BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

RAILWAY MAN MEETS DEATH

John Gordon Killed in Accident on Atlantic Quebec & Western.

An accident occurred on the A. Q. & W. Railway between Port Daniel and Marcell station on the evening of Monday, 24th November, resulting in the death of Mr. John Gordon, Locomotive Foreman, A. Q. & W. and Q. O. Railways. It appears he went to the assistance of one of the trainmen to apply more brakes on the freight cars which was necessary owing to the failure of the Westinghouse Air pump on the engine. This westbound freight had to meet the regular east-bound passenger train at Marcell and as it was down grade for two or three miles approaching that station he considered it a necessary precaution to have more hand brakes applied in case of the freight train not being able to stop promptly when meeting the passenger train, thus avoiding the possibility of an accident.

He was for several years Locomotive Engineer in the service of the A. Q. & W. Railway and about a year ago was appointed Locomotive Foreman in the Railway Shops at New Carlisle. In the instance referred to, as this engine had just received repairs he accompanied it on a trial trip.

He was born in Aberdeenshire, Scotland, twenty-nine years ago. In Oct. 1917 he married Miss Alta Caldwell, daughter of Mr. A. M. Caldwell, New Carlisle. He is survived by his wife and one child, eight months old. He was a nephew of Mr. J. S. Gordon, General Manager, A. Q. & W. and Q. O. Railways. He was a young man who was held in high esteem and greatly respected by all who knew him. His life and conduct and his devotedness to duty, which was always one of his distinguished characteristics, should prove an example to others. It was his strict devotion to duty that caused him to lose his life. His loss is deeply regretted by all his friends and all who came in contact with him and the deepest sympathy is extended to his widow and other relatives.

THE FUNERAL

The funeral of the late John Gordon, Locomotive Foreman, A. Q. & W. and Q. O. Railways, took place at New Carlisle, Thursday, Nov. 27th. The service was conducted in the Presbyterian Church by the Rev. A. W. Buckland who officiated in the absence of the Rev. J. F. McCurdy. He preached a very impressive and appropriate sermon, his text being, "Greater love hath no man than this that a man lay down his life for his friends" and "There is but a step between me and death."

The deceased being a member of the Masonic Order, an Masonic Burial Service was also carried out. The church was filled to overflowing, many being unable to obtain admittance. The funeral was one of the most largely attended that has ever taken place in New Carlisle, many people from districts between Verbe's and Gaspe being present.

The order of the procession was as follows:
Masonic Brethren.
Carriage of Mourners.
Chief Mourners.
Brotherhood of Locomotive Engineers.
Joint Workshop Employees.
Other Railway Employees.
General Public.
Wreaths were sent by the following: J. S. Gordon, A. M. Caldwell, Joint Shop Employees, Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Trainmen, Masonic Order, E. S. Scott, Railway Office Staff.

20,000 LEAGUES UNDER THE SEA BIG FILM ACHIEVEMENT

About two years ago the world gazed with astonishment at the wonders of the sea through motion picture cameras. The Williamson Brothers had brought from the ocean's bottom photographic reproductions of its mysteries and injected a few aquatic episodes of startling and amusing nature for dramatic and human interest. These were remarkable views obtained with the aid of an ingenious contrivance invented by these men.

Recently the Universal Film Company, which acquired the rights to the invention and the services of the inventors, produced and exhibited the aid of this modern adjunct to the film industry in a pictorial offering drawn from Jules Verne's "Twenty Thousand Leagues Under the Sea." It is not an every-day affair to witness man eating sharks darting directly at you with open jaws as if ready to snap them together with their prey between their teeth or to observe them swimming majestically by day,

WATER QUESTION BEFORE COUNCIL

Matter Discussed from Many Angles—Decide to Install Pump.

A meeting of the Town Council was held Tuesday evening, but the entire evening was spent in a meeting of the whole to discuss with engineer Holt the whole subject of water supply. Mr. Holt strongly recommended the cutting out of all water and the installing of water meters. He also spoke in favor of the pump at Walker Brook.

Mr. Harry Devereux also appeared before the council and after considerable dickered agreed to allow the town to take two feet of water, estimated at fifty million gallons, from Parkers Lake for \$600. It is estimated that it would cost nearly one thousand dollars to set a trench to carry off this water.

The committee also met Mr. Belyea of Belyea & McNeise in reference to proposed systematizing of the town accounts, and Mr. Belyea submitted a proposal to do the work.

WEDNESDAY EVENING

The Council met with His Worship Mayor Murray presiding. Councillors Campbell, Ingram and Devereux were present.

After discussion Coun. Devereux moved that the Assessors account of \$675.00 be paid—Carried.
Coun. McKay spoke in favor of the plan adopted in St. John.

The regular order of business was suspended to discuss the water question, and after considerable discussion, Coun. Dickie moved that the Clerk wire pump manufacturers and endeavor to obtain an electric pump of six hundred gallons capacity for immediate delivery, to accept a second hand pump for temporary use until one could be built—Carried.

The matter of the use of motor washers and allowing taps to run was discussed and Coun. McKay asked what the police were doing in the matter.

Coun. Devereux said that he would instruct the Chief to get after all such He also suggested that the local papers be instructed to publish the action of the by-law concerning such matters.

The C. N. R. has agreed to the town's proposition, to erect electric current for lighting and power for the railway and on motion an agreement was entered into with the C. N. R. for five years. Current to be supplied at 6 cents per K. W. hour.

C. N. R. staff at the Electric light station are asking for another increase of 50 cents per day.

Chief of Police reported the collection of \$750.00 taxes from transient workmen during the past six months. On motion of Coun. Ingram, Mr. Belyea's offer to install new system of accounting for \$2000, was accepted. Various departmental accounts were ordered paid.

The Assessment Committee reported on a number of petitions for reduction of assessment as follows:—
P. M. Caldwell, exempted.
W. H. Miller, reduction of \$2000 on assessment on Adam property held under short lease.
Mrs. D. O'Keefe, no reduction.
Mrs. P. J. Crowley, no reduction.
A. E. Alexander & Son, no reduction.
C. A. Alexander, no reduction.
Mr. Lucy Alexander, no reduction.
The report was received and adopted.

NEW ELECTRIC LIGHT CO.

A company was formed at Moffats last evening to install an electric light plant. Two thirds of the necessary capital has been subscribed. It is planned to run a line from Christopher Brook and Athol. Thirty families have already agreed to take current. Mr. Allen of the new company submitted plans of power plant and has agreed to supply current at a very reasonable rate.

SCOTS GATHER ST. ANDREW'S NIGHT

Pleasant Meeting of Reptigouche Caledonian Society Here Friday Evening.

Here's to the hills an' the heather, Auld Scotia, the land of the free; An' here's a haund my trusty freends, For friends we aye maun be. St. Andrew's coming this year on Sunday the "Caledonian Society of Reptigouche" decided to hold an anniversary gathering on Friday night and as last year took the form of a dinner, held in the Oddfellows' Hall, the Ladies Committee of the Memorial Hospital had this work in charge and right well did they do it. The tables were nicely arranged in the form of a St. Andrew's Cross, and were tastefully decorated, burning tapers in shining brass candlesticks being generously distributed over all the tables.

The members held a brief meeting prior to the dinner, and elected their officers who are as follows:—
Alexander McLennan, President.
H. R. Smith, Vice-President.
Rev. Hugh Miller, M. A., Chaplain.
Harry McLennan, Piper.
Fred J. McKee and John Bisset, Marshals.

Owing to the indisposition of the piper, the members were disappointed in not hearing the skirl of the pipes. All sat down to a bountiful dinner at ten o'clock.

President McLennan had on his right, past president, M. M. Mowat and Judge McLatchy, on his left the Chaplain, Rev. Miller and A. T. LeBlanc, M. L. A., one of the guests. The speakers sat at the heads of the several tables. Seats were arranged for seventy and every one was filled.

The haggis, prepared by the local women, was a great success and when brought in shouter high by the Marshalls, all stood while the pianist played a stirring tune. The usual cakes and scones were in abundance.

The usual toasts were enthusiastically drunk in ginger ale and sweet cider. The speeches were all of high order but perhaps too lengthy as it was three o'clock when the meeting dispersed.

Mr. Musgrave was great in "Mary of Argyle" and his encore was "I'll take the high road." Mr. McLon of Charlton is a born entertainer at a gathering of this kind and greatly endeared the audience by several selections. Mr. Gochran of the opera also favored the gathering with two favorite selections.

SLIGHTLY INJURED IN R. R. ACCIDENT

Suburban Train 20 In Head Collision At Bathurst.

Last Friday night the Suburban train which leaves here at 6:30 in charge of Conductor Wm. Ferguson, collided at Bathurst with a freight at about 11 o'clock p.m., and Conductor Ferguson was painfully injured.

Upon arrival at Bathurst the Suburban proceeded down to the "Y" to turn so as to be ready to go north in the morning. When proceeding it collided head on with a freight train coming into Bathurst. Fortunately both trains were moving slowly and only the engine of the Suburban was damaged.

Conductor Ferguson was the only one injured. He was quite badly shaken up and bruised and sprained his wrist. He came home on the Maritime Saturday morning and is able to be about as usual now.

FOR A NATIONAL THRIFT WEEK

Next "Drive" to be Directed Against High Cost of Living.

(Ottawa Citizen.)

The next great drive should be directed against the high cost of living. We do not mean legislatively, but individually. For legislation can only do so much; it cannot reform human nature and if people do not believe to economize all the legislation in the world will not help them in what they set out to accomplish.

In the United States there is to be a National Thrift Week, beginning January 17, and as we have copied a great many things from our American neighbors during the war there should be no hesitancy in appropriating another—and perhaps the best one—when the objects of the plan are concerned and the fact that such a week is badly needed in Canada as in the Republic.

Western leaders in the coming American campaign have worked out a set of commitments, ten in number, which they will endeavor to impress upon the people during the week in prospect. These Thrift Commitments are not new, at least, are not new in principle, but they may perhaps be here brought together for the first time. They are:

1. Make a budget.
2. Keep an intelligent record of expenditures.
3. Have a bank account.
4. Carry life insurance.
5. Make a will.
6. Own your own home eventually.
7. Spend less than you earn.
8. Invest in war saving stamps and other government securities.
9. Share with others. Thrift without benevolence is a doubtful blessing.
10. Starting on a Saturday, it is planned to carry the Thrift Week through to the next Saturday. The special "drive" are eight in number, to come up each day and include: "Bank Day," "Thrift Sunday," "Own Your Home Day," "Make a Will Day," "Thrift in Industry Day," "Family Budget Day," "Insurance Day," "Pay Your Bills Day."

The best of this sort of a drive is that there is no elaborate campaign machinery or organization necessary. It is all a matter of individual action and no day will require more than a few minutes of anyone's time. Except the "Pay Your Bills Day" none need cost any money to speak of. And the cost of living will come down. As an instance, if everyone had a family budget, or an estimate of what should be spent for all necessary articles, there would be no useless or expensive buying or articles not absolutely needed.

The Thrift Commitments are not new for war time. They are for business men, professional men and everyone not dependent upon someone else for what they spend. If they are followed one result is certain. You will spend less than you are spending now—which is the basis of a real thrift movement for the individual.

He was a collector for an installment system establishment, now at the business, and very sensitive about performing his unpleasant task. He was particularly embarrassed because the lady upon whom he had called was exceeding polite and beautiful. Still the van was at the door, the lady was in arrears in her payments and he remembered his duty.

"Good morning," said the lady. It is a beautiful day, is it not?"

"Beautiful, indeed," he agreed.

"Won't you take a chair?" she said.

"Yes, no, thank you, not this morning," he stammered. I think I'll take the piano."

"What did she have to say?" inquired Harve, interestedly.

"She didn't have to say anything if she had just given me time to explain," Al continued, "but she was as hostile as a Pute Indian who had donned war paint and left the reservation. I have been trying to forget what she said, not to remember it. The whole thing is like a nightmare. I felt like a mouse snatched, caught with the goods. During her remarks, replete with well-chosen adjectives, she tapped me violently on the solar plexus, and what she said was plainly understood by all present. The two soft boiled eggs, who reminded me of mavericks that had been horned away from the herd, seemed to take her remarks as personal as I did. They disappeared."

"She didn't have to say anything if she had just given me time to explain," Al continued, "but she was as hostile as a Pute Indian who had donned war paint and left the reservation. I have been trying to forget what she said, not to remember it. The whole thing is like a nightmare. I felt like a mouse snatched, caught with the goods. During her remarks, replete with well-chosen adjectives, she tapped me violently on the solar plexus, and what she said was plainly understood by all present. The two soft boiled eggs, who reminded me of mavericks that had been horned away from the herd, seemed to take her remarks as personal as I did. They disappeared."

"What did she have to say?" inquired Harve, interestedly.

WAITING FOR WIFE HAS ITS TROUBLES

Scene in Women's Waiting Room of Departmental Store.

"Ever had to wait for your wife in one of those department store corridors known as a woman's waiting room?" asked Al of Harve, the barter, when he was free from the cloud of tedium made by the finishing towel.

"Been asked to," replied Harve, "but I always wait outside the store, where I know I'm safe."

"Hereafter it's outside on the corner for me," agreed Al. "When my wife insisted I wait for her inside, where I could be comfortable, I objected. But she contended it was all right, that just lots of nice men wait ed up there."

"Well, I went inside, and I was there on the dot," said Al, gloomily, "but now I wish I'd been late. The ceiling is low, the place is dark and every woman looked about the same to me. I waded about among women and loose children in the hope I might be recognized by my wife. But she had gone to a picture show and forgotten all about me."

"In my exploration of the two subterranean chambers which constitute this particular waiting room, I discovered two other soft boiled eggs—waiting. Both were laddered and appeared tame enough. I thought one had bought his tating, but when I got a close-up, it developed he was polishing his nails with a vast pocket buffer. The other one amused himself by twirling a bunch of keys on a chain and looking at his watch."

"I edg'd in to a telephone booth and rilling, so I could not be carried into an elevator against my will, and from where I could watch the main entrance. Finally, a woman whom I took to be my wife appeared in the doorway. She single-stepped across the corridor and disappeared in the darkness. Carefully picking my way in the same direction, I came up on her sitting on a long seat in front of a stained glass window. She ignored me, but I figured she thought I was just getting there and she would reserve the right to call me down for being late."

"Before I go any further I want to say that I have not had much success with these double-keyboard glasses. I either see too much or not enough. I must have been looking through both sections at the same time, for I saw what I took to be my lawful wife. I reached down, tapped her gently on the shoulder, grinned familiarly and, calling her by my wife's first name, said, 'Well, what are you waiting for? Can't you see I'm here?'"

"That woman got to her feet so quickly I thought she was on springs. She tapped me violently on the solar plexus, and what she said was plainly understood by all present. The two soft boiled eggs, who reminded me of mavericks that had been horned away from the herd, seemed to take her remarks as personal as I did. They disappeared."

CLEMENCEAU TO THE GERMANS

Severe Note to Chairman of German Delegation at Versailles.

LONDON, Nov. 28.—A wireless message from Berlin gives the text of a stern note M. Clemenceau, president of the peace conference, to the chairman of the German delegation to Versailles, refusing to deviate from the terms of the peace treaty in favor of German prisoners who are employed in the work of reconstruction in devastated Northern France.

Referring to the brutal treatment meted out to the populations of this district under German occupation, M. Clemenceau is quoted as saying:—"The deepest sentiments of the human heart have been cruelly injured that French public opinion cannot agree to grant the favor you request."

The note sets forth that Germany systematically delayed the performance of the armistice terms and instances the sinking of the German warships in Scapa Flow, the delay in the delivery of the German ships, Germany's Baltic policy as the anti-entente propaganda in France and the world at large, and declares:—"We owe nothing to Germany except the precise fulfillment of the provisions of the Peace Treaty accepted by Germany."

It takes a rousing demonstration to get a small boy out of bed in the early morning.

OBITUARY.

Mrs. Jas. Alexander, Mrs. Jas. Alexander passed away at her home at Upper Charlo on Saturday, Nov. 29th at 6:30 p.m., at the age of forty-five. She was a daughter of Mr. John Sullivan of Shigawake, Bona, Co. Que. and a sister of Mrs. Wm. McNair of Upper Charlo, N. B. Besides her husband she is survived by six sons and one daughter, Melvin of St. John and Earl of New York, both returned soldiers being sons of the deceased.

Brothers who survive are John Sullivan, Port Daniel; Edmund, Shigawake; and the sisters, Helen of Boston, Stella of New Hampshire, Mrs. Andrew Dow of Hopetown, Que., and Mrs. Wm. J. McNair of Upper Charlo.

The late Mrs. Alexander was a general favorite and her bereaved husband and family have the sympathy of many friends in their bereavement.

The funeral was held on Tuesday, Dec. 2nd at two o'clock at St. John's Presbyterian Cemetery, Dalhousie, the services at the house and grave being conducted by Rev. J. H. McLean. The pall-bearers were: Messrs. Chas. Miller, John McEwen, Henry McKenzie, Byron Craig, Jas. A. McNair and Wm. J. McNair.

Mrs. John Stewart.

The death of Mrs. John Stewart took place at the home of her daughter, Mrs. L. J. Winton, at an early hour Friday morning, after an illness extending over several months.

Deceased who was in her 82nd year was a consistent member of St. John's Presbyterian Church, Dalhousie. After her removal to Campbellton she became a member of St. Andrew's Presbyterian Church through certificate. She leaves to mourn the loss of a devoted mother, two daughters, Mrs. Donald Stewart of Dalhousie and Mrs. L. J. Winton of Campbellton. She is also survived by one brother, Robert Reid, of Point la Poudre who has attained his 84th year.

The bereaved family, have the sympathy of all. The funeral services which were held on Monday morning, Rev. Mr. Miller officiating, were largely attended, the remains being taken to Dalhousie on the Limited, where they were laid to rest in the family lot in the Dalhousie cemetery.

RAN AMUCK IN JAIL CORRIDOR

Foreigner Condemned to Hang
for Murder Slew His Death
Watch.

Hamilton, Ont., Nov. 29.—Running
amuck in the corridor of Barton
Street Jail, Paul Kowalski, condemned
to hang for the murder of Amos
Tremblak, slew his death watch, County
Constable J. C. Springstead, and seriously
injured four turnkeys shortly
after ten o'clock this morning. The
condemned man had been allowed to
walk in the corridor near the death
cell for exercise, and this morning was
alone with the watch, when he leaped
upon the unsuspecting man, throttled
him to death and then mugged his
throat with a sharpened spoon. Four
turnkeys made a rush for the cell and
were met by Kowalski with a knife in
his hand. Arthur Andy, chief
turnkey, was the first to reach the
desperate murderer and received a
knife thrust in his breast. Ex-Sergeant
Lawrie, of the Hamilton force, was
also stabbed and William Perry,
another turnkey, slashed about the
head. The wardens grappled with
Kowalski and threw him back into the
death cell.

Arthur Andy is dying. Sergeant
Lawrie is in the hospital in a serious
condition, and the two other turnkeys
are badly hurt.

TO ALL OWNERS OF McLAUGHLIN AND FORD CARS.

I have opened up a McLaughlin and Ford Service Station
and Garage in my building on Water Street, where all owners
of the above makes as well as any other make will be assured
of prompt and satisfactory work being done on their cars.

To run this garage I have secured the services of two
experts who are well known in the auto business and both
are finished mechanics. One is Mr. John Edmunds from Dal-
housie, the other is Mr. Wm. Fraser of the Robb Engineering
Works.

I have installed a Battery Charging outfit and am in a
position now to take batteries in for storage during the winter
and to keep them charged up and ready for the spring in
good shape.

I solicit the trade of all McLaughlin and Ford owners for
their work for the coming winter, either for repair or com-
plete overhauling, and it will pay you to have your work
done in my garage, as my prices are right, and I will guaran-
tee satisfaction, and in so doing I can keep in touch with all
my customers and remedy any dissatisfaction they may have
had in the past.

I will have on hand always a complete line of Auto Ac-
cessories, Tires, Chains, Lamps, Oils, Repair Parts and
Gasoline.

I feel that the Service Station for these cars fills a long
felt want in this district. Call me up and I will get your car
or battery.

Yours for better service,

SAYS COMPULSORY TRAINING COMING

General Sir Arthur Currie
Believes Adoption
Necessary.

Vancouver, B. C., Nov. 29.—Com-
pulsory training is bound to come in
Canada, according to a statement of
General Sir Arthur Currie, Inspector-
General of the Canadian Forces, who
is here on his way to Ottawa to as-
sume his new duties.

"Although the time is not at hand
for the adoption of any scheme of
compulsory training, it is bound to
come later," he said. "It is only fair
and democratic way in which any ex-
tensive militia scheme can properly be
carried out," he declared.

RIBBON AND HOLLY

TO COVER BOMBS

Red Plot to Slay Officials by infernal
Christmas Packages

Philadelphia, Pa., Nov. 22.—Discovery
of a Red plot to slay officials with
explosives in Christmas mail packages
is announced by Superintendent of
Police James Robinson.

Information of the plot which he
considers reliable indicates it is a
nation-wide, and directed against fed-
eral, state and city authorities who
took part in the national round-up of
radicals planning the overthrow of
the government.

Steps were taken to prepare fed-
eral investigators, postal authorities
and police of large cities for action
against the "mail terror," which is
scheduled to begin operation shortly
before and during the Christmas hol-
idays.

Evidence of the existence of a plot
to send bombs through the mails un-
der ribbons and holly, was reported
to Superintendent Robinson by Andrew
Emmanuel, head of the bomb squad,
who said he unearthed it during his
investigation of radical activities here.
The information was carefully with-
held by the police. It is believed to
originate from an anarchist "Squel-
ch" who was afraid of the consequence
of the plot.

DEVELOPING OF WHEAT GROWING

Crop Report of 1918 Shows an
Increased Acreage of Nearly
Four Times.

Though popular attention has been
attracted by the extent of New Brun-
swick's potato growing industry very
little is known of the quiet develop-
ment taking place in wheat growing.
The crop report for 1918 showed an
increase for that year of nearly four
times the acreage sown to wheat over
the average for the preceding five
years while the estimate for 1919
shows the expansion to be well main-
tained. More than three times the
acreage of the five-year average were
sown, the area being 43,000 acres.

Certain parts of the province are
well adapted to wheat growing and
despite the general idea that wheat
does not pay so well as its culture
is steadily increasing. As a past-
try-flour the local product is unsur-
passed by that of western mills sown
in many farm-homes bread-flour ground
at these local mills is used the
year round. A test made recently by
the largest flour mill in the province
of home-grown wheat milled at
a local roller-process mill gave
very gratifying results. The possi-
bility of a large trade in the consump-
tion of local flour is herein opened to
our farmers. Some immense crops
are grown, which at the present price
of flour and its by-products return to
the grower a handsome net profit on
each acre. As an instance there has
come to our notice what is believed to
be the highest average yield of spring
wheat ever recorded in Eastern Can-
ada. Mr. R. O'Leary producer on his
farm at Richibucto two hundred and
twenty-five bushels of excellent white
five wheat on four acres, an average
yield of fifty-six bushels per acre. To
make a barrel of flour only five bushels
of such wheat is required and the by-
product sells today for three cents a
pound. That is, the returns after de-
ducting the cost of milling, approxi-
mate two hundred dollars per acre for
this crop.

An indication of the expansion of
wheat-growing may also be inferred
from the fact that four new roller-
mills have begun operating this year.
As a part of the production policy of
the Department of Agriculture assist-
ance is given to those who install
and operate for a period of five years
to the satisfaction of the Minister of
Agriculture, C. F. Beaumont, or roller-
system of extra grain.

The plans of these four mills were
approved of by the Minister and in the
construction they have been aided by
the Government. These are equipped
with modern roller flour mill ma-
chinery and are up-to-date in every
respect. Electric motors furnish the
power to at least three roller-process
mills now operating in the province.
The latest mill to install electricity as
the power source was built this year
at Richibucto by Mr. B. J. Johnston.
There are now thirty-four mills
equipped with machinery of the roller-
process type. The location and capac-
ity of these is as follows:

Dear Sir,—
I have the duty to write you regarding your wonderful "Oliveine Emulsion." Last spring I almost died to death from the lungs. My doctor told me medicine would do me no good. I was so weak I could not dress or walk. I saw "Oliveine Emulsion" advertised and bought a bottle. It did me good at once and after having taken three bottles I could walk three miles. It helped my cough and I could breathe easier. I wanted praise "Oliveine Emulsion" enough. I find it is the only thing which helps me, and I advise all sufferers from lung trouble to try it.

CANADIAN BUILDS FAST HYDROPLANE

Tests at Buddick Show Speed of Seventy-One Miles Per Hour.

Professor Alexander Graham Bell, inventor of the telephone, has invented a new hydro-plane which experts say can travel at the rate of seventy-one miles an hour over the roughest water. The craft has been tried out successfully at Professor Bell's home at Baddeck, Cape Breton. The boat is propelled by two 400-horse power Liberty motors and equipped with hydro-folls, upon which she sails when travelling at full speed. Her body is long and tube-like, tapering to a point at the stern, and is more than one hundred feet in length. The two motors are supported by struts, the lower ends of which rest on a pair of planes somewhat similar in appearance to the wings of an airplane. Water wings, or planes, support her when she is not in motion. On being tilted upward from the rear these wings give the boat a life when she moves forward under power. Professor Bell has christened the craft the HD-4.

GREAT METEOR FELL INTO LAKE

Cities About Lake Michigan Thought it Earthquake Shock.

Detroit, Mich., Nov. 27.—That a meteor of tremendous size plunged into Lake Michigan last night causing earth tremors felt in a dozen southern Michigan cities and sending a pillar of flames hundreds of feet into the air and visible for a radius of more than fifty miles, was the theory generally accepted early today in explanation of an earth shock which at first was believed to have been caused by a terrific explosion at some industrial plant.

From reports from various Michigan, Indiana and Illinois cities where the blinding flare was visible, it appeared the centre of disturbance was near the lower end of Lake Michigan. Coast guards at Grand Haven were firm in their assertion that they had witnessed the descent of the heavenly body. Residents of Battle Creek, Kalamazoo, South Bend, Grand Haven and other western Michigan cities fled from their homes panic-stricken by the earthquake. Houses were shaken and country was illuminated as by a bright sun's rays, so all-enveloping that it was impossible to tell from which direction the flare came. The earth trembled half a minute, then came a long prolonged rumbling, as of a terrific explosion.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furze, Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headache come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which causes and ferments like gas, "batter" in a swell belly. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental depression, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

SMALLPOX CASES IN MONTREAL

Many Cases Reported—Epidemic Now in One Institution.

Montreal, Nov. 29.—Twenty-nine cases of smallpox were reported to the city health authorities and 27 of them have broken out in one building in the city, "La Misericorde," maternity home, which has been promptly placed under quarantine. Strict orders have been given that no one shall leave or shall go into the building except doctors. The maternity cases in the hospital number about thirty. The other two cases of smallpox are at the Civil Hospital, where the number of cases are just one less than last week.

A GRAND PLAN
"What's the idea of sitting in the barn here all by yourself?"
"Well," answered Farmer Cornstossel, "if the summer boarders aren't playin' jazz on the phonograph they're quarrellin' over the League of Nations, so I'm lingerin' out here with the cattle and restin' my mind."

MADE SENSATIONAL DISCOVERY IN NEW YORK

People Found Cheques for \$100,000 Contributed by Prominent People to Bolsheviks Fund

NEW YORK, Nov. 21.—Checks aggregating \$100,000 donated to the Communist party of New York by some of the City's "Parlor Bolsheviks" are in the hands of Chief City Magistrate McAldoo, it was learned today. They were seized in the raids on Radicals on Nov. 7 and 8, and will be submitted to the extraordinary grand jury investigating seditious activities here, it was announced.

Cheques amounting to \$11,000, payees not designated, made out by Mrs. Rose Pastor Stokes, are included in them, according to Assistant District Attorney Koorke. It was to interrogate her concerning them that she was subpoenaed yesterday.

When the list of contributors to the Communist leaders is made public the people of New York will realize how far its ramifications extend, Attorney General Berger said. "People in both social and religious circles, according to our discoveries, are Bolsheviks to the bottom of their hearts," he added.

The Grand Jury today began investigation of the secretary of the Jewish Protective Aid Society, concerning the identity of several persons belonging to that organization, whose names figure in Communist records.

"My dear sir," said the salesman, "I have handled the customer's package and no change. You will find that your suit will wear like iron." And sure enough, it did. The man hadn't worn it two months when it began to look rusty.

"What's the matter, old man?" asked Brown, as he met a friend. "Are you feeling sick?"

"No, not exactly that," replied the friend, "but I'll admit I've been worried of late. You remember I employed a man to trace my pedigree?"

"Yes," replied Brown. "What's the trouble? Hasn't he been successful?"

"Successful? I should say he had!" said the friend. "I'm having to pay him hush-money."

Her Hope Groundless.

For the nineteenth time Miss Matilda Tiddum looked behind her.

"He's following me," she gasped, as she hurried her pace and straightened her hat at the same time. Her heart was in her mouth, and in her pale green eyes shone a light of hope—no, fear.

"It isn't safe for a girl to walk about alone!" she muttered, as her shoes spurned the pavement. She looked around. Ha, he was still there! What could she do? She heard his footsteps drawing nearer. No, she must not faint. He was here—

Then the man hurried past her, and joined the sweet young thing in the pink sweater on ahead, and Miss Tiddum ground her teeth and slowed down.

BANKS ARE BULGING WITH MONEY

Deposits in Banks Reach Enormous Total—Records All Broken.

Ottawa, Nov. 28.—The pinnacle of the banking financial year is reached in the bank statement for October issued Tuesday by the finance department. They show October to be the banner month of the banner year in the history of Canadian banking institutions. Total assets now stand slightly under the three billion mark, an increase of nearly \$300,000,000 as compared with October 1918, while the liabilities during the twelve months period have risen by only \$115,000,000. Notice deposits now stand away over the billion, and a quarter mark while demand deposits exceed seven hundred millions. Combined, they are almost sufficient, if they could be so applied, to wipe out the two billion dollars which have been raised by the various war loans. Deposits will drop in November, however, because of withdrawals for the purchase of Victory bonds.

CARRIED ABOUT \$600 WORTH OF GOLD

Cook From Northern Ontario Has Shaving Soap Tin Full of Dust.

Toronto, Nov. 27.—With about thirty ounces of virgin gold in their possession a French Canadian, his wife and two small children, who appeared in a Queen Street West store here yesterday, excited the suspicion of a detective. He invited the storekeeper and Frenchman and family to detective headquarters in the city hall to talk the matter over. It turned out that the Frenchman and his wife had been employed in the Northwest Ontario gold country, the wife as a cook and it was her earnings in gold dust that the pair were disposing of for currency. The gold dust was in a couple of shaving soap tins and an old tobacco pouch, and at \$20 an ounce was worth about \$600.

The bargain for the purchase and sale of the dust was completed in the detective headquarters.

They were crossing to France and the ship pitched and tossed about in an unusually bad storm. Most of the passengers had sought refuge below, but little Miss Sturges, an elderly spinster was braving the terrors on deck.

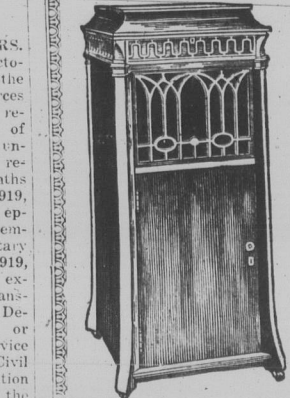

As the gale increased in fury, a dubious physician from below, who had come on deck to her.

"Pardon me, Miss Sturges, but it seemed to me you might be in some trouble? Can I help you? Have you chosen your life now?"

"Oh, doctor," cried the maiden lady with a gurgle of joy, as she tumbled into his arms, "how sweetly and so maternally you have expressed it."

"READS LIKE A THRILLING NOVEL"

Escapades of a Western Clergyman Who Desired to be Rich.

CALGARY, Nov. 29.—To preach a sermon at Arden on Sunday, to force checks totalling \$7,000 at Calgary on Wednesday, to make a sensational get away by the use of clever subterfuges on Thursday, to be arrested at Edmonton and brought back to Calgary on Friday is the chapter of sensational incidents which was crowded into the past week of life of Duncan P. Cameron, former Methodist minister, who reached the city last night to face felony charges. Cameron's confession was made public last night and reads like a thrilling novel.

A Weak Argument.

Mr. Taber was telling his daughter the reasons why she should not marry young Carpenter.

"Why, hang it all, Sue," said the father, "that fellow earns only eighteen dollars a week."

"I know, father," said Sue, pleadingly, "but a week passes so quickly when you're fond of each other."

If you are thinking of buying a

The Tale of Perfect Time in a Watch.

From Mainpring to Hairspring, between them lies the secret.

The Mainpring is the power which it transmits to the active parts of the watch. The Hairspring has the control and regulates the motion. The fitting is most delicate; imagine a 100th part of a hair, (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember my business is the care of watches, and my opinion costs nothing.

What are Peps

Peps provide a new treatment for coughs, colds and lung troubles. They are little tablets made up from pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

AUTOMATIC PHONES IN USE SOON

Every One Can Be His Own "Central"—"Hello" Girls In Discard.

(New York Times.)
The automatic telephone will soon be in general use in this city and in other parts of the State. The New York Telephone Company announced yesterday the new system was being put in at Dunkirk, Ithaca, and Geneva, and that the work was expected to be completed about the first of the year. The machine switching apparatus will be used first in this city in the Longview, Albany and Canal central offices, but the work in these districts will not be completed, according to present estimates, much before the end of the year.

Company officials said the new system would do away with telephone operators. In this city, the operating force has been increased by 2,000 new workers the last nine months, and the company intend to obtain 1,000 additional employees in the next few months. The force will then number 12,000.

"The system," explained a statement by the company, "is extremely simple to operate. Instead of filling the desired number to an operator, the subscriber indicates it himself by means of a dial. This dial is a telephone. This dial is equipped with ten finger holes, each carrying one of the ten numerals. In some cases, the dial will be marked with certain letters of the alphabet.

"To call a number, the subscriber simply places his finger in the hole corresponding to the first digit of the number desired, pulls the dial around to the finger stop, allow it to return to its original position and does the same for each other digit of the number. This connection is then completed automatically. If the called number is busy, an audible signal, the receiver rings. The calling party, of the fact. To disconnect the receiver is hung up at present."

THE INTER-CHURCH FORWARD MOVEMENT

Cure of Bolshevism Suggested—The New Rich Considered.

(By J. E. Middleton.)
Christianity is the alternative to revolution, and the antidote for the poison of Bolshevism. If it were nothing more, there would be reason in the opinion expressed by some extremists that it is the servant of Capitalism.

Christianity is also a flail to correct the arrogance and greed of the materialistic rich. No man of sense can regard without a measure of contempt the tendency towards self-coddling which appears in some wealthy homes. Money is power. When that power is used entirely to minister to the gratification, the indulgence and the haughtiness of pin-headed individuals, it is misused.

No sane man will hitch a great locomotive to a wheelbarrow and regard his work with satisfaction. A locomotive is designed to serve the commercial needs of the world. In like manner money is infinite in its possibilities, if it is used wisely. The man who devotes the whole of a large income to the satisfaction of his pleasures and appetites is hitching a Mogul to the smallest of wheelbarrows.

It is not without reason that English-speaking folk describe ostentatious expenditure as "vulgar." The new-rich is a constant butt for the satirists, mainly because he has no sense of proportion. Every dollar is also a responsibility. The man with a million responsibilities cannot afford to walk about with the chest of a pig.

If he does so, people will suspect that he has the intelligence of the same bird.

The Church declares that rich and poor alike have need of salvation from vicious tendencies. It calls for the cultivation of the spirit of brotherhood, for a free recognition by the rich of their obligation towards the poor and the suffering. It insists that happiness is an inward treasure, dependent upon the measure of a man's success in following the light of duty. Yet always there are people who hesitate to believe that obvious fact. One class will struggle for money. Another will strive to take it away from them. Both are on the wrong course. Christianity finds no essential difference between a tyrant in rags and whippers, speaking Russian, and the tyrant in broadcloth devouring widows' houses.

CHANCE FOR RETURNED MEN Who Are Handicapped By Any Disability, To Take Up Vocational Training.

The Branch of the S. C. R., whose headquarters for this province are in Fredericton, are caring for returned men who are eligible for Vocational Re-Training, by placing them in factories or institutions where they may learn such trades, or obtain such training as they desire, compatible with their disability. Courses of training are open to returned men, who, by reason of a disability incurred on active service, are, in the opinion of a Medical Board no longer able to resume their former trades or occupations, and also to boys who enlisted under the age of eighteen, provided their educational or industrial training has been seriously interfered with by reason of their enlistment.

All apprentices are visited from time to time by a Vocational representative, who ascertains what progress they are making and furnishes reports accordingly. During the period a man is being trained, he receives pay from the Department and in the case of men with dependents, such dependents also receive certain allowances.

In Fredericton, Vocational Classes have been established, under competent instructors, in the following subjects: General Education, Preparation for Civil Service, Lumber Scaling, Motor Mechanics, Tire Vulcanizing, Shoe Repairing, and Stationery Engineering—these classes are for special cases, that for a particular reason have not been placed in an established factory or institution. In addition, plans are being made to add the following subjects and it is hoped that in the very near future classes will be established in Lumber Scaling, Welding, etc., also Mechanical and Structural Drawing.

An office to receive applications from such as are eligible from Moncton and vicinity, has been opened at 100 Queen Street, Moncton, where any enquiries regarding Vocational Training may be addressed or personal application made. Offices similar to the one opened here are also located in St. John and Fredericton, the St. John Office at 76 Prince William St., and in Fredericton at the Military Hospital Building, where the Vocational Classes referred to above, are held and where the headquarters are established.

END STOMACH TROUBLE. GASES OR DYSPEPSIA
"Pape's Diaprepain" makes sick, sour, gassy stomachs surely feel fine in five minutes.
If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, rumbling, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diaprepain from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbolic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

POOR BANK SALARIES IN TORONTO
TORONTO, Nov. 19.—It was declared at a meeting of the executive committee of the cooks' waiters' union here to-day that bank clerks and bank messengers in Toronto are working as waiters at banquets and other functions to augment their slender stipends. It was decided to boycott the banks which paid such poor salaries—their employees had to cut in on the business of the waiters in order to make out an existence. The boycott suggested was the withdrawal of the waiters' savings from offending banks.

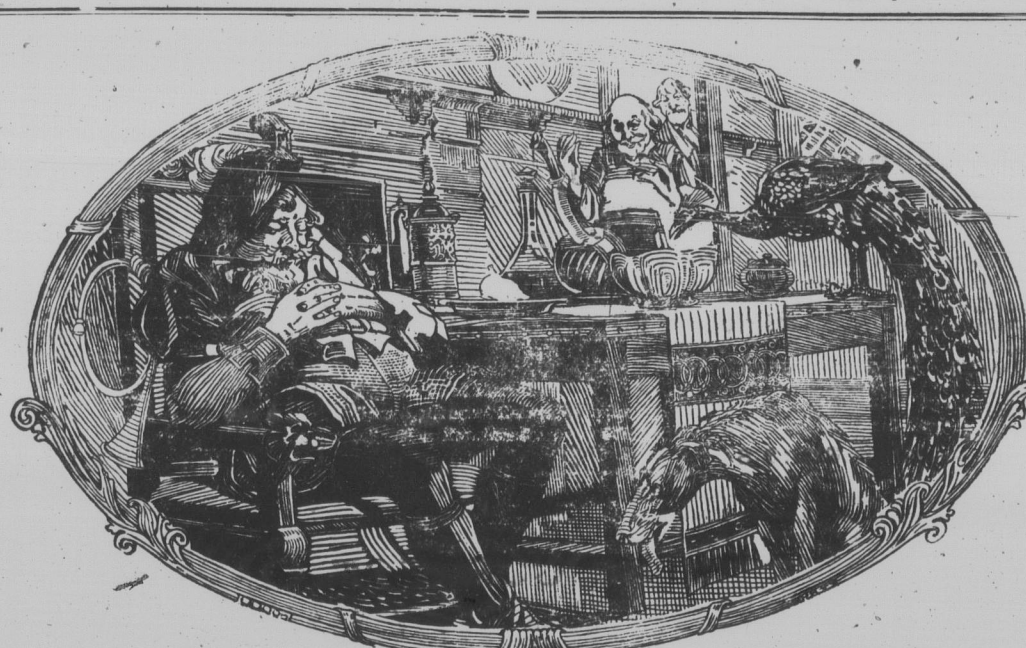

PRINCE'S MESSAGE TO VETERANS

Also Pays Respect to Boy Scouts and Girl Guides of Canada.

Ottawa, Nov. 26.—His Excellency the Governor-General, has received the following message from H. R. S. the Prince of Wales:

"H.M.S. Renown, Camperdown, N.S., Nov. 25, 1919.
"To all the men and women of Canada who served at the front in the great war:
"On sailing from the dominion after my visit, I wish to tell you what a pleasure it has been to see so many thousands of you during the last six months. On behalf of the king I congratulate you on your splendid war services, and for myself I thank you for having received me not only as Prince of Wales, but as an old comrade on the field. I shall always look upon you as comrades, and I hope you will do the same for me. Au revoir.
"EDWARD P."

His Excellency the Governor-General, has also received the following message from H.R.H. the Prince of Wales:
"H.M.S. Renown Camperdown, N.S., November 26, 1919.
"To the Boy Scouts and Girl Guides of Canada:
"I am just leaving Canada for the old country and I want to send you all my best wishes before I go. I have thoroughly enjoyed seeing so many of you on parade during my visit, and I shall tell your brother scouts and sister guides in the old country that you are every bit as smart as they are.
"Value your training as scouts and girls."

When the Tongue is Pleased the Mind is Satisfied

THE most difficult thing to set down in words is the description of a taste, because there is no word to describe taste but taste. So, when talking about the taste of Chocolates, the only way to stimulate the sensation you enjoy from eating them, is to tell you that they are luscious, or satisfying, or delicious, or that they flatter the palate, or that they have such and such a flavour.

But you cannot get real conviction about the "quality of taste" in Neilson's Chocolates except by tasting the Chocolates themselves. So we want you to go to your Druggist or Confectioner and buy a box.

Don't eat them hurriedly. Consider each piece carefully. Open a few pieces. Let your palate linger over the flavour of the coatings, the fruit, cream and nut fillings, and the blended flavour of the fillings and coatings together.

If you will do this and eat, as continental say, "with appreciation," you will get a remarkable quality of enjoyment from your purchase of

DALHOUSIE, N.B.

Dalhousie, Nov. 25.—Mr. and Mrs. Clifford Shirley left yesterday for Montreal, where they intend residing. On Friday evening Mrs. Shirley was invited to attend a meeting of the members of St. John's Presbyterian church choir in the basement hall of the church and was presented by the choir members with a very handsome ivory brush, comb and tray, a gift of appreciation of her valuable services in the choir since she came to Dalhousie from England. The following address which was responded to in well chosen words speaks for itself:

To Mrs. Clifford Shirley: We, the choir members of St. John's Presbyterian Church, have learned with sincere regret of your departure from Dalhousie. During your stay in our midst you have given freely of your talents in the help of the choir and with a willingness and cheerfulness which has warmed our hearts towards you. Your help is also appreciated by the congregation and in some testimony to by many words of appreciation which from time to time have reached our ears. We thank you for your kindly help and wish you God speed on your journey and in your new home, ever hoping that ere long we will see you back among us. We pray you to accept this gift with the hope that in your new surroundings it will bring back memories of your grateful friends in the choir at Dalhousie.

The whist party held on Thursday in the convent church hall was a grand success. Cards were played at thirty tables. Four prizes were given: the first ladies prize was won by Miss Grace Campbell, the second by Mrs. Henri Gallant, gentlemen's first, Lila Frank Winchester, second by Robert Roy.

A very pretty sash that was on lottery went to Private Chas. Cabot. On Saturday afternoon the pupils of the convent held a little Bazaar in aid of the Institution. It was a grand affair and the little ones had a real enjoyable time. Several citizens gave generously to the young ladies who collected and a handsome sum was realized.

Arrangements are being made by the Woman's Institute for the Patriotic whist party to be held on Thursday evening Nov. 27th. Miss Frenette, Jacques River, spent the week-end in town the guest of her friend Miss Blanchard. Miss Anna Poirier, teacher at Eel River Crossing; Miss Habineau teacher at Selwood spent Sunday in Dalhousie.

Miss Alice Poirier, has returned here after an enjoyable visit to friends in Bathurst and Ste. Therese. One of the oldest and most respected citizens of Dalhousie passed away on Saturday in person of Mr. Joseph Fidele Arceane. He was in his 84th year. He resided with his son James J. Arseaneault.

Mrs. J. W. Cook paid a visit to her old home in Nash's Creek last week. Alderman Benjamin Synnott who has been very ill is convalescent. Mr. and Mrs. Bernice Delaney Campbell, spent Sunday in Dalhousie.

MISS BESSIE JAMIESON

Miss Bessie Jamieson is in town this week visiting her mother Mrs. James Jamieson. Dalhousie, Nov. 26.—At the house Dalhousie, on Tuesday, November 25th a quiet wedding took place when T. Melvin Alexander, son of James Alexander Upper Chaleur and L. Myrtle MacNair, daughter of James MacNair of Upper Chaleur, were united in marriage by Rev. J. H. McLean. The groom who faithfully served his country in the war has now a good position at St. John's in the Civil Service. The happy couple left on Wednesday morning's Express for their new home in St. John.

Arthur M. Gregg, Associate Maritime Y.M.C.A. Boy's Work Secretary addressed a gathering of young men in the S. S. room of St. John's Presbyterian Church last Thursday evening.

THICK, GLOSTY HAIR

FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—get a small bottle of Danderrine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderrine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; the hair falls out fast. Surely get a small bottle of Knowlton's Danderrine from any drug store and just try it.

MRS. M. J. GORSE
3928 Union St., Vancouver, B.C.

"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains too down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused. Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 112 pounds and now it is 163 pounds. I am free of pain and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

Do You Know These Five Actors' Names?

1. Plain Rachel 2. Learn a Lass 3. Jet Black Rig 4. Sell Raw Hip 5. In for a Bad Glass Uk

CANADA'S own and beloved Mary Pickford is about to produce one of the greatest moving picture plays of her career. It is a story abounding in love and humor, pathos and tragedy. Mary's problem now is to select a capable actor who will be suitable as her leading man in this great production. She can pick from all the greatest moving picture actors of the world, but her selection is now down to the five favorite movie actors whose pictures are shown above. One of these five will be chosen by her to play the leading man's role in this great new movie production.

Do you know the Names of these Five Favorite Players? The object of this contest is to recognize and name the five most prominent movie actors. After you have recognized them, and in order to help you name them correctly, we have put their right names underneath their pictures in jumbled letters. Unscramble these letters, and then mix them up and send them to us. In one case you are not familiar with the names of the most popular moving picture actors today, the names below will help you.

LORD BEAVERBROOK'S PLAN.
Lord Beaverbrook, by making the confederation of war profits a national issue in Great Britain, has directed world attention to that method of aiding in the solution of the great problem of economic readjustment occasioned by the war's fearful cost. It would not be correct, to credit Lord Beaverbrook with being the first to suggest the method proposed, but his prominence in both the business and political world has made the suggestion of many an idealist, many a socialist, many a plain, ordinary, common-sense thinker, a live issue of practical politics, a possibility of the necessities of the times. British financial returns, to the 11th of October show a deficit of \$312,200,691. The show a deficit of \$312,200,691. The revenue amounting only to a little more than half the expenditures of \$794.

652,649 are compelling reasons for some other method of getting money. More taxation there must be but more taxation of itself will not be sufficient. Lord Beaverbrook sees confederation of wealth the war created as the reasonable, the fair, the natural source to inadequate revenues and reduce staggering debts. His suggestion, or rather his support of what might be termed a popular suggestion, gives its force, because Lord Beaverbrook himself is a war profiteer who would be called upon to hand over to the public treasury a million and more pounds. He would have the government take the valuation of each business as of March 31, 1914, and a valuation as of the same date in 1919. All that lies between in the way of increment should be, argues he, added to the nation's treasury. Other influential men who made money out of the war or because of the war are backing Lord Beaverbrook in the campaign he is making. A notable example is Lord Iverforth, who is credited with having made at least \$20,000,000 profit in the war years, and who is willing to hand over every cent of it over to the national treasury if others whose wealth the war increased are compelled to do likewise. It is the view of Lord Beaverbrook that confederation of war profits would give the government approximately five billion dollars, a sum which if used in paying off Britain's debt in America, would aid materially in reducing national obligations. According to a Montreal Star London correspondent, "the British cabinet is divided upon the proposal. Lloyd George is said to be neutral, but Beaverbrook spends much time with him and the belief is growing that the Prime Minister is for it. Winston Churchill is strongly favorable. Bonar

Law is strongly against it, I am told. So is Austen Chamberlain. The Godd brothers have not said where they stand." It is noted by other correspondents that the champion of those who oppose Lord Beaverbrook's plan is also a former Canadian, Mackay Edgar, who, speaking for the financial interests, charges that the scheme, instead of getting the real war profiteers, would confiscate the capital required for industrial development. Mixed in with this is the usual charge of expropriation. Undisturbed by this opposition, Lord Beaverbrook continues, in the London Express, to urge his proposal, and backing he is receiving from prominent and representative Englishmen not only makes the issue a practical one, but proves that many of the nation's men of wealth are as ready to place their money at the service of the country as they were their lives.

THE LATE GEORGE HADLOW.
An Appreciation.

Campbellton, N. B.

Dear Sir,
A man, who spent the greater part of his life in Restigouche County and whose worth and work are widely and favorably known, recently passed to his rest and reward in the person of George Hadlow. Perhaps you would kindly spare a little space for a word of appreciation from one who, for many years was closely associated with him in Christian work in St. John's Church, Dalhousie, N. B.

Thirty-one years ago next April, I became pastor of the above named church. The elders then were George Hadlow, R. Y. Tait, Alex. Lang and Edward Gordon. Mr. Gordon died two weeks after my induction, a few years later Messrs. Lang and Tait passed away, so for many years Mr. Hadlow has been a living link between the earlier part of the congregational history and the later part as known to me and to the majority of the present members. Early in my ministry it became my custom to consult with him as senior elder and clerk of session, in reference to the many difficult problems in our church work, and I soon learned that confederation of war profits and judgment and advice, and my early estimate of these became greater as the years passed away.

Every one who knew Mr. Hadlow would, I am sure, gladly testify that everything that made for the best things in life especially all that made for purity and strength in the young manhood and womanhood of the community, was to enlist his sympathy and help. Of his work in the church, it is needless to speak in detail. An elder for half a century or more, he was conscientious in the performance of all the obligations of the office upon him. But his work in the Sabbath School calls for special mention. For sixty years, perhaps more, with a few interruptions in the later years, he was identified with the Sabbath School of St. John's Church, the greater part of that time as superintendent. It was the great privilege of Mrs. Fisher and myself, a little more than six years ago, when on a visit to the east, to spend a week in his home, and although he was then near fourscore years of age, we found he was still superintendent of the school, and his interest in the work appeared as fresh and deep, and his prayers for its welfare as fervent as ever. Never will the people, not only of Dalhousie, but of Restigouche and Bonaventure count fully understand how much they owe to his long, faithful and efficient efforts in the line of Sunday School work. But although he was so devoted to Sunday School work, he and the faithful companion of his life, my beloved sister, the home is the best training school for the formation of character, and it must be said, there was a model home, a home of brightness and cheer, whose light was the word of God, and whose atmosphere was hallowed by the spiritualizing influences of the morning and evening family altar. To hundreds of friends, widely scattered, pleasant memories will centre round "Bonnie Brae" as they recall the days of yore.

Only brief mention can here be made of the part he took in the early days in the temperance reform movement, when he associated with such men as the late Joseph Windsor and others in their home town, did good work at a time when the cause seemed to be little more than a forlorn hope. We are thankful that he was spared to see such splendid results from the tearful sowings of the early days.

At the risk of being thought tedious there is something I wish to say. Soon after my settlement, Thos. Scott, D. McDonald, Wm. Draper and Marshall Reid were added to the session of these Messrs. Scott and McDonald remain. Later on in my ministry, John Dickie, Wm. Currie, Angus Dewar and Thos. McKenzie were appointed to eldership. After a few years Messrs. Currie and Dewar were removed from the congregation, while expressing my appreciation of Mr. Hadlow's worth and service, I wish also to add my appreciation of these worthy men, some of whom have been called away, while others still remain, with whom I was so long associated in the work and oversight of that congregation. They were men loyal to Christ and to his cause, and they loved the things that make for peace, I think I enjoyed their confidence, they enjoyed mine, and our association has left behind only pleasant memories.

GEORGE FISHER.
Vancouver, B. C.

SENTENCES ARE MUCH REDUCED

All Men Punished for the Kimmel Riots Given Leniency.

Vancouver, Nov. 26.—Information has been received by Capt. George Black from the office of the Prime Minister at Ottawa that all of the twenty-one sentences of imprisonment imposed by court-martial on Canadian Soldiers implicated in Kimmel Camp riots have been reduced so as to expire within two exceptions, before Jan. 1, 1920. One will expire on Jan. 7 and one of a Russian, is reserved for further consideration and if discharged he will be deported.

Upon returning to Canada after defending the Kimmel Camp men of whom twenty were acquitted, Capt. Black made strong representations to Sir Robert Borden and the minister of justice concerning the circumstances of the Kimmel Camp riot, protesting against the findings of the court-martial, the severity of the sentences and generally as to the undesirable features of such military tribunals.

When seen at his office today Capt. Black said: "My action was taken, not to beg for leniency for the men, but to place before the government the facts as to who were responsible for the riot and to secure relief for the men who were victims of it. They being entitled to relief on the merits and on legal grounds. The application received immediate and sympathetic attention from the Premier and the results are as satisfactory as could be expected at this stage, although I am of opinion that justice was done in more than one case."

In a Pacific Coast town they tell of a political leader who once flourished there and who, knowing the financial necessities of one of his most valuable workers, sent him a small portfolio bound like a book, among the leaves of which were deposited banknotes to the amount of several thousand dollars. Some time later the two met, and the donor said:

"And how did you like the new work I sent you?"
"A fine work!" exclaimed the other. "I read it with great interest; so great, indeed, that I await the second volume with impatience."
The politician smiled, and when the worker's birthday came round he presented him with another portfolio, similar in every respect to the first, but with these words engraved upon it: "This work is complete in two volumes."

BEFORE THE REAL EXPLORERS CAME

Nearly every school boy will answer glibly that Columbus discovered America in 1492 and will add that other men followed in the wake of the hardy adventurer in later years and entered the St. Lawrence and founded the great empire of Canada. But few know that in the years before these came hardy Norsemen had probably visited the shores of the maritime provinces, Labrador and Newfoundland. That, however, is true, for the Sagas—the old records of the Norsemen—tell of the strange experiences of crews of sailors who had ventured far beyond the well known seas of that day and had visited a place they called Vinland.

The Norse came by way of Iceland and Greenland in the years following 872. One of them had explored quite thoroughly Greenland in 983 and founded a home in one of the deep fjords. Then he went back to his homeland and raised a party to settle

in the new domain. His colony of 400 people lived in Greenland for about four centuries.

In 1000, Leif, an explorer, sailed southward to see what could be found. He came to a flat rock. This territory he named Helaland. He sailed on until he found a wide wooded land to which he gave the name of Woodland. Then he stood out to sea and driven by a wind he came to a new land. He came to a body of water connected with the sea by a short river. There he wintered. When spring came he returned to Greenland with a cargo of lumber and several years later he brought back a colony. It did not flourish, however, and in 1012 it left the new land. The best authorities think he found Nova Scotia, Labrador and Newfoundland at this time.

Boarding houses drive a lot of their victims to matrimony.

Occasionally germs get on a man's mind and worry him to death.

ADVERTISING DID IT!

To the Editor of The Graphic:—

Now that the Victory Loan campaign has closed with such a magnificent subscription—over 100 per cent more than the government asked for from the people of Canada. Mr. Wilkinson and I wish, on behalf of the Dominion Press News and Feature Committee, to express our appreciation of the generous support given by all weekly newspapers in Canada to the Victory Loan 1919. Backed by a nation-wide advertising campaign, editorial and news articles in all the newspapers of Canada, there never was any doubt but that the campaign would be a success.

To the weekly newspapers of Canada in no small measure must be given credit for the success of the loan.

Let us again thank you for the assistance you have given and remind you once again that the success of the loan, primarily was due to the advertising and publicity campaign carried on through the columns of the newspapers of Canada.

Yours very truly,
W. J. TAYLOR,
Chairman.

WHARF IMPROVEMENTS.

P. S. Martin, foreman of the Department of Public Works, still has a crowd to work on the much needed repairs to the government wharves, new flooring, reballasting, a new mooring knees of iron, set in concrete, will make a greatly needed improvement for next year's shipping, which is expected to be extensive.

A NICE PROFIT.

A St. John citizen a few days ago purchased a barrel of apples for which he paid \$6.25. In the barrel he found a card with an address of a farmer in an up-river district asking the purchaser to let him know who bought the apples and the price paid. For curiosity sake the buyer gave the desired information, and received a letter from the farmer in return saying that the apples for which he had paid \$6.25 had been sold by him for \$2.50. This explains to some extent the high cost of living.

BIG GAME SEASON OVER
The big game season closed Saturday evening.**LUMBERMEN'S REQUEST OF THE GOVERNMENT.**
A delegation of lumbermen met the Provincial Government at St. John on Friday evening and urged the establishment of a stumpage scale for New Brunswick. The lumbermen did not urge any specified term of years, but it was pointed out that in Quebec a rate of \$1.00 had been fixed for five years with an increase of thirty cents for an additional five years. The lumbermen present were: Angus McLean, F. M. Anderson, W. B. Snowball, James Robinson, Stanley Douglas, J. W. Brantley, F. C. Beatty, Donald Fraser and R. W. McLellan, secretary of the association. Consideration was promised.**MAIDS SCARCE.**
The Graphic could place three or four capable girls in good homes in Campbellton at the best wages. They would be pleased to hear from any desiring places. None but capable girls need apply.**CONDUCTOR NICKERSON DEAD**
John S. Nickerson, who was stricken with paralysis in Hampton on last Monday morning, died Monday morning in the General Public Hospital, St. John. He was a N. B. conductor and had been on the road for forty years.**MOLASSES WILL BE HIGH**
Cables advise from Barbadoes quote new crop molasses for delivery after the turn of the year on such a high price basis that the trade do not see how it will be possible to sell the commodity at wholesale for less than \$1.25 a gallon. In fact even the price of old crop is creeping pretty well up to that level, some jobbers asking as high \$1.10 for extra fancy and \$1.22 for extra heavy punchen base.

Ottawa, Nov. 26.—Another important order issued by the Board of Commerce today fixes the margin of gross profits allowed to retailers of boots, shoes, rubbers, over shoes, gaiters and other articles, usually sold within retail establishments in Canada at 33 1/3 per cent. The order states that sales of any of these commodities in contravention of this order shall be deemed to bear an unfair profit.

HEALTH OFFICERS TO CONFER.
Dr. G. G. Melvin, chief health officer for the province, is calling a meeting of the district medical health officers for the province in Fredericton on Thursday to take up the matter of the collection of vital statistics. Posters are being circulated throughout the each parish in the province, notifying the people of the inception of this service by the department of health. Following this meeting each district medical health officer is to call a meeting of the sub-deputy registrars in their respective sub-districts for the purpose of explaining their work to them. This service is to be taken over by the department January 1, 1920.

November 12th, 1919.To the Editor:
The "Graphic" Campbellton.
Dear Mr. Editor:
May I beg space in your paper for the following: I am as chaplain caring for returned soldiers who for treatment for wounds or sickness are patients in the four hospitals in this Province. These are at River Glade, East St. John, West St. John and Fredericton. During the war my "Sick and Wounded Soldiers Fund" brought cheer and comfort to thousands of our gallant men, who were under my care in hospitals overseas, my work now is the same, my "Fund" is greatly needed and is completely exhausted. I should be deeply grateful to any and all who may be willing to help me and who will kindly send their contributions to me.
Thanking you Mr. Editor,
I am yours faithfully,
(Major) E. B. Hooper (Chaplain)
123 Hazen Street,
St. John, N. B.BIRTH OF A POEM
"IN FLANDERS FIELDS"

"In Flanders Fields," to quote the words of Maj.-Gen. Mortimer, who commanded the brigade to which Lieut. Col. McCrae was attached, "was literally born of fire and blood during the hottest phase of the second battle of Ypres."

"My headquarters were in a trench on the top of the hill, the 'Ypres Canal' and John had his dressing station in a hole dug in the foot of the bank. During periods of the battle men were shot actually rolled down the bank into this dressing station. About from us a few hundred yards was the headquarters of a regiment, and many times during the sixteen days of the battle he and I watched them burying their dead whenever there was a lull. Thus the crosses, now seen or grown into a good sized cemetery."

"Just as he describes we often heard the battle, during the night in the air, between the crash of the shell and the reports of the guns in the battery just besides us. I have a letter from him to which he mentions having written the poem to pass away the time between the arrival of batches of wounded and buried as an experiment with several varieties of poetic meter. The unit with which McCrae served was the most advanced of all the 'Allies' guns by a good deal, except one French battery which stayed in a position yet more advanced for two days, and then had to be taken out."

NOTICE.

A meeting will be held in the Parish of Durham in the C. M. B. A. Hall at Jacquet River on Monday, DEC 8th, at 8 o'clock P. M. The Lecturer of the evening will be Hon. C. H. LaBelle Subject—"Restigouche and Provincial Politics." Seats will be reserved for the ladies, who are cordially invited to attend.

HOW MANY KERNELS OF POT BARLEY IN THE JAR?

In each of the Stores whose names appear on this page you will see an illustration of a Jar of Pot Barley. It is a McCready Pickle Jar filled with ordinary Pot Barley, and for each Dollar you spend with these Merchants, either for the purchase of Goods or in Payment of Accounts already contracted, you are entitled to an estimate on this Jar of Pot Barley—remember there is no limit as to the number of estimates one person may make—You have an estimate for each Dollar spent, and for each admission to the Opera House.

This Contest Commences October 10th, 1919, and Closes January 1st, 1920

and all Sales Slips representing purchases made between these dates are good for estimates. The official Jar of Pot Barley has been sealed by Dr. Murray Mayor of Campbellton, and will be opened and counted one week after this contest closes and this beautiful Prize will be awarded to the first person making the correct or nearest correct estimate as to the number of kernels in this Jar—All estimates must be sealed and mailed to the following address: AUTO CONTEST, care the Graphic, Campbellton, N. B. You may send in estimates as often as you wish. All estimates will be time stamped as received and will be opened by the judges when this contest closes.

Secure a McCready Pickle Jar, fill it with Pot Barley and count it; then you will find it much easier to estimate the Kernels in the Jar.
