Guynemer Brings Down Two More

Five German Aeroplanes Lost in Yesterday's Fighting - Vigorous Artillery Work on Verdun Front

Paris, Jan. 27.—Vigorous artillery fighting occurred last night on the Verdun front, in the region of Eparges and Hill 304. German defense works were subjected to an intense fire. Five German aeroplanes were brought down. The text of the French communication follows: "On the left bank of the River Meuse our artillery has directed a destructive fire upon the German forces in the sector of Hill 304. At Eparges the artillery firing was fairly spirited. A surprise attack on the part of the enemy in this region failed under our fire. Another attempt upon minor positions at Eparges in the Champagne district was easily repulsed. The night passed quietly on the remainder of the front. "During the day of January 26 French scouting aeroplanes delivered several aerial attacks during the course of which five aeroplanes were brought down. Two of these machines fell in the region of Verdun, one north of Givrocy and the other near Montfaucon; two others were brought down at Troisyville, near Carpiquet, in the Oise and a fifth machine, attacked by Lieut. Guynemer, was compelled to land within our lines near Doullens and the aviators were made prisoners. "It has been confirmed that during the day of January 26 the enemy airplane attacked by Lieut. Guynemer was destroyed by this pilot near Givrocy. These two recent victories bring to thirty the number of German aeroplanes which Guynemer has vanquished up to the present time. "Two French aeroplanes on January 25 bombed the railroad station and certain military factories at Ham. Fire

PITTSBURG HAS GREAT FIRE IN SHOP DISTRICT

Loss is Estimated at Three to Four Millions

FIRE WALLS HELP STAY FLAMES

Pittsburgh, Pa., Jan. 27.—Fire, which swept through shops in the retail business district here today, destroyed the Frank and Seider department store, the Grand Opera House, the Hilltop Clothing Company and a dozen or more smaller buildings with a loss estimated at from \$3,000,000 to \$4,000,000. Four firemen were seriously hurt and a dozen or more so badly injured that they were sent to hospital. "It appeared for a time as though the fire would sweep the entire square, but heavy fire walls, built in anticipation of such an eventuality, finally stayed the progress of the flames, which ate through the hundreds of tons of merchandise piled in the stricken buildings. "The fire is said to have started in the J. G. McCreary Five and Ten cent store, a little after midnight, but gave the firemen no concern until soon after four o'clock, when it had eaten its way to the Frank and Seider store. "The fire was then turned in, but the flames, hidden from view by dense clouds of smoke, had made such progress into the adjacent buildings that they were seen to be doomed. "Firemen were seriously handicapped by the severe cold, it having been necessary to carry hot water from neighboring restaurants to thaw hoses by which the fire streams under pressure were available. "Yesterday's fire marked the thirteenth anniversary of the destruction of the city of St. Louis by fire.

Winnipeg, Man., Jan. 27.—After a spectacular two day manhunt, James Stewart, safe-blower and slayer of Immigration Inspector Hanson of Winnipeg, was captured this morning at the Essex House, Sandwich street. He walked from this barn to Sand-

The letter was written from Dresden, and the writer said that all the windows within a radius of twelve miles were broken by the explosion. He added that the authorities were keeping the news secret and that no railroad tickets were being issued for Dresden except for urgent reasons.

ATTACKS HEARST AS PRO-GERMAN AND ALSO HAS WORD FOR HUMBERT

New York, Jan. 27.—A New York Times cable from Paris says: "L'Ouvreur, under the heading 'Hearst and Humbert,' publishes a violent attack on William R. Hearst and Charles Humbert, the latter the director of the Journal, whom it compares as 'birds of a feather.' The article is signed by Gustave Tery, now director of L'Ouvreur, who for years signed leading articles in the Journal. "Tery represents Hearst as a German propagandist, giving extracts from Hearst papers since the beginning of the war to support his accusations. Tery also attacks Humbert, alleging that he tried to present Hearst as a friend of the Allies after having made his acquaintance in America and declaring it to be impossible that Humbert could have ignored Hearst's pro-German sentiments.

LEARNED ONLY NOW BELGIANS BLOCKED HARBOR

London, Jan. 27.—A despatch to the Daily News from Rotterdam says the Germans, after several failures, have succeeded in raising the North German Lloyd liner Gneissau, which the Belgians sank, blocking Antwerp harbor. They had strong feelings concerning the ship prior to their evacuation of the city in 1914. The correspondent adds that it is announced that the last hindrance to shipping entering the harbor has now been removed. "The steamer Gneissau registered 8,185 tons. She was built in 1903. This is the first information that the Gneissau had been sunk.

New York, Jan. 27.—President David L. Fultz, of the Baseball Players' Fraternal Union, today is arranging for a mass meeting of local fans to place before them the players' side of their differences with organized baseball. "It had not been decided when this meeting will be held but it was thought that if it is successful, there probably will be similar meetings in other cities.

HIS FOUR SONS ANSWERED CALL

There have been but few families in the city, and but a few in the province that have answered the call to arms at the family of George A. Blair of this city. Mr. Blair has given his four boys, three of whom are now in khaki while the other occupies a soldier's grave. The good example was set by the father himself, who at the outbreak of the war offered his services, but was turned down owing to poor eyesight. "Yesterday his only son at home, Wallace A., joined the 26th Railway Construction Battalion. The reason of his not being in khaki several months ago, was that he was unable to pass the required examinations owing to the arthritic condition of his right arm.

The police seized more than 400 pounds of explosives packed in tins labelled preserved fruit. The men arrested, the newspaper says, include a Swedish count, a German clergyman and a German engineer.

INDICATIONS OF MORE DEFINITE PEACE OFFER BY GERMANY

London, Jan. 27.—(New York Times cable)—"Wayfarer" (the pen name used by W. S. Massingham), writing in the Nation, says: "If Germany proposed to negotiate on the basis of restitution and reparation? Rumor has it she will and that the president has a sketch of her terms in his pocket. I give this sketch for what it is worth. The informal German offer is said to include: "1.—Offer of Metz and part of Lorraine to France, coupled with evacuation but no indemnity. "2.—Evacuation and indemnity for Belgium. "3.—An independent Poland. "4.—Surrender of the bulk of the colonies in exchange for a deal in Central Africa. "5.—Restoration of Serbia with retention of a line of passage for the railway. "6.—Neutralization of the Straits. "7.—Trentino for Italy with Trieste as a free port. POLICEMAN'S WIFE ON HER HUSBAND'S BEAT

Husband Came Home Sick so She Donned Uniform, Went Out and Arrested Two Men

Bloomington, N. J., Jan. 26.—This town has a brave policeman, and Chief Anaslunder says "that goes for both halves." Patrolman Foster Hargrave and his wife, Grace. "The chief was telling how the life and property of his Bloomington wife were protected last Sunday night. As he said, it was a bad night—cold and snow and sleet. It was such a cold night that Patrolman Hargrave, who started on his eight-hour shift at four o'clock in the afternoon, turned up at his own front door about nine o'clock, told his wife he was a sick man and went to bed with the grippe. Mrs. Hargrave heated a brick, put it on her husband's feet, wrapped him up in blankets, saw that the children were asleep, and then donned her husband's coat, badge, night-stick, helmet and revolver, and went out to patrol the town. "She had plowed through the snow for about an hour when she saw two men standing on a corner and ordered them to move on. They didn't, so on her next round she drew her husband's revolver, and ordered them to march in front of her to the lock-up. They did. When she reached the big door she opened it with her husband's key, shoved the men in and locked the gate. "Back she went to the heat and began to think of the plea of one of the men, who said he had a wife and three children in Manhattan. She thought about it so much that when his "trick" was up at midnight she went to the lock-up, told the man with the family he could go, and when his companion said he did not like to spend the night alone, she said both could go. Then she went home.

It was announced that the involuntary method would be continued unless she consented to abandon her intention to starve herself as a "martyr" to her cause. "GETTING BETTER. "Miss Bella McNair is reported as being much improved at the General Public Hospital this afternoon.

Quebec, Jan. 27.—Fire late yesterday afternoon totally destroyed the \$100,000 parish church in St. Louis de Courville, about five miles from this city, in Montserrat county. The fire is believed to have been caused by an explosion of the furnace. "When the flames were first seen they had gained such headway that the entire church fell a prey to the fire. It is understood that the sum of \$75,000 in insurance is carried. "Yesterday's fire marked the third parish church in this district that has been destroyed by fire within the last twelve months.

"The polls will close at 9 o'clock and it is expected enough returns will be in by eight or nine o'clock to indicate the winner.

Very few persons are being more generally discussed and criticized, probably none in the religious world, than Billy Sunday, whose spectacularly successful leading makes—Townshend's, 54 King street. Store open evenings.

Under these circumstances the fact that Rev. Hammond Johnson, pastor of Queen Square church has chosen to preach Sunday evening subject "My Impressions of Billy Sunday, the Man and his Work," is a matter of great interest.

Mr. Johnson attended about ten of the Boston revival meetings, and had the privilege of studying Mr. Sunday at close hand. Failing the opportunity of hearing Sunday in a local pulpit, the next best doubtless will be Mr. Johnson's sermon tomorrow evening.

Has Balfour Spiked the Guns of Prussian Logic?

Secretary of State for Foreign Affairs, Balfour, in his note supplementing the Entente's reply to President Wilson's request for a statement of peace terms, declares that he does "not believe peace can be durable if it be not based upon the success of the Allied cause."

Apparently, one of the objects of this new communication was to convince the American public that the changes in the map of Europe suggested in the previous note of the Entente Allies would prevent future wars.

On the other hand, the pro-German "Fatherland," of New York, dismisses the Allies' terms as under no circumstances the possible basis for permanent peace and holds up the "principles of nationality" for ridicule.

In THE LITERARY DIGEST for January 27th, the leading article deals with Mr. Balfour's note and by quoting the opinions of editorial observers of widely differing sentiment, reflects public opinion in this country upon the subject in a most comprehensive way.

Among other articles of unusual interest in this week's issue are: Canadian, French, and German Papers Rap President Wilson Express Belief That His Writings Do Not Represent Real Public Opinion in United States

Keep Your Finger on the Pulse of Public Opinion There is only one sure way to find out what the people think, either in America or elsewhere, and that is to compare the utterances of all the periodicals on any given question, and then to draw your own conclusions. This is a practical impossibility for any single individual, but it is done thoroughly and painstakingly for you each week in THE Literary Digest. SOCIAL SERVICE

Sentence has just been pronounced upon five persons arrested for grossly immoral conduct in the so-called home of three of them, while three children of the same family are in the Municipal Home. There are a dozen or more women in the city jail at the present time, and a very much larger number of men. The Children's Aid Society only awaits the time and the facilities to take a number of children from parents who are utterly unworthy, neglectful and incompetent.

never saved a human soul. A Social Service Council for the city and county of St. John should be able to create this new atmosphere, and make it so popular that fear would care to remain outside. The first work of the provincial Council will be to try to effect a local organization.

CANNON AND SEVIGNY.

In a speech this week in the Dorchester campaign Mr. Cannon, the Liberal candidate, said: "I admire the courage and enthusiasm of the men who have gone to the front. I have relatives who have enlisted, and my partner has gone to the front, and was wounded, and I know that the Canadians are writing glorious pages of history, but as for Mr. Sevigny, who went to Kingston and took a military course, and who, the newspapers said, was going to enlist, I do not think he should cover himself with their glory. Why don't you enlist, Mr. Sevigny? I heard you were going to do so."

CONCERNING CONSCRIPTION

The attention of the Standard does not appear to have been directed to the speech of Mr. J. A. Descaerles, Conservative member for Jacques Cartier, in seconding the motion of anyone in the other day. The Standard has been much shocked and scandalized by a report that Mr. Cannon, the Liberal opponent of Hon. Mr. Sevigny in Dorchester, had declared himself opposed to conscription. It must be because our argus-eyed contemporary has failed to read the speech of Mr. Descaerles, one of Sir Robert Borden's lieutenants, that it hurls so much verbal shrapnel at Mr. Cannon. For Mr. Descaerles agrees with Mr. Cannon. In his speech in seconding the motion in parliament we are told: "Mr. Descaerles announced that conscription would not be put in force, an announcement applauded by Premier Borden and many of the Conservative members."

The report of his speech further says: "He declared that the people of Quebec did not fear conscription, because it was known that conscription would never be put in force. Parliament must be consulted, and parliament would not approve of conscription."

When the Standard has annihilated Mr. Cannon it will still have to take on Mr. Descaerles, Premier Borden and those other applauding Conservatives. It looks, therefore, like a long war. In the meantime, what steps does Sir Robert propose to take to fill up the ranks of the Canadian army? Does anybody know?

Toronto Star.—For some reason Sir Max Aitken has chosen the title of Lord Beaverbrook, after a place on a creek in New Brunswick, although he was really born at Maple, Ont. If he had given the whole subject the consideration it deserves he might have chosen the title of Lord Maplesugar, a name suggestive, not only of the village, but of the country from whence he sprang.

The Germans are striking again on the Verdun front, but without success. They are also fighting hard on the Riga front. Nowhere, however, is there any indication of success for the armies of the Central Powers, while they are being worn down by every day's activity.

The Conservatives cannot hope to create prejudice against Sir Wilfrid Laurier so long as Blondin, Sevigny and Patenaude are loose in Quebec. The trick is too transparent, and the Nationalist colleagues of Sir Robert Borden talk too much.

The Board of Pension Commissioners at Ottawa urge that all cases where there is delay or misunderstanding be referred directly to them for full information.

Mr. Blondin told his compatriots at St. John that if conscription came the American border was not far away. Mr. Blondin is a colleague of Sir Robert Borden.

Mr. A. B. Copp warned things up a bit at Ottawa yesterday by quoting Mr. Blondin's patriotic counsel to the people of St. John.

Mr. Turfiff gave the country something to think about in the charges made by him in parliament yesterday.

Another week has passed without consideration of the proposed new assessment law.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNIER. Buckingham, Que., May 2nd, 1915. For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston, but without benefit. I tried many remedies, but nothing did me good. Finally, a friend advised "Fruit-a-tives." I took this great fruit medicine and it made me well. I am grateful to "Fruit-a-tives," and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives," and you will get well.

FLYING SHRAPNEL FROM THE FRAY IN DORCHESTER, QUE. (From the Quebec Telegraph) If Borden had not blocked Laurier's conscription project, Canada would be building cruisers and training men today. When this war is over, it will be discovered that Laurier's Canadian navy.

Had Chronic Indigestion Thought She Would Die After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills Eating too much or using foods that do not agree are the usual causes of indigestion. The trouble usually begins not in the stomach, but in the liver, since it devolves on this organ to filter the excessive waste matter from the system. Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators, it naturally follows that they are unexcelled as a cure for chronic indigestion. With the liver, kidneys and bowels active the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the natural and healthful working of the organs of digestion. In this way only can lasting cure be effected. Mrs. Rebecca Elliott, Magnetawan, Ont., writes: "I feel it my duty to write you in regard to Dr. Chase's Kidney-Liver Pills. I had gastritis of the stomach for three years, and could get

Why has the Tory government not taken over the munition plants of Canada, before it starts to enroll the workmen in favor of National Service? Was Canada more German in government than Russia, because it allowed the Germans to Berlin to retain their objectionable town name many months after the Russians changed St. Petersburg to Petrograd? Five thousand men today would be worth more to Great Britain than three Circassians or thirty-five millions of dollars. Laurier's policy would have supplied the former at the beginning of the war, and been of service ever since.

England is now asking Canada for 5,000 navy recruits, exactly what Laurier's Canadian navy aimed at. Who were trying to help the Germans by blocking this project, and substituting another that has been useless to Great Britain up to the present time? There is no one word in Sir Robert Borden's message of regret to Sevigny that there was a compact, agreement or understanding that there would be no by-election in a county, excepting where a death took place. There was no death in the county of Dorchester. The political fight in Dorchester will show the true German sympathy of the Tory government, in permitting the Germans of Berlin to retain their objectionable town name until a few months ago. But this is nothing to the freedom allowed Germans and pro-Germans in Canada.

The present contest is to gratify the ambition of a Nationalist, who belongs to the party who would like to shoot holes through the Union Jack. No wonder the Tories are resorting to every dishonorable means to retain power to swell the pockets of the munition contractors. Our Tory morning glory says: "It is needless to give Sir Wilfrid's record to show that on every great national issue he was wrong." It is strange, that the people of Canada kept him in power as their leader for sixteen years, and have regretted his departure, by Tory unscrupulous political methods, similar to those now being practiced in Dorchester, ever since.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parvinal (double strength), and add to it 1-4 pint of hot water and four ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

The local weekly papers charge the Ottawa government with purchasing wooden boxes in Quebec, Lewis and Montigny to case shells made in Ontario, and sending boxes made in the latter province to case shells made in Quebec. No wonder the railway companies are showing a huge increase in their freight rates, a burden upon the people which will have to be paid in extra taxes. "Do you know, George," remarked Mrs. Roy, "I should say the Browns' marriage was an ideal one. I couldn't help but notice it tonight. Really, there wasn't one word of disagreement. I believe they both think absolutely alike." "They are a charming couple, my dear, perfectly charming," said her husband, "but as to their thinking alike, Nancy, did you notice that she always thought first?" St. John Wins Hockey Match

Defeat Siege Battery Boys By a Score of 8-2 — Only a Few Spectators Present

The hockey match in Queen's rink last evening was a disappointment both to the St. John Army and City League and the contesting teams were St. John vs. No. 9 Siege Battery. The St. John boys won by a score of 8 to 2, but their victory was not one which reflected credit on them from a playing standpoint. However, their opponents were by no means lambs going to a slaughter and were able to do their share of roughing.

The game started a little after 8 o'clock and in a few minutes all that could be seen was the puck skimming up the ice and a band of players following it, flicking and swinging indiscriminately, a sly trip and then a crash into the boards. Once in a while one player or other would secure the rubber and rush it up the ice, but lack of combination resulted in many good opportunities being lost. After several minutes of play Gilbert shot the first goal, and despite several close calls, the period ended 1 to 0.

The second period was much the same style of play, although at times it was interspersed with flashes of brilliancy which made the spectators take notice. These bright spots gave the exhibition the semblance of a real hockey match and the small gathering of fans were not slow in showing their appreciation. The St. John players found things more going in the third period and as a result tallied four more goals. The Siege Battery boys, succeeded in sending a shot past Goal-keeper Fitzgerald and the period was brought to a close with the score standing 5 to 1.

In the third and last period St. John sent the puck into their opponent's net three times and the Siege Battery boys tallied another goal making the final score 8 to 2.

The line-up follows—
No. 9 Siege Battery: Ryan, St. John; Gorham, Right Wing; Kyle, H. W. Summers, Left Wing; Gilbert, Centre; Robinson, Beaudreau, Clark, McShane, Mooney, Young, Goal.

Notice: All persons desiring to see a vivid portrayal of a new style of hockey should not fail to witness the next game in which the St. John players participate.

Warning: If you have not an accident insurance policy be sure to bring some facial protection, for the spectators are not immune from the onslaughts of the participants.

SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A Little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most, will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

IRISH THOROUGHBREDS ARRIVE IN CANADA

Seven Irish thoroughbreds, which were recently brought out from Ireland, are now quartered at Mineral Springs, near Hamilton, Ont.

The most admired one of the lot is Iron Cross, a black colt, by Galloping Simon. As a two-year-old he won two races in Ireland, one of which was the Curragh Plate, Ireland's leading two-year-old event, from a field of 18 starters. His other win was at a mile, worth \$1,000.

Two of the lot, Never Fear and Royal Spinner, are said to be high-class jumpers, the former winning the Galway Plate, which is Ireland's greatest steeplechase race.

In addition to the seven now quartered at Mineral Springs, Opera Glass, a four-year-old, who has been placed in the care of the Ontario Jockey Club at Stratford, has been placed in the care of the Ontario Jockey Club at the latter's farm at Oakville.

REPORTED SLIGHTING OF CANADIAN OFFICERS

An M. P. Endorses the Complaint That Tried Commanders Have Been Ignored

London, Jan. 27.—Under signature of "M. P." a letter to the Times says:— "Civilian's letter, which you so opportunely publish in Saturday's issue under the head line 'Urgent Matter' will give widespread satisfaction amongst Canadian soldiers on both sides of the Straits of Dover. The obvious injustice referred to with so much moderation by civilian is only too true, and if until now little has been heard of it outside the Canadian force, it is entirely due to the fact that Canadian officers concerned have preferred to place their patriotism before their own personal aggrandisement. "This silence, however, must not be misunderstood. A great majority of Canadian officers and Canadian men have felt, and still feel, deeply aggrieved at the scant recognition meted out for the splendid service of some of their most efficient leaders. This resentment is already reflected ominously in Canada, where the somewhat recent if temporary rise to power of a small but apparently still powerful group of controlling officers has created as much regret amongst all classes of right thinking men as it has in the overseas force itself. "Possibly a portion at least of the grievance so justly complained of by civilian may be traced to the personal influence of this little group, not of imperial, but of Canadian officers, none of whom can apparently claim any previous military experience, or with one or two exceptions any service at the front.

LIFTS CURTAIN ON BLOODY FIRST DAYS OF THE WAR

Sir Conan Doyle's Tribute to Gallant British, Far Outnumbered, But Victors at Mons, Le Cateau, The Aisne and Ypres

The Toronto Globe says: Were it not that war losses are upon an ever-increasing scale as the terrible conflict approaches its climax, and that the mind has become accustomed to the killing or wounding of great masses of men as something which, although in peace, the statements made in Sir Conan Doyle's narrative of the first few months of the war as the losses of the British expeditionary force in France would greatly shock the reader...

HOW ARE YOUR NERVES? A Great Nerve Tonic

The daily grind of life burns up man's vitality faster than he renews it. He gets shaky, starts at trifles, loses in his sleep, is ready to fly off the handle at the least provocation. The nervous man is nervous because his blood is so thin his nerves are starved to death.

Mons and LeCateau

At Mons official records show that a British army of 80,000 men was attacked in front by almost 200,000 Germans, while 40,000 more were thrown upon its left flank. The story of how French soldiers evaded the trap, fought rearward actions day after day, and a pitched battle at Le Cateau, and yet were able after a ten days' retreat to turn the attack at the Marne, stirs the blood. So confident was von Kluck on the 26th that he had the British army at his mercy that he sent an exultant telegram to Berlin saying the British were surrounded.

'HURRAH AND HALLELUJAH'

A German minister of the gospel broke forth into verse some time after the arrival of war, and his volume of poems which appeared under the whimsical caption 'Hurrah and Hallelujah' has just found a translator in English. The Journal Press has in the pleasure of seeing one of the volumes, but from an extended review in the London Times, it is clear that the author, Dietrich Vorwerk, offers a first-class sample of the temperament which has dominated the German people lately, and the German operations in the war. One of the poems brackets Zeppelins with the Lord's Prayer.

Washington, Jan. 27.—The amount of whiskey consumed by the American people in 1916 apparently was greater than in any previous year since 1909, according to the tax returns to the treasury department, and the amount of revenue collected by the government on whiskey, beer and cigarettes during the year was the greatest on record.

\$554 SENT BY CABLE TO REV. E. B. HOOPER

The Telegraph has received the following letter from C. W. Hallamore who was treasurer of Captain Hooper's fund for wounded Canadian soldiers:

Sir—I beg to advise you that I have today remitted by cable to Capt. Rev. E. B. Hooper the sum of one hundred and eighteen pounds and one shilling (£118-1-0) the equivalent of \$554. Cost of cable in this connection was \$2.25, making altogether \$556.25, which is the amount of the subscriptions received for the fund.

Yours truly,
C. W. HALLAMORE,

Grave Charges Against the Federal Government

Ottawa, Jan. 26.—Three charges, specific and damning, were hurled at the silent government benches tonight by J. G. Turfiff, in the course of a telling and convincing arraignment of maladministration of the war, or worse than maladministration.

1. He charged that recruiting had been deliberately cut down in Quebec with a view to working up racial prejudice against Sir Wilfrid Laurier in the English-speaking provinces.

2. He charged that when the representatives of the Ontario Recruiting League had waited upon Premier Borden in private conference last spring, Sir Robert Borden had "intimated that if he had his way there would be no more recruiting in Canada, and the attention of the Canadian people would be turned to the development of their industries."

3. He charged that the government was directly responsible for the loss of thousands of Canadian lives through keeping in the hands of the troops at the front an unserviceable rifle for months after it was known that the rifle was unserviceable, and for months after Sir Charles Ross had offered to make other rifles.

"I make this charge against the government," declared Mr. Turfiff, "and I make this charge particularly against the prime minister who is the responsible man, that this alliance with the Nationalists has been continued in force and that three Nationalists have been kept in this government deliberately and for the one and only reason of preventing recruiting in Quebec, for the sole and only purpose of being able to carry on the next election as a racial fight bringing into line as far as they could all the English-speaking provinces in Canada against Sir Wilfrid Laurier and the French in the province of Quebec."

Mr. Copp speaks.

A. B. Copp, of Westmorland, N. B., said that the demand for a national government is an indication that the present government has been weighed in the balance and found wanting. He added that the government should resign and make way for another cabinet composed of men of national standing.

Mr. Copp referred to the affidavit signed by several Liberals of Dorchester county to the effect that Hon. P. E. Blondin had at an election meeting there told his hearers that it did not matter whether Colonel Allison had made away with money for war purposes since it was English money and that they could escape conscription by crossing the American border.

Hon. Robert Rogers rose to state that Mr. Patenaude had telephoned an unequivocal denial of the statement by Mr. Blondin who would repeat it in person in the house.

Mr. Copp then read a newspaper despatch in which Mr. Blondin was credited with an admission that he had pointed out the Allison scandal had nothing to do with Canadian money and that if there were any Quebecers afraid of conscription they could cross the border.

The Westmorland member concluded by censuring the conduct of a minister who instead of encouraging national service was encouraging the flight of Canadians to escape it.

NEW HEATING PLANT FOR GENERAL PUBLIC HOSPITAL

and a committee from the Municipal Council yesterday, it was finally decided to install a new, economical heating system in the public hospital. The plan call for an expenditure of \$25,000 from the \$46,000 recently appropriated by the council for the building of a new power house and the installation of a new heating system. It is estimated that the new system will save \$2,000 a year in maintenance.

All Businessmen Need Sanagen

—to cope with the strain of "pounding along" at high speed day after day. Do you ever stop to think what will replace that used up energy or restore your fagged out nerves—what will keep you efficient and make for your mental and physical alertness? Food—sleep—rest? Yes, these will do it; that is if you get them, but you don't. So you must supply their restoring influence by another means. This is found in Sanagen which contains the life-giving proteids to rebuild and the phosphorus to restore.

A spoonful of Sanagen after each meal and on retiring not only carries strong nutriment to the nerves and body, but will aid digestion and enable you to extract every ounce of nutriment from your daily food. Sanagen is rich in phosphorus and proteids, an ideal tonic food for folks who are not in every-day health.

Sanagen is prescribed by physicians and sold by druggists everywhere, or write to our Canadian Dept., P.O. Box 451, Toronto, Ont.

The Non-cathartic Nature cure for Constipation

Helps the System to Cure Itself.

You cannot cure constipation by violent methods. Violence is never effective against nature. That is why the use of morning salts and purgative pills so easily become a habit. These things do not cure the trouble; they only force matters, and in so doing weaken the bowels till natural action becomes impossible, and you have to go on taking your pills or salts indefinitely. Compare Dr. Cassell's Instant Relief. This great tonic laxative helps nature by strengthening the bowels, natural action is restored and a cure effected which is real and lasting.

Dr. CHAS. F. FORSHAW, D.Sc., F.R.M.S., a well-known British Scientist, writes:—"Never take Salines or Purgatives for Constipation—to force Bowel action is to aggravate the trouble and create the Constipation habit. I recommend as a superior and convenient treatment Dr. Cassell's Instant Relief."

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, spots before the eyes, flatulence and windy eructa, acidity, heartburn, impure blood, and that dull, heavy feeling which is a sure indication of liver trouble.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, eczema bad or has stomachic, diarrhoea, sore throat, fall of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a fifty-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Co."

Every Second Belgian Is Destitute!

3,500,000 Are Wholly or Partially Dependent on Charity.

The war goes on, but Belgium stands still, or rather slips back a little deeper into her misery! German rule grows harsher and more vindictive as certain defeat looms up ahead. Belgian reserves of money are steadily dwindling, and now fully half the population must be fed by charity or starve.

To make the situation worse, the great sympathetic public of Great Britain, Canada and the United States is beginning to look upon Belgium's need as an old story, and to be less generous in their giving. Meanwhile prices of food are soaring and the money given does not go as far as it did.

As it is, the Belgian Relief Commission has been compelled to cut down rations to what seems the absolute minimum—the smallest amount that will support life. If further reductions have to be made the weaker must go under, and the children, on whom Belgium's future depends, must be permanently stunted and weakened by want.

Meanwhile Canada as a nation, and we as individuals, are unusually prosperous. True, there are many calls on our purses, but there are few of us, indeed, who cannot easily spare enough to feed at least one Belgian family.

CURLING.

William Watson Wins Bonspiel.

A bonspiel among the members of the Carleton Curling Club was concluded last evening. William Watson won on points. On Monday the club will play a match with St. Andrew's Club and on Tuesday they will meet the Thistle curlers.

Frederickton, Glanville—Those Carleton curlers are making things hum in New Brunswick this season. Victories over Thistles and Fredericton must make them feel pretty chesty just now. And no one will blame them for getting that way either.

BOWLING.

Sparrows Take Three.

In the Y. M. C. I. Bowling League fixture last evening the Sparrows took three out of four points from the Hawks. The game was interesting and many good scores were made by the participants. White had a grand total of 340, a new league record, and Chisholm ran up a three-string total of 315. The scores follow:

Hawks—	Total
Maber	85 86 94 265
White	128 104 108 340
Carleton	81 68 80 229
Henneberry	75 77 80 232
McCurdy	104 95 91 290
.....	478 429 453 1355
Sparrows—	Total

High Scores on "Vic" Alleys
On the Victoria alleys on Friday, A. W. Covey won the daily prize, and incidentally put up five strings for a total

of 596. His strings were as follows—118, 137, 112, 118, 116—596, 119 1-5 average.

One of the best strings ever bowled on the alleys was made by Percy Howard yesterday when he succeeded in putting up ninety-seven without a spare. He had no chance to get one, but gave a fine exhibition of pin picking.

Several large scores were made yesterday, among them being H. King, 131; J. Young, 129; H. Hildes, 119; R. Kerr, 118; H. Hopkins, 118; R. McBride, 117; C. Pacey, 120; L. Cummings, 129; P. Appleby, 119.

BASEBALL.

Liebold Joins White Sox

Chicago, Jan. 25.—The signed contract of Harry Liebold, utility outfielder with the Chicago Americans, was received on Thursday. Liebold is the twentieth member of the club to sign.

Pick Giants to Win

New York American League players cannot see how any other team in the National League is going to keep the Giants from winning the pennant. The Yankees played the Giants an exhibition game for clarity last summer while the National leaguers were in the midst of a great winning streak, and Donora's players frankly admit they never faced a classier looking ball club.

Weeghman Stands Pat

President Weeghman of the Cubs says the plan for reducing bleacher capacity in National League parks will not affect him, and that there will be no reduction at the North Side park. The action for a better balance in admission rates was aimed at Philadelphia and St. Louis, he says. The complaint was made that in St. Louis some days the 25-cent admissions outnumbered the grand stand patrons.

Cunningham Signs

Detroit, Mich., Jan. 25.—The signed contract of Fitcher George Cunningham of the Detroit Americans, was received here on Thursday. Most of the Detroit players have come to terms with Pres. Navin. Outfielder Robert Veach and Third Baseman Oscar Vitt, who have been demanding more money, have been classed as hold-outs.

More Yankees Sign

The New York American League club announced on Thursday that it had received the signed contracts of Angel Aragon and William Knaupp and Benjamin Shaw. None of these players was a member of the fraternity. According to Business Manager Sparrow, the New York club now has 14 players under contract. They include Baker, Peckinpah, Geddon, Mullen, Magee, Maisei, Gilhooley, Nunamaker, Caldwell and Fisher.

Scouts Seeking Recruits

New York, Jan. 25.—Numerous scouts and agents employed by the big leagues are hustling around the country interviewing minor league players. It is common gossip that tentative offers have been made to the minor leaguers who have expressed a willingness to become strikebreakers. If there are vacancies when the major league teams leave for the south they will be filled by men from the smaller circuits. The plan is to corral enough strike breakers to round out the various teams so that the pennant race can be started on time. In short, the leaders of organized baseball will not be caught asleep at the switch.

BRAVES HAD SALARY LIST OF \$120,000

One of The Largest Sums Ever Paid Out to a Major League Club

Boston, Jan. 25.—The salary list of the Boston Braves last season was close to \$120,000, representing the largest sum ever paid out to a major league combination. At least four men, paid as high as \$6,500 for the season, failed to make good as high-class, all-round players, based on their standard of previous years. This quartette will receive contracts this spring calling for one-third less of a salary. No player who has made good will receive a salary cut.

Puttkamer, German, Dies

Amsterdam, Jan. 26, via London.—The Rheymsche Westfalsche Zeitung prints a Berlin despatch announcing the sudden death of Baron Jesko Von Puttkamer, former governor of the German Kamerun, West Africa. A sensation was caused in 1906 by the announcement that Baron Von Puttkamer, who was at the time governor of the Kamerun, would resign on account of ill health. Early in the next year, after he had been removed from his post, he was found guilty in the imperial disciplinary court at Potsdam on three charges of breach of discipline, and reprimanded. One of the charges against the baron was that he had taken an actress to the Kamerun under a fictitious pass.

VETERAN OF I. C. R. DEAD

Conductor George Lamkie Passes Away in Moncton

Moncton, N. B., Jan. 27.—George Lamkie, retired C. G. R. passenger conductor, died about four o'clock yesterday afternoon at his home here. He had not been in good health for some years. It is thought that he never completely recovered from the effects of a collision in which his train was involved at Dalnour.

RENTS WILL NOT BE INCREASED

St. John Real Estate Company Sends Out Notices to Its Tenants

The St. John Real Estate Company will not increase its rents this year. In a letter to all its tenants the managing director says:

"We believe that this is no time for increases in either taxation or rentals if the same can be avoided. Our board of directors therefore has decided rather than increase the rentals to our regular tenants, the company will stand the loss, this year, entailed thereby, and hold the rentals at the same rate to our remaining tenants. We will, of course, expect our tenants to meet us part way in the matter of expecting somewhat less repairs to the premises and by assisting the company in every way possible to protect our properties and keep down the expense account."

The Man In The Street

Yes, thanks, this is quite cold enough for us.

West St. John folk are singing the doxology these days. They now have one car on the line that does not bear such a close resemblance to a cold storage plant.

Members of the Montreal stock exchange say they felt that earthquake tremor yesterday. Now they will be able to appreciate the feelings of the folk who held war stocks at the time of the December slump.

The only sure way to beat the stock market game seems to be by leaving it alone.

The next surest method is to get a sure tip—and then play it the opposite way.

Austrian parliament has been postponed because "a noisy session" is feared. Is this another manifestation of the activity of the League for the Suppression of Unnecessary Noise?

If Canadians felt the same way about it, we never would have a session of parliament.

And if the sentiment were general, the federal government organ would be suppressed.

A Cry of Distress

The Man-in-the-Street was received from a young lady a letter containing a cry of distress. We might almost describe it as "a voice crying in the wilderness," if we West St. John friends would not regard that as a reflection on their so delightful section of our fair city. However, that as it may, the clairvoyant soul of the aforesaid M. I. T. S. has been stirred in its depths and he hastens to lay the facts before the public. It is a pity that the letter cannot be published, that others might appreciate in full the sorrows of the West Side maidens—but the letter is too long. So, in our own simple way, we will have to tell the story in a few words and with much less pathos. The facts, in brief, are these: The young ladies are suffering from the overflow of soot and coal dust from the coal company's plant situated adjacent to the West Side flats. When they reach the shelter of the ferry cabin they find that their appearance has been marred by black streaks on their faces. If a girl has been so thoughtless as to leave home armed with only one handkerchief, that hanky is a total loss by the time she has removed the dirt from her face. Imagine the hardship that follows, especially if she happens to be suffering from a cold in the head! Still more awful to contemplate is the possibility that one of the girls might overlook the necessary first-aid measures and might proceed to the city with her face still bearing the coal stains. A remedy is suggested, in a mild and reasonable request. All our fair correspondent wants is that the ferry commissioner should supply a wash basin in the ladies' cabin, and that some one should contribute a mirror. On behalf of the girls from across the harbor, she makes the sporting offer that they will supply the soap and towels.

The annual meeting of the Woman's Suffrage Association was held on Jan. 19, at the home of Mrs. Henry Culver, Elliott Row. Officers elected for the ensuing year were as follows: Miss C. O. McGivern, president; Mrs. R. Hooper, Mrs. E. F. Frawley, Mrs. H. Calver, Mrs. E. H. Calver, vice-presidents; Mrs. H. Climo, recording secretary; Mrs. W. F. Hatheway, corresponding secretary; Mrs. H. PREACHED FAREWELL SERMON

At Trinity church, Andover, last Sunday evening, the Rev. J. R. Hopkins preached his farewell sermon. Mr. Hopkins, accompanied by his daughter, Mrs. D. H. Burns, left on Monday for Wexford, Ont.

WANOLA FLOATED
Word reached the city this morning that the schooner Wanola, which grounded on Point Allerton, Mass., a few weeks ago, floated yesterday. The schooner is owned by shipping men of Tarrboro, N. S., and was built at Port Greenville. A sister ship, Leonard Tow, was torpedoed on her first trip across the Atlantic.

POLICE COURT

In the police court this morning a fifteen-year-old girl was arraigned before Magistrate Ritchie on charge of theft of \$40 from the home of her sister-in-law, Mrs. F. Frawley, at the latter's residence in Halifax by Detective Briggs, and brought to the city early this morning. The girl is the daughter of Leonard Tow, who was in court. John A. Barry is appearing for the girl.

Mrs. F. O'Brien, residing in Beauswick street, a sister-in-law of the defendant, said that she had missed \$40 from her bedroom on January 22. The girl was living with her and knew where the money was. On last Tuesday the girl left the house. After she had gone the witness missed the money, a hat and a sweater. The money was her separation allowance for a month. Her husband was at the front.

Detective Briggs said that he arrested the girl in Halifax on a warrant issued here. From the police in Halifax he had secured \$8, which the girl had. The detective said that the girl had told Detective Kennedy at Halifax that she spent the money on clothes. She also said she intended to pay the money back as soon as she went to work.

On cross-examination by Mr. Barry, the first witness said that she had received \$40 from the defendant's sister for the money taken and an additional \$25 to cover the police expenses in making the arrest. The detective department asked that the girl be remanded as further evidence will be secured.

The police say that the girl is out on suspended sentence for theft committed in Westmount county. There was also minor of other local charges.

THE LILLIAN H. MUCH DAMAGED

A cablegram was received in the city this morning stating that the schooner Lillian H., which had been torpedoed, had been towed into Queenstown on her beam ends, with bowsprit and foremast gone and her hull badly damaged. The schooner is owned by shipping men of Tarrboro, N. S., and was built at Port Greenville. A sister ship, Leonard Tow, was torpedoed on her first trip across the Atlantic.

WILL OPEN SOCIAL CENTRE

The hall in Murray street, long known as the gray deer, has been purchased through the generosity of a former resident of St. John and given to Rev. J. C. Appell. Appell, who has a Christian church for use as a social centre. The hall is to be enlarged and heretofore used as a gymnasium provided. A morning Sunday school will be started at once, and the general social activities will be planned as fast as facilities are provided. The hall is well located for the valuable work to which it is to be devoted.

PUPILS OF MISS BARRY IN RECITAL

The piano pupils of Miss Nora Barry gave a musical recital last evening at their teacher's home in Waterloo street in the presence of parents and friends. From the excellence of the programme and the manner in which the pupils rendered their pieces, great credit reflects upon them and Miss Barry. There were about twenty-six pupils present with their parents and friends. The program was as follows:—God Save the King, Margaret Power; Merry Peasant, Francis Murphy; Sweetheart, Polka, Mary McAnally; Volunteer March, Raymond Chisholm; In Slumberland, Reverie, Queens Earle; Sunshine, Carmela Nugent; Underneath the Mistletoe (duet), Mary E. CLASSES BEGINNING

A meeting of the senior class of the Y. M. C. I. in Cliff street was held last evening, and this morning a meeting of the junior class. Physical instructor James F. Winston was present at the meetings and the preliminary steps in arranging matters were talked over. Enthusiasm was displayed at both meetings and the instructor has reason to begin his work encouragingly. Fifty-eight boys were in the big recreation room this morning.
