The copy filmed here has been reproduced thanks to the generosity of:

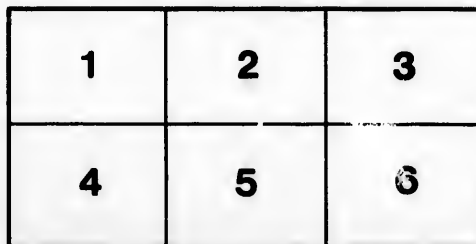

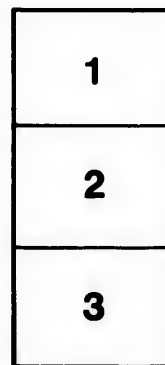

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

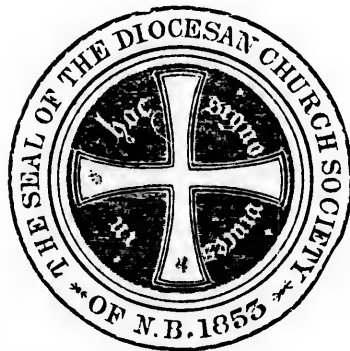

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PRAYERS.

AT OPENING.

PREVENT us, O Lord, in all our doings, with Thy most gracious favour; and further us with Thy continual help; that in all our works begun, continued and ended in Thee, we may glorify Thy Holy Name; and finally, by Thy mercy, obtain everlasting life, through Jesus Christ our Lord.—AMEN.

O GOD, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Lady, Queen Victoria, and so rule her heart, that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants the Clergy; the endeavours of all who are engaged in spreading the knowledge of true religion in the dominions of our Sovereign, and the labours of those Missionaries who are proclaiming the same in this Province. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord.—AMEN.

O MERCIFUL GOD, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but that he should be converted and live: Have mercy upon all Jews, Turks, Infidels and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy Word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ, our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end.—AMEN.

OUR FATHER which art in Heaven, Hallowed be Thy Name. Thy Kingdom come. Thy will be done in earth as it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation, but deliver us from evil; for Thine is the Kingdom, the power, and the glory, for ever and ever.—AMEN.

AT CLOSE.

THE GRACE of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore.—AMEN.

RULES AND REGULATIONS OF THE GENERAL COMMITTEE.

BOARD OF HOME MISSIONS.

Whereas, it is desirable for the better provision for the ministrations of the Church in the Diocese of Fredericton, that there be a systematic and permanent plan for the payment of the stipends of Missionaries; therefore resolved,—

1. That in order to encourage the established Missions to become gradually self-supporting, all grants made by or through this Society in aid of Missions (not including stipends secured to any of the elder Clergy on the Society for the Propagation of the Gospel grant during life) shall from henceforth be made conditional on the contribution by the Mission itself of a stated sum towards the Missionary's stipend.

2. That all grants made by the General Committee be made subject to these resolutions, and be distributed under the direction of the Board of Home Missions, who shall have at all times all such and like powers and rights with respect to the same, or any of them, as the General Committee of the Society would have if in Session.

3. That the Board of Home Missions annually present to the General Committee of the Society, on the first day of their meeting, a full and detailed account of all business transacted during the expired year, and also a list of grants recommended for the ensuing year, with the conditions to be annexed to each, and shall also report to the Executive Committee at each quarterly meeting thereof.

4. That on the approval by the General Committee of the grants recommended for the year, the same shall forthwith pass into operation on the basis of the foregoing Resolutions, and subject to the following regulations:

(a). The Board of Home Missions (acting in conjunction with the Lord Bishop) shall forthwith, after the annual meeting, communicate with the Wardens or other Lay Members of the Church, in each Mission, requiring them to enter into engagement (A) with the Society, to contribute the sum required of the Mission for the year.

(b). Should such engagement not be entered into to the satisfaction of the Board before the 15th day of August then next, they shall communicate with the Missionary, requiring him to give each of his congregations notice (B) of withdrawal of all payments as a Missionary receiving stipend through this Society on 1st October then next, unless the engagement be meantime completed.

(c). Should such engagement not be entered into to the satisfaction of the Board before the 1st of October then next, all payments to the Missionary's salary through the Society shall be withdrawn, and no stipend shall thereafter be payable in respect thereof: Provided that should the Missionary see fit to resign his cure, he shall, if stationed for the remainder of the year by the Lord Bishop in any vacant Mission which may be willing to comply with the terms required of the defaulting Mission, be entitled, in respect of the services to be rendered in such new Mission, to such stipend as may be agreed upon between such Missionary and the Board, not exceeding that provided for the continuation of his services in his former Mission, and upon the like terms and conditions. Provided, also, that any such Missionary, if not so appointed to any new Mission, may nevertheless be permitted by the Board, on special application, to draw on 1st of April for a sum in their discretion; but not exceeding his previous quarter's stipend from the Society.

(d). Where such engagement is entered into, the Board shall forthwith notify the Missionary, who shall thereupon (unless the terms of such engagement shall not be fulfilled as hereinafter provided) be entitled to draw upon the Society for the full amount of his quarterly salary, including therein the sum required for the quarter of the Mission itself.

(e). The amount required from the Mission may be paid either in money or produce, and shall be so paid by equal quarterly instalments at least one month before the last day of each quarter; if paid in money, the same to be remitted direct to the Treasurer, and if paid in produce, such produce to be furnished to and received by the Missionary, and his receipt in lieu of money, forwarded to the Treasurer within the time aforesaid. Provided that, if necessary, the Mission may have one month's grace to complete the payment.

(f). Should the Missionary give any such written receipt for produce, he shall keep a record thereof, and shall make his next quarter's draft for such sum only as shall be due him, after he shall be debited with such receipts in the Treasurer's books.

(g). Should neither the money nor receipts for produce, to the full amount required for the quarter, be received by the Treasurer by the last day of the second month of the quarter, it shall be the duty of the Treasurer at once to send to the Missionary and to each of the persons who shall have signed the engagement, the notice (C); and should neither such money nor receipts have been so received by the last day of the quarter, the grant of the Society shall thenceforth cease, and it shall be the Treasurer's duty at once and in like manner to send the notice (D).

If, however, the arrears be subsequently paid, the Board shall have power to renew the grant on application from the Mission.

(h). In case of the Missions where the Missionary's stipend is secured for life on the Society for the Propagation of the Gospel grant, the Board shall call on the Wardens to enter into the prescribed engagement only in case of the demise of the present Missionary; and those Missionaries shall continue to draw their stipends as heretofore accustomed,

unless any shall voluntarily come within the general system adopted for other Missions.

(i). It shall be optional with the Board to permit any Mission to make a quarterly, half-yearly, or yearly payment at any period in advance, and these regulations, *mutatis mutandis*, shall thereupon apply, generally, to any such Mission.

(k). The Board shall have full power and authority to make all such further bye-laws, rules, and regulations as may in their opinion be required for their guidance, and from time to time to alter or amend the same as they shall see fit.

5. That in every case of a Clergyman receiving a stipend through this Society, he shall be required to make to the Secretary of the Society, according to such form as the Board of Home Missions may from time to time require, a yearly return, on or before the first day of December in each year, shewing—

- (1). The general limits of his Mission.
- (2). The extent thereof in square miles.
- (3). The estimated number of the members of the Church of England living therein.

- (7). The income from such Church or Glebe Land for the year ending 1st April last.
- (8). The amount contributed therein towards the support of the Missionary, from sources other than the grant through this Society.
- (9). The number of public services on Sunday and in the week respectively.
- (10). The average congregation in each place of worship.

Which returns shall be laid before the Board of Home Missions

forthwith, and before the General Committee, on the first day of their meeting; and no grant shall from henceforth be payable to any Missionary, in default of rendering any such statement or return, so long as such default shall continue.

6. That the Board of Home Missions shall, as soon as may be, after the first day of December in each year, make up from such returns the printed returns and statement required annually by the SOCIETY FOR THE PROPAGATION OF THE GOSPEL, and forward the same, reporting specially to the SOCIETY FOR THE PROPAGATION OF THE GOSPEL, any Missionary who may be in default.

7. That those of the Clergy within the Diocese, not receiving stipends through this Society, be requested to forward to the Secretary in like manner, on or before the first day of June in each year, the returns numbered 1, 2, 3, 4, 9, 11, 12, 13, 14, 15, 16, 17, 18 and 19, in order that a complete return of the Diocese in these particulars may each year be published with the Society's Report, as hath been heretofore in part only accustomed.

8. That the Board of Home Missions, in conjunction with the Lord Bishop, shall appoint deputations of Clergymen and Laymen for each Deanery, which each deputation shall visit, for the purpose of holding Missionary Meetings in the several Missions, and taking up collections thereat (not interfering, however, with the usual semi-annual collections and annual canvass of the Mission on behalf of the Society); and further, of making enquiries as to the power of the Mission to contribute towards the Clergyman's support; such deputations reporting to the Board, and through them to the General Committee of the Society.

9. That the Board of Home Missions, in conjunction with the Lord Bishop, may further appoint special deputations to enquire into the causes of any deficiency of contributions or other pecuniary difficulties in any Mission, and shall have power to call for any returns they may think proper from any of the Parishes receiving aid from or through the Society.

10. That the Lord Bishop be respectfully requested to transmit a copy of these resolutions to the Venerable SOCIETY FOR THE PROPAGATION OF THE GOSPEL, requesting their concurrence therein.

11. The Board of Home Missions shall have power, with the approval of the Lord Bishop, to make any grant that the funds may allow, in aid of any Mission not already receiving aid, upon such conditions as they may arrange; such grant to terminate, in every case, on the first of July next ensuing.

12. That a certificate be added to the parochial agreements, which shall be signed by the representatives of the Mission, declaring that the amount given by the Mission is a *bona fide* contribution, and that no part is derived from the rent of glebes or the interest of investments—the property of the Mission.

13. That the Board of Home Missions shall have power, with the approval of the Lord Bishop, if there be available funds, to make a

grant, not exceeding \$100, to aid in the building of any Parsonage House, when it shall be certified that such grant will complete the building free of debt.

THE DIVINITY SCHOLARSHIPS FUND.

1. The Divinity Scholarships Fund shall consist of the amount already appropriated thereto, of all accumulations of interest, and of all subscriptions, legacies, collections and other contributions given to or applied by the Society for this special object; and the interest of this Fund shall be applied solely for the purposes of the second object of the Society, as hereinafter provided.

2. The Treasurer of THE DIOCESAN CHURCH SOCIETY shall, from time to time, under the direction of the Executive Committee, invest every \$500 of surplus of this Fund, and add the same to the Capital of the Fund.

3. The entire management of the Fund in all other respects shall be, and hereby is, vested in the Board of Home Missions.

4. No grant shall be made from such Fund until the Capital thereof shall, by accumulation or otherwise, have reached the sum of \$1,200, nor shall the grant or grants thereafter to be made exceed in any one year the interest on the Capital of such Fund for the year.

5. Every such grant shall be a sum not exceeding \$200 per annum, and shall be tenable for such a period, upon such terms or conditions, and at such collegiate institutions, as the Board of Home Missions shall, subject to the approval of the Lord Bishop of the Diocese, determine.

6. The choice of Divinity Scholars shall be made by the Board of Home Missions, subject to the Lord Bishop's approval.

7. The Secretary of the Board of Home Missions shall be the Secretary of this Fund, and he shall conduct all correspondence, and perform such other duties in connection therewith, as the Board may direct.

8. The above Rules may be altered only by the General Committee of THE DIOCESAN CHURCH SOCIETY, after a year's notice of the proposed change.

THE INCAPACITATED CLERGY FUND.

1. The Fund for the assistance of Clergymen who are incapacitated by age or infirmity shall consist of the capital sum of \$3,000, being the amount now specially appropriated from the Fund belonging to the seventh object of the Church Society, of all accumulations of interest of all subscriptions, legacies, collections, and other contributions, given to the Society for this special object; and the interest of this Fund shall be applied solely to the relief of disabled Clergymen of the present Diocese of Fredericton.

2. The Treasurer of THE DIOCESAN CHURCH SOCIETY shall, from time to time, under the direction of the Executive Committee, invest every \$500 of surplus money of this Fund and add the same to the Capital of the Fund.

3. The entire management of the Fund shall be, and hereby is, vested in the Executive Committee of THE DIOCESAN CHURCH SOCIETY.

4. Any Clergyman, duly appointed as Rector, Missionary, or Assistant Curate, in the Diocese of Fredericton, and being unable to discharge the duties of his office through mental or bodily infirmity, and wishing to participate in the benefits of this Fund, shall make application in writing to the Executive Committee, who shall determine each case on its own merits, and shall have power to grant such yearly pension, not exceeding \$400, as they shall see fit. The applicant shall also state the annual value of any private property, pension, or income, of which he may be possessed, or which is directly or indirectly available for his benefit; and in all cases an application for a pension shall be accompanied by a recommendation from the Lord Bishop of the Diocese.

5. Should the Executive Committee refuse to entertain the application, an appeal may be made by the applicant to the General Committee.

6. In the event of any application being favorably considered, a pension shall be granted only on condition of the applicant first resigning his cure, with all its emoluments.

7. If at any time there should be more demands upon the Fund than its income will meet, the Executive Committee may revise the whole of the pensions according to their judgment.

8. If any pensioner shall be so far relieved from his disability as to resume any clerical duty, for which he receives any settled stipend, the pension shall cease as long as he continues to discharge such duty.

9. No Clergyman shall receive any benefit from this Fund, unless he shall have served at least seven consecutive years in the Diocese of Fredericton.

10. If any pensioner reside out of this Diocese, sufficient proof of his identity and continued disability shall accompany each draft for his pension.

11. The pensions shall be paid half-yearly in advance, on the first day of January, and the first day of July, in each year; and shall commence on the first of these days which shall happen after the pension is granted, and terminate on the first of those days which shall happen after the death of the pensioner, or any other event by which such pension is to cease.

12. The above rules may be altered only by the General Committee of THE DIOCESAN CHURCH SOCIETY, after a year's notice of the proposed change.

THE CLERGY WIDOWS AND ORPHANS FUND.

1. The Church Society of the Diocese of Fredericton in the Province of New Brunswick, shall have a special Fund, to be called "THE

CLERGY WIDOWS AND ORPHANS FUND," which shall consist of the present Capital held by the Society for this object (subject to its present liabilities) of all subscriptions, donations, legacies, devises, and bequests, and other contributions given and paid to the Society for this special purpose, and of all payments received under these rules; and this Fund shall be applied to the assistance of the families of deceased Clergymen, in accordance with these rules, and to no other object.

2. Every Clergyman in this Diocese, duly licensed, whose widow is not already entitled to a pension from the SOCIETY FOR THE PROPAGATION OF THE GOSPEL, wishing to share in the benefits of this Fund, shall within six months from July 5, 1871, or within one year from receiving Holy Orders, or from his admission into the Diocese, apply to the Secretary of the Fund for a certificate, and shall thenceforth pay annually the sum set opposite his age in the annexed scale. Any applicant after such period of time, shall only be permitted to receive a certificate at the option of the Executive Committee of the Church Society, and upon such terms as they shall direct.

3. Every Clergyman, being a member of this Fund, shall make and forward to the Secretary a yearly collection from every congregation in his Parish or Mission. Assistant Curates, serving under a Rector, or other Assistant Clergymen, shall not, however, be required to make a collection but shall forward only their own annual payment. -

4. All payments and all congregational collections shall become due on the first day of January, in each year, and must be paid within thirty days. If this rule is not complied with, the certificate shall be considered as forfeited, but may be regained at the option of the Committee, and the applicant shall pay for the new certificate at the rate payable at the age when the same is taken out, according to the annexed scale, together with such sum as the Executive Committee may require in lieu of payments and subscriptions in arrear.

5. Upon compliance with the above rules, THE DIOCESAN CHURCH SOCIETY undertakes to pay out of "The Clergy Widows and Orphans Fund," a yearly pension of Two Hundred Dollars, to the Widow of each Clergyman holding a certificate, during the widowhood. Provided that in case the income should at any time be insufficient to pay the full amount of the pensions, for which it may be liable, such pensions shall be reduced by the Executive Committee, *pro rata*; provided, nevertheless, that in no case shall any pension be reduced below the sum of \$100.

6. If the widow die, or marry again, the pension shall be paid towards the support of such children of the deceased Clergyman as may be under the age of eighteen years. In this case, when the youngest child shall have attained this age, the pension shall cease.

7. The Trustees named in the will of the Clergyman shall be recognized by the Committee in the event of the death or marriage of his widow, and shall receive the pension, to be applied by them for the support of the child or children; but if the Trustees so named are

unwilling or unable to act; or if Trustees should not have been named, then the Bishop of the Diocese shall himself act, or in writing appoint a Trustee to act, in the application for the pension.

8. If the wife die before the husband, his child or children shall at his death receive the pension, under the limitation as to age expressed in Rule 6.

9. No certificate shall be issued to any Clergyman over the age of sixty years, who is not already in the Diocese at the time of the formation of these rules; but any Clergyman already in the Diocese, over the age of sixty years, and whose widow is not entitled to a pension from the SOCIETY FOR THE PROPAGATION OF THE GOSPEL, shall be admitted a member of this Fund, on making the annual payment for the age of sixty years, and otherwise complying with the rules,

10. If a Clergyman removes, with the Bishop's consent, from the Diocese, after officiating in it not less than ten years, he shall be allowed his claim upon the Fund, on continuing his yearly payment, and the amount of the average annual collection from the Parish or Mission, being a sum not exceeding Forty Dollars in all.

11. If a Clergyman is unable to continue his public ministrations, through sickness or accident, upon the production of a medical certificate testifying the same, he may continue his connection with the Fund, upon making his yearly payment.

12. Any Clergyman degraded or suspended from the ministry, or any widow or orphan who shall not be in communion with the Church of England, shall be entitled only to such payments as the Executive Committee shall prescribe.

13. The Treasurer of THE DIOCESAN CHURCH SOCIETY shall be Treasurer of this Fund, and shall, from time to time, under the direction of the Loan Committee, invest every hundred pounds of surplus money, and add the same to the capital of the Fund. A yearly detailed statement of the income, payments, and invested money, shall be published in the Annual Report of THE DIOCESAN CHURCH SOCIETY.

14. The pension shall be payable half-yearly, on January 1, and July 1, in each year; the first payment to be calculated for the interval from the death of the insured to the day of payment.

15. The Secretary of this Fund shall be appointed by the Executive Committee, and it shall be his duty to issue certificates, receive payments, donations, and collections, which he shall hand to the Treasurer every quarter, or oftener if required by him.

16. None of the above rules shall be altered, except at the Annual Meeting of the General Committee of THE DIOCESAN CHURCH SOCIETY, after a full year's notice of the proposed change.

IN WITNESS WHEREOF; THE DIOCESAN CHURCH SOCIETY OF NEW BRUNSWICK has caused its Corporate Seal to be hereunto affixed thisday of..... A. D. 18..

.....
Secretary of the Widows and Orphans Fund.

THE EDUCATION OF THE CHILDREN OF THE CLERGY FUND.

1. The Fund to assist in the education of the children of the Clergy shall consist of the amount now specially appropriated thereto (being \$1,425.79) of all accumulations of interest, and of all subscriptions, legacies, collections, and other contributions, given to, or applied by, the Society for this special object; and the interest of this Fund shall be applied solely to assist in the education of children of Clergymen duly licensed in the present Diocese of Fredericton, or of children of those who may have died, or retired with the Bishop's approval, on the ground of age or infirmity.

2. The Treasurer of THE DIOCESAN CHURCH SOCIETY shall, from time to time, under the direction of the Executive Committee, invest every \$500 of surplus money of this Fund, and add the same to the capital of the Fund.

3. The entire management of the Fund shall be, and hereby is, vested in the Executive Committee of THE DIOCESAN CHURCH SOCIETY, who if they shall think fit, may vest such management in a sub-committee at their discretion.

4. No grant shall be made from such Fund until the capital thereof shall, by accumulation or otherwise, have reached the sum of \$1,200, nor shall the grant or grants thereafter to be made exceed in any one year the interest on the capital of such Fund for the year.

5. Applications for grants from such Fund shall be made in writing through the parents or guardians of the applicant, to the Secretary of the Fund, and every such application shall be accompanied by a statement of any and all private property, pension, or income, of the parent or parents, if living, or directly or indirectly available for the support and education of such applicant, if the parent shall be deceased. The Executive Committee, or its sub-committee, may, in any case, require further statements, which shall thereupon be furnished for their information.

6. Each case shall be determined on its own merits by the Executive Committee, or its sub-committee, subject to the approval of the Lord Bishop of the Diocese.

7. In the event of any application being favourably considered, the Executive Committee, or its sub-committee, shall determine, in each case, the amount of the grant, which shall be made for a single year only, but may, at the option of the Committee, be continued for one or more years, but not after the recipient shall have reached the age of eighteen years.

8. A Secretary of the Fund shall be appointed by the Executive Committee, and he shall conduct all correspondence, and perform such other duties in connection therewith as the Executive Committee or its sub-committee may direct.

9. The above rules may be altered only by the General Committee of THE DIOCESAN CHURCH SOCIETY, after a year's notice of the proposed change.

RESOLUTIONS OF THE GENERAL COMMITTEE.

APPLICATION FOR GRANTS.

That, in future, no application for grants shall be considered which is not made on the first day of the meeting of the General Committee, or previously.

ABSENCE OF MISSIONARY.

That when a Missionary is absent from his Mission on account of ill health, with leave from the Lord Bishop, his Lordship be authorized in his discretion to pay to him the whole or any part of the sum granted for such Mission.

YEARLY GRANTS.

That all grants by this Committee, for Missionary salaries, and all sums placed at the disposal of the Lord Bishop, shall be for the service of the fiscal year in which the grants are made, and shall expire with it.

VOUCHERS.

That all vouchers for the payment of any sum of money whatever, must bear on the face of them the authority under which they are paid, and the period for which they are claimed, together with the services performed.

LIST OF SUBSCRIBERS.

That, for the future, the Clergy and other collectors of the funds of THE DIOCESAN CHURCH SOCIETY, be required, in their lists of subscribers handed to the Secretary for publication in the Report, to insert in such lists the names of such persons only as have paid the amounts subscribed.

CONDITIONS OF GRANTS.

Whereas, The grants made by THE DIOCESAN CHURCH SOCIETY from its annual income (exclusive of the grants received from the Society for the Propagation of the Gospel), are made in aid of local contributions for the support of the several Missions.

Therefore resolved, That, in future, grants from this Committee will be made mainly with reference to the ability of the members of the Church in the several Parishes to support their own Clergymen—the amount of local contributions for Church objects in such Parishes, and the sum paid in aid of the general objects of the Society.

BEQUESTS TO BE FUNDED.

That all bequests made to the Society be funded, as heretofore, and the interest only applied to the general or special purposes for which they are bequeathed.

RETURNS FROM PARISHES AND MISSIONS.

Whereas, In consequence of the limited means at the disposal of the Society, and the great necessity for new and extended work, it has become of great consequence that all local glebes, and other endowments of Parishes should be fully utilized.

Therefore resolved,—1. That the Board of Home Missions be authorized to require from the Church Wardens of every Parish or Mission receiving aid from the Society, full details of all such glebes, church lands, and other investments, yearly or oftener, as they shall see fit.

2. That if it shall appear that any part of the income from the glebes or investments held for the Rector's use, is taken to make up the sum required by the Society from the Mission, the Board may forthwith increase the amount required in proportion thereto; and in case of neglect on the part of the Rector or Church Wardens to collect the interests or rents, the Board be authorized to enquire into the matter, and, if there be sufficient cause, suspend the grant to the Mission until the management be made satisfactory to the Board of Home Missions.

CONTRIBUTIONS—HOW CHARGEABLE.

That the Secretary of THE DIOCESAN CHURCH SOCIETY be requested to furnish the Treasurer with a minute of contributions, reported from every Parish or Mission, specifying the amounts payable to general and special funds; that the amounts so returned be charged by the Treasurer to each Parish or Mission in a book to be kept for the purpose, and that a detailed statement of all contributions then remaining unpaid be rendered by the Treasurer to the Executive Committee, for their action in the matter, at the October meeting, and each meeting thereafter, so long as any amount shall continue in arrear.

SECRETARIES OF LOCAL COMMITTEES.

That every Missionary be requested to furnish, annually, to the Treasurer of THE DIOCESAN CHURCH SOCIETY the name of the Secretary of each Local Committee.

CERTIFICATES OF LAY DELEGATES.

That the certificates of the Lay Delegates be sent to the Secretary at least ten days before the meeting of the General Committee, to enable him to report to the meeting at its opening the names of those qualified, and that his report shall be accepted as *prima facie* evidence of qualification.

PRINTING OF RULES AND REGULATIONS.

That all Rules and Regulations made by the General Committee be printed in the Annual Report.

MISSIONS BECOMING VACANT.

That when any Mission now receiving aid from the Society shall become vacant, the grant from the Society shall therefrom cease, and

shall only be renewed upon application to the General Committee, or to the Board of Home Missions, and upon such terms as to assessment and grant as they, or either of them, shall consider equitable.

AID TO LOCAL ENDOWMENTS.

Whereas, It is desirable that this Society should encourage the formation of moderate endowments to take the place of grants now made to Missions throughout the Diocese, which grants must of necessity be rapidly reduced, and in many cases completely withdrawn, before very long;

Therefore resolved, That if at any time within the next three years any Mission receiving a grant from this Society shall raise an endowment of not less than Three Thousand Dollars, and shall pay the same to the Treasurer of this Society, in trust, for the payment of the stipend of the Missionary, the Board of Home Missions shall be authorized to order the Treasurer to pay into such Trust Fund, out of the Capital Funds of the Society, not specially appropriated, a sum equal to double the grant that such Mission may be receiving from the Society at the time such endowment is completed; and thereupon all grants, in aid of such Missions, shall be withdrawn and shall not afterwards be renewed.

PROVISION FOR THE RETURN OF SUCH ADVANCES.

And further resolved, That in order to provide for the return to the Capital Funds of the Society of moneys so paid, the Treasurer shall reserve and set aside out of the income of the Society each year, for four years after such payment has been made, one-half the amount of the grant that such Mission was receiving at the time the endowment was completed, and shall re-invest the same as part of the Capital of the Society.

PROVISION AS TO THE TOTAL AMOUNT OF SUCH ADVANCES.

And further resolved, That the payments made under this resolution out of the Capital Funds of the Society shall not exceed Two Thousand Dollars, until further authority shall be given by the General Committee.

RESOLUTIONS OF THE EXECUTIVE COMMITTEE.

GLEBE LAND COMMITTEE.

A Committee shall be appointed, to be called "The Glebe Land Committee," with full and absolute power and authority to demise and lease, at public auction or by private agreement, for any term or terms of years, with or without covenants for renewal, and upon such other covenants and conditions as may be deemed advisable; and to sell at public auction or by private sale, and convey in fee simple, subject to such limitations, conditions and restrictions as may be deemed advisable by the Glebe Land Committee, all and every or any, the lands, tenements and hereditaments vested in the Society under Chapter 76, 34th Victoria, or any part thereof, not heretofore conveyed by this Society; and for such purposes to advertise in any manner the said lands, or any part thereof, for sale or to lease, and also to cause all or any leases, conveyances or deeds to be prepared, and to cause and direct the Seal of the Society to be affixed to the same, also to receive the proceeds of all or any sales so made: all things to be done under this resolution, however, to be in accordance with the terms, conditions, provisions and stipulations of Chapter 59, 37th Victoria; and all proceeds of all or any sales and rents of land leased under this resolution, to be handed over or paid to, and received by, the Treasurer of this Society for the time being, to and for the uses, trusts and purposes set forth in the last-mentioned Act.

LISTS OF SUBSCRIBERS.

That the Committee on printing be requested, in publishing subscription lists in the Annual Report, to include those only which contain the names of Subscribers to the Society; and that the Clergy be requested to forward only such lists for publication in the Report.

REPORT.

1883.

After payment of all claims on the Society the Treasurer's Accounts show a considerable balance in hand at the close of the fiscal year. So far this is most satisfactory. But how has it come about? The Society still receives from the Society for the Propagation of the Gospel a large portion of the amount appropriated for the Missionary service. This most generous grant is made, without any diminution, for the current year. It will, without any doubt, be largely and continuously reduced when the present year is expired. Moreover, the favourable condition of the funds is due to the rigid determination on the part of the General Committee to limit the appropriations to the amount at their disposal, and to abstain from debt. The result from having acted upon this principle is exhibited in the Report of the Board of Home Missions. It states that there are now at least seven vacant Missions in the Diocese. To these, it is well known, many other Missions might be added. Both in these Parishes or Missions formerly occupied, and in those where a resident Clergyman is most earnestly desired, a considerable portion of the necessary funds would be supplied from local sources if the Society were in a position to render assistance.

Meanwhile, passing time is slowly but surely undoing the work and the result of the expenditure of past years,—rendering that which may be undertaken now, or in the future, very difficult, if not, in some instances, almost impracticable. Who can tell of the ills and injury inflicted on a Parish or Mission

left, even for one year, destitute of the ministrations of the Church? The sacred buildings are subjected to decay, and, worse than all, many a weary heart is alienated from the Church under a feeling of neglect, or led to wander astray in ways of error. Were all the positions referred to in the Report fitly occupied at the present time, there would still remain work in many sections of the Diocese, which the Church should be prepared to undertake, through the services of an active and zealous travelling Missionary.

This Society represents the will and action of the whole Church in the Diocese. Its position and its claims cannot be too earnestly, or too repeatedly pressed, upon the consideration of every member of the Church. Their confidence must somehow be gained and secured; their hearts and sympathy must be reached and moved. From those to whom much has been given, much must, not in vain, be required. The Society justly claims additional offerings from many who now enjoy the highest spiritual privileges, gained for them, in past years, by the very means which they are now called on to extend to others.

REPORTS FROM MISSIONARIES AND LOCAL COMMITTEES.

ALBERT—REV. J. ROY CAMPBELL.

Reports contributions to the amount of \$8.38.

ANDOVER—REV. L. A. HOYT.

“It has been stated upon several occasions that the increase of the population in this Province during the last decade has been nearly thirteen per cent., while the increase of the Church population has been little over two per cent. I have therefore thought it due the Society to give a detailed statement of the growth of the Church in my Mission, as shown by the Census Reports of 1871 and 1881. As you may miss in this statement

some Parishes which I reported in 1873, I may say that I have omitted those Parishes which have been set off as separate Missions; and only include those which are at present wholly or partially under my missionary jurisdiction.

"In Andover the growth of the population has been from 1,166 to 1,229, while the growth of the Church population has been from 288 to 389; thus, while the population has increased 5 2-5 per cent., the Church population has increased 38 3-5 per cent.

"The population of Perth has grown from 747 to 1,683. The Church population has grown from 57 to 96. Here we find that the increment of the Parish, through the Presbyterian immigration, fostered by the Government, is 125 per cent., while the increment of the Church is 68½ per cent.

"In Gordon the Census of 1871 was so manifestly incorrect that no estimate can be made. The increase of the Church, however, has been considerable, and, I should think, an advance upon the total increase.

"Grand Falls has, since 1871, been divided into Grand Falls and Drummond, and has increased from 1,849 to 3,035. The Church in this Parish has increased from 355 to 592; which gives the Parish an increase of 64 7-10 per cent., while the increase of the Church is 66 9-10 per cent. If, however, we add the 260 Lutherans which the Danes claim should be placed to our credit, the Church population will have increased 140 per cent.

"The growth of the Parish of Kent has been from 2,010 to 3,011, while the Church has grown from 43 to 100; showing for the Parish an increase of nearly 50 per cent., while the Church's increase amounts to 132 3-5 per cent.

"Aberdeen has increased in population from 851 to 1,399, while the Church in Aberdeen has increased from 123 to 193; making for the Parish an increase of 64 1-10 per cent., and for the Church an increase of 56 9-10 per cent.

"Peel reports as the growth of the Parish from 930 to 1,192, and as the growth of the Church from 26 to 90; or for the Parish 28 per cent., and for the Church 246 per cent.

"Thus in the seven Parishes which I have noted the increase of the total population has been not quite 53 per cent., while the increase of the Church population in this district has been a little over 86 per cent.

"I have taken up so much time with this detailed statement that I cannot dwell upon other work in the Mission. I may

say, however, that a new roof has been placed upon St. George's Church, and a cabinet organ purchased and paid for by the congregation at Four Falls, now one of the most promising congregations in the Mission.

"The Bishop Coadjutor paid us a visit on the 5th ult., in the interest of the Society. As an instance of the amount of good effected, I may say that although the following Sunday was rainy, so that only about thirty were present, the offering amounted to \$5.50.

"I must now allude, in conclusion, to the relations between the Diocesan Church Society and this Mission of Andover. You will remember, in my Report of 1881, that I stated my determination to withdraw my contribution to my own salary; and drew the attention of the General Committee to the fact that a constant increase of guarantee would necessarily close the Mission. The people, for that year, made an extra effort to avert this calamity, and so nearly paid the required amount that I was willing to overlook the deficiency, and keep the Mission open another year. The past year I could find only two persons in the whole Mission, who very reluctantly consented to sign the required guarantee. As those gentlemen have been called upon to pay a sum beyond what they feel they can afford, to make up this year's deficiency, they positively refuse to sign the guarantee this year, and there is no one in the Mission to take their place. As a consequence, the connection between the Mission of Andover and the Diocesan Church Society must cease. As for the future, I have been trying to make the *Parish* of Andover self-supporting; and if arrangements can be made, satisfactory to the Bishop, the Parish and myself, I shall remain here, otherwise I shall remove to some vacant self-supporting Parish, or accept one of the invitations which I have received to other Dioceses.

"The originator of this scheme has called it a lever,—one of the most appropriate figures he could have used. The Missions have been the weight to be raised; the Board of Home Missions have been the power, and the Missionary Clergy the fulcrum. For twelve years the power has been faithfully applied to its end of the lever,—steadily has that end of the lever been settling. But whether the weight has been proportionately raised the Missionary Clergy best can tell. I, for my part, can only express my thanks that circumstances have forced me from under the point of pressure.

"Contributions amount to \$7.00."

BATHURST—REV. W. H. STREET.

Reports contributions to the amount of \$100.00.

“I am sure the good and earnest words spoken by Brothers Forsyth and Hiltz, at a Missionary Meeting lately held in this Parish, will not have been uttered in vain. While the ‘Occasional Papers’ assist the people generally in understanding why they should give, and also explain how the funds of the Society are administered.

“The long and anxious struggle to complete our new and handsome Church, I may safely say, will (D. V.) soon be over. Old hindrances will then, I trust, have passed away, and the conscious shame and reproach of worshipping in an unworthy structure give place to joy and thankfulness in the consecration of a ‘house of prayer’ in some way worthy of such sacred use. In connection with this good work I have often referred to the zeal and industry of the ladies, and will only add that we never could have succeeded had we depended on local resources independent of such willing workers.

“To the Society for ‘Promoting Christian Knowledge’ we are greatly indebted for a handsome grant of fifty pounds sterling, to be drawn when the conditions of such grants are fulfilled.

“There have not been wanting thoughtful gifts from friends elsewhere; and in years past, ere the foundation of the building was laid, his Lordship the Bishop of Fredericton generously assisted.

“When one views the destitution of some portions of the Church’s field in this Diocese and elsewhere, where the means of grace would seem to be things of the past, we cannot be too thankful that even one solitary Missionary is spared to spread his scanty labours over a vast field like this, which ought to embrace a whole County, were he made of iron, and himself and horse in perpetual motion. To give some idea of work which occasionally falls to my lot, I may mention that lately I left Bathurst on a Saturday afternoon, held two services the following day at ‘Carquette,’ forty miles from my residence, and on the evening of the same day proceeded twenty miles further to ‘Shippegan,’ over roads as rough as can be imagined. This trip involved an absence of almost a week from home. In such journeys there are many scattered sheep to be visited, and the Holy Communion often administered to the sick and dying. Were any lukewarm Churchman to hear the cry for

the Bread of Life, which so often greets the ears of the solitary and overworked Missionary, I am sure he would be stirred to sacrifice somewhat of his ease and luxury, and assist in providing for such wants.

“A line of railway is now spoken of as likely to be soon undertaken, connecting Bathurst with the distant points of ‘Caraquette’ and ‘Shippegan.’ This, no doubt, will be a means of opening up that County, and making communication so much more easy. The Church’s opportunity will be to provide, if possible, for more frequent ministration than can at present be supplied.

“At ‘New Bandon’ and ‘Salmon Beach’ I hold services every third Sunday — travelling 32 miles on those days — with three services. I may mention that, during the summer months, the Presbyterians send from some of their Theological Colleges, students, who spend their vacation in providing services for their people at ‘New Bandon’ and ‘Caraquette’ until late in the ‘Fall.’ Had the Church such provision, how much might be done to keep our people together, who at intervals are scattered as sheep having no shepherd.”

BRIGHT, &c.--REV. W. LEB. MCKIEL.

“In the Parish of Southampton there is no Church building, and service has to be conducted in a Union place of worship and in school houses; while in Queensbury there are two Churches closed because there are no congregations to worship in them. This is but an illustration of the fact that in the country districts the Church in one decade may be in a flourishing state and in the next—through emigration to the West and removals—may be poverty stricken.

“In Temperance Vale, Waterville, Nortendale, and Millville, in Southampton, there are a number of Church people, who thankfully embrace the opportunity of attending the services of the Church, and to serve them one change has been made in the order of services as given in my report of last year, viz.: when there is a fifth Sunday in a month, I give them the benefit instead of going to Bear Island, Queensbury, as formerly.

“In Caverhill some very needful repairs will be made upon the Church building this summer.

“In Bright, at St. Paul’s, Upper Keswick, the Church is gaining ground constantly. Last winter the Church was furnished with a supply of new lamps, and the Wednesday evening

services begun in Lent are still continued and well attended. An extempore lecture, giving instruction concerning the Church and the Book of Common Prayer, is given at every service.

“Sunday Schools are in operation, and in them the young are being taught and trained. With the liberal aid of the Coadjutor Bishop a new Sunday School library has been bought for the Sunday School in New Zealand, in the upper part of Bright. A new fence has been put up around ‘All Saints’ Church, Bright, by Mr. Abraham McKeen at his own expense. Mr. John McKeen and Mr. Abraham McKeen have furnished the Rectory with a year’s supply of wood. In the early winter Mr. John McKeen paid his party of men for cutting it, and in the spring a party of volunteers came over from Keswick and cut and hauled to my yard a liberal supply. This spring Mr. Henry Miller also came from Lower Caverhill, bringing with him a supply of seed oats and potatoes, which he also planted for me. On the 10th of May the lot of land situated on Dozen Ridge, given by the New Brunswick and Nova Scotia Land Co. to the Rector, Church Wardens and Vestry of Douglas and Bright, was sold at public auction for \$150. The money, together with the money lying in the Dominion Savings Bank under the name of ‘Douglas Endowment Fund,’ making a sum total of \$372.45, has been invested by the Rector, Church Wardens and Vestry in a lot of land on Keswick Ridge, near All Saints Church. In order to secure this property for the Church the further sum of \$104.55 has yet to be raised, which the Church Wardens and Vestry, by formal resolution at a public meeting, have undertaken to do this summer—one-fourth of the amount being promised at the time of the meeting by the Rector and Church Wardens. This investment, which is for a local endowment, will yield a yearly interest at once of \$50.

“Candidates for confirmation are receiving instruction, and the Coadjutor Bishop will visit us this summer to administer the rite.

“Contributions not yet made up—will probably be the same as last year. We have suffered from the removal of families.”

BURTON—REV. W. GREER.

“I beg leave to report to the Society that the subscriptions and collections for its general fund from this Parish amount to

\$111.43, which is an increase of over \$10.00 on the amount sent in last year. I would like to add that every endeavour is used by me to bring the claims of the Diocesan Church Society before *all* the Church families in this Parish, and to impress upon them the *necessity* and *duty* of contributing to its funds.

"On May 31st we had the pleasure of a visit from the Right Reverend the Bishop Coadjutor, who gave an able address in the Temperance Hall, Oromocto, on behalf of the D. C. S. The meeting was concluded by the singing of the hymn 'Who Givest all,' which was heartily sung, after which the Bishop gave the blessing. The collection amounted to \$2.02.

"Much praise is due to the ladies of the Sewing Society of this Parish. They contributed largely through their indefatigable energy to the purchase of the Rectory two years ago. Since that time they have turned their energies to the formation of an Endowment Fund for this Parish. In July, 1882, they held a strawberry festival and sale of work at Belmont, the residence of His Honor the Lieut. Governor, which realized ninety dollars. They are now hard at work preparing for another sale and festival, to be held at the residence of Gerhardus Clowes, Esq., Oromocto, next month (July). Let me here acknowledge, with many thanks, a donation of twenty-five dollars from the Rev. Richard Simonds, the former Rector of this Parish, towards the Endowment Fund; and also ten dollars from T. W. Daniel, Esq., of St. John, towards the same object. These gentlemen are ever ready to further work of this kind, and we heartily thank them for their thought of us. The completion of this Fund is yet some distance away in regard to time, but should any friends be desirous to assist us, Mrs. Greer will gladly receive their contributions and have the money deposited in the Savings Bank.

"Last October, some friends of mine in England sent me a box of work. I was thus enabled to present to St. Paul's Church, Burton, a super-frontal of crimson cloth, richly embroidered, and a pulpit-hanging of the same. Before this, the altar had no covering. To St. John's Church, Oromocto, I gave a green cloth frontal, embroidered in *applique*, and a *long kneeler*, worked with passion flowers on a dark green ground, for the altar rails; also a kneeling-mat and pulpit-hanging. These gifts have greatly beautified the interior of the above churches.

"With regard to my Sunday ministrations, the plan of the services is the same as last year. On the first and third

Sunday of the month there are morning and evening services in the Parish Church (St. John's), Oromocto, with an afternoon service at St. Paul's Church, Burton. On the second and fourth Sunday there is service at the distant stations of Rusiagornish and Victoria, respectively, with one service at the Parish Church. When a fifth Sunday occurs, there is morning service, with a celebration of the Holy Communion, at St. Paul's, Burton, and evening service at the Parish Church. The Holy Communion is celebrated in the Parish Church on the first Monday of the month, Easter Day, Ascension Day, Whitsunday, and Christmas Day; and quarterly at Rusiagornish and Victoria. At St. Paul's, Burton—besides the celebration when a fifth Sunday occurs—there is also a quarterly celebration.

“On the Wednesday evenings during Advent, and the Friday evenings during Lent, there was an evening service at the Parish Church, with a sermon. These services were fairly well attended. Also, during the six months from May to November, there is service on Friday evening. At Victoria Settlement there is a week-day service once a month, besides the Sunday service.

“I need not dwell on the Pastoral part of the work, for the members of the Society will readily understand how in a large and widely scattered Parish like this, pastoral visitation and the visitation of the sick must, of necessity, occupy a very large portion of the clergyman's time, work and thought.”

CAMPOBELLO—REV. HENRY H. NEALES.

“We are able to congratulate ourselves upon having had three Episcopal visits during the past year—two, of short duration, from the Metropolitan, and a call from the Bishop of Maine.

“During the months of July, August and September, the Island was visited by a large number of Americans, a fair proportion of whom fully appreciated the privileges of frequent services in our beautiful Church. Through the kind interest and large hearted generosity of some of these, aided by the efforts of our own people, about \$2,000 have been secured for the purpose of building a new Rectory. This is needed, as the present Rectory is quite unfit to live in during the winter months. The Campobello Company have generously given the Parish a lot upon which to place the Sunday School House,

and also an acre of land, pleasantly situated near the Church, for the new Rectory. The house is to be finished by the 21st of August.

The Church has been thoroughly cleaned and painted inside and out, and the Sunday School House put in repair. The offertory funds have been sufficient during the year to pay current expenses. Last, but not of least importance, the local committee is able to send for the general purposes of the Society \$105.25, besides \$26 from the Mission boxes.

“But the true work of the Church, it is well for us to bear in mind, is to win souls from the world to the love and service of Christ, and to lead them up to the ripeness of spiritual manhood. Of this work in the Mission I can say but little. I can only trust that the earnest prayers of many may, in God’s good time, be answered, and the spiritual life of the Parish be commensurate with its spiritual privileges and opportunities.”

CAMBRIDGE.—REV. C. H. HATHEWAY.

The appointment to this Mission has only lately been made.

CANTERBURY.

Contributions from Rev. T. Hartin and family amount to \$5.50.

CANNING.—REV. C. H. HATHEWAY.

“The work in the Parish of Canning has gone on slowly, and with some signs of success. On July 23rd, Bishop Kingdon was with us, and preached three of his pointed and encouraging sermons, which were listened to by a large congregation with marked attention. For the afternoon he preached on Confirmation, and said he would come again (D. V.) about the end of September and administer that sacred rite to those who wished to receive it. A Confirmation class was started, and seven candidates were under preparation, but when the time came for his Lordship’s promised visit we were much disappointed, for, on account of his sad illness, he was unable to come. However, we are still hoping that he will soon be with us.

“The Church at Douglas Harbor has been shingled, and would have been plastered (for all the materials were ready),

but the mason disappointed us. A vestry has been made inside the Church, and the altar has been covered; the pulpit, also, has been the recipient of a handsome banner.

"The glebe land belonging to the Church is now in the possession of the Wardens, and has been leased this year for \$22.50.

"On Sunday evening, Sept. 24th, I baptized two adults in the Church. With two or three exceptions, there has been two services held in this Church on the second and fourth Sundays of each month, with an average congregation of about thirty-five. The Church has met with a heavy loss in the death of our earnest worker and faithful friend, Mrs. Forshay.

"At Newcastle, where is the Parish Church, the Rev. Geo. H. Sterling, Rector of Mangerville, holds two services the first Sunday in each month, while I am in Mangerville; then, on the third Sunday, I go to Newcastle, which gives them fortnightly service. The people there, though now few in number, are working hard to raise sufficient means to purchase a bell for their Church.

"At Sypher Settlement I baptized two children, and at Salmon Creek Settlement I baptized two more children, and here I found a few remaining faithful to the Church, although they have not had any service there for a number of years. In this Settlement, notwithstanding that many of the men were away to the woods, we had at the first service over forty, and on the following evening over seventy were present at the baptism. Sad indeed it is that there are some who wish for all the privileges of the Church to which they profess to belong, but are unable to enjoy them, because there is not sufficient funds to establish the Parish of Canning as a separate Mission.

"At Bathmore, where I held several services, I found the people taking great interest in the Church; and last Sunday, after the afternoon service, about twenty-five young folks accompanied me about two miles to a colored man's house, where I had the pleasure of enrolling four of his children as 'members of Christ, children of God, and inheritors of the kingdom of heaven.'

"It is the wish of the Metropolitan that I should leave this Mission and go to Cambridge; but in doing so, I once more wish to thank all the people for their kindness to me, and wish them God's speed and prosperity for their future welfare."

CHATHAM.—REV. D. FORSYTH.

Reports contributions amounting to about \$165.00.

“I am glad to report an increase of over \$100 in contributions to the Diocesan Church Society from this Parish. This will be regarded as a substantial evidence that the claims of the Society are more and more suitably remembered by the Church in Chatham.

“In April last, his Lordship the Bishop Coadjutor visited us, and, in company with the Revs. Canon Medley and J. R. Campbell, earnestly and ably advocated the cause of our Home Missions. The same cause was heartily espoused at the several meetings held by his Lordship, in the addresses of earnest Parishioners who were present. At a subsequent meeting, the interests of the Society were further considered with particular reference to the collection and distribution of the annual contributions in the month of June in the present year. Since our Parish has been self-supporting, it has been the custom to retain, for parochial uses, from the whole sum collected annually, \$220, which was the amount of the grant formerly received from the D. C. S., and which was much more than one-half of the whole sum collected. At the meeting referred to, it was considered advisable, in view of the great needs of the Society, to devote one-half of the whole sum contributed to the General Mission Funds, and to undertake to make provision for our local wants accordingly. The plan of collecting the contributions in envelopes at the Sunday services (so desirable and practicable where all faithfully attend the duty of public worship), and which had been adopted in the two preceding years, having been attended with some disadvantages on account of contributors not being present or not being effectually reached without personal application, the former method of collecting the subscriptions from house to house, in addition to the two usual half-yearly Sunday offertories, was

employed. The Parish was divided into districts, for each of which collectors were appointed by the Rector, and who were provided with books in which were entered a copy of the resolution of the meeting before mentioned, concerning the appropriation of the contributions, a statement of the whole amount raised last year, and the amount devoted to the D. C. S. General Fund. With indefatigable zeal, worthy of all commendation, the collectors entered upon and carried on their work with the result already mentioned.

“With a view to the yet more effectual support of Missions, and to encourage the performance of the important duty of systematic and proportionate giving to religious objects, the formation of a Parochial Missionary Association, on the plan employed with success in the Diocese of Toronto, has been considered. It is in contemplation to employ such an organization during the coming year, in the hope that a good report may result. The plan proposed is to assign to district collectors the periodical—say monthly—solicitation of such sums as contributors can afford, the whole amount of which may be devoted, at the end of the year, to the objects intended. In connection with such an organization, missionary periodicals may be distributed, thus furnishing information, the lack of which, it is to be feared, is a serious hindrance to the growth of a missionary spirit among Churchmen everywhere. That there is need of every instrument being employed which may help to remedy an absence of interest in Missions and inspire a sense of personal responsibility, is evident from the many very small contributions opposite the names of many who are able to give, in the Annual Report of this Society.

“During the past year about thirty-five Mission Boxes have been distributed among the children of the Parish, and I hope a good report thereof will be made to the Mission Box Committee.

“Since my last annual report, nothing of especial noteworthy here has occurred in connection with the ordinary routine of Parish work. Sunday services, parochial visiting, and daily public prayer have been, I am thankful to say, continued without interruption. Last Lenten season old St. Paul’s Church, situated three-and-a-half miles out of town, was lighted for week-day evening services for the first time in its existence (about fifty-eight years), and good congregations came to the Thursday evening prayers and addresses.

“In September last, ‘The Young Women’s Guild of St.

Mary and St. Paul' was organized, and has since then met on an afternoon in each week to engage in work, the proceeds of which are devoted to religious and charitable purposes. The objects of the Guild are :

"1st. To keep each other in mind of their Baptismal vows, which we solemnly renewed and ratified in our Confirmation.

"2nd. To help each other to live up to and in the enjoyment of all our privileges as Christians.

"3rd. To set apart a certain portion of our time for direct work for Christ's Church, and to encourage others to do the same.

"In August last we had the great pleasure of welcoming his Lordship the Bishop Coadjutor to this Parish, for the first time. In connection with the event, a conversazione was held at the Rectory, under the auspices of the Rector and Church Wardens, assisted by a zealous Committee of the ladies of the Parish. A large representation of the parishioners came to welcome the Coadjutor of our revered Metropolitan, and the Rector, in their name and in his own, wished his Lordship God speed in his new field of labour. His Lordship expressed his grateful appreciation of the kind welcome he had received. Late in the autumn we were rejoiced to see in our midst the venerable Metropolitan, whose presence is always so full of refreshment.

"In April last, the first annual service of the Deanery of Chatham Choral Union was held in St. Mary's Chapel in this Parish. The service, which was a great success, was attended by His Lordship the Bishop Coadjutor, who preached the sermon, and also by the Rev. Canon Medley, conductor of the Kingston Choral Union, and by other Brethren from the Deaneries of Shediac and Kingston, who, on invitation, kindly came to assist the Brethren and Choirs of the Chatham Choral Union in 'singing the songs of Zion.'

"Without further details of parochial work, I respectfully submit the foregoing account of our last year's proceedings, in the hope that they may be worthy of the commendation of the faithful and 'abundant in many thanksgivings unto God.'"

DERBY.—REV. AUG. F. HILTZ.

"The first event worth recording in connection with my Parish work since the presentation of my last report was the

visit of the Bishop Coadjutor of the Diocese, who held Confirmations in both the Churches under my care in August last. At Blackville, the unfavourable state of the weather, combined with the long distances which some of the candidates had to travel in order to reach the Church, largely reduced the number who were to have presented themselves for the 'imposition of hands,' and, as a consequence, only six were confirmed. At Derby matters were more encouraging, the number (nine) being above that of other years; although, in consequence of a variety of causes beyond control, there were many less than had been expected.

"Immediately after His Lordship's visit, the ladies connected with St. Peter's, Derby, held a tea meeting and apron fair for the purpose of raising money to improve the Rectory premises, and the handsome sum of \$150 was realized.

"In April last the Coadjutor paid us another visit, and this time in the interest of D. C. S., addressing a good audience in the Temperance Hall. Persons of all religious denominations in the place took a very general interest in the meeting, and the collection taken up amounted to \$7.25. This does not, however, by any means represent the interest created in the work of the Society by His Lordship's visit, which is now bearing fruit in the increased subscriptions in this Mission. This is all the more encouraging, when we consider that the Parish has undertaken the increased responsibility of procuring a new organ, at a cost of \$140, a considerable portion of which is already in fund. It is but just, however, in this connection, to state that we are indebted to the choir of St. Andrew's Church, Newcastle, and some other ladies and gentlemen of the same place, who lately gave a concert in Derby in aid of the fund for this object, and realized \$34.00.

"The members of the Church in the Parish of Blackville, last summer, held a pic-nic for the purpose of obtaining means to repair their church. The proceeds of this undertaking was \$200, which, supplemented by the previous gift of \$30 from the Lord Bishop of the Diocese, enabled them to repair thoroughly the exterior of their Church, and have a small balance in hand. This small balance was further increased by holding a Christmas Tree, the proceeds of which, added to what they had in hand, amounted to \$110, with which it is designed to paint and otherwise improve the interior. The work has been begun, but owing to some difficulty in procuring suitable workmen, it is not yet completed. In addition to

this, the sum of \$47 has been expended the past year in procuring a carpet for the sanctuary, new altar, and super-frontal for the same, lectern and prayer desk.

“The Mission room at Nelson has been made more comfortable by re-papering the walls, procuring new blinds and lamps, and carpeting the sanctuary. The old organ used in the Church at Derby was lately added to its furniture, and the music, I trust, will soon be much improved and the services thereby greatly brightened.

“The exact amount of contributions to the General Fund of the Society is \$153.46, the largest sum yet contributed by this Mission at any one time.”

DORCHESTER.—REV. J. ROY CAMPBELL.

“I have the great pleasure of reporting herewith a free-will offering from this Parish of \$223, for the general purposes of the Society; which, together with \$21.20 for sermons, and \$44.98 in the Mission Boxes for January and July, give a total of \$289.18 since my last report, or about \$50 more than last year.

“Since I wrote last to you, we have completed in a business like manner our first year of being self-sustaining; thirty-five persons have been confirmed; the communicants’ roll numbers eighty; a Church-like fence of stone and iron has been built; the Church has been made free in the evenings; double pews are being made single, and single pews are being liberated; and the Parsonage is being greatly improved. And, in all these works, I find the Church Wardens and other parishioners ready to assist me both with their time and their means. So we thank God and take courage.

“I may add that I spent the first week in June in Albert County. I visited the Parishes of Hillsborough, Albert, and Harvey, holding services at Hopewell Corner, Riverside, and Hillsborough, which were attended by an average of one hundred and twenty persons; and I am of opinion, based upon personal enquiry and observation, that, with the Divine blessing resting on the faithful work of a prudent, faithful and well learned man, the County of Albert is a field that is white already to harvest.”

FR. EDERICTON.—REV. G. GOODRIDGE ROBERTS.

Contributions: W. and O. Fund, \$7.10; for general purposes, \$1,235.31; total, \$1,242.41.

GAGETOWN.—REV. JAMES NEALES.

Reports contributions amounting to \$55.94.

“Since my last brief report to you, various incidents have occurred of great interest to us, which, though noticed at the time in our Church paper, seem to require mention in this report to the Society.

“An excellent and valuable organ has been placed in our new Church by the kind liberality of Mrs. Weldon, of Fredericton. In August last the Bishop Coadjutor visited us, to attend a meeting of the Clergy of the Deanery, and subsequently to hold a Confirmation, at which twenty-six persons were confirmed and added to the number of our communicants. Our congregations are much larger in our free Church than under the old pew system, and the number of communicants has greatly increased since we have had a weekly celebration. The Sunday School, under the superintendence of my eldest daughter, continues to flourish, through the devoted attention of the female teachers; for one great difficulty in carrying it on, as in other good works in the Parish, is the constant migration of our young Church members from this quiet village to busier scenes of occupation, where more employment and larger remuneration await them.

“After a quarter of a century’s pastorate here, I have great reason to be thankful for the continued tokens of love and kindness which I receive. A most generous donation of useful household furniture, placed in the Rectory last autumn, was, later on, supplemented by the gift of a warm winter overcoat for myself, from other kind friends and parishioners.

“The collectors for the D. C. S. have not yet sent in their subscription lists, so I cannot tell you what amount to expect, and can only hope that it will not fall behind previous years. Financial matters are the most discouraging that we have to contend with here, aggravated by the miserable harvest of last year, but really and permanently affected by the altered circumstances of the Parish—most of the wealthy old families which were formerly supporters of the Church having disappeared. Our present congregation, though large in numbers, is principally composed of persons of limited means; but so our Divine Master’s intention is fulfilled, and ‘the poor have the Gospel preached unto them.’”

GRAND FALLS.—REV. HENRY JONES.

“Services have been held in the Church at Grand Falls since last July, 1882. Previous to that time, for several years, no regular services had been held. It was at first proposed to unite Grand Falls and Little River Mills, giving each place one service every alternate Sunday, but this plan did not commend itself as very desirable, the Grand Falls people wishing naturally to have one service *each* Sunday. An effort was made amongst the Grand Falls people to raise the whole amount asked by the D. C. S.; the amount was pledged, and a weekly service secured, much to the satisfaction of both clergyman and people.

“In the early part of the winter the stove funnel and drum fell to pieces with very age and decay. Iron having to be ordered from St. John to make the necessary repairs, the Church had to be closed for a couple of Sundays. Some unfriendly correspondent of a St. John paper stated that the Church was closed on account of a quarrel amongst its members, or words to that effect. What influence the quarrel had on the funnel I do not pretend to understand. It is the first recorded case of the corroding effects of strife upon material substances. In due time the funnel and drum were repaired, and the expenses thereof paid out of the Church funds.

“The Church, being vacant for some years, needed very many repairs. It was resolved to attend to the most urgent of these, and *all*, if funds would permit. At the Parish meeting the matter was fully discussed, committees appointed to solicit subscriptions, and to superintend the work. As the result, the Church has been newly shingled, and as soon as a painter can be obtained, will be painted both outside and inside. The windows have also been remodelled, so as to admit being opened for the purpose of ventilation, more especially necessary in the hot summer season.

“In this connection, I ought to mention that through the gifts of two young ladies in the Parish, the Church has been presented with a nice new altar cloth, to replace the worn and faded one now in use; and also a set of shades, or blinds, for the windows, to take the place of the old ones, soiled and torn by years of wear.

“The Parish of Grand Falls is small in numbers, and, in this world’s goods, poor. There are about twenty-five families in connection with the Church, chiefly farmers, none rich,

many quite poor. Considering their means and numbers they have done much better, I venture to say, than most Parishes. The collections for the D. C. S. are small—only \$10.08; but this is partly owing to the fact that they had but recently been called upon to subscribe to the fund for the repairs of the Church, and partly to the fact of an imperfect and hasty canvass.

“In conclusion, I wish to record my testimony to the cordial manner in which I have been received by all classes of the people, and the invariable kindness and hospitality with which I have been received into their homes.

“With regard to the spiritual growth of the Parish, I cannot say much. I trust the seed sown has been neither barren nor unfruitful; known to God only are the secret springs of life. He only can pierce the surface-life and read the heart. God grant that when they are thus viewed they may be approved in His sight.”

GRAND MANAN.—REV. W. S. COVERT.

“The Metropolitan visited Grand Manan in August, 1882, and confirmed seven persons: nearly all these have become communicants. His Lordship has given us large and generous assistance in procuring Church furniture for the new Church at North Head. Church work in the Northern district is very encouraging, and a good deal of attention is paid to Church music.

“The evening congregations in the Parish Church at Grand Harbor have recently increased considerably. Our contributions for the D. C. S. are in advance of former years, and we have made a slight acknowledgment of our obligations to the S. P. G.

“Contributions amount to \$27.50.”

GREENWICH.—REV. D. W. PICKETT.

Reports contributions to the amount of \$75.73.

“The amount of contributions from this Parish has increased this year more than 50 per cent.

“On the 15th August last, the Parish was visited by the Right Rev. the Bishop Coadjutor, when twelve candidates were presented for Confirmation. On the evening of the same day a meeting of the parishioners was held in the Parish

Church, at the request of a deputation from the Board of Home Missions, the result of which has been that the requirements of the Board have been so far complied with.

“The new Church now building at the lower end of the Parish is not approaching completion as rapidly as I could wish, as the people have been up to this time depending upon their own limited resources, and some difficulties have occurred to cause delay in the work, which I hope may be removed before the autumn.

“The Parsonage has been insured, and to some extent repaired, through the instrumentality of the Ladies’ Church Aid Society.

“Three Sunday Schools are in operation through the summer months, in which work valuable assistance has been received from some of the District School Teachers in the Parish.

“Services have been regularly maintained at Saint Paul’s Church, Oak Point, and also at Wesley Hall, where the congregation is always large and attentive, and where the necessity of having the new Church soon completed is every week more apparent. At Morgan’s, in the Parish of Petersville, a border district, where the people have always looked to Greenwich for their Church ministrations, fortnightly services have been held, and during the winter, when the river could be crossed, I have made occasional visits to Wickham.

“Total contributions for Church purposes during the year ending December, 1882, amount to nearly \$600.”

HAMPTON.—REV. CANON WALKER.

Reports contributions to the amount of \$150.37.

KINGSTON.—REV. H. S. WAINWRIGHT.

“Last year there was no report from this Mission; but, in compliance with the printed request of our revered Bishop, I herewith submit the following report:

“I have endeavoured, as much as was in my power, to perform the duties devolving upon me as a Missionary of this large and sparsely inhabited Parish. The year now closing has, for various reasons, been one of singular discomfort to me. Of the fifty-three Sundays it embraces, I find, on reference to my day-book, that twenty-four of them have been stormy; and a

stormy Sunday in this Parish, where the congregation have to come from long distances, means an almost empty church. Yet, of the three services every Sunday, I missed but thirteen—five at St. James', four at St. Paul's, and four at Clifton. I have never experienced worse roads than those I have had to travel over this spring—notoriously the road between Moss Glen and the Reach, to pass over which, though but four miles long, has taken me the better part of an hour and a quarter, and my horses are not snails; and weary and worn and sad have I been at the end of such journey.

“On Tuesday, August 22nd, a deputation from the Board of Home Missions, consisting of the Revs. G. M. Armstrong and Canon Medley, and Wm. M. Jarvis, Esquire, visited us, holding rather informal meetings at White's Point and Clifton, and also at Trinity after evening service. I trust that the few who had the pleasure of listening to them received permanent benefit therefrom. No meetings were held at St. James' and at Midlands, which was a matter of regret to me personally. The deputation, after a day's hard labour and a night's rest, left us the next day.

“On Sunday, the 24th of September, an unusually bright and sunny day, we were cheered by an official visit from the Coadjutor Bishop. A large congregation from all parts of the Parish were drawn to old Trinity, and listened with unfaltering attention to his fervid words of wisdom and counsel to the candidates for the Holy Apostolic rite of Confirmation. The holy rite was then administered to thirty-four—sixteen males and eighteen females—who, with two or three exceptions, made their first communion, swelling the number of communicants on that occasion to 151.

“On the matter of presenting candidates for this rite I have endeavoured to exercise great caution, lest any should be urged to come forward entirely ignorant of the solemn vow they are about to renew; for several instances have come personally under my notice during the past year, which justify me in saying that clergymen, as a rule, cannot be too painstaking and too careful in this matter; and as for myself, I would rather present five or ten well prepared and serious persons than fifty or a hundred who have given the matter but little thought. And for several weeks before the Bishop's coming, in the pulpit and out, on Sundays and week days, by holding classes for instruction, and by private interviews, I have striven to keep this most important step in Christian progress before the minds

of my people. In the evening of that day, though not a little exhausted from the arduous work of the morning, and feeling the symptoms of that illness which laid him low at Fredericton a week or two later, the Bishop kindly accompanied me to St. James', and there edified us all by another able address. The next morning he 'took shipping' for Fredericton, and thus ended one very bright chapter in our year's history.

"On the 20th of the same month, my dear Brothers Medley and Talbot came to my assistance, and gave awakening and effective addresses at evensong in St. James', and the next evening at St. Paul's. I take this opportunity for publicly thanking them for their kindness and trouble.

"In October, St. Paul's Church was closed for much needed repairs; and up to date I have been holding services every third Sunday in a Hall close by.

"Mr. Richard Wetmore, a Warden and licensed reader, has, since November, been holding services in that district, so that the congregation meet together for worship twice instead of once every three weeks. My thanks are due Mr. Wetmore, who, living at Clifton, six or seven miles away, is at no little trouble and expense in getting to White's Point, and whose services are entirely gratuitous.

"St. Paul's has been newly plastered; the end gallery removed; the two 'sentry boxes' flanking the Holy Table taken away, their places being occupied by two screened recesses, and on the platform outside the 'rails' are a pulpit, lectern and reading-desk. One hundred chairs have been ordered to replace the heavy, awkward, tottering forms that filled the body of the Church. We hope to have the Church ready for service on the second Sunday in July.

"To the Hall in Clifton, for our use, a dozen chairs were presented by a Churchman in St. John, and thankfully accepted by us; and in place of an ungainly high desk from which the prayers were said, lessons read, and sermons preached, a very neat prayer-desk and convenient Bible stand were substituted, through the exertions of a faithful brother who, in March last, entered into rest.

"For St. James', this Spring, a sweet-toned Chapel Organ (New Dominion Co. make), was purchased and paid for by the exertions of some energetic members of that congregation, the money for the same being raised by subscription and Knitting and Mites Society. And the ladies in the upper part of the Parish presented, at a special service in October last, three

handsome three-light chandeliers and two bracket lamps to Trinity Church.

“Nor must I forget to add, that on the evening of the 18th of the same month, we were surprised and taken by storm by a host of friendly parishioners from Clifton, who, when they departed, left with us many useful and ornamental gifts, etc., as substantial evidences of their good-will.

“I have now given some of the more salient events of the past twelve months, which, if not indicating any advance in spiritual life, may at least be mentioned to show that the real Church people in this Parish (very far from being 1,200, of which I have so far abundant proof, despite the census of 1881), are not weary in well-doing; and that during the period of nearly seven years since I have occupied the room of some far more able and energetic man, Church interests and feelings have by no means suffered a decline. True, we have lost by the hand of death many true and faithful sons and daughters of the Church, whose active co-operation in every good work, and ceaseless attendance on the ministry of the Word, the flight of time cannot erase from our minds. Yet, among those whom they have left behind, we trust may be found many to imitate their virtues and follow their good examples. During the year I have had seventeen burials, of which there were seven last month and two this month. And here it would not be improper for me to record the loss of an aged member of the Church, and Warden for many years, and an active worker in the cause of the Church, who ever took a deep interest in the welfare of your Society, and whose name for very many years back will be found on the list of subscribers from Kingston — David Wetmore, Junr., (*vir bonus et fidelis coram Deo hominibusque*), who ceased from his labours and ‘entered into rest’ in May, 1882. And, last August, Miss Maggie Flewelling — our ever willing and ready organist at Clifton — was called away. Indeed, when I look back a few years, many and great are the changes I see. Since my coming to this Parish, we have lost by death and removal to St. John and to other places in New Brunswick and to the States, over 110 regular attendants at the Parish Church; over forty at St. James’; twenty odd at St. Paul’s; and twenty at Midlands. And the loss has not been made good by any new blood coming in; for as there is nothing to hold our young people in this Parish, so there is nothing to encourage immigration. It is only by the exercise of the strictest economy and hard, driving, slavish toil, that even our

most well-to-do farmers are able to 'keep above water.' Our soil requires a little more than a mere tickling it with a hoe to make it smile with a rich harvest, and though through much pain and tribulation they earn their little, the Church-goers and workers of this Parish are ever ready gladly to give of that little to maintain the Church, and also to aid the D. C. S.

MONCTON.—REV. ARTHUR HOADLEY.

"I was instituted to the Rectory of this Parish on the 20th of June, 1882. On my arrival in the Parish, I found a Church well appointed, well attended, and a new Sunday School room nicely furnished, also well attended. I was at once convinced that I had succeeded a man who had been doing good work for the Church, and I feel it is due to my predecessor to say that I see many signs of his doing a *faithful, self-denying* work in the Parish.

"Soon after my arrival we called a meeting of parishioners, in order to ascertain the exact financial position of the Parish. We were sorry to learn that we were in debt to the amount of

about \$365. An effort has been made and subscriptions solicited to liquidate this debt, the result of which effort, up to the present moment is, that \$315 of the amount has been paid. We have therefore only \$50 of 'old debt' remaining. I wish we could say this is all we owe; but such is not the case. We have been obliged to incur several extraordinary expenses this year, viz.: some absolutely necessary repairs on the rectory, the placing of new stoves in the Church, and laying on and lighting the Church with gas, and paying insurance on Church buildings for three years; and we owe on these \$285, all of which ought to be paid before the middle of July next.

"I mention these things that the Society may know that, although we have not contributed largely to Home or Foreign Missions, yet we have tried to meet the growing needs of our own Parish. There has been contributed for all Church purposes during the past year \$1,720, and I trust that, by the time our subscription list for the D. C. S. is completed, this amount will be increased to at least \$1,800.

"The work which the Church has to do in Moncton is very important, and of a peculiarly interesting character. There is great scope for work, and an opportunity for bringing into play almost every agency of the Church. We have a large proportion of young men employed in the railway offices, machine shops, and other factories; also, of young women, in shops and factories, and when the cotton mill goes into operation there will be a great many more of the latter. We need some means of getting a better hold of and restraining the former; the latter I hope to aid by establishing shortly a Girl's Friendly Society. Then we have a larger proportion of poor than are to be found in most Parishes in the Diocese, and also a class of women found in almost every town where so many men are employed. For these two latter classes, one needs a band of women trained for parochial work, who are willing to give their time, aye, themselves, to aid in bringing these wanderers back to the fold of Christ. I have not yet been successful in finding ladies willing to enter systematically upon this work. Could I find such, and could I furnish a Mission Room and hold Mission services in that part of the Town where the above classes of people, for the most part, live, I feel sure the Church would be doing a blessed work. To see all this work waiting to be done, and to feel powerless to do one-half of it, is discouraging in no small degree.

past year. Our work is progressive, and although *tabulated lists* do not show particular signs of marked increase, yet there is an increasing interest showing itself in those things, which must very soon effect the whole work of the Church in the Parish. Since the beginning of Lent we have had, with the exception of two Sundays, a weekly celebration of the Holy Communion, on the second and last Sundays of the month, at 8 A. M.; on the other Sundays, at Morning Prayer. The attendance thereat, although not what one would wish, is yet good, and is steadily increasing.

“This growing interest in holy things, I do not hesitate to say, is traceable in a great measure to two visits paid us during the year by Bishop Kingdon. His Lordship spent four days with us during Lent, preached on Friday evening, and at both services on the following (Refreshment) Sunday, when six candidates received the ‘Sacramental Ordinance’ of Confirmation. The effect of that most solemn and striking Confirmation, and the powerful sermons that day preached, we feel to this day. His Lordship visited us again on St. George’s Day, when a meeting was held in aid of the D. C. S., and speeches made by Bishop Kingdon, Canon Medley, the Rev. J. R. Campbell and Mr. J. Wran. This meeting was not well attended, and I felt discouraged, but it has had an unhopd for result. A few days after the meeting, two of the older girls in the Sunday School came to me and said: ‘After listening to Bishop Kingdon’s stirring speech, and those who followed him, they felt they would like to do something for Home Missions.’ After considering what could best be done, we decided to start a ‘Mission Worker’s Society’ for the young. This has been done. This juvenile band meet every week to sew, and each member is to receive, as soon as we can get them printed, a card of membership, on the back of which is to be printed a prayer, which each one uses daily for the Church, at home and abroad, and I hope to incorporate a rule requiring that each member shall have a Missionary Box. I am much in hopes that this little Society may be the beginning of greater things, and trust to increase the interest of all in the Parish in Missionary work.

“Another thing which we hope will result from His Lordship’s visit, is the establishing a Church of England School. Plans for this are under consideration; how far we may hope for a successful issue, I am not in a position to say at present. The idea is very favourably received by our people. If the

School is established, and if the funds of the Society will permit of it, I should be very glad if a small grant could be given to aid in furnishing the School-room; it would be money well spent in a Parish like Moncton.

"I cannot close this report without bearing testimony to the many kindnesses shown to my wife and myself during the year. On our arrival in the Parish, we were presented by the ladies with a purse of money, which more than paid all our expenses incurred in moving into the Parish; and at New Year's-tide, we were presented with a handsome set of drawing-room furniture, and many other useful articles for housekeeping. These tokens of our people's affection and appreciation are substantial aids in carrying on the Church's work.

"The retrospect of the past year supplies one with many reasons for thankfulness to the Great Head of the Church and with a bright hope for the future years."

MUSQUASH.—REV. HENRY M. SPIKE.

"We expect to get an increase in our subscriptions, and hope the amount sent in will be between \$90 and \$100. The collections are not made until August and September; if made earlier, the amount would be very much less.

"We had a very encouraging visit from the Bishop Coadjutor last August, when twenty-three persons were confirmed, and much interest was manifested in these several services throughout the Parish. We hope that the pressing wants of the Church will be more fully understood, and the necessity of sustaining the work will meet with the earnest co-operation of the members of the Church.

NEW MARYLAND.—REV. FINLOW ALEXANDER.

Reports contributions to the amount of \$100.

"Since my last report, the appointments of this Mission have been regularly met. On only one occasion during the year was I unable to attend or provide for Sunday duty.

"I hope I may venture to say that the Mission continues to prosper, many, I am sure, of our people having its welfare much at heart. The little Church, especially in summer, is well attended, and the demeanour of worshippers, without exception, devout. Kindly offerings of flowers are made weekly for the altar, and the Church is always well cared for and clean.

Without, the Church-yard is well kept, and the resting-places of the dead lovingly tended—evidences, these, I trust of Christian life amongst us, and growing reverence for holy things. Our *singing* has much improved of late; we practise on Sundays, after Church, and a goodly number of men, women and children wait for this. Gregorian 'Tones' are used exclusively in the chanting of the Canticles; they are easily learned, and we are getting on with them very well. The grace, dignity and power, and, withal, simplicity of these 'Tones' are such that I confess to great surprise that they are not more generally used. May I respectfully affirm my conviction that, if the organists of our Churches would give Gregorian chants a little more of their attention, and would accustom themselves to accompany them with varying harmonies suited to the often changing sentiment of the words to be sung, the objection to them that is raised by so many on the score of 'monotony and wearisome repetition,' would disappear; the beautiful melodies would soon gain friends, and compel 'even their enemies to be at peace with them.'

"Our venerable Metropolitan came to us in October last, and confirmed twelve persons—six males and six females—kindly congratulating me, after service, on the heartiness that marked the occasion. Ten of the confirmed have since communicated. I am able to celebrate Holy Communion in the Mission about six times in the year, and on Whitsunday the communicants present at early service numbered twenty, the largest number at any one time I have ever had. Many came to these services who do not communicate, but I hope, in time, if God spare me, to gather them all in.

"A special service was held in the Church on May 25th at 7 P. M., at which the Bishop Coadjutor had previously and very kindly consented to be present. After evening prayer and the singing of some stirring hymns, the Bishop addressed the large congregation gathered to receive him, setting forth with great clearness the needs of the Diocese and the necessity of supporting it more heartily. I trust his earnest words may take root in all our hearts and bear fruit.

"A word as to our financial condition. After paying all expenses of the year, the Church Wardens' accounts shewed at Easter a balance in hand of \$5.30. The quarterly assessment of twenty-two dollars has been so punctually met, nay, anticipated, as to call forth from our kind Treasurer, in a letter to me, the following remark: 'It is said there are two bad pays—he who

pays *too late*, and he who pays *too soon*. I have never found *you* in the *former class*.' It is only just, *first*, to our faithful and excellent Church Wardens, Mr. James Horncastle and Mr. W. H. McKnight, on whom falls the no light burden of collecting the assessment; and, *secondly*, to our *people*, who, for the most part, so cheerfully meet the call when it is made upon them, that I should mention this. I sincerely hope, however, that such praiseworthy punctuality may not be regarded by the Board of Home Missions as a reason for increasing a burden already as heavy as we can bear. Of the \$200 salary paid me by the Board, the Mission has sent back to the 'General Purposes Fund' of the Society during the year, through assessments, contributions, and Mission boxes, not less than \$190, so that the cost of the Mission to the Society for that time will not be more than ten dollars; and if the collections for S. P. G. and W. and O. Fund be also taken into consideration, it would be true to say that the Mission has returned as much as it has received.

"The Sunday-school still prospers under the superintendence of Miss Horncastle, who devotes herself with great constancy and faithfulness to its interests. Collections are made every Sunday, every child bringing a contribution. Enough has been collected since its establishment, some four or five years ago, to stock the Sunday-school library with a good supply of books. We have also paid from this source some three dollars for carpentering work done to the Church, and have a balance in hand of \$8.75.

"I have no further information to lay before the Society, and it only remains for me humbly to thank God for His mercies in the past, and to pray that He will continue to bless us in the time to come."

NEWCASTLE.—REV. J. H. S. SWEET.

Contributions for General Purposes, \$151.41; Widows and Orphans Fund, \$8.05; total, \$159.44.

"The work of the Church in this Parish has been carried on quietly and steadily, without any intermission or any marked event during the past twelve months. The congregations have been satisfactory; the number of communicants has been slightly increased; and the contributions for the local expenses of the Parish have been very gratifying and sufficient for the existing needs.

“I referred in my last report to the debt upon our Sunday-school house. That debt still remains, although it has been reduced to a considerable extent during the year. For substantial help in this respect too much credit cannot be given to the zealous workers of ‘The Young Women’s Guild,’ who have never relaxed their efforts in the somewhat discouraging work of paying off an old debt. The ‘*Mite Society*’ has also been well sustained, and has been a great help to us. It has been the means of gathering in many dollars which otherwise would not have been forthcoming. Those who have cheerfully given of their time in collecting for this Society once a month may certainly feel that they have not laboured in vain. The debt upon the School-house now stands at \$648.

“As a work of absolute necessity, we have had to undertake the re-fencing of the part of the graveyard which we left untouched last year. If this had not been necessary, it would have been postponed until the above debt was paid.

“The Bishop Coadjutor visited us in April, accompanied by the Rev. Canon Medley. A meeting, attended by the majority of the parishioners, was held in the School-room, and I trust that, as a result, my people have been stirred up to a more thorough realization of their duty to your venerable Society. The increased contribution to the D. C. S. this year is, no doubt, owing to the interest then aroused.

“It affords me great pleasure to announce that I have been enabled to pay into your Treasurer the sum of \$146.16, which represents an increase of nearly \$60 over the returns of last year. Possibly this may be added to before this report is printed.

“These annual reports must necessarily be confined to the mere outward organization of the Church’s work; but even so, they may contain a fair index to the more enduring work which we trust may be going on all the time.

“I may, however, mention, that we have lately commenced daily evensong, and this may be taken as an evidence that our desire is not to forget the spiritual while attending to the temporal prosperity of the Parish. Doubtless in time this privilege will be highly valued by the people.”

NEWCASTLE, GRAND LAKE.—REV. G. H. STERLING.

Reports contributions amounting to \$20.

NEW DENMARK.—REV. N. M. HANSEN.

“My Mission is sometimes called the ‘interesting’ Mission. I should like to call it the ‘hard’ Mission; and if I had foreseen all the difficulties, I am afraid I should have shrank from undertaking it. There is the scarcity of money. It is hard to get my salary; hard to get money to finish our Church; hard for the Church Society, and hard for all. There is the emigration to the West, which takes away some promising young people whom I have trained from their childhood, with many years’ labor. Then there is the immigration from home, often giving us in return people of socialist views. At home they were enemies of all education, impatient of all law and authority, opposed to all Church ministrations, and especially adverse to the clergy. They render the people suspicious, and tell them that we have joined the Roman Church, and that I am hired for a large sum to turn them from the right faith.

“But the Lord be praised. In spite of all drawbacks, the Church work is evidently progressing. The worst enemies of the Church have been taken away by death or emigration, and better people are filling their places. The attendance at the services is increasing, and the poverty of the people is diminishing. The time is not far distant, I hope, when our Reserve will be occupied by people who will remain contented. Then the immigration from the poor-houses at home will be stopped, and much trouble be avoided.

“It would be a great help to us if our Church was finished. We will try to have it ready for consecration before winter, if possible. At the last Easter meeting I was elected Treasurer. If any Churchman, or woman, wishes to make us a contribution, it should be forwarded to me.

“My contribution list is not completed yet, and if it should be small this year, because we are making an extra effort to raise what we can for the building fund, I hope the Society will kindly excuse us if we complete our Church.”

NORTON.—REV. E. A. WARNEFORD.

“I am happy to be able to report that the services during the year past have been well attended, and at the celebrations the communicants have averaged at the Chapel of Ascension between forty and fifty; at the Parish Church between twenty-six and thirty. Last summer seventeen candidates were presented to the Metropolitan for the holy rite of confirmation,

most of whom (not all, I grieve to say,) have presented themselves at holy communion. Besides this refreshing visit of our much beloved Bishop, we had this spring the further gratification of a visit from the Bishop Coadjutor at the time of the meeting of the Deanery, and I pray that his able and most eloquent appeal on behalf of the D. C. S. may meet response among the faithful in the Parish.

"I am truly sorry to say great difficulty is met in trying to raise the required assessment; and without some further arrangements, which I leave to wiser heads than mine to suggest, I fear it cannot be met much longer.

"Both of our Churches require immediate repairs, especially the old Parish Church; and were it not for the untiring zeal of the ladies of the two sewing circles, I should well-nigh despair trying to raise the means to carry out this most necessary work; but through them and the generosity of others I yet hope something may be done before very long.

"Before closing I may add that I hope the amount for the D. C. S. will not come behind that of last year."

PETERSVILLE.—REV. F. TOWERS.

"It can be safely said that the ministrations of the Church in this Parish during the past year have been attended by some measure of success. There are certainly many signs of spiritual improvement and of deepening interest in the welfare and work of the Church. It is true, however, that there is much—very much—yet to be done; so much so that what has been accomplished seems very small indeed; but on the whole we have every reason to thank God and take courage.

"In the report from this Mission last year it was stated that twenty-five only were enrolled as communicants. There are now fifty-six; and besides these four have died and one has removed, making a total increase of thirty-six to the communion roll in the past year.

"His Lordship the Bishop Coadjutor has held two confirmations in the Parish, one on the 7th of August last, and the other on the twenty-eighth of June. At the former visitation nineteen were confirmed; at the latter, twelve. The preparation of candidates for confirmation, and especially the advice and instruction of the Bishop when he comes to perform the rite, is a great means of imparting spiritual strength to a Parish and of infusing into it new life.

"During the last visitation on the 27th and 28th of June, a service was held in each of the Churches in the Parish, when the Bishop addressed the people, laying before them in earnest and stirring words the needs and requirements of the Diocese. I sincerely trust his appeal will bear fruit in awakening the people to the fact that they must give more liberally of their means to keep up the funds of the D. C. S., as well as for the local support of the Church in the Parish.

"The debt on the rectory has been lessened to the extent of about \$300. I would here record my sincere thanks to those friends in St. John who aided me largely in raising this amount. There still remains about \$200 of the debt to be made up, \$100 of which I hope to receive as a grant from the D. C. S. whenever the funds are in a condition to grant it.

"The condition of St. Luke's Church at Welsford is to me a matter of grave concern. It is in a sad state of disrepair both internally and externally. It will take fully \$400 to restore it properly. The Church people here are very few, but still I mean to go to work, if God permit, this summer, to endeavour to raise an amount sufficient to repair and beautify in some degree this neglected looking Church. The Parish Church at Coote Hill also sadly needs painting outside.

"It is a matter for regret that there has been some difficulty in raising the amount required from the Parish by the Board of Home Missions for the Missionary's stipend. This obstacle I trust will be rolled away as soon as the people fully realize that in order to have the ministrations of the Church kept up in their midst they must prepare themselves to bear their own burden. Although such a difficulty has been experienced, I trust I am not wrong when I say that the prospects of the Parish do indeed look brighter than they have done for some time."

PRINCE WILLIAM AND DUMFRIES.—REV. LEB. W. FOWLER.

"Owing to illness I was only able to take my services one Sunday in the three months previous to the last annual meeting of the Society. Since that time, I am thankful to say, I have been enabled to go on regularly with my work.

"The Bishop Coadjutor paid his first visit to Prince William in September, and confirmed eighteen young persons, nearly all of whom have become regular communicants.

"In September, also, the good people of Magundy, and the 'Willing Workers' of that place, presented Mrs. Fowler and myself with a donation of eighty-two dollars in token of their good will.

"This summer we are beginning to build a much needed Church hall near the rectory, and to improve the interior of St. John's Church, Magundy.

"The Bishop Coadjutor came to us June 15th, and was so good as to remain and spend Sunday in the Mission. Services were held in all the four Churches, and I sincerely hope his Lordship's addresses on behalf of the D. C. S. may be, as they certainly *ought* to be, productive of much good; and that all those who have this year given nothing to the Society, may next year contribute according to their means.

"I am happy to be able to report to the Society this year for general purposes, \$84.49, being \$28 more than last year, or an increase of 50 per cent. This is a *voluntary* offering. No one was *asked* to give anything. Envelopes were distributed about the middle of April, with the names of those who ought to contribute to the support of the Church of God written upon them, and the note, 'To be given at the offertory at any service before June 25.' Of the 166 envelopes given out only ninety-one have been returned, or in other words, seventy-five persons declined to give anything. The amount given is greater than I have ever reported before; so I think this plan of collecting has proved itself a good one. Yet it is sad to think so many are content to receive constant blessings from the Lord's hand and to offer Him nothing in return.

"It is owing to this fact, I believe, that this Mission cannot now raise the required assessment; though the difficulty is constantly becoming greater on account of continual emigration. But if all those who remain and call themselves Churchmen—those who expect and receive the ministrations of their Rector in sickness and in health—would contribute even a small sum quarterly towards the \$300 required, there would be no difficulty in making it up."

PETITCODIAC.—REV. CUTHBERT WILLIS.

Reports contributions as follows: General Purposes, \$101.08; W. and O. Fund, \$4.91; Algoma, \$13.44; S. P. G., \$11.45; Total, \$130.88.

"This increase is largely due to the visit of the Coadjutor

Bishop. Having kindly offered to visit this Mission last spring in order to try and arouse a greater interest in the work of Home Missions, and his offer having been gladly accepted, a successful service was held at Petitcodiac in the Parish Church. His Lordship's powerful address, supplemented by one from Canon Medley, and another from Mr. O. E. Flewelling, Church Warden, seemed to convince some of the congregation at any rate, that the members of the Church in this Diocese had not in the past done their duty. The annual collections are, I am glad to say, improving.

"Let me now add that during the past year I was twice called to Albert County—once to a funeral, and once to visit a woman dangerously ill. These calls I have now every year, and as long as there is no Missionary there, will endeavour to answer them. Last week I was requested to give a monthly service on Sunday at Elgin, but was obliged to refuse, as I have now on my hands the Portage, which was a part of the Mission of Waterford, and served by Mr. Lockward.

"We had to regret at New Year's the loss of the Rev. Mr. Vroom, appointed Rector of Richmond; but his place as Curate here has been ably filled by the Rev. Mr. Hanington. Our services have been well attended during the year, and the people have shown their Rector much good will—on New Year's Day making him a handsome present of over fifty dollars."

POINT DU CHENE.—REV. W. B. ARMSTRONG.

"During the last year I have been connected with two Parishes. For the first three months, from July last, I still continued in charge of my old Parish of Weldford, and for the last nine I have been at Point du Chene.

"With regard to the former—the apron fair, on behalf of the Church Building Fund, for which we had been preparing since the spring, took place during the month of July, by which the handsome sum of \$500 was realized, clear of all expenses. This, with the proceeds of a former bazaar, together with sale of Church lands, interest, etc., amounts now to about the sum of \$1,600 towards the erection of a new Church. Work is already commenced on the new Church, which is being built on the exact spot that the former building occupied, which has been removed. The site is a remarkably picturesque one. There is about \$350 of glebe funds also on hand.

e Coadjutor

“With regard to my work here, I have found the very great convenience of living next door to my Church, instead of at a distance of twelve miles as at my former Parish, so that service has been held twice every Sunday without intermission. Every alternate Sunday, when the weather at all permits, I have a drive of twenty-two miles between morning and evening service to Cocaigne and back. This is the only service held on Sundays in the place.

“We have the envelope system here, which works remarkably well. The chief drawback is the fewness of Church people, the French being largely in the majority in this section of Westmorland.

“We are looking forward to a visit from the Coadjutor for the purpose of holding confirmation. There is to be a strawberry festival for Church purposes in the middle of July. We cannot expect to realize anything like the sums that have been raised in Kent County for similar purposes, which appears to be the ‘*banner county*’ for bazaars in this Province.”

Contributions amount to \$38.

RESTIGOUCHE.—REV. E. P. FLEWELLING.

“Since last report the work of this Mission has been carried on with very little interruption. I think our work progressive.

“It is most pleasing to note that the number of communicants have increased from thirty-three to sixty-five. God grant that this may be a true index of the growth of spiritual life among our people.

“We have celebration of Holy Communion each Lord’s day in some part of the Mission, and also on most of the Saints’ days. In Advent and Lent daily services were held. At other seasons we have services three evenings of each week.

“*Dalhousie*.—In this part of the Mission we have suffered the past year through the emigration of some of our people. Few in numbers as we are we feel greatly the loss of even *one* active worker.

“Thanks to the energy and kindness of J. C. Barberie, Esq., M. P. P., the scholars of the Sunday School are enjoying a lot of new books. Mr. Barberie has collected for our library more than \$30. Notice of this kindness and our benefit thereby was inadvertently omitted from last report.

“We have also to thank the ladies of the congregation here for their untiring labours, whereby they have been able to raise

funds to paint the interior of the rectory; which much needed work is going on.

"We are deeply indebted to Mr. H. A. Johnson for his services as lay reader. Through his kindness my people here have not had need to suffer much because of my more frequent absence on duty at Campbellton.

"*Campbellton.*—Instead of fortnightly services here as reported last year, we have now service either at morning or evening of each Sunday, and on Wednesday evenings. This change has added greatly to my duties, but the work of the Parish has prospered greatly with the increase of services. The numbers at the several services are steadily increasing.

"The appearance of our little Church is greatly improved by the new east window, the gift of our beloved Bishop.

"Our people here have shown their energy in providing a new pipe organ. We have found it very helpful in the better rendering of our beautiful liturgy. Funds have been raised to procure a carpet for the chancel. We hope very soon to have it in place.

"This part of the Mission has still its needs. We very much want *a bell*. We have now no means of calling our people together for prayer and praise. It will be most gratifying if our large-hearted and more wealthy fellow-Christians outside the Mission will help us to supply this pressing need. It will be years, at least, before we can afford one for ourselves, with the burdens that we have now upon us.

"*The outposts.*—Since last report I have been able to hold occasional services at Jacquet River, twenty-three miles from Dalhousie.

"At Bathurst the services have been held regularly as before.

"We have had, also, several services in the different parts of the Metapedia district.

"For all these services the people at the several stations have shown themselves very grateful.

"In the year we have added twenty-eight to our little fold by baptisms. Marriage has been solemnized twice, and five of our people have fallen asleep.

"I cannot close without an acknowledgement of the very many kindnesses received from my people in all parts of the Mission. Not the least among these is the most comfortable carriage that has been provided for me by the friends in Addington.

Contributions to the General Purpose Fund amount to \$66.44.

RICHIBUCTO.—REV. F. H. ALMON.

“I am happy to state that since my last report a small Church has been erected in Kingston.

“The attendance is much better and the services more frequent than when we were obliged to meet in the Hall. The costs of the Church and land—about one thousand dollars—is nearly defrayed, partly from funds raised at a bazaar held before I took charge, and partly from subscriptions. As in and around Kingston we have only a few members of our Church, that in so short a time they have been able to build their Church reflects credit on those whose zeal and energy have accomplished this good work.

“Another mark of progress is the completion of the repairs of the rectory, which is now thus made a comfortable residence. These repairs have been in part paid for, and we hope the balance due may soon be met.

“As the Parish of Buctouche was for some time without a Clergyman, I have endeavoured partially to supply this want by holding once a month a week-day and Sunday service there, and visiting among them. The state of the roads has at times prevented me, yet frequent services have been held. The attendance has been encouraging. The Holy Communion has been administered, and I think something accomplished to show this little band of Church people there that their needs are remembered, and to encourage them to make efforts for the support of more frequent ministrations in time to come.

“Almost every month our Church of England Temperance Society has held its public meeting. Its numbers have increased; attendance has been encouraging, and its good influence felt. Our Sunday Schools are still maintained, though I am able to take little part in them, still the efforts of secular readers to do good to those entrusted to their care are blessed.

“Contributions amount to \$64.44.”

RICHMOND.—REV. F. W. VROOM.

“At the Bishop’s request I undertook the charge of this Mission at the end of December last, and in February I was formally inducted to the rectory. As there was no list of Church families and no person to give me any accurate information in this respect, my work at first was somewhat hard and unsatisfactory.

“One of my first cares was to draw up a list of services for the year. This was a task of no little difficulty, since it was necessary to consider the requirements of the people, to divide the work fairly amongst the several stations, and to consult my own convenience in working. The people in the northern part of the Mission are nearly all within easy reach of the Parish Church, though I am sorry to say it is seldom any of them attend its services. The Church people in the lower part of the Mission, on the other hand, are very much scattered, some of them living more than eighteen miles from Richmond Corner, and eight miles from the lower Church. In my list I have given South Richmond a regular fortnightly service, with monthly celebration of Holy Communion; while in the northern section I have divided three services a month equally between Bellville and Watson Settlement. For the sake of those who are unable to come to the Parish Church for Holy Communion, I have an occasional celebration in a private house. There is very great need of a Church in the upper end of the Mission. The buildings in which services are held are a hindrance rather than a help to devotion—there is nothing to teach reverence, and no convenience for the administration of the Sacraments. I trust that before I have to report to you again we shall, at least, have begun a Church in this section.

“A good work has been done here this spring in making the rectory more comfortable and convenient. Over \$100 has been spent in repairs and alterations, besides a great deal of voluntary labour. The greater part of the money for this has been raised by subscriptions, and the women of the Guild have undertaken to raise the rest.

“A neat and substantial fence has been placed in front of the Churchyard; the work of putting up which, I am glad to say, was freely done by a few members of the congregation.

“The Bishop Coadjutor spent several days of this month (June) with us, visiting and holding service at each station, and addressing a meeting of the Local Committee of the D. C. S. on the work and needs of the Society. I trust that his words may not have been spoken in vain. My people are for the most part well-to-do farmers, able to give largely towards the work of the Church, and I believe they will be found willing to do so, too, when they shall have learned to realize the great necessity, and their duty to God in this respect.”

ROTHESAY.—REV. W. HANCOCK.

Reports contributions to the amount of \$52.

SACKVILLE.—REV. CECIL F. WIGGINS.

Reports for General Purposes, \$73.47; W. and O. Fund, \$8.15; Total, \$81.62.

ST. ANDREWS AND CHAMCOOK.—REV. CANON
KETCHUM.

Reports contributions for General Purposes amounting to \$264.35; W. and O. Fund, \$9.60; for Algoma, \$21.00; Total, \$294.95.

ST. DAVID AND ST. PATRICK.—REV. J. W. MILLIDGE.

Reports contributions to the amount of \$94.42.

“In making this, my fifth report, to the Society, I feel that it is my duty to express my gratitude for their continued support to this Mission. We, on our part, have, I trust, not been deficient in our endeavours to improve the Church property, and to do what we can for the Society.

“The Parish Church of St. David has been thoroughly repaired and repainted, alterations and improvements made inside, and a choir organized. A new barn has been built upon the glebe this spring, and other improvements are contemplated whenever our finances warrant increased expenditure. The congregations at St. David’s Church are again increasing, although many of our most promising young people are leaving us year by year.

“The extra assessment placed upon this Mission by the Board of Home Missions has been met by my taking work in the adjacent Parish of St. James. Services are held fortnightly in St. Thomas’ Church near Moore’s Mills; the congregations are large and attentive, and the singing is really very good. These extra services, and the visiting necessary in so large a Parish, add very considerably to my work which was extensive enough already; but I could not see any other way of raising the requisite funds for the quarterly assessment.

“It may be as well to state that St. James will appear this year as a contributor to the Society for the first time in many years. The amount is small, but the people appear very willing to give.”

ST. GEORGE AND PENNFIELD, REV. RANALD F.
SMITH.

"I am sorry that I cannot report any improvement in the 'times,' speaking financially, in St. George. But we are struggling on, and our people, most of them, doing what they can to support the Church. The repairs of St. Mark's Church are completed, and the old fabric modernized and made Church-like in its internal arrangement. The sittings are 'free and unappropriated,' and this privilege is much appreciated by our own people as well as by numbers not belonging to us. It has been the means of getting the names of a great many young men added to the subscription list for the rector's salary. The services, generally speaking, are well attended.

"The condition of Christ's Church, Pennfield, is very satisfactory; the attendance large and regular, as also the number of communicants. On Sunday last there were twenty-eight who partook of the Eucharistic Feast. When I first took charge there were never more than ten or twelve.

"Our collections are not yet completed, but we hope that they may amount to about \$90, the same as last year."

ST. JAMES.—REV. G. OSBORNE TROOP.

Reports contributions for General Purposes, \$44.69; Aged Clergy Fund, \$6.00; W. and O., \$32.25; total, \$82.94.

ST. JOHN.—REV. CANON BRIGSTOCKE.

Reports contributions to the amount of \$759.28.

ST. MARK.—REV. G. M. ARMSTRONG.

Contributions reported by Mr. C. A. Macdonald are as follows: W. and O. Fund, \$5.00; General Purposes, \$267.39; total, \$272.39.

ST. MARTINS.—REV. J. LOCKWARD.

Reports contributions for General Purposes, \$111.65; Mission Boxes, \$8.43; S. P. G., \$2.51; W. and O., \$4.28.

"In attempting to forward you my report for the past year, to be submitted to the D. C. S., I feel that it will not be one

of those which shall arouse or help to sustain the interest for our Home Mission work. I regret that I have no special Mission work to report, all of my work for the past year being entirely of the ordinary character. On looking over my register of services held during the past year, with the attendances at them, I find that whilst the former have been increased by a few, the average attendance has somewhat decreased. This is, perhaps, a peculiar phase of hard and strict statistics—or arithmetic—by an increase of the divisor to reduce the quotient, the dividend remaining the same. In some places it would seem that our Church people are not too ready to avail themselves of multiplied public services, so that the more frequent the services the smaller the average attendance. This, of course, is particularly the case in more scattered settlements, for but very few can attend two Sunday services in such places; they are guided by wind and weather, etc., as to which they can attend, but do well to attend one. During the past winter it has been remarked that nearly all the storms happened on Sundays; which fact, I take it, more than anything else, contributed to reduce the Sunday attendance at our Parish Church. And in support of this view, I might show that the congregations were fairly large on the two or three fine Sundays of this spring.

“Yesterday I visited a place called Long Beach for the first time, when I went to attend to a sick girl of whom I had heard some time before. I found in the place several families, and, as usual, much divided in their religious or non-religious views. Among them, however, were two old families belonging to the Church of England, with one or two families of their children. The sick girl was the only one who had been baptized in that family of eight grown-up children—some of them married—and she sought and received baptism from Rev. G. O. Troop when in St. John last fall to obtain medical treatment. As far as I could learn from them, but one visit had ever before been made to the place by one of our Church Clergy. Yet they need not have been thus cut off from the ministrations and services of our Church, for regular Sunday and week-day services have been held for several years at a station not more than two miles from them. I hope to stir them up to attend these services, and if I can I will occasionally visit their place and have a service there for them.

“I would like to mention here a point in connection with the report I furnished you in January last, and from which

the last report of the S. P. G. was taken. In returning the number of the population of this Parish, and of the Church members in it, I simply and merely returned the figures in the last Census return, by which we are made to cut a curious figure. My predecessor, after five years going up and down in the land, returned the number of Church members as 210 against a population of 3,000, in round numbers; but the Census return tells us that there are 595 Church members in a population of 2,558. And these figures really have a much larger proportionate difference; for in the number 210 a station in the Parish of Simonds is included, which is not included in the number 595. I have not made a Church Census myself, which, however, I hope soon to do, yet I cannot think there are anything like such a number of Church people in this Parish—otherwise of what kind are they?"

Supplementary Report.—"I trust I may be permitted to add two matters of importance to my report already furnished,—one, the most important, only happened last Saturday, while the other was a matter of omission.

"I would first report that by the small but regular offerings of our Sunday School scholars we were enabled to purchase from the S. P. C. K. a new lot of books for our Sunday School library, and that upon an application made to the Society, which was kindly recommended by our Bishop, we were made a grant of books by the Society. This has given us quite a fair-sized and varied Sunday School library.

"The next matter is of most serious importance to all Church people in this Parish. On Saturday afternoon last—the eve of St. John Baptist's Day—our Parish was visited by a severe thunder-storm, a part of which is said to have been the most severe known to have been experienced here. In the storm our Church was struck by lightning on the very point of the spire, when it was rent to pieces, and passing down one of the posts of the tower which joined the inner part of the Church and completely shattering it, the electric fluid appears to have passed along the floor, nearly the whole length of the building and to have escaped through the floor near the chancel. One side of the roof of the Church is also very much injured, and several pieces of the framing of the roof have been shattered and weakened; also some of the ceiling of the Church was torn down. As the building is very old the injury thus done to it becomes more serious.

"We had a vestry meeting this afternoon to consider the

best steps to be taken under the circumstances. At first, having regard to our condition, we thought the tower and roof might be sufficiently repaired to last some time, but on making an estimate of the cost of such work we found it would be far too much to expend on such an old and decaying building. The new tower would make the old building weaker. Thus we have decided to call a general meeting of the Church people on Friday evening next to consider the propriety and expediency of at once attempting to make provision for a new Church. Such a step would enable us to place the Church in a much more satisfactory locality. And should our meeting decide to attempt such a venture we will have to trust very largely to the kind assistance of our Church people generally in the Diocese."

ST. MARY'S.—REV. W. JAFFREY.

"In this Parish the Church is steadily gaining ground, not so much in having members added to the fold, as in gaining grace and favour among all the more intelligent part of the community; among all whose good opinion is worth possessing. Beauty can now be seen by those who could formerly see nothing but deformity. The fact is, the people are becoming more intelligent, and therefore can look upon the Church and Church principles with greater favour.

"The Coadjutor Bishop, whose kind words are always well received in this Parish, favoured us with an Ash Wednesday discourse this year.

"In addition to the work at St. Mary's, I have continued my fortnightly services in the Parish of Douglas, where I have met fair congregations; yet, owing to the peculiar connection which I have with this Parish, I fear that my ministrations do not produce as much good as I could wish.

"The Church at this place is greatly indebted to Mr. Thomas Staples, one of the vestrymen, for his great zeal and attention in making everything comfortable connected with my visits.

"About \$18.00 have been contributed during the past year towards the maintenance of this service. This, of course, does not include any part of the amount contributed in another part of the Parish, where, I believe, Rev. Mr. Raymond renders weekly services. Nor the amount contributed by the people of still another portion of the Parish, to whom Rev. Mr. McKim, I am informed, also ministers weekly.

“The amount contributed by St. Mary’s for the General purposes of the Society we intend to make equal to that of former years, that is, \$40.”

ST. PAUL.—REV. CANON DEVEBER.

Reports contributions for General Purposes \$454.30; W. and Fund, \$41.34.

ST. STEPHEN (CHRIST CHURCH).—REV. JOSEPH RUSHTON.

Reports contributions to the amount of \$50.

SHEDIAC.—REV. HUBERT H. BARBER.

“In making my report of the work of this Parish during the past year, I have not much to record beyond the routine of ordinary parochial work.

“In December last I and my family took possession of the new rectory, though it is not quite completed. In every way it is a most convenient and comfortable residence, and the Parish is to be most sincerely congratulated in having such a thoroughly good Priest’s house. True, it is not yet paid for; but efforts are being made through which we hope before very long to be able to say it is free of debt. The ladies of the congregation have been most energetic in their endeavours to this end, and are deserving of much praise.

“My parishioners have been most kind to us, and I am truly grateful to them. Among the numerous tokens which we have received of their regard I may mention the handsome present of a cow and calf and pig from one family; the sum of \$100 to furnish, in part, the rectory with venetian blinds, collected by two of our young ladies; also an Easter offering of \$50 to purchase a new surplice. These, with many other signs, assure me that our work is not altogether unappreciated, and give me very cheering amidst the arduous duties of this otherwise very difficult Parish.

“During the past year another Sunday School has been opened in one of my out-stations, and in this, as well as in the school in connection with the Parish Church, the teachers have been much encouraged by a largely increased attendance,

“The numerous special services during Lent and Advent were fairly well attended, as also was my Bible class for young men. The list of communicants has also increased, and notwithstanding the more frequent celebrations the average is considerably larger.

“I have, however, one serious regret; it is that I shall not be able to send a large subscription list for the D. C. S. Our parochial expenses are so large that it is at present utterly beyond our power to do much. As soon as I have completed my subscription list I will remit to the Treasurer.”

SIMONDS.—REV. GEORGE SCHOFIELD.

Owing to the absence of the Rector, there is no report from this Mission.

SPRINGFIELD.—REV. J. H. TALBOT.

“There is not very much in the way of work or its results to report from Springfield this year. Things have gone on steadily with services fairly attended, as a rule, and, throughout the winter, better roads than I have ever known here. In the early spring there was much more than the average amount of sickness, and several deaths.

“The Parish Church is almost in the same state as last year, save that needle-work hangings, the gift of His Lordship, the Bishop Coadjutor, have been placed upon the east wall. A kneeler for the step at the communion rail has been given by Miss Scovil; and a text of Scripture in walnut wood letters has been placed on the chancel arch. We are waiting for better times to paint the outside of the Church, and to finish the interior of the tower in agreement with the rest of the building.

“At the Church of St. Luke the Evangelist, at Norton Station, since last July a very nice font has been given by Mrs. Medley. A set of kneeling-mats and of altar linen have been given by the Bishop Coadjutor, and a very rich quarried window in three lights by the Most Reverend the Metropolitan. All these gifts, which tend towards the beauty of the sacred buildings or the order and decency of holy services, have been thankfully received and are thoroughly appreciated by the people. At this Church the congregations show no falling off, and the number of communicants have increased, making an average attendance of nineteen.

"During the winter black ash for completing the ceiling of the Church had been taken to the planing mill at Hampton. It is now seasoned and will, I hope, very soon be put on.

"I last year reported that the people in the upper part of Springfield (who for years past have been accustomed to meet for service in a temperance hall) had determined at a public meeting that, God willing, they would go forward with the building of a Church. This Church is now almost finished and will, I hope, be soon consecrated.

"The S. P. C. K. have made a grant upon their usual wise conditions, and the people have met it with good spirit, working with their hands and giving what money they can afford. His Lordship the Bishop Coadjutor and some other friends have helped, and only about \$100 is now needed to draw the S. P. C. K. grant. No money has been raised in this Parish either by sales, bazaars, or other doubtful means, but we have depended for the building of both Churches entirely upon free will offerings and willing work. I am thankful to bear this testimony to such willingness upon the part of the people and generosity on that of Church people in other places as has carried on the work so far, and I have hope and belief that it will be completed in the same way.

"Collections and offertories for extra parochial purposes, \$24.91; second semi-annual collection for D. C. S. not yet taken; subscriptions \$96.32."

STANLEY.—REV. W. O. RAYMOND.

"The Church's work in the Mission has been carried on quietly; but, I think, on the whole, with satisfactory results, during the year past.

"My appointments have, for the most part, been regularly kept; in many instances with very great difficulty, owing to the wretched state of the roads, which, during the months of March and April, were often well-nigh impassable.

"An inspection of the Parish register for the year past shows: baptisms, thirty-two; marriages, four; burials, fifteen. It is a rather remarkable fact that out of the large number of burials I have had to record during the past two years and a half, twenty-one were those of Church people, and *twenty-four* those of *Dissenters*. It may be well to mention, however, that of this number two-thirds were children of Dissenters, and the remaining adults had been frequently visited during their last

sickness by your Missionary. I mention the foregoing fact chiefly because it indicates that in this Mission the sympathies of the members of the various denominations are *with* the Church rather than against it. Indeed, I am not without hope that before very long our ranks may be strongly recruited by accessions from without the Church. We have gained several already.

“During the year past the debt of \$200 on the parsonage has been paid, and several other pressing wants supplied. Amongst these last are included the purchase of a new organ for St. Thomas’ Church, the erection of a substantial fence around the Church and parsonage, and the purchase of ten acres of land for the use of the Clergyman. The demands made upon the resources of the Mission (which is, financially, one of the poorest in the Diocese) have been very great during the past four years, and I trust this may atone and account for the comparatively small sums contributed to the D. C. S. hitherto. I may, however, remind the Society the Mission contributes \$100 more than when it was formed, viz.: the \$60 additional required by the Society, and the \$40 required to be made up in the Mission when the annual subscription of the ‘N. B. & N. S. Land Co.’ was withdrawn.

“In concluding my report I must refer to the continued kindness of the people, manifested in numberless ways. Amongst other instances of their kindness I may mention the fact that on St. Thomas’ Day, the congregation of St. Thomas’ Church presented me with a large and handsome sleigh-robe, and my wife with a purse containing some twenty odd dollars besides household supplies amounting in the aggregate to some \$50.”

Contributions \$47.00.

SUSSEX.—REV. CANON MEDLEY.

“Although the Mission of Sussex and Studholm has been on the self-sustaining list for the last year, I am sure our interest in the work of the Diocesan Church Society has not been diminished by the cessation of a grant from its Treasury. At our Easter meeting a resolution was passed which has put the financial status of the Parish of Sussex on a much firmer footing. The plan adopted was as follows: The Church Wardens made an estimate of the property and income of every member of the Church in the Parish, and upon that estimate placed a corresponding amount of offering against the name of each person, young or old. A general visitation of the Parish was

then made by the Wardens, and each member was asked to give the amount of offering placed against his name. This plan has so far succeeded admirably, and the sum promised by way of offerings amounts to \$800, which is nearly \$250 more than has been previously made up by this Parish. I trust next year the good people of Studholm will adopt the same plan. All, or nearly all, the offerings are given in Church through envelopes, and thus a large amount of labour by way of collecting is altogether saved. It is the intention of the parishioners next year to make a grant of the money thus raised to the General Purposes of the Society. This year, I am sorry to say, the contributions will not exceed \$40, which will include two semi-annual collections.

“As to the work in the Mission I can make a favourable report, although we have had no great increase in numbers. The services have been kept up regularly on Sunday, and during the summer months the Holy Days are observed by the celebration of the Holy Communion, and evensong is said throughout the week. There is also a Friday evening service at Studholm. On the first Sunday in Advent our hearts were cheered by the sound of three bells which had been placed in the tower of Trinity Church, Sussex; and on Easter Day we were pleased to find a new organ in the same Church. Both of these additions are chiefly due to the faithful energies of our lay-women. At Studholm our little Guild is still doing good work; and a short time since I had \$20 presented to me for an altar frontal by one of its members. We have also a fund for building a Guild Hall, which is very much needed, since both our Guild meetings and Sunday School are held in the Church, which is not desirable.

“It will not be uninteresting to the Society to hear that in the Deanery of Kingston we have just organized a Sunday School Teachers’ Union, which we hope will be a valuable stimulus to our Sunday School work. I think I can say for my own Mission that a greater interest in this work has already been awakened, and I trust it will not be long before we hear of a like, or more perfect, union for teachers in every Deanery of the Diocese.

“You will, I have no doubt, have an interesting report from the Missionary of Waterford and Johnston, in whose labours I have been privileged to share, and I may only forestall what he may say by stating that I believe a grant of \$500 to Johnston for three years as a separate and new Mission would be money

well spent in the interests of the Church. As one of the people said to me during my last visit there, 'Parson, we are hungry for the services of the Church,' and I believed him."

UPHAM.—REV. S. JONES HANFORD.

Reports contributions to the amount of \$124.

"Soon after the Anniversary Meeting of the D. C. S. last year we had a visit (being His Lordship's second one) from the Bishop Coadjutor, when fifteen persons were confirmed. The Metropolitan having been with us two years before and confirmed forty-six.

"I have still to regret the hindrances in keeping up the important work of Sunday Schools, but I hope some way will be found to get over the difficulties. While more work is now required in the Mission, I have to feel my inability to do it as I could wish. In fact, so sensible am I of this, that I am quite disposed to yield my place to some younger labourer of ardent zeal and love of souls, who could come among us to do the Master's work.

"I am glad to say that we have made some use of the Missionary Boxes, and, up to last December, they have yielded \$10.64. We are therefore much encouraged still to make use of so simple and effectual an ally. The call upon us for aid to the Algoma Mission while it may, at first sight, seem but just, is yet far from reasonable, when the situation of this Diocese is fairly considered: for, under present circumstances, it is with the greatest labour that we can now secure the required stipend as assessed by the D. C. S. for ourselves. In some parts of the Province there is, of course, a material improvement in the wealth and general business of the country; but in other places, at least in this Mission, it is quite otherwise; and therefore, if we do not give much to outside Mission work, we must plead, as some excuse, our own actual necessities, though we are free to admit that '*charity should not end at home.*' There has been paid this year on account the 'S. P. G.' \$2.50, and to 'Algoma,' the same, *i. e.*, \$5.00."

VICTORIA (ST. JUDE).—REV. D. B. PARN'THER.

Reports contributions to the W. & O. Fund, \$13.40; and for General Purposes, \$7.00; total, \$22.40.

WESTFIELD.—REV. A. V. WIGGINS.

"The past year has been a trying one to this Parish. Since August last I have been unable, on account of a severe illness, to undertake the full duties of my office. For the first four months I was unable to do any duty, and although I have gained strength steadily for the last six months I am still unable to get on without assistance. I am greatly indebted to Mr. A. M. Woodman for his kindness in acting as lay reader, and thereby keeping the Churches open for five months when no Clergyman could be secured to do my duty. In the latter part of February, I secured the assistance of the Rev. H. C. Parlee, who is still with me, since which time much work has been accomplished.

"His Lordship the Bishop Coadjutor has just been with us for four days (June 23rd to 27th). On St. John Baptist's Day His Lordship administered the rite of confirmation to eleven persons, six male and five female. Of this number, five only had been brought up in the Church's fold. On the same day twelve persons were admitted to Holy Communion. His Lordship also delivered addresses at St. Peter's and St. James' Churches, and at Trinity School Chapel, in the interest of the Diocesan Church Society, and by his earnest appeal created much new interest in the work of the Church.

"The rectory has lately received a third coat of paint on the outside. A furnace was put in last autumn, and the grounds have been much improved by the planting of a large number of trees. The interior of St. Peter's Church has been repaired and colored. It has also been provided with lamps and a lectern, presented by Mr. John C. Lyon. The chancel of Trinity has been newly carpeted.

The Church in this Parish suffered a great loss in the death of Mr. J. Bartlett Tingley, who entered into rest on Easter Monday. He was one of the Church Wardens, and Superintendent of St. James' Church Sunday School.

"The register for the year records thirteen baptisms, eleven persons confirmed, fifteen admitted to Holy Communion, three marriages and six burials. The present number of communicants is ninety-five, being a net gain of five for the year.

"Since the Bishop's visit it has been impossible to complete the D. C. S. collections, but we will send for the year at least \$110. The Children's Mission Boxes continue to do excellent work. During the past year \$60.50 have been raised in this way. I feel confident that if more attention was given to this

method of raising funds throughout the Diocese the needs of the D. C. S. would be greatly lessened.

“In conclusion I desire to thank my parishioners and many friends for their abundant kindness during my long illness.”

WATERFORD AND JOHNSTON.—REV. JAMES R.
DEW. COWIE.

“Being only in Deacon’s orders, the Bishop has not placed me in charge of the Parishes of Waterford and Johnston, but has sent me to Sussex to work under the Rev. Canon Medley, who is the Priest in charge of Sussex, Studholm, Waterford, and Johnston. However, I have been asked to report to the Society concerning our work in the two outlying Parishes of Waterford and Johnston.

“In the first place, our plan is to make Sussex the centre, and therefore I make it my home in order that I may receive the blessed means of grace as often as possible, and also that I may benefit by the counsel and advice of an experienced Priest. The people from both outlying Parishes also come to Sussex to carry on a great deal of their business, and as these Parishes lie in entirely opposite directions, it is most convenient for them that both Priest and Deacon live at Sussex.

“Now, it will be remembered that it is only six months since our work began here, and it ought not to be a matter of surprise that I have not yet got to know all the people who are adhering to the Church. Many of those who have been visited are very faithful, and many, too, have become merely nominal Churchmen and Churchwomen, while I also frequently meet with those who have ever been earnest communicants, but who are now the members of other bodies. Ought not these facts act as a stimulant to one to make one work the harder? Who knows but that they may even now be longing for an opportunity to return to their mother?”

“At Waterford there is much to be done, and far more at Johnston. Up to this time we have only been able to keep up the services regularly and to visit some of the people, especially the sick. We have also tried to make the services heartier and as reverent as possible; and we have opened two Sunday Schools, one at Waterford Parish Church and one at English Settlement, at the Johnston Parish Church. Of every four Sundays, Waterford has three and Johnston one, but they each

have the same number of services, and this is the way we manage it: At Waterford Parish Church we have one afternoon service and two morning services, and at the New-Line we have one afternoon service: this uses up three Sundays. On the Thursday before the fourth Sunday, the Priest and Deacon alternately leave Sussex and go to Goshen, a distance of twelve miles, where a practice is held. On Friday morning we push on to Canaan Rapids, ten miles further, and hold service in the evening and preach. On Saturday we come back ten miles to English Settlement and hold a Guild meeting that evening. Then on Sunday we have three services—matins, litany, and sermon on the Deacon's turn, and Matins and Holy Communion on the Priest's turn at English Settlement; evensong and sermon at Goshen at 3 p. m.; and evensong and sermon at The Cody's on Washademoak Lake at 7.30 p. m., and return to Sussex on Monday or Tuesday.

"This, with the Sunday School work, our visits to the people, and our care of the sick, the dying and the dead, will give the Society a pretty good idea of what their Missionaries are doing in the Parishes of Waterford and Johnston.

"But what are the people doing? At Waterford we have been greatly encouraged by securing the help of two competent and earnest women to teach in the Sunday School—Mrs. Edward Richardson and Miss Susan Dalling, and the care which they are taking is shown by the ready answers of the children when they are catechized every four weeks. Besides this, the services are becoming more hearty and the attendance fairly good.

"At Johnston there is very much to encourage one. The Parish Church at English Settlement has been undergoing repairs, and by the 1st of August will be in good order. The Sewing Society in connection with the Guild has made about \$80.00, and this amount is to be used in meeting the expense of painting the Church. Mrs. T. H. Pearson, the President of the Sewing Society, is full of earnestness and zeal, and so are many of her helpers, whose names the want of space forbids me to mention. At Goshen we are greatly assisted in the work by Mr. John Leonard, one of the most earnest and stirring men in the Parish. We have great cause to be thankful to God that He has sent the Church such a helping hand as Mr. Leonard, who is not only earnest and zealous, but is beloved and esteemed by every human being in the Parish. He has actually undertaken to build a church, although he is by no

means a rich man. The logs were cut on his own place, hauled to a small mill that he has, and there have been cut into timber and boards. Being a carpenter, he has framed, boarded in the little building, and has shingled the roof. Thus the Church stands at this time of writing; but by the first of July he intends to begin the work again, and have it ready for consecration in the autumn. The estimated cost is \$700. Of this Mr. Leonard has begged about \$250; the Metropolitan has promised to secure \$100, and Mr. Leonard will give \$100 himself, thus leaving a balance of \$250 yet to make up. This amount will be assumed by Mr. Leonard, so that the Church may be free from debt, and the women of the settlement will assist in refunding the amount as they can find opportunity. There are only about twelve families of Church people in this settlement; but as no preacher of the dissenting bodies visits this place, the people all come to our Church service, and our congregations have been averaging over eighty souls, while 102 souls, men, women and children, are contributing towards the stipend. Now is the time for the Church to reap the harvest in Goshen Settlement! Aye! in the whole Parish of Johnston.

“The next station in Johnston of which I must say a word is Canaan Rapids. There are but six Church families here, yet they are steadfast and are doing what they can to keep together and to contribute of their means to God and His Church. Here our congregations have lately been about thirty, but would have been far larger had not many of the people been busy with their logs.

“The last station is at ‘The Cody’s,’ on the Washademoak Lake. Here there are just eighteen souls, who form the little but steadfast flock. They have been left alone by the Church, and yet the hottest revivals have not caused them to become disloyal to their ‘mother.’ The place where we hold our services belongs to the Mr. Cody’s, and they have lately spent a good deal of time and money on it, and have made a very nice room of it. The numbers in attendance vary. When there is no Baptist meeting we have over 80, sometimes nearly 100, in attendance; but when meeting is being held we have only about 30 who attend the Church service.

“This, then, is what the Clergy and the people are doing in the Parishes of Waterford and Johnston. But how can two men, a Priest and a Deacon, work four Parishes? If the flocks of Waterford and Johnston thus keep together and carry on some work for the Church without a shepherd, what would

they not do if they had a shepherd living in their midst? God grant that those who are rich in this world's goods may be influenced by the Holy Spirit to give liberally of their abundance to the Society in order that it may help these struggling Parishes. And we trust that the Society will soon send an earnest and self-denying Missionary into each of these Parishes to keep the sheep within the fold now and to train them for the pastures of the blessed.

"So far we have collected only about \$40.00 from Waterford and Johnston, but we hope to contribute at least \$50.00 this year for General Purposes."

WELDFORD.

No report — Mission vacant.

WESTMORLAND.—REV. D. M. BLISS.

"We have survived the sudden withdrawal of our grant. I cannot see why other Parishes might not do the same. Our parochial affairs are in a satisfactory condition, and the interior of our new Church is much improved by the east window the Metropolitan was kind enough to give us.

"Contributions amount to \$10.00."

WICKLOW.—REV. J. E. FLEWELLING.

"The building of two Churches in the Mission will prevent us from contributing to D. C. S. more than \$56.

"I am pleased to say the building of the Church at Centreville is progressing favourably. The exterior will be finished (D. V.) some time in August. The little band of Church people in the Parish of Wilmot was heartily congratulated by Dr. Kingdon (Bishop Coadjutor) on his visit here this month (June) for the erection of the neat and pretty little Church.

"The Church at Florenceville does not make much progress, but I hope that the Bishop's cheering words may be heeded and more activity shown in the erection of this so much needed building. The three addresses of the Bishop in my Mission on behalf of the D. C. S. I trust may result in larger contributions to this Society, to which Wicklow is so much indebted.

"I am much encouraged in my work; the number of communicants is increasing, and the spiritual life is being deepened

in many minds. In the last six years the number of communicants has quintupled. For this 'I thank God and take courage.'

WOODSTOCK.—REV. CANON NEALES.

Reports contributions to the amount of \$175.24.

"Since my last formal report to the D. C. S. in 1881, our Parish has passed through an experience calculated to try and strengthen our faith in God's good Providence. I need not give a detailed account of all that has befallen us of apparent evil, or of good, in the two year's past, but simply to record our deep sense of thankfulness to Almighty God, 'For a small moment' did He seem 'to forsake us, but with great mercies' has He 'gathered us.'

"We are rejoicing in the possession of a Church consecrated on February 2nd last to the worship of Almighty God, and upon which all possible pains have been spent to make it suited to the sacred purpose.

"I am proud to say, that through the liberality of His Lordship the Metropolitan, among his other many deeds of fatherly kindness to us, a beautiful window has been placed in our Church to the memory of the late Dr. Pusey.

"In September last His Lordship the Metropolitan administered the Holy Rite of Confirmation to eight candidates in St. Peter's Church, Jacksonville, and eighteen in Christ Church. The greater number of whom have continued since to be regular communicants.

"It is with pleasure that I am able to state that the finances of the Parish are in a better condition than at any time since my connection with it. We employ the method of reporting to the Parish every three months the exact condition of the parochial accounts.

"We have had several graceful though brief visits from His Lordship the Bishop Coadjutor. His visit, a few weeks ago, on which occasion he so plainly and forcibly put before the members of the Church their duty of supporting the D. C. S., will not fail of producing good results, as I hope will be shown by a large increase of contributions to the Society for this year.

"Mr. E. Bertram Hooper, B. A., still performs the duties of lay-reader, and affords to me in the Parish most valuable assistance."

MISSION CHURCH OF ST. JOHN BAPTIST.

Mr. H. W. Frith reports contributions to the amount of \$500 for General Purposes. This is in addition to \$42.70 contributed by the S. S. children in their mission boxes up to June last, and to whatever may be up to 1st July.

· BAY DuVIN.—REV. W. J. WILKINSON.

[Received too late for insertion in its proper place.]

“The principal event in connection with the history of the Church in this Mission during the past year is the completion of the rectory, which was begun about a year ago.

“Upon the 20th day of July, 1882, the ‘Willing Workers’ realized from their Picnic and Bazaar the sum of two hundred and forty dollars; and upon the same day Mrs. William Taylor handed over to the Building Committee the sum of sixty dollars, which she had collected by means of an ‘autograph quilt,’ so that the handsome sum of three hundred dollars was netted upon that day. The following persons have also contributed towards the building fund, and I am glad to say that through their kindness and liberality the building is now free of debt: the Most Reverend the Metropolitan, \$100; the Right Reverend the Coadjutor Bishop, \$15; His Honor the Chief Justice, \$20; His Honor Judge Wilkinson, \$10; the Clergy and others, in response to my appeal, \$100; and the B. H. M. upon the usual conditions, \$100.

“I am sorry to say that this Mission has not fulfilled its agreement with the D. C. S., there being at the present time \$60 unpaid, and I am afraid that owing to the entire failure of the salmon fishing this year, it will be still more difficult to raise the required amount. There has been a Mite Society in operation since last October, and the amount raised has been at the rate of three dollars a month.

“I must bear witness to the kindness and good feeling manifested towards me by my parishioners, which has shown itself in many tangible forms. Last Christmas Day the Church Wardens presented me, in the name of the parishioners, with sundry articles of food, and also a sum of money, which they had collected as a Christmas present from the people. The children have done remarkably well with their mission boxes, the sum of \$30 having been collected during the year in twelve boxes. The parishioners have contributed \$22.75, so that altogether this Mission has contributed towards the funds of the Society \$53.

IN reading these Reports it is most cheering to find, in so many instances, notice of increased contributions. Better than all, a record is presented of increased and ever increasing work. And this work has been blessed. The proof of this is found in the very large increase in the numbers of those added to the list of communicants.

The sum total of the offerings to the Society exceeds that of the past year by a considerable amount. Still, it must be borne in mind, that from the long expected withdrawal of the Grant from the Society in England, the means at the disposal of this Society must, for many years, be very limited. *New and Poor Missions* have the first claim upon its funds. In the older and more wealthy Parishes more must be done by way of local support. The number of self-supporting Parishes should be increased every year. The wretched pittance of \$200 or \$300 a year for all the services rendered by a resident Clergyman in extensive, long established and long assisted Parishes, should be more than doubled.

Due consideration has been given by the Board of Home Missions to the schedule of appropriations. In its present state it is felt and acknowledged to be somewhat unsatisfactory, and, in some instances, open to the idea of unfairness. Change and adjustment are, for many reasons, found very difficult, excepting in case of a vacancy. The present scale has been the result of peculiar circumstances, which only the older members of the Society can fully understand. Formerly nearly all the Parishes on the Society's list received considerable aid by yearly grants direct from the S. P. G. When new Missions were undertaken by the Society, it was found necessary to grant smaller sums from the central fund, and to require a larger amount from local sources. The Society is extremely unwilling to *reduce* any of the stipends, and especially in the case of the older Clergy. In no one instance is the amount what it ought to be.

By a resolution passed by the General Committee the difficulty referred to may, at least, be gradually removed. Every Parish or Mission becoming vacant must submit to a revision, both with regard to the local assessment and the grant from the Society. Apart from this, before another year, some changes in the scale of appropriations and assessment may be found desirable.

PROCEEDINGS OF THE GENERAL COMMITTEE.

The Committee met in the Church Hall, at Fredericton, on Tuesday, July 3rd, 1883, at 10.30 A. M.

The Right Reverend the Lord Bishop, President, in the Chair.

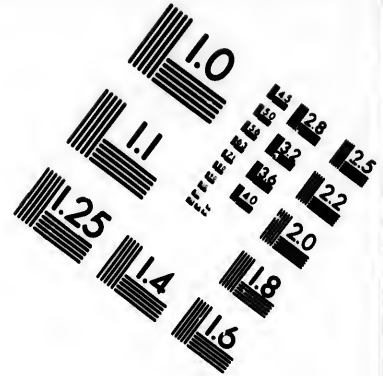

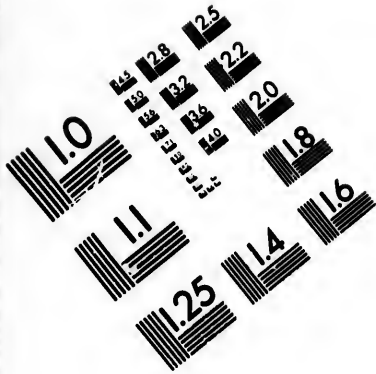

The Right Reverend the Bishop Coadjutor, Mr. W. M. Jarvis, Rev. Canon DeVeber, Hon. Chief Justice Allen, Mr. H. W. Frith, Mr. G. A. Schofield, Vice Presidents.

Prayers.

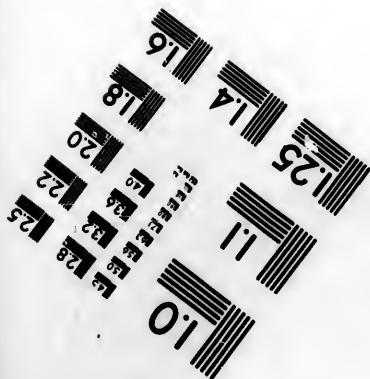

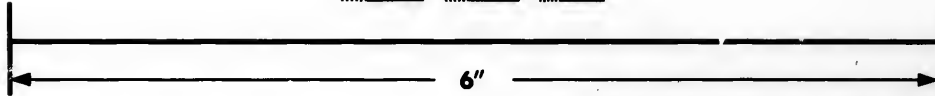

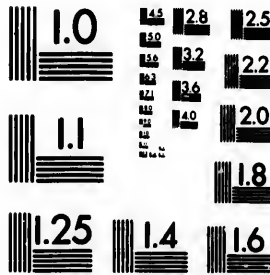

The Secretary called the roll of the Clergy and Lay Delegates; all being present at this or the succeeding meetings, except those whose names are printed in *italics*:

On motion of Mr. Schofield, the following resolution was adopted:

Whereas, It is desirable that this Society should encourage the formation of moderate endowments to take the place of grants now made to Missions throughout the Diocese, which grants must of necessity be rapidly reduced and in many cases completely withdrawn before very long;

Therefore Resolved, That if at any time within the next three years any Mission receiving a grant from this Society shall raise an endowment of not less than Three Thousand Dollars, and shall pay the same to the Treasurer of this Society, in trust, for the payment of the stipend of the Missionary, the Board of Home Missions shall be authorized to order the Treasurer to pay into such Trust Fund, out of the Capital Funds of the Society, not specially appropriated, a sum equal to double the grant that such Mission may be receiving from the Society at the time such endowment is completed; and thereupon all grants, in aid of such Mission, shall be withdrawn and shall not afterwards be renewed.

PROVISION FOR THE RETURN OF SUCH ADVANCES.

And Further Resolved, That in order to provide for the return to the Capital Funds of the Society of moneys so paid, the Treasurer shall reserve and set aside out of the income of the Society each year, for four years after such payment has been made one-half the amount of the grant that such Mission was receiving at the time the endowment was completed, and shall re-invest the same as part of the Capital of the Society.

PROVISION AS TO THE TOTAL AMOUNT OF SUCH ADVANCES.

And Further Resolved, That the payments made under this resolution out of the Capital Funds of the Society shall not exceed Two Thousand Dollars, until further authority shall be given by the General Committee.

On like motion, it was resolved that the Treasurer be instructed to set aside \$100 per annum for four years out of the income of the Society, to replace the \$400 paid out of the Capital Fund towards the Mangerville endowment,

On motion of the Secretary, it was resolved, that under the circumstances of the case, as reported by the Executive Committee, a reduction of the premium on the Rev. Canon Medley's insurance in the W. & O. Fund be made to the original amount.

On motion of the Bishop Coadjutor, it was resolved, that a Special Committee be now appointed to whom shall be entrusted the duty of promoting the interests of the "Incapacitated Clergy Fund."

ANNIVERSARY MEETING.

FREDERICTON, July 5th, 1883.

The Anniversary Meeting was held in the Church Hall at 4 P. M.

The Secretary presented the Annual Report.

It was moved by the Rev. T. E. Dowling, and resolved, that the same be received and printed under the direction of the Executive Committee.

REPORT OF THE EXECUTIVE COMMITTEE
 OF THE
DIOCESAN CHURCH SOCIETY,
 For the Year ending July, 1883.

The Committee met at St. John, July 7th, 1882.

An abstract of the proceedings of this meeting is given in the 47th Report, p. 77.

The Committee met at Fredericton on the 4th Oct., 1882, when the Treasurer submitted a statement of his accounts up to the 30th September, and also an account of balances due on the Contributions reported in July last.

The Treasurer, from the Committee on Printing, stated that the Annual Report had been printed by Mr. G. W. Day, at a charge, including the expense of forwarding the Reports, of \$285.50, which was ordered to be paid.

Certain other bills were submitted, and passed by the Committee.

The next meeting of the Committee was held at St. John on the 3rd of January, 1883.

The Treasurer submitted his usual abstract and a statement of sums total due on account of the contributions as reported to the Secretary.

It was resolved that the Treasurer be requested to address communications to the Parishes where contributions to the General Funds of the Society are reported to be still in arrear, requesting them to make payment in full before the 1st of February next; and that the Treasurer be further requested to furnish a list of all amounts then unpaid to the Lord Bishop and to the Board of Home Missions,

Mr. Jarvis, from the Finance Committee, submitted a Report, which was received and adopted, with the exception of the clause referring to the Parish of Springfield, which was referred back to the Committee for further consideration, with power to accept the trust upon terms satisfactory to the said Committee.

The following resolution was adopted:

Whereas, At the last meeting of the Diocesan Synod, a bill for the codification and amendment of the laws relating to the Church of England in this Province was considered and approved, and

Whereas, There is included in the said bill a codification of the Acts of Assembly relating to the Diocesan Church Society, such codification not interfering with the rights or property of the Society, or with its present Constitution and Rules;

Therefore Resolved, That such codification be approved by this Committee, and the Secretary be instructed to affix the Seal of the Society to a petition to the Legislature in favour of the said bill.

Rev. F. Sill, from the Committee to interest Sunday Schools in the work of Home Missions, reported that for the half year ending July 1st last, the amount received from mission boxes amounted to \$447, from which there is to be deducted \$47 for expenses, and that there are now 1,146 boxes taken up throughout the Diocese.

The Committee met at Fredericton on the 7th March, 1883.

The Report of the Finance Committee was referred back for information with regard to the right granted to cut wood on the Miss Hazen estate.

The Treasurer's Report was presented and received.

An application was made on behalf of the Rev. Canon Medley for reinstatement on the W. & O. Fund.

It was resolved that a new certificate be granted to the Rev. Canon Medley on his complying with the conditions of Rule IV., and it was further resolved, that under the circumstances

of the case, the reduction of the premium on the Rev. Canon Medley's insurance to the original amount be recommended to the favourable consideration of the General Committee.

An Occasional Paper, read by the Bishop-Coadjutor, was referred to the Committee for acceptance.

It was resolved that the same be adopted and printed, with a view to extensive circulation.

The following resolutions from the Committee on Occasional Papers were submitted:

That the paper referred to be recommended to the Executive Committee for adoption and circulation as "Occasional Paper No. V.," and that in the opinion of this Committee, it is most important that the Executive Committee take such steps as they may deem advisable to arrange that meetings shall, if possible, be held in every Parish and Mission, setting forth the claims and position of the Diocesan Church Society:

It was resolved that the foregoing resolutions be approved and referred back to the Occasional Paper Committee, with the addition of the name of Mr. T. W. Daniel, to carry their recommendations into effect.

It was resolved, that Mr. Fenety, Revs. G. Goodridge Roberts, and F. Alexander, be a Committee to make arrangements for the accommodation of the Clergy during the meetings of the Society in July next.

The Committee met at St. John on the 6th June.

Mr. Jarvis, from the Finance Committee, made a satisfactory explanation with reference to the disposal of wood on the Miss Hazen estate, which had been referred back for the consideration of the Finance Committee.

The Secretary read a report of the proceedings of this Committee for the past year.

It was resolved that the Report be received, and together with an abstract of the proceedings of this meeting, be laid before the General Committee.

The following were appointed a Committee to make all necessary arrangements for the meetings of the Society in July next:

Mr. Fenety, Rev. G. G. Roberts, Rev. F. Alexander, Mr. T. Barclay Robinson, Rev. Canon Medley.

It was resolved, that the Committee on Printing be requested, in publishing subscription lists in the Annual Report, to include those only which contain the names of subscribers to the Society, and that the Clergy be requested to forward only such lists for publication in the Report.

The Treasurer submitted a statement of his Account made up to 1st June, showing a cash balance of \$833, and a statement of subscriptions and collections for 1882-3 still unpaid from the following Parishes: Dorchester, \$7.56; Richmond, \$17.99; St. Martins, \$7; Bright, \$39.95; Stanley, \$55.

The Treasurer also stated that the amount unpaid on account of subscriptions to the deficiency fund was \$21.50.

Certain accounts for stationery, blank forms, printing, and other contingent expenses, were read, and ordered to be paid.

Rev. T. E. Dowling submitted a Report from the Book Depository Committee. It was resolved that the same be received and published with the Annual Report.

The Committee met at Fredericton on the 6th July, 1883.

The best thanks of the Committee were tendered to the Rector and the Church Wardens of the Parish of Fredericton for the use of the Church Hall for the late meetings, and also to the representatives of the Press for their reports and the copies of the newspapers furnished to the members.

The following resolutions were adopted:

That 3,000 copies of the Annual Report be printed, and that the Right Rev. the Bishop Coadjutor, the Rev. G. G. Roberts, Rev. T. E. Dowling, W. M. Jarvis, G. E. Fenety, T. Barclay Robinson, C. A. Macdonald, H. L. Sturdee, the Treasurer and the Secretary, be a Committee to attend to that duty, and that Mr. Robinson be Convener.

That Messrs. W. M. Jarvis, H. W. Frith, G. A. Schofield, R. T. Clinch, W. Carman, G. E. Fenety, T. W. Daniel, G. S. Smith, C. F. Kinnear, and the Treasurer, do form the Finance Committee for the ensuing year, and that four do form a quorum.

That Mr. H. L. Sturdee be the Secretary of the "Widows and Orphans Fund" for the ensuing year.

That Messrs. G. A. Schofield, G. Sidney Smith, H. L. Sturdee, and C. A. Macdonald, be the Glebe Lands Committee for the ensuing year, and that Mr. G. Sidney Smith be Convener, with instruction to inquire into the case regarding the Glebe Land in the Parish of Perth, and to report at the next meeting of this Committee.

That a Committee be appointed to prepare, at their discretion, during the ensuing year, an "Occasional Paper," containing a statement of such facts and information as may be deemed likely to further the interests of the Society; and report the same for the approval of the Executive Committee; and that the Right Rev. the Bishop Coadjutor, the Revs. Canon Medley, T. E. Dowling, O. S. Newnham, and Messrs. G. A. Schofield, and H. W. Frith, do compose the said Committee.

That Mr. T. B. Robinson be Secretary of the Fund for the Education of the Sons of the Clergy for the ensuing year.

It was resolved that a Committee be appointed to propose any additions or alterations that may appear desirable in connection either with the Constitution of the Society, the Regulations which govern its various funds, or the forms at present in use, and to submit their report to this Committee for further consideration and for presentation to the General Committee, and that the following do form the said Committee: Messrs. G. A. Schofield, H. L. Sturdee, G. J. Bliss, H. W. Frith, the Hon. the Chief Justice, the Treasurer, and A. A. Sterling.

FINANCE COMMITTEE.

The Finance Committee beg to report as follows:

Since their last Report the following transactions have taken place:

1. Miss Adelaide Bailey, having applied for a loan of \$2,200 on mortgage on her lot, 40 x 100, and dwelling houses thereon, situate on Orange Street, in the City of Saint John, that amount has been loaned her, on said security, for five years, at 6 per cent. interest, out of the General Funds of this Society.

2. A loan of \$10,000 has also been made to Mr. Edmond Ironsides Simonds, on certain tracts or blocks of land in the Town of Portland, being leased in small lots, of which the rental at present is \$1,432, and the estimated value, \$15,320. The loan is out of moneys belonging to the Chipman Trust, and is for five years, at 6 per cent.

3. In the estate of the late Miss Bailey, of Fredericton, the McSheffrey mortgage has been disposed of for the sum of \$105, and this has closed up the account with the Bailey bequest.

4. Mr. James Fawcett, having, through Mr. Charles N. Skinner, his Attorney, threatened the Society with proceedings for damages arising out of a question of boundary lines between his land and the tract belonging to the Miss D. B. Hazen Trust, in the Parish of Simonds, once sold to Beatty, and the Committee, deeming that there was some ground for the claim, and finding that it could be disposed of for \$25, directed the Treasurer to pay that amount to Mr. Skinner out of the Hazen Trust Fund in preference to contesting an expensive lawsuit. The amount has been paid and accepted and the matter finally settled.

5. All the moneys lying on special deposit in the Banks have now been withdrawn, and invested as above mentioned.

6. Application has been received from Mr. J. H. Marvin, Church Warden of Trinity Church, in the Parish of Springfield, on behalf of the corporation of such Church, enquiring whether the D. C. Society would receive on special trust the sum of \$830 of Church funds, which the said corporation had in hand for investment, and at what rate of interest. The Committee recommend that the amount be accepted and held

by the Society in special trust for the said Church, as has been done in other cases; that 5 per cent. interest be allowed now, and if a higher rate of interest can be obtained, that the said Church shall receive the benefit thereof.

Respectfully submitted,

W. M. JARVIS,
Chairman.

St. John, January 2nd, 1883.

The Finance Committee beg to report that the following matters have had the consideration of the Committee since their last report:

1.—*The S. Scovil Trust :*

The property on the North Market Wharf has been let to the present tenant, Mr. V. S. White, for one year from the 1st of May next at the same rent (\$750) as now paid by him, on condition of some inexpensive improvements being made in that part of the building used as an office, which the Committee have undertaken to make.

The Committee received from the Board of Home Missions a note which had been addressed to their Secretary by the Church Wardens of St. James' Church, Cambridge, claiming as due to the Rev. H. Heaton, the present Rector of that Church, all that portion of the \$400 mentioned in Mr. Scovil's will, which had accrued since the last payment to the Rev. B. Shaw. It is within the knowledge of his Lordship and the Executive Committee that the Parish was vacant for some time after Mr. Shaw's incumbency terminated. The Finance Committee sent the Church Wardens the following reply:

“*Resolved*, That in the opinion of this Committee no part of the sum of \$400 reserved by Mr. Scovil's will for a resident clergyman at or near St. James Church in Cambridge is payable to the present incumbent or the Parish during a vacancy; but that the Treasurer be authorized to pay the proportion coming to Mr. Heaton since his residence in the parish began.”

The Wills of Mr. Scovil, copy of which is herewith, are as

follows: "In trust to apply the yearly rents and profits for the general purposes of the Society, when £100 per annum of the said rents and profits shall ever thereafter be applied toward the support of a resident Clergyman near Saint John's Church, Cambridge, aforesaid, and six pounds per annum towards keeping said Church and premises in repair."

2.—*Miss Hazen Trust :*

The Committee have granted to Jeremiah Horgan of the Parish of Simonds the right to cut firewood in the rear of lot No. 1 of the Hazen Estate, in said Parish, for one year from the 1st of January, 1883, for the sum of \$30.

All of which is respectfully submitted.

W. M. JARVIS,
Chairman.

St. John, N. B., 5th March, 1883.

**REPORT OF THE BOOK DEPOSITORY COMMITTEE,
For the Year ending June 1st, 1883.**

*To the Right Reverend the Lord Bishop, and the General
Committee of the Diocesan Church Society :*

The Committee to whom was entrusted the management of the Depository of the Society for Promoting Christian Knowledge, beg to submit their Annual Report and Accounts:

The sale of Books for the year ending April 30, 1882,	
amounted to	\$957 68
The sale of Books for the year ending April 30, 1883,	
amounted to	1096 30
	\$138 62
Showing an increase of sales to the amount of	

Last year 768 copies of "The Dawn of Day" were circulated in 22 Parishes.

This year 877 copies have been paid for in advance. The circulation has extended to 28 Parishes.

"The Dawn of Day," supplied monthly at one cent each copy, still maintains its place as one of the cheapest *Church Magazines*.

Your Committee regret the small sale in the Diocese of "The Official Year Book of the Church of England." This invaluable record of the Church's various organizations fills no fewer than 700 octavo pages. It is a work which should interest all Churchmen, as it gives an account of the various means employed by the Church in fostering and extending true religion at home and abroad.

The edition for 1884 will be on the Depository shelves during Christmas-tide.

The demand for the Society's Almanacs and Pocket Books has been larger than usual.

Your Committee would draw the attention of the Clergy and Sunday School Teachers to a recent important work entitled "The Book of Common Prayer with Commentary." This work is designed as a Companion to the Society's Commentary on the Old and New Testaments, and has been constructed on a similar plan.

In a letter, dated January 19th, the Coadjutor Bishop informed the Standing Committee of the S. P. C. K. of his early impressions of the value of the venerable Society's work throughout New Brunswick.

"I did not realize," he writes, "until I came out here, the enormous benefit the S. P. C. K. has been to the Colonies. I don't quite know what the Church in the Colonies would have done without such assistance; it is a wonderful blessing."

Your Committee report that scarcely a month elapses without at least one New Brunswick application being printed in the Society's MONTHLY REPORT, and therefore the grants of Books made this year to Beaufort, Hampton, New Zealand and St. Martins, as well as the grant of £30 sterling towards a Church at Belle Isle Creek, Springfield; of £10 for the completion of a Church in the northern district of Grand Manan; and the revival of the grant in 1877 of £50 for St. Ansgar's Church, New Denmark, warrant them in giving expression to their thankful appreciation for numberless gifts to this Diocese.

Your Committee have great pleasure in being able to

announce that from this date they are enabled to make a reduction in the *Society's* Sunday School Library Books, and to members, on *all* publications placed on the Depository shelves.

In future, the present discount of ten per cent. allowed to MEMBERS, will be increased to *twenty* per cent.; and the commission on the *Society's* Books, purchased for Sunday School Libraries, will also be increased from ten to *twenty* per cent.

Church Sunday School Library Books can therefore now be purchased in St. John at the published prices in England.

The Treasurer's Account accompanies this Report.

Respectfully submitted,

THEODORE E. DOWLING,

Secretary.

REPORT OF THE BOARD OF HOME MISSIONS,

For the Year ending 1st July, 1883.

To the Right Reverend the Lord Bishop and the General Committee of the Diocesan Church Society :

The Board of Home Missions submit the following Report:

During the past year the following alterations have been made in the Schedule adopted by the General Committee last July:

POINT DUCHENE.—The grant has been increased \$20, and the assessment has been reduced \$60.

The Colonial and Continental Church Society has made a grant of \$100 to this Mission, so that the total income is now \$760.

NEWCASTLE, GRAND LAKE.—The sum of \$25 has been added to the grant of the Society.

WATERFORD.—Arrangements have been made to supply services to this Mission and the Mission of Johnston, and the Rev. Jas. Cowie having been licensed by the Lord Bishop to serve these Missions, assisted by the Rev. Canon Medley, the sum of \$360 has been granted upon condition of a contribution of \$240 from the people. \$20 was also paid for the services of a lay reader to Waterford during the three months before Mr. Cowie entered upon his work.

SACKVILLE.—The grant and assessment were allowed to remain at last year's rate for the first quarter of the present year.

SPRINGFIELD.—The assessment has been reduced \$20; and the grant increased the same amount.

DEPUTATIONS.—During the year Deputations from the Board have visited Greenwich, Kingsclear, Kingston, Point DuChene, Richmond, and Sackville. The only alterations that were recommended by these Deputations were those to Point DuChene and Sackville, as before mentioned.

A Deputation was also appointed to visit St. George, the grant to that Mission having been referred to the Board by the General Committee. The Mission having entered into agreement with the Society, the visit of the Deputation was not required.

MAUGERVILLE ENDOWMENT.—Under the authority of the General Committee, the Board have ordered the payment to the corporation of Maugerville of \$400 out of the Capital Funds of the Society not specially appropriated. This payment has completed an Endowment of \$6,000 for the benefit of this Mission, which has now ceased to require any further aid from this Society.

DIVINITY SCHOLARSHIP FUND.—A grant of \$60 from the income of this Fund has been paid to Mr. Neils Hansen, and the balance of the income, \$12, has been paid to Mr. S. Neales.

An application was received by the Board during the past year for a grant in aid of the Missions of Madawaska, but as there were no available funds the Board were reluctantly compelled to refuse the application for the present.

This grant is now recommended, with some others, to be put in force as soon as there are available funds.

The resolution of the General Committee adopted last July, that grants made to vacant Missions should "only be put in force so far as the funds of the Society will permit," has been strictly carried out during the past year, as will appear from the Treasurer's Report.

Of the nine Missions reported as vacant in the last Report from this Board, five have since been filled up. There are still several old Missions vacant—Aberdeen, Albert, Canterbury, Kingsclear, Madawaska, and Weldford—besides several new places where the people are anxious to secure the services of the Church. It is earnestly hoped that increased contributions to the D. C. S. may enable the Board of Home Missions to make grants to these during the next year.

The estimate of Income and Expenditure for next year, the Schedule of Grants recommended for the same, the returns, Correspondence and Minutes of Business transacted by the Board during the past year accompany this Report.

REPORT OF THE COMMITTEE TO INTEREST SUNDAY SCHOOLS IN THE WORK OF HOME MISSIONS,

For the Year ending in July, 1883.

*To the Right Reverend the Lord Bishop, and the General
Committee of the Diocesan Church Society:*

Your Committee beg to submit the following Report:

They have held four meetings since July last, and have adhered to the original plan of issuing Missionary Boxes and publishing leaflets calculated to interest the children of the Sunday Schools in the work of this Society.

The best way of measuring the growth or falling off of such interest is by the increased or diminished number of boxes actually used and amounts returned from them.

Last July there were 1,081 boxes out. Of these, 261 have been destroyed and 42 returned. There have been added 278 boxes, and there are five on hand, so that there are now 1,051 boxes out in fifty Missions, that number being 30 less than in July last. Most of the boxes destroyed were those of the first issue, which have turned out not strong enough for the purpose. But the number of boxes issued, and the number actually in use are not nearly the same. The largest number yet returned from at any one time has been 608, and since a few Parishes opens only one a year, there may at present be about 700 in the hands of Sunday School children. From these returns may be expected very shortly. Every half year from the formation of this Committee, the number of children taking boxes has steadily increased, and the amounts returned from the boxes has also increased from \$739.28 for 1880, to \$885.88 for 1881, and to \$964.05 for 1882—an average increase of over \$100 a year. For the half year, ending July 1st, 1882, the sum of \$446.76 was reported from 571 boxes. For that ending December 31st, 1882, \$517.29 from 608 boxes. Of this total of \$964.05 reported to the Secretary of this Committee, the Treasurer of the D. C. S. had received up to the time of our last meeting, \$901.53, leaving a balance of \$62.52 unpaid, and standing against the following Missions:

For July, 1882.—Andover, \$9.90; Chatham, \$22.05 (paid); Sussex, \$14.03.

For December, 1882.—Kingsclear, \$3.85; Prince William, \$2.65; St. David, \$1.64 (paid); St. Stephens, \$8.40.

The paid up expenses of your Committee (a detailed account of which is appended to this Report), have been \$53.60, leaving a balance of \$910.45 collected by means of these boxes available for the General Purposes of the Diocesan Church Society.

The total amount so collected in the three years has been \$2,589.21. The sum made available for General Purposes, after all expenses paid, has been \$2,361.36, showing that from a merely financial standpoint the importance of sustaining the work of this Committee is considerable.

Two papers have been published during the year, one by the Rev. A. V. Wiggins, and the other by G. R. Parkin, Esq., and a printed acknowledgement of returns for 1882 was issued in March.

The question has been raised whether it would be advisable to publish the names of children making returns from their boxes in the D. C. S. Report. In some Parishes these returns form a considerable part of the contributions to the D. C. S., and in one case, that of Westfield, they exceed in amount the subscriptions and collections. Your Committee desires instructions from this General Committee upon this point.

It is quite evident that not nearly all the S. S. children in the Diocese have as yet been reached by the efforts of this Committee. Taking the number of boxes in use at 700, that would hardly be more than one box to ten children, while there should, upon an average, be one box to each three.

Your Committee, therefore, beg respectfully to urge upon the clerical and lay members of this General Committee the great desirability of in all ways helping on this movement among the young, not only for its immediate financial benefit, but also for the hope that interest in the work and needs of the Church being once awakened in the hearts of children may grow with their growth and increase with the increase of their powers of usefulness, that there be no longer Churches without services or congregations lacking the ministry of the Word.

THE ENVELOPE SYSTEM.

As one means of increasing the Contributions and lessening the difficulties of collection, the Board of Home Missions recommends that Weekly Offerings be substituted for Yearly Subscriptions, wherever practicable.

The Weekly Offerings, upon the Envelope System, have been found to work well in many parts of the Diocese where it has been tried.

The first step towards the adoption of this system in a Parish, is to ascertain from all the members of the Congregation what sum they are willing to contribute at the Weekly Offertory; and this being done—

1. Pledges will be received from the Parishioners for a fixed weekly sum, from one cent to one dollar and upwards, to be given in an Envelope, at the Services on each Sunday.

2. A package of Envelopes will be given to each contributor, printed with blanks for name and amount of offering.

3. The Treasurer will enter the amount thus received each week, to the credit of each contributor, in a book to be kept exclusively for this purpose.

4. A stated meeting of the Vestry or Parishioners will be held quarterly; at which meeting the Treasurer will report all subscriptions in arrears, and at the close of the Parish year, will also present all the last year's accounts of the Parish, which will then be audited and settled.

By the above plan, the following objects are sought to be accomplished:

1. That not only heads of families, but *all in the Parish*, old and young, who have any means and earnings of their own, may contribute, *according to their ability*, to the support of the Church.

2. That they may, as regularly as possible, at the appointed time, *bring their pledged Weekly Offerings to Church*, instead of paying them at the call of the Collector.

[NOTE.—The Principle of the Envelope System is not interfered with when, as in exceptional cases, it may be convenient to contribute ONCE A FORTNIGHT, or at any other stated period within the Quarter.]

3. That the Parish revenue may not fall into arrears and Debt be incurred.

4. That the income of the Parish may be *materially increased*, so that, mainly from this source, sufficient provision may be made for the support of the Clergyman.

All these objects may be easily attained if the Church Wardens be willingly and efficiently sustained in their efforts by those whose representatives they are.

The above plan has been adopted, with some variations, in a number of Parishes in several Dioceses, and has been successful.

It is hoped that it may receive serious consideration in every Mission in this Diocese, and that it may be more generally adopted.
