Former St. John Man Reported Shot on Train Near Buffalo

13 LOSE LIFE IN NEW YORK FIRE

DETECTIVE IS KILLED INSTANTLY

Charles A. Ralston is Reported Shot Dead, Parents are Notified. WAS WAR VETERAN Left St. John Five Months Ago to Accept Position at Buffalo.

Charles A. Ralston, of this city, was instantly killed some time last night on the "Nickel Plate" train running out of Buffalo, and one report was to the effect that he had been shot, but up to going to press no particulars had been received by his parents, 319 City Road.

The first telegram, received early this morning by his father, W. A. Ralston, simply stated that he had been killed and a later one said he had been killed on the train, but did not say in what manner he had met his death.

Mr. Ralston was well known in the city, where for many years he carried on an optical business. He was a veteran of the great war, having served for four and a half years overseas with the Canadian troops and was severely wounded in action.

Five months and eight days ago he left for Buffalo and after arriving there accepted the position he held at the time of his death. He is survived by his parents, Mr. and Mrs. W. A. Ralston, one sister, Mrs. R. Kennedy, of Newburyport, Mass., and five brothers, Harry W. and Robert A. of Somerville, Mass., Roy and Edward of Buffalo and James, of this city.

TRADE IMPROVES

Report on Canadian Conditions Indicates Some Betterment in Next Three Months.

Toronto, Feb. 19.—The index of general conditions in Canada compiled by Prof. H. Mitchell of McMaster University shows no very definite trend during the last thirty years. Stock prices continued to advance moderately during the period January 13 to February 15. Wholesale prices advanced slightly up to the end of January, but the ratio of current loans to total assets of the banks fell again up to December 30. So far as can be judged from these movements, wholesale prices are due to rise moderately for some months to come.

GIVES ROTARIANS NOTABLE ADDRESS

Dr. Spangler Deals With Meaning of Organization in Excellent Speech

What was described by several old members as the finest address on Rotary of today and of the future they had ever heard or even read, was delivered in Pythian hall last evening by District Governor H. L. Spangler.

Dr. Spangler, at the conclusion of the dinner, presented with force and eloquence the conception of Rotary. Its purpose is to promote understanding, fellowship, service, and better business methods, not only local but national and international; and to contribute to the right development of boy life.

Postal officials say there are no prospects of the immediate removal of the sacks, and they are doubtful whether the mails destined for Canada and the U. S., New Zealand, Costa Rica and Japan, which are being held for the liner Olympic tomorrow, will be placed aboard.

PARIS EXCHANGE CLOSED FOR WHILE

Order is Issued by Prefect of Police Because of Crisis.

Paris, Feb. 19.—The prefect of police has issued an order closing commercial exchange for the present. The reason for this action, it was announced, was that the conditions under which quotations were fixed because of the exchange crisis are such as to interfere with the free transaction of business in the home market and to cause an abnormal result in prices which would be likely to lead to the disturbance of public order.

Saves Wife and 11 Children in Fire

Montreal, Feb. 19.—A Touissant made successive trips through fire and smoke and rescued his wife and eleven children from being burned to death last night when fire broke out in his house. He narrowly escaped death himself.

DOCK MEN STAND FIRM IN WALKOUT

Tie-up Said to be Complete Now All Over England.

CARGOES IN DANGER Public Seems to Show Little Uneasiness and Sees Early End.

By British United Press. London, Feb. 19.—Apparently labor in Great Britain requires less provocation to strike now than a Labor government holds power. Whether or not the unions will actually receive some thing more than fair play in any dispute where the government can exert influence, they naturally are confident that their interest will at least be protected the protection they themselves feel is deserved.

Settlement of Strike.

Another novel feature of government action in connection with the attempted settlement of the strike is its proclamation against profiteering, aroused by the information that meat prices were already being increased. Ordinarily the raising of prices under a shortage of supply might arouse distrust but little astonishment and unquestionable governmental interference in trade even to this extent is of a socialistic nature. However, the press and public unanimously approve the government's proposals. Even the Policy Mail commends Premier MacDonald on his curbing of the profiteers.

All over England the tieup is practically complete. In every port perishable cargoes are in danger of destruction. The shortage of food supply is in near prospect, but the public shows little uneasiness and there is general confidence that the trouble will be adjusted with the aid of the government before any real general hardship is felt.

Fruit Steamer Is Fast on Bar

Atlantic City, N. J., Feb. 19.—First attempts to float the U. S. Fruit Company's steamer Amelia, which is stuck hard and fast on the south bar of Little Egg harbor, between Little Beach and North Brigantine, proved unavailing last night.

The Amelia, 10,000 tons, Capt. Connors, bound from Montreal to New York, with a cargo of bananas, went aground yesterday. She is in no immediate danger.

Alberta Miners May Strike in Fall

Calgary, Feb. 19.—Coal miners of Alberta are expected to strike this fall as it is understood operators will not agree to a renewal of the present wage scale for three years, perhaps not for one year. An operators' conference is to be held here on Wednesday, while the miners are to meet here later in the month.

7 CHILDREN INCLUDED IN DEAD LISTS

Blaze in Lower Manhattan is Believed of an Incendiary Origin. FLAMES AT BEDSIDE Families on Lower Floors Retreat in Panic as the Flames Spread.

(By Canadian Press.) New York, Feb. 19.—Thirteen lives were snuffed out in a few minutes in a fire, believed to have been of incendiary origin, which early today swept from basement to roof of a five-story tenement in the heart of New York's lower East Side Ghetto. Seven of those killed were children.

The blaze, fanned by a draft from the tenement's open front door, flared up the stairs, blocking escape of the eight families who occupied the building. Some of those in the two upper stories, awakened to find the flames at their bedheads, met death before they could even try to brave a dash through the roaring furnace with which they were confronted.

Retreat in Panic. Terrified on opening their hall doors to find a vortex of flames mushrooming down from the roof through the smoked-choked corridor, the families on the lower floors retreated in panic to the windows from which they managed, in some cases by seemingly impossible means, to reach safety. Several were severely burned; others were injured in falls.

Of the dead, five were boys and two girls, four women and two men. One of the children who lost their lives was an infant, whose charred body was found at the breast of its dead mother. The fire was discovered by a passing policeman, who saw smoke and flames rising against the inner side of a window.

He rushed into the house and up the staircase, hammering with his fist on doors and shouting a warning. Descending flames, checked at the roof and whipping their way downward, stopped him before he reached the upper stories. Has No Matches. The front door had been open as he entered and as he dashed out he saw Louis Choenfeld, a news vendor, running from the entrance with three men at his heels. He took all four to a police station, where Choenfeld, who appeared to police to be mentally deranged, babbled in answer to all questions: "I haven't got any matches; you can search me."

Later, Dr. Charles S. Rubenstein of Gouverneur Hospital recognized him as a man he had treated several times for epileptic seizures, and who, he added, had come to him for treatment late last night about an hour before he was discovered. He said several days ago he had taken two stitches in a cut on Choenfeld's head and that last night he had removed the stitches.

Those of the first families to realize the danger was that of Harry Schwartz, 75 years of age, who lived with his wife, Yetta, 66 years of age, on the second floor. In their night clothing they walked into the smoke-filled hall and aroused their next door neighbors. Then they stepped out of their windows to a narrow cornice above stairs which were on the ground floor. Inch by inch they crawled along to the tenement next door.

Members of families in the second and third floors of the building climbed to windows as the flames licked their way through hallway doors. Fire escapes at the back of the building were cut off by a fast approaching line of flames.

Those on the third floor, the Lifschitz and Faber families, including Mrs. Lotta Lifschitz, ninety years of age, jumped to the roof of a lower adjoining building. Mrs. Lifschitz was assisted through a skylight on the adjoining structure and taken, uninjured to the street.

MISS ST. JOHN IS GIVEN OVATION

Miss Dorothy Oatey Presented Bouquets at Arena Last Night.

Miss Dorothy Oatey, who was chosen by the committee as "Miss St. John," was given a great reception on her initial appearance at the arena last night when she skated out on the ice under the arch formed of the hockey sticks of the two teams. She was presented two beautiful bouquets, one from each team and posed with the members of the teams for a photograph.

Miss Oatey is a well-known and popular young skater. Today she is being congratulated by a large host of friends on the honor that has been done her in her selection as Miss St. John. She is an attractive girl, possesses a charming personality, is a graceful skater and a typical outdoor girl. There is no doubt amongst her friends that she will carry out her duties as typical of the young womanhood of St. John in a manner befitting the position.

FIFTEEN CANDIDATES

Miss St. John was chosen from amongst 15 candidates, the final choice being from a group of six, including, besides herself, Miss Louise Lord, Helen Howard, Edith Dawes, Florence Johnson and Gertrude McCurdy. It is said that after the field had been narrowed down to the half dozen the judges faced a most difficult task, but a majority of them were for Miss Oatey and to her the crown was given.

That it was a happy choice was evidenced last night when the little skater, on her way to the arena, was greeted by the hearty applause of the large crowd of fans, to which she bowed her grateful acknowledgments.

Miss Oatey resides with her parents at 108 Somerset street and is employed in the office of the McClary Manufacturing Co., Ltd., Prince William street.

The board of judges which had to do with the selection of Miss St. John was composed of Mrs. Daniel Mullin, Mrs. G. Fred Fisher, Mrs. Frank S. White, Stanley Emerson and Dr. W. F. Roberts.

Sport, New Hotel and Other Things Make St. John Much Talked Of

In the large view St. John is again very much in the public eye, that is the eye of the world.

Charlie Gordon is pictured and written about on every sporting page. St. John is being referred to in similar columns concerning the indoor international meet next week, when the speediest amateurs on the continent will struggle for the crown.

The world's champion hockeyists will make their triumphant entry into Canada through this gateway-port and will probably play their first home-again game on St. John ice.

Rowing experts are commenting in the press in large centres about the determination of Hilton Balyea, the Father Neptune of aquatic sports, making an early start for France to put in a thorough period of training for the sculling Olympics in the spring.

New York "Lies" and other periodicals running into the millions of circulation are carrying the advertisements of the United Hotels Co. with "The Admiral Beatty Hotel at St. John, N. B., Can." boldly taking place with the international chain along with other big houses under construction.

With the new drydock busy, movement on foot to make a big drive for new depot and more grain elevator facilities and terminal wharves, this city certainly takes its place as a lively centre in spite of the adjustments of "times" and money.

Fire Makes Elcho An Artistic Main St.

ELCHO'S REBUILT BUSINESS DISTRICT, ALL IN 'ONE BUILDING.' (Inset) CHARLES W. FISH, WHO PLANNED THE IMPROVEMENT.

Elcho, Wis.—Charles W. Fish has at last fulfilled his ambition to beautify Elcho—but it took a disastrous fire to help him make Elcho the most picturesque community in Wisconsin. Where formerly were unbecomingly shabby now stand artistic buildings, designed by a man who had been waiting for years to build a model community.

Elcho is a lumbering town. The property was platted early in the '80s, and the utility rather than "rightful" use of the land was the rule of the pioneers who built up the village.

Fish, wealthy lumberman, who came here 22 years ago, has made Elcho now represents the complete realization of Fish's dream.

ENTERTAINMENT BY WOMEN OF NORTON

Norton, Feb. 18.—(Special)—The Norton branch of the Woman's Institute of Canada is a live organization. The occasion was a banquet at which the husbands of the married members and other gentlemen and lady friends were the guests. The tables were tastefully decorated with flowers and maiden hair fern, while cupid and hearts were much in evidence. When partners had been selected by the matching of valentine puzzles the company sat down to such a repast as Norton ladies are famous for preparing. The repast having been done full justice to the following programme was carried out, the president, Mrs. Pollock, acting as toastmistress.

Roll call. Address of welcome by the president.

Each member answered to her name with a mirth-provoking story. The descriptive song, "Famous Norton Men," was a clever hit and evoked outbursts of laughter at each clever rally. The vice-president, Mrs. C. S. Young, in replying to the toast "Our Institute," took occasion to point out the value of the Institute work to the community and to the nation. The evening's entertainment closed with the singing of Auld Lang Syne.

DEPUTY MINISTER TELLS OF WOOD DISAPPEARANCES

Thousands of Cords Lost, Stolen or Strayed, Declares Hon. G. E. Turner

(Canadian Press Despatch.)

St. John's, Nfld., Feb. 18.—Pit props and pulpwood operations conducted by the Squires' Government under the mantle of charity cost the country the huge total of \$1,700,000 during the years 1921 and 1922, according to revelations made today at the probe in public affairs being conducted before the Royal Commissioner T. Hollis Walker, K. C. The total returns made to the Government on these operations were less than \$500,000 and the loss on the operations at least \$1,250,000.

Mysteriously Missing.

Hon. G. E. Turner, Deputy Minister of Agriculture and Mines, stated that much of the wood cut disappeared before representatives of the Government or the purchasing contractors could take charge of it. He estimated such disappearances as totalling 30,000 cords or more. When asked to account for these disappearances he told the commissioner that all he could say was that the wood was "lost, stolen or strayed."

Fearful Destitution.

N. W. Gillingham, who was put on the stand by Government counsel, stated that during 1921 and 1922 he was engaged by the Minister of Agriculture and Mines investigating numerous cases of wood disappearing. He stated that in many sections of the country he found a fearful condition of destitution. He claimed that but for the relief measures undertaken there would have been numerous cases of starvation. He showed that all his undertakings in respect to the exhibiting of supplies and machinery were open and aboveboard and were not characterized by graft for any member or associate of the Government.

Following the arrival here this morning on the steamer Silvia of Sir W. P. Cosker, who had been abroad in Europe and America during the last three months, there was a hurried call to a meeting of the executive council of which he is a member. It is understood that the cabinet gathering was marked by very few of the characteristics of a Sunday school session.

ROTHMERE WANTS CANADIAN PAPER

London, Feb. 18.—Lord Rothermere, prominent English newspaper proprietor, brother of the late Lord Northcliffe, will during his proposed visit to Canada and the United States, make investigation into the pulp and paper industries with a view to assuring further supplies for his British interests whose consumption of newspaper is enormous. Rothermere expects to sail about the end of February.

ADDS TO LAW FUND

Robert Dysart, of 40 State street, Boston, in a letter to The Telegraph-Journal, notes that his attention was called to the public subscription to erect a monument in memory of the late Right Hon. Andrew Bonar Law, and he encloses \$10 for the fund. Mr. Dysart is a brother of Hon. Allison Dymally, Speaker of the Legislature in the province, and also a brother of Judge Dysart, of Winnipeg. This enables the fund to pass the \$1,100 mark, the exact figures being now \$1,104.00.

Rub Baby's Cold Away With Vicks

"Is a Wonderful Remedy," Says New Brunswick Mother.

Treat one cold with Vicks VapoRub and, as in the case reported below, you will adopt this wonderful remedy for all the cold troubles of the family. When the little ones come in wet and sniffling, just apply Vicks over throat and chest and cover with a flannel cloth. Repeat at bedtime.

The child is usually better next morning, and the bad after-effects of internal dosing are avoided. Just as good, of course, for adults.

Mrs. Emanuel Albert of Ramsay street, Campbellton, New Brunswick, writes: "Vicks VapoRub is a wonderful remedy. My children were all sick with colds and I rubbed their chests with Vicks, always obtaining rapid results. My two months old baby was very ill with a cold in his chest and I was afraid he would have inflammation of the lungs, for he coughed so much. I applied Vicks and it relieved him. I can't speak too highly of Vicks."

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 844 St. Paul St., W. Montreal, P. Q.

Though Vicks is new in Canada it is a remarkable sale in the States. Over 17 million jars used yearly.

SKIER KILLED ON C. N. R. WAS BROKER

Sherbrooke, Que., Feb. 18.—A verdict of accidental death was returned today at the inquest into the death of Norman B. Starks, who was instantly killed yesterday two miles from Sherbrooke while skiing on the tracks by the C. N. R. noon train from Montreal. Starks was formerly a stock broker in Montreal.

MARRIED IN CATHEDRAL

A quiet but pretty wedding took place this morning at 5 o'clock in the Cathedral of the Immaculate Conception when Miss Mary Sylvia Hickey became the bride of Martin Joseph Lorette. Both are of this city. The bride was given in marriage by her half-brother, Fred Kelley and was attended by Miss Annie Power. The ceremony was performed by Rev. Raymond McCarthy.

The bride was becomingly gowned in a dress of brown Canton crepe with hat to match, wore a seal scarf and carried a white prayer book. The bridesmaid wore a blue serge suit with hat to correspond. The groom's gift to the bridesmaid was a pearl necklace and to the groomsmen a gold Ever-sharp pencil. After the ceremony the party returned to the bride's home, 142 St. Patrick street, where a dainty wedding breakfast was served and left on the early train for a short honeymoon in Sackville, which was the groom's former home.

Many beautiful gifts of silver, cut glass and china testified to the popularity of the young couple. Amongst the gifts was a handsome electric reading lamp from the employes of H. Horton & Sons where the groom is employed. The many friends of Mr. and Mrs. Lorette will extend to them many wishes for their future happiness.

ASSISTED IN CONCERT

In connection with the concert given last night in the Armory by the jubilee singers of St. Philip's church, good work in the arrangement of the programme was done by Mrs. Amelia Williams. Those taking part in the chorus were Mrs. Able Sadler, Mrs. L. Johnston, Mrs. L. Ford, Miss Helen Burns, Miss L. Irving, Mrs. Wallis and A. Dixon. On behalf of the church Rev. Mr. Stewart extended sincere thanks to all those who assisted.

EXPECTS GENERAL ELECTION IN 1924

Toronto Mail and Empire Says Several Cabinet Ministers May Quit

Toronto, Feb. 18.—The Mail and Empire in a despatch from Ottawa today says: "Every day appears to make the Government's position more untenable and adds to the prospects of a general election this year and even this spring. It was felt that the support of the Ontario Progressives would be sufficient to keep the Government in office but conditions have reached such a pass in the cabinet that many believe the Government will not survive the session and that dissolution may come as early as May."

"It is understood the opposition will challenge the propriety of four ministers retaining their cabinet positions and will press their challenges to the extent of taking the opinion of Parliament."

"One of these ministers is Hon. John Sinclair, minister without portfolio, who represents Queens, P. E. I. Against Mr. Sinclair it will be urged that his association with the real estate promotions in Prince Edward Island and by a Government agent in London are sufficient to cause his retirement from the Government."

"The second minister whose retirement will be demanded is Hon. E. J. McMurray, Solicitor-General, who as a member of two firms which are large debtors to the defunct Home Bank, it is urged cannot remain in a Government that must decide on policy regarding the protection of Home Bank depositors. Mr. McMurray entered the Government after the failure of the Home Bank but before it was known where this institution had sustained its heavy losses."

"Two other ministers will also be subjected to similar motions for their removal from the cabinet or motions condemning the Government for retaining them. The allegations to be made against one are such that if substantiated, will certainly create a cabinet vacancy."

"Against the fourth minister under fire, the charges are not so serious. The opposition is confident that in the attacks on the ministers they will force the Government to the limit."

Ottawa, Feb. 18.—Premier King and Hon. E. J. McMurray declined to comment on an Ottawa despatch by the Toronto Mail and Empire discussing the position of several members of the cabinet. Hon. John Sinclair, another minister mentioned in the despatch, is not in Ottawa.

MAY RECOGNIZE THE MEXICANS

London, Feb. 18.—The question of recognition of the Mexican Government by Great Britain was raised by several members in the House of Commons this afternoon. Premier MacDonald replied that the recognition of Mexico had raised complicated issues which could not be very well dealt with in questions and answers. The Government would lose no time in deciding one way or the other.

GIRL PLAYING WITH DOLLS LOSES LIFE

Jen Sutton, Que., Feb. 18.—A shooting fatally occurred here on Sunday afternoon when Elizabeth, the two-year-old daughter of Mr. and Mrs. M. J. Shuffelt, was killed by the accidental discharge of a shotgun in the hands of her brother, Cecil, aged 14.

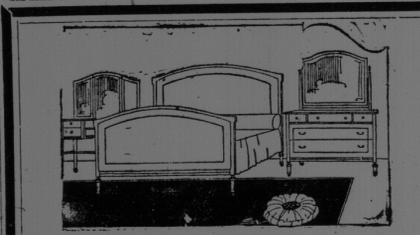

The boy was preparing to shoot rabbits. While he was examining the gun it was accidentally discharged, the shot hitting the little girl, who was sitting on the floor playing with her dolls.

Fillmore Dillon Wins Free-For-All

Horse fanciers in this city will be interested to learn that Fillmore Dillon, which was recently sold by Patrick O'Keefe to R. K. McDonald of Antigonish, N. S., won a free-for-all here in the ice in Antigonish harbor a few days ago. The former St. John horse won the event quite handily in straight heats. In the near future he will meet The Ghost, Nasoma Prisco and Laramie Lad.

ARE ADVANCING AGAINST REBELS

Mexico City, Feb. 18.—President Obregon and Minister of War Derrano have arrived in Mexico City from Guadalajara. President Obregon declared a definite advance against the rebels in Morelia, capital of the State of Michoacan, had been started already. Gen. Rios and Gen. Rodriguez are marching along the Acambaro railway, while Gen. Escobar and Gen. Gonzalez are marching from Jalisco to co-operate in the attack on the city.

DEFECTIVE BEAM IS BLAMED FOR DEATH

Jury Hears Evidence in the West Side Fatality on Saturday.

The inquest into the death of William Mosher, Jr., of 18 Hanover street, a longshoreman who fell into the hold of the Anchor-Donaldson Line ship Alconda, at No. 6 berth, Saturday afternoon about 5 o'clock, was continued last evening before Coroner Dr. F. L. Kenney and jury at No. 7 Fire Station, Queen street, West St. John, and after a deliberation of about half an hour the jury brought in the following verdict: "We, the jury empaneled to inquire into the death of William Mosher, find that he died on board the steamship Alconda at No. 6 berth, West St. John on Feb. 16, 1924, as a result of fracture of the skull after falling into the hold of the said steamer and that in our opinion the accident was caused by a defective cross beam."

Signed: Edmund Howard (foreman), J. L. Wright, Robert Carlin, Jasper Cameron, Bradford Nice, John F. Williamson, Fred Desjardines.

Cyrus F. Inches was present at the inquest in the interest of the local agent of the Anchor-Donaldson Line and the ship, as well as quite a number of spectators. Evidence was given by Michael Donovan, Sherman B. Grey, John F. Jones, James E. Gogan and E. Dewy Ring, Capt. T. M. Turnbull of the ship; John Smith, first officer, Neil Patterson, chief engineer; Capt. A. J. Mulcahy and Capt. M. N. Gillis.

GETS DOUBLE FINE In the Police Court yesterday Fred Gallant was fined \$1 or 80 days in jail on the charge of assaulting Kenneth Friars and \$10 or 80 days in jail on the charge of fighting. William Moore was found guilty of fighting with Gallant but no sentence was pronounced as the Magistrate said he understood Moore was to be removed from the city today and taken back to Dorchester to serve out the unexpired term of a sentence. Evidence was given by officers McBryne and McAuley, Gordon Paris, Clifford Paris, Daniel McLean, Isabel and Ethel Moore and the two prisoners.

LOCAL DELEGATION HEARD AT OTTAWA

An Ottawa despatch last night announced that the delegation from St. John which had gone to Ottawa to ask King to improve the port facilities and that he would see that the matter was given consideration. The Minister added that it was not the intention of the Government to undertake any very large expenditures. Among the matters taken up with Dr. King the despatch says, was the building of a new pier. The whole matter was gone into very thoroughly and while the Minister was not in a position to give any immediate reply it is known that some of the matters discussed have already been receiving the consideration of the Government.

Get rid of constipation by internal cleanliness

There is no reason why you should suffer from constipation. Headaches, biliousness, sleepless nights, heaviness, are nature's warning that intestinal poisons are flooding your system. If allowed to continue, you may become a victim of serious organic disease. In constipation, say intestinal specialists, lies the primary cause of more than three-quarters of all illness including the gravest diseases of life. Laxatives Aggravate Constipation Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury. Why Physicians Favor Lubrication Medical science, through knowledge of the intestinal tract gained by X-ray observation, has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage out of the body. Thus Nujol brings internal cleanliness. Not a Medicine Nujol is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative and cannot gripe. Like pure water it is harmless. Get rid of constipation and avoid disease by adopting the habit of internal cleanliness. Take Nujol as regularly as you brush your teeth or wash your face. For sale by all druggists. Nujol For Internal Cleanliness

Only One in Five escapes Pyorrhea. When your gums bleed, take heed. Nature is warning you of Pyorrhea's coming. It strikes 4 out of every 5 past 40, and thousands younger, too. WILL THERE BE FIREWORKS?

The Toronto Mail and Empire, which ought to know the plans of Hon. Mr. Meighen and the Conservative party, prints an Ottawa despatch to the effect that the Opposition will challenge the fitness of four of the Ministers to sit in the Cabinet of Premier King.

DENBY AND COOLIDGE

Edwin B. Denby, Secretary of the Navy, has presented his resignation to President Coolidge and it has been accepted. The President refused to ask for Mr. Denby's resignation when the Senate called upon him to do so, and the Secretary has now relieved him of the task of sitting in judgment in the matter.

It is now suggested at Washington that Attorney General Daugherty may follow the example of Mr. Denby and resign. He insists that his record is clear, but some of his Republican friends would be relieved if he would get out of office.

Press Comment

SAVING, SQUANDERING AND SHINTING.

(Kansas City Star.) Secretary Mellon of the Treasury Department, recently prepared an interesting little table in which he showed how money is handled by three types of persons.

FOR CITY SPIRIT.

Sometimes, and mostly 'round the tail-end of winter, business folks get a bit discouraged at a stalemate that drags on.

OTTAWA'S FLOOD OF ORATORY.

The Montreal Star has suggested one way in which the federal parliament could save money. It could shorten its own sessions.

THE AMHERST SPIRIT.

(Amherst News.) The fact that \$25,000 in cash was subscribed in Amherst this week to the Maritime Pant Co. in this town may be considered one of the most hopeful evidences of a revival of the old Amherst spirit.

COOLIDGE ON LINCOLN.

(Chicago Journal of Commerce.) In 1918 Calvin Coolidge, Governor of Massachusetts, wrote a tribute to Abraham Lincoln. Now Mr. Coolidge is in the seat of national leadership.

COOLIDGE ON LINCOLN.

It has been found by tests in Ontario that Nova Scotia coal makes good coke to take the place of anthracite. This had already been proved in Nova Scotia itself, and a great deal of Nova Scotia coke has been used by St. John householders during the present winter.

Mr. Firpo wants \$50,000 placed to his credit in Buenos Aires before he will consider the matter of a little alteration with one Mr. Wills of the United States.

The MacDonald Government has no present intention of reforming the House of Lords. Rumors to the contrary are declared by the Premier to be unfounded.

RADIO MAGIC.

We who dwell in lonely places. Touch the shores of either sea, Fairy-sailed flotillas bring us Precious cargoes on the breeze.

Twilight thronged with myriad voices. And the winds are winged with song—Mystic melodies that wander—All the hills and vales along.

Din, blue silences are vocal. In the forest lone and deep, Where is heard no human footfall, Whispers throng the gates of sleep—

Pulsing, throbbing, yearning whispers, From a far-off, larger life, Where the flood-tides of endeavor Ebb and flow in stress and strife.

Who shall stay the magic music? Who interpret to the night All the loveliness that lingers At the gate of heart's delight.

Furry folk in shadowy shelter, Birds that know the airy way, Do they in their moonlit dreaming Hear the fairy pipes play?

Does the flower-bud when the wind stirs Fold the sweetness in its heart, Shaping, tinting to that music Every separate perfect part?

O, we know not, know this only: That the mind of man has wrought Power to catch a far-flung cadence, Power to stay a fleeting thought.

Though we dwell in lonely places, Though the great world pass us by, Far-off voices in the twilight Bring us greetings from the sky.

—Ellen Leveridge, in Canadian Farmer.

LIGHTER VEIN.

Seasonable. The Youth—"But, dearest, why need we wait till October?"

The Cinema Star—"Well, old thing, I'm rather keen on October. You see, I've never been married in the autumn before."

Painful. Angry Hotel Manager—"Say, don't you know that you shouldn't whistle in the lobby like that?"

Colored Bell Boy—"Boss, I ain't whistling. I see pagin' missus Jones' dawg."

Hail! Some of those American soldiers who stopped off in England for a time were so exuberant in spirits that they refused to have them dampened even by the well-known and much advertised foggy weather.

The colonel of a regiment, making a night tour of a certain camp, was challenged by a sentry who had been standing for hours in a driving rain.

"Who goes there?" demanded the guard. "Friend," replied the colonel. "Welcome to our mist," said the sentry.

ANOTHER BLAZE IN PRESQUE ISLE

Militia Called Out to Save Border Town—Loss \$80,000

Presque Isle, Feb. 18.—Fire yesterday broke out in the basement of the building occupied by Delong's restaurant, and owned by William Tacticos.

Both buildings were burned to the ground. Good fire-fighting saved a disastrous spread. The loss on the Hedrich building and contents is estimated at \$85,000, insurance \$50,000.

Lighter vein. The Youth—"But, dearest, why need we wait till October?"

FIFTY THOUSAND WOMEN

would comprise a vast army, yet that is the number who have replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co. of Lynn, Mass.

DEATHS

John Graham.

The death of John Graham, a well known resident of Musquash, occurred yesterday at his residence and his death will be mourned by a large circle of friends. He leaves two sons, Henry and Andrew; four daughters, Sadie, Florence, Maud and Margaret, all of Musquash; two brothers, Thomas, of West St. John, and William, of California; as well as two sisters, Mrs. Dorothy Driscoll, of this city, and Mrs. Katherine Cole, of San Francisco, Cal.

The funeral will take place from the late residence, Musquash, on Wednesday morning at 9:30 o'clock.

Mrs. G. W. McDonald.

The death of Mrs. G. W. McDonald, which occurred on Saturday at McDonald's Point, was learned with regret by a large circle of friends. She had reached an advanced age but had been enjoying good health and her death was quite unexpected. She is survived by her husband, two sisters, Mrs. H. L. Squires of Upper Kent, Carleton county, and Mrs. L. C. Dineen of St. John; and one brother, Eldon Kerley of McDonald's Point. The funeral was held yesterday.

Miss Susan Whitney.

(Special to The Times.)
Newcastle, N. B., Feb. 19.—The village of Whitneyville lost one of its most highly respected residents in the person of Miss Susan Whitney, after an illness of several months from a complication of diseases. She was born at Whitneyville 51 years ago and re-

sided there ever since. She leaves one sister, Mrs. Alexander Sherrard Whitney, and three brothers, Moses of Newcastle, Allan of Whitneyville, and James of Wayerton Settlement. The funeral took place on Sunday afternoon and was very largely attended. Services were conducted at the house and grave by Rev. William Girdwood of Redbank, and interment was made in St. Phillip's cemetery, Whitneyville.

WHERE WOODROW GOT NAME

Brockville, Ont., had an interesting and little known link with Woodrow through the residence there many years ago of his grandfather, Rev. Dr. Thomas Woodrow, after whom the president was named. He was a Scotch Presbyterian who crossed the Tweed and spent sixteen years in pastoral work in Carlisle, England, whence he came to America with his wife and family of eight children in 1836. He arrived at New York just in time to lose his wife through death and after her funeral pushed on with his motherless children to Brockville. With Brockville as headquarters he engaged in a vigorous visitation of the surrounding counties of Leeds and Grenville as a home missionary and became particularly beloved by the early settlers.

Among his children was a girl named Janet, more generally known as "Jessie" who was then about twelve years of age and who played and studied in Brockville. After a little more than a year Dr. Woodrow recrossed the border to accept a call to Chillicothe, Ohio, and it was while she was attending a young ladies' academy near that place that, eight years later, Dr. Woodrow first met her future husband, Rev. Joseph Ruggles Wilson. Two years afterwards they were mar-

COMPROMISE IN SOFT COAL FIELD?

Jacksonville, Fla., Feb. 18.—A renewal of the bituminous miners' wage scale for a term of three years was approved unanimously by the sub-committee of miners and operators of the central competitive field here late today.

It is a compromise of the miners' demand for a four-year contract and the operators offer of a renewal for the customary one year. Tomorrow the report will be considered by the miners' policy committee. It is believed.

Sleeplessness

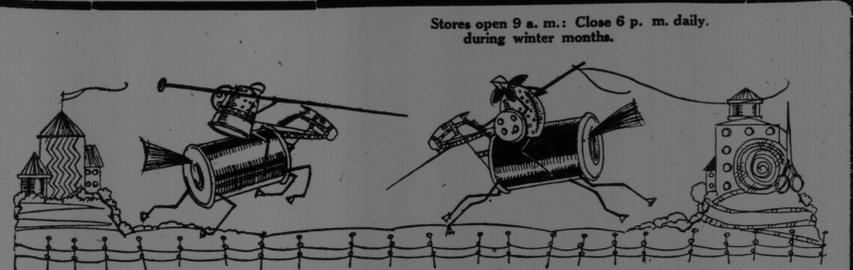

Sleeplessness, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.

The temptation to depend on sleeping powders or tablets must be fought off if you would avoid catastrophe. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as DR. CHASE'S NERVE FOOD to instil new strength and energy into the tired nerves. This is Nature's way of affording lasting relief.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 60 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 85c. a box of 35 pills, instead of 25c. for 25 pills.

NOTICE SERVED ON NEWSPAPER

Fredericton, Feb. 18—Sheriff J. B. Hawthorne this afternoon served the notice required by law, upon the managing director of The Gleaner, Limited, in the libel suit which is being instituted by R. B. Hanson, K. C. M. P., as the result of the publication of an editorial last week which accused him of unprofessional conduct as a barrister.

In the ordinary course of events this case would come up for trial in May at the sitting of the court of King's Bench for York county. The late Mr. Justice Chandler was assigned to that sitting at the first of the year. His death has left a vacancy which must be filled by some other member of the bench, but by whom is not yet known.

AIDS RED CROSS DEPOT WORK.

At the provincial Red Cross Society headquarters yesterday a welcome letter was received from the Chatham branch containing good wishes for the first depot work and \$20 to help make the wishes come true. The donation is the first such that has come to the provincial headquarters recently. Lakeville and St. John branches were the other contributors. The letter from Chatham announced that the branch was hoping to send further sums from time to time throughout the year.

GIVE A CONCERT FOR CHURCH FUNDS

An excellent concert programme was given in the Armory last night by the jubilee singers of St. Philip's church in aid of the church funds. Commissioner John Thornton was the chairman. The programme included vocal solos by Mrs. L. Lucas and Miss Bertha Treadwell; a quartette selection by Mrs. Harris, Mrs. Treadwell, Mrs. Dixon and J. N. Berkeley, and readings by Mrs. Harris, Mrs. J. S. Graves and J. N. Berkeley. Professor McCallum was the pianist. The City Cornet Band was in attendance and furnished some very fine instrumental music.

NEW BRUNSWICK PEOPLE DIVORCED

Four Decrees Made Absolute and One Partial at Capital
Fredericton, Feb. 18—Four decrees of absolute and one partial divorce were granted today by Mr. Justice Crockett at an adjourned session of the January sitting of the Divorce Court.

A decree of absolute divorce was granted to the plaintiff, Mrs. Alice Dionne, in her suit against George Dionne, of Perth, while an order for alimony amounting to \$800 per year was also made.

Absolute divorces were also granted in the St. John case of Gertrude Dunham vs. Murray Dunham, Fleming vs. Fleming, of Woodstock, and in the case of Sadie E. Carr vs. William F. Carr, parties of St. John.

A partial divorce only was granted in the case of Marilla Babinoue vs. Joseph Babinoue, the parties being former residents of Curryville, Albert county.

McADOO TO RUN FOR PRESIDENT

Chicago, Feb. 18—William Gibbs McAdoo will remain in the Democratic presidential nomination race if he abides by the decision of his supporters from 44 states here today. Unanimous approval of his candidacy was voiced before the meeting recessed this afternoon.

GRADUATE NURSES MEET

The local chapter of the Graduate Nurses' Association met last night at the St. John Infirmary with the largest attendance in several months. It was the first time the chapter had met at the Infirmary. In the absence of Miss E. Mitchell, the president, Miss M. Murdoch, the provincial president, was in the chair. Matters of routine were dealt with and final arrangements made for holding a pantry sale to raise funds. After the business session a social hour was enjoyed and refreshments were served.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatic torture once and for all. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Rub it on the sore spot, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

RED PIMPLES ALL OVER FACE

Itched and Burned. Face a Sight. Cuticura Heals.
"My face came out all over in little red pimples and then it would itch. I scratched and little eruptions would come. They itched and burned and at night would bother me. My face was a sight. I tried different remedies without success. I was told to use Cuticura Soap and Ointment which completely healed me in two weeks." (Signed) Mrs. E. M. Toothaker, Comby's Harbor, Maine, March 13, 1922.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation.

It has all the good qualities of the old-fashioned mustard plaster without the blister. Just rub it on with your finger-tips. First you will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Have Musterole handy for emergency use. It may prevent serious illness. 40c. and 75c. at all druggists. The Musterole Co., of Canada, Ltd., Montreal.

MUSTEROLE WILL NOT BLISTER. Better than a mustard plaster.

Social Notes Of Interest

Mrs. G. Fred Fisher has subscribed to the Seven Seas Chapter, I. O. D. E. bridge that will be held this week in Pythian Castle. Others who have subscribed are various members of other chapters of the I. O. D. E. in the city and their friends.

Mrs. Margaret Lewin was the guest on Sunday of Rev. and Mrs. Jabez M. Rice at the Methodist parsonage, Fairville. Mrs. Lewin attended the anniversary services of the church, of which she was a member for many years, and which was a great interest of the late Senator J. Lewin, its generous supporter.

Miss Kathleen Coster is enjoying a delightful visit in Montreal, the guest of Mrs. Wallace Alward and Mr. Alward.

Lady Hazen entertained last evening at her residence in honor of Mrs. H. A. K. Drury, of Winnipeg, who is being pleasantly entertained while in the city.

Mrs. H. W. Frink entertained at luncheon at her home at Rothesay yesterday for several St. John ladies.

Mrs. Walter E. Foster will entertain this week on Thursday for Mrs. H. A. K. Drury, who will be guest of honor at several other delightful functions.

Mrs. Daniel Mullin is suffering from a slight indisposition, which has confined her to her home. She is rapidly recovering.

Mrs. A. C. D. Wilson, who was severely hurt a week ago Saturday, was able to be out of bed yesterday for a short time. She hopes to be able to get outdoors before the end of the week.

Miss Anna Cox, of Sydney, N. S., was a week-end guest of Mrs. Albert Hanson, 8 Champlain street, West St. John.

Mrs. Margaret Kane, 78 Prince Edward street, was hostess on Sunday evening at the tea hour for Mr. and Mrs. William Kearney, who were recently married in this city. Mr. and Mrs. Kearney have been on a honeymoon trip to Montreal and were en route to Nova Scotia. They left yesterday morning for the Digby boat. On their return they will reside in the city. Mrs. Kearney is a sister of Mrs. Kane, who was assisted in entertaining by Mrs. E. H. Stacey and Mrs. Anna Parke.

Mrs. E. B. Jones, of Riverside, Albert county, left for her home yesterday morning after a pleasant week's visit here with her mother, Mrs. J. Robertson Dunn, and Miss Lulu Dunn. Mrs. Jones, who was formerly a member of Centenary choir, aided the music on Sunday, when she sang both morning and evening.

There will be pleasant realization when Mrs. Miriam Irene Ellis arrives in the city Thursday from Montreal. Her travels have been noted among all who follow the movements of those who adventure into new lands, or into the unknown of one's own land. To give opportunity for more intimate acquaintance with this well known Canadian woman, Mrs. Allan G. McAvity, first vice-president of the Women's Canadian Club, will entertain at the tea hour on Thursday at her residence, King street east. The guests will be the executive of the club and a few friends. The social hour is being anticipated greatly.

Mrs. Eldon Taylor, of Fredericton, who has been the guest of her sister, Mrs. E. C. Weyman, will return to her home this afternoon after a pleasant visit, during which she has been the occasion of several functions.

SISTER MARY'S KITCHEN

(Unless otherwise specified, these recipes are planned for four persons.)

RAISINS.

Try adding raisins to meats, as well as to breads and cakes. The result will be nourishing and delicious. One-fourth cup of finely chopped raisins mixed with one-half pound hamburger steak adds much to the flavor. A few raisins sprinkled over ham while baking in cider or grape juice improves the dish.

Raisin sauce for meats is novel but piquant with boiled meats, beef heart or liver.

Raisin Sauce for Meats.

Three-fourths cup seeded and chopped raisins, 2 tablespoons butter, 1/2 tablespoons flour, 2 tablespoons lemon juice, 1 cup water, 1/2 teaspoon salt, 1/4 teaspoon paprika, 1/4 teaspoon nutmeg. Melt butter, stir in flour and add raisins. Stir in lemon juice and water. Add seasoning and cook, stirring constantly until thick and smooth.

Protein, 19 calories; carbohydrate, 874 calories; fat, 254 calories. Iron, .0087 gram.

Raisin Sauce for Puddings.

One cup seeded and chopped raisins, 1 1/2 cups boiling water, 1/2 cup sugar, 2 tablespoons flour, 1 tablespoon butter, 1 tablespoon lemon juice, 1/4 teaspoon cinnamon, few grains salt. Cook raisins slowly in the boiling water for ten minutes. Add sugar. Melt butter, stir in flour and when perfectly blended slowly stir in the raisin mixture. Cook until thick, stirring constantly. Add cinnamon and lemon juice. Serve warm.

Protein, 23 calories; carbohydrate, 931 calories; fat, 264 calories. Iron, .0088 gram.

HAVE SLEIGH DRIVE.

The members of the vestry of St. Jude's church entertained the choir of the church at an enjoyable sleigh drive last night. About 20 took the drive out along the Manawagonish road and returned to the church rooms for a supper and a social half hour. S. M. Wetmore was in charge of the general arrangements for the sleigh drive and the refreshments were in charge of Mrs. G. G. Hare, Mrs. P. J. Legge and Mrs. A. B. Wright.

CHILD SEVERELY BURNED.

Yesterday afternoon about 5.15 o'clock the city ambulance was called to 120 St. Patrick street to convey a child named Lena Cornier, aged two years, to the General Public Hospital because of severe burns received when her clothes caught on fire while she was playing in front of a stove. A report from the hospital early this morning was to the effect that the little girl

was not in a serious condition and there was every indication that she would survive.

The first public operatic performance is believed to have been staged 323 years ago at a French royal wedding.

Some of the mathematically inclined have figured our finger nails grow one thirty-second of an inch a week.

JUST LIKE 'EM

Woman's equality, yes, but also woman's prerogative, as Miss Lettie Fields, 17-year-old San Francisco girl, demonstrated when she changed her mind at the altar. However, she did not change it until after the ceremony, just as the bride couple were leaving the church door. So she had to go to court to have the marriage annulled and to win back her maiden name.

CONCERT GIVEN IN EAST SAINT JOHN

A large audience enjoyed the concert given under the auspices of the library committee of the Edith Avenue Sunday school in the school hall last night. The programme was as follows: Piano solo, Miss Edith Magee; song, Harry Shaw, club swinging, Mrs. Harry York; reading, Mrs. Willis McIntyre; song, Miss Frances Withers; violin solo, Mrs. Harold Macmichael; monologue, Miss Laura Fanjoy; comedy sketch, Messrs. McKenzie and Gordon. Miss Alicia Heales was accompanist.

During the evening candy was sold by the young people and the entertainment realized a satisfactory sum for the community library which the Sunday school has established. (The library is one year old and at present has about 400 volumes. The library committee is headed by P. D. Foley and has been successful in its efforts.)

The Sunday school itself has made a rapid growth in the past few years and it now has an enrollment of 250 with an average attendance of 140 each Sunday. The large attendance has made it necessary to divide the school and have the primary classes met at different hours.

A. F. Burditt was chosen superintendent when the school was established, some 10 years ago, and was re-elected to that office at the annual meeting last week.

HOSPITAL AID FUNDS DISCUSSED

The Catholic members of the Women's Hospital Aid met last night in St. John the Baptist parish rooms and considered matters in connection with the annual meeting of the Aid which takes place this month. Mrs. J. H.

Doody, the denominational vice-president, was in the chair. Money was voted for follow-up work and means of replenishing the funds were discussed. The Catholic members of the Aid were the first to establish a denominational fund for follow-up work and they have kept up that fund by voluntary contributions and by entertainments. A balance on hand was reported.

ed last night and it was decided to defer until a later date any scheme for raising money. It was agreed that a bridge should be held when it was necessary to add to the finances.

SAYS CLAIMS OF GREAT IMPORTANCE

Financial News of London Supports Contentions of Western Canada.

Declaring that the equalization of freight rates and development of the Western Grain Route are of empire importance, the Financial News of London, England, publishes an article highly favorable to the campaign of western Canada to obtain equitable economic conditions.

British manufacturers, says the Vancouver Sun, are said to be establishing many agencies in Canada, particularly for business to pass through Vancouver, as a result of the activities of the Federation of British Industries in its representations to the organized trade department of the government, according to London advices.

Many New Agencies.

The department recently sent out a confidential memorial to all British manufacturers advising them to cultivate Canadian business, not through New York, but through eastern Canadian cities for eastern business and through western Canadian ports for western business. As a result a great many new agencies have been linked up, particularly for business to pass through Vancouver.

The lead established by R. H. Gale in obtaining capital for elevator construction will shortly be followed by other British investors, although with an initial loss of 10 per cent under the present \$4.36 rate of exchange the inducements are not of the best for the time being, it is stated.

Following is the Financial News editorial:

"Although the process of enlightenment as to the possibilities of Canada as a country of vast fertility and worth has of late led to a fuller recognition and appreciation as to what has already been accomplished, it still remains a common belief that Montreal is Canada's predominant port. It is, of

increase the acreage under cultivation and to develop the fertile areas of northern Alberta, including 20,000,000 uncultivated acres in the Peace River district. There is considerable substance in the argument that the freight rate controversy is more of an Empire problem than one of shippers against transportation companies, because, as well as of those who desire equilibrium in freight rates, for this is apparently what is happening. Another favorable point which should not escape notice is that the Port of Vancouver is open all the year round.

"As the problem involves the whole of the Dominion of Canada, 'The Western Grain Route' deserves the attention of all interested in Canadian industry, as well as of those who desire empire development to proceed apace. We congratulate The Vancouver Sun on the manner of its publication, because it illustrates in a highly gratifying form aspects of the problem which might lose some of their significance if dependent upon the written word."

A STORY OF RENAULT AND THE WAR TANKS

An interesting incident in the career of Louis Renault, French automobile manufacturer is revealed by O. D. Foster, in Forbes Magazine (N. Y.).

"Soon after the outbreak of the recent war," says the writer, "Renault, even then at the head of a plant employing 18,000 men, began studying the needs of armies from the standpoint of transportation and service. He was already making cannons, but the manufacture of tanks was still in its infancy. Through long hours of daylight and far into the night he worked on his plans for a tank which would be capable of enduring the terrific strain of surmounting obstacles and would still give sufficient speed to offer real service. Finally his plans were perfected and he laid them before a conference of army engineers.

"Back in his office the executives waited eagerly for news of results. Finally, Louis Renault returned. 'Rush through an order for 100 tanks,' he said briefly. 'Have our production manager push the order as rapidly as possible, notifying me when

the first model is ready for service. Construction charges to be placed to my account." This investment amounted at that time to something over ten million francs.

"When the first model was ready Louis Renault took it out on the road immediately for a try-out. When he had put it through its paces and found that it did not merely do what was expected of it, but far more, he asked for a second conference of army engineers.

"When they were assembled he brought out the tank. 'Now gentlemen,' he said, 'This is the completed model of the tank you refused. Let me show you what it will do.'

"Before an amazed group of men he put the tank through its paces. It bridged ditches, climbed stone walls, traveled with amazing ease over the roughest country, and executed maneuvers which surprised even Renault himself. When he stepped out, tired

but happy, he was met by an onrush of excited experts. "They examined the tank from stem to stern, tested it inside and out, then took turns driving it and bucking it against the stiffest propositions. They tried to turn it upside down, pushed it against still worse obstacles than those in the first tests, but still the tank held its own. When they were all through Renault was the calmest man in the crowd. "Well, gentlemen, what's the verdict?" he asked quietly. "How quickly can you get us out 100 tanks?" asked the senior engineer. "They are already in the works, Monsieur," replied Renault, as calmly as if an order of this sort was the most usual thing in the world. "I ordered them put under way when I left your office a month ago."

Aristocrats Hold Appointments Under Labor Government

GET POSTS IN KING'S HOUSEHOLD

Non-Political in Character During Present Administration, Says Notice.

IS NEW DEPARTURE

J. C. Fenton, Not Member of House, Solicitor General for Scotland.

London, Feb. 19.—(Canadian Press).—Some of the chief appointments to the King's household still remain close preserves for the aristocracy under the Labor Government as evidenced by a Downing street notice stating that His Majesty had approved of certain nominees for posts which became vacant when the Conservative Government fell.

The notice announces, however, that these appointments would be of a non-political character during the present administration. This is a new departure.

The Earl of Cromar retains the post as Lord Chamberlain and the Earl of Shaftesbury as Lord Steward. The Earl of Granard is re-appointed to the post of Master of Horse which he occupied from 1907 to 1917. Viscount Hamden and Lord Colebrook are appointed Lords in Waiting, the Earl of Dunmore as Captain of the Honorable Corps of Gentlemen at Arms, and Lord Loch as Captain of the King's Bodyguard of Yeoman of the Guards.

Fenton Appointed.—Announcement is made that J. C. Fenton has been appointed Solicitor-General for Scotland. He is not a member of the House.

CAN RESUME WORK IN PHARAOH'S TOMB

London, Feb. 19.—As a result of consultations with legal advisers on the situation arising from Howard Carter's cessation of work on Tutankhamen's tomb, the Egyptian Government has decided that Mr. Carter will be permitted to continue his explorations provided that he accepts conditions formulated by the Government, according to a Cairo despatch to the Evening News.

These conditions stipulate that the work shall be carried out directly under the control and direction of the Government.

WHAT THE PACKAGE DOES

Tea growers have found from experience that it is necessary to pack tea in air-tight metal-lined chests as soon after plucking as possible to preserve the flavor and goodness of the leaf. Equally so is an air-tight package necessary for retailing tea, and for that reason, the "SALADA" air-tight aluminum package is the most practical way of preserving tea-flavor that is known. Bulk tea is always poorer in flavor, since it is exposed to air.

CONSTABLE SLAIN AND ANOTHER SHOT

Danbury, Conn., Feb. 18.—George Goetz, 38, a constable of Kent was shot and killed instantly and Thomas Stern, 30, of this city, is in a serious condition in a hospital here as the result of a shooting at a roadside in Mill Plain yesterday. Pietro Vastro proprietor of a restaurant here, alleged to have fired the shots, is being sought. Goetz was shot while endeavoring to stop a light.

JURY GAVE YOUTH MERCY, BUT TRICKERY OF LEGAL TRICKERY GIVES HIM DEATH

(By Alexander Herman.) Trenton, N. J.—The trick of words—they made a father's testimony unwillingly convict his son of murder. They made a jury sentence him to death, when it wanted to give him a more merciful punishment.

And now Arnold Anderson, 26, sits stoically in his cell in the Death House of the New Jersey State Prison wondering what further trick poorly selected words will play him.

For the Board of Pardons has his case under consideration. Its recommendation can save him from death when the case comes up this month. But the young prisoner is not hopeful. There has been too many a slip for him to twist the thought and the word.

Meanwhile his father, a tailor in Brooklyn, N. Y., tries to keep busy at his work. He has become deathly quiet. He no longer speaks much to his workers. He just works on, and on—to keep busy.

His heart is heavy, and his soul is seared. Not only does he have to bear the anguish of knowing that it is his boy who may go to the chair, but he has to bear the torments of the thought that his testimony helped convict him.

A Drug Addict at Twelve.

At the trial he was asked if his boy had told him that he had shot the victim, with whose murder he had been charged. The father thought that he had been asked if young Anderson had told him that he had told the police that he had done it.

And he answered—"Yes." For he was ready to go on and explain that his son had a weakness for assuming the guilt of others. He was ready to tell how his boy had confessed to a crime which he hadn't committed, the conviction of which would have meant eight or more years in Sing Sing. The authorities that time discovered the deceit, however, and saved him.

But this time, in the courtroom in Jersey City, the father never got the chance to explain. His answer had already convinced the jury, for young Anderson's record was bad.

According to his father, young Anderson became a drug addict when he was 12 years old. Drug mongers who plied their trade among school children started him on the habit. "But I found out about this only since the trial began," his father said sorrowfully.

It was the beginning of a long line of transgressions of the law that culminated in the conviction for shooting Harry C. Moore, a Jersey City real estate operator, who intercepted Anderson while he was leaving Moore's home on Aug. 8 last.

"In 1909," says Will Weiss, who, together with George F. Cutley, defended Anderson in his last case, "the boy

ARNOLD ANDERSON, "VICTIM OF WORDS," WHO'S FACING DEATH IN ELECTRIC CHAIR. INSET, HIS FATHER AND MOTHER.

was sent to a truant school; 1910-12, he was in a juvenile asylum; 1916-1918 he did time in the House of Refuge, for unlawful entry; 1917-1918, he was sent to Sing Sing for grand larceny; 1919-1923, he did another term for burglary.

"The parents say the boy is mentally deficient. They even had a commission inquire into his sanity."

But nothing was done with his findings. Comforts Father and Mother.

In appearance and bearing Anderson reminds one of a dignified professional student. With his pin-nose glasses he looks like a high-brow intellectual.

When the newspapers printed stories about his father's testimony convicting him, he comforted his father and

the Federal Light & Traction Co. of New York, the parent company, and as soon as they are received the new rates will be made public. It is expected that they will be published tomorrow, the new schedule to become effective on March 1.

SHOOTS JUDGE ON BENCH, KILLS SELF

Lincoln, Neb., Feb. 18.—William M. Morning, 50, veteran district judge, was shot and killed early today in his courtroom by Wallace G. Wallick, who in turn shot and killed himself.

Wallick was a well-digger. "Do you want an attorney?" Judge Morning asked the defendant when his case was called.

"No man can make me pay," Wallick cried, and pulled out his gun. He fired four shots at his wife, at her attorney, at the judge and then at himself. The last two took effect.

Why Cough Your Head Off Make Your Own Cough Mixture for the Whole Family and Save Money. It's Easy

When you can make in your own home a wonderful cough mixture far ahead of any you can buy ready made, why not do it?

This home made mixture will stop the most stubborn cough and is fine for chest colds and acute catarrh. Children love it.

Get from any druggist one ounce of Parmitin (double strength)—to this add a little granulated sugar and enough water to make half a pint—that's all there is to it.

Like a soothing, healing poultice one costly substance in this home made cough mixture spreads itself completely over the membrane of the throat. This causes the most stubborn hang-over cough to cease almost instantly. No ordinary slow-acting cough syrup contains this expensive ingredient.

U. N. B. DEBATERS ARE SELECTED

Fredericton, Feb. 18.—The debating team which will represent the U. N. B. against Mount Allison in the inter-collegiate debate this year has been chosen. The members of the team are: A. E. L. Booth and Arthur Wisheart, of Fredericton, and J. D. B. Harrison, of Edmonton, Alta., with F. Gordon Lawson, of Edmundton, as substitute. This is the same team which represented the U. N. B. against the Oxford debaters here on their international tour last fall.

MAYOR SAMSON OF QUEBEC RE-ELECTED

Quebec, Feb. 18.—Mayor Joseph Samson was re-elected here today, defeating his opponent Valmore Martin by about 1,100 votes.

Is Named Secretary of Boy Scouts' Association

Leonard Johnson has been appointed secretary of the Boy Scouts' Association for this district and will take over the duties of Y. C. Timberley, present secretary, on March 1. The appointment is a popular one and the association is considered fortunate in being able to secure a man so well qualified to fill the position. Mr. Johnson has been connected with Scouting since he joined the Cubs at the age of 12. He is now the Rover Master for St. George's troop of Rovers, the senior organization of Boy Scouts, with members of 17 years of age and upwards. He will give his whole time to the local association when he takes over the duties of secretary.

OFFICERS OF U. N. B. CLUB ARE ELECTED

The U. N. B. Club of St. John held its annual meeting last night at the residence of Dr. and Mrs. E. J. Ryan, Paddock street, and elected the following officers for the ensuing year: President, H. F. Bennett, re-elected; first vice-president, Miss Alma Gale; second vice-president, A. B. Morriss; secretary-treasurer, H. F. Morriss; assistant secretary-treasurer, Miss Barbara Dobson; additional members of the executive, Mrs. E. J. Ryan, D. G. Willet, E. C. Weyman; honorary advisory committee, W. J. S. Myles; honorary president, Dr. Murray MacLaren, C. M. G., M. P., Dr. W. W. White, Dr. H. S. Bridges and Geoffrey Stead. The annual reports were presented and were highly satisfactory.

NEED FUNDS FOR CRUELTY PREVENTION

Provincial S. P. C. Hears Reports Today at Annual Meeting.

CASES ARE CITED

Appealing Stories are Told in Report of Animal Rescue League.

At the annual meeting of the New Brunswick Society for Cruelty, held this afternoon in the Board of Trade rooms, reports on the year showed effective work done. An interesting report on animal rescue league work was a feature. The need of more money to carry on the society's work was emphasized.

President's Address

In his annual address, D. C. Clinch, president, referred to the need of money. He was happy to state that all horses, whether draft, delivery or private horses, that have come under his notice throughout the city, with very few exceptions were found in good condition, especially the heavy draft horses, which were an exceptionally fine lot.

The society had sustained a great loss the last year in the death of W. Frank Hatheway, who had been a member for many years and whose counsel was always wise. He also regretted the removal of W. L. Hann, late treasurer, to California, where he intends to reside, but he still was a member of the society. Mr. Clinch thanked the removal of W. L. Hann, late treasurer, to California, where he intends to reside, but he still was a member of the society. Mr. Clinch thanked the removal of W. L. Hann, late treasurer, to California, where he intends to reside, but he still was a member of the society.

Agent's Report

In the 43rd annual report, S. M. Wetmore, agent of the society said the recent fire in the ferry building had destroyed almost all its records. During the year, with the help of Frank Thorne, many cases of cruelty which were reported from places outside the city, were investigated and gated either by Mr. Thorne, Dr. Donovan or Mr. Wetmore. Much good had been accomplished. The annual invitation to people to report cases, and all his officers for their readiness to assist him when called upon.

From several parts of the province came applications for advice as to re-organizing branches. He wished there was a branch in every town. Dalhousie may have a branch soon. St. Stephen, Moncton and Bathurst branches, are, and have been doing excellent work, and those at Hillsboro, Sussex and Harcourt were very active. St. Stephen, Woodstock and Sackville branches were not doing much, but he hoped ere long to be hearing from them.

Rescue League

The report continues—"I was very much pleased when informed that the Animal Rescue League had got down to business again in their own premises on St. David street, after the long time spent in securing the present property. During that time I might say that it was almost a daily occurrence to get calls from persons enquiring as to when the League would be ready for business again. This shows very plainly what a good work they are doing, and that it is a work that is much needed and should be carried on and supported more by the public.

"What is much needed to carry on this work successfully is some kind of a conveyance in which injured, disabled or old pet dogs and cats could be sent for and brought to the home where they could be attended to as requested by their owners."

"The story of the saving of a kitten in St. John harbor and the recognition of the humane act was told in the report."

"Another case I might mention," the agent said, "is one in which I was called by phone by a man in Fairville in connection with a bet made by him and another man, whereby the loser was to drive a rooster from Fairville to Main street, City, via Douglas avenue, asking if I would sanction it. I told him that it would come under the head of cruelty and also set a bad example and could not sanction such an act. I am very glad to say that they acted on my advice, and deserve credit for doing so."

The report set out the need of funds for carrying on, and expressed thanks to all who had assisted. Included were J. King Kelley, K. C., Dr. L. A. Donovan, V. S. and the chief of police and his officers. The president, Mr. Clinch, had always been on the alert for any acts of cruelty, and his knowledge of horses was very useful to the society. Thanks were due to the press (Continued on page 11)

COAL A BETTER AND MORE SATISFACTORY COAL. COSTS NO MORE. SAVES TWO DOLLARS PER TON. SAVE \$2.00

To those coal users we have not had the pleasure of serving before we would suggest a very careful and thoughtful reading of the following. Think it over—

ARE YOU PAYING \$3.30 FOR ASHES OR 82c

Here you have illustrated the comparative BURNABLE MATTER and ASH WASTE in three coals. Coals that are in general use in St. John today. One of them is in your bin this very minute. Coal (a) is an ordinary-every-day American Anthracite. Coal (b) is what might be considered a real good lot of the same coal. Coal (c) is the one that is saving many people \$2.00 to \$3.00 per ton with a lot of added satisfaction thrown in. There are worse coals than (a) but you cannot get better coal than (c).

ALL THREE COALS COST \$16.50 PER TON

Table comparing coal types (A, B, C) with Burnable Matter and Waste in Ashes percentages.

Add to the waste the cost of removing the extra ash of coal (a) and (b) and coal (c) shows a saving of from \$2.00 to \$3.00 per ton.

This illustrates the difference between the best there is in coal and the ordinary every-day article, and leads to the suggestion that—

AS YOU CANNOT TEST HEATING COAL WHEN CONSIDERING SUMMER PRICES YOU PROVE NOW IN FURNACE OR STOVE IN THE FEW WEEKS OF COAL BURNING WEATHER AHEAD JUST WHAT YOU CAN SAVE ON NEXT YEAR'S COAL BILL.

It is not too late yet to cut something off this winter's coal bill and what is more important you can learn now how to compare values when the time comes to consider next winter's coal purchase.

There is a large size for Furnace and Big Stoves and a Chestnut size for Range, Feeder, etc.

PROVE IT NOW. THERE IS NO RISK. IT IS GUARANTEED ASK US MORE ABOUT THIS COAL

**ATTORNEY-GENERAL
OF N. S. ATTACKED**

**Way in N. S. House Moves
Revocation of Besco
Charter**

Halifax, Feb. 18.—Charging Attorney General O'Hearn with "unusual vindictiveness in the prosecution of J. B. MacLachlan," the Cape Breton Labor leader, who is serving two years in Dorchester penitentiary for seditious libel, Foreman Waye, Labor member for Cape Breton county, attacked the Government this afternoon when the debate on the address in reply to the Speech from the Throne was resumed in the Nova Scotia Legislature.

Mr. O'Hearn denied having made this statement and the denial led to a lively interchange involving the Labor member, the Attorney General, the Premier (Hon. E. H. Armstrong), and eventually the Speaker, who ruled that Mr. Waye "must accept the denial of the Attorney General."

Attack on Wolvin.

Mr. Waye stated that Mr. O'Hearn at the conclusion of the MacLachlan trial received a congratulatory telegram from Roy M. Wolvin, president of the British Empire Steel Corporation in Montreal, and asked if it was "not peculiar that Mr. Wolvin, the head of a corporation that was squeezing the lifeblood out of the province, could be so interested in the prosecution of MacLachlan that he should have something in common with the Nova Scotia Government to the extent of sending a telegram of congratulation?"

To this Mr. O'Hearn replied that he had not sought, expected, anticipated or answered the telegram.

Mr. Waye declared that much of the trouble was due to press reports sent out from Sydney which were "misrepresentations and poisonous."

Following his address Mr. Waye introduced an amendment to the address in reply to the Speech from the Throne: "That in the opinion of this House, legislation should be brought down immediately to revoke the charter of the British Empire Steel Corporation and to revert the assets in the constituent companies and to deal with its securities on terms just and equitable to the holders thereof."

**Does Your Blood
Need Iron?**

How to Make The Test That Tells.

A PALE face, a nervous irritable disposition, a lack of strength and endurance—these are the warning signals that Nature gives when your blood is getting thin, pale, watery and starving for iron. Iron is constantly leaving the body, especially toward the period of middle age and you must make up for this iron deficiency if you want to escape disease and be strong and well.

When the iron in your blood runs low signs of old age creep into your system. In such cases ordinary iron-containing foods seldom supply a sufficient quantity of this important element to make up for the waste. Therefore, many physicians now prescribe a concentrated form of organic iron—Nuxated Iron—which contains iron like the iron in your blood.

If you are not sure of your condition, go to your doctor and have him take your blood-count, or else make the following test yourself. See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. All good druggists sell Nuxated Iron, on the distinct understanding that if you are not satisfied your money will be refunded.

**SEVEN POLICEMEN
HELD FOR WEEK**

Moose Jaw, Sask., Feb. 18.—The seven Moose Jaw city policemen arrested Sunday on charges of theft appeared in the police court here today and were remanded for one week. The series of robberies occurred over a period of nearly a year. Members of the force concerned used skeleton keys to effect entrance to business establishments. Signals with flashlights were used by the officers to give warning of the approach of sergeants. The value of the plunder may run into many thousands of dollars.

**Order Your
Farm Help Now**

IN VIEW of the great demand for farm help existing in Canada, the Canadian Pacific Railway will continue its Farm Help Service during 1924 and will enlarge its scope to include women domestics and boys.

THE COMPANY is in touch with large numbers of good farm laborers in Great Britain, Norway, Sweden, Denmark, France, Holland, Switzerland and other European countries and through its widespread organization can promptly fill applications for help received from Canadian farmers.

In order to have the help reach Canada in time for the Spring operations farmers needing help should arrange to get their applications in early, the earlier the better, as naturally those applications which are received early will receive first attention.

Blank application forms and full information regarding the service may be obtained from any C.P.R. agent or from any of the officials listed below. THE SERVICE IS ENTIRELY FREE OF CHARGE.

the city for assistance given. Also the publishers of Our Dumb Animals and Humane Pleading for copies regularly received.
Cases dealt with were 185 relative to horses, eight to stock, 13 to dogs and other animals, a total of 206.

Three cases were taken to court and in one a fine of \$5 was imposed for working an unfit horse.
Animal Rescue League
Miss Lillian Hazen reported that 1923 had been a year of trouble and difficulty in this branch of the work. The losing of the headquarters occupied for seven years was referred to, and the final securing of the present place in which to carry on the work. In connection with this and other matters a tribute was paid to the late Mr. Justice Chandler and to Charles S. Sanford.
The reopening of the league, says the report, was a great relief to those interested. Between 50 and 60 animals were received monthly. All strays brought to the league were put to sleep free of charge.
"A pretty little letter found her way

to our shelter the other day. Some one had thrown her into the water and one hip was broken; but for this league of mercy she would doubtless have crawled about until she died of cold and starvation."
Illustrating the need of a place where animals may be decently destroyed the report cites the following instances:—
First, a cat literally torn to pieces by dogs, but still alive, which had crawled into a porch in Wellington row.
Second, another cat lying in a great pool of blood in the window of a small shop in Union street, and a large crowd looking on. Third, also a cat, lying in Rockland road, its feet having been cut off by some vehicle.
Nearly 6,000
In the last 11 years, says the report, nearly 6,000 animals have been dealt

with by the league. Now that the league has been established in quarters of its own, continues the report, improvements would be made if funds permitted and better work than ever would be done. Donations have been coming in from individuals and from chapters of the I. O. D. E.
Two rummage sales were held, a canvas was made in Rothesay and Westfield, a minstrel show was given by Knox school troupe. The report expressed the thanks of all who helped.
A Pretty Story
The following incident was recounted:—
"A poor little stray dog, picked up in Paradise row, is being sheltered there with her puppies. Having been for a run one evening, she came in,

evidently so excited that the caretaker, Mrs. Daley, went out to see what was wrong, the dog fussing and coaxing her along, as if saying "Do come and help." Crouching in with the puppies, she found a little pigeon, coated with ice and half dead. Poor little mother dog. She had carried it in. Well she knew what it was to starve and freeze. Her pity saved the little bird's life. The icicles were cut off, the frozen feet thawed with snow, warm milk poured down its throat, and after a few days care away it flew!
"Having become so much better known and understood, the work increases very fast of late, sometimes seven or eight animals being brought in in an afternoon."
The report expressed gratitude to

the treasurer, Miss Gray and to Dr. Donovan, veterinary.
Outside Reports
Reports were received from F. M. Thompson, Hillsboro; Geo. B. Willett, president, and W. A. MacDougall, secretary, Moncton; Robt. B. Fairbanks, Harcourt; L. C. McNutt, Fredericton, and Mrs. S. Lane Bishop, Bathurst.

\$20,000 and it is hoped that \$100,000 will be raised by the State of Maine during this year for Near East Relief.
Sub-committees gave satisfactory reports at the meeting and it was said that contributions were coming in

steadily at the office of A. M. Peter, treasurer, at the Bank of Montreal.
Tooth brushes and mirrors are said to be unknown on Porto Santa Island off Madeira.

Don't poison yourself

Foods that lie in the colon putrefy and poison the blood stream—that means auto-intoxication and early death. Keep the colon clean and the bowels healthy and active by eating Shredded Wheat. In addition to the body-building elements of the whole wheat grain it contains the bran—all the bran you need to insure regular bowel movement. Delicious for any meal with hot milk or fruits of any kind.

Shredded Wheat

Carnation Milk
"From Contented Cows"

From Canada's Fine Dairy Farms

Comes the rich, creamy milk you get in the Carnation red and white labeled can. It is tested rigidly for purity and richness, evaporated to double richness and kept safe by sterilization.

Open a can when you need it—you will always find it fresh and sweet. You will enjoy it in place of cream on cereal or fruit, and in coffee. For tea, use it diluted, one part Carnation, three parts water.

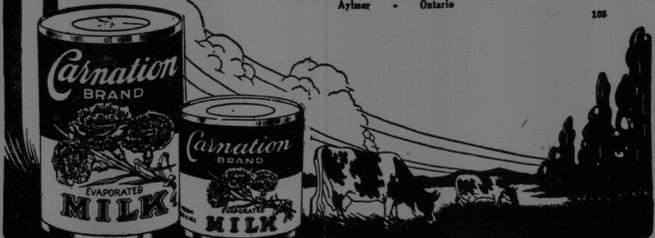

Add to Carnation a little more than an equal part of water and you have milk of natural consistency, for all milk uses. Carnation Milk is convenient and economical. Order from your grocer several tall (16 oz.) cans or a case of 48 cans.

The Carnation Recipe Book contains many a good recipe such as below. Write for a copy.

CREAM WHITE SAUCE (For Creaming Vegetables):
2 tablespoons flour, 1/4 cup Carnation Milk, 2 tablespoons butter or substitute, 1/4 teaspoon salt, 1/2 cup water.
Melt butter or butter substitute, add flour and stir until thoroughly mixed. Add the milk, diluted with water, and cook about five minutes, or until the mixture thickens, then add seasonings. This recipe makes one cup of White Sauce. All vegetables may be creamed. The vegetables should be cooked by either boiling or steaming. After cooking with salt, drain and add Cream Sauce.

The label is Red and White

The Teeth You See
Those whiter, cleaner teeth
Learn how people get them

In every circle nowadays you see countless teeth which glisten—teeth which once were dim. They give multiplied attraction, both to men and women.
They indicate clearly that a change has come in methods of teeth cleaning. Millions are daily fighting film. Let this test show you what it means to you and yours.
No pretty teeth with dingy film
Your teeth are coated with a film—that viscous film you feel. Despite your brushing, much of it clings and stays.
Soon that film discolors, forming dingy coats. That is how teeth lose their beauty.
Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs bred by millions in it. They, with tartar, are the chief cause of pyorrhea. That is why so few escape tooth troubles under old ways of teeth cleaning.
Dental science has discovered two film combatants. One disintegrates the film at all stages of formation. One removes it without harmful scouring.
Many tests which have been made prove these methods effective. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.
Leading dentists everywhere began to advise it. Today, all the world over, Pepsodent is supplanting the tooth pastes of the past.
The results are conspicuous
Pepsodent does other things that old methods never do. It multiplies the alkalinity of the saliva, which is there to neutralize mouth acids. It multiplies the starch digestant in saliva, which is there to digest starch deposits on teeth.
These combined effects bring remarkable results.
Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.
One week will convince you that this method is essential in your home. Cut out coupon now.

Protect the Enamel
Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

STARVING TO DEATH IN THE NEAR EAST

The New Brunswick Committee of the Armenian Relief Association of Canada yesterday afternoon in the Board of Trade rooms heard reports of conditions in the Near East and the appalling need for immediate help for the refugees in addition to what is being done for the orphans. It was stated that 54,000 orphans were dependent on the fund for maintenance, that 5,000 Christian orphans had been refused shelter because there were not sufficient funds, that 25,000 children had been refused one hot meal a day as there were no funds and that there were 700,000 refugees from Turkey who were dying like flies.
In face of these facts it was agreed that local efforts for the fund should be pushed and that the appeal in the churches should be continued. Arrangements had already been made to show the motion pictures of the work at various meetings, tonight in Ludlow street church rooms and tomorrow in Stone church hall.
Hon. J. G. Forbes, the president, was in the chair yesterday. Rev. A. E. Kochaly, native of Persia, who is a graduate of McMaster University and a Baptist minister trained in Canada, was introduced as the field secretary for the Maritime Provinces who is to take charge locally when W. Jessop, the secretary, is absent in Maine where he has been appointed to direct the campaign for the Near East Relief. Mr. Jessop will promote the canvass in Portland for which the objective is

Mothers know a dose of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN Will keep them fit

'First Aid' For Sick Children

The experienced mother is not alarmed when a child becomes sick. She knows that most of the ailments of childhood are trifling. If it seems serious she calls a doctor, but whether or not she calls him, she gives, first of all, a good laxative medicine. The doctor would advise that anyway. It is his "first aid." Such experienced mothers as Mrs. G. R. Paquette, Pierreville, Que., and Mrs. J. F. Beale, 325 Johnson Av., Winnipeg, always give Dr. Caldwell's Laxative Syrup Pepsin at the first indication of sickness. Such timely doses have saved them much worry.
The Meaning of "Good"
All doctors agree that a thorough cleaning out of the bowels is of first importance for it removes dangerous intestinal poisons. They will also advise a "good laxative," and by "good" they mean one that is effective and yet harmless. They know that there are physics that never should be given to children—calomel, which is mercury and loosens the teeth; phenolphthalein, a coal-tar drug that causes skin trouble; salts, which concentrate the blood and dry up the saliva. They consider Dr. Caldwell's Laxative Syrup Pepsin safe for all ages as they know it is a simple vegetable compound of Egyptian senna with pepsin and agreeable aromatics. The formula is on the package.
Give Laxative for Colds
Adults should have at least one movement of the bowels every 24 hours, and children two or three. Failure to have it means constipation, then headache, biliousness, drowsiness, lack of appetite. Give a dose of Dr. Caldwell's Laxative Syrup Pepsin at bedtime, and there will be health and good feeling by morning. A dose costs less than a cent, and a bottle can be had at any drug store. Colds and constipation come together, so if you notice coughing or sneezing stop it at once with Laxative Syrup Pepsin.
I need a good laxative and would like to prove what you say about Dr. Caldwell's Laxative Syrup Pepsin by actual test. Send me a free trial bottle. Address to

SPORT NEWS GLEANED FROM WORLD'S CENTRES

WILL DONATE CUP FOR SKATING MEET

N. B. Power Company Will Give Trophy to Highest Point Winner.

The New Brunswick Power Company has made to the St. John Skating Association Executive the offer of a fine cup to be awarded to the highest points winner in the International indoor skating championships at the Arena on Monday, Tuesday and Wednesday of next week.

Reports were received from the ticket committee, the publicity committee and other branches of the organization and there was a general discussion of the work to be done yet to ensure the expected success.

At every section of the Arena will be placed large letters indicating the divisions. At points where any confusion might arise there will be attendants to direct patrons to their sections. There will be a patrol of police and a strong corps of committeemen at each section so as to ensure the best service to ticket holders.

All committees are co-operating well and the preparatory work goes smoothly. The executive and members of the committees will meet at the Arena on Sunday afternoon for final instructions.

The skaters are at Lake Placid to meet there for the International outdoor honors. They will come to St. John by way of Montreal and will arrive here about 12 o'clock in the afternoon of Sunday. There will no doubt be a big welcome there for them.

It was reported that the tickets were selling well and that the expectation was that the Arena would be readily sold out.

ST. JOHN TEAM DEFEAT ABBIES

Excel Over Last Year's Champions and Score Brilliant Victory.

It was a case of the unexpected happening in the arena last evening when the St. John senior team met and vanquished the Abbies of Charlottetown, last year's champions of the Maritime Provinces, by a score of 2 to 3. For the first time this season on local ice the members of the home team showed a number of new traits, some combination playing, some defense and aggressiveness, which resulted in their win over their fast opponents.

While the work of individuals was at times outstanding it was due to team work that victory crowned their efforts.

The local team not only played a heady game, but excelled in puck checking and their covering up broke up so many attacks on their goal that the Abbies at last resorted to shooting outside the defence, which was their only chance to score.

Jimmy Gilbert played one of the best games of his career and was directly responsible for four of the goals. Nicholson played a stellar game in goal while the other members also shared in the honors.

Just previous to the game Miss St. John was announced as a result of the contest staged in the arena on Saturday. Miss Dorothy Oatey was declared the winner. Following this she was escorted on the ice under an archway of hockey sticks formed by both teams. She was presented two beautiful bouquets of flowers, one from each team, with their respective compliments.

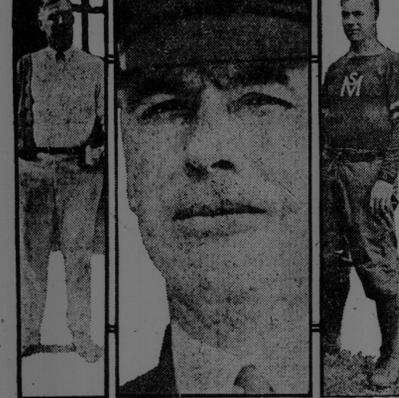

The new Miss St. John was given a thundering reception while she and the two teams posed for their pictures.

The teams lined up as follows: St. John. Goal. Diamond. Defence. Richard. R. Prowse. Hallissey. Kelly. Forwards. McEachern. McEachern. Cronin. Killey. Gordon. Spares. Short. E. Prowse. B. Gilbert. Monteth. Gregg. Referee, Payne.

At 80 Years of Age Was Troubled With Shortness of Breath Palpitation of the Heart And Fainting Spells

Mrs. M. O'Connor, Whitestone, Ont., writes: "I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and always keep them in the house, and when I feel any symptoms of my old trouble coming on all I have to do is to take a few boxes. With the help of your Pills I expect to see many years yet. I always recommend them to any one who is suffering from heart trouble. Milburn's Heart and Nerve Pills are 80c a box at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont."

Sport Official Keeps Busy the Year Round

QUIGLEY, IN BASKETBALL, BASEBALL AND FOOTBALL ATTIRE

E. C. Quigley of St. Mary's, Kan., is the only person in the world making a profession of officiating in three major sports. Quigley, who refereed the 1923 Harvard-Yale football game, is one of the few professionals ever called upon to officiate in college contests.

In addition to serving as referee and umpire of important football games each season during the last decade, Quigley has worked the last several seasons as an umpire for the National League and during winter months has officiated in basketball games throughout the country.

Quigley has signed up to officiate in basketball games every night this season from Jan. 4 to March 17 with the exception of three when he will be on the road between games.

Quigley, in addition to officiating in the three sports, finds time to act as chairman of the faculty athletic advisory committee of St. Mary's College in his home town in Kansas. He also is a golf enthusiast, recently winning a tournament at a meeting of college coaches in Topeka, Kan.

GORDON PARIS TO MEET KENDRY

Fast Semi-Final Arranged for Boxing Card at Armories.

In addition to the main bout between Fruszel and Williams at the Armories Friday night, when the lightweights will weigh in at 135 pounds, Gordon Paris, the St. John boxer, will meet Jim Kendry, who is said to have a challenge out for any waterweight in the Maritime Provinces.

This should be a real good bout as Kendry shows up strong in his workouts and is a hard hitter. Paris is well known to the fans and always can be depended on to give the best in him and will no doubt soon work himself up to be a headliner.

Kendry has won his three last bouts over the K. O. route against Sol Smith, winner champion of the U. S. navy; Eddie Power, Holyoke, Mass.; and Freddie Jensen, of Hartford, Conn.

These two bouts will be supported by a strong preliminary card.

Letters mailed in London will be delivered in Sydney, Australia, a week later when the new British "All Red" route of fast airplanes gets into good working order.

MUTT AND JEFF—MUTT SEEMS TO BE IN BAD WITH HIS WIFE

SEEK N. B. GRANT FOR OLYMPICS

Will Ask Government to Assist in Sending Athletes to France.

The executive of the St. John Skating Association was asked by A. W. Covey, president of the Maritime Provinces branch of the A. A. of Canada to support him in a request to the N. B. Government for financial assistance for the Olympic committee in preparing and sending overseas athletes to compete in the summer games in France. The request was complied with and a committee was appointed to attend with Mr. Covey at an interview with the government to be asked for when the provincial executive meets in this city, which is expected to be soon.

Committee is Named. The committee appointed consists of Frank B. Ellis, vice president; Frank White, A. E. Massie, H. P. Robinson, Walter C. Allison, R. S. Sime and John A. Chesley. They will be called together soon to consider this matter and at the executive meeting held yesterday afternoon in Thomas Nagle's office.

Mr. Covey Explains. Mr. Covey was requested to address the meeting. He said that he would like a committee from the association to join him in a request to the Government on the Olympic matter. Funds were required and it meant much to several New Brunswick athletes who had chances of making the Canadian Olympic team of approximately 65 men who would be sent to France. The Dominion Government had appropriated \$15,000 and Ontario \$5,000. Nova Scotia was awarding New Brunswick's action. There was not enough money to carry out the preliminary trials, pay training and transportation and many other expenses and care for the men who would be representing the Dominion.

Belyea to Go. Hilton Belyea would be sent across—that was sure and then there were such good athletes as Maynes, Miller, Seely, Campbell, Mulahy, Dalton and the St. John boxer, Donovan. It was planned to have the possible Olympic men of the Maritime Provinces assemble at Halifax late in May or early in June and there trained and tested for the finals, to be competed about June 26 in Montreal.

Various phases of the matter were discussed, and there was general support of the plan to seek an interview with the government and the committee as named was appointed.

The Amazons will play the Moncton senior girls team in Fairville March 1.

NEW CLASS ADOPTED. At the meeting of the St. John Model Yacht Club, held last night, a new class to conform with the international "C" rating was adopted. C. I. Mofford, vice commodore, was in the chair. A pennant was received from Joseph Tebo to be presented to E. Wallace, whose yacht won the race on Lily Lake in November last, in the second regatta held by the club. It is expected there will be a very large entry in the regatta to be held this year.

FINALS WILL BE SKATED TONIGHT

Series of Races Being Held in Victoria Rink.

Last Thursday night the Victoria Rink held a series of three half mile heats for boys, 18 years and under, also, two half mile heats for girls. A lot of promising young skaters were entered as shown by the fast time made.

Tonight the finals will be skated between the fifth and sixth band and those who have qualified are as follows: Boys, S. Arthur, W. Comeau, J. Henderson, G. Comeau, F. Howard, Geo. Moore. Girls, Sybil Beatty, Rita Maxwell, Annie Logan, Gertrude Crawford, Hazel Maxwell.

These girls are perhaps, five of the fastest skaters in the city, and spectators are assured of the time being made for the night. Silver cups are the prizes for both events.

WELCOME GRANITES AND SPEED KING

Committee Named to Arrange Reception in St. John.

A typical St. John welcome home to the Granites of Canada, champion amateur hockey team of the world is being planned and with it a hearty exhibition of the city's pride in Charlie Gorman because of the wonderful work he has been doing as the city's representative at the big skating meet in the U. S.

Just what form this will take or how or where it will be carried out has not been fully gone into, but a committee was named at a meeting held in the office of Thomas Nagle yesterday afternoon to interview the Mayor and Common Council and to go thoroughly into the proposal.

The committee is made up of men appointed to meet the Government about the Olympic matter, P. B. Ellis, Frank White, A. E. Massie, H. P. Robinson, W. C. Allison, R. S. Sime and John A. Chesley.

The meeting was that of the St. John Skating Association executive. A. W. Covey presented the matter to the meeting and it fell on sympathetic ears.

St. John Sees Them First. The Granites will sail from Liverpool on the steamship Metagama on Feb. 22 and should arrive here about March 2 on their way to their homes in Upper Canada. It is hoped to arrange a game in St. John. It was the opinion of all that this city should not let go by the opportunity of showing its Canadian pride in the team that scored so overwhelming a victory in the world competition. It was felt that to do otherwise would be outkeeping with the traditions of the city in sport.

All Appreciate Gorman. So far as Gorman was concerned all thought that the community owed it to this sterling athlete to show how deeply his notable work is appreciated and that something worth while should be arranged to show this. It was agreed that the two events might well be combined in a rousing get-together at a banquet or on some similar appropriate function. The committee will get to work on the proposal and there will be more developed at their sessions.

MUST GET SANCTION. P. J. Legge, secretary of the M. P. B. A. U. of C. in a bulletin yesterday proclaimed that all hockey teams wishing to play exhibition games with outside teams must obtain sanction from the Union for the game. This he said, was absolutely necessary, in order to avoid all trouble. It was the duty of the home team, he said, to secure the sanction.

GORMAN'S VICTORY IMPRESSIVE ONE

Toronto Telegram Explains Defeat at Olympic Meet

Toronto, Feb. 18.—The victory of Charles Gorman, of St. John, N. B., in the United States speed skating championships should give a decided impetus to the game in Canada, says the Toronto Telegram. The trouble with speed skating in this country is that there has been no outstanding skater, no hero to stir the youth to go and do likewise.

"Gorman's victory is all the more impressive in that he cracked the world's championship for the 440 yards as a part of his performance. "His failure at the Olympic games is easily explained. He had no ice for practice either before or at the races. The mild winter and the lack of artificial ice in St. John accounted for that. Had he enjoyed the opportunities of the Scandinavians he would have been up there fighting it out with the best of them."

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

LUBITSCH, BY NEW FILM, CREDITS MOVIE AUDIENCES WITH HIGHER INTELLIGENCE

"The Marriage Circle" Called a Milestone on Movie Highway.

(By Jack Jungmeyer) Hollywood, Feb. 19.—I make this one to suit myself," declared Ernst Lubitsch while directing "The Marriage Circle," his second American picture, "because I think then I also please the most people."

An amazingly rare, if simple, statement of an artist's faith in himself in a sphere as hazy with propitiation, alibis and compromises. But the famous German director credits the American movie audience with higher intelligence than is conceded by most native producers. And he has the courage of his convictions.

In Lubitsch's case personal judgment seems to be a sound criterion of popular reaction because he is the democrat and the red-blooded human whose artistry deals with material of universal interest.

It was, at any rate, an auspicious mood in which he undertook "The Marriage Circle." The result is a classic of its kind, which may well prove a milestone along the movie highway. And Warner Brothers, who sponsored the picture, have done themselves honor by giving Lubitsch a free hand.

This Lubitsch opus, richly deserving the name art, brings intellectual comedy to the screen. Gay, nimble, gracious, adroit. Also natural, human, spontaneous. Sophisticated, but not away from the common grasp. Its appeal should range from those who may see in it merely a commentary on the problems of marriage to those who will get the subtler thrill of its finest treatment.

It sets a pace for pictures of a kind calculated to recruit new audiences to the photoplay.

Experience of a Well-Known Barber

Letting the system become run down is responsible for more illness than anything else. When the body is strong, healthy and vigorous, all the organs are in perfect condition. Disease then has little chance to lodge. But let the system become run down and the resisting powers of the organs are weakened. The body is then susceptible to any trouble—colds, pneumonia, consumption, anemia, fevers, contagious diseases, and all other diseases of a wasting nature. Therefore, when you are weak, listless, tired, drowsy, nervous, irritable, is the time you need a tonic. Carnol is the ideal remedy. It feeds the nerves, enriches the blood, builds up bodily tissue and increases weight. After a run-down condition following flu, Mr. Tingley, the well-known barber of St. John, N.B., was greatly benefited by Carnol. He says:

"I had a bad attack of the flu in the fall of 1919 which left me in a weak, run-down condition. My appetite fell off and I had gone down in weight from 150 lbs. to 130. A local druggist recommended Carnol to me and on his advice I took four bottles. From that time my health and strength came back and I now weigh 155 lbs. I am now enjoying the best of health and can safely recommend Carnol to anyone in a similar condition."—G. W. Tingley, 288 Prince William St., St. John, N.B. 18-9

Carnol is sold by all good druggists everywhere.

One of Best In Film's Stardom

MARIE PREVOST

Adapted by Paul Bern for Lubitsch from an Austrian play, the comedy fundamentally is simple. Its complications, saturated with satire, grow out of the efforts of a philandering matron to snare the husband of her closest friend. She twangs the heartstrings of polite, disciplined people who wield smiles instead of pistols, wit in place of violence, to disengage their tangles. Their efforts create engrossing drama under the silken sheath of comedy. And in the end they prove the smile mightier than the sword in dealing with the eternal passions.

Only five people figure in the cast: Florence, Vidor, Monte Blue, Adolphe Menjou, Marie Prevost and Creighton Hale. All give distinguished performances, unconvincingly well balanced. Marie Prevost, hitherto rather hazy in the screen background, is projected into the foreground by Lubitsch, who regards her as one of the best American actresses. Her portrayal of the amorous wife goes far to justify Lubitsch's belief in her capacities.

There is no heavy sinning in the piece. No "heavy." No "hero." No brusque action. No heroics. No lavish house party. No great spectacle. No swank and clank. Nor is there anything exotic, so often assumed to connote art, especially by many box office dullards.

Lubitsch has merely set out to play a game of screen chess on the board of common human experience, during the audience with a gay gesture to outguess his fascinating moves.

BUILDERS ENCOURAGED

Master builders in St. John are quite encouraged over the outlook for work in St. John this coming spring and summer. Among the latest buildings spoken of are an addition to the St. John Baptist school, Lower Cove, and a new wing to the St. John Infirmary. There is also a big boom in small jobs looked for.

"Greed" Closest Approach To Novel

(By Jack Jungmeyer) Hollywood, Feb. 19.—I have just had the rare privilege of viewing the first novel-length motion picture, "Greed," literally translated from Frank Norris' "McTeague" by Erich Von Stroheim. Clustered in the Goldwyn Pictures projection room with Von Stroheim, members of his staff and studio officials, I saw "Greed" unfolded in forty-odd reels. It took from ten in the morning to after six at night of continuous showing.

In this original extended presentation it leaves the most profound impression of any picture ever made; partly because of its material and treatment, partly because it has adequate time to absorb the beholder. It creates, indeed, the precise effect which the unburied reader gets from the book. "Greed" cannot be exhibited in any such length. It will be trimmed to twelve reels at most, to conform to exigencies of time, crowds and theatrical tastes quo.

It will be argued that any artist, at least the one addressing himself to the masses, must learn to adapt his genius to the prevailing art forms. That is the commercial dominance of art.

But Von Stroheim's rendition in "Greed," as I saw it in the projection room, is an intensely interesting experiment. It demonstrates what may be done with vigorous dramatic material given sufficient space limits. By contrast with the standard length movie, it shows why of necessity the latter, hop-skip-and-jumping, skimming surfaces, so seldom leave a sharp imprint.

The story of McTeague is essentially one of soul searching. The picture had to find action equivalents for states of mind, to shadow forth the crowd of weird thoughts, of crooked fears and manias. And to this the genius of Von Stroheim proved fully equal.

GIBSON GOWLAND AS "MCTEAGUE" AND ZASU PITTS AS "TRINA" IN "GREED," FILM VERSION OF FRANK NORRIS' "MCTEAGUE."

What effect the film will create when cut down three-fourths remains to be seen. All of it, however, is strikingly original, potent. No matter what is deleted the final remnant will be arresting.

UNIQUE PICTURE IS PLEASING ONE

Many Enjoy "The Wild Party" with Gladys Walton in Lead.

A unique conception of the term "wild party" is presented in Universal's current Gladys Walton production, now showing at the Unique Theatre. The particular wild party from which this photoplay gets its title is a study in confusion. And out of the confusion evolves a farce comedy that is more than ordinarily entertaining.

The story is built around a newspaper article that resulted in a threatened libel action. The succeeding events in the girl reporter who wrote the article striving frantically to prove the truth of her statements.

The picture makes no pretence of being other than a farce comedy. It is a light and airy little play with comedy situations following each other in rapid succession. Miss Walton is attractive as the society reporter who "scooped" the rival newspapers with a story that was all wrong. She hasn't as much to do as in some of her previous pictures, but the picture as a whole is well balanced and the action of the supporting cast is well divided.

DYSPEPSIA WAS SO BAD Could Hardly Eat Anything

Mrs. C. Stone, Nanticoke, Ont., writes: "Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone trouble as I was."

FILM MASTERPIECE SEEN AT IMPERIAL

"Scaramouche" Draws Packed Houses of Delighted Picture Fans.

"Scaramouche" Rex Ingram's long-awaited Metro production from the famous Sabatini novel, opened its engagement at the Imperial Theatre yesterday, and held vast audiences spellbound, through the wizardry of Ingram and the extraordinary talent of Ramon Novarro, Alice Terry and Lewis Stone.

The enraptured attention of the audience, the spontaneous outbursts of applause, the nervous thrills that seemed to pass over the spectators like an electric spark, backed up this reviewer's opinion that "Scaramouche" will be one of the greatest of photoplays. One is overwhelmed by the magnificent panorama of the French revolution that catches up the leading characters like puny obstacles and sweeps them onward through harrowing experiences, through episodes of singular intensity, through dramatic scenes that strike to the core of emotional excitement.

In portraying the French revolution, Director Ingram has sacrificed none of the heart-lavoc and soul-stirring appeal. The Danton of George Siegmann is an inspiring portrayal, and the vast motley of types that fill the terror scenes of the revolution make one shudder at its stark reality. You want to wring your hands in fright when the heroine is trapped by the mob, you want to jump out of your seat and yell for joy when she is rescued by the hero.

Andre-Louis Moreau, played spiritedly by handsome, dashing Novarro, renounces nobility and devotes his life to the cause of the people, after his boyhood sweetheart, Aline, beautifully played by Alice Terry, accepts the attentions of the Marquis de la Tour d'Azyr, who killed Moreau's friend, Lewis Stone gives the finest performance of his career as the Marquis. Danton makes him a deputy of the Assembly. The new deputy gives the aristocrats their own "medicine," and kills them off in duels, until he crosses swords with the expert La Tour. He wounds La Tour, but another misunderstanding again estranges him from Aline.

Then the storm of the revolution breaks, and when Aline falls a prey to the mob-lust of the maddened rabble, Andre-Louis saves her, in one of the most gripping scenes in any motion picture. The Marquis, revealed as Andre-Louis' closest blood relation, falls fighting before the mob, while Andre-Louis, Aline and his mother escape from the terror-stricken city.

ARTISTS DO WELL ABOARD.

Clarence Causton, who was a popular violinist at the Imperial Theatre, and was, for a short period, a soloist, is now the assistant concert master in the orchestra of the Hippodrome Theatre in Toronto. Another St. John musician who is also making good there is Miss Estelle Fox, who is developing her naturally high soprano voice and will sing this season in "Faust," taking the part of Marguerite. She is studying with a teacher of outstanding ability in operatic work, Signor Carboni, who has given a most encouraging prophecy in regard to her future.

Mrs. Causton is the son of Mr. and Mrs. R. O. Causton, 47 Duke street. Miss Fox is the daughter of Mrs. Fox and the Mr. John Fox, of Carmarthen street. Her sister, Miss Myrtle Fox, is a skilled pianist and is organist in Carmarthen Street Methodist church.

Mr. Coats, as the fond and loving husband and father, turned bitter through the searing touch of implanted suspicions, also carried a strong role through with conviction, while Miss Walton alternated rich humor and sympathetic pathos in one of those character bits in which she is so much at home.

James Swift scored another notch in his character successes in a role which developed the main part of the humor of the play—his make-up, diction and action were flawless. Virginia Odeon, although the part was not extensive, had some fine situations which she carried out with ease and grace. Her stage appearance was striking and her costuming all that could be desired. Mr. Coll also handled a small though difficult part in his usual finished manner, as did also Messrs. Franklin, Pinckney, Gordon and Broderick.

RURAL COMEDY AT THE QUEEN SQUARE

"S'Manthy" Acceptably Presented by Young-Adams Company.

"S'Manthy," a rural comedy, with Marjle Adams in the title role, was presented last night at the Queen Square. The play is new and novel, has many touching scenes and a strong vein of comedy running through it. Marjle Adams gave a delightful rendition of a difficult part. Jean McMillan took the part of the city wife, and Ed Stauffer, as Larry Calhoun, did well. Tom Redway, as Oswald, and Edwin G. Ball gave excellent support.

H. Wilnot Young, as Nimrod, made a big hit as the country boy. Jack McMillan and Ernest Bradley played small parts acceptably. The vaudeville was greatly enjoyed, and with some changes rounded out an entertainment of merit. Two kiddies, the Stanhope Sisters, were a new feature and proved a valuable attraction, particularly to ladies and children; they were one in a big hit.

Mr. Young announced East Lynn for Wednesday and Thursday, with matinee on Wednesday.

NOVA SCOTIA COAL SUITABLE FOR COKE

Ottawa, Feb. 18.—The Dominion Fuel Board is now preparing a report on the coking of Nova Scotia soft coal at the coking plant recently established by a firm in Hamilton. Extensive tests have been made of the adaptability of Maritime soft coal to coking treatment with a view to ascertaining its suitability as a substitute for anthracite. These tests proved that the Nova Scotia bituminous coal lent itself admirably to the coking process. It is believed that the results of the Hamilton tests will be an incentive to the establishment of plants in Toronto, Montreal and Ottawa.

As Hiram Sees It. "Hiram," said the Times reporter to Mr. Hiram Hornbeam, "the average of house rents in the United States declined eight per cent. between July and November of last year, and probably some more since."

As Hiram Sees It. "You ain't a-gonna print that—be you?" queried Hiram. "Why not?" demanded the reporter.

As Hiram Sees It. "If our folks hears that, when rents in St. John is going up," said Hiram, "they'll forget about the Loyalists an' want to go across the line."

As Hiram Sees It. "Nonsense," said the reporter. "Our people love to pay rent—and more rent. We are proud of the distinction it gives us as a people. We are superior to the Yankees in that respect."

As Hiram Sees It. "Is that so," said Hiram. "Well, if I was livin' in this town an' was ast to pay more rent in this year I'd want to holler out loud."

As Hiram Sees It. "Pooh!" said the reporter. "You don't understand the spirit of our people. We want to make this an expensive town to live in—and keep it to ourselves. Why, if rents were low and the cost of living cheap and taxes down all sorts of human creatures would be heading this way."

As Hiram Sees It. "Well," said Hiram, "if it was me I'd let 'em come. Yes, sir—I'd like to see old St. John grow as fast as any Yankee town—By Heav!"
