

## GERMANS MAY TRY FOR PARIS; FIERCE CIVIL STRIFE IN RUSSIA

### EXPECT BIG GERMAN ATTACK BETWEEN MARNE AND AISNE

**There's Reason For Believing That When Enemy Resumes His Offensive He Will Attempt To Break Through Between the Two Rivers and Make a Dash Straight For the Capital of France, Hence Activities of French in Danger Region—They Make Important Gains East of Metz Forest—Italians and Australians Successful.**

(Undated war lead by The Associated Press).  
There has been some reason for believing that when the Germans resume their offensive on the western front they will attempt to break through between the Marne and Aisne in a dash straight for Paris. For this reason, operations which the French have successfully carried out assume importance.  
South of Corcy the German line extends slightly to the westward, but it curves sharply eastward just before it reaches the Clignon river, northwest of Chateau Thierry. From the Clignon southward to the Marne, American forces have been improving their positions in recent days and now have a strong line of positions running northward from Hill 204, west of Chateau Thierry, to the village of Corcy.

French Take Corcy.  
French pressure along the line from the Marne to the hills south of Corcy, which began two weeks ago as a series of local attacks, has begun to yield results which are appreciable when viewed on the map. The town of Corcy, east of the Metz Forest, has been taken from the Germans and strong positions in the vicinity have been captured by the slow, methodical advance that has been the source of much annoyance to the enemy for several days.  
As a result of the assaults made by the French from Ambly, south of the Aisne, to the hills south of Corcy, their line has been straightened and advanced to high ground which lends itself to defensive operations and gives the French good observation points and positions which they can see what is going on behind the German lines.

The British Front.  
On the British front the Australians have been in action once more, penetrating German positions and capturing prisoners. On the rest of the lines held by the British there have been the usual artillery duels and patrol engagements.  
French and Italian detachments are steadily pushing the Austrians back along the western slopes of the mountains that parallel the coast of the Adriatic. They are reported north of the important town of Berat and have moved ahead in the hilly country to the east. Vienna admits the allied success in this quarter.  
In the mountain sectors of the northern Italian front, Austrian units which approached the Italian positions, have been driven back.

### AGREEMENT SIGNED FOR THE COURTENAY BAY DEVELOPMENTS

Special to The Standard  
Ottawa, July 11.—The agreement between the Federal Government and the St. John Drydock and Shipbuilding Company respecting the works at Courtenay Bay was signed today.  
The signing of this agreement assures the establishment of a dry dock and ship-repair plant at Courtenay Bay and the establishment of a shipbuilding plant still in the air. It is understood that representatives of the company will be in the city next week to formally lay before the city and municipal the concession asked for in connection with the shipbuilding plant. These as already presented informally to the city council include a cash grant of \$800,000, the gift of the land on which the Municipal Home stands, the company undertaking to replace the building on some other site, and the diversion of the Red Head Road in front of the site.

### ORANGEMEN GO TO PETTICODIAC TODAY

Westmorland Lodges Will Have Big Time—Madame Elvina Released.

Pettitcodiac to participate in the celebration.  
Terry Brady, sentenced to six months in jail, was taken to Dorchester today to serve the sentence. Madame Elvina, convicted along with Brady, paid a fine of thirty dollars and gained her liberty.

### STRIKE IN HAVERHILL

Haverhill, Mass., July 11.—Two thousand operatives in fifty-four shops at the government arsenal at Frankford, a suburb, today are on strike. The strikers are due to the refusal of the manufacturers to recognize one of the unions.

### BRITISH MINES HEMMING IN SUBMARINES

Germany Up Against a Tough Proposition at Present Time.

### MINES IN BIGHT OF HELIGOLAND

Dissatisfaction in Germany Over the Work of the U. Boats.

London, July 11.—Speaking in London today, Sir Eric Geddes, first lord of the British admiralty, said that mines gradually were hemming in the submarines which now had less freedom and he was glad to say there were fewer of them.  
In referring to the great mine fields which were so notably restricting the submarines, Sir Eric said they stretched from Norway to the north coast of Scotland. There was a barrage across the Straits of Dover he said, and mines in Heligoland. Some of the fastest and best craft in the navy, which certainly should be ranked as the Corps D'élite had gone into the bight at night to lay them.  
Occasionally an enemy submarine tries to break through the Dover barrage.

Sir Eric Geddes was speaking at the opening of an exhibition of naval war pictures. He said it was impossible to photograph or to tell all what the British navy was doing. He told his audience, however, of some of the achievements of the submarine warfare.

Dissatisfaction in Germany over the work of the submarines has not been lessened by the recent optimistic statements of Admiral Von Capelle, says an official despatch today from Switzerland. In this connection the Cologne Volks Zeitung is quoted as follows:  
"We hear it said all around us that the results of the submarine warfare are becoming less satisfactory every week. Or else that more submarines are being sunk than we can construct. This submarine warfare is even cursed, doubtless because it has contributed to bringing into action the redoubtable American intervention."

### ACADIANS TAKE STEP FORWARD

Special to The Standard  
Moncton, July 11.—Negotiations have been practically closed for the Assumption Society, representative of the Acadian race, for the purchase of a large block of land known as the Allan property in the centre of Moncton for a vocational training school. The property secured is one of the most valuable vacant lots in the city, and the price is said to be about \$13,000. The erection of a vocational school in the interests of the Acadians in these provinces is one of the most advanced steps made by the Acadian people in recent years.  
The erection of the building will probably not be completed for two or three years.

### C. G. R. MAN WINS

Special to The Standard  
Moncton, July 11.—Edward Briggs, a C. G. R. employee on trial in the police court on a charge of stealing goods from the C. G. R. freight shed at Moncton, was acquitted by the magistrate today. In consequence of the outcome in Briggs' case, similar information against Harry Kelly, another C. G. R. employee, was withdrawn.

### FATAL EXPLOSION

Philadelphia, July 11.—Two workmen are known to be dead and four others injured in an explosion today at the government arsenal at Frankford, a suburb. The explosion is said to have been caused by a workman dropping a loaded shell.

### Czecho-Slovaks Are In Control Of All Western Siberia

Bolsheviks Overthrown in Whole Region From Tobolsk, East of the Urals, To Zmpalatinsk, 750 Miles to the Southeast — The Reds Have Taken Offensive Against Czecho - Slovaks in Volga Region and Elsewhere in Distracted Russia.

London, July 11.—Virtually all of western Siberia is in control of the Czecho-Slovaks, according to a Reuter despatch from Peking, dated July 10. The despatch states that the Bolsheviks have been overthrown in the whole region from Tobolsk, east of the Urals, to Zmpalatinsk, 750 miles to the southeast, near the Chinese frontier. The trans-Siberian railway is under Czecho-Slovak control from Tcheliabinsk, in the Ural Mountains at the junction of the branches of the road which lead south and north Russia, to Krasnyarsk, 1,300 miles to the east.  
The report confirms earlier despatches to the effect that the Bolsheviks at Irkutsk have been defeated by the Czecho-Slovaks.

Bolsheviks Fighting.  
The Czecho-Slovaks and White Guards fled in disorder in the direction of Samara. We are reaching Stavropol (in Ciscaucasia), Yaroslavl, (150 miles northeast of Moscow), and Rybinsk (55 miles northwest of Yaroslavl). An armed train has violently shelled towns occupied by the White Guard, who are flying in panic over the five Volga detachments fled to Rybinsk, where they tried to raise a mutiny. Measures have been taken against them.

At Tcheshardrink.  
"Eastern Sector—Czecho-Slovaks after occupying Tcheshardrink are now retreating before a counter-offensive of the council's troops."  
"Our commander-in-chief of the Ural (Siberian front) Bierlin reports that Czecho-Slovak troops, commanded by Russian officers have committed many atrocities upon the personnel of the West Siberian railway."

Troops Successful.  
"July 9, Czecho-Slovak front.—After preparations for an offensive against the Bolsheviks, the Czecho-Slovak troops have reached a great success. Almost without loss we took Syran (70 miles south of Simbrak), and Buzanov (130 miles south of Ufa)."

### KAISER MAY BE RAVING MANIAC

Canadian Woman Tells of His Freak Antics and How He Cuffs and Kicks His Attendants — Likes To Hold Hands of Young Girls For Hours.

New York, July 11.—The booming cannon is making of the Emperor of Germany a raving maniac, according to information from the imperial household, which was given to Mrs. Lewis Johnstone of Montreal, who just before leaving London, three weeks ago, she told a reporter she talked with a German, who until two months ago was closely associated with the working of the Kaiser's palace.  
He told me, quietly and tremblingly, lest some one should overhear, that men and women who had been on duty in the Kaiser's household for forty years or more, and who always had received the kindest treatment from His Majesty, were becoming afraid of him, were being kicked and cuffed about like cats and dogs and were made to eat crumbs and weeds and dry bread by the Kaiser, who now, seeing the end, had forced even his closest attendants in the imperial palace to live on scraps and all sorts of ill-sounding articles of food for the sake of saving for the army.

Hates United States.  
The name of America or the reference to any American commander, diplomat or citizen is forbidden within the hearing of the Kaiser, he told me, and a few weeks after the United States entered the war, when a close military confidant suggested that United States seemed to be preparing to defy German submarines and send her troops across the ocean, despite the blockade, the speaker was struck in the face with the Kaiser's only normal fist and sent reeling across the floor.

"Get on you cowardly dog," he said the Kaiser was quoted by one of the attendants as having said. "You talk rotten nonsense. The Americans will come, eh? To hell with the Americans." Whereupon he fell upon his knees, swinging his arms wildly, crying the United States and the officer he had ejected.

Slackers Must Don Khaki in Week  
London, July 11.—Men who had fled to Ireland from England, Scotland and Wales to escape military service, received notice today that they must report to the military authorities for a medical examination with a view to their incorporation into the army. The men are given a week to comply with the order, after which action will be taken against them.

Submarine Sunk  
New York, July 11.—A German submarine which attacked the American steamer Lake Forest, 1,500 miles off Cape Henry, while the Lake Forest was returning from a recent voyage to Europe, is believed to have been sunk by the steamer's guns after a two-hour running fight, according to information received here today in marine circles. The Lake Forest was formerly the War Fox, plying on the Great Lakes.

### AGAINST STRIKES DURING THE WAR

Privy Council Committee Makes a Long List of Labor Recommendations.

### ADEQUATE WAGES MUST BE PAID

Employers and Employees Must Have the Right To Organize.

### BRITAIN ACTING IN CASE OF THE ENEMY ALIENS

Committee Recommends Internment of Every Male Enemy Alien Over Eighteen.

### SUGGESTS FEMALES BE REPATRIATED

Discharge of All Such Persons in Government Employment Suggested.

London, July 11.—Parliament today debated the question of the treatment of alien enemies and persons of alien origin which has been the subject of much discussion recently in the press and on which a committee of the House of Commons on July 8 issued a report.  
The committee recommended the immediate internment of every male enemy alien over 18 years except those who, for medical or other reasons should be exempted, and the repatriation of all female enemy aliens except those whose husbands had been granted exemption from internment. The committee also recommended the immediate discharge of all such persons employed in any government department, and that all enemy businesses should be wound up within three months.

Sir George Cave.  
Sir George Cave, Secretary for Home Affairs, who opened the debate, referring to the public anxiety on the question, said he believed this anxiety was due to insufficient knowledge of the steps taken to protect the country from anything like alien danger.

The Home Secretary said it was true that there was anxiety even among thoughtful and reasonable men as to what might be the effect of so large a number of aliens in England and that it was the duty of the government to take all reasonable steps for the safety of the country.

The Enemy's Fault.  
Such outrages as the sinking of hospital ships, Sir George said, must affect the point of view from which the question was approached. If the enemy perpetrated acts of that kind, enemy subjects must suffer in the estimate which all decent people formed of them.

The government proposed, he said, to ask committees in each country to undertake the revision of all exemptions from internments in the case of men and exemptions from repatriation in the case of women.

### WOMAN KILLS HER FOUR CHILDREN

Mrs. P. Dupont Then Sets House Afire and Ends Her Own Life.

Montreal, July 11.—Called to a fire at 635 Brebeouf street this afternoon when the firemen arrived they found every door and window of the house closed tight. When they broke through they came upon the bodies of Mrs. P. Dupont and her four children of ages ranging from eight years to three months' old. A letter written by Mrs. Dupont was also found stating her intention of committing suicide and dying with her four children.

A pitiable feature was that the husband returning from work had his first notification of the tragedy when he saw the bodies out of the building. The shock was so great that he fainted.

It is alleged that Mrs. Dupont had first made the children drink jelling water, a virulent poison, before setting fire to the house. According to the neighbors, she had been worried by the sickness of the baby and the loss of a sum of money by her husband.

### INADEQUATE WAGE

Wages alleged to be inadequate together with length of the work day said to be too long, are among other frequent causes of such unrest.

The minister, realizing the necessity of steady work and close and sympathetic cooperation between employers and employees to secure the maximum results from war efforts, is of the opinion that the government should forthwith adopt such means as may seem practicable for the prevention of such interruption during the continuance of the war, whether by lockouts or strikes, and the establishment of such co-operation, while at the same time striving to ensure the workers adequate compensation for their labor and reasonable safeguards for their health and safety, and to employ fair and reasonable treatment.

### List of Principles

The minister recommends a long list of principles and policies and urges their adoption upon both employers and workers to the period of the war.

### They Include

That there should be no strike or lockout during the war.  
That all employees have the right to organize in trade-unions.  
That employers shall have the right to organize.  
That the employer should not discharge or refuse to employ workers merely by reason of membership in trade unions or for legitimate trade union activities outside working hours.  
That workers in the exercise of their right to organize shall use neither coercion nor intimidation.  
That in establishments where the union shop exists by an agreement the same shall continue and the union standards as to wages, hours of labor and other conditions of employment shall be maintained.  
That women on work ordinarily performed by men should be allowed equal pay for equal work and should not be allotted tasks inappropriate to their strength.  
That in all cases where eight hours is by law or agreement, the basic day, it shall so continue.

### BELFAST IS CELEBRATING

Belfast, July 11.—The first Orange celebration of the anniversary of the Battle of Agbrim, July 12, since the beginning of the war will be held here tomorrow. The procession is expected to be a record demonstration.

Sir Edward Carson, the Ulsterite leader, arrived today for the occasion. He received a warm welcome at the railway station.

No trouble is anticipated in connection with the celebration.

**MISS CHARLOTTE BROWN PRESIDENT OF N. B. NURSES**  
Annual Meeting Held At Newcastle—Next Meeting Will Be Held in St. John Next July.

Special to The Standard. Newcastle, July 11.—The New Brunswick Association of Nurses continued its sessions yesterday. Mrs. Richards, the registrar, reported that 98 certificates of registration have been given to date. The total membership of the association is over three hundred. Miss Branscombe gave an interesting account of the local chapter of St. Stephen, which was organized last November. Miss Brown reported on the work done by the Local Chapter of St. John, which during the year had got into working order a sick nurses' benefit, which will be a great help to the nurses. Miss Retallick gave a very interesting and instructive report on the convention of the Canadian National Association of Trained Nurses, held in Toronto in June, to which she was a delegate. The report showed the splendid work the Canadian nurses are doing. Reports were then given on Public Health Nursing in N. B., and on "The Canadian Nurses," the official magazine of Canadian nurses. A vigorous discussion was carried on re the Public Hospitals of the province affiliating with the tuberculosis hospitals. A matter of great importance to the province is the care of Public Maternity Patients. At present it is a matter of great regret that there is no place where such patients can be properly cared for. In the afternoon meeting hearty votes of thanks were tendered to Mrs. M. D. Richards, matron of the Miramichi Hospital; to Ernest Hutchinson, its founder and builder, and to the ladies of Newcastle for their splendid welcome and entertainment. It was resolved that a resolution of sympathy be tendered the bereaved family of Nursing Sister Anna Stammers, whose untimely death all so deeply deplore. A vote of thanks was ordered sent Miss Ada A. Burns for her splendid work in the past two years as corresponding secretary. Miss Burns has just left for overseas. The following officers were elected for ensuing year: President, Miss Charlotte Brown, St. John; 1st vice-president, Miss Margaret Murdoch, St. John; 2nd vice-president, Miss Arthurette Branscombe, St. Stephen; 3rd vice-president, Miss E. C. Sanson, Fredericton; 4th vice-president, Mrs. Mabel D. Richards, Newcastle; 5th vice-president, Miss M. G. Williams, Albert; recording secretary, Miss M. E. Retallick, St. John; corresponding secretary, Miss Emma Bell, St. John; treasurer, Miss E. J. Mitchell, St. John. Additional members of executive, Mrs. D. C. Malcolm and Misses Lyla Belding and Gertrude Williams, all of St. John. Next annual meeting will be in St. John on the second Tuesday of next July and following day.

W. E. Farrell, Fredericton, was a visitor in the city yesterday, being here on a business trip.

**Sun Burned Skin**  
You want a healthy summer tan. But sometimes you get it too quickly and then there is a few days of suffering. The application of Dr. Chase's Ointment takes out the stinging and burning and leaves the skin delightfully soft and smooth. Because it is equally effective in relieving stings of insects and ivy poisoning as well as chafing and skin irritations it is invaluable in the summer camp.

**NEW SCHEME TO RAISE THE WIND**

Someone in Sydney Obtains \$15 From Chatham Woman To Send Body of Her Son, But There Is No Body.

Special to The Standard. Chatham, July 11.—Mrs. Ambrose McGrath received a telegram from Sydney telling of the death of her son Charles at that place, and requesting that \$15 be sent immediately to pay for forwarding the body to Chatham. Mrs. McGrath immediately forwarded the amount, engaged an undertaker, had a grave dug in the cemetery and made all preparations for the reception of the body. Several days have elapsed and the body has not yet arrived. The telegram was apparently a scheme to get money by some person devoid of human feeling.

**BRILLIANT WEDDING AT HEAD OF MILLSTREAM WEDNESDAY EVENING**

Miss Henrietta Maud McMillan, Second Daughter of Mr. and Mrs. John McMillan, Becomes Bride of David Schofield Law.

Special to The Standard. Apohaqui, July 11.—On Wednesday evening July 10th at 8 o'clock a brilliant wedding of much interest took place at the home of Mr. and Mrs. John McMillan, Head of Millstream when their second daughter Miss Henrietta Maud McMillan became the wife of David Schofield Law. The pretty grounds and interior of the residence was fittingly decorated in honor of the occasion and in a cozy arbor of the lawn, under a beautiful arch of maple leaves and daisies the double ring service was performed by Rev. L. Johnson Laird. Upwards of one hundred guests assembled on the lawn eagerly listening for the first strains of the wedding march which intimated the approach of the bride, who leaning on the arm of her father, emerged from the residence and took her place by the side of the awaiting bridegroom. Gowned in a becoming creation of white silk with overdress of chiffon and lace, and wearing the bridal veil with orange blossoms and carrying a bouquet of white carnations and maiden hair fern, the bride was a picture of loveliness. The beauty of the entire scene being enhanced by the sudden appearance of "Old Sol," which has during the last week so persistently hidden his face. Immediately after the nuptials congratulations were showered on the wedding couple, after which supper was served from prettily appointed tables arranged in a sheltered part of the grounds. The interior of the home was profusely decorated with flowers, in the drawing-room pink carnations were used mingled with green and immense bouquets of peonies, roses and wild flowers were much in evidence throughout—carnations being selected for the table decorations. Immediately after supper the bride donned her travelling costume, which was of blue taffeta silk, with becoming hat of white silk braid and georgette crepe, corded with pink.

Mr. and Mrs. Law left amid showers of rice and confetti by motor car to the railway station where they took the train for Boston and other American cities. Many beautiful gifts were received.

**SOLDIER FACES A CHARGE IN COURT**

Acting Sergeant John Coholan appeared yesterday in the police court for wearing a returned soldier's badge, to which he was not entitled. On July 2nd Coholan was arrested by the military police, and the button, which is only for overseas service in France, he was wearing at the time. Hereupon His Honor informed Coholan that according to a recent order in council any unauthorized person wearing a war decoration, was liable to the fine of \$500 or six months in jail. Coholan stated the badge was given him by a lady in King Square, whose daughter had found it in the street; he attached it to his tunic, and wore it around, as a joke.

Sergt. O'Leary of the military police stated he met the accused in King street and interrogated him regarding his authority for wearing the button. To this Coholan stated to him he had taken the wrong coat on leaving the armouries, and the button belonged to the owner of the coat. The provost marshal then took the badge from Coholan. Others called corroborated Sergt. O'Leary's evidence, and added that Coholan had been drinking. Sergt. Coholan, called, admitted wearing the badge, which was given him by a lady in King street and which he wore as a joke. Once he took the button to the orderly rooms in the armouries to turn it in, but as no one was there he retained it. He then asked to be tried by court martial. Major C. J. Morgan, O. C. the Garrison Regiment, appearing for the military authorities, stated that since the soldier was awaiting his discharge he could not be convicted if tried by court martial. Coholan then asked for time to procure witnesses in his behalf and was remanded until Monday.

A report was circulated yesterday that the store of Frank Skinner, King street, was broken into Wednesday night and goods to the value of \$30 stolen. Mr. Skinner being asked regarding the occurrence stated he was not at liberty to give any information. Another report of a robbery in the City Market was denied by the person whose stall was supposed to have been broken into.

**WRIGLEY'S**

**Six reasons WHY it's a good friend:**

- 1—Steadies nerves
- 2—Allays thirst
- 3—Aids appetite
- 4—Helps digestion
- 5—Keeps teeth clean
- 6—It's economical

Keep the soldiers and sailors supplied!

Sealed tight —Kept right

MADE IN CANADA

Chew it after every meal

**The Flavour Lasts!**

*You pay the same war tax on a pound of cheap, poor tea that you pay on Red Rose. In other words you pay 10¢ war tax on a cheap tea which will make perhaps 150 cups to the pound and you pay the same 10¢ tax on a pound of Red Rose which easily makes about 250 cups.*

*You will find today more value, more economy, more real satisfaction in Red Rose Tea than ever before.*

*It is truly a war time tea.*
