CANVASS COMPLETED

For Boy Scout Work—Amount Aimed at Secured and Work to Continue

A special meeting of the Boy Scout Association was held in the parlor of the Baptist Church on Wednesday evening, for the purpose of hearing the result of the canvass recently made to raise funds, and determine upon a policy for future work. Dr. Archibald, the president, was in the chair and there was a good attendance of members present.

Reports from the various canvassers were handed in showing that the total amount subscribed was \$1502, and that about a third of this had been already paid in. The fact that the amount aimed at was only fifty dollars in excess of this, and that a number of citizens were absent when the canvass was being made, encouraged the hope that with very little difficulty the balance would yet be made up. The meeting decided unanimously to proceed in accordance with the budget previously arranged, and that Mr. E. Percy Brown's offer to continue to lead the work be accepted and that he be appointed at the rate of one thousand dollars per year.

At the request of Mr. Brown an executive composed of the officers of the association, Mr. G. K. Prescott, Dr. Leslie Eaton and Mr. Edson Graham, was appointed. Mr. Henry Peck, who has acted as secretary-treasurer for several years, asked to be relieved of his duties and it was decided to appoint a treasurer to have charge of the funds. On motion Mr. Prescott was elected treasurer, Mr. Peck agreeing to continue as secretary. Mr. Ralph Creighton was appointed auditor.

JOHN PEIRCE

With the Acadia Choral Club in "Elijah"

For the Annual Spring Festival Mr. John Peirce, a prominent Boston Baritone, has been obtained to take the role of "Elijah" in the presentation of Mendelssohn's "Elijah" May 4th, in the Wolfville Baptist Church.

Mr. Peirce comes to us with many successes to his credit as an oratorio singer with the largest and best choruses in the New England States. He has appeared with the Boston Symphony orchestra and chorus at Symphony Hall in the performance of "The Passion Music" by Bach. He was soloist with the Philharmonic Choir at Boston in concert performances of Faust. Soloist with the Choral Music Society of Boston. Soloist with chorus and orchestra in performances of "Elijah" in Lynn, Malden and Melrose. Soloist in the "Messiah" at Malden and with the Boston Festival Orchestra. The work of Mr. Peirce has been favorably commented upon by the newspapers who have placed him among the foremost oratorio singers in the country.

Miss Edith Weyne has been secured to fill the Alto role. Miss Weyne has a very pleasing personality, a beautiful voice of rich and sympathetic quality, full, free and even, throughout the entire register. Critics, press and public, have shown their appreciation of her artistic abilities by many favorable comments and have placed her among the best mezzo-contraltos before the public today.

Wolfville is to be especially favored this year and it is hoped that the people will support the programs planned for them. We gauge our future plans on your present interest and attendance.

St. John, N. B., has enacted by-laws forbidding baby carriages from obstructing the sidewalk two abreast. They must be propelled in single file. The new regulations also provide that no vehicle must be allowed to remain stationary within 15 feet of a fire hydrant or 20 feet of a fire station under penalty of a fine of \$10.00.

PROVINCIAL LEGISLATURE CLOSES

A Barren Session so far as Useful Public Legislation is Concerned

(From our Special Correspondent)

Press Gallery, House of Assembly, April 23rd.—"Empty handed, heavy hearted," the members of the Government and their supporters disperse to their respective homes tonight after one of the most useless sessions ever held, as far as the interests of the public are concerned. As the members disperse they bear nothing in their hands for the benefit of the people. No useful public legislation of any kind has been passed by the Government.

Not only has the Government done nothing itself, but it has been merciless in its endeavours to apply the steam roller to the Opposition. Whenever any section of the Opposition has endeavoured to pry into the affairs of any department or get the privilege of the house for a special discussion, it required only a nod or a signal from the leader of the Government to have such member arbitrarily ruled out of order. An appeal to the House only brought down the sledge hammer of the brute force of the machine majority of the Government in the house.

Mr. Corning as well as Dr. LeBlanc and Dr. McDonald, protested vigorously against the "steam roller" methods of the Government. Mr. McKenzie also complained bitterly of the arrogance of the Government toward the Opposition and said that the Opposition was rendered practically helpless in its endeavours to exercise their privilege and duty to discuss and criticise the legislative enactments of the Government.

One glaring example of the flimsy pretence on which Members of the Opposition were gagged by the Government machine was in the case of Mr. Way's attempt to bring to the notice of the Speaker a flagrant breach of proper procedure by the Attorney General Mr. O'Hearn, with reference to the 8 hour day bill, in which Mr. Way and Mr. Morrison were interested, and which had passed the Committee on law amendment, and had been ordered up to the House. But the bill was not passed up, it was arbitrarily held for further consideration by the Attorney General. Mr. Way was directing the attention of the Speaker to this, whose duty it is to see that the Rules of the House are carried out, when the Premier pressed the button and Mr. Way was ruled out of order on the ground that he could not discuss a bill which was still in committee and had not been reported to the House. Mr. Way's protests that he was not discussing a bill at all but simply drawing the attention of the House to a violation of its rules by the Chairman of a committee, which by a majority vote ordered the Chairman to report the bill favorably to the House, but it was in vain, and again a representative of a large and important constituency was bound, gagged and crushed beneath the Government machine steam roller.

Notwithstanding these disgraceful exhibitions of the Government's determined efforts to stifle the criticism of the Opposition, there was much fine work done by this valiant body and the Government got many unexpected jolts and its insincerity and legislative hypocrisy was repeatedly exposed.

The most glaring piece of legislative hypocrisy was the Premier's resolution with reference to the abolition of the Legislative Council. The Premier deliberately repeated the ineffective course he took last year, a course which he knew must fail and which did fail.

If this is not legislative hypocrisy, what is it? Mr. Corning tried to get the privilege of the House to point a way; but he was ruled out of order by the chair and on an appeal to the House was voted down by the solid government majority. It is not generally known that it is absolutely within the power of the Governor-in-council to settle this whole matter any day, and bring about the abolition of the Legislative Council. That the Government does not do so, is ample evidence of their insincerity.

Further evidence of the Legislative hypocrisy of the Government was shown in their dealings with the amendments to the Nova Scotia Temperance Act asked for by the Temperance Alliance. With the government's usual show of sympathetic consideration in such matters, they introduced the bill; then they had it mutilated in that par-tisan legislative slaughterhouse—the Legislative Council. In this lies the secret of the tenacity with which the Government has held on to that otherwise useless body. It forms a sort of Government "Spenslow and Jordis" combination, a convenient partnership affording a partner on which to blame things. It has done yeoman service for the present machine regime in thousands of cases, particularly in industrial legisla-

BETTER ENGLISH WEEK

To be Held in Nova Scotia Last of May—Wolfville Takes Lead

The proposed campaign in the interest of a more correct use of the language, which has been before referred to in these columns, will be inaugurated by a "Better English Week" to begin at 8.30 on the morning of May 25th, and end at 3.30 p. m. on Friday, June 1st. Miss Rosamond Archibald, the promoter, of this most laudable movement, has the support of leading educationalists of the country, and much good is confidently expected to result. Below are given the rules governing the drive which is based upon "The Kings English Drill", wherein will be found the method of procedure to be followed.

Wolfville, which furnishes an appropriate setting for the newly launched undertaking, is already familiar with the work in which Miss Archibald is engaged, and it will be remembered that at a public meeting held some weeks ago a number of prizes were offered by citizens in order to make the contest more attractive. Principal Silver has done much to create an interest among the young people of this place, and other sections of the province have enthusiastically signified their interest.

Rules of the Better English Week Drive

I. Grades VI to XI inclusive may participate.

II. The pupils memorize as many Drills in the K. E. D. as possible before May 25.

III. Each pupil must own a special little Note Book for Corrections.

IV. Each pupil uses the slogan, in correcting, "Thank you for ten points," whereupon he writes down date, and initials of the person corrected opposite the correction of the mistake heard.

V. For each correction made orally and written the pupil receives ten points.

VI. For each correction merely written down, five points.

VII. Any pupil occasioning the slightest friction in his work of correction, or showing the least lack of courtesy shall be immediately disqualified.

VIII. Each contestant makes and wears, during the Drive, a small paste-board shield on which is printed BETTER ENGLISH. This official badge must be worn when corrections are made. Shapes of badges and color of ribbon may vary according to class.

IX. The teacher is urged to encourage the work by soliciting the co-operation of parents to "play the game" and to offer awards to the winners.

X. The teacher shall be the examiner of Note Books handed in promptly at 3.30 Friday June First.

XI. She shall communicate names of winners and grades and aggregates to Miss Rosamond M. Archibald, Wolfville, for Publication.

COMING MUSICAL EVENT

Canadians Three to Render an Exceptionally Fine Musical Program Sunday Evening, April 29, at Wolfville Opera House

Albert Avery, the Canadian boy soprano, will be heard on this occasion in his first recital with Miss Marie Wilson, Contralto. This talented young violinist has recently given a recital at Lennox Theatre, New York, where he was enthusiastically received.

"Miss Wilson, Canadian Contralto, is exceptional in art and execution" (Des Moines Telegraph). She has been the contralto soloist of the Copley Quintette of Boston during the past season and is booked for the Independent Chataqua circuit in Chicago for the summer.

Miss Rockwell, the accompanist, is well known throughout the province for her splendid style and technique, as revealed by her execution at the piano.

This event promises to be most unusual one, as these artists are natives of this province who have made a name for themselves in American musical centres, and have great possibilities in that field. A twenty-five cent collection will be taken during the performance. Come and enjoy the uplifting atmosphere of this musical feast and enjoy these talented young people who are peculiarly Nova Scotia's own.

BAND CONCERT

The sacred concert given by the band at the Opera House last Sunday evening was greatly enjoyed by a large audience which completely filled the auditorium. This was the first public appearance of the band since Mr. Haycock has assumed the leadership, and the fine quality of the music plainly showed that the band had made no mistake in appointing him to the position.

The program opened with the hymn, "Abide with Me", in which the audience joined heartily. The band gave five selections, the two best rendered being Lustspiel Overture, by Keler-Bela, and The Beacon Light, by L. P. Laurendeau. A double quartette, composed of J. F. Calkin, Frank Murphy, F. C. Bishop, J. R. Warrington, B. C. Silver, H. J. Mollins, Will Murphy and Fred Rand, sang two selections which were much enjoyed. A vocal solo by Mr. Mollins and a piano duet by Mr. Silver and Verne Graham completed the program.

NORTH GRAND PRE NOTES

Mr. Orr, and family, of Avonport, are spending a few days with Mr. E. Heron.

Mr. and Mrs. K. L. Palmer and daughter, who have been spending the winter in Saratoga, N. Y., and vicinity, are spending the summer with Mr. Harry Palmer.

Mrs. D. Munro, of Medford, is visiting Mrs. Everett Palmer.

Mr. Alden Allen left recently for Boston where he will spend some months.

COUNTY COUNCIL IN SESSION

Decides to Dispense With Services of County Health Nurse

The April session of the Municipal Council of Kings was held at the Court House, Kentville, on Tuesday. After the usual preliminaries, Warden F. M. Munroe outlined the business that would come before the Council.

Rev. Mr. Miller and H. Stairs, of Wolfville, addressed the Council on behalf of the Children's Aid Society, and thanked the members for the interest they had in the work. Attention should be given the feeble-minded and proper care taken of them. Mr. Stairs spoke of the neglected children of the County, and reported some of the work accomplished by the Society.

Prof. W. S. Blair and W. E. Porter, Secretary of the Kentville Board of Trade, addressed the Council, asking for their interest and aid in carrying on an Exhibition in Kentville next fall.

At the afternoon session the Council endorsed the proposed exhibition promising financial aid and appointing a committee, the Warden, Councillors E. R. Gertridge and H. Bigelow to work with the committee of the Board of Trade and the town.

The committee appointed to consider the advisability of continuing the work of the County Health Nurse, reported recommending that the Warden appoint a committee to look into the matter, and continue the work in compliance with the Act. This was debated at considerable length, and notwithstanding the fact of a representative delegation from the various women's organizations of the County, the motion was lost by vote of five to eight. The women's delegation had been in waiting for the report of the committee from the early morning session.

Mrs. C. A. Patriquin, representing the Women's Institute, spoke of the general usefulness of the work, its importance, etc. Miss Millicent Chase, representing the I. O. D. E., stated the object of the Order, and gave some of her experiences in looking after cases that had come under observation, where the worth and importance of the Health Nurse was proved. She closed with an appeal to give the children a chance for usefulness in life.

Rev. G. W. Miller appealed for a continuance of the work on the ground of its general usefulness. Miss Annie Stuart gave a straight talk on the interest of the women in child welfare, their responsibilities as to citizenship, sharing with the men their responsibilities as to government, and being on an equality in the exercise of the Franchise.

The conveyance of patients on the D. A. R. to the Hospital in Halifax and elsewhere was discussed. Patients were compelled to ride in the baggage cars with its attendant discomforts and inconveniences, which often work against the chances of the patient's recovery. A committee was appointed and submitted a resolution which was adopted, setting forth the facts and asking the Railway Commission of Canada to remedy this condition. Copies will be sent to the Commission and to the Manager of the D. A. R.

The overseers of the County Home through Mr. Patterson, reported that the new home at Waterville was in good condition. The caretaker and matron were performing their work in a satisfactory way.

After some discussion regarding the appointment of officers, etc., the Council adjourned.

NOTICE TO THE PUBLIC

Anyone expecting to convey heavy loads over the "Slough of Despond", that piece of street at the east end of town between the pavement and Provincial highway would do well to provide extra men, planks, shovels, etc., to enable him to safely traverse the same without great loss of time and a violation of the third commandment. On Saturday the subscriber witnessed a team mired twice within the space of two hundred feet when the load had to be removed and the wagon lifted out of the mud and on Wednesday another team was mired and had to be unloaded before it could proceed. "VOX POPULI"

America's most popular novelist, Zane Grey, is contributing some of the screen's most thrilling plots to Goldwyn's latest group of pictures. Mr. Grey's latest picture, "Golden Dreams", based upon his story of the same title and produced by Benjamin B. Hampton, is coming to the Opera House Monday and Tuesday. This is an absorbing romance the action of which takes place in a mythical Spanish state known as Chinora where an American mining engineer is delving for oil on the McDonald estate.

"SOPHRONIA'S WEDDING"

Much Enjoyed by Wolfville Audience Tuesday Evening

On Tuesday evening the Women's Institute of Grand Pre repeated in Parish Hall the play which they recently put on with such success in the vestry of the Lower Horton Methodist Church. "Sophronia's Wedding" proved to be a most amusing entertainment and the "Tattletown Uplift Society" a very interesting aggregation of ladies. The play was decidedly well staged considering the rather meagre accommodations which Parish Hall provided, and all parts skillfully taken. Presented under other conditions the performance would have ranked very favorably with the work of professional players.

As an extended report of the entertainment, when given before, appeared in the columns of THE ACADIAN, it is quite unnecessary to go into details, but it may safely be said that the audience which filled the hall, did not experience a dull moment during the rendition of the entire program. Between the acts fine musical selections were given, including well rendered vocal solos by Miss Audrey MacCrae and Miss Doris Eaton, and old songs by a quartette composed of Misses MacCrae, Eaton and Stuart and Mrs. Fuller. The whole performance was most creditable to the Women's Institute as well as to the ladies who took part, and the object—to raise funds for the work of the Children's Aid Society—most commendable.

After the play the visitors were entertained at the Manse by Mrs. Miller and Mrs. Gould, when a most enjoyable time was spent.

NOVA SCOTIA'S PRETTIEST GIRL

The Bluenose province recently set about to select from its young womanhood its prettiest specimen. The choice fell upon Miss Lillian Corbin, of Weymouth, in the Land of Evangeline. The Halifax Herald is arranging to have her portrait painted and forwarded to the Prince of Wales.

WELL DONE WOLFVILLE

The splendid success which attended the recent campaign for the securing of funds to continue activities among the young people of the community is a fine testimonial to the appreciation which citizens have of the valuable service which has been rendered during recent years by those who have had this important work in hand. By their generous contribution Wolfville people have again demonstrated their willingness to advance any project shown to be in the interest of the town, at the expense of personal sacrifice.

Many of those who have been liberal contributors to the present campaign have for years been giving of their means freely for the promotion of the work of the Boy Scouts and Girl Guides. In their opinion the time had now arrived when the value of the undertaking had been sufficiently proven to justify its financial support being provided for in the town budget. That this view was concurred in by the citizens was indicated by the vote of the public meeting called to consider the matter, notwithstanding that the vote to provide for such help passed by a slim majority.

The necessary legislation to enable the town to finance the project in the way desired being denied, its supporters determined to make another effort to carry on in accordance with the new program, and set out to raise the amount required by voluntary contribution. The town was divided into sections and solicitors were appointed to canvass the territory. Citizens rallied nobly to the support of the movement with the result that for the coming year, at least, the continuance of the work which means so much to the welfare of the young life of the community, is assured.

WOLFVILLE NEEDS A PARK

While the present time may seem most inopportune to advise the expenditure of public money by the town THE ACADIAN again ventures the suggestion that the citizens of Wolfville will make a serious mistake by longer postponing the securing of a site for a public park. Time was when the selection of such a property would have presented no difficult problem, but the growth of the town within recent years in all directions has limited the choice very materially.

There still remains, however, one tract of land available, which would be ideal for the purpose. We refer to what is commonly known as the "Randall Hill". Here are wonderful possibilities and if the whole property were secured there is plenty of room for such a public park as our citizens might be justly proud of in years to come. The outlook is unsurpassed and after the steep ascent has been gained there is plenty of level land. It is likely that this property might be procured at a reasonable price and it might be developed when opportunity offered and funds were available.

Here is an undertaking that the I. O. D. E., which has rendered such excellent service to the community already, might well consider and in which every citizen should render a whole-hearted support.

THE PROLIFIC HEN

Apropos the increased interest that is being taken by many of our readers in the humble hen, we are giving here some information taken from the Daily Produce News, Seattle, that will be read with surprise by even poultry enthusiasts. The News says:

Comparing the earnings of branches of national production, the bureau of census shows that the poultry industry has advanced to third place within the last decade.

Today only the corn crop and the dairy cow outrank the hen as a producer of national wealth. Below the hen on the list are petroleum, wheat, cotton, anthracite coal, potatoes, oats, copper and gold in that order, says a statement issued by Swift & Co.

"Until recently poultry raising has been a hobby or a side-line for farmers, to be attended to by their wives while the men did the work in the fields. Even yet, there are few who engage in poultry raising as compared with the number who pay specific attention to raising corn or cattle or cotton.

"Yet in 1919 poultry products of the United States were worth \$1,047,823,170—more than twice as much as all the anthracite coal mined, three times as much as all the gold produced, and nearly half again as much as all the petroleum which came from the wells, or all the wheat grown on our farms."

SMALL—BUT USEFUL

The little things of life sometimes seem very small to us—Nay, scarcely worth a second thought, Far less a bit of fuss.

But scraps of fun and scraps of joy And scraps of rest and gladness, Like mighty giants, fight and kill A thousand dwarfs of sadness.

Bachelors and spinsters in the United States make up the larger part of those who in their old age are obliged to depend on the town or state for support. Figures show that of men who have a trade only one in a hundred thousand

has to go to the poorhouse, and that of men with a college education the proportion is smaller still.

ACADIA UNIVERSITY ALUMNI IN REUNION

(From the Ottawa Citizen of April 16)
Acadia University Alumni Association Ottawa Branch, held its fourth annual banquet at the Chateau Laurier on Saturday evening and were joined by special invitation, by the MacMaster Alumni. The function was a most pronounced success. The speeches made by proposers of the various Toasts and the responders thereto were of a most interesting and unstrutted nature and, as is natural, were scholarly and eloquent.

There were two very pleasant features of the function. Rev. F. W. Patterson, D. D., LL. D., President of Acadia University, was the special guest of honor and Rev. H. B. Whidden, D. D., chaplain elect of MacMaster University was also present and gave a very interesting talk, in his inimitable manner, on old experiences and reminiscences of college life.

Another distinguished guest was Sir Michael Sadler, Principal of the great University of Leeds, England and a leading British scholar and educationist. In a short address he expressed the great pleasure which it afforded him to meet graduates from the Universities of the Maritime Provinces. He eulogized the work of these universities in improving the quality of education throughout Canadian schools and colleges, a work which was well known in England and he wished them continued success in dealing with educational problems which were much the same in Canada as in England.

A great and glorious future for Acadia was predicted by Dr. Patterson, under the new lease of life granted to her through the splendid work accomplished by the delegates to the convention held last week at Moncton, N. B.

The guests were received by a reception committee consisting of Mrs. F. R. Crost, Mrs. D. McR., Minard, and Mrs. Ernest W. Robinson. Prior to the banquet a social committee made up of Mrs. John Caldwell, Mrs. M. F. Bancroft and Mr. C. E. Steeves introduced the guests who had not previously met and a pleasant half-hour was taken up in this way and in renewing old acquaintanceships. The executive committee, which was responsible for the excellence of the arrangements, consisted of Dr. J. E. Wright, Messrs. F. R. Crossby, D. McR., Minard, Geo. Richan and Ernest W. Robinson, M. P.

During and after the banquet a musical program was enjoyed by the guests, interspersed with college songs and yells which made the entire evening a very pleasant reminder of the old college life and which manifested very eloquently the University Spirit to

which former students so tenaciously cling. Mrs. M. A. MacLean presided at the piano in a very efficient manner.

Practically every member of the local branch of the alumni who were not present had expressed their regret at being unable to be at the banquet. Special messages were read from the Hon. Edgar N. Rhodes, the Rev. P. A. MacEwen, Sir George Foster and Sir Robert L. Borden.

Hon. Senator Dr. F. L. Schaffner, President of the Alumni, was chairman and toast master at the banquet and himself proposed the health of His Majesty the King.

Other Toasts were as follows: "University Fraternity" (Acadia—MacMaster), proposed by Mr. Geo. F. Richan and responded to by Rev. G. R. MacFaul, (MacMaster) and Ernest W. Robinson, M. P. (Acadia); "University Women in Public Life", proposed by Rev. M. A. MacLean, D. D.; responded to by Mrs. P. V. Rosewarne; "University Education and World Leadership", proposed by Professor E. E. Prince, responded to by Dr. L. J. Lovett, M. P.; "The University of Acadia (Past and Present)", proposed by Rev. A. N. Marshall, D. D.; responded to by Rev. F. W. Patterson, D. D., LL. D., President of Acadia University.

Those present included the following members of Acadia Alumni: Mrs. J. A. Bowser, Mr. and Mrs. M. F. Bancroft, Mr. and Mrs. John Caldwell, Mr. and Mrs. O. H. Cogswell, Miss Alice Fairn, Dr. J. A. Gordon and son, Capt. and Mrs. F. C. Higgins, Dr. and Mrs. H. T. Jost, Dr. and Mrs. L. J. Lovett, Mr. and Mrs. C. H. Masters, Dr. A. N. Marshall, Mr. and Mrs. D. McR. Minard, Miss Minard, Rev. and Mrs. M. A. MacLean, Prof. E. E. Prince and Miss Prince, Miss Grace Reynolds, Mr. and Mrs. George F. Richan, Mr. and Mrs. Ernest W. Robinson, M. P., Senator the Hon. F. L. Schaffner and Mrs. Schaffner, Mr. and Mrs. C. G. Smith, Mr. C. E. Steeves and Mr. J. E. Wright.

Members of the MacMaster Alumni at the banquet included: the Misses Ardly, Mr. and Mrs. E. G. Blackdar, Mrs. J. E. Beckwith, Mr. and Mrs. F. R. Crossby, Miss Sadie Iveson, Rev. George R. MacFaul, Mr. and Mrs. F. A. McGregor, Mr. and Mrs. P. V. Rosewarne, Dr. H. F. Whidden and Mr. Gordon C. Edwards.

Officers of the Alumni for the year 1923-1924 are: Hon. President, Rev. F. W. Patterson, D. D., LL. D.; Hon. vice-president, The Hon. Dr. F. L. Schaffner; vice-president, Mr. F. C. Higgins; secretary, Mr. O. H. Cogswell; treasurer, F. Clifford Smith.

WORK FOR ENFORCEMENT

I should like to suggest a few ways in which we, as temperance workers, should double our diligence. The first is in educational work, in the creating and strengthening of a sentiment that has as its foundation a knowledge of the true nature and effects of alcohol; and the results will be greater in proportion to the effort in work with children. When Frances Willard became the leader of the Women's Temperance Movement, her splendid vision led her in the beginning to turn her attention to the establishment of work with children. As a result of her conviction, she travelled through every state and territory, and it was not long before nearly every state had a law requiring Scientific Temperance Instruction in public and private schools. It was only seven or eight years before there was a decided lowering of the per capita consumption of alcoholic liquors in the United States, sufficient to make the per capita consumption less than that of any other large nation. Those who are following the progress of the world movement against alcohol today, must see that the nations that are making rapid progress toward prohibition are those nations whose children are taught the scientific facts in the schools re the nature of alcohol. Are our Nova Scotia schools doing all they ought toward the end for which we work? If not, why not? How many of us who are members of temperance societies know what our law is? Is it as good a law as we need? Or is the lack in its enforcement? Or in the text book? Teachers can be found who are doing their whole duty, using the book as a basis and extending the work. Teachers can also be found who are working for examinations only, and who have no time for moral training. Neither are our Sabbath Schools doing all they might with regard to scientific teaching about alcohol. Most lesson helps have a temperance lesson every quarter. How many teachers can teach these lessons from a scientific standpoint? The importance of this work in day and Sabbath Schools would not be so urgent if parents did their duty in this respect. Too often it is the case that the influence of the home is in danger of undoing the teaching of the school and Sabbath School. Parents who would not think of giving wine to their children do not understand that cider is merely apple wine and that we who live in an apple country and use cider, are doing simply what grape growers are doing who use wine. It is easy, too, to find mothers who think that because wines are home-made they are harmless. Then there are those who use patent medicines containing alcohol, forgetting that many an alcoholic appetite has been created by this practice. Important, too, is to make clear that even a small quantity has a harmful effect on the mind and nerves. Everyone has heard of Armour of Chicago and his great wealth. Many will recall how, perhaps twenty years ago, he offered \$10,000 to any surgeon who could make his little daughter walk. One hip bone was without joint. All the doctors in this country said it could not be done.

There came a great doctor from Venice who said he could do it. The others did not believe him. Few men had the fine control of nerve and muscle for so delicate a piece of work, even if they could see how to do it. He had to make a ball and socket joint. It must be tight and yet it must move easily. It must fit to the minutest fraction of an inch. Fifty doctors watched faithless, but the operation was perfectly successful. Then the American doctors made a great dinner in honor of the great European doctor. As was customary at that time choice wines were served. The great surgeon said: "Not one glass for me. If I drank only ONE glass, it would be six weeks before I could trust my hands to perform another delicate piece of work."

The fight is on! We are told that for the next five years we must use all our powers to keep what we have won and put it on safe and permanent ground. Mrs. E. S. HANKINSON, Weymouth, N. S.

W. C. T. U. Supt. Moral Education PARTY ADVANTAGE

Seems the One Aim and Object of Administration of Nova Scotia (From our Special Correspondent) Press Gallery, House of Assembly, Halifax, April 20th: The roads question was under consideration when Mr. Corning of Yarmouth called attention to the persistent policy of doing general road work in mid-summer with an intermission for hay making. Mr. Corning said that this could not be justified on economic grounds. At a time when the roads should be at their best, they were often made impassable, and before they were packed down again the fall rains came on and much of the work was destroyed. Mr. Corning made a strong plea for early roadwork. He pointed out that if this work were done in the early summer the surface of the roads would be well packed and in good shape for the increased general travel of middle and later summer season, and would stand up better during the fall and winter. The present system of tearing the roads up in the height of the summer season was not good business. Mr. Corning again plied the Premier with demands for an answer to his questions concerning promises of a bridge connecting Cape Island, Shelburne County, with the mainland, in accordance with repeated promises. In the local general election of 1920 when Mr. Irwin the present speaker of the House, and Mr. Frank E. Smith were elected by good majorities, the promise was for a railway to Lockport; but when the Premier, Mr. Armstrong, ran his by-election the promise was a bridge for Cape Island. Then in the federal

Minard's Liniment for Rheumatism

general elections the year following the Cape Island Bridge again loomed large on the political horizon.

Now with the Speaker and the Premier of the Province in the House of Assembly and the Minister of Finance in the House of Commons from Shelburne, what about this railway and bridge for these two important districts of that industrious and faithful county? Mr. Corning has been pushing for a reply but can get none. The Premier becomes suddenly tongue tied whenever it is mentioned.

MY FAVORITE HYMN

- 1. What a friend we have in Jesus, All our sins and griefs to bear! What a privilege to carry Everything to God in prayer! O what peace we often forfeit O what needless pain we bear, All because we do not carry, Everything to God in prayer! 2. Have we trials and temptations? Is there trouble anywhere? We should never be discouraged, Take it to the Lord in prayer. Can we find a friend so faithful, Who will all our sorrows share? Jesus knows our every weakness, Take it to the Lord in prayer. 3. Are we weak and heavy laden, Cumbered with a load of care? Precious Saviour, still our refuge, Take it to the Lord in prayer, Do thy friends despise, forsake thee? Take it to the Lord in prayer, In His arms He'll take and shield thee, Thou wilt find a solace there, One of my favorite hymns, or my oldest favorite, and one that seems to mean so much. E. R. F.

Mr. and Mrs. E. C. Bishop returned last week from Florida, where they have spent the winter. Mr. Bishop was taken ill while in Boston and reached home with difficulty, but is now much improved in condition.

Changes being made in the N. H. Phinney Limited necessitated the removal of Mr. Frank Lordly to Halifax, and he left for that city on Monday afternoon. During his residence in Wolfville Mr. Lordly made many friends who deeply regret his departure from our town where he was a useful and popular citizen who will be greatly missed.

Mrs. (Capt.) Lockhart, Acadia street, who has been absent from Wolfville during the past six weeks, returned home on Tuesday afternoon. While away Mrs. Lockhart made two sea trips with her husband and visited many points of interest. She also spent some time with her sister, Miss Clara Shaw, of the staff of the Butler Hospital, Providence, R. I.

WEDDING BELLS

A quiet but very pretty wedding took place on Saturday afternoon when Miss Nina Jones and Mr. Clarence Kinnie were united in marriage by Dr. Bennett, of Gaspereau. The event took place at the home of the groom's parents, Mr. and Mrs. Russell Kinnie, in the presence of only a few immediate friends. The bride was attired in a travelling suit of navy blue and carried a lovely bouquet of pink and white carnations and maiden hair fern. She was attended by Miss Lillian Bennett, who wore a suit of fawn homespun. Mr. Kinnie was attended by his brother, Carleton.

Immediately after the ceremony the happy couple left amidst a shower of confetti to Halifax where they will spend their honeymoon.

A host of friends wish Mr. and Mrs. Kinnie many years of happiness.

Yarmouth was visited by a severe electrical storm on Saturday night last during which three dwellings received slight damage.

Main street received its first clean-up for the season last week. All the ice and snow has finally gone, and relieved of the winter's accumulation of debris the street again presents a good appearance.

In the item in last week's paper regarding the clothing for Labrador Relief, the date given before which the clothing should be left with Mrs. Fielding was May 1st. This should have read May 15th.

MORSE'S TEA is a perfect blend of the rich strength of India tea with the delicacy of the young leaves from Ceylon. No more perfectly blended tea than MORSE'S, that is to say, no tea containing just the right proportions to assure both strength and flavour, has ever been sold in this market.

Mr. W. J. Duncanson, of Gaspereau, has purchased a lot on Highland avenue from Mr. C. M. Gornley, and is having excavation made preparatory to the erection of a residence for himself thereon. Wolfville people will be glad to learn that Mr. Duncanson and family expect to soon take up their residence in this town.

At the regular business meeting of the Social and Benevolent Society of the Baptist Church on Thursday afternoon of last week the sum of \$1,000 was unanimously voted as a gift to the Governors of Acadia University, to be paid in instalments covering a term of years. This information was wired to President Patterson in Boston, who addressed the New England Alumni in Boston Friday evening.

A meeting of the newly formed Valley Tourist Association was held at Kenilville on Monday evening, when representatives from Hantsport, Wolfville, Kenilville and Berwick were present. On account of the small attendance it was decided to hold another meeting as soon as possible at a more central point. A committee was appointed to draw up a constitution and by-laws. Wolfville's representative in the association is Mr. Edson Graham.

FUNERAL OF LATE FRANK FITCH

AINSWORTH, B. C., April 15.—Frank Fitch, Ainsworth pioneer, lies tonight high up in the Ainsworth cemetery still deep in the winter snows, overlooking the gorge through which Cedar creek tumbles in perpetual lullaby. His body arrived from Kaslo on yesterday morning's boat, and the funeral which took place yesterday afternoon, was the largest ever held in Ainsworth, the mines shutting down, road work suspending and the stores closing, while Kaslo, Nelson, Crawford Bay, Riondel and Princess Creek were represented in those attending. It was held from Mr. Fitch's late residence, one of the many buildings in the town into which his personal handicraft entered. Rev. M. C. Campbell, Presbyterian minister at Kaslo, conducting the service there and also at the grave.

Two-thirds of the way to the cemetery was through snow, through which a way had to be broken by volunteer workers the previous day. Six Ainsworth old-timers—Henry Steel, Clarence Harman, George McPherson, Lyle McLellan, John Scott and Don Grant—were the pallbearers. A draped wagon served as a hearse, and another bore the flowers to the cemetery. The adult male population of the town was in the cortege.

DAVID THOMPSON

Q.—Who was David Thompson?

A.—David Thompson was one of the early explorers of the Canadian West, after whom the Thompson River of British Columbia is named.

serious, and he drew attention to the diagram in the Public Health report with reference to this disease. Mr. Armstrong exclaimed: "Who drew the black lines?" Dr. LeBlanc said "I suppose the man who drew up the report drew them. The Honourable Premier should know. It is under his Department. I believe personally that one hundred per cent of the doctors in Nova Scotia would back Dr. Hattie in his statements. I do not believe that the members of the government know anything about the situation."

Mr. Armstrong shouted—"Hear, Hear."

It is well nigh unbelievable that such a farce could be enacted by the members of a government in a civilized country. The public have no conception of the fiasco being carried on in this Province in the name of government.

An effort to save four hundred human lives per year, coming from the Government's own Public Health adviser is not to be taken seriously. It is evidently not fraught with enough political significance to be so taken. Highway graft and over-payment is bigger and more effective in vote getting and political influence, and therefore seems to be of more interest to the Government.

A prominent public man holding high position exclaimed on hearing of this and similar episodes in the House recently—"Ye shades of Tupper, Howe and Johnson, into what hands have the affairs of this long suffering Province fallen at last!"

IMPOSES PENALTY ON CARELESS PICKERS

New Clause in Fruit Inspection Bill Adopted by House

Ottawa.—"We want an act so drafted that we will not have to go to a lawyer to find out what the law is," said T. G. McBride, Progressive member for Cariboo, in the agriculture committee, during the discussion of the bill regarding sale and inspection of fruit.

The point under consideration was a clause imposing a penalty for careless picking.

A. R. McMaster, Liberal member for Brome, had objected to the extension of the criminal code over matters in which there was "moral obliquity."

"Let the civil law take care of that," he added.

Mr. McBride wished the law made clear so that the grower would have the means of controlling the pickers.

After a brief discussion the penalty for careless picking was adopted.

G. E. McIntosh, fruit commissioner, said it was a new feature in the law.

After some amendments to details the bill was reported back to the House in practically the same shape as it was presented there by the department of agriculture.

LIFE WAS MISERY!

"I was reading the other day about Neurathesia, about the large number of people who were troubled with this disease. It is just what my wife had. She felt miserable all the time and was constantly depressed. She would waken in the morning and tell me that something dreadful was going to happen that day. Life was nothing short of misery for her. She was so depressed that I expected she would lose her mind and have to go to a sanitarium and I kept wondering how I would get the money to pay for her. She could not eat and had no appetite for food. She was irritable and cranky most of the time. If she was crossed in any way, she would immediately work herself up into a violent temper. This worried me because she had always had a kind and gentle disposition and nothing which was said or done seemed to irritate her. I spoke to our family doctor about her and he said that her trouble was imagination and that if she would try and forget about her depression and look on the bright side of life she would be all right. Of course I didn't dare tell her this because I knew she would get into one of her tempers. When she got over these fits of temper, she was always weak and ill and more depressed than ever. The doctor said a tonic might help her and gave me a prescription but this did not do her any good. She tried all kinds of other tonics with the same result. Carnol was recommended to me and I wish to state that it is the leader of all tonics. Since taking it my wife has changed completely. Now she is always ready for her meals and work is no burden. It is a pleasure for me to recommend Carnol to anyone who is in need of a tonic or a body builder. Excuse me for writing this letter but I want you to accept my thanks for that wonderful tonic known as Carnol." — Mr. J. M., Toronto.

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-622

THE PREMIER OF THE PROVINCE

Ridicules the Report of his Health Expert on the Tuberculosis Situation

(From our Special Correspondent). Press Gallery, House of Assembly Halifax, April 17th: Some anxiety is being expressed among the friends of Premier Armstrong concerning his condition. Were he not known to be a teetotaler the explanation would be easy. Following the episode in the House of Assembly on the 12th, the exclamations on the street and elsewhere have been:—"I don't understand it." "It is incomprehensible." "What could have gotten into the man?" "Can you beat it?" "It is amazing," etc. etc.

During a discussion in Committee of the House on the estimates for the Nova Scotia Sanatorium, Mr. Corning drew attention to a special report of Dr. Hattie to Hon. J. C. Tory, dated April 1921, which was referred to by Mr. Torrey when he presented the budget to the House last Session, having evidently kept Dr. Hattie's report in seclusion for over a year.

Mr. Corning quoted the following from Dr. Hattie's report:—"The scheme, therefore, on which I have prepared an estimate could not be expected to eliminate the disease, but could reasonably be expected to reduce the death rate from this disease fully fifty per cent, which would mean an annual saving of approximately four hundred lives."

Dr. Hattie estimated the cost of the programme for "an annual saving of approximately four hundred lives" at \$256,700.00 an average of \$642 to redeem each of these human beings from suffering and death from tuberculosis.

Dr. Hattie was Provincial Health Officer and enjoyed the confidence of the entire medical profession and people of this Province. He was responsible for the efficient discharge of his duties to Mr. Armstrong who, as Commissioner of Works & Mines, was chief of the Public Health Department. Mr. Armstrong was the one person to whom the Health Officer must look for approval and ways and means to carry out the duties of preserving and promoting public health.

Mr. Corning asked the Premier if anything had been done in the matter of taking steps to carry out Dr. Hattie's recommendation. Mr. Armstrong made this amazing reply:—"Plainly and frankly nothing has been done. I did not think it advisable to take too seriously this report as there might be an exaggeration of the situation due to Dr. Hattie's imagination, and while I have every confidence in my friend (Hon. J. C. Tory), who in his budget speech last year referred to this report, I think, perhaps, it is not

advisable to take the word of the Honourable member too seriously, who might also be using his imagination to play upon the convictions of the Opposition, and who also might have exaggerated."

Mr. Corning expressed surprise that the Premier did not take seriously the report of Dr. Hattie, nor yet the reference of his colleague in the Cabinet, Hon. J. C. Tory, to Dr. Hattie's report.

Mr. Armstrong retorted: "I said too seriously, and I don't take you too seriously either."

Mr. Corning pointed out that if the Premier had any doubt as to the wisdom or correctness of Dr. Hattie's report, it was of a sufficiently serious character to demand at least reference to other experts for advice. Mr. Corning asked Mr. Armstrong if any such reference had been made.

Then came another amazing reply from Mr. Armstrong: "That would spoil your fun."

Dr. LeBlanc wanted to know if the Government did not think the tuberculosis situation in Nova Scotia was

GILLETT'S LYE

Comparatively few people realize to what extent Gillett's Lye can be used to advantage in every home. For instance, with one can of Gillett's Lye and five and a half pounds of lard or grease, ten pounds of good hard soap can be made. Use one tablespoon Gillett's Lye in gallon of water for cleaning and disinfecting refrigerators, sinks, garbage cans, tiled floors, baths and toilets.

Useful for over 500 purposes.

MRS. LEANDER COX

CANNING N. S., April 18.—Mrs. Leander Cox died very suddenly this afternoon at the residence of her son, Esley B. Cox, Habitant. The deceased was preparing to visit her grandson, Payzant Cox, when she was suddenly stricken and passed away while seated in a chair. The deceased was 86 years of age and before her marriage was Miss Hannah Spicer, of Parryboro. Last year Mr. and Mrs. Cox celebrated the 60th anniversary of their wedding. Besides her husband she leaves two sons, Esley and Ira L., seven grandchildren and three great-grandchildren.

PORT WILLIAMSA HPPENINGS

Masters Ross and Erle Graves entertained a number of their boy friends one evening last week. A very pleasant time was spent with music and games, and after refreshments were served, the boys decided they had thoroughly enjoyed the evening and all gave three cheers for Ross and Erle.

Master Lawrence Gates gave a birthday party on April 23rd to a number of his little friends.

Miss J. M. Coleman, teacher of the Primary Department, spent the week end in Aylesford, returning Monday afternoon.

Mr. Todd Thomson, while cutting off limbs from a tree with an axe, had the misfortune of cutting his right foot very badly.

The "Kings Daughters" Sunday School Class held their regular monthly meeting at the home of Mrs. O. N. Chipman, Thursday evening, April 19th.

GREENWICH NEWS

The first mayflower of the season to be found in this community that we know of, was found on April 15th. Brave little flower to show forth when weather had been so wintry.

Mrs. Lee Bishop went to Halifax last Tuesday afternoon, where she was a guest at the home of her sister, Mrs. Maurice Williams, returning home on Wednesday.

Mrs. Byron Cox attended the Regan-Garland wedding, which took place last Wednesday evening (18th) in St. John's church, at Church Street, Cornwallis.

Mrs. Arthur Lockwood and little daughter Thelma, visited at the home of Mr. and Mrs. Mark Regan, Port Williams, several days last week, returning home last Thursday evening.

Mr. Esch Bishop, of Wolfville, a former resident of this community, was calling upon old friends here last Thursday afternoon and he is always welcome in the place. Mr. and Mrs. Bishop had returned home the day before from their winter's sojourn in Florida.

The community welcomes Mr. Vernon Gowe, of Halifax, as a permanent resident here.

Mr. and Mrs. Lee Bishop and Mrs. Emma Harvey and son, have moved into the D'Almaine house, which Mr. Bishop recently purchased.

Miss Cassie Faulkner, of Port Williams, was a guest of her friend, Rena Cox, last Saturday, and her brother Roy visited Aleck Andrew on same day.

A number of the young people of the place, also a few from Wolfville, were entertained on Monday evening at the home of Mr. and Mrs. T. A. Pearson.

Mr. Hazen Bishop has been busy setting out young apple trees on his home farm.

The big snow storm of Monday evening and all night and winters chill in the air gives us the idea winter has not really gone yet.

The news of the arrival of a son, their first child, to Dr. and Mrs. Malcolm Foster at New Haven, Conn., was of interest to Mrs. Foster's friends here. She was Miss Violet Thorpe, a sister of Mrs. Will Brown, one of former residents, also a sister of Miss Catherine Thorpe, a former school teacher here. Congratulations.

DEATH OF AGED CANNING LADY

Mrs. Benjamin B. Woodworth, of Canning, passed away at the home of her daughter Mrs. Clark Ross, at Sheffield Mills, on Wednesday evening of this week, after a short illness. Mrs. Woodworth was a daughter of the late Jethro Kinsman, of Cornwallis, was eighty-six years of age, and had retained her faculties to the end. Beside Mrs. Ross she leaves another daughter Mrs. Russell, wife of Prof. Lee Russell, of Worcester, Mass., and a step-son, G. W. Woodworth, of Hantsport. Her son Benjamin died about twenty years ago and the three persons mentioned above are the sole survivors of the family of eleven children of the late B. B. Woodworth. In addition to her immediate family a host of relatives and friends will mourn the passing of Aunt Mahala who embodied a religious character and a bright pleasing personality. Funeral will be from the residence of Clark Ross on Friday, at 2.30 p. m., interment at Habitant Cemetery.

VALLEY BASEBALL LEAGUE

The adjourned meeting of the Valley Baseball Association was held at Kentville Monday evening. All members of the executive were present, and Mayo Chesley, President, was in the chair. Applications from Digby and Kingston were accepted. The opening day was set for June 13th. The League is divided into two sections—Western and Eastern. The towns in the Eastern Section are Kentville, Middleton, Kingston, Berwick, the Western Section, Bidgetown, Bear River and Digby.

MARRIED AT CHURCH STREET

A quiet but very pretty wedding took place in St. John's (Episcopal) church on Wednesday evening, April 18th, when Ralph G. Regan, of Port Williams, and Jessie E. Garland, of Harbor Grace, Nfld., were united in marriage by the rector Rev. G. C. Brown. The bridal party entered the church to the strains of Lohengrin's March artistically rendered by Miss Lucy Cogswell, a student at Acadia Conservatory. The full vested choir of St. John's sang with splendid effect, "The voice that Breathed o'er Eden" and at the close of the impressive ceremony Mrs. O. G. Cogswell delighted the congregation with an appropriate solo, "The Marriage Benediction". The bride who was given away by her friend Mr. Geo. Foote, of Kentville, formerly of Harbor Grace, wore a simple but very pretty gown of white silk striped voile with veil and carried a white velvet prayer book. She was attended by the groom's youngest sister Miss Mattie, who looked very dainty in white organdie, carrying a bouquet of white geraniums and pussy willows. The groom was supported by his brother, Mr. Dixon Regan. Messrs. Harold Newcomb and Gordon Kinsman were the ushers. The party left the church to the music of Mendelssohn's March going directly to Parish Hall where a reception was tendered them by their friends.

A few evenings previous to their marriage the "Loyal Workers" Class of the Port Williams Sunday School, of which the bride is a member, gave her a shower party at which she received china, linen, glassware and many useful cooking utensils. The officers of the "Women's Auxiliary" of St. John's church gave her a half dozen solid silver teaspoons in appreciation of her work in the Society.

PROVINCIAL APPOINTMENTS

The following provincial appointments have been gazetted:
To be a Notary Public.—Annie M. Stuart, of Grand Pre, in the County of Kings.
To be Commissioners under Section 1 of Chapter 35, Revised Statutes of Nova Scotia, 1900.—Oxley Steele, of Scotts Bay, and Eleanor Wood, of Wolf-

ville, in the County of Kings.
To be a Justice of the Peace in and for the County of Kings.—William Laird Archibald, of Wolfville.

"I hired a lawyer for you this morning, Slim, but I had to hand him my watch as a retainer."
Slim.—"And did he keep it?"
Pickpocket.—"He thinks he did."

A smart man can get along in the world with less effort than others—but usually he doesn't.

BIG-SIX TOURING CAR

STUDEBAKER

The Studebaker Big-Six Touring is a seven-passenger car—not merely a seven-passenger body mounted on a five-passenger chassis.

It was designed for seven-passenger service. It is built for seven-passenger service—with a motor of ample power and stamina for seven-passenger satisfaction. And yet with the auxiliary seats folded away, the Big-Six becomes the most desirable five-passenger car in which you have ever ridden.

Every unit has proved its dependability in the service of thousands of owners. Each has stood up under every kind of service to which a motor car can be subjected.

You can therefore buy a Big-Six Touring Car with confidence as to its merit.

The Big-Six comes completely equipped even to an extra disc wheel with cord tire, tube, tire cover and bumpers, front and rear.

THIS IS A STUDEBAKER YEAR

A man who was showing off by diving into the sea, and staying under the water for a time, after one dive came up and found that he had remained under water for two minutes.
"That's going some!" he bragged.
"I'll bet that's a record around here!"
"Oh, no, it ain't!" replied a spectator.
"A man dived in here last year and he ain't come up yet!"
No person is worth a million dollars—he is merely custodian of that amount of money for a few years.
