MRS. HAYWOOD'S SISTER IS DISCOVERED BY THE TIMES

Former St. John Woman Who Asked For News of Her Relatives Has a Sister in Hampton and a Brother in Plumweseep to Whom She Will Probably Be Reunited.

Through the medium of the "Times," Miss Lester of Hampton, has learned the whereabouts of her sister, who left here when a baby, and has not since been heard from.

On Thursday last the "Times" published a photograph of Mrs. Colin L. Haywood, of St. John, N. B., with a letter asking for information about her family, who have formerly resided in St. John. In her letter, Mrs. Haywood gave the following information: "I have been able to learn regarding my family—My father's name was John Lester of... I have a brother by the same name, also a sister Annie. I was taken from St. John (N. B.) to P. E. Island about twenty-four years ago, by Miss Elizabeth... I was, when taken there, two and a half years old, my brother five, and my sister nine. My mother's name was Miss Knowlton before she was married. All attended the Episcopal church, if any. My foster mother brought me up as her own child, and I knew no difference until I had grown up, then she told me by that time even she had lost all recollection of the little she had ever known of my relative. She, too, is dead. "Therefore, I am not certain of having all the names correctly. When she saw the photo, and the accompanying letter in last Thursday's Times, she immediately recognized her sister. She said she had sent a letter to her sister yesterday, and expected to hear from her in a few days. Needless to say, she was overjoyed to learn her whereabouts, as she had heard nothing of her since she left St. John, as a baby in charge of Miss Westhead. "Mrs. Haywood said her sister's maiden name was Elsie Valentine Lester, and there is a brother residing in Plumweseep. Miss Lester has invited Mrs. Haywood to come to Hampton and pay her a visit, and she is looking forward hopefully to the invitation being accepted. Those who know Miss Lester say the photograph might easily be taken for her, as well as Mrs. Haywood.

SULTAN ENDEAVORS TO REIGN WITH ABSOLUTE CRIME

While His Throne Tottered and His Enemies Were at Constantinople Gates He Brutally Murdered a Young Circassian Girl—Now Angry Crowds are Clamoring for His Head

Field Marshal G. H. Hottel today continues the attack of the rumors that have been in circulation for two days to the effect that the massacre of all foreigners, including the ambassadors at Constantinople, was planned for Saturday, April 24. It was the original plan of Sultan Hamid, commander of the constitutionalists, to enter Constantinople Sunday, the 25th, but when he received a message from the city to the effect that the lower ranks of the officer soldiery and the fanatic mob leaders were planning to kill the foreign residents, possibly with the object of causing the intervention of the powers, he gave orders that his army enter the city Saturday morning. Some 30,000 men, in considerable quantities had been prepared for use against the banks, the Embassies and other strongly fortified buildings.

London, April 30.—The Daily Telegraph's Constantinople correspondent gives an interesting picture of the new sultan, Dusek, as he appeared at the Semahlik. "Nobody knows what he thinks," the correspondent writes, "and nothing is known of his private life. Many believe he feigned ignorance and indifference in order to save his own life, and to look at him today it appears as if the simulation will continue. One can only read in his protruding eyes good-natured ignorance and almost infantile curiosity, which contrasts strongly with his aged appearance. He certainly is good, but weak. I was unable to see in him a sovereign of the new sultan, a ruler of Turkey, a sultan of progress."

Beirut, April 30.—Mr. Kennedy, the missionary, has returned to Alexandria from Beirut and reports the situation as more hopeful and the populace holding out against the besiegers. He says that the health conditions are not so bad as the reports of the press. The refugees are being cared for in the houses and the immediate persons sick or wounded are in need of doctors, nurses and medical assistance. Mr. Kennedy says that similar appeals are also being made from Alexandria, Tarnus, Latakia and Antioch, and that there is no one cent available to meet them. The reports that have been mailed inadequately describe the horrors attending the massacre, he adds. The American public should not be misled. "This is no small matter, and accounts of it reach you the people will stand aghast."

SAND POINT WAREHOUSES FOR STORAGE PURPOSES

Several Business Men Will So Utilize Them During the Summer Months.
At a meeting of the harbor committee this morning, several applications for the use of the Sand Point warehouses, which were built by the Government, were dealt with. A. Cushing & Co. were granted the use of No. 2 shed for storing dry lumber, awaiting shipment on steamer during the summer. George McKean was also granted the use of one of the sheds for the same purpose. The rate fixed by the committee was ten cents a thousand. J. Hunter White will be allowed the use of No. 1 shed for storing masonry, on payment of five cents per package.

WILL TAX BILL BOARDS BY THE RUNNING FOOT

At a meeting of a sub-committee of the bills and by-laws committee held this morning, the by-laws relating to bill boards and shooting galleries were considered, and some changes recommended to the council. It was decided that the section providing for the payment of a license fee by the poster should be amended, and the tax for bill boards was placed at two cents a running foot for frontage. The license fee for shooting galleries was fixed at \$20, and a section was added prohibiting boys of 16 or under from being in the galleries after 9 o'clock. This was suggested in view of the fact that many of the shooting galleries have been for sale, and boys have been in the habit of congregating there until a late hour.

WANT TO KEEP THE PICTURE IN ENGLAND

London, May 1.—The famous Holbein portrait of Christina of Denmark, which as a loan from the Duke of Norfolk, has hung in the National Gallery for twenty-eight years, has just been sold by the Duke to an Art Dealer, with an option that the nation may purchase it within a month for \$300,000. The National Gallery has no resources, and an appeal has been made to the public to prevent the picture going to America.

A SCHOONER WRECKED

New York, May 1.—The five-masted schooner Wm. C. Carnegie, of Portland, Me., went ashore near the Moriches Life Saving Station on the South coast of Long Island in a northeast gale, and thick weather early this morning. The vessel ran her broadside to the beach about half a mile off shore with the waves dashing over her. Captain Reed and his crew of nine men, also aboard the schooner, boarded their yawl boat, and rowing seaward, anchored to await the coming of the weather. The Wm. C. Carnegie, which was built in Bath, Me., in 1900, and is of 238 tons.

HOW ST. JOHN WILL STAND ON THE DAYLIGHT SAVING PLAN

If You Can't See Through This After You Read it You Will Be in the Same Position as the Writer—But Here it is

As there appears to be more or less confusion as to just where St. John would stand in relation to American cities and as to the amount of change entailed from present conditions if the proposed daylight savings bill becomes law, a Times man sought some information on the subject today. At present St. John operates under the time of the 69th meridian, known as Atlantic Standard. This time is 24 minutes faster than the actual mean, or sun time for St. John, as any navigator can find by solar observations. The centre of Atlantic Standard time in the maritime provinces is somewhere in the vicinity of Sydney, C. B., so St. John is really operating under Sydney time. If the proposed daylight savings bill becomes law the idea is that by a simple readjustment of laws of labor and recreation we will get one hour of added daylight at the time of the day we need it most. By advancing all time-pieces one hour we will really start business an hour earlier in the day and end an hour earlier at night. Many hours of daylight are now wasted in sleep in the summer season and by the proposed change at least a portion of this will be saved. An example, on the longest day in summer there is a streak of daylight as late as ten o'clock. With time pieces advanced an hour it would be, on that day, daylight practically at eleven o'clock. At the same time, while this daylight sav-

ings bill would have its advantages, St. John would, by its adoption get still further away from the mean time and would be operating under the mean time of the 48th meridian, which is off the eastern coast of Newfoundland. We would be two hours faster than Eastern Standard time as advised to in Boston, New York at present. The difference would not be so great in Canada as the change would go into effect all over the Dominion at the same time. Some people object to adding daylight at the end of the day and taking it off the morning hours and they claim that there is some attraction in darkness as well as in light, men would not go to bed early enough to get their needed rest. From Sept. 29th to 28th, if the change of an hour were made, the man who went to work at 7 o'clock would have to get up in the dark, and after Oct. 1st it would still be dark when he went to work for the sun does not rise on Oct. 1st until after 7 o'clock. Hence October should not be included at all. These provisions are differently situated from Quebec and Ontario, which are now an hour behind us. The change, some think, would give us too much daylight in the early part of the summer and not enough in October. For this reason quite a number of people are not in favor of the new plan, but suggest a return to Eastern Standard time where we would be uniform with Montreal and Quebec.

Beirut, May 1.—The conviction is held by the Armenians that the Moslem attacks against them had their origin in Constantinople. The massacre began at the Moslem district covering 30 miles around the Gulf of Alexandretta and therefore they maintain that they could not be uncertain of the cause of their death and embraced saying: "You are my brothers."

He says that the health conditions are not so bad as the reports of the press. MAY CHANGE THE BASEBALL SEASON

Uncertain Weather and the Necessity for Postponing Games Makes Change Desirable
Chicago, May 1.—The postponement of many baseball games during the storm has again raised the question of the advisability of beginning the season too early in the month. Jimmy Sulzer, the former Bostonian, now manager of the Minneapolis Club, thinks the playing should start later. The weather is so uncertain here, he said, "that it would be much better to open the season in the south and remain there as long as possible. It not only hurts the playing in their condition but it puts some pitchers out of business for weeks afterwards and I doubt whether the club is ahead in the end. I have never been in favor of opening in cities where the weather is cold and I hope that next year the western teams in the American Association will start the season in the south. It helps the game, too, to have the good players in the best of condition for they can put up a better article of ball when playing in form."

FUNERALS

The body of C. Russell Hamilton arrived from Boston on the late train last night and the funeral was held from St. Luke's church at 2.30. Service being conducted by Rev. P. P. McKim. Interment was at Fernhill.

The pall-bearers were F. Neil Brodie, Archibald C. L. Tapley, G. Harvey Tapley, Fayette Gates, Harry Rankine and H. S. Brennan.

The funeral of Henry Gibbon will be held from the home of his daughter Mrs. C. Gleason, Boston House, tomorrow afternoon at 2.30 to Holy Trinity church, where service will be conducted by Rev. J. J. Walsh. Interment will be in St. Peter's Burying Ground.

Queen Square Methodist church, Rev. H. D. Marr, pastor. Preaching at 11 a. m. and 7 p. m., by the pastor. Baptism service in the morning and reception of members at the evening service, followed by Sacrament of the Lords Supper. Sunday school at 2.30. Special music by the juvenile choir at both morning and evening services.

H. G. Berrford came in on today's Montreal train.

NEWS FROM FREDERICTON

Fredericton, May 1.—(Special)—Customs receipts for the port of Fredericton for April show a gratifying increase over the corresponding period of last year. Dutiable goods entered for consumption were valued at \$29,696, against \$16,690 for April, 1908, and the duty collected was \$9,283, in place of \$2,317 over last April. There was a slight falling off in free goods. The total imports for the month amounted to \$91,000.

The steamer Hampshire arrived from Gagetown this morning on her first trip since the 1st of April. The presence of this boat is greatly appreciated by the farmers of Sunbury and Queens as well as Fredericton moving goods on here to day than has been the case in former years. There are five vacant houses and one vacant lot in the city.

Eggs sold in the market this morning for 127½ cents the lowest price of the season. The river has fallen five inches since yesterday.

PERSONALS

Wm. Dennis of the Halifax Herald was a passenger to the city on today's Boston train.

William Mathers was a passenger to the city on the Montreal train at noon. I. C. R. Policeman John Collins is today receiving congratulations on his 29th anniversary in the service of the government road.

JAP CRUISERS IN SAN FRANCISCO HARBOR

Two of Mikado's Finest Arrived This Morning On a Friendly Visit and Were Given a Grand Reception.

San Francisco, May 1.—Almost the entire Japanese population of this city, numbering 5,000, and great crowds of Americans gathered on the hills overlooking the bay and the Golden Gate this morning to witness the arrival from Los Angeles of the Japanese cruisers Aso and Soya. The waters of the harbor were crowded with steamers, launches and sail boats, many of them containing enthusiastic parties of Nipponese. The revenue cutter McCulloch put to sea early in the morning to meet the warships outside the heads and escort them through the Golden Gate and up the bay to anchor.

Admiral Swinhurn, representing the United States navy; Gen. Weston, representing the army; Mayor Taylor, and the citizens' committee met on board the cruiser West Virginia, flagship of the American squadron, to await the signal for putting off in naval launches for the Japanese admiral's visit, while Collector of Port Protection, President Lauff's official representative; Lieut. Governor Porter, and the Japanese Consul, Matsuo Nagai, were taken down the bay on the revenue cutter Golden Gate.

BAR SCREENS ALL REMOVED

Some Liquor Dealers are Now Resorting to Various Expedients to Nullify the Effect of New Regulation
There was much conjecture on the streets this morning as to how the new liquor license law would be carried out in the matter of the removal of the bar bars as a partition at the bar. The licensees have complied with the law in so far as it relates to screens and the bar has been removed. One has expedients are being adopted to get over the effect of having the interior of the saloons in clear view from the street.

DR. SYDNEY H. GOULD WILL SPEAK IN CITY CHURCHES TOMORROW

Returned Missionary from Palestine Will Conduct Men's Meeting Tomorrow Afternoon.
Rev. Dr. Sydney H. Gould, returned missionary from Palestine, will address a meeting for men only in St. John's (Stone) church tomorrow afternoon at 4 o'clock. Dr. Gould's work among men and wide experience in the missionary field in foreign lands has especially fitted him to stimulate the missionary spirit and effort among men. For some years he worked among men only in the city of London. Afterwards he took a full course and graduated from the University of Toronto and Wycliffe College. Believing that there was great opportunity to win the way of Christianity among the Mohammedan peoples he has taken up the work with enthusiasm. He will speak in St. John's church, west end, tomorrow morning, and 7 p. m. in St. Mary's church.

A DOUBLE DROWNING

Port Egbert, Ont., May 1.—(Special)—A double drowning occurred near Southampton in the Sauguen River yesterday afternoon, the victim being Andrew Razon and Samuel Cairns, both of Chipewauk Hill. The men were engaged in making some repairs to the Denis bridge, when they fell into the river. The bodies have not been recovered as yet. Both men are married, and Cairns leaves four children.

MAY DAY FINDS BUT FEW INDUSTRIAL DISPUTES

Reports From American Cities Show the Day Will Not Be an Occasion for Strikes or Labor Demonstrations—Few Festivities, But Generally the Conditions Peaceful

New York, May 1.—Today is May Day, but so far as organized labor is concerned, it is merely an ordinary pay day for the American working men, and not an occasion for strikes or labor demonstrations. There are exceptions to this statement notably in the case of the great Lakes region, where a strike of some 30,000 employes of the Lake Boats, which has been partially in effect for several weeks is formally declared, because the Lake Carriers Association insists upon an open shop policy. However, reports gathered by the Associated Press within the past 24 hours, from the larger cities of the United States are of a negative character. "Quite prevalent," "peace reigns," the "horizon is clear," are predominating phrases in the despatches. A comparison with the situation of previous years cannot be definitely drawn, but it may be said that never did a May day find the country as a whole free from labor disputes than does May 1st, 1909.

Thousands are idle today in Chicago, Cleveland, Buffalo, and other centers, but as a matter of fact, the situation differs little from that which has existed since the opening of navigation, when the marine engineers refused to sign contracts in the open shop clause was inserted. The tie up today is merely made complete. The next move of the leaders will be to request the general officers of the International Seaman's Union to come to the lake district and endorse the strike. Buffalo, May 1.—Both Grand Secretary of the Marine Cooks and Stewards Union, and Geo. Hanson, local agent of the Lake Seaman's Union, said this morning that the strike of their members was now general throughout the Great Lakes region.

THE MOROCCO SITUATION

Washington, May 1.—Conditions in the Interior of Morocco are bad, according to advice which have reached this state department from Tangier. Previous reports indicated that the Sultan was shut up in Fez, and that the rebellious tribes were active at Algeziras. Today the story is that they have entered that place, which is about 15 miles to the South of Fez, and have sacked it. Fez is in a state of siege.

THE BABY PRINCESS

The Hague, May 1.—The condition of Queen Wilhelmina, who yesterday gave birth to a daughter and the infant princess is today thoroughly satisfactory. The princess has been named Juliana Louise Emma Marie Wilhelmina.

TRUANT'S DAY PRODUCTIVE OF MANY VARIED EXCUSES

Nine Boys Appeared in Juvenile Court Today to Explain Absence From School—Some Amusing Instances.
Again the excuses offered were numerous, and varied, and again were the parents of boys with decided predilections for absenting themselves from school, scored at the session of the juvenile court this morning. Sixteen boys between the ages of ten and thirteen, were summoned to appear, and nine of the quota of delinquent scholars presented themselves. Those who obeyed the mandate of the court, were Earl Penney, aged 13; Percy Richards (colored), aged 12; Thomas Ramsey, aged 10; Walter McCann, aged 10; Harold Lawson, aged 12; Fenwick Carney, aged 11; Samuel Lavigne, aged 12; Frank Fish, aged 10, and Harry Stokes, aged 11.

ABE ATTELL HURT

He Injured His Right Hand and May Be Out of the Ring for Months.
New York, May 1.—Abe Attell, the featherweight champion, may not be seen in the ring again for several months, because of an injured hand received in a recent fight with Biz Mackey at Columbus, Ohio. It was announced today that Attell's fight with Owen Moran, the English fighter, has been called off. Attell first injured his right hand in his fight with Jim Driscoll and again in a fight with Young Pierce. In his fight with Mackey he landed a heavy right hand blow which crippled the member again.

A Million a Minute

A Romance of Modern New York and Paris

By Hudson Douglas

(Continued)

When they reached the Rue des Trois Freres, however, Andre, the comely came forward, chuckling caustically, to tell them that there was a visitor waiting for them. Their irrespressible start of dismay did not escape his sharp eyes, and he was still chuckling when he got back to his hair underneath the stain they were tremulously ascending.

"Eh, bien, Madlle Fanchette!" said he to himself in a tone of great satisfaction. "It is now that you must feel sorry you spoke so rudely to Andre yesterday. That old good-for-nothing has still a tooth in his head, and can bite with it, Madlle Fanchette."

They entered their little parlor, in trepidation to find a stranger installed there, a man of colidly official aspect, with something of the professional ferret about him, who turned out to be an agent de surete from the Prefecture on the Quai des Orfevres.

He explained his mission, perfectly enough but with obvious indifference. The declaration of identity made by Madlle Lorraine on entering the country was believed to be a misleading one. The Chief of Police directed that he and the person described as Fanchette Lefevre should remain in their present quarters and under surveillance pending some inquiry by the department into mademoiselle's antecedents.

"But this is an outrage!" the girl exclaimed. "The Chief of Police is apparently not aware that I'm an American."

The plain-clothes policeman shrugged his shoulders. "And the man did not do so greatly care. His part was solely that of a messenger."

"Mademoiselle is allowed every liberty of movement," he suggested smoothly "except as regards leaving Paris. It might be that application to the American Consul would serve to put matters right for her."

She shook her head vexedly, knowing that such recourse had been cut off by her own conduct. And the man did not fail to observe the involuntary action, from which he drew his own inference. He rose to go.

"Mademoiselle will be closely watched," he warned her. "It will therefore be well to comply carefully with the requirements of the authorities."

"But for how long?" she asked, in desperation.

"Until further notice. Word will be sent as soon as the surveillance can safely be discontinued."

The two women looked at each other, agitated, as his footsteps sounded more faintly and ceased. Fanchette crept across to a window and, peering through, saw him stop on the opposite pavement to exchange a few words with a shabby-looking nondescript lounging in a doorway there. Both looked up in her direction, and, in spite of the muslin screen which sheltered her from their gaze, she shrank back, crossing herself. The strange presence of the Quai des Orfevres frightened her, as it has frightened many of a more educated intelligence.

"We may almost give up the struggle," she seems, Fanchette, said the girl in a long interval, during which she had been counting every remaining chance. Her eyes were heavy, her tone was one of hopeless abandonment. "To carry it on now would be to court needless scandal, and, after all we have sacrificed to escape that, it would be foolish as well as futile to incur it at the finish. There's nothing for it but to await Monsieur's next move, and meantime we must make the time pass as best we can."

"We have nothing to fear from the police," she continued, to soothe her maid's very evident agitation, "while we don't attempt to evade them. They will not molest us, Fanchette. We are free to come and go as we please, in Paris. This is no more than Monsieur's method of detaining us until he comes."

Fanchette nodded her comprehension, but was not comforted. She was a peasant woman of the Vendee, where Monsieur too had been born. Her humble home had lain under the swart shadow of his father's great fortalice at La Roche-Segur, which was his own. Something of the old feudal awe oppressed her in his presence, and she had an absurd belief in the scope of his powers. It had required no common courage on her part to aid the girl against him, and now it terrified her to anticipate his coming.

She put a brave face on it, none the less, for the girl's sake, and they two

PRIMATE OF ALL CANADA IS NATIVE BORN PRODUCT

What the Toronto Synod signally failed to do when they elected their new bishop this year, the entire House of Bishops for the Dominion of Canada has accomplished in electing as primate of all Canada a native born prelate, a thoroughly out and out Canadian born on the banks of the muddy Red River, close by Selkirk, when Winnipeg, 29 miles off, was only a dream, and a few Hudson Bay officials with a handful of native Indians, about 20 in all, occupied the site where Winnipeg was to be. A son of one of those pioneer settlers who came out to Selkirk from Scotland of the old Hudson Bay, happily seen to be received, Samuel Pritchard Matheson, born on a farm, educated, reared, and all his clerical knowledge and experience received in the wild and woolly pasture of the west, has, by a large majority, been elected by the House of Bishops, many of whom were certainly opposed to him, churchmanship and ideas, to the great position of Primate of all Canada at the comparatively early age of fifty-seven, and he certainly will be a feather in the cap of the west, and one can count on the finger's end how many of the eastern bishops who have achieved so quickly such a position, and with perhaps the exception of the startling career of our own Canon Cody, no divine has made such a rapid progress.

Brought under the eye early in his boyhood by the grandest churchman that Canada has perhaps turned out, young "Sam," as he was then called, and said to be the son of a nobleman, he was sent to St. John's College, a then rough-hewn college, for his education, and ever since then there has remained, and though now he lives in a truly beautiful bishop's palace on the banks of the Red River, elected two or three years ago at a very heavy cost, he is, when in Winnipeg, to be seen daily crossing old Main street to the college where he loves to mingle with his school boys, old and other, many of whom have seen him grow from the simple post of assistant schoolmaster to Headmaster, Canon, Dean, and now Primate.

No one who has never visited Winnipeg can form a conception of what the elected suburb of St. John's is like. First

LIFTING THE LID OF MONTREAL AFFAIRS

Chief of Police Campeau on the Stand Yesterday Proved a Sorry Witness—He Had a Very Poor Memory, But Tells Why Prosecution Against Saloon Keepers Was Dropped

Montreal, April 30.—The process of lifting the lid of Montreal's civic affairs did not progress very fast today, although Chief Campeau, of the city police force, was on the stand most of the time, being examined by hours regarding the reasons which had led him to drop proceedings against fifty-six saloon keepers who had been sued in the recorder's court for breaking the law.

Chief Campeau named two aldermen who, he said, had intervened on behalf of the law-breakers, and a severe and wholesale liquor men, including ex-Mayor Ekers, but generally took the whole responsibility upon himself, stating he had withdrawn the case to save run to the men through loss of their licenses. He, however, said when he found this was illegal had stopped the practice. He admitted, however, that justice was not always handed out impartially, and that influence had had something to do with it at times.

The chief also denied that any of the hotels had been protected by the police, but that they had a system of espionage on the police so as to secure warning in case of danger of detection.

This broke up the afternoon session, Judge Cannon remarking that it was rather a reversal of the order for the hotel men that they get the police, instead of the police watching the hotels.

Toronto City Relief Officer Talks of a Rapidly Growing Evil

(Toronto Telegram.)

Many of Toronto's saddest tales are told to City Relief Officer Taylor in his office, in the City Hall basement, which is so well known to Toronto's poor but hardly known at all to the city's rich or to the people of moderate means.

"Hardly a day passes but some poor soul comes here and tells me a sad story of her husband having run away," he said to the Telegram yesterday.

"Widely on the increase,"

"Usually there are several little children as well as the wife left, and usually they are left without any means. The deserted women seem very nice people. You see, it's so easy for a wife desserter to get from here to the United States, and when he gets across the line he can't be brought back."

"Some of the wife follows the husband across the line, but as soon as she hears of her coming he moves along to another town."

"Desertion are not chiefly of one nationality and many of them have been in the city for several years."

"I know of no one who know of this state of things, but it would be a good thing if we had the right and power to put the wife desserter in some institution, make them work, and give their earnings to the poor wives and children."

CHINAMAN GETS OFFICE

For First Time in United States One is Made Justice of Peace

(Boston Herald.)

The first Chinese justice of the peace in the United States was created yesterday afternoon, when Governor Draper signed a commission for Charles K. Shue, a well known resident of Boston's Chinatown.

There are limitations to the functions of justice of the peace. Some of them may perform marriages, for instance, and some may not. Mr. Shue may not. Under the commission he receives yesterday from the governor he is empowered to take oaths, issue writs and take depositions.

There is, indeed, so it is stated, for a Chinaman who is authorized to take oaths and depositions, and it is to meet this that Mr. Shue was commissioned.

Shue is one of the best known business men in the district bounded by Edinburg, Washington, Essex, and Beach streets. He is the owner of a Chinese restaurant on Washington street, one of the largest and most ornate of its kind in the city. He is a member of the firm of S. Y. Tank & Co., Harrison ave., and holds a commanding position as one of the chief merchants of Chinatown.

Mr. Shue is a native of the United States, having been born in Seattle, Wash., about 22 years ago. He has lived in Boston for a number of years, on Harrison avenue, where, with his wife and two children, he maintains one of the most sumptuous homes in the district. Mrs. Shue is also an American-born Chinese, a native of San Francisco.

Mr. Shue's application for a commission as justice of the peace was signed by ex-Gov. John L. Bates and Representative Freeman O. Emerson of ward 12. He was sworn in at the meeting of the executive council yesterday.

Sick-Room Hygiene

New ideas and theories are every day advanced about the care of the sick. They all, however, come back to the fundamental principles of plenty of air and perfect sanitary surroundings. Although education along the line of proper sanitation has advanced rapidly in recent years, there are foolish mothers who will dare to risk the chance of carrying contagion into the homes of others for the simple satisfaction of gratifying the whim of a sick child, or their own perverted ideas of the duty they owe their offspring. In cases of contagious diseases all the principle cities of the United States have adopted rules to govern the conduct of residents of a house where contagion exists.

Keep the sick room cool. Always allow a current of fresh air in it. The patient should be kept mentally and physically comfortable at all times. The best nurse is always the mentally and physically healthy one. She can do her patient more good by her cheerfulness than the average doctor can with his medicines.

The Algonquin intermediate basketball team returned yesterday from Yarmouth, where they played a game of basketball on Thursday evening with the Yarmouth team. The Algonquins came off the victors, defeating their opponents by a score of 22 to 15. The Algonquins speak highly of their treatment while in Yarmouth.

Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Chatham, writes:

"I contracted Rheumatism by exposure five years ago, and was able for two months and in great pain all the time. I got Father Morrissey's No. 7 Tablets and took them for about three weeks, when the Rheumatism all left me and I have had no return of the pain since."

Father Morrissey's "No. 7" Tablets have cured thousands of this terribly painful disease.

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and, settling in the joints, causes Rheumatism.

"No. 7" Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

"No. 7" Tablets cost 50c. At your dealer's. 28

WIRELESS TELEGRAPH TOWER

Under the contract recently signed by the Secretary of the Navy the tower for the wireless station to be erected in Washington is to be 600 feet high. This tower will be of concrete, fifty feet in diameter at the base and 8 feet at top. The shaft will be hollow and will carry with it the wires required for flashing messages 3,000 miles to ships at sea. There will be no elevator, but a staircase will offer the opportunity to those who desire it to climb to the top. The site for the tower has not yet been decided on, but it is to be on low ground and at some distance from the Washington monument, in order that it may not detract in any way from the architectural value of that structure. The current will be 100 horse power.

The local lodge of Elks have received from David Russell, of Montreal, through Bruce Caldwell, two handsomely framed enlarged photographs of Sir Wilfrid Laurier, prime minister, and R. L. Borden, leader of the opposition. The pictures have been given a conspicuous place upon the walls of the lodge room and are much admired.

THE HOUSE HUNTER.

She creeps up at early dawn,
She pats her street apparel on;
She bolleth her breakfast, hasteseth away,
And hunteth up houses the long day.
She returneth home, worn out and vexed,
Tis the same next day, and the next next;
So at last she putteth away her hat
And decideth to live in the same flat.

The Bear River Board of Trade at its last meeting endorsed the 'Daylight Savings' scheme and approved of the suggestion that the public should observe the summer holidays two weeks earlier than at present.

Word has reached Digby of the marriage of James Taylor, son of the late Henry Dunn, of Bear River, to Miss Ada, daughter of Mr. and Mrs. James Marshall, of Digby. The happy event took place in St. Charles River Village, N.S., last Tuesday.

A special train of 21 flat cars arrived at Digby on Saturday night from Annapolis, and is now engaged in ballasting the road between Digby and Yarmouth, the gravel being hauled out of the pit at Digby.

At the conclusion of his service in St. Louis' Roman Catholic church at Annapolis on Wednesday, Rev. Fr. Thomas Grace made the announcement that he had that day presented to the parish the sum of \$5,000 to be used as a commencement for a building fund for a new church. The amount was the principal and interest of \$10,000 that was presented to him on his departure from the parish seventeen years ago.

Harry R. Neil, alias Harry R. McKeon, of Yarmouth, N.S., indicted for larceny of personal property at Lunenburg, Me., retracted his plea of first guilty and pleaded guilty to the indictment. He was sentenced by Judge Savage to three months in jail and coarctation.

George A. Fawcett, of Sackville, is still shipping potatoes to Upper Canada and it is his expectation that he will send several more cars of the tubers to the upper provinces. Last week he shipped a couple of cars from Cumberland county points. On Monday he sent away a carload from Sackville and on Thursday he shipped from Auble. This car was the nineteenth shipped by Mr. Fawcett this season. He plans also on sending a couple of cars of Albert county potatoes to Upper Canada next week.

Some excitement has recently been caused at Port Elgin by Scott Act prosecutions. Constable George Lawrence, of Sackville, has been serving the legal papers—when he could locate the proper parties—and much interest is manifested in the outcome. It is the opinion that too much liquor is sold, and it is to be hoped that the present prosecutions will tend to lessen the illegal sale.

Tuesday night, the fruit and confectionery store of Mrs. Shearer at Caledonia, C. B., was broken into and a large quantity of goods taken and other goods destroyed.

The union carpenters of Halifax are seeking an increase in their pay to 30 cents an hour. The union has notified all the contractors that they expect the increase on May 1st. Hereafter the regular pay had been 25 cents for journeymen, although several firms pay higher than that, namely, 28 cents and even 30 cents an hour to the steady employees.

The members of the Canadian Freight Association, which meets at Halifax in July, will be guests of the Intercolonial as the railways are concerned, and will likely be given a side trip to Sydney.

During the storm of Friday afternoon at Port Elgin, N.S., the house of Louis A. Bourque was struck at 5:30 o'clock. The lightning entered the house on the front building and four rooms—three downstairs and one upstairs. The family was at supper at the time, but escaped injury.

A large tree in front of the house was struck at the same time, reduced to splinters, and scattered in all directions. The span of the chain fence in front of the house was stretched over nine inches by the lightning, and Miss Surette, who resides 100 yards from the house was shocked severely in one arm.

Piston's rate of taxation has been fixed at \$240 on the \$10, same rate as last year. The total assessment is \$25,650.

The Elmhurst hotel at Liverpool, N. S., Stmr Granville completes her service between Annapolis and St. John this week. After discharging her freight she will leave at once for St. John, where she will be handed over to her new owners. Stmr George L. will go on the route until the Granville II is ready for her from Yarmouth, which will probably be in from four to six weeks' time.

The body of little Fred Clarke, son of the proprietor of Fairview hotel, Bridgewater, who was drowned on Wednesday, was recovered not far from the bridge. The dredge Cape Breton was towed to Hawkebury, C. B., from North Sydney, on Saturday by the government tug Helens. The body will be buried on the marine railway there to have her bottom cleaned. She is expected back to North Sydney today and will at once begin the work of dredging near the N. S. Steel Co's pier.

When the work here is finished she will go to Sydney, where some dredging will be done for the Dominion Coal Co.

News has reached Lunenburg of a terrible experience gone through by five Chester people on Sunday night on the Atlantic coast. Alvin Stevens and son Otis, with three young ladies, left Chester on a yacht to sail to Tanook. In some way they became lost between Red Bank and the Bulls. They were obliged to anchor and lay to all night. There was no fuel on board a vessel, and to keep from freezing the passengers had to chop up the yacht's platform Monday morning they reached their destination.

White Blood Corpuscles and Disease Germs

Scientists have been learning more and more about the white blood corpuscles and our dependence on them for health and strength. They are everlastingly fighting for us, to protect our red blood corpuscles and bodily tissues. And the healthier and stronger we keep them the better they fight.

Many thousands more would be victims yearly of infectious and contagious diseases if the white corpuscles in their blood were not in fighting condition. It is only when these corpuscles are healthy that they can protect the red corpuscles and the bodily tissues from the germs and toxins or poisons of these diseases, which invade the system through the air we breathe, the water we drink, the food we eat, and otherwise.

If you are troubled with any humor or eruption, eczema, eczema or salt rheum, catarrh of the throat, or if you are pale, weak, nervous, with little or no appetite, or generally run down, then the white corpuscles in your blood are not healthy and strong. You should take Hood's Sarsaparilla. It gives health and strength to the white corpuscles, multiplies and develops the red corpuscles, and is the greatest preventive as well as curative medicine the world has ever known.

Begin taking Hood's Sarsaparilla today. 100 Doses One Dollar.

WINTER PORT BUSINESS IS HEAVIER THAN LAST YEAR

Lake Erie and Bendu Sailed This Morning Closing a Record Season—C. P. R. and Allan Men Leave for Montreal

With the sailing of the C. P. R. steamship Lake Erie for Liverpool and the Elder-Dempster steamship Bendu for South Africa this morning, the winter port business for the season of 1908-9 comes to a close. This season has been a banner one for this port, the valuation of the exports being greater than in any year since the business opened up in the winter port of Canada in 1895-6.

There have been 102 steamer sailings to the United Kingdom five to South Africa and one to Hamburg, making a total of 106 sailings against 111 last year. The following is the valuation of the cargoes of 105 steamships that have filed their outward manifests at the customs, also the estimated value of the three steamers yet to leave from the Bendu, Victorian and Lake Erie—and express goods: Canadian goods... \$16,844,321 Foreign goods... 6,655,060 Total value 105 steamers 1908-9, \$23,499,381

ROYAL CHEEKS OR PALE ONES? A moment's reflection with your mirror will give the hint as to the condition of your system. Pale cheeks, muddy complexion, dull eyes, show a poverty of blood. You require something to make a plentiful supply of rich, red blood course through your veins. To ensure this take BEECHAM'S PILLS the wonderful little blood-makers. Whatever your blood may need the stomach will supply from the daily food when it is in good working order. Beecham's Pills aid the stomach to digest its food and to assimilate the blood elements. They increase the supply and improve the quality of the blood. If you are pale, weak, languid, or anaemic, a few doses of Beecham's Pills will Make all the Difference Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold every where in Canada and U. S. America. In boxes 25 cents.

MANY ONTARIO SALOONS GO OUT OF EXISTENCE TODAY

Almost 150 Licenses Cut Off Under the Law and the Province Is Gradually Becoming Dry—Temperance Sentiment Growing.

Toronto May 1.—One hundred and forty-two bars passed out of existence in the province of Ontario today. Fifty-two of these go by reason of the passage of local option laws, 60 on account of license reduction votes, and probably 30 are cut off by the commissioners in the various municipalities for the usual reasons. The latter figure, however, is only an estimate and the number may be even larger.

Table with columns: Municipality, Local Option, Licenses, etc. Lists various municipalities like Atherley, Athens, Bowmanville, etc., and their respective license counts.

Of the 807 municipalities in the organized portion of the province, 334 are dry. Rev. Ben. H. Spence, secretary of the Ontario branch of the Dominion Temperance Alliance, has hopes of seeing the bars wiped out in half of the province next year.

McGILL GRADUATES A CHINESE LAWYER Peter Hing is the First Celestial to Get Degree of B. C. L.—Big Fund for Old McGill.

Montreal, April 30.—It was announced at McGill convocation today that a committee of four millionaire friends of the university were engaged in raising a fund of \$60,000 to endow a professorship in science to perpetuate the name of the late Dr. Harrington, of McGill. The committee is composed of W. E. Childs, Boston, and Jeffrey H. Burland, C. W. Trenholm and D. Ogilvie, of Montreal. They stated that they had already secured \$20,000 and had the remaining \$40,000 promised.

There is a heavy freight travel on the Island Railway at present, though travel is rather light. At Summerside there are many cars tied up being filled with potatoes awaiting shipment. A quantity are being held in anticipation of an improvement in the American market, which has been in an unsatisfactory state for the past few days.

BETTER THAN SPANKING. Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 448, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

SCRAPING THE STOMACH

Dangerous and Painful Operation Avoided by Taking "Fruit-tives."

Guelph, Ont., Aug. 4, 1908. I suffered for many months with dreadful Stomach Trouble, with vomiting and constant pain, and I could retain practically nothing. My doctor stated that I must go to the hospital and undergo an operation of scraping the stomach and be fed by the bowels for weeks. All the medicine the doctor gave me I vomited at once. I was dreadfully alarmed, but I dreaded an operation and had refused.

"Fruit-tives" are 50c. a box, 6 boxes for \$2.50, trial box 25c. At dealers or from Fruit-tives Limited, Ottawa.

I had heard of "Fruit-tives" and the great success they were having in all Stomach Troubles, and I decided to try them. To my surprise, the "Fruit-tives" not only remained on the stomach, but they also checked the vomiting. I immediately began to improve, and in three days the pain was easier and I was decidedly better. I continued to take "Fruit-tives" and they completely cured me.

SIR ROBERT BOND THROWN INTO THE SEA Ex-premier of Newfoundland Receives Rough Treatment From a Hostile Mob at Western Bay—Crowd Would Not Permit Him to Land.

St. John's, Nfld., April 30.—Sir Robert Bond, the former premier, met with a hostile reception today when he attempted to land from a steamer at Western Bay, the centre of the Bay de Verde district, for the purpose of addressing a political rally. Sir Robert is touring the towns and villages along Conception Bay in the interest of his party. When he started to go ashore from his steamer this afternoon, he was met by a crowd of voters in sympathy with Sir Edward Morris and warned that the electors of Western Bay did not desire to hear him. The former premier charged that the mob was engaged by the Morris party to prevent him speaking, and announced his intention of landing and making an address. The crowd made a rush for the landing place and in the confusion, Sir Robert was pushed overboard. He was not injured and succeeded in climbing into a row boat. He rejoined the steamer and made no further attempt to land.

KIRK BROWN OPENS MONDAY

The announced attraction at the Opera House two weeks, starting Monday evening, is Kirk Brown, supported by Miss Kathryn Purnell and the same supporting company that was with Mr. Brown last season. Since it was announced that Mr. Brown was coming to St. John in May there was a stir at once among the appreciative theatre goers. No sincere reason for a welcome can be given other than those which the past wonderful dramatic presentations by Mr. Brown leave for reflection if one may wish to make comparisons. The past deeds are the best announcements for his visits. The past records of Mr. Brown give him the highest place among dramatic producers who come to St. John. His array of talent is of a grade seldom seen here. His scenic appointments could not be more correct and elaborate if they were presented on Broadway. The detail investiture is worthy of the keenest scrutiny. Flaws are to exact property or scenic dress are unknown. By such studies and careful attention Mr. Brown and his support have won the unstinted commendation of some of St. John's most critical dramatic connoisseurs, both press and patrons. Is not the plaudits of the critics the crucial test of satisfaction of a star? Certainly it must be, and success only follows satisfaction. When Kirk Brown first began his career satisfaction was instantaneous from the patron's standpoint. With this satisfaction was wonderful. All asked can be possible at these opening queries were not press agents' stories. Heretofore such a plan was only faith. With Mr. Brown it became a reality. The public soon saw the character of his productions, and each year he added to the grade, and artistic appointment of each.

Mr. Kirk Brown.

A superior article never need go begging. Success soon followed the efforts of Mr. John F. Macaulay, and his star, Mr. Brown, and success has ever crowned their work. Five or more new plays are added to the repertoire list. The series of plays consists of the very best, the highest in comedy, drama and tragedy. This season he has added to his repertoire such plays as "The Charity Ball," a play which won more notice and attention for David Beasco than any play he ever produced. Next is the smart comedy by Mark Twain, "Fuddindiddled," exploited especially favorably by Mr. Charles Frohman, and today one of the most original plays ever written. Then comes "The Merchant of Venice," one of the greatest of Shakespearean works. "The Sign of the Cross," a favorite after the opening performance. "The Wife," another Beasco and DeMille play, "Othello," and Howard Hall's high class melo drama, "The Millionaire Detective."

To Suffer From Headaches Makes Life Miserable.

It takes a person that has had or is subject to headaches to describe the suffering which attends them. The majority of cases are caused by congestion and dyspepsia. The dull throbbings, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Headache Blood-Bitters reaches every part of the system is due its success in relieving and permanently curing headaches. It has proven a specific for the remedy in all its forms.

LEE CHU IS IN MORE TROUBLE IN HALIFAX He Says He is Shadowed by Detectives and Asks Court to Protect Him.

Halifax, April 30.—Lee Chu, the Chinese man who was arrested at Halifax several weeks ago and was afterwards taken to Montreal, tried and acquitted on the charge of perjury, and who after paying one fine for illegally selling cocaine, came to Halifax before the writ in connection with other sales of cocaine had been served on him, has now instituted proceedings against detectives of the detective bureau which was handling the case against him. He instructed his solicitor, W. J. O'Hearn, to issue process warrants against two detectives named McColl and Max Seger, and in the writ he alleges that he fears they will do him violence and that they intend to kidnap him. He asks that the detectives be bound over to keep the peace toward him. Lee Chu intends remaining in Halifax for several weeks.

PROFESSOR MURRAY GOES WEST ON MONDAY Distinguished Halifax Educationist Who Goes to Saskatchewan is Honored by Friends

Halifax, N. S., April 30.—Citizens of Halifax, at a banquet tonight in honor of Walter C. Murray, president of the University of Saskatchewan, presented him with a gold watch and Mrs. Murray with a box of silver cutlery. The Halifax Curling Club presented President and Mrs. Murray each with handsome traveling bags.

DECORATES CAKE WITH TRADE MARK Chinese Cook Makes Novel Pastry for London Missionaries in China.

(Taken from the London Advertiser, March 13.) Mrs. S. Percy Westaway, daughter of Mr. Wm. Moore, of West London, who with her husband, the late Mr. Westaway, Cheats, St. Chuan, West China, supported by the Dundas Centre Methodist Church, is a devoted worker for the London Missionary Society in China. This Chinese man evidently knew that the advertisement in his present home, and among the incidents related in her most interesting letter to her mother, is that she brings out the Chinese as an imitator, and shows his ideas of advertising in certain Canadian papers. This Chinaman evidently knew that the advertisement was a most characteristic and attractive one, and from the manner in which it is described, it is evident that it is a trade mark in almost every paper published and has become well known. The following is taken from the letter, and fully explains the circumstances.

A Good Laugh

"Once in a while we find something to have a good laugh at. Let me tell you this incident. The West China Educational Union was holding meetings in the city, one session being this morning at 10 o'clock in Cheung-fu follow the English custom and serve tea and cake at 4 o'clock. Mrs. Carson was going to serve tea to the members and we wished to help. I was still in bed, so told the cook, to make a cake. Our cook is a pretty old fellow, and he said he would make a layer cake, and decorated his like it. They are splendid imitators, and clever in their way, every one of them. The cooks know considerable English, but when he tries it on us we pretend not to understand him."

ENCOURAGEMENT OF SPORT.

A Lancashire commercial traveller made a trip to Scotland and in Aberdeen was asked by a prospective buyer to subscribe to the prize fund for the local golf tournament. He parted with five shillings, and as he was interested in golf he remarked that he would like to be kept informed of the progress of the tournament so that he could subscribe. "O," said the customer, as he picked up the five shillings and placed it securely in his pocket. "Ye needna do that. The tournament was held last Saturday."

PANIC MAKER IN RELIGION He is Especially Common in Theological World, Says Dr. Little, of Chicago.

(Toronto Telegram) "The panic-maker is abroad in the land," said Rev. C. L. Little, D. D., LL. D., president of the Garrett Biblical Institute, Northwestern University, Chicago, at the convention in divinity of Victoria University last night. "He is especially common in the theological world, and takes a delight in shattering our nerves. Every once in a while he puts his head into the theological seminar and makes a cry such as 'The goblins will get you if you don't watch out.'"

THE WORST GHOSTS.

"The panic-maker takes great delight in shaking the nerves of the people. They are the worst ghosts that stalk in the land. Christianity began in a panic about the Scriptures. Paul expounded the Old Testament, telling them what it really meant and some people dandily stated that he taught immorality."

MONEY BACK

If Parisian Sage Doesn't Rid You of Dandruff in Two Weeks. This offer is genuine. There is nothing deceptive about it. No red tape. No fine print. It kills the dandruff germ and dandruff vanishes in two weeks. It is the hair tonic of the world, and is now on sale by druggists in every city in America. For several months my hair had been falling out, and dandruff also appeared. I used some so-called hair tonics and renews, but never received any relief from the scalp itching. I procured Parisian Sage, and used it for about two weeks. Parisian Sage made the hair stop falling out, and the dandruff disappeared. It is a clean, clear, and comfortable. It also leaves the hair silky, and does not make it stiff or sticky. I endorse the use of Parisian Sage. It is all right!—October 30, 1908.

THE ALBERTA RAILWAY

It Will Connect With the Arctic Ocean and Tap Country of Great Mineral Wealth. Edmonton, April 30.—Alberta & Great Waterways Railway proposes to run a line north from Edmonton to Waterways, connecting with the Arctic Ocean. It will be the most northerly railway in Canada, and will run through a country of great mineral wealth. Alberta province has guaranteed bonds of the road for \$20,000,000. The line will be built north and south from Melville, north from Biggar and south from Wainwright, in the direction of Calgary, it being of the utmost importance that the main line should be provided with a certain number of feeders and the district into which new settlers are pouring be provided with the necessary railway facilities.

THE PROGRESS OF THE G. T. P.

General Manager Chamberlain Speaks of the Work on the Transcontinental—Contracts Pushing Ahead—Main Line From Fort William to West of Edmonton to Be Laid By Midsummer.

(Montreal Gazette) By midsummer the Grand Trunk Pacific Railway will have the track laid on the main line from Fort William to a point west of Edmonton, the capital of Alberta, a distance of 1,365 miles, and it is now officially announced that the part of the present season's work on the main line of the G. T. P. system will be moved out to Lake Superior the coming fall. This announcement was made by E. J. Chamberlain, vice-president and general manager of the railway, who reached the city yesterday, from a trip extending good many miles inland from Prince Rupert. Although in office only a few weeks, he appeared to have the situation well in hand, and stated that he was well satisfied with the progress of the road under construction, as well as delighted with the appearance of the country through the section of the road already completed. No one, he said, could visit Prince Rupert without realizing the wisdom of the choice made by the Grand Trunk Pacific as to their point on the western coast, as all to their adroit its excellence as a harbor. The contractors had had 2,500 men engaged, and in order to have the section ready for track-laying by midsummer some 1,500 additional men were engaged. In fact many new gangs, Mr. Chamberlain said, were now leaving the southern ports in order to swell the ranks of the men who will be engaged on the G. T. P. stretching along the Skeena River 100 miles from the mouth of the river to the coast. The distance further, he stated, probably be put under contract by Dominion Day, although the first intention was to have the section completed by the end of the month. He said, however, that progress had been more rapid than anticipated, and consequently it now looks as if by the early fall a good deal of steel would be laid on the Pacific section, while the following sections of 160 miles would be well covered by men and teams.

SOOTHING WASH CURES ECZEMA

Oil of Wintergreen Compound Solves a Vexing Medical Problem. One of the most vexing problems in all medicine appears at last to have been solved by the most simple of all remedies. Ordinary oil of wintergreen properly compounded with thymol, glycerine and other mild healing liquids, tones up the healthy skin while killing and ultimately removing the eczema germ. This compound, known as D. D. D. Prescription, has now so thoroughly proven its efficacy that druggists recommend it unhesitatingly. Mrs. Sarah E. Hellingworth, of Pictou, Ont., writes: "Every other remedy I had tried would help for a while, but D. D. D. cured completely. It also cured a friend of mine who suffered untold agony before being it, and whom no doctor could help."

MASTODON'S TOOTH FOUND

Spokane, Wash., April 30.—What is declared to be the tooth of a mastodon was unearthed near Pennewash, Whitman county, Wash., south of Spokane, by Leon Vota, a laborer, while working on the public highway. The tooth is 11 inches in length and six inches in diameter. It is in good state of preservation, the only flaw being a slight crack in the enamel near the top of the tooth. Professors connected with the Washington State College are of the opinion that the tooth has been buried in the sand and stone several thousand years, and they have encouraged Vota and his neighbors to make further search, in the hope that other parts of the mammoth skeleton will be found. Mastodon bones have been found in various parts of Whitman county, as well as in other parts of eastern Washington, but this is the first discovery of admitted importance in the vicinity of Pennewash.

G. T. P. LOAN BILL HAS PASSED HOUSE

Its Terms Were Discussed All Day Yesterday—Borden Thinks Company Should Be Up for Better Terms

Ottawa, April 30.—The Grand Trunk Pacific loan bill was discussed all day and substantially passed. It only remains to report it from committee on Monday. The opposition was critical as to the accommodation given the company, but were not willing to take the responsibility of offering a resolution against it. The Quebec bridge was a good deal in the members' mouths during the debate. The commonsense spent another afternoon in committee on the bill to authorize the \$10,000,000 Grand Trunk Pacific loan. George Taylor wanted the term of the loan fixed at ten years, but Mr. Fielding pointed out that a short loan was more expensive than the long one. Mr. W. F. MacLennan advocated the government taking over the road pointing to the example of the German roads and declaring that the National Transcontinental should not be left around loose where J. J. Hill or Harrisman could get hold of it and use it to the detriment of Canadian interests for the benefit of the interests of the country to the south of the line. R. L. Borden wanted the government to take advantage of this occasion when the Grand Trunk Pacific was seeking a favor to strengthen the original contract that the freight would be routed via Canadian ports instead of to Portland over the Grand Trunk. He said that during the five years that the National Transcontinental had to wait for the Quebec bridge to close up the gap in the line the freight from the west could as well be hauled over the Intercolonial to Halifax and St. John as to Portland. The grades on the Intercolonial were no greater than over the Grand Trunk.

LEE CHU IS IN MORE TROUBLE IN HALIFAX

Halifax, April 30.—Lee Chu, the Chinese man who was arrested at Halifax several weeks ago and was afterwards taken to Montreal, tried and acquitted on the charge of perjury, and who after paying one fine for illegally selling cocaine, came to Halifax before the writ in connection with other sales of cocaine had been served on him, has now instituted proceedings against detectives of the detective bureau which was handling the case against him. He instructed his solicitor, W. J. O'Hearn, to issue process warrants against two detectives named McColl and Max Seger, and in the writ he alleges that he fears they will do him violence and that they intend to kidnap him. He asks that the detectives be bound over to keep the peace toward him. Lee Chu intends remaining in Halifax for several weeks.

WEDDINGS:

Smith-McCaffery. On Wednesday morning last at St. Peter's church, Mr. Lowell (Mac) Smith, daughter of Mr. and Mrs. Francis McCaffery, of this city, was united in marriage with Dr. Forster H. Smith, of Lowell. The ceremony was performed at 10 o'clock by Rev. Father Hefferman, of St. Peter's, a college friend of the bride.

The bride wore a Princess dress of grey embroidered crepe de chine with black picture hat and carried a bouquet of lilies of the valley. She was attended by her sister, Miss Edith McCaffery, who wore a princess gown of mode voile over taffeta with touches of old rose, and with hat to correspond, and carried a bouquet of carnations. The groom was supported by Dr. A. R. Gardner. Among those at the wedding were Mrs. McCaffery, mother of the bride.

After the ceremony a wedding breakfast was served at the home of the groom, mother and Dr. and Mrs. Smith left on a wedding trip to New York and Washington and will also spend a few weeks at their summer home at Bass Rocks, Gloucester, and will be at home at 805 Merrimack Street, Lowell, after September 1.

The bride is a graduate of the Lowell Hospital, Lowell, and has for several years been practicing her profession of nurse in Lowell and Boston. Many St. John friends will be pleased to recall her marriage and wish both much happiness. Included in a fine array of wedding presents were remembrances in cut glass and silver, and a prized gift from the officiating priest is a beautiful morocco bound prayer book.

Dr. Smith comes of a family of physicians, both father and grandfather being medical doctors. He is a graduate of Tufts College, 1890, and Harvard Medical School, 1902. He has been city physician of Lowell for five years and at present fills that position.

McNaughton-Crossman:

Amherst, N. S., April 29 - A wedding took place at Knox Presbyterian church at 7 o'clock last night, when Harry McNaughton was married to Rose Ella, eldest daughter of Mr. and Mrs. John Crossman, of Spring Street. The bride was given away by her father, and the pastor, Rev. Ernest Halsey, performed the ceremony.

Mr. and Mrs. McNaughton left immediately after the ceremony for a wedding trip to Boston, New York and Canadian cities, and on their return will reside on Spring Street. Mr. McNaughton is the son of P. W. McNaughton, formerly of St. John.

CHILD TOOK FATAL DOSE OF MEDICINE:

Little Son of John Johnson of Loch Lomond Died Yesterday. Word of a sad case of accidental death by poisoning reached the city yesterday.

John Johnson, the two and a half year old son of John Johnson, of Loch Lomond, found a medicine bottle in the house, and ignorant of the danger, for there was poison in it, drank the liquid. When the matter first became known serious results were anticipated, but about one hour later the boy became very sick. A doctor was summoned and under his care the little fellow came round apparently all right.

He was out of doors next day playing around as he was seized with a dizzy spell. The doctor was again summoned but in spite of all his efforts to save the boy's life he died.

HER SKIN WAS BLOTCHY:

Scaley Like Pimples Covered Her Face and Ruined Complexion. A Speedy Cure. "When my skin had always been so pale and mummy, I found it very mortifying to see pimply and pimply patches coming over my face," writes Mrs. S. T. Wheeling. "Great red blotches came on my chin, grew dry and scaled off. I think my stomach was at fault. Certainly my blood was poor because my lips were white and I had unpleasant filiness and ringing in the ears."

"Noticing in the papers such strong recommendations for Ferronose as a blood and strengthening medicine, I decided to use it. From the first tablet I took there was an improvement. I felt better and had such a good appetite, improved in color and the old rosy flush slowly returned to my cheeks. Finally the blotches began to leave and the skin grew soft and smooth. I have gained some in weight, look the picture of health and feel as if I had never been ill."

There is no nourishing tonic so sure to build up and strengthen as Ferronose. It contains concentrated, vegetable extracts that supply every weakness of system with the element it lacks. Health, vigor, happiness - these are the direct results of using Ferronose regularly.

Sold by all dealers, 50c. per box or six boxes for \$2.50. Get Ferronose today.

UNITED MINE WORKERS HOLD SECRET SESSION ABOUT STRIKE MATTER:

Sydney, N. S., April 30 - The United Mine Workers held a meeting this afternoon behind closed doors, among those present being Organizers Bonshoff, Patterson and McDougall. The session was secret and nothing was given out for publication. A meeting will be held tomorrow morning.

About fifty men who lately went to work for the Dominion Coal Company at Caladonia Mines, upon receiving their pay checks today, found that P. W. A. deductions had been made, although the men had not joined that organization, but on the contrary were members of the U. M. W. The manager of the mine was approached by these workmen and he is said to have told them that the P. W. A. lodge had handed in their names for lodge stoppage. He promised, however, to see that the money was refunded at once.

Equity Lodge, P. W. A., has passed a resolution stating that they would remain loyal to the company in case of a strike.

Fraser and Coakley have not yet done any pitching for the Cubs. It is probable that these two will soon pass out of the champions' roster.

Lewis Strang and Louis Chevrolet of the Buick touring cars are to race the automobile races at Nashville on Thursday. Chevrolet won the mile and 10-mile and Strang took the five-mile.

The character of the early closing campaign and the American Derby entries came to the fore in the morning when a surprise was given to many who thought they read the signs correctly.

Matchmaker McCarty of the Pacific A. C. of Los Angeles has withdrawn from the \$20,000 purse for a match between Jim Jeffries and Jack Johnson.

Frank Murphy, the youngster who did so well in the Ward Marathon two years ago, and received special attention, has been running again. His performance this time is still more wonderful.

Murphy ran from Hamilton to Toronto on Tuesday in seven hours and twenty-eight minutes, which is seven minutes better than Tom McLaughlin's and one minute ahead of Claude Pearce's time for the forty-three miles.

Murphy is a printer's apprentice with Toronto on Saturday night, and he is making his remarkable trip yesterday with the job ready for work at seven o'clock this morning.

Murphy was started from the City Hall Amphitheatre, at ten o'clock sharp. He arrived at Toronto City Hall at 5:28 in the afternoon.

The lad started out with one attendant, chum of his, on a wheel. The wheel broke down about nine miles out of Hamilton, so that the boy had to run the remaining thirty-four miles alone.

It was a great performance, and, aside from looking a little pale and tired, he is as good as ever. He is at his work today.

Murphy has done all his training by himself. The longest distance he has done in practice this year was thirty miles at Exhibition Park. He worked up till three o'clock on Monday, catching the four o'clock boat for Hamilton, and started at ten the next morning on his long and lonely trip.

Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls.

Brooklyn, N. Y.—'I have been a great sufferer with a constant pain in my back. I was advised to use Lydia E. Pinkham's Vegetable Compound for it, and the pain has disappeared. I feel like a new woman since that awful pain has gone, and may God bless the discoverer of that great and wonderful remedy.'

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it has done, not what we think it will do.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine.

ALDERMEN ORGANIZED FOR A YEAR

Aldermanic Caucus Held Yesterday—Ald. Potts Chosen Chairman of Ferry Committee—Personnel of Board

The usual aldermanic caucus to decide on the make-up of the various civic boards and standing committees for the ensuing year, was held yesterday afternoon in the committee-room at City Hall. An important feature of the meeting was the decision to cut down the number of members on the boards to seven. It has always been the custom heretofore to have thirteen members on the board of works and eleven on each of the other three boards.

Alderman Christie was the unanimous choice for deputy mayor and the new chairman are Ald. Potts for the ferry and Ald. Kelley for the bills and by-laws.

Ald. McGoldrick and Vanwart were selected as revisors of the assessment. The sixteen men selected to sit in the municipal council are the mayor and the aldermen with the exception of Messrs. Lively and Hayes, who were left off at their own request.

The members pledged their support to Ald. Kelley for the position of warden of the municipality.

Ald. McGoldrick presided at the caucus and Ald. Baxter acted as secretary. The personnel of the boards and committees as decided on, is as follows:

Treasury board—Baxter, chairman; Frink, Kelley, Sprout, McGoldrick, Vanwart, Potts.

Board of public works—McGoldrick, chairman; Elkin, Holder, Sprout, Scully, Lively, Codner.

Water and sewerage board—Frink, chairman; Lewis, Scully, Elkin, Christie, Hayes, Baxter.

Board of public safety—Vanwart, chairman; Kelley, Scully, Sprout, Hayes, Potts, Wilson.

I. C. R. COMMISSIONERS ARE IN THE CITY TODAY

F. P. Brady and E. Tiffin Arrived Last Night and Are Looking Over the Terminals

F. P. Brady, the recently appointed member of the new I. C. R. board of control; E. Tiffin, general traffic manager of the I. C. R., also a member of the board, and T. Halliday, division superintendent, arrived in the city last evening in a private car attached to the Halifax express.

Today they are looking over the terminals here to allow Mr. Brady to familiarize himself with the geography of the place and they will return to Moncton tonight.

Regarding the work of the new board Mr. Brady said they had not had a meeting as yet as the board only comes into existence today. The first meeting will probably be held next week in Moncton.

The board is composed of M. J. Butler, deputy minister of railways; F. P. Brady, E. Tiffin and D. Postinger. The three latter will have their headquarters in Moncton and will be in close touch with the affairs of the road. For the present Mr. Brady will have special charge of the operating branch of the work.

Once a month a meeting will be held in Ottawa with Mr. Butler.

A NEW ART ROOM Hoyt Bros. Open Their New Premises on King Street Today

The new art room of Hoyt Bros., at 106 King street, near the corner of Charlotte, was opened today. A full line of art goods of all kinds is carried in stock, and the picture framing business formerly conducted by Reid Bros., who were burned out, will be continued by George S. A fine assortment of picture mouldings, containing all that is newest and most attractive in this department, is shown along with some very beautiful art pictures. The firm also carry a line of "den" goods, execute orders for exclusive designs in grille work, and attend to furniture repairing and upholstering.

The walls of the art room have been tastefully decorated in red and green, while a large design in grille work converts one end of the room into a cosy corner and gives a most homelike appearance.

A call on telephone No. 1633-11 will receive prompt attention.

POLICE COURT

When Archibald Le Clair was requested to plead to the allegation of intoxication in the police court this morning he replied: "I suppose that's all right, all right, I get that way sometimes."

"It's all wrong," in my opinion, commented the magistrate, as he fined Le Clair \$4 or ten days. "I ain't got no money and I wouldn't pay it to these people if I had it," said Le Clair who is from Quebec, as he retraced his steps to the bench and added: "I guess I kin face the ten, all right."

James Keenan, a Monctonian who reached the city on Thursday was fined \$4 or ten days for inebriation.
