RUSSIANS DEFEAT CHIEF AUSTRIAN OFFENSIVE AND ENEMY RETREATS TO BALIGROD

General Election Looked For in Canada in Two Months

AUSTRIAN POSITION TAKEN IN CARPATHIANS

Russians Make Important Coup at Middle of Enemy's Offensive Area.

ENEMY BEATS RETREAT

Success Also Gained in Fights in East Galicia and North Poland.

PETROGRAD, March 16.—Despite the obstacles of deep snow, blizzards and intense cold, the Russian troops in continuing their offensive in the Bukovina region of the Carpathians, carried the last Austrian position, right in the centre of their chief offensive area, and forced them to retreat in the direction of Baligrod. The Russians took 2400 prisoners, capturing 14 officers and 17 machine guns. This important success will compel the enemy to readjust his lines several miles back, and give the Russians in the important strategic position of Baligrod, an invasion of Hungary, which would be a serious blow to the Austrians. The Austrians also lost a number of trenches towards the Usok Pass. The opening stages of a big battle to the east of the Stanislav-Kamienka railway are being fought with open success by the Russians, whose infantry, marching through snow, great numbers of machine guns, and other heavy arms, captured the Austrian positions near Yarnowice and Polno, with over 2000 prisoners and 20 officers. The Russian advance in the Stanislav-Kamienka region, where, having captured the Austrian positions, they carried the Russian line to the edge of the shot of the front protecting the town. Headway is being made by the Russian troops against the Germans on the banks of the Dniester River. The Przemysl front. A stubborn battle was fought with the Germans, who had possession of the villages of Stegna and Yedmoreze, and suffered a reverse in a vigorous counter-attack. The Russians captured in this fighting a heavy gun, three light field guns, seven machine guns and 700 prisoners. Parties of the enemy attempting to advance from Kopolow were destroyed. An offensive of the Germans in the Silesia district was defeated. The Russians report partial success north of the Przemysl-Grodouk line. A fresh Russian advance in the north-western Bukovina is reported. It is stated that bad weather makes progress slow. The Russian troops have certain Austrian trenches at the point of the bayonet, the Austrians retreating with heavy losses.

HOST OF PRISONERS ON WAY THRU KIEV

Nearly Fifty Thousand Germans and Austrians Passed in February.

Canadian Press Despatch. LONDON, March 16, 9.40 p.m.—A Petrograd despatch to Reuters' Telegram Company says that in February 40,000 German and Austrian prisoners passed thru Kiev.

According to the same despatch it is announced that the Turks having recently lost several important points in the region of the Tchoruk River, Turkish Armenia, have completely abandoned their positions to the Russians. The latter are seriously threatening the Turks in the Old district of Transcaucasia.

AMSTERDAM, via London, March 16, 11.40 p.m.—The American barque "Pass of Balmaha," is ashore near Sylt, one of the North Frisian Islands, according to a message from Bremen. ITALY IS TRYING OUT HEAVY NEW ARTILLERY

SPERZIA, Italy, via Chiasso and Pisa, March 16, 8.57 p.m.—The commission of artillery officers came here and tried out some of the new 305 millimeter cannon recently. They stated that the guns would be most powerful in making an attack on fortifications. These cannon, together with others of the same calibre now ready at Genoa, are being transported to the front. The Italian central artillery depot from there the guns can be transported rapidly and speedily to whatever point requires them.

Getting the War News

The World has pointed out on more than one occasion, this paper is the habit of drawing attention to the general excellence of its news columns. The World rather would have its readers—and they are increasing—and they are increasing rather than decreasing. The Star of today or two an article pointing out that The Star is the only paper that does this and The Star is the only paper that does this. News-paper readers generally recognize the fact that the daily papers in Toronto are the best published in Canada and among the best in America. Each paper tries to give its readers the best and most authentic news of the war. It is a fact that the morning papers get the best of the war news. The evening papers also publish good news, but the greater portion of it either already has appeared in the morning papers, or is rewritten and published in the form of "special cables." Especially is this the case with The Star.

Princ von Buelow, the German ambassador, has given formal assurances that Germany will be able to overcome the resistance of Austria and induce Vienna to concede to Italy the territorial concessions demanded, together with a free hand in southern Albania. ITALY'S COURSE TO BE CHANGED IN TWO WEEKS

BY R. MACKENZIE. Special Cable to The Toronto World. ROME, March 16.—I am not allowed to be more explicit, but I am authorized to state that within a fortnight Italy's attitude will be changed. An imposing popular demonstration urging intervention was held yesterday in Milan. Huge crowds gathered in the cathedral square, singing patriotic songs and shouting, "Down With Austria." The troops and police were powerless to disperse the crowd. A few socialists who shouted long live neutrality were nearly lynched. Republican Deputy Chessa, who addressed the citizens, said that the time had come to deliver Italians from Austrian rule and to widen their country's boundaries. The police repeatedly charged the crowd, but they were unable to prevent the procession from marching to the address of the newspaper, Popolo Italia, where the Italians wanted war against Austria and Germany, and no negotiations should prevent it, as they were determined to impose their own will. The speeches were greeted with cheering, which continued all night.

Federal Election Before Ontario's Hay Crop Is Cut

Premier Borden and Bennett of Calgary Virtually Sounded Tocsin in Spirited Speeches—Quick Dissolution of Parliament Likely If Obstruction Tried.

By a Staff Reporter. OTTAWA, March 16.—There will be a federal election before the hay is cut in Ontario. Parliament today was full of the electricity of coming conflict. Sir Robert Borden spoke in fighting mood and R. B. Bennett of Calgary simply set all the heather ablaze in the Conservative trenches when his eloquent invective was poured out against the Liberals this evening. The opposition made answer as best they could, and it looks as if they had decided that they can't head off an election, and therefore, that they might as well get the business of the house over at the earliest possible moment and trust to events to postpone the election. If they hold up business it might bring on a dissolution and a quick election. So that all the signs point to an early election and a still earlier closing of the house. Crisis is Reached.

Premier's Defence of Tariff Increase Was Made With Spirit.

By a Staff Reporter. OTTAWA, March 16.—Many able speeches and several sharp encounters across the floor of the house marked the concluding day of the budget debate. At an early hour this morning Solicitor-General Meighen was summing up for the government, and the closing gun of the opposition is to be fired by Hon. George P. Graham. The house will then divide upon the Laurier amendment, condemning the tariff increases as unnecessary and lamenting the impairment of the British preference.

GERMAN ATROCITY  
PAST DESCRIPTION

Belgium's Martyrdom Vividly  
Presented by Dr. Sarolea  
in Convocation Hall.

A HEROIC PEOPLE  
Fiendish Work of Foe Will  
Never Be Erased—Gener-  
ous Response to Appeal.

A tale of pathos of the suffering  
which the Belgian people have  
undergone and that through which  
they have yet to pass, was unfolded  
by Dr. Charles Sarolea, K.O.L., the  
Belgian author and lecturer, in his  
address in Convocation Hall last  
night on "The Martyrdom of Belgium."  
As an instance of the fanaticism  
of the invading Germans, Dr. Sarolea  
cited the fact that Belgium had been  
the battlefield of Europe for six cen-  
turies, and that in all that time, dur-  
ing the so-called "dark ages," the art  
treasures and beautiful architecture  
of the cities had been respected by  
the contending armies. In seven  
months the German Huns had razed  
the Belgian cities to the ground and  
had destroyed the priceless art treas-  
ures and the art beauties made im-  
mortal by Van Dyke and Rubens.

EAST YORK LIBERALS  
HELD ANNUAL MEETING

East York Liberals held their annual  
meeting in the Sun Life Building, Ade-  
laid street, yesterday, when repre-  
sentatives were present from every district  
in the riding. In the absence of R. W.  
E. Burnaby, the president, Mr. J. J. Law-  
rence occupied the chair. The officers  
elected were: President, Mr. J. J. Law-  
rence; vice-president, H. J. Kirby; treas-  
urer, Mr. E. J. O'Connell; secretary,  
Mr. J. J. O'Connell. Only routine matters  
were under discussion.

CONCESSIONS PROMISED ITALY

(Continued From Page 1.)  
ment have presented the matter in  
quite a different light. They have united  
in saying that the defeat of Ger-  
many and Austria-Hungary is inevit-  
able, even without the participation of  
Italy. In case Italy refrains from tak-  
ing part, she will receive nothing from  
the allies when the settlements are  
made. They say that with the conclu-  
sion of peace, the separation of Hun-  
gary from Austria would give rise to  
quites to be expected. This would lead  
to the absorption of Austria by Ger-  
many, and the extension of German  
dominion to Trieste, which would for-  
ever be lost to Italy. Italy would be  
forced to abandon Avion and the  
Aegean islands.

Italy's Demands High

What is believed in high quarters  
to be an authoritative outline of the  
territorial demands of Italy and the  
position of Austria in regard to them  
was obtained today.  
Roughly speaking, Italy desires a  
sweep of territory to the north and  
east, which would extend her bound-  
ary around the northern end of the  
Adriatic Sea as far south as Fiume,  
on the eastern coast. This would in-  
clude the Austrian naval base at Pola,  
as well as the Provinces of Trent and  
Trieste.

Kidney-Liver Pills and Was Cured.

Where there is poison there is pain.  
This is a provision of Nature to warn  
you against conditions that are likely  
to prove serious.  
Constipation of the bowels is un-  
doubtedly the greatest source of  
disease and suffering. It is a com-  
mon ailment, and one that is easily  
cured. By using one of Dr. Chase's  
Kidney-Liver Pills at bed-time as often  
as is necessary to keep the bowels  
regular you can insure constipation  
and the consequent indigestion, and  
remove the cause of backache, rheu-  
matism and other painful diseases.

BRITISH CRUISER HIT,  
SAYS ATHENS REPORT

Amethyst's Crew Said to Have  
Sustained Some Cas-  
ualties.

Canadian Press Despatch.  
LONDON, March 16.—The allied fleet  
continues its operations in the Dar-  
danelles and off Smyrna but no official  
report of the progress of the warships  
has been made for some days. The  
public is depending on reports from  
Athens for information. One of these  
reports says that the British cruiser  
Amethyst has penetrated the straits  
as far as Nagar. The cruiser is said  
to have been hit by three shells, there  
being a number of casualties among  
the crew.  
There is a belief in some quarters  
here that the Turks will capitulate if  
the fleet gets thru the straits, in order  
to save Constantinople from bombard-  
ment.  
A British trawler is reported to have  
struck a mine and been blown up while  
mine sweeping in the Dardanelles.

JOHN W. COWIE

Well-Known Agriculturalist  
and Horseman—Resident  
of Markham.

The death of John W. Cowie, a well-  
known agriculturalist and horseman, took  
place at his residence, 9th concession,  
Markham Township, about six o'clock  
yesterday afternoon. The late Mr. Cowie  
was born in Claremont, Pickering Town-  
ship, but had resided in Markham Town-  
ship for a number of years.  
The circumstances attending his death  
are peculiar, and he has been de-  
ceased by his wife a little more than  
a week ago. Mr. Cowie later suffered  
from a slight attack of pneumonia, and  
this, coupled with the shock, resulted in  
his death. Few men were better known  
or more highly respected in the county  
than the late Mr. Cowie.

Great Horseman

He was an enthusiastic horseman, and  
had officiated as an expert judge at all  
the leading fairs in Canada. He is sur-  
vived by three sons—William, George and  
Russell, the latter at home, and two  
daughters—Mrs. William Foster and Miss  
Margaret.  
The funeral takes place on Thursday  
afternoon at St. Andrew's Cemetery.  
An enthusiastic meeting of the directors  
and shareholders of the Markham  
Bowling Club was held in Mr. Malcolm's  
hall last night. The financial report sub-  
mitted was most gratifying. The presi-  
dent, H. S. Adams; president, Dr. J. A.

WANT AUDITORIUM  
IN NEW LIBRARY

Beaches Association Had Busy  
Night With Local  
Affairs.  
Many topics of interest were discussed  
and many resolutions passed at the regu-  
lar meeting of the Beaches Association  
in the Masonic Hall, Balsam avenue, last  
night.  
Types of Irish culture were the opti-  
mistic of the evening. The library, so  
long promised to the Beaches district, is  
to be built in Kew Gardens, and the mem-  
bers of the association were of the opin-  
ion that a building similar to the Dover-  
court should be erected.  
It was thought that an auditorium  
should be included, which would be used  
for public meetings. The subject of  
the matter was left with the library com-  
mittee.  
C. B. Watts introduced the question of  
express delivery for the district, and af-  
ter some discussion the matter was re-  
ferred to a previous meeting for infor-  
mation in this regard.  
At a previous meeting a resolution re-  
questing the board of works to have a  
car going east was adopted, and the  
satisfaction was forthcoming from the  
board. The subject was discussed direct  
with the Street Railway Company in  
this connection.  
C. B. Watts stated that the residents  
of the Beaches district, dissatisfied  
with the decision of the city, want  
not brick pavement on the street, want  
a resolution was adopted support-  
ing the latter proposal.  
"Altho' promised to be made to  
have lights installed on Neville Park  
boulevard, nothing has yet been done,"  
said H. Darbin, a resident on the street,  
dealing with a question which has been  
discussed in the past. He stated that ac-  
cidents have occurred there, and the  
secretary was instructed to communicate  
with the council.  
F. M. Baker, C. B. Watts and W. E.  
O'Connell were appointed to appear with  
the harbor committee before the harbor  
commission in an endeavor to have work  
commenced immediately on the water  
front at the Beaches.  
The annual meeting of the Balm Beach  
club will be held in the clubhouse on Fri-  
day next, when officers will be elected,  
and a new constitution submitted.

Clamor for War

PARIS, March 16, 4:30 p.m.—The  
Havas agency received today the fol-  
lowing despatch from its correspond-  
ent at Milan:  
"There was a great demonstration  
here today in support of Italy. The inter-  
vention by Italy on the side of the inter-  
allies, crowds of manifestants march-  
ing through the streets and gathered in  
front of the cathedral. The Republi-  
can deputy, Eugenio Chiesa, made a  
speech to the crowd in front of the  
cathedral.  
"The police charged and dispersed  
crowds, which were shouting 'Down

SPLendid TALENT  
OF LOCAL ARTISTS

Three-Fold Production Given  
Last Night for Double  
Benefit.

GAVE NAUTICAL TINT

"The Heiress" and "Houses of  
Clay" Were Very Well  
Portrayed.

At Columbus Hall last night, a large  
and fashionable audience listened to a  
three-fold production given by the To-  
ronto Musical and Dramatic Club for  
the double benefit of the Women's Patriotic  
League and the Secours National.  
"The Heiress," a farce-comedy, writ-  
ten by Arthur Baxter, was the first of-  
fering, in which Gladys Dixon, described  
by her guardian as "a depth of artifi-  
ciality and a giggle," played the part  
of the woman in the case. Arthur Baxter,  
a volatile and temperamental musician;  
Walter Gray, the part of "Lord Eustace  
Fitz-Gur," and Frank Fulton, as a  
typical office boy round only in New  
York, did each his part in raising the  
laughs of the audience. Lawrence Lugs-  
din playing to perfection the heavier role  
of guardian to the heiress. The number  
was under the stage directions of Camp-  
bell Duncan.  
"Houses of Clay," a short drama, writ-  
ten by J. E. Middleton, and as principal  
Angela Von Soleski, as Mrs. Maloney,  
the landlady; Irene Eden Smith, her  
daughter; Molly; Harry Goldblatt, Molly's  
lover, and Geo. F. Hayden, a dramatic  
critic. In this offering the honors were  
divided between the two plays. Hay-  
den and the pretty acting of Miss Smith  
being features. "The act was put on un-  
der the direction of Mrs. J. E. Hayden."  
"Nautical Tint."  
The musical feature of the evening was  
"The Nautical Tint," in which the clear  
and distinct singing of the choruses was  
particularly noticeable. Mabel Deberry,  
as Josephine, displayed a pure and mas-  
sive soprano voice that was heard in  
all directions. The other numbers of Mar-  
ch were: "The Heiress," as Hebe, cousin of Sir Joseph  
Porter; "Waltzes A. Saut," as Hebe,  
was one of the hits of the evening. His  
high falsetto voice and humorous inter-  
pretation of the character he represented  
placating him in the front ranks of the  
artists. Fred M. Flenner was a typical  
Dutch Desander. Others who had special  
parts in the cast were: Frank Fulton,  
an ebullient seaman; George Dixon,  
the Navy Librarian; James E. King,  
cup, and Douglas Campbell, as Middle-  
ton Easy.  
The orchestra, with its attractive com-  
pany of sailors, cousins and aunts, was  
given creditably thorough, and much credit  
is due to the conductor, Mr. J. E. Hayden,  
and Douglas Campbell, as Middle-  
ton Easy.  
The orchestral selections did much to  
enhance the character of the evening.  
The performance was given under  
the auspices of the Women's Art  
Association.

WANT AUDITORIUM  
IN NEW LIBRARY

Beaches Association Had Busy  
Night With Local  
Affairs.  
Many topics of interest were discussed  
and many resolutions passed at the regu-  
lar meeting of the Beaches Association  
in the Masonic Hall, Balsam avenue, last  
night.  
Types of Irish culture were the opti-  
mistic of the evening. The library, so  
long promised to the Beaches district, is  
to be built in Kew Gardens, and the mem-  
bers of the association were of the opin-  
ion that a building similar to the Dover-  
court should be erected.  
It was thought that an auditorium  
should be included, which would be used  
for public meetings. The subject of  
the matter was left with the library com-  
mittee.  
C. B. Watts introduced the question of  
express delivery for the district, and af-  
ter some discussion the matter was re-  
ferred to a previous meeting for infor-  
mation in this regard.  
At a previous meeting a resolution re-  
questing the board of works to have a  
car going east was adopted, and the  
satisfaction was forthcoming from the  
board. The subject was discussed direct  
with the Street Railway Company in  
this connection.  
C. B. Watts stated that the residents  
of the Beaches district, dissatisfied  
with the decision of the city, want  
not brick pavement on the street, want  
a resolution was adopted support-  
ing the latter proposal.  
"Altho' promised to be made to  
have lights installed on Neville Park  
boulevard, nothing has yet been done,"  
said H. Darbin, a resident on the street,  
dealing with a question which has been  
discussed in the past. He stated that ac-  
cidents have occurred there, and the  
secretary was instructed to communicate  
with the council.  
F. M. Baker, C. B. Watts and W. E.  
O'Connell were appointed to appear with  
the harbor committee before the harbor  
commission in an endeavor to have work  
commenced immediately on the water  
front at the Beaches.  
The annual meeting of the Balm Beach  
club will be held in the clubhouse on Fri-  
day next, when officers will be elected,  
and a new constitution submitted.

The attitude of the York Township  
Council in regard to the welfare of those

Graham at the meeting of Lambton Park  
Volunteers last night.

CHANGES IN GRADE  
HALT SUBWAY WORK

North Toronto citizens and the trav-  
elling public generally who have been  
brought up with the hope that the  
proposed improvements at the C. P. B.  
crossing on upper Yonge street would  
be speedily remedied, now that spring  
is at hand will have their hopes rudely  
shattered unless some drastic and sum-  
mary proceeding is at once under-  
taken by the city. That the work will  
be at once undertaken is far from  
certain. Indeed the outlook for speedy  
resumption is about as far away as  
ever.

OUTLOOK PRETTY BLUE

Events.

Under the original order issued by  
the railway board on June 25th, 1912,  
the depth of the subway was fixed at  
14 feet with a five per cent. grade,  
which brought the top of the descent to  
a point immediately opposite the  
Union Bank, but later an application  
was made by the city for headroom  
of eighteen feet with a 2 1/2 per cent.  
grade, which brought the opening some  
feet further south or directly op-  
posite the rear of the building.

UNDERWOOD CATTLE SALE  
DREW A RECORD CROWD

Proved One of the Most Success-

Ideal weather conditions, coupled  
with a splendid program of music,  
quality of stock offered, all combined  
to make the Underwood's big sale  
of cattle and horses yesterday a  
notable event. While the  
hope of the horses and cattle offered  
were in prize shape, the time elapsing  
between the sale and the delivery being  
so short to admit of this. The sale  
was a great success and realized the  
handsome sum of \$340, fully meeting  
the expectations of Mr. Underwood,  
who expressed himself as thoroughly  
satisfied with the result. John H. Fren-  
tice was in charge, and more than jus-  
tified his established reputation as  
auctioneer.

the subject of an address given by  
Dr. Wallace, rector of St. Stephen's  
Church, in the parish house, Scar-

by W. A. Skeans, and Irish selections  
were rendered by Harvey Lloyd.

"Irish Night" was celebrated in true  
Irish style by a large meeting of the  
All British Club in Rhodes Avenue Presby-

Types of Irish culture were the opti-

Don't Be Fuss About Eating

Your Stomach Will Digest Any Kind of Food When Given the Proper Assistance.

We are prone to fall into the error of singling out some article of food and soundly berating the fiend who first invented the dish. The habit grows with some people till almost all food is put on the blacklist. This is all wrong. What is required is a little assistance with those agencies upon which scientific students for many years have set their seal of approval because they have become absolute facts. Sturatt's Dyspepsia Tablets for all stomach disorders are recognized; they have a fine record; they are rated as the most reliable and worthy of confidence just as the president of a big bank puts his O.K. on a depositor's cheque. And so you can eat what you want, whenever you wish, knowing well that should indigestion, sour risings, gas formations, fermentations or any other stomach distress arise, Sturatt's Dyspepsia Tablets in a few moments will put you right.

Coated tongue, bad breath, heartburn, belching, flatulency, bloating—all the symptoms of digestive troubles disappear quickly when these tablets are used. They are not a cure for any disease but they do relieve the distress and discomforts of indigestion and doctors' prescriptions put together. The stomach does the heaviest work of any of the bodily organs, yet it's the one we treat with the least regard. We eat too much of the wrong kind of food at any time. The patient stomach stands under treatment as well as it can and then it rebels. You get notice of the rebellion in the shape of the gases and pains caused by undigested, fermenting food.

Sturatt's Dyspepsia Tablets are sold and recommended by all druggists at 50c a box.

German Attacks Have Resulted in Fighting of Severe Character.

ENEMY'S BIG LOSSES. German attacks have resulted in fighting of severe character.

Canadian Press Despatch. OXFORD, March 16.—The regular semi-weekly report on the progress of the British authorities is dated March 16, and reads as follows: "Since the last announcement of March 11, the operations in the neighborhood of Neuve Chapelle have continued. The line captured March 10 and 11, to the east of that village, has been consolidated and held in spite of repeated efforts on the part of the enemy to retake it. During the night of March 11-12, and in the early morning of the 12th, several counter-attacks were repulsed. USED OWN JUDGMENT.

Officers Carried Out Personal Ideas and Were Complimented.

Cedarvale district was awakened about 10 o'clock last night, by the sound of heavy rifle fire. Two armies were attacking a strong position of the enemy from different directions. The 20th Battalion attacked from the west, while the 19th arrived from the south, both parties arriving on the scene simultaneously. Not a shot was fired by the attacking parties, so that it was impossible for the defenders to ascertain in which direction they could expect the attack. When arriving both attacking parties were met by outposts of the enemy, who fired upon them. The leading company of the attacking forces quickly quieted them and the men continued on the advance. Not a sound was heard by the enemy until the forces were close. Then they opened fire with blank ammunition, but were quickly overpowered at the point of the oncoming.

Major Rickford expressed himself as very pleased with the way in which this campaign had been carried out. Previously he had led the attacking parties, giving his officers their instructions, but last night each officer was allowed to carry his campaign on his own initiative, giving his own orders and making his own attack.

Really Very Good. Gen. Lessard inspected 643 men of the Fourth Mounted Rifles at the Exhibition Park "yesterday morning. He stated that the regiment was "really very good indeed" and expressed the opinion that they would do considerable credit to themselves when in action.

By the end of this week Gen. Lessard will have completed his inspection of the second contingent. He has still quite a number of the Mounted Rifles who are not attached to any contingent. When this work is finished the general will start on a tour of inspection of the third contingent.

The second contingent is an exceptionally fine body of men," Gen. Lessard stated. "The results have been splendidly selected, while the officers are of a particularly good class."

Parade on Saturday. On Saturday afternoon 9000 soldiers will parade thru Toronto. While it is too early yet to state the route which will be taken, it was announced yesterday that many men available for the second contingent will be included in the parade. In addition to this, the 30th Battalion and every soldier available for duty in Toronto and some senior cadet corps, will hold to swell the number.

Reginald Taylor of D Company, 20th Battalion, died yesterday morning from spinal meningitis, at the General Hospital. He was taken ill on Feb. 14, when he was in the front. Claude Taylor of Huntsville, Ont., and came to Toronto with the 9th Regiment. He will be buried in Toronto this morning under full military honors.

Robert B. Russell of Indian road is the second aviator to volunteer for service under the British Government from Canada. Mr. Russell was the first Canadian to obtain a license for flying from the Aero Club of America. He has had a commission with the British army granted to him thru H. R. H. the Duke of Connaught. He piloted W. A. Dean's flying boat "Sunfish" last summer.

Wrote on Battlefield. Gunner A. H. R. Collins, with the 12th Battery, in a letter to his wife, tells of many of the experiences he has encountered since he left Toronto to join his regiment. He has been on active service since Oct. 18. He states that he was stationed next to a battery that was almost wiped out. His letter was written on the battlefield.

MAY ANNOUNCE TODAY HOSPITAL SELECTIONS. Conference Regarding Toronto University's Action Was Held Yesterday.

Col. J. A. Roberts, who will be in command of the base hospital to be established in northern France by Toronto University, arrived in Toronto yesterday after a visit to Ottawa, where he met in conference members of the militia department. The hospital committee met yesterday afternoon and discussed still further the appointments which will be made to the staff. It is understood that practically all the appointments have been settled. When seen by The World Col. Roberts said that no official announcement could be made until the university authorities are approached today.

WEDNESDAY MORNING, MARCH 17

The Fire Department Scandal

Judge Denton's report on the fire department is decisive and definite. The most pathetic council could not fail to be moved by such a document.

But may I respectfully suggest to the board and aldermen the advisability of considering whether the need of the hour does not demand even more than an investigation, an immediate and thorough reorganization of the department.

The whole business is a disgrace to the city, and the worst of it is that those who are most concerned are not aware of that fact, or do not regard it as of any consequence.

It may be admitted that excellent departmental work may be accomplished while such conditions prevail, but Toronto does not merely expect excellent work.

Irish Loyalty. Probably nothing that has happened since the war began shows so strikingly the change in Irish sentiment as the action taken by the city council of Dublin in striking the name of Professor Kuno Meyer from the roll of its freemen.

Since 1911 Professor Meyer has held a position in Berlin, and when to this it is added that he kept a diary for nineteen years while he was professor in Liverpool, in which he recorded everything which could be twisted into anti-British uses, he may justly be regarded as one of the Kaiser's expert spies who misled his Imperial majesty into the false views of British domestic relations which he has entertained.

The Dresden's White Flag. According to the dispatches announcing the sinking of the Dresden, the German raider hoisted the white flag after an engagement lasting only

DAMON AND PYTHIAS

five minutes. That appears to be a very brief period within which to inflict damage resulting in a fire, the explosion of the cruiser's magazine and the sinking of the ship.

portant of the tasks assigned to the firemen has been the location of these guns, concealed as they are by coverings of hay, grass or brushwood. Another phase of the new strategy is seen in the employment of dummy batteries so cleverly constructed of wood as to deceive the aerial observer into signaling a position that entails the waste of much valuable ammunition with no appreciable result.

The case of the Dresden is the first instance on the sea when the Germans have deliberately thrown up the sponge and relied for rescue on the chivalry of the victors.

The "Jitney" Car Service. "Jitneys" have at last arrived in Toronto, and, judging from the experience of United States cities, they have come to stay.

Canada Permanent Mortgage Corporation. Toronto Street - Toronto. Established 1885. President, W. G. Gooderham. First Vice-President, W. D. Matthews.

The New Gunnery. Science applied to gunnery has already revolutionized war methods. So accurate has marksmanship become that the fixed emplacement is now an anachronism and is being replaced by the hidden battery.

CANADA LIFE LOSES IN TAX TEST CASE

Judgment Finds Nothing Ultra Vires in Mode of Assessment. IS NOT INDIRECT. Policyholders Stand in Same Position as Shareholders and Share Profits.

A very important decision was handed out at Osgoode Hall yesterday by Mr. Justice Middleton in the case of the Canada Life Insurance Company. The action which was tried before his lordship on March 5, was to recover \$28,099.25 the amount of taxes against the defendants under the authority of the Corporation Tax Act.

This action was a test case, in which the Canada Life, representing all the insurance companies in the province will come under the new tax, took the matter to court.

The judgment in part says: "That the province may tax insurance companies is not denied; the complaint is that the tax is not a direct one and the taxation is made to extend to subjects matter not within the province. The effect of the payment of any tax out of the income of the company will reduce the amount of income available for distribution among the shareholders and the policyholders."

It is true that this taxation indirectly causes the insurance companies to raise the premiums upon the policyholders. It is by no means clear that this will be so for the profits divided greatly exceed the amount of taxation. The problem which the legislature has when dividing a fair tax on insurance companies was not an easy one.

Read Too Narrow. Chief Justice Falconbridge gave judgment in the action of Robinson and Co. dry goods merchants of London, to recover damages from the Township of Deerham for the loss of cloth samples, when a car, in which was seated one of the company's travellers with a number of trunks upset at the intersection of the defendants' highway, on January 23, 1914.

AUSTRIAN ALLOWED TO GO TO ENGLAND. Wolf Cohen, an Austrian, whose parents live in England, was granted an exit by the registrar of alien enemies yesterday afternoon. He leaves for England this morning.

Mrs. Wiseneighbour Says:--

"I should have told you the other day, when I was speaking of 'Eddy's Washboards, that it is just as necessary to have an Indurated Fibreware Tub to hold your clothes if you want to make a success of washday."

Mrs. Newlywed Says:--

"I've heard of Eddy's Indurated Fibreware. What's the difference between fibre and woodware?" "Fibreware is made from compressed fibre, baked at extreme heat. All in one solid piece, it cannot warp or fall apart. No chance of splinters. Wears much longer, looks better, and is light to carry. The latter point you should always take into consideration," concludes Mrs. Wiseneighbour.

BY R. A. MACKENZIE. Special Cable to The Toronto World. ROME, March 15.—I am informed that while negotiations are in abeyance between the German and Italian governments, which nobody further doubts, the Kaiser is striving to persuade Francis Joseph to sacrifice Trentino, unless he prefers investing defeat. He has even solicited the Pope's aid and has appealed to his peaceful sentiment, urging him to warn the emperor of the dangerous consequences of his refusal.

ALL TEAMS LOOK ALIKE TO ST. NICKS

St. Michaels Put Up Hard Game, But Lost in New York by Four Goals.

NEW YORK, March 15.—(Special).—That practically all hockey teams look alike to the St. Nicholas seven was demonstrated again tonight when in the local rink, the home team defeated the redoubtable St. Michaels of Ontario, 5 goals to 1. Regulars were again in evidence tonight's game was the fastest they had seen this season. The way the players dashed in and out brought roars of approval from the large crowd, which again taxed the capacity of the building. Almost from the opening whistle it became plain to all that the home seven would have to cope with a different style of hockey than usual.

Canadian Association Tells O.H.A. Just How It Happened—Ontario Motion Ruled Out

WINNIPEG, March 16.—Several matters of particular interest to the Ontario Hockey Association were discussed at the meeting here of the Canadian Amateur Hockey Association. There was the three months' residence rule, which the O.H.A. had clearly understood to be retroactive or operative from the date of its enactment. Then there was the position of the Toronto Victorias, for whom the C.A.H.A. wished to intercede. The O.H.A. made it clear that the Toronto Victorias left Toronto on their own initiative, and under orders of coaching, is expected to earn a regular berth in the national game. The challenge sent in for the Allan Cup games had never been filled in with the name of the Toronto Victorias. The report that Messrs. Farquharson, Hewitt and Turner will take back to Toronto will be convincing proof of the good faith of all the delegates, who also received the satisfactory evidence that the O.H.A. had no other knowledge of the Ottawa meeting but that given by its secretary, Hewitt, of the three months' rule retroactive.

CATTLE TRADE SLOW

Price of Grain Too High to Allow Very Long Finishing Period.

Receipts of live stock at the Union Stock Yards on Tuesday were 78 carloads, comprising 1131 cattle, 1847 hogs, sheep and lambs, 206 calves and 11 horses. Not many good or choice cattle were on sale, the bulk being of the common and medium classes. The farmers, as a rule, are not finishing their cattle, as the price of grain is too high, and consequently the majority of the cattle are being marketed when some are beginning to put on flesh, being what is styled warm-up culls.

Grain was very slow, prices barely holding steady, with a liberal supply on the two last days of the week prices will certainly go lower.

Stocks and feeders sold at steady to firm values, and springers held about steady at Monday's quotations.

Veal calves, steers and lambs held firm at steady values, but on Monday, prices were lower than on Monday.

IMPLEMENT COMPANIES HAD VERY POOR YEAR

Sawyer-Massey Report Deficit - Surplus Was Largely Drawn Upon.

Implement manufacturers in Canada had to contend last year with the special conditions arising from a poor crop in the west, in addition to a general trade depression accentuated by the war. That the effect on the earnings of the companies was even worse than was expected is shown in the annual statement of the Sawyer-Massey Co., Ltd., which reports a loss of \$206,802 on operations for the year ending Nov. 30 last, and a deficit of \$283,023 after meeting fixed charges and making partial payment of the cumulative preferred stock dividend, which was suspended in mid-year.

BANK RETURNS REFLECT BETTER TRADE IN WEST

A favorable turn in western business conditions is reflected in a better weekly total of clearing house returns from that section of the country. Winnipeg reported an increase of over three millions, while Calgary's total was also reported to be up. The aggregate returns of 332 clearing houses showed a decrease of only \$6,818,324, or 1.4 per cent, as compared with the corresponding week last year. The returns from cities in eastern Canada were also more favorable than during recent weeks. The total of \$55,745,291 was up only \$5,419,967, or 8 per cent, compared with a year ago.

The total returns of \$125,627,776 from all points in the Dominion showed a decrease of \$15,235,291, or 10 per cent. The decrease so far this year totals \$24,971,456, or 17.3 per cent.
