ANOTHER VICTORY FOR CANADIANS

Germans Are Swept from Last Positions Held by Them Northeast of Souchez, and Best Troops in Enemy Service Are Defeated As Canadians Capture Top of Important Hill.

FRENCH NOW CO-OPERATE ENCIRCLING ST. GOBAIN

Join With British in Great Smash at German Lines, and Final Capture of St. Quentin or St. Gobain is Inevitable.

By Henry Wood, United Press Staff Correspondent. WITH the French Armies Before St. Quentin, April 12.—The French armies are now co-operating with the British in the great smash at the German lines. While the British offensive is threatening Cambrai, the French are encircling St. Gobain, south of St. Quentin. Final capture of either Saint Quentin or St. Gobain is now inevitable. The French are now fighting their way into the southern suburbs of St. Quentin, while the British are making an assault from the west. These assaults, coupled with the attack toward Cambrai on the extreme north and against the Saint Gobain crest on the extreme south, are striking at the three principal points of resistance of the Hindenburg line.

MORE VILLAGES TAKEN COUNTER-ATTACKS FAIL

Desperate Attempts to Retake Monchy Are Defeated and More Guns Are Taken by British and Canadians—Enemy Defence is Further Splintered and the Artillery Fire is Precursor of Greatest Battle in World's History—British Attacks Completely Successful All Along Line.

By Stewart Lyon. CANADIAN Headquarters in France, April 12, via London.—From the last position held by them on Vimy ridge, the Germans were swept this (Thursday) morning in one of the most fiercely contested engagements in which the Canadians have recently taken part. In a blinding snowstorm, at 5.30 o'clock, an assaulting column was despatched to drive the enemy from the height known as "The Pimple," occupying a dominating position on the ridge to the northeast of Souchez. The weary but the constant struggle against the enemy and the elements during the last four days, the men responded splendidly to the call for this effort. Swarming up the height they attacked the enemy troops especially brought up to hold the position. Among them the 5th Prussian Grenadier Guard Battalion, which fought under orders to hold the position at all costs. The Canadians were not to be daunted, however. Over the shell-ploped land, under machine gun fire, they climbed to the summit, and by seven o'clock the flower of the German army was fleeing to the east and sought shelter in the village of Givency.

During the fighting British aeroplanes hovered above Monchy, seeming to sit absolutely stationary astride the howling gale. One was thus "idling on the wire" when out of an overwhelming cloud swooped three German machines. The Germans dived for the tail of the British machine, firing as they came. The khaki-clad airman, despite this unexpected attack from ambush, splendidly outmanoeuvred his foes. He deliberately side-slipped out of control, which literally means turning sideways and letting his machine fall virtually perpendicularly. There was not much height for a long fall in this manner, so, after thus escaping the first burst of fire from the Germans, the Britisher flattened out and started for his own lines, to bring the pursuers within range of the anti-aircraft guns, for there is no time to turn and face a foe once he is on your tail. The plan succeeded and the Germans had suddenly to tuck and climb for their lives, as shrapnel shells immediately leaped for them that the whirling machine.

SOLDIERS MAKE RAIDS ON CITY RESTAURANTS

Overturn Tables and Smash Crockery in Wild Hunt for Alien Enemies Who Were Said to Have Insulted Return'd Men.

Following the report in a local weekly paper that alien enemies are being employed to the detriment of allied subjects in various capacities throughout the city, 150 soldiers about 7.15 last night raided Child's Restaurant, corner Richmond and Yonge streets, searched the place from basement to garret, as it were, overturned tables and smashed crockery to the value of several hundred dollars, and chased William Schmidt, 74 Terminus street, Austrian; Frank Firch, 30 Wilton avenue, a naturalized Swiss, and Frank Stevenson of Eaton street, who claims he is an American citizen, born at Yonkers, N.Y., into the street and to the protection of the police. Various garbled accounts of the course of the trouble were given, the first being that a returned soldier, while in the restaurant a few days ago, had been insulted by an Austrian employer; the second, that several soldiers, while passing along Yonge street, had been jeered at by a number of aliens garbed in the uniform of the restaurant. But by the remarks of the many soldiers in the crowd, it was evident that the root of the trouble lay in the report regarding alien enemies.

Big Fires in St. Quentin Mark Advance of French

From a staff correspondent of the Associated Press with the French armies in France, April 11, via France, April 12.—Blinding flames from close beside St. Quentin Cathedral brightened the snow-clouded sky as the Associated Press correspondent watched the progress of a lively artillery duel from a neighboring hill today. For hours belching white smoke was driven before a strong wind across the city, giving evidence of extensive fires. Upon the roads along the lines occupied respectively by the Germans and French fell heavy salvos of shells. Scattered about the fields many trenches marked the progress of the French pursuit of the retreating Germans toward positions which they now hold near the town. The wind was too violent today for all except the most daring aviators to attempt observations or the regulation of gunfire. But meantime the French patrols continued to advance further.

British Artillery Decimates Ranks of Best German Troops

By William Philip Simms, United Press Staff Correspondent. WITH the British Armies Afield, April 12.—Germany was striking back today with every ounce of power and desperation at her command. Prisoners captured by British forces today, after the most bitter fighting of the entire "push," told of the order that has gone out to all German officers. It was to recapture Monchy at all costs. The cost already paid by the Germans has been tremendous. And tonight Monchy was still firmly held in British hands. Attack after attack was beaten back during the night, and early in the morning the shattered Teutonic companies reformed and again tried storming assaults. They, too, were costly failures. British artillery, concentrated in a hail as thick as the snowflakes of the blizzard during the past few days, decimated their ranks. When the exhausted Teutons were forced back, the British shoved their positions still farther forward.

LATE NEWS BULLETINS

GERMAN SUBMARINE OFF CUBA. Key West, Fla., April 12.—The British sailing ship Treveal, Captain Williamson, was sunk by a German submarine off Cienfuegos, Cuba, four days ago, and all hands landed at a Cuban port a few hours later, according to G. Peterson, a member of the crew, who arrived here from Havana late today. Peterson claims to be a naturalized American of Norwegian birth.

Canadians Make Big Haul In Guns Taken From Enemy

By R. T. Small, Staff Correspondent of The Associated Press. BRITISH Headquarters in France, via London, April 12.—The amazing April storm which began almost at the exact hour set for the British attack against the German Monday morning, continues and the fighting conditions have been made extremely difficult. The storm is accompanied by snow, rain and sleet, and a gale which has seldom fallen below a velocity of 40 miles an hour. There have been occasional bits of sunshine but these lasted less than half an hour. The night temperatures are well below freezing. Despite these circumstances, the British attack widened today by a blow north of Vimy ridge, the latter having been firmly held and consolidated by the Canadians against a bitter German fire. The troops which struck north of Vimy today, penetrated to a point a few hundred yards northwest of Givency, having carried out their dawn attack with the same precision as has characterized their other operations.

Germans Are Massing Reserves For Biggest Battle in History

By Ed. L. Keen, United Press Staff Correspondent. LONDON, April 12.—Field Marshal Haig's smashing blows further splintered the German defence today. "South of the Arras-Cambrai road we occupied the heights and the eastern bank of the Cojeul River after storming the Villages of Henin and Wancourt," the British commander-in-chief succinctly reported tonight. "North of the River Scarpe and east of Vimy Ridge we further progressed. Haig's spartan-like words gave no hint of the tremendous scale of the fighting in the great push that was revealed in the less curtly military battlefield despatches tonight. The Henin and Wancourt advances, smashing thru a wall of German defence that the Teuton commanders were striving desperately to thicken by concentration of their reserves, carried the British troops five miles to the southeast of Arras. The two cities are about on a line with Monchy, where today the German counter-attacks beat fiercely on the British forces. Shells Swept Ground Clear. To the east of Vimy Ridge, where Canadians have for two days been under violent shelling of the Teutons, the advance reported curiously by the British commander tonight carried the British Tommies further on the plain toward Douai. The preparation for this advance had been a con-

PRaise FOR CANADIANS

Ottawa, April 12.—Official congratulations to Canada upon the storming of Vimy Ridge were received today by the Duke of Devonshire, the governor-general, from Walter Hume Long, secretary of states for the colonies. "May I offer to the government and people of Canada," Mr. Long said, "my heartfelt congratulations on the feat of Canadian troops in the capture of Vimy Ridge? It is a glorious and memorable exploit which adds fresh laurels to the Canadian arms."

Dawn of Peace Not Far Distant—Britain's Blunders Teach United States.

London, April 12.—As the first British prime minister to salute the American nation as comrades in arms, David Lloyd George, England's great democratic leader, speaking before a notable assembly brought together by the American Luncheon Club today, aroused intense enthusiasm by his scathing denunciation of Prussia and his warm welcome of America as an ally in the war. "The advent of the United States into the war," he said, "gives the final stamp to the character of the conflict as a struggle against military autocracy throughout the world." It was a stirring day, for the making up of arms by America was celebrated by two notable gatherings—the one under the auspices of the American Luncheon Club, and the other a dinner by the Fighting Club in honor of the American ambassador, Walter Hines Page, Viscount Bryce, the former ambassador at Washington, presided at the dinner. Mr. Page and delivered an eloquent oration.

STRUCK BY BICYCLE INJURIES PROVE FATAL. S. R. McCaule Dies in Hospital Following Accident on Tuesday Night.

Struck by a bicycle ridden by Hedley Hull at 107 York street, opposite Convocation Hall, Tuesday night, Samuel Robert McCaule, aged 68, of 109 Peare avenue, died in the General Hospital yesterday morning from a fractured skull. Little hope was held out for his recovery from the time of his admission to the hospital.

Hedley Hull, with his brother, Rodney Hull, of the same address, and two companions, Noel Hainsworth, 20 York street, and Leslie Criddle, 23 Wallace avenue, was riding on the west side of the road when McCaule stopped on the sidewalk and commenced to cross the road. The boys rang their bells, but the man apparently did not hear them. Hainsworth, Rodney, and Criddle, however, managed to pass McCaule, but a sudden movement to turn back on McCaule's part, caused Hedley Hull to collide with him.

McCaule was removed to the General Hospital. The body was taken to the morgue, where it is likely an inquest will be held.

The late Mr. McCaule left his home in the morning prior to the accident to work for the Salvation Army. After awaiting his return all night, Mrs. McCaule became uneasy, and went to the door to see if her husband was missing. Investigation was made by the police, who found McCaule lying injured at the hospital.

CITY HALL NOTES. The leaving of babies outside departmental stores by shopping mothers, was brought to the attention of the board of control yesterday by Mrs. Adele Davis, who stated that she had counted 23 babies outside one store recently. Dr. Hastings will act.

The board of control yesterday requested the city council to present a petition to the Dominion Government, urging an amendment of the franchise Act to disfranchise Austrians, Germans and other alien enemies who have not been resident in Canada for 25 years.

The board of control sharply criticized the action of the government in empowering the hospitals to ask an increased per diem allowance for city patients. The mayor stated that he would refuse to pay the money, but the city treasurer said he did not want an overdraft at the end of the year, and that the money should be put in the estimates, which was done.

TAMBLYN FAILS BY NARROW MARGIN

True to our promise to let you know the result of our March Campaign for Three-quarter Million Dollars, we must confess that our business fell short of the desired amount by a few hundred dollars. However, we are far from being discouraged, as we made a NEW RECORD FOR ONE MONTH'S TURNOVER—exceeding the month of March, 1916, by Thirteen Thousand Dollars—quite a notable achievement. We again thank you for our continued success, and trust we show our appreciation by these

TWO MOTOR CARS NEEDED BY BOARD

Trustee Hambly, However, Would Economize—"Buy a Ford."

MATTER UNDECIDED

Property Committee Finally Decides to Call for Tenders.

Trustee McTaggart at yesterday's meeting of the property committee of the board of education, explained the reason the committee is purchasing two motor cars during war time, as he said, "and now there is no doubt that the board has to buy another one."

Trustee Hambly recommended that a Cadillac car be purchased, at the sum of \$4,200, and a Ford touring car at \$2,000, from the Toronto Taxi Co., which, with the allowance that will be made on the old car will amount to \$4,000.

Accounts were passed for \$985.66 for high schools, and \$5,882.25 for public schools, including the salaries of the school staff.

JOSEPH TAYLOR DIES. The death occurred at the residence of his son-in-law, 246 Cottingham street, on Wednesday, of Joseph Taylor, father of George W. Taylor, the assistant deputy minister of inland revenue, Ottawa.

ACTION DISMISSED. The suit for \$10,000 damages for alleged breach of contract, brought by the R. Wedell Company against the Canadian Stewart Company, was yesterday afternoon dismissed by Justice Sutherland in the non-jury court.

ARMY MEDICAL CORPS HOLDS ANNUAL DINNER

Major-Gen. Logie Pays Splendid Tribute to Work of Col. Marlow.

The annual dinner of the Canadian Army Medical Corps mess was held in the St. Charles Hotel last night, with a large number of the members at present in Toronto attending.

Major-General Logie paid a splendid tribute to the work of Col. Marlow, and said that he was the father of the present medical system in this district, and the ideas that had been developed by him were being put into effect.

Among those present were Col. Primrose, Col. Marlow, Major Hyland, Major Boyd, Major McCullough, Major Munn, Major Barton, Captains McLean, Howard, Todd, Campbell, Elliott, Odgers, Rice, Sheard, Andrews, Beatty, Eccles, Fenwick, Eby and Thompson and Lieut. Ead.

Real Estate and Building.

H. E. Graham, real estate agent, East Queen street, is erecting a \$9000 residence on Neville Park boulevard, and while it is far from completion, he has had many offers to purchase.

E. Gagnon, builder, is erecting a ten suite apartment (to be called the Verdun), just at the end of the car line on East Queen street, and while it will not be completed until June, it is already being leased.

Messrs. Fox & Cummings have under construction some five or six houses on Neville Park boulevard.

Building operations are again growing active in North Toronto and surrounding district. Several residences are under construction in Lawrence Park. E. C. Huribert, builder, is erecting a seventy-five hundred dollar residence on St. Leonard avenue, and W. S. Dickie of the W. S. Dickie Construction Co., a ten thousand dollar residence on Lympstone avenue.

TO ENTERTAIN SOLDIERS. Members of the "Stop! Look! Listen!" company will give an hour's entertainment at each of the soldiers' convalescent homes this afternoon, beginning at the base hospital at 10 o'clock.

THINGS TO WORRY ABOUT

ESCAPED FROM HOSPITAL TO DIE THRU POISON

Miss Ethel Chambers Found in Dying Condition in Place Where She Had Worked

Miss Ethel Chambers, the young woman who escaped from the reception hospital last Saturday night, and who was later seen in the home of Herbert Volsey, 87 Gore Vale avenue, was located yesterday morning in the Dorothy Jane Leonard, a few blocks from the street, suffering severely from carbolic acid poisoning.

Miss Chambers was found by Police-man 292 who was attracted to the building by the doors being wide open. Entering, he ascended to the first floor, and noticing the ohlitz curtains moving, drew them aside, and discovered Miss Chambers crouching there.

Miss Chambers visited the tearooms on Wednesday night to get some money from the proprietress, Miss Edith Murton. Miss Murton immediately telephoned the police and Acting Detective McConnell was sent to investigate.

SUES FOR HIS SALARY AS ASSISTANT MANAGER

Claim in Courts Follows Upon Formation of Accident Insurance Company.

Before Judge Denton in the non-jury court yesterday the action of Julius A. Thompson vs. Ridout & Strickland, Ltd., was begun.

Thompson claims that in 1909 he was engaged by Ridout & Strickland, Ltd., insurance agents, to push plate glass insurance. By 1915 such splendid business accrued that the defendants decided to organize an accident insurance company of their own under the name of the North American Accident Insurance Co.

The defendants deny the statements of Thompson and state that he was given a cheque for all the salary coming to him, which he accepted and cashed. This, Ridout & Strickland, Ltd., claim absolves them of all indebtedness to Thompson.

MEDICAL OFFICER WINS HIS FIGHT

Board of Control Repents Economy Action and Re-inserts Estimate Cut.

ARGUMENT WAXES HOT

Dr. Hastings Vigorously Defends His Figures for City Health Maintenance.

Dr. Hastings had several lively clashes with members of the board of control yesterday afternoon, when the board resumed its surgical operation on the health department estimates, and so hard did he fight that the \$25,000 which had been cut from his figure was reinstated.

At the outset Controller Cameron expressed strong resentment of the medical officer's dissertation on politicians and statesmen in a bulletin issued to the board of health. He did not take it personally, but he said that when the controllers were trying to do everything fairly and above board the remark was uncalled for.

From the remarks of the controller Dr. Hastings took an intimation that his department would not be able to "make good" on the new work. This led to a heated discussion on business methods and the offer of the medical officer to give the controller a promissory note that he would effect a saving.

Dr. Hastings unsuccessfully attempted to deal with the items separately, and Controller Shaw suggested that the estimates stand as cut and let the doctor make the sanitary inspectors with eight inspectors and ten nurses could be dismissed, but while appreciating the business-like manner in which the controller viewed the situation, Dr. Hastings declared it was very different when they were dealing with the lives of the citizens.

Controller Cameron said he could go thru the items and find figures that could be cut down. He was not going to be coerced by having the club held over his head by the doctor that inspectors would be dismissed if a cut were made.

Dr. Hastings warmly protested against the remarks of the controller, and declared it was an insult to his intelligence to make it necessary for him to appeal to the board for the protection of human life. He thought the controller in speaking of the inspectors was misinterpreting what had been done.

Well, you might as well disband the board of health if the board of control is going to tell us how the money should be spent," said Dr. Hastings.

Controller Cameron moved that the government be memorialized to discontinue the war tax, which was agreed upon.

Street Commissioner Wilson appeared before the board and was successful in having \$40,000 inserted in his estimates, which will provide for garbage collection twice weekly, and allow him to keep the streets in better order than the figure given him by the board last week would have permitted.

The annual meeting of the Toronto branch of the provincial association for the care of the feeble-minded will be held in the clinic room of Toronto General Hospital on Thursday, April 12, at 8 p.m.

Semi-ready Styles for Young Men

In the Semi-ready Models there are smart styles for young men. Staid styles for men of mature years. Good styles for all men.

Semi-ready Tailored Clothes have an expression all their own—they are made for the critical and the particular—designed for the man of fastidious taste in dress.

The new Semi-ready patterns and models are supplemented by Special Order samples—from which an individual suit will be custom-tailored to measure in four days at values varying from \$18 to \$25 and \$35.

Most men choose above \$20 nowadays—to get the finer-feeling wool quality cloth.

SIR JOHN APPROVES LEGISLATURE'S WORK

Fifteen Guns Boom in Queen's Park for Parliament's Prorogation.

After the guns had fired fifteen times and Hon. Col. Alexander Fraser, A. D. C., had made his bow six times, Hon. W. D. McPherson expressed the desire of the lieutenant-governor that the house should be prorogued, and the house was prorogued. This happened yesterday afternoon. The Banatians formed the guard of honor, the 70th Battery fired the guns, and the Royal Canadian Dragoons guarded his honor's person.

Sir John Hendrie placed his official seal on 111 bills passed during the session. He then read an address telling of the scattering members and ladies present what had been accomplished, and laying stress on the necessity for some form of national service and of every form of production.

Then the band played "God Save the King," and the session was officially over.

NO PROVISION FOR WIDOW.

Because Hiram Eddy, of Duncan, Oklahoma, died a few weeks before his mother, his widow will not receive any of the \$680 estate left by Mrs. Electa Eddy, of Durham, Ont. She died last May and in her will dated 1911, distributed equally between her two sons and daughter the small estate. Justice Sutherland in a judgment issued yesterday decided that the legacy to the son lapsed when he died before his mother. Therefore the property will be divided between the remaining son and daughter.

Cases Against Policemen Are Heard in Open Court

The open court was retained in the police court yesterday morning when evidence against former Policemen Townsend, Wattman and Gavaghan, charged with serious offences, was heard. Defending counsel, T. C. Robinson, wanted the court cleared, but Magistrate Denison strenuously objected to it. Chief Constable Grassett and Deputy Chief Archibald were in court during the hearing of the case.

The case against Townsend was proceeded with and on the evidence of William Cooper and Frank E. Maybury, who are serving terms in the penitentiary for gross indecency, and Policeman Peacock, Townsend was committed for trial.

The case against Gavaghan and Wattman will be heard today.

Dyspeptics Should Avoid Drugs and Medicines

Try a Little Magnesia Instead. Some people instinctively shut their eyes to danger, and it may be that instinct, or custom, or habit, causes dyspeptics to take drugs, patent foods and medicines, artificial digestives, etc. But closing the eyes does not banish the danger, and it is certain that neither drugs nor medicines possess the power to destroy the harmful excessive acid in the stomach, which is the underlying cause of most forms of indigestion and dyspepsia. They may give temporary relief, but ever-increasing quantities must be taken, and all the time the acid remains in the stomach as dangerous as ever.

Physicians know this, and that is why their advice so often to sufferers from digestive and stomach trouble is, "Just get about an ounce of pure bicarbonate of soda from your druggist, and take a teaspoonful in a little water immediately after every meal. This will instantly neutralize all the harmful acid in the stomach and stop all food fermentation, thus enabling you to enjoy heartiness without experiencing the least pain or unpleasantness afterward."

More About German Duplicity in Canadian Nickel.

The world's reproduction yesterday of the graphic chart published by the trade commission of the United States to show how Germany controlled the metal supply of the world opened the eyes of many Canadians to the fact that the nickel mines at Sudbury controlled by the International Nickel Co. are really owned by the Krupp and the German Government...

It has taken a long while to get out this fact, and if it had not been for this unpublicized publication it might have remained covered up until after the war. It has certainly been covered up in Canada so far, although the facts are at last coming out.

Even The Mail yesterday had to comment on the speech of Sir Robert Borden at Edinburgh the day before, wherein he stated that the Germans knew the most the resources of Canada than did British people.
