## PREFACE.

---

IN presenting the Annual Directory of the Sons of England Benevolent Society to the members of the Order, the publishers have to regret the incompleteness of the work, and the delay in getting it out. And yet in neither case are we solely to blame. The book this year is larger than has before been attempted, embracing the whole Order throughout Canada. The difficulties have been great, and in spite of the utmost care and precaution, mistakes have crept in. We have to thank the Secretaries of the different Lodges for their assistance, but in many cases have had a great deal of trouble with the "copy" sent to us, the writing often being simply indiscipherable; and where it has been so, of course mistakes have been unavoidable. In other instances, the returns sent to us were so incomplete, that the Grand Secretary's books had to be called into requisition. This has particular reference to one of the Toronto Lodges. Where Lodges have been omitted from the Directory, the members thereof may thank their Secretaries for such omission, because through negligence or discourtesy, they failed to comply with our request to send us their list.

Still on the whole, members will find the Directory fairly correct and reliable; next year, we hope to have it more so, and to issue it earlier in the year. In the matter of advertisements, we have not had that support which we think was our due, and which the nature of the work deserved; but we express a hope that this also will be remedied in the next issue.

Again thanking all who have helped us in our endeavor,

We remain,

THE PUBLISHERS.

## OBJECTS, AIMS AND BENEFITS OF THE ORDER.

The objects are to unite all honorable and true Englishmen, who are in good bodily health and between the ages of 18 and 60 years, in an Association for mutual aid ; to educate the members in the true principles of manhood, whereby they learn to be charitable, to practice true benevolence, and to keep alive those dear old memories of our native land ; to care for each other in sickness and adversity, and when death strikes down one of our number, to follow his remains to their last resting place. The government of the Order is vested in a Grand Lodge, and in Subordinate Lodges.

The rapid growth of the Order has far exceeded the most sanguine expectations of its founders, and is steadily extending itself into the hearts of our countrymen, and we are confident that when the objects and aims are more generally understood, it will become one of the grandest and most useful of Benevolent Societies.

Though the Society is a secret Society, there is nothing in that secrecy except to enable us to protect each other

and prevent imposition ; our language of signs and grips enables our members to travel to places where we have lodges, make themselves known as members of the Order, when they will find a brotherly influence surrounding them, receive advice, and if needed pecuniary assistance.

In the initiatory ceremony and conferring of degrees, there is nothing but what will raise a man's self-respect and kindle his patriotism and inspire him with benevolence ; and the Order only requires you to live up to its teachings, honor your obligations, be true to the country and its laws, faithful to your families, and true to the Brotherhood and to God, No political discussions are allowed in the lodge room.

The Sons of England Society offers advantages peculiarly suited to your nationality, and is second to none, and whatever benefits you receive are not charity but right, and paid to you by the proper officers without explanations or apologies ; and all that is required of you is a small initiation fee, and prompt payment of your dues. Nearly \$50,000 have already been paid out for benefits.

The benefits are medical attendance and medicine, on joining ; and sick benefits after being 12 months a member ; in case of sickness the benefits are \$3 000 per week for 13 weeks, and \$1.50 for the next 26 weeks ; \$30.00 on the death of a member's wife ; \$7.00 on the death of any of his children between the ages of 5 and 15 years, and \$75.00 on the death of a member, New members are entitled to half funeral benefits at the expiration of six months.

The Initiation Fees are—18 to 30, \$3.00 ; 30 to 45, \$4.00 ; 45 to 50, \$7.00 ; 50 to 55, \$10.00 ; 55 to 60, \$15.00.

The Subscriptions are weekly, from 18 to 30, 10 cents ; 30 to 45, 13 cents ; 45 to 50, 15 cents ; 50 to 55, 20 cents ; 55 to 60, 25 cents.

The Beneficiary Department enables its members to insure their lives for \$500 or \$1,000, and has already proved a great source of strength to the Order. By the payment of a small graded assessment at the death of a member, substantial aid is secured to the surviving relatives, which will assist them in being independent of the cold charity of the world. Members becoming totally disabled and unable to follow any occupation, receive half the amount insured for, if required ; the other half is paid at the time of death.

At a meeting of the shareholders of the above Company, held on the 26th of April, 1888, the Directors presented their Second Annual Report, for the twelve months ending March 31st, 1888, containing a statement of the affairs of the Company.

At the last meeting of Shareholders, the Directors were empowered to issue additional stock to the extent of \$20,000 with a view to reducing the mortgage ; of this sum \$12,550 was subscribed, making a total subscribed Capital Stock of \$43,530. Of this amount 60% has been called up, realizing \$23,736.50, leaving \$2,381.50 due on calls.

The amount of additional stock required not being taken up, the Directors were compelled to make a further call of 10% in order to reduce the mortgage, which they did on the 31st of March last, to the extent of \$5,000, in accordance with the terms of the said mortgage. \$3,000 private loans have also been paid during the past year.

The year's earnings amount to \$7,093.56, which shows a marked advance. The revenue from the lodge rooms shows an increase over last year's, of \$820.63 ; the music hall, \$161.30 ; the other departments in proportion ; leaving a balance over expenditure of \$1,645, notwithstanding the payment of \$748.82 for taxes, which did not appear in last year's expenses.

SONS OF ENGLAND DIRECTORY.

Received the Highest Awards for Purity and Excellence at Philadelphia, 1876; Canada, 1876; Australia, 1887; Paris, 1878.

Prof. H. H. Croft, Public Analyst, Toronto, says:—"I find it to be perfectly sound, containing no impurities or adulterations, and can strongly recommend it as perfectly pure and a very superior malt liquor."

John B. Edwards, Professor of Chemistry, Montreal, says:—"I find them to be remarkably sound ales, brewed from pure malt and hops."

Rev. P. J. Ed. Page, Professor of Chemistry, Laval University, Quebec, London, Ontario, and have found it a light ale, containing but little alcohol, of a delicious flavor, and of a very agreeable taste and superior quality, and compares with the best imported ales. I have analysed the Porter XXX Stout, of the same Brewery, which is of excellent quality; its flavor is very agreeable; it is a tonic more energetic than the above Ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article."

SONS OF ENGLAND DIRECTORY.

St. LEON MINERAL WATER.

AS the tidal wave of this great natural life-giver sweeps over the land, countless cheering testimonials come from those who suffered—long laid low in the gall of bitterness and despair drained of tears.

TO THE MASSES ST. LEON BRINGS FRESH LIFE, STRENGTH AND JOY,

Builds up the constitution to robust health, to heights of pleasure never before dreamed of.

Correspondence solicited from all trading points. Sold in bulk, or aerated in bottles, by the gallon or car load.
