## BILL.

An Act to determine the mode in which the Side Lines in certain Concessions in the Township of Edwardsburgh shall be run.

**WHEREAS** by the petition of the inhabitants of the Township of Edwardsburgh, in the County of Grenville, and by the report of John Booth and William Campbell, Esquires, Deputy Provincial Surveyors, under a commission to them in that behalf, it appears that great inconvenience has resulted from the running of the side lines in the fifth, sixth, seventh and eighth concessions of the Township of Edwardsburgh aforesaid, in all cases parallel to the Eastern boundary of the Township, the said Eastern boundary, from the front of the fifth concession to the rear of said Township, having a different bearing from that which it has in the first, second, third and fourth concessions of the said Township: And whereas the said inhabitants have prayed, and the said Commissioners have reported, in favour of having certain side lines in the said fifth, sixth, seventh and eighth concessions drawn as hereinafter mentioned, and not generally parallel to the said Eastern boundary; and it is expedient under the circumstances aforesaid to grant their prayer and to act upon the suggestions of the said Commissioners:—Be it therefore declared and enacted, &c.

And it is hereby enacted and declared by the authority of the same, That for and notwithstanding anything in the thirty-ninth section, or in any other part of the Act passed in the twelfth year of Her Majesty's reign, and intituled, "*An Act to repeal certain Acts therein mentioned, and to make better provision respecting the admission of Land Surveyors, and the survey of Lands in this Province,*" or in any other Act or Law, the side line between numbers eleven and twelve, in the fifth and sixth concessions of the said Township of Edwardsburgh, and the side line between any lots in the said concessions west of number eleven, run and shall be run from the corner post in the front of such lots to the rear thereof, in such direction as that if any such line were prolonged, it would strike the post or front boundary between the lots bearing the same numbers in the next concession towards the rear of the Township.

II. And be it declared and enacted, That in the seventh concession of the said Township the course of the side line between the East half and the West half of Lot

number seven, and of the side lines of all the Lots to the West thereof, is and shall be North thirty-one degrees twenty-two minutes West, astronomically.

And in 8th  
concession.

III. And be it declared and enacted, That the Eastern commons in the said eighth concession is and shall be 5  
fourteen chains and twenty-five links in width, and that all the land to the West thereof be divided into the number of Lots, Commons and Roads, shewn in the original survey; and that the side lines be run parallel to the Eastern boundary of the said Township; and any line run in 10  
accordance with this Act, shall be deemed to be and to have been since the survey of said Township the true side line of the lots between which it shall run: subject, nevertheless, to the provisions of the hereinbefore recited Act, relative to the breadth of Lots and the mode of ascer- 15  
taining such breadth when the original posts or monuments cannot be found, and as to all matters not provided for by this Act.
