Plans Should at Once be Made so That They Include the St. John Valley in Their Itinerary

I am writing you at the suggestion of Joe Page, of Montreal, to lay before you plans of a fishing trip that I had recently discussed with Mr. Page. As I had them shaped up in my own mind these plans are briefly as follows:

The number in the party to be six, three men and their wives, and the length of time devoted to the trip two weeks, starting about the middle of July. The purpose of this trip (in addition to the good time that will probably be had by all) is to gather material for a series of articles on the order of Albert Bigelow Paine's "The Tent Dwellers," and to get photographs of the country in question and will adequately display good photographs of scenes taken in the neighborhood of the camp and the side trips possible from that given starting point. They will be published in a number of successive issues of Sportive Life and probably afterward be published in book form.

Naturally, the publicity accruing to the particular country in which the material is gathered will be considerable. These articles will set forth the fishing, quantity of game seen, health giving qualities of the atmosphere, and other desirable vacationing features of the country in question and will adequately display good photographs of scenes taken in the neighborhood of the camp and the side trips possible from that given starting point.

They will be published in a number of successive issues of a publication that even now has a wider circulation among sportsmen and other sports or sportsman's publication printed and the circulation of which is right now increasing at the rate of 12,000 every month—namely, Sportive Life, the title of which is changed to "Sportlife," with the July issue.

In addition to this, any desirable publicity that it is possible to give to the Province of New Brunswick, will be gladly given. This publicity will reach over 100,000 readers every month through "Sportlife." This is an absolute guarantee, as mine is the sole decision as to what gets into the pages of "Sportlife," a fact that Mr. Page can verify. If this can be arranged as Mr. Page has outlined it to me, on arrival in St. John I would like to meet you personally and get from you such information concerning the province as you may wish to disseminate, matter that I can put into interesting form and weave into the thread of these articles.

Will you please communicate your wishes to Mr. Page and advise him if arrangements can be made accordingly. Thanking you, and with the earnest wish that I may have the pleasure of meeting you personally in St. John, I am,

Very truly yours,
E. T. WOODS, Jim Nisim
Vice Pres. and Editor.

BRITISH AND FOREIGN BIBLE SOCIETY

Mr. Donald H. McQuarrie of the Canadian Branch of the British and Foreign Bible Society is in town doing colporteur work in the interests of the Society. This work is carried on as a missionary work and the main purpose is to make them so cheap that everyone can afford to have them. Mr. McQuarrie is making a house to house canvass. He has been taking a course at the Dudley Bible College, Dudley, Mass., and expects to again resume his studies this fall. Any person wishing a bible, if they would phone or leave word at the machinery office of C. W. McQuarrie, Hartland, he would be glad to call upon them.

SPECIAL SUNDAY SERVICES AT HARTLAND U. B. CHURCH

Two services of a special nature and significance will be held in the Hartland Baptist church on Sunday next. In the morning at 11 o'clock the Baccalaureate service for the graduating class of the high school will be held. The sermon will be preached by the pastor of the church. Seats will be reserved for the members of the high school classes.

At 3 o'clock in the afternoon the annual memorial service for the soldiers will be held in the auditorium. The main body of the church will be reserved for the returned men and the families and friends of the men who fell over seas. The sermon will be preached by the pastor of the church.

In the evening at 7.30 the pastor will again preach.

MEMORIAL SERVICE

On Sunday, June 22, at 2.45 p.m. every returned man who can will please be at the Armoury, and join in the parade to the United Baptist church and attend the memorial service there which will be conducted by Rev. G. F. Bolster assisted by other clergymen. In this way we will show honor and respect for our gallant comrades who gave their lives in the great sacrifice that won the victory for honor and right in the Great War.

These heroes whose names appeared in the last issue of the "Carleton Observer" were our comrades and dear people. They were your fathers, husbands, sons, brothers, and own people. Let all who can come and unite in honoring them—"They sleep in Flanders' Fields" and have passed the torch to us to hold high.

Returned men come with or without uniform, and join in the parade. A collection will be taken at the service to add to the fund we are collecting to raise a memorial for the heroes whom we will honor on this day.

Rev. P. C. High will sing a solo at the service.
Per order of the committee G. W. V. A.

NEW ROAD MAP

Authentic Map of New Brunswick
Prepared by J. Brown Maxwell
Now on Sale

The new Road Map of New Brunswick prepared by J. Brown Maxwell, D.L.S., of Fredericton, has met a long felt need of the motorists, tourists, sportsmen, etc., in the province. Mr. Maxwell has had considerable experience as a draughtsman, having been chief draftsman for the Transcontinental N. B. Section and at present draftsman in the Department of Lands and Mines.

The new map, which is in four sections, is probably one of the most up-to-date and accurate maps that can be obtained.

The map is drawn to the scale of three miles to an inch and shows all trunk roads, secondary roads and by-roads as well as all rivers, streams, etc., in the province. Sportsmen will find this map especially good, while from a motorist point of view it is everything that can be desired. The map has been prepared in an attractive booklet form designed to fit the coat pocket. Mileage sheets show the exact distance from point to point as measured by government engineers during the past few years.

The south-west section of the map is already on sale and comprises that part of the Province between Woodstock, Fredericton, St. John and part of the State of Maine. The remaining sections of the map are now in the hands of the printers and will be placed on the market in the near future.

LETTER FROM F. J. BOYER

Dear Fred:
Just a line to advise you that we (Mrs. Boyer and myself) are on the last lap of our nine weeks' trip to California via New York, Chicago, etc. We have returned via Portland, Seattle, Victoria, Vancouver, Canadian Rockies, Calgary, Saskatoon, Winnipeg and Great Lakes. Might say that the Prairie Provinces have all prospect of a bountiful crop which is much needed to pull them out of the three hard years previous to 1923. We expect to arrive home Wednesday.

Yours truly,
Fred J. Boyer.

FIELDING MAN CUTS THROAT WHILE INSANE

While in a fit of temporary insanity on Sunday night, Jarvis Estabrooks, of Fielding, cut his throat. He was taken to the Fisher Hospital and while his condition is serious he will likely recover. He is 70 years of age.

Mr. and Mrs. William Lindsay of Glassville wish to announce the engagement of their eldest daughter, Ethel Alice, to K. Leo Everett of Woodstock; the marriage to take place in the near future.

BIG FIRE AT FLORENCEVILLE

House and Two Barns Destroyed—
Woman and Infant in Bed in
Dwelling Removed Safely

Florenceville, June 15. Fire destroyed the dwelling house and two barns owned and occupied by William Gillin and family at White Glen, near Centreville, Thursday night. The origin of the fire is unknown but it is thought that a spark lit on the roof and it being very dry, immediately set the barn on fire and it soon caught on the other barn and house, as there was a high wind blowing. The loss is particularly unfortunate for Mrs. Gillin who was ill in bed but with some difficulty was removed with her infant child to a neighbor's house. The insurance on all the buildings was only \$1,600, which is quite inadequate to cover the loss.

CHILDREN'S DAY CELEBRATION HARTLAND BAPTIST CHURCH

Last Sunday was Children's Day at the Hartland Baptist church, and two services were held in honor of the boys and girls of the church and congregation. In the morning a service especially arranged for the young people was conducted by the pastor. A chorus of C. G. I. T. Girls provided the special music and the pastor gave an appropriate address, taking for his subject "A Handful of Peas" by which he illustrated the various ways boys and girls may use their lives. At the close of the service the Sunday school held its annual Children's Day Concert. Good congregations were present at both services despite the heavy rain. The following program was exceptionally well rendered: Hymn, Scripture and prayer, chorus by Miss Kingston's class, address of welcome by Lloyd Seeley, recitation by Elizabeth Linscott, exercise, Children's Day, Mrs. F. W. Allen's class; recitation, "The Frog's Advice," Fred Dickinson; exercise, Summer Showers, Miss Glavish's class; duet, Minnie and Muriel Cook; exercise, The Success Family, Mr. C. E. Riddout's and Miss Morgan's classes; recitation, Annie McLeod; exercise, The Umbrella Brigade, Mrs. McFarland's class; recitation, Edith Dickenson; solo, Elizabeth Hayward; exercise, The Class Motto, Mrs. J. Cook's class; chorus, Lilac Girls; exercise, Rock of Ages, Miss Kingston's class; recitation, Training The Vine, Glenn Riddout; closing hymn. The church was attractively decorated with abundance of lilacs contributed by the young people.

PRESENTATION

Mrs. H. J. Aiton entertained Friendship Chapter O. E. S. at her home, High Street, on June 5, in honor of Mrs. G. N. Belyea. The Worthy Master, Mrs. A. W. Kyle, on behalf of the members presented Mrs. Belyea with an emblematic pin and the following address:

"Dear Sister Belyea: Your sisters and brothers of Friendship Chapter O. E. S. have learned with deep regret that you are about to leave Hartland, that after this week we shall not have the pleasure of your presence in the chapter room. You go forth hopefully and we share in your hopes for better things, greater happiness and a full measure of success in all your undertakings. We know that in the west you will meet many brothers and sisters of our beloved order but you will find none more sincere than those gathered here tonight. We have enjoyed your company and you have been very helpful to us, and we hope that your memory of us will be helpful to you. We hope to meet you again but there is small chance that the few gathered here tonight will ever meet again unless you return to us. We present to you, Sister Belyea, this little token of our esteem and may "The Star of the East" lead you on to the fulfillment of the pledge you took when joining us."

Mrs. Belyea responded with thanks in her usual charming manner. At the close of a pleasant evening refreshments were served and all joined in wishing Mrs. Belyea success and happiness in her new home.

BASE BALL

The Hartland Junior team distinguished themselves by winning from the Woodstock Capitols a very one-sided game on Saturday when they played on the local diamond. The score was 25 to 16. It was a nine-inning game and Dunbar of the visiting team and Crabb of the local team made two-base hits. The batters were: Hartland, Hoyt and Irving; Woodstock, Dunbar and Chapman.

The Hartland boys expect to play the Capitols at a double-header game in Woodstock on Saturday next.

HILL-BELYEA

On Monday, May 12, a pretty wedding was solemnized by Rev. G. Stuenkel at Highland Park, Detroit, Mich., when Miss Lena Belyea, daughter of Mr. and Mrs. Samuel Belyea, Lower Windsor, was united in marriage to Richard Hill, formerly of Birkenshead, England. The bride was becomingly attired in navy blue suit with hat to match. Mr. and Mrs. Hill will for the present reside in Royal Oak, Mich.

COOK-HALLETT

A quiet wedding was solemnized at the home of the officiating clergyman, Rev. P. J. Quigg, 108 Main Street, Woodstock, on June 14, when Marie Hallett of Hartland and Carvel Cook of Victoria, Corner, were united in marriage.

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten
months, and finally I had to quit
work. I would wake up in the
mornings with a bitter taste in
my mouth, had frequent head-
aches, yellow complexion, and
pain in my right side, and be-
tween the shoulder blades. It was
almost unbearable, and terribly
weakening. I could not sleep at
night and my heart also bothered
me. But the whole trouble has
now left me, thanks to that
wonderful medicine, Dr. Chase's

This is why you see prettier complexions, today

Women have learned this simple way to keep
youthful loveliness

The prettier complexions you
see everywhere, today, are due to
one thing:

Women have learned that it is
unnecessary to sacrifice youthful
loveliness to the passing years.
This simple treatment has made
it possible for millions of women
to keep youth, charm. The secret
is yours, too, if you will.

Just try this

Cleanse the skin regularly, au-
thorities say, to keep your com-

plexion lovely, radiant, youthful.
But beware of harsh cleansing
methods. They injure skin.

Wash thoroughly with
Palmolive Soap—each night be-
fore retiring. Rub the creamy,
foamy lather well into the tiny
pores. Rinse— and repeat the
washing. Then rinse again.

Then—if skin is dry—apply a
little cold cream. That is all.
Skin so cared for is not injured
by cosmetics, by wind and sun,
or by dirt.

THE HAUNT OF THE MOOSE

By Octave King.

(Edmonton Observer)

It has been rumored throughout the
province during the past few years
that Moose was getting scarce. The
reason that they seem to be getting
scarce is that owing to the recent
forest fires, the pulp wood and saw

log industry, they have been driven
to the tall timber, where the smoke
and the noise of the axe and saw
does not reach them.

It must also be remembered that
the settlers clearing land on what was
some years ago moose and deer
ground has had its effect.

The playgrounds of the moose have
been taken up for other and more pro-
fitable purposes for mankind. And the
moose have taken up their abode fur-
ther in the forest. There are still lots
of moose and deer. Go up into the
forests where the smell of smoke and
the ring of the axe and the sound of
the saw do not penetrate and you will
be convinced that the animal race is
not extinct.

Next fall in the open season try a
trip up the Green River Lakes. East
of 2nd and 3rd lakes is Wild Goose
Lake. Take in the head waters of
Keewick River. Further south is
Timonette Branch of Green River. Old
logging roads and portages are scat-
tered like net work throughout the
entire woods, giving a "good sport"

good traveling and a chance to haul
his game to his canoe already waiting
for his load. Then coming down the
river trout awaiting a chance to jump
into your frying pan which is already
brimming full of partridge.

If anything is not worth going after,
even if it does tire you some, it isn't
worth having. Don't imagine you can
go to the edge of the woods, lay down
in an oat field and kill a moose, unless
you were born with a silver spoon in
your mouth. Go after him, don't wait
until he looks you up, and then say
NO MOOSE!

FIRE PREVENTION

(Edmonton Observer)

"At one time the payment of losses
caused by fire or the elements con-
sisted the sum total of the business of
big insurance companies," said John
R. Michael, the local agent of the
Hartford Fire Insurance Company, in
a reported of this paper. "But times
have changed. No longer is an insur-
ance company satisfied to simply col-
lect owners for the prevention of fi-
nancial loss is an important part of
the service of the big companies, par-
ticularly of the Hartford.

"Take the matter of loss caused by
eggs broken in shipment to market,
for instance.

"Nobody would imagine that an in-
surance company would give thought
to the losses of farmers because eggs
are broken, yet recently special study
has brought out the fact that it is the
long eggs that have caused most of
the trouble. There is a demand for
the larger eggs, especially for the city
hotel and restaurant market, but it
seems no thought has been given to
standardization and neat selling ap-
pearance. As a consequence, eggs 2 1/2
and even 2 3/4 inches long have been
packed in the old-fashioned honey-
comb filler, which is only 2 1/4 inches
high and not deep enough to carry
the extra sized eggs safely. Where
care is not taken in packing, the ends
of the long eggs protrude above the
filler and when flats or the usual ex-
cessor pads are put in and the cover
nailed on prior to shipping, the ends
of some of the longer eggs are crushed
and somebody loses money.

"So the insurance company, as a
part of its policy of preventing loss
wherever found, points out what the
way to safety in shipping eggs is:

1—Sorting to size.
2—Using fillers of the proper size
to fit the various grades.
3—Give attention to the appearance

of the goods, for selling appearance
will take care of the slightly increased
cost of the deep fillers.

"In investigating the problems of
shipping eggs the insurance company
found that a sand blast is in success-
ful use at Petaluma, the famous egg-
producing point in California for
cleaning eggs. The principal is the
same as that used in cleaning articles
of stone or metal, and eggs cleaned
with sand carry well. Of course ship-
pers know that washing eggs with
water is not practical as it removes
the natural coating that seals the shell
and makes it air tight."

Davis G. Perkins of New Market, Mass., was in town on Friday en route to Gordonsville to visit his father, Gideon Perkins.

Mrs. Rose Clark returned on Thursday from Canville, N. Y., where she has spent the last eight months with her brother, T. H. Johnston.

The Centreville players are holding nightly practices of their play in the Opera House, where it will be given on Friday evening, June 20.
L. Burton Clark attended the meeting of optometrists in St. John last week.

Rev. Hugh Miller spent last week at Sackville in attendance at the annual conference of the N. B. and P. E. I. Methodist Board.

Blake Annis, choropraetor of Blaine, Me., was here on Friday. He is considering an office in Centreville.

H. W. Smith, C. N. R. station operator is enjoying a two-week's vacation.

William Gilland of Centreville South sustained a severe loss on Thursday evening. About 6 p.m. discovered a small fire started in some straw near one of the barns, evidently having caught from the house chimney. He rushed for water to a well, and though returning immediately, the fire was soon beyond control. An alarm who fought manfully to save the house and other outbuildings which were all adjoined. Despite their best efforts however, it was impossible to stay the flames and the fire made a complete sweep. The loss is a very severe one as the amount of insurance was negligible.

"The Winters," a comedy drama screened at the local theatre on Wednesday evening proved a good photo play and a striking lesson of what would follow if everyone were given everything that they wanted. Rich and poor alike when given the opportunity of exchanging social positions found that the interchange was entirely with the surprise of many counted on, peculiar to their unit.

Mrs. H. H. Banks spent part of last week in Houlton.
Mr. Dingee of Glassville is a guest of his son Otis Dingee.

George Curtis, Jr. and Ella Elkins were married in Woodstock last Wednesday.

Miss Beulah Phillips is visiting friends in Woodstock.
Mr. Jack Gregg and Roi McCluskey of Juniper spent Sunday here.

Jerry Grant has returned after a week spent at Fredericton.
Thomas Danks certainly started a good thing when he painted his residence.

John Rogers, Harold McDougall, Alva Phillips and A. W. Phillips have all painted their residences. It all helps to make Bristol what it always has been—one of the prettiest villages on our beautiful St. John river.

NOTICE!

The General Annual Shareholders Meeting of the Centreville United Farmers' Co-operative Ltd. will be held in the farmers' hall, Centreville, N. B., on Wednesday evening, June 25, 1924, at 8 p.m. Routine business to be transacted. All shareholders are requested to be present.
By order directors,
P. W. SIMONDS, Secretary.

Miss Faye Buchanan and Miss Annie McKay spent last week-end in Royalty.

Rev. J. M. Murchison of St. John, spent the week-end at the Baptist parsonage with Rev. and Mrs. H. R. Bell. He occupied the pulpit of the Baptist church at both morning and evening services.

Paul Davis of the staff of the Bank of Nova Scotia, is enjoying two weeks' vacation.

Mr. and Mrs. R. W. Perkins of Mars Hill were in town on Sunday.
Mr. Hull of Millville, was the guest last week of Mr. and Mrs. Mason Cairnes.

Miss Alice McCall gave a birthday party to a number of her young friends on Saturday afternoon.

Mrs. Alice White and Miss Marion White returned last week from a motor trip to Montreal.

One of the most necessary bits of improvement in our town is now under serious consideration. The trustees and owners of the church property of the United Baptist church at Centreville, realizing the shocking condition of the cemetery adjoining the church and sensing the urgent need of immediate steps toward the improvement of same, are making plans for a systematic reparation of this property. This burial lot, for a number of years, has been a blot on a fair landscape and a crying disgrace to each and all who are joint owners and whose friends and relatives occupy this city of the dead. The work will comprise grading, leveling, seeding, etc., and the making of substantial supports for monuments and markers which will make the work more or less permanent. The work will of course entail considerable expenditure, and a direct appeal will be made to all who should be interested in a vital way in the beautifying of these grounds—a touch of tenderness and love to the last resting place of loved ones. Just now an unpleasant, rugged landscape, a discredit to the owners, it is proposed to make it a thing of beauty and a joy forever.

To those who may be absent from the real scene of activities, let us say that it is your business, as much as ours, and your assistance will be appreciated, to the extent that you feel capable, to this enterprise, a truly noble one. The expense will not be arduous, if borne by all who should help a little. The expert, therefore, of a direct appeal by personal letter from the committee in charge, and do not lightly sacrifice this opportunity of helping to beautify your sacred nook in this store room of heart throbs. Your dividends will come and from the touch of a vanished hand, the sound of a voice that is still. The need is vital and immediate. Give it your best attention and assistance. Every dollar will be well and carefully expended.

and Mrs. R. Lamont with many attending from here and Glassville.
Mr. Murchison, Glassville, was unable to hold his regular service here on Sunday evening, on account of illness. However, his appointment was taken by G. Wilfred Fletcher.

Mr. and Mrs. Jesse Palmer and son Carl, Mars Hill, Me., were calling on Mr. and Mrs. Hugh Doherty on Sunday.

Mrs. Anos Derrah and children spent Sunday with Mrs. Melissa Derrah.

John R. Glass, Hartland, spent Sunday here with Mrs. Glass.
Miss Alice Perry, Miss Gladys Perry and George Perry motored to Acadia on Sunday to visit their father, Norman Perry.

Dean Piercemont has been visiting with friends in this community.
Mrs. Harry Giberson, Bath, has been visiting with his mother here, Mrs. Melissa Derrah.

Mrs. Melissa Derrah and Mrs. Anos Derrah were to Bristol on Thursday last.

A policeman walking along the side of the canal and seeing a youngster crying, stopped him.

"What's the matter?" he queried.
The youngster pointed to a hat which was bobbing up and down in the middle of the canal.

"My brother," he sobbed.
In a flash the courageous constable plunged into the water. He came up, but with the hat only. He gasped, "Can't find him!" he gasped.

"Where was he standing when he fell in?"
"He didn't fall in," the boy blurted out. "He is over there. I was going to tell you he threw my hat into the canal, but you wouldn't let me finish."

Brown Six-Row Potato Sprayer

BROWN POTATO SPRAYERS have for several years been the favorite with the potato growers on the St. John river for the reason that the glog proof nozzle makes it possible for the operator to spray for hours without stopping to clean the nozzles.

THE DOUBLE CYLINDER DISPLACEMENT PUMP takes its power from wheels by a convenient chain drive direct from axles thus doing away with side motion and drive chain trouble. The pump has brass plunger 2 1/8 inch in diameter, packed with graphite composition, from the outside thus assuring a high pressure at the nozzles. All check valves in pump are brass fitted to brass seats and can be easily ground or replaced. Large air chamber tested under higher pressure than assures a steady pressure at the nozzles.

REVOLVING TWIN PADDLES in tank to assure Bordeaux mixture being well mixed when in operation.

THE HUNDRED GALLON TANK is square and of cypress wood, with the top removable in case of any trouble in the tank, whereas with the barrel tank sprayer it is impossible to do this.

THE WHEELS ARE GENUINE SARVIAN WHEELS, 4 feet in diameter, with 3 inch tire, all of good material that will stand for years which is very necessary in a sprayer that is to carry 100 gallons.

THE AXLE is cold roll steel 1 3/4 inch in diameter and we have never yet known one to break.

Hundreds of these sprayers are now in use and have given perfect satisfaction. We have a limited number for the season of 1924 and would advise anyone in need of a sprayer to place his order with us or with our agent nearest to him. The price is \$200 on reasonable terms.

POLA NEGRI'S FAN
IN FILM A MARVEL
Two Dozen Ostrich Plumes Used in Making Ornament

Two dozen ostrich plumes, some trailing the ground, were used in making a beautiful and unique fan, carried by Pola Negri in a scene for the Paramount picture, "The Cheat," in which she stars, and which will be on view at the Neighborhood theatre next night, June 19.

This fan is made so that one end is composed of short plumes, while the other slope downward till the other extreme is reached. They are of a rich brown hue to match the brown velvet gown of fantastic design, with gold and silver applique and collar. It follows an especial period model, but is in keeping with the Oriental setting in this George Fitzmaurice production. The setting is one of the largest and most elaborate ever constructed in any studio. More than 3,500 toy balloons were used, some as clusters of grapes, others dropped from above in a shower. A fountain plays during the entire scene.

The three hundred minor players, all in Oriental garb, carry Chinese lanterns of special color and design, each with an incandescent light inside. Jack Holt is featured as leading man and Charles de Roche supports Miss Negri in this fine production. The scene shows the star auctioning a kiss for charity. A De Roche bids \$10,000 for the kiss and wins. Then Jack Holt, as the husband of the star, enters and things start that are not down on the program.

THE TEN PINE TREES

(By Geo. O. C. Rough)
 There are only ten of us. How we managed to escape, thus far, from the ruthless attacks of man, is a mystery. We are ten brothers, strong, sturdy, and beautiful; and we live. WE ARE ALIVE.

Our bodies are tall and straight. Not a branch for Oh, so high; and our heads when bent over by the winds, look down away down upon the earth below, carpeted and warmed by our needles.

Our home is far from the civilized haunts of man. Nature's Paradise. A gentle slope at the foot of a mountain, upon the sides of which our delicious cousins are arrayed in their gorgeous tints of colored splendor.

We stand alone in our solitude. Our loneliness is our life. But we see and hear many things. The birds make music in our branches, and the moaning of the winds is our language. We are the monarchs of our environment.

All around us, like a protecting zone beautified by moss and creeper, are jagged rocks and boulders, thrown up by some ancient upheaval, and extending far enough to keep away death, by the Death Pile, whose purpose of destruction and fearfulness is traced by the blackened skeletons rising above the luxuriant undergrowth on the mountain side.

We stand alone in our solitude. Our loneliness is our life. But we see and hear many things. The birds make music in our branches, and the moaning of the winds is our language. We are the monarchs of our environment.

Getting at
A Secret

By JOHN TURNLEE

Betty and I were at the piano. I was handing her sheets of music, which she would play or try to play. Presently I tired of this and said to her:

"I heard something about you the other day."

"What did you hear?"
 "I don't want to tell you."
 If I had really heard anything about her I might have teased her for a while, then told her; but, since I had heard nothing, I had drawn down discomfort on my head.

Every now and again I would admit something in which there was not a grain of truth, and every time I did so I sank deeper into the mire.

"Did you hear it from a man or a woman?"

"From neither." This was about the only truth there was in all my answers.

"Did you see it written?"

"No."

"Printed?"

"Certainly not."

This ended this series of questions, and after some thought I set out on another tack, in which, of course, it was as easy for me to run her on the rocks as before. At last I said to her:

"Really, Bet, there's nothing in what I heard, or rather, I heard nothing at all. I said what I did only to tease you."

"You didn't do any such thing. You heard something that I am sure I should know. There is an enemy against whom I should be on my guard. It is your duty to tell me who she is."

"She?"

"Yes. I'm not afraid of a man. Men have no interest in injuring women, and if they had they wouldn't know how. They'd blunder, and it would all react on themselves."

"Didn't I tell you that what I heard was complimentary?"

"And don't I know how to injure a rival by pretending to praise her?"

"How would you do that?" I asked, hoping to divert her attention from the subject in question.

"You may as well tell me who this she devil is and what she said about me."

"There is no she devil, and she has not spoken a word against you."

"Has she red hair?"

I gave a shrug, but no reply.

"This is ridiculous," said Bet. "Just as if I didn't know who had been saying disagreeable things about me!"

What a fool I had been! And by my folly I had doubtless caused her enmity toward some innocent woman to burst into a flame. At any rate, this is the way I looked upon the matter. I must try a bluff. I scowled fiercely and, rising, went into the hall, opened the door of the coat closet, stepped in and was taking down my hat when I heard the door shut behind me and the key turned.

There was a pretty how-do-do. Bet had me locked in the dark and would doubtless keep me there until I told her what had no existence even in imagination, much less in fact. I waited, expecting to hear from her. I waited in vain. I rapped on the door.

"What is it?"

"Let me out." I assumed an angry tone.

"Tell me what you heard about me."

"I would if I could, but since I heard nothing I can't."

"Then you admit that you are untruthful?"

"Yes, anything you like."

"And you heard nothing said about me?"

"Not a thing."

"Perhaps you have forgotten it?"

"Perhaps I have."

"Very well; stay where you are till you remember it."

I did not propose to remain in a dark closet where there was no room to stand except to sit upright. I would break down the door in preference. But this would make a disturbance in the house. Bet wouldn't care, but I would. I must find some other expedient.

There is a confession I have to make here. I was quite gone on this tantalizing creature and had been deterred from proposing to her because I had two years in college yet before me and three more in the study of a profession.

"Bet," I called.

"What is it?"

"I give in. I saw; I gave."

"Are you going to tell?"

"Yes," I said. "You have forced me to."

"Well, tell it."

"Not while in here. Let me out and I'll make a clean breast of it."

It was a long while before I could convince her that I would keep my word. When I did I went with her into the library, where we had been before, and, drawing a small sofa to an open fire, we seated ourselves side by side.

"I told you I had not heard this thing from a man or a woman. It was told me by a little bird."

"What did the little bird say?"

"The little bird said, 'You are in love with Bet.'"

There was a long pause, after which Bet asked in a low, soft voice, "And what did you say?"

"I said, 'Little bird, you're right.'"

We celebrated our wedding recently. I called my wife's attention to the manner of my proposal.

"Humph!" she said. "I knew the secret all the while. I was determined to make you say it."

Dr. G. Fred Clarke, a member of that brilliant literary coterie, consisting of himself, Judge Jones, T. C. L. Ketchum and Judge Carleton, which has made Woodstock the "Athens of New Brunswick," has just received a cable from England that his latest book, "The Immigrants," has been accepted for publication by a well-known English publishing house. The genial doctor has served a long and arduous literary apprenticeship, and is receiving many congratulations on his well earned success. Those Hartland people who were present at the Baracca entertainment at Mrs. S. S. Miller's last winter will recall that Dr. Clarke at that time read a very striking short story of his own composition, which was then still in the "rough copy" state. Learning that the I. O. O. F. was conducting a competition for the best short story written by Canadian writers, which closed in a few days, Dr. Clarke hastily finished his manuscript and sent it off. Notwithstanding these disadvantages, the story received honorable mention out of over 200 manuscripts submitted.

IN LIGHTER VEIN

Pat met a man one day in the town who exclaimed, "Well, Pat, have you seen Mike lately?"

"Well," replied Pat, "I was going down the street the other day and I thought I saw him, and he thought he saw me, but when we got close together it was neither of us."

A victim of chronic bronchitis called on a doctor to be examined. The doctor, after carefully questioning, assured the patient that the ailment would respond readily to treatment. "I suppose you must have had a great deal of experience with this disease?" said the sufferer.

The doctor smiled wisely and replied: "Why, my dear sir, I've had bronchitis myself for over fifteen years."

Two men were trying to outdo each other with tales of cleverness. When one had finished a remarkable story, the other said:

"Why, that's nothing. I know a stonemason who has only one arm."

"Nonsense," said the first man. "How does he do the work?"

"Oh, he holds the chisel between his teeth and hits himself on the back of the head with the hammer," was the reply.

While working in Fifeshire in 1911 I lodged in a little fishing village. Nearly every day the old Scots landlady would give us fish for dinner. I was heartily sick of the sight and smell of so much fish, and so was my fellow-lodger, a Glaswegian.

One day the landlady dropped a fork on the ground. "Ah!" she exclaimed, "there's surely a stranger coming here."

"Aye," retorted the Scot. "It must be a butcher, I'm thinking."

There is animal life 200 and 300 feet beneath the burning sands of the Sahara Desert. This amazing discovery has been made through experiments of sinking artesian wells at various points. Water drawn from the great depths were found to contain small crabs, fish and shell-fish, all alive. Usually it has been possible to explain the presence of fish in underground waters in the fact that they were locked up during some primeval cataclysm. Those found underneath the Sahara belong to a species inhabiting the lakes of Palestine. Shafts sunk during the last few years in the Sahara prove there are large sheets of water everywhere. Animals found now cause the belief that there is a vast underground sea, densely inhabited.

Delegate Reports Credit Men Advise
Practice of Economy

That the immediate outlook for business in Canada was reasonably good was the general feeling at the annual meeting of the Canadian Credit Men's Association, Ltd., held in Montreal on Friday, June 14th, when the majority of the St. John office of the association, and S. F. Jamieson, New Brunswick representative, returned to the city yesterday. Other New Brunswick representatives in attendance were T. H. Semple, who is expected to return to St. John today or tomorrow, and W. P. Todd, of the John Palmer Shoe Company, Fredericton.

Mr. Whelpley said a few nights ago while the speaker had not looked back and return to good business and had benefited that individuals, municipalities and governments must practice strict economy for some time, it had been of the opinion that Canada was recovering from the period of depression.

Mr. Whelpley and Mr. Jamieson attended the joint meeting of the Canadian Credit Men's Association of the United States which convened in Buffalo before the Montreal meeting and was attended by 2,500 delegates. They met in the Statler Hotel in Buffalo during four days.

The joint meeting, Mr. Whelpley said, was of great importance. In the Canadian representation, besides the manager and delegate from each of the provincial organizations in Canada, there was Hon. George E. Foster, who gave a notable address before the association to which a special representative of the United States President made a formal reply.

The Canadian meeting was held in the Windsor Hotel in Montreal with the provincial managers and two delegates from each province present. In the Nova Scotia representation were George Atchfield, manager of the Halifax office, and Mr. Wisewell, of Halifax.

The annual meeting elected F. E. Schilling, of Chicago, president, re-elected Henry Johnson, general secretary, and W. S. P. Jamieson and F. W. Hinch of St. John, as directors.

RETURN TO CANADA SEEN IN STATISTICS

More Than 9,000 Came Back From
U. S. in April and May

Official June 12 figures prepared by the Immigration Department, on special instructions, seem to indicate that Canadians, who have been in the United States, are beginning to report home themselves. The statistics apply only to Canadians who have been residents in the United States for more than six months. During April and May the number of such who have returned is more than 9,000.

At the end of March the immigration officials began to check up such returning people. In April at 148 points out of 171 along the boundary where there are immigration inspectors, 1,681 were reported as having returned. In May at 129 points, 4,339 returned with 42 points still to report. Instructions have been issued to immigration inspectors to forward to the department each month, hereafter a statement of the number returning who had left to secure work in the United States, or who had been there for three or less extended period.

TEACHER'S CONFERENCE AT VICTORIA, B. C.

Special Train from Toronto via Canadian National Railways.

Maritime Province teachers will do well to note that in connection with the 1924 Conference at Victoria, B. C., to be held from August 12th to 16th under the auspices of the Dominion Educational Association, special train arrangements have been made by the Canadian National Railways. There will be a special train to the Pacific Coast, leaving Toronto at 1 p.m. on July 26th and numerous optional trips may be taken for the return journey. The special train will be one of the finest, of all steel equipment, with most modern type of compartment-observation cars, Library Buffet Car, Standard Sleepers and Dining. There will be lacking in the way of entertainment. There will be a radio set in the observation car and a phonograph will be placed in the diner, this car to be used for concerts, or dancing if so desired.

From all Maritime Province points to Toronto the regular train service of the Canadian National Railways is of the finest. It might be noted that the special train will stop at Jasper Park from Thursday, July 31st to Sunday, August 3rd, and the educational party will thus have three days in that delightful playground of the Rockies. The cars will be used for sleeping accommodation, while meals will be had at the famous Jasper Park Lodge.

No more delightful trip could be devised for the teachers who are to make this tour across Canada by Canadian National Lines.

CAR DRIVERS MAY LOSE LICENSES

Quebec, June 13—In taking over today the enforcement of the automobile traffic and safety regulations which have been transferred from the

Provincial Treasurer to the Minister of Roads, Hon. J. L. Perron announced that in future no fines would be imposed unless in exceptional cases, but licenses would be cancelled.

"I do not want to say that the system of fining those who exceed the speed limit was not a good one but I believe that a change must be made, and in future, I expect to attain the system of fines," he said. "Impudent drivers will lose their license

and will be deprived of the right to operate."

The Actor—"Yes, sir, some one aimed a base, cowardly egg at me."

The Other—"And what kind of an egg is that?"

The Actor—"A base, cowardly egg, sir? A base, cowardly egg is one that hits you—and then runs."

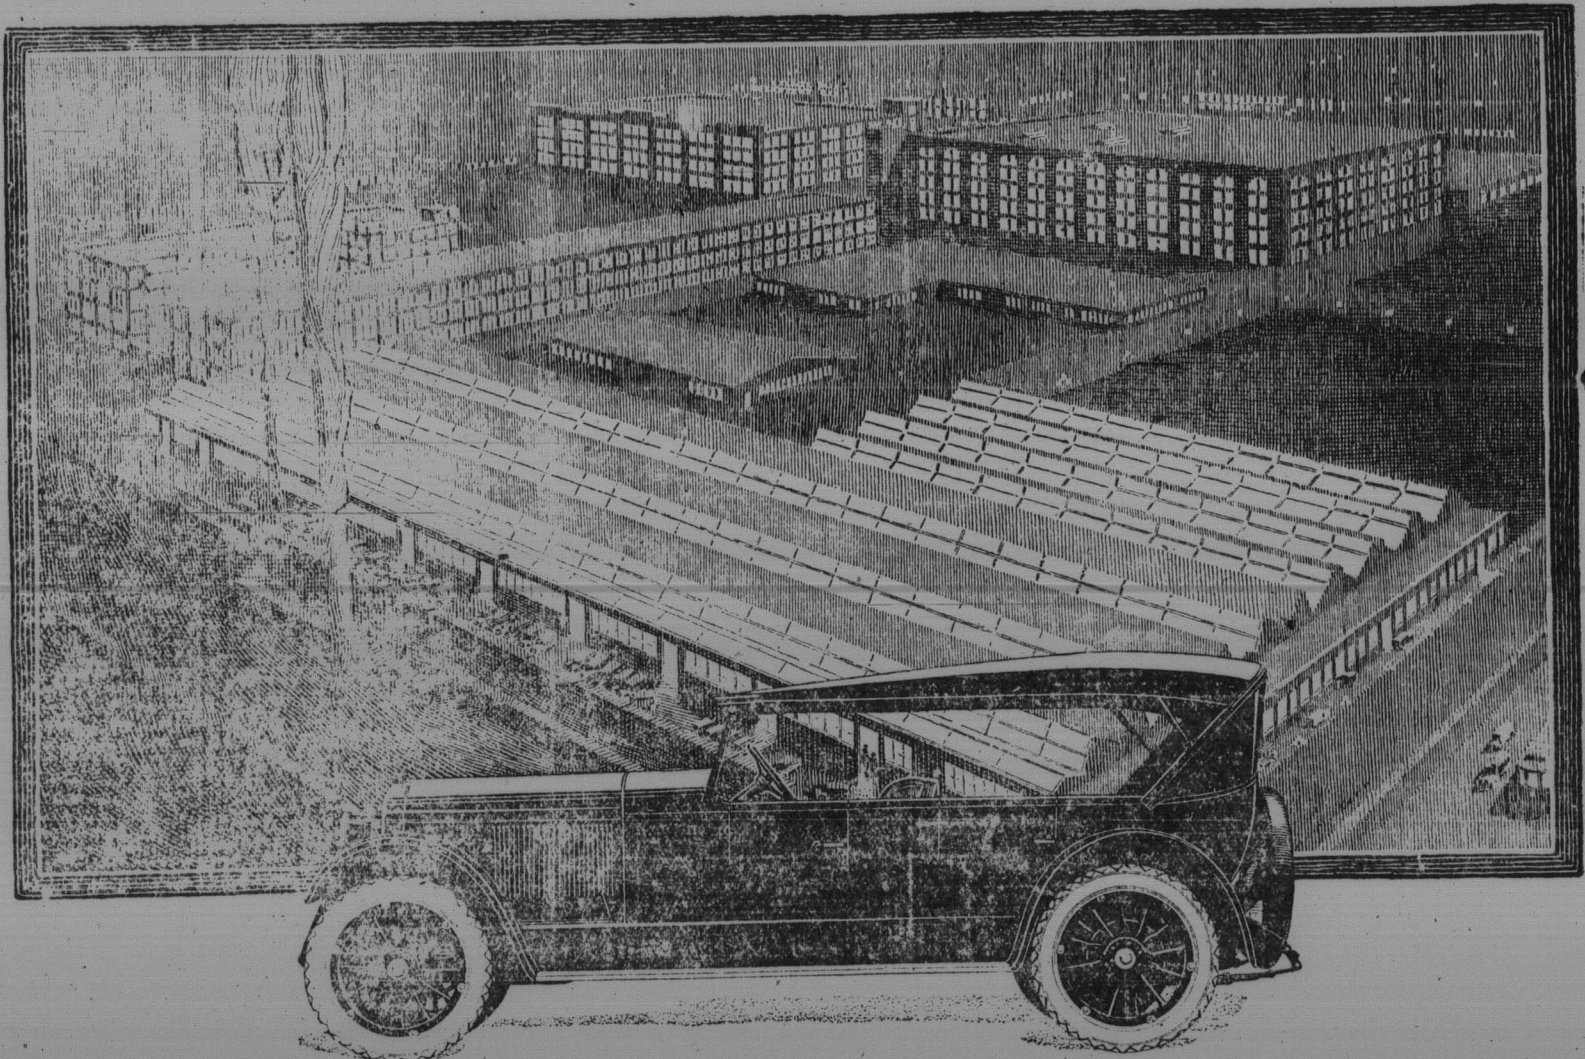

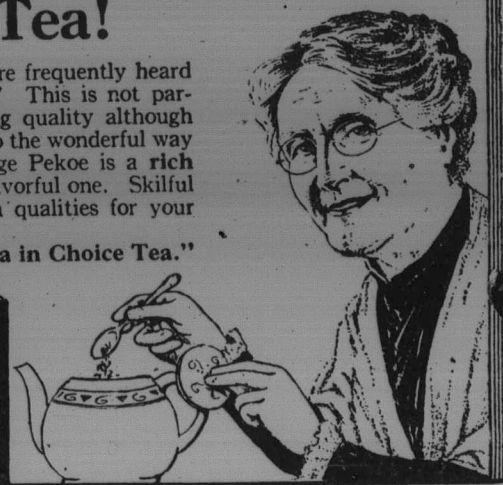

The professor was very absentminded, and one day as he came home after a heavy storm in a very bedraggled and wet state, his wife met him at the door. As he greeted her he made the remark he had forgotten his umbrella, and his wife, surprised to think that he even remembered that he had forgotten anything, asked him when he had thought of it. "Why, my dear," he said, with a smile of satisfaction, "when it stopped raining and I went to shut it."

Wonderful Tea!

Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality although that is necessarily included, but is due to the wonderful way it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavorful one. Skillful blending combines these two great tea qualities for your enjoyment.

Increased Production Makes Finer Paige Possible at Lower Price

YOU have known Paige for years as a marvelous performer—a big, comfortable car—long lived. Now consider the New Paige—still the same big car but with added refinements, improved performance, smarter appearance. Yes—all this and at a much lower price!

Here's the story: Last year Paige production was limited to 25 cars a day because Jewett production used the entire main plant. This gave us the opportunity to further develop Paige quality methods of construction. The 25 cars a day were practically built by hand. The greatest precision was used in every manufacturing step. The result was a finer Paige than ever.

Now—our manufacturing facilities are greatly increased. Paige again occupies its own plant exclusively. And the quality construction methods developed with a production of only 25 cars a day are now being rigidly adhered to with an increased capacity—100 New Paiges a day.

Such an increase in production means savings in overhead, savings through increased purchases. These savings we have applied to

bettering the Paige even further—as well as to reducing the price. That's how it is possible to sell the finely constructed New Paige Phaeton—an even better car than last year's \$3825 Paige—at the remarkably low price of \$2875.

Compare the New Paige point by point with cars which you consider the finest. Telephone or call on us. We'll arrange an appointment for a demonstration. You drive. Test the marvelous performance, comfort, handling ease of the New Paige. Then consider the remarkably low price. You'll agree it breaks all value records!

MARKET SUPPLIES MORE ABUNDANT
Spring Lamb More Plentiful and Spring Chickens Arrive.
(Telegraph-Journal)
Spring lamb, though still in the luxury class, is a little more abundant this week and other foods in the country market are also more plentiful as last night's supplies indicated. A very few small spring chickens were offered at 33 a pair. Lamb was worth 40 to 50 cents a pound; veal, 12 to 30 cents; pork, 20 to 30 cents; beef, 12 to 35 cents; and mutton, 12 to 25 cents. Eggs of the best grade brought 35 cents a dozen and butter, according to grade and quality, sold at 35, 40, and 42 cents.

The flowers and plants were a special attraction yesterday and will be a still more important feature of the

market sales today. Purple and white lilacs were much in evidence.

In green goods there was not much variation from the prices of last week. Old carrots, at 5 to 6 cents, were dearer while reductions were noted in tomatoes, at 30 to 35 cents a pound, and cucumbers at 20 to 25 cents. Rhubarb was 3 to 4 cents a pound and strawberries 35 cents a quart.

SAMUEL COOK

The many friends of Samuel Cook will regret to learn of his sudden death from paralysis on June 11 at his home at Rockland. He was the son of the late William and Mary Cook and lived in Rockland all his life. He was a man of good Christian character and a good citizen to his community. He leaves besides his wife, one son Alton of Rockland, three brothers, Henry of Washington, Frank in Michigan, and Amos of Presque Isle; one sister, Mrs. Angeline Jamieson in Arizona, also a large number of other relatives and friends.

Funeral services were held at his home on Thursday afternoon conducted by Rev. H. V. Bragdon. Appropriate music was furnished by the Rockland choir. The floral offerings were numerous.

VETERANS' WEEK AT ST. JOHN'S, Nfld.

Big Celebration by Newfoundland G. W. V. A.—Earl Haig Will Reveal National War Memorial

The week from June 20th to July 5th will be a gala one in St. John's, Nfld.

A celebration to be known as Veterans' Week will be arranged by the G. W. V. A., and a big programme of parades, sports, etc., has been arranged. Warships of the allied nations will be in port, and Field Marshal—Earl Haig will reveal the Newfoundland National War Memorial.

Newfoundland is participating actively in this celebration, and its people are welcoming visitors and inviting them to participate.

The first week of July is an ideal time for a trip to the ancient colony, where there are many attractions for the tourist and summer visitor.

For fares to St. John's, via Halifax or North Sydney, any ticket agent of the Canadian National Railways will give the necessary information.

"What!" he said to a friend who prides herself on her dinner parties. "Another new cook? Why, what's the matter with the last? Thought you said she was good?"

"Oh, yes," was the reply. "She was quite a good cook, as cooks go; and as good cooks always go, she went."

MRS. MISENER'S ACHES AND PAINS

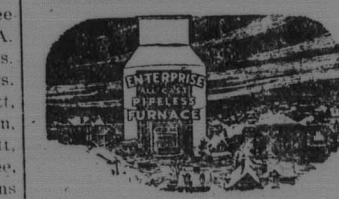

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont.—"When I wrote to you for help my action was mostly prompted by curiosity."

"I, too, would benefit by your medicine. It was the most profitable action I have ever taken. I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound Tablets and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctored for several years without getting permanent relief, when I started to take your medicines."

The new French Chamber of Deputies has two sensational novelties. A deputy who addressed it in German, or the kind of German spoken in Alsace, and a deputy clad in the Breton variety of the garb of old Gaul.

The former is M. Hatcher, Communist deputy from Alsace, who is obliged to talk German because he cannot talk anything else, and the latter is the Liberal deputy from Morbihan, a farmer named Joseph Cadic, who lives in Pontivy. M. Cadic wears the local festival costume, consisting principally of a kind of Eton jacket with a waistcoat of white cloth, both elaborately embroidered in red. The rest of the garments are of black silk.

A strange discovery was made by a butcher in Ingersoll, Ont., when removing the heart from a cow that had just been slaughtered. Firmly embedded in the heart was a piece of small wire about eight inches in length. The wire had entered the heart at one side and had been forced almost through that organ.

The wire was of the kind that is used on baled hay and it seems remarkable that it did not prove fatal to the animal.

Arthur Callitt, aged 2, of St. Boniface, Man., climbed aboard a drift-covered ice floe in the Seine river, near his home recently, and was taken off his hazardous island a little later.

a mile and a half down in the Red river. In the meantime he had been missed and the river was dragged for his body. Arthur was not seen climbing aboard the floe. G. Schreider, fishing for driftwood, saw the boy drifting down stream and took him off. He was quite uninjured and not particularly alarmed.

Here and There

Comparative figures on the hydro-power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 10,455,000 h.p. of installed water power against Canada's water power installations of 3,227,414 h.p. The horsepower per 1,000 of population in the United States is 95, but in Canada it is 350.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 6,085,465 bushels in all were exported, as against 5,143,304 in April, 1923. Included in these figures are 32,305 bushels sent to the United States, 2,972,469 to the United Kingdom and 3,060,191 to other countries.

Approximately 80 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,062,613 pounds, of the total of 2,843,365 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association. Ontario growers took second place, with 686,076 pounds, followed by Manitoba, Saskatchewan, 469,583 pounds. Sundry shipments totalled 245,599 pounds.

The value of the building permits issued in 56 Canadian cities showed a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$13,452,359, as compared with \$9,162,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,190, compared with 10,310; beef 923,400 lbs., compared with 446,800 lbs.; bacon 81,700 lbs., compared with 30,100 lbs.; pork 165,300 lbs., compared with 30,800 lbs., and mutton 2,400 lbs., compared with 700 lbs.

The first annual row-wow, of the Trail Riders of the Canadian Rockies, which will be held July 17-18 at Yoho, will take place in a big sun-dance lodge decorated by Stony Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study, and forest conservation, and to honor early explorers. Many noted authors and artists have joined and E. W. Beatty, President of the Canadian Pacific Railway, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 30,000 miles. The passengers witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner-dance. E. W. Beatty, President of the Canadian Pacific, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-12th over the main lines of the Canadian Pacific Railway, in a train specially provided for their accommodation. Fort William, Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Lake Louise, Vancouver and Victoria are all planning festivities. The Canadian Pacific is preparing to give the teachers a royal time at their beautiful Rocky Mountain resort, and the people of Victoria, who are planning a convention will also help to make their stay in that city a memorable one.

"Perhaps the most noteworthy fact we discovered was the vastly improved psychology of the people of the west to that which existed a year ago," commented E. W. Beatty, President of the Canadian Pacific Railway, on his return from a recent inspection of the Company's property. "They are full of hope and confidence and realize, as the east should realize, the tremendous benefit to the whole of Canada of a second consecutive large harvest."

The number of big industrial undertakings projected for immediate construction on the coast of British Columbia provides a striking indication of how that province is going ahead. A \$400,000 logging railway up the Shehalis River Valley, a \$1,000,000 mill plant at Chemainus, a \$200,000 amusement centre at Victoria and a \$200,000 sawmill at Port Coquitlam, with about \$10,000,000 in power plants in the Seave Lake District are some of the more important and a host of smaller projects are also under way.

Practically all Canada's production of newsprint for export in March was absorbed by the United States. Of March shipments amounting to 127,583 tons valued at \$9,756,530, the United States received 125,848 tons, valued at 9,617,828. The only other Canadian exports of newsprint of importance were 599 tons to South Africa and 1,037 tons to New Zealand. It is expected that April shipments will show an even greater proportion of consignments to the United States.

The concentration camp for emigrants to Canada and the United States maintained by the Canadian Pacific Railway and other steamship companies, is located at Southampton, England. It has an average daily attendance of 600 and, on some days, the number is about 1,000. Comfortable quarters and meals at moderate cost are provided and features of the camp are the special dining-room for Jewish passengers, the private shower baths, with towels and bathing gowns supplied and the individual rooms which are also available.

A young woman who was reared in an Eastern Kansas town read in a poultry journal that poultry-raising was remunerative, so she decided to try it. She purchased a hen and set her on thirteen eggs. She wrote to a poultry journal that poultry-raising was much to her liking and "wondered how long the hen should remain on the eggs. The paper wrote back: "Three weeks for chickens and four weeks for ducks." Later she wrote to the poultry journal as follows: "Many thanks for your advice about the setting hen. She remained on the nest three weeks and at the end of that time there were no chickens hatched. As I did not care for ducks, I took her off the nest and sold the
