## INTRODUCTION.

---

In placing before you the Brantford City Directory for 1896, we present a work that will be found very useful to manufacturers, merchants, and citizens generally.

The information has been taken, compiled and printed by experienced directory men, and we claim, that notwithstanding imperfections which must always be expected in Directories, that our Brantford City Directory for useful information is the most complete Directory published, and the best value for the money charged.

The population of Brantford is still increasing, and, although we have dropped out what we consider useless names, our book will be found not to vary much in the number of names from former Directories.

Thanking all those who have so kindly assisted us in procuring information for our book, and trusting no evil will befall the one or two who were ignorant enough to refuse us the privilege of securing the names of their employees. We trust our Patrons will assist us by getting their money ready as soon as our men enter their offices with the Brantford City Directory for 1896.

C. O. D. is the only way we can satisfactorily deliver our book, and we trust that none will take objection to this, as we use all alike.

YOURS TRULY,

BRANT PUBLISHING CO.
