We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory to which the particular goods are made. ## PUBLIC MEETING ON MONDAY EVENING

Large Meeting of Ratepayers Pass Resolution of Confidence in the Town Council

The public meeting called by a few disgruntled delinquent taxpayers held in the Council Chamber Monday evening, drew a large crowd who were present to hear the fun.

M. A. Kelly, Esq., was chosen chairman and by a firm hand was able to keep good order.

The ones responsible for the calling of the meeting were backward in getting down to business and the Chairman jokingly remarked that it was a Quaker's meeting, and hoped the spirit would move some one to speak as time was passing.

Mr. W. H. Wallace then read a paragraph from the hand bill calling the meeting "Can the Town Clerk hold the office of Assessor?"

Mayor Andrew replied that so far as the Town Council knew there was nothing to prevent it.

C. S. O. Crockett stated that there was every reason why he should not hold the two offices. The Incorporation Act of 1888 clearly states so. He thought that if any doubt exists the Town Clerk should not be allowed to act as Assessor.

Coun. Alexander said that the Town Solicitor had stated when Mr. Reid was appointed that there was nothing in the act against his acting.

Coun. Miller explained that the Council considered it advisable to have one of the Assessors in office all the year so that he could watch property transfers and make note of them. The Council was endeavoring to systematize the Assessing and the Clerk was the only person who could look after this.

P. M. Shannon moved, seconded by C. S. O. Crockett, that in as much as there was some doubt as to the legality of the Town Clerk acting as assessor, the matter be referred to the attorney.

The Chairman declared the motion not carried.

Wm. Dickie moved, seconded by W. H. Wallace, that the Town Council move in accordance with the Incorporation Act—Carried.

As there again appeared to be a hitch in the proceedings, no one cast vote to bring up further matters, a copy of a hand bill, circulated by some person who did not care to further it, was placed in the Chairman's hands and he proceeded to read off the charges as follows:

1.—The disqualification of Mayor Andrew and six of the Councillors.

P. M. Shannon said that he had read in Mr. Crockett's paper that the Town Council had bought goods from themselves. If this was correct, action should be taken. It was contrary to all British law. It was proved the Councillors should resign.

Mayor Andrew—Let us have the names of the Councillors disqualified.

Mr. Crockett—I take full responsibility for making these statements. Mayor Andrew, Couns. Goss, Ellis, McLean, Evans, Miller and Alexander are the ones referred to.

Some citizen suggested that the accused be heard.

Mayor Andrew stated that on one of the coldest days in February, an old destitute man had called upon him as mayor of the town, and requested him to provide a railway fare to Chatham where he was to live for the winter.

The man was over 80 years old, very thin and in bad physical shape. As mayor he thought it good business to send this stranger out of town and bought him a ticket at \$2.50. Another case of the same kind came up later, and he had provided a pauper with a ticket to St. Flavie \$2.10, a total of \$4.70, which the town repaid. Mr. Crockett in his paper had stated that the amount was \$17.00 or \$18.00.

Coun. Goss stated that after the Bathurst fire, the Fire Committee had instructed the Fire Chief to go to Bathurst and see that the engine and hose were reshipped to Campbellton.

As chairman of the Fire Committee the Chief had applied to him for \$5.00 or expense money, which he took from his pocket and billed the town for.

The Council passed that when the town wished to widen O'Leary street, the Council had prevailed upon him to sell 13 1/2 feet of his lot for that purpose. He was not in favor of selling, but so many people pressed him to do so that he accepted the offer of \$1800 for it. This was what he was guilty of.

Coun. Miller—The Public Property and Streets department had purchased a few deals to build a slip on the ice from the W. H. Miller Co. Ltd. in 1914. This must be the complaint against him. He had always instructed his clerks to sell nothing to the town.

Coun. Alexander had been sent to

## LUMBER SLUMP IS CUTTING INTO TRADE

Price of Deals Drops Off in the English Markets and Light Chartering is Prospect

The bright prospects which existed for the trans-Atlantic lumber trade at the beginning of the summer season and which for a time were justified by the large shipments of deals sent forward in a big fleet of sail and steamers, are now under a cloud that threatens to cause a considerable depression in shipping.

During the last four weeks, the price of deals in English markets has dropped \$4 per thousand and it is said that the decrease will mean a curtailment of lumber exports.

Shipping men were of the opinion yesterday that unless the unexpected increase in price, occurs, chartering will be light for the months of July and August and a slump will follow in activity along the waterfront.

Freights to trans-Atlantic ports are now at a record figure, in the offering of 140 shillings. The American market is dull.—St. John Telegraph.

St. John and Fredericton on town business and had been paid his railway and hotel expenses. There was also a bill for a small amount for goods which could not be procured elsewhere in town and needed in a hurry. The prices were just and fair, and his firm lost hundreds of dollars by his being on council board.

Coun. Evans never personally sold a dollar's worth of goods to the town, but supposed that the Richards Co. Limited, with which he was connected, may have.

Coun. McLean said he was not a stockholder in any concern which sold goods to town. He did not think that because a Councillor sells a few dollars worth of goods to the town that he should be disqualified. That was not the intention of the act.

Mayor Andrew—Coming down to plant shop, some councillors may have asked only if the electric light plant could only be for material.

Take another case. Recently a town needed oats. Enquiries were made from dealers and the best price was .85c a bushel. A Councillor was asked for prices, but refused to sell the town. When asked if a private individual should buy them what the price would be, he quoted .80c. Now it is good business for the town to lose this money.

A voice—Certainly not.

Mayor Andrew contended that the spirit of the Act had never been violated.

Mr. Crockett said he was satisfied with the explanations of the Councillors. He further stated that in 1913 Mayor Andrew had sold goods to the town.

M. M. Mowat—What has the action of 1913 to do with the present council.

Mr. John Harquail stated that the time to hold such a meeting as this was previous to nomination. He thought the people were well satisfied with the present Council. Some of our best business men were on the Board.

B. Lutz moved, seconded by H. J. Currie that a vote of confidence in the present Council be recorded.

A standing vote was taken and 101 stood up when the years were called.

## AMATEUR PLAY WAS SPLENDID SUCCESS

Mr. T. H. Bird With Local Talent Give Splendid Entertainment in Opera House

"The Doctor's Private Secretary" was staged in the Opera House last Thursday and Friday evenings and a matinee on Saturday afternoon by Mr. T. H. Bird and about forty Campbellton young men and maidens. As is usual in Mr. Bird's play the principal parts were all in capable hands, and the specialties between the acts were as usual of a high class order, the solo parts in these being taken by Miss Lou Gilker, Mr. R. J. Lavoie and Mr. G. A. Mersereau.

The principals in the play were Miss Jean MacLachy, Miss H. G. Gillies, Miss Ethel Hogan, Miss Hazel Ling, and Miss Helen Davidson, each of them taking their parts well, and having roles that were suitable to them, Miss Gillies making her best appearance yet, while the other ladies were equally as good in their respective parts. Among the male parts taken by Messrs. H. Conrad, B. O. Bates, J. J. Bernier, Ed. Gallagher and Mr. Bird, one stood out above the rest and that was Mr. Bernier, who took a most difficult part of the villain, and made a most successful hit. He deserves all praise for his work, and it was here that Miss Gillies shone most in playing up to him and giving him every assistance in his hardest parts. The other male parts were well handled, and it must be a matter of congratulation to Mr. Bird in having such good material to work with. The play this time was put on for the benefit of the Red Cross Committee funds and a goodly sum was realized.

and no one stood up when may's were asked for.

Wm. Currie, Esq., suggested that in view of the fact that matters had taken such a pleasant turn and as it was getting late, the meeting adjourn.

Mayor Andrew asked for a few minutes to reply to a personal attack upon him in the Tribune of recent dates. He quoted facts and figures to prove that such attacks were false. Much of this matter has appeared in the public and consequently is eliminated from his mind.

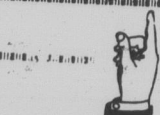

his remarks by was given time to reply he became so worked up that he forgot all the weighty matters the meeting had been called upon to discuss and took his seat.

The Tribune, among other inaccuracies in its report of the above meeting states that Mayor Andrew "then proceeded to attack a private citizen at some length. When through with his remarks the citizen asked to be heard, and took up His Worship's many false statements and at the conclusion of his remarks demanded a public apology which His Worship gave."

During his remarks Mayor Andrew accused Mr. W. H. Wallace, the citizen referred to by the Tribune, among other things, of purchasing a piece of ground on Roseberry St. which he (Mr. Wallace) had learned the Town needed upon which to erect a fire station. Mr. Wallace denied this, saying the lot was purchased by his son.

His Worship apologized to Mr. Wallace for coupling his name in this deal. This was the only apology His Worship made.

The meeting then adjourned.

## ANOTHER BATCH IS READY FOR SUSSEX

Lieut. Larzen Has Six Men Ready for Sussex. This Makes Forty Four From Here

Recruiting at the offices here has been a little slow this week, but Lieut. Larzen is still picking up a few likely looking recruits. Another batch of six has now been sworn in and passed the medical examination. They will leave for Sussex tomorrow morning to take up their training. This last lot makes up a total of forty four which is still twenty-six short of the complement asked from Campbellton. We have done well in the past and are doing good now, but we must not disappoint the authorities in the recruiting of our number. We must send the seventy men. Now who will be next. The call is urgent and the need is great. Your King and country need you, now more so than ever. Are you doing your bit? Think it over. Follow the example of the following six men and do it now.

Those who will leave tomorrow are:

# MONEY COLLECTED WILL BE REFUNDED

No Need For Field Kitchens as  
These are Supplied by The  
War Office

The money collected by the Mayor of St. John and the St. John Globe for the field kitchen fund of the 28th Battalion will be refunded. These collections were instituted at the suggestion of local officers and on the distinct understanding that the equipment is needed and is not supplied by the war office. Similar collections were made in many other Canadian communities, and inquiries by the Mayor of Canadian military authorities confirmed the statement of local officers that it was desirable to make gifts of necessary equipment. In consequence of persistent rumors that there was some misunderstanding the Mayor on Sunday cabled the war office direct, asking information, and to-day received a reply that all infantry regiments going into foreign service are given field kitchens. As a consequence of this the Mayor will refund all moneys paid into the fund by generous citizens and communities.—St. John Globe.

## LETTERS TO EDITOR

Dear Sir:—  
Pessimists say this season will be a dead issue. My experience teaches me to say better now than ever. Nothing the matter with Carleton.

The popular representative of the county at Ottawa, Mr. Marcell, will be here in a few days. His position as a distributor of public patronage has changed, but personally no hair of his respectable record has been changed. Elect him again, why yes, and with no opposition.

Thirty three years ago I had the very great pleasure to introduce myself to the people of this section of the County.

Young and full of ambition at the time, I thought myself fit to offer as a representative to the Legislature of my native province, the people (voters) decided I was not; not popular being supreme, this, my first attempt was in 1881.

Getting no wiser but more enthusiastic, did I not offer again in 1886. Same result.

Remembrances of these past days afford me very great pleasure when now, in a business capacity I go over the ground and have an opportunity of shaking hands with good, faithful and ever honest old friends. Let politics be d— and appreciate true friendship.

## LETTERS FROM THE FRONT

The following letter has been received from Pte. Harry Young.

May 25, 1915.

Dear Mother:

Just a few lines in answer to your kind and welcome letter and was glad to hear from you, also to hear that you were all well, as for myself I am in good health so far. I am transferred to the 15th Battalion. We just came out of the trenches Saturday night, we were in five days and I came out without a scratch. There was only one of the Campbellton boys wounded and that was Ernest Munroe. He is now in the hospital and isn't wounded very bad. We are now a couple of miles from the firing line resting up. I can't say when we will be going back to the trenches again, but I hope when we do go back I will be as lucky as the last time.

Let me know in the next letter if Arthur is in the 2nd Contingent or in the 3rd, and if they have left Canada yet.

Well mother I guess I will come to a close hoping to hear from you soon, and don't worry too much about me for I am alright.

Your son Harry.

The following letter has been received by Mrs. Munro from her son Ernest, who was wounded at the front.

England, May 27, 1915.

Dear Mother:

I suppose that you received my letter from France. I got the lot and socks you sent me. Well Mother I have been in the trenches a few times and saw what the people of Canada are reading about and saying it is only a war. This is not a war, it is a slaughter. It is nothing to see a battalion of 1000 men go in the trenches and inside of four hours, an entire hundred left, how many men have been killed there, only one was left. I am only one of the thousands of men who have been killed in this war. When you see your son in the trenches you first go in to the reserve trenches, they are three miles from the firing line. It is hard to make people believe that being over three miles from the German trenches that so many get killed, but while you are in the reserve trenches they are shelled by the German artillery day and night. You leave the reserve trench and go to the second line of trenches, there you are shelled worse. There our artillery two behind us, the German artillery two ahead of us. You hear the war of our own artillery all day long. From the second line of trenches you can't hear the report of the German guns, but you can hear what they call the Jack Johnson and another shell they call the coal-box and they are Jack Johnsons and coal-boxes. You can hear them coming through the air and when they hit the ground it makes a big enough hole to bury our little house in. The first line of trenches are not so bad, there you don't get so much shell fire. They can't shell on you for their own first line of trenches are sometimes as close as one hundred yards and if they shelled us they would hit their own trenches. In the first line of trenches you keep your head down and stay there. If you put it over the trench, say good-bye for a sniper has you. We get the command Stand To, which means be ready for a charge. Sometimes you will be sanding to for a day and night without anything happening, and then again it won't be five minutes before you get hit. That is where you get him or he gets you.

I suppose you have heard that I am wounded. I got wounded in the right leg by a piece of shrapnel, not very badly. In France I was in a Canadian hospital in London. I expect it will be over one month yet before they let me go back. This is the hardest job that I ever had, they have had me in bed for four days now. Wednesday afternoon and Sunday are visiting days. There were a number of people outside. They have a concert every second night here. I suppose it is hot in Campbellton now and that the mills are all going. The weather is fine here and people have started bathing at the sea-side.

How is everybody home and how are you getting along. I guess I will have to close. No news in a hospital, have to close. Write soon. Four meals a day. Write soon.

Yours truly, Ernest.

# MRS. INGRAM OF NEWCASTLE IS DEAD

Well-Known Lady Passed Away  
On Tuesday Last.—Energetic  
Church Worker

Word was received in town today of the death of Mrs. Henry Ingram of Newcastle, which took place on Tuesday morning. Mrs. Ingram had been a sufferer for the past three or four years, during which time she had undergone treatment at hospitals in Toronto and St. John.

Robinson, of St. John, well known as a Baptist clergyman, and Temperance worker, are brothers. She also has two brothers in Boston, Alexander, and Major. Two sisters, Misses Margaret and Belle Robinson, and her mother, formerly of Newcastle have also been residing in Boston for the past couple of years. # KILT IN THE MARITIME PROVINCES

Project is Now Being Engineered  
by Officers of Scottish  
Descent

St. John, N. B., June 15.—A regiment of 12 Kilites from the Maritime Provinces is assuming the aspect of a possibility. Officers of Scottish blood are interested in the project, and it is reported that they are meeting with success in the preliminary arrangements. With the large number of Scotchmen, and those of Scottish descent in the Provinces, it is believed that there would be no difficulty in filling it up with the right class of men. Recruiting would not be undertaken until after the 56th has been completed and the Maritime contribution for the heavy artillery battery raised, in all probability. The name of Colonel H. Montgomery Campbell, of Apohaqui, is mentioned as the commanding officer, if the plan is successful.

### OBITUARY

At her home Robinsonville, Rest. Co., N. B., June 2nd, 1915, Mrs. Alexander Robertson passed to her eternal home. She was 78 years old. She had been in failing health for some time, and during the last few months she bore her sufferings with Christian fortitude, fully trusting in her Saviour and Lord. Everything that loving hands and many kind friends could do was done to alleviate her intense sufferings. Mrs. Robertson was a woman of deep piety. Her walk was holy, her conversation pure, her judgment sound, and her courage was unflinching, and in promoting the cause of Christianity she was uncommonly diligent. She was a member of the Presbyterian church and was one of the most respected persons in the community, and the memory of her strenuous life will be cherished by many for years to come. She is survived by a husband, two daughters, Mrs. J. M. Adams of Matapedia, and Mary at home, and five sons, J. A. Robertson of Matapedia, William, Edmund and Harry of Robinsonville and Albert in the West. The funeral, which was largely attended took place on the 5th inst, interment being at Dawsonville cemetery. Rev. J. R. Miller officiating at the house and grave.

### KNOWN HERE

The following clippings are taken from the Keithsburg, (Ill.) News. "Miss Margaret Sillars, the brilliant daughter of Rev. Angus Sillars, would have to be heard to be appreciated. Of the subject of "Daniel O'Connell" she firmly held the audience spell bound as she soared in oratory and proclaimed the virtues of her subject. Miss Sillars is an exceedingly bright student and spoke for a considerable length of time without the repetition of a single word or sentence. Smooth, convincing and deliberate she proved she knew what she was talking about. We predict for this young lady a future filled with great possibilities and success."

Also this, "Last Saturday the annual track meet and literary and musical contest was held at Aledo. The association entertained the biggest crowd in its history and the meet was a success in every respect. In the literary and musical contest four schools were represented—Viola, Keithsburg, Seaton and Aledo."

In the athletic contest four records were broken, Aledo making these new records. Keithsburg was well represented at the meet and captured some of the prizes, as follows: Declaration—Mona Jean Sillars, first.

Rev. Angus Sillars is a brother of Hugh Sillars of Flatlands and a cousin of Mr. Arch. McKenzie. Rev. Mr. Sillars, who was a gold medalist of U. N. B. preached here two years ago. Both of the young ladies above referred to have been visitors here in past years.

## WAR IN THE AIR

A German wall of indignation over the attack of French aviators on Karlsruhe is another proof of the character of the foe. Having violated every rule of warfare and defied every principle of civilization and humanity, the German appeal to "war" is a horror when given a dose of their own medicine. Have they forgotten Antwerp and Kings Lynn and the many English towns and villages attacked by their Zeppelins, or bombarded by their raiding cruisers. Karlsruhe is a good name for the Germans to remember. It is the first intimation they have had

that the kind of warfare the Germans have waged can be as successfully waged by others. British and French aviators have so thoroughly demonstrated their superiority over the German airmen that German domination in war from the clouds need no more be feared than is war on the sea. Even in submarine warfare what the Germans can do the British can do at least as effectively if given the opportunity. The German plan undoubtedly is to accumulate a great submarine fleet to use against the navy of Britain. On the day when battle is given the British fleet will be as well supported by submarines as the Germans.

## VICTORIA CROSS

### FOR WARNEFORD

King George Congratulates Canadian, Saying All Britain is Proud of Him

Reginald W. Warneford, the young Canadian Sub-Lieutenant in the Royal Navy, who in an aeroplane recently attacked and wrecked a Zeppelin dirigible over Belgium, has been brought to earth by a monoplane. The Canadian aviator sighted the German airship over Belgium, and at once mounted to attack it. By brilliant flights he secured a position above it and dropped incendiary bombs. His aim was good, and the Zeppelin crashed to the ground and burned up. The members of her crew, 28 men, were killed.

King George sent a personal telegram of congratulation to Warneford. "Your act of destroying a Zeppelin single handed was a splendid achievement," wired the King. "Great Britain is proud of you."

A later despatch from Paris states that A. J. Warneford, the young Canadian aviator in the service of the British Army who destroyed a German Zeppelin from his monoplane while the airship was flying over Belgium, has been given the Cross of Legion of Honor for his exploit, on the recommendation of General Joffre, Commander-in-Chief of the French forces.

Lieut. Warneford has two cousins residing in New Brunswick, Dr. H. P. Warneford, of Hampton, and Rev. C. A. S. Warneford, Anglican rector of Johnston's, Queens County.

## GERMAN SAILORS

### STILL AT LARGE

Seen by I. C. R. Crews But Efforts to Locate Them Have Failed

The two German sailors from the Kaiser Wilhelm II, who escaped from the Amherst Detention Camp last week are reported to be hiding in the vicinity of Tidnish. The men are reported to have been seen on the Tidnish Road by motorists from Amherst. One of them was wearing a sailor's blouse and cap. The Amherst man thought nothing of the incident at the time but when he heard of the escape from the prison camp he recalled the two men he had passed and decided that they might very easily be the prisoners for whom search was being made.

It is reported that the barn of a Tidnish man was used as a sleeping place the other evening by some persons of whom no trace has been seen in daytime except footprints outside the building. Possibly, it is thought, the strangers have been the missing prisoners.

The two men made their escape in some way which is yet not understood. It is thought that the Tidnish report is not well founded, as the missing men in their sailor uniforms were seen in a field near Calhoun's by I. C. R. trammens the day after they escaped.—Transcript.

Appropos of the above, some excitement was caused in town by the rumor that Officer Culligan had arrested the two Germans at Matapedia and placed them in the lock-up here on Tuesday evening.

Later, however, it was found that the culprits were two Norwegian sailors who had left their ship at New Richmond and were making their way West.

## THE FIGHT ON

### PLAINS OF TROY

Romantic Setting for Battle During Siege of Dardanelles.

On the ancient plains of Troy, the battle-ground of supermen contending for the favor of the fair Helen, British and French infantrymen rounded up and made prisoners of a myriad Turkish soldiers and German officers during the first four days of the assault on the Narrows, thus maintaining the martial tradition of this battleground of the ancient gods by a truly Homeric achievement.

And whatever risks our navy runs the German must also face. British aviators and British submarine navigators have so proven their worth that the nation should have no fear of the outcome of any engagement the war forces on them.

From the ancient classic strategy performed by Ian Macdonald in sending forth a thousand decrepit donkeys to draw the Ottoman's fire, to the valiant assault of the fleet led by invincible "Queen Bees", supporting the landing force of Allies, the investment of the Narrows is worthy of Homeric verse. All loyal Canadians should feel and realize the gigantic accomplishments of our arms—should celebrate each and every victory as befits its dignity—a Union Jack should fly from every house in eloquent though mute acclaim of British knightliness. That none need be without the banner of our country The GRAPHIC has provided complete five outfits consisting of full-size hunting in fast color, brass-ferule jointed pole ball, and halyard, together with stout metal window socket, which is offered as set forth in the announcement appearing on another page of to-day's issue. There's one for every patriotic home in the city; get yours today. No red tape is necessary, no trouble, no conditions whatever; just call, deposit the small expense fee, which barely covers the assembling and distributing cost, and the complete flag outfit becomes yours.

# ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made  
Well by Lydia E. Pinkham's  
Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JACQUARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAGUIRE, 110 Taylor St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## TRIAL OF ITALIANS

STILL GOING ON

Each man Accused Being Given Separate Trial. First Results in Discharge of Prisoner

(From the Gloucester Northern Light)

The examination of the Italians charged with shooting and stabbing Fred Doucet, now going on before Police Magistrate O'Brien, is becoming a very long and drawn out affair. Each of the men implicated is being tried by himself so that the court does not seem to be making very much headway. The first prisoner, Luigi Leni was discharged for lack of evidence. Two are now on the go, turn about, Nicoli Montefusco and Michel Ercolino, the trial of the former being almost completed and the other one just nicely started.

The fact that an interpreter is often needed explains a great part of the delay in these cases, and besides the Crown is doing its utmost to gather evidence from rather unpromising soil, and therefore believes it wiser to handle the cases one at a time even though it means more time and more expense.

## A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their duties and allow their children to grow up without proper training. It is the mother's duty to instill in her children the principles of morality and religion from an early age. A mother who neglects her duties is neglecting her children's future.

### MAPLE GREEN

The residence of Mr. LeBlanc, postmaster at Maple Green, was entirely destroyed by fire on the evening of June 1st, when the wind with the force of a hurricane, coming suddenly from an unexpected quarter, the south-east, brought cinders from bush fires in that direction.

The fire starting on the south-east side of the house, made rapid headway before the strong gale before it was noticed, as Madame LeBlanc and her son, the only occupants of the house at the time, were busily engaged at separating milk, and Mr. LeBlanc himself, who was in the barn, on coming out, was the first to notice the flames.

Neighbours hurried to the scene, but were too late to do more than help to save the barn, and carry out the sewing machine, two chairs, a trunk or two, and a small quantity of bedding some of which was partly burnt; so that practically everything in the house was destroyed, together with nearly \$100.00 in cash, which was in the pocket of a garment up-stairs. A small building at the rear which contained a quantity of seed-ots was also destroyed.

Much sympathy is felt for the family as they had been working hard to get the place in order, and there was no insurance. The building was a fine one, on the old Fraser homestead, formerly owned by Mr. Alexander Campbell.

**FLOWERS**  
We may study or reject other sciences at our will as astronomy, chemistry, geology, but the science of botany Christ commands us to study when he says "Consider the lilies." Examine their construction, inhale their breath, notice the gracefulness of the petals.

The lily has been uniformly regarded by Biblical writers as the queen of flowers. Fourteen times in the Bible the lily is mentioned, while its rival the rose, is only spoken of twice. The rose originally had only five petals, but through culture and cultivation it has reached its present beauty, and though the rose now may have wider empire, yet the lily reigned in Esther's time, in the time of Solomon and in Christ's time. In the greatest sermon that was ever preached, there was only one flower, and that a lily, so let us take the lily as typical of all flowers, and imagine we hear the command. Consider the lilies, the fuchsias, the geraniums, the hyacinths, the pansies, the ivies, the roses, and with grateful intelligence, and worshipful souls consider them.

The flowers may be called the angels of the grass, they all speak but in whispers. Let us listen, they seem to say, "God will take care of you. He will give you apparel and food. He makes our thirst with due. He feeds us on the bread of sunshine. He clothes us with greater splendor than Solomon. If God so clothes us, the grass of the field, will be not much more clothed you, O ye of little faith."

Flowers may also be called the evangelists of the sky. Martin Luther alway had a flower on his desk for inspiration, and Mungo Park, the great traveller and explorer had thrown himself down to die in desert when he caught a tiny flower, it gave him courage, as it suggested to him God's merciful care and protection, he got up and travelled on to safety.

Flowers are indeed almost human, they live in families, they take nourishment, they grow, they sleep to sleep and wake, they have ancestors and descendants, they are born and they die.

There is a lesson in the Bible as a symbol of the brevity of the finest human life. Quote from Job, "Man cometh forth as the flower, and is cut down from the palmist: as the flower of the field so he perisheth, the wind passeth over it and it is gone, as from Isaiah, All flesh is grass, and the goodness thereof, as the flower of the field.

But flowers afford a higher and grander symbolism, that of Christ who is compared to the Rose of Sharon and the Lily of the Valley, diffusing sweet perfume like the rose, humble and lowly like the lily, like both necessary and appropriate for the bride and the bridegroom. Orange blossoms are the flowers of the bride, they seem engraved around the marriage altar, while we express our respect for the dead and sympathy and comfort for the living in floral pillars, anchors, crosses, sheaths and wreaths, which seem to express for us our individual feelings. Do we not often wonder why God causes beautiful wild flowers to grow and blossom in the desert places, where no human eye ever sees them? Isn't it rather a pretty thought that He put them there for invisible intelligences to look at and admire.

Some poet has said:  
Not useless are ye flowers, tho made  
For pleasure  
Blowing o'er field and wave by day  
and night  
From every source your sanction bids  
me treasure.  
Harmless delight!

In the sweet scented pictures, heavenly artist,  
With which thou paintest Nature's  
wide spread hall  
What a delightful lesson thou impartest  
to those who gaze upon thee!

"Thou wert not, Solomon, in all thy glory  
Arrayed" the lilies cry, "in robes like  
yours."  
How vain your grandeur! Ah, how  
vain human greatness!

Your voiceless lips, O flowers! are liv-  
ing preachers.

Rock Island, June 11th, 1915.  
Manager Opera House, Campbellton, N. B.

I have secured control and assumed the management of Arrival of Kitty Company, the former manager having deserted the company at St. Hyacinthe, June 1st. I understand that this attraction was booked solid through the provinces but we have no record of the contracts. If Kitty was booked with you will you please at once reply to this. We are now playing, having closed but two nights when the former manager decamped, and we want to pick up and play the original bookings. Please advise me at once, if you had us booked. If you have received our adv. paper and if it has been posted. We have the company entirely as played in Toronto, Ottawa, Montreal, etc., and have added new musical features and have strengthened the attraction in every way for the provincial tour. It is important that we get a reply immediately with your open time. Wire answer.  
Chas. W. Kennedy, Manager.

The above letter was received this morning, and Mr. Dimock has wired the Company to play here on or about the 26th June.  
Manager Dimock is also trying to arrange to play Kitty at Dalhousie, in order that Dalhousie people may enjoy the high class attractions being put on at Campbellton, something which they have never been able to enjoy in the past.

## FISH THROWN AWAY

FROM SALMON NETS

Many Codfish Caught in Salmon Nets  
Put Back in Water as There is no Way to Look After Them

(From the Gloucester Northern Light)  
It is reported that immense quantities of codfish have been caught in the salmon nets all along the shore between here and Grand Anse, and the fishermen have simply had to throw them back in the water or use them as fertilizer as they had no means of taking proper care of them. This is a very unfortunate condition of affairs, for there are a great many people in this country as well as in other countries to whom a supply of codfish may mean a great deal if the war lasts over another winter.
