### Disident Republican Troops Have Seized and Are Holding Buildings in Dublin as Well as Making Raids on Banks—Port Business Placed Under Handicap by Seizure of Port Board's Headquarters—Shootings and Bombings Continue.

Dublin, May 2—The buildings seized in Dublin by the disident Republican troops remain in their possession, and they repudiate all rumors that there is any intention on their part of surrendering them. Ships are entering and leaving the port as usual, but the seizure of the port board buildings has made it impossible to collect shipping dues. This fact is embarrassing the port board in the payment of wages of its staff, which numbers more than 1,000 men.

The Kildare Street Club, seized by the irregular troops Monday, has been fortified to resist any attack. The taking over of the Masonic building is the source of irritation to the more wealthy section of the population. The seizure of the Sunlight Soap building probably had as its motive the fact that it houses the taxmaster of the High Court, who took refuge there when the four courts building was seized some time ago. The Sunlight building commands the approach to Dublin Castle and the city hall from the Grattan bridge.

### Ledgers As Baricades

The Port Board has appealed to the raiders to return its ledgers. They are being used as baricades. After a parley with Rory O'Connor, leader of the disident troops, today, he agreed to exchange the books for sand bags. The Port Board declined to acquiesce and has preferred to cease its activities until it is able to recover its premises and books.

### Police in Reprisals

News received from Drogheda shows a repetition of the troubles familiar before the signing of the truce. Constable Beatty, in Dublin, was shot Sunday. His comrades in German-towns, which is the demobilizing station for the Crown forces, visited Drogheda last night and exacted reprisals by bombing the Republican election rooms and doing other damage. There have been several instances since the truce and more since the arranging of the peace treaty, of policemen having been shot; but last night was the first instance of reprisals against the adherents of a large number of units among the disident troops, especially in County Cork. The main line of traffic between Dublin, Cork and Killarney is blocked by obstructions at various points. Meanwhile the partisans of the Anglo-Irish peace treaty are pushing forward their preparations for holding elections.

### At Kilkenny.

Kilkenny, Ireland, May 2—Large bodies of Irish Republican army irregular troops entered this city yesterday forenoon and occupied all the strategic points. They took over a number of buildings, including the City Hall, the bank of Ireland, St. Canice's Cathedral, Kilkenny Castle and the workhouse.

The regulars at the military barracks at once began displaying large activity, and a portion of the irregulars at Green Bridge surrendered to them after a brief exchange of shots.

Grocery Bill, Ninety-Six Years Old, Discloses Interesting Fact.

Ottawa, May 2—During the destruction of a very old house at Alton, Ont., recently, a number of old bills, dated February and March, 1826, over 96 years ago, were found. One of the bills read as follows:

To 1 pound 40 shillings, 1 shilling 3 pence, 1 quart of whiskey, 1 shilling; 2 quarts of whiskey, 2 shillings; 2 gallons of whiskey, 8 shillings.

Body Found in Ditch—Neighbors Arrested Pending An Investigation.

Benito, Man., May 2—In a quarrel over a culvert, Alex Rescott was killed Sunday at his farm three miles west of Benito, his body being found in a ditch.

George Viadkin and his son-in-law, Mike Sopoff, are held by the Benito police pending an inquest.

# HANSON STARTS SOMETHING IN HOUSE COMMONS

### Leads Conservative Drive for Final Statement on the 1921 Census Figures.

# FLAMES FANNED BY SIR HENRY DRAYTON

### Demanded to Know When Government Would Bring in Redistribution Bill.

Ottawa, Ont., May 2—(By Canadian Press)—A Conservative drive for a final statement on the 1921 census and the introduction of a redistribution bill at the earliest possible moment, developed in the Commons tonight.

The debate, which was founded on a vote of \$415,000,000 for the Bureau of Statistics, was initiated by R. B. Hanson, Conservative member for York-Sunbury, who demanded information as to when the final figures might be expected. The flame was fanned by Sir Henry Drayton, who demanded further reasons from Hon. J. A. Robb, Minister of Trade and Commerce, at the same time alleging that the Government was not in a hurry to bring in a redistribution bill.

"We heard that of the last Government," Mr. Robb declared, amid laughter.

Later he explained that irregularities in some of the returns was largely responsible. The census of several Western towns had been padded and enumerators had been haled before the courts for it. There were also complaints from Eastern sections to be dealt with.

Sir Henry returned to the attack by declaring that an easy and efficient method of blocking redistribution would be to delay the final census returns. This brought a strong denial from Mr. Robb. The exchanges were renewed by Hon. Hugh Guthrie in forming Mr. Robb that if a few extra clerks were engaged the results would be made up within a few days.

"Barring unforeseen events the census will be completed and brought down in plenty of time before there is a general election," Mr. Robb shot back.

### Might Jay Constitution

Mr. Guthrie asserted that a severe French would be given the constitution, unless redistribution was brought down and passed before an election.

The government, he added, was not in the position to say what they would do, and was brutally treated and condemned to die. His memory then revived. He was rescued by British soldiers and worked his way back to Canada.

R. A. Hoey, Progressive of Springfield, added life to the debate by observing that it was inspiring to see the Conservatives converted to the necessity for redistribution. The desire of the Progressives was expressed in a resolution on the order paper reading that a redistribution bill should be introduced at the earliest possible moment.

Mr. Robb gave assurances that investigations of complaints was falling well completed, and that in many cases these complaints were scarcely justified.

Mr. Meighen made a brief statement of his efforts to get redistribution ready for last session. He had discussed it with the Dominion Statistician and had proposed that the census be taken in March instead of June. It was found that the results would not be ready before December, and he had decided not to wait.

As no returns were not ready yet and, therefore, he felt fully justified in not calling another session for the purpose, in his opinion redistribution should be brought down as soon as possible.

"This session," asked Mr. Robb. "This session," Mr. Meighen concluded. The item carried but Mr. Robb promised further information.

# IMPORTS FROM U. S. SHOW FALLING OFF

### \$4,000,000 Less During March Than Corresponding Month of 1921.

Washington, May 2—United States exports to Canada fell approximately \$4,000,000 during March as compared with the same month a year ago while imports from Canada decreased \$6,000,000 according to foreign trade reports issued today by the United States Commerce Department.

Exports to Canada during March were valued at \$45,000,000 as against \$49,000,000 for the same month in 1921. Imports were valued at \$26,000,000 as compared with \$32,000,000.

### Will Become Member of International Corporation to Assist in Reconstructing Europe.

London, May 2—Canada has subscribed \$2,000,000 towards the International Corporation which has been organized at Geneva with a capital of \$20,000,000 for the purpose of assisting economic reconstruction in Europe, says a Reuters despatch from Geneva.

The Canadian subscription is subject to confirmation within a month.

# CHARGED CATHOLIC BISHOPS WITH BEING PARTISANS

### Alleged, in Note of Protest, to Have Outraged Loyal Catholics.

Donegal, Ireland, May 2—The Republican election committee has addressed a letter to the Catholic Bishops of Raphoe and Derry, declaring that the hierarchy's recent pronouncement on the Irish situation is a partisan attack on the Republican principles and an outrage on the heartfelt sentiments of loyal Catholics. The committee appeals to the bishops to spare them the pain of being held up as objects of the reproach of the Church and of being obliged to protest publicly against a reading of this political document from God's altar.

# PROPOSALS OF ALLIES SENT TO RUSSIANS

### Sets Forth Just What Allies Will Do for Reconstruction of the Country.

# BELGIANS FAILED TO SIGN PROPOSALS

### This Leaves Draft in Very Unsatisfactory Manner and Provides Loophole for Russians.

Geneva, May 2—The draft of the Allied proposals to Russia, for the reconstruction of that country, was sent to the Russian delegation tonight with an amendment offered by the French to the clause relating to restitution of compensation for private property nationalized by Russia, and with a French reservation declaring that French delegation withholds its final approval until further instructions are received from Paris.

The Belgians did not attend the meeting of the sub-committee on Russian affairs this afternoon, and the French delegates called for a memorandum was dispatched without the signature of the Belgians. This leaves the entire draft in what is described as a very unsatisfactory condition, and affords abundant opportunity for the Russians to offer objections.

# HEAVY CANNONING ON CHINESE FRONT

### Wu Pei-Fu's Forces Unable to Advance Against Chang Tso-Lin.

Peking, May 2—Heavy cannoning was in progress today at various points along the front, extending from Machang, south of Tien Tsin, across the country to the vicinity of Pekin. Severe fighting occurred at a point along the Hun Ho River, First-Foreigners must not visit the front south of this city, where 40,000 troops of General Wu Pei-Fu, the central Chinese leader, endeavored to force a crossing in order to gain access to the Pekin Tien Tsin railway.

General Chang Tso-Lin, of Manchuria, and head of the opposing forces, from his headquarters near Tien Tsin, ordered trains to convey the main body of his 100,000 soldiers to the front south of the Great Wall. Two Manchurian airplanes flew over Tien Tsin and proceeded westward.

Later, airplanes dropped bombs on the front, extending from Machang, south of Tien Tsin, only a short distance from here.

Advices received by military attaches here said Wu Pei-Fu was sending troops northward at the greatest possible speed.

# CHINESE ISSUED PRECAUTION ORDERS

### Foreigners Warned to Keep Away from the Battlefield—Doctors Burying Dead.

Peking, May 2—The Chinese foreign office today notified the foreign legations here that the following precautions had been taken in view of the hostilities between Generals Wu Pei-Fu and Chang Tso-Lin:

First—Foreigners must not visit the battlefield. The government will not be responsible for injuries to spectators.

Second—Additional neutral troops are to be brought to Peking if necessary.

Third—Generals Chang Tso-Lin and Wu Pei-Fu, have been notified to keep the fighting ten miles away from Peking.

Fourth—Defeated soldiers will be permitted to enter the city.

Fifth—Airplanes will not be permitted to fly over the city.

Chinese doctors went to the front to bury the bodies of soldiers, horses and camels.

Owing to the exhaustion of supplies of American flags for use in American homes and on vehicles, a group of American women have been making home-made substitutes.

# PASTEURIZED MILK FACTORY BURNED

Edmonton, B. C., May 2—Mann's pasteurized milk factory, situated in Lovellville, was burned to the ground between ten and eleven o'clock tonight. The loss is placed at \$5,000, with insurance about \$4,000.

It is not known how the fire originated. The fire broke out during an electrical storm, and some allege that the building was struck by lightning.

The lightning, however, did not appear to be close enough to strike, but there were several strong gusts.

# LIBERAL CAUCUS TRANSCENDS ALL OTHER MATTERS

### Fate of the Estimate for Military Drill Will Be Decided Today.

# GRAHAM SHOWS SIGNS OF WEAKENING

### Quebec Liberal Has No Intention of Receding from His Position for Cut.

Ottawa, May 2—Tomorrow's Liberal caucus, when the fate of the estimate for annual military drill is to be decided, continued today to transcend all other matters political. Brigadier-General Clark, of Burrard, one of the most gallant Canadian officers in the great war, and an old member of the militia, today took occasion to make a strong plea for the maintenance of the vote. General Clarke was formerly a Liberal, but he was severely critical of the assaults of the militia and undoubtedly impressed the House.

Mr. Graham's reply, however, was disappointing. It was regarded as significant and ominous that he was not nearly so strong in his attacks upon critics of the militia as in his speech of last week, while his eulogy of Mr. Power was interpreted as revealing that the Government is trying hard to conciliate the insurgents.

# Power Stands Pat.

Mr. Power, so far as could be ascertained today, has no intention of receding from his position. He is said to have expressed the opinion that he has been greatly strengthened in his stand by messages from his constituents and from all over Quebec, and that he has an increasing number of supporters in the House. Whether he will be successful in impressing his views on the caucus remains to be seen.

A certain number of estimates were voted, but no important progress made. Meanwhile Mr. Fielding is down a mile south of this city, where he is crossing the 1's of his budget, now expected toward the middle of next week.

# WAR DECLARED ON SHINGLE TARIFF

### Agricultural Bloc Will Not Stand for Fifty Cent Duty on Shingles.

Washington, May 2—(By Canadian Press)—Senators from the Middle West, prominent in the agricultural bloc, have served notice that they will not stand for the 50 cent duty on shingles which the Senate finance committee struck out of the House tariff bill, but which the Northwestern Senators and Northwestern lumber interests are trying to revive.

Senator Capper, chairman of the Senate farm bloc, today declared war on the shingle tariff.

### Boston Women Placed Under Arrest—Mystery Back of Shooting Unsolved.

Boston, May 2—Mrs. Carrie N. Hubbard was arrested late today, charged with the murder of her husband, William B. Hubbard, at their home here. Hubbard, who was manager of a gunnery manufacturing company, was shot in the left breast.

The police have been unable to learn the cause of the mysterious shooting. Hubbard was 39 years old and his wife 24.

# FIVE YEARS AND LASH FOR ROBBERS

Winnipeg, May 2—Sentences of five years in Stony Mountain penitentiary with five and ten lashes were passed on Mike Cousins and Frank Sawalowski, convicted of the robbery of \$6,000 on January 17 last, from the North Winnipeg branch of the Provincial Savings Bank by Magistrate Sir Hugh Macdonald in city police court today.

# LONGSHOREMEN AND MONTREAL POLICE CLASH

### 500 Striking Waterfront Workers Broke Into C. P. R. Sheds Where Non-Union Laborers Were Unloading Steamer Montcalm—Harbor Police, City Police and C. P. R. Constables Engage With Strikers in Revolver Battle—Two Constables Dying as Result of Mix-up.

Montreal, May 2—Sweeping down the hill from Bonsecours market towards the harbor at 10.45 tonight about 500 striking longshoremen broke into Canadian Pacific sheds Nos. 8 and 10 and into shed No. 7 where the steamer Montcalm was being unloaded by non-union men, and in a revolver battle with city, harbor and C. P. R. constables, wounded two constables, probably fatally, and inflicted injuries on several other policemen. There was a terrific struggle in shed No. 7, but finally the invaders were dispersed, fleeing in all directions. Dozens of the strikers sustained injuries about the head from police batons, but only one, Billy Gall, a colored man, had to be taken to hospital.

The seriously injured constables are Ferdinand Bedard, 25, of 1441 St. Germain Street, shot in the side; and James Munsey, 36, of 2202 St. Hubert Street, shot in the abdomen, both of whom are in hospital and who have received the last rites of the church. Neither of these men is expected to recover. Constable Victor Sanoire and several other officers were severely bruised by flying stones.

It had been learned that at a meeting held tonight by the union, it had been decided to raid the harbor, and the police were in readiness to cope with any disorder.

Inspector Robert had a narrow escape, being fired at point blank. The bullet missed him and inspector Egan, who jumped on his assailant, was set upon by half a dozen men who pulled him down, inspector Robert using the butt of his revolver, drove them off. No arrests were made.

# More Endearing Letters In The Stillman Case

### Counsel for Belliant in Famous Divorce Hearing Closes Their Evidence.

Poughkeepsie, N. Y., May 2—Counsel for James A. Stillman, New York banker, tonight finally rested his case to divorce Mrs. Anne U. Stillman and disown Guy Stillman. The fight against Mrs. Stillman and her baby, alleged by the banker to be the son of Fred Beauvais, Indian guide, was closed at 11 o'clock.

Mr. Stillman was the son of Fred Beauvais, Indian guide, was closed at 11 o'clock. The banker to the son of Fred Beauvais, Indian guide, was closed at 11 o'clock.

The letters introduced today were reported laden with endearing terms and complaints against the way Mr. Stillman was acting. They were addressed and there was said to be no evidence that they ever had been mailed.

"I don't know what the matter with Mr. Stillman," one is supposed to have read. "He wants me to do this and do that, nags at me to save money and says I ought to go on up in the Canadian woods with you." The letter, ending in the words, "Lots of Canadian love," was signed "Kathie," an Indian word said to mean "dear flower."

The letters were introduced after Mrs. Stillman's handwriting had been identified by Miss Harriet Hibbard, formerly a stenographer at Stillman's estate at the Ponchartraine Hills. They were introduced as having been written during the summer of 1919.

Montreal longshoremen have been on strike since the opening of navigation here on a question of wages which the Shipping Federation and the men's union would be reduced ten cents an hour, to fifty cents, for the current season. The first clash occurred last week when longshoremen rushed to the wharf. It was on alighting from these patrolwagons that the two constables were shot. Immediately afterwards, and following shots from the harbor and city police, the crowd broke and fled, and with the exception of one colored man who was clubbed by the police and is now in hospital, it is not thought that any were wounded.

Charles Dujoind, secretary of the Longshoremen's Union, interviewed tonight in connection with the affair, disclaimed all responsibility on the part of his organization. He declared that no orders had been sent to the men to proceed to the wharf, and that the shooting was not the work of members of the union.

# SIR ROBERT BORDEN ON CATTLE EMBARGO

### Says Canada Objects to Stigma Thrown on Country's Cattle Industry.

London, May 2—(Canadian Press Cable)—Sir Robert Borden, former Premier of Canada, interviewed by the Times, returned to the subject against Canadian cattle, and said that the subject was discussed at the Imperial War Conference in April, 1917, when a full and frank interchange of views ensued.

At that time he had explained that he had no desire to attempt any interference in the fiscal policy of the United Kingdom, but as the other hand Canada strongly objected to a policy of throwing an undesired stigma on the country's cattle industry. He had told the Minister of Agriculture that if it was thought desirable that the cattle industry should be protected in the United Kingdom, that was a purely domestic concern, but Canada felt that a fiscal policy was being carried out under the guise of a sanitary restriction.

Sir Robert declared that he still held that view. At the 1917 conference he had been given to understand that a definite arrangement on the subject had been reached, and that it was conceded that no valid reason for the maintenance of the embargo existed. It would be most unfortunate if Canadian opinion became impressed with the view that an agreement definitely entered into would not be observed.

### NON-PARTISAN FLAPPER IN GALLERY OF THE CANADIAN HOUSE OF COMMONS

#### Humorous Version of Happenings Among Canada's Law Making Body as They Appealed to The Standard's Flapper Who is On the Job.

Next Day  
I have decided that if I am to be a Premier some day, I must attend the House sittings very regularly. Brother laughed when I started out today and asked if the only "then" was still sitting. Mother told him I was still sitting when the right kind of hens got in there and more of them, there'll be more hatching accomplished at the Ottawa sittings. Though, she said, she was very busy that the first hen had gone and disgraced herself the first thing by showing a willingness to help a few insignificant cockerels peck at the young roosters of Canada's civilization by trying to do away with one of the greatest assets a civilization ever had—the North West Mounted Police. But she supposed the poor thing just didn't understand.

(I think that was a nice figure of speech of mothers. That, about the roots of Canada's civilization. Mother had been hearing of a person. If I am not a Premier nor a philanthropist nor a poetess, I think I'll be a literary person.)  
I arrived in time for the opening exercises, today. Saw it through a glass door. They open the session with prayer—at least a man at the door told me they were praying—and they do not allow the crowd in until after they are through. Isn't that mean! I am just crazy to know what a parliamentarian says when he prays.

The question of funds for the upkeep of the militia was debated. (I think I am getting a pretty nice, business like tone already. But of course you have to be very business like to be a Premier or a philanthropist, and especially if you are to be a poetess or a literary person.) The Minister of Militia spoke of our just pride in our country as a self governing nation in a great Empire, and of our stronger attachment to our mother country because of that independence. If we are a nation, he said, we must not think a nation's defense, and of our stronger attachment to our mother country because of that independence. If we are a nation, he said, we must not think a nation's defense, and of our stronger attachment to our mother country because of that independence.

Dear me! That was where I got some of what my brother calls my flapper conceit taken out of me, though flappers are not half so conceited, I think, as lots of other people. I was so sure that I had sized the situation up so perfectly the day the question of the unemployed came up. (You know I had picked out some sleek, comfortable looking sitters and asked myself—why do they look so good here—must have just the proper word here now—where is that old dictionary?—never mind, I've thought of it indifferent and bored? They act almost rude to those speakers who read to them. Haven't I thought, that it was all because they had never seen the things my sister sees when she goes into the homes of the poor.)

But, my dear! The very ones who had seemed to me the most indifferent, were the first ones to spring to their feet to knock the militia talk flat. And why? Because, the men said, the unemployed men and their hungry children needed that money. The way protecting arms were suddenly stretched out over the poor was beautiful to see. My sister had been there to hear it all. We should not buy gold lace, they said, for aristocratic officers to strut around in. All we need of the militia is a mere skeleton.

I sister did not agree with that when I told her. You see she is pretty well acquainted with skeletons. She said she was afraid they had made a mistake there. A skeleton, she says, has to have a little live muscle attached to it and some warm blood running through it, or better bury the thing and be done with it. Other wise, it would only be hanging from a wire in some museum, later on, to teach youngsters what the structure of real life is based upon, and how useless the skeleton proved after the flesh and blood had been stripped away.

Well, every anti-militia there (there were not many of them) spent a long time extolling the beauties of charity and the beauties of skeletons—which can't eat charity up. Those who were not debating had their heads bent over pamphlets or newspapers. Those who were debating to prove that they could debate today just like they did yesterday, insisted upon explaining at length to the Minister of Militia, just what he had explained a short time before to them—we are in no danger from the outside. And always ended by asking—why, then, a militia?

Haven't they the shortest memory? They could not remember that the minister had already spent a considerable portion of a nation's time in telling them that same thing, and they also forgot to remember that he had mentioned the fact that our big Canada has an inside, as well as an outside. They asked the Minister if he thought this was Russia. He didn't thank you. Wouldn't like to think so.

But it was awfully confusing to me at first. When the poor were being teased so strongly, I almost accused one of something I had written in a little book which I call "advice to Members of Parliament." (You have to be a member of Parliament, I suppose, before you can be a Premier. My, it takes a long while to get any where these days!) and was going to write

### Daughters of Israel In Annual Session

#### Loving Cup Presented to Mrs. A. Perchanok—Reports Received and Officers Elected.

Mrs. A. Perchanok, secretary of the Daughters of Israel, was presented with an engraved silver loving cup at the annual meeting of the society, which was held in the Hebrew School on Carleton street last evening. The presentation was made in view of the approaching departure of Mrs. Perchanok to Montreal. Though taken by surprise, Mrs. Perchanok expressed her thanks for the token of friendship in a few feeling words. The president of the society, Mrs. J. Goldman was in the chair, and read her report in which she expressed satisfaction at the great good that had been accomplished by the society during the past year, and expressed the hope that even more might be accomplished in the future in extending help to the poor and needy.

At the conclusion of her address, Mrs. Goldman tendered her resignation after seven years' on the executive, three of which were filled in a presidential capacity. She promised as a plain member to still retain a whole hearted interest in the work of the society. The treasurer, Mrs. Mac Ross, reported expenditures amounting to \$478 and a balance on hand of \$146. The secretary, Mrs. A. Perchanok, reported that twelve regular meetings and four special ones were held during the year. That seven letters of condolence, eight of congratulation, and thirty-seven others were written. The election of officers resulted as follows: Mrs. N. C. Harris, President. Mrs. A. Povas, 1st Vice-President. Mrs. W. Webber, 2nd Vice-President. Mrs. Mac Ross, Treasurer. Mrs. Louis Brager, Secretary.

### Why Physicians Recommend Magnesia For Dyspepsia

"Take a little magnesia after meals" is now a favorite dyspepsia prescription among thousands. The reason for this lies in the fact that practically ninety per cent of all stomach troubles is due to acid which irritates and inflames the delicate mucous membrane lining of the stomach and makes normal digestion impossible. Medicines, drugs and diets all fail simply because they do not remove the acid, the cause of all the trouble. The value of magnesia, which is neither a medicine nor a drug in the ordinary sense of these words, lies in the fact that it neutralizes the acid. Of the many forms of magnesia such as oxides, carbonates, nitrates and sulfates, the best is undoubtedly the so-called "magnesia," a tasteless or few tablets of which in a little hot water, after meals, instantly neutralizes the acid, stops the fermentation of the food and thus increases natural digestion. Pure Hydrated Magnesia can be obtained from any reliable druggist and stomach sufferers should give it a trial.

INTERESTING GOLF NEWS FOR THE CANADIAN PLAYERS

Golf in Canada Will Have Greater Play This Season Than Ever Before in Its History—Rapid Increase in Number of Courses—Dates for Championships Are Announced.

By W. M. THACKABERRY. Toronto, May 2.—Golf in Canada is going to have a greater play during the season at hand than ever before in its history. Some critics report that the number of players will nearly double that of last year. The long delayed advent of the public course in this country has perhaps done more than anything else to increase the number of enthusiasts so rapidly during the past three years. It is only recently that the idea of establishing golf courses where a person could go and play at a nominal cost has really taken root in Canada. Almost every community of any size is getting its golf club, if it is already a club, and with it a nine-hole course if the eighteen is not possible at the start.

This rapid increase in the number of golf courses can have but one result and that is a big increase in the number of really fine players, of which this fair Dominion can already boast of quite a few who have helped in no uncertain way to establish Canada's golf prestige in the United States, which next to the British Isles has more great players of the Royal and Ancient than any other country in the world. And with Canada taking its place as one of the foremost golfing centres its players are now in a position to not only gather in their own Canadian championships, but to go across to the U. S. A. yes, even to England, and make healthy bids for the championships of those countries. It is estimated that there are now in Canada 216 golf courses with perhaps 18 or 20 more under construction.

The dates for the Canadian championships have all been announced. The Canadian Amateur will be held over the beautiful Ancaster course at Hamilton during the week of June 13. The Canadian Open will be at the Mount Bruno Club, Montreal, July 28 and 29. Toronto will be the Mecca for women golfers. The first week in June, the Ontario championship will be decided over the links of the Rosedale Club; the open championship will be staged at the Toronto Club the week of September 11, followed the week of September 15 by the closed or Canadian championship at Lambton.

The Canadian amateur championship at Beausfield in 1920, which was won by Charlie Grier of Montreal, was largely made memorable by the strong delegation of westerners, and this early date information received from Winnipeg, Calgary and other points in the west, that they would give every reason to expect that that part of Canada will be finely represented at Hamilton. They will find the superb Ancaster course a most fitting venue for their liking and should make a splendid showing. On Tuesday, June 29, the championship will start and will then be continued through the week of July 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

Not Far Wrong! A little London boy was visiting Scotland for the first time. One afternoon he suddenly left the hotel window in great excitement as a Highlander came down the road, playing the bagpipes. "Mother, mother!" cried the little boy. "Come quick! There's a man outside with a dead pig that sings."

America with her will be Miss Edith Letich and Miss Joyce Wethered, one of the most promising of the younger players in England. Miss Marion Hamilton, U. S. Women's champion, Glenna Collett of Providence, R. I., of whom much is expected this season; Miss Stirling, former Canadian champion; Mrs. Lett of Philadelphia, who eliminated Miss Letich in the U. S. championship last year, and Mrs. Gavin are among the U. S. players expected to play in the Canadian open. Then there will be Miss Ada MacKenzie, of Mississauga, one of Canada's best players, Miss Joyce Hutton of Lambton, Mrs. Hope Gibson of Hamilton, who won the closed title last year, Miss Poplar of the Toronto Club, Miss Emily of Rosedale, Miss Mollie MacBride of Montreal, and Mrs. Franklin Ahearn of Ottawa, as keen competitors, while one of Toronto's newest players, Mrs. Murdoch, who will likely play for Mississauga, is expected to put quite a figure. No less an authority than W. J. Thompson declares that Mrs. Murdoch handles her clubs better than many lady golfers who have been playing the game for years. The week of September 11 should duplicate or surpass the record championship meet held at Rivermead, Ottawa, last year.

The Canadian professionals' championship will likely be held just previous to the Canadian open. Davie Black of Vancouver, three-time champion, is coming east to defend his title. George Cumming, the Freeman boys, Alex. Murray and Fred Rickwood of Summit will give the wonderful Dave quite an argument. It is expected that a representative team of Canadian professional golfers will be sent to Chicago to take part in the U. S. open and there is no reason why Davie Black and other excellent golfers to pick from that a fine showing should not be made.

The Royal Canadian Golf Association has decided not to follow the rule of the Royal and Ancient in reference to the barring of corrugated, grooved or slotted clubs, until such a time as a more definite decision is come to in reference to what really constitutes a grooved, corrugated or slotted club.

A POPULAR VIEW. Montreal Transcript: The Transcript is endeavoring to confirm certain information which it has received. In the course of a few days this information may be given to the public. It objects to the self-styled "amateur" association. If the meeting had resulted in the formation of an "independent baseball and hockey organization" no objections would have been made. The word "amateur" makes the new association very inconsistent. The Transcript may be wrong, but stands ready to be convinced. Covey "who have been more stoned against than sinning." He was not responsible for the affidavit. He takes his orders and is to be admired on this stand he has taken. The Transcript so far agrees with him, and will support him until it feels that Covey is wrong. Until that time he can count on the generous support of The Transcript.

An Amateur City Baseball League

Four Clubs Represented at Meeting Held Last Night in Commercial Club Rooms. The formation of an amateur city baseball league was discussed at a meeting attended by representatives of the Commercial, St. Rose, East End Wolves and West End St. George's baseball teams held in the Commercial Club last evening. A. E. Sealey was the chairman of the evening, and discussion was entered into by the delegates of the different teams present, each of which was represented by two delegates.

The plans advanced favored either a three or a four team league, and it was decided that in the event of the St. George's coming into the league a game a week would be played on the West Side diamond, and that all other games would be played on the East End grounds. The delegates present last night are to report back to their clubs and will meet again next week at the call of the chair.

"Hock Dempsey" Berlin's Greeting

Teuton Police Unable to Control Crowd That Welcomed Champion Pugilist. Berlin, April 30.—Jack Dempsey won the heavyweight championship of Philadelphia yesterday afternoon by battling his way through the largest and most riotously welcoming Teutonic crowd that has greeted an arriving pugilist in the history of the world. It was a stupendous, unprecedented and spontaneous popular demonstration, particularly remarkable in view of the fact that Dempsey is a German-born fighter. The birth of boxing here dates only from the ex-Kaiser's fall.

To avoid a crush, it had been arranged that Dempsey and his party should get off at the Zoological Gardens railroad station in the fashionable west end residential and night life section. But the Berlin papers this morning gave the fullest publicity to the time and place of arrival, and the crowd turned out by thousands to see and cheer the first world's champion boxer to visit Germany. As the train, a companion of an hour later, eased into the station, the cheering and waving of thousands of spectators, including Kearns, and Trainer Hays, saw thousands of upturned faces massed in the square below. Other thousands crowded all the station platforms. Everybody apparently had read of Dempsey's coming except the three or four armed policemen graced the arriving platform, with a few more in the street below. Dempsey was immediately recognized by the crowd, then the fun and riot started.

The armed exponent of Teutonic law and order were swept off their feet. Dempsey, bowing and smiling, was caught in a swinging vortex of German hugs, from which for a quarter of an hour, there was no escape. The handful of policemen tried again and again but in vain, to break through the cordons of waving fight fans and other curious onlookers. The general public police issued orders harshly and in tones typical of Prussia, but there was nothing doing, as the crowd on the platform merely waxed more riotous.

Dempsey and his party could not make a move in any direction. It was said that delegates and reception committees from Berlin sports clubs were on hand to extend a formal "welcome to our city," but, if they were, they were lost in the shuffle and had no chance to unlimber German oratory. Enthusiastic fight fans climbed on the roofs of railroad cars and clambered up the station pillars at peril of their lives to get a closer glimpse of the champion. There was a continuous roaring of the world's champion. At Cologne, around six o'clock this morning, a big crowd of German fight fans awaited Dempsey in the station, but he was bitterly disappointed, for the champion did not show himself. He was in his pajamas, and declined to get up.

Arrangements For Hilton Belyea

Oarsman Will Proceed to Philadelphia on Manchester Liner—His Challenge Accepted. Plans for the sending of Hilton Belyea to Philadelphia are working out well and the committee are much pleased over the results. Several of the amateur organizations in the city will assist, and the work on the new shell being built by Harry Belyea is progressing fine. This new boat will be lighter than the one that the champion rowed last year, and this will be a great help. Letters were received yesterday from Philadelphia to the effect that Hilton's challenge has been received and he will have a competitor from Philadelphia to row with him on two feet last year at Buffalo and Costello, a cousin of Kelly, the former champion. Rooney, of New York, is also expected to be a competitor, and this is the same Rooney that Belyea defeated last year in the New England championship, and also at Buffalo.

Hilton is working out well, taking to row work as well as rowing, and says that he is feeling in the very best of condition. Arrangements were made with the local agent of the Manchester Line yesterday, and this company has offered transportation for the oarsman and his boat from St. John to Philadelphia at an early date, as the steamer calls at Philadelphia en route to Manchester.

It is a great boom for the city of St. John to have Belyea row in the National regatta, with good prospects of winning the much coveted championship, and it is up to every amateur organization as well as the true lovers of athletics to assist, and although he will row under the colors of the St. John Rowing Club, he will represent the city of St. John in the race, and there should be no hitch in any of the arrangements so the sculler will go away with every little detail attended to. All that is wanted is Hilton to row and do his level best to win the race, and he should not be bothered with anything else.

A letter was also received from the Philadelphia Barge Club yesterday extending the invitation to Belyea to use their quarters during the time that he will be in that city, and this kind offer has been accepted.

UNDEFEATED CHAMPIONS. The unbeaten St. John High School basketball team, winners of the Inter-scholastic championship of New Brunswick and Nova Scotia, have a fine photo on exhibition in one of the King street windows of Oak Hall, also the trophies they won during the season. The members of the championship team are: Paul W. Fraser and William C. Lee, forwards; A. Colby Potter, centre (captain); Edgar B. Welford and Jarvis M. Wilson (manager), guards; John E. Frost and Harold T. Williams, subs. Ronald W. Shaw, coach.

Capital Girls Defeat St. John

Y. M. C. A. Team Trimmed Y. M. C. I. at Fredericton Last Night—Score 19 to 5. Fredericton, N. B., May 2.—(Special)—The Fredericton Y. M. C. A. girls' basketball team defeated the St. John Y. M. C. I. team 19 to 5, at the Y. M. C. A. gym here tonight. The game was about the best girls' game seen here this season.

The home team had decidedly the better, being particularly strong in scoring from the floor. The teams were: Y. M. C. A. Forwards: Y. M. C. A. G. Cronin.....D. Norwood M. McCaslin.....K. James Centre. G. Fleet.....M. Burtt B. Farnham.....M. Smith M. Cronin.....B. Purvis Referee—C. B. Burden. Miss Norwood was the heavy scorer, making six field goals. Miss Purvis made one field goal and Miss Burtt five penalty goals. For the visitors, Miss G. Cronin scored two field goals and Miss McCaslin one penalty goal.

White Sox Pitcher Cleared By Johnson

Did Not Use Foreign Substance on Ball in No-Hit, No-Run Game. Chicago, May 2.—President Ban Johnson of the American League, today absolved Chas. Robertson, Chicago White Sox pitcher, from any suspicion of having used a foreign substance on the ball in pitching his no hit, no run game against Detroit at Detroit last Sunday. There had been intimations that Robertson had tampered with the ball, it being intimated that oil was used to make the ball hop freakishly. Ty Cobb, manager of the Detroit team wrote a letter to President Johnson regarding the matter.

ROSES DEFEATED Team of Blacks. The Roses were in full bloom on Black's alleys last night when they defeated the Three Generations of Black's by a total pinfall of 1323 to 1215. Committee To Name Golf Team

To Compete for Walker Cup in International Team Golf Championship Next September. New York, May 2.—The personnel of the committee which will name the team to compete for the Walker Cup, ambassador of the world's international team golf championship next September, was announced today as follows: Robert Gardner, Chicago chairman; W. C. Fowkes, Pittsburgh, captain; James D. Standish, Detroit; W. D. Vanderpool, Marietta, N. J.; and Francis Quimet, Boston.

Under the rules of the deed of gift the trophy fills the same place in the golf world that the Davis Cup does in tennis. A team is to consist of four players and two substitutes and the competition is open to all nations of the world with a governing golf body. Play will cover a period of six days, the first day being given over to four homes; the second day to four ball matches and the third to sixth days to single matches in which the members of each team shall play all the members of the other team or teams in turn.

No intimation was given as to what foreign team might be expected to play for the Walker Cup this season although the possibility of competitors from England and Canada have been discussed. Matches for the trophy, if held, are expected to be staged at the National Links, Long Island, just before or just after the national amateur golf championship set for Brookline, Mass., September 4.

THE ANGLICAN SYNOD

The Bishop's charge to the Synod of the Diocese of Fredericton, deals with many matters that are of the highest importance to the continued well-being of the Church, and these will provide the Synod with food for more thoughtful consideration than they are likely to get in the brief time that the Synod is in session.

Most of the matters with which the Bishop dealt in his charge have to do with purely church matters and are not altogether fitting subjects for newspaper consideration. Two of them, however, the future of King's College and the Marriage Laws of this Province are matters of general interest.

The Bishop suggests that the scheme for affiliating King's College with other Universities of Nova Scotia and New Brunswick should be endorsed by the Synod. We doubt if this solution of the College's financial difficulties will be very heartily approved by churchmen in these Provinces.

The other subject referred to is that of the Marriage Laws of this Province, which every one who is at all conversant with the subject knows are about as loose as they well can be. These laws in so far as what are known as the Free Churches are concerned, can only be changed by the Legislature.

The Church of England, like the Church of Rome, makes her own laws regarding the Solemnization of Marriage, with this difference, that the Church of Rome keeps to them, which Anglican clergy do not. The Bishop complains of the looseness with which the marriage ceremony is frequently performed.

THE FINANCIAL SITUATION A perusal of several financial articles in some of the New York dailies, compels one to come to the conclusion that the well-sustained stock market has a rather irregular character.

It is a salient fact that after some months of rising security prices, the bond list continues to hold with activity while the stock list shows some signs of having reached the peak of its upward movement.

First Meeting New Council Business Meeting Unemployment Cussed — City to Talk Current. The first meeting of the Council was held last night and was largely a routine business session. The problem was brought before the commissioners' recommendations might be undertaken. The Mayor called after the meeting to suggest that the Mayor said the reaction must be accepted. A communication from the School Trustees was approved of an increase of the rate. The Mayor called after the meeting to suggest that the Mayor said the reaction must be accepted.

### First Meeting of New City Council

Business Mostly Routine — Unemployment Problem Discussed — Petition Asking City to Take Over Musquash Current.

The first meeting of the new City Council was held yesterday afternoon and was largely taken up with routine business. The unemployment problem was brought up and the several commissioners asked to bring in recommendations for work which might be undertaken for the unemployed by the City.

Mayor McLellan presided and Commissioners Wigmore, Thornton, Bullock and Frink were present. After the reading of the minutes the Mayor called attention to the fact that the city had \$2,400 worth of wood at Musquash and no insurance on it, and suggested this was hardly good business.

Commissioner Frink expressed the opinion that his Worship had this matter in his own hands, but the Mayor said the responsibility for any action must be accepted by the Council.

A communication from the Board of School Trustees asking the Council to approve an issue of \$20,000 of bonds for the Carleton school was read.

Commissioner Frink said he thought the trustees were only trying to shift some of the responsibility on the shoulders of the Council, and moved the communication be read and acknowledged and filed.

Commissioner Thornton expressed surprise that the Mayor should announce that he was going to buy furniture for city hall as this came within the province of the Commissioner of Safety.

The Mayor said this was a misinterpretation of the act as he had been informed on good authority that each commissioner had a right to purchase his own equipment.

Commissioner Thornton asked for a ruling of the Council on the matter, but the Mayor said this would have no bearing as it was not the province of the Council to interpret the law.

Commissioner Frink said the Mayor already had the authority to engage a stenographer and so far as the furniture went he thought matters might be left as they were for this year, and next year each commissioner could include in his appropriation any items needed.

Commissioner Frink was given authority to have plans and specifications prepared for the paving of Prince William street from Princess to Market Square.

Commissioner Frink said there had been a revival of the cry for work and there seemed to be more men out of work now than in the winter. His own department had less money to spend than last year, for at this time last year he had \$114,000 and this year he had only \$105,000. He thought the emergency fund of \$25,000 should be used to provide work.

Commissioner Wigmore said he had found the same experience in his department. He was preparing a plan of proposed works but this would not be ready for at least a week.

Commissioner Thornton suggested that some repairs might be made to the city hall in Carleton and he was given authority to have the city engineer and city electrician prepare plans and estimate of cost for same. Council then adjourned.

Bruswick Rolling Mills Ltd. asking to be relieved from taxation this year and their water rates be cut to percent, was referred to the committee of the whole.

On motion of Commissioner Thornton the dates for daylight saving time were made as follows: To come into effect on Saturday May 20 at midnight and to continue until Saturday, September 2 at midnight.

Commissioner Thornton reported that Police Magistrate Ritchie was leaving for an extended trip to Europe and he moved that in view of the long and faithful service of Hon. R. J. Ritchie he be granted three months' leave of absence and three months' salary be given him in advance.

Mayor McLellan announced that he had secured the services of a stenographer at a salary of \$1,000 per year and he would need a typewriter and desk. These he would purchase and they would be paid for out of general revenue.

Commissioner Thornton expressed surprise that the Mayor should announce that he was going to buy furniture for city hall as this came within the province of the Commissioner of Safety.

The Mayor said this was a misinterpretation of the act as he had been informed on good authority that each commissioner had a right to purchase his own equipment.

Preston, Brantford Express; Manitoba: E. H. Macklin, Manitoba Free Press; Ontario: C. P. Crandall, Vancouver World.

At a subsequent meeting of the board of directors officers for the year were elected as follows: President, E. Norman Smith; first vice-president, E. H. Macklin; second vice-president, G. F. Pearson; J. F. B. Livesey, general manager was elected secretary.

A. R. Ford, London Free Press; and W. J. Wilkinson, were re-elected respectively chairman of the evening and morning paper sections of Ontario and Quebec division.

Reports of the president and the management to the meeting recorded a continued progressive improvement in news service. The membership appointed the value of the direct London cable service inaugurated last year by authorizing increased assessments on this account. The present charter of incorporation of the Canadian Press, Limited, under the Dominion of Canada Companies Act, being insufficient to carry out the objects of the association, it was unanimously decided by the membership that this be amended so that application be made under the act for a new charter with enlarged powers under the name and style, "The Canadian Press."

C. P. Crandall, chairman of the costs committee, which has been working for a couple of years past to evolve a more scientific plan of assessment of cost, presented a report which was adopted to take effect next year. Among those present were F. B. Ellis, St. John, (N. B.) Globe.

### HOSPITAL COMMITTEE OF THE RED CROSS Monthly Meeting Held Yesterday Morning—Reports Received and Other Business Transacted.

The monthly meeting of the Hospital Committee of the Red Cross was held yesterday morning in the depot, Prince William street, Mrs. E. R. Taylor in the chair.

Letters of thanks for flowers and other gifts were read from superintendents of several hospitals, where soldiers and patients. The minutes were read and approved. Mrs. E. R. Taylor spoke of the recreation but at Lancaster, which is to be completed next month, and hoped that the ladies would bear in mind that new furniture would be accepted.

Mrs. J. H. Duddy reported that the Women's Council stood ready to cooperate in the hospital work. Mrs. L. P. D. Taylor reported for the following committee: Mrs. Shute said, in the absence of the visitors for East St. John, that Miss P. B. Baird and Mrs. H. A. Powell had taken charge of the East St. John and of the boys and flowers given the boys.

### Steps To Prevent Another Big Fire

Lancaster Councillors Want Fire Walls Between Buildings — Some of the Insurance.

The councillors of the Parish of Lancaster are taking steps to prevent another such conflagration as occurred there yesterday if fire walls will do the trick and they will ask at the meeting of the Finance committee of the municipal council, on Friday of this week, that the burned block be re-surveyed, with the intention of having concrete foundations laid down for buildings with party walls, thus allowing for the erection of fire walls between the buildings.

The thirtieth anniversary of the big conflagration in Fairville will fall on May 4. Fifteen months later another disastrous fire swept through another section of Fairville. Within the last few years other bad fires have broken out.

The parish of Lancaster have secured legislation for proper fire protection of the municipal council, on Friday of this week, that the burned block be re-surveyed, with the intention of having concrete foundations laid down for buildings with party walls, thus allowing for the erection of fire walls between the buildings.

Following is the insurance, as far as it could be located yesterday: Jeremiah Ross—Building, Acadia Insurance Company, \$1,000; Home Underwriters, \$1,000; National Union, \$500; Furniture, \$500 in Commercial; Block, Acadia, \$500; British Colonial, \$1,000 in Royal; Union, \$700; Household furniture, Union of London \$500.

Thomas Kerrigan—House, \$2,000 in Insurance Company of North America; \$1,000 in Liverpool, Manitoba; Furniture, Queen, \$500. Parley Durand—Furniture \$400, Water.

Walter Ross—On two buildings, \$2,700 in Newark. Fairville Drug Company—Stock, \$1,500; Stock and fixtures, Phoenix of Paris, \$5,000; Building, Royal Scottish, \$1,800. George H. Wetmore—Book, Continental, \$1,500.

Joseph Maxwell—Stock, \$200; Royal Underwriters, \$800; Atlas, \$800; Royal, \$1,000. Mrs. Pearl Webb—Dwelling, N. Y. Underwriters, \$800; Atlas, \$800; Royal, \$1,000. J. W. Stevens—Two houses, Atlas, \$500; N. Y. Underwriters, \$1,500. Oscar O. Hanson—Warehouse, Anglo Fire, \$500.

Andrew Fox carried no insurance on his house, which was badly damaged. Heretofore her former charges, and stated she was not through with the matter yet, as she intended to go to City Hall next and bring it up there. A communication was read from some West Side citizens, asking if the association would provide a teacher and equipment for a kindergarten there if a suitable room was provided, and it was decided to accede to their request.

The present members of the board are: H. Hayes, T. H. Eastbrooke, W. F. Burditt, A. M. Belding, William Brodie, Alexander Watson and W. E. Farie. To these were added the following: G. A. Conlin, I. W. Simms, J. W. Fiewelling, Ronald McAvity, J. Pirih Britain, H. A. Macneary, representing the Retail Merchants Association.

At the meeting of the Free Kindergarten Association, held yesterday afternoon, the committee appointed to investigate the charges made of extravagance, unsound business methods and an incorrect statement, made its report and reported the association from all blame in connection with the last item, the report pointed out that the printed statement was wrong, but the money paid out were all properly accounted for.

Mrs. F. E. Hoffman, president, was in the chair, and Mrs. Allan McAvity acted as secretary. The report of the special committee appointed to investigate the charges made by Mrs. Lawlor was read, as follows:

"As chairman of your committee appointed to consider charges made against your society, I have to report that the committee held a meeting in your office, when there were present Mrs. E. R. Taylor, Mrs. Allan McAvity, Mrs. J. W. V. Lawlor and Mr. Fiewelling.

"Kindergarten affairs were gone into quite fully and explanations given which were satisfactory to me. "First charge, extravagance: In this connection the principal charge was that teachers' salaries were raised from \$40 to \$50 per month, and small increases were given assistants. None of the present figures appear to me to be excessive, especially in view of the fact that teachers are paid only for the ten months of actual service. "Second charge, unsound business methods: The business of the association appears to have been carefully conducted, and no evidence was submitted that would indicate anything to the contrary. "Third charge, incorrect statement: An item appeared in the statement which was not correct, \$600 was shown to have been paid to the supervisor when as a matter of fact she had only received \$400, but in securing out the several receipts paid the money was all properly accounted for, but not in the way shown in the printed statement. "This report is concurred in by Mrs. Taylor and Mrs. McAvity, and discussed from by Mrs. Lawlor. "R. T. HAYES, and acted as secretary. "and arrived here at noon on May 6. That afternoon they will be taken on a tour of the harbor, including Courtney Bay and the new oil works. The following morning the visitors will be taken on a motor trip, showing the points of interest in all sections of the city and out as far as Grand Point. At noon there will be a luncheon at the Hotel Club, under the auspices of the Board of Trade. The program is not yet known. It is understood, however, that they will be entertained who are not well acquainted with the advantages which New Brunswick has to offer."

### Civic Monument As A Memorial

Lady Roberts Chapter Favor Monument to Soldiers Who Fought in Great War.

The regular monthly meeting of the Lady Roberts Chapter, I.O.O.F., was held last evening at the home of Miss Leslie Skinner, Colburn street, with the regent, Miss Joan Fulton, presiding. The chapter went on record as being in favor of the erection of a civic monument as a memorial to the soldiers who fought in the Great War.

In response to an appeal from the Boy Scouts' Association, the sum of \$10 was voted towards this movement. It was also decided that the sending of bouquets to the Free Kindergarten should be continued. The regent urged as many of the members as possible to attend the Empire Day exercises in the High school, this year.
