SESSION REPORT

TO THE MEMBERS AND ADHERENTS :

In the multitude of God's tender mercies, as a Church, we have been brought to the close of another year. Mixed experiences have been our lot, but in cloud and sunshine God has been with us.

Early in the year the Rev. D. C. Hossack, who had been our Pastor since 18th April, 1893, felt it to be his duty to sever the pastoral tie on account of ill-health, and tendered his resignation to the Presbytery on the 7th March, 1899, but in answer to the plea of the congregation he permitted his resignation to remain in abeyance for six months. However, on the 4th July, the acceptance of his resignation being pressed for, the Presbytery reluctantly agreed to accept it and the Church was on the 16th July declared vacant. Rev. L. H. Jordan, Pastor of St. James' Square Church, was appointed by the Presbytery, Moderator of Session during the leave of absence and subsequent vacancy.

The congregation at a meeting duly called, appointed a committee of supply and authorized them to engage a Minister to take oversight of the Congregation, in addition to the providing for the Sabbath services. The Committee appointed Rev. Robert Leask, one of our members, for this work, and it is gratifying to testify to the faithfulness with which he performed the services required of him.

On the 5th September the Presbytery permitted the Moderator of Session to moderate in a Call, and on the evening of the 18th Sept. a Call was unanimously extended to the Rev. Andrew Logan Geggie, Minister of St. Paul's Church, Truro, N.S. This call, signed by 609 members and 158 adherents, was presented to the Toronto Presbytery at a special meeting called for the purpose, and held on the 29th September, and was there cordially sustained.

On the 7th November Mr. Geggie having accepted the call was duly inducted into this charge by the Moderator and mem-

bers of Presbytery. The Call was made by the congregation after much prayer for spiritual guidance and direction, and the Session have every reason to believe that the selection was so made by the congregation and accepted by Mr. Geggie under the inspiration of Divine Providence.

Notwithstanding the vacancy the membership of the congregation has not suffered during the year.

During the year 15 members of the congregation were removed by death, of whom five were in full communion. Two members of the Session have in this way suffered severe affliction and bereavement; Mr. John Winchester in the death of a beloved wife, and Mr. Alex. Duff in the death of a beloved son. Our late Pastor, Rev. D. C. Hossack, has also been greatly bereaved in the death of a beloved mother. With these brethren, and with other sorrowing friends in the congregation, who mourn the loss of loved ones, the Session sincerely sympathize and trust that the Divine promises may sustain and comfort them.

Fifteen children and two adults received the rite of baptism during the year.

The Communion of the Lord's Supper was dispensed four times during the year, at all of which there was a large attendance.

The Session regret that they have again to call attention to the fact that the Schemes of the Church have not been maintained as they should have been. The attention of the congregation is specially directed to the report of the Missionary Committee on this subject.

The Session desire to recognize the faithful work done in the Sabbath School and Bible Class, and to call attention with extreme thankfulness to the erection and opening of the new Sabbath School. The desire of the Session is, that with greater facilities for the carrying on the work among the children of the flock, the result will be the ingathering of many souls unto Christ and into the Church. The Session would encourage and heartily commend to the prayerful sympathy and support of the congregation the faithful Teachers and Officers of the School in their important and responsible work.

The Reports which the other departments of Church work present, namely, The Woman's Aid Society, Christian Endeavor, Mission Bands, etc., reveal the earnest and faithful work done by those who conduct and maintain them.

The thanks of the Session are cordially given to those ladies and gentlemen who have greatly aided the Service of Praise in the sanctuary by their voluntary and helpful service in leading this part of Divine worship.

A word as to the Managers: They have many responsibilities in connection with the office they fill; they are men who have the welfare of the congregation at heart, and are giving much time and thought to its interests, and we bespeak for them the cordial and loyal co-operation of every member of the congregation. There are great financial responsibilities resting on the Church, but if each member and adherent will conscientiously do all in his or her power there will be no difficulty. God has wonderfully blessed us in the past in this respect and we are assured He will continue to bless us in the future.

At the General Assembly of the Presbyterian Church in Canada, held in Hamilton in June, 1899, the greatest and noblest work our Church has engaged in during the Nineteenth Century, was undertaken; namely, the raising of a million dollars for the purposes of the Missionary, Educational, Benevolent, and Home work of the Church: \$600,000 is to go to the Common Fund, or Missionary, Educational, and Benevolent work; and \$400,000 to the Debt Fund. In consequence of our circumstances during the past year nothing has been done by the Session towards this work. Early in the year 1900 the Session purposes to enter upon this great campaign with energy, feeling confident that the congregation will not only do their duty nobly by giving liberally of their means, but that they will also reap richest blessings in doing so.

In conclusion, we are now entering upon the last year of the 19th Century. From far and near the cry comes rising up to the ears of Him to whom no heart ever cries in vain

"Revive Thy work, O Lord, in the midst of the years." That cry is one of the signs of the coming revival. Shall we participate in it as a congregation? As a Session we sincerely and earnestly believe we shall. May the Session not ask the congregation by their earnest prayers for the revival of Christ's work in their own hearts, as well as in their homes and Church, to aid in this coming revival? They will thus make the beginning of the Twentieth Century mark a great spiritual awakening, and a mighty forward movement in everything good and holy.

Board of Managers Report

It is a source of satisfaction to your Board, to be able to state that although beginning the financial year with a deficit of some \$400, they have discharged that liability, have provided for the ordinary expenses of the congregation, and the Report of the Treasurer, hereto annexed, will show, that excepting a small amount owing to that officer, we meet the new year with a comparatively clean sheet.

The amount contributed for ordinary purposes was the least since 1892, being below the \$6,000 mark, which may be taken as a fair average for this congregation. There was however, \$1,000 inserted in the Estimates for S. S. Extension last year, which may fairly be called an extra, and which has been mostly secured and paid over to the Treasurer of that Fund.

Annual Report

With the new year come new responsibilities. We had to increase our Mortgage in connection with the building of the Sunday School, thereby increasing our interest charge by \$275. One of the conditions upon which the Presbytery sanctioned the new loan, was that we pay \$1,000 upon the principal annually. The Estimates submitted to you, which have been very carefully considered, provide as you will see, for the payment of both these sums, and aim at keeping our ordinary expenditure at \$6,700 for the year 1900.

With the increased accommodation you now have, and in the present circumstances of this congregation, there should be no difficulty in raising this amount, and the Board has every confidence, that through your liberality it will be enabled to discharge in full the liabilities accruing for the current year.

It appears from the Envelope Secretary's Report that there are 256 contributors on his book. As we have 275 families, and some families have three and four contributors, it is evident that a number of families are not contributing by envelope. We would strongly urge that every seatholder should appear as an envelope contributor, and that some action should be taken to secure that result.

The seating capacity of the body of the Church is almost entirely allotted. There are some pewholders, however, having sittings in excess of the number of their families. In such cases it will be necessary to allot such spare sittings to applicants in order that all may, as far as possible, be accommodated.

The following members retire this year but are eligible for election: Messrs. Milne, Laurie, Bryce, Dods, Hooey, and new members in place of Messrs. Little, Spriggs, Palmer, removed.

W. SLOAN, Chairman.

E. W. DAY, Sec'y.

Superintendent's Report

Reviewing the work for the past year we must gratefully acknowledge the measure of progress the Giver of all blessings has permitted us to enjoy. Our history has been one of progress, although surrounded by obstacles, the school having been divided during the erection of the new building, and at the close of another year our school is better equipped than ever before, and being settled in our new home we look forward to a year of activity. The attendance in the school during the year has been good.

The Teachers and Officers have given earnest and devoted attention to their respective duties, and for the services they have rendered on behalf of the spiritual interests of the children, the congregation owe them a debt of gratitude which can scarcely be over-estimated.

It is most gratifying to see the large increase in the Bible Class, and we are sure it will make glad the heart of our pastor.

A thorough reorganization of the school has been made, seventy having been promoted to the adult Bible Class, a young mens' and a young womens' Bible Class have been formed from the senior scholars, thus relieving the school and permitting the classes to be made much smaller when more efficient teaching can be done. We have at present forty-two classes, all being supplied with regular teachers, and I would urge upon the parents the necessity of teaching the children the lessons at home, especially the golden text and catechism.

The offerings of Teachers and Scholars during the year have been most liberal and we hope that special attention will be given to the cause of Missions.

We record with regret the death of two of our scholars, Katie Keeler and Alice Wilson, two lambs of the flock, who have gone before.

As to the results of the work during the year, it is somewhat difficult to estimate them. We praise God for the number who have openly professed their faith in the Lord Jesus Christ, but we also rejoice in believing that the faithful application of the word from week to week will bring forth in His own good time an abundant harvest. "He that goeth forth and weepeth bearing precious seed shall doubtless come again with rejoicing, bringing his sheaves with him."

Librarian's Report

The library has been closed since March when the new building was commenced. There is now an excellent library room and new books are needed to fill it. Of 900 catalogued only about 400 are in fit condition for use and many of these are not in demand. Little or nothing can be done until a grant is given us for more books.

REPORT OF MISSION COMMITTEE

Last year most regretfully we drew the attention of the congregation to the fact that our congregational contributions to the different Schemes of the Church had fallen most seriously below the contributions of previous years. What can we say when we have this year to announce that the contributions are little over half of what they were last year? We need only refer to this fact to cause searchings of heart amongst the many faithful who are seeking in some measure to do His will in their lives. While deploring the apparent lack of vital interest in the Schemes of the Church, we are not unmindful of the drain on your liberality caused by the building of our new Sunday School premises. And yet these things ought we to have done and not have left the other things undone.

gregation are seemingly interested in this department of the Church's work. Of the amount contributed for the Missions and other Schemes of our Church (some \$500 in all), \$341.86 were contributed by 22 members and families in the congregation, leaving a balance of \$150 to be accounted for by the liberalities of the rest of our large and prosperous congregation. We feel keenly the necessity of having to state ourselves as we do, but the situation shames us, and especially when we compare ourselves with the liberality of other congregations in our Presbytery, less able than we are to help on the work of the Lord at home and abroad. We have this confidence, however, that when the situation is fairly grasped and understood by you that you will unite in a more general and generous response to the appeal, not of your Committee but of the Lord Jesus Himself, who said "Go ye into all the world and preach the Gospel to every creature."

If we had any suggestion to offer, it would be that the congregation contribute as members rather than as heads of families. We have only about 90 subscribers to the aforesaid funds, which gives us about 12 per cent of our actual membership, contributing to the various schemes. As, however, many who contribute, are heads of families, a larger percentage may be acknowledged. And yet the percentage thus recognizing their obligations is not large enough to remove the feelings of regret that the necessity is laid on us to thus present to the congregation this appeal. We would urge on all the members and adherents of the congregation to consider their obligations to the Lord in this department of our congregational responsibility, and endeavor, by the help of God, to come up to the help of the Lord against the mighty.

The Presbyterian Church has a record to maintain in this department of Christian activity. She is second to none among the larger denominations of the Christian Church, in fact, is easily first in her interest in Home and Foreign Missions. We must do our duty in maintaining that record, aye, we must in this age of unfolding opportunities do more than maintain our reputation, we must try and outstrip past achieve-

To this end, we would most respectfully and earnestly commend the missionary enterprises of our Church to the prayerful consideration and financial support of every member and adherent of the congregation. Knowing your ability and having every confidence in your liberality when you are thoroughly seized of the facts, we feel assured that this appeal will not be in vain. We would advise that every member and adherent seek to secure from the Envelope Secretary the necessary blue envelope and endeavor to contribute regularly by monthly contributions to the said Schemes as the Lord may prosper you; and thus help on the kingdom of our Lord and His Christ in obedience to His command and in response to the constraints of His love and grace.

In the sparing mercy of God, we as a Society have reached the end of another year of our history, which closes the fourteenth year of the Auxiliary's existence. We regret having to report that there has been a decrease this year in both membership and contributions from preceding years, this is partially owing to its being a very unsettled one in the congregation, but we have had some good meetings, and have felt our Master's presence in them. We trust He will bless our poor efforts for His cause, and make us more earnest and faithful in the future, depending entirely on His strength as we feel our own weakness. We feel sure if more of the ladies would come to our meetings and join in the work of sending the Gospel to our heathen sisters, and assisting our Missionaries, they would feel greatly blessed themselves in seeking to send blessing to others. "Let us not be weary in well doing, for in due season we shall reap if we faint not." Gal. vi, 9.

There are on our roll for the past year 55 names, of whom 23 are members of the general Society including three life members.

Ten meetings have been held during the year with an average attendance of 30.

The contributions by envelope amounted to \$133.49, including the Thank-offering of \$55.15. The clothing sent to the North West was valued at \$80.55. There were forty-six subscribers for the "Foreign Missionary Tidings."

The Coral Mission Band was reorganized 27th January 1899, with a membership of 60 and has gradually been increasing until now it numbers 117. Meetings have been held on the 1st and 3rd Friday of every month, except during July and August.

The Band has been engaged in different kinds of work such as dolls, quilts, scrap books, etc. Clothing to the value of \$38 was sent to the Northwest. The meetings on the whole were bright and interesting, the members taking great delight in each of the departments, and one of the most encouraging features was the 13½ yds. of rag carpet made by the boys.

During the year our topics of discussion were India and the Northwest. Miss Wilkie, one of our assistants, gave some very interesting talks on India. Other addresses were also given by Mrs. McClelland, Mrs. Wilkie, and Mrs. Grant.

In presenting our report for 1899 we thank God for the many blessings he has bestowed upon us during the past year, and the manner in which He has prospered us in all our efforts. The Sunshine Committee did excellent work in distributing flowers and visiting the sick children of the congregation, making 100 visits and distributing 60 bouquets of flowers. There are at present 77 active members, and an average attendance of 50. We have held three entertainments. In January last we had a Christmas tree not only for our own members but for the help and pleasure of others. We invited 40 of the poorer children of Parkdale and each received a present from the tree, The Society desiring to do something towards the new Sunday School held a concert and the proceeds amounting to \$12 was given the Treasurer of the Building Committee.

We extend a hearty invitation to all to come and join us at our meetings which are held every Sunday morning at 10 o'clock. Come and encourage your children.

The Woman's Aid Society have pleasure in presenting to the congregation the report of their work during the year 1899. Ten regular meetings and one special meeting were held with an average attendance of twelve. The membership has not increased as we had hoped, but those who do attend are interested and faithful in all the work undertaken.

During the months of January and February we rendered assistance to four families. In July we held a very successful Garden Party in Dr. Lynd's beautiful grounds, the proceeds of which, after defraying expenses, amounted to over \$32.

The aim of our Society is to aid the poor of the congregation and to promote a social feeling among its members and adherents.

A hearty invitation is extended to all the ladies of the congregation to attend our meetings which are held in the Ladies Parlor on the last Tuesday of each month at 3 p.m.

PROPOSED REPORT OF BUILDING COMMITTEE

To be Submitted to a Congregational Meeting in 1900

Your Committee have much pleasure in reporting that with the help of the Great Head of the Church they have been enabled to erect a beautiful and commodious Sunday School without accident of any kind.

The corner-stone was laid by the Chairman of your Committee on the 10th day of June 1899, and the building was occupied by the scholars on the 19th November last, when it was opened by our Pastor the Rev. A. L. Geggie and others. It is a substantial white brick building in keeping with the Church, and adds much to the appearance of the Church property. It is divided into a school room capable of seating 1100

scholars, a board room spacious but are su Church.

scholars, a primary class room, a library, a minister's study, board room, and a ladies parlor. There are also large and spacious halls, which not only act as an outlet for the School, but are so arranged as to be used in connection with the Church. There is also a large basement fully equipped with kitchen and all necessary appliances to meet the social requirements of the congregation.

The construction of the building cost \$13,355.16, while the fixtures, etc. amount to \$1,004.81, making together a total cost of \$14,359.97. To meet this expense a sum of \$5,500 was raised by increasing the mortgage debt upon the Church property by that amount and \$4,356.37 was paid by contributions, etc., leaving a sum of \$4,503.60 to be raised by the congregation immediately. Towards this sum \$875 has been subscribed and the balance of \$3,628.60 is now asked for.

Your Committee desire to return their thanks to the congregation for their valuable assistance, financial and otherwise, cordially extended, and hope that the same interest will be shown the Managers in aiding them to pay off the balance due and in reducing the mortgage debt.

R. MANSER, Secretary.
