

Quiet Day Reported on Western Front; Russia Faced By a Reign of Terror

FOCH'S OFFENSIVE HALTED BY HUNS AND BAD WEATHER

Torrential Rains Render French Lowlands Almost Impassable --- Badly Beaten Enemy Strengthens His Lines.

Quiet Reigns on Western Front, But Allies' Eight Weeks' Campaign Has Been Wonderfully Successful --- Germans Flooding Somme Country To Handicap Tanks.

By Arthur S. Draper.
(Special Cable From The New York Tribune and The St. John Standard.)

(Copyright 1918, by The New York Tribune.)

London, Sept. 11.—The brevity of today's communique contrasts sharply with the detailed reports of a week ago. Their very brevity creates a feeling of awe and encourages the belief that Foch is about ready to undertake other operations. They reflect the calm before the storm.

The quiet moment is really artificial. What fighting has taken place in the past twenty-four hours has been of a local character, with here and there a fitful blast of artillery fire.

The British have withstood several vigorous enemy counter-attacks in the neighborhood of Woevreux, where the Canal du Nord becomes a part of the Hindenburg defenses.

At La Fere and St. Quentin the French have advanced right to the Canal and if Foch desires to press further here, he is in a fair way to break the enemy's communications.

Mangin's army is resting while the artillery on his front is engaged in a lively duel. In Champagne, the Vosges, and the Woevreux from Rheims to the Alps, German patrols have suddenly become active.

The British and French troops apparently are in a hard race for the prize of St. Quentin, forces of both armies now being at equal distant points west of the city.

The British in local operations have made further progress north of Ephey in the operation which has for its purpose the driving of a wedge midway between Cambrai and St. Quentin and also have successfully sustained heavy counter-attacks by the Germans near Gouzenourt where the Germans are trying hard to hold back the British push toward Cambrai.

North of the St. Gobain massif the French have made additional slight advance notwithstanding the bad condition of the terrain and the strong forces of the enemy aligned against them in an effort to prevent the turning of this important position from the west.

Heavy artillery activity is in progress all along his front, and likewise on the sectors northeast of Soissons and between the Aisne and Vesle rivers the operations on which have a direct bearing on those north of the St. Gobain Forest.

The British have been successful in local encounters near Arras and in the region of La Bassée Canal.

Reports from the American continent indicate that the enemy is trying to flood as much of the country as possible so as to handicap the tanks.

Mad Weather and Huns Combine to Stop the Allied Offensive.

SEPTEMBER EXPECTED TO BE MONTH OF HORROR IN RUSSIA

The Bolsheviks Continuing Their Reign of Terror.

TROTSKY URGES DEATH PENALTY FOR ENEMIES

Moscow and Petrograd Centres of Atrocities—Bolshevik Rule More Tyrannical Than Worst Days of Czardom.

Stockholm, Tuesday, Sept. 10.—(By The Associated Press.)—July and August were months of horror which never will be forgotten by persons who watched Russia's two great cities—Petrograd and Moscow—pass through the mad attempt of the Bolsheviks to shoot or imprison all persons who disagreed with their wild efforts to control crumbling European Russia. / September probably will be worse, for the opposition parties are gaining strength through desperation.

The lives of the non-Bolshevik are unsafe and everywhere in Russia no defense is forcing unwilling belligerents to take up arms against the ruthless persecution so-called commissions for the suppression of a etc etc revolution which shoot down the bourgeoisie by the hundreds.

Leon Trotsky, the Bolshevik minister of war, evidently is determined that his dictatorship of the proletariat shall not repeat the history of the former provisional government and fall through being too merciful.

Ex-Premier Kerensky refused to impose the death penalty and his government fell almost without the loss of a life, but the observers of the Russian political situation say that, no such bloodless came to the Soviet republic. It has given no quarter and it will receive none.

Whereas it is not improbable that Foch, when the skies have cleared and the mists disappeared, again will take up with full impetus his task of putting the enemy on his mettle, and continue for the two months of good weather remaining, if not beyond that period, his efforts with his own now great forces to drive the Germans farther back toward the Rhine.

Marie Spiridova, a social revolutionary leader, charged in her memorable speech before the all-Russian Soviet congress at Moscow on July 4, that Bolshevik rule was more tyrannical than that of the late Emperor and the reign of terror had scarcely begun at that time.

Dr. Karl Helfferich, the German ambassador at Moscow, rushed back to Berlin and reported to his government that Moscow was in a state of anarchy that he himself could not stay there, and he is alleged to have advised the discontinuance of diplomatic relations with the Soviet government.

Such is the first news to come out of Russia of an attempt being made against the life of the new German ambassador at Moscow. His predecessor, Count Von Mirbach, was assassinated.

Spots were heard everywhere day and night and motor lorries filled with armed soldiers dashed through the streets with utter disregard for the life of civilians.

Men who have refused to fight the suppressing a counter-revolution. Former army officers are treated as pariahs and one old woman more than eighty years old have been taken into custody.

Not content with seizing the property of the educated classes, the Bolsheviks are now turning their attention to the property of the bourgeoisie.

Bases on balls, of Tyler five, of Mays two; hits of Tyler five in seven innings, of Hendrix none in one inning. Hit by pitcher, by Mays (Mann) struck out by Tyler one, by Mays one. Losing pitcher Tyler. Umpires: Hildebrand at plate, Klein at first, Owens at second, and O'Day at third. Time 1:46.

JAPANESE TROOPS ACTIVE ON THE SIBERIAN FRONT

Report From Tokio Tells of Operations—British Foreign Office Uninformed of Outrages in Petrograd—Bolshevik Forces Scatter Before Entente Soldiers.

Volga, Wednesday, Sept. 6. (By The Associated Press.)—An official statement issued today by the Japanese war office reporting military operations on the Ussuri front in Siberia says: "Our cavalry reached Bohalovo on Sept. 2.—Bikin, 150 miles north of Vladivostok, was reached on Aug. 31, and our vanguards entered Ivan, 40 miles south of Bikin, on Sept. 1. The railway bridges at Ivan and Bikin were not damaged by the enemy."

Russia Pays Tribute. London, Sept. 11.—The first portion of the Russian war indemnity in Germany was sent on Saturday last from Moscow to Berlin, according to an exchange Telegraph Company despatch from Copenhagen today. It amounted to 250,000,000 rubles, one half in gold and the remainder in notes.

Britain in the Dark. London, Sept. 11.—The British foreign office has received no news concerning the reported massacres and acts of incendiarism in Petrograd.

Bolshevik Troops Flee. Vladivostok, Wednesday, Sept. 4.—The Siberian front has disappeared overnight. In the words of an American authority, it has "moved 4,000 miles to the westward." Communication has been completely established between Vladivostok and Irkutsk.

Volgaes Captured. Stockholm, Monday, Sept. 9. (By The Associated Press.)—Volgaes, a town on the Volga River, 110 miles north of Yaroslavl, is reported in despatches from Moscow to have been captured by Russian White Guards consisting chiefly of peasants who approached the place from Perm. Before leaving Volgaes the Russian Red Army is said to have burned the town.

Teachers Scarce. Chatham Unable To Secure Manual Training Teacher At Fifty Per Cent. Increase. Newcastle, Sept. 11.—Teachers are so scarce that the Chatham School Board seems likely to have to go without a manual training instructor this term.

Men From Canada. Toronto, Sept. 11.—"Canadian troops are working day and night to lick the Germans," said Sir Edward Kemp today on his return from England where he has been overseas minister of militia.

BRITISH AND FRENCH MADE GAINS, BUT DAY WAS QUIET

Germans Put Forth Determined Effort To Stop Progress of Allies, But Without Success.

Washington Learns That Enemy Is Systematically Evacuating Douai—Much War Material Already Removed From That City.

London, Sept. 11.—The British in local operations have further advanced their line north of Ephey and in the neighborhood of Vermand, west of St. Quentin, according to Field Marshal Haig's communication issued tonight.

French Take More Trenches. With the French Armies in France, Sept. 11.—(11 p.m. by The Associated Press.)—The Germans have relieved several of their tired divisions in the region of Vauxaillon, on the front north of the Aisne, and with some of their best troops are making a strong effort to stop the further eastward progress of the French.

Repeated counter-attacks in this vicinity were reported. The enemy receded violently north of the Oise, but also without stopping the progress of the French towards the road from Le Fere to St. Quentin, which they now hold from Le Fere two miles northward to Travecy. The wooded region of Vendeuil also fell into their hands.

Germans Evacuating Douai. Washington, Sept. 11.—Systematic evacuation of the town of Douai, one of the important forward bases of the present German line in France, is described in official advices reaching Washington today.

Provincial Food Controller Warns Them, But They Refuse To Heed It—Other Items From Railway Town. Special to The Standard. Moncton, Sept. 11.—Dr. W. C. Keirstead, provincial food controller, had a meeting this morning with local milk dealers to discuss the recent advance from 11 to 13 cents per quart.

Head of Railway Brotherhood Says Government Must Grant Conciliation Board. Halifax, N. S., Sept. 11.—Employees of the Canadian Express Company who have a number of grievances which they have been unable to adjust will strike.

Let the government appoint a board of conciliation or commission to investigate disputes such as is now causing the trouble, as did the government of the United States. That will end the present strike and avoid a more serious one.

Two Island young men had a close call from being killed this afternoon when their auto bumped into the Ocean Limited at the St. George street crossing. The car struck the side of the moving train and the front of the car was wrecked.

County Prohibition Inspector Belliveau visited Scotch Settlement today and brought in a man named Chambers together with twenty gallons of blueberry wine, found on Chambers' premises. Chambers was convicted of violation of the Prohibition Act and fined \$20.

The marriage of Miss Alice Macle, daughter of Mr. and Mrs. John H. Marks, to Horatio McKeen, a well known C. O. R. machinist, took place last afternoon at the bride's home, Bedford street. The ceremony was performed by Rev. T. P. Drummond in the presence of many friends.

Engineering Institute of Canada Opens Its Sessions in Sister City. Halifax, N. S., Sept. 11.—The third general professional meeting of the Engineering Institute of Canada opened its first meeting in Halifax this morning.

Engineers Inspect Halifax Harbor. Montreal, Vt., Sept. 11.—With only two small towns missing today Percival Clements had a plurality of 228 over Charles H. Darling and Frank B. Howe in yesterday's primary in the contest for the Republican nomination for governor. The totals were: Clements 11,885; Darling 11,340; Howe 9,330.

Transport Torpedoed But No Lives Lost. London, Sept. 11.—A troopship with 2,800 American soldiers on board, was torpedoed. All hands were saved. The troopship was beached.

HOPEWELL HILL

The regular meeting of the Patriotic League was held at the home of the secretary, Mrs. McAlmon on Tuesday afternoon.

The meeting opened with singing the daily prayer for our soldiers. The secretary reported fifty pairs of socks shipped in August and thirty dollars expended in yarn for Christmas socks for our boys at the front.

A good programme was carried out consisting of a solo by Mrs. A. H. Peck and readings by Mrs. Robert McGorman and Mrs. L. Archibald.

Mrs. Alex Rogers and Mrs. A. H. Peck were appointed a committee to arrange the programme for the next meeting.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—M. M. The King.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THEN AND NOW.

The Kaiser while entertaining a puppet potentate, the new Hetman of the Ukraine, and amid their reciprocal bows and hurrahs, has been telling the gentleman how the war was brought upon the world by the machinations of the Entente Allies, and continued by them with criminal madness. This is the usual tenor of the Kaiser's utterances these days, and will become more pronounced yet, says the Ottawa Journal. Retribution for the real criminals, the Kaiser and his advisers, advances with sure steps, and the outcry in Germany will be proportionate to its advance. The Kaiser did not trouble to talk that way at the start, nor anyone else in Germany. "We will let it" cried Maximilian Harden, and nobody offered amendment. Still, one is inclined to wonder a bit at such utterances as the Kaiser's, latest, when the recent revelations of men like Dr. Muehlon, ex-director of Krupp, and Herr August Thyssen, formerly one of the greatest coal and iron magnates of Germany, have been allowed to pass without contradiction from Berlin. Herr Thyssen brought the responsibility directly home to the Emperor: After detailing promises made to himself and others as early as 1912 of lands in Australia, privileges in a conquered Canada, and huge indemnities for Germany from defeated European nations, Herr Thyssen it may be recalled said:

"These promises were not vaguely given. They were made definitely by Bethmann-Hollweg on behalf of the Emperor at gatherings of business men, and in many cases to individuals. I have mentioned the promise of a grant of 30,000 acres in Australia that was made to me. Promises of a similar kind were made to at least eighty other persons at special interviews with the chancellor, and all particulars of these promises were entered in a book at the Trades Department. "But not only were these promises made by the chancellor; they were confirmed by the Emperor, who, on three occasions, addressed large private gatherings of business men in Berlin, Munich, and Cassel in 1912 and 1913. I was at one of these gatherings. The Emperor's speech was one of the most flowery orations I have listened to, and so profuse were the promises he made that were even half of what he promised to be fulfilled, most of the commercial men in Germany would become rich beyond the dreams of avarice. "The Emperor was particularly enthusiastic over the coming German conquest of India. 'India,' he said, 'is occupied by the British. It is in a way governed by the British, but it is by no means completely governed by them. We shall conquer it, and the vast revenues that the British allow to be taken by Indian princes will, after our conquest, flow in a golden stream into the Fatherland. In all the richest lands of the earth the German flag will fly over every other flag. "Finally the Emperor concluded: "I am making you no promise that can not be redeemed, and they shall be redeemed if you are now prepared to make the sacrifices which are necessary to secure the position that our country must and shall occupy in the world. He who refuses to help is a traitor to the Fatherland, he who helps willingly and generously will have his rich reward."

Dr. Muehlon's story was as definite, and Dr. Muehlon and Herr Thyssen have the confirmation of Baron Wangelheim, the German ambassador to Turkey, who in the hour of German intoxication previous to the first German defeat on the Marne, told his American fellow ambassador, Mr. Morgenthau, all about the pre-war council he had been summoned to at Berlin, where the Kaiser completed his own "machinations."

These are things to keep in mind as the Hun war offensive decreases, and the Hun peace offensive will well.

THE CASE OF BOHEMIA.

Dealing with the case of Bohemia and the Czechoslovaks we find the Germans waxing mightily solicitous. They fear the possible effect upon Russia of an alliance between the Allies and the Czechs and thus we find the semi-official Wolff News Bureau calling the Czechoslovaks by the contemptuous term of "robber bands."

For Germany to apply the term "robbers" to any people on earth, no matter how rapacious they might be, would be a ludicrous example of the sort calling the kettle black, but as applied to the Czechoslovaks such an application is not only unmerited but almost profane.

A VICARIOUS SACRIFICE.

In exchanging the Imperial German Chancellorship for a passport back to private life, Count George F. von Hertling has gone the way of many previous chancellors. Whenever things are in a bad way; whenever something has gone wrong which might, if too closely scrutinized, be laid at the door of the All-Highest or his creatures; whenever, in fact, the Kaisergrasse needs a goat, the Chancellorate is first combed for a possible vicarious sacrifice.

The late Chancellor is said to have retired on account of ill-health. This is perfectly true, in all probability; but the ill-health is that of the body politic.

THEY PLAYED SAFE.

Last spring the German war lords guaranteed their country the capture of Paris and the Channel Ports at the expenditure of 1,600,000 casualties. According to careful estimates, they have expended 1,100,000 of these since March 21, and are travelling in the opposite direction.

With only 400,000 to go, it is fortunate for the war lords that they did not undertake for themselves any penalty in default of specific performance of the guarantee.

LITTLE BENNY'S NOTE BOOK

BY LEE PAPE

SWAT THE FLY

Fello citizens, swat the fly. It is a dangerous beast. So swat it from all directions including its little south east. Their size don't make any difference, and neither do their age. One's just as bad as another. So swat them with cries of rage. A fly's feet is among the worst parts of it. Even worse than its stings. Because a fly gets everything on its feet. And then gets its feet on everything. They walk on a horse's stummock. And then stand on the sliced banners. Proving, first, warty darty things they are. And 2nd, they ain't got any manners. O, people are proud of the bixy bee, and public opinion of the ant is high. And some don't even mind caterpillars much. But nobody loves a fly. So swat one whenever you see one. And don't show any mercy to any. Swat even the wimmen and children ones. For its impossible to swat too meny.

A BIT OF VERSE

ANNIE LAURIE

(It is the Queen of Songs in the Trenches, says the London Chronicle.) They sang the new songs when they marched— That Scotch and English host— Down through the blossomed fields of France. Where stalked war's haggard ghost. Of new songs and the lifting airs, Of dance-halls left behind, And rag-time of the cabarets Filled every drifting wind. But in the trenches, watching foes As lions watch their quarry, They sang with serious lips and eyes The old song "Annie Laurie." It fitted each dear homing thought "That was of life a part— "Annie" was sweetheart, mother, wife, With answer for each heart. For through the lapse of many wars Where Right has battled Wrong. Has been the soldier's song. They sang it with the "Iron Duke." On Waterloo's red plain. And waked Crimean echoes up With its sweet, haunting strain. And when they marched the African sands, Outnumbered man to man, They sang it, face to face with death. "With Kitchener in Sudan. And so today "the fairest face" Comes to the soldier's dream On music of the drifting tune. Where allied banners stream. —Sarah B. Kennedy.

MILITARY NOTES

Captain Goodday, Ottawa, reached the city yesterday, and is reporting here for duty in the Canadian Military Police Corps. Capt. Warren has proceeded to Sussex, N. B., to take over his command of the New Brunswick quota for the Siberian Contingent. Colonel F. S. L. Ford, C. M. G., Ottawa, who spent the past few days inspecting the Military Hospitals for Military District No. 7, left on Monday last on an inspection trip of the military hospitals in Nova Scotia. Regarding Ottawa, as the mobilization centre for the Siberian Contingent, this centre is verified by military authorities and add that the unit will winter in Vancouver, or some western centre, proceeding to Siberia in early spring. The military police are as busy as usual and yesterday paid a visit in an official capacity to a munitions work. They held up all appearing military eligible and demanded military papers, birth certificates, marriage certificates, etc. Some nineteen men were conducted to the Armouries. But report states these have complied with all regulations, and had simply left their documentary evidences at home. No doubt they will be freed today.

MARITIME LADS IN THE CASUALTY LIST

Early List Received At Ottawa Yesterday Contains Many Names.

Ottawa, Sept. 11.—Today's early casualty list contained the following Maritime Province names: Machine Gun Company. Wounded— J. Fogar, Newcastle, N. B. D. L. McWhirter, Gunning's, N. B. R. Y. M. C. A.

In the six months ending June 30th 1918, the total sum distributed by the Canadian Y. M. C. A. among the units of the Canadian Corps in France was approximately \$30,000. This sum represented 5 per cent. of the gross daily takings in the Y. M. C. A. canteens in the Corps Area and the distribution among the various units in the Division is made according to the relative strength of the units. Accompanying each monthly cheque for the proportion of receipts returned to the units is a slip of paper on which is printed:—"The Canadian Y. M. C. A. trusts that the troops to whom these comforts are distributed can be made aware that the articles come from the Association as part of our regular service in the Field, which is made possible by donations from the people of Canada and through the profits on our canteen operations, and that the articles are not a Government issue." Writing to Capt. W. B. Hurd, Senior officer Y. M. C. A., 2nd Canadian Division, France, Lieut.-Col. G. J. P. Murphy, O. C., No. 6 Canadian Field Ambulance, acknowledges receipt of a cheque and expresses the sincere thanks of all ranks of his unit for the money. "We all highly appreciate the excellent work you are doing for the comfort and amusement of the troops," writes Lieut.-Col. Murphy. "In using this money in return and comforts for our men they shall be informed as to the donor. With regard to the contemptible article which appeared in a certain paper, I would beg to say on behalf of all officers and other ranks of this unit that we trust the Y. M. C. A. will take no notice of this inasmuch as their good work and general utility to the Army is too well-known to us all to think that any so-called Association of the Great War Veterans, or others like them, could change the high opinion and esteem in which your Association is held."

THE MAN With the Hoe

Hoeing is a severe strain on the back. It calls into play muscles not used much in lifting or in other kinds of farm work. If you have a weak back you cannot stand much hoeing unless you use Dr. Chase's Kidney-Liver Pills to set the kidneys right and remove the cause of weakness and lameness of the back. Just try one pill a dose at bed time and see how much better you will feel.

MORE LIQUOR CASES IN POLICE COURT

Druggist Charged With Illegal Sale of Alcohol—Commercial Man Fined \$200 For Having Booze in His Grip.

M. V. Paddock appeared yesterday in the Police Court to answer a charge of unlawfully selling liquor. Ernest Kenny, of Torriburn, told of getting a prescription from Dr. Peters in Rothesay for alcohol for use in the illness of his mother. This prescription he took to Paddock's drug store and gave it to C. Barling, a clerk there. Mr. Barling filled the prescription which called for one pint of alcohol and charged Kenny \$1. Mr. Paddock stated that this violation of the law was entirely unintentional. The case was set over until Friday next.

A commercial traveller, charged with having liquor in his possession, other than in his private residence, was fined \$100. The liquor inspectors met the Digby boat, as complaints had been made of travellers bringing liquor into the city. The defendant's grip was searched and two bottles found, one tapped, the other intact, and the knight of the grip was arrested.

The case of the Braxley Drug Company, charged with selling lemon extract, which was the alleged cause of two men becoming drunk, was up for a further hearing.

L. A. Conlon, appearing for the Druggist, asked that in view of the evidence brought in, the case be

dismissed. Mr. Conlon and Inspector Wilson differed on a few points, and the hearing was postponed until Friday afternoon. John McCausland, charged with having liquor unlawfully in his possession, also with supplying it to others illegally, was fined. B. L. Gerow appeared for Mr. McCausland.

INCREASE IN THE COST OF FOOTWEAR

Ten Per Cent. Advance Promised This Month—U. S. Embargo and Scarcity Said To Be Cause.

That footwear is scheduled to make an advance of ten per cent in the wholesale price during September, was the statement made to the Standard yesterday by a prominent shoe man. He said that the increase was in future deliveries. He added that this would not affect the retail price of shoes at the present time, but would tend to make prices higher next spring.

The ten per cent. increase is due to the recent embargo by the United States on finished leather and the scarcity and increased cost of skilled labor in Canadian factories. The doubt is expressed that manufacturers will not get enough leather to meet their demands for next year.

Into the joy of Sunlight

Face Peeling Easy—Blonde or Brunette

"The blonde's complexion fades early, because her skin is extraordinarily thin and fine," says Miss Lina Cavallari. "The brunette's, as a rule, is the reverse. The skin is thicker and has a tendency to an oily appearance."

For either the faded blonde's skin or the brunette's oily or sallow complexion, the best remedy is ordinary mercurized wax. Used every night, this will give one an entirely new complexion within about a week's time. The wax gradually peels off the worn-out surface skin, with all its defects, a little each day, without affecting the delicate under-skin in the least. The latter will have the exquisitely beautiful glow of youth—indeed, one may readily lose ten or fifteen years from her age, so far as appearance goes, by a course of this simple treatment. The wax, procurable at any drug store, is applied like cold cream.

Byron Kent.

At the Cathedral yesterday morning at 9:15 o'clock, with nuptial mass, James Byron and Miss Dora Kent were married by Rev. F. F. Walker. The witnesses were Sylvester Byron and Miss Sylvia Hickey. The groom hailed from Minto and the bride has resided at 99 St. Patrick street.

NORWAY ALTHOUGH NEUTRAL IS VERY MUCH PRO-BRITISH

C. L. Larsen Tells Why His Country is Not At War and How Badly Norwegians Have Been Used By the Germans.

C. L. Larsen, Lyaker, Norway, was a visitor in the city on Sunday last and was interviewed by the Standard. Mr. Larsen later had a talk with the reporter and handed him a letter for publication as follows:

"The report mentioned in the press of my being on an inspection trip of some iron mines in Newfoundland was quite correct, but regarding the quality mentioned in the press, that these mines were somewhat lacking in quality—was correct also in a degree, but the iron mines of Newfoundland, such as the Wakana, Red Hematite Mines on Belle Island, those near Conception Bay, have good quality and are indeed good samples of iron ore and will be able to supply ore for years to come, as it contains about 55 per cent Fe Pure iron. However, the claims I visited were not so encouraging, as the ones mentioned above. The real purpose of my trip to the island was to inspect a branch shipbuilding company of the Havenside Company of New York and Colorado, which is building wooden schooners of 600 tons and steam and gas bottomed cargo motors of the same tonnage. These are being built in Harbor Grace, Newfoundland, the purpose of my trip being to ascertain if there remained vague possibilities for changing these yards into steel shipbuilding centres. However, the trip also led me to investigate some mining areas, but those visited were, as stated, not very encouraging, so vague possibilities shown by the reports will result in these mining investments being dropped for a time at least.

Good deposits of Kieselguhr, gypsum, copper, lead, coal and molylbenzene are on the island and some of these deposits may turn out to be paying investments in the future.

"Grave difficulties are to be overcome as the island is covered with bush and German warships are hard to get through, and communication coupled with bad weather will deter future operations. "A long time is necessary for the commencement of the work, and again would be a great detriment to any company undertaking to operate these mines. "These mines on Newfoundland cannot be compared with those in Canada, which I believe to be the future leading country of the world, and with every possible mineral in the bowels of the earth, (many yet un-found) will create in the future the markets of the world.

"Touching on our relations with Germany, I am a Norwegian Christian, and received my mining education in England in the Royal School of Mines, affiliated with the Imperial College of Technology and Science, at London, then owing to my English education your countrymen would believe that I am pro-English, but I am not. I am happy to say such is not the case. Norway is neutral and ought to be as such, but they have been used as a base for German operations. "They receive from the German fleet our ships to about the number of 60 per cent; torpedo boats; and in fact violate all conditions regarding neutrality and consequently the bowels of the earth, (many yet un-found) will create in the future the markets of the world.

"Turning again to the philanthropic side of my country, they are generous in an extreme. A worthy example is my employer, Christopher Haugen, a true Norwegian. He is most generous to worthy causes, and has good business branches in near all parts of the earth, among which are his shipbuilding plants, scattered in every part of notable mention; banks, iron works and mines. He has given heartily to the Red Cross in England, France and America, and lastly opened up a special department in his New York bank for the subscription of Liberty Loans, he himself being a hearty subscriber.

"He understands, as all do, who have common sense, that good ships are the enemies of Germany. The Germans realize it themselves, and for this reason are sinking them, and the idea of the Allies is let them sink. "We'll build more—a good resolution. "Norway, herself, is going on with her shipbuilding, although handicapped to a great extent. "But Norway must be content as a small nation among big ones, and I offer this line from a hymn: 'Oh! when will earth Thy rule obey? When will glorious peace come, and when will the small nations be rightly protected, but sun and fine weather follow a storm.

"This war is in my opinion, and that of many others, a just punishment or a visitation of God on the nations, excluding them to put more trust in God and try vainly and worldly efforts. "I have visited three continents during the war: Europe, Africa and Am-

SOCIAL SERVICE CONVENTIONS HELD

Series of Nine in Various Parts of Province — The Object Organizing Local Councils At Places Visited.

During last week and this a series of nine social service conventions have been held in various parts of the province under the auspices of the provincial social service council, with the object of organizing local councils at the places visited. Conventions were held last week at St. Stephen, Woodstock, Fredericton, Chatham and Campbellton, and this week the meetings were at Bathurst, Newcastle, Sussex and Moncton.

Rev. F. S. Dowling, who attended a number of the conventions has just returned to the city, and last night in talking with The Standard said all had been most successful and local councils had been formed at these important points in the province and it was hoped under the Civic Service Commission in every community in New Brunswick.

Rev. Dr. Shearer, Secretary of the Dominion Council, was present at all of the conventions, and at each evening, dealing particularly with the three reforms which are engaging the attention of the federal council for this year.

The first of these was child welfare. This work was receiving great attention and consideration from many of the provinces. The Ontario government had provided a child welfare exhibit which was moved around from place to place and had aroused great interest in this very important subject and was expected to produce many needed reforms.

The second was the patronage evil. Great progress had been made in the abolition of this evil from federal affairs, the outside service now having come under the Civic Service Commission and an independent purchasing commission having been formed for the purchase of all supplies needed for the several departments and every business house irrespective of party affiliations had an equal opportunity to sell to the government. Ontario, Manitoba, and Alberta had already followed the example of the Federal Government, and it was hoped that New Brunswick would soon join this trio.

The third was venereal disease. Dr. Shearer admitted that in the past there had been a conspiracy of silence with regard to these diseases, that merely required darkness to do their deadly work. But he added that the light of knowledge and publicity must be thrown upon this cancerous menace, and the Federal and Provincial councils were co-operating to bring about a more open way of all things.

While in Campbellton, Mr. Dowling met Rev. E. Leslie Pidgeon, past president of the International Rotarians, who was en route to Washington in connection with the work of the Rotarians. Mr. Pidgeon stated that the American Rotarians with the approval and co-operation of the United States government were bending all their energies to fighting the venereal disease, and he laid it down as their program to have venereal disease classed as contagious and as such, within one year, Rev. W. D. Wilson, chief inspector, had been expected to attend all the conventions, but had only been able to appear at St. Stephen and Campbellton. Mr. Dowling said it was interesting and promising to find that Mr. Wilson was very much loved and respected in the places visited, and thought this spoke well for his work and character.

The provincial service council will meet in this city on Friday and one of the matters to be considered is the appointment of a permanent field secretary. Prince Edward Island has offered to co-operate with New Brunswick in employing this official and delegates from that province will probably be present at the meeting on Friday. Ontario has one paid secretary, and several of the cities have paid men, Alberta has three, Saskatchewan has two and British Columbia is about employing one.

EXPRESS COMPANY AND THE EMPLOYEES STILL IN DEADLOCK

Forty Strike-Breakers Arrived Yesterday — Organized Labor and Veterans Offer To Assist the Strikers.

The strike of Dominion Express Co. employees is now reaching huge proportions, as evidenced by the fact that the men of the Canadian Brotherhood of Railway Employees refused to go to work until their grievances have been righted to the satisfaction of the men.

Strike breakers reached the city yesterday in a sleeping car, and were distributed by the Company from the city to McAdam Junction. The Brotherhood attempted no troublesome tactics on the breakers' arrival yesterday, but felt disposed to learn where and what was their business. These imported workers mentioned above are clerks, porters, drivers, etc., and are said to be under the Dominion Express Company's organization of workers, known as a Brotherhood also.

President G. D. Gibbs, of the striking Dominion express employees, stated these men were organized purposely to affect the affiliation of the main body of workers, and are organized to try and kill the main body of strikers.

The freight handlers, and those in the dining car service, are reported to walk out also, if occasion merits this action; and also to support the men on strike in the Express employ.

At a meeting of the striking employees in the city yesterday morning a delegation from the employees of the St. John Railway Co. met the men and pledged their support in any worthy cause to help them along. The Teamsters Union of the city have emphatically declared that their union will support their loyal and unanimous support also, and E. J. Paddy, of the G. W. V. A., has issued a statement to the veterans warning them that, according to a late resolution passed in their society, the members of the G. W. V. A. must refrain from taking any part, active or otherwise, in the strike of the Dominion expressmen, and further, to become employed by this firm would be a violation of their resolution, and they would be strike-breakers.

So far the request of the employees for a conciliation board has been denied; and no word received of their resolution forwarded to the Federal Government for a readjustment of their claims.

Another meeting of the employees was held last evening, and they decided to remain on strike until their grievances are righted.

On the other hand, the Company refuse to listen to the men, as they say firmly that a past schedule governs their employees and the present demands of the men are absurd, in the extreme.

FALL STYLES ADVANCE SHOWING OF EARLY FALL FOOTWEAR

We are just receiving our first shipments of Fall goods from the manufacturers and we are more than pleased with them, having the latest tinge of Fashion and the quality is of the best; being such popular and reliable brands as "Dorothy Dodd," "J. & T. Bell" and "Winnie Walker" and our own "W. & R. Special."

We already have a choice selection of Colored Boots for Ladies with High and Low Heels and would advise your Early Inspection and Purchase of these, as later in the season there will be a scarcity of them; some of the shades we will be unable to re-order on.

daughter Isabel Gertrude, who has been teaching in St. John for several years, was united in marriage to Mr. Dane B. Crosby of Yarmouth, N. S.

While Miss Nora Fairweather of Hampton played the wedding march, the bride carrying a shower bouquet of pink and cream roses and maiden hair fern and costumed in a travelling suit of alger brown with velvet hat to match, black fox collar and maize silk crepe de chene shirt waist with gloves of the same shade, entered the parlor on the arm of her father. The marriage ceremony which was performed by the Rev. C. K. Hudson, took place under a gracefully formed arch of golden glow and asparagus fern, which blended very nicely with the bride's costume.

After congratulations were received the bridal party repaired to the dining room where a dainty luncheon was served. The room was tastefully decorated.

The bride received many useful and beautiful gifts including china, cut-glass, sterling silver, etc. The teaching staff of the Aberdeen school, St. John of which she was one of the staff, presented her with a handsome gift of silver and cut-glass. Mr. Crosby, who is a foreman in T. McAvity and Sons munition plant, St. John was presented by the employees with a cabinet of silver.

Mr. and Mrs. Crosby left on the C. P. R. for St. John, followed by the good wishes of many friends. They will be "at home" to their friends at 50 Coburg street after November 1st.

ROYAL YEAST

Has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made at one baking, and the loaf will be just as good as the first.

ADVISE CARE IN MARKET DEALING FOR THE FUTURE

Many Brokers Urge a Conservative Course During Next Thirty Days—Market Analysis.

(McDOUGALL & COWANS) New York, Sept. 11.—Loans have been and are being called on specialties in a number of instances of very long standing.

They have forced out some pool stocks for the reason that renewals are not available. The expectation in banking circles is that when this pool liquidation is finished there will be recoveries of a moderate extent in prices.

A great many brokers are advising a conservative course in speculative investment during the next 30 days. They seem to be under the impression that the unusual demands for money will have then realized to a degree that will permit more activity in securities market.

Purchases on declines are suggested for cash. The market will stop declining just as soon as the speculative long account built up in the last few weeks on the Allied drive against the Germans shall have been cleaned out where vulnerable points existed.

A private wire from a well informed institution which is in touch with large accounts, including pool channels Baldwin is held in active market circles to be unusually well placed as regards both war and peace matters and recommendations are being made that this locomotive stock be bought and held for much higher prices.

A special analysis says the earnings should run \$23 a share annually during the remainder of the war.

Market Opinion.—Continued unsettlement and irregularity is likely until the liquidation has run its course. Pending the readjustment, it is said that sales on rallies will be found from professional traders.

Scale down buying orders only appear and investment absorption is the general recommendation for the present. Ralls and equipments are preferred as purchases on reactions.

LIBERTY BONDS SHADE STOCKS IN WALL ST. MARKET

C. P. R. Falls and Other Ralls Follow Suit—Market Generally Heavy For Stocks.

New York, Sept. 11.—Trading in stocks was overshadowed during the greater part of today's session by the usual activity of Liberty bonds, the 4's and 4 1/2's scoring substantial temporary gains, while the tax-exempt 3 1/2's reacted almost in corresponding degree.

The demand for Liberty issues resulted from the announcement that Secretary McAdoo has urged Congress for immediate action on his plan to extend tax exemptions on existing 4's and 4 1/2's and to limit the tax to be derived from the fourth Liberty loan, soon to be floated.

Stocks were firm at the listless opening, but gradually sagged, breaking sharply on the increased selling of the final hour. Issues most affected were those under professional dominance, although representative industrial ralls lost one to three points.

Automobile shares, so-called whiskey issues, tobaccos and oils were especially weak, Industrial Alcohol showing an extreme loss of 4 1/2 points. Distillers four, General Motors four, Sumatra Tobacco 4 1/2, Royal Dutch Oil three and Mexican Petroleum 2 1/2. U. S. Steel held its ground until oppressed by the weight of offerings, and regained only a fraction of its two-point loss, a few other active issues rallying about one point.

Ralls manifested none of their recent firmness, Canadian Pacific falling almost three points, and other transcontinentals, grangers and coalers one to one and a half points. Coppers, Shippings and minor specialties yielded one to two points, weakness prevailing at the close. Sales amounted to 350,000 shares.

The general bond list made no response to the rise of Liberty issues, International as well as domestic ralls and industrials eased moderately. Total sales, par value, aggregated \$10,775,000.

Old United States bonds were unchanged on call.

NO GRAIN MARKET. Chicago, Sept. 11.—No Chicago grain market today—Primary Day.

DRAFTS IN QUEBEC.

Quebec, Sept. 11.—In the practice court today Justice Cannon refused to grant the arrest of the commanding officers of local units on the ground of contempt of court for alleged refusal to produce draftees on behalf of whom writs of habeas corpus had been issued. The officers in the case are Col. M. Pius, Col. Daly Giguere and Col. H. Papeau.

U. S. STEEL GOES DOWN AND UP IN THE WALL ST. MARKET

Considerable Fluctuation in Standard Stocks Yesterday—Liberty Bonds' Exemption.

(McDOUGALL & COWANS) New York, Sept. 11.—Selling occurred again in the early afternoon and was pronounced in a limited number of speculative issues. Industrial Alcohol sold off five points and Distillers and American Sumatra about three points.

United States Steel went at one time nearly two points below the previous closing, but regained all but a point of its loss. The entire market hardened toward the close. Ralls acted better than the industrials.

The trading was only about a third that of yesterday, and was in fact so light as to give little significance to the day's price fluctuations. On second thought, Secretary McAdoo's recommendation as to limited exemption of income from second, third and fourth Liberty loan issues from taxation was not regarded as bullish as it had been in the morning. It is recognized that the exemption applies to too small an individual holding of the bonds to have much effect upon the taxation of corporations, while at the same time, it adds to the advantage of the government issues in appealing to all classes of investors in competition with other securities.

E. & C. RANDOLPH.

NEWS SUMMARY OF THE STOCK MARKET

(McDOUGALL & COWANS) New York, Sept. 11.—Canadian Pacific first week September increase \$37,900. From January 1, increase \$728,900.

Keystone Tire and Rubber Co. reports earnings for August \$108,700, as compared with \$53,000 in August, 1917.

McAdoo asks congress for immediate legislation in order to stimulate fourth Liberty Loan sales, exempting income from not more than \$30,000 of fourth Liberty Loan bonds and first, second and third bonds up to \$5,000 from sur-tax.

Authority also asked of congress to make arrangements with foreign countries to stabilize foreign exchanges in order to give flexibility in treasury operations.

Local bankers believe McAdoo's plan for supporting Liberty bonds will be real stimulus for forthcoming Liberty Loan.

By capture of Roup, French are now 4 1/2 miles from St. Quentin in southwest and with passing beyond Hincourt 7 miles south of city now command all approaches to St. Quentin on three sides.

Washington hears from reliable sources that Turkey has sent large force to border of Bulgaria where trouble is brewing over division of spoils.

House leaders plan to end general debate on revenue bill Thursday.

Comptroller in London calls for conference of allied labor heads to discuss views of American Federation of Labor on war aims.

Provost Marshal Crowder announces that those between the ages of 19 to 29 and 32 to 36 inclusive will be called first in the new draft.

McAdoo asks for issue of \$4,000,000,000 war savings stamps raising limit two billion in order to float 1919 series.

Conserve Your Health

Canada needs her men in field and factory. No one can afford to be too sick to work. Kidney trouble often keeps men sitting around the house, but

Dr. Wilson's HERBINE BITTERS will quickly relieve pain in the back, take away the burning in bladder, restore healthy action to the kidneys, and make a tired, worn-out, pain-plagued man as fit as he had been before.

Dr. Wilson's Herbine Bitters are made from grape herbs and are Nature's own remedy for kidney troubles, indigestion, constipation, liver headache, general rundown condition. It acts like a tonic, but is a healthy family drug, fits times as large, 67.

COTTON MARKET IS STILL UNSETTLED

(McDOUGALL & COWANS) New York, Sept. 11.—The market continued nervous and unsettled. The principal factors of interest emphasized today have been the likelihood of a tropical storm reaching the Gulf, the weekly report which proved rather less favorable than expected, showed cool weather in the South. The market, however, failed to develop any definite trend. Fluctuations reflected to a considerable extent pre-holiday adjustment of accounts on the part of local operators.

WITH MILLIONS MORE MEN TO ASSURE A GREAT VICTORY—The Need of More Army Huts Is Imperative

So It Is That The Knights of Columbus Are Extending Their Efforts in Erecting and Maintaining REST AND RECREATION FACILITIES AT THE FRONT AND IN CAMPS

THE NEED FOR ALL THE ARMY HUTS IT IS POSSIBLE TO JURNISH IS MOST PRESSING. Canadian and British generals say so, also American commanders and even Generalissimo Foch himself. They all urge upon non-combatants at home the necessity of employing money and effort without stint to back up fighting men with relaxing comforts. This is what Army Huts are built for; this is one of the great secrets of Allied spirit and fitness.

THE GOVERNMENTS OF THE ENTENTE SANCTION AND ENCOURAGE THE EXTENSION OF THIS WORK THROUGH NON-MILITARY ORGANIZATIONS.

THEREFORE:--

ON MONDAY AND TUESDAY NEXT an appeal to citizens will be made by the Knights of Columbus for private subscriptions in behalf of More Army Huts.

ON WEDNESDAY THE LADIES will hold a Rousing Tag Day to give every resident, young and old, the opportunity to help our boys.

ON THUR., FRI., SAT. FUN and Recreation will rule at the Knights of Columbus Headquarters—indoors and outdoors—when a Patriotic Fair and Garden Fete will swell the fund.

THIS IS EVERY CANADIAN'S FIGHT, LET EVERY CANADIAN HELP!

BOYS' AND GIRLS' PIG AND POULTRY CLUB FAIRS

Will be held during September and the early part of October under the direction of the Provincial Department of Agriculture.

	Sept. 9th	Cody's	Sept. 27th
Hoyt Station	Sept. 11th	Kingston	Sept. 19th
Nasonworth	Sept. 13th	St. Louis	Sept. 21st
Keewick Ridge	Sept. 16th	Rogersville	Sept. 23rd
Jacksonville	Sept. 18th	Chatham	Sept. 25th
Perth and Andover	Sept. 20th	St. Hilaire	Sept. 27th
Arthurette	Sept. 23rd	St. Jacques	Oct. 2nd
Hartland	Sept. 25th	St. Jacques	Oct. 3rd
Leverville			

Other fairs, not yet arranged, will be held in various sections.

UNION FAIRS

In sections holding Agricultural Society or other local fairs arrangements are made whereby the same are held in conjunction with the Boys' and Girls' Pig and Poultry Club Fairs. Such union will be of mutual advantage. This arrangement is completed for St. Hilaire and St. Jacques and under consideration in other sections.

SCHOOL FAIRS

Will be conducted in various centres. Keep in touch with your school teacher and ascertain the date upon which your School Fair is to be held. At Jacksonville, Kingston, Hartland and Chatham the Club and School Fairs are united.

FUNCTIONS OF BOYS' AND GIRLS' PIGS AND POULTRY CLUB FAIRS

To impress upon the plastic minds of the rising generation the value of live stock, including poultry, as a national asset. To encourage and interest the future farmers and farmers' wives of the Province in the production of live stock and poultry. To show by example the importance of the strict observance of proper environmental conditions in the profitable production of live stock and poultry. To promote the establishment of "Community Breeding Centres" for the production of high class pigs and poultry.

COMMUNITY BREEDING CENTRES

Every place at which a fair is held is a "Community Breeding Centre." Every member of the Pig Club and the Poultry Club in each section has the same breed of pig and poultry. Every Centre will provide high class breeding stock or eggs for neighboring settlements.

ATTENDANCE

Admission to fairs will be free in all cases. Plan on attending at least the nearest one and others if possible. Bring your family, neighbors and friends. Encourage the boys and girls.

Around the City

FAIR AND COOL.

STUDY FOR PRIESTHOOD. Robert Campbell, son of Mrs. Annie Campbell, Elmwood street, will study for the priesthood in Holy Cross College, Worcester, Mass. His fellow altar boys in the Cathedral presented him with a sweater and other gifts.

FIRE IN MACHINE SHOP.

A still alarm was rung in yesterday afternoon at 12.55 o'clock for the fire in Fred Williams' Machine Shop on Hammond street. The blaze which originated in some refuse, was soon extinguished and no material damage was the result.

FROM A FRIEND

Mayor Hayes has received \$210 collected by "A Friend," for the Belgian relief fund, and also \$2, the proceeds of a bazaar held by Lillian and Doris Cunningham and Marjorie Nyles for the Soldiers' Comforts Association.

RUN DOWN BY AUTO.

A little girl, named Quilman, while en route to school yesterday morning, was run down by an auto, when crossing Main street. Dr. D. P. Mahoney attended the girl, who was taken to her grandmother's home on Main street.

THE POLICE MATTER.

Commissioner McLellan yesterday stated that should the policemen receive a charter from the Trades and Labor Congress the result would certainly be affiliation with a great many unions, as the congress is a central body, representing organized labor throughout Canada.

LOCKED IN CHURCH.

An elderly lady went into a city church last evening to pray. So enraptured in prayer was she that she failed to hear the locks on the doors clasp when the sexton turned the keys.

Later passers-by heard her attempting to make an exit, and notified the sexton of her dilemma, who unlocked the doors.

CLOSED LAST MIDNIGHT

Inspector W. S. Potts, of the Canada Food Board informs The Standard that the Touraine Hotel at Chatham was ordered to close at last midnight for violation of the regulations and will be closed for fifteen days. The complaint was made by the inspector, who was stopping at the hotel on a recent day when there were no less than three violations.

WILL NOT BE FINISHED.

The middle section of the Valley railway will not be finished this year, it is reported. Matters have been complicated by a break in the trestle leading to the gravel pit from which ballast was procured, and railmen state that whatever chance existed of completing the middle section on time, has now practically ceased to exist. The remainder of the road will probably be finished on time.

THEY WILL ASSIST.

The Irish Literary and Benevolent Society held a meeting last evening in their rooms, Union street. President Geo. Stafford occupied the chair. A letter was read from the secretary of the K. of C. asking the I. L. and B. for their support in the K. of C. drive in this city on September 15-19. The secretary was authorized to write that the Irish Literary and Benevolent Society pledged its support, individually or as a society.

TO ATTEND CONVENTION.

Mayor Hayes and A. H. Womersley, president of the Board of Trade, left last night for Halifax to attend the sessions of the Canadian Civil Engineers Association. While in the sister city the mayor will look into the matter of bonuses granted the shipbuilding company which has located there, in order to be in a position to deal with the expected application for bonus from the company which proposes to locate here.

THE POLICE SITUATION.

The patrolmen of the local police force will meet today to forward an answer to Commissioner of Public Safety McLellan. The patrolmen state their intention was not to form a union but that an order from the Police Protective Association. Some of the men refer to the city of Montreal, where the police numbering over 700 men formed a union, even when affiliated with other unions. What today's answer will be is not yet known, but it was hinted the men will endeavor to form their association.

STREET CAR RUN OFF.

Street car No. 96, on the Fairview line, jumped the tracks near St. Peter's church last evening shortly after six o'clock. The car was in charge of Conductor Armstrong and Motorman Thos. Trott. No damage result of the car, nor were its occupants injured beyond a shaking up. When the car left the rails it ran for the ditch, and when brought up, was horizontal to the other track. It was soon put on the rails again and traffic resumed.

AUTOMOBILES COLLIDE.

Two automobiles met at the corner of Union and Charlotte streets yesterday afternoon in a head on collision. One car, bearing the number 9879 had to be towed away after the crash as it suffered a broken radiator and other minor defects. The other car, No. 3344, although damaged to an extent, was enabled to proceed under its own power. The crossing here is particularly dangerous, and motorists are compelled to exercise good judgment when traffic is quite heavy.

VISITING SHIPYARDS.

B. P. Lambert was a visitor in the city yesterday on route to Tacoma, Washington. Mr. Lambert was returning from Nova Scotia, where he was interested in shipbuilding. Asked what yard he was interested in he replied, "The best in the Maritime," but further than that he was reticent in his replies. He, however, added, he went through on June 3rd, and was again returning about the latter part of December. He left on the Montreal express last evening.

SHOCKING STREET CAR ACCIDENT ON THE CITY ROAD LAST NIGHT

Miss Bessie McAvery Walked Round Rear of Car Only To Be Knocked Down by One Coming in Opposite Direction—Conveyed To Hospital, Where Both Legs Were Amputated.

City Road was the scene of a street car accident last night, the result of which was that Miss Bessie McAvery had to have both legs amputated above the knee. Miss McAvery is a daughter of Mrs. Elizabeth McAvery of Main street, and a niece of Mrs. F. S. Thomas, Douglas Avenue, with whom she has made her home for some years. The accident happened about 10.30 o'clock at the Christie factory stop. Miss McAvery, who had been spending the evening at the home of Rev. G. B. Trafton, 239 City Road, had come to the stopping post to take a car for home. Cars were coming from each direction and as Miss McAvery stepped out into the street the eastbound car stopped for her, the motorman thinking that was his car she wanted to alight. She was on his side of the street. When the car came to a stop she motioned the conductor to go ahead and started around the rear end of the car to cross the street and catch the westbound car for North End, evidently not realizing how near it was. Just as she reached the second track she ran into the forward end of the car coming up the street and was knocked down, her legs being drawn under the forward wheels. The motorman immediately applied the brakes when he saw that Miss McAvery was in the street and catch the westbound car for North End, evidently not realizing how near it was. Just as she reached the second track she ran into the forward end of the car coming up the street and was knocked down, her legs being drawn under the forward wheels. The motorman immediately applied the brakes when he saw that Miss McAvery was in the street and catch the westbound car for North End, evidently not realizing how near it was.

On looking over the car Mr. Maxwell found caught on the hook which holds up the ladder when it is lifted the belt from Miss McAvery's sweater. Mr. Maxwell feels very badly over the matter but says it was unavoidable under the circumstances. The car and one of the passengers telephoned for the ambulance. On the arrival of the ambulance the injured young lady was taken to the General Public Hospital where examination by Dr. Curran revealed that both legs were badly crushed to the knee. Mr. Thomas was notified and he and Mrs. Thomas visited the hospital. On their arrival Dr. G. A. B. Reid, the family physician, was sent for and it was decided to amputate both legs. The operation was performed by Drs. Addy and Curran.

COST OF HARD COAL IN THE PROVINCE

Rev. F. S. Dowling Finds Coal Is Dearer in St. John Than Other Points in New Brunswick. Rev. F. S. Dowling, who has just returned from a trip through the province, wants to know why coal is dearer in St. John than in other cities and towns in the province. He said: "Being interested in the price of coal, I enquired in each and every town visited the price for which it was selling. I found that in St. Stephen the price was \$14 per ton; in Woodville, \$14.50 per ton; in Fredericton, \$14.75 per ton, with a discount of 75 cents per ton for cash, making the net price \$14 per ton. When I arrived home I found awaiting me a bill for coal at \$16 per ton, cash. Now, the thing I want to know is why the difference in price in these outside places, and St. John should be so great."

TRADES AND COUNCIL MEETING

A largely attended meeting of the Trades and Labor Council was held last night in the Odd Fellows' Building, with the president, John Kemp, in the chair. William McMann, of the railway department and William Stevens, of the express department of the Canadian Brotherhood of Railway Employees were present and outlined the express strike situation. Telegrams were ordered sent by the council to Premier Gordon, Hon. T. W. Crothers, Minister of Labor, and Hon. F. B. Carvell, Minister of Public Works, asking them to use their endeavors to bring about an immediate adjustment of the strike. The new police association was under discussion, but it was stated after the meeting that nothing could be given out for publication until the meeting this morning of the policemen, at which representatives of the council will be present.

EDWARD BURKE IS FOUND NOT GUILTY

Edward Burke is found not guilty after being charged with stealing money from returned soldier—Is Being Held For Bootlegging. In county court yesterday the case of the King vs. Edward Burke was resumed. In the case Burke was charged with the theft of the sum of \$385 from a man named Peacock, and when it was tried last week the jury disagreed. After the taking of evidence yesterday William M. Ryan, counsel for the defendant, made his address to the jury, followed by C. H. Ferguson, counsel for the crown. The jury then adjourned and in a short time brought in a verdict of not guilty. Burke is still being held on a charge of bootlegging, the case to be tried in the police court.

OVER ONE HUNDRED RECRUITS ARRIVE

Members of Jewish Legion Given Reception—Six Brothers Leave Widowed Mother To Fight the Hun. Fifty-three men reached the city yesterday morning on the Boston train. Twenty-seven of these were Jewish Legionnaires. They were entertained by the Red Mogen David Society last evening at the home of J. E. Emer. Dr. J. Berkowitz, Boston, was in the party. He is a practicing dentist in the Hub, who threw up a good business and enlisted. Walter Mascot, a former superintendent for the From Lynn Shoe Company at Lynn, Mass., was also in the party, and left a good position for the humble remuneration of 29 cents per day. E. Ehrlich was one of six brothers. All have joined the colors; three are in France, one in Palestine, one with the American army, and they leave a widowed mother at home to await their home-coming. Ninety-five others came in on the late express. They left immediately on the Halifax train for their training camp in Nova Scotia. The latter number were met by a reception committee and given refreshments, consisting of tea, coffee and sandwiches, before they embarked. Before parting they sang the "Jewish National Air," the "Star Spangled Banner," and God Save the King. It was some farewell and the boys appeared happy.

SEVEN CASES OF BOOZE CAPTURED

Inspectors Ueud Sloven To Convey the Liquor They Seized. Sub-inspectors Garnett and McAlina under the liquor act, made a seizure of "wet goods" last evening about ten o'clock. A sloven was employed in its removal, which consisted of seven cases of liquor. The goods were recently imported into the city. Friday will bring out developments in the Police Court. The bootleggers are feeling the heavy hand of the law, and are scrambling out quickly. A general clean-up is being made by the inspectors, who have grown wise to a few late movements by those engaged in the traffic. The two inspectors recently appointed are receiving much commendation on their good work.

PT. E. W. CRAFT

Frank Craft, of Millidgeville avenue, has received a telegram from Ottawa notifying him that his son, Private Ellsworth W. Craft, had been admitted to a war hospital in Epsom suffering from a gunshot wound in the left leg.

PT. J. OTTO TITUS KILLED IN ACTION

Sad News Received By His Parents, Mr. and Mrs. George W. Titus—Was With 72nd Seaforth Highlanders.

Another St. John home to be plunged in the deepest sorrow is that of Mr. and Mrs. George W. Titus, of 123

Chealey street, who has received the sad news that their loving son, Pte. J. Otto Titus was killed in action on August 21.

Prior to joining the colors Private Titus was a resident of the United States, having been employed in the Hotel Belmont, New York, where he made many friends by his kind and pleasant disposition. He came to the old home and signed on with the McLean Kilties with which unit he went overseas. In England he was transferred to the 72nd Seaforth Highlanders. Private Titus was 34 years of age last Christmas Day. He is survived by his father and mother, four brothers and three sisters. The brothers are Sergeant A. Titus who went overseas with the Fighting 26th, and is now recovering from wounds received at Vimy Ridge; George B., proprietor of the Adams House, Halifax; Le Roi and Ora at home. The sisters are Mrs. C. Abbot Johnson, of Quincy, Mass.; Mrs. Richard J. Maguire of Chealey Street, this city, and Miss Gladys at home.

LETTER FROM O. C.

Mrs. Titus has received the following letter from the officer commanding the platoon in which her son was when killed. The letter reads as follows: France, August 15. Dear Mrs. Titus:—I am extremely sorry to have to inform you of the death of your son, on August 12, 1918. He was unfortunately struck by a shell and killed instantly. He was a man who was the life and soul of his platoon, always in good humor, and by his example he was in the same frame of mind, no matter how trying the circumstances. He had just come through a long advance which was a very severe one and it was not until he was in a comparatively safe trench.

He was buried near where he fell. Please accept my deepest sympathy and believe me to be, Yours very sincerely, J. G. McNEILL, Capt. O.C. A. Co., 72nd Battalion.

THE PEOPLE MUST USE SUBSTITUTES

G. M. Jones of Food Board Says This Is Necessary If Canada Is To Ship Appreciable Quantity of Wheat Overseas. If Canada is to ship any appreciable quantity of wheat overseas this coming season, the people of this country must use substitutes and that to a larger extent than has been the case until the present year was the way G. M. Jones, of the Canada Food Board, summed up the wheat situation. Mr. Jones, who was seen last night at the Royal, said the wheat crop this year for Canada would be considerably less than it was in 1917 and this meant the citizens had to save more in order to feed the soldier boys of Canada and the Allies.

Asked as to the supply of substitutes available, Mr. Jones said the board hoped before long to see an improvement. Arrangements were now under way for the putting on the market of a blended wheat and barley or rye flour which would be sold at a lower price than the present standard flour. It was also expected that rye flour would be on the market in the near future at a lower price than the standard flour.

Mr. Jones pointed out that the food problem was here to stay and the people must be prepared to use substitutes for a number of years after the war, for until the warring countries of Europe had had time to get back to agricultural pursuits the food must be sent from this side. The crop of substitutes this year, he said, would be fairly good and prices should be lower.

Referring to the growth of wheat in New Brunswick, he paid a tribute to the farmers of this province who in response to the call of the Food Board had sown an unfamiliar grain and said the splendid crop which there was, every indication would be harvested would release a good deal of western wheat for export.

In regard to the feed situation, Mr. Jones said this was still serious, but when the new crop was gilled there should be some relief, as the present crop put into flour had been reduced 76 to 74 per cent, thus allowing two per cent more for feed, and this would increase the supply of bran and middlings to an appreciable extent.

Surprise Your Wife With a "Torrington" You like, naturally, to make her household duties as easy and pleasant as possible. Occasional gifts of this kind are welcomed by the housewife, who often hesitates to purchase such requirements, forgetting that the saving in labor costs, many times, the price paid. "TORRINGTON" VACUUM SWEEPER makes sweeping a pleasure. The foating, whirling brush takes up the surface litter, while powerful suction belows remove the dirt, trodden-in dirt. The "Torrington" runs smoothly, empties easily, and is very durable. Call and See How It Works. W. H. THORNE & CO., LTD. King Street

The Fall Hats in our showrooms are so attractive that your friends are wearing them NOW. Do not put off your selection, for never will you have a more complete variety. Marr Millinery Co., Limited

Paints and Varnishes At this time of the year there is always more or less painting to be done either inside or out. Mureco's House Colors—All colors for all purposes. Japalac—Has no superior as a varnish stain. Requires no special skill or knack of any kind to apply it. "Mureco"—The modern wall finish. Emerson & Fisher Ltd.

THE NEW CLOTHING STYLES FOR FALL Starting Thursday morning in our Clothing Department and Upper King Street Windows, we will make an early OPENING DISPLAY OF The New Clothing Styles for Fall. Knowing that this exhibition of the Late Clothing Fashions affords an excellent opportunity to the busy man to see for himself the newest creations in clothing and make his selection accordingly. Each season brings some innovation in the Tailoring, Trimming or Finishing methods, perhaps small in itself, but in combination adding very materially to the value of the finished garments, and giving them the individuality that distinguishes them from ordinary clothes. When you see these Models you will admit there is something "greasably different." STYLE HEADQUARTERS Come and see our windows, make your selection and buy the garment, or you need not feel compelled to buy. Just satisfy yourself. Hudson Seal Coats, Always in Fashion A splendid assortment of these beautiful Coats in a large variety of styles. Full Back, Semi-Fitted, and Belted effects. Collars in plain or combination effects, also new Shawl and Convertible Collar styles. Rich Brocaded Silk Linings in most cases, though plain colors are shown as well. \$175.00 upwards. Manchester Robertson Allison Limited KING STREET - GERMALIN STREET - MARKET SQUARE

SOLDIERS' XMAS FAIR. There was a very large attendance at the Soldiers' Christmas Fair on the West Side last evening. The selections played by the Temple Band were greatly enjoyed. The fortunate winners of the prizes were as follows:—Door prize, \$5, ticket No. 1444, won by Arthur Burdand; grand prize for air gun, oil heater, won by C. F. Bishop; ladies' air gun prize, cut glass sugar bowl, won by Mrs. Morrissey; gent's bean bag prize, sofa-pillow, Roy Campbell; ladies' air gun prize, a large doll, Mrs. Totten. This evening the door prize will be a load of coal. AROUND THE WORLD FAIR. A meeting of all lady and gentleman friends of the City Cornet Band who are desirous of assisting at their proposed Around the World Fair for the benefit of the Navy League and the Band, and which opens in St. Andrew's Rink on October 1th, will be held in the band room, King street east, on Monday evening, September 16th, at 8.15 o'clock. At no time of life is any member of the family wholly independent of milk as food. The name "Borden's" stands pre-eminent for all that is good in milk. WAR GARDENS EXHIBITION. Prize lists have been sent out for the War Gardens Exhibition to be held early next month. They were sent out a week ago, and as yet the response is small. HANDBOME SUITS AT POPULAR PRICES.
