NO. 2

THRILLING EXPERIENCE OF DIGBY FISHERMAN IN BAY OF FUNNY

Digby, April 29.—Thomas Clifford, son of John Clifford, of Triveton, Long Island, had an experience in the mouth of the Bay of Funny last night which he will remember the remainder of his life. He left home early Tuesday morning as usual for the fishing grounds in a small dory propelled by a two H. P. gasoline engine. As he did not return to port when the wind blew up from the southeast it was feared his little craft had foundered and that he had been drowned.

A fleet of gasoline boats searched for him last night until after ten p. m. This morning the boat resumed its search joined by the schooner Ariadne, commanded by his brother, Captain John Clifford, Jr., with a volunteer crew. Fog horns were almost constantly sounded, the weather being very thick. About half past ten the crew of the Ariadne heard him answer their call and the dory was soon sighted off Briar Island and many miles out to sea. Mr. Clifford says that his electrical ignition failed to work and he was unable to start his engine. The wind increased and after the sea became rough the boat's rope parted, he lost his anchor and he was at the mercy of the sea without sail. Although he was a pair of oars it was too rough

to use them, so he made a stone drag with a piece of ballast he fortunately had in the boat. This he used all through the windy night. This morning, after the wind had moderated, Dick lay afloat to his troubles. He had no food or water with him; his last meal was eaten at three p. m. Tuesday morning. The sound of fog horns at ten o'clock this morning caused him to stop rowing, which he had done since five o'clock, heading he knew not where, as he had no compass to direct him towards land. When he answered and got his brother's voice in return, his feelings can be better imagined than described. When taken on board the schooner Ariadne he was almost exhausted.

Obituary

MRS. HARRY J. STARRATT.

The death occurred at The Croft, West Paradise, early Saturday morning last, of Mrs. Harry J. Starratt, under circumstances of distressing and sad nature. It is but a year since Mrs. Starratt, a happy bride, came to the Croft to reside with her husband, on the homestead of his parents, Mr. and Mrs. Benjamin Starratt. Her sunny disposition and affectionate nature won her a place deep in the hearts of the household, and her sudden taking away in the flower of her womanhood is felt as a profound loss by all with in the family circle and keenly regretted by the many who had the pleasure of her acquaintance without. It is hard to be resigned to the divine will when so useful and joy-giving a life is severed and only a deep trust in the great Father of all can console the bereaved hearts.

Mrs. Starratt was previous to her marriage Miss Minnie Kathleen Harris of Canby, and among her other gifts had considerable literary talent. A little book of children's stories from her pen was published last Christmas and she had also considerable talent as a journalist. A large acquaintance and connection in Kings County will deeply regret her untimely demise. The funeral took place on Sunday afternoon from the home and was very largely attended. In the eulogy with the mother, lending deeper pathos to the occasion, lay the infant daughter whose little life had so brief and sad an ending. Interment took place in the family burial lot at Paradise.

ANNUAL MEETINGS OF ST. JAMES PARISH

The annual meeting of St. James' Church, Bridgetown, on the evening of Easter Monday was a very harmonious gathering, well attended. The general report of the preceding year was very satisfactory, as was also the Treasurer's report of "offerings" account, this showing a balance on the right side, the only disquieting feature of the whole being an outstanding deficit on stipend account. After consideration of this a strong committee was appointed to take the matter in hand and at the time of writing we understand their efforts are meeting with a large measure of success. For the ensuing year Mr. J. B. White and Mr. W. D. Lockett were elected Church-Wardens, Mr. W. G. Shipley, Vestry-Clerk, with Mr. R. H. Heert as assistant. Mr. J. B. White and Mr. Albert Morse were also elected Lay-Representatives of the Diocese.

The annual meeting of the congregation worshipping at St. Mary's, Bellisle, was held on Easter eve. The Chapel Wardens report was considered very satisfactory, several improvements having been made in and about the church during the year and a balance remaining on the right side. Mr. Charles Wade and Mr. W. E. Best were again elected Chapel-Wardens, and Mr. A. J. Bastin, Clerk. The elections were duly confirmed at the parish meeting, on Easter Monday.

Frazer, Bull, a farmer, at Bath, England, was fined one hundred and fifty dollars and costs for milk adulteration. It was stated that in one case there was fifty per cent of water added.

It's the Abuse of the Automobile that Makes it Distiked

You listen for a while, to the enthusiast, and being or hoping to be a motorist yourself, you are almost persuaded that the automobile is, after all, about as good as finite human skill can make it. Then you recall those lovable old ladies of your acquaintance to whom it is still the killing machine; and you are aware that, even if it never killed anyone, and never ran over a dog or a child, they would still detest it. Why? Partly, you hasten to point out, for the way it is abused. It is not pleasant to see a lady out driving to be set upon by a whirling dervish, whose car darts into view around a bend in the road, avoids her peaceful conveyance by a sudden swerve, and crashes amid a rattle of exhausted gears with marvellous rapidity. The dervish, no doubt, is having most exhilarating sport. It is fine training for eye and nerve, this instantaneousness of thought and action. But someone that clever twist of the steering wheel, which saved her from demolition, fails to win applause from the lady in the carriage. She remembers that the situation was not of her seeking; that her safety was at the mercy of a stranger, of whose fitness or even sobriety she knew nothing; and that the motorist, while taking much less than half the risk, was getting all the fun. She is aware, moreover, that "fun" is the motorist's sole object, and that he takes his trifling share of risk, and burdens the public with his bigger share, wholly for his selfish pleasure.

And the motorist's trail of dirt, a mile or two long, which marks his progress, and chokes her speech, does not add to her enthusiasm. More probably, when she can articulate, she has some "grieved comment" ready on our friend's lack of manners, and the opportunity of displaying his deficiency. Were the automobile never so safe, she declares, she would not class herself with such a happy married life.

(From "The Automobile of Tomorrow" by Herbert Ladd Toole, in the May Scribner.)

Child Criminal Problems

(From the Toronto Globe.)

Judge Lindsey, of Denver, has voiced the emphatic opinion that in many cases of child criminality the parents, and not the children, should be punished. There is certainly little warrant for punishing the children in most cases, and, as we have freely intimated, the parents should be punished somebody. The parents send the natural heirs to the State's retribution. The crimes of organized society against children have been many, and the parents, because they failed to conform to an intricate and complicated system of ethics regarding property, have been confined with criminals, robbed of the value of their labor, treated with the coarse brutality common to a certain class of officials in places of incarceration, and degraded into a feeling of hostility that has completed their development into persons who are within its reach, and subject to its associations that crush out the growth of a higher nature, to commit a crime against the child which is generally revenged in the man or woman. But the subsequent suffering of organized society for its crime against the child does not restore the victim to the higher state of human association and fellowship to which he or she might have attained. Judge Lindsey's method lessens the victims of the State's incarceration and vindictiveness; he will deserve a place among the world's reformers.

The person who has once experienced the pleasure of a cup of delicious "St. George's" Tea—that feeling of satisfaction that its purity and flavor guarantees, is not easily persuaded to accept a substitute.

Hymeneal

WILLIAMS—FISK.

On Wednesday evening, April 29, the home of Mr. and Mrs. R. B. Fisk, at Clarendon, was the scene of a very pleasing event, it being the marriage of their youngest daughter, Nina, to Mr. Ralph Williams, of Clarence.

The bridal couple entered the parlor and stood under a handsome arch of evergreen and Mayflowers as the Wedding March was played by Miss Eva Phinney, of Lawrencetown. The ceremony was performed by the pastor Rev. H. H. Saunders.

The bride, who is one of our fairest and most popular young ladies, looked charming in a dress of white crepe de chene with orange blossoms and a white veil. After the ceremony was performed, a sumptuous repast was served to a large number of invited guests.

The presents were numerous and costly, including a handsome polished oak rocker from the church in appreciation of her services as organist, and some evidence of high esteem in which the bride was held by a large circle of relatives and friends, while the groom is one of our most active and enterprising business young men and son of Mr. H. F. Williams. We tender our best wishes that theirs may be a long and happy life.

BECKWITH—NEELY.

An event in which many were deeply interested, occurred at the home of Mr. and Mrs. I. E. Neely, Niagara, on Wednesday, April 22nd, at 7:15 p. m., when their only daughter, Sophie L., was united in the bonds of holy wedlock to Hon. Arthur Beckwith, of Montreal.

At the hour mentioned, to the strains of Mendelssohn's wedding march, rendered by Mrs. William Shaffer, aunt of the bride, the happy couple entered the room unattended and took their places beneath an arch. The bride looked charming, gowned in white silk with veil and orange blossoms. The knot was tied by the Rev. C. H. Haverstock, in the presence of the immediate relatives.

Immediately after the ceremony was performed a bountiful collation was served.

Mr. Beckwith is one of the Nova Scotia boys who has made his mark in the West and has accumulated considerable property. We extend to the happy couple the warmest wishes for a happy married life.

The bride was the recipient of many beautiful presents, proving the esteem in which she is held.

Mr. and Mrs. Beckwith will not leave for Montreal until the latter part of May, and will visit several of the American cities on their trip.

THE MOST COMMON CAUSE OF SUFFERING.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this balm affords is alone worth many times its cost. 25 and 50 cent sizes for sale by W. A. WARREN, BRIDGETOWN, W. W. WADE AND BEAR RIVER DRUG STORE, BEAR RIVER.

BIRTHDAY CELEBRATION

By invitation a number of the friends of "Duck", Robert Marshall met at his home in Clarence on Thursday evening, April 30th, to celebrate his eighty-seventh birthday. Such an occasion is marked by striking memories of the past. In telling of his experiences one is led to understand how much one of long life may pass through and come to an end with a clear faith in the divine care. The evening was spent in speech making, singing and prayer, a fitting way to be thankful for many blessings. Our aged friend's home is known far and wide as one of boundless hospitality, and his wife can speak for a host of those who have enjoyed the good cheer. Our aged host gave evidence of a mind still active, a body showing some signs of time's use, and a buoyant hopefulness in the overruling providence of God. After a most enjoy-

THE MOTOR VEHICLE ACT AMENDED

The Motor Vehicle Act, Chapter 44 of the Acts of 1907, is amended by adding the following sections—

10. Where any injury, loss or damage is incurred or sustained by any person through the frightening of a horse or horse, or through collision or otherwise, by reason of the presence of a Motor Vehicle upon any public highway within the Province, the person sustaining such injury, loss or damage shall be entitled to recover the amount thereof in any court of competent jurisdiction, unless the owner or driver of such motor vehicle shall establish that such injury, loss or damage arose through the negligence of the person claiming for the same.

Sub-section (1) section 3, and sub-section (1) section (4) of said Chapter 44 is repealed and the following substituted—

Every person having charge or control of a motor vehicle, shall, whenever upon any public highway and approaching any vehicle drawn by a horse, or horse, or any horse upon which any person is riding, manage and control such motor vehicle in such a manner as to exercise every reasonable precaution to prevent the frightening of any such horse or horses and to ensure the safety and protection of any person riding or driving the same and outside the limits of any city or town, shall, when meeting such horse or horses stop said motor vehicle, including the motor at a distance of at least one hundred yards from such horse or horses, and shall not proceed with the said motor vehicle or allow said motor to operate until said horse or horses have safely passed the same and shall in addition, if deemed necessary, assist the driver or rider of said horse or horses to safely pass the said motor vehicle.

In case the said motor vehicle is going in the same direction as the big desire to pass, giving the rider or driver an opportunity to turn out so that he may be passed with safety and if any such horse or horses appear frightened he shall immediately stop the said motor vehicle and the said motor car and shall not proceed further towards such horse or horses unless such movement be necessary to avoid accident or injury, or until such horse or horses are under the control of the rider or driver.

BACK TO THE OLD RATTONS.

"I suppose you were fed off the fat of the land," said Mrs. Saunders, plaintively, as she set the plate of griddle cakes before Mr. Saunders the morning after his return from Boston.

"With Niece Margaret's means, they must have everything; there is going."

"I presume to say there is no lack of where-withal," said her husband, as he began to pour maple-syrup with a lavish hand, "but for breakfast they had the worst lot of truck I ever saw. 'Twasn't cooked, nor a thing done to it. I expect that hired girl o' theirs that I used to hear falling downstairs about seven o'clock didn't want the trouble o' starting her fire in a hurry. But I tell you when you've had a different kind o' straw filling served to ye for seven days running, griddle cakes come just at the right time. Don't take that syrup jug yet awhile; it hasn't soaked in yet all it's a-going to. And set the doughnuts and the pie and the biscuits where I can keep an eye on 'em, but you can remove that glass o' water as far as you see fit. I've been starvin' healthy about as long as I can star' it."

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by W. A. WARREN, BRIDGETOWN, W. W. WADE AND BEAR RIVER DRUG STORE, BEAR RIVER.

Monday's Boston Journal says: "You would think that one hundred and fifty thousand pounds of lobsters would last Boston's lobster eaters for some time, wouldn't you? Well, exactly that amount of broiled-lives-to-be reached here aboard the steamer Brocton from Yarmouth yesterday. It was the biggest shipment of the year, and the crawlers' cost their consignees about thirty thousand dollars in cash. What the people who eat them will pay for them is an altogether different question."

M. K. PIPER,
PROPRIETOR AND PUBLISHER.

WEDNESDAY, MAY 6th, 1908.

At the beginning of the planting
season it behooves our Valley farmers
to consider well the possibilities of the
agricultural situation, and lay their
plans accordingly. The day is over
when the farmer planted his orchard
of apple trees and lay back to enjoy
the benefits. The past season has con-
clusively proved that the farmer who
follows this plan today is trusting
largely to the elements of chance and not
of business.

Another feature of the past season
which is full of significance "for the
farmer" is the fact that last year the
people of the Maritime provinces im-
ported six hundred thousand dollars
worth of beef because our farmers
could not supply the demand.

The cause of this inability to supply
the demand was the scarcity and
high prices of feed of all kinds. Our
farmers can make no mistake when
increasing their hay and grain output
and root crops. The raising of live
stock, too, may well occupy their at-
tention, and in this connection also
is the fact that here in the Valley we
are having horses from other provinces
by the car-load. Surely there is no
need of this if our farmers were awake
to their own capabilities and privi-
leges.

EXTENDING THE
LOBSTER SEASON.
(Yarmouth Times.)

The lobster fishermen will be un-
derstood, and the authorities at Ottawa
will grant them an extension of one
month in the present season. Their re-
quest will be based upon the fact that
their operations have been greatly re-
stricted by the tempestuous weather
which has all along prevailed. Their
loss has not been merely the negative
one caused by their being prevented
from fishing but has likewise been pos-
itive inasmuch as thousands of dollars
worth of traps and other gear have
been destroyed by the turbulence of
the sea. Thus there appears to be
nothing unreasonable in their request
which we trust will be granted. Under
ordinary circumstances the season
would close on June 1st. The fisher-
men seek to have it end this year one
month later. There is need for
prompt decision in the matter, for if
no extension is to be granted, the
fishermen will soon commence taking
up their traps and preparing for the
spring codfishery.

In lobster fishing on this section of
the coast April is ordinarily the best
month, under the weather conditions
which may reasonably be looked for
at that season of the year. This season
has however brought with it, a
every body knows, great stress of
weather and up to Saturday of last
week practically no lobsters were
taken during the month. The ship-
ments have been very small and the
factories have been doing little or
nothing. Hence the fishermen and em-
ployees of the factories find their ex-
pectations in an unsatisfactory state.
It is felt that as the month of April
has been practically lost the extension
asked for will not only have no ten-
dency to permanently impair the lob-
ster fishery but at the same time will
save the people along the shore from
embarrassment. As we have said be-
fore we can see nothing unreasonable
or dangerous in their request.

The Newfoundland Trade Review says
The steamers of the sailing fleet are
slowly finding their way into port,
after one of the most trying voyages
for many years. The crews have en-
dured more hardships than usual, and
all the ships have suffered more or
less damage. Three of the fleet have
gone to the bottom, but their crews
got safely on board other vessels, and
have been landed safely. At this writ-
ing nine ships of the fleet have ar-
rived, with an aggregate of 125,000
and the balance of the fleet is reported
for 50,000 more, making a total voy-
age of only 175,000 souls. This is a
very small total, being about the
same as that taken three years ago.

Didn't Agree with Me
Mr. Arthur Tension, 88, Leaden
Street, Toronto, writes enthusiastically
of the merits of Frychips for all
stomach troubles.

"For seven years I have had indiges-
tion and dyspepsia. I tried scores of
remedies. My room resembled a drug
store with nostrums which I had bought.
Eventually I used Frychips, and every
day I feel better. Frychips is the only
remedy that has done me any good."
—Mrs. J. M. Tension, Toronto, Ont.

Easy Shopping.
There is little trouble attached to
shopping in Buenos Aires. When a
citizen with a plastic purse goes to
market he buys his vegetables in piles
without regard to quantity or quality.
Nothing is bought by weight. If a
man wants beef he simply tells the
butcher he wants some meat, and he
gets a chunk, pays the price and goes
home satisfied.

Satisfaction.
"Why do you set your alarm clock?
You never get up when it rings!"
"No, but I have the satisfaction of
knowing I am sleeping late of my own
free will and not by accident."—Ex-
change.

Print butter should always be
wrapped in parchment paper of good
quality, and it will add to the attrac-
tiveness of the package if the name of
the firm or brand, and the address of
the proprietor are neatly printed on
each wrapper. Many dairy butter
makers seem to forget that the merchant
who buys their butter must recall it,
and that the appearance of the butter
has much to do with a customer's de-
cision to buy.

MUSIC AND THE MASSES.

Popular Opinion Should Be Educated
to Be the Arbitrator as to Merit.
Give me the approval of the masses,
and I can survive without the aristoc-
racy or the critics; not that the latter
are to be despised or ignored, but their
minority decision should not be final.
What makes or breaks great works
on their first performance in Europe?
Not the verdict of the aristocracy nor
of the critics, but the masses, "the com-
mon people." It is in the galleries that
the battle is waged, with hisses and
applause, and it is upon the prevailing
opinion of this portion of the audience
that the fate of a work depends. But
in America, alas, the masses do nothing.
It is the critic who assumes to tell
this nation what is good work and what
is bad, and I believe and am daring
enough to say that there is no man or
small coterie of men capable of teach-
ing a nation art. It needs the battle of
minds among the people, and again I
say, alas, our people, our masses, have
not yet had an opportunity to live in
the proper musical atmosphere.

One great drawback for the masses
here is that the opera season lasts but
a few months and that the prices of
the limited number of representations
during that brief period are so very
high that the people generally cannot
afford to go. It is dreadful to me to
realize that in the very people whose
souls long for music and who sooner
or later will, I believe, be the chief
factors in building it up here we
have been in Europe and who are now
denied the opportunity not only of see-
ing themselves, but of lending their
aid to the spread of art feeling and
comprehension—Mary Garden in Ev-
erbody's.

MOVING PICTURES.

Originated in the Spinning of a Coin
by Sir John Herschel.

Sir John Herschel after dinner in
1820 asked his friend, Charles Babbage,
how he would show both sides of a
shilling at once. Babbage replied by
taking a shilling from his pocket and
holding it to a mirror. This did not
satisfy Sir John, who set the shilling
spinning upon the dinner table, at the
same time pointing out that if the eye
is placed on a level with the rotating
edge both sides can be seen at once.
Babbage was so struck by the "experi-
ment" that the next day he described it
to a friend, Dr. Plims, who immedi-
ately made a working model. On one
side of a disk was drawn a bird, on
the other side an empty birdcage. When
the card was revolved on a silk thread
the bird appeared to be in the cage.
This model showed the persistence of
vision upon which all moving pictures
depend for their effect. The eye re-
tains the image of the object seen for
a fraction of a second after the object
has been removed. This model was
called the thaumatrope. Next came
the zoetrope, or wheel of life. A cylin-
der was perforated with slits, and
within the cylinder was placed a
band of drawings of dancing men.
On the apparatus being slowly
rotated the figures seem through the
slits to appear to be in motion. The
first systematic photographs taken at
regular intervals of men and animals
were made by Muybridge in 1877.

Antiquity of Petroleum.
It is only within recent times that
petroleum has become an article of
commerce, there is abundant proof
that it was used in the arts forty cen-
turies ago. The mortar used in con-
structing the walls of Nineveh and
Babylon had petroleum mixed with it
for the purpose of securing greater
cohesion and excluding dampness. Traces
of the bituminous matter are very dis-
tinct in the ruins, and the existence of
petroleum springs at its source 125
miles from old Babylon, indicates one
source of the supply. In the ancient
history of several eastern countries al-
lusion is made in unmistakable terms
to the existence of petroleum springs.

Strong Room Paris.
Before now people have been shut in
strong rooms and had narrow escape.
On one occasion a locksmith was
repairing an interior safe in the
strong room of a New York bank when
the cashier closed the vault door. As
it was worked by a time lock it meant
that the door would remain closed un-
til the following morning. Fortunately
the man knew the secret of the time
lock, and by opening a manhole was
able to obtain a sufficient supply of
air. He then made a pillow of a bag
of dollar bills and composed himself to
sleep until the door was opened next
morning.—Strand Magazine.

Easy Shopping.
There is little trouble attached to
shopping in Buenos Aires. When a
citizen with a plastic purse goes to
market he buys his vegetables in piles
without regard to quantity or quality.
Nothing is bought by weight. If a
man wants beef he simply tells the
butcher he wants some meat, and he
gets a chunk, pays the price and goes
home satisfied.

Satisfaction.
"Why do you set your alarm clock?
You never get up when it rings!"
"No, but I have the satisfaction of
knowing I am sleeping late of my own
free will and not by accident."—Ex-
change.

the proprietor are neatly printed on
each wrapper. Many dairy butter
makers seem to forget that the merchant
who buys their butter must recall it,
and that the appearance of the butter
has much to do with a customer's de-
cision to buy.

EAT ORANGES

IF YOU WANT TO KEEP WELL

Careful tests have proved beyond
question that orange juice has clear-
ly defined medicinal virtues. Those
who suffer with indigestion—a com-
pelled "diet"—and that after eat-
ing oranges regularly for breakfast
there is no distress, no pain, no
Where there was a tendency to-
wards constipation, the eating of or-
anges regulated the bowels.

In skin troubles, where beginning of
the morning meal with an orange
were noticeably improved.

There is, however, a quicker way to
get better results. This is to take
one or two "Fruit-a-tives" tablets at
bedtime in addition to the juice of an
orange before breakfast. The next
morning, "Fruit-a-tives" are the
juices of oranges, apples, figs and
prunes, in which the medicinal action
is many times intensified by the spe-
cial way in which they are prepared. Val-
uable tonics are then added.

Take the juice of an orange before
breakfast—take "Fruit-a-tives" at
bedtime and you will quickly be rid of
indigestion, Stomach Troubles, Con-
stipation and Bilelessness. "Fruit-a-
tives" are sold by all dealers at 50c
per box of 12. Sent on receipt of
price by "Fruit-a-tives" Limited,
Ottawa.

FOR OPEN SHOPS.
The Toronto Globe says: "The act
of the C. P. R. in cutting loose of
May first from all contracts made
with the mechanics is explained by the
determination on the part of the com-
pany to have 'open shops' over the
length and breadth of its territory.
An official remarked, the company
is paying both competent and incom-
petent men the same wage. It declines
to do this any longer, and would
henceforth pay according to an em-
ployee's worth."

HEALTH AND CONSTIPATION.
For years I was troubled with bil-
iousness and constipation, which made
me miserable. I tried many remedies,
and I lost my usual force and
vitality. Peppin's preparation, and
cathartics, did me no good. I do not
know where I should have been
led had I not tried Chamberlain's
Colic, Cholera and Laxative Tablets.
I have the bill of lading at once.
I regret that the digestive function
of the stomach, liver and blood,
which the system to do its work
rationally. —Mrs. J. M. Tension, Tor-
onto, Ont.

FOR OPEN SHOPS.
The Toronto Globe says: "The act
of the C. P. R. in cutting loose of
May first from all contracts made
with the mechanics is explained by the
determination on the part of the com-
pany to have 'open shops' over the
length and breadth of its territory.
An official remarked, the company
is paying both competent and incom-
petent men the same wage. It declines
to do this any longer, and would
henceforth pay according to an em-
ployee's worth."

HEALTH AND CONSTIPATION.
For years I was troubled with bil-
iousness and constipation, which made
me miserable. I tried many remedies,
and I lost my usual force and
vitality. Peppin's preparation, and
cathartics, did me no good. I do not
know where I should have been
led had I not tried Chamberlain's
Colic, Cholera and Laxative Tablets.
I have the bill of lading at once.

GAS FROM WASTE PRODUCTS.

The following article from the Elec-
trical Review, of New York, will be of
interest to Nova Scotians. Mr.
H. G. Harris, the inventor of the Har-
rie gas process, is a son of Mr. Whit-
tie Harris, of Wolfville. Although yet
quite a young man he has had a re-
markably successful career. His many
friends in this county will join us in
congratulations.

A very interesting demonstration of
the Harrie gas process, of utilizing
garbage, street sweepings, peat, saw-
dust and other waste products, con-
sisting of such refuse into a high in-
tensifying and power gas, is being
carried out at a demonstrating plant
at 107 Vandergool street, Newark, N. J.
This system, the invention of H.
G. Harris, of Orange, N. J., bids fair
to revolutionize the industry of
disposing of the waste products of large and small cities.

Street sweepings, garbage, peat,
sawdust or other waste products are
ground upon shallow metal troughs
and sprinkled with a chemical solu-
tion composed mainly of alkalis. The
residue is placed in the ordinary
fish-pot and brought to a heat of
about 120 degrees Fahrenheit. The
gas evolved by the decomposition of
the waste material are passed through
washers which form a part of the
blast power, and then through con-
densers of large proportions. The
gas evolved in this purified state has
apparently a high illuminating power,
and is found to be about double the cal-
orific power of ordinary coal or water
gas.

Sturgeon's Backbone.
From the medicinal properties of sturgeon,
which has the appearance of macaroni,
an excellent Russian soup, called
"sturgeon," is made. It is excessively
nutritive and invigorating, almost as
rich, so, indeed, as the famous bech-
en, or celtic sea slug. It is collected
in large quantities throughout the
Danubian archipelago, especially to the
eastward for the fish market. There
are many varieties, such as the large
scarlet trappan from Meassier, the Ky-
riote trappan from Buzov, the zwo-
black trappan from Lencova and many
more. Though prepared, this is ab-
solutely the most invigorating soup
known, and is said to be as nutri-
tious as to water. It costs about
25c per quart.

Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.

"Sunshine" Furnace has Automatic Gas Damper directly connected with main gas pipe. Gas pressure always damper sufficiently for it to escape up chimney (see illustration), but heat does not escape.

What does "Sunshine" Gas Damper mean to "Sunshine" household? Means furnace can be operated without fear as to "puffing" gas furnace can be left without doubt as to whereabouts of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "set off" gas—when there's two-thirds parts of heat-energy to the part of "puffing" up chimney—draft can with safety be opened, and coal saved for another day's duty.

The Municipal Council Semi-Annual Session, April, 1908

(Continued from last issue.)

Upon reading the petition of Obediah R. Brown and upwards of twenty others, freeholders of the County of Annapolis, against a new road leading from Blomington to South Torbrook, it was ordered that same be considered in the afternoon session.

Upon reading the petition of Steadman Newcomb and upwards of twenty others, freeholders of the County of Annapolis, for a new road leading from Bridgetown to Granville Ferry to a saw mill on the north side of the Public Highway. It was ordered that the prayer of the said petition be granted, and that J. B. Whitman be appointed to inquire into same and report at the afternoon session.

Upon reading the report of the Committee to arrange for a Ferry Service, it was ordered that same be considered during the afternoon session.

Upon hearing Mr. McKewen in reference to road assessments of Ward 2, also to trespassing on sidewalk in front of his place, he asked Council to take action in the matter, and was referred to the Council in his ward.

Upon reading the petition from the residents of road districts No. 2 and 3 in Ward 16, that the piece of road lying south of the Torbrook tract of the D. A. R. road, running south to the Willett Road, be struck off from No. 2 and added to No. 3, road district in Ward 16. This petition was granted.

Ordered that Mr. Edmund Clarke be legal in reference to petition of Agnes M. Shaw and upwards of twenty others, freeholders of the County of Annapolis, asking for the laying out of a road in Ward 5. Ordered that the said petition be granted and that Commissioners be appointed to inquire into same.

Commissioners Andrew Walker, Le-Ron Phinney and Howard Ray.

Upon reading the report of Edward Barreux in relation to road on the eastern side of Dean Brook, ordered that further discussion of same be deferred until this afternoon session.

Upon reading the petition of Marguerite W. Page and upwards of twenty others, rate payers of the County of Annapolis, praying that a new road be opened at Middleton in said county. It was ordered that J. B. Whitman be appointed a commissioner to lay out said road and report tomorrow.

Council adjourned until 2 o'clock.

Tuesday Afternoon.
Council met at two o'clock.
All councillors present.
Minutes read and approved.

It was decided in reference to Pelling Booth at Phinney's on Young's Cove that Council had no jurisdiction. Upon considering report of Commissioners to public road and landing on the east side of Dean Brook on lands of John C. W. Ditmars, laid over from morning session, upon request it was ordered that Messrs. Ditmars and Horton be heard in reference to said road.

After some discussion, it was ordered that the report of commissioners laying out said road and landing, be received and adopted, and that the question of damages be settled by arbitration, as provided by Statute. On behalf of commissioners, W. D. Long was named as arbitrator.

A communication from Fred F. Cox regarding the expenses incurred in the Split Log Drag Competition during 1907 was read and ordered to lie on the table.

Ordered that Councillors Chariton, Thomas, and the Clerk be paid twenty dollars each for revising jury lists.

Ordered that the usual twenty-five dollars be granted to the Farmers' Association.

On motion Mr. Elliott, Secretary of Farmers' Association for Annapolis County, addressed the council.

Ordered that the report of the Farmers' Association as read by Mr. Elliott be received and adopted and incorporated in the minutes.

The following is the report:—
To the Honorable Municipal Council:—
The Annapolis County Farmers' Association was organized at Annapolis in January, 1906, and reorganized under the Legislature Act of 1904 at Lawrencetown in 1904, with F. Miles Chipman, President, and R. J. Messenger, Secretary.

The Association has been able to do successful work during these years, and trial, as far as is in their power, to help the farmers of the county.

A Prized Cough Cure

"I have not been without a bottle of Coltsfoot Expectant in the house for over nine years. At that time I procured it for a bad cold I had. It worked such wonders then that it has been a household remedy ever since, and we will have no other for coughs and colds—it is so pleasant to take, and all of my children look for it as soon as they get a cold at all. Nearly all of them have been subject to cough, and that's when I find Coltsfoot Expectant useful. You are welcome to use this testimonial as you wish."

MRS. LEWIS NIGH.
Free Sample of Coltsfoot Expectant will be sent to any person sending their name and address, and naming this paper. It has established a wonderful record as a successful cure for coughs, colds, croup, whooping

keep pace in agricultural matters with those of other counties, particularly Kings. During the associational year 1906-1907, thirty-four meetings were held in different sections of the county, viz:—Round Hill, two; Deep Brook, two; Nictaux, two; Lawrencetown, Clarence, Paradise, two; Melvern Square, South Williamston, Clarence West, Bentville, Granville Ferry, Granville Centre, Bear River, Clementvale, Moschelle, Bridgetown, Annapolis and South Farmington, Spa Springs.

These meetings were addressed by Professor Sears and F. W. Foster at two places, Duncan Anderson at four places, W. H. Woodworth and S. C. Parker at five places, W. H. Woodworth and F. W. Foster at fifteen places, Professor Smith and Inspector G. H. Vroom at five places, and a general town-meet held at gathering at Annapolis.

Three Director meetings—Subjects discussed at these meetings raising and feeding of Stock, Dairying, Cultivation of Soils, Rotation of Crops, Treatment of Orchards, Spraying, Pruning, Cultivation and Fertilizers.

The Travelling Dairy also visited ten localities in July and August, holding two to three sessions: At Torbrook, South Williamston, Clarence, Bridgetown, Round Hill, Moschelle, Granville Centre, Stony Beach, Clementvale and Deep Brook.

The receipts for 1906-07, the year ending May 31st, was \$103,003, as follows:—

Received by membership— 853.18
Municipal Grant— 25.00
Legislative Grant— 21.85

Expenses, \$102,089, as follows:—
Expenses— 826.95
Salary— 12.00
Postage and Stationery— 2.55
Lunch— 1.75
Printing— 11.57
Telephone Expenses— 41.97
Telephone— 1.50
Delegates to Provincial Assoc.— 4.62

Balance forward— 102.01

The membership reported to Provincial Association—223—third in the Province, Kings and Yarmouth having 103 and 103 respectively.

By Act of the Legislature of 1907 the associational year was changed from May 21st to December 31st, and the payment of the Legislative Grant from October to February—the payment of the Legislative Grant depends on the voting of an equal amount in the majority. A blank certificate to this effect was forwarded for my circulation early in February. I could only reply that it had not been voted by the majority, but to be approved at the April session.

L. W. ELLIOTT,
Secretary A. S. F. A.
April 21, 1908.

This year—1908—we have held fifteen meetings addressed by R. J. Messenger, R. D. Robinson, W. H. Woodworth, and D. Standish. These meetings have been well attended and greater interest created.

The expenses have been heavier because of holding the Dr. Standish meetings in towns, where rent of hall and board and other items were larger than in the country sections. More than \$100.00 has already been expended. Some places which were in the plans have not been visited because the tour of speakers could not be arranged. I am corresponding now with Mr. Fuller, the superintendent of Agricultural Societies, in regard to meetings at Springfield, Falkland Ridge and Albany, and other points. I am glad to learn of any locality where farmers want meetings and the subjects they want discussed.

L. W. ELLIOTT,
April 21, 1908.

Ordered that the reports of the arbitrators in re damages to land owned by Owen Wheelock as read be received and adopted, the amount thereon to cover expenses of fencing. The following is the report:—
Municipality of Annapolis
To the Honorable Municipal Council Gentlemen:—

We the undersigned, arbitrators, appointed to place a valuation on certain lands of Owen Wheelock, situate near Middleton, and taken for purposes of a proposed road between Middleton, aforesaid, and Brookline to report as follows:—

We have looked over the ground carefully and taken as nearly as we can all the circumstances into consideration, and we award to the said Owen Wheelock the sum of one hundred and fifty dollars as damages.

J. B. WHITMAN,
W. J. MULHALL,
C. H. WRIGHT,
Arbitrators.

Middleton, March 18, 1908.

Ordered that the petition of John A. Fraser and upwards of twenty others, freeholders of the County of Annapolis, praying for the opening up of a road at or near Beeler's Lake in Ward 10, to intersect the Liverpool road at or near McKay Brook, so-called, in the district of Graywood, as read, be received and adopted and that necessary notices be posted.

Following is the report:—
Municipality of Annapolis
Honorable Municipal Council

be of very much benefit to the public and can be built at a comparatively small cost.

The whole distance from the Prinevale road to the Liverpool road along the route of the proposed new road is two and one-half miles. But starting from the Prinevale road near Beeler's Lake, there is now a very fair road quite passable for light wagons for a distance of one hundred and twelve rods; and at a distance of sixty rods to connect with what is known as the new road, following that a distance of two hundred and fourteen rods or until the said new road joins the Liverpool road at Graywood. This leaves a little less than one and one-half miles to be built.

And for part of that distance there is a passable winter road now. There are two quite large bridges to be built, one over the Carmichael Brook and the other over Lamb's brook. These bridges, if built of wood, need not be very costly, as there is plenty of material close at hand. The amount of plans made in duplicate show the brooks and lines of the lands passed over. We interviewed all the parties owning land over which the road would have to pass. The Leenville Mill Company ask a damage of fifty dollars, which we are willing to allow them. They make no reserve and the wood on their land can be sold to cover quite a portion of this damage, probably twenty dollars at least.

Mr. C. A. Perkins wants a damage of ten dollars and the privilege of getting the wood off the land owned by him which the road would take. This we are quite willing to agree to. All the other parties are willing to give the land but want the privilege of getting their wood off.

We recommend that if said road be built it shall be three rods wide.

Respectfully,
ELDER FRASER,
J. B. WHITMAN,
J. H. WHITMAN,
Committee.

Prinevale, April 14, 1908.

Ordered that the report of the commissioners in re road from Bridgetown to the International Brick and Tile Co.'s lands, as read, be received and adopted. The following is the report:—
To the Municipal Council, Gentlemen:—

In accordance with a Precept dated March 2nd, 1908, and directed to me as a committee of one to lay out a road from Bridgetown Lane, so-called, to meet a road now laid out to the International Brick and Tile Company's lands, I beg to report as follows:—

I think such a road or street not only desirable but an absolute necessity for the public interest.

I have interviewed all the parties owning and occupying land where it seems desirable that such road should be located.

Plans in duplicate hereto attached show the location of the lands and proposed road.

Taking the parties in order beginning at the west end Mr. Harry Sawton will give the land required from him; Mr. F. M. Nelson will also give the land required from him. Mr. Alister Taylor asks that if the road be built that a fence be put up across his lot. This I am willing to agree to. Mr. F. H. Fowler will give the land required.

Mr. Henry Frederick wants thirty-five dollars for the land taken from him. This I am willing to agree to, as he necessities the moving of five or six good sized apple trees. It will require a corner off the lot where his house is also.

Mr. O. S. Miller went away and I could not see him, but some time ago he expressed himself as quite willing to accept any reasonable damage.

Mr. Isiah Ramey asks a damage of twenty-five dollars. This I am willing to agree to as the proposed road will have to go quite close to his house.

Mr. Gilkins, General Manager of the D. A. R. will lease the land required from them at a nominal rental. This I consider a satisfactory arrangement. I attach hereto a copy of his letter.

In order to make the road passable it will be necessary to lay down and cover about 400 feet of sewer pipe. This pipe, I believe, can be put on the ground at a cost not exceeding twenty-five cents per lineal foot, making a total of \$100.00.

As there is a ditch there now, the cost of putting down pipe covering the pipe and grading up the road would be comparatively light as there is plenty of material close at hand.

The road if built will be partly in the town of Bridgetown as the town limits are the south side of the Railway.

I brought the matter to the notice of the Town Council street Commissioners. The chairman expressed himself that they had now the streets they could take care of.

Respectfully,
J. B. WHITMAN.

THE TORTURES OF BILIOUSNESS

There is no need to suffer the tortures of biliousness. Mother Seigel's Syrup will cure you—must cure you—because it restores your liver to healthy action. Headaches, dizziness, sickness, indigestion, all disappear when Mother Seigel's Syrup is used.

ARE ENDED BY
MOTHER SEIGEL'S

Lawrencetown.

L. B. Brown and family have moved into the Bent house. Miss Bessie Newcombe is visiting friends in Massachusetts. Rev. L. F. Wallace and wife have been visiting Mrs. Morse. Mrs. C. Zwicker, of Albany, is the guest of her mother, Mrs. Oswald. Messrs. T. H. Reid and J. A. Whitman each got a salmon last week. Miss Bessie Miller, who was pleased to see, is out again, after her illness. Mrs. J. W. Whitman still remains about the same at time of writing. Mr. John McKeown has been confined to the house for some time past. Mrs. T. A. Elliott, of Mass., is the guest of her parents, Mr. and Mrs. H. Young. Mrs. Baw's and baby, of Torrington, are the guest of her sister, Miss Nettie Balcom. Mrs. John Smith is very ill, and small hopes for her recovery are entertained. Miss Etta Durling has been visiting here a few days, the guest of her sister, Mrs. Felus. A daughter arrived at the home of Mr. and Mrs. E. R. Whitman last week. Congratulations. J. A. Brown and Sons are now at work building two warehouses, one at Brickton and one at Colbrook. S. C. Hall has been appointed Deputy Forest Ranger for this district, from here east to Bloomington. Mrs. E. H. Longley is opening a class in oil painting. Samples of her work are on exhibition in Reid's window. Report says that one of our large farms here is to be used as a Government Experimental Farm. We hope the report is true, as this is one of the best locations in the Valley for same. Everybody is talking of the "massacre" meeting to be held here tomorrow (Thursday) afternoon and evening. Several good speakers will take part, and a platform will be erected for a third party, or prohibition party. All interested in this should make plans to be present. Death has been busy in our midst the past week. Mr. David Duncan, one of our oldest and most respected citizens passed away last week, and was buried at Pine Grove. On Friday night last Miss Ida Solomon was called by the grim reaper, after a few days illness and was buried on Monday. The members of Nelson Division marched in large numbers from the house to the grave. Interment was at Fairview Cemetery. Again on Sunday last the home of Richard Bagge was saddened when his wife passed away after her reward, leaving a family of four sons and four daughters to mourn the loss of a kind and loving mother. Mr. Banks and family have the sympathy of all in their bereavement.

Clarence.

Mr. A. B. MacPherson, of Loomister, Mass., visited at R. B. Fisk's recently. Several split-log staves are in operation. As a result of the roads are much better than usual. Mrs. D. H. MacPherson, who has been very sick for the past two weeks, is somewhat better. Miss Cora Fisk, who is teaching at Brooklyn, Queens County, was home last week to attend the wedding of her sister.

Hampton.

Handly Britton has gone to St. John to ship. The weather keeps very cold. Very little doing in the farming line. Grass is getting quite green. The schooner Mayflower came in on Friday during the southerly gale. She was struck with a heavy squall down there and lost her deck load. On Thursday of last week the steamer E. L. L. called here. Capt. Joseph Mitchell and John Titus went to St. John. They returned on Monday, bringing large supplies of sugar goods.

Rainbow Flour

Makes such wholesome bread—the kind there never seems to be enough of.

Milled by the Tillsons at Tillsonburg

Annapolis.

Mr. Lou How has been transferred from Middleton to Windsor. The election to fill the vacancy in the town council was held on Monday. There were two contestants, R. P. Saunders and Dave Riordan. Mr. Saunders represented the temperance element and was elected by a majority of three. We learn from an exchange that Rev. Douglas Hemmon and Mrs. Hemmon will go on a little camping-out expedition in mid-summer, and in September the former will take his regular vacation, going moose-hunting according to his custom. The body of Mrs. G. Y. Gavva, accompanied by her son, Earl, arrived here on Wednesday from Malden, Mass., and was taken to St. Luke's Church, where services were held, and from there to Woolfson Cemetery, where the interment took place. Rev. H. Howe conducted the services at St. Luke's and at the grave. Mrs. Mayo, daughter of the late Samuel McCormack, died very suddenly Monday of pneumonia at the home of her mother at Gray's Ferry. The deceased will be greatly missed, not only by the Episcopal church of which she was an active and earnest member but by the community as a whole. Her mother and two daughters to mourn the loss of a kind and affectionate daughter and mother. Mrs. Mayo, daughter of the late Samuel McCormack, died very suddenly Monday of pneumonia at the home of her mother at Gray's Ferry. The deceased will be greatly missed, not only by the Episcopal church of which she was an active and earnest member but by the community as a whole. Her mother and two daughters to mourn the loss of a kind and affectionate daughter and mother.

Tapperville.

(May 1st.) Mrs. Lantz is loading a car of lumber for Annapolis this week. F. R. Best is loading up out of cardboard for Middleton. Mr. F. H. Willett is loading cars of apples for the London market. Mr. and Mrs. C. R. Borden and son, of Bridgetown, were the guests of Mr. and Mrs. S. B. James for a few days the last of the week and Sunday; also Mr. Tretheway, of Watford, New Germany, made them a short visit last week.

North Williamston

We are pleased to report that Robt. Garber, who has been suffering from a severe attack of rheumatism, is considered somewhat better. Gloom was cast over our community last Sunday, when it was learned that Mrs. Richard Banks, of Brickton, had passed away, after a few days illness of pneumonia. The funeral service, which was held at the Union Hall on Tuesday afternoon, was conducted by Rev. C. H. Haverstock, and was largely attended by sympathizing friends. Mrs. Banks leaves a husband, four sons and four daughters besides three brothers and two sisters, who have the heartfelt sympathy of our community in their sad affliction.

Bear River.

Lella R. Palm, architect, of Aylesford, is in town. Mrs. Howard Burke is quite ill at time of writing. A number of people here are ploughing and planting. Mrs. Adolbert Byler has been ill for some time past of La Grippe. Inshore fishing is very good at present, but vessels are doing next to nothing. Grass in this vicinity is looking very green, and much feed of this time last year. A colored troupe gave a hygienic entertainment here on Tuesday evening of last week. Captain Apt. schooner James W. Cousins, came from fishing Saturday, with a small catch. Mr. A. R. Keall has returned from Digby, where she has spent the past three weeks with her daughter. We are pleased to report Mrs. Barnes quite improved in health. William Ramsay, who is cutting lumber here for Frank Mills, had his leg badly jammed by the carriage running against him one day last week. He is about on crutches.

Smith Cove

Ex-Councillor Frank Jones is thinking of going to British Columbia on professional business. He would probably be absent a month or two. Post Master Potter was waited upon by a number of his friends the other evening and congratulated on the attainment of his eighty-eighth anniversary of his birth. Mr. Postmaster is still hale and hearty, and in the possession of all his faculties. It is the wish of his numerous friends that he will live to see many happy returns of the day. Word has been received from British Columbia that Daniel Winchete, who died some months ago, left considerable property, there being fifty hundred acres all told, twenty-five of which are improved. If the balance is well timbered, as it is thought to be, the estate will turn out to be worth considerable. Loyal Winchester, who lives near Digby, is a brother of the deceased. Another brother, William, is at present living here.

West Dalhousie.

Mr. L. B. Shaffer has moved his mill to Harris Brook, where he has a large cut. Miss Lala Buckler, of Boston, is spending a few weeks with her uncle, Mr. Joseph Buckler. Messrs. Gray Gillis and Samuel Smith, of Boston, are in our midst. The picnic held at the home of Mr. and Mrs. Samuel Swift, on the sixteenth, was a success, the sum of sixteen dollars being realized. Absolutely all pocket teas and most bulk teas show the grocer a larger profit than "Saluda" but few of them show as much satisfaction to the consumer.

Whoooping Cough.

"Is February our daughter had the whooping cough. Her mother, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by A. WARREN, BRIDGETOWN, W. WADE AND BEAR RIVER DRUG STORE, BEAR RIVER.

Belle Isle

What is hoped to make an annual gathering was held in Belleisle Hall last Thursday evening. It was a congregation of "At Home" of the congregation of St. Mary's Church. It was to have been held in the winter but stress of weather then prevented, and on Thursday many were debarred from attending by sickness and other causes. Those, however, who were able to be present agreed that a very useful institution had been inaugurated. The gathering took the form of a good old-fashioned tea, followed by conversation and games. The whole affair was under the management of a splendid working committee, and tentacles never looked more daintily inviting than those that greeted the eye on this occasion. After ample justice was done to the good things thus provided, the company settled down to be really "at home" to one another. Each seemed related to the other by more than ordinary ties, and it was generally felt that such a gathering, as this once a year would do much to strengthen the bond of fellowship existing between the various members of the congregation. These sentiments were voiced by the Rector toward the close of the evening in a brief speech. It might be mentioned in this connection that the new brass chandelier recently placed in the hall, not only looked very handsome, but gave...

Port Wade

Mrs. Erol Parker is still in a critical condition. Mrs. Howard Burke is quite ill at time of writing. A number of people here are ploughing and planting. Mrs. Adolbert Byler has been ill for some time past of La Grippe. Inshore fishing is very good at present, but vessels are doing next to nothing. Grass in this vicinity is looking very green, and much feed of this time last year. A colored troupe gave a hygienic entertainment here on Tuesday evening of last week. Captain Apt. schooner James W. Cousins, came from fishing Saturday, with a small catch. Mr. A. R. Keall has returned from Digby, where she has spent the past three weeks with her daughter. We are pleased to report Mrs. Barnes quite improved in health. William Ramsay, who is cutting lumber here for Frank Mills, had his leg badly jammed by the carriage running against him one day last week. He is about on crutches.

Smith Cove

Another brother, William, is at present living here.

Round Hill

Miss Grace Syda, of Digby, is visiting her uncle, R. J. Byler. Mrs. A. Foster and Mrs. W. H. Williams spent Sunday in Clarence. Miss Jennett, of Bear River, spent a few days last week with Misses Mary and Martha Tupper. W. R. Tupper and Harry Fitz Randolph spent Sunday of last week with friends in Digby. Mr. and Mrs. Forbes spent Sunday of Clementsport spent Sunday of last week with Mr. James Tupper. Round Hill residents have made quite extensive improvements in the village, burning brush and cutting down old trees and fixing the road, giving it a very neat and well-kept appearance.

CASTORIA

For Infants and Children. The Kind You Have Always Bought. Bears the Signature of J. C. Watson. CROP NEWS FAVORABLE. Crop news continues most favorable and at present everything points to a large acreage and bumper crops of wheat, corn and cotton. The effect of good crops or had crops will probably be more far reaching than usual. Good crops will have a good influence on every listed security. Traffic for railroads, purchasing power for individuals and communities, work for manufacturing concerns, of every variety, are all largely dependent on the various products of the soil. The usual caution and fright due to the recent panic can be more quickly dissipated by good crops than in any other way so that developments in this respect will be watched with the greatest attention from now on. McCardy, in Halifax Chronicle.

Like to Try Psychine

"Please send me a bottle of Psychine. I have a child afflicted with tuberculosis, and have been advised to try your medicine by our family doctor, as he says he cannot do anything more for my child." MRS. H. STEPHENS. Arthur, Oct. 17, 1907. Psychine cures when doctors fail. Many are sorry they do not try it.

Springfield.

We are sorry to report Master Roger Lobbes on the sick list. Miss Hattie Banks, of Mount Rose, is dressmaking in this place. Mr. J. C. Grimm is improving his residence by adding a coat of paint. Miss Langille, of the United States, is the guest of her cousin, Miss Anna Langille. Congratulations to Mr. and Mrs. Herman McNay—a baby girl, weighing ten pounds. Miss Grace Grimm spent last week at the home of Rev. and Mrs. E. S. Mason, Lockport. Mrs. Wm. McLaughlin has gone to Bridgewater to remain with her husband, who is staying in the Davison Lumber Company's mill. Among those who were home for the holidays were—Mr. Clinton Ross, of Bridgewater; Miss Nellie Ross, of Middleton; and Miss Flossie Young, of New Albany. Mr. and Mrs. Rupert Wear have moved to Brookfield. During their stay here they made many friends and we regret their departure, but wish them prosperity in their new home. The entertainment of Woodbine Division for next night of meeting will be a singing match. Captains—Grace Grimm and Daisy Morrison. A good interest is being kept up, and new members are coming in; our membership being now about eighty-five. Mr. Lewis Morton, who is attending college at Wolfville, spent Easter with his parents, Mr. and Mrs. Albert Morton, at Hastings. Mr. and Mrs. Morton leave this week for Chester Basin, where Mrs. Morton and daughter, Rhoda, will spend the summer, while Mr. Morton intends to take up work in Cobalt. Among those who spent Easter with friends are the following—Mrs. W. A. Mason, at Kentville; Misses Frances Saunders and Lella McNay, at Brookfield; Misses Ernie Baker and Minnie Melven at Margareville; Misses Daisy and Georgina Morrison and Ada Grimm, at Middleton; Miss Vera Morrison, at Torrington; Mr. Murray Morrison, at New Albany; Mr. Willard Mailman at Margareville; Mr. Avar Ross, at Lunenburg.

Outram.

Mr. Minard Banks, of Mass., was the guest of friends last week. Mrs. Andrew Babson, who has been very poorly, is better at time of writing. Dr. R. Morse was in attendance. Mr. Harry Hines, who has spent the past winter in Mass., is home again calling on his many friends in this place. Our school opened last Monday, April 21, under the supervision of Mr. Louis Hamilton, from Weymouth. We wish him success. Miss Beatrice Shorob entertained a number of her friends from Mount Halloway a few days ago, it being a birthday party. A grand time was enjoyed. Mr. Joseph Bell and wife have moved into their new home. We wish them a long and happy life. They will be at home to their friends on afternoons from the 11th to the 18th of May.

Albany Cross.

Miss Florence Harrison spent Easter at her home, Kentville. Guy M. Todd, of Dalhousie, recently visited his aunt, Mrs. W. H. Durling. Miss Eva Connell, who has been the guest of her father, Mr. Charles A. Connell, the past four weeks, has returned to Kentville. The ladies of Albany intend holding a picnic at South Albany school-house on May 13th. Proceeds for the benefit of Rev. Mr. Brown. Miss Hattie Schofield, who has been visiting her grandparents, Mr. and Mrs. Charles Connell, the past four months, returned home on Saturday last. Recent guests at the hotel have been L. S. Morse, Digby; N. H. Phinney, J. R. Jefferson, Lawrencetown; J. M. Cross, Kentville; Oscar McNay, Kenneth McNay, Springfield.

Granville Ferry.

Mrs. Samuel Groves and daughter, Grace, are home again. Miss Vera Wagstaff and Miss Winnie Mills came home from Boston this week. Mrs. John Wagstaff is enjoying a visit from her sister, Mrs. Carter, of Bridgewater. Mrs. E. K. Knowles returned home on Wednesday from Boston where she spent the winter. About fifty Oldfellows assembled at the Methodist church on Sabbath afternoon last when Rev. G. A. Whitman preached their anniversary sermon. A goodly number of the fraternity from Annapolis Royal and Bridgetown were present.

Epidemic of Typhoid in Boston

Boston, Mass., April 21.—The report of forty-two cases of typhoid fever in Boston today, with four deaths within the past twenty-four hours would seem to indicate that the epidemic which has swept over the city the past few weeks has not been as yet checked. In fact the authorities today announced that the sale of milk by one big contracting firm in East Boston had been stopped, as it was found the milk was coming from the same source that started the epidemic in Jamaica Plains last month. Up to tonight the total number of cases reported since January first was five hundred and ninety-nine, or twenty more cases than the number for the entire twelve months of last year. For the same period has been twenty-five typhoid fever deaths. Practically all the cases and deaths have occurred within the past two months, dating from an epidemic which started in Jamaica Plains about two weeks after the first cases were discovered. It was believed a milk...

Confidence when eating, that your food is of highest wholesomeness—that it has nothing in it that can injure or distress you—makes the repast doubly comfortable and satisfactory. This supreme confidence you have when the food is raised with ROYAL Baking Powder Absolutely Pure The only baking powder made with Royal Grapo Cream of Tartar There can be no comforting confidence when eating alum baking powder food. Chemists say that more or less of the alum powder in unchanged alum or alum salts remains in the food.

Albany.

Inspector Morse visited our schools last week. John H. Merry is again able to drive the mail. A. B. Fairs has put a new roof on his house lately. Thomas Merry has repaired his house this spring. Mr. and Mrs. Mailman lately welcomed a little daughter. Mr. E. A. Merry is having his house repaired by W. H. Oakes of Nictaux. Miss Mary Oakes visited Mrs. McKay and family of Middleton last week. Mrs. Jonathan Woodbury and Miss Bessie Fairs visited at Falkland Ridge at the Easter holidays. Frank Whitman, who has spent the winter at Danvers Hospital, Mass., is expected home next week. Mr. Murray Morrison and Miss Maud Meiner were guests at the home of A. B. Fairs during the Easter season. Miss Maud Meiner, of New Germany, recently visited relatives here. Mr. and Mrs. Freener and Mr. and Mrs. Fred Gates. Mr. and Mrs. John Grant have moved to Nictaux West, where they occupy the place formerly owned by Ebenezer Marshall. Mr. H. L. Oakes had his farmhouse burned on Saturday, April 25th. Quite a quantity of smoked meat in the building was nearly destroyed by the fire.

Albany Cross.

Miss Florence Harrison spent Easter at her home, Kentville. Guy M. Todd, of Dalhousie, recently visited his aunt, Mrs. W. H. Durling. Miss Eva Connell, who has been the guest of her father, Mr. Charles A. Connell, the past four weeks, has returned to Kentville. The ladies of Albany intend holding a picnic at South Albany school-house on May 13th. Proceeds for the benefit of Rev. Mr. Brown. Miss Hattie Schofield, who has been visiting her grandparents, Mr. and Mrs. Charles Connell, the past four months, returned home on Saturday last. Recent guests at the hotel have been L. S. Morse, Digby; N. H. Phinney, J. R. Jefferson, Lawrencetown; J. M. Cross, Kentville; Oscar McNay, Kenneth McNay, Springfield.

Granville Ferry.

Mrs. Samuel Groves and daughter, Grace, are home again. Miss Vera Wagstaff and Miss Winnie Mills came home from Boston this week. Mrs. John Wagstaff is enjoying a visit from her sister, Mrs. Carter, of Bridgewater. Mrs. E. K. Knowles returned home on Wednesday from Boston where she spent the winter. The effect of malaria lasts a long time. You catch cold easily or become run-down because of the after effects of malaria. Strengthen yourself with Scott's Emulsion. It builds new blood and tones up your nervous system.

LOCAL AND SPECIAL.

Street cleaning has begun and the catch basins are being opened up.

A billiard room has been opened in the old shop opposite the Light Station on Queen street.

The sale of "Home-cooking" will be a feature at St. James' Church and at tea and sale of work next Wednesday.

Automobiles are again having their day—and their way—on our streets, much to the displeasure of the timid driver of unaccustomed horses.

The Digby wharf will be built by J. & H. Bigelow, of Canim, N. S. Their tender of \$17,900 was the lowest and has been accepted.

A party of Englishmen looking for fruit farms are travelling through the Valley this week, accompanied by W. MacCallum, real estate agent of here.

The finest tea grown in the world is the standard of quality used in preparing "Salada" Tea. Sold only in sealed lead packets.

The Clarence W. M. A. S. will hold a public meeting of general interest in the church next Sunday evening at 7.30 o'clock, May 10. The usual large audience is hoped for. A silver collection will be taken for missions.

An item has been going the rounds of the press stating that Rev. P. Clifton Reid, of Beauséjour, has accepted the pastorate of the Bridgetown Baptist Church. This is an error. Mr. Reid going to Bridgewater on June first.

Attention is directed to the new line of foot-wear advertised by E. A. Cochran. Ladies will take pleasure in every looking at his choice and well assorted stock, while it is always a pleasure to Mr. Cochran to show his goods.

The DeLancey Harris house on Church street recently purchased by Mr. Harry Abbott, is undergoing repairs and improvements. The upper story is enlarged by the addition of a dormer window facing the street and a broad veranda is being constructed across the entire front.

The Rev. H. R. Grant, Agent of the Provincial Temperance Alliance, will speak on present day aspects of the Temperance question, in the Methodist Church, this (Wednesday) evening, the sixth instant. The lecture is under the auspices of the Law and Order League and will begin at eight o'clock.

The Annapolis County Temperance Alliance will meet at Lawrencetown, tomorrow, the seventh of May. The chief topic for discussion will be the advisability of nominating a Prohibition candidate for the Dominion Parliament. A public meeting will be held in the evening, when addresses will be delivered by Rev. H. R. Grant and others.

Church street has a dangerous hole in the sidewalk caused by the gutting underneath from a drain crossing the road. Church street residents think their street is important enough to receive the attention of the street commissioners, and they would be glad to have their sidewalk at least brought up to the street level.

Mr. J. M. Fulmer has moved into the pretty modern residence built for him by J. H. Hicks & Sons. The house is on a corner of the block and faces the north. An attractive veranda encircles the house and the interior is of well-planned modern design and finished in the neat workmanship of this well-known building firm.

J. I. Foster's store is being enlarged by extending it twelve feet to the street line in front. Plate glass windows will adorn the front, and the store will be generally renovated and improved. Mr. Foster has been for many years carrying on one of the largest grocery and food trades in the county in a very quiet and unassuming way, and the present improvements are the necessary development and outgrowth of the business.

The entertainment by Pauline Johnson, the author and reader, assisted by Walter McIvor, reader, was given on Thursday evening last under the auspices of Bebekah Lodge, I. O. O. F. A new and choice program was rendered and the intelligent audience present emphasized their enjoyment of the program by their marked attention and flattering applause. The string legends of Indian life and history were given as only Miss Johnson can give them, and Drummond found an able interpreter of his French-Canadian dialect poems in Mr. McIvor.

The youths who were remanded on the charge of burglarizing, elected to be tried under the Speedy Trials Act instead of waiting for the June term of Supreme Court. They were accordingly brought before Judge Fallon on Thursday last and each pleaded guilty to the two charges against them, the burglarizing of C. L. Pigott's and S. N. Wear's stores. Charles McLaughlin, aged nineteen, was sentenced to five years imprisonment in the penitentiary house, Greenwood, who was remanded.

PERSONAL.

Mrs. F. Baughman and child are the guests of Mr. and Mrs. Fred R. Fay.

Mrs. Curran is moving into one of the Chesley cottages on Washington street.

Mrs. Kennedy and child are visiting at the home of her grandfather, E. Bent, Esq.

Mr. Danton, of Little River, Digby Co., has secured a position as clerk in the store of J. I. Foster.

Miss Nettie Healey has returned from a fortnight's visit at her sister's, Mrs. Higgins, in Waterville.

R. W. Purdy, who spent the winter in Bridgetown, has moved his family back to Deep Brook.

Miss Mary Dehman has been seriously ill at the home of her sister, Mrs. Milner, but is convalescent.

Miss Bessie Bagella who has spent the winter in Bermuda is expected home this week.

Miss Hattie Hoyt who has spent the winter in Weymouth returned to Bridgetown last week.

Mr. Harvey, the Union Bank Inspector, is making a visit to the Bridgetown branch, accompanied by Mr. Clarke, of the head office.

Rev. Wm. Grentorex, a brother of the Rev. E. P. Grentorex, was ordained to the priesthood by Bishop Worrell yesterday.

Mr. McManus, a former resident of Bridgetown, with her little four-year-old son, is the guest of her brother, Mr. Coade, at the Grand Central.

Mr. Fred Bath has taken possession of his home on Church street. Mrs. Bath arriving yesterday from Stewiack, where she has been spending the winter.

Rev. D. J. Kelly, of Beauséjour, Conn. has declined a unanimous call to New London, Conn., having yielded to the urgent request of his church to remain in his present pastorate.

Rev. Abner Newcombe, of Robury, Mass., a former Bridgetown boy, has been called to the pastorate of the North Baptist Church, Halifax, succeeding through the resignation of Rev. J. H. Jenner.

Miss Ethel A. Fitch, who has been spending the winter in Clarence at the home of her mother, Mr. and Mrs. Fitch, has come to Ottawa where she will join the Victorian Order of Nurses. Miss Fitch is a graduate of the Presbytarian New York Hospital.

Rev. H. W. Cunningham will sail about the middle of May for England, to attend the Pan-Atlantic Congress on June first. Mrs. Cunningham, with the members of the family, will remove to Tatt's Cove and spend the summer there.

His Lordship the Bishop and Mrs. Worrell will sail on the fifteenth inst. for England, and will not return before the middle of August. As has been stated, the Misses Worrell will spend the summer with friends in Montreal, Toronto and Kingston.

Ernest Robinson, superior and principal of the Dartmouth schools, at one time principal of the Bridgetown schools, has been appointed principal of Horton Collegiate Academy for the ensuing year. Mr. Robinson should prove an excellent man for the position.

The S. P. C. A. agent should have been on the street on Monday night. The household effects of some family were moving down Granville street. Tied to the back of the cart was a small calf and behind it marched a well-grown youth with a whip lashing it till it fell, then jerking it to its feet and continuing the lashing. It is a pity, however, that any looker-on should feel it none of his business to interfere in a case like that, as such scenes are a disgrace to a civilized community, and should not be tolerated. Another instance was noticed this week when an animal was being driven to the slaughter house with head tied to leg so that with each step the animal's neck received a painful wrench, and in one case the flesh was raw where the rope was tied. This is a barbarous practice.

At Providence Methodist Church, Bridgetown, on Monday evening, May 11th, there will be a grand concert given in aid of the Organ Fund. The artists taking part will be Mrs. Chadwick, pianist, Mrs. Warren, reader, Mrs. H. Ruggles, vocal soloist, Mrs. Harlow, reader, and Mrs. Bishop, organ soloist. Beethoven's Moonlight Sonata, with readings from Miss Hayes' organ's accompaniment, it will be rendered by Mrs. Chadwick and Mrs. Warren. Will Carlton's poem entitled "The New Church Organ" will be read by Mrs. Harlow. Selections will be given by the Bridgetown Misses Quartette, and anthems by the choir. The concert is under the direction of Prof. J. H. Morse.

DON'T FORGET. THE ROYAL SCOTS.

Don't forget the seats for the Royal Scots are going like Hot Cakes. Never have seen such a demand for seats. Seats on sale at J. W. Beckwith's. An appreciative audience is assured. Performance, Saturday eve, May 21st. There is a joyous sensation that electrifies the whole system when you see a play that really gets you going. Here's where you feel the flash right from the start. Get rid of the letters that have got you shookled and before you turn your toes up to the dollar and take your wife or sweetheart to hear the Royal Scots who are the dandies of all entertainers. If that "don't care" microbe is making a prolonged visit, just show it the opening, marked exit. These artists will send you on your way rejoicing, and that too without a kick, knock or rant. Remember they are not up-to-date until they are ahead of them all.

SOMETHING DISTINCTIVE. THE EMPRESS SHOE. Some of the distinctive features of this style is the French Last, which is made for a short vamp and forepart, a Cuban heel and a high arched shank and instep, which accentuates the graceful lines of the foot, and has the appearance of being a full size smaller. Sole agents for Astoria and Hatt-hoc for men. Kinney's Shoe Store.

J. W. BECKWITH.

Vain Regrets. People who put off the importance of having a Picture taken of their family before leaving home, have let pass an opportunity that may never come again. If there are no pictures taken of the children, they can never see how they looked in their younger and happiest days, should they live to grow up, and the opportunity lost that can never come again. An artist is that is a memory that always lasts, and it is the duty of every person to have a few taken. For the next two weeks, I will make 6 good Photos for \$5. and guarantee the work not to fade. The above notice is a sign of the times and don't bargain very often. Mention this ad. when you come. P. R. SAUNDERS. Property for Sale. FOR SALE.—A cottage on Park street; also a partly finished cottage on an adjoining lot. Will sell together or separately. MRS. DAVID CLARKE, Bridgetown, April 13th. TENDERS. We Keep the Purest.
