison Officers' Union, which is the policeman's own union, regards the bill as an attack not only upon the policeman themselves, but upon the whole labor movement, which begins: "The government has dared to persist in its effort to utilize the political machinery to destroy your undoubted right to organize for the legal protection of your own interests."

It proceeds to explain that preservation of the union is the only means whereby the men can retain their hard won freedom as citizens, and continues: "The passage of the police bill will mean the complete destruction of your union, the existence of which was fully agreed to by the Prime Minister on the night of the 21st, 1918, and again by Lord Cave, on behalf of the government, on September 21, 1918."

MRS. AKERLEY AGAIN HEADS LADIES' ORANGE BENEVOLENT ASSN. Elected for the Fifth Consecutive Year — To Consider Prostatant Orphans' Plans Today.

Ottawa, Ont., July 31.—Evinces strong confidence in their leaders, the delegates to the Grand Lodge meeting of the Ladies' Orange Benevolent Association, at a lengthy session this evening, re-elected Mrs. G. O. Akerley, of St. John, N. B., as their Most Worshipful Grand Mistress, this being her fifth year of office.

BRITONS FACE POSSIBILITY OF BAKERS' STRIKE

The Proposed Strike is Threatened to Enforce Demands of Men for a Minimum Wage of \$20 Per Week and 44 Hour Week.

London, July 31.—Possibility of a national bakers' strike, which the Labor Ministry was trying today to avert, added to the anxiety newspapers displayed today, over failure so far to settle the Yorkshire miners' strike. Sir Robert S. Home, Minister of Labor, met with the British war cabinet today and explained the miners' position. He arranged to confer late today with a deputation of mine workers, but leaders on both sides agreed that it was difficult to determine what should be the next step toward settlement.

The newspapers in their editorial today, commented upon the danger to industries.

"The best thing for us to do," said Herbert Smith, head of the Yorkshire Miners' Federation, "is to sit tight and say nothing; then we will not be misrepresented or misunderstood."

HALIFAX FOLKS INJURED IN AN AUTO ACCIDENT

Returned Soldier Has Spine Broken and Young Lady Receives Injuries Which May Prove Fatal.

Halifax, July 31.—Word was received from Bear River this morning that the condition of Miss Winifred DeForest, secretary to the manager of the Imperial Theatre, who was badly injured in an automobile accident, has much improved. Miss DeForest, whose home is in Bear River, left Halifax last week to spend her vacation at her home and, while motoring with three friends, the car in which she was riding was knocked over a sixty foot embankment by a big touring car and then dropped twenty feet to a river. One of her companions, Mr. Porter, a returned soldier, had his spine broken, and is now in Camp Hill Hospital. Miss DeForest was badly injured and although her condition is improved her recovery is doubtful. The other two occupants of the car were thrown over the sixty foot embankment, tossed into the river and escaped with few injuries. The escape from death of all four is remarkable, as the car went down the embankment with great force.

REPARATION COM. WILL MEET TODAY

Versailles, July 31.—The first full meeting of the reparation commission, provided for in the German peace treaty, probably will be held here tomorrow at the Trianon Palace Hotel, Louis Loucheur, French minister of reconstruction, conferred today with Baron Kurze von Lerner, head of the German delegation, on matters pertaining to the commission's work.

The Robson Commission Delving Deeply Into All Phases of the Situation Leading up to the Industrial Tie-up.

PRES. OF TRADES AND LABOR TESTIFIES

Winnipeg, Man., July 31.—Conflicting evidence largely to dispute, between Winnipeg Trades workers and their employers, James Winning, President of the Trades and Labor Council, was again on the stand at today's session of the Robson Commission. He told of meetings between building exchange officials and workers when, in response to arguments for increased wages, employers contended that if an increase were granted building operations would cease and the men would be in a worse condition than before.

After several further attempts to reach a settlement, Mr. Winning testified, it was decided to bring employees in the building industry into a council. Building craftsmen earned \$90 a year, while the lowest possible amount on which a married man with five children could live was \$1,500, he said, but employers maintained that though wages were insufficient, the industry was not self-supporting. However, they made an offer of five cents increase, the men demanding thirty twenty and fifteen cents, which they later decided to scale down to a blanket increase of twenty cents.

General Gutierrez, one of the leaders of the revolution, was routed at Tapacotal, according to the Honduran minister here, Senor Fortin.

Colonel Francisco Carbona, was reported defeated yesterday by government forces at Caballitos and Goascoran. At Goascoran Colonel Velazquez was killed.

Another report said: "It was the duty to make the government retract the Prussian heel, and let them know that the workers were the power."

Winnipeg, Man., July 31.—At the preliminary trial of the eight strike leaders, today, the Crown alleged that the One Big Union, to which a large faction of Winnipeg labor is now committed, is part of the seditious conspiracy charged against the accused, and parts of speeches of W. A. Pritchard, chairman of the so-called "Big Five" of the O. B. U. and one of the defendants, were read.

Another report said: "It was the duty to make the government retract the Prussian heel, and let them know that the workers were the power."

B. OF R. T. GIVES
WARNING TO THE
UNITED STATES

President of the Brotherhood
Tells Railroad Administra-
tion Gov't Must Reduce
High Cost of Living
or Calamity Will
Follow.

READY TO JOIN
THE RED ARMY

If Profiteering is Not Curbed
So the Working Man Can
Have Some Show to Live
Decently.

Washington, July 31.—William G.
Lee, president of the Brotherhood
of Railway Trainmen, announced today
that unless the railroad administration
had taken action by October 1, on the
demands of the Brotherhood, that
wages of the trainmen either be in-
creased or the cost of living reduced,
he was looking for the enforcement of
the demands would be taken.

Representatives of the six railroad
brotherhoods who are in conference with
Railroad Administration officials tele-
graphed to shop employees over the
country, today, not to strike pending
final settlement of their demands. The
workers were informed that the Rail-
road Administration had consented to
enter into a national agreement with
the unions covering rules and work-
ing conditions.

Mr. Lee made public an abstract of
the report of hearings recently held
by the board of railroad wages, on the
trainmen's demands, at which he de-
clared an "upheaval" was nearer in
this country today than ever before,
due to the unrest arising from mount-
ing living costs. The Railroad and
Government Departments had better
be assisting "to crush profiteering" by
the "packers and other industries," he
said, than "hounding across the table
at each other" at hearings to consider
still further increases.

Stop Profiteering.
"All of us are to blame," he said,
"because we are exerting every effort
to get more money for ourselves and
better conditions. Every day we must
realize that the profiteers are taking
double from the workmen what is
given them; and the trouble with the
people on the hill (capital), with us
and with every corporation and with
everybody, is that we are exerting
ourselves to get the dollar while the
workmen are merely existing, and
while the profiteering is piling up mil-
lions."

"I will admit to you, gentlemen, that
we are going the wrong way. I admit
to you that it is time to call a halt;
and I admit to you that, until we get
together, until we commence together
to stop this, there will be hell in this
country—and it is nearer today than I
ever knew it in my years of experi-
ence. Just let somebody drop a
match in this country of ours and it
will be a sorry day for all of us."

Something Coming.
"Unless my vision is most terribly
obscured, then, there is something
coming to us pretty soon in this coun-
try that we had better take notice of.
We had something of peace in this
country prior to the war conditions.
We were getting along fairly well un-
til profiteering became so noticeable
everywhere."

"We are nearer war in this world
today, I believe, than when the
Kaiser threw down the gauntlet. Our
law makers are to blame, in my opin-
ion, because the masses of the people
would be behind them if they would
attempt to correct it; but surely there
is power to correct it; but instead
they are playing politics, as some of
these labor organizations are playing
politics, and it is the same all down
the line."

Answering questions, Mr. Lee said
he did not believe in giving any one
class advantages at the expense of an-
other, but said as long as present
methods continue he believed in every-
body getting his share as nearly as he
could, "until the final upheaval comes,
and, in my opinion, it is looking us in
the face."

Will Follow Red Flag.
He declined to suggested how prices
could be reduced, saying the country
was paying millions of dollars to the
men on the hill (capital) who are sup-
posed to have all the brains in the
country, and they are not acting to
stop the increases.

"I am not a Red Card man, but I am
coming close to it, if this thing keeps
up," Mr. Lee said.

Asked what would be his opinion as
to wage rates based on present food
prices, if the price level should de-
cline materially, Mr. Lee said he did
not feel justified in going into the
question, but asked to be allowed to
tell of his experiences in the recent
strike in Winnipeg, where, he said, he
found conservative, home-owning mem-
bers of his organization throwing away
all they had gained in twenty-five
years of membership and joining the
general strike, because they said:
"To hell with all this; we cannot
stand it any more. Come with us and
we will correct it."

Mr. Lee said they could not make
contracts for the future, not knowing
what tomorrow would bring forth. He
declared he could not justify the fact
that wheat was \$2.36 in this country
and flour perhaps \$14 a barrel, when
four made from the same grade of
grain sold in England for \$5.11.

"I want, if possible, to see some
plan devised here that will permit
somebody to say that beef, pork and
commodities of that kind cannot go
above a certain per cent.," Mr. Lee
said.

Mr. Lee also expressed emphatic
disapproval of "cost plus" war con-
tracts, by which he said owners of in-
terior factories had obtained fine
plants and big profits at the expense
of taxpayers. It was such things, he
declared, which caused the railroad
employees, faced by growing expenses
to be willing to follow a Red Flag or
anything that comes along.

Common Council
Met In Committee

Decided Yesterday to Hold
Conference in Regard to
Proposed Harbor Commis-
sion—Other Matters Dealt
With.

In committee the common council
yesterday morning decided to hold a
conference in regard to the proposed
harbor commission to which would be
invited the local members of the Fed-
eral Parliament, the local representa-
tive of the railways' commission, the
Board of Trade and other organiza-
tions concerned in the proposed new
harbor control, in addition to individ-
ual representative citizens.

Attention was again directed to the
fact that the city has not received
from Ottawa any formal official ad-
vice about harbor commission, and
both the Mayor and the Commissioner
of Harbors voiced regret that the gov-
ernment had, despite evidence of con-
siderably greater outlay by the city,
indulged in the "small business" of
reducing the harbor valuation from
\$2,500,000 to \$2,000,000, and this in
spite of early advice that the city
would be offered \$2,300,000 for the
property.

Authority was granted for the pay-
ment by the city of the office rental
for this year of the Dominion-Provin-
cial Labor Bureau, and authority was
granted the Commissioner of Water
and Sewerage to make a sewerage ex-
tension on Park street at a cost of
\$500, to provide a connecting link with
the proposed sewer on Hawthorne
avenue. The cost is to be met out of
maintenance.

On behalf of clients, Urban J. Swee-
ney offered for a lease of the two
stores on Charlotte street, in the Mar-
ket Building, an increase of \$1,500 per
year over the present rental, and an
increase of \$2,000 per year for a five-
year lease. The offer was referred to
the Commissioner of Safety.

The city solicitor was present dur-
ing the discussion on the proposed
harbor commission.
Com. Bullock asked the Mayor if
in regard to the harbor matter. All
the city has to work on is newspaper
and Hansard reports, he remarked.
When the city has something definite
to work on from official circles, the
city will have to decide if the amount
of money offered is considered suffi-
cient.

According to advice of the City So-
licitor, four out of five commissioners
will have to support a plebiscite before
the question is submitted to the peo-
ple.
Commissioner Bullock was granted
authority to buy \$946 worth of timber
from G. S. Mayes.

THIN PEOPLE
SHOULD TAKE
PHOSPHATE

Nothing Like Plain Bitro-Phosphate
Put on Firm, Healthy Flesh and
to Increase Strength, Vigor and
Nerve Force.

Judging from the countless prepara-
tions and treatments which are con-
tinually being advertised for the pur-
pose of making thin people fleshy,
developing arms, neck and bust, and
replacing ugly hollows and angles by
the soft, curved lines of health and
beauty, there are evidently thousands
of men and women who keenly feel
their excessive thinness.

Thinness and weakness are often

due to starved nerves. Our bodies
need more phosphate than is contain-
ed in modern foods. Physicians claim
there is nothing that will supply this
deficiency so well as the organic phos-
phate known among druggists as bitro-
phosphate, which is inexpensive and is
sold by the Ross Drug Co., in St. John
and most all druggists under a
guarantee of satisfaction or money
back. By feeding the nerves directly
and by supplying the body cells with
the necessary phosphoric food ele-
ments, bitro-phosphate should produce
a welcome transformation in the ap-
pearance; the increase in weight fre-
quently being astonishing.

Increase in weight also carries with
it a general improvement in the
health. Nervousness, sleeplessness
and lack of energy, which nearly al-
ways accompany excessive thinness,
should soon disappear, dull eyes ought
to brighten, and pale cheeks glow
with the bloom of perfect health. Miss
Georgia Hamilton, who was once thin
and frail, reporting her own experi-
ence, writes: "Bitro-Phosphate has
brought about a magic transformation
with me. I gained 35 pounds and
never before felt so well."

CAUTION: Although bitro-phos-
phate is unsurpassed for relieving
nervousness, sleeplessness and general
weakness, it should not, owing to its
tendency to increase weight, be used
by anyone who does not desire to put
on flesh.

SALVAGE CREWS
FACE DEATH IN
VARIOUS WAYS

Salvage Work Has Advanced
Very Rapidly and Become
Very Profitable.

London, July 30.—(Correspondence
of The Associated Press.)—Salvage
crews face death in many ways try-
ing to save the vessels sunk in the
war by German submarines. One of
the most perilous incidents of this
service was that of a navy commander
who cut away the nose of a five cor-
pedo that had become jammed in the
deck of a destroyer. So dangerous
was the task that the naval authori-
ties towed the destroyer three miles
out to sea before they would permit
the attempt.

This salvage work has advanced
very rapidly and become very pro-
fitable. Submersible lifting devices,
never before thought of, have been
devised and put into successful opera-
tion. Dangers from gases due to de-
caying grain cargoes have been elim-
inated by scientific research. Diving
apparatus have been greatly improv-
ed.

THE SUMMER COTTAGER'S COMPLAINT.

I'm not the man to grumble and complain, I'm patient and forbearing through the day; I never raise my voice against the rain, I seldom whine when trouble comes my way.

The children now are sleeping three a-bed, Poor little tykes that fret and toss about; Our guests are wrapped in slumber overhead. Nor dream nor care how much they've put us out.

When one departs another comes to stay, Our visitors arrive by boat and land, And I must row them daily round the bay.

And play the sport and gaily entertain, While mother's making beds I clean the floor. Or go for ice a drivey mile or more; For home and all its comforts now I wish.

Back to our bed and bath in the town, I've had my fill of summer cottage stuff. For home today I'm hungry to the core.

Halifax Woman Spent Hundreds

Mrs. Francis Bently Suffered for Twenty Years—Finds Relief by Taking Tanlac.

Remarkable, indeed, was the statement made by Mrs. Francis Bently, of 53 Brunswick Avenue, Halifax, in an interview, recently. Mrs. Bently declared that three bottles of Tanlac have done her more good than other treatments and medicines that have cost her hundreds of dollars, which she has paid out during the past twenty years in her efforts to find relief from stomach trouble and nervousness.

Mrs. Bently has resided in Halifax all her life and her many friends will be glad to learn of the wonderful improvement in her health. Following is her complete statement:

“During the past twenty years I have suffered beyond words to tell from stomach trouble and nervousness, and, while it may sound unreasonable it's the truth, three bottles of Tanlac have done me more real good than all the other treatments and medicines I have ever taken combined, and besides my husband I have dozens of friends who can tell you the same thing. My stomach has all out of order and I would have nervous attacks when I would tremble all over just like a leaf, and sometimes I would have to hold on to something to keep from falling to the floor. I also had frequent dizzy spells and at times was almost frantic with nervous headaches. Many a night I never slept more than two hours, I was so nervous and miserable. My stomach was in very bad condition and my appetite so poor that I would sometimes go all day without eating a bite. At all times I had to confine myself to the very lightest of foods and even then I would suffer terribly with indigestion and sour stomach. For four or five days at a time I couldn't turn my hands to a thing in the way of work and, really, I hardly had any strength to raise my head off the pillow. Sometimes there were such awful pains across the small of my back that I couldn't stoop over and straighten up without just suffering agony. I didn't want to give up completely and have stayed up many a day when I should have been in bed, and while I spent hundreds of dollars for medicines nothing did me any good to speak of.”

“But some wonderful things happen in this world and the way Tanlac has helped me is one of them. A few weeks ago I noticed Tanlac being recommended very highly and there was something about those testimonials that sounded so sincere and convincing, and everyone I asked about the medicine so much that I told my husband I believed it would help me and that I was going to try one bottle anyway. Well, the first bottle gave me relief, and the results that I got another, then another, and I just kept on improving. I have just now finished my third bottle and am starting on my fourth and I can say without hesitation that I am feeling better than I have in twenty years. I haven't had one of those bad nervous attacks since I began taking Tanlac. My appetite is splendid and my food digests fine, and I am never troubled any more with indigestion and sour stomach. I sleep every night just like a child and, in fact, Tanlac has made me feel just like a new person. When I look back over those twenty years of suffering and then think of a wonderful change Tanlac has made in me in so short a time I can't help praising it.”

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative.—Adv't.

OBITUARY

Mrs. Basile Babineau. Rexton, July 30.—The death occurred at her home in St. Louis, Friday evening of Harriette Vantour, wife of Basile Babineau, aged about 66 years. Deceased had been in failing health for the past year, but death came unexpectedly. She is survived by her husband, three sons and three daughters. The sons are Placide and Zavier, of St. Louis, and Fidelis, of Montreal. The daughters are Emile, a student-nurse of Chicago, who reached home yesterday; Mrs. Amadee Cormier, of Notre Dame, and Apolline, at home. She is also survived by her aged mother, Mrs. Vantour, and two sisters, Mrs. Pierre Richard, of St. Charles, and St. Claire D'Assise, of Basile St. Paul. Also by two brothers, Beloni, Pierre, John B. and Livan.

The funeral took place yesterday morning at the Catholic church, St. Louis, where Rev. Fr. Nadeau celebrated High Mass of Requiem. Interment was made in St. Louis cemetery. The late Mrs. U. Maillet, of this town, was a sister of the deceased lady.

Maxfield D. Libby. Presque Isle, July 30.—News was received here today of the death of Maxfield D. Libby, only child of Mr. and Mrs. Fred E. Libby, in Washington, D. C. Young Libby was employed by an automobile concern and was burned by an explosion resulting in his death. Full particulars have not been learned. Mr. Libby left tonight for Washington and will accompany the afflicted young wife who was Authora Colwell of St. John, N. B., to Presque Isle in company with the body of his son whose tragic death is greatly deplored.

The Political Pot Is Still Boiling

Anti Unionist-Liberals Controlled Convention for Victoria and Carleton Counties—What is Said Concerning the Situation in Ontario.

The anti-Unionist Liberals were strongly in control of the Liberal convention for Victoria and Carleton counties and with the political situation in the constituency still very much “up in the air” the sensational developments which it was said might occur, never came off.

Until Hon. Frank B. Carvell's political future is definitely stated, some of those who have been doing most of the talking don't seem willing to act in the open. There seems to be a tendency to wait to see how the cat is going to jump. It may be significant, however, that some of Mr. Carvell's political friends were among the most prominent at the convention.

The Gleaser says: “It does not appear that Mr. Carvell came in any way under the lash of the criticism said to have been quite freely threatened. So far as the convention was concerned, the resolution deploring the death of Sir Wilfrid Laurier, ‘our revered and respected leader,’ and the other party resolves, were moved by the supporters and personal friends of Mr. Carvell in the Liberal ranks, who have been conspicuously enjoying the Federal patronage, under Union Government, since Mr. Carvell has been in office. And the delegates who go to the Liberal convention at Ottawa go as his friends and supporters, nominated and elected as such. Mr. Carvell could not have hoped for a more satisfactory gathering of the Liberals of his constituency; and there is reason to believe that the logical situation in which he is working in the public life is not giving him the slightest concern.”

Closing the issue. The Toronto Times refers to the Toronto Globe's hope that something may turn up to put the Liberal party on its feet.

“In the opinion of the Globe a general election might clear the air. There is no fog apparent anywhere except in the Globe office. The difference between the Union Government and the Opposition is easily denoted. Mr. McKenzie's party is anxious for the restoration of patronage and administration by ‘influence.’ The government stands for business methods in the conduct of national affairs. “Mr. McKenzie's chief supporters are strongly opposed to public ownership in any form. They denounce even the necessary acquisition of the Canadian Northern Railway. Senator Robertson and the other members of the Cabinet stand with the Unionists everywhere for a better understanding between Capital and Labor. Some of Mr. McKenzie's friends are speeching class-war, and others are uttering reactionary.”

The government refused to throw the war franchise open to folk of alien enemy origin whose hostility towards Canada and Great Britain has been scandalous. The McKenzie Opposition is willing to neutralize the votes of returned soldiers who suffered and bled for the nation by the votes of hostile residents. If the Globe is in favor of such policies as those advocated by the McKenzie Opposition it denies all its past, is naked of principle and clothed of hypocrisy.”

The Montreal Gazette says: “The feeling that unionism in politics has served its purpose has also been shown in Toronto, where what one paper calls the death knell of the idea was sounded at a meeting of the Central Liberal Conservative Association, when the following resolution was passed: “Whereas, This Central Liberal-Conservative Association of Toronto answered the call to support Union Government in Canada during the period of the war, and whereas peace has been now proclaimed; therefore be it resolved, That this association place themselves on record as being firm believers in, and supporters of, that traditional policy that has ever governed the actions of the Liberal-Conservative party in our Dominion, and pledge our loyal and active support to the standard bearers of that party in the future.”

The resolution was unanimously adopted by a standing vote.

“Liberals who do not accept the invitation to turn while the lamp is still burning are getting, from the treatment accorded to Mr. Rowell some hints as to what will be said of them. Mr. Rowell thinks the Unionist Government's work is not yet done, and will stay with it while there is yet duty to do; and he has said so in the Edmonton Bulletin, in its wrathful threat, is moved to say that: In presuming to read himself and his traitorous associates back into the Liberal party and to call in question the validity of the Liberal convention, Mr. Rowell is precisely as much justified as Judas Iscariot would have been to compile a roll call of the early

Christians with himself included and to pronounce upon the representative character of a church conference. And more in the like spirit. It is judged that the President of the Council hit somebody where there was a soreness.”

POLICE COURT CASES YESTERDAY

Thomas Whipple and Harry York were before the police magistrate yesterday charged with being drunk and discharging a revolver. The evidence was along the same lines as the account of the affair in The Standard yesterday. The prisoners were remanded till today so that enquiries could be made concerning the manner in which they secured the liquor. Roy Whipple was charged with assault on Clara Smith. The complainant said that Whipple had twisted her wrists and caused her to fall on the floor. Three other witnesses gave testimony and a fine of \$20 was struck against the accused. John Porter charged with assaulting his wife, was placed under bonds to keep the peace and released. Mrs. Schaffner and Mrs. McNutt, who several weeks ago were charged with neglecting their children, were again in court yesterday. Miss Ross, the police matron, said that the children were being cared for now. The accused were allowed to go on suspended sentence.

Plenty of Action At Baseball Game

St. Peter's and Carleton Play Till Game is Called But Losers Protest.

There was lots of "pep" in the old ball game in Queen Square last night. St. Peter's claims the game but Carleton says it should not count. After four and a half innings of play St. Peter's stood 12 runs to Carleton's one. During the progress of the game one of the umpires left the game and refused to work. Among the crowd there was also something done, and there were several differences of opinion that were unsettled.

The captains of the teams decided that on account of the fog the game should be called at 8:30 o'clock, but if the fog lifted they were to play till nine o'clock. When the Carleton team was coming to bat in the last of the fifth the umpire called the game. Carleton objected but the umpire's word went and the game stopped.

The details of the play are below:

Viaus To Dispose of Their Racers

Will Return to France Where They Expect to Have a Breeding Establishment.

Saratoga, July 31.—Mr. and Mrs. Viau have announced that their entire stable will be closed out before the end of the coming meeting, and that immediately after the closing of Saratoga they will leave for Paris, where they have a home. The Viau horses are 11 in number, with the great Westy Hogan probably the hand-somest race horse on the turf, as the star of the lot, which includes George Starr, Camouflet and others. "It is possible that we will have a breeding establishment in France," said Mrs. Viau. "and most certainly we will have some horses to race there. If we should decide to go in for breeding, we, of course, would take back Omar Khayyam, who has been my own horse and my pet. At present he is under lease to Mr. Hancock of Kentucky, but later he may go back to France, where he was bred."

Fair Vale Chalks Up Another Game

Hampton Was Unable to Stop the Winning Streak of the Suburbanites.

The Hampton ball tossers travelled down to Fair Vale last evening and suffered defeat to the tune of five to four in four innings of good baseball. The diamond at Fair Vale was in first class shape and the fog, which prevailed in the city, was not in evidence at the thriving suburb. The spectators numbered something around the thousand mark and a thirteenth was great enthusiasm shown in the proceedings. The batteries were, for Fair Vale, King, King and McQuade, for Hampton, Jones and Seelye. The umpires were Quinlan and Holder. The Customs House team will play the Fair Vales on Saturday.

LONG WHARF STARS, 9; SHAM ROCKS, 6.

The Long Wharf Stars defeated the York Point Shamrocks 9 to 6 in a fast baseball game last evening on the Long Wharf. Brookins and Erwin each made home runs. The batteries were, for the winners, McCasline and Brookins; for the losers, Mulally and Mulally.

The Long Wharf Stars wish to play the Crescents next Wednesday night on the Long Wharf diamond.

LITTLE BITS OF SPORT CHATTER

The Custom House baseball team has made arrangements to go to Fair Vale on Saturday to play the team there. The Custom House men are in fine fettle after their game against the Times on Wednesday night and a good game is assured.

Local sport followers are showing a great interest in the racing at Sussex tomorrow and Saturday. It is expected that many fans will go up from St. John and the starts have been fixed so that those coming on the mid-day trains will be in time.

The spectators became rather heated at the ball game in Carleton last night. It is a sure sign that the game is popular, when those watching it are interested enough to indulge in a talk feast. It is a good sign as long as the rivalry does not go too far.

Connie Mack, manager of the Philadelphia Athletics, has announced the purchase of Pitcher Bryan Harris and Catcher Glenn Mayart, of the Houston club, one of the star batteries in the Texas League. The players were secured by Ira Thomas, who is scouting in the South.

Art Magril, who is under the management of Frank Dane, is training hard for matches which Frank has in prospect for him. Magril expects to fight Young Ahearn, the Brooklyn dancing master, in a few weeks.

The Y. M. C. I. has an energetic committee looking after arrangements for the sports Saturday afternoon at Moosepath. The details are all completed and everything will be run off on schedule time. All that is needed now is a fine day and a large crowd.

Rain stopped all games in the International League yesterday and the Grand Circuit races had to be called off. The American League had to cancel one game and the National was treated in a similar manner.

Judging from the list of entries the horse races at Sussex today and Saturday should show some fast time. The circuit this year has created a great amount of interest in all parts of the province.

FACULTY TROUBLE AT UNIVERSITY OF SASKATCHEWAN

Four Professors Requested to Hand in Their Resignations at Once—No Reason for Action Announced.

Saskatoon, Sask., July 29.—Professor R. D. MacLaughlin, professor of chemistry; I. R. A. MacKay, professor of political science; John L. Hogg, professor of physics; and S. E. Green, several distinct species of bananas and plantains are found, each with numerous varieties, throughout the American tropics. One has a very thick stem, bearing from three hundred to five hundred bananas on a single stem, while a variety in San Domingo produces bunches of only ten to twenty-five fingers, but each banana weighs from two to four pounds.

Also there is a campaign of organized labor, backed by talk of a general strike, for the immediate abolition of conscription, withdrawal from all interference in Russian affairs, and bringing home the soldiers from Russia, India, and Egypt. Anti-imperialism, the democrats call this propaganda.

Local Oarsmen To Row At Boston

Beat of Those Who Take Part in Harbor Events to Compete at Hub.

The committees in charge of the aquatic sports to be held in the harbor on August 14 and 15 are arranging for a series of races, which will include a novice class, special class for oarsmen of 130 pounds, junior class and a senior event. Some of the events will be run off in heats and should prove highly interesting. George Bishop is said to be entering a crew from Fair Vale, which will train in the Neptune boat at Renforth. Renforth has a good crew to enter and in addition five or six crews will be entered from various parts of the city.

As an incentive to the oarsmen who participate in the regatta in the harbor during the celebration, arrangements will be made to have those making the best showing sent to Boston to represent St. John during a regatta, which is to be held there later in the fall.

Columbus, O., July 31.—Today's Grand Circuit races were postponed because of rain. Today's card will be raced tomorrow and tomorrow's races will be moved up to Saturday, an open day.

way, director of agricultural extension, have been asked by the board of governors of the University of Saskatchewan to retire from the service of the university.

The professors state that they are astonished at the action of the board, and have requested a hearing at which the reasons for the board's action could be explained. The chairman of the board states that he is unable to call such a meeting as President Murray of the university is in the East. Leave of absence was offered the professors on condition that they announce, before August 1, their intention of retiring from the university. It is understood they will refuse to do this.

National War W... lion Dollars to voted to Re... Among Allies 000,000 With

New York, July 25.—Accounts of the receipts of the Young Men's Association, made public by the organization's National Work Council finance committee, show that \$126,282,859 was received between April 28, 1917, and July 25, 1919. Total expenditures were \$97,817,006 in the period stated, leaving a balance of \$28,465,853, a sum estimated to carry on the work here until next December 31.

According to the figures over the signature of W. Perkins, chairman of the Young Men's Association, Cleveland H. Dyer, of the War Work Council, W. Wilcox, comptroller, and other officials, more than two percent of the total was expended for relief in the United States and more than two percent of the total was expended for the purchase and distribution of supplies and to entertaining of soldiers and sailors.

In addition to the provisions, which among other things, include the purchase of 57,000 sets of boxing gloves, the Y. M. C. A. has used \$86,832,449 worth of supplies, more than \$20,000,000 of which was given free to the troops. Of the \$97,817,006 expended, more than \$20,000,000 was spent in the home camps near the front. The Y. M. C. A. reached its maximum in this year, its being cost \$1,000,000 in the United States and foreign.

Three war work campaigns have been planned, the first of which points out, brought in \$1,000,000 for the purchase of 43,500,000 at a cost of \$1,000,000. In addition, free motion pictures were shown in the home camps near the front. The Y. M. C. A. has trained camps on this side of the line, with a total cost of \$98,984 and the outlay since was \$3,965,735. "The Y. M. C. A.," says the report, "is a religious, educational and athletic activity men who passed through their way overseas or other centers through the period of the report and are them."

Overseas, the statement of even "a vaster scope" has been planned. The 1919 or more

AMERICAN Y. M. C. A. FRIEND OF THE SOLDIER DURING GREAT WAR

National War Work Council Received Over Hundred Million Dollars to Carry on—Two Per Cent. of Funds Devoted to Religious Purposes—\$11,000,000 Spent Among Allies, \$30,000,000 in Home Camps and \$43,000,000 With American Expeditionary Force.

New York, July 25.—First detailed accounts of the receipts and expenditures of the Young Men's Christian Association, made public here today by the organization's National War Work Council finance committee, show that \$126,282,859 was received by it between April 28, 1917 and March 31, 1919. Total expenditures aggregated \$97,817,006 in the period named, it is stated, leaving a balance of \$27,465,853, a sum estimated to be sufficient to carry on the work here and abroad until next December 31.

According to the figures, which appear over the signatures of George W. Perkins, chairman of the committee, Cleveland H. Dodge, treasurer of the War Work Council, and H. W. Wilcox, comptroller, slightly more than two per cent of the total funds were expended for religious purposes in the United States and overseas, while approximately 82 per cent was devoted to the purchase, transportation and distribution of canteen supplies and to entertainments, education and athletic sports.

In addition to the provision of free athletic supplies, which included, among other things, in the United States camps alone, 557,000 baseballs and 29,000 sets of boxing gloves, the report says, the Y. M. C. A. distributed \$85,822,443 worth of merchandise. Of this merchandise \$1,704,771 worth, or approximately five per cent, was given free to the soldier.

Of the \$97,817,006 expended, it is shown, more than \$30,000,000 was spent in the home camps, more than \$43,000,000 with the American Expeditionary Force abroad and \$14,499,173 for work with the Allied armies and prisoners of war. The balance went for transportation and other expenses. The statement explains that the "Y" suffered a loss of \$1,478,084 in the operation of army post exchanges and canteens which, owing to the depreciation in values of French and English currency and conversion of the overseas figures at market rates, resulted in a book loss of \$2,429,689.

The report, the committee makes clear, is not final because the war service of the Y. M. C. A., which reached its maximum in March of this year, is being continued in the United States and foreign countries. Three war work campaigns for funds, it points out, brought from the American public \$123,254,002 and this amount, the report states, was augmented to \$126,282,859 by sums from other sources.

Some idea of the magnitude of the work accomplished by the organization is shown by the statement that more than 97,000 concerts, raffle and other entertainments were staged by the "Y" in American cantonnements to an aggregate audience of 43,500,000 at a cost of \$1,166,767. In addition, free motion picture shows in the home camps necessitated an outlay of \$2,323,271.

Erection of 850 huts for men in training camps on this side cost \$7,698,984 and the outlay for maintenance was \$3,965,736. "These buildings," says the report, "were centers of religious, educational, entertainment and athletic activities for all men who passed through the camps on their way overseas or who used the centers through the period covered by the report and are still using them."

Overseas, the statement says, work of even "a vaster scope" was accomplished. The 1900 or more "Y" huts

and tents built or leased for the use of the A. E. F., cost \$4,801,271, were equipped at a cost of \$2,860,421 and operated and maintained at a further expense of \$1,914,337.

Writing materials and newspapers for the overseas men, including 400,000,000 sheets of letter paper, half as many envelopes and 16,000,000 postcards, cost \$2,294,808. For motion picture shows, in which 13,000,000 feet of film were used in France alone, and spectators aggregated 50,000,000, the "Y" paid \$1,068,767. More than 34,000 concerts and entertainments increased the expenditure by \$850,940.

The cost of the "Y" overseas religious program was \$467,584, or approximately two-fifths of one per cent of the entire operating funds. Educational plans, literature and library work cost \$991,932 and the A. E. F. athletics cost \$1,967,301. The organization also operated, it is explained, more than 25 "leave areas" in various parts of France, at an expense of \$321,601 and a chain of hotels for men on leave at a cost of \$479,968.

In the United States, it is shown, the organization expended \$2,105,816 upon its religious program in the six military departments, which included the holding of meetings and Bible

classes, the distribution of literature and the maintenance of religious secretaries and musical directors. Educational literature, together with lectures, instruction in the French language, and library service, was provided at home by an expenditure of \$1,192,757 and for sex hygiene education and literature the "Y" spent \$73,704.

Y. M. C. A. stationery for the home huts, together with the financing of camp publications, resulted in a further expense of \$232,629, including the purchase of 270,000,000 envelopes and twice as many sheets of writing paper. The "Y," it is said, also spent for its territorial war work, in the Canal Zone, Porto Rico, the Philippines and other territories, \$390,634; in the munitions and war industries, \$122,399 and in the Students' Army Training Corps, \$442,061.

Of the \$16,042,693 spent for the armies of the Allied countries, it is shown, France received \$6,738,744, Russia \$4,805,995 and Italy \$3,139,951. Work among war prisoners cost \$1,088,591. The latter sum was divided as follows: Germany, \$117,988; Denmark, \$99,087; Austria-Hungary, \$146,812; Switzerland, \$247,900; Turkey, \$56,206 and in other countries \$300,545.

Transportation of comforts and luxuries to the cantonnements and soldiers in the field, it is shown, represented a considerable item, the installation of a motor truck service cost \$2,702,034 and its operating expense \$1,170,761. This included the cost of distributing Christmas gifts and the conveyance of entertainments.

The cost of selecting, recruiting, training and paying the sustenance and traveling expenses of all the "Y" secretaries was \$1,075,392. Administrative, general activities campaign and publicity expenses disbursed in New York were said to have totalled \$3,164,802.

In accounting for the balance of

\$27,465,854 as of March 31, 1919, the statement lists assets of the War Work Council on that date as \$48,232,185. These included, it is said, \$8,305,881 cash on hand; and assets overseas amounting to \$18,761,676. Canteen supplies on hand and in transit on that date also included, it is said, goods to the value of \$5,992,691. Outstanding accounts, including unpaid pledges to the United War Work Fund, were said to aggregate \$9,705,366.

"On the same date," the statement concludes, "current liabilities and reserves amounted to \$15,867,212, including \$2,792,964 in bills and salaries due in the United States and \$6,594,720 due overseas. There was charged against the Y. M. C. A. \$1,437,233 representing remittances received from the men of the A. E. F., for transfer to the United States. It owed the British, French and United States governments, for transportation and supplies \$3,022,538."

CONSIDER METHODS TO HUSTLE WORK ON CHANNEL TUNNEL

French Cabinet Hears Plans Advanced by Minister of Public Works.

Paris, July 31.—Measures to expedite the construction of a tunnel under the English Channel, connecting France and England, were presented to the Cabinet today by Albert Clavet, Minister of Public Works.

Plans to construct the tunnel under the English Channel have been under consideration by the French and English for nearly a year. A British parliamentary committee, considering the matter, was said to have suggested, some time ago, that the arrangements be made to flood or blow up some part of the tunnel in case of emergency. It was decided, also, that the tunnel should belong jointly to Great Britain and France, and that work should be started from both ends at the same time.

Cold Facts

The St. John Standard is going to give away \$10,000.00 worth of Automobiles, Pianos, Phonographs and Cash Prizes. It costs nothing to be a winner of one of these prizes.

The prizes are offered to men and women, boys and girls of good moral character living in New Brunswick and Nova Scotia—simple requirements.

The persons to whom the prizes will be given will be decided by the public; they will elect the winners by balloting. Fair proposition, is it not?

New Brunswick and Nova Scotia have been divided into four districts. The candidate in each district receiving the greatest number of votes at the end of the contest will receive an automobile, the second highest in each district will be given a \$550.00 Heintzman piano, and the third highest in each district a \$160.00 Brunswick Cabinet Phonograph. Cash prizes to all other candidates.

This liberal offer by The Standard was announced on July 5th; a number of energetic and bright persons have entered the contest and are now being voted for. In each of the four districts there is ample opportunity for more candidates. Some sections are fairly begging for some candidate to enter and collect the votes that are awaiting them. There is no one thus far entered whose vote could not be easily beaten by a few subscriptions. Think of it!

These and many more facts are at your disposal, without obligation or expense, if you will but send in the blank below. Show an interest and you may learn something of value to yourself.

CALL MONEY JUMPS TO 15 PER CENT. ON A FLURRY

(McDUGALL & COWANS.)
New York, July 31.—A sudden flurry in call money put rates up to 15 per cent. in the middle of the afternoon, and although funds were offered again at 6 per cent. shortly before the close, that was not until after practically all requirements for the day had been filled. A decline of several points in Stutz Motors on the announcement that Company would offer new stock at par, or well below the market price, illustrates the change which has come over the temper of the market in the last few weeks. The rate at which new security issues are coming out is not looked upon with favor in all quarters of the street. The market remained weak to the close and made the low prices for the day in the last few minutes of trading. The squeeze in call money was only superficially explained by attributing it to the maturity of two large Canadian and French loans in this country August first. Sales 1,202,900.

THE MONEY MARKET GOVERNED STOCK TRANSACTIONS

Rates for Call Loans of Both Classes Rising to Maximum Quotations of Many Weeks
New York, N. Y., July 31.—Quotations on the stock exchange today were governed almost wholly by the course of the money market, rates for call loans of both classes rising to maximum quotations in many weeks. The week-end holiday was another uncertain factor, many traders awaiting themselves of the impending release of their commitments for the long account.
Call money opened at 6 to 6 1/2 per cent., the higher rate applying to the less desirable security, but just before the close 15 per cent was paid for loans on mixed collateral and 20 per cent on all industrials.
Although the federal reserve board took no official action regarding brokers' loans, it was generally understood that intimations from high quarters urged the need for a partial check on existing speculative conditions.
In all probability, however, the higher rates of the day were precipitated by the withdrawal of funds to meet maturing obligations. These included the \$100,000,000 Canadian loan and the American foreign securities loan, both falling due tomorrow.
Transactions were moderately large, but with the exception of several issues, dominated by pools, such as tobacco, leather, paper and food shares, and a brief spurt in oils, the trend was unmistakably downward after the regular first hour.
Selling was at its height in the last thirty minutes, the reversal being with steels and motors, where declines ranged from two to six points. Rails and shippings losing two to three points.
Sales amounted to 1,200,000 shares. The weakness of utility issues was again a feature of the bond market, liberty and foreign groups holding relatively steady.
Total sales, par value, were \$9,875,000.
Old United States bonds were unchanged on call.

RATE REDUCTION IN EFFECT ON POSTAL TELEGRAPH LINES

Became Operative at Midnight Thursday—Western Union Makes No Change and Rate War is Looked for Eventually.
New York, N. Y., July 31.—When control of the telegraph systems of the country is formally relinquished by the government at midnight, a reduction of twenty per cent. in rates will be made immediately on the lines of the Postal Company, but the Western Union will retain the schedule put into effect after Postmaster-General Burleson took control on April 1. Clarence H. MacKay, President of the Postal, announced, in a statement today, that the rate reduction would be made "in accordance with its promise to the public." He qualified the announcement, however, by saying that if expenses continued to mount, charges might have to go with them.
Newcomb Carlton, President of the Western Union, who also has been in charge of the cable systems controlled by the government since last December, declared on the other hand: "We cannot see our way clear to do better than we are doing at this time."
Neither would discuss the possibility of a "long continued rate war."

Nature's Healing Herbs for Headache

A BLOOD FOOD
PRACTICALLY all headaches come from two causes—Biliousness and Nervousness. Bilious headache means upset stomach, and constipation—with severe throbbing pains all over the head. Nervous headaches mean that the nerves are exhausted and need rest and food.
Dr. Wilson's HERBINE BITTERS
Lesser quick and lasting relief from these headaches. The simple old-fashioned herbs tone up the stomach, regulate the kidneys and bowels, purify the blood, and build up the whole system. A reliable spring tonic. Get it today and get rid of your headache.
