TWENTY-SEVENTH YEAR

# Can Play Golf on Sunday

Thanks to Mr. Aylesworth

After Amendment to Prohibit the Sport is Carried Minister of Justice Hits When Other Fellow Wasn't Looking and Gets Cancellation Struck Out—Bourassa's Fervid Plea for Provincial Rights.

Ottawa, July 6.—(Special).—This was another lively day in the house on the Lord's Day bill, in which the attitude of Hon. Mr. Aylesworth was particularly noticeable. Martin of North Wellington (Lib.) moved an amendment this afternoon forbidding Sunday golf, and it met with support from unexpected quarters, carrying by 52 to 42. To-night, however, Mr. Aylesworth moved that the amendment be referred back to committee with power to strike it out, and after some vigorous cross firing this was done.

Bourassa, too, went the limit to-night in defending provincial rights. He expressed regret that any control over educational matters had been vested in the federal government, and emphatically protested against allowing questions of race and creed to disgrace the arena of federal politics. He made a direct appeal in eloquent terms to the prime minister.

"All Canada," he cried, "is looking to you to-night. Give to Ontario what is desired by Ontario, but do not impose this hateful measure upon the Province of Quebec. Remember, your own history and your own traditions, and if you have any personal resentment against me, trample it under foot and do what is best for Canada."

This morning Senator Ross offered an amendment authorizing any work or labor on Sunday respecting the saving of property. He instanced forest fires that ought to be extinguished even on the Lord's Day.

W. F. Maclean (South York) discussed the principle of the bill. This was the first time since the old-time principles of the Liberal party. He read extracts from the recent biography of George Brown, to the great disgust of the members who protested vigorously and appealed to the chair for protection. The speaker was inclined to check the discussion, but Mr. Wilfrid Laurier's suggestion the member from South York was declared to be in order.

Mr. Brown and Mr. Dorton of Quebec said Mr. Maclean had striven for years to find a settlement of the differences between the Provinces of Ontario and Quebec. The dual government of the united Canada had resulted in deadlock. Confederation was intended to solve the problem by the arrangement, leaving legislative matters as to all civil and political rights to the provinces. Mr. Brown had taken pride in his contribution to confederation, and both he and Mr. Dorton had, they thought, thereby removed all questions respecting race, creed, language and education from the legislative arena. Mr. Dorton, the most eminent of French-Canadian statesmen, had feared that parliament might indelicately change the dual government into a unitary system. The biographer of Mr. Brown, writing quite recently, laments that Mr. Dorton's fears of centralization were not unfounded.

Mr. Maclean pointed out that measures like the Sunday bill were destroying the work of confederation. If it was not sufficient to settle the domestic concerns of the people it would renew the heart-burnings that fairly wrecked the Lower Canada. Mr. Maclean believed that the anti-confederation provincial laws still in force respecting Sunday were probably sufficient to provide the provincial governments, and if desired a proper amendment to the B.N.A. Act should be obtained. He instanced the Sunday question to the various provinces. Our constitution was never intended to be like the laws of the B.N.A. Act. Persians, George Brown, for example, had loyally accepted the constitution, but announced that he would agitate for amendment when he needed. Mr. Maclean insisted that it was highly improper to pass this legislation without a conference with the provincial governments, and criticized the government for bringing in a bill like this without laying upon the table some statement as to existing provincial legislation still in force.

Full of Faults.  
Hon. Mr. Aylesworth confessed that he had found his way across with difficulties in framing and conducting the Sunday bill. He said that undoubtedly there was power to legislate in many that federal legislation was needed. The bill had been laboriously constructed, and it was undoubtedly full of faults; still there were so many divergent views to be reconciled that he thought it might be considered the best that was practicable.

Having gone this far, he advised the house to pass the bill at once and amend it afterwards as might be desirable. He evaded the suggestion that there should be an amendment to the constitution.

He believed that Mr. Ross' amendment might be desirable. The bill was already burdened with so many details that putting out forest fires and the saving of property generally, should be expressly exempted. At any rate, it was well to further consider the bill. Section 4, which gave employees worked on Sunday a weekly holiday, operated on Sunday a weekly holiday, and telephone operators. They should be included by some appropriate amendment. There were some who moved the bill into committee of the whole to reconsider the measure generally.

Grounded on Good  
In committee, Mr. Ross' amendment respecting the saving of property passed, and he offered a sub-section to clause 4, depriving laborers of the weekly holiday when their hours of labor did not exceed eight hours a day, or 56 hours a week. In the smelting industries in British Columbia they run three shifts of eight hours each and run continuously. He read telegrams from the committee.

## WAS KAISER IN DANGER? SUSPECT UNDER ARREST

Seattle, Wash., Man, Whose Premises Showed Preparations, Captured in Prussia.

Altona, Prussia, July 6.—An alleged anarchist, named Rosenberg, who is reported to have left Seattle, Wash., for Germany, was arrested here yesterday. Rosenberg is credited with having designs on the life of Emperor William. The police were advised of Rosenberg's departure from Seattle and of the results of the search of his former lodgings, and arrested him as he left the train.

Berlin, July 6.—The Neue Hamburger Zeitung says that the chief of police of Altona and Privy Councillor Rosenhagen are enquiring into the case of August Rosenberg, recently arrested at Altona, who is strongly suspected of having planned an attempt on Emperor William's life. It is added that there are numerous overwhelming causes for suspicion, and it is believed that only the man's arrest prevented the attempt. No bombs or explosives were found on Rosenberg.

New York, July 6.—A despatch from Seattle on July 3 reported that the police of that city, acting at the instance of the German Government, had raided the house formerly occupied by August Rosenberg, a bricklayer, and had found a plant for making bombs and infernal machines. The articles seized included more than 200 bottles of acids and explosives, crucibles, mortars, moulds and a furnace and considerable scrap iron.

Mr. Brown and Mr. Dorton of Quebec said Mr. Maclean had striven for years to find a settlement of the differences between the Provinces of Ontario and Quebec. The dual government of the united Canada had resulted in deadlock. Confederation was intended to solve the problem by the arrangement, leaving legislative matters as to all civil and political rights to the provinces. Mr. Brown had taken pride in his contribution to confederation, and both he and Mr. Dorton had, they thought, thereby removed all questions respecting race, creed, language and education from the legislative arena. Mr. Dorton, the most eminent of French-Canadian statesmen, had feared that parliament might indelicately change the dual government into a unitary system. The biographer of Mr. Brown, writing quite recently, laments that Mr. Dorton's fears of centralization were not unfounded.

Mr. Maclean pointed out that measures like the Sunday bill were destroying the work of confederation. If it was not sufficient to settle the domestic concerns of the people it would renew the heart-burnings that fairly wrecked the Lower Canada. Mr. Maclean believed that the anti-confederation provincial laws still in force respecting Sunday were probably sufficient to provide the provincial governments, and if desired a proper amendment to the B.N.A. Act should be obtained. He instanced the Sunday question to the various provinces. Our constitution was never intended to be like the laws of the B.N.A. Act. ## LITTLE GIRL LURED TO DEATH FOLLOWS LITTLE KITTEN ON FLOATING DEBRIS

Ariel McCauley Drowns at Foot of Brock Street—Mary McCully is Drowned Near Sparrow Lake.

Playing with her kitten on the crib work at the foot of Brock-street little 8-year-old Ariel McCauley, daughter of Hugh McCauley, 6 Stewart-street, was drowned last night.

The tragedy is said to have been directly due to the fact that a mass of floating debris and rubbish upon the surface of the water deceived the little girl, who did not know of the water beneath. The floating mass was sufficient to bear the weight of the kitten, but when the little girl attempted to follow she immediately sank in eight feet of water.

Two men hastened to her rescue, but it was some time before she was recovered about ten feet away from the spot, where the eyewitnesses had placed the tragedy.

The brother and younger sister were rescued by members of the party, but Miss Mary was never seen after the canoe capsized.

The body has not yet been found.

YOUNG WOMAN AND MAN  
UPSET FROM A CANOE

Severn Bridge, July 6.—A drowning accident occurred at Sparrow Lake today.

Miss Mary McCully of Toronto, in company with her brother and sister, went canoeing with a fishing party down the Severn River.

Passing thru the rapids below the bridge the canoe was overturned.

The brother and younger sister were rescued by members of the party, but Miss Mary was never seen after the canoe capsized.

The body has not yet been found.

## DEPUTATIONS FROM COBALT ARE GIVEN ASSURANCES OF DESIRED REFORMS

Government Promises to Stop Receiving Second Applications and to Increase Facilities for Rapid Inspection.

The Whitney government is still in the throes of the New Ontario Insurrection is a thing of the past. Two mining deputations from Cobalt and the adjacent region arrived in town yesterday morning and in the ardor of a common cause were gradually welded into one. Some of the elements were volatile, but the greater part were of one mind and made a satisfactory end of their business. They saw Premier Whitney and the Ontario cabinet and after two hours' talk were assured that an end would be made of the practice of receiving second applications for mining claims before the first one was disposed of. More rapid inspection, with extra inspectors if necessary, was also promised, and some elasticity in the interpretation of the law by the inspectors in allowing time for proof of minerals in place. All were agreed that these were the main causes of complaint, and that the system of discovery and inspection was the best. A request for a branch record office and an assay office at Cobalt was left for further consideration.

The deputations were the result of four mass meetings held in the mining district, and represented practically all the prospectors in the Cobalt country. Those in attendance were: R. H. C. Brown, chairman; John Black, S. D. Madhoo, P. J. Finlan, R. F. Seymour, Francis Keeley, Cyril Young, J. J. Walsh, Cobalt; John McKay, Sault Ste. Marie; Rinaldo McConnell, T. J. Crowe, H. H. Hurlbut, P. C. Laidlaw, Leitchford and T. H. Brookes, New Liskeard.

They were received in the council chamber by Premier Whitney, Hon. J. J. Foy, Frank Cochrane, W. J. Hanna, Dr. Reame, Nelson Monteith, Col. Matheson, Adam Beck and Deputy Minister Gibson and Inspector Smith. For the last named the mining men had a special word of praise.

Cyril Young submitted the resolution adopted by the joint delegation as embodying all that was mutually agreed upon by the deputations. He said that the other matters which had been mentioned upon by the deputations were agreed upon by the deputations.

Here are the resolutions: That the government be requested to establish a record office at Cobalt for the Township of Coleman, and provide a private room for the use of the recorder.

That the first licensee filing an application and affidavit of discovery of valuable mineral, and where the same

The Picnic Season,  
The time for picnics is with us, and hampers are being packed every day.

Are you about to pack one? If so, do not forget to put a few bottles of radnor water in it, as it mixes perfectly with sports or wine.

Radnor is bottled at its spring in the Laurentian Mountains, and comes to you absolutely pure, sparkling and invigorating.

## TRAIN WRECKS WHOLE DEPOT GROUNDS OF PASSENGERS HAVE A CLOSE CALL

Freight Car Derailed at Niagara Falls Crashes Into Station and Brings Entire Structure to Ruins—Timely Warning.

Niagara Falls, July 6.—A big freight wreck occurred about 3 o'clock this afternoon at Niagara Falls Station.

A heavy freight was coming at a good rate of speed from Buffalo and when crossing Third-street just east of the depot train shed, the third car on the train mounted the rail at a frog and with seven other cars following plunged into the train shed that was filled with passengers waiting for different trains.

Had not Mr. Weber, city fire commissioner, who was on Third-street at the time, promptly cried out a timely warning to the crowd of passengers some one would certainly have met instant death, as the derailed cars plunged in all directions thru the shed.

The waiting passengers, who heard Mr. Weber's cries of warning, ran in all directions to places of safety from the tumbling cars, that pulled the long train sid and supports down along most on the heels of the flying passengers.

The cars tore thru the Miller and Brundage cabin office that sat on the platform under the train shed and smashed it with the roofing of the shed into matchwood.

Some of the derailed cars in their mad rush, ran the full length of the platform to Second-street and crashed into the northwest end wing of station proper, demolishing the stone wall of the conductory room. Luckily no one was in the room at the time.

The hundred or more passengers and train crew escaped without a scratch. Some of the passengers who had suit cases and grips standing at their feet left them in their hurry to get away and they lay in the wreck.

One car turning northward from the shed ran into the side of an R. W. and 100 passenger train filled with passengers standing three tracks away, striking one of the coaches broadside, but did no damage beyond denting the side of the car and breaking the windows.

Wrecking crews from Buffalo and Suspension Bridge have been clearing the three tracks of the wreckage and broken and derailed cars all afternoon and evening. Trains are running over the outside tracks north of the passenger track and from Buffalo with but little delay.

BRITAIN AND JAPAN DISSENT  
On Resolution to Present Differences to Hague Tribunal.

Geneva, July 6.—The revised Red Cross convention and protocol were signed by the plenipotentiaries of the powers to-night at the final sitting of the international Red Cross conference. One of the articles provides for the pacific settlement by means of arbitration of international conflicts where diplomacy fails to reach an understanding.

The delegates of all the powers represented, except Great Britain, Japan and Corea, who dissented, voted for resolution, under which should circumstances permit, differences arising in time of peace relative to an interpretation of the convention, may be submitted to the permanent tribunal of the Hague.

ICE CREAM KILLS HIM.  
Montreal Man Dies Suddenly at Ottawa Amusement Park.

Ottawa, July 6.—W. J. McKewan of Montreal, while enjoying an evening at Britannia Park, suddenly fell and in ten minutes was dead. He was a big, fleshy man and it is supposed the immediate cause of his death was eating ice-cream, against which he had been warned by his physician. He was in Ottawa on business.

BOND ISSUE.  
(Canadian Associated Press Cable.)  
London, July 6.—For Gaspe railway scheme the Atlantic and Quebec Western Railway will next week issue \$750,000, five per cent mortgage bonds, at 95 for \$100 bonds.

## Was Admiral in Earnest in Demanding Indemnity?

That's the Question Britishers Are Pondering Over as a Result of the Recent Naval War Game—Bombastic "Ultimatum" Showed the Way to a National Panic.

London, July 6.—Naval manoeuvres are one thing, actual warfare another, and to estimate the value of the former by the standards of the latter can only lead to misconception and error. This is a truism, but it is necessary to mention it since it is already evident that the mimic warfare which came to an end on Monday is to be followed by newspaper hostilities in which it seems likely to be forgotten. Upward of twenty journals were directly represented afloat during the manoeuvres, some of them by more than one correspondent, and from the mass of more or less contradictory information with which they have supplied the public it is clearly indicated that the very diverse opinions and views prevail, not only as to the results of the operations, but even as to the facts.

In these circumstances it is perhaps a well to suspend judgment until the publication of the umpire's report, and to confine our narrative to those features which are not in dispute and to reflections arising out of them. It is necessary, then, to remember that at the beginning of the week of operations the relative strength of the Red and the Blue fleets, which were opposed to each other, was as that of Great Britain against the United States. This is important because the British navy is supposed to be provided on the two power standard.

Purposes of the Game.  
Special points, also, upon which it was desired to obtain information were the efficiency of the arrangements which the red admiral would make for the protection of seaboard commerce within a specified and limited area, and the effect which might be produced upon the mind of the country and its rulers if they learn that the enemy had been temporarily successful. It was said before the manoeuvres began that it would be impossible to estimate the psychological effect of the action of the enemy, because the public would be aware of the real nature of the operations, and that what in actual warfare might produce a panic would in these circumstances merely create derision.

Nevertheless there has been manifested by the anxious comments which have appeared a sufficient framework on which to build a plausible assumption of the kind of psychological effect which might be created in certain given conditions not dissimilar to those which have been the outcome of similar operations in the past. It is not possible to say, such as might prevail if this country were at war with a first-class naval power, merchant ship owners, commercial tramp steamers, supplemented by destroyers acting as merchant raiders, were assembled at the points within the area of operations.

Blue Fleet Swept Down.  
These Red merchantmen, arranged in groups, were despatched at stated intervals from Gibraltar, Falmouth and other Red ports, and instructed to travel along well-defined routes, which routes covered in the neighborhood of Cape Finisterre. Although no actual convoy was attempted, the lines of traffic were patrolled and maintained by means of wireless telegraphy. On the traffic thus protected Admiral May's Blue fleet swept down and destroyed, as soon as war was declared, by his plan of action the midship section of the area of operations was completely destroyed.

He arranged his forces in three lines, the first consisting of his armored cruisers.

**Boys' Wash Suits**

This has been one of the best seasons we have enjoyed for many years for the sale of Boys' Wash Suits. Perhaps it's on account of the weather, or it may be the year that wash suits are selling best in, or it may be some other reason. But we are strongly inclined to think it's because our wash suits are right — and by the word "right" we mean in price, quality, patterns and variety — so to 2.50.

**COME ON IN**

**OAK HALL**

CLOTHIERS

Right Opposite the Chimes, King East.

J. COOMBS, Manager.

**SHORTENING C.P.R. RUN.**

Out of 20 Miles to Be Made East of Montreal.

Montreal, July 6.—(Special.)—It looks as if the near future would see the Montreal and Quebec section of the Canadian Pacific Railway cut down by perhaps 20 miles. In other words, what is known as the Terrebonne line will be avoided and after Hochelaga is left behind the company's Quebec train will make straight away for the neighborhood of Joliette. It is understood the plan of straightening out the Quebec section is in keeping with a project of cutting down grades, improving curves and shortening distances generally all over the C.P.R. system.

The work in the east end of the city has also probably something to do with the selection of Quebec as the ocean terminal for the express fleet. With 20 miles taken off the Montreal and Quebec road, a fast express should be able to reduce the time between the commercial and political capital of the province to four hours.

**THREE BOYS ARRESTED.**

Pierce Kelly, 2 Ramsay-lane, aged 9; Murdoch McDonald, 10-1-2 Milan-street, aged 11; Henry Madure, 164 Ontario-street, aged 12, charged with breaking into Robert Fair's store at 202 East Queen-street, on Sunday last, were arrested last night.

**Optician's New Enterprise.**

The Toronto Optical Parlors at 11 King West are now the most elaborate in the city. F. E. Luke with the eye of the expert has fitted up a private and a public consulting room with the most modern instruments. The store has been remodeled and decorated. Mr. Luke, who is known from coast to coast as a specialist in his profession, carries the most complete stock of eye glasses, spectacles, field and opera glasses on the market to-day. Owing to the locality, the stand being one of the best in Toronto, Mr. Luke also issues marriage licenses at any hour of the day.

**ABSOLUTE SECURITY.**

See Pacifille Wrapper Below.

Very small and easy to take on a journey.

**CARTER'S LIVER PILLS.**

FOR HEADACHE, FOR BRUISES, FOR BILIOUSNESS, FOR INDIGESTION, FOR CONSTIPATION, FOR COLIC, FOR SLOW BOWEL, FOR THE COMPLAINT OF THE LIVER.

**CURE SICK HEADACHE.**

**HAPPENINGS IN HAMILTON.**

**Verdict of Asphyxiation Rendered — Robert Faulks is Still Unconscious.**

Hamilton, July 6.—(Special.)—The adjourned inquiry on the death of Matthew O'Neil, 210 Market-street, was concluded this evening. The police said they were unable to get any new evidence and the jury brought in a verdict to the effect that he came to his death by inhaling gas, accidentally turned on by himself.

Robert Faulks, the young man who was indicted last Saturday afternoon by jumping off a railroad car, is still unconscious, and the doctors have little hope of his recovery.

**Some Railway Projects.**

A joint meeting of the board of works and finance committee will be held next Monday evening to consider railway matters. Frederick Nicholls is getting ready to make an application for a right of way through the city, running east and west, for Toronto, Niagara and Western Railway, supposed to be a branch of the Canadian Northern.

J. B. Kellor, Aberdeen, Scotland, has been appointed manager of the Hamilton Gaslight company. R. S. Wallace, the former manager, is manager of the Quebec Gas Company.

The Toronto and Niagara Power Company will not settle with the northsiders on the beach until the city agrees to give the company a right of way over the filtering basin lands for \$1000. The city is holding out for \$3000.

On Aug. 3 it is likely that the shareholders of the H. C. & B. will decide to extend the line from Beamsville to St. Catharines.

Billy Sherring has received official notice that he has been made an honorary citizen of Greece, with the right to vote at all elections.

Dr. Nellie Skimin, 26 South Bay-street, died this afternoon.

At the meeting of Court Pride, A.O. F., No. 5640, Thursday evening, Messrs. Owen Dealey and J. W. Rutter were initiated by Bro. H. Goodale, D.C.R., No. 11, assisted by Sub. Chiefs Ranger J. Sheldrake and Woodwards, Bro. J. Dillworth, G. Gompf and A. L. Smith, Secretary Bro. Archie Martin.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m.; daily, 25c a month; Sunday, 5c per copy. Hamilton office, Royal Hotel Building, Phone 965.

Martinas Cigars, 5 cents to-day, at Billy Carroll's Opera House Cigar Store.

Finale to Overture, William Tell.

Rosini

"God Save the King."

**GETS OFFORD LECTURESHIP.**

(Canadian Associated Press Cable.)

London, July 6.—W. L. Grant, a son of the late Principal Grant, has been appointed to an assistant lectureship in colonial history at Oxford at a salary of 300 pounds sterling.

**SEND ONLY THE BEST.**

(Canadian Associated Press Cable.)

London, July 6.—It was stated at a meeting of the central unemployed body of London that nobody unlikely, for physical or moral reasons, to make a good colonist is sent to Canada by the emigration committee.

G.T.R. Only Direct Line to Fort Erie Race Track.

A special train leaves Toronto on Tuesday next at 11.30 a.m., July 10th. Fare for the round trip only 25c; valid returning until July 15th. Go with the crowd and enjoy an afternoon's sport. Secure tickets at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets, or at Depot Ticket Office.

**NOVELIST CHURCHILL ASKED TO REDEEM NEW HAMPSHIRE**

**Shows Such Knowledge of Desirable Politics That He is Invited to Become Candidate.**

Concord, N.H., July 6.—Winston Churchill of Cornhill was successful in his latest novel, "Cornwall," in telling how New Hampshire came under the political domination of railroad interests, that the reform element in the state has united in asking him to lead a movement to throw off the yoke.

The Lincoln Republican Club of New Hampshire has asked him to be its candidate for the Republican gubernatorial nomination next fall, and has announced that he has accepted the invitation on condition that "Cornwall," the non-interference of the Boston and Maine Railroad or of any other corporation in politics and government of the state.

There are already four candidates for the Republican gubernatorial nomination in the field, none of whom suits the Lincoln Club, which is headed by Professor James F. Colby of Dartmouth College, Bishop William W. Miles of the Protestant Episcopal Diocese of New Hampshire; James W. Remick, former judge of the supreme court; former Mayor Harry G. Sargent of Concord; and other leading lawyers, doctors, clergymen, editors and business men.

In their letter of invitation to Mr. Churchill they say: "Your latest novel, depicting the lobby and the boss and their machinations, and appealing to the people to throw off their yoke, is as timely as was 'Uncle Tom's Cabin,' which was directed against a form of slavery less insidious.

"The merest tyro in New Hampshire politics knows that the course of her government does not run free and untrammelled, but that of a government of and for the people should, but that, on the contrary, nominations, appointments, elections and legislation are largely dictated by a powerful lobby, fostered by a great railroad corporation by means of the varied, seductive and compelling agencies at its command."

In his reply of acceptance Mr. Churchill says: "During the two sessions in which I have been in the legislature I have had an opportunity to study the political system by which this state is wrongfully controlled and I have at last come to the conclusion which is in my mind, that good government in New Hampshire, as in other states, can only be restored in one way, by a direct appeal to the people."

"They can always be depended upon, and if they will go into the caucuses and nominate candidates to the conventions, it will be an easy matter for them to resume the reins of government. I have at heart with you the perpetuation of the principles of American government, and it is for this reason alone that I am willing to become a candidate at your suggestion."

**MARINE**

The steamer Golspie, which is commissioned by the Dominion Government to convey supplies to the houses along the line of the upper and lower lakes, is due to arrive at Toronto harbor to-day. The Golspie is owned by the Montreal and Lake Superior Line.

The Cuba of the Merchants' Line made port last night on her run from Montreal, with a cargo of general merchandise. The City of Montreal of the same line, is due to touch here to-day, on her way to Montreal from Cleveland.

Port Dalhousie, July 6.—Passed up-steamers: Kingston, King Sharpley, Kingston to Duluth, light; steam yacht Galatea, New York to Detroit, light. Down—Nothing.

Midland, July 6.—Arrived—Steamer Queen, passengers and freight, from Honey Harbor; steamer Winona, passengers and freight, from Go Home; tug Metamora, with boom, from Beaver Bay.

Cleared—Steamer City Queen, passengers and freight, for Honey Harbor; steamer Toronto, Kingston to Alton; 11:30; steamer Winona, passengers and freight, for Go Home and intermediate ports.

Port Colborne, July 6.—Down—A. D. Davidson, Chicago to Kingston, corn, 11 a.m.; City of Montreal, Detroit to Montreal, general, 1:30 p.m.; Gov. Smith, Chicago to Ogdensburg, general cargo, 3:30 p.m.

Tip-Roseville, Kingston to Cleveland, light, 1:30 a.m.; Business, Quebec to Erie, pulpwood, 7 p.m.

Wind easterly.

**Lawn Tennis.**

Entries for the Canadian championship at Queen's Royal courts, Niagara-on-the-Lake, close on Monday at noon. A good tournament is assured, and a conclusive week is a certainty. The usual tennis ball will be given, probably on Thursday evening. T. H. Hall, B. Burns, R. Locke, A. South, H. C. Boutbee, C. Ward and E. S. Glasco will represent Toronto in the men's events, and Miss Mores and Miss Cook in the ladies'.

City League games to-day: Intermediate and Varsity, Ontario Alton to Toronto, Broadway v. New Beach, Rushmore v. Y.M.C.A., Senior—St. Matthews v. Rushmore, Varsity v. Toronto.

**Yachting Program.**

The Royal Canadian Yacht Club will hold races to-day in the 30-foot class and for dinghies.

The Balmby Beach Club holds its first yacht race to-day.

The Queen City Club races are in the 16-foot class, dinghy class and 18-foot motor boats.

The New I. A. A. Club Home.

The new I.A.A.A. club house at Centre Island was ablaze last night, when the lanterns turned out in full force to illuminate the building. The fire was extinguished by the home of the "acquatics." Not only from a financial standpoint but the affair was unique and pretty. Two large marquees provided lots of fun for the little folks, and an amateur "Funch and Judy" show was put on. The committee in charge were Mesdames Dyas and Horrick, and Messrs. Denison and Webb.

**WOULD STOP STREET CARS IN JUNCTION ON SUNDAY**

**"Citizen" Brown Issues Writ for \$40,400—Claims T. R. C. Violates the Law.**

The bone of contention is being picked up by Citizen John Brown of Toronto Junction, who doesn't want the city cars to go into the Junction on Sunday. Mr. Brown's writ gets up into big figures, for in the writ which he has issued, thru his legal advisers, Kilmer & Irving, he doesn't only want the cars stopped, but he asks \$40,400 as penalties, meaning \$40 a day for 101 days on which the cars have run unimpeded in the quietness of the Junction Sabbath. The Ontario statutes make provision for this claim.

The cars go to Keele-street, and are added to a great conveyance to the Junction, but there are some kickers who don't use them and don't want anyone else to use them. Mr. Brown is a member of the Toronto Junction Association. His lawyers don't discuss the case at any length. They quote the act which says the cars should not run on Sunday without special consent of the city. The town's consent to run on Sundays, or other days, on that part of Dundas-street between Keele and the eastern limit of the Junction, which the particular complaint of by Citizen Brown is a week ago last Sunday.

Manager Fleming of the Toronto Railway Company was not aware that the question had ever been raised before as to the legality of the running of cars on Sunday at the Junction, and he did not care to discuss the situation. The cars have been running there for some time, and have been doing very nicely. Citizen John Brown, the plaintiff, is the one who sought political honors in York by opposing the late Hon. Clarke Wallace and Sam Platt. He lost his deposit.

**WEST END Y.M.C.A. HANDICAP**

**Summary of Week's Athletic Events—The Program.**

The West End Y.M.C.A. handicaps are going on every week and are gaining interest and excellence with each occurrence. The results for this week were as follows: 70 yards dash—Marshall (2 yds.), 1; Flinn (3 yds.), 2; Parkinson (6 yds.), 3; 600 yards run—McKinnon (400 yds.), 1; Gould (100 yds.), 2; Flinn (60 yds.), 3; Running broad jump—Puttock 1, McKinnon 2, Flinn 3.

It was the limit men's night, for the scratch men were left out all round. The scratch men have been getting a good deal and the handicaps were lengthened out a bit. In the case of the jump, each of the winners beat his old mark by nearly a foot. Worthington and Parks ran in good times in each of the sprints, but were too heavily handicapped to make a place.

The events for next Wednesday will likely be the 100 yards and the 300 yards, in order that light work may be taken before the meet with Buffalo on the following Saturday.

The running high jump and the shot will also be put on.

The results for the boys' meet this week were:

- 50 yards dash—Parliament 1 with 15 yds.; Lee (8 yards), 2; E. Lee (10 yards), 3; 600 yards run—McKinnon (scratched), 1; Hart (70 yards), 2; Hazard (70 yards), 3;
- 600 yards run—McKinnon (scratched), 1; Hart (8 ft. 9 in.), 2; Parliament (8 ft. 9 in.), 3;
- Running broad jump—Puttock 1, McKinnon 2, Flinn 3.

The events for next Tuesday night will be the 100 yards, 300 yards, the mile run and the running high jump. The boys' meet will be the 100 yards and the 300 yards, in order that light work may be taken before the meet with Buffalo on the following Saturday.

**KAY'S JULY FURNITURE SALE**

For this sale the price of every article of furniture in stock has been reduced at least 15 per cent

We have two main objects in this July Sale. First, to advertise the fact that we carry the largest and finest stock of High-class Furniture in all Canada. Second, to reduce that stock to as small proportions as possible by July 31, which is stock-taking day.

Our regular prices are very moderate. During July they are reduced by at least 15 per cent. A host of special bargains in which the reductions are much larger, are indicated by red tickets. Below we list a few examples, mainly from the bedroom floor.

- No. 146—Dresser and Washstand, in fine white enamel, rubbed finish. Dresser has oval plate mirror. Two clever pieces of good design. Regular \$54.50. July Sale price..... 40.00

CAN PLAY GOLF ON SUNDAY

Continued From Page 1. From smelters and operatives in favor of this amendment, and claimed that it was satisfactory to the Lord's Day Alliance people of British Columbia.

Dr. Black (Hants) opposed the amendment. These exemptions all rest on the ground that the bill was again in a third reading, the bill was again in a third reading, the bill was again in a third reading.

Mr. Martin (North Wellington) moved an amendment forbidding any games of ball and cricket on the grounds of any school.

Mr. Bourassa started the house by supporting the amendment. If people were shut out from parks and allowed to assemble at their clubs, they would be able to get into the parks.

AERONAUT CARRIED TO SEA. SENATE BILL DEFEATED.

Picked up, 12 Miles in Ocean, After 200 Miles' Trip. Boston, July 6.—After one of the most remarkable experiences in the history of aerial navigation, James K. Allen, the aeronaut who made a balloon ascent at Providence on Wednesday, was brought to this port to-night on the fishing schooner Francis V. Sylvia.

Mr. Emmerson said the bill threatened the public works of the country. Mr. Maclean (South York): "Then defeat it and take the responsibility."

Mr. Boyce (West Algoma) was quite indignant and said that the government was discriminating against this particular enterprise.

THE CITY BEAUTIFUL

An Interesting Article From The New York Sun That Fits a Local Condition.

The New York Sun of June 8, 1906, prints an interesting article that causes one to ask if the Mr. Crandall therein mentioned is the same gentleman whose entertaining interviews have appeared recently in several Toronto papers?

LET COUNCIL ACT

Do wholesale houses employ travellers? Has the Manufacturers' Association a secretary? Can departmental stores find work for an advertising expert? Is the secretary of the Retailers' Association an idle man?

THE SUNDAY BILL

What the Sunday observance bill allows or prohibits not even the government pretends to know. In attempting to please everyone it has pleased no one except the legal quibblers who will find ample scope for their peculiar talents in its bewildering maze of enactments, exceptions, exemptions and qualifications.

DEMOLISH THE PARK FENCE

Alexandra Park, on Bathurst-street, is a beautiful breathing spot. The splendid shape it is in, considering the short time which has elapsed since the city acquired the old Goszowski property, reflects credit upon the park management.

IN JUSTICE TO MR. DELANY

Editor World: Being always a great admirer of Mr. Maclean, and a constant reader of The World, which is our daily textbook, we were pained this morning to read of your attack upon my poor eloquence and bad grammar.

NEW ZEALAND AND TRUSTS

Largely under the influence of the late premier, Richard Seddon, New Zealand exhibits to-day the leading example of a state where the doctrine of public ownership and operation of monopolistic utilities and services is recognized as a cardinal principle of democratic government.

ROOSEVELT DECLINES

Oyster Bay, July 5.—President Roosevelt will not preside at the reception of the Commercial Travelers' Anti-Trust League to be given to William J. Bryn in Madison-square Garden on Aug. 18.

King-street—Opposite Postoffice. TORONTO.

NAME ERASED FROM ROLLS.

Dr. Orlinton Declared to Have Acted Unprofessionally.

The name of Dr. Alex Orlinton was yesterday erased from the register of the College of Physicians and Surgeons of Ontario.

W. C. Kerr. He was accused of "disgraceful conduct" in a professional sense in issuing a circular purporting to have discovered a sure and immediate cure for grippe.

The old doctor was present and gave a rambling address, quoting similar cases, and showing that whenever a man discovered a new idea he was deemed crazy by his fellow-men.

Frank Darling will be the architect of the proposed new medical building, the site of which will be chosen to-day.

The case of Dr. L. E. Sheppard of this city, whose name was struck off the list several years ago, came up for reinstatement.

The report went back for reconsideration. A hearty vote of thanks was tendered Dr. Campbell of London on his retirement from the council to accept the inspectorship of postoffice.

It was decided to hold the next meeting of the council in Kingston.

Mr. Cochrane's Trip.

Hon. Frank Cochrane returned to his office yesterday after a tour in the northwestern districts of the province.

Mr. Cochrane speaks in very high terms of the land in Ratny River district. Settlers are coming in in considerable numbers, and demands are made for more roads and drainage.

MOTHERS, HERE IT IS. A friend and comforter, an unceasing aid in every house for the hundred and one ailments that do turn up.

Nervine is too valuable to be without. If something eaten causes trouble, if it's cramps, indigestion or headache, aching limbs or cold on the chest, aching limbs or cold on the chest, aching limbs or cold on the chest.

As a family safeguard nothing is known to excel Polson's Nervine. Get the large 25c bottle from your dealer.

A Word to the Wise is Sufficient. If you are fortunate to have a vacation, don't overlook the cheap excursion to New York via the Erie R. R.

Trains leave Niagara Falls, Ont., also Buffalo. Only one fare, plus one dollar. Write H. T. Jaeger, General Agent, No. 209 Main-street, Buffalo.

Judgment Reserved. At Osageo Hall yesterday, the master-in-chambers heard argument on behalf of the National Trust Company.

Dr. Agnew's Cure for the Heart. Cures the nerves through the heart. Experience of the highest medical authorities has conclusively proven that the quickest way to cure diseases of the nerves is to fortify the heart with "food" that is natural to it, and that enriches the blood; and it has been proven also, beyond the shadow of a doubt, by this same high medical authority, that Dr. Agnew's Cure for the Heart is the most potent nerve nourisher and heart strengthener that has been "gathered in" from nature's store.

Dr. Agnew's Cure for the Heart is the most potent nerve nourisher and heart strengthener that has been "gathered in" from nature's store. It restores the balance wheel of life, and when you know that with the heart, the main spring, the balance wheel of life, and when you know that with the heart, the main spring, the balance wheel of life, and when you know that with the heart, the main spring, the balance wheel of life.

Margaret Smith, of Brussels, Ontario, says: "Many a time my suffering was so great that I would have hailed death with a welcome, but four bottles of Dr. Agnew's Cure for the heart wrought a wonderful cure in me."

DR. AGNEW'S LITTLE LIVER PILLS cure Sick Headache, Biliousness, Indigestion and Constipation—they never gripe—40 for 10c.

DR. AGNEW'S CATARRHAL POWDER relieves in 10 minutes.

WOMAN'S WORLD

The Superiority of Sex. The old question as to superiority of sex is forever cropping up under some new guise.

The "society woman" must be about the strongest creature God has made. Her sister who tills the field or rubs the washboard cannot compare with her in "tensile" strength.

It would be interesting to know how a university boat crew or a football team would look in the spring after a winter of wearing heavy velvets and furs over chests and arms during the day, and gauze or bare necks and arms in the evening.

It remains, however, that afternoon teas and receptions are far too pleasant to many, and too convenient for the easy settling of social scores to be given up, but they should be literally "not for not" after afternoon suppers.

It is really a pity that women do not realize what a part in the loss of youthful looks the ordinary afternoon dining, evades these menus with in-digestible teas, cakes and the cup of tea—at 5 o'clock does no good to the stomach, and so does no damage to good looks or appetite by her afternoon dissipations.

But, after the accepted program, the afternoon functions of to-day are clearly a mistake, in view of the early dinner hour. In England where "society" does not dine earlier than 3 o'clock a nibble—and it is just a nibble over there, thin bread and butter, digestible tea, cakes and the cup of tea—at 5 o'clock does no good to the stomach, and so does no damage to good looks or appetite by her afternoon dissipations.

But, after the accepted program, the afternoon functions of to-day are clearly a mistake, in view of the early dinner hour. In England where "society" does not dine earlier than 3 o'clock a nibble—and it is just a nibble over there, thin bread and butter, digestible tea, cakes and the cup of tea—at 5 o'clock does no good to the stomach, and so does no damage to good looks or appetite by her afternoon dissipations.

It remains, however, that afternoon teas and receptions are far too pleasant to many, and too convenient for the easy settling of social scores to be given up, but they should be literally "not for not" after afternoon suppers.

It is really a pity that women do not realize what a part in the loss of youthful looks the ordinary afternoon dining, evades these menus with in-digestible teas, cakes and the cup of tea—at 5 o'clock does no good to the stomach, and so does no damage to good looks or appetite by her afternoon dissipations.

UNCLE SAM MAY ARBITRATE

Guatemala and Salvador Not Anxious to Come to Blows.

Washington, July 6.—Guatemala and Salvador are making overtures for the arbitration of their troubles resulting from the alleged activity of Salvador in support of the revolutionary movement against President Cabrera of Guatemala, and it is likely that the United States will be selected as the country in which the board of arbitration will meet.

The American state department has been advised of the desire of the two countries which are almost at the point of making war against each other to have their differences settled by arbitration, and there seems to be little doubt that an amicable settlement finally will be effected.

Washington, July 6.—The production of George S. Shaw's play, "Mrs. Warren's Profession," during the last theatrical season was not a violent success, and it is likely that the production of the play will be a failure.

The court rules that there is nothing in the words themselves, or in any particular phrase or expression in the play, which can be said to be indecent.

The decision goes on: "While the court may hold decided opinions regarding the fitness of this play as a stage production, when it comes to consider a question of criminal liability of the acts of these defendants in publicly producing it, it must make application in principle of law laid down by the court of appeals as the test of criminality. It appears as the test of an exciting impure imagination in the mind of the spectators, that which is likely to be disgusting, that the unpleasant, the repellent, the disgusting in the play are merely accessories to the main purpose of the drama, which is an attack on certain social conditions relating to the employment of women, which, the dramatist believes, as do many others with him, should be reformed."

Why That Weariness? Nerve force is gone and you feel half dead. Impossible to give strength because your blood is thin and unnutritious.

Supply new vital energy, and give the body new elements to rebuild with. You get this in Ferrone, which builds and strengthens till every organ does just what nature expects of it.

Just think of the enormous strength-giving power inherent in Ferrone, considering what it did for H. V. Potter, well known in Kingston: "I was subject to spells of dizziness, for eight months between the shoulders. I was almost incurable with weakness and lack of vigor. Often I scarcely ate any breakfast and felt miserable all day. Nervous, easily excited, troubled with heart weakness. I was in a state of collapse. Ferrone restored and nourished me back to health in short order."

Remember this! Whatever your weakness may be, if it leaves you lack of blood tone, from worry, or from overwork Ferrone will cure you. Price 50c per box at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn.

BRYAN WANTS TO REAR HALDANE ON ARMY REFORM. London, July 6.—W. J. Bryan has decided not to leave London on Monday, as he had intended, but will remain till Thursday, principally to hear Mr. Haldane, at the latter's invitation, deliver a speech on army entrenchment in the house of commons, after which Mr. Bryan will start on his tour of the Rhine, Switzerland and Italy.

WELL! We would rather go on the Modjeska at 2 p. m. to-day, because we are sure of the certainty of our arrival home. Very well. We leave on the Modjeska at 2 o'clock, and perhaps may stay over for the Macassa, which leaves Hamilton at 8.15, arriving in Toronto at 10.45. But we may stay right on board and get back at 8 o'clock, as we have a ten-trip ticket, which cost only \$1.50.

"Bill" Sparrowhawk Gone. London, July 6.—Wm. J. Sparrowhawk, well known to many of the present generation of types in London, died in this city on Thursday at the home of his father, Richard Sparrowhawk. The deceased had been ill for some time. He was 42 years of age, a native of London, and served his apprenticeship as a printer in the Free Press jobroom. Later he worked as a news compositor, and when the Linotype was introduced he learned the operating and soon became one of the fastest of machine hands. He was a former employe of the Toronto World, where he was known as one of the fastest typesetters in Canada.

Grace Church, on Arthur-street, will build a \$5000 addition. It is likely that the park commissioner's office in the city hall will be removed to the quarters formerly occupied by the street commissioner.

P. Jamieson THE ROUNDED CORNER

A MILLION CIGARS AT ONE PURCHASE

We have just concluded by far the biggest single purchase of Cigars ever made in Canada at retail. It meant quick money and plenty of it, taking over the entire bankrupt stock of John Ward, wholesaler and manufacturer, 37 Yonge Street. The business had been established only four months and was intended to be "second to none" as regards qualities, including some of the best Havana makes. We scooped the entire lot in competition with the trade generally, and gave a marked check yesterday in payment for.

1,385,715 CIGARS

and other supplies, at a rate on the dollar that means fun selling them. It needs just such emphasis as this as a reminder that we sell Cigars and Tobacco cheaper than any store in town, and it makes this none the less headquarters for clothing because we combine other stocks in useful relation.

These are the biggest bargains in really good Cigars ever offered in Toronto. Entire lot go on sale Saturday

AT LESS THAN HALF PRICE

- Boston Cigars..... 8 for 25 Cents
-Mable Leaf Cigars..... 8 for 25 Cents
-Stonewall Cigars..... 7 for 25 Cents
-Peg-Top Cigars..... 8 for 25 Cents
-John Bull Cigars..... 8 for 25 Cents
-Julia Arthur Cigars..... 9 for 25 Cents
-Symbol Cigars..... 8 for 25 Cents
-Mable Leaf Cigars..... 8 for 25 Cents
-Union Jack Cigarettes..... 5c a package
-Smoking Roll Tobacco..... 5c 1-4 package
-Regular 50c Pipes, very special at..... 15c

Men's Suits for Half

As manufacturers of fine clothing we're working and planning for Fall, and the sooner we can clear the balance of Summer Stocks the better will it answer our purpose. Young men are welcome to handsome new suits at just about half what they were made to sell for, and visitors in Toronto are invited to compare our kind of clothing with the best they ever saw ready-to-wear. Values such as these are sensational enough to crowd the store in a hurry. Mostly broken lines, and no more at the prices when these are gone:

- Men's 2-piece, Summer Flannel Suits, mostly dark shades in grey, blue and black grounds with pin stripes, all sizes. Usual price \$7.50. Special at..... 3.99
-Men's 2-piece Cream Ground Cashmere Striped Men's Suits. Usual price \$7.50. Must clear..... 3.99
-Men's 2-piece Norfolk Suits, in light grey Irish homespun, well made throughout and generally popular. Special at..... 7.95
-Men's White Duck and Fancy Wash Vests, usual price \$1.50. Special at..... .75
-Men's Cream Ground Striped Cashmere Summer Coats, slightly soiled, three sizes only, 35, 36, 37. Original price \$5.00. Special at..... .95
-Men's 2-piece Cream Ground Cashmere Striped Men's Suits. Usual price \$7.50. Must clear..... 3.99
-Men's Grey and Brown Lustre Summer Coats, in three sizes only, 35, 36, 37. Usual price \$1.50. To clear at..... .75
-150 pairs Men's Light Grey Tweed and Worsted Pants. Usual price \$2. Special at..... 1.50
-85 Men's Tweed Business Suits, military and square shape, in light and darks. Special at..... 6.95

QUICK CHANGES FOR BOYS

Cheaper to buy a new outfit than to bother repairing the old one. In all the years we've been making and selling Boys' Clothing we never remember better values than these:

- Boys' Wash Suits, made of medium and dark shades of linen, sizes 2 1/2 to 10 years. Regular price \$1 to \$1.25. Saturday's clearing price..... .69
Boys' Fawn Linen Summer Coats, odd sizes only—26, 27, 32, 33. Saturday's clearing price..... .29
Boys' Sailor Suits, made of navy blue imported serge, sailor collar and front trimmed with braid, sizes 21 to 26. Regular price \$1.50 to \$3.50. Saturday's rush price..... .99
Boys' Shirt Waists, in assorted stripes and patterns, some with collars attached. Worth 75c to \$1.50. Saturday, to clear..... .39
Boys' Summer Shirts, in flannelette. Regular price 50c and 75c. Special, at..... .39

Buying here you buy of the maker. We know all about the clothing we sell because it comes from our own workrooms. Such perfection in fit and finish you will find nowhere else at anything like our prices.

Sharp Rally Forced in New York Stocks—Local Specialties Are Also Firm.

Friday Evening, July 6.—The Toronto stock market broadened considerably to-day, and a good deal more strength was shown in the speculative favorites. The rally in domestic stocks was largely due to a similar movement at New York, which also stocks as Twin City were evidently ready for a recovery. The downward movement and the present rally are being accomplished on practically the same conditions. No change has taken place to account for a reversal of sentiment, and the fluctuations as a whole may be taken as part of the regular market manipulation. Trading to-day was principally concerned in Twin City and Mackay, and, also the Rio were called for the first time there was no enthusiasm aroused in this added speculative feature. There was no definite news on any one issue to call for new buying. A rumor of an important announcement later in the Mackay proposition aroused interest and started considerable new buying. The quoted sales in several instances conveyed no information and were not indicative of any change in the character of the market. Bank stocks were enabled in a small extent to show a recovery. The market closed moderately, and the general inference is that speculative specialties will follow in the wake of the New York market.

Ennis & Stoppard, McKinnon Building, report the rise on Great Northern, 10 1/2; Lake Superior, 17 1/2 to 18; Lake Superior Bonds, 88 to 90; Nipissing, offered, 5 1/2.

General London market rather heavy. U. S. Rubber declares regular dividends on first and second preferred. Gross earnings of all railroads for the past year increased \$255,000,000.

Lake copper producers sold, reporting sale of 600,000 pounds for delivery later in August at 18 1/2 cents.

U. S. Rubber net earnings for June, 1906, \$672,000, as compared with \$666,751 last year.

Sixteen roads for fourth week of June show average gross increase of 14.38 per cent.

Money working easier here and in London, and expected to be plentiful next week.

The banks have gained \$603,000 from the sub-treasury since Friday.

Philadelphia—Reading's attractive prospect for June was \$1,184,000 tons, against \$1,101,000 in June last year.

During June there was a strikingly large increase in the number of acres sold of Canadian Pacific land, and the same amount for the same time last year. Receipts, \$888,000; increase, \$247,254.

Great Northern will round out the year with an increase of over \$500,000, or nearly 20 per cent, in gross earnings, according to the estimate officially made to-day. The gross earnings for June, the last month of the fiscal calendar, increased nearly 25 per cent, over June a year ago.

San Francisco.—A competent authority furnishes figures regarding 186 settlements that have been effected by fire insurance companies, which indicate that in the business section of this city more than \$100,000,000 will be paid to losers by the fire on the face of the adjustments made on losses that have already come before the committees. The average estimated loss in the 186 cases mentioned is \$81,323.

The public cannot be said to be in the market to any extent at present, there is a better demand from commission house sources than has been the case for a long time. Outsiders seem to be picking up such stocks as Union Pacific, Southern Pacific, St. Paul, Erie, Pennsylvania and Baltimore and Ohio, and for the most part leaving the industrials alone.—Town Topics.

In spite of details, there is good reason for believing that the negotiations looking to a lease of the properties of the Great Northern Railway Company to the U. S. Steel Corporation have been practically, if not fully, completed, and that there is good authority for the statement that this ore deal would have been consummated and announced nearly six months ago except for an unintentional slip that was made while the negotiations were in progress.—News Bureau.

The known movements of money for the broken week, five bank statement days, indicate a gain in cash by the local banks of about \$750,000. The interior movement of funds by direct express is about a stand-off; actually the result is a nominal trifling loss of \$14,500, as against this, the banks gained from the sub-treasury \$603,000. This gain was made yesterday, but will be more than made good in the averages, probably on account of the large debit of the sub-treasury at the clearing house this morning. Money is being retained in this city from Canada, and we hear of a consignment of gold to New York from Cuba.

Joseph says: It takes a long time to bring a growing bull market to full maturity. While the backing and filling proceeds under way, as it is at present, it will be well to trade for quick turns on both sides, because conditions frequently change. Speculators will be the feature. Specialties will be in order. Insiders are that B. R. T. will begin dividends on a 4 per cent basis this year. Certain it is that the buying of Brooklyn is excellent, and the break made in yesterday's late trading was a result of a concerted attack. Buy B. R. T. conservatively. There will be general short covering on expectation of good bank statements. Specialties: Smelters going higher. Average Steels, Buy Pacifics and Eries conservatively.

The Rio Janeiro Tramway, Light & Power securities have been listed on the Toronto Stock Exchange. The amount listed is \$21,963,900 stock and \$20,000,000 bonds. The authorized stock and bond issue is \$25,000,000 each. The annual meet-

We invite the attention of investors to our Bonds. They are issued in sums of \$100 and upwards for terms of from one to five years, bearing interest at FOUR PER CENT, per annum, payable half-yearly.

ing of the company will be held in Toronto on Friday, July 13.

New York, July 6.—The market has a large shortage. It is, we believe, vulnerable to an attack of strength is needed. The most influential houses in the street are not bearish at this time, according to their investigations generally speaking. Reading may be bought on this recession. U. S. Steel is being bought for foreign investment account. We continue to believe that Pennsylvania and New York Central may be sold on rallies for turns. B. R. T. exhibits a weaker technical position, under the best work, however, it is held between 105 and 115, according to a special list, information is bullish on Atchafalaya, the market closed moderately, and the general inference is that speculative specialties will follow in the wake of the New York market.

The Rio Janeiro Tramway, Light & Power securities have been listed on the Toronto Stock Exchange. The amount listed is \$21,963,900 stock and \$20,000,000 bonds. The authorized stock and bond issue is \$25,000,000 each. The annual meet-

of the security list is free to reflect general prosperity of the country and purchases by investors, who are warranted in buying numerous leading issues, now yielding more than if the money were placed in time loan.

Charles Head & Co. R. B. Bourgard: There was a determined effort to excite a renewal of liquidation, with the opening of business in the stock market, and during the first ten minutes losses of 1/4 to 1/2 point were scored in the active list. London was liberal seller, disposing of about 25,000 shares on the decline, and reported sentiment much unsettled as a result of fears of an outbreak of a religious war in Egypt. With the cessation of the London selling, however, the shorts found but little stock offering at the decline, and started to cover simultaneously with the appearance of some good buying in the Hill stocks. This brought about good recoveries all thru the list, and also there were several moderate setbacks, the tendency was distinctly to betterment. The strength in Great Northern preferred, coincident with the advances in the United States Steel issues, revived discussion of the possibility of an early announcement of the terms of the ore deal, with congress out of the way. The Ohio State crop was reported to be favorable as regards wheat and corn, and also helped sentiment. There was a further relation in the call market, and time funds also displayed a slightly easier tone. The steel loan market, however, was also influential in inducing the covering of traders' shorts. The market was relaxed into extreme dullness, but without impairing the strong tone, and in the final dealings there was buying movement, which carried prices up briskly. The closing was strong at about the level.

Foreign Exchange.

A. J. Glasebrook, James Building (Tel. Main 1732), to-day reports exchange rates as follows:

Between Banks

Buyers	Sellers	Counter
N.Y. Funds	14 1/2	14 1/2
N.Y. Funds	14 1/2	14 1/2

On Wall Street.

Marshall, Spader & Co. wired J. G. Beaty, King Edward Hotel, at the close of the market to-day:

The market made a downward movement this morning as a result of nervous trading and liquidation following yesterday's unsatisfactory close. Some of the news was disconcerting in London, and special weakness in London of other than American issues is noted, but after an hour of indifference, the market made a recovery, and the strength of the Steels, St. Paul and Reading was a kind of order following. The general list followed this influence with what might be called hesitation. The steady good buying was in evidence in Pennsylvania and the northwest properties. Recovery in ice and B. R. T. of the ore deal had little influence on the market, some degree of a favorable influence. A much better feeling prevailed generally. The crop report, which is giving little or no concern to operators, and for some reason the market appears to be in strong hands, the not yet being generally handled, there is certainly a better feeling among traders, and its extension to larger investment interests seems logical.

Ennis & Stoppard wired to J. L. Mitchell, McKinnon Building:

The market to-day has developed more general and well-sustained strength than for a long time past, meeting no important offerings of long stocks. Scarcity of leading issues was notable, and the presence of an over-extended short interest was evident. Buying was well distributed, and emanated in part from the more influential interests. It is stated that the Great Northern ore deal will be announced in the near future, it being understood that publicity in the matter has awaited the adjournment of congress, among reports from trade sources were those of heavy sales of Southern Iron at advancing prices, southern furnaces having secured new business contracts to cover their output for some time to come, and a discussion of the beet sugar situation, in which it is pointed out that the industry cannot be overdone when 225,000 tons are produced annually, and 2,000,000 tons are consumed. There has been talk of unsatisfactory trade conditions for American Beet Sugar, with which American Sugar is, it is understood, closely affiliated, the former is indeed not actually owned by the trust. Full restoration of normal rates for 30 days to 60 days has been shown by the Reading anthracite production for June. The "street" expects a very favorable government crop report next week and easier rates for time money. The latter development is already materializing, time rates for 30 days to 60 days being 4 per cent, to 5 per cent, bid, with higher rates quoted only for loans carrying over the year. The banks have gained in excess of \$2,000,000 in new gold this week, and this movement will continue. The bank statement should make a favorable showing. We think that recent action of the market demonstrates that urgent liquidation is over, and, with this factor disposed

London Stock Market.

London, July 6.—Supplies of money were abundant in the market to-day and the demand was fair. Discounts were easy and satisfactory tone prevailed on the stock exchange. Foreign securities and Grey's statement on the Egyptian situation in the house of commons last night caused selling of consols, which weakened other British securities, while the liquidation of Kaffir continued owing to the proposal for an early discontinuance of the security of Chinese labor. Foreigners moved in sympathy. Paris Americans opened well over parity, but dropped in the forenoon in sympathy with the other markets; later New York sent buying orders and the market picked up and prices closed firm. Japanese imperial stock of 1904 closed at 102. Bullion amounting to £25,000 was taken.

Toronto Junction, July 6.—William Gardiner, aged 36, died at the General Hospital to-day. He resided at 35 Western-avenue, was an employee of the Heintzman Company, and a member of Orange Lodge 611. The funeral will take place on Monday at Prospect Cemetery.

Loyal Orange lodges 602 and 300 will hold their annual church parade to the Annetta-street Methodist Church on Sunday morning at 10:30. Worcester Lodge, S. O. E., have been invited. Rev. Dr. Hazelwood, pastor of the church, will deliver the address.

The Reds and Blues, two baseball teams of the Waverley Social Club, played a game of baseball on the Annetta-street grounds to-night, resulting in victory for the Reds by 8-6. The property committee of the public school board meet in the town hall on Saturday night.

The general committee in charge of the Twelfth of July celebration, met to-night in the town hall. Reports of the various sub-committees were received. It is reported that forty lodges will line up.

Weston.

A. Stult lost a pair of valuable fox-hounds yesterday morning by poison. He is offering \$10 reward for the conviction of the person who put down the poison.

A game of lacrosse will be played on the old lacrosse grounds this afternoon between the Matildas of Toronto and the Weston team. The ball will be faced at 3:30. This is a scheduled game in the Senior City Lacrosse League.

North Toronto.

The members of Leaside Mission will hold a picnic on the church lawn, Merion-street and second con., East York, this afternoon.

B. Stutchbury of New York is visiting his aunt, Mrs. J. Atkinson, of the Bedford Park Postoffice.

H. W. Distin, nephew of A. H. St. Germain, secretary of the Quebec Y. M. C. A., accompanied by his wife, has been spending his holidays on the St. Germain Park farm.

Town Solicitor T. A. Gibson and family are spending their summer holidays at Port Cockburn, Muskoka.

Rev. Newton Hill, the new pastor of the Davisville Methodist Church, will occupy the pulpit to-morrow.

When the Toronto Railway Company took over the Metropolitan Line, the company endeavored to cut off all their cars to York Mills on the local line. The town council protested, and a morning and evening car were run thru. The fare was raised from 2 cts. to 3 cts. from Glen Grove to the town boundary. Now these cars are cut off, and the residents at Bedford Park are much annoyed. The management of the road contends that the Richmond Hill car will accommodate the passengers from the northern section of the town, but by the time the cars from farther up north arrive at York Mills, southbound, they are exhausted.

While in bed on Monday night, Mr. Whitten, wholesale butcher, of York Mills, was aroused by someone entering his room. He was not alarmed, as he thought that the man who just came in must be his room-mate, but soon everything seemed to be a blank to him. When he awoke, as from a stupor from chloroform, he found his vest pockets rifled. The garment had been between the bedclothes and the mattress. In the neighborhood of \$200 in cash was abstracted, checks and other valuable papers being left.

Mr. Whitten is a sick man, and is in a very nervous condition.

A large congregation assembled on the lawn of the Bellinon Methodist Church last night to receive the new pastor of the church, Rev. Nathaniel Wellwood, and to bid farewell to Rev. W. A. Foster, B. A., who is transferring to Weston. Those who took part were Miss Childs, Councilor S. Douglas, R. G. Kirby, Councilor W. J. Lawrence, the Misses Mulholland and Pugsley.

Balm Beach.

Rev. Canon Dixon will preach in the Church of England Pavilion on Spruce-avenue, Balm Beach, to-morrow morning, and Rev. T. H. Cotton, M. A., in the evening.

Unionville. Splendid tribute to the progressive-

Don't Hang On to the suit until it looks shabby.

If you don't know exactly what to get let us tell you what suits you best. We have nice business suits from \$25 upwards.

Two-Piece Summer Suits (a specialty with us) we are offering at from \$20.

Secret's Tailors and Haberdashers, 77 KING STREET WEST

J. W. T. Fairweather & Co.

400 Two-Piece Suits--A Special Purchase--A Special Sale

Our clothing buyer is in New York this week and he certainly made "a lucky strike" with one of the best known American makers of fine clothing in this lot of Two-piece Suits—400 of them hurried along by quickest despatch—into our receiving rooms and marked ready for an army of appreciative buyers this morning—

We've put them into two lots—

LOT ONE—about 20 shades in all—blue fancy worsted serges and chevots and oyster grey—nice dressy fashionable garments—the long sack coat effects in single and double breasted styles—not too extreme—but right-up-to-the-tick in correctness—all sizes from 33 to 46—a chance here for some stout men to get a nice fit—suits worth up to 20.00 for 15.00

LOT TWO—another lot of specially nice Two piece Suits—in homespuns—greys—fawns and brown tweed effects—single and double-breasted styles—and marked at a quick clearing figure..... 10.00

The coming in of these 400 suits is as timely as the goods themselves are excellent in fit—style and character—if you're interested come and see—if you're curious come and see—come anyway.

Other Summer Wear for Men—

- Finest English and American Straw Hats—1.50 to 5.00. Finest English and American Soft Hats—summer shades—2.00 to 6.00. Duck Trousers—well cut and better made—1.00 and 1.50. Odd Trousers—homespuns and English flannels—3.50 and 4.00. Summer Vests—the best ever from London and New York—1.50 to 4.00. Outing Hats and Caps and Yachters—50c. to 3.00. Most everything else in men's wear that's cool and comfortable.

Fairweather's 84-86 Yonge St.

GOSPEL HALL NEEDED.

Rev. Melvin Trotter Opens Series of Revival Services.

Metropolitan Church was fairly filled last night when the revival services under the auspices of the Torrey-Alexander Association opened, with Rev. Angus Ranton presiding. Rev. Mr. Ranton will continue to act as chairman during the five days of the revival, which is especially designed to give spiritual strengthening to those who professed conversion during Dr. Torrey's campaign of last winter.

Rev. Melvin E. Trotter of Grand Rapids, Mich., whose rough and ready oratory was an aid to Dr. Torrey while in Toronto, was the speaker last night.

"Any man who has the devil in him will recognize Christ in you if you have him," was the conclusion drawn by Mr. Trotter from his own experiences.

"I wish Toronto had a big gospel hall down at the heart of the city," he said earnestly, in drawing attention to what he thought the city greatly needed to attract casual passers-by.

The Torrey-Alexander choir was not up to full strength, but under the leadership of Dr. G. L. Palmer of Parkdale Methodist church sang with excellent spirit. The choir, which numbered over 600 voices, is desired to be in attendance at 7:30 each evening.

There will be a meeting held this afternoon, but a special service will be conducted on Sunday afternoon.

Blame a Third Party. Robert Kennedy and Peter Saber appeared in the police court yesterday morning on the charge of stabbing Wesley Spence at the island on June 23. They claimed a man named Jimmy Stefano did the stabbing. The case was remanded for a week.

A Midnight Alarm. Someone pulled box 32, at Queen and Yonge-streets, at the witching hour last night and the firemen from east, west, north and south found that a cigarette had ignited some rubbish in a grate in front of one of the stores near the corner.

SAW THE WEST END PARKS ALDERMEN HADNICE JAUN

They Learned Some Things—No Commissioner of Industries Yet—City Hall Matters.

An educative trip, particularly for the east end aldermen, was taken by the city council, captained by Ald. Vaughan, chairman of the parks committee, yesterday afternoon. The aldermen looked over the west end parks and the garrison commons, and found out a few things which they can now talk intelligently about. Leaving the city hall at 2 o'clock, the inspection commenced at Queen's Park, after the ugliness of the rear end of Simcoe-street houses, as viewed from University-avenue, had been commented upon. Queen's Park is at its best, both the government and the city having looked well after it. One noticeable thing in Queen's Park, and in all the other parks visited, was the fact that there was a lot of useful healthy room unoccupied. The most unpleasant feature was the ever recurring "keep of the grass" sign. Queen's Park gave no claim for suggestion to improve it, and the city fathers drove down to College-street by way of the university and its buildings. They passed the Carnegie Library site, where there are some signs of activity.

The surprise of the day was the swell shape of Alexandra Park on Bathurst-street. Unfortunately, its beauties are confined within a rusty-looking old fence. Great work has been done on the new park, which is the playground for Eyerson School. Tennis games were in progress, and barefooted bairns were jollily rolling down the embankment. The flowers are very beautiful. This latter feature is prominent in all the parks. The old chestnut trees in Alexandra Park are one of its finest points. Unfortunately, its beauties are confined within a rusty-looking old fence. Great work has been done on the new park, which is the playground for Eyerson School. Tennis games were in progress, and barefooted bairns were jollily rolling down the embankment. The flowers are very beautiful. This latter feature is prominent in all the parks.

The real interest of the trip centred, however, at the garrison commons, and as a result of the inspection there will not be so much opposition to allowing the street railway to get thru the old fort to the exhibition grounds. Very little of the historic place would be destroyed and citizens who do not know the beauty of the place could have the opportunity of a convenient occasional look at it. Sgt. Fisher, the much-medalled old chap who keeps the toilet element out as early in the night as possible, thinks a street railway and its accompanying lights would be a godsend to the locality. There are several glaring cases of where the steam railways have used portions of the fort property, and are holding it as lib. Fine New Building.

In Exhibition Park the interesting feature was the new process building. It is nearly finished and its enormous size was a revelation. The process building is going up, but the workmen will have to hustle to get it done before the new open air park is kept. High Park was thoroughly explored. A landscape gardener has been satisfied to let Nature work uninterrupted out there. A luncheon was held in the pavilion and Ald. Vaughan had cause to swell out a little with pride. So did Commissioner Chambers.

No Co-operation Yet. There is still a deadlock in the board of control as to the appointment of a commissioner of industries. It looks as if the matter will fall over the side next year. Fred Dane would not take it. Controller Ward would not vote for anybody. So there it stands, and unless the board can be persuaded to view it with some slight trepidation, they will want it nevertheless. They liked the idea of a park, but they don't like the streets clean and want a half holiday, which Dr. Sheard says would disorganize the service. The men get \$12 a week on the understanding that they must work for six days each week.

As to the scheme of Ald. Geary, adopted by the board, to cut over the roads department, the controllers viewed it with some slight trepidation, but they wanted it nevertheless. They liked the idea of a park, but they don't like the streets clean and want a half holiday, which Dr. Sheard says would disorganize the service. The men get \$12 a week on the understanding that they must work for six days each week.

There are now ten smallpox patients in the Swiss Cottage Hospital, and Dr. Sheard says they are all doing nicely.

Youth's Vitality Sapped Away. Your child looks poorly, is tired and fretful. You would like this boy or girl to be more robust, more energetic and vivacious.

The "something" that is wrong is simply this: stomach and bowels need attention. Constipation and indigestion must be relieved, new life and vigor are required in the blood, slight assistance is needed for the kidneys and liver.

There will be a public meeting in the council chamber on Friday, July 13, to form a working committee for a memorial to the late Alex. Muir.

Some Disappointment. There is a kick from J. W. Woods about the way the Godson Company are laying the macadam roadway on Ossington-avenue. Complaints are made regarding the city inspectors, and the matter will be enquired into by the controllers.

The mayor will soon visit Ottawa, accompanied by a cheque for \$130,000 to pay the government for the old fort property. The sum of \$20,000 has already been paid. While in Ottawa his worship will see the minister of railways about Yonge-street bridge.

ALIVE BOLLARD, 128 Yonge Street

PREMIER DENIES PLOT.

Third Reading of Bill to Abolish N. B. Supreme Court.

Ottawa, July 6.—The house this morning took up the bill relating to the New Brunswick supreme court, and gave it a third reading, the government refusing to consider the protest made by the opposition on the strength of a rumored plot.

The New Brunswick legislature has abolished the supreme court of that province, and a new court, to be known as a court of appeal and trial division court, is taking its place. The Federal act makes verbal alterations in Dominion statutes to provide for the changed court; that is the surface of the proposition. The inside, as portrayed by Conservatives, is a plot by which, when the six judges of the old court are appointed to the new one, the chief justices will be squeezed out.

Sir Wilfrid Laurier declared that, if there was a plot, the government were not party to it.

FOR FOURTEEN YEARS, Kenora, July 6.—Magistrate Moore to-day imposed an unusually heavy sentence upon Fred Bartley, an English immigrant of bad reputation, who was convicted of house-breaking.

EMPEROR'S FAST TRIP.

Quebec, July 6.—The new Canadian Pacific transatlantic liner Empress of Ireland arrived at Rimouski to-day at 4:30, upon her initial voyage.

Regarding her speed, the Empress of Ireland demonstrated by her first three days at sea that already she is the fastest steamship on the St. Lawrence route, eclipsing slightly the speed of her sister ship, the Empress of Britain, her runs being 451, 460 and 450 knots, respectively.

\$200 Reward

In Montreal on the 15th instant, heavy fines, with all costs, were imposed by Judge Choquette upon the Dominion Bottle Trading Co. for having in their possession and trafficking in soda water bottles and syphons belonging to the undersigned.

We will pay the above reward for information leading to the conviction of any one who ships, or who has within the past two years shipped, by rail or water out of this city for purposes of sale, any bottles or syphons bearing our name, or of anyone who buys them, or sells them, or uses them, or who has so bought them, or sold them, or used them.

\$50 Reward

We will pay this reward to any citizen or householder who will furnish us with evidence leading to conviction, of the purchase of, or sale of, or of any trafficking in our syphons or bottles, by push-cart men or other dealers, or of the harboring or storing of same on their premises unless by our written consent.

WARNING!

We beg to remind housekeepers and our friends in the drug, hotel and oil trades that it is illegal for any one "other than the owner" to fill a soda water bottle bearing the owner's name or registered trade mark with any liquid whatever.
